PROGRESS AND EXTENSION

Motto of Superintendent Crandall at U. S. Indian Industrial School.

A NEW GIRLS' HOME

To Cost \$25,000 to Be Built This Year—Three New Cottages Are Completed.

Superintendent Clinton J. Crandall, of the United States Indian Industrial School, is very busy these days, although the pupils at the school have a ten days' vacation. The time is being put in by them in planting three hundred young trees, shade and fruit, in various sections of the extensive grounds of the school; they are also planting the flower gardens, which are large. It keeps them quite busy, but is to them a vacation from the school room, which they more or less enjoy. The vegetable gardens will be taken in hand about the first of May and will be tilled and looked after by some of the older pupils.

The lawns in front of the officers' quarters and cottages are very beautiful this year as so far there has been an abundance of water, which, it is believed, will keep up during the year. Three new cottages for quarters for employees were built during the fall and winter and are now about ready for occupancy. The labor was done by Indian boys under the control and supervision of skilled mechanics.

Superintendent Crandall is expecting that the plans for the new girls' home will arrive from Washington shortly. These plans are about perfected and, as soon as this is done, bids for construction of the new building will be called for.

This new building will be modeled after the Chemawa girls' home at Chemawa near Salem, Oregon. The design is beautiful and all modern improvements will be had in the building. The appropriation made by the Fifty-eighth Congress for this purpose is \$25,000. The building is intended to comfortably provide quarters for 150 Indian girls. The complement of buildings at the school is nearly completed and all that is needed to make it so is a building containing a large dining hall as well as a new science hall, the dining hall to be on the ground floor and the upper story to be used for a science hall.

An appropriation for this building Superintendent Crandall expects to secure during the first session of the Fifty-ninth Congress through the efforts of Delegate W. H. Andrews, who has promised to make it his particular business to secure the needed appropriation for this purpose for the school here.

PETITION FOR RECEIVERSHIP.

Policy Holders in the Equitable Life Claim That Officials Are Dissipating Their Interests.

Chicago, April 21.—A bill for the appointment of a receiver for the Equitable Life Assurance Society of the United States and seeking an accounting was filed in the United States circuit court here today by Attorney D. J. Schuyler. The petition is filed in the name of Abraham Sitron and others, policy holders in the society. Sitron says he holds a \$2,000 policy in the society and that his interests are being dissipated by the officers and directors of the society. He names President J. W. Alexander and Vice President James H. Hyde.

ON HIS WAY TO THE HAWAIIAN ISLANDS.

Special to the New Mexican. Las Cruces, April 21.—Hon. Walter Evans is in this city on a short visit. Mr. Evans is one of the division chiefs of the U. S. Department of Agriculture and is on his way to the Island of Hawaii, where he goes to make investigations into the agricultural conditions there. He will sail from San Francisco on May 3rd.

THE SANTA FE LETS IMPROVEMENT CONTRACTS.

Topeka, Kas., April 21.—The Santa Fe Railway has let the following contracts for road improvements: for reduction of grade between Florence and Winfield, Kas.; for grade reduction from Arkansas City, Kansas, to Newkirk, Oklahoma; for double track between Olivet and Melvern, Kansas; and for double track between Hillsdale and Linn in New Mexico.

MUDGE RESIGNS FROM SANTA FE RAILWAY.

Topeka, Kas., April 21.—H. U. Mudge, general manager of the Santa Fe, has resigned that position to become second vice president of the Rock Island system. Mr. Mudge said tonight that he expected that J. E. Hurley, now general superintendent of the eastern grand division, would be named as his successor on the Santa Fe.

NEW MEXICO BUILDINGS.

DONA ANA COUNTY COURT HOUSE, AT LAS CRUCES.

FLEEED BY LAWSON.

New York Man Claims to Have Been Swindled in New Mexico Mine Deals.

Boston, Mass., April 21.—H. B. Runkle, of New York, today brought a bill in equity in the superior court against A. C. Burrage, C. D. Gurrage and Thomas W. Lawson, all of this city, in which he seeks an accounting for \$486,125, which he alleges was contributed by various persons towards a fund for a syndicate formed by Lawson to acquire Arizona and New Mexico mining properties.

Runkle asserts that he subscribed through C. H. Dickey, who withheld information as to the description and location of the mines but who declared that the enterprise was to be managed by A. C. Burrage the other defendants also being named.

The properties organized by the defendants or by those who were associated with them, were the Anang Copper Company, Oxide Copper Company, Table Mountain Copper Company and the Arimex Consolidated Copper Company.

MRS. DONALD McLEAN.

Is Elected to High Office of the Daughters of the American Revolution.

Washington, April 21.—Mrs. Donald McLean, regent of the New York City Chapter, Daughters of the American Revolution, was elected president general of the national society, D. A. R. today, receiving 362 votes to Mrs. Sternberg's 322. On the first ballot Mrs. McLean received 342 votes of a total of 717 cast, leaving her just 12 votes short of an election. Mrs. George Sternberg, District of Columbia, received 201 votes and Mrs. Charles Warren Lippitt, of Rhode Island, 164 votes. Mrs. Lippitt withdrew from the contest and another ballot was ordered. Early in the progress of the second ballot it became evident that Mrs. McLean would receive at least part of the vote cast on the first ballot for Mrs. Lippitt and her election therefore was practically assured. Reports of the work accomplished during the past year in various states were made by the state regents.

BIG FIRE IN BROOKLYN.

One Fireman Dead, Six Persons Hurt and the Flames Still Spreading Rapidly.

New York, April 21.—One fireman was killed, six persons were hurt and a number of buildings were destroyed in a fire that broke out at Belmont and Thattford Streets in the Brownsville district of Brooklyn today. The fire was spreading rapidly at 2 o'clock this afternoon.

PROMINENT LAWYER DIES AT GLENWOOD SPRINGS.

Glenwood Springs, Colo., April 21. Harry Hugh Lee of Denver, died here today from acute kidney trouble. Previous to the attack yesterday he was in his usual health. He was junior partner in the law firm of Thomas, (former governor) Bryant, and yee. He was also at one time connected with U. S. Senator Patterson. He was forty years of age.

GAS BUOY EXPLODES AND INJURES CREW.

Kingston, Ont., April 21.—A gas buoy in process of filling on board the government steamer, Scout, exploded, killing one and injuring four of the crew. Two of the injured will probably die as the result of their hurts.

JEFFERSON PASSED A RESTFUL NIGHT.

West Palm Beach, Fla., April 21.—Jefferson's condition today is somewhat improved as compared with yesterday. He had a good night and is resting quietly.

FRANCE MAY USE ITS WARSHIPS TO INSURE NEUTRALITY

Has Adopted All Other Available Means Towards Russia and the Only Step Left is Display and Use of Force—Rojestvensky Receives Urgent Orders.

Paris, April 21.—As the result of communications between the governments at Paris and at St. Petersburg the Russian government has forwarded urgent orders to Admiral Rojestvensky to rigorously respect neutrality in French waters. This is a precautionary measure.

In addition, special instructions have been sent to the governor general of Indo-China, M. Beau, and Foreign Minister Delcasse has instructed the French minister at Tokio to assure the Japanese minister for foreign affairs that it is France's purpose to preserve strict neutrality, these being similar to the assurances given by the Japanese minister at Paris. According to the official view the foregoing steps should exercise a distinctly calming influence upon Japan, as they show that France, directly and through Russia, has adopted all available means to insure the respect of neutrality in French waters. Officials say that the only additional measure open is to use French warships to employ force in expelling Rojestvensky's squadron. Such a course, however, is said to be almost impossible owing to the small number of French ships in Indo-China waters.

Grave Danger to Peace Entailed. Paris, April 21.—A telegram received here from St. Petersburg, and understood to be of official origin, says: "The Russian admiral has notified Admiral Rojestvensky of the grave danger to peace which will be entailed if the stay of his squadron off the coast of Anam is prolonged contrary to the law of neutrality."

No doubt is entertained that the admiral will carry out the formal instruction sent him. Feeling of Bitterness in Japan. Tokio, April 21.—The Japanese regard the Kamranh Bay incident with a growing feeling of resentment and bitterness towards France. It is popularly believed that the Russian fleet is still at Kamranh Bay and is making the freest possible use of the port. The demand for strong action on the part of Japan is daily growing louder. A former cabinet minister, in discussing the incident today, said: "We are keenly anxious to avoid involving others but we are bound to protect our rights. If France gives Russia the use of Kamranh Bay why cannot England allow us to use Hong Kong?"

The Government Responsible. Paris, April 21.—Japanese representation has had the effect of bringing the Franco-Japanese incident to the front. One paper says: "If the impending naval battle occurs in Indo-China waters and the Russian squadron seeks refuge in our ports when France may suddenly be dragged into conflict in spite of herself, that would mean war, and the government which permitted such a catastrophe would bear one of the most terrible responsibilities history has known."

Are Inside French Waters. Paris, April 21.—Dr. Montone, Japanese minister, said today that he had requested France to observe neutrality by adopting all necessary measures for preventing Admiral Rojestvensky's squadron from remaining longer in French territorial waters at Kamranh Bay. Minister Montone added that the Russian ships are quite inside French waters and not outside them.

British Cruiser Receives Orders. Hong Kong, April 21.—There is a noticeable activity among the vessels of the British China squadron. The armored cruiser Hogue has been ordered to be in readiness to proceed to sea at two hours' notice, with full steam.

Denies Purchase of Warships. St. Petersburg, March 21.—The Admiralty denies the report circulated here that Russia has bought several South American warships through Paris intermediaries.

Minister Delcasse to Resign. Paris, April 21.—A report is in circulation in the chamber of deputies that Minister Delcasse intends to resign.

American Boats Prove Satisfactory. St. Petersburg, April 21.—The American submarine boats have proved so satisfactory that the Admiralty has just signed a large order for additional boats, which will be built at Libau under the personal supervision of the inventor.

Through the Straits of Formosa. St. Petersburg, April 21.—The latest word of Admiral Rojestvensky was a dispatch from the agent of the finance ministry at Shang Hai, saying that the squadron had passed through the Straits of Formosa, but the authority given by the agent for his statement is considered doubtful. The Admiralty professes a good deal of skepticism in regard to all dispatches from the far east reporting the location of the Russian vessels, pointing out that false news is likely to be set afloat deliberately. Officials here neither affirm nor deny the report that Rojestvensky is still at Kamranh Bay.

Nothing has been heard from the fourth division of the Russian squadron, commanded by Admiral Nebogtoff. Most naval men express the opinion that Rojestvensky will not await a juncture with Nebogtoff, but will allow this weaker division to trail along behind him.

Russian Minister Dies at Peking. Peking, April 21.—Paul Lessar, Russian minister to China, whose foot was recently amputated, died last night. M. Lessar, who was councillor of the Russian embassy in London, was appointed minister to China in 1901. He distinguished himself as the negotiator of the proposed amendments to the Russo-Chinese Manchurian contract.

The state of Utah, which appropriated \$35,000 for representation at the Lewis and Clark Exposition, has begun the construction of a \$15,000 pavilion to house its exhibits. Eighteen foreign governments will participate in the Lewis and Clark Exposition.

SIXTH JUDICIAL DISTRICT.

Court Convened Monday—Grand Jury Has Already Returned Thirteen True Bills.

Special to the New Mexican. Lincoln, N. M., April 17.—District Court for Lincoln County convened at 9 o'clock last Monday morning with Associate Justice Edward A. Mann on the bench and J. F. Bonham, special district attorney, J. W. Owen, sheriff, Charles P. Downs, deputy clerk, being in attendance. After the appointment of the various court officials, the grand jury was called and immediately organized with John Cole as foreman. During the first desk the grand jury has returned thirteen "true bills" and eight "no true bills." The first bill returned was against Rosario Emillio for murder. Upon arraignment the defendant pleaded not guilty and after examination of the witnesses on the affidavit, the motion for a change of venue was overruled by Judge Mann, and the matter is now pending on a motion for continuance. Doc Pitts, colored, pleaded guilty to unlawfully carrying a deadly weapon and was given sixty days in jail and costs, while the second bill against him on a similar charge was dismissed by the district attorney. C. C. Gullett and William Smith pleaded guilty to unlawfully carrying a deadly weapon and assault with a deadly weapon, respectively, and were each fined \$50 and costs, which fines and costs were immediately paid by the defendants. The case against G. L. Bradford, for perjury, was dismissed upon payment of all costs by the defendant, which was done. Upon motion of the district attorney, sixteen cases were continued, the majority of these being against Jap Clark, who is now in Torrance County for hearing in the Chase murder matter. Five criminal actions were nolle and one abated on account of the death of the defendant, the defendant being James M. Chase, killed at Torrance on April 4. There are eleven bills against Robert Leslie, Sr., Robert Leslie, Jr., and Ellsha Leslie, eight of which were returned by the present grand jury and three reinstated upon the docket on motion of the district attorney, all for larceny and unlawfully killing neat cattle. J. E. Wharton appeared for these defendants, and upon his motion a change of venue was ordered by the court in all eleven cases to Otero County, where they are set for trial on the first Wednesday of the fall term.

The petit jury was empaneled Wednesday last, but no jury trials have been heard as yet.

On the civil docket being called, twelve cases were continued, one dismissed, one reinstated and judgment taken in five, with the testimony in one now with the court, both parties having waived a jury in open court. This matter is Miguel Maes vs. D. W. Glenn, damages. The court will doubtless decide this matter Monday morning.

The appointive officers of the court are: H. P. Flint, stenographer; Jose Gonzales, interpreter; Gregorio Wilson, Juan Brady, Andreas Lopez, Henry Peppin, balliffs; George Sena, clerk; Acasio Gallegos, interpreter to the grand jury; W. S. Brady, special jury commissioner.

The non-resident attorneys in attendance are: Solicitor General G. W. Prichard, Santa Fe; Hewitt & Hudspeth, White Oaks; M. C. Mecham, F. C. Matteson, Tucumcari; R. P. Barnes, Silver City; U. S. Bateman, Roswell; W. H. Winter, El Paso; E. E. Slidebottom, Alamogordo; Joseph Hall, Captain.

Court will probably continue in session during the next two weeks, and possibly three.

THIRTEEN PERISH IN FLAMES.

A Disastrous Fire Destroys the St. Annes Convent at St. Genevieve, Canada.

Montreal, April 21.—A disastrous fire broke out at an early hour today and reduced to ashes the convent in the little village of St. Genevieve. Sister Rageterra eight children and four old ladies lost their lives. Sister Rageterra, in her efforts to save the lives of children in her charge, succumbed to the smoke and flames. The pupils perished in a portion of the building where the fire gained a headway before an alarm was given. The fire started in the old ladies' hospice and the smoke was so thick that the children on this floor were unable to get down. The convent was called St. Annes, and was a branch of the convent of St. Annes of Lachine.

CONFESSED TO MURDER ON HIS DEATHBED.

Tacoma, Wn., April 21.—A man known as J. P. Johnson, who has just died, summoned his family and several neighbors to his bedside before his death and with great effort confessed that his name was George W. Deal and that he was a fugitive from justice, having murdered a man in Texas. Johnson said he lost his first family in the Galveston flood, and that his crime was committed after that. While trying to go into details the man died.

HE OBTAINED THE AUDIENCE

U. S. Minister Has Difficulty in Securing the Ear of the Sultan.

WARSHIPS ARE SENT

And Then the Ruler at Constantinople Suddenly Awakens to the Fact That He is Dealing With Uncle Sam.

Washington, April 21.—Some of the difficulties encountered by the American minister at Constantinople in his efforts to gain an audience with the Sultan last year to obtain a settlement of American claims are set forth in the following official paraphrase just made public at the state department today of a cablegram received from Minister Leischman: Leischman reports that in the absence of any further communication from the palace about an audience, he attended Selamalik this morning and the grand master of ceremonies informed him that on account of important visits to the harem his majesty could not receive him today. In view of the fact that the audience was demanded in the name of the President of the United States and had twice been put off, it seems to Leischman to be beneath his dignity to seek an audience again. Secretary Hay informed Leischman that the American fleet would arrive at Smyrna in a few days and if he was unable to get a satisfactory answer before it arrived he was to take indefinite leave and depart from Turkey in one of United States naval vessels. A satisfactory answer was given before the fleet arrived.

DECISION IS UPHELD.

The Supreme Court Affirms Ruling of the Missouri Body in the Pabst vs. Crenshaw Beer Case.

Washington, April 21.—The Supreme Court of the United States has affirmed the decision of the Circuit Court for the western district of Missouri in the case of Pabst vs. Crenshaw, attacking the validity of the beer inspection law of Missouri. The effect of this decision is to sustain the law so as not to be antagonistic to the commerce clause of the constitution. The opinion was rendered by Justice White. The chief justice and Justices Brewer, Brown and Day united in a dissenting opinion. In this case the Pabst Brewing Company, a Wisconsin corporation, filed a bill to enjoin State Beer Inspector Crenshaw from collecting an inspection charge imposed by the Missouri state law on malt liquors shipped from other states. The law was attacked as repugnant to the interstate provision of the national constitution.

SECRETARY HAY LEAVES GENOA.

Goes to Bad Nauheim—Is in Best of Spirits and Says the Climate of Italy is Beneficial.

Genoa, April 21.—Secretary Hay left Genoa today for Bad Nauheim, by way of Milan. The secretary is in the best of spirits, declaring that the air of Italy has been most efficacious and that he feels that he has quite recovered his health.

STRIKE CONSIDERED AT AN END.

The Disturbances in Italy Are About Over—Scheme for Arbitration to Be Adopted.

Rome, April 21.—The railroad strike may be considered to have ended. A committee of Socialist deputies has obtained from Premier Fortis a promise to study a scheme for arbitration to be adopted in case of differences between the railroad men and the government.

END MAY COME SOON.

So Says Dr. Ford When Asked About the Condition of O. H. Platt, U. S. Senator From Connecticut.

Washington, April 21.—The condition of Senator O. H. Platt, of Connecticut causes the gravest anxiety. At 11:15 Dr. Ford announced his condition as rapidly growing worse. "At the rate he is sinking now," said the physician, "the end may come in a few hours."

JUDGE'S FRIENDS TRY TO INTIMIDATE WITNESSES.

Lexington, Ky., April 21.—A sensation was created in the trial of Judge Hargis, charged with murder, when Sheriff Wilkerson reported to the court that certain friends of Hargis were endeavoring to intimidate certain of the witnesses for the state. The court commended the sheriff and warned the men against persisting in the attempt.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

BENEFICIAL WORK OF DEPARTMENT OF AGRICULTURE.

The Department of Agriculture is doing great and constant work in educating the farmers of the country and in bringing about better, more improved and more scientific methods of farming. The several agricultural experiment stations in the states and territories are of much use in this work and are extending their scope for good right along and in many directions. The New Mexico Agricultural Station and College of Mechanic Arts at Mesilla Park is no exception to this rule, but, on the contrary, is doing its share of the work and is generally disseminating much useful information among the farmers, horticulturists and stock raisers of New Mexico. The Colorado Springs Gazette takes up this matter for Colorado in a recent editorial and what that paper says therein about scientific farming and the good work of the Colorado agricultural station applies with equal force to New Mexico and its agricultural station. The Gazette says:

"The government has often been criticized for spending so much money in the publication and free distribution of reports, especially those emanating from the Department of Agriculture. Not a week passes without the issuance from the presses of the big federal printing office in Washington of perhaps a half dozen reports of various kinds, ranging in size from pamphlets of ten or twelve pages to bulky volumes bound in cloth and costing probably several dollars to produce.

"In these agriculture department reports every conceivable topic is treated; rotation of crops, use of fertilizers, destruction of insect pests, methods of feeding stock, forestation of prairie lands, etc. Of course the cost of collecting the information and distributing the printed matter is considerable, but there is no doubt that the results attained fully warrant the expense. Farmers all over the country have been taught scientific methods of agriculture; the yield of crops has been increased and thus the wealth of the country augmented.

"Perhaps the most important factor in this process of educating the farmer is the experiment stations. Eighteen years ago, when the law providing for them was passed, the total annual value of our agricultural products was \$3,000,000,000. Now it is \$5,000,000,000. No doubt there would have been a substantial increase anyway, owing to the greater acreage under cultivation, but it is plain that immense benefit has resulted from their establishment. It costs the government about \$720,000 a year for their maintenance, and it certainly is money well spent. The work of these stations is entirely removed from political control and all of them are under the direction of specialists. The Colorado experiment station at Fort Collins is a good example, and most people in this state are already familiar with what has been accomplished there in determining the food value of beet pulp for stock, improving the breed of cattle, horses, etc.

"While it is true that the value of the manufactured products of this country is steadily gaining on the agricultural products, the fact remains that the United States will continue for generations, perhaps, to be the granary of the world, and also its greatest source of meat supply. There is no more useful branch of the government than the Department of Agriculture, and the work it is doing is of prime importance to that element in our population on whom the national prosperity rests—the farmers."

Municipal ownership has not made much progress in New Mexico. Gallup this week voted down a proposition for bonds to improve the water works of the town and Socorro would like to sell its water works to any company willing to pay a fair price and promise a good service.

THE PEOPLE OF NEW MEXICO WILL WAIT AND SEE.

"The papers of this Territory should accept the meaning of the term 'single statehood' as it has been defined in Washington, and as it is generally used throughout the United States. According to this definition, single and joint statehood mean exactly the same thing. Oklahoma and Indian Territory have accepted that meaning. The other day a single statehood convention was held. This was a meeting in the interest of a single or joint state. There appears to be no linguistic reason why the terms 'single statehood' and 'separate statehood' might not convey the same idea, but since the other significance has been adopted, it will prevent confusion if New Mexico will follow suit."—Las Vegas Optic.

After all, this question will have to be submitted to the voters of New Mexico and Arizona. They will have the last say on the question. It looks at present as if the vast majority of the voters of the two territories favor separate statehood for each, nothing more and nothing less. It will be well to wait and see what the provisions of the statehood bill, which will come up in the Fifty-ninth Congress, will be and thereafter what sort of a constitution will be submitted to the people of the proposed states of New Mexico and Arizona or the joint state of Arizona. These considerations will have much effect and weight upon the action of the voters at the proper time.

Right here, it is well to remark that the people do not want dictation from the few politicians in Albuquerque who have banded themselves together under the appellation "Non-Partisan Statehood League." The people of the territories of New Mexico and Arizona do not want such leadership and will judge for themselves. No "Three Tailors of Tooley Street" business on the part of Albuquerque aspirants for fat and lucrative offices under the government of a separate state of New Mexico or joint state of Arizona will be tolerated by the masses of the voters. Stick a pin right here!

BUT ONE IRRIGATION COMMISSION.

The Albuquerque Bombastes Furioso, the Journal, has a correspondent in Santa Fe who asserts that there are two commissions of irrigation in this Territory, one of them appointed by Governor Otero and the other by Acting Governor J. W. Reynolds, and that there is much apprehension of serious trouble and strenuous difficulty on that account. This remark is simply made for the purpose of showing that the fellow does not know what he is talking about and that the Bombastes Furioso will publish any and everything that is sent it, no matter how unprejudiced and untrustworthy. The fact is that the law under which the members of the commission of irrigation were appointed by Governor Otero was repealed by Chapter 102 of the Session Laws of 1905, and that the commission under the old law is therefore defunct. Acting Governor Reynolds made the appointment of members under the new law, as it was his right and duty to do. He selected the appointees, as members of the commission as it was his prerogative and duty to do. To be sure he did not consult the Albuquerque Bombastes and in that also he was perfectly right and did the proper thing.

The construction of the Eastern Railway of New Mexico from Texico via Llanito, Willard, and Belen, to Puerto Station on the Santa Fe Pacific, will open up a very thinly settled section of the Territory to immigration and improvement. It will also enable the Santa Fe System to simplify the methods of handling its growing trade from and to the Pacific Coast as well as save time, labor and money. President Ripley of the Santa Fe estimates that the entire cost of the road and its eastern connections with the present Santa Fe System in Texas will be saved and made good in six years. This estimate is not overwrought. The towns of Texico, Torrance, Willard and especially Belen, will grow rapidly within the coming two years and will become important trade centers.

The Daughters of the American Revolution in convention assembled at Washington, D. C., take themselves very seriously. On Tuesday, the session was in a conversational uproar when Dr. Anita Magee moved that the convention should remain quiet for the space of thirty minutes and should then have two minutes for conversation. This provoked a cyclone of protest, the telegraph tells us, and the motion was voted down almost unanimously. The only comment can be: "How very like a woman!"

The pleas of the Albuquerque Journal for reform in this Territory remind one of the story told of Diogenes, the Greek philosopher. Diogenes was sunning himself in front of his tub at Corinth when he burst out laughing at the sight of one of the high officials of Corinth taking into custody a man who had stolen a loaf of bread. "Why do you laugh?" This is nothing to laugh about!" the official rebuked Diogenes, who answered: "I laughed because I saw a big thief catch a little one."

The Albuquerque Citizen essays to become the "Phunny Phellow" in New Mexico newspaper circles. The New Mexican can well afford to laugh at its antics and does at times quite heartily.

THE GRAFTER IS ALWAYS NON-PARTISAN.

Municipalities should pay for monuments that they order to adorn their parks. At Logansport, Indiana, C. D. Billman, a sculptor of more than local renown, removed from its pedestal in the city park a statue of the late President McKinley which had been erected by the city as a memorial of the man the nation so much admired. But the city was not willing to pay for its patriotism and still owes the sculptor his bill, who backed a wagon against the monument and with the aid of several laborers and block and tackle removed the statue from its pedestal and now has it in his backyard. Of course, municipalities and individuals often find it profitable to be patriotic at somebody else's expense. There are the Albuquerque joint statehood boomers, for instance, who have twice during the past four years, drawn from the territorial treasury sums amounting to over \$3,000 each time to pay for their joint statehood enthusiasm. The present Non-Partisan Joint Statehood League in the Duke City is composed mostly of individuals who look forward to another statehood jamboree to the national capital at territorial expense. Graft is always non-partisan.

LOOKING AT IT THE RIGHT WAY.

Concerning the Albuquerque Non-Partisan Joint Statehood League the Las Vegas Optic very sensibly and timely remarks:

"The Albuquerque Non-Partisan Joint Statehood League isn't cutting a great and expanding figure in the public eye as its promoters fondly hoped. The movement has not spread to any other town and there is disagreement even among the Albuquerque membership. Hon. Solomon Luna has declined to serve on the ground that the time for the agitation of the question has not arrived. We do not agree with Mr. Luna on that point. One cannot begin the statehood agitation too soon, or keep it up too vigorously, but we happen to know that Mr. Luna's main objection to the league coincides with our own. He believes in making another hard fight for separate statehood before pushing a joint statehood."

The deliberations of the Anti-Tuberculosis League at Atlanta, Georgia, have resulted in the important although scarcely new announcement that the chief cause of the large mortality from consumption is, its late diagnosis by physicians and the carelessness of patients who do not take their illness seriously until they stand within the shadow of death. Of the many cases coming to New Mexico for cure more than one-half ought to be stamped "too late!" All cases will derive some benefit from change of climate and few are the cases in which New Mexico climate and sunshine together with right living will not prolong life but those that are absolutely curable are generally only those cases that come here in their incipency. It is a lesson that should be taught in the public schools everywhere for it would save many valuable lives.

General Charles H. Grosvenor, member of Congress from Ohio, has met his Waterloo. The famous old fighter succeeded in securing only two out of thirty-five committeemen in his own county at an election last week and the conclusion is drawn that the Fifty-ninth Congress will be the last in which he will figure and that a younger man will be sent to succeed him. That is a sort of retribution because General Grosvenor vehemently opposed separate statehood for New Mexico and denied that the 250,000 people of this Territory were entitled to send a full fledged Congressman to represent them at Washington.

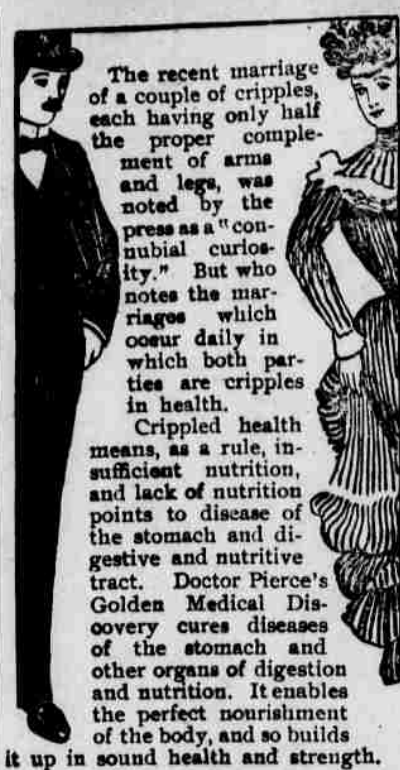

The old saying that no man can add to his stature by his own effort will have to be revised. Luther Welsh of Kansas City in January of this year, took the preliminary examination to enter the naval academy at Annapolis. He was rejected because he lacked the requisite height. Welsh was undismayed and started upon a course of physical training which has added two inches to his height and has made him eligible to the cadetship he sought.

Missouri's compulsory school law will go into effect on June 16. New Mexico has had a compulsory school law upon its statutes for some years but the trouble is not so much to get the children to go to school as to secure the funds to have the schools open ten months of the year.

The New Mexican Printing Company is the agent of the Remington Typewriter Company and is ready to fill orders for Remington machines, the best in the market, promptly and satisfactorily.

Justice of the Peace Dockets for sale by the New Mexican Printing Company.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1904.
A. W. GLEASON,
Notary Public.
Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.
F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists.
Take Hall's Family Pills for constipation.

The recent marriage of a couple of cripples, each having only half the proper complement of arms and legs, was noted by the press as a "curious curiosity." But who notes the marriages which occur daily in which both parties are cripples in health.

Crippled health means, as a rule, insufficient nutrition, and lack of nutrition points to disease of the stomach and digestive and nutritive tract. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nourishment of the body, and so builds up sound health and strength.

GIVES HEALTH, VIGOR AND TONE.

Herbina is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

THE BEST COUGH SYRUP.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co. pany.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. He was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for the grippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and \$1.00 at Fischer Drug Co.

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by all druggists.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$15 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grain, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elmoretown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Gold Mines of the Eaton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the season that farming or prospecting can not be successfully done.

MINES AND MINING.

Grant County.

Ground for a new timber framing shop has been broken in Hanover Gulch by the Nevada Mining Company. The building will be 30 by 50 feet. The machinery for the shop has been ordered in the east.

At Santa Rita, C. P. Crawford has torn down his old assay office and will erect a new building with a concentrator and will install therein a concentrating plant to treat several hundred tons of low grade ore, the result of last year's work in Chino Canon.

The Silver City Independent tells of renewed interest in the development of the mineral resources in Grant County. It says:

"A number of well known mining properties in the nearby mining camps have been examined this week by different mining men, with a view of purchase. At least two sales have been made, the details of which are not yet ready for publication. Other properties will likely change owners within a short time, as favorable reports have been made of same. B. Sadler, representing the Lanyon Zinc Company, of Iowa, Kansas which is one of the large companies of this country left on last evening's train for Denver, which city he makes his headquarters, after having thoroughly examined one of the best mines near the city. Before leaving, he made a preliminary agreement with the owners, and there is every reason to believe that the company will act favorably upon the action of its agent, and the property examined will soon be in active operation under the management of the Lanyon Zinc Company. If this deal is consummated, work will begin within sixty days, and its operation by this company will mean much for this section in a mining way. Mr. Sadler is a competent mining man and he stated that he was well pleased with the mineral showing in this section and is anxious to have his company place considerable capital here. More extended mention will be made of the negotiations pending when same are ready for the public."

The Comanche Mining Company will make extensive improvements to its smelter at Silver City this summer. When the plant was started a few months ago, it was thought that the present capacity of 150 tons per day would be sufficient for some time to come but ore has been coming in from surrounding camps in such quantity that the capacity must be increased to handle it. A new 250 ton furnace has been ordered and a new 200 horse power engine will be installed. A steel building will be erected to cover the furnace plant. The company employs 50 men at Pinos Altos on its mine and has let a contract to drive the tunnel on the Ohio mine an additional 150 feet. Large bodies of ore have been opened up on these properties, some of which is high grade, but it is the low grade ore especially that the smelter will handle and for its transportation a railroad is being built to Pinos Altos. On the Comanche group in the Burros, work is being prosecuted with equal vigor. Two new shafts are being sunk to a depth of 500 feet on the Klondyke and Boone mine. Twenty men are employed on this work. The Silver City plant employs 125 men.

The Mineral Market. The Engineering and Mining Journal reviews the condition of the mineral market as follows:

The metal markets are steady as a rule, but generally rather quiet. In copper, domestic business is very quiet, but exports continue large. The possibilities of peace in the east and a smaller demand for copper for war material, do not seem to be considered at all. Tin is selling only for immediate necessities. Lead is firm and in good consumptive demand. Spelter is rather stronger, being called for by consumers.

Silver remains dull and low in price, under the influence of light buying for India. At the close, prices improved.

The iron markets are showing rather a lull in buying. Mills and furnaces, however, are all busy on orders. In fact, most of them are well sold up for the second and third quarters of the year. A new development is the appearance of inquiries for material for electric railroads. Apparently a number of new enterprises of this class are developing, and will be in the field for rails and other steel before long. Structural requirements are also increasing.

In the west preparations are being made for the opening of the Lake trade; otherwise the coal markets are rather dull. On the Atlantic seaboard both the bituminous and the anthracite markets are without incident.

NEW MEXICAN BARGAINS.

The New Mexican Printing Company

IS THE PLACE FOR

Mercantile Stationery

—MANUFACTURER OF—

Blank Books and Ledgers.

Sole Makers for New Mexico of the Celebrated Frey Patent FLAT : OPENING : BLANK : BOOK.

THE New Mexican Printing Company has the best bookbinding in the Southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home-manufacturing institution.

The Job Department of this Company is the most completely furnished in the Southwest carrying all the latest faces of type. Any job, from a business card to a thousand-page book, can be turned out with equal first-class workmanship. This department can not but meet the demands of the most fastidious, and should receive the support of every businessman in New Mexico. The privilege of a bid is earnestly solicited.

THE WABASH IN THE LEAD.

Joint Agent Norton, who represented twenty St. Louis terminal lines during the World's Fair, has made a statement of the number of tickets passing through the validating office, which shows one-fifth of the total number handled were Wabash tickets.

Advertise, it pays.

THE WABASH IMPROVING.

In line with its policy of improvement in passenger service, the Wabash line has uniformed its Cafe Car Waiters on the "Banner Blue Limited" between St. Louis and Chicago, with white Tuxedo coats and low cut black vests. The new uniform is very striking and attractive.

PERSONAL MENTION

F. M. Ross, wagon salesman from Denver, was in the city this morning.

Mrs. J. Amado Lucero, of Espanola, is visiting her mother, Mrs. Rafael Lopez, in this city.

William A. Bayer, private secretary to Delegate to Congress William H. Andrews is in Albuquerque.

W. S. Stern, representing a wholesale shoe house of Chicago, called today on his trade in Santa Fe.

A. Maloney, of Alamosa, was in the city today on business. He says that crops in that section are flourishing.

A. Traister is in the Capital City from Des Moines, Iowa, and expects to remain some time for the benefit of his health.

W. A. Steel, of Chicago, was in the Capital City this morning looking after the business interests of a patent medicine firm.

Mrs. W. A. Bell left the city this afternoon, via the Santa Fe, for a visit with relatives and friends in Springfield, Missouri.

J. A. McMahan, trainmaster of the Santa Fe, with headquarters at Las Vegas, was in the Capital City today on business for the road.

L. R. Allen, formerly owner and part owner of the Las Vegas Optic, who will soon become a citizen of Bisbee, Arizona, spent the day in the city on business.

Ben M. Wood, of Mound City, Illinois, who has come to the west in search of a better climate, is looking into the benefits to be derived by a stay in Santa Fe.

W. A. Barney, of the law firm of Catron & Gortner, left Santa Fe today, via the Santa Fe, for Mankato, Minnesota, called there by the serious illness of his father.

Alfred Grimshaw, Globe Express messenger of Denver, is in the Capital City, the guest of his father, S. R. Grimshaw, general manager of the Santa Fe Central.

J. O. Fulham, formerly of this city but now a special agent of the Santa Fe Secret Service in Denver, was in the Capital City today on business connected with his department.

O. A. Budd, formerly with the Dunlavy Mercantile Company at Estancia, has gone to Ft. Smith, Arkansas, via the Santa Fe, to take a position in the auditor's office of the Texas Midland Railway.

Z. T. Winters, formerly manager of the W. A. McKenzie hardware company, left the city this morning for Monte Vista, Colorado, where he will visit relatives for a week or ten days before leaving for California.

Vernon Hurdon, of Duluth, Minnesota, who spent several months at Summit last season and who has been in California for some time, will return to the Tent City on May 10th. He has engaged a cottage for that date and will remain during the summer.

W. C. Hawkins, former editor and manager of the Portales Times and who is still part proprietor of the paper, is now in Texmo, Oklahoma, where he is a U. S. court commissioner and also manages a weekly paper. Mrs. Hawkins has joined him at their new home in prosperous Oklahoma.

Julian A. Martinez, who, with his family, has been a resident of Santa Fe during the winter, left this morning for Arroyo Hondo, Taos County, where he will remain for the summer looking after the extensive farm and stock interests he owns there. His family will remain here, occupying the cottage owned by him on Chapelle Street.

Hon. Malaquias Martinez, of Taos, who has been in the city for several days as a witness in a case pending in the First Judicial District Court, involving certain water and ditch rights on the Truchas River near Velarde, went north this morning via the Denver & Rio Grande Railroad. He will remain at Velarde for a few days until after Judge McFie has made an investigation of the ditch system there preparatory to rendering an opinion in the case.

NEW MEXICO CATTLE TO GO TO CALIFORNIA.

W. H. Greer has just completed a trip through the southern part of the Territory, where he visited Eagle, Hachita, Deming, and Silver City and made arrangements for the shipment of 12,000 head of cattle to Bakersfield, California. The cattle will be shipped within the next ten days and will be the largest shipment made in one bunch from this Territory in many months. Mr. Greer reports that that section of the Territory gives promise of great prosperity this year and the business men, stockmen and ranchers are feeling jubilant over the outlook.

Trade with advertisers—they are progressive.

ALBUQUERQUE POSTOFFICE WILL BE MOVED.

H. B. Hull, assistant superintendent of the salary and allowance division of the postoffice department, of Washington, was in Albuquerque yesterday to look up a suitable location for the postoffice of that city, it having outgrown its present quarters. Mr. Hull received the bids for the new locations and forwarded the same to the Department at Washington, and it is thought that the matter will be settled by the first of May. The Postoffice will remain where it is until August and will then be moved to the new location. Mr. Hull stated that he was pretty certain that the Duke City would some time get a Federal postoffice building, but that he did not know how soon. It is understood that three bids were presented for the new location, one of which includes the erection of a new building.

DISCHARGED NAVY MAN SENTENCED TO JAIL.

John Huffman was arrested at Albuquerque Thursday on a charge of vagrancy and was sentenced to thirty days in the county jail. He had in his pocket a discharge from the United States navy, across the face of which was written in red ink "discharged from the service of the United States navy as an undesirable person."

CLAIMS HE IS MAN WHO SHOT JAP CLARK.

Charles Gilbert was released from the Roswell jail Wednesday by order of the court, habeas corpus proceedings having been instituted. Gilbert had been arrested on a telegram from Torrance, charging him with horse stealing. He stated to the Roswell officers that he was the man who shot and wounded Jap Clark at Torrance.

NEW MEXICO SANDS MAY HAVE PLATINUM.

The United States Geological Survey has taken steps to have the black sands of the western states examined for platinum and other rare metals. Fayette Jones, a well known mining engineer of Albuquerque, has been put in charge of the investigations in New Mexico, and everything possible will be done to ascertain whether the black sands of New Mexico contain any of these substances. Indications are that these sands contain platinum, topaz, garnet, magnetite and several other valuable and rare metals.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

H. S. DU VAL, C. E.

Bonded Civil Engineer.
Ex-President S. Society of Civil Engineers.
Ten Years State Engineer of Florida Over Railroad Construction.

Hon. H. C. Crawford, Sec. State to Ex-Mayor I. Sparks, of Santa Fe: It has been my pleasure to know Capt. H. S. DuVal for more than 20 years as a man of unblemished character, standing at the head of his profession in this state as a civil engineer.

Mr. DuVal is prepared to install city water and sewer works. Surveying, irrigation and the location of homesteads.

FACTS VS. CLAIMS.

Some places claim the top notch, but it is a fact that the Bon Ton puts up the very best meals in the city, regardless of price, and you can at all times get any and everything the market affords. Try the Bon Ton for short orders and regular meals.

IRELAND'S PHARMACY

MINOR CITY TOPICS

Today being Good Friday, there are no market reports except those on cattle.

Fresh Kansas City beef received at Bischoff & Ortiz, Beef, roast and loins at 12-1-2 cents tomorrow.

J. Duran today received a handsome new Bain wagon from the company's agent in this city, W. H. Goebel.

The Guild of the Church of the Holy Faith will meet Saturday afternoon at 2 o'clock to decorate the church.

The singing and war whoops given last night on Johnson Street would make a Comanche Indian envious.

E. Sheridan, of New York City, has asked for accommodations at Sunmount Tent City for the coming summer.

Bartlett Park has been graded, cleaned up and fenced and is now ready for the shrubbery, which will be put in soon.

The light team which has been used to the city garbage wagon is to be replaced by a better and larger one in the near future.

Mayor A. R. Gibson and family are moving to their summer cottage at Sunmount Tent City, where they will stay during the summer.

The regular weekly meeting of Santa Fe lodge No. 2, I. O. O. F., will be held this evening at Odd Fellows Hall on San Francisco Street at 7:30 o'clock.

It is reported that a sixteen foot vein of lead and copper ore has been struck in the Santa Fe Mountains about six miles from the city. The ore assayed \$22 to the ton.

A quit claim deed has been filed for record in the office of the probate clerk and recorder of Santa Fe County, for city property in ward 4, precinct No. 18, Santa Fe, to W. N. Townsend.

The following warranty deed has been filed in the office of the probate clerk for record, Teodoro Ortega and Christian Needle and wife to Henry Pollman, property in precinct No. 2, Tesuque, \$1.

Agent H. S. Lutz, of the Santa Fe today received a communication to send 45 more men to work on the construction at Trinidad. He has already sent 40 men from this city and the company is calling for more.

The Board of Education yesterday sold to J. A. Martinez the property on Grant Avenue where he is now living, for \$1,500 cash. This house is just south of the one occupied by District Court Clerk A. M. Bergere and family.

The Board of Education has sold a piece of its property for cash and now is the time for it to commence the repair of the decrepid board sidewalks around its holdings in the Fort Marcy Addition on Lower Palace and Grant Avenues.

For twelve years osteopathy, skillfully applied, has been transforming broken down nerves and mental wrecks into sound, healthy and vigorous types of manhood and womanhood. Dr. Wheelon, the osteopath, 103 Palace Avenue.

The Sellman Brothers' Company has a change of ad on the fourth page of the New Mexican, extending to its friends an Easter greeting, and calling attention to the beautiful assortment of spring and summer goods which is shown in the store.

Police Magistrate Jose M. Garcia wishes it to be announced that he intends to inaugurate a crusade against the houses of ill-fame in Santa Fe, and especially will he take up the matter of young boys, minors, being allowed to enter and frequent such places.

The breakwater is now completed to the College Street bridge, and it is safe to say that no water coming down the river can injure any of the property protected by the construction. It is solid and well made and will answer the purpose for which it was built for many years.

The Board of Education should take immediate steps to have walks put down along the west side of Lincoln Avenue. This street is used by the school children and by all who have business at the federal building, and it is a disgrace that there are no walks upon it.

The teachers of the public school will hold their regular monthly meeting in the office of Professor J. A. Wood at 10 o'clock tomorrow morning. This will be an important meeting and the plans for the last days of

HANDS CRACKED AND PEELED

Suffered for One Year — Water Caused Agony, Heat Intense Pain — Grew Worse Under Doctors — Could Not Do Any Housework.

ANOTHER WONDERFUL CURE BY CUTICURA

"About a year ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water, I was in agony for hours; and if I tried to cook over the stove, the heat caused intense pain. I consulted a doctor, but his prescriptions were utterly useless. I gave him up and tried another, but without the least satisfaction. About six weeks ago I got my first relief when I purchased Cuticura Soap and Ointment. After using them for a week, I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and to-day my hands are entirely well, the one cake of Cuticura Soap and one box of Cuticura Ointment being all that I used. (signed) Mrs. Minnie Drew, 18 Dana St., Roxbury Mass."

ONE NIGHT TREATMENT For Sore Hands and Feet with Cuticura

Soak the hands or feet on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the great skin cure. Wear on the hands during the night old, loose gloves, or bandage the feet lightly in old, soft cotton or linen.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Foster Drug & Chem. Corp., Sole Props., Boston, Mass. Send for "How to Cure Itching, Scaly Humors."

school will be discussed, examinations arranged, and exercises planned.

News from Washington, D. C., is to the effect that the wife of Brigadier General William B. Rochester, U. S. A., retired, died in that city a few days ago. Mrs. Rochester was for several years a resident of Santa Fe, where her husband was regimental officer stationed at Fort Marcy. This was in the early seventies.

There are still too many dogs running around on the streets on which there has been no tax paid. The city authorities are prepared to rigidly enforce the ordinance requiring all owners of dogs to procure a license and tag, and if the order is not complied with, the canines without tags will be shot, irrespective of ownership.

Several complaints have been made to the city authorities about a number of young boys disturbing the residents on lower San Francisco Street at night. They are destroying property and making a great deal of annoying noise. The names of these boys are known and if the practice is not stopped at once, arrests will more than likely be made.

In the ditch case entitled la Acequia de los Garcias, et al., versus la Acequia del Medio, in precinct No. 25, Rio Arriba County, argued before Judge John R. McFie in chambers yesterday, both sides agreed to submit the controversy to Judge McFie's decision upon his viewing the premises. For the sake of harmony Judge McFie agreed to visit and examine the place in order to personally inform himself of the facts in the case. He expects to go to the ditch in question early next week and will be accompanied by Attorneys C. C. Catron, for the plaintiffs and Benjamin M. Read for the defendants.

In order to lay the dust and give the flowers and the trees a fresh impetus so as to be ready for Easter, the Weather Bureau has ordered a few showers for tonight and Saturday with cloudy weather for the same period. Eastern Colorado will be warmer and have fair weather, while western Colorado will be warmer but will have cloudy skies, accompanied by local rains. The maximum temperature in Santa Fe yesterday was 54 at 4:15 in the afternoon; the minimum was 33 at 5 o'clock in the morning, and the mean was 44. The relative humidity was 34 per cent. At 6

o'clock this morning the temperature recorded at the local office was 30 degrees.

The Daily Advertiser of Trinidad, Colo., has the following in its issue of yesterday: "W. H. Dearstyn, representing the Peters Paper Company, arrived in town yesterday from a trip through New Mexico along the Santa Fe. Mr. Dearstyn says the prospects for New Mexico are brighter this year than at any time in the history of the Territory, owing to the heavy fall of snow in the mountains and the continued rains in the valleys. He also stated that owing to washouts and wrecks the Santa Fe time card was only good for giving information regarding the distances between stations, he arriving here on a train which was nearly two hours late."

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Cloudy tonight and Saturday, probably with local rain; warmer weather.

For Colorado: Fair and warmer tonight and Saturday in east portion; West portion partly cloudy tonight and Saturday with local rain and warmer.

Yesterday the thermometer registered as follows: Maximum temperature, 54 degrees, at 4:15 p. m.; minimum, 33 degrees, at midnight of 19-20. The mean temperature for the 24 hours was 44 degrees. Relative humidity, 34 per cent. Temperature at 6:00 a. m. today, 30 degrees.

DAVID HARUM SAID:

"Interest's one o' them things that keeps right on nights and Sundays." The same may be said of the Bon Ton for it keeps open nights and Sundays the same as every day in the week and you can always get the very best the market affords, and at a very reasonable price. Try the Bon Ton for a good meal or short order.

DISAGREEMENT AMONG INDIANS AT SANTA CLARA.

There are two distinct factions among the Indians at the Santa Clara Pueblo, and it seems evident that the two will clash. The larger faction is with the Governor of the Pueblo and is in favor of the present mode of government, while the minority faction is opposed to this government. Superintendent C. J. Crandall of the Indian School at Santa Fe, and Judge A. J. Abbott, attorney for the Pueblo Indians, have taken the matter up but it may be necessary to take the trouble into the District Court before it is settled.

BIND YOUR MAGAZINES.

The cost is little enough and the volumes will be a valuable addition to your library. The work we do in this line is as a class as our printing—and you know our kind of printing. We will bind your magazines in good style, half morocco, for \$1.25 per volume.

Keep your business ever before the public by advertising in your home success in any honest enterprise.

Advertise your business. It pays.

We carry a full line of these implements. Also Harrows, Cultivators, etc.

We have a large stock Poultry Netting. All sizes.

Wagons.

We have inducements to offer in our Wagon Department as we carry a full line. See the goods and get our prices before buying elsewhere.

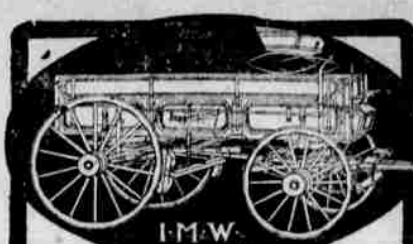

Wind Mills--- We are agents for the Sampson. Sample mills in stock.

Seeds.

Our stock of Alfalfa, Blue Grass, Peas, Beets, Onion Sets; also package seeds for the Garden, are all fresh and of the best quality.

The Great West

has been made since the first Studebaker wagon was made. Indeed the Studebaker wagon helped to make the West. It has been one of the most efficient aids to the advancement of civilization by making transportation easy for the pioneer. Many of the first men in the West took the Studebaker with them. They are still buying Studebakers, having learned their value by experience. The Studebaker is better to-day than ever before.

Studebakers also make a full line of all kinds of vehicles, harness, etc. They control entire output of the World Buggy Co. and make the "Lazer Line" of vehicles. All dealers handle Studebaker goods. Write us for catalogues, etc.

Studebaker Bros. Mfg. Co. South Bend, Ind. WESTERN REPOSITORIES: San Francisco, Cal., Portland, Oregon, Salt Lake City, Utah.

OUR STOCK OF GARDEN TOOLS IS COMPLETE.

Hymel the Only Cure for Catarrh Which Returns Your Money if Not Satisfactory.

It is seldom that a druggist has enough faith in the medicine he sells even when prepared by himself to be willing to refund the money if it does not cure; but Hymel has cured so many cases of catarrh among the customers of Mr. Ireland that he offers to refund the money to all who use it and report that they are not satisfied.

Hymel is the simplest and most convenient remedy for catarrh ever offered to the public. Breathed through an inhaler so small that it can be carried in the vest pocket, for a few minutes four times a day, it will absolutely kill all the germs of catarrh and cure the disease. Catarrh cannot exist where Hymel is used. It has a two-fold action, killing all the germs in the air passages and lungs and soothing and healing the irritated mucous membrane.

Some of the most prominent men and women of the country have gladly given testimonials to Hymel. After seeking relief in vain for years this wonderful remedy has cured them of catarrh, and it is no wonder that they want others to know of it.

D. O. Groff, editor of the Nicholasville, Ky., News, writes: "Ever since I was a young man I have been troubled with catarrh, and in later years the disease became unbearable. Hymel has helped me so much that I wish to publicly speak of its merits, so that others afflicted as I have been may be likewise benefited."

If you have catarrh, accept A. C. Ireland's proposition and use Hymel. The complete outfit of Hymel costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hymel.

COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.

Copies of the new Livery Stable Law, printed on card board, are for sale at the New Mexican printing office. Under the law every livery stable keeper must have a copy of it prominently displayed at his stable. Call or send to the New Mexican Printing Company for a copy of the new statute.

SINFUL NEGLECT

How is it possible for a sane man with good teeth to destroy them through careless neglect? SOZODONT is positively beneficial. It has made the toothbrush habit a real pleasure.

SOZODONT TOOTH POWDER

the natural complement of SOZODONT Liquid; is a beautiful polisher, absolutely free from grit and acid. Are you using it? You ought to be.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$1.00 per week; \$5.00 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ARIZONA NEWS NOTES

Charles E. Dagenett, of Albuquerque, an official of the U. S. Indian service, is on a tour of inspection of industrial and school conditions in Arizona.

Reports from the farming sections of the Huachuca and the Barbecomari, indicate that the barley and wheat and alfalfa fields promise a very large yield this year.

A postoffice is to be established at Mowry, Santa Cruz County. A \$30,000 theater is being built at Nogales.

It is reported that it is probable that a railroad will be built from Melien or some point on the main line of the Santa Fe, to the mining camps of the San Francisco district, with terminal at Needles.

The government engineers are investigating the valleys on the Arizona side of the Colorado River between Needles and Yuma, with a view to opening up another big area to irrigation.

It is reported from Philadelphia that a company is being organized to build a railroad from the delta of the Colorado River to Needles, the road to run along the river.

P. O'Brien, of the firm of O'Brien & Rhodes, Denver contractors, has arrived in Prescott to begin the construction of a \$22,000 reservoir and water system for Fort Whipple.

The Knights of Pythias lodge of Clifton is making preparations to have a large meeting on May 26th, when they expect to have a musical entertainment and dance.

The Southern Pacific has changed the names of the following stations: Gila Bend to Gila; Gila City to Dome; Duval to Echo; Yuma Yard to Patio; Stein's Pass to Steins; and Mohawk Summit to Mohawk.

The grand lodge, grand encampment of patriots and Rebekah Assembly of the I. O. O. F., convened Monday of this week in Douglas and will hold an all week session.

Clifton and Morenci are to have an electric light plant. B. M. Donaldson of El Paso, has secured a franchise from the authorities of both cities and expects to begin work at an early date. The plant will be valued at about \$50,000.

J. T. Hord, who owns sixty-five acres of land on the Salt River, has had to leave his possessions. Out of the sixty-five acres to which he had title only a week ago, only twenty-five acres are left, the remaining forty acres having been carried away by the recent floods.

The hearing of Lee Hobbs, deputy sheriff of Graham County, for extradition to England on the charge of murder and mutiny on the high seas, closed Monday and Hobbs was liberated as he proved conclusively that he was not on the high seas when the crime was committed.

To Revive Old Stage Days.

W. A. Kimball, an old time stage man of Mesa, Arizona, has decided to run a stage line from that town to Roosevelt. He has purchased two of the old-day Concord coaches and will haul the people from Mesa to the big dam. The only thing missing from the days of the frontier will be the outlaw and the gunplay, and that may be encountered once in a while.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices: Civil or criminal, \$4.00. Combination civil and criminal \$5.00. For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

Wanted, clean cotton rags. For a short time we will pay 4c a pound for clean rags. New Mexican Printing Company.

CHRONIC SORES

Wheeling, W. Va., May 28, 1903. Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am now dead as the doctors intimated, nor have the sores ever broke out again. Some 13 years have elapsed since what I have described occurred. Having been so signally benefited by its use I can heartily recommend it as the one great blood purifier.

JOHN W. FUNDIS.

Care Schmulback Brewing Co.

Chronic sores start often from a pimple, scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed purely vegetable. If you have an old sore write us and our physicians will advise without charge. Book on diseases of the Blood free.

The Swift Specific Company, Atlanta, Ga.

NOTICE FOR PUBLICATION.

Department of the Interior, Land Office at Santa Fe, N. M., March 23, 1905.

Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Register or Receiver at Santa Fe, New Mexico, on May 1, 1905, viz: Juan Martinez y Lucero, H. E. No. 5344, for the E 1-2 SW 1-4, and the W 1-2 SE 1-4, Sec. 21, T. 17 N. R. 12 E. N. M. P. M.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Guadalupe Lopez, of Pecos, N. M.; Bernardo Martinez, of Pecos, N. M.; Justo Martinez, of Pecos, N. M.; Apolonio Martinez, of Pecos, N. M. MANUEL R. OTERO, Register.

Bankers, merchants and business men generally should bear in mind that the bindery of the New Mexican Printing Company manufactures the best books, such as journals, ledgers, cash books, day books etc., in the southwest, at the lowest possible prices and in first-class shape. Loose leaf ledgers a specialty. Satisfaction guaranteed. Write or call at the New Mexican Printing office for samples

Notice for Publication.

Department of the Interior, United States Land Office, Santa Fe, N. M., April 11, 1905.

Notice is hereby given that on May 17th, 1905, the following plats will be filed in this office: townships 5 and 6, ranges 7, 8 and 6, all north and east; and that on or after the above date the land office will be ready to receive applications for entry in said townships.

MANUEL R. OTERO, Register.

NEW MEXICAN PRINTING CO., Dealers.

J. P. VICTORY

Attorney at Law and
Real Estate Agent

(17 San Francisco Street, Santa Fe, N. M.)

REAL ESTATE LOANS.
Money to loan upon real estate security on easy terms.
ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite for light housekeeping. Some of them within five minutes walk of Plaza.

OTHER BUSINESS CHANCES.
I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

COAL AND TIMBER LANDS.
I can sell you large tracts of land suitable for mining coal or the production of timber.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rio Grande road, I can sell you about 400 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land and which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract is 60 acres, 7 miles from Las Vegas, timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming (grazing and timber land, 8 miles west of Las Vegas, with running water, etc.

HOMES.
I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

PLAZA PROPERTY.
To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

I have a nice cottage (double) situated on one side, 4 on the other, occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements, the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

LIVERY STABLE LAW.

According to the Williams Livery Stable Law, passed by the 38th Legislative Assembly and approved by Governor Otero, every keeper of a livery stable is required to post a copy of the law in a conspicuous place in his stable. The law is for the protection of livery stable keepers against dead beats and persons who damage any vehicle or injure any animal hired from a livery stable. The New Mexican has printed the law neatly upon cardboard and is ready to fill all orders at \$1.00 for each poster in English or in Spanish.

LEARN TO SAY NO.

When people ask you to eat elsewhere than the Bon Ton, always say "no," for that is the best short order house in the city. Also regular meals may be had, either in the public or private dining rooms.

"DO YOU KNOW?"

The supposition is that no one wants poor whiskey any more than they do poor coffee or tea, yet they purchase it not knowing the difference. The best costs no more. We handle bonded goods exclusively. "THE CLUB."

HOTEL ARRIVALS.

Palace: E. Francis Riggs, E. Francis Riggs, Jr., Washington, D. C.; N. Ochoa, Celestino Garde, Colorado. Claire: E. G. Coray, Colorado Springs; F. M. Ross, Denver; A. Maloney, Alamosa; W. S. Stern, W. A. Steele, Chicago; L. R. Allen, Las Vegas.

Bon Ton: Ben M. Wood, Blue Mound, Ill.; A. Traister, Des Moines, Iowa.

Normandie: A. T. Lewis, Albuquerque; E. G. Newman, Antonio.

FOUR ROBBERIES; TWO SUSPECTS ARRESTED.

On last Monday night robbers entered the laundry of J. A. Stubbs and the offices of the coal and wood yards of John Beaven and W. H. Hahn, at Albuquerque. They secured from the three places a revolver, old clothes, a fountain pen and nine dollars in money. On Tuesday night G. Segli's second hand store was entered, but very little was gotten there. Two men who gave their names as O'Connor and Clark have been arrested as being the men who did all four of the robberies. They had a hearing today.

NO FROST DAMAGE IN MESILLA VALLEY.

The frosts so far this month have done no damage to the fruit of the Mesilla Valley. The more delicate fruits such as the apricots, plums and almonds will make a fair crop while the apple yield will be enormous. Wheat and alfalfa are far advanced and the latter will be cut early in May. Range stock is fat and glossy and the grass and water are plentiful. Water was turned through the cut-off in the Morley Bend on Tuesday and the Rio Grande is now doing its part towards making for itself a new and more direct channel to the Gulf.

NATURE TELLS YOU.

As Many a Santa Fe Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Santa Fe people testify to this. Read this: "Lucario Lopez of Alto st., says: 'When a man has had attacks of backache for ten years, some of them so virulent that he could not walk, that he could not sleep at night and could not even lie comfortably down on account of his back for at least five years of that period, he knows something about what chronic backache really is. As might be expected when my kidneys were not performing their functions properly trouble with the kidney secretions existed particularly observable at night. I consistently and persistently tried remedies guaranteed to cure kidney complaint, before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with very indifferent success. Doan's Kidney Pills acted directly on my kidneys and in a very short space of time the backache and trouble with the kidney secretions ceased.'"

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

For 20 Years Has Led all Worm Remedies. EVERY BOTTLE SOLD BY ALL DRUGGISTS.

Prepared by JAMES F. BALLARD, St. Louis.

Chamberlain's Cough Remedy

A Safe Medicine for Children.

In buying a cough medicine for children never be afraid to buy CHAMBERLAIN'S COUGH REMEDY. There is no danger from it, and relief is always sure to follow. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine in the world for these diseases. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult.

Closing Out

This is your opportunity, at reduced prices. Diamonds. Watches, Cut Glass, Decorated China, Silverware, Clocks, and all other goods.

S. SPITZ, Jeweler CARTWRIGHT-DAVIS CO.

No. 250 San Francisco Street.
Grocery Telephone No. 4. Meat Market Telephone No. 49.

COLORADO POTATOES are now cheaper than for many years. We are offering fresh stock at 90 cents per cwt.; 50 lbs for 50c. 20 lbs. for 25c.
PURINA PANCAKE FLOUR, 15-cent packages for 10 cents.
MOUNTAIN BRAND CONDENSED CREAM, 3 cans for 25 cents, very fine quality.

TOP NOTCH CREAM, small cans, each, 5 cents.
FIVE-POUND SACKS TOWEL BLEND COFFEE is packed by Chase & Sanborn. It is an excellent coffee and there is a good towel free with each five-pounds. You have often paid more for poorer coffee. Per sack, \$1.15.
CHASE & SANBORN'S SEAL BRAND Coffee is only sold in one and two pound cans. If there is a better coffee sold at any price we have yet to sample it. Per pound, 40 cents.

Our 25 cent Chase & Sanborn Coffee is packed in yellow bags. Ask for the Coffee in the yellow bag and you will get the best Coffee we have ever been able to get to sell at that price. We pay more for our 25-cent Coffee than do nine out of ten grocers. YOU get the benefit in better quality. We get the benefit in increased sales.

CALIFORNIA TOMATOES in 2-1/2 pound tins at 10 cents are cheap eating.

LAS CRUCES TOMATOES in three-pound tins we are selling at 12-1/2 cents, and there are nothing better packed that can be sold at anywhere near that price.

SUN BURST EXTRA SIFTED EARLY JUNE PEAS in two-pound tins are a genuine bargain. We have peas all the way in price from 10 cents per can to 30 cents, but we consider this 15-cent pea the best value for the money that we have ever been able to give our trade.

FRESH ASPARAGUS is now plentiful, and the price only 5 cents per bunch. Plenty of fresh vegetables all the time. We are shipping from several different points and try to have all the market affords—radishes lettuce, celery, cauliflower, spinach, beans, rhubarb, etc.

STRAWBERRIES—We are now receiving twice each week direct from the e patch.

GARDEN SEEDS, VEGETABLE SEEDS, BLUE GRASS AND ALFALFA SEED—We have in packages and in bulk. Come if you wish to get a variety and wish seeds that will grow. We have them.

FRESH FISH AT OUR MEAT MARKET—Each Friday.
We are now shipping our beef from Denver by express; Kansas City beef may do for some, but during the warm weather we find that critical buyers prefer to pay a little more and get the Denver beef, which comes in fresher, cleaner and better in every way.

HAY, GRAIN, FEED, FLOUR AND POTATOES in quantity and right in price.

OFFICIAL MATTERS

Homestead Entry.
The following homestead entry has been made in the local United States land office:
No. 8292, April 20. Adelardo Garcia, Sanchez, S 1-2 SE 1-4, section 34, S 1-2 SW 1-4, section 35, T 34 N, R 23 E, 160 acres in San Miguel County.

NEED THREE NEW BUILDINGS.

G. A. Richardson, Regent, Talks of Condition of Agricultural College at Mesilla Park.

The board of regents of the New Mexico College of Agriculture and Mechanic Arts is holding a meeting at Mesilla Park this week. G. A. Richardson, who has just returned from Denver, where as special commissioner he has been hearing the evidence in the Kansas-Colorado water suit, left for Mesilla Park Tuesday. Mr. Richardson states that the greatest need of the college at present is three new buildings. He says:

"We propose to have these new buildings this year if possible. The appropriation made by the legislature will hardly enable us to build even one of these buildings, but we hope through the sale of lands belonging to the institution, to raise funds enough for the work.

"The legislature passed a bill which allows the Agricultural College to use the proceeds of its lands direct for improvements. The attorney general has ruled, however, that the permission of the Secretary of the Interior must first be obtained before we can act upon the authority granted by the legislature. I have no doubt that the Interior Department will consent to our use of the proceeds of the lands, when the need is explained."

RAILROADER IN TROUBLE.

J. W. Nevins Under Arrest at Alamogordo for Stealing Watches and Diamonds.

J. W. Nevins and his wife were in the jewelry store of Mr. Rhomberg at Alamogordo Wednesday and after they had gone the jeweler missed two fine diamond rings and two gold watches. Sheriff Phillips followed the pair to the postoffice and there ordered Nevins to give up the stolen property. He tried to slip one of the rings from his finger, but it was too tight and the sheriff caught him with the goods. Mrs. Nevins had the other ring on her finger. The watches were also discovered on his person. He was given a hearing before Justice of the Peace O'Reilly and bound over in the sum of \$500. Nevins was a fireman on the El Paso-Northeastern and had been in Alamogordo for more than a year.

CLOUDCROFT TO HAVE RIVAL.

To Judge By Its Name the New Resort Ought to Soon Be Prominent.

Weed, a town in the Sacramento Mountains in Otero County, east and a little south of Alamogordo, has entered the field as a summer resort and bids fair to become a rival of Cloudcroft. A fine hotel is being built and several cottages are going up. Because of the fame which the Sacramento Mountain district is getting as a place for consumptives, the people who are interested in the new resort expect to get large crowds to come there, and they expect quite a number this summer. The altitude of Weed is about the same as Mountain Park.

HOPE TO GET BEAR TODAY.

President Roosevelt and Party, After Resting Yesterday, Start Again on Their Hunt.

Glenwood Springs, April 21.—After a day of enforced rest the President's hunting party started out early today. The snow obliterated all the old tracks and the party hoped to get close to a bear by nightfall, the guides having located several fresh tracks. Secretary Loeb and two stenographers put in most of the day here disposing of the mail, which was unusually heavy.

RATHER LATE TO SHOW CONSIDERATION FOR WIFE.

Because he lost money playing the roulette wheel in a gambling house at Fort Collins, Colorado, Theodore Wildenauer committed suicide by shooting himself through the head. He left a letter to his wife and also one to a friend whom he asked to see that his wife was furnished enough money with which to leave town. Wildenauer was formerly a tailor at Silver City, where he had a good business. He was a cripple.

ALBUQUERQUE MAN GETS ACQUITTAL.

Yesterday afternoon in District Court at Albuquerque, Charles Botter, indicted by the grand jury for selling liquor to minors, was given a verdict of not guilty by the jury. M. M. Sparks, section foreman on the Santa Fe, who was charged with padding his pay roll, pleaded guilty to the charge and was sentenced to a year and six months in the penitentiary. Sentence was suspended, however, during good behavior.

The forestry building at the Lewis & Clark Fair is an immense log palace covering half a city block.
