SCHLEY SHELLING SANTIAGO FORTS!

Rumors are Thick of the Naval Operations Off Cuban Coast.

ANOTHER EXPEDITION TO THE PHILIPPINES.

(Copyright Associated Press.)

Port au Prince, June 4.—\$30 a. m.—Further news received here from Santiago de Cuba confirms the reports that a bombardment at that place began at 5 o'clock yesterday morning. After the action the Spaniards blew up with dynamite the collier Merrimac, sunk in the channel by the Americans, and have since been clearing the channel so as to, in all probability, permit Admiral Cervera's fleet to put to sea should the Cadiz squadron under Admiral Camara arrive in Cuban waters to relieve the blockaded ships.

Meanwhile the dispatches from Santiago say that the Spaniards pay tribute to the audacity of the Americans in so cleverly attempting to blockade the channel. According to the Spaniards it would be foolhardiness on the part of the Americans to attempt to force the harbor entrance which is described as long, narrow and thoroughly mined, seemingly forming an insurmountable barrier.

There are a great many insurgents in the vicinity of Santiago probably waiting for some decisive action upon the part of the American fleet, which will undoubtedly be the signal for a land attack upon the town.

Honor of a Battle.
(Copyright Associated Press.)
Cape Haytien, Hayti, June 4, 7:45 a. m.—It is reported here that the Americans destroyed the Spanish fleet at Santiago de Cuba, yesterday, but the report cannot be confirmed.

SECOND EXPEDITION.

More Troops for the Philippines will Leave Next Tuesday.

San Francisco, June 4.—As far as known the second expedition to the Philippines will consist of the First Colorado and Tenth Pennsylvania volunteer infantry regiments, first battalion Eighteenth United States Infantry, first Infantry Twenty-Third United States Infantry, and two light battalions of the Utah volunteer artillery. Orders to columns of regiments are to have their commands in readiness to depart by Tuesday next.

A dispatch was received from Senator Thurston stating that the secretary of war had instructed Gen. Merritt to include Nebraska in the second expedition. Should the Nebraska regiment receive orders to go, the number in the expedition will be 3,557, which will tax the capacity of the transports China, Zealandia and Colon.

CORKED UP.
Cervera is Surely in a Tight Place Just as Present.

Washington, June 4.—"The cork is driven in the bottle," was the comment of naval officers at the navy department this morning upon the news of the sinking of the collier Merrimac in the channel at the entrance to Santiago harbor. They are absolutely satisfied that the ship was sent in by the design of Sampson to close the channel and prevent the escape of the Spanish squadron, and that the undertaking was successful. If so, it will rank as one of the boldest achievements in naval history.

It is not possible now to learn who made up the crew destined to be famous. There is no doubt, however, that at least two officers of the Merrimac were aboard, named Commander J. M. Miller, of Missouri, and Assistant Engineer R. K. Crank, of Texas.

THE MARIETTA.

The Pinky Little Gunboat Reached Key West.

Key West, June 4.—United States gunboat Marietta arrived to day after a long voyage from Valparaiso.

She left San Jose, Calif., March 16. The trip was uneventful and there was not even a case of sickness aboard.

No News at Washington.

Washington, June 4.—Up to 9:30 o'clock no news had been received by the navy department concerning the sinking of the Merrimac. She was an old useless vessel. The department thinks she was

odd jobs for the city, and many times having no prisoners to help him do this work.

Chief Ruppe's opinion is that it is emphatically necessary that the jailer be authorized to employ men if he has no prisoners at his disposal, to put the carts and hose in a serviceable condition immediately after they are brought in from a fire.

Mann's Drug Store.
I have opened a drug store, No. 117 Railroad avenue, with an entirely new stock of medicines, toilet articles, etc., and am prepared to meet all usual wants in this line.

Chas. J. Miller, formerly dispensing clerk at the railroad hospital, has charge of the prescription department and patients are assured of perfect work and moderate prices in this line.

Nothing will be attempted which can not be perfectly done and no pains will be spared to accommodate customers in any way.

ROBERT MANN.

THE TEACHERS.

Where They Will Enjoy Their Summer Vacations.

OF THE UNIVERSITY.
Misses Taylor and Parsons will spend their vacation in southern California. Professors Herriek and Weisner, and Dr. Malby will go into camp on the Pecos.

Prof. Paxton will go to California, while Prof. Hodgins will remain in the city, and occasionally visit the near-by mountain resorts.

CITY TEACHERS.

Miss Hilgerson will enjoy her vacation with relative, and friends at Independence, Mo., and Miss Rider with those at Denver.

Miss Anderson will visit Olathe, Kansas, and Misses Coltrane and Hamm will visit the seashore of southern California.

Miss Cameron will go to Denver and possibly extend her visit to the old home in Nebraska, while Miss Keppers will join the delegation in southern California.

Miss Booth will visit Leguaport, Ind.; Mrs. Butts, Kansas City; Miss Field, Hamilton, Mo.; and Miss Milligan will enjoy her vacation at her old home in Las Vegas.

Miss Gilmore will leave shortly for Chicago and New York, to pursue the study of music during the summer vacation.

INTEREST TO TEMPERANCE.

The Local Society Held a Very Interesting Meeting—Comfort Boys for Soldiers.

The meeting of the Woman's Christian Union was well attended yesterday afternoon, when reports were made from eight departments of work, showing persistent efforts on the part of superintendents, with a measurable degree of success.

The Frances Willard Memorial fund is still in the hands of the committee. Anyone desiring to aid in making the fund a worthy expression of our city will kindly hand their offering to Mrs. M. P. Stamm, secretary, or to the president, Mrs. M. J. Borden.

Mrs. Perry was appointed as superintendent, to represent several business firms who have offered commissions to the Woman's Christian Temperance Union.

Four weeks ago the department of soldiers' and sailors' work was adopted, with Mrs. Mary S. Johnston, superintendent. The object of this department is to write letters of remembrance from the Union to the soldier boys from our community, and to provide "comfort bags," (made of cotton or denim, containing various useful articles, such as needles, thread, buttons, etc., and to solicit and make all wool bandages (gray or brown) for those who have gone to brave the dangers of war and the still greater danger of the hot, dry climate.

The ladies will meet with Mrs. Harwood on Wednesday, the 8th inst., at 2 p. m., for the purpose of making bags and bands. All ladies desiring to assist in the work are cordially requested to attend. A list of supplies for comfort bags, material &c., will be published by Mrs. Johnson, and donations for same will be gratefully received, which may be left with Mrs. Harwood, or any of the ladies above mentioned. The Woman's Christian Temperance Union, of Gallup, is also engaged in this line of work.

The National Woman's Christian Temperance Union convention will be held in St. Paul, Minn., the first week in November.

An international temperance congress will be held at Prohibition Park, Staten Island, New York, July 1 to 6, inclusive, for the purpose of uniting all temperance organizations. One delegate is solicited from all local organizations and ten from each state society. Lady Henry Somerset, who succeeds Miss Willard as president of the World's Woman's Christian Temperance Union, has again been elected president of the British Woman's Temperance association.

W. H. Hahn, the coal baron, who, with an obliging partner, holds a corner on Cerrillos coals in this city, will leave this evening for Brooklyn, N. Y., where his wife has been on a visit the past few months. After visiting all the famous Atlantic seacoast resorts, he will return home accompanied by his wife and daughter.

The various merchants around town who handle leather made goods are beginning to feel the increased cost of leather, which has risen from ten to twelve and a half per cent, since the war started. This is caused by the great demand of the government for saddles, shoes for the troops, etc.

The feast of San Felipe de Neri, as stated in THE CITIZEN yesterday afternoon, will take place in old town tomorrow. The parade will occur in the afternoon, forming at 2:30 o'clock, at the church on the plaza, and the line of march will be the same as on previous feast celebrations.

Drop into the Ziegler Cafe on your way home from the show to-night and try our free lunch.

LAST CABLE CUT!

Cuba is Now Isolated From the World.

Senate Discussing the Provisions of War Revenue Bill.

The Sinking of the Collier Merrimac was by American Seamen.

IT WAS EQUAL TO CUSHING'S FEAT.

Off Santiago de Cuba, June 3.—5 p. m.—Per Associated Press Dispatch Boat Wanda, off Santiago de Cuba, June 2.—Via Kingston, Jamaica, June 4.—The last cable strands binding Cuba to the outside world was cut this afternoon by a cable vessel conveyed here by the United States gunboat Dolphin. This black sear delivered all day along the coast hour by hour and its powerful claws at length brought up the barge—clustered cable strands and snapped them and tonight Cuba is wholly isolated.

The cable running to Kingston was found early this morning. The coast loop connecting Santiago and Guantanamo was then cut. Proceeding to Guantanamo the vessel finally grappled and severed the Haytian cable.

HEROIC HOBBSON.

How He Blown Up the Collier Merrimac and Battered Up Cervera.

(Copyright Associated Press.)
On board Associated Press dispatch boat Wanda, off Santiago, June 4, via Kingston, June 4.—Rear Admiral Sampson on Friday morning decided to close the narrow harbor entrance to Santiago de Cuba by sinking the collier Merrimac loaded with coal in the channel. He called for volunteers to go to almost certain death, and 4,000 men offered their services. Lieutenant Hobson and six men were chosen and at 3 a. m. on Friday the Merrimac under her own steam entered the channel under a terrible Spanish fire. The vessel was riddled with projectiles but anchored and swung around. Lieutenant Hobson then set off an internal torpedo with an electric attachment and there was an explosion.

The Merrimac sank and the channel was closed. Apparently Admiral Cervera will be unable to escape.

HOW HOBSON ESCAPED.

(Copyright Associated Press.)
Kingston, Jamaica, June 4.—Hobson and the heroic crew of the Merrimac were rescued in the following manner: After sinking their vessel they tried to make their way back through a storm of shot and shell, and finally they rowed into the harbor to the Spanish flagship and were taken on board unharmed. The Spanish admiral, under a flag of truce on Friday, sent word to the American admiral that he offered to exchange the prisoners, adding meanwhile, that Hobson and party would be treated with great kindness.

WHO HE IS.

Washington, June 4.—The only Hobson in the list of officers in the naval register is Richmond P. Hobson, the naval constructor, who is a lieutenant in the junior grade. He entered the navy from Alabama.

Dynamited the Merrimac.

(Copyright Associated Press.)
Port au Prince, Hayti, June 4.—Advances from Santiago say that the Spaniards dynamited the sunken collier Merrimac so as to clear the channel with a view of the possible coming of the Cadiz fleet to relieve Admiral Cervera.

THE SENATE.

Vote on the Morgan Income Tax Amendment.

Washington, June 4.—The senate resumed consideration of the war revenue measure. Morgan (Alabama) offered an amendment requiring the secretary of the treasury to proceed with the collection of taxes under the provisions of the income tax law of 1894, not directly repealed by the Dingley bill. If the secretary of the treasury should refuse to levy taxes under the law, the amendment provides that it shall be the duty of the attorney to proceed against the secretary of the treasury to compel him to perform his duties, and if the attorney general should refuse to take that action any tax payer may bring the necessary action to compel the enforcement of the law. Morgan said the full opportunity was presented by his amendment to have the question which it involves settled by the supreme court. The Morgan amendment was rejected by a vote of 35 to 38.

The vote on the Morgan amendment was as follows: Yeas—Allen, Bacon, Bate, Berry, Butler, Cannon, Chilton, Clay, Cockrell, Daniel, Faulkner, Harris, Holtzfeld, Jones, (Arkansas), Lindsay, McLaurin, Mallory, Mantle, Martin, Mills, Mitchell, Money, Morgan, Murphy, Paces, Pettigrew, Pettus, Rawlins, Roach, Stewart, Teller, Tillman, Turley, Turpie, White—35.

Nays—Aldrich, Allison, Burrows, Caffery, Clark, Davis, Deboe, Rikins, Fairbanks, Foraker, Frye, Gallinger, Gear, Gorman, Hale, Hanna, Hanbrough, Hawley, Hoar, Lodge, McBride, McMillan, Morrill, Perkins, Platt (Conn.), Platt (New York), Fritland, Quay, Sewell, Spooner, Thurston, Warren, Wallington, Wetmore, Wilson, Wolcott—38.

The senate adopted an amendment to the war revenue bill, providing a tax of 1 cent on every berth in a sleeping car and seat in a palace car sold, as a substitute for White's amendment levying a fourth of 1 per cent on the gross receipts of sleeping car companies.

Turley (Iowa, Tenn.) offered an amendment levying an excise tax of fourth of one per cent upon the gross receipts of transportation firms, companies or corporations doing interstate business, or business between a state and a foreign country. The amendment also placed the same excise tax upon telegraph and telephone companies sending messages from one state or territory to another. The amendment was rejected by a vote of 24 to 28.

COL. BRYAN.

He Will Be Sent to the Philippines to Study Silver Question.

Lincoln, Neb., June 4.—Adjutant General Berry received a telegram from Secretary Alger saying that the Third Regiment of Nebraska volunteer infantry, organized by W. J. Bryan, has been accepted by the government and will be added to the contingent going to the Philippines.

SPANISH CLAIMS VICTORY.

Madrid Version of the Sinking of the Merrimac.

Madrid, June 4.—The version of the sinking of the Merrimac which reached the minister of the marine here from Santiago is as follows: "A Spanish vessel in front of Santiago sunk an American auxiliary cruiser. All the members of the crew of the latter have been imprisoned. The rest of the enemy's squadron immediately retired."

Another Spanish version says: "Two iron clads were seriously damaged during the engagement."

The Spaniards describe the affair as a brilliant Spanish victory.

Reserved seats now on sale for the opera of Ernani at O'Reilly's drug store.

An exquisite line of embroidered tides, center pieces, sets pillow shams, scalloped and cut in unique designs, and showing stamped and hand painted imitations of fruit and flowers, are shown in the jewelry store window to-day.

The oldest thing about the new work is that it is the product of the needle in the hands of a man. H. V. Smith of 213 south Arno street turns out the artistic work and has a class that he instructs in the skill of making the art goods.

All who have received invitations to the alumni banquet are requested to respond at once if they have neglected to do so, as the lady who is to prepare the tables must positively know the number of guests by Monday afternoon. By order of the committee.

The choir of the Presbyterian church is now made up of the following well-known local singers: Tenor, Samuel Pickard; soprano, Miss Maud Summers; alto, Miss Rathbone; bass, Mr. Johnston.

Bicycle riders out for a spin will find a cool retreat and refreshments of all kinds at Joe Badaracco's summer garden on the mountain road.

Courteous treatment and the best of everything are what the patrons of the Ziegler Cafe are sure to get.

Bargains In Shoes..

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts. A bargain in shoes represents standard of value at the right price and at the right time. Buy a good article and you will get satisfactory wear out of it. Buy a cheap article and it will keep you on the jump to duplicate. Turn over a new leaf and buy an honest shoe at an honest price. This is the kind of values we offer you.
