ORGANIZATION DOING GOOD

Pueblo Railroads Form Association to Enable Employees to Save Money.

\$100,000 EACH MONTH

Being Paid in—Lots Are Bought and Homes Built for Men Who Pay for Them on the Instalment Plan.

Pueblo, Colo., April 25.—Real estate is receiving its greatest boom from an individual source this month, and in fact, for many months past, from an organization comprising the railroad men of the railroads running into the city, and this month alone there are in course of construction six houses which will be owned and occupied by railroad men living here. The combined values of these homes will run far over \$10,000.

This organization, which was formed in Pueblo in January, 1902, is now capitalized at \$1,000,000 and is headed by Superintendent C. H. Bristol, of the Santa Fe. The other officers are B. H. Mudge, vice-president and treasurer; F. N. Nottorf, secretary; G. M. N. Parker, manager. The object of the officials of the roads in perfecting the organization was to induce the men in their employ to save money and build homes. The men are allowed to pay into the organization as much as they please each month until they have paid enough to purchase a lot or two. The association will then build a house for them on the lot and the owner continues paying for the house in exactly the same manner that he paid for the lots, or just as he would pay rent. In this way the organizers of the association argue that a man who is able to pay rent is able to buy his home; in buying his home he becomes a permanent, responsible and better citizen, and, therefore, a better employee.

After working on this plan for thirty-six months the association was receiving as the savings of the men of the different roads running into Pueblo \$75,791. In January of the present year \$78,829 was received; in February \$84,870, and in March \$87,985. Before the association was formed practically none of this money was being saved, the men working on without anything aside from a living; they are now saving close to \$100,000 a month. The association lends its money to the men at ten per cent and pays seven per cent on deposits, thereby securing a surplus of three per cent with which the expenses of the association are paid. There is only one salaried official and he is Manager Parker, who handles all the details of the arrangement. Mr. Parker states that not one of the board of directors or the other officers of the association has ever received more than \$5 a month for his services, the object being not to make money for the men at the head of the concern, but to encourage the employees of the roads to save their money, build homes, and thereby enter the ranks of the better class of citizens—the responsible, interested class.

E. P. RIPLEY MAY RETIRE.

Persistent Rumor in Circulation to the Effect That the Santa Fe Will Lose Its President.

Topeka, April 25.—The rumor is current again that President E. P. Ripley will retire from the official family of the Santa Fe Railway. This rumor has been reiterated so persistently during the past few months that it has begun to gain considerable credence among railroad people. The report was again talked in Chicago yesterday and it is said that George B. Harris, who is now with the Burlington Railway, will succeed Mr. Ripley.

It is expected that Mr. Harris will retire from the presidency of the Burlington because J. J. Hill wants him to do so. Since Hill has acquired control of that road, Darius Mills has been first vice president in charge of traffic, and Daniel Willard has been second vice president in charge of operation. The appointment of Mr. Willard was made despite the opposition of President Harris, who insisted that F. A. Delano, then general manager, should be promoted because of his long service with the company and his demonstrated ability.

BUFFALO GO TO OKLAHOMA.

Thirty-five Animals From the Famous Pablo Herd Are Shipped From Arlee, Montana.

Missoula, Mont., April 25.—Thirty-five head of buffalo have been shipped from Arlee by M. Miller, who sends them to a point in Oklahoma about 300 miles south of Kansas City. The animals are from the famous Pablo herd, the largest in the world. The animals shipped were adults and an exceptionally choice lot.

EMPEROR'S STATEMENT

Is Issued and Makes Clear His Policy Towards the Inhabitants of Russia.

FAVORABLE COMMENTS

Are Elicited From the Papers and Representation by the People Seems Much Nearer to Realization.

St. Petersburg, April 25.—"My will regarding the convocation of representatives of the people is unswerving and the minister of the interior is making every effort for its speedy realization."

Emperor Nicholas, receiving in audience Sunday, the marshal of the nobility of Kostrome, government of middle Russia, directed that the above message be communicated to the nobility of Kostrome. The message was evidently designed to be published in order to quiet the fears of those who are impatient at the delays and who have grown skeptical of the fulfillment of the promises contained in the imperial rescripts. It is very significant that the Emperor used the words "convocation of representative people," thus going beyond the expressions employed in the rescript and setting at rest all doubt as to his meaning.

Novoe Vremya hails this new assurance with much satisfaction saying, "These words spread over Russia like a great consolation. They tranquilize the yearnings of all classes of society even where hope was being crushed by impatience and under the influence of the ridicule heaped from certain quarters on Russian representation and where it was ironically predicted that representatives had never been convoked."

Gazette Comments on Statement. Moscow, April 25.—The Gazette published the Emperor's statement under the double eagle and said, "Now let all Russia's well wishers cease their Jeremiads against the convocation for representation of the people."

Witte Was Not Resigned. St. Petersburg, April 25.—Russ formally denied that M. Witte had resigned for the presidency of the committee of ministers. The paper explains that he was worn out with work and in urgent need of rest, but insists that he has not resigned. In financial circles it is reported that M. Witte may accept the management of the Russo-Chinese bank.

RAILROAD TO BE RE-EQUIPPED.

The Executive Committee of the Panama Canal Commission Has Awarded Contracts for Locomotives.

Washington, April 25.—A session of the executive committee of the Panama Canal Commission was held Friday to consider contracts for the complete re-equipment of the Panama Railroad. Representatives of locomotive works and car builders are being consulted by the committee to this end. It was decided at the recent meeting of the directors in New York that if the road is to serve the double purpose of taking care of the commercial traffic across the isthmus, and also become the important factor required in the construction of the canal, the heaviest and most modern equipment obtainable must be secured without delay.

Secretary Murphy, of the commission, has been instructed to leave Washington for the isthmus with a part of the office force of the commission here, on May 13. Mr. Murphy will open permanent headquarters there for the purpose of conducting the major portion of the clerical work necessary at close range.

The most important conclusion reached by the commission at today's session was to purchase a number of locomotives for use in the digging of the canal and particularly the Culbreth cut. A large number of proposals were before the commission, and it accepted the lowest bid, that of the American Locomotive Works Company for twenty-four locomotives at \$12,350 each, to be delivered at Colon by July 1. The new locomotives are to be of the eighty-five ton, double-ended type, this design being accepted in order to obviate the necessity for numerous turntables and to save time in excavation.

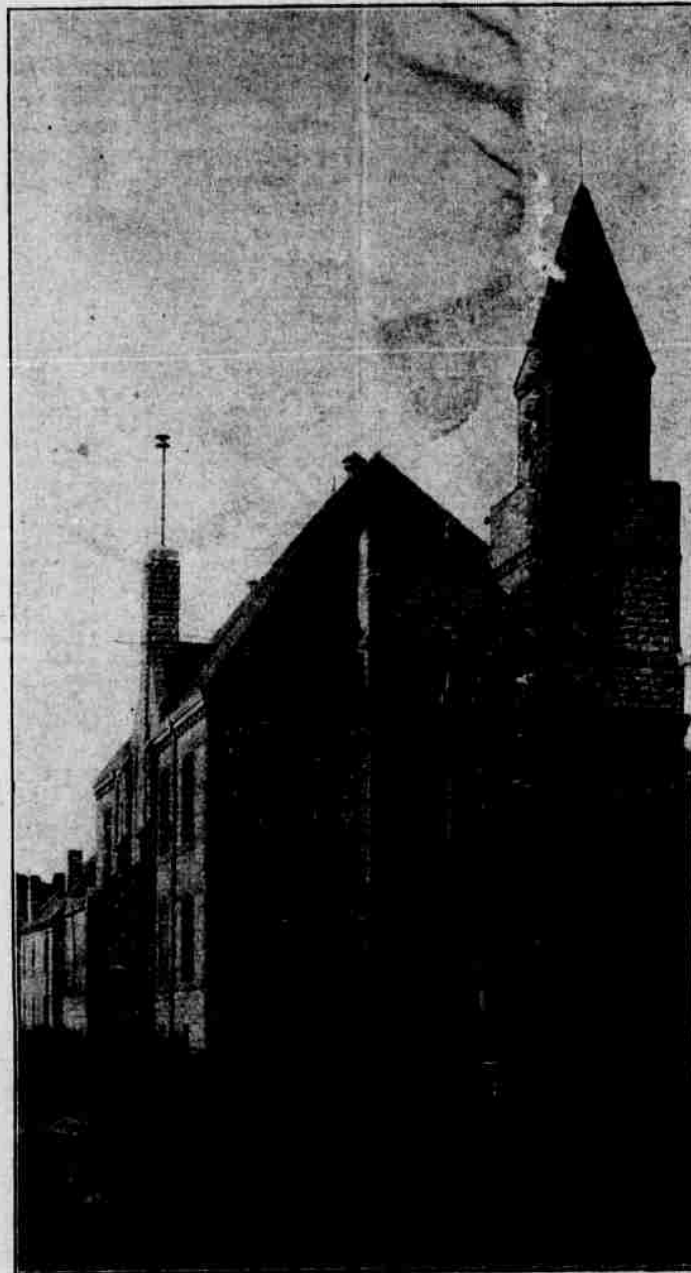

A number of proposals for freight cars and other kinds of rolling stock equipment were considered and contracts will soon be awarded for these.

TO HOLD HOPS

FOR BETTER PRICES.

Portland, Oregon, April 25.—Hops men from all sections of this state are gathered in this city to attend the meeting today for the purpose of forming a convention of the holders which are pledged to withdraw their hops from the market for 60 days or until a reasonable price, which will probably be fixed at 30 cents, is reached. It is said that about 90 per cent of the hops remaining unsold in the state will be represented.

HANDICAP AT EXCELSIOR ENGINEER IS KILLED

Twelve Speedy Thoroughbred Horses Entered for the Big Race Near New York City.

THE PURSE IS \$7,000 TRACK IS WASHED OUT

Sidney Pagot's Ormondes Right, Winner of the Carter Handicap, is the Favorite—Other Horses to Be Well Backed.

New York, April 25.—The thoroughbred racing shifts today from the Aqueduct to the Jamaica track where the Excelsior Handicap, worth about \$7,000, will be run. The Excelsior distance is one and one-sixteenth miles. This is its first long race of the year in which first class horses compete and with bright, mild weather and a fast track a big crowd and a swift contest is expected. Twelve horses are entered. If all start there will likely be considerable crowding because of the short stretches on the Jamaica course. This may upset the calculations and interfere with the true running race. Sidney Pagot's Ormondes Right, winner of the Carter handicap has continued to train well but has not raced since the opening day at Aqueduct. He is the favorite in early betting. E. E. Smith's Rapid Water, Alexander Snelled's St. Valentine and Crown Prince and Santa Catalina representing the Albemarle stables, are all nicely weighted and in view of the good form they have shown in the races since Ormondes Right won the Carter handicap, will be well backed in consequence. William Lakeland's little Em, which finished third in the Carter, is also known to favor distance ground. Altogether seven of the dozen named to go have won races recently, leaving betters something of a problem as to the outcome. Probable starters are Ormondes Right, St. Valentine, Rapid Water, Snelster, Santa Catalina, Little Em, Orthodox, Crown Prince, Red Knight, Sidney C. Love, Sir Brillar, Wilful.

Engine in the Ditch. Kingman, N. M., April 25.—East-bound Santa Fe passenger train No. 8 met with an accident this side of Needles last night which resulted in the horrible death of the engineer and painful injuries to the fireman. No passengers were injured aside from a severe shaking up and a few bruises. The engine struck a piece of inundated track and turned completely over, pinning the engineer underneath the wreckage, where he was drowned before any move could be made to rescue him. The fireman was painfully injured about the back and hips and will be in the hospital for a long time. The train was not running at a high rate of speed or a frightful disaster might have resulted.

Bridge and Track Gone. At Trinidad the bridge between the two towns has been washed away and several hundred feet of the track on the Catskill branch have been taken out. More than a foot of snow has fallen and the storm is still on. A snow slide near Raton has delayed traffic on the Santa Fe, and still further delay was caused by the washing out of a bridge near Springer and by a head-on collision between two freight trains near Sulzbacher.

Rio Puerco Badly Swollen. Reports from Rio Puerco station are to the effect that the Santa Fe is unable to get any trains through there. The Rio Puerco is badly swollen and is still rising. In many places the track is under water for hundreds of feet and is soft and dangerous for several miles.

THE SANTA FE ROAD ADOPTS STEEL CAB.

Topeka, April 25.—The Santa Fe System has adopted the steel cab for its locomotives, and all engines that are being overhauled are receiving them in the shops here.

GOING AFTER THE LOTTERY

U. S. Federal Office Sends Instructions to San Francisco to Start Active Campaign.

TWO AGENCIES RAIDED

Employees Arrested and Tickets and Papers Confiscated—Violation of Inter-State Commerce Law.

San Francisco, April 25.—Acting under instructions from Washington the federal office today began what is declared to be an active campaign against the lottery companies. Officers connected with the U. S. marshal's office, the secret service and the postoffice raided the agencies of the Honduras and the Mexican lotteries and surprised the employees in the act of handling a large quantity of tickets. Papers and packages were also secured as evidence. A number of employees were arrested. Postoffice Inspector Monroe said: "I can only say generally that I am working and on information obtained by the department from inspectors in San Antonio, Chicago and Louisiana, where these tickets are brought in from Honduras and from Mexico. Raids have already been made in Los Angeles and other points. All complaints so far charge the arrested parties with violating the interstate commerce law, which makes it a felony, punishable with two years imprisonment, to send lottery tickets from one state to another."

SENDING BOILERMAKERS EAST.

The Santa Fe Railway is Supplying Vacancies From Its Employees in the Shops on Coast Lines.

San Bernardino, Cal., April 25.—The Santa Fe has sent about fifteen boilermakers from the local shops to fill places made vacant at points east of Albuquerque by the strike of the boilermakers between Albuquerque and Chicago. The expectation is that more men will be sent from here to the eastern end of the line within the next few days, although most of the men express some reluctance at leaving California. Nearly all those who have left were sent to La Junta.

MANDATE STAYED

IN BEAVER CASE.

Washington, April 25.—The Supreme Court of the United States today directed the immediate issuance of a mandate in the case of George W. Beavers, whose removal from New York to Washington for trial on the charge of defrauding the government while chief of the salary and allowance division of the postoffice department has been ordered. In the case of John A. Benson, who is to be heard on the charge of fraudulently appropriating public lands the mandate was ordered to be stayed for one week. In the latter case a notice was given of a motion for a new trial.

ARRESTED IN ALBUQUERQUE.

Jessie Noble and William Pierce Disturb the Peace at Lamy and Are Brought to County Jail.

Deputy Sheriff J. O. Fulghum arrived in Santa Fe this morning with Miss Jessie Noble and William Pierce and consigned them to the county jail. The girl and her companion got hiliarious at Lamy Junction and warrants were issued by a justice of the peace at that place for their arrest. Miss Noble is charged with disturbing the peace and Pierce is charged with carrying concealed weapons. They were arrested at Albuquerque by Ben Williams, Santa Fe detective. The hearing came off this afternoon.

JEFFERSON'S BODY IN VAULT AT BOSTON.

Buzzard Bay, Mass., April 25.—It is learned today at Crow's Nest, the home of Joseph Jefferson, that the body of the aged actor would not be brought directly here from Palm Beach. Arrangements have been made to place the casket in the receiving vault at Boston until such time as the members of the family, who are scattered over the country, can come together. The body will then be brought here and buried in Bayview cemetery, Sandwich.

NAN GETTING USED TO COURT PROCEEDINGS.

New York, April 25.—For the third time within a period of six months Nan Patterson today sat in court and listened to Assistant District Attorney Rand explain to the jury how he proposed to convince them that she was guilty of the murder of Caesar Young.

HURLEY NAMED TO SUCCEED MUDGE.

Topeka, April 25.—J. E. Hurley today was appointed general manager of the Santa Fe, to succeed H. U. Mudge, lately appointed second vice president of the Rock Island.

MILWAUKEE DEFAULTER

President of First National Bank Confesses to Big Shortage of the Funds.

OVER MILLION DOLLARS

Trust Company Experiences a Run But States That Failure of Other Institution Has Not Hurt It.

Milwaukee, Wis., April 25.—Despite the assurance that the Milwaukee Trust Company was in no manner involved by the financial trouble of F. G. Bigelow, former president of the First National Bank of Milwaukee and a confessed defaulter of more than a million dollars, crowds of people were today in line long before the opening of the Trust Company Bank, waiting to withdraw their deposits. Depositors gathered at the National Bank comparatively few at first but the number continued to increase. Bigelow had been a director of the Milwaukee Trust Company but when his defalcations became known he was removed as such by the board of directors. Notices which were posted on the bank window where the depositors, mostly working people, eagerly scanned them, announced this fact and that the Trust Company was amply able and prepared to meet the demand of all depositors. This and the creditors' notices posted on the windows of the First National Bank and signed by the directors stating that the company was solvent, seemed to reassure the depositors somewhat. No depositors gathered at any other banks at the time they were in evidence at the institutions mentioned. Members of the clearing house association examined the affairs of the bank and the officers of other institutions in the city expressed their confidence in strongest terms in the ability of the First National Bank to meet any emergency that might arise. Henry G. Goll, assistant cashier of the First National Bank, who is charged in the United States attorney's complaint with embezzling \$100,000 of the bank's funds has not yet been arrested but U. S. Marshal Thomas B. Reed said that he expected to take Goll into custody today.

John I. Biggs, director of the First National Bank and one of the men who gave \$300,000 to make up the defalcation of Bigelow, said that the bank had borrowed \$2,000,000 from outside and local banks which would meet any demands. He asserted that the bank had ample funds to meet all requirements. As the hour approached for the opening of the bank, the crowds gathered in front of the First National Bank and the Milwaukee Trust Company became larger and extended for half a square on Wisconsin and East Water Streets. A detail of police was present to maintain order. The report that Mr. Bigelow held a large amount of Northern Pacific stock is emphatically denied here today. An inquiry among bank brokers and personal friends of the former bank president developed that there was very little of that stock held by the local capitalists.

Taking Advantage of Banking Law.

Milwaukee, April 25.—The First National Bank of Milwaukee and the Milwaukee Trust Company today decided to take advantage of the clause requiring that a notice of thirty days be given before sums under \$100 can be withdrawn and a notice of ninety days on sums exceeding \$100.

Pass books were so stamped when presented at the bank windows. The same rule applies to certificates of deposits.

DIFFICULT TRAVELING BECAUSE OF SNOW.

During the past three days twelve to eighteen inches of snow have fallen on the Dalton Divide. Fred Tracy, who came today from the Peos by way of Macho Canon, had a hard time of it and at several places had difficulty to extricate himself from snowdrifts four to five feet deep. It took him three hours yesterday afternoon to cover the last two and a half miles up the Macho Canon to the camp of convicts on the Divide.

ACCIDENT AT THE WELL IN PORTALES.

Last week while working at the well which is being driven at Portales, Ed Brown stumbled and his foot was caught in the drilling machinery. Two bones were broken and the foot otherwise mangled and injured. This is the second accident of the kind which Brown has suffered.

WILEY HILL UNDER ARREST FOR BURGLARY.

Deputy Sheriff Christopher, of Carlsbad, went to Hagerman last week and arrested Wiley Hill on a charge of burglary. Hill gave bonds before Justice of the Peace Cunningham for his appearance and his trial has been set for Friday of this week.

A RECENT MINING DECISION.

The United States Supreme Court has added another important decision upon mining questions in the case of the Creede and Cripple Creek Mining and Milling Company against the Uinta Tunnel, Mining and Transportation Company. This opinion, mining experts maintain, is a continuing menace to holders of lode claims, for it holds that a valid location, before the owner applies for patent, only gives the locator title to the surface, and leaves the ground underneath the surface open for exploration and discovery and that when a patent has been obtained it does not relate back to the inception of the record title of the locator but only to his application for patent.

Commenting upon this, the Engineering and Mining Journal says:

"There is no question that the decision will work much hardship by upsetting the established understanding of the previous law in such cases, and what is more, it will give a big impetus to that iniquitous form of financial activity which is based on 'tunnel' projects—that is, the extension of an add to cut unknown lodes and get imaginary 'backs,' or stopping ground of indefinite extent. More money is raised for such spurious mining enterprises than by any other form of charlatany, simply because such schemes require no acquisition of property, no statements of fact and no appraisal of values. A tunnel site, a cross-sectional drawing and a few glittering inaccuracies suffice. They present the least legitimate form of the mining business, and we regret that this late decision should favor them in a manner calculated to do irreparable injury to the industry."

As the supreme bench is not supposed to know as much about mining as it does about law, and even if it did, would have to interpret the law as it finds it, mining men will have to accept the decision with good grace and make the best of it.

PEANUT POLITICIANS.

"For the information of the Current, the Argus will say that a 'peanut politician' is a man or men who, when measured by real merit and influence, do not rank or scale very high in a community, but who because of little else to do, meet in back rooms, peanut stands and other outlying places, and slate men for every office imaginable, and then under the partisan cry of the party of which they are but hangers-on, and through and by reason of the indifference of the responsible and representative men of the party, parade their selections as the unanimous and enthusiastic choice of the particular party to which they happen to claim allegiance. This is the definition, and a true one, as everyone will admit. Peanut politicians have ruined many a community. It is for the citizens of Carlsbad to say whether or not they shall be allowed to ruin this one."—Carlsbad Argus.

There are other communities in New Mexico besides Carlsbad cursed with, hampered and injured by the presence of "Peanut Politicians." Unfortunately, Santa Fe is one of them. How to get rid of them is a problem.

"From all reports thus far, Judge Abbott and District Attorney Clancy of Bernalillo County would make a mighty good pair to draw to."—Socorro Chieftain.

Judge Abbott and District Attorney Clancy are all right. The court atmosphere in Bernalillo County has been remarkably purified during the past four months, although no thanks are due to the Albuquerque yellow sheets, like the Journal, which papers do not support the course of these officials because they dare not for fear they might lose the support of the saloon element in the Duke City; but reform and a stricter observance of the laws, as they exist, are marching on in Albuquerque despite the course of the Bombastes Furioso and its weekly contemporaries in that city.

AN APPOINTMENT THAT PLEASED

The Carlsbad Argus is pleased with the appointment of A. N. Pratt as a member of the commission of irrigation recently made by Acting Governor Reynolds in appointing one of Carlsbad's leading citizens, A. N. Pratt, to a position on the Territorial Board of Irrigation. It is fitting recognition of a very competent man, and will bring to the service of the board and to the aid of the irrigation interests of the Territory the knowledge of one who has given considerable study to the science of irrigation and one who has been a close observer of the practical application of the irrigation art. Having the largest irrigation enterprise in the Territory located within its limits, it is only fitting that Eddy County should have representation upon the territorial board whose duty it is to care for and advance this work which means so much for the great Territory as a whole. Another fact covered by the appointment of Mr. Pratt is, that it is the recognition of an Eddy County man. Other counties have been favored with appointments innumerable, but Eddy County has received no consideration in this line. Acting Governor Reynolds has seen fit to change what was coming to be regarded as the established custom, and the Argus desires to acknowledge its appreciation, and commend the wisdom of the action.

Each morning and each evening, the big city dailies are now giving several columns of sensational slush about Nan Patterson, the show girl, who is on trial for murder at New York. Here in New Mexico, the average murder trial is not deemed worthy of more than a few lines in the dailies, and there are about twenty men in New Mexico jails now awaiting trial for murder, who, together are not attracting one-tenth of the attention that the trial of one murderer does in New York. Either the reading public in New Mexico is not as morbid as that elsewhere, or New Mexico space writers are not making the most of their jobs.

Some time ago the New Mexican called attention to a public spirited lumber dealer at Texico who at his own expense made crossings and filled up the streets of that settlement. New Mexico has another man in the same class according to the Alamogordo papers. George Warnock of that town, last week, at his own expense painted signs with the names of the streets and placed them at the street corners. It is up to Santa Fe to add the third to make it a trio of public spirited citizens in New Mexico, who are willing to do things out of the usual run for their towns at their own expense.

Santa Fe County needs a new jail and needs it as the Texas cow boy needed his gun. The sooner the new jail is supplied by the county commissioners, the better for all concerned. It must come and the levy for a tax to pay for its construction should be made this year; bids for plans and for construction should be advertised this summer and the jail built during the coming fall and in the spring of the coming year. No manana policy should be allowed to prevail in this matter.

It is estimated that since the coming of the white man to New Mexico, the mines within its present boundaries have produced \$26,700,000 worth of gold and \$29,000,000 worth of silver. They have also produced about \$20,000,000 worth of coal and \$25,000,000 worth of other minerals. The annual mineral production of the Territory at present is approaching the \$4,000,000 mark and yet, a beginning has scarcely been made in developing systematically and scientifically the mineral resources of the Territory.

Besides the direct profits, sugar beet growing brings desirable immigration. Last week, 1,000 men, women and children settled at Loveland, Colorado, to work permanently in the beet fields or to take up small tracts of land to cultivate upon their own hook. One thousand more people in the vicinity of Santa Fe cultivating the soil and buying all their groceries and dry goods in this city would be a very desirable addition from the merchant's standpoint.

Chile and Peru are at loggerheads over the province of Tacna which Chile annexed the last time that Peru was whipped by its neighbor to the south. According to all reports Chile can whip Peru again and very easily, and Peru had better simmer down to a revolution at home in preference to a war with its stronger rival. Revolutions come cheaper in the end at least they leave the boundaries of the country as they were.

A resident of Texico last year planted \$1.25 worth of seed potatoes in his garden and after gathering all he needed for his family during the winter he sold \$30 worth to neighbors. This year he intends to multiply his investment of last year one hundred times, expecting to multiply his profits by the same amount. New Mexico needs more farmers of that kind.

The Non-Partisan Joint Statehood League scheme will not work. The people of New Mexico have learned this and are too well acquainted with the schemers to take any chance in such a "get rich quick" concern. Times are not favorable.

The controversy over the control of the Equitable Life Assurance Society, which has been in the public eye for some weeks and is still going on, is a strong piece of proof that the time has arrived for government control of insurance companies. This may be Socialistic, or anything else one may choose to call it, but it is a fact nevertheless. It is neither good policy nor safe political practice to give a few men, unhampered and irresponsible to any one but themselves, the great power of handling the vast sums of money owned by the large insurance companies of the country as they see fit and without any real accounting to anybody. Government control of insurance companies must come and that before the present decade is ended.

The Raton Range is in error when it says that Governor Otero has established no fixed rules to be observed in applying for and in granting pardons. A set of rules was published some time ago and printed in the Daily New Mexican as well as in other form and Governor Otero adheres to these rules rigidly. The Organic Act places the power of pardoning criminals entirely and solely in the hands of the executive to whom it proves a burden he would gladly shift to other shoulders. Governor Otero would not be adverse to the establishment of a pardoning board that would relieve him from the duty of passing upon applications for pardons but such a board can not be legally created and established.

Ex-Secretary of War, Elihu Root, is still "some pumpkins." Vice President Hyde, of the Equitable Life Assurance Society, is paying him one thousand dollars per day for legal services. As Mr. Root has been employed by Mr. Hyde for the past two months and is likely to continue for several months, it must be admitted that his present job is a much better paying one than that of being secretary of war, at eight thousand dollars per annum and no "perqs."

The city of Holyoke in Massachusetts last year took over the decrepit gas plant of a public utilities company and has just discovered that besides paying for all repairs, having 8,359 feet of new pipe, installing 629 meters and reducing the cost of gas to consumers, it has cleared \$10,000 after deducting charges for depreciation and running expenses. There are some things that some communities evidently can do more economically and better than the average private company.

Theodore P. Shonts, the newly appointed president of the Panama Canal Commission has taken hold with vigor of the work of building the canal. At the start he issued the ultimatum that politics will not count in filling places. Efficiency will be the only criterion. This may not be good politics but if the big canal is to be dug without delay and without scandal, then the less politics in the work the better.

"Who owns the prescription?" is a question that is agitating Carlsbad just now and the controversy promises to be as interesting as the old one over: "Who struck Billy Patterson?" The Carlsbad Current maintains that the physician is the proper owner, the druggist the proper custodian and that the patient who pays for the prescription has no right to it in any manner, form or shape.

Public spirited citizens of Socorro intend to organize a city improvement league which will encourage tree planting, the making of flower gardens out of school yards and the beautifying of the city in general. A civic league of that kind can accomplish wonders for any town even if the town is 300 or 400 years old and very staid in its ways.

The Prussian minister of the Interior will send an expert to the United States to study the prospects of success for German immigrants in the United States. The better way would be to send successful Americanized Germans to Berlin to give the information that the minister of the Interior is after.

The Arizona newspapers, with but one or two exceptions, insist on single statehood or nothing for their Territory. These papers do not seem to have the least bit of fear of the Non-Partisan Joint Statehood League recently organized in Albuquerque. "This is a strange world, my masters."

Northampton, Massachusetts, is considered the prettiest and most typical town in New England. Ninety per cent of that town's beauty is due to tree planting. Santa Fe will be called the most beautiful city in the southwest ten years hence if its citizens of today plant trees as they should.

The Trying Time

In a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood from womanhood. Ignorance and neglect at this critical period are largely responsible for much of the after misery of womanhood. Not only does Nature often need help in the regular establishment of the womanly function, but there is almost always some degree of nervousness, weakness, or falling of womb, or from leucorrhea who has used Dr. Pierce's Favorite Prescription without complete success. Dr. Pierce would like to hear from such person—and it will be to her advantage to write as he offers in perfect good faith, a reward of \$500 for any case of the above maladies which he cannot cure.

"I wish to tell you the benefit we have received from using your remedies," writes Mrs. Dan Hall, of Brodhead, Green Co., Wis. "Two years ago my daughter's health began to fail. Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout; weighed 120, the picture of good health, until about the age of fourteen, then in six months she was so run down her weight was but 120. She kept falling and I gave up, thinking there was no use, she must die. Friends all said, 'You will lose your daughter.' I said I fear I shall. I must say, doctor, that only for your 'Favorite Prescription' my daughter would have been in her grave to-day. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

Doctor Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

GIVES HEALTH, VIGOR AND TONE.

Herbline is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbline. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. He was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousand have been benefited by their use. They only cost a quarter. For sale by all druggists.

INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ills. 25c, 50c and \$1.00 at Fischer Drug Co.

THE BEST COUGH SYRUP.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co. pany.

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by all druggists.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grain, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of El Estrecho and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Bates Coal and Coke Company, whose employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

MINES AND MINING.

The Mineral Market.

The Engineering and Mining Journal reviews the mineral market as follows:

"The metal markets continue rather quiet, as a rule. In copper only moderate transactions for home use are reported, while exports continue large. Tin shows only buying for immediate use. In lead there is the usual business. Spelter is rather stronger than it has been.

"Silver has been quiet and rather dull, with some yielding in price.

"The iron markets show no material change. Production is enormous and is promptly absorbed. Just at present there is not much new business coming forward, as consumers have generally provided for their requirements for some time ahead. Chicago has been the most active distributing center.

"The coal markets in the west are feeling the effects of the probable early opening of lake navigation. Local trade is suffering from over-supply and low prices. In the east the coal trade is quiet but steady, both for anthracite and bituminous."

Grant County.

F. H. Lerchen of Los Angeles, California, has opened an assay office at Silver City in the new Swope building.

S. Charles Pratt has filed suit in the District Court at El Paso, Texas, against the Tip Top Mining Company to recover \$2,911.55, money advanced. The Tip Top Company has been working the mines at Granite Gap and Mr. Pratt claims that he advanced the company \$38,996.13, of which it paid back \$36,094.56 leaving the balance he sues for. The money advanced was used to buy machinery and to pay the operating expenses.

A night and a day shift is now working upon the Ohio at Pinos Altos. The new tunnel will intersect the vein about 100 feet below the old workings. Frank Bell who has charge of the work also has the contract to clean out the old tunnel on the Mina Grande. On Monday of this week, 60 more men were put to work on these properties for the Comanche Mining and Smelting Company. Shipments to the Comanche smelter at Silver City have been resumed by L. P. Deming from the Aztec and from the leasers on the Comanche.

The Lanyon Zinc Company has taken an option upon the Cleveland group of six claims two miles west of Pinos Altos and owned by George H. Utter. The claims were carefully examined for the company by B. Sattler, a mining engineer of Denver, Colorado. The ore is a zinc-copper sulphide carrying gold and silver values. Further development work is to be done and if the showing justifies the company will take over the properties and will erect a concentrator.

Pinos Altos merchants are handling considerable placer gold. The rains of last nine months have enabled the individual placer miners to reap a rich harvest. Between 75 and 100 men are supporting their families in that vicinity by placering. The total product this month will approximate \$3,000. Only the crudest methods are employed to wash out the gold. Within the memory of any one at Pinos Altos, this is the first time that Domingo Gulch has had a steady stream of running water and the placer miners are in consequence making the gravel fly. Some of the gold is very fine and runs \$17 to the ounce but most of it is in the form of nuggets, running from \$5 to \$10 in many instances, while a nugget picked up recently was half the size of a hen's egg.

COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.

"GOVERNMENT GUARANTEE."

"Uncle Sam's" guarantee goes with every bottle of whisky sold at the "Club." Goods bought in bond only. None better at any place or at any price.

A CONSIDERATION.

A consideration of the fact that all who want a first-class meal on short order, go to the Bon Ton, will furnish you food for thought beforehand and a call at that popular house will furnish food for the inner man. A fine meal for 25 cents.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal... \$4.00

Combination civil and criminal \$5.00

For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

Subscribe for the New Mexican and get all the latest and best news.

PERSONAL MENTION

T. Z. Winters went to Monte Vista, Colorado, today, on a short business trip.

Mrs. E. O. Brazee, of St. Louis, arrived last night and will spend the summer at Sunmount.

Rev. Norman Skinner, pastor of the Second Presbyterian Church at Las Vegas, was in the city today.

A. Menett, traveling for a Las Vegas wholesale firm, spent today in the Capital City looking after business.

E. Jochen, salesman for a soap manufacturing firm, of Omaha, Nebraska, was in the city on business today.

N. C. Thompson, proprietor of the eating house at Kennedy, was in Santa Fe this morning purchasing supplies.

F. D. Lewis, representing a wholesale grocery house of Trinidad, Colorado, called today on his trade in Santa Fe.

A. A. Keen, territorial land commissioner, returned to Santa Fe yesterday after spending Sunday in the Duke City.

S. W. Everman, hardware salesman from Kansas City, left this morning for points along the Denver & Rio Grande.

Mrs. I. B. Hanna went to Lamy yesterday for a short visit with her son, Thomas W. Hanna, who is a rancher near that town.

D. J. Herron, representing a Las Vegas meat house, called on the butchers of the Capital City today, in the interests of his firm.

C. E. Jones, cattle man for the Santa Fe Central, went to Colorado this morning on business for the road connected with his department.

Major Clark M. Carr, of the firm of Newman & Carr, merchants and lumber manufacturers at Guam, McKinley County, was in the city today.

Richard Dunn, a lumber manufacturer and dealer, was registered at the Palace Hotel today from Las Vegas. He looked after business while here.

Major W. D. Anderson of Tupelo, Mississippi, will spend several months at Sunmount Tent City and will leave his home about May 15 for the resort.

Judge Henry L. Waldo, solicitor of the Santa Fe Railway for New Mexico, was in town today from Las Vegas. He attended to legal business while here.

Sheriff Thomas S. Hubbell, of Bernalillo County, and wife, are at Santa Rosalia Springs in the state of Chihuahua, where they will remain for two weeks or longer.

Merico Digneo, who has been in Espanola on business, returned last night in order to be in Santa Fe to play in the orchestra for the Elks' dance tonight.

W. D. Washburn, a Chicago attorney, who has legal business in the Territory, is a guest at the Palace. Mr. Washburn has offices in New York and Chicago and visits New Mexico quite frequently.

J. M. Mohaub, formerly of this city, but of late running a general store at Velarde, Taos County, is in the city today for the purpose of adjusting his insurance on the stock and store which was burned on Sunday.

J. A. Knox, traveling freight and passenger agent of the Santa Fe Central, returned last night from Torrance where he had gone to start the Misses Cutting on their long trip to Coaticook, Quebec. Mr. Knox states that there is a great quantity of water in the Estancia Valley and that every one is preparing for a record breaking year.

A. C. Ackerman, of Denver, was today in Santa Fe looking after the business interests of a wholesale drug house. He says that although he has been on the road for a good many years he is now losing all the nerve in traveling that he ever had. Accidents are so frequent and there has been so much rain a traveling man almost courts death when he starts on his trips.

LONG DRAWN OUT LAND CONTEST.

The officers of the local government land office at Roswell were last week engaged in hearing the contest case of Marie L. Michelet vs. Katie Barnett and the Barnett-Morrow Irrigation and Orchard Company. The defendant claims that she made final proof on a 320 acre desert claim near Hagerman, Chaves County, last May. The contestant claims that the money for the improvements was furnished by others than the defendant. Two and one-half days of last week were consumed in hearing evidence and it was not all in then. Attorneys have been employed by both sides and the case promises to be the longest one on record.

Go to the Bon Ton for short orders, square meals and good, prompt table service.

FIRE AT VELARDE.

General Merchandise Store of J. M. Mohaub Burns With All Its Contents—Probably Incendiary.

On Sunday night the general merchandise store and stock of J. M. Mohaub, at Velarde, was totally destroyed by fire. The cause of the conflagration is not known, but from all appearances it was the work of incendiaries. Mr. Mohaub had left the store on Saturday night with everything in good condition. There was no fire in the stove and nothing in the stock which would cause spontaneous combustion. Early Monday morning a man awakened Mr. Mohaub and told him that his store had burned down. It is strange that he was not notified until the fire had done its work, but he is of the opinion that some of his enemies set fire to the building and then after it had been completely consumed, caused him to be notified. As yet, no clues have been discovered as to the identity of the firebug, but everything possible will be done to capture him. The building was new, having been completed but a short time ago, and the stock had just been replenished. The loss, although a total one, is fully covered by insurance.

WORK ON AVALON DAM.

Construction Being Pushed Rapidly and the People Confident of Great Resultant Benefit.

The work on the dam at Lake Avalon, just north of Carlsbad in Eddy County, and along the entire ditch system is being pushed rapidly. The dam looks to be nearly completed in so far as the temporary structure is concerned. The new plan has many advantages over the old dam and will have more resistant force and be much more permanent when completed. Avalon is now a city of tents and laborers and all is a ceaseless whirl of business and activity. The ditches will doubtless all be filled in due season, and unless all signs fail, the most sanguine expectations of the farmers and patrons of the big ditch system are to be fully realized. Hundreds of men are being used in hurrying forward the enterprise and the outlook for the immediate future is inspiring.

ENGLISH LANGUAGE DETERIORATING.

Discussions now current in educational circles concerning the manner in which English shall be taught to pupils in academies and colleges direct attention once more to the imminent need of proper education for educational authorities. A process of deterioration is at work in the language, which is largely due to the careless hospitality of our dictionary makers toward the ugly and superfluous in verbal innovations or verbal resurrections. The importation of slang by the vulgar, on the one hand, and on the other the revival of obsolete words by the affected and self-conscious are alike a menace to the vigor and purity of our speech.

CARLSBAD MAN HAS ACCIDENT WITH AX.

While chopping posts, last week Charles Scott, of Carlsbad, had a serious accident. His ax caught on the limb of a tree and was brought down with great force upon his foot, cutting off two of the bones. The injured man was taken to Carlsbad and given the necessary medical and surgical attention.

MINOR CITY TOPICS

Mrs. David Williams, who has been at Sunmount during the winter has gone to her home at Duluth, Minnesota.

Train No. 3 from the east is nine hours late today and No. 2 and No. 8 from the west will arrive some time tonight.

S. E. D. Sears, 302 San Francisco Street, advertises his watch repairing as a specialty. See his ad. on the eighth page.

Tickets for the Elks' dance at the Palace Hotel tonight are on sale at Fischer's drug store or can be secured from any member of the organization.

The delay of the Denver & Rio Grande train yesterday was caused by waiting for connections at Antonito, a landslide on La Veta pass having delayed main line trains.

On page four of this issue, Seligman Brothers Company call special attention to the Buster Brown stocking which is a boon to mothers and a snap for Santa Claus.

Remember while in quest of health that osteopathy is nature's best helper. If you are afflicted seek at once an osteopath. His method is rational and scientific and easily made plain to investigators. Dr. Wheelon, the osteopath, 103 Palace Avenue.

Hon. Pedro Perea has rented the Dunder cottage 242 De Vargas Street and today moved into it. The household furniture has been brought from his home in Bernalillo. Mrs. Perea will reach the city in a day or two and the family will then take up its residence in the cottage.

The Plaza restaurant has a change of ad in this issue. This restaurant is making good the promises that the management made on starting that it would be run as a first-class place. The meals are above the average and the patronage has been large from the very day that the doors were opened.

Letters addressed to Schlesinger and Bender, San Francisco, California; to Frank Lopez, Cumbres, Colorado; and Juan Leger, San Ignacio, New Mexico, are held at the postoffice for better address or postage. A souvenir postal card addressed to Mrs. Dale, 212 Masten Street, Dallas, Texas, is held for postage.

The Elks' dance will be given at the Palace Hotel tonight and a large attendance is indicated. The tickets have been selling rapidly and the members of the lodge are much gratified. The dance will be one of the nicest affairs ever held in the Capital City. Morrison's Orchestra will furnish the music.

The Guadalupe Church has been greatly improved in the last few weeks. A new foundation having just been completed to the old historic building. The ladies of that church will give a supper and sale tomorrow evening at Post Hall to raise funds to improve the interior and everybody should patronize them and help along a good cause.

With the best of music, an elegant floor and a large and congenial crowd there is no reason why the dance to be given by the Elks at the Palace Hotel tonight should not be a success in every particular. The members of the order have spared neither labor nor expense to make it so and their efforts should be rewarded by a liberal attendance. The proceeds are to go to the building fund for the new opera house and this in itself should be sufficient to obtain the patronage of all who have the best interest of the city at heart.

Reports from sheep camps at which lambing has begun indicate heavy losses caused by the heavy rains of the past two days. A correspondent at San Rafael, Valencia County writes: "Many sheep dying from exhaustion in travel through mud and wet fleece. August Weiss of Laguna, Valencia County, writes: 'Those not having well protected corals will lose heavily by the storm.' A correspondent at Albert, Union County writes: 'All stock very weak and cattle still dying at a serious rate, numbers succumbing to every spell of adverse weather and losses are reported very heavy.'"

The Denver & Rio Grande passenger train due at 3:30 o'clock yesterday afternoon, arrived this morning at 12:30 o'clock. The road bed between Santa Fe and Antonito, Colorado, is very soft. The Santa Fe Central train arrived late last evening without having made connection at Torrance with the Rock Island train from the east which was reported twelve hours

late. Trains Nos. 2 and 8 from the south and the west on the Santa Fe were annulled yesterday and the trains from the east failed to make connection with the Denver train at La Junta, Colorado. Excepting the Santa Fe System west of Albuquerque, the railroads are in better shape today, the rain having ceased and the damage to the road bed having been comparatively slight.

The ladies of Guadalupe Church will, on tomorrow evening, commencing at 5 o'clock serve a home cooked supper of roast beef, chicken, boiled ham, salads of all kinds, fresh home made bread, cake, coffee, etc., all for twenty-five cents. The proceeds of the supper will go to improving the old historic church of Guadalupe. After the supper a sale of articles all made by the ladies of the congregation, comprising children and ladies garments, fancy and embroidered fabrics, will be held at very reasonable prices. The supper and sale will take place in Post Hall next to the public library and a large crowd is expected.

At the regular monthly convocation of Santa Fe Commandery No. 1, Knights Templar, held at the temporary quarters of the Commandery at Elks' Hall last night, the following officers for the ensuing year were installed by Past Eminent Commander Charles F. Easley: W. E. Griffin, eminent commander; John H. Walker, captain general; H. B. Cartwright, treasurer; W. H. Kennedy, recorder; S. G. Cartwright, senior warden; W. A. Bayer, junior warden; George B. Haggett, prelate; Fred Muller, standard bearer; Charles F. Easley, sword bearer; W. R. Price, captain of the guard. Sir Knight C. J. Crandall, who was elected generalissimo, was not installed, he being absent from the city on an official trip to Arizona. He will be duly installed at the next regular convocation of the Commandery.

MAN OF VARIED EXPERIENCE.

John Kingston Will Go to Panama in His 80th Year—Has Been All Over the Country.

John Kingston is soon to leave Roswell for the Isthmus of Panama where he will probably open a saloon. Although Mr. Kingston is eighty years old he is still hale and hearty and the terrors of the pioneer work in that new country where there are but few Americans, have no effect upon him. "Uncle Johnny" as he is familiarly called, is an interesting character. In his eighty years he has traveled over every section of the United States, and has had enough experiences for three or four ordinary men. Although he never learned to read or write, he is a greater reader, having some one else pronounce the words from the print, and he is well educated in the business ways of the world. His travels and business experiences have given him a greater knowledge than some college-bred men possess. He never attended school a day in his life. He went one night at Gillon Links, Scotland, but had trouble with the teacher and quit. He is a natural gambler, and is said to be one of the fastest and smoothest card dealers in the West. His age has not impaired his sight in the least, and he appears to be a man of fifty or sixty.

He was born in Yorkshire, England, where he was a horse jockey during the early part of his life. He came to America in 1853, and after traveling over a great part of the country, located at Atchison, Kansas, in 1857. There he was long proprietor of "The Farm," which was a dance hall, saloon and gambling house combined, and was one of the most noted places of its kind in the entire West. In those days it was the headquarters of such men as Cleveland, the outlawed brother of ex-President Grover Cleveland, who killed his brother-in-law in Buffalo, New York, and afterward became a notorious thief, and the late Captain Tuff, who was a leader of an outlaw band during and after the Civil War. "Uncle Johnny" declares that "The Farm" was one of the best business investments he ever made, and that he made there an average of \$100 per day for years. He also states that he had to spend lots of it, too. He remained in Atchison from 1857 until the opening of the Cherokee Strip, about sixteen years ago, and since then he has been located at various places. He says he is good for fifty years yet, and will watch for a good business opening on the Isthmus.

MASS OF SORES

Awful Suffering of Little Boy from an Itching Humour

CURED BY CUTICURA

Not One Square Inch of Skin on His Whole Body Unaffected

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did no good. At the time I was induced to try Cuticura he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. Now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is to-day." ROBERT WATTAM, 4922 Center Ave., Chicago, Ill., Dec. 30, 1897.

SIX YEARS LATER

Mr. Wattam writes

"Your letter of the 21st in regard to the case of my little boy at hand. I am truly thankful to say that the cure effected by the Cuticura Remedies has been a most thorough and successful cure to date." Chicago, Feb. 23, 1903.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per box of 60). Ointment, 10c. Soap, 5c. COMMITTEE WAS MUCH IMPRESSED WITH ALAMOGORDO.

Alamogordo people think that their town made a good impression upon the National Fraternal Sanitarium committee during its recent visit to that city. The members were taken to La Luz Canon and were well pleased with the surroundings as a location. The water supply, the irrigation and the water power possibilities were investigated and were found to be all that could be desired. El Paso people are pulling for Alamogordo. The Pass City does not care especially to have the sanitarium located within its confines but is perfectly willing and even anxious that it should go to Alamogordo as that town is close enough to send considerable of the trade to El Paso.

SANTA FE ACCIDENT IN RATON YARDS.

On Saturday as Santa Fe train No. 34 was about to leave the yards at Raton a defective flange on one of the cars near the rear end caused that car to leave the track at a switch opposite the depot. Two locomotives helping the train up the hill kept on pushing until three cars, one loaded with California prunes and two with asphalt, were cross-wise of the tracks. It took several hours to clear away the wreckage.

SAN MIGUEL COUNTY DISTRICT COURT NOTES.

Two divorce cases were before the court at Las Vegas Saturday. Mrs. Lizzie Wiser was granted a divorce from her husband, John L. Wiser, and Mrs. Eva Elizabeth Kelly filed suit for absolute divorce from Malcomb W. Kelly on the grounds of cruel and inhuman treatment. As the defendant in the latter case is a non-resident of San Miguel County, notice by publication was ordered by the court.

CHIEF OF STAFF TO VISIT ALBUQUERQUE.

General Adna R. Chaffee, chief of staff, accompanied by Quartermaster General C. F. Humphreys and Captain G. Hutchinson, General Chaffee's aide, who left Washington April 19 on a tour of inspection of the various army posts in the west, are expected to be in Albuquerque on or about the 10th of May. General Chaffee was formerly in active service in New Mexico and it is possible that he may arrange to extend his time while in the Territory in order to visit some of the old familiar places.

MADE GOOD HIS "BLUFF."

British Admiral's Successful Idea of Fooling Enemy.

In 1797, the Dutch, who were in alliance with the French, had equipped their fleet at the Texel, and had made precautions to embark in it their whole army for an attack upon Ireland, says Pearson's Weekly. It was imperative that they should be watched in force and prevented from joining the French fleet then in Brest, and this task fell to Duncan's lot.

Just as he was on the point of sailing from Yarmouth with the North Sea fleet to blockade the Texel the famous mutiny at the Nore broke out, and eleven of his line of battleships turned back and joined the ringleader Parker at the mouth of the Thames. In spite of this desertion the gallant admiral went on to his destination with his own ship, the Venerable (seventy-four guns), the Adamant (fifty guns), and the Active, a cutter.

He then proceeded to bluff the Dutch. By keeping up a regular succession of signals to the Adamant in the offing, as though sending orders to a fleet outside, he actually induced the enemy to believe that he lay off the coast in force. In fact, the Dutch never discovered that there was only two ships and a cutter watching them until the mutiny was over and Duncan's other ships had rejoined them. Later on in the same year the great victory of Camperdown came to crown his triumph.

DAVID HARUM SAID:

"Interest's one o' them things that keeps right on nights and Sundays." The same may be said of the Bon Ton for it keeps open nights and Sundays the same as every day in the week and you can always get the very best of the market affords, and at a very reasonable price. Try the Bon Ton for a good meal or short order.

The Great West

has been made since the first Studebaker wagon was made. Indeed the Studebaker wagon helped to make the West. It has been one of the most efficient aids to the advancement of civilization by making transportation easy for the pioneer. Many of the first men in the West took the Studebaker with them. They are still buying Studebakers, having learned their value by experience. The Studebaker is better to-day than ever before.

Studebakers also make a full line of all kinds of vehicles, harness, etc. They control entire output of the World Buggy Co. and make the "Jazz Line" of vehicles. All dealers handle Studebaker goods. Write us for catalogues, etc.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Rheumatism, Neuralgia, Consumption, Syphilis, and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board lodging and bathing \$2.50 per day; \$12 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ARIZONA

NEWS NOTES

Tomatoes, it is reported, will be ripe in Yuma by May 10.

The Odd Fellows Lodge at Douglas has seventy members.

The city of Prescott is to have a new pump, engine, tank and reservoir.

The Cochise County jail at Tombstone now contains sixty-three prisoners.

Prescott is making an effort to organize a company of the National Guard of Arizona.

The Pioneer Band at Phoenix has purchased new uniforms and the members now present a neat appearance.

There are twenty-two subordinate lodges of Odd Fellows in Arizona. There were 1,106 members of this lodge in the Territory last year. The Rebekah degree has twelve subordinate lodges in Arizona.

The Yuma Sentinel says arrangements have been made with the Department of Agriculture, through its plant industry bureau, to make an experimental garden on the old military reservation in the town of Yuma. It will be furnished with numerous varieties of date palms from Egypt, Algeria and Arabia; also with varieties of seeds and grasses that appear to be particularly adapted to the arid region.

Fire Chief A. A. Johns last week called a meeting of the four companies of the Prescott fire department at his office in order to consult with them and devise and make plans for a grand firemen's tournament to be held in that city on the 4th of July. It was decided to give prizes of not less than \$1,000, and a general invitation is to be extended to all organized fire departments in the west to enter the contests for such prizes.

Will Spend Half a Million.
The Gila Valley, Globe & Northern Railroad will expend \$500,000 in road building and repairs during the summer. A new roadbed will be built on higher ground between Safford and San Carlos and numerous bridges and culverts put in. Heavier rails will also replace the ones now in use. This road is one of the best paying spurs on the whole Southern Pacific system, and the management is apparently determined to place it in the front rank of equipment as rapidly as labor and money can do so. The washouts of the past three months have cost the Gila Valley, Globe & Northern enormous sums and it is to prevent a repetition of such disasters that the half million dollar improvements will be made. Surveyors are now at work between Safford and San Carlos, determining the line of the new road.

READ ALL THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Santa Fe to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:
Brother Fabian of St. Michael's college, says: "I am convinced that Doan's Ointment has merit. It was used with success in a case which came under my observation, the authenticity of which I will be pleased to give in a personal interview out of idle curiosity, but if my interviewer really suffers with any form of skin disease and wishes to know what means to adopt to get relief. In the meantime I have no hesitancy in advising residents of Santa Fe to go to Ireland's Pharmacy for Doan's Ointment if they require its use for any purposes indicated."
For sale by all dealers. Price 50 cts. Foster McBurn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. GENERAL KUROPATKIN RETIRED.

Reported That General Kaulbars Will Succeed Him in Command of Army.

Tokio, April 25.—It is reported from Korea that Admiral Togo, with a majority of his squadron, is at Usembo Bay near Fusan Korea.

Squadrons Not United.

Tsamtau, Shantung Peninsula, April 25.—Positive confirmation has been obtained here of the statement that the Russian squadron left Kamranh Bay on April 22 and that the Russian cruiser Svetlana and the Russian hospital ship Oral and fourteen transports are still at Kamranh Bay. The division of the Russian squadron, commanded by Admiral Negobatoff, has not joined the main squadron, commanded by Admiral Rojstevsky, up to today.

Said to Be a Russian Spy.

Singapore, April 25.—A Russian giving the name of Vladimir Antonivitch, but carrying a passport made out in another name, has been arrested on the fortified island of Brani and was arraigned here today on the charge of being on government property without authority. He remained for a week. Antonivitch, who does not speak English, was residing with a non-commissioned officer of the ordnance department. It is popularly supposed that Antonivitch is a spy but the authorities say that no incriminating papers have been discovered.

Russians in Good Spirits.

Kamranh Bay via Saigon, April 25.—Those who saw Admiral Rojstevsky prior to his departure say that he is suffering from dysentery, accompanied by severe pains. All officers and crews of the Russian ships appeared to be full of confidence. It is believed that it is Admiral Rojstevsky's intention to do everything possible to have Admiral Negobatoff join him before undertaking this decisive battle. A torpedo boat destroyer is patrolling the coast. The French third class cruiser Descartes left here at 2 o'clock Saturday afternoon for a point on the coast where a fisherman reports he saw twenty warships. The man, however, was unable to give their nationality. Although the Russian crews are confident of victory, independent observers who got near enough to Admiral Rojstevsky's warships to be able to inspect them are not unanimous regarding the efficiency of the squadron.

LANDS RESTORED TO ENTRY.

101,880 Acres in San Juan County to Become Subject to Entry Under the U. S. Land Laws.

Some time ago by order of the secretary of the interior public lands in San Juan County were withdrawn from settlement and disposition under the public land laws, it being believed that these lands would be included under the La Plata irrigation project in contemplation by the U. S. Reclamation Service. Steps were taken to have at least a part of these lands restored to entry, it being believed that it could not possibly come within the La Plata irrigation district and the following communication, in regard to the restoration, has been received at the local United States land office: Register and Receiver, Santa Fe.

Sirs—Referring to department instructions of August 19, 1904, based upon the recommendation of the director the U. S. Geological Survey, you were directed to withdraw, for irrigation purposes in connection with the La Plata project, certain lands in your district, and you are now advised that upon the recommendation of the director of the U. S. Geological Survey, under date of the thirteenth instant, the Secretary of the Interior has directed that the order withdrawing the lands, which will not be required in the construction of the project, be vacated and the same restored to settlement, but not to become subject to entry, filing, or selection, under the public land laws, until after 90 days notice by publication.

W. A. RICHARDS, Commissioner.

The land referred to in this letter comprises a total of 101,880 acres distributed in San Juan County as follows: T 29 N, R 14 W, 13,820 acres; T 29 N, R 13 W, 13,580 acres; T 29 N, R 12 W, 22,480 acres; T 30 N, R 12 W, 4,920 acres; T 30 N, R 11 W, 15,920 acres; T 31 N, R 11 W, 2,960 acres; T 31 N, R 10 W, 20,600 acres; T 32 N, R 10 W, 7,600 acres. In this district are the towns of Olio, Farmington, Floravista, Aztec and Cedar Hill, on the Las Animas and San Juan Rivers. It is one of the best agricultural and fruit districts in the county and its restoration to public entry will bring many farmers and fruit growers into its confines.

SYMPTOMS THAT INVITE GERMS.

Little Ailments That Should Be Looked After if One Wants to Keep Well

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Extreme thinness is the most common indication of a weak stomach, but any of the following symptoms are also good evidence of stomach troubles.

Unpleasantness at stomach	Confusion of mind
Acidity	Flatulency
Water-brash	Heartburn
Spitting up of food	Nausea
Colic	Gripes
Sensation of weight or coated tongue	Heaviness at pit of stomach
Diarrhoea	Dry Skin
Sore mouth	Nervousness
Constipation	Sick Headache
Sediment in urine	Congestion of the Head
Night sweats	Vertigo or Dizziness
Headache	Drowsiness
Cold hands and feet	Sleeplessness
Pain under shoulder blade	Palpitation of the heart
Pain between shoulders	
Defects of vision or hearing	

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mi-o-na, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Mi-o-na is so nearly infallible in curing indigestion and the many diseases resulting from a weakened stomach, that a guarantee to refund the money is given with every box, should it not give perfect satisfaction. Ask A. C. Ireland to show you the Mi-o-na guarantee.

RIVER COMMISSION

ELECTS OFFICERS.

The newly appointed river commission for Socorro County met at Socorro last week and organized by electing Alejo Gurule, of San Acacio, president; Eduardo V. Baca, of Socorro, secretary, and Serafin Lucero, of San Antonio, treasurer. The other members of the commission are Juan Trujillo, of Sabin, and Donaciano Gabaldon, of La Mesa. Some money has already been collected for work of protection along the river and the commission expects to expend this money for building a dyke where most needed on the Rio Grande a few miles above Socorro.
