## HISTORIC AND ANCIENT TOME

Its Settlement in the Seventeenth Century—The Romance of Beatriz Baca.

## MANY INDIAN FIGHTS

News of the Partial Destruction of the Town by the Flood Waters of the Rio Grande Creates Much Sorrow.

The old timers throughout the Territory will learn with sincere sorrow of the destruction of the town of Tome by the flood waters of the Rio Grande as announced in the New Mexican of Thursday. Tome was one of the oldest of the Spanish settlements in New Mexico, and for many, many years was the leading town. It was settled in the 17th century by a colony that came direct from Spain to Mexico and from there to the then province of New Mexico. The colony consisted of seventy families under the leadership of a Spanish grandee by the name of Don Ignacio Baca. The settlers were very proud of their origin and descent and it was a great privilege for the best young men of the province to secure wives in that historic aristocratic town. The inhabitants of Tome celebrated as their annual feast the 8th day of September each year. The fiestas were famous throughout the province and were very well attended. Hundreds of families would visit Tome on the occasion of the annual feast. For over a week there were amusements of all kinds, including horse-races and bull fights. Fire works, the best of that period, were features of the feast. In those days, gambling in races was very much in vogue and the best horses in the province were sure to be found at Tome on the 8th of September each year. It became a custom to have family reunions in Tome each year. When families became separated by marriage or otherwise they would make it a rule to meet at the feast of Tome. It was impossible to accommodate the crowd in the houses of the town so hundreds of tents would be used on that occasion. Many pretty jacales of ever-green would be constructed for the use of the visitors. The Home of the Flower of the Aristocracy.

There lived there then the flower of the aristocracy of New Mexico, the Bacas, Castillos, Oteros, Chaves, Salazaras, Lunas, Romero, Jimenez, Maldonados, Vallejos, Sanchez, and many others. The lands granted by the Spanish crown to the settlers of Tome were of the very best and it soon became a rich community. It was customary for the farmers to go to the staked plains or Llanos estacados to the east every year in the fall to hunt buffaloes and to bring the meat dried for winter uses and the hides nicely tanned by the Comanches to be taken to Mexico where they were sold for fancy prices. Each family had one especial fast horse reserved for the buffalo hunting service. Many were the fights that the people of Tome had with the many savage and hostile Indians to the east and west of them and could their history be written it would be full of the most romantic incidents.

**A Romance With a Sad Ending.**  
One of the most pathetic of such incidents took place about two hundred years ago. During the annual visits of the Spaniards to the Comanche country in the staked plains Don Ignacio Baca became a great friend of the then principal chief of the Comanches, who was known as Cuerno Verde, a lineal descendant of the original Cuerno Verde who was famous in those times for his bravery and sagacity. Don Ignacio was accustomed to take his Indian friend many presents each year and the Comanche used to reciprocate by presenting to Don Ignacio hundreds of buffalo skins beautifully tanned and painted on the inside in the characteristic Indian fashion. On one occasion the chief visited the town of Tome during the annual feast and took many presents to his Spanish friend. He was accompanied by a hundred of his warriors and they were royally received and entertained by the inhabitants of the town. Many presents were made to them and at the end of the feast they returned homeward very much pleased with the treatment they had received. During that visit the Indian became acquainted with all the family of Don Ignacio Baca. One of the children was a little girl named Beatriz Baca, then about ten years old. The chief proposed to Don Ignacio that when Beatriz should be fifteen years of age she should become the wife of his son, who was destined to become the great chief to succeed his father. Promises His Daughter to the Chief's Son.

Don Ignacio said that it should be so, not meaning it, of course, but the Indian chief was in dead earnest. After that, the Comanche used to send many presents to the chosen sweet-

heart of his son and when the time arrived that the girl reached her fifteenth birthday the Comanche chief, accompanied by nearly all the warriors of the tribe, proceeded to Tome and informed Don Ignacio that they had come for the promised bride. It so happened that at that time the smallpox was raging in the town and the Indians were informed that Beatriz had died a few days before and had been buried in the church. The mound was shown to them and they believed it and departed, but not before many of them were stricken with the plague and died. The following year a party of Indians from Isleta went to the Comanche country to hunt buffaloes and they informed old Cuerno that the Spaniards had fooled them and that the child was not dead at all, but that she had been hidden in Isleta so that the Comanches might not see her.

**Comanches Take a Terrible Revenge.**  
The Indians became furious and determined to take terrible revenge. On the following year a great campaign was organized and headed by the great chief and by his young son, proceeded to Tome and arriving in the suburbs of the town on the night of the 7th of September, they waited till the people were in the church next morning, when they attacked the town, killing more than half of the population and carrying away many captives, among them Beatriz Baca, daughter of Don Ignacio. She became the wife of the young chief and up to a few years ago there were families well known among the Comanches who knew that they were descendants of that Spanish girl. There were so many people killed that the parish priest had to call on the priests of Albuquerque for aid to bury the dead. It is recorded in the old records of the church at Albuquerque that the priest of that town went to Tome and aided the priest to bury the dead, and a list of the names is given. Many interesting stories of war, love and romance could be written which originated in that historic town.

Father Ralliere, the present parish priest of Tome, has been there since 1858 and his numerous friends in the Capital will hear with sorrow of the misfortune that has overtaken that town and will sympathize with him, and all the inhabitants of the place.

## FATHER VERSUS SON.

Unnatural Law Suit Has Been Brought By Wealthy Glass Manufacturer of New York.

New York, May 27.—Jeremiah Fitzpatrick, formerly an extensive glass manufacturer with large interests here and in western Pennsylvania, has brought suit against his son James and the latter's wife for restitution of over \$1,000,000 in bonds, securities and realty, which he claims was wrongfully taken from him. The father retired several years ago and turned over his business to James to whom he gave power of attorney. Now he charges that at least \$1,000,000 of property has been conveyed by the son to the latter's wife and alleges that he discovered this after having arranged for the sale of \$15,000 worth of real estate in Hoboken. The counsel for the son denounces the other members of the family, who are well known in Brooklyn and New York, as being back of the father's action.

## FLOODS IN OKLAHOMA.

Water Stands a Foot Deep in Business Houses of Lawton—Much Damage.

Lawton, Oklahoma, May 27.—Five inches of rain fell in this part of Oklahoma during the night, causing floods that did more or less damage. In Lawton the streets are flooded and water stood a foot deep in many business houses. Most of the streams are high and many washouts are reported. At Junction City and Lone Wolf, Oklahoma, and Duncan, I. T., some damage was caused by heavy wind and several persons were reported injured.

**Farm Houses Damaged.**  
Oklahoma City, May 27.—Four farm houses were badly damaged by a wind and rain storm which raged between Anadarko and Cement last night. No fatalities have been reported.

## OUTLAW CRUMP CAPTURED.

Sheriff's Posse Has Desperate Battle With North Carolina Bad Man Today

Asheville, N. C., May 27.—Nat Crump, the outlaw, who shot and seriously wounded Clay Grub at Salisbury, North Carolina, last Monday, was captured at the old fort today after a desperate fight with the sheriff's posse, in which he was badly wounded.

## FRICTION IN SWEDEN.

King Oscar Refuses to Sign Law for Separate Consular System in Norway.

Christiana, May 27.—King Oscar at today's sitting of the council of ministers declined to sign the law requiring a separate consular system for Norway. The ministers immediately tendered their resignations but the king refused to accept them.

## NAVAL BATTLE MAY BE GOING ON IN THE STRAITS OF KOREA

Reports Are Current in Tokio to That Effect—Admiral Rojestvensky's Fleet Has Been Sighted Off the Tsu Islands—Official Circles in Country of Both Sides Are Much Excited Over the Developments of the Past Two Years.

Tokio, May 27.—Admiral Rojestvensky's fleet has been sighted off the Tsu Islands in the Straits of Korea.

The sighting of Rojestvensky's fleet off Tsu Islands would seem to indicate that the Russian commander has determined to take the boldest course and instead of skirting Japan and entering the Sea of Japan by Tsugaru of the La Perouse Straits, has determined to push through the Straits of Korea and try to reach Vladivostok, which is 640 miles from the Tsu Islands. That he will be able to do so without at least being harassed by the Japanese seems improbable and the report circulated in Tokio today that the two fleets have engaged in the Straits of Korea may turn out correct. There is also a possibility that Rojestvensky may have deceived Tokyo and that the latter is still at the base he established north of the Island of Formosa, in which case the general engagement may not take place before the Russians reach Vladivostok. It is also possible that the Russian vessels sighted in the Straits of Korea only form a portion of the Russian fleet.

**Rojestvensky May Have Doubled Back.**  
St. Petersburg, May 27.—Tension in naval circles is very great. News of the meeting of the Russian and Japanese fleets is expected hourly. Last night's dispatch to the Associated Press from Tokio, saying it was rumored that the fleets had already engaged in the Straits of Korea, aroused intense interest at the Admiralty but nothing confirmatory has been received up to noon today. The majority of

officers are inclined to doubt the accuracy of the Tokio report, believing that Rojestvensky, with his fighting ships, is headed northward for the eastern part of Japan. Others, on the contrary, consider it quite likely that Rojestvensky, after heading for the Pacific, doubled back and will take the straightest course for Vladivostok.

## Russian Fleet Sighted Near Saddle Islands

Hong Kong, May 27.—The British steamer St. Kilda, which arrived here today from Japan, reports having sighted early in the morning of May 24th, forty-five Russian vessels, including battleships, cruisers, torpedo boat destroyers, colliers, hospital ship and tugs, 140 miles south-southeast of the Saddle Islands. The Russians were stationary when first sighted and most of the colliers were half empty. Subsequently the Russian vessels steamed away, heading in a northwesterly direction.

**Were Headed For Straits of Korea.**  
Saigon, May 27.—Returning colliers report that Rojestvensky's fleet arrived off Saddle Islands May 24th and proceeded in the direction of the Straits of Korea.

**Naval Engagement Rumored.**  
Washington, D. C., May 27.—Private advices received here, of entirely authentic nature, report that more than twenty-one Russian vessels, including three battleships and three cruisers, are off Saddle Island. Additional information reports that it is rumored that a naval engagement has taken place.

## EXPLOSION IN RIVER.

At Jersey City Causes Report That New Pennsylvania Railroad Bridge Was Blown Up.

New York, May 27.—The new Pennsylvania railroad iron bridge across the Hackensack River in Jersey City was blown up, apparently by dynamite, early today. The noise was heard throughout the city. No one was hurt. No definite information as to the cause of the explosion has been obtained. It is said there has been no labor trouble and the explosion was probably accidental. The new bridge when completed would have been 400 feet long. The old bridge now in use stands 200 feet away and was not injured. While there was no motive for the action other than pure malice it is believed by the police who are now at work on the case that the explosion was caused by some person who rowed out under the structure in a boat. No estimate of the damage has yet been made.

## Explosion Did Not Damage Bridge.

New York, May 27.—Later developments show that the bridge was not damaged as at first reported by the mysterious explosion. It is believed now that some powerful explosive floated down the river on the tide; whether by design or accidental is not known. A rigid investigation is in progress.

## GAS COMPANY HAS WITHDRAWN ITS OFFER.

Philadelphia, May 27.—"Organization" leaders are responsible for the statement that the United Gas Company has withdrawn its offer to advance the city \$25,000,000 in consideration of the extension of its lease of the city gas works.

## JURY AT ALAMOGORDO ACQUITS RAILROAD STRIKERS.

El Paso, Texas, May 27.—In the district court at Alamogordo, New Mexico, today a jury acquitted a number of railroad strikers arraigned under the old federal conspiracy law. The men were striking against the El Paso & Northeastern Railroad.

## DEMING MAN THE

VICTIM OF ROBBERS.  
Hugh Torrance, Deming cattleman, was robbed on a Colorado & Southern train yesterday. He was taken to a hospital at Colorado Springs suffering from the effects of what the police believe to be the use of knock-out drops.

## ALBUQUERQUE STREETS ARE UNDER WATER.

The Rio Grande is rising and has already flooded considerable of the country between Albuquerque and El Paso. At Albuquerque the water has spread out over the lowlands along Hunning and Second Streets, flooding the lawns and the lots. Ignacio Lucero, a three-year-old boy was drowned in the Barelas ditch north of the Duke City yesterday.

## NEW MEXICO PUBLIC LANDS SET ASIDE.

Washington, May 27.—The secretary of the interior today approved the following selections of territory in New Mexico from the public lands, as provided under its enabling act: Clayton district, 440 acres for public buildings; Las Cruces district, 40 acres for permanent reserves and 800 acres for penitentiary; Santa Fe district, 2,672 acres for permanent reserves.

## FOUND DEAD WITH FIFTEEN KNIFE WOUNDS.

Pueblo, Colo., May 27.—The body of Mrs. Guiseppi was found at her home early this morning with fifteen knife wounds. The police found a freshly dug grave in the cellar. The woman's husband has disappeared. It is supposed the murderer intended to bury the body but was frightened off before he finished.

## CHILEAN CRUISER SUNK AND CAPTAIN SUICIDES.

Santiago, Chile, May 27.—The Chilean cruiser Presidente Pinto has foundered in the Gulf of Ancud, north of the Island of Chiloe, off the southern part of the coast of Chile. According to one report, Captain White-side committed suicide in despair. Another version says he was drowned.

## MARY ELLEN LEASE VISITED BY BURGLARS.

New York, May 27.—Mrs. Mary Ellen Lease, former Kansas lecturer, was held up in her home in this city today by two burglars and robbed of \$110 in cash and \$300 in jewelry and silverware.

The committee which was appointed to solicit funds for a Fourth of July celebration at Gallup has met with marked success and a rousing day is now anticipated.

## OFFICIAL MATTERS.

### Insurance Fees Paid.

The following insurance companies have complied with the insurance law and have paid to Hon. Pedro Perea, the \$100 fee, which entitles them to do business in the Territory: The National Fire Insurance Company of Hartford, Connecticut; The Scottish Union and National Fire Insurance Company of Edinburgh and London.

### Survey of Seventeen Mining Claims in Taos County.

Applications for the survey of seventeen mining claims situated in the Arroyo Hondo mining district in Taos County and owned by the San Cristobal Copper Mining Company have been filed in the office of the surveyor general by the company's attorneys, Abbott & Abbott. These applications have not yet been acted upon as there is a seeming conflict between the Leroux land grant and the claims of the company. The commissioner of the land office, upon the petition of the attorneys for the San Cristobal Copper Mining Company, has ordered an investigation and as soon as the boundary lines of the Leroux grant are fully determined and it is shown that these claims are without its lines, their survey will be ordered.

### Public Funds Received.

The following public funds have been received by Territorial Treasurer J. H. Vaughn:

Daniel Cassidy, treasurer and collector of Dona Ana County, taxes 1902, \$20.94; taxes 1903, \$89.03; taxes 1904, \$44.09.

### Articles of Incorporation.

The following articles of incorporation have been filed in the office of J. W. Reynolds, secretary of the Territory: Tri-Bullion Smelting and Development Company. The incorporators are J. P. Hendricks, Howard Paschal, C. M. Merica, of Chicago, Illinois, and others. The purposes for which this company was incorporated are: to do a general real estate, manufacturing and mercantile business; to do a general smelting, refining and metallurgical business; to build, construct, purchase or otherwise acquire, equip, maintain, sell and transfer railroads of all kinds; to build, construct, purchase or otherwise acquire, equip, operate, maintain, sell and transfer telegraph and telephone lines; to acquire and maintain, sell and transfer, water works, reservoirs, pumping plants and construct ditches and flumes for irrigating and manufacturing purposes; to carry on a general logging business. The capital stock is \$5,250,000 divided into 5,250,000 shares at \$1 each. The term of existence is 25 years. The number of directors is nine and those who will manage the business of the company for the first three months are J. P. Hendricks, Howard Paschal, C. M. Merica and others. The principal place of business in New Mexico is at Kelly, Socorro County, and L. S. Ferry is named as agent.

## STREET RAILROAD EXPERT ARRIVES FROM SCOTLAND.

New York, May 27.—James Dalrymple, superintendent of the city tramway system of Glasgow, Scotland, who came to the United States at the invitation of Mayor Dunne, of Chicago, to advise the officials of that city in their experiment with municipal ownership, arrived today on the steamer Campania. Speaking of municipal ownership generally Mr. Dalrymple said that the principle had been successfully demonstrated in Glasgow.

## SUPPORT IS WITHDRAWN

From the Striking Teamsters' Union By Associated Builders Trade.

## BEGINNING OF THE END

Believed That This Will Mean the Cessation of the Trouble in the City of Chicago.

Chicago, May 27.—The attention of the strikers and the employers was centered largely today on the effect of the action of the Associated Building Trades, which is accounted the strongest labor body in Chicago and represents upwards of 18,000 union workmen, this body having withdrawn both its moral and financial support from the teamsters' strike. The effect will be to cut off nearly \$1,000 a week from the strikers' funds. The final effect is problematical, many thinking it means the first break in the struggle, the beginning of the end.

## Rioting Is Renewed.

Chicago, May 27.—Rioting is renewed today near the retail shopping district. Missiles were thrown and a blockade was formed at the corner of South Water and State Streets. Three wagons, driven by nonunion men, became wedged between a number of heavy trucks at this corner. This blockade had been cleared when a trolley car blocked the way, and missiles began to fly. A patrol wagon of police dispersed the mob.

## Governor of Warsaw Adopts Stringent Measures.

Warsaw, May 27.—Governor General Maximovich during the night issued a proclamation directing the troops to restore order and to use their arms without hesitation to this end, and giving notice that all persons arrested in connection with disturbances will be tried by court martial.

## COMMENCEMENT EXERCISES.

Four Graduates From the Santa Fe High School—Professor Hadley Delivers Fine Address.

Last evening at the opera house occurred the commencement exercises of the Santa Fe High school. There was a large audience present to witness the closing events in connection with the finish of the public school days of four of the Capital City's young people. The exercises were opened by the High School Orchestra with music, followed by the invocation by Rev. George F. Sevier. Another selection was then given by the orchestra, after which Professor Hiram Hadley, superintendent of public instruction, delivered the address to the class. Professor Hadley talked on "The Graduate at the Threshold of Life" and his remarks were particularly appropriate. He is one of the most interesting talkers ever heard in Santa Fe, and has the faculty which is a rare one, of being able to hold the attention and interest of the young folks. He spoke last night of the educational possibilities before the boys and girls of New Mexico, of what has been done and what will be done in the future. He dwelt especially upon the importance of education in the life of the American citizen and of the opportunities which are always open to the educated person. Although not a long address, it was received with great attention and left its impress upon the minds of those who were there.

Hon. T. B. Catron, president of the board of education, then delivered the diplomas to the members of the Class of 1905, with a very kind and well timed speech of presentation to each. The orchestra rendered another selection, after which the benediction was pronounced by Rev. George F. Sevier.

As a token of the respect and esteem in which Professor J. A. Wood is held by the pupils of the schools, the members of the High school took this occasion to present to him a handsome gold ornamented fountain pen, of which Professor Wood is proud. The class of 1905 consists of the following members, all of whom have made a creditable record during their school days: Ruth Laughlin, Henry Dendahl, James C. Harvey and Ernest A. Slaughter.

## LUNA COUNTY CONVICTS.

Brought to the Territorial Penitentiary Yesterday—Their Crimes and Sentences.

The following prisoners, sentenced at the recent term of the district court for Luna County by Judge Frank W. Parker, were brought to the penitentiary yesterday by Sheriff Platt Stevens and Deputy Sheriff Frank Peters, and turned over to the penitentiary authorities: John Dert, twenty-six years of age, three years for burglary; William Smith, twenty-one years of age, three years for burglary; Jose Duran, eighteen years of age, larceny from a dwelling, one year.

## MAKE THE COMPANY PAY FOR THE FRANCHISE.

The Albuquerque Journal wants the Water Supply Company in its town to have a very valuable franchise, which has fourteen years yet to run, extended for twenty-one years more or until the year 1940. This is to be done by the city council, although it is very questionable if the latter has a legal right so to do just because the Water Supply Company and its advocate, the Albuquerque Journal, ask it. The fact that the franchise is becoming more valuable to the company right along is not taken into consideration. The question of the protection of the interests of the municipality is not considered. The suggestion that the city should receive certain benefits, both in the shape of the water needed for its use and a cash bonus each year of a share from the net proceeds is laughed at. The chance that the city at the expiration of the present term of the franchise may desire to purchase the water works and the other property of the company at a reasonable figure and manage the water works itself is ignored. The only question that seems to exist with the Albuquerque Journal is how can the Water Supply Company be benefited and how can it get the most money for its stockholders out of the scheme regardless of what is fair and just to the municipality. The mayor and the city council of Albuquerque may do the bidding of the corporation sharks and their newspaper advocates, but, if they do, such will certainly prove of great detriment to the growing and enterprising City of Albuquerque. The New Mexican is told by well-informed people that extensions and improvements by the Water Supply Company are very necessary, but that the increase of business to the company would make such extensions and improvements very valuable, and that the company will help itself more by making them than it will benefit the city, as existing water rates return handsome profits on every share of stock the company now has and would do so even were the stock to be increased to a considerable extent. The day for giving away municipal franchises without due compensation to the municipality which does the giving ought to be over in New Mexico. The case cited here is one in point.

## AN EXPERIENCE AND ITS APPLICATION.

In the early eighties, the San Luis Valley, Colorado, experienced a boom but since then it has suffered from the reaction. The growing of wheat exclusively exhausted the fertility of the soil and the wasteful irrigation methods brought alkali to the surface. Later, potatoes were raised but thousands of tons rotted in the bins for there was no market for them. But now, lands that a few years ago sold at \$25 an acre are held at from \$40 to \$50; immigration is coming in and the farmers are making big money. This transformation has been wrought by the field pea which grows luxuriantly and instead of impoverishing the soil enriches it. Last winter 500 carloads of lambs were fattened in the valley and the farmers averaged a profit of from \$2 to \$3 per head. For the coming winter 1,000 cars of lambs have been contracted for already and most of them from New Mexico. In addition, many a farmer made from \$500 to \$1,000 extra fattening hogs on the field peas. In another year, sugar beets will add to the wealth of the San Luis Valley, in which conditions for growing field peas, sugar beets and fattening lambs and pigs are not near as favorable as they are in New Mexico. Certainly, the tillers of the soil in this Territory should learn a lesson from the farmers in the San Luis Valley.

T. W. Lawson, of Boston, has sent the New Mexican a nice job lot of frenzied advertising for his frenzied articles in frenzied ten-cent magazines. Mr. Lawson is respectfully informed that he can have the stuff published at twenty-five cents per line, next to reading matter, run of the paper.

## ATTENDANCE AT NORMAL INSTITUTES COMPULSORY.

It should be unnecessary to point out to teachers and all those interested in teaching the manifest advantages of attendance at the annual normal institutes or summer schools. The New Mexico statute has made such attendance mandatory upon all those who intend to teach in the public schools of the Territory and the time has come to enforce this law without fear or favor. A timely letter of advice and instruction upon this matter has been sent out by Superintendent of Public Instruction Hadley to the teachers throughout the Territory. It should be diligently heeded by every teacher and by every person who intends to teach in the public schools. The law requiring that all teachers must attend the normal institutes is clear and to the point and should be obeyed. It has been customary for county superintendents of schools to grant leaves of absence from these institutes for slight cause, but the Territorial superintendent is determined to put a stop to this. Hundreds of competent teachers from all parts of the United States are applying for positions in this Territory, and while all other things being equal, the preference should be given to New Mexico teachers, yet, it must be recognized that it will be very easy in the future to fill the places of those teachers who are incompetent or recalcitrant in their duties, including the duty of attendance at the summer normal institute. The law authorizes the superintendent of public instruction and county superintendents to issue permits to teach, to be valid until the next regular examination, but the Territorial department of education will not issue such permits to any one who could have attended a county institute and failed to take advantage of this and it has advised all county superintendents to follow the same course. This policy will be strictly adhered to throughout the Territory in the future and therefore it will be advisable and advantageous to every teacher and to every person desiring to teach to attend the county institutes and to secure as soon as possible first or second grade certificates.

## FRENZIED FINANCE METHODS SHOULD STOP.

Six or seven national banks have closed their doors during the last few days according to the press dispatches, occurrences which are apt to shake the confidence of the public in the solidity of banking institutions in general. The warning that has been uttered that banks should confine themselves to banking business in its narrow sense instead of branching out as promoters and financiers of industrial enterprises is very timely and should be heeded if a crash at some future day is to be avoided. However, as a matter of fact, the number of national banks that fail is ridiculously small when contrasted with the number of collapses in other business branches that occur each year, but even these few failures are inexcusable and are the result of deserting strict banking methods for frenzied finance or placing too great trust in bank officials. The temptation to start trust companies and banks on but small capital and with the anticipation of enormous profits to be made out of financing all sorts of projects is very great but for that very reason every legislative safeguard should be thrown around the safekeeping of other people's money which furnishes the sinews for the many great and small industrial and commercial enterprises that are carried by the banks.

Judge John R. McFie instructed the grand jury in Taos at the recent session of the district court in that county to make a careful examination of the records and books of the county as well as the county buildings. This was done. Examinations by grand juries, even cursory, cannot but be of benefit and the New Mexican hopes the practice will be kept up in this district and will be inaugurated in other judicial districts in the Territory. The county buildings in Taos were found in a deplorable condition and a new court house as well as a new jail are necessary. The debt of Taos County is reported as about forty-two thousand dollars bonded and as about six thousand dollars floating. This is not large, especially when it is considered that the tax rate and the valuation of the taxable property returned are very low.

Some time ago, the New Mexican mildly criticized the yellow journals for devoting much space to murder trials in New York City to the exclusion of much more important and more edifying news. But the New Mexican takes it all back, for it has noticed of late that the American yellows are mild compared with the average foreign newspaper. In Italy, for instance, when a criminal trial is on, the newspapers take sides violently, search for evidence and assume all the prerogatives of the court. Italians reading accounts of murder trials in the American yellows are struck with the moderation of tone shown and wonder how it is that Americans take so little interest in what interests them so intensely. "The Americans are a great people," said a prominent Italian journalist recently, "but cold; they don't even warm to their own criminals!"

"Are the New York papers becoming provincial?" asks the New York Evening Post. No they are not, nothing of the kind! They have been so for many a year.

## A HINT TO THE CITY OF ALBUQUERQUE.

The city of Sheffield, England, owns its own water, light and street railway enterprises, though the stockholders in the old water company still retain an interest in the water service for which the city is paying them dividends out of the profits. Since acquiring the water works, the city not only furnishes water free for the public baths and the schools but has reduced the rate to private consumers until it is the lowest in Great Britain. Yet although extensive improvements were made last year, \$131,396 were placed in the sinking fund toward paying off the debt incurred in buying the water works, the city was saved \$15,000 on its water charges and it paid good dividends to the old stockholders. In addition, the water works yielded a surplus of \$587,995. Truly, water franchises are valuable these days and the City of Albuquerque would be very foolish to extend a water franchise which still has fourteen years to run, for another twenty-one years on top of that, without receiving any compensation at all. Such an extension of franchise ought to yield a city of the size and prospects of Albuquerque an average of \$20,000 a year.

In the future it will be very difficult in Colorado to procure a license to practice medicine and as a consequence many a disciple of Aesculapius desirous of settling in the west will cross the Raton mountain into New Mexico to hang out his shingle. The State Board of Medical Examiners of Colorado has adopted regulations which provide that every applicant for a state license must file with the board two photographs of himself, besides two affidavits signed by reputable physicians testifying to the high moral character of the applicant. The license fee has been raised from \$5 to \$25 and to cap the climax, every applicant must take a rigid examination under the board, no matter from what school he has graduated or how high his ability may be. Certainly, the doctor's trust has gotten in its work in the Centennial State.

The Albuquerque Citizen has a very correct idea concerning the editorials which during the past eight or ten months have appeared in the Albuquerque Journal, and is quite correct when it says:

"A writer says: 'Metaphysics is valuable to the man who believes ten times as much as he can express, and expresses ten times as much as the rest of us can understand. Metaphysics is a fog into which he can withdraw so completely that no enemy can follow. Your metaphysician is an ink-blot.' No doubt this is the reason the editorials of the Morning Journal contain such an infinite deal of nothing—samples of turbid, muddy evasive commonplace utterances. Their author is trying to ape the metaphysician."

Governor Myron T. Herrick has been renominated for governor by the Republicans of the Buckeye State. He has made a satisfactory record during the past two years in the gubernatorial office and, as the party in Ohio seems to be united, there is no serious question of his re-election. The remainder of the ticket, which his party will vote for this year in that state, also consists of strong and good men, and it may safely be assumed that Ohio will again be in the Republican column this year.

The people of Oklahoma, in anticipation of statehood, are very, very good these days. At Sapulpa on Wednesday, the members of a fashionable whist club were arrested because they played for prizes. If New Mexico's fitness for admission to statehood is to be measured by that standard it will have to wait a good many years before it will elect United States senators.

The meat packers in Kansas City think they have another cause for advancing the price of meat. The Dold meat packing plant in that town burned a few days ago, and although it had not been in operation for some years, the packers think they see another reason for compelling the consumers to pay more for meat; but a day of reckoning is coming.

Rider Haggard sees salvation for Chicago. He emphatically declares that the time is nigh when but few children will be born in the large cities. It must be admitted that Chicago is a large city; the smaller number of children there will be in the future the fewer will be the school children strikes.

During the past fifty years the city of Chicago has been getting a great many things it wanted, but it seems to have come to the end of its rope. It wants "peace" now but it does not seem to be able to obtain it.

The Albuquerque Journal is of the opinion that the New Mexican is "a mean thing" and an "anti-quarian administration almanac." Isn't that tough!

## The Love of Eating.

IS THE AMERICAN BECOMING A GOURMAND?

In our largest centers of population, such as New York and Chicago, we daily see more attention given to the inner man. Cafes and lunch-rooms are filled with men and women who seem to give all their time and attention to thoughts of properly or improperly feeding their stomachs. "It is of course best to eat slowly, but not too much," says Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. In this 20th century people devote so much time to head work that their brains are fagged and there isn't sufficient blood left to properly take care of the other organs of the body. The stomach must be assisted in its hard work—the liver started into action—by the use of a good stomach tonic, which should be entirely of vegetable ingredients and without alcohol. After years of experience in an active practice, Dr. Pierce discovered a remedy that suited these conditions in a blood-maker and tissue-builder. He called it Dr. Pierce's Golden Medical Discovery—an alternative extract that assists in the digestion and assimilation of the food in the stomach—so that the blood gets what it needs for food and oxidation, the liver is at the same time started into activity and there is perfect elimination of waste matter. When the blood is pure and rich, all the organs work without effort, and the body is like a perfect machine. Take! Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

While a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale by all druggists.

**CURED CONSUMPTION.**  
Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. There was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

**THE BEST COUGH SYRUP.**  
S. L. Apple, ex-Probate Judge, Ottawa, Kan., writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co. only.

**HOW TO WARD OFF OLD AGE.**  
The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

**GIVES HEALTH, VIGOR AND TONE.**  
Herbine is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

## CHAMBERLAIN'S COUGH REMEDY

THE VERY BEST.  
"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

**INVALUABLE FOR RHEUMATISM.**  
I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Dugan, Kinsman, Ill. 25c, 50c and \$1.00 at Fischer Drug Co.

# Married Women

Every woman covets a slender, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

### WHY YOU SHOULD TAKE WINE OF CARDUI

Wine of Cardui is a mild medicine, but a powerful tonic that is unrivaled in its success in the treatment of the diseases peculiar to women.

Over 1,500,000 suffering women have been cured of troubles that ordinarily are thought to require the expensive treatment of specialists, simply by taking this great woman's tonic.

Wine of Cardui recommends itself to modest women of moderate means, because it can be taken in the privacy of the home without submitting to a humiliating local examination and subsequent dangerous treatment.

It is not costly and every sufferer can afford it.

If you are a victim of female weakness in any form Wine of Cardui is the medicine that you should take and you cannot afford to lose any time in starting the treatment. Your trouble is ever growing worse—never better.

Wine of Cardui never fails to benefit even chronic troubles of the most serious nature, and in nine out of ten cases it brings an absolute cure. 1,500,000 cured women endorse Wine of Cardui.

You should take Wine of Cardui. Ask your druggist for it today.

Dr. and Mrs. David Knapp entertained friends last night at their home on Cathedral Street. Cards were the feature of the evening. Light refreshments were served.

E. S. Stover, of Albuquerque, who has been on a visit to the sheep ranches in the Estancia Valley during the week, returned to his home in the Duke City yesterday.

C. T. Brown, the Socorro mining engineer and expert, spent yesterday and today in Hillsboro, Sierra County, on mining business. He will reach his home in Socorro tomorrow.

Max B. Fitch, a Socorro mining engineer, has gone to Los Angeles, California, and will return in a few days with his wife, who spent the past two months in the California town.

J. B. Sloan, assistant director of the New Mexico section of the U. S. Weather Bureau, returned last night from Torrance. While there he re-established the volunteer weather observation station.

Mr. and Mrs. Joshua Reynolds, of Las Vegas, will land in New York tomorrow on return from a year's European tour. Herbert E. Reynolds, their son, of Albuquerque, has gone to New York to meet them upon arrival.

Miss Uda Gibson, daughter of Mayor and Mrs. A. R. Gibson, left the city this afternoon, via the Santa Fe Central, for an extended visit with friends and relatives in Cleveland, Ohio. Mayor and Mrs. Gibson accompanied her as far as Torrance.

H. B. Pain, of Kansas City, Missouri, father of Mrs. Frost, who has been in the city for a week on a visit to his daughter, left today via the Denver & Rio Grande Railroad for Leadville, Colorado, where he has important mining interests. From the Colorado mining town he will return to his Kansas City home.

Ralph Buell, of Cerrillos, this country, will be a graduate of the Massachusetts Institute of Technology, in the city of Boston, this year. For four years he was a cadet at the New Mexico Military Institute and graduated therefrom with honors. He is the son of F. C. Buell, now in charge of the property of the Santa Fe Gold and Copper Company at San Pedro.

District Attorney E. C. Abbott left today via the Denver & Rio Grande for Denver on legal business with Valle & Waterman, attorneys for the Denver & Rio Grande Railroad, of which road Mr. Abbott is the local attorney. He expects to return Wednesday next with Mrs. Abbott, who has been visiting relatives in the Queen City of the Plains for the past two months.

On Thursday evening at their home on Upper Palace Avenue, Misses Duhren and Simpson entertained a few friends at cards. A part of the evening was pleasantly spent at the tables and after an appetizing lunch, the guests resorted to conversation and songs. Those attending were Mesdames Ross and Summers; Messrs. Miller, Leonard, Stevenson and Spiegelberg.

F. R. Stevenson and brother, George, several days ago received an old fashioned fruit cake from their home in West Haven, Connecticut. Knowing that these cakes become better with age, they decided to keep it until next Thanksgiving. Their intentions were all right, but when on Wednesday they both took a look at the temptingly dainty, they could not resist the serpent and partook. This was only aggravating, so the cake was taken to the home of Misses Helen and Ruth Laughlin, on Don Gaspar Avenue, and Wednesday evening, with the aid of a few invited friends, the entire cake was disposed of. The cake at the time of its arrival in Santa Fe was already about six months old and the guests

pronounced it the "best ever." Those who enjoyed the treat were Misses Helen and Ruth Laughlin, Hope and Gladys Wiley, Gene McKenzie, and Messrs. F. R. and George Stevenson. Cards and other games were indulged in and the guests departed, hoping that another cake would soon make its appearance.

Dr. T. P. Martin, of Taos, Samuel Eldott, of Chamita, H. B. Cartwright, William A. Baer, Major Frederick Muller, and Superintendent C. J. Crandall, of the U. S. Indian Training School, will be among the Nobles from this section who will make the pilgrimage on the evening of the 30th inst. to the Mystic Shrine at Albuquerque to renew their faith in Allah, rejuvenate their spirits and bodies at the oasis of Ballut Abyad and incidentally witness the gyrations of a class of novices in their high jump and loopy-loop.

Miss M. Yerkes and Miss Dollie Anderson, both of Chicago, where they hold responsible positions in the office of J. S. Leeds, manager of the refrigerator car system of the Santa Fe Railway, accompanied by S. B. Grimshaw, assistant general manager of the Santa Fe Central, and Frank D. Bert, assistant treasurer of the same road, spent today in the interesting Indian Pueblo at Tesuque. They were much pleased with what they saw and will go back to Chicago to tell their friends and acquaintances that a visit to Santa Fe and the surrounding country is about as enjoyable a trip and as pleasant a sight-seeing excursion as one can well indulge in.

Yesterday afternoon at the home of Mrs. Jacob Weltmer, the Fifteen Club, with Mrs. J. E. Wood in the chair, met and an interesting program was carried out. Yesterday was Guest day with the club, but out of respect to the late Mrs. Ida A. Rivenberg, only the regular meeting was held. A committee presented resolutions of respect to the memory of Mrs. Rivenberg, which were adopted. Roll call was responded to with quotations after which an entertaining and instructive paper on "The Salvation Army" was read by Mrs. Victory. A reading by Mrs. Thomas was followed by Current Events, after which the club adjourned to meet October 13th with Mrs. J. E. Wood, Mrs. Victory to preside.

## CHURCH WORK IN SANTA FE.

The success of the evangelistic meetings was marked, many were won for the local churches and the revival spirit has taken firm root among the people.

A very interesting union endeavor meeting was held last Sunday evening, when the Juniors joined with the Seniors, both responding to the topic "Growing up for God".

The local committees were so successful in their financial affairs that all the expenses of the evangelistic meetings were met and a small balance remains for future work.

The churches of the city are planning improvements and it is probable that both the Methodist and Presbyterian Churches will be made even more attractive before the close of the summer; funds will soon be in hand for the finishing of the interior of the Methodist Episcopal Church. The work should go forward at once, including also new seating for this fine auditorium.

The supper planned by the Ladies Aid Society of the Presbyterian Church for last Thursday evening has been postponed until early in June. The exact date will probably be announced during the coming week.

Press reports of the meetings of Dr. F. E. Smiley and W. P. Hanson at Las Vegas are most encouraging. They are meeting with great success and good audiences are greeting them nightly at the opera house.

Communion services will be held at the Methodist Church next Sunday morning; the pastors' theme will be "Confessing Christ". A number of persons will be welcomed into church fellowship. In the evening (7:45 o'clock) Rev. J. L. Shively will preach a memorial sermon and Carleton Post No. 3, Grand Army of the Republic and the Women's Relief Corps will attend in a body. The public is most cordially invited to attend these services.

The regular order of services will be established again in all of the local churches Sunday-Sunday School at 9:45 a. m., preaching at 11 a. m. Junior League, or Junior Endeavor, at 2:30 p. m. and preaching again at 7:45 o'clock. Senior Endeavor at 6:45 p. m., First Presbyterian Church.

Don't forget the meeting in the interest of good roads which will be held at the office of the Water Company tomorrow morning. Every progressive and broad-minded citizen should be present. The aim of the Good Roads Club is not a selfish one, but rather one having for its purpose the ultimate benefit of the city in a large degree. Good roads mean much to the merchants in increased trade, and to every citizen in the praise that they will bring from tourists and visitors. Help the club along. Join it.

Richard J. Huber, formerly deputy sheriff of Santa Fe County for six years and now a member of the Territorial Mounted Police, came up from the south last night and is spending a few days in this city. Mr. Huber states that there is a good deal of cattle and horse stealing going on in the Jicarillas Mountains in Lincoln County. Several days ago Huber arrested McGill Fernandez, who was charged with shooting a woman at Gallisteo. The man was arrested above Pinos Wells and was turned over to the deputy sheriff at Cerrillos. The Mounted Police in the Santa Rosa district also made an arrest a short time ago of a man who was wanted in Texas for horse stealing. He was sent to the Lone Star State.

When the people of the Mesilla Valley were working to get the dam at Elephant Butte one of the phrases which they used in arousing interest was "Dam the Rio Grande." The people of New Mexico generally can broaden that phrase considerably if the weather continues to remain on the wet side. The forecast for New Mexico and Colorado tonight and Sunday is partly cloudy with local thunder showers. It will be cooler in Colorado tonight. The maximum temperature in Santa Fe yesterday was 73 degrees at 3:10 o'clock in the afternoon, the minimum was 56 at 6 o'clock in the morning, and the mean for the day was 64. The relative humidity was 45 per cent and there was .06 of an inch precipitation. The temperature at 6 o'clock this morning was 42 degrees.

Zahzizo, whose nick name at the U. S. Indian Training School in this city is "Sunny Jim," left the school a few days ago without permission and Superintendent Clinton J. Crandall is looking for him and has the teachers and employees of the Indian office at various Pueblos and agencies in the Territory also keeping a sharp lookout for him. The young fellow is a Navaho Indian, about 17 years of age and of rather a bright disposition. The cause of his taking French leave Superintendent Crandall ascribes to the fact that a few days before leaving he hurt a finger on the right hand. In

## ARIZONA NEWS NOTES

A \$40,000 court house is to be built at Globe.

The people of Nogales have asked the school trustees to teach Spanish in the public schools.

A report has reached Tucson that Billy Stiles, the noted desperado, has been captured in Mexico.

It is understood that the next legislature will pass a law to build an additional penitentiary to be placed at Prescott.

At Douglas the barbers are fighting a fifteen cent shop, the regular standard shops charging 25 cents. There is also a boycott started against a five-cent beer saloon.

During the week an informal meeting was held by a number of Solomonville citizens and arrangements begun for a grand celebration at that place on the Fourth of July.

Irate citizens of Williams, on Wednesday, gave H. W. Walker, a former Prescott negro, 124 lashes for insults he offered Mrs. David Rodenbaugh, telephone lady at the Williams office.

Under the fish and game law passed by the last legislature, any catfish not longer than seven inches must be returned as little damaged as possible to the stream from which it was taken.

The grading camp of the Arizona & California Railroad has reached the town of Slome, fifty-one miles from the A. & C. junction above Wickenburg. The steel is laid for about forty miles.

Farmers in the arid belt near Solomonville are now irrigating with mountain water from the melting snows. Several new reservoirs have lately been built for impounding this water.

J. E. Lewandoski, of Douglas, is in receipt of some date palms from north Africa, which he has planted on his ranch west of Douglas, and feels confident that this variety will flourish in that climate.

The Orange Growers' Association, near Phoenix, in anticipation of a water shortage, have ordered a great pumping plant hurriedly from San Francisco to pump water to keep the canal full.

A deed to the site for the car shops at Douglas was filed in Tombstone this week by the International Land & Improvement Company, deeding the property to the El Paso & Southwestern Railway Company. The consideration is \$5,000.

A very sad accident occurred at Florence, Friday, when Mine Foreman William Hogan fell down a waste pit, a distance of forty-five feet, striking upon his feet, but with such force that his backbone was broken and other serious injuries inflicted.

Former County Treasurer James P. Storm, indicted at Prescott for the embezzlement of the funds of the county to the amount of more than \$13,000, is again a free man. The jury, after having been out twenty-four hours, returned a verdict of not guilty. Storm was discharged.

The new railroad surveyed from Rodeo to Bowie station, on the line of the Southern Pacific, according to the preliminary survey of the proposed line, would be about eighty miles. The line from Rodeo will go up the west side of the San Simon valley and swing around the Chiricahua mountains to Eagle City, and from there a spur will be run to the Savage mine, in the mouth of Round Valley, and a spur line will also run up to the town of Paradise.

District Attorney Crosby, of Apache County, says there are three plans under consideration to rebuild the St. John's dam. The first is a relief bill through congress for a direct appropriation in behalf of the stricken settlements, says the Phoenix Republican. The second is a plan to get the government to build a storage reservoir there, and the third is for the people to finance a storage enterprise themselves and issue bonds to raise the money for the building of a dam that cannot wash away. Of the three plans, Mr. Crosby says the latter seems to be the most feasible at this time.

Ex-Treasurer Hitchcock, of Gila County, whose term expired with the beginning of this year, has been indicted for misappropriating county funds. This shortage has been made good by Mr. Hitchcock, but the grand jury was not willing to overlook the offense which was believed to have been deliberate. P. C. Robertson, probate judge of Gila County, was also indicted, a shortage of \$1,000 having been discovered in his accounts; an indictment was also returned against an expert accountant, who was employed by the county to expert the public accounts and records. He is charged with collusion with the defaulting officials and with making a false report.

**NOTICE TO THE STOCKHOLDERS OF THE SOUTHERN PACIFIC RAILROAD COMPANY**—A special meeting of the stockholders of the Southern Pacific Railroad Company, will be held at the office of the company, in room 1210, in the Merchants' Exchange building, in the city and county of San Francisco, in the State of California, the same being the principal place of business of said corporation, and being the building where the board of directors of said corporation usually meet, on the 30th day of June, 1905, at the hour of 12 o'clock noon, to consider and act upon the propositions:

First, to increase the capital stock of said corporation to one hundred and sixty million dollars (\$160,000,000), and for that purpose to amend article VI of the articles of incorporation and consolidation of the company to read as follows:

"The amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), divided into one million six hundred thousand (1,600,000) shares of the par value of one hundred dollars (\$100), each, which said amount of capital stock does not exceed the amount actually required for the purposes of the said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the written estimate of such engineers, duly signed by them, and filed in the office and principal place of business aforesaid of said corporation."

And to amend paragraph third of article XII of the said articles to read as follows:

"The number of directors of said consolidated corporation shall be eleven (11) and the amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), which said amount of capital stock is the amount actually required for the purpose of said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the aforesaid written estimate of said engineers, duly signed by them and on file as aforesaid. Said capital stock of said corporation shall be divided into one million six hundred thousand (1,600,000) shares, of the par value of one hundred dollars (\$100) each, of which said shares of said capital stock the following have been subscribed by and allotted to the stockholders of said constituent corporations, as hereinafter set forth, to wit:

"To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the State of California, and to its stockholders, one million and fourteen thousand two hundred and forty-one and sixty one-hundredths (1,014,241 60/100) shares."

"To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the Territory of Arizona, and to its stockholders, one hundred and ninety-nine thousand nine hundred and fifty (199,950) shares."

"To the Southern Pacific Railroad Company of New Mexico, incorporated, organized and existing under the laws of the Territory of New Mexico, and to its stockholders, sixty-eight thousand eight hundred and eighty-eight (68,888) shares."

"The several stockholders of each of said constituent corporations shall have issued to them by the said consolidated corporation paid up shares of the capital stock of the consolidated corporation out of the shares thereof subscribed by and allotted to the stockholders of their respective constituent corporations to the like amount, dollar for dollar, at their par value with the par value of the shares held by such stockholders in their respective constituent corporations."

Thereafter, and secondly, to create a bonded indebtedness of said corporation to the amount in the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States (a portion of which is to be used in retiring existing bonded indebtedness), and to increase the bonded indebtedness of said corporation up to the amount of the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States, and to secure the said proposed bonded indebtedness by a mortgage upon the railroads and railroad lines of said company and certain other properties belonging to the company, and to prescribe the form and terms of said bonds and mortgage; and to authorize the board of directors to

take all such action as they may deem necessary or expedient in the premises.  
Dated the 30th day of April, 1905.  
By order of the Board of Directors.

### IRONICAL IFS.

If a man has no dust his name is usually mud.  
If you have horse sense you should know when to say neigh.  
If the office has no salary attached it is obliged to seek the man.  
If a man fails to get what he deserves he has much to be thankful for.  
If some men were to conceal what they know they would be more popular.  
If the pockets are deep enough a boy's first pair of trousers always fit.  
If you think life isn't worth living you should take something for your liver.  
If you are ambitious to become a prominent citizen locate in a country town.  
If a female alligator could talk she would probably insist that she had a small mouth.  
If one man is just as good as another he doesn't have to insist that such is the case.  
If canes were to do out of fashion some young men would have no visible means of support.  
If you have a horseshoe nailed over your door and it doesn't fall on your head you are very lucky.  
If a man is smart he can always manage to catch on, and if he is wise he will also know when it is time to let go.  
If a man marries a woman because he imagines she has more sense than he has, he is never permitted to lose sight of the fact.

### A PLEASANT EVENING

Can be spent at "The Club" with gentlemen associates. Courteous treatment is accorded to all whether you spend a cent or not. The best brands of cigars and refreshments always on hand.

The Road.  
There is no new pathway that is not rough.  
Yet who would walk in a well-worn way?  
The warden of life is aged and gruff.  
But nevertheless he is guard to-day.

What would you do? Would you stop to rest?  
Or argue the question of go or stay?  
Better pass on in an untried quest  
Than beg for a crust in a well-worn way.

Stumble you will, in the tangled turn.  
Where the vines have grown and the sweet brier spread;  
But the fountain you find and the lessons you learn  
Will be newer and dearer than those oft read.

Then smile at the warden and pay his fee.  
For Life has demands that are somewhat bold;  
He has weighed the soul of a you and me,  
And he knows our strength when he points the road.  
—Lura Kelsey Clendening.

**Summer Homes of Diplomats.**  
The Berkshires will be the center of the diplomatic colony throughout the coming summer. Great Britain, Germany and Austria having already engaged quarters at Lenox. The ambassador and Lady Durand will remain in America during the summer. The Russian ambassador has not decided upon his summer home, but wherever the czar's embassy is located it will be without the Countess Marguerite Cassini, as she sails with her former governess and present companion on Tuesday to pass the entire summer in Europe. The French ambassador and Mme. Jusserand will spend the summer in Europe and the Italian ambassador and Baroness Mayor Des Planches at Atlantic City.

**Case of Blackmail.**  
"Reginald," confided she, and there was a quaver of fear in her voice, "I'm afraid papa will never consent to our marriage."  
"Oh, yes, he will," said her lover, confidently, "in fact, I don't see how he can refuse."  
"But dearest, I fear he dislikes you. Haven't you noticed how he seizes on every pretext to avoid you of late?"  
"That's all right. He borrowed \$10 of me a couple of weeks ago. Cheer up, love; we've got the old gentleman where we want him now."  
And in truth it did seem so.—Cleveland Leader.

## MINOR CITY TOPICS

(Continued From Page Five.)

treating the wound the school physician, Dr. Harroun, found it necessary to lance the finger and scrape the bone. The young fellow, who had been at the Indian School a short time, evidently thought the doctor would kill him sooner or later and hence departed for parts unknown. Superintendent thinks that the boy will either return voluntarily or be brought back to the school within a few days.

During the eight days from May 19 to and including yesterday, the Santa Fe Central has handled fifty-one cars of cattle over its lines from Torrance to this city. Here the shipments were turned over to the Denver & Rio Grande Railroad to go into Colorado. General Manager Grimshaw expects several more train loads within the next few days and is greatly gratified at the progress the road is making in securing central New Mexico cattle shipments. By efficient management

and some good luck not a single accident has taken place and the running of the cattle trains between Torrance and this city was accomplished in a remarkably short time and to the entire satisfaction of the shippers. Master Mechanic J. H. Shone has been instructed by General Manager Grimshaw to accompany each train load to be on hand in case of necessary repairs. His services were not needed, but the shippers were, nevertheless, greatly pleased at the attention shown and care exercised by General Manager Grimshaw and Master Mechanic Shone.

On Thursday evening, two young men with their lady friends, started out for a drive through Santa Fe Canon. Everything went along smoothly until about 10 o'clock when the party decided to return to the city. When they started back they found that instead of being on the road for Santa Fe they were lost and on some mountain trail. After hunting around on all sides for the main traveled road without success, they were at a loss what course to take. Going about four

miles through the woods they struck a heavily traveled road and were elated over the prospects of getting to Santa Fe before midnight. Taking what they supposed to be the right direction, they started for home at a good rate. About 1:30 in the morning, lights were seen a short distance ahead and thinking this was the Capital City, all fears were dispelled. Instead, however, of the lights coming from buildings or streets of Santa Fe, they were from a small house in the Indian village of Nambe, about twenty miles north. Here they were given directions for getting to Santa Fe and started out again homeward bound, and all seemed easy sailing. They were doomed to disappointment, however, for when they reached the top of the divide, north of the city, their spirits rose to too high a pitch and letting out a war-whoop which would make an Indian jealous, and which did frighten the horses, they started down the hill. Striking a large rock, the vehicle was overturned and all were more or less injured. The buggy was righted, the horses quieted, and all went well from then on. The party arrived home about 4:30 in the morning, after ten hours of most exciting experiences. The next time the two young men go for a ride in the mountains they say they will enlist the services of a guide. The young ladies say that they will go no more.

### DENVER & RIO GRANDE RAILROAD BRIDGE BURNED.

Last night from some unknown cause, the northern approach to the Denver & Rio Grande Railway bridge across the Rio Grande at Rio Grande station, about 25 miles from Santa Fe, took fire and was burned out. The approach was of wooden trestle work, but the bridge, which was of steel, was uninjured. Agent F. H. McBride, of the Denver & Rio Grande Railway, at this place, was notified and immediately sent out a wrecking crew. The north bound train left the city this afternoon at 3 o'clock and the south bound train met it at the bridge, where the passengers were transferred. Santa Fe train No. 2 from the west, arrived two hours late, and No. 10 from the south was delayed six hours by soft track.
