SHOT AND SHELL SPAIN'S REPLY!

Minister Woodford Given His Pass-ports and Leaves Madrid.

SPANISH FLEET LEAVES CAPE VERDE ISLANDS.

Madrid, April 21.—11:16 a. m.—The ultimatum of the United States was received early this morning in English. The Spanish government immediately broke off diplomatic relations with the United States, notifying the United States minister before he was able to present a note.

Minister Woodford leaves Madrid this afternoon.

Hostile Spaniards.

Havana, April 21.—At the theatre last night the audience made bellicose demonstrations against the United States.

SHOT AND SHELL.

This will be Spain's reply to the United States. A dispatch to the Herald from Washington says: Spain's answer to President McKinley's ultimatum may take the form of shot and shell. Her formidable fleet, which has been mobilized at Cape Verde islands for some days, sailed on Wednesday for an unknown destination.

It is conceded highly probable that the fleet will hasten across the ocean to Porto Rico and Cuba to prevent by force the ousting of the naval and military forces of the Spanish government.

On the other hand, it is possible that the ships have gone to the Canary Islands.

Subscription for Spain. Paris, April 21.—A national subscription has been opened here in behalf of the Spanish government and is meeting with prompt and effective support. The sum of \$50,000 has already been received in subscriptions at the Spanish embassy.

LET THE CANNON SPEAK.

Diplomatic Relations With Spain Are at an End. Washington, April 21.—Woodford cables that he received his passports and that diplomatic relations are at an end. Woodford said the passports were given before he could present the ultimatum.

The president is conferring with senatorial leaders, mapping out the policy of the United States.

The White House conference ended at 10:30 a. m. Senator Davis said, "We've taken the trick."

Assistant Secretary Day said, "A statement will be given out later."

New Footmaster General. Washington, April 21.—The president nominated Charles Emory Smith, of Pennsylvania, postmaster general, vice James Gary, resigned on account of ill health.

AMERICANS AT MANTANZAS. They Will At Once Be Protected by American Ships. Washington, April 21.—The house adopted resolutions calling for all correspondence with General Lee and for information as to the steps taken to protect the three hundred American citizens left at Mantanzas by General Bric.

Representative Adams said that warnings were given to all Americans in Cuba to get out but that few heeded them. British consuls would guard them.

Spanish Consulate Closed. New York, April 21.—The Spanish consulate in this city was closed and affairs were formally turned over to the French consul general to-day.

Privateering. Washington, April 21.—It is believed that Great Britain and other nations will insist that Spain shall prohibit privateering.

Cabinet in Session. Washington, April 21.—A special meeting of the cabinet has been called for this afternoon.

Went to Canada. Buffalo, N. Y., April 21.—Senator Folsom Bernabe crossed the suspension bridge into Canada at 12:30.

Indian Uprising. Rush Springs, I. T., April 21.—Rumors of an Indian uprising near Fort Sill by Geronimo and his Apache band has

caused the return of one troop of cavalry which reached Rush Springs on its way to New Orleans. It is said that the Indians have fallen out among themselves.

Don Carlos May Fight. Brownsville, April 21.—Don Carlos says that when the first gun is fired that he will give proof he is a "patriot before being a pretender."

Blockade of Cuba. Washington, April 21.—There is good reason to believe that both the flying squadron and the Key West squadron will blockade Cuba.

Fleet Has Not Moved. Washington, April 21.—Dispatches received at the White House up to noon show that the Spanish fleet has not moved from Cape Verde islands.

Virtual Declaration of War. Madrid, April 21.—Spain's action to-day is considered a virtual declaration of war. Hostilities may begin immediately.

WAR EXISTS. Manifesto Declaring that State of War Exists May Be Issued. Washington, April 21.—The president, senators say, has not indicated that a declaration of war is necessary and senators have advised him against one.

Several senators have advised a manifesto to the powers that a state of war exists.

War in Central America. Managua, Nicaragua, April 21.—Peace negotiations between Nicaragua and Costa Rica have failed. War is probable. The two armies are facing each other near the frontier, nearly half a mile apart.

HOUSE PROCEEDINGS. Nothing of Special Importance Transacted by Congress. Washington, April 21.—The house committee on foreign affairs met in special session to-day, but did not consider any declaration of war.

Resolutions of inquiry were favorably acted upon, including that of Mr. Mahany, asking the state department for information concerning American citizens in Mantanzas. A bill to restore citizenship to Mrs. Sartoris, formerly Miss Nellie Grant, was ordered favorably reported.

ELECTION CONTEST. The house spent the afternoon considering the Patterson-Carmack contest from Memphis, Tenn. district. The preliminary votes were very close.

Report Not Confirmed. Washington, April 21.—It is reported that orders also have been given to the flying squadron to sail, but confirmation is not yet obtainable.

Spanish Demonstration. Madrid, April 21, 3:30 p. m.—General Woodford has left Madrid. There is a great demonstration at the station.

CALL FOR TROOPS. The President Will Call Out One Hundred Thousand Men. Washington, April 21.—Troops will co-operate with the navy as soon as they can be concentrated. Ten days, it is expected, will be necessary to concentrate troops at Key West. As soon as congress passes the army bill the president will call for 100,000 men. Eighty thousand will aid the regulars in Cuban operations. Twenty thousand will man the sea coast artillery.

Nothing yet is ascertainable regarding the flying squadron.

Insurgents Refuse to Confer. Havana, April 21.—It is understood that the insurgents have refused to confer with a delegation of the colonial government.

Spanish Fleet. London, April 21.—A dispatch published this afternoon, says: "The Spanish fleet was still at Cape Verde islands at noon to-day."

Neutral Vessels. London, April 21.—The statement in parliament that the United States will

adhere to the treaty of Paris regarding neutral vessels was echoed. No answer has been received from Spain.

Little Rhody is Warlike. Providence, R. I., April 21.—The general assembly to-day unanimously adopted a resolution appropriating \$50,000 for military equipment.

Naval Bill. Washington, April 21.—Hale said he would allow the naval bill to be temporarily laid aside to consider the volunteer bill.

Will Wait for Army. Washington, April 21.—Unless Spain's fleet makes it necessary our fleets will not move on Cuba until the army is ready.

Woodford Has Left Madrid. Washington, April 21.—Minister Woodford left Madrid at 4 o'clock this morning.

War Rumor. Washington Bulletin, April 21.—The north Atlantic squadron has sailed from Key West for Havana.

The squadron will blockade Havana immediately.

The decision to send the fleet was reached at a cabinet meeting this afternoon and was guarded as closely as possible. Hurried orders were dispatched to the fleet to establish a blockade at entrance to Havana harbor.

Later the fleet will be supported by troops, who will be dispatched to Cuba as soon as, in the opinion of the president, it is possible to use them advantageously in the occupation of the islands.

War Declaration Necessary. Washington, April 21.—Some members of the senate committee on foreign relations said that a declaration of war would be necessary as soon as hostilities begin to fix the status of combatants and preserve neutral regulations.

Pennsylvania National Guard. Philadelphia, April 21.—It is stated orders will be issued to-night calling on the Pennsylvania National Guard to mobilize at Mount Gretna, Pa., near Lebanon. Nine thousand members of the guard will be under arms by Saturday night.

Discussing War Measures. Washington, April 21.—The cabinet meeting this afternoon discussed questions which involve almost immediate action. It is unlikely that any formal declaration of war will be made at once.

Logan to Raise a Regiment. Chicago, April 21.—John A. Logan, Jr., has received from the war department authority to recruit a regiment of 1,300 men for light cavalry service.

Coal Embargo. Washington, April 21.—The coal embargo joint resolution passed the senate without division. It authorizes the president to lay or raise the embargo.

Walker Objected. Washington, April 21.—Walker (Republican, Virginia) objected to consideration of the bill to prohibit the exportation of coal.

War Revenue Bill. Washington, April 21.—The war revenue bill will be reported in full committee of ways and means on Saturday.

Massachusetts Militia. Boston, April 21.—Governor Wolcott has issued orders to raise the Massachusetts militia to war footing at once.

Naval Bill. Washington, April 21.—The senate has passed the sundry civil bill and taken up the naval appropriation bill.

Fleet at Anchor. Fort Monroe, Va., April 21.—No orders have been given out. Everything quiet here. Fleet at anchor.

Dying. Washington, April 21.—Senator Walcott, of Mississippi, is dying.

SENATOR WALCOTT DEAD. Senator Walcott died at 5:30 p. m.

POLICE COURT NEWS. De Mars Furnishes Bail—Board Bill Jumper Gets Out of Trouble.

Artie De Mars, arrested on the charge of removing mortgaged property, gave bail to-day for his appearance at the trial of the case before Justice Crawford. The bond was for \$50 and J. H. Leeds was the surety. The case will come to trial as soon as the attorneys for the opposing sides can agree upon a time.

District Attorney Fitch, who is to prosecute the case, is out of the city at present.

J. M. King, who was arrested on the charge of defrauding the Ruby house out of a board bill, was found guilty and sentenced to thirty days in the county jail.

Seferino Garcia, who broke a window glass at Meini & Eakin's last night, while on a drunken carouse, was fined \$5 by Justice Crawford to-day and on default of the fine will work on the street gang for the next ten days.

Ed. Wilson, Dan Kelly and John Laughlin, arrested as vagrants, were marched out of the city by Marshal Foreoff.

William Jordan, a clock man, who was lodged at the city building last night, set out for his destination in Oklahoma to-day.

University Lectures. Although the windiest day of the season, a number of distinguished visitors greeted Hon. W. H. Folsom as he stepped upon the University platform this morning.

The lecture was a scholarly, yet practical review of the natural and statutory limitations imposed upon the original credibility of testimony. Confidence as the basis of all public as well as private relations was assumed as the foundation and the speaker showed the effect of and the necessity for the laws of presumptions and spoke of the various classes of evidence, illustrating from the history of cases. He took high ground for the dignity and integrity of the profession, and, in closing, spoke a few words of encouragement respecting the University, to which he promised the support of the legal profession and the people of Santa Fe. The lecture was delivered with marked attention and will form a text for the work in the law course and a fitting introduction to the lectures that are to follow. The next of the series is the lecture by Hon. R. W. D. Bryan, on commercial contracts, on Thursday next.

T. J. Helm, who was here yesterday interviewing our merchants, returned to Santa Fe last night. He is the general agent of the Denver & Rio Grande railway Co.

H. F. McFarlane, the Chicago gentleman interested in the Cochiti mining district, is stopping at Sturges' European.

Mr. and Mrs. Isaac Lane's little granddaughter, Mary Reynolds, returned to her parents at Winslow last night.

THE ULTIMATUM!

Text of Demand Made Upon Spanish Government.

Senate Will Pass the House Bill Increasing the Army.

Authorities at Washington Actively Preparing for the War.

AMERICAN CABINET IN SESSION.

Washington, April 21.—The following statement of the text of the ultimatum to Spain was issued to-day:

Yesterday, April 20, 1898, about 11 o'clock the department of state served notice of the purposes of this government by delivering to Minister Polo a copy of the instruction to Minister Woodford and also a copy of the resolutions passed by the congress of the United States on the 19th instant.

After the receipt of this notice the Spanish minister forwarded to the state department a request for his passports, which were furnished him yesterday afternoon.

A copy of the instructions to Woodford is herewith appended.

The United States minister at Madrid was, at the same time, instructed to make like communication to the government of Spain.

This morning the department received from General Woodford, a telegram, a copy of which is herewith attached, stating that the Spanish government has broken off diplomatic relations with this government.

This course renders unnecessary any further diplomatic action on the part of the United States.

To Woodford, Minister, Madrid: Washington, April 20, 1898.—You have been furnished with a text of the joint resolution voted by the congress of the United States on the 19th instant, approved to-day, in relation to the pacification of the island of Cuba. In obedience to that act, the president directs you to immediately communicate to the government of Spain the text of the joint resolution, and to inform the government of Spain that at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters. In taking this step the United States hereby disclaims any disposition or intention to exercise sovereignty or jurisdiction over or control over the island, except for pacification thereof and asserts its determination, when it is accomplished, to leave the government and control of the island to its people under such free and independent government as they may establish. If, by the hour of noon on Saturday next, the 23d day of April, instant, there be not communicated to this government by the government of Spain a full and satisfactory response to this demand and resolution whereby the ends of peace in Cuba shall be assured, the president will proceed without further notice to use the power and authority enjoined and conferred upon him by said joint resolution, to such extent as may be necessary to carry same into effect. (Signed) "SHERMAN."

Telegram, Madrid, April 21, 1898 (received 9:30 a. m.). Sherman, Washington.—Early this (Thursday) morning, immediately after the receipt of your telegram and before I communicated same to the Spanish government, the Spanish minister of foreign affairs notified me that the diplomatic relations were broken between the two countries and all official communication between their respective representatives had ceased. I accordingly asked for safe passports. I will turn the legation over to the British embassy and leave for Paris this afternoon. (Signed) WOODFORD.

Tore Down the Flag. London, April 21.—Mail advices from the Grand Canary islands, dated April 12, says that it was reported there that the stars and stripes had been torn down from the American consulate by the rabble and trampled upon.

Army Headquarters. Washington, April 21.—Gen. Miles said to-day that as far as he knew now, the army headquarters would remain at Washington.

Volunteer Army Bill. Washington, April 21.—Senator Hawley has called up the volunteer bill.

Destination of the Spanish Fleet. Washington, April 21.—The navy department received a cablegram from

Madrid saying it is reported there that the Spanish squadron at Cape Verde islands left there last night, destination unknown.

Senate Proceedings. Washington, April 21.—Mr. Money (Miss), in the senate, speaking of the fact that there would be no privateering by the United States in the war with Spain, said the matter of deciding such a question was entirely in the hands of congress.

Must Give Notice that he would insist that such dispositions shall be in executive session.

The Army Bill. Washington, April 21.—The senate committee on military affairs to-day began the consideration of the volunteer army bill passed by the house yesterday. An effort will probably be made to pass it to-day.

The senate committee on military affairs has authorized a favorable report on the volunteer army bill with general amendments.

The most important amendment suggested by the senate military committee is the volunteer army bill to one reducing the time of enlistment of the members of the national guard, where the guard of each state exists in a body, from three years to one year. This change was made because of the belief that the national guard of many states would go as a body for one year but not for three years.

The volunteer bill for 80,000 troops passed the senate.

Spanish Fleet Coming. Madrid, April 21.—A semi-official note, just issued, says that the Spanish government considers the ultimatum of the United States constitutes a declaration of war.

A semi-official note adds that the Spanish fleet is already on the way to meet the fleet of the United States.

War on Gold Avenue. This afternoon at 3:30 o'clock, the team of horses of Orrin Oxendine declared war for a few minutes on gold avenue. A stove and some other household utensils were loaded into the Oxendine wagon, and the driver started to drive on gold avenue, when the horses commenced to run away. The frightened animals ran into the delivery wagon and horses of D. Weiler & Co., in front of the latter's store, and did some damage by tipping over the Weiler wagon, scattering some groceries that had been put up for delivery. In the collision the Oxendine wagon went over on its side and the speed of the horses was somewhat slackened, they declaring themselves unable to continue hostilities and came to a halt in front of "The Bee Hive" store.

WAR DECLARED.
Minister Woodford was given his passport this morning by the Spanish authorities. He did not get to deliver the ultimatum of the American congress.

This action on the part of Spain is a practical declaration of war by that country.

You can get the war news first by taking THE DAILY CITIZEN.

Just now Mr. Bryan is a very small factor in American affairs.

The American fleet next week will blockade all the ports of Cuba.

The expenses of San Miguel county the past year amounted to \$21,475.94.

THE CITIZEN has a larger circulation than any other two daily newspapers in New Mexico.

The Spanish-Americans of New Mexico are almost solidly in favor of the Cuban insurgents and against Spain.

In the war with Spain the United States will not encourage piracy. No privateers will be employed.

The ladies of Albuquerque owe it to themselves to provide the National Guard of the city with a neat battle flag.

THE WAR with Spain will be ended by the Fourth of July, when the people of the United States can have a big celebration.

GOV. OTERO will take pride in seeing to it that the troops from New Mexico in a war with Spain are well equipped and officered.

Let everyone turn out and work for the great spring fair and racing carnival. It is going to be the biggest thing Albuquerque ever had.

The Spanish cortex will indignantly reject the ultimatum, and active hostilities between Spain and this country may be expected poco pronto.

Spain has never fought a first-class battle, and the war with the United States may give that nation a chance to redeem its inglorious record.

This country not only has the men and the money and the mules and the grub, but it has the coal, too. Uncle Sam is in good condition for any sort of a fight.

THERE is no plant which animals so detest as the castor oil plant. A goat will starve rather than eat it, and those destroyers of everything green, the locust and army worm will not feed upon it.

In our contest with Spain, a great majority of the people of England believe that we are wholly in the right and pursuing a course identical with British policy in putting an end to the appalling misgovernment of Spain in Cuba.

An official estimate of the population of the Australian colonies at the end of 1907 places it at 4,410,124. When the census of 1901 was taken, the number was given at 3,800,805. Thus the increase in six years amounted to 15.75 per cent, by far the largest portion of this increase was in western Australia.

A MOST acceptable addition to the United States army will be Sousa and his famous band. This popular musician desires to attach himself to a New York regiment by way of gratifying a grudge against Spain growing out of the persecution of his father, who was a Spaniard and was exiled by the crown.

THERE is a great deal of maudlin sympathy wasted on the queen regent of Spain by the persons who do not remember that she is head and front of a government responsible for Weyler. The world fails to understand how an Austrian princess can so far forget her civilization as to permit the murder and starving of hundreds of thousands of her helpless subjects without protest.

It is a curious fact that red-haired people are far less apt to go bald than those with other colored hair. The average crop on the head of a red-haired person is only 29,200 hairs. Ordinary dark hair is far finer, and over three dark hairs take up the space of one red one; 105,000 is about the average. But fair-haired people are still better off; 100,000 is quite a common number of hairs on the scalp of a fair-haired man or woman.

TO IDENTIFY THE DEAD.
When the men of the regular and volunteer armies go into action in a war with Spain, they will wear around their necks little tags of aluminum so that they may be identified if found later on the field of battle.

In the last war it was often impossible to properly identify dead soldiers and thousands were buried in graves as "unidentified." The war department has prepared this system of identification and it has been decided that on each tag

shall be the number assigned each man on the muster rolls with the letter of his company, battery or troop and his regiment. These tags will be sent to the troops in the south when it is evident that a fight is on hand.

SPAIN WILL FIGHT.
There is no hope in Washington that Spain will surrender the pearl of the Antilles peacefully, for she has dispelled every shred of hope. She will not surrender the gem of her crown jewels without a show of battle that shall satisfy the sentiment known as Castilian honor.

The Washington authorities are in the dark as to Spain's plan of action.

She may risk all a naval battle off the coast of Porto Rico.

She may scatter her warships, swoop down on American seaboard cities and seek vengeance in bombardment.

She may hold her navy on the other side of the Atlantic to invite attack under conditions most favorable to herself.

The American tacticians have considered all these possibilities and are prepared for them.

The knell of Spanish dominion in America is sounded, and the end is foretold.

Spain may make a sham resistance and then appeal to the powers to let her down easy and save the throne to the reigning dynasty; but no intervention of the powers will be accepted by the United States that does not provide for the independence of Cuba.

SONS OF VETERANS.
While the many organizations talked about who will enter the service in case of war, the sons of Veterans should not be forgotten, as when the time comes they will respond promptly to the call of their country. It is not necessary for them to offer their services at this time, as their oaths taken when they joined the organization are sufficient guarantee of their willingness to serve their country when the call is made for volunteers.

The Patriotic Order Sons of America is another order strictly in line and can be relied upon when the time comes for responding to a call for troops.

Why not pay out the money hoarded in the city treasury and stop the interest drain on several thousand dollars in city bonds?

The Arctic Expedition.
It is rumored in official circles that government contemplates sending an expedition to the Arctic Circle during the coming year. This, it is said, will comprise eminent navigators, geographers, naturalists and astronomers. There can be little doubt that discoveries will be made of the utmost importance to science. However useful times may be the can never expect the value of that discovery so fraught with benefit to the human race—Roemer's stomach bitters. This truly estimable medicine has achieved a reputation for curative and preventive efficacy in cases of indigestion, dyspepsia, chronic dyspepsia, biliousness, rheumatism, kidney and bladder complaints and nervous ailments.

Wait! Wait! Wait!
I have just received word that my order for 1,000 ladies' low-cut shoes, ordered last winter for the spring trade, cannot be countermanded as many of the shoes have already been made. I will offer some rare bargains in this line of ladies' low-cut shoes, which will be within ten days or two weeks. The stock will contain all sizes and it will pay intending purchasers to wait until they arrive.

A-SIMPLY.
Americans are the most inventive people on earth. To them have been issued nearly every patent or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Cough, Croup and Whooping Cough, and has done more to relieve suffering and pain. J. W. Vango, of Oakland, Ky., says: "I have used Chamberlain's Cough, Croup and Whooping Cough in my family for several years, and it is the best medicine I ever used for coughs in the stomach and bowels." For sale by all druggists.

Pension Examining Board.
The pension examining board—Dr. Pearce, W. H. Wright and—held a regular meeting at the office of Dr. Pearce yesterday and examined six applicants for pensions. It is learned that an old soldier up in the Sacramento country recently applied for a pension, and a number of his neighbors swore that he was bedridden from the effects of wounds received during war days. Delegates Ferguson appeared to the board to visit this applicant and examine him for a pension. The board refused to make the trip, and in consequence the applicant appeared in the city to be examined, not in a bedridden condition, but a pretty well man. Of course he will not get a pension.

The Greatest Discovery Yet.
W. M. Hopley, editor of the Tucson, Ill., Chief, says: "We won't keep house with our Dr. King's New Discovery for consumption, coughs and colds. Experience has taught us that it is the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is the only remedy with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and testimonials is guaranteed. It never fails. Trial bottles free at J. H. O'Reilly & Co.'s drug store.

Wine for Sale.
Native wine, pure and healthful, at only 50 cents a gallon at C. A. Grande's 335 North Broadway.

For Over Fifty Years.
An OLD AND WELL-TRIED REMEDY. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Mrs. L. L. Wyatt, who is known to a half a dozen liberal creditors in this city, is seeking in Tucson, Arizona, a letter stating that Mrs. Wyatt showed up there a few days ago as the authorized correspondent and agent of the magazine "Land of Sunshine" but it soon leaked out that she was playing a double game, representing the Los Angeles Herald, although her expenses were being paid up by the "Land of Sunshine."

Word reached this city yesterday, giving the information that Joe. Hampton, well-known here, had secured a big railroad contract down in Mexico extending for a distance of over 700 miles.

H. J. Emerson, assistant cashier of the Bank of Commerce, was at his post of duty yesterday, after a short spell of sickness.

WHAT THE EMPLOYEES ARE DOING.

The snow plows have been removed from the Santa Fe engines.

C. C. Koverhart has accepted a position in the freight department of the Santa Fe at Las Vegas.

Chief Engineer H. A. Sumner, of the El Paso & Northwestern, has located his office in La Luz.

Harry Bartlett has left his desk as night freight agent at Las Vegas and accepted a position in the yards there as a switchman.

Within twelve months brakemen on the Northwestern will be calling out "Alamogordo; change cars for Fresno, Pine Springs, Upper Pecos and Weed."

Twenty men will cut across the bed-rock near the Santa Fe Pacific pump house at Kingman and make a reservoir to catch the water that flows down the canyon.

Roadmaster Elliott has a large force of men at work in the yards at Las Vegas removing the old rails and relaying the yards throughout with 80-pound Bessemer steel rails.

The railroad grade is now about completed to Dog Canyon, ten miles south of Alamogordo. Track laying is completed to this side of the Jarilla mountains, says the Sacramento Chief.

Dr. H. K. Stroud, of Phoenix, received notice of his appointment as surgeon of the Maricopa & Phoenix & Salt River Valley railroad to succeed the late Dr. Helm, since whose death the office has been vacant.

A force of surveyors, under command of James Girard, are measuring off the ground for additional railroad track for the Saginaw Southern line, operated by the Saginaw Lumber company, out on the Santa Fe Pacific.

Four separate parties of engineers are now at work doing railroad work near La Luz. One party is surveying the main line of railroad, one surveying the Alamogordo towline and two outfits are at work in the Fresno canyon surveying the Sacramento mountain branch.

The Santa Fe Pacific railroad company has been improving its Flagstaff yards and tracks near the depot during the last few days, says the item. We hope to see this company make some improvements soon that will add to the beauty of its grounds and thereby benefit the town.

The Winslow Mail says: We understand that the railroad company proposes to remove the fence on the south side of the track, used as a sand-bank, beyond the cottages and to extend the full length of the town. This will afford greater protection to the city from sand, and at the same time remove an eyesore.

A. J. Tracy, formerly roadmaster of the Prescott & Arizona Central railroad, returned to Prescott after an absence of four years and a half, says the Journal-Miner. He says he has found no place where he would rather live than in Arizona and he will remain at Prescott if he can succeed in getting suitable employment.

Two hundred carloads of material have been delivered within the past few days at Geronimo, for the extension to Globe of the Gila Valley, Globe & Northern railway. Grading parties are scattered along the entire seventy miles of the route, and the management expresses confidence that the line will be in operation by September 1.

A new order of things are being brought about by the building of the El Paso & Northwestern railway through the Sacramento section and an era of great prosperity noticed. New life and renewed energy has been instilled into the people, industries have been supplanted by enterprise and capital is knocking at the door for investment.

Engineer H. A. Sumner, with a force of assistants, is now surveying the line for the Alamogordo & Sacramento mountain railway. Grade stakes are being set and the graders will be at La Luz in a few days to start the dirt to flying. The road will be a branch or standard gauge and the contract has been let for constructing it as far as the McNew ranch, twenty miles east of La Luz.

The El Paso & Northwestern railway is so far advanced in its construction as to have issued a card notifying possible patrons that passengers and freight will be carried to and from El Paso and the end and making connection with stages to Alamogordo and Tularosa. The road, when completed, will prove a godsend to the people of that region, and, in view of the evident appreciation of their efforts, the officials are pushing the construction as rapidly as plenty of money will permit.

Tuesday morning, at 10 o'clock, a freight wreck occurred on the Santa Fe ten miles north of Springer. It was a fast California fruit train and was running at the rate of twenty-five or thirty miles an hour. Thirteen cars were spilled all over the prairie. Five cars of oranges and one of lemons are a total wreck, but the officials were on the ground with several wrecking crews and all the section men fifty miles on each side saved what fruit they could. Traffic was delayed about seven hours.

A Clever Trick.
It certainly looks like it, but there is no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking electric bitters. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only fifty cents at bottle, at J. H. O'Reilly's drug store.

Crime Punished.
Wm. Pool and Mina Richter were sentenced in the United States district court, Saturday, to serve six months in the territorial penitentiary, they having pleaded guilty to the charge of adultery, says the Las Vegas Optic.

Pool was a member of the firm of Pool & Westerman, who opened a butcher shop on Bridge street about three months ago. The woman came here with Pool from Temple, Texas. It was supposed from outside appearances that the couple were

man and wife. A few days ago the lawful wife of the gaitly husband arrived from Temple, and swore out a warrant, last Monday night, for their arrest. The wife is nearly heartbroken and is willing to forgive her husband and would take him back with her, if he could be relieved from serving the six months' penalty, which the law has imposed. United States Marshal Fowler left with the prisoners on the afternoon train.

Mrs. A. Inven, residing at 729 Henry street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctor for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she was desirous of similarly afflicting to know what cured her. The 25 and 50 cent sizes for sale by all druggists.

A Mandamus on the Auditor.
Upon the application of Sheriff H. O. Baram, of Socorro county, Judge Hamilton, of the Fifth Judicial district, has granted an alternative writ of mandamus, directing the territorial auditor to audit and pay the accounts of the said sheriff for the forty-eighth fiscal year, amounting to a little over \$1,300, for expenses and mileage in conveying convicts from Socorro to the territorial penitentiary, or show cause why he should not do so. The auditor claims that, as these claims arose during the past fiscal year, the sheriff cannot be paid out of funds appropriated for the present fiscal year. The mandamus proceeding will be heard before Judge Hamilton on May 22 next.

Colorado Old Man Mining Company.
F. L. Lewis, Matt Francis, George De Vergine, W. B. Gaskill and J. F. Seldondridge, residents of Colorado, have organized the Colorado Old Man Mining company, under the laws of that state, and filed a certificate of incorporation in Secretary Wallace's office. The objects of the incorporation are to carry on a general mining and smelting business. The capital stock is \$1,000,000, with principal business office located in Colorado Springs, Colo. The operations of the company will be carried on in Grant county, N. M.; Silver City is designated as the location of the New Mexico office, and T. N. Childers resident agent.

THE WEALTH OF ARIZONA.
Law Abiding Citizens and the Schools of the Territory.

Arizona is one of the most law abiding regions of the entire country. Life is as safe in the territory as it is in the cities of New York and Chicago. The infractions of the law are less in Arizona in proportion to the population than in either of these cities. More robberies and deeds of violence are committed in the large cities of the east in proportion to the population than in Arizona. The telegraphic reports of crimes committed in the territory do an injustice. The people are intelligent and progressive, and have some of the largest and most wealthy mines in the world. One mine is commonly reported to be worth \$50,000,000, and another is quoted at \$30,000,000. There are many smaller properties that range from \$50,000,000 or \$75,000,000 down.

The school system is not surpassed in the United States. No expense is spared to make the schools fill their purpose in the highest degree. The total enrollment in the common schools is 13,362, with 334 teachers.

The places on the bench are now filled by Ohio men, who are sent out to distribute justice to the territory—Mining and Industrial Reporter.

Colorado Claims Four of the Howitzers.
The surviving members of the forces who served in the war from the state of Colorado have been invited to meet in the council chambers at the city hall to determine how to secure from the United States government four of the eight bronze six-inch howitzers now at Albuquerque, N. M., which were buried in 1862 by General Sigbee's confederate forces after the battle of Gilaclita—Denver Times.

The Hearing in the Tucker Case.
Word reaches here from Las Vegas, that Chief Justice Mills, on yesterday, discharged the United States petit and grand juries, having cleared up all the business before those bodies and is today closing up the term's business. It was expected that the chief justice would arrive here this evening and would, on tomorrow, commence the preliminary examination in the case of Thos. E. Tucker, now in jail here, charged with the murder of Hippolyte Vigil in February, 1904. Solicitor General Bartlett and District Attorney Spiess will appear for the territory and Henry L. Warren, of Albuquerque, will appear for Tucker. It is expected that the hearing will take several days.

At noon to day a dispatch was received from Judge A. B. Fall, one of the counsel for the defense in the Tucker case, to the effect that he was ill and could not be here until Monday next and asking a postponement of the case until then. This request was wired Chief Justice Mills, and at 4 o'clock this afternoon an answer was received from him, granting a postponement of the case, therefore it will come up here on Monday next and will be heard by the chief justice—New Mexican.

DEATH OF JOHN ROQUET.

He Was One of the Pioneers of New Mexico.

John Roquet, of Pe Juque, one of the American pioneers of Santa Fe county, died on Monday at his home at Espanola. He was a Frenchman by birth and lived a long time in California prior to moving to New Mexico. To him belongs the credit of planting the first grafted fruit tree in New Mexico. He leaves a splendid orchard of all kinds of fruit as a monument. He has lived for over 31 years on his ranch, which is on the old stage road from Santa Fe, nine miles south of Espanola. He leaves a widow, but no children. His wife is a sister of Hon. Mariano Larrazolo and of Mrs. William Roberts, of Taos. He was over 80 years of age, but continued in good health till but a short time before his death. He was a good citizen and very generous in his dealing with his Mexican and Pueblo Indian neighbors. His ranch is one of the finest in Northern New Mexico.

Deputy Sheriff Pete Busch came up from Congress this morning and arrested Lewis Pyson, on a charge of forgery. He will take him to Congress for his preliminary examination to-morrow afternoon.

Fred Lyon, formerly in the employ of the Electric Light company, is now in Globe in the employ of the Electric Light company at that place. On his arrival at Globe the town had been in darkness for three or four days and after a few hours work he had the lights in operation and the town illuminated.

Mr. and Mrs. George Brown and family, who recently lost their home by fire on the Verde, and thereby were made penniless, were the recipients of a \$40 collection through the efforts of Z. T. Stone, who interested himself in their behalf. Mr. Stone delivered the money to Mrs. Brown in person.

Two boys, carrying a monster, squirming bull snake between them, appeared on the streets Monday. The snake was nearly nine feet long and was captured in the rocks west of Prescott. These snakes are perfectly harmless, prey upon rodents, kill rattlesnakes and are otherwise serviceable to man. They should not be killed.

Hostilities commenced in front of Hotel Burke. The belligerents were two hack drivers. Under Sheriff Dillon happened along and adopted a resolution of armed intervention and proceeded immediately to carry it into execution, stopping the scrap.

Major W. M. Wallace, of the Second cavalry, United States army, who is at present at Whipple, was formerly a troop commander in the Sixth cavalry, of which R. L. Tea was a member. Mr. Tea says he served ten years in Major Wallace's company, and that no finer officer or better man he ever commanded a company of troops.

About 12:30 Saturday morning, what might have been a disastrous fire occurred in the Wells Fargo express office, had it not been for the prompt response of the fire department. The outgoing express packages, etc., being near the door ready for transportation, were the first articles moved. The origin of the fire is not known.

PHOENIX.

J. J. Ekey and J. J. Chatham, of this City, have been appointed inspectors of customs at Nogales at a salary of \$3 per day.

The Arizona supreme court, sitting at Phoenix, has denied a new trial for Parker, the convicted train robber and murderer.

Green Howard, a sheep man, mysteriously disappeared in Phoenix last Saturday. He received \$450 on Friday for wool, and full pay is feared.

Judge Fletcher M. Doane says the farmers in Pinal county will have good crops this season and the water service is much more satisfactory than it was one year ago.

The remains of W. K. Parrott were shipped by Undertaker Davis to his late home in Portland, Oregon. A brother, Archie Parrott, who arrived here, accompanied the body.

Thos. Dowd and wife, E. W. Martin and George S. Nolan, were passengers on the Santa Fe for San Francisco, from which place they will sail for Seattle, to outfit for the Klondike.

F. W. Brode, who was injured at Castle creek hot springs over a year ago, by falling from a cliff, died recently in Phoenix from the effect of the injuries received. He has been a terrible sufferer during the past twelve months.

Saturday night a party of young people went to the mesa in a large bus to attend a dance given there. On the return trip early Sunday morning the horses and bus were derailed in the river and the party were forced to remain with slim prospects of getting ashore without getting wet. Willis Warren, who was returning from Tempe on a saddle horse, came to the rescue of the water-bound party. He carried the ladies ashore one at a time on his horse and performed the same service for the gentlemen until all were safely landed.

The Phoenix Gazette says: The Arizona Live Stock association is working up an extensive business in furnishing fat cattle and hogs to outside purchasers. Within the last forty-seven hours its officers sent a carload of extra fine steers to Blue-bee. The average weight of the consignment was 1,100 pounds and the price \$4.10. A mixed carload of fat cattle and hogs was sent to Williams. The price of the latter was \$3.90. Hogs are reported scarce in the valley. A carload of fat cows was also sent to Winslow.

On Saturday last E. A. Clark and Miss Annie Laurie McKinney were married at Bowie station. The groom is one of the best known pioneers of Arizona, better known as Huallapai Clark, the chief of scouts under General Crook during the Apache wars. He came to Arizona thirty years ago and during the Apache wars was accepted as one of the most courageous Indian fighters in Arizona. The bride is the daughter of R. H. McKinney, of Bowie.

A gentleman who is here from Kansas City, thinks that an establishment for canning tomatoes should be a success in this locality. At Las Cruces, N. M., the factory there shipped to points north and south twenty five carloads of canned tomatoes last year. If it can be done there it seems reasonable that the Salt River valley can do equally as well, putting up corn, corn and small fruit at the same time.

County Recorder F. W. Sheridan returned from his cattle range on the Verde six miles north of the city, where a rodeo is now going on. There are about six days more riding. Mr. Sheridan thinks he will get about 150 or 200 head of cattle out of this round-up. The ranges, he says, along the river are getting a little short, but back in the hills the pasture is very good.

WEEKLY CROP BULLETIN.

The week ending April 15 was very favorable to New Mexico.

Several light rains furnished the necessary moisture and the temperature was about normal. The rains were generally slow and all the water was absorbed, doing the greatest possible good.

Crops of all kinds advanced rapidly. In the northern part small grains are coming up and more are being planted and in the south preparations are being made to put up the corn crop.

Feed on the ranges improved rapidly and stock of all kinds are in excellent condition.

The outlook for the lambing season, which is just approaching, is very satisfactory in view of the rains that have just fallen.

The water in the streams and aqueducts is still ample for irrigation, and the snow in the mountains has melted slowly, so there is a fair supply left. Everything taken into consideration, the outlook at present is very satisfactory.

The following extracts from a few of the reports received at this office will be found of interest:

Albuquerque—M. Custers—Early crops were killed by the frosts in March and first of April. Peaches not materially injured. Wheat about four or five inches high and very thick, this same wheat about six inches high and promising heavy yield. All kinds of garden truck doing well. Ranges needs rain, Friday night and Saturday 0.15 of an inch of rain fell.

Alamosa (Grant county)—W. M. Taylor—Warm and cloudy. Good thunder showers toward end of week with somewhat cooler weather and easterly wind. Trees getting green. Farmers plowing for corn planting. Alfalfa six inches high. Apples going in better shape. Grapes still green. Small grains generally sown and the first irrigation commenced. Alfalfa coming on well. Inside range grass just starting. Old grasses still good feed and cattle and sheep doing well. Ranges much better.

Blowwater—J. S. Van Doren—The warm days of last week resulted in a half inch of rain the first of the week. Doing well. Alfalfa coming on well. Small grains generally sown and the first irrigation commenced. Alfalfa coming on well. Inside range grass just starting. Old grasses still good feed and cattle and sheep doing well. Ranges much better.

Cliff—T. J. Clark—Nice rain here to-day 1.5th, no frost the past week. The grass on the ranges is growing nicely. Stock of all kinds look well. Fruit crop never looked more promising. Plenty of water in the ditches for irrigation. The timber is in full leaf. There is more moisture on the ground than there has been for several years at this season of the year.

Farmington—J. G. Willea—Weather warm; alfalfa starting nicely. Some showers, but did not do much good. The ground is dry, having no snow during the winter. Stock wintered nicely. A great part of the last year's crop of alfalfa on hand and in the feed. Small grains are growing nicely. The timber is in full leaf. There is more moisture on the ground than there has been for several years at this season of the year.

Fort Union—M. C. Needham—The week has been a favorable one. The rain on the 10th and 11th put the soil in good condition. Wheat has now got a good start. Alfalfa also. Plenty of water in the ditches and streams for irrigation. Stock on the ranges are in fine condition. Farmers busy planting.

Gallinas Springs—Jas. E. Whitmore—The drought was broken at 12:30 on the 10th, with that rain the soil was in good condition. Alfalfa is in full leaf. There is more moisture on the ground than there has been for several years at this season of the year.

Gila—Chas. H. Lyons—Range first-class, and stock are in fine condition. The river for irrigation and the amount of snow in the mountains in this vicinity is fully up to the average, so there is no lack of water for irrigation this summer. Peaches will make about one-third of a crop if nothing more happens to them. Too early to say what other fruits will do.

Hilchiro—Frank L. Given—Thunder storm commencing early in the morning of the 10th followed by a gentle rain which was continued until the 11th. The crops are growing nicely.

Las Cruces—C. E. Mead—Up to date crops look exceedingly well. Alfalfa will average about six inches high, with probably five or six. The rain on the 10th and 11th did a great deal of good. 0.61 of an inch having fallen. Fruit crops are in fine condition. The timber is in full leaf. There is more moisture on the ground than there has been for several years at this season of the year.

La Luz—Mrs. H. T. Findley—The weather has been exceedingly favorable for all kinds of vegetation. Alfalfa is looking fine, garden crops are nicely fruit advanced, conditions could not well be better.

Los Alamos—Wm. Frank—Season has been very dry, but drinking rain commenced on the 10th in the evening, lasting all night. River very low, but ditches running full and apparently large amount of snow in the mountains. Farmers are busy planting and a large acreage of wheat and oats has been put in. Sheep have wintered without any material loss and the cattle are in good shape. The lamb crop is expected to be a good one.

San Rafael—J. W. McEach—A good rain on the 10th and 11th in the morning of the 11th. Grass on the range looking fine and stock doing well.

Santa Fe—J. D. States Weather Bureau—Good rains during the week have advanced all crops rapidly. Fruit trees beginning to bloom and the outlook for all crops is excellent. Feed on ranges is starting nicely.

THE CITY IN BRIEF.
Personal and General Paragraphs Picked Up Here and There.

Reserved seats can now be secured at Watson's for the Star minstrels.

Cambert, German hand and genuine musician, came at the SAN JOSE MARKET.

A. J. Robinson, of Gallup, and Walter W. Harmon, of Alameda, are at the European.

Miss Abrams will sing "Good-Bye, Sweet Day," at the star minstrels' entertainment, April 27.

Mrs. J. E. Dutton, wife of the Santa Fe railway agent at Houtbrook, is in the city, stopping at Sturges' European.

The Ladies Aid society of the Presbyterian church will meet on Friday afternoon at 3 o'clock at Mrs. Nelson's, 409 South Arno street.

Last evening was "Ladies' Night" at the Continental club, and a most enjoyable time was had by the large number who attended. Dancing was the order of the evening, and light refreshments were also served.

Prof. J. Keverit Smith, of the high school, took his class in physics down to the Santa Fe Pacific shops yesterday where they witnessed the practical workings of steam engines, the principles of which they had just been studying.

Not the least of the attractions furnished by the Library ladies on the 25th will be the program of songs and dances to be given on the stage of the opera house before the opening of the ball.

Company A, Fifteenth infantry, passed through the city last night from Fort Bayard on their way to Fort Logan, near Denver. Troops A and D of the seventh cavalry at Fort Bayard were also to have started yesterday on an overland march to Fort Duquesne, Utah. This would leave only company G, Fifteenth infantry, in charge of Fort Bayard.

The meeting at the Ferguson Hook and Ladder company's quarters of a company of "National Volunteer Reserve" was not called to order last night owing to the non-attendance of a number of the men who had been invited.

The case of A. M. Gentile vs. the city of Albuquerque was tried in the district court today and given to the jury this afternoon. The plaintiff seeks damages for a house on the corner of Broadway and Marquette, that was torn down by the city in the year of 1904.

City Attorney Lee and Neil R. Ford represent the city and Childers & Dobson the plaintiff. The next case to be tried is Bibb vs. Yarbarr.

Back yards and alleys in different parts of the city present a frightful and forbidding appearance. If the owners do not soon show a disposition to improve the appearance of their property the city will have to step in and do it for them.

Rev. S. M. Chase, who was a health seeker here and conducted a small candy and stationary store on south Second street, left last Tuesday night for his home at Appleton City, Mo., in very poor health. His estimable wife remains in the city for the purpose of winding up the business affairs of her husband, after which she will join Rev. Chase in Missouri.

It is learned that Charley Metzgar, who left this city a few weeks ago to visit his folks in Germany, is still in New York, and it is feared by his friends here that Charley has changed his mind, and instead of going to Germany has enlisted in the United States navy to fight against Spain.

Everybody should attend the ball to be given by the Public Library association, at Grant's opera house, April 29th. By so doing you will spend a delightful evening and also help a most worthy charity.

M. L. Huston, the civil service examiner from Washington, D. C., conducted an examination of applicants for the railway mail service yesterday. He will go to Trinidad to-night.

L. Trauer and J. H. Bearup returned to the city to-day with a car load of sheep purchased in southern California. The sheep will be sold at the city market.

Sam Pickard, one of the faithful attendants of the First National bank, will leave this evening for southern California, where he will enjoy a vacation of a month.

W. M. Weaver, who was at Thornton on business, returned to the city last night, and will continue west to Gallup this evening.

The duet that Miss Abrams and Mrs. Whitcomb will sing at the Star minstrels, April 27, will be a treat.

P. E. Hecox, sheriff of Dona Ana county, returned to Las Cruces from Santa Fe this morning.

An exceptionally fine assortment of fresh fish at the SAN JOSE MARKET to-morrow.

Mrs. Watson Stearns and son, Rudolf Stearns, of Waltham, Mass., are in the city for health and pleasure. They are registered at Sturges' European.

Rev. H. N. Kliney, of Indianapolis, Ind., came in from Las Vegas last evening, and is the guest of Rev. F. H. Allen, who has been showing him about the city to-day.

Mrs. W. C. Swiger, Mrs. C. F. Lucas and Miss Annista Owen, three ladies from Spokane, Washington, are in the city to-day, and have rooms at the Hotel Highland. They find a warmer climate here than of the state of Washington, but they do not like the wind storm which is prevailing to-day. Mrs. Lucas resided here about thirteen years ago as Mrs. Owen, her husband being the district attorney and his death occurred in this city.

Judge Howell Loughery, of Washington, D. C., and his stenographer, Eugene McKroy, of Las Vegas, are in the city, and have taken rooms at the Grand Central. The judge is here as a special attorney of the government to hear Lillian depositions claims against the government, and is busy this afternoon hearing the case of Felix Papp, of Santa Fe. H. C. Burnett, an attorney from Humboldt, Tenn., who is representing a number of claimants, is also in the city, and has taken a room at the Hotel Highland.

Charles F. Spader and H. J. Haverkamp, who were here the past few days, left on the return for the Jemec hot springs this morning. Mr. Spader informed THE CITIZEN that while here he secured the management of the hotel at Sulphur hot springs from the owner, Hon. M. S. Otero, and during the summer will conduct a model resort hotel. All the rooms will be newly furnished throughout, and the dining department will be up-to-date in every particular, and the tables supplied with the best the markets afford.
