REYES IS PREPARING FOR DECISIVE ATTACK

ALREADY HEADS BAND
NUMBERING 400 MEN

Monterey Hears This News,
But General Trevino in Charge
of Federal Troops Doubts
Truth of Story.

[By Morning Journal Special Leased Wire.]
Monterey, Mexico, Dec. 22.—That General Reyes is now at the head of an organized band of rebels numbering approximately 400 men, is a report that has been circulating in the state of Tamaulipas. His work of recruiting and organizing is progressing satisfactorily, friends of the General say, and they believe soon he will strike a blow that will remove all doubt as to his whereabouts and intentions.

Ignorance concerning Reyes' movements since he was sighted on the Vaqueria ranch, just across the state line in Tamaulipas on Wednesday, is professed at army headquarters.

General Trevino has scattered troops throughout the district about Linares and the area of the hunt has been extended, but none have reported the picking up of the trail.

General Trevino doubts the story that Reyes has a following.

**STRONG EXPEDITION SENT
AGAINST ZAPATA REBELS**
Mexico City, Dec. 22.—Brigadier General Rafael Eguia Lila, with detachments of infantry and artillery set out for Morelos in a special train today to co-operate with General Cienega Lopez to rid that state of "Zapatistas," as the brigandage there is called.

At Puebla they were joined by a regiment of cavalry and a strong force of rurales.

This is in accord with the decision reached yesterday by the president and war minister to push the campaign against Zapata and his rebels to an early finish.

SUPREME COURT SETS NEW RECORD FOR CASES

Washington, Dec. 22.—As a sort of Christmas gift to future litigants the supreme court today before adjourning for the Christmas holidays, amended its rules with a view of reducing the cost of litigation.

When the court adjourned until January 8, it had established a record for the number of cases heard before the holidays. Practically as many cases had been argued so far this term as were argued during the entire last term, extending to June 1.

The justices now have under consideration 120 cases. This probably is a greater number than at any other time in the history of the court.

CLAIMS OF CHINA SETTLED BY MADERO

Washington, Dec. 22.—Chang Yin Tang, the Chinese minister to Washington, returned last night from Mexico, where he succeeded in settling the claims against Mexico arising from the destruction of lives and property of Chinese in the Tlaxcala region during the Madero revolution.

Mr. Chang is without advice as to when he will be relieved here by the new minister, Alfred Sze, whose appointment as minister to this country was recently gazetted. The new minister wrote the date of November 20, to officials in the legation here that he had no idea when he would leave for the United States. The letter was written from Shanghai and in it he stated that he would soon go to Peking. Probably he is now at the Chinese capital.

CAPTURED FUGITIVE NOTORIOUS OUTLAW

Helena, Mont., Dec. 22.—From news received here from the Helena, Mont., it is thought that Dalton L. Sparks, arrested last night in Phoenix, Ariz., is Mel Jewell, an outlaw with a price on his head who is wanted for the murder of Deputy Sheriff Brannin at Louisville, Mont., November 16. Jewell shot Brannin as the officer was attempting to arrest a man named Jackson in connection with a charge of horse and cattle rustling.

KATY CAR MEN ON VERGE OF STRIKING

Kansas City, Mo., Dec. 22.—A general strike of the car men employed by the Missouri, Kansas & Texas Railroad company probably will be called soon, according to a statement by J. A. Franklin, international president of the Brotherhood of Railroad Car Men, who said that the failure of representatives of the road and the unions to settle their differences at a conference in St. Louis last Monday, was given as the cause.

The road refused the demand of the unions that the carmen's union should be recognized.

Lieutenant McMullan Dies.
Washington, Dec. 22.—Lieutenant Frank D. McMullan, U. S. N., is dead at the naval hospital at Annapolis, after an illness covering several months. He was a native of Cleveland, O., having been born there in 1882. He was graduated from the Naval Academy in 1904. His last active duty was aboard the battleship South Carolina, upon which he was serving at the time he was sent to the naval hospital.

FUGITIVE CONFESSES TO KILLING OFFICER

Phoenix, Ariz., Dec. 22.—Dalton L. Sparks, who was arrested here yesterday as he was calling for his mail at the postoffice, is said to have admitted to the authorities today that he is Mel Jewell, wanted at Big Timber, Mont., for the killing of Deputy Sheriff Joseph Brannin, November 16.

According to the officers Jewell claimed he was justified in killing Brannin, but he could not secure justice in the Montana courts, although he said Brannin had fired at him five times before he returned the fire. He also stated that another man whose name he does not know, was implicated in the affair.

During his flight from Montana, Jewell said he had slept in snowbanks, gone days without food and many nights without sleep in order to dodge officers on his track, and admitted having stolen and used eighteen horses to get to Phoenix.

TRIAL OF PACKERS FORMALLY BEGINS ON TUESDAY

Counsel For Defense Conclude
Opening Statements to Jury;
Government to Present Case
Chronologically.

[By Morning Journal Special Leased Wire.]
Chicago, Dec. 22.—Counsel for the ten Chicago meat packers charged with combining to control the price of meat in violation of the criminal section of the Sherman law, concluded their opening statements to the jury today and United States District Judge George A. Carpenter adjourned court until next Tuesday morning. At that time the first witness for the government will take the stand.

The government will present its case in chronological order. The first witnesses will tell the story of the meat packers' combination, which was in existence prior to the organization of the National Packing company in 1902, and which held weekly meetings at which the government charges prices were fixed.

Later conditions which led to the formation of the National Packing company, will endeavor to prove that the National Packing company was the instrument the packers used to control the old pooling arrangement.

It is believed it will take several months to present the testimony of the witnesses and in addition to this there is a mass of documentary evidence.

Attorney John Barton Hayne, who appeared for the National Packing company and Edward Tilden, its president, today read voluminous extracts from the report of former United States Commissioner James R. Garfield on the packing industry, made in 1905, to refute the allegations of the government against the packers.

PROPOSES MERGER OF SUBSIDIARY RAILWAY LINES

New York Central System
Takes Steps to Consolidate
Lake Shore and Michigan
Southern Roads.

[By Morning Journal Special Leased Wire.]
New York, Dec. 22.—What was regarded in Wall street as the first step in the long rumored plan to consolidate the subsidiaries of the New York Central system with the parent company, was taken today when the New York Central and Hudson River Railroad company addressed letters to the holders of its \$110,000,000 of 3-1/2 per cent collateral trust bonds, which were given in exchange for stock of the Lake Shore and Michigan Southern and Michigan Central railroads, asking their consent to merge either or both roads with the parent company.

It is proposed to consolidate only the Lake Shore at this time, but owing to a provision of the mortgage the consent of the holders of the Michigan Central proportion of the issue must be obtained. The way is thus left open, however, for a consideration of the Michigan Central with the New York Central lines and the bondholders are asked to give their consent to such consolidation.

According to an official of the company the immediate object of the consolidation of the Lake Shore is to enable the company to issue bonds for the management of the line to the end that its operation may be placed on a less cumbersome basis.

The bondholders are asked to relinquish their lien upon the Lake Shore stock pledged as security for the bonds, and to accept in return what would be practically second mortgage bonds on the consolidated system.

Several other New York Central lines, south of Chicago, and in Lake Shore territory, will be merged with the parent company when the Lake Shore is taken in.

Control of the Michigan Central and the Lake Shore was secured by the New York Central in 1908, when it issued its 3-1/2 per cent bonds for \$50,000,000 of the Lake Shore and \$50,000,000 of the Michigan Central, and \$15,750,000 Michigan Central stock at 115.

It was denied by officials today that any further plans for a comprehensive unification of the system is the goal the directors have in mind.

CHINESE REGENCY MAY BE OFFERED BY PREMIER

This Considered Last Possible
Concession On Part of Govern-
ment; Desired Loan Not
Forthcoming.

[By Morning Journal Special Leased Wire.]
Peking, Dec. 22.—Yuan Shi Kai, the premier, evidently still remains steadfast in his decision not to accept a republican form of government for China as the price of peace within the empire.

Members of the premier's entourage reiterated today that Yuan never will advise the abdication of the emperor and thereby become a traitor. They say that if the formation of a republic is unavoidable, he will resign as prime minister.

It had been suspected that Tang and the imperial government at the Shanghai peace conference and Yuan, were playing a pre-arranged game with the intention of gradually to shake the Manchus of power and thereby prevent a Manchu rising in Peking, but the fact that Tang has telegraphed friends here asking them to endeavor to persuade Yuan of the necessity of accepting a republic, seemingly indicates that Tang and the premier are not in accord.

After many conferences prior to his departure for Shanghai, Tang evidently believed that Yuan had been won over to the republican idea while on the other hand Yuan thought Tang had been brought around to see the necessity for the continuance of the monarchy. Members of Yuan's entourage declare in these beliefs each man was self-deceived.

Though no member of the foreign legations will venture a prediction on the outcome of the situation there is a feeling that an agreement is possible between Yuan and a number of rebel provinces, perhaps not immediately, but after several months of negotiations. Yuan it is thought may offer the last concession possible, namely: The retirement of the emperor dowager and the appointment of a Chinese regency to effect peace.

The premier has steadily been replacing officials and army officers through the northern provinces with trusted men, loyal to himself.

He believes he could regain and retain many of the rebel provinces if money were available. A quartet of bankers is willing to support him, but up to the present time the legations have disavowed regarding a loan.

The British legation desires the monarchy continued, but is receiving serious protests from business interests in the south which dread a boycott of their goods. The American legation and also that of Japan, advocate supporting Yuan Shi Kai financially.

Should a definite breach come with an imperial government in the north and a republic in the south, Yuan possibly could obtain money, though the legations, fearing a boycott by the rebel provinces, have stated that all focus must be for the peaceful administration of the country. The government is continuing its so-called patriot loans, which are more or less official.

St. Petersburg, Dec. 22.—The Russian foreign office late today to announce officially his government's decision to abide by the terms of the ultimatum. Up to a late hour tonight, however, no public announcement has been made at Tcheran of the recession of Persia from the defiant stand she originally took against the demands of the czar's ministers, even in the face of the threatened aggression.

The delay in making public the fact that she had yielded to the Russian ultimatum, which the Russian cabinet had decided to accept, was through fear of the consequences of public resentment.

Mr. Shuster is still without formal notice of his dismissal. He is resolute in declaring he would have nothing to do with the negotiations and would only recognize the right of the national council to dispose with his services.

The extract from Persia's reply to Russia is not yet known, but from the latest news received from Tcheran it would seem the cabinet has over-ridden the wishes of the common sense, which the national council appointed to deal with the matter.

It is not probable that there will be a withdrawal of the Russian troops in Persia while disorders such as those at Tabriz are occurring. There are only two hundred Russian troops encamped three miles outside of Tabriz and from this number guards are sent to town daily for the consulate and banks.

From conflicting Russian and Persian accounts of the trouble at Tabriz it is difficult to ascertain exactly what happened but reports published in St. Petersburg are that several Russian soldiers were killed in the fighting there.

**RUSSIAN COMMANDER
VOLUNTEERS PROTECTION**
Harbin, Manchuria, Dec. 22.—General Horvath, the Russian commander here, has expressed a willingness, acting with the railway guards, to protect the property of foreigners in North Manchuria. Conditions in the country, however, are normal, and no foreigners, except Russians, have asked for protection.

**JAPAN READY FOR
EMERGENCY IN CHINA**
Tokyo, Dec. 22.—Although the reports of Japanese troops entering China are premature, it is understood that preparations have been completed to send an expedition to China if necessary.

The belief prevails here that the Shanghai peace conference is a pretext on the part of both the revolutionists and the imperialists in order that they may strengthen their military positions.

**SHUSTER DECLARES HE
IS STILL ON THE JOB**
Tcheran, Dec. 22.—W. Morgan Shuster, treasurer-general of Persia, said tonight he had received no communication either from the commission appointed by the national council to deal with the Russian ultimatum, or the cabinet, regarding his position. He said he would not resign until a national council or its duly authorized successor. He says he refuses to take any part in the discussion or negotiations concerning the Russian ultimatum.

According to semi-official information the Russian troops at Tcheran, killed all the police at Tcheran, hurried the government offices there and seized the governor's residence, the courts of justice and police headquarters. It is reported that the Russian consul at Tcheran has assumed the government of the town.

The commission held a long session tonight but its members were unable to agree upon the wording of the reply to a letter from Russia. It is reported.

Crown Point, Ind., Dec. 22.—Alderman Walter E. Gibson of Gary, today was sentenced to an indeterminate sentence of from two to fifteen years in the penitentiary.

He was convicted of having accepted a bribe for aiding the passage of a heating franchise ordinance by the Gary common council, for Thomas R. Dean of Louisville, Ky., who, with a dictaphone, furnished the state's evidence.

Special Attorney Samuel Parker, of South Bend, appointed by Governor Marshall to prosecute the Gary bribery cases, today stated that "rottenness had become so general" the regular state's attorney would have been in an embarrassing position, trying to convict those who might be his neighbors.

**ROOM-MATE OF DEAD

Boston, Dec. 22.—Miss Lucille Zeigler, room-mate of Avis Linnell, at the Y. W. C. A., was held in \$500 bonds today as a witness in the trial of Rev. Clarence V. T. Richeson, charged with the murder of Miss Linnell. Although Richeson's counsel, William A. Morse, after visiting his client in jail today said he appeared weak, Dr. Howard J. Rathrop, who performed the operation on the prisoner after Richeson had mutilated himself on Wednesday, said the patient was "getting along as well as could be expected under the circumstances, and that unless unforeseen complications developed he should be able to attend the trial on January 15.

Wabash Receivers File Bonds.
St. Louis, Dec. 22.—Edward J. Pryor, Frederick A. Delano and W. K. Bickel, receivers of the Wabash railroad, filed bonds of \$300,000 each in the United States circuit court late today after District Judge Dyer had approved them.

St. Louis company is surety on each bond. This bond formally puts into effect the receivership.

[By Morning Journal Special Leased Wire.]
Philadelphia, Dec. 22.—Senator Penrose in an interview here today predicted that President Taft would be re-nominated without serious opposition. He said that as far as he has been able to ascertain, "there is no great amount of sentiment in this state for the nomination of Senator LaFollette or any other republican of the 'progressive' school."

While in Washington Senator Penrose said, he had heard considerable anti-Taft sentiment expressed, but says he expects sentiment to subside before the national convention meets.

[By Morning Journal Special Leased Wire.]
London, Dec. 22.—Persia today yielded to the demand of the Russian ultimatum that W. Morgan Shuster, an American, who holds the post of treasurer-general in the Persian government, be dismissed from the service.

The Russian ultimatum also calls for the payment of an indemnity, which is to reimburse Russia for money expended in sending an armed expedition into Persia to enforce her demands.

Shuster's administration of Persian finances has been displeasing to Russia from the start and when he caused the seizure of property belonging to the brother of the former Shah, over the protest of the Russian vice consul, Russia at first demanded an apology and when this was not forthcoming called for the dismissal of Mr. Shuster. This has finally been accepted.

The Persian charge d'affaires at St. Petersburg called at the Russian foreign office late today to announce officially his government's decision to abide by the terms of the ultimatum. Up to a late hour tonight, however, no public announcement has been made at Tcheran of the recession of Persia from the defiant stand she originally took against the demands of the czar's ministers, even in the face of the threatened aggression.

New York, Dec. 22.—George R. Sheldon, treasurer of the republican national committee, commenting today upon the publication of correspondence between himself and Theodore Roosevelt, relative to the Harriman campaign contribution in 1904 and alluding particularly to his own letter to the colonel, said it was written at the colonel's request.

Mr. Sheldon took exception to the inference that publication of the correspondence at this time indicated that the colonel was a candidate for the 1912 presidential nomination.

"Colonel Roosevelt has not told me that he is a candidate," Mr. Sheldon said. "On the contrary, he has told me repeatedly that he is not a candidate."

"Colonel Roosevelt and myself were aboard a train together some ten days ago and this matter came up in conversation. I said 'Why are you not running?' and he said 'I don't want to do that. It could be shut up.' Colonel Roosevelt said: 'Why can't you tell it now?' That is all there is to it."

Mr. Sheldon questioned as to whether it was wise to revert at this time to the Harriman contribution incident, replied:

"I thought not, but Colonel Roosevelt asked me to write the letter and I did so. It was purely a matter of friendship on my part. That letter says the whole truth and ought to stop comment."

Montana Pioneer Murdered.
Have, Mont., Dec. 22.—The body of Dan Anderson, an old-time freighter and rancher, was found in the bottom of his wagon with a bullet hole through his breast when his team wandered back to his cabin thirty miles south of here last night. STOCK SWINDLERS ENTER PLEAS OF GUILTY

Four Members of New York
Firm of Burr Brothers Throw
Themselves On Mercy of Un-
ited States Supreme Court.

[By Morning Journal Special Leased Wire.]
New York, Dec. 22.—As punishment for carrying on a stock swindle by mail, alleged to have extended over a period of two years, and to have netted millions in profit, four promoters of the firm of Burr Brothers, incorporated, were each sentenced today to a year's imprisonment on Blackwell's island.

The prisoners are Shelton C. Burr, president of the corporation; his brother, Eugene H. Burr, who was secretary-treasurer; Charles H. Tabey, vice president, and Edwin Westley Preston.

Unexpectedly they offered pleas of guilty before Judge Holt today.

The indictment upon which they were called to face trial charged a swindle involving \$65,000 in connection with the sale of stock of the People's Association oil company, but the government alleged that this was but one of a continuing series of frauds, estimated to have involved nearly \$50,000,000, with \$15,000,000 profit to the promoters.

Counsel for the defendants said that rather than involve the expense of summoning witnesses from distant points, it was decided to plead guilty to the indictment. The maximum sentence possible on this charge is eighteen months and counsel for the defendants urged clemency. It was argued that the promoters had reason to believe that the stocks would prove profitable, but now realized that the representations concerning the enterprise were too strong.

United States District Attorney Wise opposed the plea for clemency.

Judge Holt pronounced sentence of a year each and the men were taken to the island tonight.

A little more than a year ago the four men were prospering, occupying \$5,000,000 in Broadway skyscraper. On November 20, 1910, federal agents raided their offices, in connection with a general round-up of mail stock swindlers ordered by Postmaster General Hitchcock.

Their business mainly had been the sale of stocks and bonds in oil and gold mining enterprises. Among their promotions were the Nevada Goldfield Mining, Milling and Smelting company, capitalized at \$5,000,000; the British-American Copper Mines and Smelting company, capitalized at \$5,000,000; the Tokomoni Automobile Engine company, capitalized at \$1,500,000; the Toledo, Wabash and St. Louis railroad, capitalized at \$6,000,000; the Arizona Copper and Gold Mines company, capitalized at \$1,500,000; the Long Reach Mexico and Arizona Mining company, capitalized at \$1,500,000; and about twenty other corporations with stock issues ranging from \$400,000 to \$1,000,000.

The government had other indictments pending but none had been returned, and it was agreed in open court that with pleas of guilty in the case at hand, further prosecution would be abandoned.

ILLEGAL OPERATION CAUSES DEATH OF GIRL

Five Persons Arrested in Bos-
ton, Following Discovery of
Partly Dismembered Corpse
of Victim.

[By Morning Journal Special Leased Wire.]
Boston, Dec. 22.—Five persons were taken into custody after the discovery of the body of a partly dismembered body of Miss Mary Bolduc, 22 years old, of Manchester, N. H., in the apartment of Mrs. Jennie A. Shattuck, at Jamaica Plain.

The discovery followed the receipt of word from the Manchester authorities that they had been informed by a physician that a woman was dead in the house. Medical Examiner Leary, following a superficial autopsy, pronounced that death was due to an illegal operation.

The police began an investigation and within a few hours Mrs. Shattuck and Miss Hattie M. Huston of Cambridgeport, were arrested and taken to the police station. The police also arrested a man named John D. Ferguson, a clerk in his office, Miss O'Neill, were detained in Manchester at the request of the authorities. No formal charges have been lodged against them.

Tonight the police of Fitchburg arrested Anna W. Reed, 50 years old, on a charge of murder in connection with the death of Miss Bolduc.

The Manchester police says that the physician told them that Miss Bolduc called at his office and asked for treatment, which he refused. She then secured lodgings in Boston, last Wednesday, he was informed that the young woman was dead. He came to Boston and identified the body and today laid the matter before the police.

Deputy Superintendent Watts announced that all the persons under arrest had been charged with murder and held without bail. They will be arraigned in court tomorrow.

[By Morning Journal Special Leased Wire.]
New York, Dec. 22.—George R. Sheldon, treasurer of the republican national committee, commenting today upon the publication of correspondence between himself and Theodore Roosevelt, relative to the Harriman campaign contribution in 1904 and alluding particularly to his own letter to the colonel, said it was written at the colonel's request.

Mr. Sheldon took exception to the inference that publication of the correspondence at this time indicated that the colonel was a candidate for the 1912 presidential nomination.

"Colonel Roosevelt has not told me that he is a candidate," Mr. Sheldon said. "On the contrary, he has told me repeatedly that he is not a candidate."

"Colonel Roosevelt and myself were aboard a train together some ten days ago and this matter came up in conversation. I said 'Why are you not running?' and he said 'I don't want to do that. It could be shut up.' Colonel Roosevelt said: 'Why can't you tell it now?' That is all there is to it."

Mr. Sheldon questioned as to whether it was wise to revert at this time to the Harriman contribution incident, replied:

"I thought not, but Colonel Roosevelt asked me to write the letter and I did so. It was purely a matter of friendship on my part. That letter says the whole truth and ought to stop comment."

Montana Pioneer Murdered.
Have, Mont., Dec. 22.—The body of Dan Anderson, an old-time freighter and rancher, was found in the bottom of his wagon with a bullet hole through his breast when his team wandered back to his cabin thirty miles south of here last night. It is thought he was shot from ambush. Anderson had had trouble over range matters with sheep men and killed a herder some years ago for which he served a term in prison.

Wabash Receivers File Bonds.
St. Louis, Dec. 22.—Edward J. Pryor, Frederick A. Delano and W. K. Bickel, receivers of the Wabash railroad, filed bonds of \$300,000 each in the United States circuit court late today after District Judge Dyer had approved them.

St. Louis company is surety on each bond. This bond formally puts into effect the receivership.

FIRE SCARE AT BIG ST. PAUL LAND SHOW

St. Paul, Dec. 22.—Land show officials experienced a fire scare today when a grain exhibit caught fire from the explosion of a photographic flash-light outfit.

Quick work by firemen stationed there for emergency prevented a spread of the flames. The loss was small.

This was Montana day at the land show. According to Commissioner J. H. Hall of Montana it was not a day for celebrities and by the commissioner's order only practical men of the soil were given places on the program, which started at 2 o'clock with an address by David Hilger of Lexington, followed by others.

Important Naval Changes.
Washington, Dec. 22.—The re-organization of the navigation bureau of the navy department, projected by Secretary Meyer and initiated by the appointment of Commander Phillip Andrews as chief of the bureau, has been followed by the detail of Commander W. J. Blackley, executive officer of the cruiser Washington, to relieve Commander H. A. Wiley, in charge of the enlisted service branch. Commander Wiley goes to the Asiatic station with Admiral Nicholson, the new commander-in-chief.

**Decisions Expected In
All Cases of Dispute**
Inauguration Committee Still
Hopes That Statehood Pro-
clamation Will Permit Cer-
emonies On January First.

[Special Dispatch to the Morning Journal.]
Santa Fe, N. M., Dec. 22.—That the canvassing board now at work on the returns of the November election may complete its work and make its report by tomorrow evening, was the pleasing word given out at the close of this afternoon's session.

It was announced today that the matter of the dispute over the signing of the returns from the Clayton precinct will be heard before Justice McPhee at Santa Fe on Wednesday of next week, but it is not believed that the board will await the decision of the court before disposing of the precinct. Two courses are open to the canvassing board. It may either accept and count the returns as signed by the judges and clerk, or it may reject them altogether as not being a return within the meaning of the law. In either event any person or candidate who believes himself injured by the decision has his remedy in court.

The most exciting feature of today's session of the board was the colloquy between former Judge Fall and Mr. Field, over the returns from the Carthage precinct of Socorro county. In this precinct, it will be remembered, the charge was made that the tally sheet had been changed after it left the hands of the election officials and while it was supposed to be in the custody of the probate clerk of Socorro county, it was changed by the republican lawyers that the returns should be counted as shown by the altered tally sheets, but they did contend that the result in the precinct should be canvassed as shown by the certificates of the judges made on the day of election. This was opposed by Mr. Field who held that while the obvious erasures and alterations should be disregarded, that the tally sheet as a whole should be accepted for the reason that it showed that the democratic candidates received from five to six more votes than were credited to them in the certificate. The board has consistently ruled that where there is a discrepancy between the tally sheet and the certificate the tally sheet should govern. It made no exception in this case and ruled in favor of Mr. Field. The judges in the Carthage precinct appeared before the board today and expressed the opinion that their count had been changed after it had left their hands. There seems to be little doubt of this and those who have examined the papers express the opinion that the work of alteration was a clumsy piece of business that scarcely should be dignified as a case of attempted fraud. Notwithstanding this, however, it is the opinion of attorneys here that if the person responsible is detected, he will be prosecuted to the full extent of the law. There are two theories as to the object of the person who made the hanging attempt to alter the returns. One is that the miscreant was working in the interest of the democrats and desired to have the entire precinct, which was strongly republican, thrown out. The other theory is that his object was to benefit the republican candidates for justice of the supreme court and state senator since these certificates of officers that were affected by the changes.

Tomorrow morning it is expected that the board will hand down decisions in all the matters now in dispute. These include the cases of the Mesquite precinct in Curry county, and the Roswell precinct in Sandoval county. In both these precincts no poll books were sent with the certificates, though the poll lists from Mesquite, written on separate sheets of paper, were forwarded, disagreeing with the ballot box. From Roswell was furnished a registration list with the names of the men who are alleged to have voted marked with a check mark.

The work of checking over the returns from the various precincts and correcting the certificates and the tally sheets was completed today. Several changes were made in the vote of the various candidates, but most of these were of minor importance. Except the Roswell precinct in Sandoval county, Hanna for the supreme court and Al Van N. White, for superintendent of public instruction. Both of these gentlemen made slight gains over the uncorrected figures.

The prospect of the board completing its work tomorrow has revived the hopes of the inauguration committee that the inauguration ceremonies may be held on New Year's day. If the report is made tomorrow, it will have plenty of time to reach Washington and be examined by the president in time for the inauguration of the statehood proclamation so that it can reach Santa Fe by January 1. If this is impossible the committee has decided upon January 4 as the date of the ceremonies.

VOTE BUYERS AND SELLERS REFUSE TO CONFESS

Judge's Proclamation Promising Minimum Fine, Fails to Attract Alleged Election Crooks in Virginia.

[By Morning Journal Special Licensed Wire.] Bristol, Tenn., Dec. 22.—Office-holders in Lee county, Virginia, who were elected at the recent election by means of illegal votes, which were bought and sold in wholesale numbers, will be permitted to hold their offices unchallenged, according to Judge Skeen, who has been conducting the grand jury investigation into election irregularities.

This promise was made, it was stated today, to get evidence before the jury, upon which to indict the vote buyers and sellers.

Despite Judge Skeen's proclamation permitting guilty men to confess, take the minimum fine of \$100 and escape further prosecution, no confessions were received today. It is authoritatively stated that more than 200 indictments were found by the grand jury, but evidence secured shows that nearly 1,200 men in the county engaged in the vote traffic.

According to Commonwealth Ely, more than \$26,000 was paid out for votes at the November election. Attorney Ely charges that vote trafficking is even worse in some of the adjoining counties than in Lee, and at the conclusion of the investigation in Lee county a similar one will be stated in Dickinson.

The Lee county grand jury will reconvene in February. Unless a satisfactory number of confessions have been received the jury is expected to return one thousand new indictments.

FREE MATINEES AT PASTIME AND CRYSTAL

Two big matinees will take place today at the Crystal and Pastime theaters, which will be free for children, who are accompanied by their parents, either brothers and sisters or grown-up relatives.

At the Crystal the bill will include the two works, in a vaudeville sketch, which will be sure to please everybody. Three reels of fine pictures will be run.

At the Pastime the matinee will start at 2 o'clock and the feature will be the Josselyn in "Vaudeville and the famous 'Slave of the Galleys' picture feature, depicting in vivid manner General Lee Wallace's famous novel, "Ben Hur."

The attendance at today's matinees because of the excellent bills offered, should establish new attendance records.

SUPREME COURT TO ADJOURN TODAY

Decision in the Celebrated Klock-Mann District Attorney Case Expected to Be Handed Down.

[Special Dispatch to the Morning Journal.] St. Louis, Mo., Dec. 22.—The Supreme court of New Mexico in session here is expected tomorrow to hand down decisions in a number of important cases, chief among them being that between Judge Mann and District Attorney George S. Klock for the office of district attorney in the Second judicial district. It is understood that on the decision of the court rests the question as to which of the two gentlemen shall enjoy the fees and emoluments of the office for the past several months or since the lower court ousted Judge Mann in favor of Mr. Klock.

The present session may be the last held by the territorial supreme court, though it has been decided by the judges to convene again on December 28 in the event the statehood proclamation has not been issued in the meantime. The court leaves to its successor, the state supreme court, almost a clean desk, and the session on December 28 if it be held, will dispose of or take some action on all the remaining business before it.

MISSING HEIRESS IS HIDING IN ST. LOUIS

Chicago, Dec. 22.—The St. Louis police were asked by Chicago officials tonight to hold in custody a young woman traced to a hotel there from Waterloo, Iowa, by detectives searching for Violet Bushier, the 15-year-old heiress who has been missing since Thanksgiving. Duclah Baker is the name given by the girl in question, and she had planned to go to Knoxville, Tenn., when the information reached the Chicago police.

Illinois Central detectives working at the request of Chicago police traced the girl from the town city to Missouri. Attention was drawn to her when she changed her mind after ordering her baggage checked to St. Paul, and had it sent to St. Louis.

TWO FATAL FIRES OCCUR IN NEW YORK

New York, Dec. 22.—Two fatal fires occurred in the city early tonight. One burst out spectacularly in the seven-story terminal warehouse at Thirteenth avenue and Twenty-eighth street. Later a charged body found near the freight elevator, was identified as that of "Gag" Bohl, a vaudeville comedian. The fire caused a loss of \$30,000.

Mrs. Mary Lawrence, 60 years old, was found burned almost beyond recognition in her apartment in a downtown building, when a fire in the house was extinguished. She had evidently been using an inflammable fluid for killing insects and the police believe that this took fire and caught her clothes.

SPORTS WESTERN LEAGUERS WON PROMOTIONS TO MAJORS

Every One of Players Who Graduates Into Faster Company Next Year Made Fine Record Past Season.

(By Morning Journal Special Leased Wire.)
Chicago, Dec. 22.—Western league players who will join major league clubs next season made brilliant records in batting and fielding, according to official averages for 1911, issued tonight by President Tip O'Neill. Batting honors went to Horton of St. Joseph, who will go to the Chicago Americans. He averaged .343 for 116 games. Twenty-seven players batted in the select 200 class. With ten home runs to his credit, Thomas of Lincoln, led the league in circuit smashes. Paul Cobb, a brother of the famous Tyus, also of the Lincoln club, batted out nine home runs.

Heiden of Pueblo made the most two-base hits, batting out 45, while Berger, also of Pueblo, led in three-base hits, getting seventeen. He also made the greatest number of runs scoring 123 times. Kane of Omaha, led the base stealers with seventy-three. In fielding and games won and lost, Pitcher O'Brien of Denver, who was sold to the Boston Americans is in a class by himself. He went through the season without an error and won 26 out of 32 games. Kenworthy of Denver, who also goes to Boston, won nine out of twelve games.

The leader in fielding among the third basemen is Quillen of Denver, who finished the season with an average of .943. Gagner of Lincoln led the shortstops with .957. Heiden of Pueblo, topped the outfielders with .993, while Dundon of Lincoln is first among second basemen with .974. In club fielding Denver, 1911 champions, top the list with an average of .984, but finished second in club batting with .281, Pueblo leading with .284.

ONE ROUND HOGAN WHIPS BATTING NELSON

Former Champion Loses Popular Verdict in One-Sided Ten Round Bout Before New York Club.

(By Morning Journal Special Leased Wire.)
New York, Dec. 22.—"One Round" Hogan was given the popular verdict over Battling Nelson, formerly light-weight champion of the world, in a ten-round bout at the Madison Athletic club here tonight.

Nelson failed to show his old championship form. The crowd conceded almost every round to the Californian. Hogan was active with his punch, while Nelson's work was almost altogether in-fighting which did little damage. Despite his one-sidedness, the bout was fast.

Hogan welched in at 134 pounds at 6 p. m., with Nelson at catch weight, about five pounds heavier. "One Round" easily had the better of the first session, but he was much at fault for clinching. In a sharp rally in the fourth Hogan sent the Battler to the ropes with a left jab and right swing, and Nelson came back weakly with short arm work.

In the fifth round Hogan staggered the Battler with a hard right upper cut to the chin. Hogan opened the next round with a left and right to the head without a return. The Battler rushed in later with a right to the head, which was too far back to be effective.

Hogan landed four lefts in quick succession in the seventh, but later after breaking a clinch, the Dane swung a staggering right to Hogan's body. The Battler got in another good blow in the eighth, a hard right upper cut which sent Hogan to the ropes. Hogan opened with hard blows in the ninth and was really all over his man with Nelson resorting to in-fighting again. In the last round Nelson landed a hard right to the pit of Hogan's stomach and a full minute of hammer-and-tongs fighting followed in which the crowd voted Hogan had the better of the exchange.

THE GALLEY SLAVE MAGNIFICENT PRODUCTION

Pastime's Feature Film Draws Record-Breaking Crowds Last Night; Slides Are Run Continuously.

"The Galley Slave" featured for the first time last night at the Pastime Theater, is a splendid historical and artistic reproduction of the story of Ben Hur.

By some device the slides are managed to run continuously and magnificent views they are, some reproduced from famous paintings in all the beauty and accuracy of coloring, others painted for the sumptuous production of last evening.

Mr. Josselyn, dressed in Roman costume, tells the story graphically, and in splendid voice, and the marvellously colored pictures add a vivid realism to the portrayal. The feature of the production is the Ben Hur chariot race, numerous scenes of which are shown, during the thrilling recital of Ben Hur's victory.

Ben Hur's unjust imprisonment, his terrible experiences as the galley slave and his means of release are accurately depicted. His search for his mother and sister who were incarcerated in the tomb for eight years, contracting leprosy, their cleansing by the Savior and final restoration to son and brother are shown and, in fact, all the experiences of Ben Hur, including his love romance.

An extremely beautiful painting of Jerusalem is shown, and a fine view of the catacombs.

The persecution of the Christians is introduced by a series of famous paintings and the gladiatorial amusements of the time when "thumbs were down" for the love of bloodshed, as a whole it is a stupendous and gorgeous production, something that no one should fail to see, because of the artistic value of the pictures and the historical significance of the theme.

Spontaneous and genuine applause greeted "The Galley Slave" last night and, without a doubt, record-breaking crowds will be attracted to the popular theater while the act is on. It is certainly an unusual feature of vaudeville.

PRESIDENT MAKES FINAL PURCHASES OF PRESENTS

Makes Night Trip to Washington's Down-Town District; Family Dinner Planned at White House.

(By Morning Journal Special Licensed Wire) Washington, Dec. 22.—President Taft continued his Christmas shopping tonight, visiting several downtown stores and making a few purchases. Washington was swept by a winter rain all afternoon and when the president ventured out it was in one of the White House automobiles. A car with secret service men trailed

close behind the White House ion-chine, but few persons recognized the president's motor.

With his purchases tonight the president practically completed his list which includes friends all over the world.

Tomorrow the Christmas season at the White House really begins for more than 100 fat turkeys will be distributed by the president to all married men employed about the building.

The president and his family plan to observe this Christmas day just as they have the others two they have spent in the White House. Miss Helen and Charles Taft are at home and Robert, the oldest son, will arrive tomorrow.

The White House dinner will be served at 7:30 and there will be no guests. During the day the president probably will attend church, and if it is fair, he will take a long walk with some friends. Several gifts already have reached the White House but have not been opened.

GLEE CLUBS ENJOY SMOKER IN CLUB ROOMS

Sigma Tau Fraternity Host to Michigan Men Who Are Making Tour of West; Give Concert Tonight.

Through the courtesy of the Commercial club, the forty-two members of the Glee and Mandolin clubs of the University of Michigan, who are scheduled to give a concert at Elks' theater this evening under the auspices of the Santa Fe Railway Reading Rooms, were entertained last night by the Sigma Tau fraternity of the University of New Mexico. The glee club rendered selections during the evening giving, their hosts a foretaste of the musical treat to be afforded to Santa Fe employees this evening.

A plentiful supply of refreshments was provided, which were done thoroughly justice. The majority of the members of the clubs have never been west before and expressed themselves as highly delighted with the favorable reception that they have been meeting with on their trip.

It is proposed to spend tomorrow sightseeing, and it is requested that any owner of an automobile who can spare his car for an hour or two, be at the Alvarado at 10 o'clock tomorrow morning. Seven machines have already been promised.

The following is the program to be rendered at this evening's concert:

- Part 1.
1. Medley from Michigan Operas.
2. Pink Lady Waltzes, Mandolin Club.
Leader, R. Gage.
3. (a) Laudes Atque Carmine.
(b) Yellow and Blue, Glee Club.
Leader, W. Metcalf.

- Part 2.
1. Selection from Carmen.
2. Water Lilies, Glee Club.
3. Hungarian Dance, Mandolin Club.
4. Quartette.
5. Humorous Sketch, W. Williams.
6. Bedouin Love Song, Glee Club.

- Part 3.
1. Piano, Sextette from Lucia.
2. Popular Medley, Glee Club.
3. Anvil Chorus, Mandolin Club.
4. Victrola, Combined Clubs.

LAST CALL FOR THE GLASSY GIFTS AT MATSON'S

The Christmas Store Has Been Thronged With Buyers, But There Are Innumerable Beautiful Presents Yet.

You have only one day left. That is TODAY. To spend that day to the best advantage, go to the Christmas gift store. In spite of the fact that he has broken all records in the Christmas trade, Matson has a magnificent assortment of those peculiarly appropriate gifts left. The beautiful percolators and chafing dishes still afford a wide choice; and nothing has ever proven so popular in the holiday season as the dainty and attractive line of Crane's glassy box stationery—done up in neat Christmas packages. The splendid line of Kodaks of all shapes and sizes and prices is particularly alluring—and there is no nicer gift for the Yale season. This last call also calls your attention to the gift books, especially the James Whitcomb Riley gems, the toy books and the late fiction and fifty cent copyright books.

On the other hand, perhaps the easiest way out of your difficulty is to take a look at the handsome boxes of Hoyer's, Lowmyer's and Bon Ton candies, suitable for anyone, and always a delightful present to receive. Today is the last call at Matson's. Go early—for the store is sure to be crowded; though for that matter Matson's has a skilled force of salespeople who never keep you waiting long, even in the busiest hour.

LODGE OF MOOSE TO BE INSTITUTED HERE ON DECEMBER 28th

Albuquerque Lodge No. 342, Loyal Order of Moose, will hold its first meeting, institute the lodge, elect and install the officers and initiate the successful candidates on Thursday evening, December 28, in Elks' hall. The meeting will be called to order at 7:30, with two hundred candidates constituting the first class.

W. H. Carter, supreme deputy organizer, has had charge of the work of instituting the order here, and is well pleased with the reception he is receiving.

The Loyal Order of Moose is a social and beneficiary order. Though young in years, it has more than 200,000 members in the United States and Canada.

The Albuquerque lodge will be one of the largest in the southwest.

THIRTY TO FORTY PERSONS HURT IN WRECK

Flagman's Haste to Throw Switch Causes Fatal Head-On Collision On Texas & Pacific Road.

(The Morning Journal special leased wire.)

Forty persons were hurt, some fatally, in a wreck on the Texas and Pacific railroad at Kildare, south of here, just before daylight, when passenger train No. 4 and 104 met in a head-on collision.

The wreck occurred, according to reports reaching here, when No. 3, southbound train, took a siding to wait for No. 104 to pass. A negro flagman in his haste to set the switch so that No. 3 could proceed, is said to have thrown it before the other train passed, with the result that the other train ploughed into the siding on which the waiting train stood. It is reported that the fatally injured are confined to hospitals.

Together—was what is known here as the Mexican Mail, carrying through mail from El Paso to St. Louis via the International & Great Northern and the Iron Mountain roads.

SCHOOLS OBSERVE CHRISTMAS WITH EXERCISES

Carefully Prepared Programs Are Participated In By Pupils; Marks Closing For Holiday Vacation.

In the observance of Christmas the public schools of Albuquerque yesterday held special exercises. Exercises also were held in several private academies. Other exercises will be held today and by this evening no school in Bernalillo county will be in session, each having recessed till after the holiday season.

A number of the schools had Christmas trees with a large helping of nuts and candy for the pupils. This good cheer was generally discussed after the programs, which had been carefully prepared, were rendered.

The High school led with the most pretentious program. It gave an entertaining playlet and enlivened the program with recitations and songs. The program for the High school was given under the auspices of the Criterion Literary society, and was made up of the following numbers:

A Christmas Carol.....
..... High School Chorus
Reading, "Christmas Dinner on the Way,"..... Laura Cartwright
Selection, "High School Orchestra,".....
"The Wasp," The Society Paper.....
Selection, "High School Male Quartette," composed of William Grimmer, Desmond Farrell, Kenneth Balcomb, Louis Hesseldein.
Play, "The Birds' Christmas Tree,"

Cast of Characters.
Jack Wentworth..... Pelham McClellan
Mrs. Jack Wentworth.....
..... Alma Badridge
Mrs. Montague Went.....
..... Florence Grunfeld
Mrs. Tapley..... Lucy Richards
Dick Lawson..... Harry Frank
Mrs. Pingslee..... Frieda Stroug
Mr. Pingslee..... Alfred Kempenich
Peter..... Miles Strumquist
Selection by High School Chorus.
Piano Duet.....
..... Anna Myers and Norine Sweiger

A large number of parents and friends were present and enjoyed the program.

The ward schools each had programs in honor of the season. In the First ward the programs were given in two rooms, all the other teachers and pupils going to one or the other of the entertainments. In the other three wards each room of the school had its own program. The teachers and pupils entered into the programs with great spirit. In many of the rooms Christmas trees were a feature.

Exercises at Menaul School.

The exercises at the Menaul High school were well attended, taking place at 2:30 in the afternoon in the assembly room. A large number of friends were present at the exercises and enjoyed the efforts of the boys to entertain. The program closed the activities for the Christmas holidays and last evening a number of the students left for their homes.

The program showed that a great deal of care had been taken in training the participants. It follows:
Song, "The Christmas Day," School
Invocation..... Rev. Hugh A. Cooper
Welcome..... Jose Chavez
Music..... Spanish Chorus—Star Exercise.....
..... Nine Boys
Recitation..... Ben Cordova
Holly March..... Ten Boys
Three Wise Men..... Gilbert Rivera

Music—Chorus Him..... Five Boys
Candle Exercise..... Teto Gallegos
Music..... English Chorus
Recitation..... Eldon Sanchez
"Holes in Our Stockings,"
Waiting for Santa..... Three Small Boys
"The Little Santa,"..... Martin Cahlin

Cantata at Indian School.
The United States Indian school Christmas program was rendered last evening in the assembly room beginning at 7:30.

The feature of the program, which was enjoyed by a large audience of parents, pupils, friends and teachers, was in the form of a cantata, entitled "Mrs. Santa Claus and the Christmas Dolls."

The little play opened with Mrs. Santa showing a fine collection of Christmas dolls to Old Santa, the dolls in this case being personated by the girls and boys of the school. Thus part closed with two songs appropriate to the time. The second act depicted the children of the world looking around for Mr. and Mrs. Santa, who finally appeared and distributed gifts.

Harwood School's Exercises Today.
The Harwood School for Boys will hold its Christmas exercises this afternoon in the assembly room of the school beginning at 2:30 o'clock. A Christmas tree has been provided with a supply of presents, nuts and candy and a splendid time is looked for among the teachers and pupils alike.

The following program has been prepared:
Song, America..... By the School
Violin Solo..... Laur Leaning
Essays by Dr. Harwood's Bible Class.
1. The First Three Days of Creation..... John Blea
2. Second Three Days of Creation..... Nathan Flores
3. The Crowning Work of Creation..... Orlando Blea
4. The Birth of Jesus..... Jose Madrid
5. Baptism of Jesus..... Willie Maes
Song, Day by Day..... By Six Boys

THE PROPER COURSE

Information of Priceless Value to Every Albuquerque Citizen.

How to act in an emergency is knowledge of incalculable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement will add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statements of nearly residents who have been permanently cured?

Hilario Baca, Delgado St. Santa Fe, N. Mex., says: "About two and a half years ago I gave a public statement telling of my experience with Doan's Kidney Pills. They completely rid me of pains in my back that had troubled me off and on for months. Whenever I stooped or brought any strain on my loins, I suffered severely and there were various other difficulties which convinced me that my trouble arose from disordered kidneys. It was not long after I began taking Doan's Kidney Pills that every symptom of my trouble disappeared. The fact that I have had no return attack warrants me in expressing my high opinion of Doan's Kidney Pills."

FAMILY QUARREL ENDS IN JAIL SENTENCES

A row in the Henley family yesterday afternoon resulted in the participants landing in the city jail for twenty days each, under sentence of Judge Craig of the police court.

The two participants in the fracas in which a 22-calibre rifle, a pocket knife and a pair of brass knuckles figured were Newt Henley and his sister-in-law, Mrs. Carrie Henley. The quarrel occurred about 6 o'clock in the afternoon at the corner of Third and Tiersas.

A hurry up call was sent in for the police. When Chief McMillin arrived the woman was getting the better of the fight, although she was armed with the knuckles and against the rifle and knife held by the man.

The couple were arrested and taken before Judge Craig charged with a breach of the peace.

NINE VAGRANTS ARE COMMITTED TO BASTILE

John Wilson, James Martinez, Francisco Marquez, J. S. Moore, Frank Smith, John Francis, John Pettus, Eugene Peterson and C. W. Zahl, nine knights of misfortune, were tried at the morning session of the "Aunt J. Hungry" society yesterday morning and received a present of ten days free keep in the city house of detention at the hands of Judge Craig, presiding dignitary at the session.

The men told a story of chilly weather, empty pocketbooks, no work and a desire to find the haven where work is not required.

ALLEGED BURGLAR IS HELD TO GRAND JURY

R. A. Berg, accused of breaking into the Arcade rooms about a month ago, and who was arrested Thursday by the police, was tried before Justice of the Peace Jose E. Romero yesterday afternoon and held over to await the action of the grand jury. His bond was fixed at \$500.

The case was taken before Judge Romero because Louis Gianini, proprietor of the Arcade, who lost three watches and other articles of value, had retained Judge George R. Craig to prosecute the case.

The prosecution introduced the evidence of the man to whom Berg sold the watch, round at Helen a few days after the robbery. This witness identified Berg as the man who sold him the timepiece.

ALBUQUERQUE NEW MEXICO

THE SELECTION OF THE LANDS.

Regarding one of the most vitally important matters to come before the state, the Roswell News says:

The News is particularly anxious for early legislation for provisions for the selection of the lands granted by the congress to New Mexico. In the selection of these lands there is opportunity for a display of more good horse sense than in any other matter that will confront the people of this state in a decade. It has been stated that solicitude in regard to these lands was one of the chief incentives for a certain party, who shall be nameless, seeking the office of governor of New Mexico. The governor being by law ex-officio chairman of the land board it can readily be understood why one interested in lands should seek that chairmanship.

The solicitude of the News is personally impersonal and is prompted solely by a desire to have early and wise selections made. The congress in granting these lands placed a minimum sale price upon them that virtually takes all but occasional tracts out of the market. We will be compelled to depend upon rentals for revenue, but this will probably be a blessing in disguise. Too many of the states have dissipated the heritage granted them by the federal government by the sale of these lands at times when they were virtually forced upon the markets. The temptation for immediate returns overcame sound judgment and there has also entered a suspicion in some instances that all the gold did not glitter in the treasury strong box. Congress put the price at which our lands can be sold so high that there will be small chance for any "side considerations" should any be desired. With the land board we are to have for the next half decade these side considerations will have no place.

Each day that the selection of these lands is deferred is detrimental to the state in more ways than one. The first step will have to be an act of the legislature creating a commission to make the selections for the land board as constituted by law has too many other interests to look after to give this the attention its importance demands.

HE GETS THE WORST OF IT.

Postmaster General Hitchcock has broken all records of the department and has issued the fiat that all clerks and carriers in the postoffice must labor on Christmas day in the distribution of Christmas parcels and letters.

Apparently this means that the clerks and carriers will have no Christmas day from morning until night, doing the hardest day's work of the year. We believe that the people generally have enough of the true Christmas spirit to let the mail service employees have the day to themselves after the busy and wearisome rush of the week or two preceding Christmas. At any rate they will have the sympathy of a good many of their fellow citizens, if the postmaster general's order deprives them of the rest and sentiment of the best day in all the year.

There is nothing very new in the report that millions are starving in China because of famine and floods. Similar reports have come from that country at frequent periods even before the present revolution started, and the government at Peking has at no time taken effective steps to prevent the recurrence of these calamities. Nothing can bring security to the valley of the Yangtze short of a comprehensive scheme of dredging, canalization and embankment to regulate the flow of the river and carry off the rush waters in flood time. And the Manchou officials have preferred to devote to their own purposes the money that this work would cost.

Pedestrians who are in a hurry should be patient these days. This is the season of the year when the streets belong to the Christmas shoppers and the children.

WE NEED TO GET BUSY.

Some of the best boosting wisdom extant is contained in the following from the Tans Valley News:

Twenty years ago in Kansas, corn was worth ten to fifteen cents a bushel. Thousands of husbands were burned by the settlers in their cook-stoves and heaters, because corn was a cheaper fuel than coal, cord-wood or cow-chips.

In those population days, the celebrated Mary Ellen Lease (sometimes called "Mary Yellen" for short) advised the people to "raise less corn and more hell." Some of the people tried to follow her advice, but it didn't work. It was based on a fallacy. Finally the sober second thought of the people held sway and the great state of Kansas reversed the proposition, raising political hell and went to raising more wheat and corn. And now Kansas is said to have more automobiles to the square acre than any other western state. Her resources are great, she is developing them, and her wealth is rapidly increasing.

New Mexico is unsurpassed in the great variety and richness of her natural resources. Her climate is praised and envied; her mountains are filled with minerals and precious stones; her coal fields are almost unequalled; her fruit holds its own in the best of company, and her soil needs but to be tickled by the instruments of husbandry, and moistened from her perennial streams, to laugh with abundant harvest.

Amongst all the counties of this great new state, our own, Taos county stands a peer of the best. Her mountains are filled with gold, silver, and copper and lead; with sandstone, limestone, and granite.

These same mountains are covered with merchantable timber; the melting snows percolate in pellucid drops through the mountain sides, and flow in crystal streams through beautiful canyons and broad mesas, making our fields glad and fertile. Uncounted units of power flow in our streams, undeveloped and unused; finer, plumper wheat grains do not grow; apples, pears, plums and cherries, currants and other small fruits, are attractive to look upon, are fine flavored and abundant; and we have flocks and herds and cattle upon a thousand hills.

The stream system of Taos county is better distributed than in any other county of the state. Every acre of tillable land in the county east of the Rio Grande can be irrigated, and, when properly conserved and used, there is abundant water for every acre.

It is true we need capital to develop our vast natural resources—and capital we shall get—it is coming. But there is another thing we need—and that is to get busy ourselves. Not in our stars, but in ourselves, rest our prosperity and success. We need to quit spending so much time sitting on the sunny side of an adobe wall, smoking cigarettes, chewing chiquete and eating pinches; we need to grab more sage brush, do more plowing, plow deeper, and plant more grain and alfalfa and fruit; spend less for booze, and develop more brains.

In short, we must raise less hell, and more grain. To the citizen we say, get busy, and develop our resources. To the outsider we say, get busy, and come to Taos county, help us uncover and bring to the surface the treasures that lie buried in our mountains and mesas, and receive and enjoy your share of the prosperity that will be ours and yours. Get busy.

IT MEANS EFFECTIVE WORK.

In organization there is achievement. The formation of a southwestern transcontinental highway association at Phoenix, for the completion of a splendid ocean to ocean highway through New Mexico, Arizona and California, means that the road building propaganda in the southwest will go forward as never before.

Building roads is easy; all that you need is system, persistence, and a means of securing appropriations. There are enough enthusiasts on this matter in the two new states and on the coast to build a highway to the moon.

From the standpoint of easiest construction, the selection of the route west from Carthage through Magdalena and Socorro county is a wise one. Scenicly, also, it is not to be sneezed at, but in the course of time we must also complete the route through Rio Puerco and the volcanic country of Valencia and northwestern Socorro county.

A. L. Westgard, chief booster for the more northern route, declares that the ruggedness of the scenery, the abrupt canyons and lava beds of that section are unequalled anywhere and furnish a variety of landscape found nowhere else along the transcontinental line.

For the present, however, it behooves New Mexico to bend every effort toward completion of a first class automobile speedway across Socorro county and from this city south to Carthage; or better still, to Socorro, right through the valley. With the development of the Rio Grande basin the ride from here to the Gem city along the river will be a magnificent one.

The Phoenix meeting will have results of far reaching importance. It solidifies and strengthens the southwestern road boosting movement; and every citizen of New Mexico should do his part to see that the route from El Paso to New Mexico's western boundary, is the finest automobile thoroughfare between the two oceans.

"What does Russia want in Persia, anyway?" asks a contemporary. Why, only Persia.

WHY THERE CAN BE NO WAR WITH RUSSIA.

Our late dealings with Russia have been abrupt—even offhand. The terms of the Suez resolution were laid out in international manners. Mr. Taft and certain members of the house ran a race to deal Russia the first blow.

Hence the present talk of war. Yet, says a Cleveland paper, there is no danger of war with Russia. No matter what Russia's resentment may be or become, Russia will not attempt war.

What will prevent it? Mr. Carnegie's \$10,000,000 peace fund? Or the peace speeches of Mr. Carnegie and Jacob Schiff, Jenkin Lloyd Jones and Jane Addams?

Not at all, not at all; Not in the least; not in any way, shape or manner.

All these outpourings of money and oratorical splurges will have not the remotest influence in preventing war or preserving peace.

What then does guarantee us against any possibility of Russian attack?

The American navy; that's the answer.

The fact that we have a navy any third of which could go out and wipe the whole Russian navy off the seas—that is what will cause any Russian resentment to evaporate in words. The American navy—that's all!

And yet the very gentlemen and ladies who have been most anxious to conduct the passport controversy with Russia in a most provocative manner are also the very gentlemen and ladies who continually deplore the existence of a navy and insist that we should have none!

That is something worth thinking about, and now is the time to do the thinking most intelligently.

With Persia throwing rocks at the Russians, the Russians glowering at Uncle Sam, Turkey and Italy going to the floor, China in a turmoil, Mexicans looking for each other with long knives, and the Kaiser daring John Bull to knock the chip off his shoulder, it looks at this glad good-will-to-men-season, as if the peace dove had a fair chance.

President Taft squeezed up to the bargain counter in Washington just like any other citizen, to make his Christmas purchases. This isn't as bad as it sounds, however; for when the president's avoirdupois is remembered, it is easy to see that he would have all the best of it in a marked down rush.

John D. Rockefeller has so many degrees of various kinds that he feels no interest in the Stanley committee's proposition to give him the "third degree."

NEARLY 10,000 SCHOOL AGE CHILDREN IN NEW MEXICO, SAYS CENSUS

(Special Correspondence to Morning Journal) Santa Fe, N. M., Dec. 22.—A report issued today by the territorial department of public instruction shows that there are 9,779 persons of school age, that is, between 5 and 21 years in the territory of New Mexico. This is an increase of 759 over the school census of last year.

Scarcity of Fish.

Mrs. B. R. Buffham, deputy game warden of the territory at Roswell, writes the New Mexican that the overflow of streams has destroyed the fish that had been consigned to her by the United States government, but that another order has been booked for 1912, when the government fish car again makes the rounds.

Old-Timer Dies.

Gabriel B. Pop, 42 years old, died at 2:30 o'clock this morning at his residence on Capitol hill after long illness. He was recently operated upon in an effort to save his life.

Mr. Pop was born in Basca, Switzerland, July 27, 1868. When 16 years old he came to this country, settled in Wyoming and engaged in the sheep raising business. Afterward he took up the same occupation at Corona, Lincoln county New Mexico, and was successful from the first. His business is still prospering under the firm name of Pop and Valdez. He is well known over New Mexico, Colorado and Wyoming, is an Elk and a property owner in Santa Fe.

Mr. Pop is survived by his wife and five small children, Gabriel, Jr., 10 years old, Charles, 9 years old, Elsie, 7 years old, Eileen, 5 years old, and Stella, 3 years old. Besides his immediate family he leaves a brother who resides in Steamboat Springs, Colo., a son-in-law, G. Digneo, and two brothers-in-law, Oswald and Ernest Digneo.

The funeral arrangements will be announced later.

SALE OF SEATS TO THE LION AND THE MOUSE ATTESTS POPULARITY

The return of the United Play company's latest welcome production of Charles Klein's delightful drama, "The Lion and the Mouse," to the Elks' theater Christmas matinee and night, is expected to be an even greater success than its previous visit. If the demand for seats is to be the governing criterion, the sale has advanced with much agility though choice seats are still to be had. The United Play company is credited with having retained the high standard in offering an excellent cast and production and much may be expected.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all dealers.

MAYBRAY'S STORY OF OPERATIONS CONFIRMED

State Presenting Strong Case Against Ben Marks, On Trial at Council Bluffs For Complicity in Swindles.

(By Morning Journal Special Leased Wire.) Council Bluffs, Ia., Dec. 22.—Testimony tending to corroborate the lengthy story told on the witness stand by J. C. Maybray, concerning his relations with Ben Marks, accused of complicity in the swindles of the Maybray case, was given, by witnesses today. The witness to whom chief interest attached today was Mrs. Maybray.

Mrs. Maybray testified to accompanying her husband to the vicinity of the Ben Marks home where she waited in an automobile while he went there. Maybray had told her his mission was to pay Marks money. She was questioned at length by the defense regarding her movements during the time her husband was engaged in the swindles. She said she did not know the nature of his business and made no inquiries, but knew he was a gambler. She was always well supplied with money by him, but never inquired its source. She related her travels to a residence in Kansas City, Los Angeles and New Orleans.

The most important witness of the day considered from the side of the state was Don Weir, now living in South Dakota, but for nearly twenty-eight years connected with the police force of Council Bluffs. During the time covered by the indictment, Weir was a city detective. He testified that on two occasions he went to Chief of Police Richmond to report what he knew of the operations of the swindle syndicate; that Chief Richmond told him to keep his hands off, but he would take care of them. Weir testified that on one visit to the chief the latter said the swindle syndicate was bringing a lot of money into the town and that he thought more of them than he did of their victims.

FINANCE AND COMMERCE

Wall Street.

New York, Dec. 22.—The Gould issues and Lehigh Valley attracted most attention today in the stock market. The advance in Lehigh Valley was continued and apparently was based on the belief that some action soon may be taken in regard to an extra distribution to shareholders. The quotation was advanced three points to 155 3/4, the highest price on record, although profit taking later reduced this gain.

All of the Gould securities were heavily traded in. A demand for Wash securities developed and they rose somewhat. The preferred stock also advanced. Denver and Rio Grande securities showed pronounced weakness early but later rallied sharply. In the recovery the 5 per cent bonds jumped from 80 to 85.

The market showed the customary symptoms with a triple holiday at hand. Trading was on a small scale and final changes were inconsequential in most cases. Most of the copper shares declined after their recent advances and American Woolen showed weakness which perhaps reflected the recommendation for a reduction of the tariff on wool and woolsens.

In the money market there were no indications of stress such as prevail abroad. The banks this week received more than \$11,000,000 from the interior or about \$4,000,000 less than last week, when the movement was the heaviest recorded in weeks. Estimates of tomorrow's bank statement indicated a gain of from \$5,000,000 to \$9,000,000. Closing stocks:

Chicago Board of Trade.

Chicago, Dec. 22.—Both long and shorts today busied themselves getting clear of wheat. All American grain exchanges will be closed tomorrow and Monday and there was a general desire to be free of commitments and avoid any effects of any surprise which might be sprung in foreign markets. The end of the evening process left wheat varying from a shade lower to 1-2c higher than last night. Corn finished a sixteenth to 1-4c down, oats unchanged to 3-4c off and hog products either not altered or five cents decline.

Argentine weather helped to relieve both sides of the wheat market though at different times. World shipments promised to be nearly 3,500,000 bushels less than a year ago, but this fact was offset by signs of another increase in the United States visible supply. The Minneapolis stock especially looked large at nearly 17,000,000 bushels. May ranged from 98 to 98 3/4c with last sales 99 3/8c, a net loss of a shade.

In the corn pit a little show of firmness due to small receipts afforded a chance for longs to unload to advantage. Shorts covered on the evening decline and brought about a steady feeling at the close. May (quoted from 82 7/8-84 1/4 to 84 1/2-85, finishing 1-84 1/4-84 1/2 at 84 1/2-85. Cash grades were easier. No. 2 yellow was not quoted.

Oats weakened through some heavy selling, but later hardened. Lower limits touched for May were 47 7/8 and 47 3/8c, with the close a sixteenth cent net lower at 47 5/8-48 3/4c.

An attempt to advance hog products brought out other free offerings and made values react. In the end prices on the blackboards stood at last night's level or were sagging but not to exceed in any case as much as a nickel.

The Metal Markets.

New York, Dec. 22.—Standard copper, quiet spot, 12 1/2-12 3/4; 1-2; December, 12 1/2-12 3/4; 1-2; January, 12 1/2-12 3/4; 1-2; February, 12 1/2-12 3/4; 1-2; March, 12 1/2-12 3/4; 1-2; 14 1/2. London steady, spot, 63 1/2; 26; 40; futures, 64. Arrivals reported in New York today, 1245 tons. Custom house returns show exports of 24,755 tons so far this month. Lake copper, 14 1/2-14 3/4; electrolytic, 14 1/2-14 3/4; 1-2; casting, 14 1/2-14 3/4.

Lead, quiet; 34 1/2-34 3/4 New York; 34 1/2-34 3/4; 1-2; East St. Louis, London, 15 1/2, 94.

Spelter, quiet; 36 1/2-36 3/4 New York; 36 1/2-36 3/4; 1-2; East St. Louis, London, 26 1/2.

Antimony, dull; Cookson's, 77 1/2; Har silver, 55 1-2; Mexican dollars, 46c.

St. Louis Spelter.

St. Louis, Dec. 22.—Lead, firm; 34 1/2-34 3/4; 1-2; spelter, 36 1/2-36 3/4.

St. Louis Wool.

St. Louis, Dec. 22.—Wool, steady; medium grades, combing and spinning, 21 1/2-21 3/4; light, fine, 15 1/2-16; heavy, fine, 13-13 1/2; tub washed, 27 1/2-28.

Boston Wool Market.

Boston, Dec. 22.—The Commercial Bulletin will say of the wool market tomorrow:

Transactions in the Boston wool market this week have been only fairly good. Late last week further large purchases of territory staples were made making the total for the present week about the same as that of a week ago.

For the fortnight estimates place the transactions at ten to twelve million pounds. Fine washed decline in firm at 31c and fine half-blood is held at 22c or about 55c-57c. Little fear is expressed in the trade over the report of the tariff board.

Dun's Weekly Review.

New York, Dec. 22.—R. G. Dun & Co.'s Weekly Review of Trade for tomorrow will say:

The holiday retail trade has been good and in some cities it is in excess of former years, revealing noteworthy ability and willingness among consumers to spend. Wholesale operations are naturally held somewhat in check by the holiday trade and by the settlements incident to the close of

the year, but there is no indicated change in the more favorable situation in business which is progressively manifest during the last few years.

The bright outlook in iron and steel is enhanced by prospective large purchases of rails, orders for fully 500,000 tons being expected in the immediate future. This tonnage will embrace contracts from several prominent roads while other equipment is being freely taken. Considerable bridge work is coming out and the Pennsylvania car order will require 24,000 tons.

While immediate business is seasonably quiet the undertone of the cotton goods market indicates slow but steady improvement in the volume of distributions. Exports to miscellaneous ports continue good and some small Red Sea buying is being done. Shipments to China last week aggregated 2,400 bales. Steady improvement continues in the market for woolen and worsted goods, a good duplicate business coming in on dress goods.

VERDICT FOR DAMAGES
OF \$462,800 AWARDED

Topeka, Kas., Dec. 22.—The largest verdict ever rendered in any case in the state of Kansas was returned in favor of the Fowler Packing company of Kansas City, Kas., in the United States circuit court tonight, awarding damages against the Kaw Valley Drainage company, district of Wyandotte county, in the sum of \$462,800. The verdict was about one-third of the amount asked the plaintiff's having demanded damages of \$1,500,000.

The case involved the right of the drainage district to tear down buildings belonging to the Fowler company along the Kaw river in the district condemned for drainage purposes. It was claimed the defendants had exceeded their authority in destroying property.
