SPANISH FLEET
STILL DODGING!The Big Fleets of Sampson and
Schley Ready for Business.

OFFICERS AT KEY WEST WITH RUSH ORDERS.

New York, May 21.—A Washington dispatch to the World says: Secretary Long has received a cablegram from Rear Admiral Sampson announcing that his scouts had located the Cape Verde fleet at Santiago de Cuba. The message was sent from the cable station of the West Indies and indicated that the American commander was close on the heels of the Spaniards. Knowing that Sampson could be depended on to prevent Cervera from sailing north, orders were dispatched to Commodore Schley at Key West to sail around Cuba on the west, find Cervera's fleet, and capture or destroy it. Schley was instructed to use the utmost endeavors to prevent the Spanish fleet from entering the harbors of Cienfuegos or Havana, and Sampson and Schley were at once informed of each other's movements. It is expected that Sampson will come up with Cervera first.

KEY WEST FULL OF EXCITEMENT.

The Big United States Fleet Arrives—All Officers in a Hurry. Key West, May 19, via Jacksonville, Fla., May 20.—(Delayed in transmission.)—To-night was the close of the most intensely anxious and vexatious day Key West has known since the war began. Everything indicates the close proximity of a big naval battle, but with no one who may appear at any one of the several points, and possibly strike a blow and get away before the force can be mustered to crush them.

Daybreak found Schley's squadron, which sailed from Hampton Roads on Friday, anchored off Sand Key light-house six miles below Key West. They had joined Rigsbee's big greyhound, St. Paul, which, leaving the Roads a day later than they had, beat them here almost a day and a night.

Admiral Sampson's formidable fleet arrived here at 6 p. m. This confirms the forecast made in the dispatches from San Juan, where the whereabouts and intentions of these two fleets. All this was interesting, but not a word was allowed to pass the censor's office. Every officer and sailor was on alert for orders to hurry aboard his ship. The men of the Bancroft, Castine, Helen and Wilmington received "hurry orders" about 10 o'clock. Where those small boats went, still a mystery, all being too slow to act as scouts in the hunt for the Spanish fleet, and not strong enough to more than help at Havana. The most plausible advanced to account for their quick departure was that they were to form a second line of scouts to the southwest, where the Cincinnati and Vesuvius are supposed to be watching the narrow of Lucayan channel.

It may be candidly admitted that all discussion of the Spanish fleet here is speculative. The undersigned here is that Sampson counted confidently on finding the Spanish fleet bottled up in San Juan, as did Dewey the Spaniards at Manila. It was not till daylight of the morning of the bombardment did he learn that the error was empty. In the meantime, according to the best of information here, a fleet of seven Spanish ships, probably including the Virena, Oquendo, Cristobal Colon, Maria Theresa and three torpedo destroyers, have been moving west along the southern shore of the Caribbean sea.

Later reports from Mole St. Nicholas, Cape Haytien, and other points, make it seem probable that the second section of the Spanish squadron, probably including Cardinal Cisneros, Pelaya, and Christina Regenta, are following in the wake of the first squadron.

ENGLISH-CHINESE.

The Wei-Hai-Wei Port Has Been Peacefully Transferred.

Peking, May 21.—Arrangements for the transfer of Wei Hai Wei has been completed. The Chinese will occupy the port on Monday immediately after the last of the Japanese withdrawal. On Tuesday the British force to occupy the place will land from three warships, now in the harbor, when the British and Chinese flags will be hoisted side by side. Soon as the buildings, arsenals and forts are taken over the Chinese flag will be lowered.

College Record Broken.

Philadelphia, Pa., May 21.—In the dual games between Pennsylvania and Cornell today, J. C. McCracken, of the University of Pennsylvania, broke the intercollegiate hammer throwing record of 136 feet 3 1/2 inches by a throw of 147 feet 10 1/2 inches. A. C. Kraenzlein, of the University of Pennsylvania, broke the inter-

pon, having escaped the American blockading fleet. Large crowds thronged the quay and the crew received an ovation. Some of the people embraced the captain and the officers. Popular demonstrations followed.

VOLUNTEERS WRECKED
A Fatal Railroad Accident Near Chattanooga.

The First Missouri Volunteer Infantry Wrecked.

Firemen Killed and Injured in Several Brooklyn Fires.

INSANE MOTHER'S AWFUL CRIME.

CHATTANOOGA, May 21.—A train conveying the First Missouri Volunteer Infantry to the park was wrecked in a collision at Roseville station about five miles out, at 9 o'clock. Five privates were killed and twenty injured. The wrecked train was run into by a regular passenger train, running at a high speed.

SPANISH NEWSPAPERS CROWDING OVER THE MONTERRAT MESSAGE.

Madrid, May 21.—The newspapers here are using the assertion that the Spanish auxiliary Monterrat "thrice ran the blockade" on Cuban coast as text articles, claiming and declaring that the blockade is ineffective. It is asserted that the Monterrat landed 15,000 munitions, a thousand soldiers, 100 guns, 1,500 rifles and a large quantity of ammunition in Cuba.

As to Schools, County Superintendent of Schools Peral is sending out notices for the forthcoming election of school directors. The school board comprises three men in each of the fifty-two school districts in the county.

Having had so many applications for appointment as teachers lately, Peral states that he will publish in THE DAILY CITIZEN of this city, after the election, the names of the school officers elected in the various districts.

Particulars of Wreck. No flagman on the military train—Many injured.

Chattanooga, May 21.—One man is dead and two fatally injured as the result of the wreck this morning on the Chattanooga, Rome and Southern railway between Chattanooga and the volunteer camp at Chickamauga. The dead and injured were killed and injured by the locomotive of the military train. List of fatalities: George Walker, artificer, Company D, dead.

Alfred M. Lane, private, both legs broken; Willie die.

Harvard Barisaki, private, leg broken and internal injuries; will die.

E. E. Richmond, private, both legs broken; will die.

Many others were badly but not fatally injured. It is said there was no flagman on the military train. The locomotive of the regular train was jammed into the horse car and this car completely wrecked the baggage car, the next one forward. The man killed and those badly injured are all on the horse car.

WILL BE PROSECUTED.

The Railroad Company for the Volunteer Train Wreck.

Washington, May 21.—Secretary Major sent the following telegram to Major General Brooke, commanding at Chickamauga:

"Associated Press reports a disaster to First Missouri volunteers, this morning, near your camp, reporting the death of five men and injury of several others. The secretary of war directs that every care be taken of the wounded, and the dead be buried with all honors of war, and immediate steps be taken to prosecute the railroad company responsible for the disaster."

Continental Alliance.

New York, May 21.—A dispatch to the World from Madrid says: Continental alliance for Spain for intervention to stop the war is now a joint aim of Premier Sagasta, Ambassador Leon y Castillo at Paris, and of the court at Madrid. Events will soon demonstrate this.

AN INSANE MOTHER.

She Deceived Two of Her Children—Son and Daughter.

Foughkeepsie, N. Y., May 21.—Mrs. Laura Sprick, the insane widow of the fireman at Vassar college, murdered her two children, a son two years old and a daughter five months old, by decapitating them early this morning. She will be sent to the Matteawan asylum for insane criminals.

Muster of Volunteers.

Washington, May 21.—One hundred and three thousand volunteers have been mustered into the service of the United States.

Bargains in Shoes.

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts. A bargain in shoes represents standard of value at the right price and at the right time. Buy a good article and you will get satisfactory wear out of it. Buy a cheap article and it will keep you on the jump to duplicate. Turn over a new leaf and buy an honest shoe at an honest price. This is the kind of values we offer you. Largest stock in the city to select from.

States, according to reports which reached Adjutant General Corbin. By the end of next week the officials hope every man of the 138,000 called for will have taken the oath. Mustering in the regular army branch, with a view to increasing it to 60,000 men, the war strength authorized by law, continues satisfactorily in all directly hurt. Arrangements are making for recruiting "immune" regiments in the Gulf states.

VOLUNTEERS ROYALLY TREATED.

Given Sandwiches and Coffee, and a California Rose by Ladies.

San Francisco, May 21.—Over three thousand volunteers arrived this morning from the eastern states. When the men arrived on this side of the bay they were taken in charge by ladies of the Red Cross society, who had been up all night preparing refreshments. Each man was served with sandwiches and coffee, and presented with a California rose. They were overwhelmed with kindness and gave cheer upon cheer for the society of the Red Cross. As they passed street corners the soldiers were showered with flowers. There are over 11,000 Uncle Sam's men now quartered in this city and over 5,000 more scheduled to arrive next week.

BROOKLYN FIRES.

Several Firemen Killed and Injured in a May Fire.

New York, May 21.—There were two serious conflagrations at Brooklyn today, and at each one a fireman sustained injuries likely to prove fatal, and several were badly hurt. One fire was in the big frame tenement row on Calver street, which threatened many people who were asleep.

A ladder, upon which three firemen were at work, broke, and Henry Riechenberg, who fell three stories, was probably fatally injured.

Henry Callison was internally injured and William Thomas suffered a fractured leg. Loss, \$10,000.

In a fire a little later in a concert hall and saloon on Green Point avenue, John Carter, a fireman, came into contact with a live wire, which shocked him so badly and surgeons say he can scarcely recover.

Fireman Peter Hunt's rubber boots melted and one leg was badly injured.

FIREMEN IN THE RINKS.

A Fatal Toledo, Ohio, Fire—Fireman Killed.

Toledo, Ohio, May 21.—Three firemen were caught by the collapsing of a floor at a fire in the Dow-Snell building this morning. Herman Bishop was rescued, but badly injured, and with a broken leg. Kaiser Tripinski and O. S. Will were killed in the ruins. Loss on stock and buildings will aggregate \$300,000.

A 2 o'clock fire in the firemen reached the two men. Tripinski is alive but very seriously injured. Will was killed when the floor fell, as his body is crushed.

At a special meeting of the school board held last evening, it was decided, owing to the prevalence of scarlet fever and other contagious diseases to which children are ready subjects, to close all the ward schools and the ninth grade in the high school, leaving only the pupils of the upper grades of the high school remain at their studies. The children may return to the school on Monday to get their books. The day of closing the schools for the annual vacation is usually June 1.

Marshal Farnoff is just a little bit disturbed because of the opposition he is receiving in his effort to get the citizens to clean up their premises. He has had to bring some of these offenders up in police court before they could really believe that he intended to enforce the law. "I am willing to notify them once that they must clean up whenever we are present that need it," he remarked today, "after that they may expect arrest at any time."

The little 5-year-old boy of Charles Wagon, the old engineer of the Santa Fe Pacific and ex-justice of the peace of precinct 25, died today at 1:30 p. m. of scarlet fever, at the residence of his mother, Mrs. Wagon, at the city of the city at present, but has been notified of his child's death.

L. B. Trimble, the well known liveryman, and excursions of admiration by H. S. Littlejohn, assisted by three charming young ladies, were the reception committee, and certainly did themselves proud in the manner in which they entertained the guests.

The parlors were beautifully decorated with the national colors, and portraits of the original Dewey draped with "old glory" were in abundance. The center of attraction was a model of the flag-ship Olympia, the handiwork of F. A. Mathies and H. S. Littlejohn, which brought forth many favorable comments. The "old glory" was very fond of showing his flag to the guests and pointing out the places where he was hit during the Manila engagement, although not injured.

An amusing feature of the evening was the call for volunteers (ladies only), to be known as the "Dewey ladies." By three cheers the volunteers were formed into an awkward squad by Admiral Dewey and given their first lesson in the mysteries of military tactics, and their enthusiasm was so aroused that they are anxious to drill every night from now on, and to add word to the war department that they will soon be ready to go to the front.

Everything was of a military nature last evening, and a quartermaster's department was established whereby each guest was furnished with refreshments by given the countersign, "drink," and upon giving the magic word, "Dewey," Admiral Dewey, a souvenir bottle representing a battleship of our navy, was given to each one.

THE MANILA SOCIAL.

The Evening's Patriotic Success at the Congregational Church.

The patriotic young people of the Congregational church and their friends celebrated the unparalleled victory of Admiral Dewey at the battle of Manila last evening, in the church parlors, and paid a glowing tribute to the gallant and brave boys who so fearlessly stood by their guns in spite of the hot fire from the Spanish ships, and also to the cause of liberty and freedom, which our nation is aided upon to defend, in the interest of the neighboring island of Cuba.

Admiral Dewey represented by F. A. Mathies, Admiral Sampson by Wm. Boyce and the victorious Admiral Dewey by H. S. Littlejohn, assisted by three charming young ladies, were the reception committee, and certainly did themselves proud in the manner in which they entertained the guests.

The three gallant admirals were adorned in the regulation uniform of the navy, and exclamations of admiration were heard on all sides; as one young lady expressed it, they looked "real cute." The boys are considering wearing their uniforms on all their engagements.

The parlors were beautifully decorated with the national colors, and portraits of the original Dewey draped with "old glory" were in abundance. The center of attraction was a model of the flag-ship Olympia, the handiwork of F. A. Mathies and H. S. Littlejohn, which brought forth many favorable comments. The "old glory" was very fond of showing his flag to the guests and pointing out the places where he was hit during the Manila engagement, although not injured.

An amusing feature of the evening was the call for volunteers (ladies only), to be known as the "Dewey ladies." By three cheers the volunteers were formed into an awkward squad by Admiral Dewey and given their first lesson in the mysteries of military tactics, and their enthusiasm was so aroused that they are anxious to drill every night from now on, and to add word to the war department that they will soon be ready to go to the front.

The committee in charge is indebted to the following for the rendition of the splendid program, consisting of patriotic music and recitations: Miss Cornell, Miss Kester, Miss Kate Drury and Miss Maita Tway.

All in all, the Manila social was a patriotic success, and will long be remembered by those who attended.

The Last of the Season. The last of the season of the merry monthly socials given by the Albuquerque Guards at their hall last evening proved to be another social success. Their ability as entertainers has been established for many months, and last night's event but proved that their title as royal hosts is not wrongly bestowed.

Sergeant Frank Strong came off victorious in the drill down.

Col. Borraile and First Sergeant Harding acted as judges of this interesting contest. At its conclusion, dancing was taken up, and continued until the hour when guests are supposed to walk. Miss Hawthorn produced fine dancing music from the piano.

Among those who enjoyed the evening's diversion were: Mr. and Mrs. Dubson, Luthy, Kent, Criss, Perkins, Bryan, Trine, Tingley and Sleyter; Mesdames Frost, Pearce, Warden and Pierson; Misses Myers, Albright, Saint, Wiley, Kent, Hawks, Fox, Kunz, Cameron, Huang, Hawley, Kittle and Mand Hill, Emily, Meunier, Anderson and Mary and Lora Pettit; Messrs. Alger, Harding, Paxton, Spitz, Sadler, Vann, R. McDonald, Miller, Kopler, Watson, Medler, McKinney, Wilkerson, Kellings, Frost, McRae, Rogers, Booth, Trotter, Mann, Erickson and Short.

Episcopal Convocation. The sixth annual convocation of the missionary district of New Mexico of the Episcopal church, convened at Socorro Thursday. The bishop and clergy from various points were in attendance.

After celebration of holy communion, the convocation was called to order and matters of business were transacted relating to the conduct of church administration during the ensuing year.

At 8 p. m., after eveninging, a powerful convocation sermon from Acts 10 and 38, was preached by the Rev. Wm. Selby, of Las Vegas.

The clerical delegates are being entertained by the church people in the hospitable fashion for which Socorro is noted.

The work of the convocation will (D.V.) redound to the advancement of the interests and welfare of the church in New Mexico.
