"The doctor," stated Mr. Newcomer, "wandered away from his room for the purpose of viewing a deep canyon sunset, and, in his absent-mindedness, found himself lost and standing on a dangerous precipice. The night was inky black, and the doctor sat on a rock to moan his fate, when all of a sudden he discerned a dim light behind a colored window shade, and, joyously remarked, 'I am saved.' **A SPRING RACING POINT.**  
Horsemen Predict Such a Future for the City of Albuquerque.

"Yes," said a visiting horseman this morning, "your city, from its location and climate, ought to be one of the great spring racing points of this continent. You have all the advantages and could race hundreds of horses to winter here and get early in the spring, when it isn't possible in most other places. You can see that by the way horsemen are drawn in now for your May meeting, when the little bit of money you are hanging up for purses wouldn't bring twenty horses in any other place or later in the year. Advertise you? Well, I should say so! All the spring race meets of any account are mighty few, and I wouldn't give one good one for all the fairs you could give here for a hundred years. You're going to have a good one here this May and you people are going at it in the right way."

**Startling Rumors.**  
This morning the city was startled by rumors, thick and fast, that Gen. Solomon Luna had been shot and killed at his ranch near Magdalena.

One report had it that one, Manuel Aragon, had rode into Los Lunas and reported the news of the killing of Mr. Luna.

THE CITIZEN immediately wired to Los Lunas, and Simon Neustadt and Leon Herting telegraphed back: "No one knows anything about the murder here."

This paper then wired to Laguna this afternoon, as the reported place of killing had shifted from the ranch to a place near Laguna, and a telegram was received from that station as follows: "Haven't heard anything of it."

Neill K. Field and Sheriff Thos. S. Hubbell, both learning of the rumors, used the wires and ascertained that Mr. Luna had left Magdalena for his home at Los Lunas on last Saturday. The sheriff has a letter from Mr. Luna, dated from Magdalena on April 25th. Both of these gentlemen think that the reports are untrue.

**Drowned in the Rio Grande.**  
Yesterday afternoon a young Mexican, aged about 18 years, Librado Silva by name, was drowned in the Rio Grande at Pima, nearly opposite the town of Pena Blanca. He was riding a bucking broncho along the river bank, when the horse ran into the river in water over the heads of the horse and rider. Silva floated from the back of the horse, and it is presumed sank into quicksand, as his body has not been found. The horse, with saddle and bridle, was found a few yards from where it had entered the river, and the animal was dead. The drowned lad worked for Valentine C. de Baca, ex-commissioner of this county.

One little fellow, who sold THE CITIZEN "war extra" yesterday afternoon was standing on the corner of Second street and Railroad avenue counting his dimes and nickels. He counted out \$1.30, and then remarked: "Golly, that is more than I make working hard all day!" He broke down the street corner with a hearty laugh, and then treated the other kids to candy.

S. H. Pruitt and Chas. Wilken, of Bowling Green, and John R. Yates, of Paducah, three gentlemen from the state of Kentucky, are at the Sturges' European, arriving last night from the north. They will find quite a delegation of Kentuckians in the city.

Separate sealed bids for bar, lunch counter, candy stand and cigar privileges for the races May 4, 5, 6 and 7 will be received by G. C. E. Culley, secretary, at the office of Culley & Armijo, up to Saturday, May 30, at 6 o'clock p. m.

Excellent small ranch for rent on mountain road, north of city, with good four room house, fruit and berries; also 6-room house on 10th street. W. A. Rankin, room 9, N. T. Armijo building.

## PRESIDENT'S MESSAGE!

He Asks Congress to Make Declaration of War.

The Measure Passed Both Houses of Congress Unanimously.

House Passed Resolution Declaring War in One Minute and Forty-One Seconds.

WHEAT IS ADVANCING IN PRICE.

Washington, April 25.—The president sent to congress the following message: I transmit to congress for consideration and appropriate action copies of the correspondence recently had with the representative of Spain in the United States, with the United States minister at Madrid and through letter, with the government of Spain, showing the action taken under the joint resolution approved April 20, 1898, "for the recognition and independence of the people of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

Upon communicating to the Spanish minister in Washington the demand which it became the duty of the executive to address to the government of Spain in obedience to said resolution, said minister asked for his passports and withdrew.

The United States minister at Madrid was in turn notified by the Spanish minister for foreign affairs that the withdrawal of the Spanish representative from the United States terminated the diplomatic relations between the two countries and official communications ceased therewith.

I recommend to your special attention the note directed to the United States minister at Madrid by the Spanish minister for foreign affairs on the 21st inst., whereby the foregoing notification was conveyed. It will be perceived that the Spanish government, having cognizance of the joint resolution of the congress of the United States and in view of the things which the president is thereby required and authorized to do, responds by treating the representative demanded by this government as a measure of hostility following that with the instant and complete severance of relations by its action, whereby the cause of national accompaniment existing state of war between the sovereign powers.

The position of Spain being thus made known and the demands of the United States being defied with complete rupture in intercourse with Spain I have been constrained in the exercise of the power vested in me by the constitution to issue the joint resolution aforesaid to proclaim under date of April 23, 1898, the blockade of certain ports on the northern coast of Cuba, lying between Cardenas and Bahia Honda, and the port of Cienfuegos on the southern coast of Cuba; and further, in the exercise of my constitutional power, and being the authority conferred upon me by act of congress, approved April 22, 1898, to issue my proclamation dated April 23, 1898, calling for volunteers in order to carry into effect said resolution of April 20, 1898. Copies of these proclamations are hereto appended.

In view of the measures so taken, with a view to the adoption of such other measures as may be necessary to enable me to carry out the expressed will of the congress of the United States in the premises, I now recommend to your honorable body the adoption of a joint resolution declaring that a state of war exists between the United States of America and the Kingdom of Spain, and I urge speedy action thereon to the end that a definitive action of the international status of the United States as a belligerent power may be known and that the assertion of all its rights and maintenance of all its duties in the conduct of the war may be assured.

(Signed) WILLIAM MCKINLEY.

**COURT IN LINCOLN.**  
Three Defendants in Garcia Murder Case Acquitted—One Convicted.

Attorney E. V. Chavez returned from Lincoln last night, where he has been attending district court for the past three weeks. He reported that the defendants in the case of the territory vs. Belandino Sanchez, Donlan Gutierrez, Victoriano Lucero and Cruz Herrera, charged with the murder of one Higinio Garcia near Lincoln, in 1896, the case lasted for eight days and was very stubbornly fought. All of the defendants, except Gutierrez, were acquitted. The latter has not yet received his sentence.

Gutierrez admitted that he shot Garcia when he found him visiting his wife after he had given him notice to keep away. Gutierrez fired eight shots, one of which proved fatal.

The territory endeavored to prove that all the defendants had conspired in killing the body of the defendant prior to the killing.

District Attorney S. F. Matthews was dissatisfied with prosecuting the case, he having represented the defendants at the preliminary hearing, so Col. G. W. Fritchard was retained by the county to represent the territory.

Mr. Chavez was also to have represented the defendants in the case of the territory vs. Ariga, Garcia, Lucero, Padilla and Herrera, the five men indicted for the murder of Bragg on Dougherty's ranch, in Lincoln county, but the case was continued until next term. Three of the defendants, Lucero, Herrera and Garcia, are residents of this county.

Some of their sheep had been stolen and were found at Dougherty's ranch. They got out a writ of replevin and Ariga, as constable, went to serve it accompanied by the other defendants. Bragg refused to consider the sheep and the shooting followed, resulting in the killing of Bragg.

S. F. Matthews sent in his resignation, as district attorney of Lincoln county, to Judge Hamilton on Friday and forwarded a copy of the same to Governor Otero.

James Devine, leader of the First regiment band, composed almost wholly of Spanish-American players, stated this morning that the band boys were getting very restless and will appeal to Governor Otero to call them out, as early as possible, to fight against Spain. This is the right kind of true Americanism, showing that the band boys are loyal to their country and against the Weyler butchers of Spain.

## A STANDING AFFRAY.

Victor Alarid used a Knife on Samuel Victor in the Old Town.

Quite a serious cutting affray occurred in Old Albuquerque early this morning. There were a number of the young men of the old town carousing at Mrs. Muriel's saloon, when Samuel Martin and Victor Alarid became involved in a drunken quarrel, which resulted in blows. While the fight was on Alarid drew a knife and stabbed Martin in the left side, just below the heart. Alarid then made his escape.

Dr. Hope was called to attend the wounded man, and pronounced the wound not to be dangerous, although the lung had been cut.

Alarid was arrested this morning by Deputy Sheriff Juan Sedillo and is now in the county jail. He will have his examination before Justice Duran tomorrow forenoon at 10 o'clock. He has retained Thomas C. Montoya to defend him.

Victor Alarid arrived in the city a few days ago for the purpose of riding several horses in the races of the May meeting. He was raised an orphan by State Senator Castromo Barcia, of Trinidad, one of the most influential men in Colorado.

Samuel Martin is a young man about 22 years of age, who resides with his parents in Old Town. He is a brother of Pedro Martin, the janitor at the court house.

Slot Machine Robbed. Some person burglariously entered Bachechi & Co.'s saloon at an early hour this morning by breaking a glass in the upper window and then manipulating the slot machine so as to be able to raise the lower sash and make an easy entry.

Once inside he satisfied himself by tearing the slot machine to pieces, and carrying away the booty. The exact amount obtained by the thief is unknown. It is believed to have been about \$15 and in nickels.

The cash register contained \$15 in change which was not taken, nor in fact was anything else in the saloon stolen.

## THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

Jan. B. Fraley, of railroad contracting fame, is in the city to-day.

A. R. W. Robertson, of Socorro, came in from the south last night and is at the European.

Mrs. Ed. Madler, who has been sojourning the past year at Los Angeles, Cal., returned last night.

Edw. J. Campbell, of Erie, Pa., Neuchâtel, and twenty-five other varieties of cheese at the SAN JOSE MARKET.

Dan. Elliott, the roadmaster from Las Vegas, is in the city, and was noticed among the local railroaders to-day.

T. A. Briggs and sons, of Nashville, Tenn., are among the Hotel Highland arrivals, arriving last night from the north.

O. H. Nelson, an old friend of Major W. A. Rankin, came in from the north last night and is at Sturge's European from Kansas City.

David Clark, one of the leading miners at Gallup, who was a delegate to the Congressional association in this city during the past week, returned to his home on a freight train this morning.

The Postal Telegraph company is stringing an additional wire from this city to the Pacific coast along the route of the Santa Fe Pacific. Workmen were at Laguna on Saturday last.

Mrs. E. E. Sprague, of Omaha, Neb., a member of the ladies' board of commissioners of the Omaha exposition, with her sister, Mrs. W. W. Sterne, of Santa Fe, are visitors in the city to-day, registering at the Grand Central.

A popular lecture on "Brains" with drawing illustrations, will be given at Perkins hall this (Monday) evening at 8 o'clock, by President C. L. Herick, of the university. A small admission of 25 cents is charged, to go toward needed apparatus. Tickets are on sale at H. E. Fox's jewelry store and Newcomer's book store.

It is stated that J. A. Cummings and G. L. Gourlay, who came here from Winslow for the purpose of locating a "Brotherhood Time Memorandum book," left the city last night, giving up the idea. They found Albuquerque too lively, the altitude too high, and the mixture of aquaria water with that from the reservoir too trying on their nerves; hence their departure for Las Vegas.

A number of the Albuquerque Guards, company G, are not in touch with the sentiments expressed in an editorial published in the Democrat of yesterday morning, and one of the Guards openly accused a certain member of the company as the author of said editorial, for the reason that he, the certain member,

had on several occasions declared that the Guards were a social organization, and was not organized to defend the honor and flag of the United States. "The social element of the company," those who believe altogether in dancing," said a member, "ought to show their colors, so the people can know who desire to dance and hold receptions, instead of defiling the honor and patriotism of their country."

Santiago Gutierrez was arrested to-day on complaint of Miss Greenblatt Ruiz, who charged that he had threatened her life and therefore asked that he be placed under peace bonds. After the evidence was in, the defendant was discharged by Justice Kibbie.

Justice Kibbie on Saturday last found Maria Serna de Baca \$5 for calling Clara Chavez de Trujillo a "plate licker" and other unseemly names. The fine was suspended as long as defendant refrains from calling plaintiff a "plate licker."

Ex Gov. E. G. Ross, the ranchman south of the city, was a pleasant caller at this office at noon to-day. He states that he enlisted at Topeka, Kansas, in 1861, and would like to enlist in the present war against the butchers of brutal, cruel Spain.

It is understood that Governor Otero will appoint Adjutant General H. B. Hervey to command the contingent of New Mexico volunteers, when called out and mustered in the service of the United States.

A. B. Laird, who has some mining and other interests at Flagstaff that demand his attention, will leave for the west to-night. He is here to learn the latest war news, and was a pleasant caller at this office.

W. K. Nordisack, manager of the western department of the Germania Life Insurance company, will arrive here from Denver to-night, and he will be entertained by M. E. Becker, the local agent.

Let the enterprising public-spirited ladies get together and secure a flag for the Albuquerque Guards, Company G. It would be a worthy step, and one appreciated by the Guards.

J. W. Switzer and wife, two popular folks from Winslow, are still in the city, having rooms at Sturge's European.

Noble Trimble expects to return to Thornton in a few days. He has been here on the sick list since last Thursday night.

A. B. McGaffey, the agent for the Santa Fe Pacific at Wingate, returned to his post of duty last Saturday night.

The city council will meet in special meeting this evening.

Fresh fish to-morrow. SAN JOSE MARKET.
