NUMBER 191.

FOXY CERVERA
CAUGHT NAPPING!Commodore Schley Has the Spanish
Fleet Surely at Santiago.

INVASIONS TO CUBA WILL NOW COME.

(Copyright by Associated Press.)

St. Nicholas, Hayti, May 30.—The following dispatch was received here from the correspondent of the Associated Press:

Off Santiago de Cuba, May 30.—Commodore Schley and his flying squadron have the Spanish fleet bottled up in the harbor of Santiago de Cuba. By the most clever maneuvering, the commodore allowed the Spaniards to think he had left in disgust. They took the bait and ran into the harbor. Commodore Schley moved down this morning, and at 6 o'clock, going close to the harbor, saw the Cristobal Colon, Maria Teresa, and two torpedo boats. He believed the entire fleet is there. Commodore Schley has acted upon his own initiative and judgment for the past six days. He sat on the after triangle of the Brooklyn this morning until after the discovery of the fleet and then went to breakfast saying: "I have got them and they will never get home."

The United States auxiliary cruiser St. Paul arrived here this morning and was sent to Mole St. Nicholas with dispatches. She captured the coal ship which was sent to Key West by Captain Sigbee in charge of a prize crew. The coal was undoubtedly intended for the Spanish fleet. It is believed there is not much coal at Santiago de Cuba. Officers and men of the flying squadron are jubilant over the fact that the location of the Spanish fleet has finally been definitely established. The temperature here is 110 degrees in the shade, and in the steel turrets the heat is actually beyond the power of imagination. The American ships here are the Brooklyn, Texas, Massachusetts, Iowa, Marblehead and Vixen, an auxiliary torpedo gunboat.

ALL DOUBTS REMOVED.

Schley has sighted the Spanish fleet—Military Invasion. Washington, May 30.—There appears to be no reason now why the military invasion of Cuba should not begin as soon as a sufficient number of troops can be equipped for the campaign.

It was with deep gratification the secretary of the navy, last night, received a message from Commodore Schley that finally removed any doubt as to the location of Cervera's fleet. The commodore said he sighted the Spanish fleet in the Santiago harbor.

The navy department has taken a note of the reported arrival of the torpedo destroyer, Terror, at San Juan. They say she has made her last cruise under the Spanish flag, from which it is inferred an American cruiser is already on its way to bottle her in the San Juan harbor.

It is believed that Sampson is confident of Schley's ability to hold the Spaniards in Santiago harbor, and he is now rapidly preparing a convoy or military expedition. Sampson has reinforced Schley's fleet with some of the best ironclads, Iowa, for instance, and there is no question of his overwhelming the Spaniards in point of force.

The Centurion blockade, which was temporarily weakened to allow the safety of some blockading vessels, will now be re-established in all its old vigor.

No one, who can speak authoritatively, will say when the military expedition will start. General Miles is prepared for instant departure.

THE MONTEREY.

Mare Island navy yard, Calif., May 30.—The coast defense vessel, Monterey, came out of the dry dock yesterday, and the next two days will be at sea. The Monterey will not be ready to sail before the end of this week.

PROBABLY A MISTAKE.

Three Big Powers. It is Alleged, Are Joining Hands. New York, May 30.—A dispatch to the Herald from Berlin says: "I have a theory for the statement that the idea of England, Germany and America joining hands is being seriously entertained, not so much here as in Washington and London, whence it is forced on German attention."

Muster in the Volunteers. Washington, May 30.—Adjutant General Corbin said today that 121,500 troops have been mustered into volunteer army under the call for 125,000 men, and that the remaining 3,500 men were in state camps ready for the visit of mustering officers. The army is divided between Iowa, Mississippi and North Carolina.

Gen. Lee Active. Tampa, Fla., May 30.—Plans have been outlined by Major General Lee for placing the entire seventh army corps at Jacksonville, along the east coast of Florida. General Lee and his entire staff will leave for Jacksonville to mor-

Carpenter, and will be nearly a complete loss. The insurance, if any, is unknown. Mrs. Myers is left almost destitute, and a movement will be started to relieve her necessities. A feature of the fire was an attempt of W. H. Cobb to pull the hose over the fire alone, but he could not make it.

Severely Injured. A letter received today informs his parents that Deane S. Bliss, of the Tidal division, coast and geodetic survey, was hurt in a railroad accident near Washington, D. C., in the afternoon of May 19, together with two others. Afterwards he was carried to his home at Falls Church, Va., given ether and his injuries were treated. The letter said he was doing "right well," though weak from loss of blood. His left arm was broken above the elbow and the piece of bone next the elbow split lengthwise, the radius dislocated and the ulna broken. The doctors stated that there was not one chance in hundred that he would be able to bend his elbow after the wound healed.

After the Robbers and Murderers. A consultation was held in Superior court, today, in the case of the Fargos, last night. J. N. Thacker, chief of the company's detectives, who has just returned from Magdalena, where he has been trying to solve the mystery of the robbery, said he was doing "right well," though weak from loss of blood. His left arm was broken above the elbow and the piece of bone next the elbow split lengthwise, the radius dislocated and the ulna broken. The doctors stated that there was not one chance in hundred that he would be able to bend his elbow after the wound healed.

Stightly Not Captured. Key West, Fla., May 30.—An unknown steamer, supposed to be a Spanish auxiliary cruiser, was sighted by the Wilburton and Bancroft about fifteen miles off Key West Thursday evening, but was not captured.

Exceedingly Important. Chicago, May 30.—The Chicago road race was won by Joseph Ring, of Piquette club; W. B. Ferguson, of Woodlawn club, second; Gus Harding, of Lake View club, third. Ring's time was one hour, thirty minutes and fifty-eight seconds. Schley has acted upon his own initiative and judgment for the past six days. He sat on the after triangle of the Brooklyn this morning until after the discovery of the fleet and then went to breakfast saying: "I have got them and they will never get home."

Regular to Embark. Washington, May 30.—It was officially admitted at the war department today that the embarkation of regulars from the United States auxiliary cruiser St. Paul arrived here this morning and was sent to Mole St. Nicholas with dispatches. She captured the coal ship which was sent to Key West by Captain Sigbee in charge of a prize crew. The coal was undoubtedly intended for the Spanish fleet. It is believed there is not much coal at Santiago de Cuba. Officers and men of the flying squadron are jubilant over the fact that the location of the Spanish fleet has finally been definitely established. The temperature here is 110 degrees in the shade, and in the steel turrets the heat is actually beyond the power of imagination. The American ships here are the Brooklyn, Texas, Massachusetts, Iowa, Marblehead and Vixen, an auxiliary torpedo gunboat.

THE SCHLEY PROGRAM. He Will, at an Early Day, Smash the Spanish Squadron. Key West, May 30.—The Spanish squadron is anchored in the harbor of Santiago, and the problem remains for the commander of the American fleet to dispose of the enemy, either by corks the bottle or by forcing the long, narrow passage and smashing the strong Spanish squadron at the anchorage its commander has chosen. It has been thought that the campaign against Admiral Cervera might be ended by demolishing the forts at the entrance of the harbor of Santiago, blockading the channel and isolating the Spanish fleet until the other problems of the war are worked out. It is not, however, in line with American policy, and simply accepting the view of the situation taken by naval experts here, it can be realized that the battle at once. It is confidently expected that a hard blow will be struck within three or four days. It would not be surprising if immediately the ships are sent to Schley.

A BRITISH PRIZE. Captured While Trying to go Into Santiago Harbor With Coal. Key West, May 30, 6:30 a. m.—The British steamer, Restormel was brought in here this morning as a prize, having been captured while trying to put into Santiago de Cuba with coal.

Base Ball This Morning. At New York—New York 6, Cleveland 2. At Boston—Boston 11, Chicago 2. At Philadelphia—Philadelphia 6, Louisville 1. At Pittsburgh—Pittsburgh 1, Baltimore 2.

CRUISER COLUMBIA DISABLED. A British Steamer Struck her and then Went to the Bottom. Washington, May 30.—Secretary Long today received a dispatch from Admiral Sampson, commander of the New York navy yard, stating that the cruiser Columbia had been in a collision and one of her after compartments had a lot of water in it. The admiral said he intended to dock her immediately in order that an examination might determine the extent of repairs necessary.

THE ACCIDENT. Off Fire Island, May 30.—Saturday night, in a dense fog, a collision of fireboats ran into the Columbia, and the Foscila sank. All on board were rescued by the Columbia, which steamed to New York. The Columbia has a large hole in her starboard side.

Coal Passers on a Strike. New York, May 30.—There is every likelihood that the cruiser St. Louis will not be able to put to sea today because of coal passers, firemen and trimmers have struck. They charge they were treated harshly in the stove holes, and the food served was insufficient and unwholesome.

The Dupont Needs Repairs. Mobile, Ala., May 30.—The torpedo boat Dupont arrived here today to go into the dock for repairs to her hull, having been in a collision with some vessel at Key West.

Fire Early This Morning. At 2:30 o'clock this morning the mowing fire in a dense fog, a collision of fireboats ran into the Columbia, and the Foscila sank. All on board were rescued by the Columbia, which steamed to New York. The Columbia has a large hole in her starboard side.

THE PHILIPPINES!

Major General Merritt Has Received His Instructions.

A Few Short Paragraphs from Dewey and Manila.

Conclusion of Trade Discussion Between France and This Country.

THE HARVARD STILL AT KINGSTON.

New York, May 30.—The state department has mailed to Gen. Merritt, executive instructions for the government of the Philippines, says a Washington correspondent of the Tribune. Except in his relations with foreign powers, growing out of possible complications in the case, which are referred to Washington for consideration, Gen. Merritt's control of affairs will be practically supreme. The instructions bear evidence that the United States intends to preserve permanent control of the islands. It is understood that arrangements are already being made to lay a cable from San Francisco, by way of Hawaii, to Manila. By direction of the president formal orders have been prepared authorizing 8,000 men to the department of the Pacific under Major-General Merritt, thereby increasing the strength of his force to 20,000 men.

SUCCESSFUL CONCLUSION.

Trade Negotiations Between France and the United States. Washington, May 30.—It is stated a trade discussion with France, which began directly on the appointment of Kameon to take charge of the reciprocity negotiations, have come to a successful conclusion. Negotiations have been conducted under the third clause of the tariff act of 1897. It is understood that commercial arrangements thereunder, signed last Saturday by Cambon, ambassador of France and by Mr. Kameon, special representative on the part of the United States. The agreement is to take effect June 1, when the French minimum rates upon products from the United States will be reduced to the level of the United States. The agreement makes the following concessions:

In favor of United States: Manufactured and prepared pork meats reduced from 100 francs to 50 francs per hundred (approximately 30 cents per pound); lard and its components reduced from 40 francs to 25 francs 100 kilos; table fruit, canned meats, dried or preserved fruits, common woods, logs, paving blocks, staves, hoops, apples, pears, crushed, cut or dried at minimum French rate of duty.

Reductions in behalf of France: Argentine wool, 15 per cent ad valorem; granules of oil, 15 per cent ad valorem; works of art, 15 per cent ad valorem; 35 cents per gallon. No reduction is made on champagne, which remains dutiable as fixed in the Dingley tariff law.

Agreement Almost Completed. Washington, May 30.—The agreement between Sir Julian Pauncefote for Great Britain and Mr. Kameon for the United States, under the terms of the reciprocity sections of the Dingley bill, has advanced almost to a completion, and the result may be proclaimed within a week.

THE SOLDIER DEAD.

The National Capital Fittingly Observed Decoration Day. Washington, May 30.—The observance of Memorial day at Washington was even more general than usual and the ceremonies at the historic Arlington soldiers' home and other cemeteries, where rest the soldier dead, were more elaborate than for many years. The services at Arlington were especially impressive. President McKinley, Vice President Hobart and Secretary and Mrs. Gage arrived about 12:30 o'clock. The feature of the exercises was a grand march by Senator John M. Thurston, of Nebraska.

The Cruiser Harvard. Kingston, Jamaica, May 30.—The United States auxiliary cruiser Harvard, formerly the American light steamer New York, has not yet sailed. The colonial authorities allowed her some hours longer in order that her boilers may be put in good condition.

No Movement Yet. New York, May 30.—A dispatch to the Herald from Gibraltar says: It may be positively stated there has been no movement from Cadix of the Spanish reserve squadron.

A Railroad Wreck. Omaha, Neb., May 30.—A freight train broke down in a cut on the Fremont, Elkhorn and Missouri Valley road west of Elkhorn, Neb., last night, blocking the track.

The Black Hills express dashed into the wreck at top speed, and engine, baggage and mail cars were derailed. Dead—Lucian S. Cook, engineer of passenger train; Fred Owens, fireman of passenger train; injured—Charles Gossart, mail clerk; James N. Mason, mail clerk. None of the passengers were seriously hurt.

Ordered to Tampa. Chattanooga, Tenn., May 30.—It is reported, upon good authority, that three regiments of infantry, the Second Nebraska, Second New York, and First District of Columbia, and one regiment of cavalry of the First Ohio, have been ordered to Tampa as soon as they can get ready.

NEWS FROM MANILA. Supplies in Plenty.—The Spaniards After the Sloop of a Gunboat Captain. (Copyright Associated Press.)

Hong Kong, May 30.—The British second class cruiser, Figue, has arrived from Manila. She reports all quiet and supplies are reaching Manila plentifully from the surrounding country.

The Spaniards are working upon fortifications, but their guns are old and useless, and they are short of ammunition. Rear Admiral Dewey informed the authorities of Manila he will hold them responsible for the capture of the Spanish gunboat Calica captured by the United States fleet. The Spaniards have been threatening to shoot him for surrendering.

In reply the Spanish attempt to win over Aguinaldo's men. The insurgents are said to have informed the Spaniards they are neutral and will wait events.

The Americans have captured the Spanish gunboat Leyta, which was attempting to run with dispatches into Manila. The steamer is reported to have landed 6,000 rifles at Cavite for the insurgents.

The Spaniards have offered \$25,000 for the head of Aguinaldo, the insurgent leader.

The governor at Hong Kong prohibited the United States consular agent, Zafiro from taking war stores to the American fleet, but permitted her ship to take luxuries. The Zafiro sails for Manila today.

Remember the Maine. By attending the performance to be given at the opera house, June 2 and 3, by the Cundiff Cinograph Co. All of its latest war views and moving pictures, including the battleship Maine in the harbor of New York and also in the harbor of Havana, the Spanish cruiser Vizcaya as she entered the harbor of New York, and a large number of both American and Spanish warships, and pictures of life-like and moving of America's present heroes.

Mrs. Claude Albright, Albuquerque's gifted young singer, departed Saturday evening for New York, from which place she will go to Paris, where she will again take up her studies under her former instructor, Mme. Lagrange. A number of friends saw the brilliant young lady at the opera house, and many were the wishes expressed for her welfare and future success.

A. L. Van Antwerp and wife, who were at Chicago on a visit, came in from the north last night and continued south to the City of Mexico this morning. Mr. Van Antwerp, years ago, was the assistant live stock agent of the Santa Fe railway, and is now the popular traffic superintendent of the Mexican Central.

Fred B. Houghton, the popular general agent of the Santa Fe railway, at El Paso, came in from the north last night and continued south to the City of Mexico this morning. Mr. Houghton, years ago, was the assistant live stock agent of the Santa Fe railway, and is now the popular traffic superintendent of the Mexican Central.

Mrs. John Butler, wife of a well-known merchant in the local railroad shops, returned last Saturday night from St. Louis, where she attended the convention of the Brotherhood of Locomotive Engineers as a delegate from the Ladies' auxiliary.

The body of Brad Cochran, a Las Vegas volunteer, who died under peculiarly sad circumstances at San Antonio, Texas, the other day, was buried at Las Vegas this afternoon. The remains passed up the road last night.

You are invited to examine the large stock of latest models in bicycles, including the high grade Crawford chainless. At Brookmeier's, prices are within the reach of all.

Brookmeier has for rent the most comfortable and best wheels made. Tandem and single. Leave an order and secure a wheel for a ride these beautiful evenings.

Lost, Strayed or Stolen.—Bay horse, three white bellows. Brand, "heart and star" on face, forelock cut. Informa tion at this office 210 South Broadway.

Ed. Medler and wife, C. W. Medler and family and W. J. Tway and family, who enjoyed several days out in Coyote canyon, returned to the city this morning.

Gentlemen will go to E. L. Washburn & Co., for reliable goods at moderate prices.

C. R. HUBER has been appointed fish and game warden for Santa Fe county by Governor Otero.

The Santa Fe and Santa Fe Pacific railroads are tremendously busy these days handling through freight.

No paragraph punster has yet suggested that the Spanish admiral at Santiago is having a severe time of it.

The days go by and millions of people are wondering "what are the wild wars saying?" They might a tale unfold.

Spain, in her dire poverty, maintains a royal family at an expense of \$2,000,000 a year. What a large royalty is any way!

The war maps which are being published every day or two by some of the papers are beginning to look very much like the same old map.

All honor to the veterans. They are being remembered to day, and their graves at the several cemeteries were covered with flowers by loving hands.

Do you want to live in one of the finest sections of country in this broad universe? If you do, the Rio Grande Valley is the spot you are looking for.

There is enough sulphur in this county to supply the world. The vast deposits on the banks of the Jemez will soon be needed in the manufacture of war material.

Yes, young Alfonso is the thirteenth of his name; he is now in his thirteenth year; and then—there are Sampson's thirteen-inch guns, observes the St. Paul Pioneer-Press.

Train robbing and murders are on the increase in New Mexico. A few lynchings, with an occasional legal hanging, will undoubtedly have a tendency to check these delightful pastimes for a few months.

The San Marcial Bee says: "The next business meeting of the republican central committee of Socorro county will probably be held in San Marcial. Hon. Kifego Baca is chairman, and H. H. Howard the secretary."

The New Mexican says: Work has been suspended on the territorial capital building until after the 1st of June. The suspension is due to a lack of stone and brick and the approaching holidays. Material is arriving rapidly now.

The New Mexican published some interesting letters from the gallant New Mexico volunteers while they were stationed at San Antonio, Texas. The young soldiers have left San Antonio, en route to Tampa, Florida, and from there they will embark for Cuba.

The Printers' Ink, a journal for advertisers, says: She was a smart and pretty girl, she wrote the advertising for a large dry goods concern in town. Her mind used to run so much on her business that one day when she wrote to her lover to meet her that night at home she unconsciously added a postscript: "Come early and avoid the rush!"

Our people must not expect much eastern money for investment in mines or other industries until the war is checked. It may be a couple of months before this is accomplished and it may be a year, and again ten days may witness its collapse. The successful bombardment of Havana and demolition of the Spanish fleet now at Santiago will end the fight.

The prospect of going to the front seems to have no visible effect upon the appetite of the soldiers unless it be to increase them. Among the supplies already sent to Chihuahua are 1,000,000 pounds of bacon, 800,000 pounds of flour, 25,000 pounds of baking powder, besides many thousands of other supplies. It begins to look as if the men would have to fight on beans, biscuits and bacon, which is very good fighting food, anyhow.

HON. PHIL. MOTHERSILL, who was on Saturday last appointed by President McKinley chief commissary of subsistence with the rank of major, is well known in this territory, and for years was stationed at El Paso as the resident manager of the Detroit and Rio Grande Irrigation and Cattle company, whose cattle now roam over the Jornada del Muerto. After becoming an applicant for the position of collector of port at El Paso, which appointment he failed to secure, he removed to this city, and only a short time ago removed back to El Paso. THE CITIZEN extends congratulations.

The Silver City Eagle, whose manager knew nothing at all about the printing business, but whose sole aim was to "rule or ruin" in the matter of attempting to secure patronage, at any price, has succumbed to the inevitable. The Deming Headlight, in its comments on

the Eagle's death, says: "On Saturday of last week the Silver City Eagle, which had been published in Silver City since the late spring of 1907, and the thing, who a few months ago succeeded in defrauding many honest citizens in Deming, and who, by his adroitness and shrewdness, persuaded A. J. Loomis to give him control of the Eagle, passed through Deming on Saturday's train seeking more laudable to share."

THE CLERKS' UNION.
A short time ago the clerks of the two Las Vegas towns met and organized themselves into a "Clerks' Union." They have just put forth the following manifesto:

First—We declare it the duty of clerks to use their influence to secure the amelioration of the clerks generally, and to accomplish this we believe a Clerks' Union should exist, whereby all clerks may be represented and matters pertaining to their conditions be discussed and improved.

Second—We especially denounce the system of slavery perpetrated upon our fellow clerks by being compelled to labor fourteen and sixteen hours daily to accomplish that which could be done in ten, and we will work unceasingly until this inhuman and unnecessary evil is remedied. To educate the masses, to "daylight" purchasing shall be our chief aim.

Third—To endeavor to the best of our ability to disseminate useful information by means of lectures, pamphlets and industrial literature to our co-workers, and to develop the intelligence which exists among our people.

Fourth—While we are opposed to entering any political party as such, we declare it to be our duty to use our influence with the law-making power to secure the enactment of laws beneficial to our interests.

Fifth—To endeavor to secure and retain employment for our members and to protect them from oppression, and to place ourselves on a foundation sufficiently strong to resist any further encroachments on our rights.

Sixth—We denounce the degradation of Sunday by unscrupulous employers compelling clerks to forfeit their freedom by working on that day, and we declare that this abuse shall be abolished, and since laws of this nature exist in this territory, we pledge ourselves to do all in our power to have them enforced.

Seventh—We pledge ourselves to assist all employees to the extent of our ability who recognize the justice of our cause.

The Rio Grande Republican, commenting on the commencement exercises of the Agricultural college and the address of Prof. C. L. Herrick, of this city, says: "His subject, 'Originality and Independence,' proved of great interest, and showed careful and close study of the subject. The elaborate and beautiful language of the learned professor resulted in an address that would have been appreciated anywhere. A hearty ovation and the college yell were given him at the close."

This is Decoration day and the people of Albuquerque are appropriately observing the event. The grand flag raising at the railway shops was a most complete success, while the memorial exercises at the city park, under the auspices of the G. K. Warren post, No. 5, and the Woman's Relief Corps, were also appropriate. The graves of the old soldiers were remembered with flowers, and the graves of confederates were not forgotten in the distribution of these signs of remembrance.

Requisition Papers Issued.
On Tuesday Governor Otero issued requisition papers on Governor Adams, of Colorado, for one Noe Gallagor, who is wanted in Rio Arriba county for an assault with deadly intent on Maria Jesus Oguin committed last September.

Sheriff Perfecto Eguibail, as agent, went to Pueblo on Thursday, where Gallagor was supposed to be, to bring him back to New Mexico, but last evening it was reported that the man was not in Pueblo, and that his whereabouts are unknown.

Jury Trials.
The outcome of murder trials at present evinces clearly enough the unwillingness of petit juries to find criminals indicted by a grand jury, guilty of the worst offense against the law and society, namely, premeditated murder, and the reluctance of judges to pronounce its extreme penalty. But there is no escaping the penalties which nature exacts for disregard of her laws. Hypochondria, born of imprudence in eating and drinking; rheumatism, caused by needless exposure to inclement weather; dangerous organic troubles resulting from unchecked inactivity of the kidneys; and all-called minor ailments are curable with Hostetter's Stomach Bitters, a complete preventive of malarial ailments.

For Over Fifty Years.
AN OLD AND WELL-TRIED REMEDY.
Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children's little teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Try Schilling's Best tea and baking powder.
WHEN NATURE.
Needs assistance it may be best to render it promptly, but one should remember to use the most perfect remedy only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Company.

Excursions to the Pacific Coast This summer.
The Santa Fe will sell cheap excursion tickets to Los Angeles, San Diego, Redondo Beach or Santa Monica during June, July and August. The summer of the seaside is not only cool and delightful, but it is a most beneficial change from the high altitudes of New Mexico and Arizona.

There is no finer summer resort in the world than Coronado Beach, and in the summer one can stop at this beautiful place at no greater expense than at ordinary places, and at less than half what it costs at Atlantic coast resorts.

The newest addition to ladies' wear is the red, white and blue, Dewey waists, made of fine Japanese silk, to be had only at the Golden Rule Dry Goods company.

T. K. Culley, a brother of G. C. R. Culley, came in from Las Vegas Friday night, and will remain for some time in the metropolis.

A complete line of kodaks, cameras, dry plates, films, printing paper and other photo supplies at Brockmeier's.

Men's dress suits, black worsted or cheviot, all styles \$12.00 and \$13.50. E. L. Washburn & Co.

Fresh vegetables, fruits in season, poultry and staple groceries, at Bell & Co.'s, Second street.

WAS TIRED OF LIVING.

Thomas Roger Hanged Himself to a Tree Tuesday Night.

A RESIDENT OF EDDY FOR SEVERAL YEARS.

Wednesday, about 10 o'clock it was reported on the streets of Eddy, that there was a man hanging in the trees in the north part of town, and a little later it was announced that the man was Thomas Roger, says the Argus.

A crowd quickly collected and hastened in the direction of the announced hanging and found the report to be true. A man was suspended in a tree in front of the vacant lots on north Halseguen street. It was evident that it was a case of suicide and that the act had been committed deliberately. Indications went to show that Roger climbed the tree, hung his head on a branch, adjusted the rope—a very short piece—about his neck, and jumped off. His neck was broken. His face was badly scratched, evidently done in his death throes.

The body was first discovered by a little colored boy, who gave the alarm. Sheriff Stewart cut the body down, and it was removed to the court house, where an inquest was held. The body was quite stiff, indicating that it had been hanging for quite a time, and the general belief is that the deed was committed early Tuesday evening, as that was the last time anyone saw Roger.

The deceased had been a resident of Eddy for several years, coming here from Canada. He was about 30 years of age and a stone cutter by trade. He was quiet and unassuming. He is a brother of Alexander Roger, of the firm of McLean & Roger, painters and decorators. The latter left two weeks ago for the western part of the territory, and has not yet learned of his brother's death.

The coroner's jury which examined the body and passed upon the facts were C. H. McLennan, W. H. Angel, W. E. McLendon, Frank Jones, John Emerson and W. B. Anderson.

There was no apparent cause for the act other than that stated in the note found on the body that he was tired of living. He had been drinking heavily the previous few days, which may have prompted the deed. The note found read as follows:

EDDY, N. M., May 24, 1908.
Dear Bro. Alex.—I bid you good bye. I am tired of living, and trust you will forgive me for this rash act, for you have been a good brother to me, and I ask your dear wife, Grace, to forgive me. She is a good woman.

To all whom it may concern: You will find my certificate in my pocket. THOMAS ROGER.
I O. O. F.—P. S.: And all I ask of you, dear brothers, is to give me a decent burial, and if I have done any brother a wrong, I am sorry for it. So good bye.

THOMAS ROGER.
The last postscript is explained by the fact that he was an Odd Fellow. He never united with the local lodge, but was found to be in good standing with the lodge at his old home.

The body was taken in charge by the Eddy Odd Fellows, who conducted the funeral services from the Presbyterian church and made the interment in the city cemetery, Wednesday afternoon.

Buckley's Arnica Salve.

The best salve in the world for Cuts, Burns, Sores, Ulcers, Salt Rheum, Fever, Tetters, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. H. O'Reilly & Co., Druggists.

THE INJUNCTION KNOCKED.

The Court Sustains Motion to Dismiss Temporary Injunction.

After an exhaustive argument of a day and a half of the matter of the temporary injunction granted by Judge McFie some two weeks ago on the application of Abraham Staab, restraining the board of penitentiary commissioners from receiving and certain successful bidders from delivering goods under bids awarded them on May 2, last, Judge McFie this afternoon dissolved the injunction, adjudging costs to the petitioner. The arguments were quite lengthy and learned, Messrs. Lafayette Krummet, C. A. Spies and C. F. Kewley appearing for the board, E. A. Fiske, Esq., for Arthur Seligman and the Santa Fe Mercantile company, and Hon. T. B. Catron and R. C. Gortner, Esq., for Abraham Staab.

The contention, upon which the prayer and arguments for the injunction were based, was that under the law the awards should have been let to the lowest bidder, that the law was mandatory and allowed the board no discretion, but that the lowest bid had to be accepted, regardless of quality, etc. The attorneys for the defendants held that the board has discretionary power and could act as it saw fit and in manner that was determined to subserve the best interests of the taxpayers and of the territory, and that a responsible bid meant the bid that was the best and most economical for the territory, all things, prices, quality, quantity etc., considered.

It was said in the arguments of defendants' attorneys, that the petitioner himself had been awarded several articles at that bidding, although not the lowest bidder, because the board considered his bid the best and most responsible.

Judge McFie, after the close of the argument, dissolved the temporary injunction and ordered the proceedings dismissed.—New Mexican.

Malt-Nutrine
makes strong the weak and the strong stronger; the purest nutriment of malt and yeast. Malt-Nutrine is prepared by famous Anheuser-Busch Brewing Association, which fact guarantees the purity, excellence and merit claimed for it.

Reduced Rates to Santa Fe.
On account of Decoration day and "Dewey Day," June 1, tickets will be sold to Santa Fe and return for \$4.50. Dates of sale May 29 and 31. Tickets will be limited to two days from dates of sale.
W. B. TRULL, Agent.

has been forwarded to Akron, Ohio, as the returned letters indicate. "The company has left Akron for parts unknown." It don't pay to be too generous to these foreign concerns. Very few of them are worthy of any attention, and it is estimated that the legitimate newspapers of the country throw into the waste basket hundreds of pounds of printed circulars from these sordid eastern advertisers, with their glittering propositions, every year.

Discovered by a Woman.
Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its never-resting but, her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." This writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. H. O'Reilly & Co.'s drug store. Regular size 50 cents and \$1. Every bottle guaranteed.

ADDITIONAL LOCAL NOTES.

Bits of Small Paragraphs Gathered About the City.

Eugene Van Patten, a well known citizen of Las Cruces, passed through here Saturday night, going to Santa Fe on a business trip.

W. W. Shearer, Jr., who has been sojourning in Phoenix the past winter, is in town for a few weeks' stay before proceeding to his home in Chicago.

General Freight Agent Ed U. Chambers, of the Santa Fe Pacific, at Los Angeles, passed through here to his home Saturday night on a visit in the east.

W. C. Denison, who, until recently, held the position here of assistant livestock agent for the Santa Fe railway, has departed on an eastern trip Saturday night.

Rev. T. C. Beattie, who has been enjoying a pleasant stay at Winona Lake, Ind., returned here Saturday night and preached at the Presbyterian church last evening.

The faculty of the University of New Mexico are issuing invitations to a reception to be held at the home of Prof. and Mrs. C. L. Herrick on Tuesday evening, June 7th.

James Carlisle, who was formerly a contractor on the Santa Fe, but has been living lately at Alamosa, Colo., went south Saturday intending to take a run over the Mexican Central.

Frank Whitten, son of Mr. and Mrs. T. A. Whitten, has returned home from the naval academy at Annapolis to enjoy a vacation of three months with his relatives and friends here. He matriculated without any trouble and is now a full fledged cadet.

J. P. MacFadyen, who is known to the traveling public as one who operated the Hotel Mac at Cerrillos, has taken possession of the Midland restaurant, recently vacated by Mrs. Hopkins. The new landlord and his wife are experienced hotel people and they will doubtless make a success of the enterprise.

General Counsel Victor Morawetz, of the Santa Fe system, and a party of four friends, occupied President Hixley's private car, which came in from the north on Saturday night. The party is bound for Flagstaff, from whence they will take the stage and visit the Grand Canyon of the Colorado, sixty-five miles north of Flagstaff.

A party of university teachers and students camped out at Bear Canyon on Saturday, the outing being productive of much pleasure and enjoyment. Included in the gathering were: Prof. and Mrs. (Hansley) Messers Parsons, Taylor, Halloran, Lucy Hazeldean, Wakefield, Hunt, Saint, Turner, Holden, Alden, Bowie, Lizelle Hughes and Maude Custers. Prof. Paxton and Messrs. James and Herford Fitch, Hilper, Louis Hunning, Taylor, Vaughn, Gabel, and Hans and Louis Becker. After the day spent in mountain climbing, the merry crowd returned home tired but satisfied that the day had been profitably enjoyed.

Rev. F. H. Allen and family will leave the city this Monday evening for a three months' vacation in and about Boston. The church will be supplied by Sunday mornings till August. At the prayer meeting last Wednesday evening a resolution in part as follows, was unanimously adopted: "We desire, at this time, to express our pleasure and satisfaction with the work of our pastor during the past three years of service he has spent with us, and our confidence in and increasing esteem of him personally, and it is our hope that the relations between us, as pastor and people, may be equally cordial in the future."

M. S. Otero, the big sheep raiser, finished shearing his immense flock last week, and the output is reaching the city. Several wagon loads arrived yesterday, and a few wagons, heavily laden, came in from the mountains this morning. The wool will be stored away for the time being.

James Pitts, a general merchant and stock raiser from the Albuquerque country, said today that he had just returned with half a dozen wagons loaded with wool.

Alex. Lindsay, one of the foremen of the department of local railway shops, is still confined to his home on the Highlands, from injuries received some time ago.

J. W. Harding, the tinsmith, has removed his stock of goods from his old quarters to one of the Cray store corner, just opposite, on west Gold avenue.

Everybody buys No. 1.
