## THREE TORPEDO BOATS THE ENTIRE COST

None of the Larger Vessels of the Japanese Seriously Damaged--Admiral Rojestvensky in Sasebo Hospital with Fractured Skull.

St. Petersburg, May 31.—The admiral denies the report telegraphed to the London Express, that the cruiser Gromobol, of the Vladivostok squadron, has been sunk with nearly 800 men on board. A message from Captain Broussikoff, her commander, was received last night which it is believed was sent by wireless telegraphy to Vladivostok. The admiral has no further news to communicate this morning. The report of the battle, however, has been received from the captain of the Russian transport Korea now at Woo Sung and it is also understood that the emperor has received a communication from Japan, possibly from Rear Admiral Nebogoff or Admiral Rojestvensky.

One Lone Cruiser Arrives at Vladivostok. Washington, May 31.—The following dispatch has been received at the state department from Ambassador Meyer at St. Petersburg: "The Russian ship Almaz is the only Russian vessel that has arrived. The captain reports that he saw the Kuzaf Souvaroff sunk. Rojestvensky was wounded. He was safely lowered aboard the torpedo boat Buiny but has not yet been heard from."

Congratulations for Togo. Tokyo, May 31.—Admiral Yamamoto, minister of the navy, today sent the following telegram to Admiral Togo: "The enemy's second and third squadrons showed themselves no mean power but your squadron intercepted them in advance of their destination, put them to confusion and destroyed and captured nearly all their units. Your victory does not end here. You captured the enemy's commander-in-chief. It is most gratifying for our national cause that you achieved such victory." Putting the Blame Upon the Right Parties.

St. Petersburg, May 31.—The catastrophe which has overtaken the Russian fleet has given a tremendous impetus to the demand upon Emperor Nicholas for the immediate convocation of the national assembly without awaiting action upon the report of the Boullign Rescript commission. With the single exception of the reactionary Svet, the press pours out indignation and wrath upon the bureaucracy which is held responsible for all the misfortunes of the war. Only the Novosti and the Bourse Gazette, however, declare that peace should be concluded.

Conference at Tsarskoe-Selo. St. Petersburg, May 31.—The seriousness of the situation created by the complete destruction of the Russian fleet seems to be realized at

Tsarskoe-Selo, where the emperor has assembled practically all the members of the imperial family to decide on the course to pursue. A series of conferences are proceeding which will determine not only the question of peace, but whether it is advisable to yield to the popular demand for the immediate convocation of the national assembly.

Rojestvensky With Fractured Skull a Captive. Washington, D. C., May 31.—The State Department has received the following from Tokio dated today: "Rojestvensky's skull is fractured requiring an operation. The wound is serious but not dangerous. The total of Japanese losses up to date is three torpedo boats sunk, three officers killed and about 200 men killed and disabled."

Russian Admiral in Japanese Hospital. Tokio, May 31.—It is officially announced that Admiral Rojestvensky has arrived at Sasebo hospital.

Japanese Loss Slight. Washington, D. C., May 31.—The Japanese legation today received the following report from Tokio: "It is officially announced that in the last naval battle, the damages sustained by our fleet were very slight and that none of our battleships, cruisers, destroyers and other ships were lost except three torpedo boats. Under Imperial command, Admiral Togo was authorized to permit Nebogoff to submit to the Czar reports on the last battle and the list of Russians killed, wounded and prisoners. The admiral was also authorized to release on parole the surrendered officers of Nicol I, Orel, Aprazine and Senavin. Rojestvensky was taken to the Sasebo naval hospital. No other admiral was captured, the last report in this respect being due to a clerical error."

Saved Out of the Disaster. Vladivostok, May 31.—The torpedo boat destroyer Bravi arrived here today and brought four officers and 197 men of the crew of the battleship Osabaya.

Inclined to Peace. St. Petersburg, May 31.—This afternoon the emperor summoned Admiral Alexieff and all the ministers to an extraordinary council. The Associated Press was informed that all the ministers with the exception of the ministers of war and the marine were unanimously in favor of the conclusion of peace. No trouble is anticipated in meeting the payment of an indemnity as the financiers who were not willing to lend money for the continuation of the war are ready to accommodate Russia if money is needed for concluding peace.

## MEN OF THE HOUR

GEORGE A. FLEMING.

George A. Fleming, who tonight relinquishes his position as Assistant Secretary of the Territory and chief clerk in the office of Territorial Secretary J. W. Reynolds to assume tomorrow the responsible duties of manager of the recently incorporated Investment and Agency Corporation, at Las Vegas, is a young man of large business experience and sterling habits. He was born at Chicago, Illinois, on March 23, 1872, a few months after the Great Fire. He attended the public schools, and upon leaving these schools, entered upon an active business career. He held several clerical and office positions in large Chicago insurance agencies until 1896, when he opened a general real estate and insurance business under the name of George A. Fleming & Company. This he continued with much success until 1899, when lung trouble, the sequel of an attack of pneumonia, compelled him to seek the sunshine and dry air of New Mexico. Here his health improved rapidly and at Las Vegas he embarked in lime manufacturing under the name of the Hot Springs Lime Company. While in this business he also kept books for James A. Dick, and later for the Dunn Builders' Supply Company at Las Vegas. Resigning the latter place, he accepted the position of secretary and manager of the Crystal Ice and Cold Storage Company of Las Vegas, makers of artificial ice. From that position he came to the territorial capital on January 1, 1903, as chief clerk in the office of the Secretary of the Territory, Hon. James Wallace Reynolds. The Legislature of 1903, created the office of Assistant Secretary of the Territory and to this Mr. Fleming was appointed, the first

incumbent of the position. He performed the duties of his position in excellent manner and has established a record for painstaking energy that will be difficult to surpass by his successors.

On June 17, 1903, Mr. Fleming and Miss Maude E. Woods, a charming and talented young woman were married at Chicago, Illinois, and both have been very popular in social circles in Santa Fe. Mr. Fleming is essentially a mixer and a leader in enterprises for the public welfare. At the time of leaving Las Vegas, a little over two years ago, he was secretary of the Business Men's Protective Association, of which he had been one of the first and principal organizers. He was secretary of the Montezuma Club now known as the Commercial Club of Las Vegas. Mr. Fleming takes an active interest in politics and is a staunch Republican. He is a member of the Presbyterian Church.

Mr. Fleming is peculiarly fitted, by reason of his varied and thorough business training and by his general acquaintance throughout the Territory and particularly by his experience in the office of Territorial Secretary, to perform successfully and creditably, the duties of manager of the newly incorporated Investment and Agency Corporation at Las Vegas, recently organized by some of the most substantial business men of the Meadow City. Santa Fe regrets to lose him for he is a courteous official and an exemplary and public spirited citizen who took a deep and active interest in everything that tended for the good and advancement of the community.

## STOLE FAMILY SKELETON

Scion of Prominent New York Family Suspected of Theft of Incriminating Letters.

## BIG REWARD OFFERED

Incidentally Sixty Thousand Dollars Worth of Jewelry and Valuable Stock Certificates Disappeared.

New York, May 31.—Offers of a reward of \$10,000 are published here for the return of a packet of letters said to have been stolen from the private safe of the home of a wealthy and socially prominent family whose name probably will never be mentioned in connection with the affair, unless a scandal should arise from the exposure of the contents of the letters. Incidentally, it is hoped to recover \$60,000 worth of jewelry and many thousands of dollars worth of stock certificates which were stolen at the same time as the letters. The letters which carry information of a family skeleton hidden for fifteen years from the head of the household, are said to have formed the basis of theft. The detectives at work on the case say they confidently believe that the son of the household is the thief. He is only about 23 years old and well known in the younger set. His motive is believed to be the necessity of maintaining the appearance of having a large income during his engagement to a wealthy young society woman. His family oppose the match and have limited his allowance.

## GILA FOREST RESERVE.

It is to Be Considerably Enlarged By the Addition of Strips of Land on Each Side.

Within the next ten days the proposed additions to the Gila Forest Reserve, as recommended by Special Forester R. E. Benedict, will be made. The enlarged reserve will contain 3,327,040 acres, which will mean an increase in the number of rangers, of probably five men. The addition will take in a strip of country on the east in Sierra County, the width of one township and about 40 miles long. On the south a strip nine miles in width and about 20 miles long, which lies north and east of the Fort Bayard Military Reservation, will be added. From this strip, the addition runs in a zig-zag direction northwesterly to the northern line of the present boundary of the reserve. It is also understood that another addition will be made on the north in Socorro County, as special agents of the forestry division are now in that district, examining the country to be included in this proposed addition.

## PROSPERITY FOR COTTONWOOD CITY.

Railroad Shops at Alamogordo Will Be Worked to Full Capacity—All Engines Overhauled.

Master Mechanic Dawson of the El Paso & Northeastern, lately purchased by the Phelps-Dodge interests, has been given orders to increase his shop force at Alamogordo. The object of this, it is understood, is to put every available engine into service. This means a doubling of the shop force and a large increase of the pay roll of the mechanical department of the road at Alamogordo. All of the mountain engines on the Alamogordo & Sacramento Mountain Railroad will be put in good shape and just as soon as the logs can be transported to the saw mills an extra force will be put on at the mills. This will mean the doubling of the force and the running of day and night shifts.

## OVER SCORE BURIED BY CAVE-IN.

All But Five Have Been Rescued Uninjured—Three Are Dead and Two Hurt at Montrose, Colo.

Montrose, Colo., May 31.—Twenty-one workmen who were imprisoned in the Gunnison reclamation tunnel by a cave-in yesterday were rescued alive and uninjured today through a shaft which was sunk about fifty feet in less than twenty-four hours. The three injured have also been recovered and there are two dead under the slide.

## SMALLPOX IN GRADING CAMPS.

Smallpox has broken out in the grading camps of the Denver & Rio Grande Railroad in San Juan County. One of the victims, a man named Hall, was taken ill while in Farmington and that part of town was at once quarantined. Two cases are reported at Largo and one near Aztec. These camps have been quarantined by Dr. O. C. McEwen, health officer, and Dr. A. McRea has been placed in charge of them.

## THE ANCIENT TOWN OF TAOS

It is the Center of One of the Most Fertile Valleys in the Southwest.

## A PROSPEROUS YEAR

Dr. T. P. Martin Tells of New Buildings Going Up and of Extensive Mining Operations.

Dr. T. P. Martin, the well known physician of Taos, who has been in the city for a few days, stated to a representative of the New Mexican today that water was more plentiful and crop prospects better this year than he has ever seen them in Taos County during the fifteen years of his residence in that section. Sheep and cattle have been doing remarkably well. The lamb crop is unprecedentedly large and will average at least ninety per cent increase, while the wool, which will be shorn next month, is of the best texture, heavy and very long. The highest market price ever obtained is being received for it and some clips are being sold at 18 to 20 cents per pound.

The town of Taos is showing many signs of improvement. The new business block built by Alexander Gusdorf on the plaza is now occupied by the large wholesale and retail mercantile firm of Bond, Gusdorf & McCarty Company. The building is two stories high, as large as the Catron block in this city on the northeast corner of the plaza and built of native stone. It is provided with modern improvements and the office and business furniture was purchased from one of the largest wholesale furniture establishments in the city of Chicago.

J. F. Brooks, who is an extensive ranch owner, is completing a very fine modern residence. Other buildings have been erected during the past year and more are now in course of construction. The doctor is of the opinion that the present will be one of the most prosperous years ever experienced in the history of Taos County, which, "as everybody knows," he says, "is the garden spot of New Mexico and raises better cereals, such as wheat, oats and corn, than can be raised anywhere else on this great continent. The alfalfa crop will be fine and the honey of Taos is proverbial for its sweetness."

The San Cristoval Copper Mining Company has erected and has now in operation an extensive cyanide plant at its mines on the south fork of the Arroyo Hondo in the Arroyo Hondo mining district, about fifteen miles north of Taos. The ores run heavily in gold and copper, and the company expresses itself as well satisfied with the results. There is considerable activity in the Red River district as well as in the Copper Hill district and the outlook for mining in this county during the remainder of the year is hopeful and good.

The health of the community at Taos and in surrounding towns, says the doctor, is excellent this year although, he says, he nevertheless finds sufficient business to keep him busy and manages to eke out an existence at a few thousands of dollars per year. Upon the whole he says he simply expresses the sentiment of the people in saying that they are satisfied with present surroundings and conditions, and so is he.

John Dunn, an old timer, in Taos, who went to Goldfields, Nevada, two years ago and made a stake there, has returned and purchased the Wamsley toll bridge and toll road as well as the hotel at the bridge. The latter he has fixed up in fine style and it is now one of the most comfortable and best places for travelers and tourists in the entire southwest. He has also established a stage line between Taos and Servilleta on the Denver & Rio Grande Railroad, and transports passengers and express matter in from four to five hours between Taos and the railroad station back and forth. The new stage line is the shortest and best way to reach Taos from the Denver & Rio Grande Railroad.

## TREE NURSERY ESTABLISHED

A Systematic Effort by the Department of Agriculture to Replant the Forests of New Mexico.

The Bureau of Forestry of the Department of Agriculture through George S. Clothier, assistant forest inspector and W. R. Matton, forest assistant, has commenced the work of starting a nursery for forest trees on the Stevens ranch, north of Fort Bayard, in Grant County. Four hundred pounds of yellow pine seeds will be planted and it is expected that these will produce about 8,000,000 seedlings, which as soon as they attain growth enough will be transplanted in the surrounding country. This process will occupy the greater part of three years.

## PLENTY OF MOISTURE.

Roy Reports Three Inches in Five Days—Damage by a Severe Hail Storm.

Special Correspondence New Mexican. Roy, May 31.—On May 22, there fell six-tenths of an inch of rain. Two days afterwards the precipitation was seven-tenths of an inch and on May 24, it amounted to one and seven-tenths inches at Roy and vicinity. South of Roy a heavy hail storm did much damage to growing crops and in several places reseeding will be necessary. Very few lambs are being lost at Roy and the lambing season is about over. The average gain is about 95 per cent. Grass is growing rapidly and all kinds of stock is in splendid condition after the hard winter. The annual round up of the Northeastern New Mexico Association is meeting with some difficulties on account of the windy and boggy range.

## THE DERBY WINNER.

Lord Roseberry Carries Off the Grand Prize of Six Thousand Sovereigns.

London, May 31.—Lord Roseberry's Cicero today won the Derby stakes of 6,500 sovereigns, for entire colts and fillies, foaled in 1902, about mile and a half. Blanc's Jardy was second and Chevalier Ghislottelle's Signorino was third. Time 3:11.

## CHINA WILL RETALIATE.

Treaty Ports and Chamber of Commerce Will Boycott American Goods.

Manila, May 31.—The Chinese chamber of commerce by a unanimous vote has decided to stand in line with the treaty ports of China in boycotting American merchandise in retaliation for the Chinese exclusion policy.

## FIRST STRIKE IN THREE WEEKS.

It is a Wonder That Chicago Coal Teamsters Could Contain Themselves That Long.

Chicago, May 31.—Three more coal yards were affected by the spread of the strike to the Henry B. Weaver Coal Company today. The men refused to deliver fuel to the American Express Company and were discharged. Their places were filled by men from the Employers' Teaming Company. This is the first strike of coal teamsters in three weeks.

## GOBBLING UP SMALL RAILROADS.

The Virginia and Truckee in Nevada in Line for Absorption By the Southern Pacific.

Reno, Nev., May 31.—H. M. Yerrington, secretary of the Virginia & Truckee Railroad, has issued a call for all of the stockholders of the road to attend a meeting at Carson City on June 24, and arrange for the sale of the road to another corporation. It is supposed that the Southern Pacific Company is after the line.

## INVESTIGATORS HEARD FROM.

Directors of the Equitable Life Assurance Society Fail to Make Frick Report Public.

New York, May 31.—The directors of the Equitable Life Assurance Society met today to receive the report of the investigation committee of which H. C. Frick is chairman. The report was read and the directors adjourned until late this afternoon. The report was not made public.

More than ten thousand pilgrims, male and female, ascend Fujiyama every year.

## COARSE, CRUEL AND CRIMINAL

That is What Rev. R. S. McArthur Calls the Attacks Upon J. D. Rockefeller.

## STANDARD OIL DEFENSE

The Eminent Baptist Divine Has Done Some Investigating Upon His Own Hook.

New York, May 31.—The recent criticism of John D. Rockefeller, growing out of the gift of \$100,000 to the American Board of Commissioners for Foreign Missions are declared in an article by the Rev. Robert Stuart McArthur, D. D., pastor of Cavalry Baptist Church of this city, to be published tomorrow in the Examiner, a Baptist publication, to be coarse, cruel and perhaps criminal, and to have maligned the entire Baptist denomination. He protests against the condemnation of all churches by these cowardly and unjust attacks and declares that no one knows better than Rockefeller that he cannot buy the approval of Baptists by his millions, that Baptists would advocate his expulsion from the church if it were proved that he had acquired his money dishonestly or by means that are morally or socially destructive. He adds that he has investigated certain business transactions which have been fiercely denounced by Rockefeller's critics and has found them in accordance with the highest standards of commercial morality. Rockefeller, he asserts, is worthy of confidence, admiration and affection, and he appeals for fairness of judgment for him.

## MORTON RESIGNS

He Will Relinquish the Portfolio of Secretary of the Navy on July First.

## SUCCESSOR SELECTED

The Retiring Member of the Cabinet Will Manage the New York Subway System.

Washington, D. C., May 31.—After a conference with the President, lasting about an hour today, Secretary Morton announced on leaving the White House that he expected to retire from the Cabinet on July 1st. He has determined his future plans but at the moment he did not care to say what they were. He added, however, that he would make a formal statement later. Morton declined to say whether or not his successor had been determined upon but intimated that he had been selected.

Will Enter Corporation Employ Again. Washington, D. C., May 31.—It is learned authoritatively that Secretary Morton will assume the general management of the New York Subway system.

## Benaparte the Man.

Washington, D. C., May 31.—President Roosevelt announced this afternoon that Charles J. Benaparte, of Baltimore, would succeed Morton as Secretary of the Navy.

## CORN ADVANCES NINE CENTS.

Chicago, May 31.—An advance of 9 cents marked close of the bull campaign in May corn. The close was at the highest point of the day.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## EARLY ALL THE ARID LANDS CAN BE RECLAIMED.

There is much agricultural development in the state of Colorado and a good deal of it is going on in its eastern portion, which, up to within a few years ago, was considered an un-reclaimable part of the arid west. What has happened there during the last few years and what is now going on there is, to a smaller extent, the case in eastern New Mexico, where on what is known as the Staked Plains, farmers are taking up land under the land laws of the United States, are raising crops thereon and making homes for themselves and their families. This is especially the case in Quay, Guadalupe, Torrance, Otero, Roosevelt, Chaves and Eddy counties. The Denver News comments upon this condition in a recent editorial, which is to a lesser extent applicable to New Mexico conditions, and, therefore, of great interest to the people of this Territory. What has been and is being done in eastern Colorado can be done and is being done in eastern New Mexico and should be done in other sections of the Territory. The News says:

"It may well be doubted whether more prosperous farmers can be found in the country anywhere than are to be found in this state. Soil, climate, home markets, all contribute toward this greatly to be desired end. Yet how little known east of the Mississippi are the agricultural possibilities of Colorado; and how little known, even inside the state, is the remarkable, almost miraculous, change that has taken place in the last ten years, which has transformed the desert lands of eastern Colorado into a most prosperous and thriving agricultural region. What the rich prairies of Kansas and Nebraska have been in the past, that the rolling lands of eastern Colorado are fast becoming. A ride at this season from Limon Junction to Phillipsburg, Kansas, would convince the most skeptical of the transformation which has taken place. For the past ten years the maximum of production in Kansas counties has rapidly traveled westward toward the Colorado line. Last season the district which was most productive in the state was comprised of the counties bordering on the state line, while just over the line in Colorado the yield was equally great.

"Intelligent farmers in this locality attribute this change in part to a marked change in both summer and winter climate during the period named, but chiefly to the adoption of modern agricultural methods. Unlike other sections of the state, here there is universally deep plowing, disking and thorough, intensive cultivation. As a result, the rains sink into the soil and in large measure the conditions which prevail in the eastern states with a greater rainfall are attained. The next government census is bound to show a very appreciable increase in the area of cultivable land within the state's borders, as a result of the change referred to."

The Artesia Advocate explains very lucidly why so many newspapers devote columns upon columns to the recital of the details of disgusting crimes and scandals and but little to reading matter that is elevating. It says: "Print the grandest sermon that ever fell from inspired lips and not twenty per cent even of the professional plous will read it; print a detailed account of some female bunco game or a sensational divorce in high life and 99 per cent of the very elect will make a dive for the paper before breakfast, snoop down on it like a hungry dog on a mess of bones, devour every word, then roll their eyes heavenward, like a calf with the colic, and wonder what this wicked old world is coming to."

The chances are increasing that there will be a real nice "Donny Brook Fair Time" in the Senate of the United States when a bill providing for joint statehood for New Mexico and Arizona comes up for debate, action and passage. A little stirring up will do that sedate body good.

## A WORD TO THE MUNICIPALITY OF ALBUQUERQUE.

The citizens of Philadelphia are up in arms against their city council because it desires to vote away the franchise for supplying the citizens and the city with gas for a term of years, although the gas is to be supplied by the company to receive the franchise at a low rate and the company is to pay a bonus of twenty-five millions of dollars. Here is a pointer for the citizens of Albuquerque, to be sure in a much smaller degree, but the principle involved is the same. Municipalities these days will be very foolish and absolutely blind to their own interests were they to extend valuable franchises for many long years, especially when such franchises have a long term of years yet to run. American towns grow rapidly these days and it would certainly be very improper, very impolitic, very unjust and very detrimental to sell the birthright of a generation to come in the gift of a municipality for a mess of pottage and because a clique of stockholders of a corporation desires to coin money, water the stock of the corporation which it owns four or five hundred per cent and sell such at a handsome figure to the lasting detriment and great injury of the municipality in question.

The charge that Secretary of War Taft will make a trip to the Philippine Islands for the purpose of enlisting the aid of the Hawaiians, Guamanians and Filipinos of all degrees, high and low, little and big, old and young, brown, yellow and black, in his presidential ambition and to secure their votes in the next Republican national convention is not well taken as with the exception of the Hawaiians, no part of this conglomerate has any votes, either in conventions or in elections, and Hawaii's vote is so small that it "cuts no ice" and is hardly worth looking after. This charge must, therefore, fall to the ground as it is entirely unsupported by facts, figures or evidence, but what the Secretary of War, the ten U. S. Senators and the twenty members of the House of Representatives of the 59th Congress, who will accompany him, really do want in the Philippine Islands is worth knowing.

The Secretary is too big a man to make the journey simply for a junket trip. What then is the motive?

Within the last ten days the New Mexican has recorded ten drownings which have taken place in San Juan and Lincoln Counties. They all occurred while parties were trying to ford streams which are fordable at ordinary times but which in spring seasons when the water is high are very dangerous. Five persons were drowned in the Bonito on one day last week. They had driven into the middle of the stream to water the horses when a flood came down the river and swept them away. These occurrences emphasize the necessity of care even in crossing a stream that apparently is narrow and shallow, especially in New Mexico where the appearance of rivers is often deceptive.

C. D. Simpson and associates, who built the El Paso & Northeastern Railway system in New Mexico and who recently sold their railroad holdings, are said to have made a very handsome thing out of the transaction. In fact, it is reported from Boston that they received sixteen millions of dollars from the Phelps-Dodge & Company Syndicate, when in reality their entire holdings, railroads, lands, coal fields, etc., did not cost, interest included, one-half of that sum. The man who asserts that there is no money in railroads in the "Sunshine Territory" should "go away back and sit down."

The Santa Fe Good Roads Club starts out under favorable auspices and with competent officers. It ought to, and the New Mexican hopes it will do great good. Every public spirited citizen should aid the club by joining it and contributing to its finances. Every improved street in this city and every good and easily traveled road leading to it will help its business interests and be of special benefit to the merchants and property owners. Every citizen who subscribes to the funds of the club and helps it, helps himself and the city.

It is reported from eastern financial centers that Phelps-Dodge & Company owners of the El Paso & Southwestern Railway and of the El Paso & Northeastern Railway, expect to make their system a transcontinental line from the Atlantic Ocean to the Pacific. Should this report prove true and the project be carried out, it will prove a great factor in the development of the "Sunshine Territory" during the coming few years. The syndicate now owns about eight hundred miles of railway mileage in this Territory.

As time runs on it is being fully demonstrated that New York Trust Companies are not to be trusted. One of these alleged trust companies has just failed, showing four million dollars of liabilities, eight million dollars of worthless alleged securities and a cash balance of forty dollars. People having money to invest can draw their own conclusions.

The people of Jamaica want to be annexed to the United States. They are becoming sensible in that island, but the question is does the United States want them?

On the 11th day of June, 1903, King Alexander and Queen Draga of Serbia were assassinated in Belgrade by a clique of army officers. Peter I, the present king, who succeeded Alexander, is fearful that when the anniversary of that bloody day comes around this year he will be invited to follow suit. His assassination on that day would be but poetic justice and may come to pass as the Servians are a poetically inclined people.

The Water Supply Company of Albuquerque wants it all. The outfit has been very successful in grabbing valuable franchises heretofore and found it so profitable it wants to keep this up. If the present city administration of the Duke City helps the game, the people alone will be to blame. The votes, which elected the present mayor and city council of that municipality, were given by a majority of the people.

The disasters on land and sea which have befallen the Russian armies and navies during the present Russo-Japanese war will bring liberty to the millions and millions of Russians and other nationalities within the Russian dominion and that without much delay. After all, nothing great in this world can be accomplished except by a baptism of blood. History, ever since there has been history, so proves.

The people of Arizona are evidently in earnest in their opposition to joint statehood with New Mexico and what are the "gum shoe" statesmen of Albuquerque, the "Non-Partisan Joint Statehood Leaguers" and their newspaper organ going to do about it? No matter which way they turn, they will make the situation worse. As usual their nefarious and selfish ambition is again over-leaping itself.

The American ambassador at London receives a salary of \$17,500 and no house rent. The British ambassador at Washington is paid \$36,500, is furnished a handsome residence, servants, coachmen, carriages, horses, etc., in addition, and still the American ambassador in London is a much "bigger man" than is the British ambassador in Washington.

When courts and juries commence to punish men who lose other people's money in stock speculations more severely and harder than they do common thieves, stock speculators who gamble with other people's money will not be so audacious and so plentiful. It is up to the people who put judges into office and who furnish juries.

If Philadelphia keeps on it will lose its reputation as a sleepy city. Its people are certainly wide awake now and the bosses and corporations, who have robbed the tax payers there for many years, are being compelled to take a back seat. Even in Philadelphia it is a long municipal lane that has no turn.

Another Rough Rider is to have a soft feathered job and this time it is to be the collectorship of customs at the port of New Orleans. The men who went into that regiment builded better than they knew. They are certainly being treated very handsomely by the Roosevelt administration.

A Guadalupe County correspondent writes the New Mexican that the grass in that section is green and the range looks very well. Glad to know it! There are probably some people who thought that the grass in Guadalupe County was red.

As the New Mexican has already remarked, the "Non-Partisan Joint Statehood Leaguers" and Albuquerque "gum shoe" statesmen sowed the wind and are now reaping the whirlwind. This was bound to happen.

The grand dukes of Russia may have had sufficient sense hammered into them by this time, but even this is doubtful. The Romanoffs are as were the Bourbons of France and of the United States; they never learn.

After all there are some financiers who are not as careful as they ought to be. A cashier in a Nevada bank, which recently failed, dropped a five dollar gold piece under the counter and forgot it.

The difference between Togo and Rojstevsky is that Togo knew what he was doing and Rojstevsky didn't. That's all!

Water is king in New Mexico this spring and no one knows this better than do the railroad officials.

How's This?  
We Offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Take Hall's Family Pills for constipation.

## POPULAR GAMES

Of all kinds at "The Club," where you will always be treated fairly. Best brands of cigars and refreshments served at the gaming tables.

Headquarters for wedding cards and announcements, at the New Mexican Printing Company, Santa Fe.

## GIRLHOOD WOMANHOOD MOTHERHOOD

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Doctor Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness and other consequences of womanly weakness or disease.

The anxious mother of the family often-times carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits is very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held strictly confidential.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb, which they cannot cure. All the World's Dispensary Medical Association, Proprietors, of Buffalo, N. Y., ask is a fair and reasonable trial of their means of cure.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having any health again. Could not sit up all day. I noted a great improvement before the first bottle was used. Was suffering with almost every pain that a woman is subject to: had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

## GIVES HEALTH, VIGOR AND TONE.

Herbina is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

While a bilious attack is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. For sale by all druggists.

## WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

## INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1903, John C. Degnan, Kinsman, Ill. 25c, 50c and \$1.00 at Fischer Drug Co.

## CHAMBERLAIN'S COUGH REMEDY THE VERY BEST.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

## THE BEST COUGH SYRUP.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co. pany.

## CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. He was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

## HOW TO WARD OFF OLD AGE.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

## A BOON TO SICK WOMEN.

After four years of vain endeavor to regain her health by taking other medicines, Miss Beatrice Wood was made a perfectly well woman by taking Wine of Cardui, the most successful menstrual regulator and woman's tonic known to the science of medicine.

She took Wine of Cardui and that is what we advise you to do.

Will you follow her example and be a well woman?

We could show you letters from 10,000 other women who praise Wine of Cardui as she praises it.

## WINE OF CARDUI

No. 14 Main St., PENSACOLA, FLA., Nov. 20, 1903.

I had been suffering with irregular, scanty and most painful menstruation, and when the periods occurred I was unable to be up and had to stay in bed for a day or two. Nothing I took helped me until I used Wine of Cardui. It proved to be just what I needed. Within two months the serious pain had disappeared, my headaches were less frequent and not so severe and felt very much encouraged, but had to use your medicine for four months before I was entirely well and regular. I have enjoyed the finest health now for eighteen months. I am very regular and have no more pains and eat and sleep as well as could be desired.

*Beatrice Wood*  
TREASURER, ARTS AND CRAFTS GUILD.

### CLIMATE AND CROPS.

Bulletin Issued by the Local Office of the U. S. Weather Bureau, C. E. Linney, Director.

Santa Fe, N. M., May 29th, 1906.

The temperature of the last week average nearly 2 degrees daily below normal, the nights being rather cool. A number of local thunder showers occurred, especially in the higher northern districts, accompanied by some hail which caused slight damage over small areas. Soil conditions are generally excellent and water abundant, but in a few upland districts plowing is difficult and showers are beginning to be needed. Melting snow still maintains a high stage of water in streams, especially in the northern counties. Considerable damage has been done by the high waters of the Rio Grande, low lying river lands being flooded and badly washed, dikes and ditches undermined and washed out and many villages threatened, the village of Tome being practically carried away.

Although rather a cool week the growth of field crops, gardens, fruits, range grasses and alfalfa has been rapid. Planting is about completed, only late cereals, late gardens and potatoes receiving attention. Early corn is up and growing finely. The first cutting of alfalfa is progressing satisfactorily in central counties, and rapidly approaching maturity in northern; the yield will be unusually large and heavy. Fruit trees are doing well but thinning will be necessary in many of the valleys.

Stock continues to improve rapidly. Shearing is nearly over and much wool is coming to market. Lambing is practically finished and a large percentage of increase is general; sheepmen are in high spirits.

The following notes are from the reports of correspondents:

Alto—W. H. Walker—Weather continues dry, but crops and grass progressing nicely; many about through kidding; good crops reported in Lincoln County, highest temperature 84 degrees, lowest 34 degrees.

Arabela—A. M. Richardson—Favorable weather during week, no high winds nor damaging storms; crops good.

Aurora—J. C. Lucero—Clear weather first of week but good showers 25th and 26th, with some hail; very cool nights in this mountain country; stock and sheep good, grass splendid.

Beenhaim—Frank Miera—No rain during week, but good grass on range; lambing in progress and only fair results, also same with calves; stock rapidly improving; soil becoming too dry for plowing.

Bonito—Geo. L. Bradford—Drying winds from west, farmers about through planting; enough snow in Sierra Blanca Mountains, to afford plenty of water for irrigation purposes for the season; cattle and horses in good condition.

Brice—F. B. Schermerhorn—Highest temperature 88 degrees; lowest 55 degrees.

Capitan—John Ritter—Heavy rain storm at close of previous week, with considerable hail in localities; if no damage resulted from hail the storm will be of great benefit to farmers and stockmen; crops progressing nicely.

Cerro—E. D. Leon—Cool, strong winds during the week but no rainy days. Cultivation begun and crops fine; freshets have been excessive, but the weather is more favorable than during other years.

Cimarron—Wm. French—Everything growing nicely.

Elizabethtown—Geo. E. Beebe—Planting finished, with exception of potatoes; grass growing fast; cool nights and some wind, but altogether very pleasant weather; highest temperature 71 degrees, lowest 29 degrees, rainfall 0.04 inch.

El Rito—P. Lopez—No rain and soil drying out rapidly; river high; alfalfa in good condition.

Espanola—F. D. McBride—Considerable wind during week and mostly clear skies; highest temperature 80 degrees, lowest 38 degrees.

Estancia—P. A. Speckman—Warmer weather during past week helped growing crops wonderfully; valley covered with splendid growth of grass and crops coming nicely.

Frisco—J. R. Milligan—Crops looking fine, especially alfalfa, oats and wheat; corn planting in progress, good supply of water in creek and prospects favorable for further supply.

Gallinas Springs—Frank Clark—Severe hail storm the 23d, but apparently little damage as it followed a high ridge; highest temperature 85 degrees, lowest 40 degrees.

Laguna—Gus Weiss—Nice and warm with pleasant cool nights; vegetables and fruits growing nicely; river still running plenty of water; shearing about over; wool in light condition; lambing shows high percentage of increase.

Las Vegas—Wm. Curtiss Bailey—Favorable weather during week; highest temperature 79 degrees, lowest 38 degrees; rainfall 0.42 inch; sunshine about 96 per cent.

Los Alamos—Wm. Frank, Sr.—Very windy and bad week for growing crops; corn making slow growth; some loss by hail reported; reports from lambing camps favorable; rainfall 0.70 inch.

Luna—J. J. Hale—Very dry warm days and cool nights; wheat and oats growing well; corn planting about over; gardens slow.

Mountainair—John W. Corbett—Crops in fine condition, some garden truck coming to market; rain first of week, followed by warm days and nights did corn and other field crops much good; all stock in fine condition; highest temperature 81 degrees; lowest 32 degrees; rainfall 0.32 inch.

# A HEALTHY FAMILY

Is the one that can rightfully boast of pure blood. When the rich, red wine of life is coursing through the veins it imparts vigor and strength to the body and healthy action to all parts of the system. A healthy family is a wealthy family; it may be poor in worldly goods, but possessed of a priceless jewel that all the riches of earth cannot buy. A healthy family may not carry in their veins the blood of titled nobles or distinguished ancestors, but vigorous health is always an evidence of the best and purest blood, for the vital fluid contains all material necessary for the making of bone and muscle and the growth and development of the body, and upon its purity rests our chances for good health. When the body is fed upon weak, sickly blood the system languishes, growth is stunted, disease enters without hindrance, and the simplest maladies are apt to develop into serious sickness. In so many ways does the blood become contaminated that the fewest number succeed in keeping this life-giving, health-sustaining fluid in a pure and natural state. We inherit the disease-tainted blood of ancestors, parents transmit to their children such impoverished and weak blood that their lives are a continuous battle against disease, and from earliest infancy are harassed by sores and the most dreadful skin eruptions, and heirs to some old family disease. No one has a right to throw upon the shoulders of posterity a disease that might have been cured, or allow the blood to remain impure without an effort to restore it to health. Rheumatism, Catarrh, Scrofula and many of the severer forms of skin diseases are frequently inherited, and only the most thorough constitutional treatment can remove them. Bad blood is responsible for more ill health than all other causes combined; it absorbs the poisons that gather in the system, and the germs and microbes floating in the air find their way into the circulation, and old sores and ulcers, Eczema, Boils, Malaria and a long train of other diseases follow.

If you do not come of a strong and vigorous family and your blood shows evidence of impurity, nothing will so quickly bring it back to a healthy condition as S. S. S., the most widely known and popular blood remedy on the market. It purifies and builds up weak, sluggish blood and stimulates the circulation, and thus rids the system of impurities. S. S. S. contains tonic as well as blood purifying properties, and builds up the general health, improves the appetite and digestion, and tones up the nerves while ridding the blood of all poisons and humors. Nothing reaches old chronic blood troubles like S. S. S., and being a strictly vegetable remedy can be taken by old and young without any bad after effects or injury to the system. As a blood purifier and tonic at this season S. S. S. has no superior. It puts the blood in good order, removes all poisonous accumulations, invigorates all parts of the system and prevents that debilitated, tired feeling common to this time of year. Keeping the blood healthy is the secret of all healthy families. Write us if in need of medical advice, which our physicians will furnish free of charge. Book on the blood and its diseases mailed free.

# SSS

Some ten years ago I used your S. S. S. with the most satisfactory results. From childhood up I had been bothered with bad blood, characterized by skin eruptions and boils, especially bad in the summer. For five or six summers I had boils ranging from five to twenty in number each season. Our local physicians prescribed for me, but nothing they gave me did away with the annoying skin eruptions or prevented the boils from appearing. The burning accompanying the eruption was terrible, and I had as high as six boils at one time. My condition was truly a pitiable one when I began S. S. S. It seemed to be just the medicine needed in my case. It drove out all impurities and bad blood and restored the circulation to its original strength and purity, giving me permanent relief from the skin eruption and boils. This has been ten years ago and I have never had a return of the disease. I would state also that my husband has taken it with good results.

## PERSONAL MENTION

Dr. J. M. Diaz, of this city, visited Albuquerque the first part of the week and returned yesterday.

Mrs. M. Linn passed through the Capital City today en route from Ojo Caliente to her home in Raton.

R. H. Lester arrived in the city last night from Albuquerque. Mr. Lester represents a wholesale drug house.

Mrs. Eugenio Rudolph, daughter of Mrs. Samuel Romero, of Las Vegas, is the guest of her mother in this city.

W. R. Hill, of Kansas City, representing a wholesale tea house, called this morning on his trade in Santa Fe.

Robert Steen, of San Francisco, was in the city this morning in the interests of a wholesale coffee and tea house.

J. B. Card, representing a general merchandise company of Las Vegas, was in the city this morning on business.

W. F. Pierce called today on the hardware merchants of the city in the interests of a Denver wholesale hardware house.

R. R. Urquhart, representing a wholesale drug house of Kansas City, called yesterday on his trade in the Capital City.

G. V. Mullan, of New York, called today on the jewelers of the Capital City, in the interests of a wholesale jewelry house.

W. Roessner, of Denver, "tinpanned" the merchants of the Capital City yesterday in the interests of a wholesale tinware house.

Immigration Inspector W. B. Green has been transferred from Washington, D. C., to El Paso, which will be his future station.

Attorney General George W. Prichard, who has been in El Paso for several days on legal business, returned to the Capital City this afternoon.

The dry goods merchants of the Capital City received a call today from Hugo Scharwenka, representing a Cincinnati wholesale dry goods house.

Mrs. R. C. Barnes, of Hot Springs, Arkansas, has arrived and taken a cottage at Sunmount, where she will spend the summer and fall months.

Mrs. Warren J. Schaaf, who spends her winters at Santa Fe has left for her home at Oak Park, Illinois, where she will remain during the summer.

G. C. Hall, traveling salesman for a Trinidad wholesale hardware house, mingled with Santa Fe merchants today in an endeavor to drum up business.

R. A. Waldeck, of Cleveland, Ohio, en route to Los Angeles, California, to attend the Knights of Columbus convention, was a visitor in Santa Fe today.

Maynard Gunsul has returned to Albuquerque from Del Rio, Texas, where he has been on business connected with the public utility franchise in that town.

Mrs. Albina Lucero, of Perea, arrived in the city yesterday afternoon, and will be the guest for several days of her daughter, Mrs. Andrelita Montoya de Lucero.

Frank Springer, Las Vegas attorney and a member of the territorial commission of irrigation, was a guest at the Palace today. He was here on legal and official business.

W. S. Crank and wife were in the city this morning en route to their home at Minut, Colorado, from a visit with friends and relatives in the southern part of the Territory.

James C. Chaves, of this city, son of the late Colonel J. Franco Chaves, who has been at the Chaves ranch at Pinos Wells the past few weeks, is spending the week at Albuquerque.

Charles Beede, of Gilbert, Iowa, has engaged a cottage at Sunmount Tent City. He with his family, will arrive at the resort in the near future and will remain for the summer and fall months.

Matthew Herold, of Newport, Kentucky, took advantage of the free side trip from Lamy and spent the day in the Capital City. He is en route to Los Angeles on the Knights of Columbus pilgrimage.

"Word has been received by friends in this city that both Captain W. C. Reid and his brother R. C. Reid are to be married soon to Roswell young ladies."—Las Vegas Optic. Both are well known in Santa Fe.

Miss Carry Campbell was a visitor in Santa Fe today. She is on her way from Monte Vista, Colorado, to San Francisco, California, and Portland, Oregon, leaving for those cities over the Santa Fe System this afternoon.

Misses Anna Scholl and Anna Black, of Independence, Kansas, were in the city today. They are taking the Knights of Columbus pilgrimage to Los Angeles, and availed themselves of the free side trip from Lamy, in

order to see the Capital City of the "Sunshine Territory." They say that they are well paid for the slight delay caused by this trip.

G. H. Shone, master mechanic of the Santa Fe Central, returned to Estancia this afternoon after spending two days in Santa Fe on railroad business.

Mrs. Frank Dibert, her daughters, Heloise and Diberia, and her son, Scott, today leave Eureka, Kansas, where they have been visiting, for Santa Fe, where they will spend the summer.

W. T. Tobin, of Akron, Ohio, took advantage of the free side trip from Lamy and spent the day in Santa Fe. Mr. Tobin is en route to the Knights of Columbus convention, which meets in Los Angeles, June 2 and 3.

Miss Irene L. Woodman, of Monte Vista, who is on a pleasure trip through the south and west, was in the Capital City and left this afternoon over the Santa Fe for San Francisco, California, and Portland, Oregon.

Henry C. Warnack, formerly of the New Mexican editorial force, is now staff poet on the Colorado Springs Gazette. He writes two to three short poems daily for the editorial page and does a certain amount of local work.

W. J. Connelly and wife spent the day in Santa Fe. Mr. and Mrs. Connelly are en route from Independence, Kansas, to Los Angeles, on the pilgrimage of the Knights of Columbus, and took advantage of the free side trip from Lamy to visit the Capital City.

Joseph Palletier, of Boston, who is on his way to attend the Knights of Columbus convention at Los Angeles, was in the Capital City this morning. This is Mr. Palletier's first trip into the "Land of Sunshine" and he says that it exceeds his expectations as far as scenery and climate are concerned.

Lloyd Buell, son of F. C. Buell, superintendent of the Santa Fe Gold & Copper Company, who recently graduated from the Boston Institute of Technology, has been appointed mining engineer of the company's properties in Tennessee. He will assume the duties of the position the first of June.

Ray J. Pour, who is on his way from Canton, Ohio, to Los Angeles, California, to attend the convention of the Knights of Columbus, to be held in that city in June, spent the day in the Capital City. Mr. Pour is in the "Land of Sunshine" for the first time and he says that his vocabulary is too limited to describe adequately the beauties of the scenery and climate.

C. W. McLouth, of San Jose, California, general agent of a wholesale tea, coffee and spice house, of San Francisco, was a business visitor today in Santa Fe. Mr. McLouth visited the Capital City about ten years ago and says that the progress made in that time over the entire Territory is remarkable. He was a passenger on tonight's train for Las Vegas.

Invitations were received today in this city to the wedding of Thomas Merton Dunn of Weatherly, Pennsylvania, who spent part of last winter in Santa Fe for his health which he recovered, and Miss Eleanor Benedict, daughter of Mr. and Mrs. Henry Freeman Metcalf, which will take place in the Presbyterian Church at Tunckhannock, Pennsylvania, on the evening of June 14.

M. E. Horner, of Detroit, Michigan, who is touring the west, was a pleased visitor in the Capital City today. Mr. Horner says that he has never been in a city in the United States that can boast of the climate, scenery and people, of which Santa Fe can well be proud. His previous ideas concerning the city were all obtained from printed matter, and he states that printers' ink has only partly described the beauties of the Capital City of the "Sunshine Territory."

Miss Minnie Craig, one of the teachers in the west side schools during the last year, left Monday afternoon for her home in Albuquerque. Miss Craig would have been re-elected to her position with an advance in salary, but owing to the fact that her father has been called to New York as superintendent of Presbyterian missions for the United States, she withdrew her application.—Las Vegas Optic. Rev. R. M. Craig and daughter were at one time residents of Santa Fe. Mr. Craig having been pastor of the Presbyterian Church in this city.

H. C. Yost, of San Antonio, Texas, representing a wholesale crockery house of New York City, was in the Capital City yesterday on business. This is Mr. Yost's first trip to the "Sunshine Territory" and he says that he is in hopes the company will make this Territory his permanent location, for such climate, as New Mexico has, is enough to cause a person to want to stay in it. Then too, Mr. Yost speaks highly of the people, both in and out of business circles. Santa Fe received a large share of praise and Mr. Yost thinks that there is not another city in the west which has the climatic and scenic advantages of which the Capital City is so justly proud.

## MINOR CITY TOPICS

The street sprinkler should get down to work again.

Trains Nos 12, 2 and 3 on the Santa Fe arrived this afternoon one hour late.

Tomorrow noon, O. C. Watson & Company, successors to Paul Wunschmann & Company, insurance agents, will take charge of the business.

The weekly crop bulletin is printed on the third page today. On the sixth page will be found resolutions in memoriam of the late Mrs. Grant Rivenberg.

It was the source of much favorable comment for Chief Marshal W. C. Schneppe that the parade yesterday afternoon moved at 3 o'clock sharp without a second's delay.

The trains from the south and west on the Santa Fe System did not arrive until 7 o'clock last evening. The Denver & Rio Grande train was an hour and a half late. The Santa Fe Central was three hours late.

The Yellow Pine Lumber Company, yesterday shipped a carload of lumber to La Junta, Colorado, to be used by the Santa Fe Railway for repairing damages occasioned by the recent floods.

Mr. and Mrs. Norman L. King are moving their household goods from No. 12, Fort Marcy Reservation, to the McPherson property, adjoining the St. John's Methodist Church, Don Gaspar Avenue where they will make their future home.

Three weeks ago, the water of the Rio Grande was twelve feet below the floor of the bridge at the Tres Piedras crossing. A week afterwards it was within two feet of the floor of the bridge and now it is two feet above the bridge.

The last of the spring terms for this year of the District Courts of the First Judicial District, will be held at Tierra Amarilla, Rio Arriba County, on June 12. The session will last about two weeks. The court officials will leave here for Tierra Amarilla on Saturday of next week.

Santa Fe people are much gratified at the interest displayed in town affairs by Superintendent C. J. Crandall of the United States Indian Training School. The fact that the pupils of the school turned out in such splendid manner in the parade yesterday afternoon is much appreciated.

The funeral of the late Miss Josefa Ortiz, who died at her home on Manhattan Avenue yesterday morning, will be held on Friday morning. Mass will be said at the Cathedral at 7 o'clock and interment will be made in Rosario cemetery. Charles Wagner, undertaker, has charge of the funeral.

About one hundred of the girls attending the U. S. Indian Training School in this city had a very enjoyable picnic today in the Santa Fe Canon. They were in charge of the teachers and had a glorious time. The girls are evidently good eaters as they took a wagon load of provisions for their lunch.

The graves in the cemetery at the U. S. Indian Training School, about twenty in number of pupils who have died at the school since its institution, during the last fifteen years, were decorated last evening by the inmates of the school and proper memorial services were held, which were participated in by the teachers and Indian boys and girls at the institution.

The streets of the city were in better condition yesterday for Memorial day exercises and the parade than they have ever been on similar occasions. The city administration had them thoroughly cleaned and sprinkled and the many people on the streets as well as the men who participated in the parade appreciated this fact. The New Mexican is glad to give credit where due.

The showers predicted for last night by the Weather Bureau failed to make their appearance at Santa Fe. For tonight local showers are again predicted, and for tomorrow warmer weather. Yesterday the maximum temperature was 74 degrees, the minimum 44 degrees. The relative humidity was only 24 per cent. This morning at 6 o'clock, the thermometer indicated 49 degrees.

In excavating for a building near Tesuque, workmen unearthed the skeleton of a large animal, presumably a mastodon. The femur of one of the fore legs was brought to the city yesterday and is on exhibition at the curio store of J. S. Candelario, 301 San Francisco Street. The skeleton has

Fifty Years the Standard

**DR. PRICE'S CREAM**

**BAKING POWDER**

Made from pure cream of tartar derived from grapes.

PRICE BAKING POWDER CO. CHICAGO.

become petrified and this one bone weighs 350 pounds. An effort will be made to recover the entire skeleton.

The entire student-body of St. Michael's College left the city early this morning for the mountains south of Santa Fe, where they spent the day roaming among the crags. Ten wagon loads of jolly boys, under the surveillance of the Brothers, made the welkin ring through the cracks and crevices of the mountains and they will return tired but happy and with renewed energy for the daily tasks.

### ACCUSED OF A SHAMEFUL CRIME.

A Married Man of Mora County Held Under Five Thousand Dollar Bond for the Grand Jury.

W. A. Trammell, a married man of Guadalupe, Mora County, who is accused by Benigna Sanchez de Cruz, who lives near Springer, of criminal assault on her eleven year old daughter, Dolores, has been bound over to the grand jury under \$5,000 bond. This he failed to furnish and he was lodged in the Colfax County jail. The young girl, with her 13 year old sister were in the mountains near Halls Peak, tending her father's sheep. The two had become separated and Dolores was seized from behind, and her cries smothered with a shawl she was wearing, while the human fiend accomplished his purpose. The man was identified by both of the children.

### A BIG TIMBER SALE.

O. L. Scott of Silver City Buys a Quarter Million of Board Feet on the Gila Forest Reserve.

The government has recently sold to O. L. Scott, of Silver City, 250,000 board feet of saw timber on the Gila reserve. Mr. Scott will commence cutting this timber on the first of June and will manufacture it into lumber at his mill at Redstone, Grant County. This lumber will find a ready market in Silver City as there are being shipped into that city from two to three car loads of lumber every day.

### DEMING'S NEW WATER WORKS.

They Will Be Up-to-Date in Every Respect and Will Be Completed in Ninety Days.

Work on the new waterworks for Deming was commenced on Monday. The new plant will be a first class, up-to-date establishment, with standpipe and complete system for furnishing the city with water. It is expected that the works will be in operation within ninety days. The old plant will be repaired and used exclusively for irrigation purposes.

### CHANGE OF VENUE GRANTED.

Edward Gray Will Be Tried at Raton in September for the Murder of O'Brien Cayou.

At Las Vegas, in the case of the Territory versus Edward Gray, charged with the murder of O'Brien Cayou, on March 30, 1905, the attorney for the defendant filed a motion for a change of venue. This was granted by Chief Justice W. J. Mills and the case will be tried at the September term of the Fourth Judicial District court for Colfax County.

### HELPING THE GATE CITY.

Ice Crop Was Good, Water Company Making Improvements and Coal Branch Railroad Completed.

The Raton Water Works Company, the Raton Ice Company and the Santa Fe, Raton & Eastern Railway Company are spending thousands of dollars in improvements in the Sugarite Canon near Raton. The ice company has built and filled two ice houses with a capacity of 10,000 tons of ice and also two additional ice houses with a large capacity in Raton. They have a market for this immense amount of ice for use in refrigerator cars. The water company has laid a new main into the city with three times the capacity of the old one and is making other improvements. The railway company is pushing the work of grading its line to the Johnson's Mesa coal field and it is expected that the ten miles of railroad will be in operation by the middle of July.

### TWO FIRES IN ONE NIGHT

Damage to Amount of \$23,000 at Roswell by Flames—Hotel Guests Flee in Their Nightgowns.

On Monday night fire destroyed the entire Sheridan block on Main Street, Roswell; and for a time the entire business section of the town was threatened. The fire started in the Stag saloon owned by James Dixon. The Shelby Hotel next door was filled with smoke and the panic stricken guests fled to the street in their night clothes. The loss is about \$20,000, covered by insurance. During the fire, in another portion of the city, four blocks away, the residence of Mary Bentley was destroyed by fire and the occupants barely escaped with their lives. Paul Dietz and D. Dietz, gamblers, jumped from the windows and were badly injured. The loss on the residence property is \$3,000 partly covered by insurance.

### LIFE INSURANCE PAYMENTS IN NEW MEXICO.

Almost Half a Million Dollars Paid Upon Policies Held By People in This Territory.

During 1904, life insurance companies paid in claims in New Mexico \$400,675. In cities and towns of the Territory claims were paid as follows: Albuquerque \$67,495; Las Vegas \$4,960; Santa Fe \$32,671; Deming \$23,500; Las Cruces \$19,500; Bernalillo \$13,500; Roswell \$9,570; Raton \$9,500; Mogollon \$4,000; Glencoe \$4,000; Guadalupe \$3,500; Mora \$3,500; Carlsbad \$3,100; Chama \$2,500; Portales, Mesilla and Buckman \$2,000 each; Farmington \$1,250; Dawson \$795; Park View \$675; Vallecitos \$650; unclassified \$150,000. Payments of \$10,000 or more were made in two instances, Isador Freudenberg at Bernalillo \$10,000; and Francisco A. Manzanares at Las Vegas \$14,545.

### MET DEATH ON THE RAIL.

An Old Time Conductor of the Santa Fe at Las Vegas Killed at El Moro, Colorado.

J. L. Wiser, formerly of Las Vegas, was on Monday killed at El Moro, near Trinidad, Colorado, by being run over by a train. His remains were picked up by a freight crew. They were not mutilated and how Wiser was struck is still somewhat of a mystery, for he was seen standing on another track just a minute before. Wiser ran out of Las Vegas for many years as conductor on the Santa Fe System but lately had gone to work for the Denver & Rio Grande Railroad in Colorado.

### FATAL COWBOY FRAY.

John Bell of the Taylor Ranch, Thirty Miles from Tucumcari, Shot Through the Neck.

At Taylor's Ranch near Tucumcari, Quay County, on Sunday, John White shot and mortally wounded John Bell, the bullet passing through Bell's neck. White has been arrested and was held for the grand jury at the June term of Quay County District Court. The altercation arose over some malicious stories which White claimed that Bell had circulated about him.

### FORMER RATON COUPLE MARRIED IN PANAMA.

On Monday, May 8, Archbishop Hendricks of the Church of England, united Miss Icie Pickle and James S. Bowdry at Panama in the bonds of matrimony. The two people were well known in Raton, where Mr. Bowdry was at one time proprietor of the Raton greenhouse. The bride is the daughter of Mrs. R. A. Curtis of Raton. Mr. Bowdry has a responsible position with the government in the construction of the Panama Canal.

# We Will

Have on display next week a car load of Furniture at our ware room, on the second floor, a new line of goods from Eastern manufacturers that will interest you, both as to quality and

price. Our stock of Chairs will be unusually attractive. Come early and select something new and serviceable for your home. We will be pleased to show you our line of goods.

Take a look at our line of REFRIGERATORS. We have both the enamel and zinc lined boxes, and our prices are right.

We are well stocked in all departments and we have prices that will move the goods. Don't miss this opportunity.

In our next change of ad we will advertise our new Rotary Washer—Child's play to do washing with this machine.

### REDUCED PRICES.

Prices greatly reduced on Ready to Wear Hats, Caps, etc., at MISS A. MUGGLER'S.

### U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Partly cloudy tonight and Thursday with local thunder showers; cooler tonight and warmer Thursday.

For Colorado: Fair weather tonight and Thursday; cooler in west portion Thursday. Yesterday the thermometer registered as follows: Maximum temperature, 73 degrees, at 3:00 p. m.; minimum, 44 degrees, at 4:10 a. m. The mean temperature for the 24 hours was 59 degrees. Relative humidity, 34 per cent. Temperature at 6:00 a. m. today, 49 degrees.

### A PLEASANT EVENING

Can be spent at "The Club" with gentlemen associates. Courteous treatment is accorded to all whether you spend a cent or not. The best brands of cigars and refreshments always on hand.

### RIGHT TIME TO CURE CATARRH.

A. C. Ireland Guarantees Hyomei Will Cure if Used Now.

The early summer when the weather becomes warm and settled, is the best time of the whole year to treat catarrhal troubles with the expectation of complete and lasting relief.

Everyone who has catarrh of the head and throat should know how foolish it is to try and cure it by drugging the stomach.

Until recently your physician would have said that the only way to cure catarrh would be by a change of climate, but now with Hyomei you can carry a healthgiving climate in your purse or vest pocket, and by breathing it a few minutes four times a day soon cure yourself.

Everyone who has catarrh, or even a tendency of catarrh, should use Hyomei now, for the benefit will be gained twice as quickly and the disease thoroughly eradicated from the system.

The complete Hyomei outfit costs but one dollar, and includes a complete pocket inhaler, a medicine dropper, and sufficient Hyomei for several weeks' treatment. The inhaler lasts a lifetime, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

In Santa Fe there are scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you, A. C. Ireland will return your money. This is the strongest evidence he can give you as to his faith in the remedy.

# INDIGESTION

Leads to Chronic Dyspepsia and Catarrh of the Stomach.

#### HOW IS YOUR DIGESTION?

Kodol Dyspepsia Cure Digests What You Eat, Sweetens the Stomach and Enables the Digestive Organs to Feed the Body.

(Unsolicited Correspondence.)

Spencer, Ia.—Have had Dyspepsia for twenty years. My case was almost hopeless, Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol is the only remedy that has done me any good, and I heartily recommend it.  
Geo. A. Thompson.

Taylorville, N. C.—It affords me pleasure to bear testimony to the most excellent merit of Kodol Dyspepsia Cure. I have used it in my practice with the most satisfactory results and recommend it as one of the finest digestants known to the profession. Every person suffering with Dyspepsia or Indigestion should use it.  
O. L. Hollar, M. D.

Crookston, Minn.—I have used Kodol Dyspepsia Cure for a period of nine months, using in all four bottles, and I can say that it has cured me from Dyspepsia completely, and I recommend it highly.  
J. O. Sether, Traveling Salesman.

Allenville, Mich.—I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say that a dose of Kodol always gives me instant relief.  
J. D. Erskine.

New Britain, Conn.—Kodol Dyspepsia Cure is giving such universal satisfaction and is so surely becoming the Positive relief and subsequent cure for this most distressing ailment, I feel that I am always sure to satisfy and gratify my customers by recommending it to them.

I write this to show how well the remedy is spoken of here.  
S. P. Storrs, Druggist, 297 Main St.

Kodol Dyspepsia Cure is prepared at the laboratory of E. C. De Witt & Co., Chicago, and is sold by leading druggists everywhere.

SOLD BY  
IRELAND'S PHARMACY.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: R. J. Ewing, of Glorieta, N. M.; Frank Ewing, of Glorieta, N. M.; Robert Ewing, Jr., of Glorieta, N. M.; John Blacksher, of Glorieta, N. M.  
MANUEL R. OTERO, Register.

#### "GOVERNMENT GUARANTEE."

"Uncle Sam's" guarantee goes with every bottle of whisky sold at the "Club." Goods bought in bond only. None better at any place or at any price.

#### A CONSIDERATION.

A consideration of the fact that all who want a first-class meal on shore order, go to the Bon Ton, will furnish you food for thought beforehand and a call at that popular house will furnish food for the inner man. A fine meal for 25 cents.

The New Mexican Printing Company is the agent of the Remington Typewriter Company and is ready to fill orders for Remington machines, the best in the market, promptly and satisfactorily.

#### VISITORS AND STRANGERS

If you are a visitor or stranger in the city and desire some place to spend your leisure hours where you will not get lonesome and where you will receive the most cordial welcome, drop into "The Club." All the popular games and best brands of liquors and cigars.

#### YOUR INSURANCE POLICY.

Is no doubt a good one, and will help some one after you are through paying on it, but when you want something where you can reap the direct benefit, go to the Bon Ton, where you can get the best meal in Santa Fe for 25 cents.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

#### IN MEMORIAM.

Tributes to the Late Mrs. Anna Rivenberg By the Fifteen Club and Woman's Board of Trade.

The following beautiful tribute to the late Mrs. Grant Rivenberg was adopted at a recent meeting of the Fifteen Club of which the deceased was a beloved member:

In the death of Mrs. Ida Anna Rivenberg, which occurred on the third day of May, the Fifteen Club has lost a valued and cherished member. Mrs. Rivenberg was a woman of strong and clearly defined individuality. Her presence, in whatever place or company, was known and felt, and in all those circles from which she has passed, that presence, wherein personal attractiveness, intellectual poise and moral force were finely blended, will be profoundly missed.

Her influence was positive; her judgments were ready and comprehensive. Conspicuously gifted with practical common sense, she was most helpful in counsel, and possessed withal, of an energetic will, which never suffered the deed to lag far behind the purpose. Nor were the activities of her being compassed by practical aims or utilitarian ends. All beauty appealed to her; all trust, as she apprehended it, commanded her homage; righteousness, both its practice in her own life and its recognition in the lives of others, was her chief concern. Of sane mind, admirable courage, and excellent abilities; a disposition eminently altruistic; a career not long as measured by the courses of the sun, but rich in accomplishment; surely her life among us has established currents in the social, civic and moral life of the community, whose pulsations shall not cease with the stilled heart beat and the falling breath.

By the Woman's Board of Trade.  
The Woman's Board of Trade, of which Mrs. Rivenberg was an energetic member, has adopted the following resolutions:

Whereas, it has pleased the Almighty Father to remove from our midst a noble woman, Mrs. Ida Rivenberg, and,

Whereas, the Woman's Board of Trade feels deeply the loss of a dear, lovable friend, one of its most ardent and faithful workers, and the community at large has been deprived of a woman whose many virtues have set a high example,

Be it resolved, That the Woman's Board of Trade tenders to the members of the bereaved family its heartfelt sympathy in their sorrow, and

Be it resolved, That a copy of these resolutions be sent to the members of the family of the deceased and be spread upon the minutes of the association.

#### THE ESTANCIA VALLEY.

Grading Camp for the New Mexico Eastern Established at Willard and Town Lots Staked Off.

Special Correspondence New Mexican.  
Estancia, May 31.—Flick and Johnson, sub-contractors on the Belen cut-off, on Sunday established grading camps at Willard. The superintendent of the camp, M. A. Moore of Denver, went to El Paso on Sunday evening to arrange for a steam shovel. Work will be pushed from Willard westward with all possible speed. About forty men are now in camp and started grading on Monday. By next week, fully 150 men together with a score of teams are to be at work in this camp. J. P. Dunlavy returned to Torrance on Sunday evening from a business trip.

Mrs. Mary Horne, proprietor of the Torrance Cottage Hotel, spent Sunday at Estancia.

A tremendous sandstorm blew over the Estancia Valley on Sunday but did no material damage.

Cattle and sheep are fattening rapidly, grass and water being abundant. The new townsite of Willard at the junction of the Santa Fe Central and the Belen cut-off is being staked off this week and lots will soon be placed on the market.

#### REAL ESTATE TRANSFERS.

#### VICTIM OF THE PINE RIVER.

An Unknown is Swept Away By the Angry Current While Attempting to Ford the Stream.

In addition to the five deaths from drowning which occurred in San Juan County last week owing to the high water in the San Juan and Las Animas rivers, a sixth death is reported in the Pine River, also in San Juan County. An unknown man who was trying to ford the river in a carriage was drowned, his carriage being overturned by the strong current. The body was not recovered.

A "WANT AD" will bring results

**NOTICE TO THE STOCKHOLDERS OF THE SOUTHERN PACIFIC RAILROAD COMPANY**—A special meeting of the stockholders of the Southern Pacific Railroad Company, will be held at the office of the company, in room 1210, in the Merchants' Exchange building, in the city and county of San Francisco, in the State of California, the same being the principal place of business of said corporation, and being the building where the board of directors of said corporation usually meet, on the 30th day of June, 1905, at the hour of 12 o'clock noon, to consider and act upon the propositions: First, to increase the capital stock of said corporation to one hundred and sixty million dollars (\$160,000,000), and for that purpose to amend article VI of the articles of incorporation and consolidation of the company to read as follows: "The amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), divided into one million six hundred thousand (1,600,000) shares of the par value of one hundred dollars (\$100), each, which said amount of capital stock does not exceed the amount actually required for the purposes of the said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the written estimate of such engineers, duly signed by them, and filed in the office and principal place of business aforesaid of said corporation."

And to amend paragraph third of article XII of the said articles to read as follows:

"The number of directors of said consolidated corporation shall be eleven (11) and the amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), which said amount of capital stock is the amount actually required for the purpose of said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the aforesaid written estimate of said engineers, duly signed by them and on file as aforesaid. Said capital stock of said corporation shall be divided into one million six hundred thousand (1,600,000) shares, of the par value of one hundred dollars (\$100) each, of which said shares of said capital stock the following have been subscribed by and allotted to the stockholders of said constituent corporations, as hereinafter set forth, to wit: "To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the State of California, and to its stockholders, one million and fourteen thousand two hundred and forty-one and sixty one-hundredths (1,014,241.60-100) shares."

"To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the Territory of Arizona, and to its stockholders, one hundred and ninety-nine thousand nine hundred and fifty (199,950) shares."

"To the Southern Pacific Railroad Company of New Mexico, incorporated, organized and existing under the laws of the Territory of New Mexico, and to its stockholders, sixty-eight thousand eight hundred and eighty-eight (68,888) shares."

"The several stockholders of each of said constituent corporations shall have issued to them by the said consolidated corporation paid up shares of the capital stock of the consolidated corporation out of the shares thereof subscribed by and allotted to the stockholders of their respective constituent corporations to the like amount, dollar for dollar, at their par value with the par value of the shares held by such stockholders in their respective constituent corporations."

Thereafter, and secondly, to create a bonded indebtedness of said corporation to the amount in the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States (a portion of which is to be used in retiring existing bonded indebtedness), and to increase the bonded indebtedness of said corporation up to the amount of the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States, and to secure the said proposed bonded indebtedness by a mortgage upon the railroads and railroad lines of said company and certain other properties belonging to the company, to be prescribed in the mortgage; and to determine the form and terms of said bonds and mortgage; and to authorize the board of directors to take all such action as they may deem necessary or expedient in the premises.

Dated the 30th day of April, 1905. By order of the Board of Directors.

### NEW MEXICO NEWS NOTES.

**Items of Interest Culled From the Territorial Exchanges of the Daily New Mexican.**

On Friday of last week, Socorro experienced a light earthquake shock. No damage resulted.

Carlsbad will be furnished electric lights cheap. There will be two companies in operation by June 1, and the competition will lower the rates considerably.

As an indication of the advance in the price of wool, a wool grower near Magdalena has refused an offer of 20 cents a pound for his crop of 50,000 pounds.

Warren & Malone, of Roswell, have just closed two big realty deals by which H. I. Thode, of Sioux City, Iowa, becomes the owner of 520 acres of Pecos Valley land, paying \$26,800 for same.

While attempting to board a moving freight train at San Antonio, Socorro County, last week, Canuto Torres had the misfortune to have one of his feet badly crushed between two of the cars.

G. C. Robins, of Oklahoma, has purchased 480 acres of good land near Dayton, Eddy County. The price paid averaged \$12.50 an acre and as it is all in one body, will make an excellent ranch.

Last Friday marked the close of the year's work in the public schools of Deming. Although there was only one graduate, the year was one of the most successful in the history of the schools.

A severe hail storm passed near Clayton, the latter part of last week doing considerable damage. Garden truck suffered the heaviest. At the same time, lightning struck several buildings. No one was injured, and no stock was reported killed.

Miss Sallie Calley, daughter of Mr. and Mrs. E. W. Calley, of Colmar, Colfax County, was married on May 11 to Clifford McKinney, at Comanche, Texas. The marriage was kept a secret until the latter part of last week. The couple will live in Putnam, Texas.

The new well for supplying Deming with water is now being dug. Work was commenced on Monday. The well will be used exclusively for furnishing water for domestic purposes, while the water out of the old well will be used for irrigation.

Mrs. S. E. Barber, of Three Rivers, Otero County, who recently sold her orchard near White Oaks for \$35,000, has now another fine orchard. She has added about 1,000 grape vines and a large number of fruit trees and reports that the season is propitious for an excellent yield.

The ferry boat which was to run across the Red River at Taylor station, broke from its moorings during the high water of last week and if it is not captured somewhere in Arkansas, will probably land in the Gulf of Mexico. The boat was only partially finished and took its trial trip too soon.

The first of last week, John Brandenburg, aged 18, and Agnes Hatton, aged 15, of Springer, having come to the conclusion that they had lived apart long enough, ran away from home and are in search of some one who will marry them. The last seen of them they were en route to Ft. Garland.

Miss Nellie Newton, daughter of Mrs. S. G. Gilliam, of Mesilla Park, was on Wednesday last, married to Horace B. Stevens, formerly of the Stevens Real Estate Company, of El Paso. They will make their future home in Mesilla Park, as Mr. Stevens has accepted a position as bookkeeper with the Mine and Ranch Supply Company of Las Cruces.

## MAXWELL GRANT

### FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

### GOLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

## MADRID JOTTINGS.

Items of General and Personal News From Santa Fe County's Coal Camp—Accident to Miner.

Special Correspondence New Mexican. Mr. and Mrs. Gus Olson entertained Superintendent Lamb and M. Stephenson at cards on Monday evening.

Madrid, N. M., May 30.—Green & Green, Denver opticians, were in Madrid last week on a business visit.

A baby girl was born on Saturday evening to Mr. and Mrs. Fred Alarid. Mother and child are doing well.

Joseph Faggione, a miner, was badly hurt in the anthracite coal mine by falling rock. His back, head and face were bruised.

C. H. Stephenson, master mechanic for the Colorado Fuel and Iron Company is in camp looking over the company's plants.

The Madrid ball team on Saturday evening gave a dance to raise funds to pay the expenses of the visit of the Albuquerque Browns. The attendance was good. The Browns arrived on

Sunday and defeated the Madrid team by a score of 9 to 2.

John W. Sullivan, superintendent for the New Mexico Fuel and Iron Company at Hagan was in camp on Sunday to witness the ball game.

M. Wood of the Gold Bullion Company at Golden, returned from the east on last Saturday accompanied by his wife and sister. Operations on the plant of the company may be resumed.

The Industrial Placer Company has about completed putting up its machinery a few miles below Golden. Work on the placers is to commence next week. Rafael Granito of Cerrillos left the early part of the week for Italy to visit relatives and friends, this being his first visit to his old home since he came to New Mexico in the early eighties.

## THE YEAR 'ROUND.

The Bon Ton does business at the old stand, and people who go there once will go there again. Why? Because they get the best and more for their money than any place in Santa Fe. Go once and you will go all the time.

## CARTWRIGHT-DAVIS CO.

No. 250 San Francisco Street.

Grocery Telephone No. 4. Meat Market Telephone No. 49.

## PASTEURIZATION.

This is one of the main features observed in the manufacture of Meadow Gold Butter. None but the finest of milk and cream are allowed to enter the creamery. Each lot is scientifically tested for purity and cleanliness.

After this precaution, all cream is PASTEURIZED. This means that it is put through a mechanical apparatus that kills and destroys every particle of germ or bacterial life that may have existed in the cream. This end is accomplished by a series of applications of very high temperatures followed by very low ones. Therefore, just as boiled and sterilized water is pure, of equal purity is Meadow Gold Butter.

After this process, the cream goes through various treatments that finally brings forth a rich golden butter with a clean mellow and lasting flavor.

It is then packed by machinery in air tight, sealed and paraffined cartons which preserve and retain all its original flavor and purity.

## FOR HEALTH.

The health boards of all our large cities endeavor to make it compulsory to pasteurize the milk supply of the children. It is just as important that their butter supply should be the best obtainable. Whatever you have done in the past, let it be your care that for the present and the future that you and your family have the SAFE butter and that is MEADOW GOLD. Per pound, only 30 cents.

You will pay almost as much for the uncertain kind.

## FRESH MEATS.

Warm weather and flies are with us. How is your meat supply? We are cutting only meats killed in Denver in a government inspected plant and shipped to us by quick express several times per week. We have cut out shipments of Kansas City meat for the summer. Takes to long to get here by freight. Our market is thoroughly screened from flies and dust. That is an item of importance. We wrap every piece of meat that goes out carefully in absorbent paper which keeps out the dirt and fully protects the meat from any possible contamination. Sweet breads, brains, boiled ham, sausages, etc., always in stock if they can be had anywhere. Our prices will be found most reasonable for the quality of goods we give.

## Now Is the Time

## OFFICIAL MATTERS.

## Flag Day Proclamation.

Governor Otero today issued the following Flag Day proclamation:

A most commendable and praiseworthy custom is becoming established among the states and territories of the Union in appointing what is known as "Flag Day."

The American flag is universally recognized as the emblem of liberty and justice. It is, therefore, eminently proper that we set aside a day in its honor; that we show our regard and love for it by a proper observance of this day.

In pursuance of this custom I hereby designate Wednesday, June the 14th, A. D., 1905, as "Flag Day," and recommend that the Stars and Stripes be displayed upon our homes, upon our churches and school buildings, upon federal, territorial and county buildings, and business houses. Let it appear in evidence everywhere, illustrating our faith in all it represents.

Done at the executive office this the 29th day of May, A. D., 1905.

Witness my hand and the great seal of the Territory of New Mexico.

MIGUEL A. OTERO,

By the Governor:

J. W. RAYNOLDS,

Secretary of New Mexico.

## THE RARE DAYS OF JUNE.

Their Charm is Experienced at Santa Fe as at No Other Point in This Wide Universe.

The following data covering a period of 31 years, have been compiled from the Weather Bureau records at Santa Fe as to the customary meteorological behavior of June in this vicinity. The normal temperature is 65 degrees; the warmest June was that of 1881 with an average temperature of 70 degrees; the coldest June was that of 1900, with an average temperature of 61 degrees; the highest temperature occurred on June 27, 1881, and was 92 degrees; the lowest temperature was 33 degrees on June 9, 1877, and June 1, 1880. The average precipitation for the month has been 1.04 inches; average number of days with .01 of an inch or more 6; the greatest precipitation was in June 1903 when it amounted to 3.87 inches; the least was .02 of an inch in June, 1893. The greatest amount for any consecutive 24 hours was 1.21 inches on June 4, 1872. Average number of clear days 16; partly cloudy days 12; cloudy days 2; the prevailing winds have been from the southwest; the average hourly velocity has been 7.2 miles and the highest velocity recorded was 48 miles per hour from the north on June 1, 1889.

## A WOMAN TIRED OF LIFE.

Mrs. Decker at Albuquerque Shot Herself After Indulging Liberally in Beer.

Mrs. Gustav Decker at Albuquerque on Monday afternoon, shot herself with a 38 caliber Colt's revolver causing a wound from which the brain protruded and from which she died yesterday. Mr. and Mrs. Decker shortly previous had been drinking beer together at a saloon and Mrs. Decker took a pill full along home from which she drank before shooting herself. The couple had recently gone to Albuquerque from Madrid in this case the husband thus far had been unable to find work. He was preparing to accompany an itinerant photographer on a tour through the Territory and was not at home when the woman shot herself. This was her second attempt at suicide. She was married twice and was about forty years of age. One of her sons committed suicide recently and another son was robbed and killed in Oklahoma a short time ago. Mr. Decker, while at Madrid, was engineer for the Colorado Fuel and Iron Company and was justice of the peace.

## QUICK WORK WITH BURGLARS.

Behind the Penitentiary Bars in Less Than Week After Committing the Deed.

Thursday night, two weeks ago, the store of J. A. Mahoney, at Deming, was entered and five six-shooters of the latest patterns were stolen. Two suspicious looking characters had been seen around the town during the day, and these two men were missing the next day. Sheriff D. B. Stevens telegraphed a description of them to various points and found them at Hermanas, Luna County. Monday morning, they were indicted by the grand jury on a charge of larceny, were tried and sentenced to three years each. A few days afterwards they were lodged in the territorial penitentiary.

## COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.

## LEARN TO SAY NO.

When people ask you to eat elsewhere than the Bon Ton, always say "no," for that is the best short order house in the city. Also regular meals may be had, either in the public or private dining rooms.

A "WANT AD" will bring results. Buy your goods of advertisers and get the best on the market.
