## ROJESTVENSKY SAILS SOUTH

To Meet Second Pacific Squadron Under Command of Admiral Nebogatoeff.

## INDIGNANT AT FRANCE

Japanese Believe That Russians Are Obtaining Stores and Supply in Territory of Neutrality.

St. Petersburg, May 5.—Admiral Rojestvensky, according to a high naval authority has sailed south to meet the division of the Russian second Pacific squadron commanded by Admiral Nebogatoeff. The admiral has information that a Japanese division of fast cruisers and torpedo boat destroyers was sent south for the purpose, if possible, of crippling or destroying Admiral Nebogatoeff's ships before they could effect a junction with those of Admiral Rojestvensky and there is reason to believe the Japs took up a position in the Straits of Sunda. There is also reason to believe that Admiral Nebogatoeff first approached the Straits of Sunda, but, finding them too well guarded, put about and headed north for the Straits of Malacca.

To Have Left Kamranh Bay May 3d. Saigon, May 5.—The Russian division near Hong Kong Bay, a short distance north of Kamranh Bay, was on May 2d, preparing to leave its moorings the following day. Admiral Rojestvensky had previously informed the French authorities of its proposed departure.

Russian Cruiser Leaves Vladivostok. St. Petersburg, May 5.—The Russian armored cruiser Gromoboi, it is announced, has left Vladivostok.

Nebogatoeff Would Be Easy for a Swift Adversary.

St. Petersburg, May 5.—The admiral expresses much gratification at the fact that Admiral Nebogatoeff has successfully reached the China Sea, but it appreciates that the composition of the division renders it particularly vulnerable to a swift adversary, especially as the crews of his ships have not had the training in maneuvering or target practice which Rojestvensky's crews have had.

The Japanese Resent France's Inactivity.

Tokio, May 5.—Popular attention is now centered on the presence of the second Russian Pacific squadron in French waters. While the French assurances relating to the Kamranh Bay incident were generally accepted, the later discovery that the Russian fleet continued to stay there and at other French ports is deeply resented. The local press charges France with bad faith and repeats its demands for independent action by Japan. The conservative element is willing to await France's explanation, hoping that country will finally expel the Russians.

Japanese Make Daily Visit to Paris Foreign Office.

Paris, May 5.—Japanese representatives here continue to make almost daily visits to the foreign office for the purpose of learning what steps are being taken to compel the Russian second Pacific squadron to respect the neutrality of French waters and also to present information reaching Tokio showing that the Russian warships are receiving supplies from French ports. The Japs have not renewed their protest but they are showing great solicitude and their repeated visits give a more pressing character to their representations each day concerning the location of the Russian ships. It appears to be conceded that they are outside the three mile limit, so the question no longer hinges upon their being within French territorial waters. But Japanese information indicates that the Russians, while outside the neutral limits, keep up communication with the shore, thus retaining the practical advantages of remaining inside neutral waters.

## CONGRESSMAN BRANDEGEE.

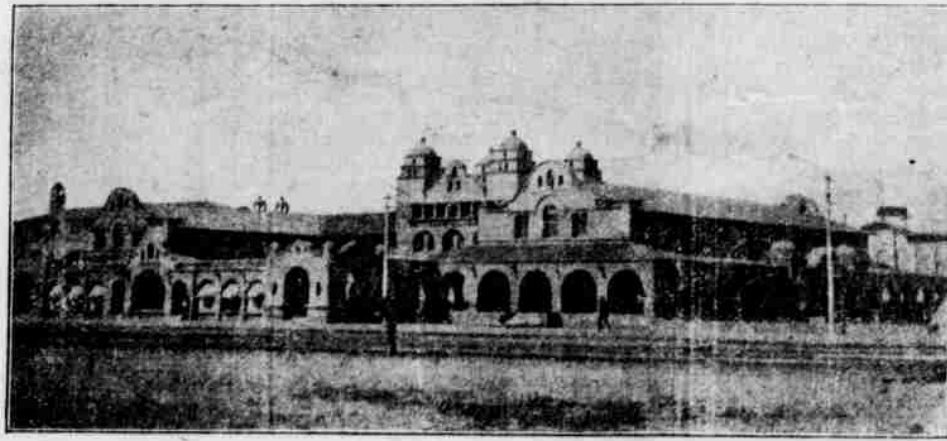

Nominated on 37th Ballot to Succeed the Late Senator Platt of Connecticut.

Hartford, May 5.—The choice of Congressman Frank B. Brandegee to be the Republican candidate for the United States Senate to succeed the late Orville H. Platt came at the end of the 37th ballot. In view of the small Democratic minority, the nomination of Mr. Brandegee is equivalent to an election.

## INDICTMENTS QUASHED AGAINST THE SMITHS.

New York, May 5.—Judge Foster in the court of general sessions today quashed the indictments charging conspiracy against J. Morgan Smith and his wife, Julia Patterson Smith. He gives the district attorney permission to resubmit the case to the grand jury. The Smiths were arrested in Cincinnati and are now in Tombs prison here.

### COG WHEEL RAILROAD.

May Be Built to Fisher's Peak From Trinidad—Eastern Capital Interested in Project.

Trinidad, May 5.—Eastern capital is considering the project for the construction to Fisher's Peak of a cog wheel route, much the same as the one which runs to Pike's Peak from Colorado Springs. The matter is being seriously discussed, and a local promoter is in communication with the men interested in the proposition. Capital can easily be secured. It is said, however, that the proposed route is only incidental to a gasoline line that will take in all the towns surrounding Trinidad. The capital behind the whole plan will come largely from men connected with the Colorado Fuel and Iron Company.

If this scenic line is constructed steps will be taken by the promoters to advertise Trinidad as a summer resort. The Colorado & Southern is believed to be interested, the summer resort at Catskill being a part of the whole scheme. This will be boomed as only a railroad can boom a resort. It is reasonably certain that the cog wheel route to the top of Fisher's Peak could be made a paying investment within a short time. Whether it is or not, however, the road is to take in many of the camps in the district and will reach as far as Hastings and Aguilera. Representatives of the moneyed interests connected with the line have been in this city for some time looking over the field.

### RICH GOLD FIND MADE.

Old Miner Discovers Ledge in Grant County Which Contains Ore Assaying From \$50 to \$150.

Silver City, May 5.—Considerable excitement reigns in this city over a rich gold find in the Fleming district about five miles west of here. The discovery was made by Peter June while doing prospecting work in that vicinity. When the discovery became known it was only a few hours until claims had been located for distances of over a mile around the strike. The find was in the shape of a ledge on the surface and samples taken from the rock have been assayed and run from \$50 to \$150 in gold. The ore ledge, upon being opened by an open cut, exposed a width of 18 feet of very rich gold ore and one side of the ledge has not been opened up to its full width and distance. Mining men are much excited over the find. June, who made the discovery, also found the Old Man mine in the same district, which produced a fortune in silver several years ago.

### THIRTY-TWO BUFFALO

Go to the 101 Ranch in Oklahoma—Six Will Be Killed for Feast to National Editorial Association.

Topeka, May 5.—A small fortune passed through Topeka last night in two freight cars on the Santa Fe Railway. These two cars contained one-tenth of the living buffalo of the United States, valued at about \$16,000 and on their way to the 101 ranch of the Miller brothers at Bliss, Oklahoma. Six of these buffalo will be slaughtered to be used at a feast for the guests at the ranch upon the occasion of the big celebration on June 11, to which the Miller brothers have extended an invitation to the members of the National Editorial Association. There are thirty-two buffalo in the herd. These, added to the Miller herd at the 101 ranch, will make the largest herd of buffalo in all the world.

### SURVEYING PARTY IS WORKING TOWARDS WATROUS.

The Las Vegas Optic of Thursday says: "Thomas P. Gable, of the Zimmerman-Gable surveying party, who have the contract for making an authorized survey of the Las Vegas grant drove into town today after supplies for the camp. Mr. Gable said to an Optic reporter that the survey east and south of the Nine-mile lake had been completed, two transits being employed in the work. The party is now working towards Watrous and will come this way again on the next township line. Stone corners, properly chiseled and inscribed, are being set at the corner of each section."

### THE OLD, OLD STORY.

President Ripley Once More Announces That Santa Fe Will Spend \$10,000,000 on Belen Cut-Off.

San Francisco, May 5.—President E. P. Ripley, of the Santa Fe, who is still on the coast, has announced that there will be spent by the company the sum of \$10,000,000 in building the new cut off for the company's overland line to California in order to avoid the mountain grades and reduce the running time of trains. The western end will be at Belen, about 35 miles south of Albuquerque, while the eastern end will be at Texico, a station on the New Mexico line on the Santa Fe running north and south between Kansas and the Pecos Valley in western Texas.

### TWENTY ROUND BOUT TONIGHT.

Jimmy Britt and Jabez White Will Meet in Pugilistic Arena at San Francisco.

San Francisco, May 5.—After many ups and downs, Jimmy Britt and Jabez White are to meet tonight in a twenty round bout before the Hayes Valley club. Britt is a strong favorite in the betting, 10 to 4 being given in his favor. The grand jury has given instructions for no open betting but it is not believed that there will be any interference with the fight. Both men are trained to the hour and each is confident of victory.

### GOV. DAVIS TO RETURN.

On Account of Attack of Malaria He Will Leave His Post on Isthmus of Panama.

Washington, May 5.—Secretary Taft today cabled Governor Davis at Panama to return at once to the United States, placing Governor Gorgas in charge until the arrival there of Governor Magoon. Colonel Davis has been suffering from malaria but it was feared that his departure from the Isthmus at a time when health conditions are adverse would be misunderstood.

### SENATOR'S DAUGHTER TO WED.

Miss Frances Newlands Will Tomorrow Be Married to Lieutenant von Bredow of Germany.

Washington, May 5.—The marriage of Miss Frances Newlands, daughter of Senator Newlands, to Lieutenant Leopold von Bredow, of the Cuirassier guards in the German army, will take place at Washington on Saturday, May 6th. The wedding will be a quiet affair, only the members of the family being present.

### STARKVILLE MINE HORROR.

Three Men Killed Under Tons of Rock in a Cave in One Mile Under Ground.

Trinidad, Colo., May 5.—As the result of a cave-in at the Starkville mine today, John O'Neill, James Roe and Jack Cavillito were instantly killed, buried under tons of rock. The cave in occurred a mile under ground, away from the main part of the mine. The bodies have not yet been recovered.

### WILL NOT MOVE CAMP.

Heavy Storm Interferes With the Plans of the Presidential Hunting Party.

Glenwood Springs, Colo., May 5.—The President's hunting plans have again been changed, this time by heavy storms. The plans for moving camp have been abandoned. The President will hunt from the present camp today and tomorrow, and will then come to Glenwood Springs, via New Castle.

### CHINAMEN DISGUISED AS MEXICANS.

El Paso, May 5.—A Chinaman arrested last night entering the United States, impersonating a Mexican, says that many of his countrymen are successfully working this ruse. Hundreds of them fill the Mexican border cities and are smuggling in at every opportunity.

### GOOD PROSPECTS FOR CATTLE.

Owing to the Scarcity of Stall-Fed Stock, Range Animals Will Bring a Good Price.

El Paso, May 5.—Colonel Allen, who has been in the cattle business for the past forty years, and who represents one of the largest live stock firms in Kansas City, is here today. He has just returned from a trip into the Panhandle country of Texas, into New Mexico and to the Big T. O. Ranch, and states that from these sections he has contracted for the immediate shipment of 9,000 head of cattle. The colonel says that during the forty years of his experience he has never seen the cattle ranges in better condition. That the market is in better tone than it has been for the past five years and he predicts an era of better times for the cattlemen of this section. The high tone of the market is due to the fact that the cattlemen are not offering to sell very freely, the ranges being in such condition that they can afford to hold for better prices. Poor ranges and low prices have for the past five years made the cattlemen market their cattle pretty freely because they could not afford to pasture them. Very few stall-fed cattle are replaced on the market and this makes the demand for fat range cattle very great.

### NEW MEXICO PIONEER DEAD AT TRINIDAD.

Trinidad, Colo., May 5.—Mrs. Flora McKure, one of the parties of the first American marriage which ever took place in the Territory of New Mexico, died today at the home of her daughter, Mrs. Ed West, at the age of 76 years. Her parents, Mr. and Mrs. Alexander Hart, freighted to Santa Fe in an ox wagon in 1849. In this same year she was married to Charles McKure at Santa Fe. They crossed the plains four times in a wagon, her husband being in the employ of the government. From 1857 to 1858 she was in Salt Lake City, Utah, where she knew Brigham Young. She crossed the Sangre de Cristo range to California on a mule and from San Francisco went to New York by steamer across the Isthmus. She has lived here since 1863.

### HAS CONTROLLING INTEREST IN MINES.

Alamogordo, May 5.—The party of St. Louis capitalists, headed by ex-Governor Francis, who have been in this section for the past week, inspecting the Jarilla mones, have announced that they had bought a controlling interest in the mines and would erect a large smelter, construction to begin at an early date. A. J. King, of Alamogordo, was, until the sale to the St. Louis parties, one of the principal owners of this property, which is regarded as one of the most promising in New Mexico.

### GOLDEN STATE LIMITED TO RUN ALL SUMMER.

Topeka, May 5.—The Rock Island's Golden State Limited will be run every day this summer between Chicago and California. The Rock Island is making special preparations to handle an immense amount of western passenger travel during the coming summer, especially to Colorado. The regular Colorado flyer from Kansas City west will be continued.

### WILL ENTERTAIN MEMBERS OF EDITORIAL ASSOCIATION.

El Paso, May 5.—The National Editorial Association will stop in this city on its way to the Pacific Coast in June and will be entertained by the Chamber of Commerce. The notification of the acceptance of El Paso's invitation has been received by Mayor Davis from the officers of the association.

### LARGEST ORDER FOR LOCOMOTIVES.

Paterson, N. J., May 5.—The Baltimore & Ohio Railway has awarded contracts to the American Locomotive Works for 245 locomotives, at an aggregate cost of \$4,000,000. This is said to be the largest order for locomotives ever given in the United States.

### PRISONERS FORM MORA COUNTY.

Four Brought to Penitentiary, One for Forgery, One for Discharging Firearms, Two for Burglary.

Yesterday evening Deputy Sheriff Patricio Sanchez, of Mora County, accompanied by Juan B. Martinez, of Mora, brought to this city for confinement in the Territorial penitentiary four prisoners who were recently sentenced by Judge W. J. Mills, of the Fourth Judicial District court for Mora County. The names, ages, crimes and terms of sentence of the men are as follows:

William Myers, aged 21 years, one year for discharging firearms within the corporate limits of Wagon Mound; Gabriel Sanchez, aged 21 years, one year for forging two orders on Simon Vorenberg at Mora; Walter S. Brewer, aged 27 years, three years for robbery of a box car on the Santa Fe at Wagon Mound; Walter A. Brown, aged 27 years, three years for the same crime for which Brewer was convicted.

The last two men were brakemen on the Santa Fe and were caught in the act of abstracting articles of wearing apparel from a car of freight. They took an appeal to the Supreme court but afterwards withdrew the appeal, and commitment papers for them were secured yesterday morning.

Deputy Sheriff Sanchez states that while these four men were confined in the Mora County jail they were very well behaved and quiet.

### E. H. WILSON GUILTY.

Pueblo Jury Returns Verdict in Connection With Indictments Against N. S. Walpole.

Pueblo, May 5.—E. H. Wilson, deputy game warden of the state, and former city detective, has been convicted on a charge of fraudulently registering names before the last general election. The jury was out but five minutes before returning its verdict. Attorneys for Wilson gave notice that they would file a motion for a new trial.

After four witnesses had been heard for the prosecution, the chief one being Blanche Shaw, the woman who was spirited away mysteriously and later found by the officers, the defense allowed the case to go to the jury without arguments.

The trial of Wilson is the first of many that will be held as a result of more than 200 indictments that were returned by the grand jury which investigated election frauds in Pueblo County.

Wilson is named in several indictments against Postmaster N. S. Walpole and former County Clerk W. T. Fairfax, the charge being conspiring to pad the registration rolls.

### SECRETARY LOEB A DEFENDANT.

Summons Issued for Him in Damage Suit Filed By Miss Mae Wood at Omaha.

Omaha, May 5.—A praecipe has been issued in the district court directing that a summons be issued for W. E. Loeb, J. Martin Miller and Robert J. Wynne, who are named as defendants in the suit filed a week ago by Miss Mae C. Wood for \$35,000 damages for forcible detention and the taking from Miss Wood of certain letters. The praecipe directs that the summons be served at this time on one of the defendants only, and names Secretary Loeb. The papers have been placed in the hands of Sheriff Power for service on Mr. Loeb.

### TO INVESTIGATE THOROUGHLY.

Henry C. Frick States That Equitable Life Committee Will Do Its Work Well.

New York, May 5.—Henry C. Frick, on leaving the city today for Pittsburg to spend Sunday, being asked as to the work of the investigating committee of the Equitable Life Assurance Society, said: "The investigating committee is doing its work as rapidly as possible, and thoroughly. My letter to Mr. Alexander on April 8, which was made public, has fixed the scope and character of the investigation, from which there will be no deviation."

### FUNERAL OF MRS. RIVENBERG.

The funeral services over the remains of the late Mrs. Grant Rivenberg were held from the residence this afternoon at 2 o'clock, being attended by a large concourse of friends. A full account will be published in the New Mexican tomorrow.

### SUPERINTENDENT McNALLY TO BE PROMOTED.

J. F. McNally, superintendent of the San Marcial division of the Santa Fe, is said to be slated for promotion to the Las Vegas division. As this is a transfer from the lightest division to one of the heaviest divisions on the road, Mr. McNally's friends are very much gratified.

Nearly all the shoes sold in Russia are manufactured by one firm in St. Petersburg. It is one of the most prosperous stock companies in the world.

## THE SHERIFF'S ULTIMATUM

That He Would Call for Troops Has Calming Influence on Chicago Strike.

## ORDERS ISSUED POLICE

To Arrest All Persons Following Guarded Wagons—The Warsaw Strike Improves Considerably.

Chicago, May 5.—Bluntly informed by Sheriff Thomas E. Barrett that troops would be asked for by him if the police and deputy sheriffs together were unable to control violence, the strike sympathizers were less in evidence about the many strike-bound stores and stables today. A distinct innovation was made by the police by the issuance of an order to arrest all persons following police guarded wagons.

Impossible to Carry Out Orders. Chicago, May 5.—Several men were hurt in a riot today on Dearborn Street, near Nineteenth. One man had his head cut open by a baseball bat and may die. The police found it impossible to arrest everyone following the wagons of the Employers' Teaming Company, but succeeded in forcing a passage for the caravan.

Work Resumed at Warsaw. Warsaw, May 5.—Work was resumed at many of the factories here today in spite of the efforts of agitators to prolong the strike.

Caucasia Presents a Servants' Strike. Tiflis, Caucasasia, May 5.—About 10,000 domestic servants and waiters of this city struck today.

### G. A. R. ENCAMPMENT.

The 22d Annual Meeting of the New Mexico Grand Army is in Session in the City of Albuquerque.

At 9 o'clock this morning the twenty-second annual encampment of the Grand Army of the Republic of New Mexico convened in Albuquerque for a two days' session. The encampment met in Odd Fellows Hall at 9 o'clock this morning. From twelve to two the Woman's Relief Corps served dinner at the Greenleaf building and at 2 o'clock the encampment again went into session. At 8 o'clock this evening there will be a public installation of officers for the ensuing year held in Odd Fellows' Hall.

The program for tomorrow is as follows: Reception to General Wilman W. Blackmar and party by the mayor committee of the city council and committee of Grand Army of the Republic at the Commercial Club at 9 o'clock a. m., after which the visitors will be taken over the city by drive to such places of interest as the committee may see fit. Returning to Odd Fellows' Hall and from there to Greenleaf building for dinner, given by Ladies of the Grand Army of the Republic, at which addresses will be delivered by prominent people and music.

Comrades of the Grand Army of the Republic will at 2 o'clock return to Odd Fellows' Hall to meet commander-in-chief and other officers. At 3 o'clock the doors will be thrown open to meet with the ladies of the Woman's Relief Corps and ladies of the Grand Army of the Republic and all veterans of the Civil War.

Reassemble at Odd Fellows' Hall at 7:30 o'clock to march to Commercial Club. The National Guard, with band and Spanish war veterans will join in the march to the Commercial building, where a public reception will be held, given by the Commercial Club to General Blackmar, General Gilman, General Downen and Colonel Brown and other soldiers, including their ladies.

### HEAVY GALE DOES DAMAGE.

Many Sail Boats Are Wrecked on Long Island Sound—Five Men Narrowly Escape Death.

New York, May 5.—Many small sail boats have been thrown ashore and wrecked in a gale which has swept this section. About New Rochelle and Larchmont, on Long Island Sound, at least a score of small boats are lying on the beach. Five men narrowly escaped death by capsizing of a schooner. They were rescued by three men in a power launch, who saw the accident and arrived just in time.

Storm Hits St. Louis, Too. St. Louis, May 5.—A heavy thunder and wind storm that swept over St. Louis last night resulted in the death of two persons and the injury of eight others, with heavy damage to property. The dead are: George Benton, age 7, drowned; Charles Kroeger, farmer, Edwardsville, struck by lightning. Along the East St. Louis levee a mile of telegraph poles was blown down.

The Progreso clothing factory at Santa Rosalia, Mexico, was destroyed by fire last week with a loss of \$250,000.

## DISAPPOINTMENT FOR HEARST DEMOCRATS IN NEW MEXICO.

There were a good many Democrats in New Mexico during the 1904 campaign, who fondly hoped that W. R. Hearst would secure the Democratic nomination for the presidency at the St. Louis convention, and acted and worked accordingly. A number of these are still holding the flattering notion to their political souls that Mr. Hearst will again be a presidential candidate in 1908 and that his boomers will again throw gold dollars wherever necessary and wherever thought to be profitable to bring him delegates and votes in the Democratic nominating conventions and success thereafter in the election. The following editorial from the Kansas City Journal will, therefore be of disappointing and sorrowful interest to the many Hearst friends in New Mexico Democracy:

"Congressman W. R. Hearst's suit against Congressman Charles A. Towne to recover \$6,000 loaned him in February, 1904, is practically an announcement to the public that Mr. Hearst will not be a candidate for the presidency in 1908. Either that, or he has lost confidence in Congressman Towne as a presidential booster. Congressman Towne's defense to the suit was that the money was loaned with the understanding that he was to write various articles for a publication owned by Mr. Hearst in Washington. He declared that he was not asked to write the articles, although he was ready and is still ready to perform the services as agreed. Notwithstanding the fact that the date of the loan, in a measure corroborated Mr. Towne's version of the transaction, judgment was rendered against him for the principal, interest and costs.

"When the loan was made Mr. Hearst was in the thick of his picturesque campaign for the Democratic presidential nomination. Mr. Towne, long celebrated as a silver-tongued orator, was supposed to wield an influence stretching from New York, where he now lives, to his old home in Minnesota. The hypothesis is fair and plausible under the circumstances that the loan was not a business transaction, but a political investment, especially in view of the fact that Minnesota had not at that date selected its delegates to the national convention.

"At all events, Mr. Hearst's suit to recover the flotsam and jetsam of his political shipwreck in 1904 indicates that he is not casting any bread upon the waters with a view to 1908. This will be sad news to thousands of Democrats throughout the country who felt a patriotic interest in a man who is said to have spent \$1,500,000 in his campaign for the nomination. Mr. Hearst's attack of cold feet will cause a chill in Democratic circles everywhere."

The gambling instinct is inborn in men and they permit themselves to be sheared by the gambler whenever the slightest opportunity offers, as is shown by the success of the many get-rich-quick schemes in which men will invest their hard-earned savings despite frequent and forcible warnings. A recent exposure of the Mexican Beneficial, a lottery, which has drawn thousands of dollars out of New Mexico alone, shows that the four promoters of the lottery netted \$3,000,000 annually out of the scheme for the past fifteen years, or \$45,000,000 altogether, sufficient to give every man, woman and child in New Mexico, a present of \$200. Yet, the suckers will continue to bite.

Edna May, the actress, is on the high road to fame and fortune in the theatrical line. Although less than thirty years of age she has just secured her third divorce. As she is very pretty and vivacious, the chances are, at the rate she is going, that within the next fifteen years she will get ten more divorces. She will be the best advertised woman in the country by that time.

## RELIGIOUS FREEDOM IN RUSSIA.

The edict of Emperor Nicholas granting the freedom of religious worship throughout the Russian empire, if carried out by the bureaucracy in letter and spirit, will bring about wonderful and speedy improvement in that country. The Greek church will remain the state church and the Emperor will be at the head of this religious organization, as has been the case for centuries, but the Polish Catholics, the Protestant Finns, the three and a half to four millions of Jews and many other dissenters will be able to live up to their religious views without being subjected to the barbarism of Russian prisons and to the painful administration of the knout. The power of the clergy, which heretofore and especially under the present procurator-general of the Holy Synod, Pobiedonosteff, has been used ruthlessly and tyrannically against all those who were not orthodox members of the state church, will be broken, and millions upon millions of men, women and children within the Russian dominion will breathe more freely and independently, and will hereafter be able to exercise their religious beliefs openly and without fear of punishment, as is the case now in all civilized countries. The benefit the measure will bring about in Russia depends upon the good faith with which the terms of the edict will be carried out. Civilized and liberal people throughout the globe will hope for the best. Time alone can determine how the decree will be interpreted and how its provisions will be carried into effect by those charged with that duty.

## ALFALFA A DANGEROUS RIVAL TO COAL.

Several weeks ago, the announcement was made that the manufacture of alcohol from potatoes will eventually put the coal mines of New Mexico out of business and now come the tidings, and from Germany too, that alfalfa hay will displace alcohol as a heat producer. A box called a "fireless" stove is filled with alfalfa, according to the report of the United States consul at Frankfurt on the Main. Food is brought to a boiling heat for several minutes in covered vessels and these covered vessels are then placed in a box filled with hay, a pillow of hay is placed over them and the box lid is made tight. The hay keeps the pot boiling for many hours and nine-tenths of the fuel is saved. The hay must be renewed when it gets mouldy. The alfalfa industry, even at present, is the only serious rival that the coal industry has in New Mexico and with a boost like that of the new invention, or rather discovery, alfalfa lands ought to fetch higher prices than ever before.

Too much civil service will prove just about as bad a thing as too much politics in filling government positions. There is much danger that the civil service racket will be overdone. There is more or less humbug connected with it at any rate and it is likely to run wild. After all, in a republic, there must be rotation in offices, especially in those in the higher branches of the government service. In some of the New England states, where they still have yearly elections, they evidently as yet, believe that short terms of elective office are preservative of the rights of the people, and there is much to be said in favor of this political theory.

Despite the allegations of the yellow newspapers in New Mexico that the people of the Territory are being ruined by the laws passed by the Thirty-sixth Legislative Assembly, the credit of the Territory is first-class and territorial bonds are held at a big premium. In addition, new banks are being organized over the Territory, this fact proving right conclusively that capitalists are not afraid to invest money in the Territory. A charter for a national bank at Las Cruces, with a paid up capital of fifty thousand dollars, has been asked and several new private banks have come into existence in the Territory within the past six months.

When one considers the fine climate of Santa Fe and the fact that this city can be reached in from two days and a half to three days from even remote sections of the United States, it seems strange that so many people will live in Chicago, St. Louis, New York, Philadelphia, Boston and other cities when they might come to New Mexico's capital and enjoy better health as well as the finest all the year round weather on earth. But then, there have always been perverse people.

Emperor William II. of Germany is attempting a bluff on this country in asserting that trade relations between Germany and the United States may be severed unless reciprocity is made the policy of this country in its trade relations with Germany. The Emperor is still hot-headed and it seems that his hot blood has not yet been cooled. He will get over it. In the meantime, the people need not worry too much on account of the threats of the picturesque War Lord of Europe. The year 1905 is not the year 1887 nor the year 1896.

Vice President Hyde, of the Equitable Life Assurance Society, claims that the one hundred thousand dollar French dinner he gave a few months ago was a grand advertising scheme for the society. That may be, although many people doubt seriously that it was of the right kind.

## MUNICIPAL OWNERSHIP OF PUBLIC UTILITIES.

Mayor C. E. McConnell of Durango, Colorado, who has visited Santa Fe several times in recent years, is not a Socialist, nor is he an Anarchist. He is rather a member of the class whom Colonel Bryan calls "bloated plutocrats." He is president of a bank, a railroad promoter and a capitalist. Yet, he believes in the municipal ownership of public utilities and advocates that Durango, which is not larger than Santa Fe, should furnish its own street lights, run its own water works, operate its own street railway and build its own sewers. He sees a large revenue and better service in sight with municipal management of these public utilities, while under corporate management, these utilities yield no revenue to the city and the service is very poor. Mayor McConnell, who is a shrewd business man and not a visionary, believes that it will pay the city of Durango to buy the present water and light works and the street railway at a fair price and in the future to manage these for itself. When men of Mr. McConnell's standing and acumen take a view of this kind, it is well to look into the matter closely, even in New Mexico towns, which as a rule are ultra-conservative.

Advices from Washington have it, that in view of the intention of the Republicans to grant speedy statehood to the southwestern territories, there will be but few changes in the territorial officials of Oklahoma and that Gov. Ferguson and Territorial Secretary Grimes are therefore reasonably sure of re-appointment despite vigorous opposition from political opponents. If that is the case in Oklahoma, it is likely to be the situation in New Mexico and Arizona, and everything considered this will probably be the best policy all around.

On May first, the Republic of Mexico adopted the gold standard. This has aroused the ire of Colonel Bryan and he has called that country "apostate Mexico," and now let the sister republic on the south bow its head in sack cloth and ashes for the next ninety days so as to appease Mr. Bryan's wrath, as he may do worse than simply call names.

Since Governor Folk has insisted on "dry Sundays" in St. Louis and Kansas City, the whiskey-in-bottles trade on a Saturday evening has assumed gigantic proportions. The average Missouri whiskey-bibber knows that there are other ways of killing a dog besides choking the animal with butter.

During the last few days President Roosevelt has been after grizzly bears and ex-President Cleveland after women's clubs. The difference in the situation now is that there are no grizzlies after President Roosevelt, but there are many women's clubs after ex-President Cleveland.

Under a law recently passed by the Wisconsin legislature bachelors in that state have to pay an annual tax of ten dollars. The strange thing concerning this is that no one is kicking. The bachelors say they are willing to pay and the rest of the people are willing to have them.

The New Mexican takes no stock in the report from New York that agents of the Pennsylvania Railroad Company have been trying to corrupt Tammany aldermen. There is no necessity for that and railroad agents generally do not do unnecessary things in politics.

The members of the Chicago Teamsters' Union may keep up their strike indefinitely as long as they do not interfere with non-union teamsters who desire to work and with employers who wish to employ non-union labor.

President Eliot, of Harvard, thinks the only way to get away with the trusts is to "moralize" them. The New Mexican thinks that to "demoralize" them would produce a better effect.

The Albuquerque Journal and the saloon men of the Duke City are no believers in the American theory of Sunday observance and Sunday closing. Birds of a feather.

Between trying to get municipal ownership of railroads and the teamsters' strike and disorders, Mayor Dunne of Chicago, finds his hands full.

When President Roosevelt gets back to Washington he will find that the government still lives.

Santa Fe County needs a new and modern jail. Sabe?

## BIND YOUR MAGAZINES.

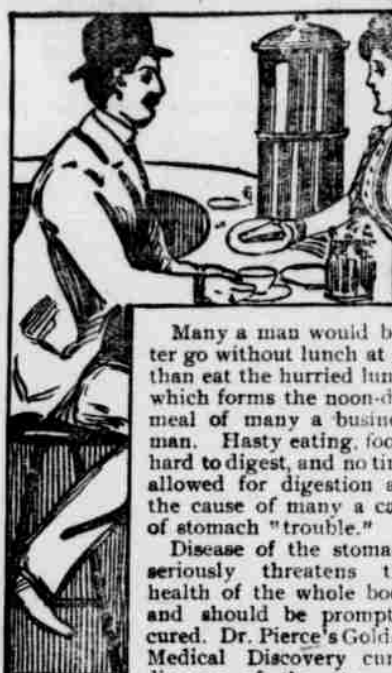

The cost is little enough and the volumes will be a valuable addition to your library. The work we do in this line is as first-class as our printing—and you know our kind of printing. We will bind your magazines in good style, half morocco, for \$1.25 per volume.

## How's This?

We Offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by this firm.

WALDO, EMMETT & A. MYER, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

Many a man would better go without lunch at all than eat the hurried lunch which forms the noon-day meal of many a business man. Hasty eating, foods hard to digest, and no time allowed for digestion are the cause of many a case of stomach "trouble."

Disease of the stomach seriously threatens the health of the whole body and should be promptly cured. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food and the proper nutrition of the body on which physical strength depends. "Nine or ten years ago my health became very poor, and in 1892 was so far gone that good doctors pronounced my case the worst they had ever treated," writes Mr. Harvey Phillips, of Florence, Ala. "I had acute stomach trouble, liver complaint, catarrh and was nervous to such an extent I could not sleep. I finally got three bottles of Dr. Pierce's Golden Medical Discovery and some 'Pellets.' Took them according to directions on the bottles, and in a few days noticed a decided improvement. I commenced to get more rest at night and could eat with pleasure, where formerly food was like chips to me. When I had used three bottles of the 'Discovery' I was a new man; could eat mince pie for supper, go to bed at seven P. M. and sleep until seven A. M. I am now working at my trade (carpentry), every day in all kinds of weather and think if I had not taken your medicines I would now be under the sod."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

## CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. He was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

## WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

## THE BEST COUGH SYRUP.

S. L. Apple, ex-Probate Judge, Ottawa, Kan., writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co. pany.

## CHAMBERLAIN'S COUGH REMEDY THE VERY BEST.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

## INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and \$1.00 at Fischer Drug Co.

## HOW TO WARD OFF OLD AGE.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

While a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale by all druggists.

**GIVES HEALTH, VIGOR AND TONE.** Herbine is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

## ALL EYES ON NEW MEXICO.

A Few of the Many Teachers and Educators Who Want to Come to the "Sunshine Territory."

The records of the office of the superintendent of instruction of this Territory, in addition to those of the Bureau of Immigration, are bearing proof that New Mexico is in the public eye and that many, many people are desirous of coming to the Sunshine Territory, and that many are coming. Since the first of the year over three hundred letters from professors, educators and teachers have been received by the superintendent, all desiring to know something about New Mexico and all wishing to come here. They are from all parts of the United States and their number is constantly increasing. The New Mexican is taking pains to give these letters some examination and the results of this are certainly of great interest. Summing up, it is found that among those who want to come here are:

An ambitious young man from Alabama, principal of the city schools in his home town.

An experienced teacher from Texas, superintendent of the city schools and a graduate of the Missouri state normal school.

A young woman teacher from Missouri, who has had a very successful career for the last five years.

A woman teacher from Illinois, who has done years of good work in the Illinois State Normal University.

An accomplished young teacher from Michigan and a graduate of the Michigan State Normal College.

Five young teachers highly recommended, one from Pennsylvania, one from Missouri, one from Rhode Island, one from Indiana and one from Texas, three women and two men.

Two young women teachers from California and one from Minnesota.

A professional teacher from Montana, superintendent of schools.

A professor from St. Louis, a graduate of the Cornell University.

A professor from Iowa, principal of schools there.

Six young teachers, one from Kansas, two from Texas, one from Michigan, one from Kansas and one from Missouri.

A Texas professor, superintendent of schools.

A Colorado professor and principal of schools. Graduate of the Pennsylvania Normal Schools.

Two young women teachers from California, holding life diplomas, strong, healthy, and progressive.

A promising educator from Kentucky, institute instructor, lecturer and superintendent of schools, twenty-five years experience.

A Kansas professor, superintendent of city schools, holds life diploma.

A woman teacher from St. Louis, graduate of the University of Toronto and of Bryn Mawr College, Pennsylvania.

An Oklahoma professor, institute instructor.

A professor from North Dakota, graduate of the University of Minnesota, with the degree of B. A.

A young woman teacher from Colorado.

A Minnesota professor, graduate of the University of Minnesota class, 1903.

An Iowa professor, superintendent of city schools.

A young woman teacher from Arizona.

A professor of Nova Scotia, a graduate of the University of Halifax, principal of city schools and also attended Harvard University, 32 years old.

A Texas teacher, graduate of Himes College, Tennessee.

A professor from Connecticut, graduate of the University of Michigan, (1901) received M. A. degree. Since 1903 has been studying English in Yale.

A young woman teacher from Michigan, a graduate of the Michigan State Normal Schools, special teacher of natural science, physiography and meteorology.

A young woman teacher from Georgia has a life diploma.

A woman teacher from an Ohio college, graduate, principal of city schools.

Two women teachers, one from Indiana and one from Colorado.

A woman teacher from Texas, holds a University degree.

A woman teacher from Colorado.

A Texas professor, principal of an academy. Special teacher of science and mathematics.

A woman teacher from Pennsylvania, a graduate of the Pennsylvania State Normal School.

A woman teacher from Georgia, graduate of La Grange, Georgia Female College, seven years' experience, of which three years were spent in Porto Rico, knows Spanish.

A Montana professor, holds life diploma.

Five women teachers, one from Illinois, one from Pennsylvania, one from Colorado, one from Iowa, and one from Michigan.

A teacher from Pennsylvania, a graduate of the State Normal School of Pennsylvania.

Two women teachers, one from Montana and one from Colorado.

A woman teacher from Tennessee.

## SKIN DISEASES

Altoona, Pa., June 20, 1903.

I was afflicted with Tetter in bad shape. It would appear in blotches as large as my hand, a yellowish color, and scale off. You can imagine how offensive it was. For twelve years I was afflicted with this trouble. At night it was a case of scratch and many times no rest at all. Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day I am practically a well man. Only two tiny spots are left on the elbow and shin, where once the whole body was affected. I have every confidence in the medicine, and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good. I am grateful for what it has accomplished, and trust that what I have said will lead others who are similarly afflicted to take the remedy and obtain the same good results that I have.

125 East Fifth Ave. JOHN F. LEAR.

While washes, soaps, salves and powder relieve temporarily, they do not reach the real cause of the disease. The blood must be purified before the cure is permanent. S. S. S. contains no potash, arsenic or mineral of any description, but is guaranteed purely vegetable.

Send for our book on the skin and its diseases, which is mailed free. Our physicians will cheerfully advise without charge any who write us about their case.

New Mexico, was in the city this  
morning en route to points in the  
northern part of the Territory where  
he has gone to investigate mining  
claims.

Jacob Weltmer, Jose M. Garcia, and  
John C. Hull, members of Carleton  
Post, G. A. R., left the city last night  
for Albuquerque, where they will at-  
tend the twenty-second annual en-  
campment of the Grand Army of the  
Republic of New Mexico, which meets  
there today and tomorrow.

Mrs. P. A. Mixsell and daughter,  
who spent the winter at the Sanitar-  
ium, were passengers this morning on  
the Santa Fe for Chicago. They are  
exceedingly well pleased with the cli-  
mate and city of Santa Fe, and expect  
to return in the near future for an-  
other sojourn in the "Land of Sun-  
shine."

W. E. Conner, formerly a foreman  
in the large stamp mill in Smuggler,  
Colorado, was in Santa Fe today. He  
is on his way to Silver City where he  
has business interests. Mr. Conner  
thinks that this year is going to be  
a record breaker in mining circles. A  
great many new claims have been lo-  
cated on which paying finds have  
been made.

N. C. Westerfield, of Chicago, min-  
ing expert, who, after examining the  
mining property of the Eagle Mining  
Company near Parsons, in Lincoln  
County, went back to Chicago to make  
report, has returned to New Mexico  
and will make another examination of  
mining districts in Lincoln County. He  
was in the city today and was regis-  
tered at the Claire.

Lee H. Rudisill, of White Oaks, New  
Mexico, superintendent of schools in  
Lincoln County and editor and pub-  
lisher of the White Oaks Outlook, was  
in the city yesterday afternoon on  
business. Mr. Rudisill states that so  
far this year everything has worked  
to good advantage in agricultural and  
stock raising lines. There is plenty  
of water and the only danger from the  
water is that there may be too much.  
The schools of that county are in first  
class condition and the past year has  
been a successful one.

J. H. Barnsley and wife, of New-

town, Pennsylvania, who are on a  
pleasure trip through the south and  
west, are registered at the Palace.  
They are very much pleased with San-  
ta Fe and say that it is too bad that  
the city is off the main line of the  
railroad, as the wait at Lamy pre-  
vents many from coming here. They  
called at the office of the Bureau of  
Immigration where they were fur-  
nished with information and literature  
concerning the "Sunshine Territory."  
From here they go to visit the ex-  
position at Portland, and will return to  
Santa Fe later on and remain some  
time.

Letter Carrier Stuart C. McCrimmon  
and his mother, Mrs. D. C. McCrim-  
mon, left this forenoon for Cincinnati,  
Ohio, where Mr. McCrimmon will be  
employed on the letter carrier force.  
Mrs. McCrimmon will remain a month  
at Cincinnati and will then leave for  
southern California to join her hus-  
band, also formerly of this city. The  
members of the local postoffice force  
were at the depot to give their former  
co-worker a send-off. Just as the  
train was about to pull out they sur-  
prised him by presenting to him a  
silver smoking set, suitably engraved,  
with the following resolution signed  
by the eleven members of the local  
postoffice force: "Whereas, after fif-  
teen months of faithful service to Un-  
cle Sam in the postoffice at Santa Fe  
and a congenial companionship to his  
co-workers, Stuart C. McCrimmon is  
about to leave for a new field of em-  
ployment, we, his fellow workers take  
this means of expressing our kindly  
feeling and esteem for him upon the  
eve of his departure and present to  
him the accompanying silver smoking  
set suitably inscribed. Resolved, That  
Stuart C. McCrimmon has proved him-  
self a jolly good fellow and we com-  
mend him to the good fellowship of  
his future co-workers. Should there  
come hours of homesickness, as we be-  
lieve is inevitable to every one who  
has ever lived at fair Santa Fe in the  
Land of Sunshine, let him curl up on  
his couch for a good smoke and con-  
jure up pictures of the days when the  
Santa Fe Railway was washed out and  
he started for Canon Road from the  
postoffice in the Old Palace with only  
one letter in his pouch and with no  
visions except flood-destroyed bridges  
in front of him. May he always enjoy  
a smoke in the present world but may  
he never be called upon to smoke in  
the hereafter." Mr. McCrimmon is the  
first member of the local postoffice  
force to sever voluntarily his connec-  
tion with the local office since August  
17, 1902.

COMFORTS OF TRAVEL.

The porter on the California Limited  
this winter will be prepared to press a  
gentleman's trousers while he waits.  
This is a new wrinkle, introduced for  
the benefit of fastidious dressers. It  
isn't absolutely necessary to carry  
along an extra pair of trousers, either;  
the porter works while you sleep.

## MINOR CITY TOPICS

Mrs. F. H. Fallor, who has been quite ill for about six weeks, is improving slowly.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regularly weekly meeting this evening at Odd Fellows' Hall on San Francisco Street.

No damage has been done to the fruit and vegetables in this vicinity by the recent cold spell, so say the orchardists and market gardeners.

Santa Fe train No. 2 from the west, was annulled today. Train No. 10 from the south arrived on time and is running as No. 2 from Albuquerque east.

The balance of the household effects of the late Edward L. Bartlett will be sold along the Plaza in front of the postoffice, on Tuesday, May 9th, 1905, beginning at 10 o'clock a. m. Charles Wagner, auctioneer.

General Manager Grimshaw, of the Santa Fe Central, this afternoon issued an order for the closing of the offices in this city, so that the clerks and employees could attend the funeral services of the late Mrs. Grant Rivenberg.

Remember the public school entertainment by six (6) schools at the opera house, Friday night. Admission 25 cents, school children 15 cents. Tickets now on sale at Ireland's. Doors open at 7:30. Exercises to begin at 8:15 sharp.

The latest word from John McFie, son of Judge John R. McFie, who had his left forearm broken last week while engaged in athletic work at Mesilla Park, is to the effect that the arm is mending nicely and will be as good as ever when completely well.

Judge John R. McFie this morning received a communication informing him of the death Wednesday morning of Mrs. G. W. Dunlap, wife of the Presbyterian minister of Las Cruces. The body, accompanied by Rev. Dunlap and two children, was taken to the old home in Kentucky yesterday.

The city is now receiving brick for the construction of the necessary street crossings. The city Board of Education should be next and should have sidewalks placed around its holdings on the Fort Marcy Addition. The old walks are a menace to public safety, as well as an eyesore and a disgrace to the city.

During the carnival and exhibitions of the Monarch Amusement Company at Santa Fe May 15th to 21st inclusive, the D. & R. G. Railroad will sell tickets from Servilleta and all stations between Servilleta and Santa Fe to Santa Fe at one fare for the round trip. Tickets good returning for two days after date of sale.

The Plaza Restaurant is having two neat signs made in gold script with the words, "The Plaza Restaurant," on each of the two large plate glass windows. The signs, when completed, will attract the attention of the passersby immediately. This restaurant is one of the progressive businesses of the Capital City and is continually striving for the best.

Yesterday was city cleaning day in El Paso. Every day should be city cleaning day in Santa Fe. This city has many beautiful homes and every citizen should use his best endeavors to make the outside surroundings compatible with these. It requires only a little labor, if conscientiously and regularly applied, to keep the city free of trash and in a sanitary and pretty condition.

Tickets for the Elks' show will be put on sale Monday, May 8. Seats can be reserved at Fischer's Drug Store, beginning at 9 o'clock of that day. Come early and get the good seats. Every dollar counts in the fund which the Elks are trying to raise with which to build a first-class opera house. Santa Fe needs such a building and everyone ought to be willing to help. Miss Emily Walter will sing during the show and other specialties will be introduced.

New Mexico is to have yet more vindication of the slurs cast upon it as an arid country. The forecast for tonight is "showers and cooler." Saturday will endeavor to bring about a revival of the Italian weather, which rightfully belongs to this section and the forecast for that day is "fair and warmer weather." Colorado will have clearing weather tonight, accompanied by frosts and fair and warmer weather tomorrow. The maximum temperature yesterday was fourteen degrees higher than for Wednesday, 59 being recorded at 5:30 in the afternoon. The minimum was the same as the pre-

## TORTURE AND HUMILIATION

For Fifteen Years Face and Body Mass of Itching Sores—Could Not Express Suffering—Doctors Failed—Had Lost Hope

CURED BY CUTICURA AT COST OF \$1.25

"My head was one mass of scabs, my forehead was covered down almost to my eyebrows, and I had to wear my hat all the time. My body was covered with spots in size from a pinhead to as large as a silver dollar. A white, crusty scab would form and itch, and words cannot express the torture and humiliation I suffered for fifteen years. I tried many doctors, and all kinds of treatments, but could get no help, and I thought there was no hope for me. A friend told me to get Cuticura. I did, and in three days my head was as clear as ever. I applied the Ointment night and morning, also taking a hot bath three times a week, and using the Ointment freely after the bath. After using one cake of Soap and two boxes of Ointment I was completely cured, without mark or blemish. I was so pleased I felt like running down the street to tell every one I met what Cuticura had done for me. If any one is in doubt about this, they may write to me. (signed) H. B. Franklin, 717 Washington St., Allegheny, Pa."

## COMPLETE TREATMENT For Every Humour \$1

Complete external and internal treatment for every humour, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disgusting, itching, burning, and scaly humours, eczemas, rashes, and irritations, from infancy to age, when all else fails.

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Potter Drug & Chem. Corp., Boston, Sole Props. Send for "Skin and Blood Purification."

vious day, 32 degrees having been reached at 3 o'clock in the morning. The mean for the day was 46, eight degrees warmer than for Wednesday. The relative humidity was 40 per cent. At 6 o'clock this morning 42 degrees was recorded at the local Weather Bureau.

Rev. Francis E. Smiley will arrive from Alamogordo on next Tuesday evening, instead of Wednesday evening as had been announced at first and will commence his meetings on Wednesday. A dispatch in the El Paso papers from Alamogordo says: The revival meetings being held at the Baptist Church, led by Dr. Francis Smiley, and under the auspices of the Protestant pastors of the city, are attracting large crowds. Dr. Smiley is a forcible and earnest speaker and uses the very simplest language so that all may understand his meaning. W. P. Hanson, who ably seconds the doctor in the evangelistic work, is a gifted singer whose music is a power. He has organized a choir of forty voices for these special services. After finishing their engagement here, which will last until Monday night the 8th, the evangelist will go to several of the larger towns of the territory and then direct to New York, where they have engagements.

A farewell party and dance was tendered to Stuart McCrimmon on Wednesday evening at the homes of Mr. and Mrs. J. V. Conway and Mr. and Mrs. Charles Astler at 104 and 106 South College Street. Mr. McCrimmon has been a member of the circle in that neighborhood and he was thus entertained on the eve of his departure for Cincinnati, Ohio, where he has gone to make his future home. The evening was pleasantly spent with cards, dancing, songs and music and all had a delightful time and regretted the close of the pleasures at a late hour. Refreshments were served during the evening and Prof. George F. Bain's orchestra furnished the music. In addition to the guest of honor and the hosts and hostesses there were present: Mr. and Mrs. Frederick McCabe, Mr. and Mrs. W. N. Townsend, Misses Florence and Myrtle Hampel, Rebecca Gold and Sarah Hart; Oswald Digneo, James B. Read and Edward Astler.

## FIRST JUDICIAL DISTRICT COURT.

Cases of Interest Heard Before Judge John R. McFie—Rio Arriba, Taos and Santa Fe Counties.

In the First Judicial District Court for Rio Arriba County, judgment has been entered in favor of the Bromide Mining Company against the unknown claimants of interests in the Bromide mine.

The case of the Acequia Nueva vs. the Pueblo of Nambé, in the District Court for Santa Fe County, for redistribution of water of the Nambé River, has been set for trial on the 6th of June, next.

On the motion of certain defendants in the District Court for Taos County, Charles F. Easley has been technically removed, and re-appointed as examiner in the suit for the quieting of the title of the Rio Grande grant for the taking of testimony at Santa Fe, and Francisco Delgado has been appointed examiner to take testimony in said cause at Taos, with directions to set the case for hearing at Taos on the 22d instant. In the same case Peter M. Dolan, receiver, has been required to report fully his doings, as receiver, by the 15th instant. A. B. Renehan represented the moving party in each instance.

In the case of Paul Wunschmann & Company, against Pedro Perea and John S. Clark, in the District Court for Santa Fe County, involving the right of the superintendent of insurance to place insurance on the Capitol building other than with agencies represented at Santa Fe, New Mexico, the argument on the respondent's demurrer was concluded yesterday and the court sustained the demurrer and dismissed the complaint, holding that the relators were not real parties in interest; that the law requiring that such insurance should be placed with companies or agents in the county where the property to be insured was located did not relate to the superintendent of insurance, whose duty was prescribed by an independent statute, and that even if it did relate to him, there was repose in him an executive or official discretion which the court was not empowered to control. By special permission Charles A. Spiess of Las Vegas, and A. B. Renehan, of Santa Fe, appeared for the respondents, Messrs. Laughlin and Hanna appeared for Wunschmann & Company. This suit in its essence was for the purpose of preventing the superintendent of insurance from giving the insurance on the Capitol building to any other insurance companies than those actually represented at Santa Fe, and Messrs. Hanna and Wunschmann & Company claimed that the companies which they respectively represented, as well as other companies doing business at Santa Fe, were entitled to the insurance by statutory preference over outsiders. But the effect of the decision is to deny that contention.

## CATARRHAL TROUBLES PREVALENT

Spring Months Cause Sickness. Break the Hyomei, and Be Cured of Catarrh.

Catarrhal troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific method for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit and then breathe it for three minutes four times a day.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomei is used. Breathed through the inhaler, the balsamic fragrance of Hyomei penetrates to the most remote cells of the nose and throat, and thus kills the catarrhal germs, heals the irritated mucous membrane, and gives complete and permanent cure.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. N. Nugent, treasurer of the New York Life Insurance Company, writes: "Hyomei has completely cured my daughter of catarrh, from which she has been a sufferer for years."

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottles can be procured for fifty cents. Ask A. C. Ireland to show you the strong guarantee under which he sells Hyomei.

## The Great West

has been made since the first Studebaker wagon was made. Indeed the Studebaker wagon helped to make the West. It has been one of the most efficient aids to the advancement of civilization by making transportation easy for the pioneer. Many of the first men in the West took the Studebaker with them. They are still buying Studebakers, having learned their value by experience. The Studebaker is better to-day than ever before.

Studebakers also make a full line of all kinds of vehicles, harness, etc. They control entire output of the World Buggy Co. and make the "Lion Line" of vehicles. All dealers handle Studebaker goods. Write us for catalogues, etc.

J. D. Rand has telegraphed from Bay Minette, Alabama, that he will give \$250 towards a purse for the Placita ranch derby at the Las Vegas races.

Two hundred volumes of reference books have been received at Roswell from the department of justice of the federal government for use by Judge William H. Pope.

Owing to washouts on the Santa Fe near San Marcial, the passenger train due in El Paso at 9 o'clock Monday morning did not get into that city until 1:30 Tuesday morning.

The report is now current that the explosion of the engine on the rock train at Springer, which resulted in the death of the engineer and fireman, was the work of criminals.

Rev. H. S. Vermillion, of Arkadelphia, Arkansas, has accepted a call from the Baptist Church of Roswell and will give that place a trial. If he pleases the congregation and the place suits him he will remain permanently.

J. F. Bonham and other business men of Las Cruces believe that they have discovered marble near that town which will rival and probably be superior to the famous marble of Italy. A company is to be organized and the quarry worked.

J. F. Steele, who was taken from a stalled Santa Fe train at Albuquerque suffering from delirium tremens and who has since been confined in the jail, according to a fellow passenger, was robbed of a considerable roll of money while on the train.

Daisy Watson, a colored girl who was employed at the residence of A. E. McGaffey in Albuquerque, was arrested together with her husband, charged with the theft of a diamond ring. After spending three days in jail the case against her was dismissed the ring having been found under a scarf on the dresser at the McGaffey house.

Loy Suller, a former resident of Las Vegas, and son of a former Santa Fe engineer running out of Las Vegas but who is now traveling engineer with headquarters in Los Angeles, ran away from home a few days ago and made several unsuccessful attempts to ship as a sailor on vessels from San Pedro. He was found by his father, however, and taken home, where it is rumored he is now lying very ill.

Justice of the Peace Dockets. The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal... \$4.00  
Combination civil and criminal \$5.00  
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

SPRING RACE MEET. Albuquerque and Las Vegas. For these meetings the Santa Fe will sell tickets to Albuquerque and Las Vegas at one fare for the round trip. Dates of sale to Albuquerque, May 26th to 31st inclusive, return limit June 1st. Dates of sale to Las Vegas, June 4th to 7th inclusive, return limit June 8th.

LIVERY STABLE LAW. According to the Williams Livery Stable Law, passed by the 36th Legislative Assembly and approved by Governor Otero, every keeper of a livery stable is required to post a copy of the law in a conspicuous place in his stable. The law is for the protection of livery stable keepers against dead beats and persons who damage any vehicle or injure any animal hired from a livery stable. The New Mexican has printed the law neatly upon cardboard and is ready to fill all orders at \$1.00 for each poster in English or in Spanish.

MARRIAGE LICENSE LAW. The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

DAVID HARUM SAID: "Interest's one o' them things that keeps right on nights and Sundays." The same may be said of the Bon Ton for it keeps open nights and Sundays the same as every day in the week and you can always get the very best of the market affords, and at a very reasonable price. Try the Bon Ton for a good meal or short order.

Keep your business ever before the public by advertising in your home success in any honest enterprise.

### The March to Death BY F. V. PLACIN

The czar's army was advancing. The burning sun made the dust-laden air feel like fire. The grass on the ground was trampled down by thousands of feet and the only protection and cover were the cornfields, whose tall withered stalks concealed friend and enemy alike.

A company of Russian infantry came rushing back and threw themselves down among the cornstalks, which trembled in the air for a few seconds, then all was quiet.

In disorder, without leaders, they had fled like a herd of scared sheep, inspired only by the instinct of self-preservation, and desire to live. And now they were lying there in groups, silent and downcast, hardly able to breathe, listening and trembling at every sound, insane from fright, panic-stricken. From the direction from which they had come, and, as it seemed, directly from the yellowish green wall of cornstalks which stood between them and the enemy, came the sound of rifle shots, with a noise as of peas thrown by the handful on a drum. Sometimes stronger, sometimes weaker, sometimes in volleys came the sound, accompanied on and off by the roar of the field artillery.

Hardly had they thrown themselves down when the bullets began to strike the ground all around them, but they remained motionless, every man clutching his rifle in his hands, careful not to look at his neighbor, every man ashamed of his own cowardice. Thus passed a whole minute—an eternity of death and destruction it seemed.

A man in the uniform of a captain came running toward the cornfield which had swallowed up the company. He had lost his sword and his uniform was torn and dusty. He was furious, his face distorted with rage. He had been in command of these people, lived with them, loved them as children. He knew every one of them, his life, his character, he had led them into death, the death which threatened them from behind those hastily constructed trenches which were visible in the horizon, and they had betrayed his faith in them and fled. How he hated them in this moment!

He rushed into the cornfield breathless, unable to raise his voice to call them back, broken down with despair.

They were all there—he knew it, he felt it, only a few steps from him, stricken with fear of death, and he did not have the strength to call them back to inspire them with new courage.

The old, scarred veteran officer, stern and grim though he looked, suddenly began to sob, and sank exhausted to the ground, never once thinking of the bullets which struck everywhere around him, almost wishing that one of them would kill him.

The cornstalks parted slowly, and

The grimy face of the old sergeant.

among them appeared the grimy face of the old sergeant.

Quick as lightning the captain jumped to his feet.

"Thou also—thou, also, Stephen Ananovitch!" he shouted and rushed toward the old sergeant, who stood there pale and trembling, afraid to meet the eye of his superior officer.

"Oh, captain, captain," he groaned. "I do not understand how it happened."

"Thou dost not know?" The sergeant stood at attention, his hand raised in respectful salute.

The fist of the officer struck the pale face of the old sergeant, but he never stirred, though tears ran down

### H. S. DU VAL, C. E.

Bonded Civil Engineer.  
Ex-President S. Society of Civil Engineers.  
Ten Years State Engineer of Florida Over Railroad Construction. ....

Hon. H. C. Crawford, Sec. State to Ex-Mayor I. Sparks, of Santa Fe: It has been my pleasure to know Capt. H. S. DuVal for more than 20 years as a man of unblemished character, standing at the head of his profession in this state as a civil engineer.

Mr. DuVal is prepared to install city water and sewer works. Surveying, irrigation and the location of homesteads.

Time and again a peculiar sound was heard and a man fell to the ground dead or wounded, groaning with pain, but no one noticed or cared. The ranks closed, the holes filled.

And he stood before them as if he

Silently they marched on.

never noticed the wounded, stern and forbidding. He was no longer their beloved captain, but a merciless judge.

"What have you done?" The pale faces turned still paler, but no answer came, the groaning of the wounded was the only sound which broke the awful silence.

"What have you done? You have forgotten your oath, disgraced your uniform. You cowards, you miserable contemptible cowards!"

Shots sang and whistled around them, but this handful of men stood there motionless, at attention.

"We have forgotten the czar, forgotten our oath!"—it came with a moan from the ranks. "We are guilty; thou must pronounce our sentence, captain!"

The captain heard it and his heart filled with joy. He did not notice the "thou." His eyes shone, his chest labored heavily. "Children," he said, "also am I guilty that I let this happen. Let us march into death!"

He put on his old dusty cap, pierced by bullets, made the sign of the cross and said:

"Forgive your old captain, brethren!"

"Forgive us, captain!"

"The Little Father forgive us all!"

"Forward, march!" came the command. The Russian column had been beaten and were in full retreat before the enemy, who came rushing on.

Then out of the cornfield came a handful of soldiers. Silently they marched on in close formation, keeping perfect time as if on parade, though their faces were stern and set. An old captain in a uniform torn with bullets, marched in front, and not a man fell back, even the wounded rising again when they had fallen. The trumpets sounded the retreat, but the company did not hear. They had sentenced themselves to death and they kept on advancing.

When they came near the Japanese lines they charged bayonets and cheered, a weak cheer, it is true, which was soon drowned by the "Ban-zai" of the enemy. But a mighty response came, the Russian reserves came to the aid of their heroic comrades, who were being moved down by the enemy—a hundred to one.

Toward evening, when the sun went down behind the Yental mines and the blood-spattered fields, the Japanese had been driven back and Kuroki's flanking movement had failed.

And in the morning, when the order of the day was read, a company was mentioned which had marched alone against the attacking enemy, and though it had been almost wiped out had made it possible to take those little furrows which in military language are called trenches and breastworks and had changed the whole outcome of the battle—Chicago American.

THE MOST PERFECTLY APPOINTED  
TRAIN IN AMERICA.

In view of the increased popularity of trains numbered 43 and 44, more familiarly known as the "GOLDEN STATE LIMITED," it has been decided to continue this train in transcontinental service throughout the season instead of discontinuing the same with the close of Winter Tourist travel, as formerly. This train, consisting of buffet and tourist sleepers between Chicago, Los Angeles, Santa Barbara and San Francisco, will be operated daily, on the same schedule as effective during the winter months. It will be noted that those schedules afford the quickest time between points in California, Arizona, New Mexico, Texas, and the entire Southwest, and Kansas City, St. Louis, Chicago, Cincinnati, Pittsburg, Buffalo, Washington, Philadelphia, New York, Boston, and all points East.

Your liberal patronage the last few months has assured the popularity of this train, and in an endeavor to further serve you it has been decided to not discontinue this service as has been customary.

Soliciting a continuance of your patronage, am

## A MORMON IN SALT LAKE CITY

On his last birth day took his five wives into a Hardware Store, to buy them each a present. He asked for hose, and the clerk thinking he wanted ladies' hose, referred him to the dry goods store next door; they all said in a chorus that they wanted men's hose, and he again referred them next door. Seeing some field hoses hanging up they pointed to them and said that was the kind, so the kind husband bought one for each wife, for his birthday remembrance. We sell both garden field and ladies hoses, also rubber hose for the lawn.

## A WEEK OF JOLLITY.

The Great Spring Carnival Under the Auspices of the City Firemen to Be a Grand Affair.

With the arrival of Fred H. Burch, promoter of the Great Monarch Shows and the assurance of the positive appearance of his company in this city, the Volunteer Firemen's Carnival Committee has settled down to good hard work, with the determination of making the coming carnival one of the most successful and elaborate affairs ever held in the Capital City. The Carnival will open on Monday, May 15th, and will continue throughout the week, the distribution of advertising matter beginning today.

The local committee is now arranging for several new and attractive features of local interest to be held from day to day throughout carnival week, which, in connection with the Great Monarch Shows' already extensive free program, will certainly enliven things in Santa Fe. One of the novel features to be introduced will be a grand May pole dance, to be given to all the children on Saturday afternoon, May 20th. It is proposed to have a voting contest for a Queen of the May. Votes will sell for five cents each and the contest will be restricted to misses of 14 years of age or under. The voting for the queen will start on next Monday morning and continue through that week. On Saturday night at 9 o'clock the final vote will be counted and the young lady receiving the highest number will be officially notified and crowned queen on Wednesday night, May 17th, and will perform her queenly duties at the Saturday May Pole dance. During the week of the voting the results of each day will be announced through the columns of the New Mexican. The management intends to make this feature a very elaborate affair and it is thought now that the voting will be spirited and interesting.

The various railroads will offer one fare rates to this city throughout the entire week, and this will bring hundreds of visitors into the city, who will incidentally do considerable shopping along with their carnival pleasures.
