WAR WITH SPAIN IS NOW CERTAIN!

Congress Makes Demands that Will Lead to Hostilities.

FULL TEXT OF THE JOINT RESOLUTION.

Washington, April 19.—The joint resolution agreed upon in conference and passed by both house and senate, about 1230 this morning is as follows:

Whereas, The abhorrent conditions which have existed more than three years in the island of Cuba, so near our own borders, have shocked the moral sense of the people of the United States, have been a disgrace to Christian civilization, culminating, as they have, in the destruction of the battleship Maine and 266 of its officers and crew, while on a friendly visit in the harbor of Havana, and cannot longer be endured, as has been set forth by the president in his message to congress April 11, 1898, upon which action congress was invited; therefore,

Resolved, By the senate and house of representatives of America in congress assembled:

First—That the people of the island of Cuba are, and of right ought to be, free and independent.

Second—That it is the duty of the United States to demand that the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters.

Third—That the president of the United States be and he hereby is directed and empowered to use the entire land and naval forces of the United States and to call into actual service the United States militia of the several states, to such an extent as may be necessary to carry this resolution into effect.

Fourth—That the United States hereby disclaims any disposition or intention of the exercise of sovereignty, jurisdiction, or control over said island, except for pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people.

In the house only six votes were recorded against the report. In the senate the vote was 42 yeas, 35 nays, many senators holding out for recognition of the Cuban government as now established.

Springfield, Ill., April 19.—Gov. Tanner has ordered twenty fifty-caliber Springfield rifles sent to Rosborough, near Sparta, Randolph county, and one thousand rounds of ammunition to be used in quelling disturbances of the rioting coal miners. The trespass case of T. S. Wade vs. J. E. Friest and Mike Mandell is on trial in the district court to-day. The plaintiff's evidence is all in and the case will go to the jury sometime this afternoon.

Killed by the Cars.
Fred Samora, the 3-year-old son of Jacob Samora, was run over by some cars in the railroad yard late yesterday afternoon and almost instantly killed. He was playing on the track with several other children, when a switch engine bumped into some box cars near which he was playing, which passed over his body. The children near by began to scream, and the mother of Fred, ran out and picked her boy up in her arms. He only breathed a few times and then life was extinct. The funeral took place at 3 o'clock this afternoon from the Barelas church.

INCREASE OF ARMY!

Two Hundred Thousand Men to Be Put in Service.

The Navy will Make a Forward Movement This Week.

Ultimatum to be Sent to Spain by the President.

BIG WAR PREPARATIONS.

Washington, April 19.—Plans are now being formulated in congress involving the placing of about 200,000 soldiers in round numbers at the disposal of the government. The calculation is based on the following figures:

Standing army, 27,000; by call for volunteers, 60,000; by calling out state militia, 75,000 or 100,000; by regular army reorganization bill, 5,000.

INCREASE OF ARMY.
Senator Hawley introduced a bill to increase the military strength of the United States. It is in accordance with the wishes of the war department.

Army Increase.
Washington, April 19.—The war department to-day practically decided that its first call to arms would be for 20,000 men, to be taken from the militia of several states.

SPANISH FLEET.
It will be Sent at Once to Defend Cuba.
New York, April 19.—A dispatch to the Herald from St. Vincent, Cape Verde Islands, says: Should war be declared, the Spanish fleet, consisting of the cruisers Cristobal Colon and Infanta Maria Teresa, the torpedo boats and torpedo boat destroyers Furor, Terror, Pluton, Ariete, Rayor and Azor, now anchored in this harbor, will leave at once for Cuba. All vessels are stripped for action and ready to sail at a moment's notice.

Calling Out National Guards.
Washington, April 19.—The cabinet has practically agreed that the president shall call for 20,000 men of the national militia.

THE ARMY.
Whole of the Regular Army Moving to the Atlantic Coast.
Washington, April 19.—The three branches of the regular army—infantry, cavalry and artillery—began a movement toward mobilizing at points in the south from all parts of the United States to-day. The four points to which the army moves are Chickamauga battlefield, Tampa, New Orleans and Mobile. As soon as reaching these places they will go into camp.

Orders were issued from the war department to-day placing the light batteries of artillery on a strictly war footing. Telegrams were sent to commanding officers of these batteries directing them to increase each battery from four to six guns and increase the horses for each gun from four to six.

Dangerous Explosion.
Pittsburg, April 19.—A new explosive shell, the invention of George W. McMillan, a chemist, is being tested at the works of the Carnegie Steel company. It is claimed that it is of a more dangerous nature to the enemy than any other projectile in the naval department.

THE CUBAN INSURGENTS.
They Will Join Forces With the United States Troops.
New York, April 19.—The following statement on congressional Cuban resolutions was given out to-day at the office of the Cuban junta:

"The resolutions are tantamount to the recognition of the Cuban republic. The declaration is that the people of Cuba are free and independent. The Cuban people acknowledge allegiance only to the republic of Cuba which they have established and maintained by force of arms. The only object of the insurrec-

tion was the independence of Cuba. This is provided for by the resolutions. The Cuban asked before intervention that there be recognition of independence. This was also provided for by the resolutions. Their desire to run their own government free from coercion is provided for by the fourth paragraph of the resolution.

"Under these circumstances the demand made by the United States that Spain at once evacuate the island, and the threat that in the event of her refusal the land and naval forces of the United States will be used to compel evacuation, certainly merits the deepest gratitude on the part of the Cubans. Spanish force be necessary on the part of the United States there will be the most complete co-operation by the Cuban government and the army.

"Practiced pilots will be placed immediately at the service of the United States and in every way will the Cubans aid in expelling the common enemy.

"To the patriotism of the American people and the American press the Cubans owe a debt of the deepest gratitude, and for the confidence which the American people have in them they hope to prove their worthiness.

"The steadfastness with which they have pursued their ideal for independence, and the organization which they have shown in the fight against Spain are sufficient proof that they will be able to maintain their independence and that peace will be their only object for the future."

Movement of Troops.
Washington, April 19.—Two troops of the Seventh cavalry will leave Fort Bayard, N. M., for Fort DuChesne; one company of the Fifteenth infantry will go from Fort Bayard to Fort Logan, Colo., and a detachment of thirty men from Fort Grant will go to Fort Sill for duty with the Apache Indian prisoners at that point.

WAR REVENUE.
War Loan of \$100,000,000 to be Made When Hostilities Begin.
Washington, April 19.—The cabinet began to assemble a little before 11 o'clock. Chairman Dingley, of the ways and means committee, had a few minutes' conference with the president.

It is believed that a war revenue bill will be presented to the house, as soon as hostilities actually begin. Provision for a war loan will also be made within a few days. It is thought that the secretary of the treasury will be authorized to solicit popular subscriptions to the amount probably of \$100,000,000.

Favorable to National Guard.
Washington, April 19.—It is stated at the war department that only the national guard will be given an opportunity to volunteer at this time. The president will reserve the right to appoint staff and field officers, while the governors of states will designate the regimental officers as was done in 1861.

ANTAGONIST COWBOY CAVALRY.
Gov. McCord Will Enlist a Regiment for War With Spain.
Phoenix, Arizona, April 19.—Gov. McCord has telegraphed the president as follows: "I beg you to remember that Arizona was the first to offer the government a regiment of cavalry recruited from the cowboys of the southwest. The regiment can be ready for muster in ten days, and will be an honor to the territory and to the nation. Please give me authority to raise such regiment outside of our quota of volunteers to be called for."

New Officers.
At a meeting of the Mutual Building association, held last night, the following officers were elected for the ensuing year:

Henry Brockmeyer, president; W. H. Long, vice president; A. E. Walker, secretary; Frank McKee, treasurer.

The following are the names of the board of directors:

Odd Fellows' Anniversary.
Tuesday, April 26, is the 70th anniversary of the founding of American Odd Fellowship, and the local bodies of the order will celebrate in a fitting manner by a ball and banquet in Odd Fellows' hall.

The affair is in the hands of a competent committee, and everything is being prepared in the usual complete and thorough manner for which the members of the order are noted in carrying out their celebrations. The ladies of the Rebekah lodge have charge of the banquet, and will make a success of it without a doubt. The order has grown considerably during the past year, and has cause to feel very contented over the progress made.

The Library Ball.
There are many attractions during this month for society people of Albuquerque. Prominent among them is the Library Ball at Grant's Opera house on the 29th. Every one who has the good of the library at heart should attend. Every dollar spent for a ticket means so much advance in the work of this noble institution. The entertainment will be well worth the price of admission. For those who do not dance, the specialties on the stage will be attractive, and there is the supper which will be served to you any time you wish, after the program is finished.

For the dancers—it is only necessary to say that the best music that Albuquerque affords is being provided and that the program of dances is in the hands of a committee who know what the people like. Tickets on sale at Walton's drug store. Price, \$1.

Postmaster Grunsfeld has received a new United States flag—a large handsome one, and he stated this morning that as soon as war is declared and the "flying squadron" starts out to do battle against the Spanish hostiles, he will hold the new flag to the top of the pole at the postoffice building.

THE CITY IN BRIEF.
Personal and General Paragraphs Picked Up Here and There.

This is the anniversary of the battle of Lexington. Let the war go on! Fifty-one laborers from Denver passed through the city last night to work on the Santa Fe Pacific at San Jose.

J. J. Behr has severed his connection with the mercantile establishment of John Becker at Belen. He is at the European to-day.

The ladies who had charge of the Catholic Kirmis are holding a meeting at Rev. Mandelaria's parsonage on West Copper avenue this afternoon.

Engineer Harroun is still working on the plans for the low-line canal, and will have them finished by May 1. The injunction case is set for hearing on April 25.

J. Felipe Hubbell and Antonio Armijo, of Pajarito, are in the city to-day, for the purpose of hearing the very latest news about the impending hostilities between the United States and Spain.

The Adah Chapter, No. 5, O. E. S., will give a grand ball at the Armory hall this evening, and the ladies, in charge of all the arrangements, guarantee a splendid time to those who will attend.

Jonston & Finical are thoroughly renovating their law offices in the First National Bank building. Under the new arrangement the office will be partitioned off into three rooms, two small ones to be used as private offices and one large one to be used as a library.

Postmaster Grunsfeld has received a new United States flag—a large handsome one, and he stated this morning that as soon as war is declared and the "flying squadron" starts out to do battle against the Spanish hostiles, he will hold the new flag to the top of the pole at the postoffice building.

A value belonging to J. W. Hanson, the traveling representative of the Giant Powder company of San Francisco, was stolen from a chair car last night. The thief is believed to be the notorious Oscar Raymond, who served a term in the penitentiary for robbing the office at the stock yards a couple of years ago. Suspicion now points to Raymond for

the reason that he was seen lurking around the city for the past few days until ordered out of town by the marshal. The office then took yards was robbed again Sunday and the deed furnished many evidences of being the work of Raymond's hand. Officers are in pursuit of Raymond to-day but have not been able to find him yet. The value was found this morning in a box car riddled of its contents.

A. A. Grant, owner of several important corporations and also of the Morning Democrat, came in from Los Angeles last night, accompanied by B. F. Davis, his ex-manager. Mr. Grant is also president of the Low Line Ditch company, and is here looking over prospects for immediate work on that enterprise. Mr. Davis is visiting his old friends; he expects to return west in a few days.

Mrs. Walton takes this method, through Tex Cruises, to invite those of her pupils who have not been seen verbally, to attend her soiree on Friday night at the Armory hall. The soiree will be a most pleasant affair, and those who have received invitations are promised a grand time by this popular dancing teacher.

A couple of coats were stolen from the European hotel yesterday. One of them was the property of Ed. O. Hughes, of the Palatine Insurance company, of Denver. This coat was found at T. A. Whitten's second hand store where it had been sold by an elderly appearing man.

Capt. H. V. Smith, the well-known handler of teams of horses, came in from the Cochiti district the other day, and expects to return to hand this evening. Mr. Smith has charge of moving the steamship mill machinery from Thornton to hand.

There may be a special meeting of the council this evening to approve of Fred. Fornoff's bond as marshal. Pending the approval of his bond Marshal Cobert continues to act.

Tickets for the soiree to be given by Mrs. Walton, on Friday evening, are on sale at the stores of O. E. Matson & Co., S. E. Newcomer and W. Y. Walton.

Max B. Fitch, son of Capt. A. B. Fitch, the Graphic smelter manager at Magdalena, has his signature on the register at the Hotel Highland.

KISSED AND MADE UP.

Mrs. T. H. Jones Reconciled to Her Husband and Will Not Prosecute.

City Marshal Findley, of Tucson, accompanied by Mrs. T. H. Jones, the wife of the man arrested here Sunday night on the strength of a telegram from Tucson, saying that he was wanted for embezzlement, arrived in the city last night.

Mrs. Jones claimed that her husband had left her last winter and taken all of the funds with him. About two weeks ago she started out to pursue him, and finally traced him to Tucson. When she arrived there, however, he had just left. She consulted Marshal Findley, who informed himself in her behalf, and photographed Marshal Cobert in this city to look out for Jones. The latter was arrested Sunday night as he stepped off the train in this city. He had in his possession \$500 in cash and a draft for \$2,600 on a San Francisco bank.

As soon as Findley and Mrs. Jones arrived last night they betook themselves to the county jail, where the meeting between the husband and wife was of a gushing nature, and a spirit of forgiveness prevailed. They were completely reconciled, and the wife agreed to withdraw her complaint, and the husband in turn smoothed matters over by paying for all the expenses of his own pursuit and capture.

After spending a few days in this city, registered at Sturges' European. Mr. and Mrs. Jones will return to their home in Aspen, Colo.
