WAR DEBATE IN THE SENATE!

**A Score of Senators Want to Weary
the American People.**

THE DEBATE MAY LAST ALL SUMMER.

Washington, April 15.—The galleries were thronged this morning, when the senate met at 10 o'clock. It was the expressed intention of Chairman Davis to endeavor to force a continuous session until the pending resolutions are disposed of.

The vice president had a list of twenty-three senators who desired to speak. Cullum, (Ill.) said that Spain's black crimes call aloud for vengeance, and vengeance will be taken by the American people in the interest of humanity. Cullum declared that the Maine disaster was an act of "deliberate and atrocious murder."

He made an extended argument for immediate action, paying a high tribute to McKinley.

Berry (Ark.) was recognized after Cullum's speech. He wanted to vote for the resolution offered by Turpie, which recognizes the independence of the present republic of Cuba, but said: "Whatever resolution is adopted, I will be found supporting the hands of the president." With impassioned outburst he pledged the south to loyalty to the flag.

Daniel (Va.) was next recognized. His opening sentences were: "We stand upon the edge of war. This nation is one with a sword in its hand and, if the word that now hesitates upon the lips be spoken and the command 'forward' given, upon some proud day the stars and stripes will be waving over Moro Castle and Cabanatuan Prison."

Daniel said he was content neither with the house resolution nor the senate committee resolution. "In my judgment," said he, "our first step should be to write on the statute books recognition of the great Cuban republic, which has won its place among the independent nations by its own valiant sword."

Gray replied briefly to Daniel, saying that his only object was to secure a united front in the present emergency. He thought there should be co-operation between congress and the president. Gray said there was no justification for Daniel's insinuation that the president's supporters desired to send Americans to Cuba to aid in suppressing Gomez. Daniel said he made no such insinuation. Gray said he wanted a truce between the political parties until the crisis passed.

Tillman said there would be war whenever the resolution was adopted, but this was no reason for the president not saying candidly what he meant to do. Mr. Wolcott announced his intention to vote for the resolution and resented the aspersions upon the president.

Mr. Morgan gave notice that he would move to lay upon the table any amendments to the Cuban resolutions as fast as they came in.

Mr. Spooner, next speaker, also deprecated reflections upon the character of the president.

Lee Will Command.
New York, April 15.—The president has decided to give Consul General Lee command of the Virginia volunteers in the event that hostilities break out between this country and Spain, says the Washington correspondent of the World.

SPANISH NOTE.
List of Alleged Grievances of That Unhappy Country.
London, April 15.—A dispatch from Madrid says that the note to the powers will point out that all trouble with the United States arises from the clamor of the sugar manufacturers, who, it is claimed, foment war and organized the entire revolt. Attention will be recalled to the alleged unprovoked American bombardment. It will be asserted that the chief insurgent leaders are not Cubans but adventurers of all nationalities, whose sole purpose is plunder and robbery.

The note will say that while Spain has done everything possible to pacify the island, the consuls of the United States constituted themselves insurgents and that as autonomy promised the desired result an American squadron was sent to Cuba to encourage the insurgents to hold out.

The consessions, it is added, will be supported by documentary evidence, which will prove the bad faith displayed by the United States. The note will conclude with declaring that Spain, having exhausted every means of peace, is reluctantly compelled to fight for the maintenance of its rights and honor.

Of Course Not.
London, April 15.—The foreign office does not believe that the powers will make a naval demonstration.

American Arrested.
Havana, April 15.—An American citizen, Joaquin Betancourt, was arrested yesterday, charged with bringing correspondence from the insurgent camp. The

British consul, Mr. Gollan, in charge of United States interests, demanded that the prisoner be released, and he was accordingly granted his freedom.

It has been decided that the colonial government, with the approval of the government at Madrid, will send Senora Giberaga, Dolis and Yionde to treat with the insurgents.

War Material.
New York, April 15.—The Wilson line steamer Marengo, which arrived to-day from New Castle, England, brought 250 tons of war material recently purchased from Armstrong, Mitchell & Co.

Subscribed a Million.
Madrid, April 15.—The queen regent has headed the national subscription with a million pesetas, arousing great enthusiasm.

Powers May Intervene.
Rome, April 15.—The Popolo Romano understands that the powers will intervene in favor of Spain with a naval demonstration.

PLAN OF INVASION.
What the President May Do When the Senate Quite Talking.

New York, April 15.—A special to the World from Washington says: The president's present intention is to send merchant vessels loaded with medicine, food and clothing for the starving Cubans to Havana and Matanzas. These vessels will be accompanied by twenty warships and transports carrying the regular United States troops. They will land peacefully and take possession of the fortified towns unless Spain fires on them.

If Spain fires the first shot the battle-ships Indiana and Iowa and the monitors Puritan, Terror and Amphitrite will instantly begin the bombardment of Havana with twelve and thirteen-inch guns. The bombardment is not likely to last longer than the bombardment of Alexandria by the British fleet in 1889—about four hours.

The only thing that will remain will be for the United States torpedo boats to clear Havana harbor of submarine mines, and the United States will be in possession of the capital of Cuba.

After Many Ballots.
Horton, Kas., April 15.—Congressman Cuts was re-nominated on the twenty-third ballot.

SALVATION ARMY COLONISTS.
Pioneer group of the Colonists Leave Chicago for Colorado.

Chicago, April 15.—The pioneer group of colonists from Chicago who will settle on the Salvation Army land in Powers county, Colo. (twenty-five families) left Chicago to-day in a special car via Santa Fe railroad. Each family will be assigned a ten-acre tract, house, horse, cow, agricultural implements and be provided with supplies for immediate wants.

Death of a Millionaire.
Chicago, April 15.—Herbert Morris, son of the multi-millionaire packer, Nelson Morris, died to-day after an illness of several weeks. A present of \$3,000,000 was made by Nelson Morris to Herbert when the young man was married last June to Miss Hulda Bloom.

CABINET MEETING.
The War Situation Discussed by the Heads of Departments.

Washington, April 15.—The cabinet meeting to-day was devoted to a general discussion of the Cuban question, nothing of importance resulting therefrom. The government has received no intimation of the preparations of any note on the part of the powers and the members of the cabinet do not think the effort obviously making by Spain to concentrate the powers in her favor will result in their agreeing.

Massachusetts War Fund.
Boston, Mass., April 15.—Governor Wolcott sent a message this afternoon to the legislature recommending an emergency appropriation of \$500,000 to increase the efficiency of the state militia. The bill immediately passed.

The Queen is Getting Mad.
Madrid, April 15.—The queen is quoted as saying that she prefers the horrors of war to the tarnishing of the prestige of the army or the impairment of the rights of the crown.

Cannot Prevent War.
London, April 15.—The Austrian ambassador says that he has given up hope of Europe preventing war.

Quiet At Havana.
Havana, April 15.—All quiet here this morning.

Will Not Use the Veto.
Washington, April 15.—The president is not now likely to veto any resolution

that congress may adopt on the Cuban question. The administration does not believe that congress will pass a resolution for the recognition of the Cuban insurgents, but if it should a veto of it would be very improbable.

Break in the Wheat Market.
Chicago, April 15.—The most extensive and general liquidation of wheat in many months was witnessed on 'change to-day, July closed at 84 1/2 c, substantially or bottom, while May closed at 1.00. The break was a change of over 2 cents; in May 3 1/2 cents. May during early trading was bid up to 1.15.

Chicago Stock Market.
Chicago, April 15.—Cattle—Receipts 2,000; market strong.
Beef steers \$3.00@3.25; cows and heifers, \$2.25@2.50; Texas steers, \$3.70@4.50; stocker and feeders, \$3.70@4.80.

That Naval Demonstration.
London, April 15.—A special from Rome referring to the rumors of a proposition to make an international naval demonstration off Cuba, says that Austria is taking the lead, but that Great Britain and Germany are not favorable to the suggestion.

May Be a Fake.
Washington, April 15.—Chief Wilkie, of the secret service, knows nothing of the reported capture of the alleged leader of the Spanish mines or torpedoes in Havana harbor.

Flying Squadron.
Norfolk, Va., April 15.—2.15 p. m.—Weather bureau has reported the flying squadron ten miles east of the cape and coming in. It will be in the Roads in one hour.

The flying squadron has passed in the cape gun route to Old Point.

Don Carlos Warlike.
Madrid, April 15.—Don Carlos urges the Carlists to embark on a war against the United States. He threatens to overturn the government of Spain if further humiliated.

Chicago Grain Market.

New York, April 15.—Money on call, nominally, at 4 1/2 per cent. Prime mercantile paper 1 1/2 c@1 3/4 c.

THE ARMY TO ASSEMBLE.
All the Regiments are Ordered at Once to the Southern Coast.

Washington, April 15.—An order will be issued late to-day ordering the entire regular army to assemble on the coast, mostly in Florida.

The order issued at 4 o'clock this afternoon directs to New Orleans the First, Seventh, Eighth, Twelfth, Sixteenth, Eighteenth, Twenty-third and Twenty-fourth infantry.

To Mobile the Second, Third, Tenth, Eleventh, Nineteenth, Twentieth and Twenty-second.

To Tampa the Fourth, Fifth, Sixth, Ninth, Thirteenth, Seventeenth and Twenty-first.

All light batteries and artillery regiments except the Sixth and Seventh are organized under an act of congress, to go to Chickasaw.

Officers who will command will be General Shafter at New Orleans; General Coppinger at Mobile, Ala.; General Wade at Tampa, and General Brooke at Chickasaw.

Night Session of Senate.
Washington, April 15.—Prospects are now that there will be no vote in the senate to-day. There will be a night session, perhaps leading into the evening. An attempt will be made to reach an agreement to vote to-morrow, but there is little hope of success.

Steamers Chartered.
Washington, April 15.—The government has chartered the steamships St. Paul, St. Louis, New York and Paris of the American line.

CHIPPING THE RAG.
House Representatives Trying to Explain the Late Disagreement Proceedings.

Washington, April 15.—Rising to a personal explanation, Bailey said the speaker was responsible for the late scene in the house. Hot words passed between him and Bailey (Pennsylvania), who alleged that Bailey had, as the papers stated, lost his head. Bailey responded angrily that gentleman when insulted and called liars were charged with having lost their heads if they resented it. He said he would infinitely prefer to lose his head in resending an insult than his self respect in submitting to one. The democratic applauded Bailey.

The republicans broke into cheers when the speaker with voice trembling, with suppressed emotion declared that he refused to enter into a discussion of his course with Bailey. Rescued Bailey severely and said he was ready to do his justification upon the judgment of those who witnessed it. Bailey attempted to reply but the regular order (the private bills) was demanded.

TORPEDO MINES!

**Man Who Made the Mine which
Which Exploded the Maine.**

**He Tells How the Mine was Placed
by Order of Weyler.**

**The Spanish Officers Deliberately
Up the Battle Ship Maine.**

PROOF OF WEYLER'S TERRIBLE WORK.

Chicago, April 15.—The Times-Herald says: Charles A. Crandall, alias Escudero, who acting under the personal orders of Captain General Weyler, planted the mines and torpedoes in the harbor of Havana, has been run to earth in Chicago. Three United States secret service agents are taking him to Washington. He was run down by a Cuban spy.

Crandall says: "I am an American by birth, and formerly lived in New York City. I served in the United States navy on the cruiser San Francisco, where I made a study of mines and torpedoes."

"I went to Lima, Peru, where I entered the employ of Grace & Co. of London, in their nitre beds. Emil L. Castillo, agent of the Spanish government, induced me to go to Cuba as an expert on the coast defense for General Weyler."

"I began laying the mines and torpedoes early in the spring of 1895, finished about a year later. My work was performed at night. In all seventeen mines and ten torpedoes were placed. The mines were made in England, and the torpedoes in Italy."

"When the work was completed, I made a chart showing the location of all mines and torpedoes and submitted it to Weyler."

"I was then directed to place three mines and seven torpedoes in the harbor at Matanzas. This was completed early last July. When I finished Weyler ordered me to place an additional mine near buoy No. 4, Havana, which made a complete chain of mines about the harbor."

"Weyler asked me if it were possible for a ship to enter the harbor or leave with the chain of torpedoes and mines there. I showed him my rough chart, and he especially directed several changes, especially in the channels opposite the navy yard."

"When my work was done he handed me a passport to Key West and assured me that I would not receive pay until the first mine or torpedo was exploded."

"I remained at Havana until February 10, when I went to Key West, where I stayed until March 3, on which date I received my last Spanish gold from Havana."

"After the Maine was blown up I kept in hiding with a colored family near Fort Taylor. As soon as I received word to skip I left as a stowaway on the first steamer for Miami."

The Maine was anchored at the identical buoy where Weyler ordered me to place the additional mine. From Miami I went to Nashville, where I received the following letter from Havana, dated March 1, 1898:

"Destroy all evidence. Go to New York. Ticket for London awaits you there."

"Signed D. I. A. Z."

"This was from Weyler's long trusted adjutant and spy, who executes all the edicts issued by Weyler from Spain."

Crandall avers he was directed to assume the name of Escudero by Weyler. He has several letters from Weyler regarding his work and a military pass from that officer, which he turned over to the United States secret service agents.

Plausible Words from Finest.
A handsome volume recently issued by the well known publishers, D. Appleton & Co. of New York, contains the endorsement of many great writers, senators and other well-known people throughout the country, and in connection with a splendid half-tone engraving of T. A. Finest, with this city, quotes him as follows:

"I have investigated the scientific literary you are now putting on the market. In it you have certainly combined the brightest genius of scientific thought in a way that will do the reading and thinking world good. The reading of such works is the medium through which the world will continually be benefited."

A Wonderful District.
James D. Kakin, the hustler of the wholesale and retail liquor firm of McArthur & Kakin, returned from Bland, Co. district, yesterday afternoon, driving overland. He remained at Bland

long enough to see his branch business start out well under the management of James Kakin, and states that it business keeps up the "branch" will be all right in a very short time. Mr. Kakin is enthusiastic over the future of the Cochiti district, and says that to-day the Kink-dike of the southwest.

Beck's Remedy.
H. D. Becker and wife, of Isleta, are registered at the Hotel Highland, where they were assigned the bridal chamber last night.

Mr. Becker is the popular general merchant and Indian trader at the village of Isleta, and yesterday afternoon, accompanied by Mrs. Anna Lemond, he called at the Lord Avenue Methodist church parsonage, on West Third avenue, and the two were united in the holy bonds of matrimony by Rev. A. C. Welch, after which they were driven to the Hotel Highland.

THE CITIZEN extends its most sincere congratulations to Mr. and Mrs. Becker, and wishes them health, happiness and prosperity.

FOUNTAIN MUDDER TRIAL.
More Evidence in the Celebrated Las Cruces Case.

Las Cruces, April 15.—The trial of the Fountain case was resumed at 10 o'clock this morning. James Wayland, of La Luz, was called. He was the first witness to the murder he was at the ranch near the White Sands, about three miles west of the Las Cruces road. He met Carr near there on horseback coming from the Dog Canyon ranch.

Dr. J. H. Blaisdell, of Mesquite, saw Fountain stopped at his corral to feed his horse about 10 o'clock on Friday. Fountain said that Lieut. Stottler, at the Indian agency, had offered him an escort, and he seemed worried. Later one of his horses returned to Tulare.

At 11 o'clock court adjourned until 3 p. m. to await the arrival of Deputy Sheriff Meadows.

SUNDAY AFTERNOON.
A Lively and Pictorial Scene—Good Horses in the Race.

Next Sunday will be a gala day for the city pleasure seekers, so far as the afternoon is concerned. The management at the fair grounds has made a special arrangement with the clerk of the weather, and New Mexico machine will gladden the lively scene, which will be presented from 2 till 5 o'clock, when the Easter bonnets will vie in splendor with the various bright lines of the racing silks.

The trotting horse will alternate with the running races, so that no delay will occur and one event will succeed another like the scenes of a brilliant panorama.

Among other things, it was on Sunday, the last day of the fair, that the little Lily, Kate Putnam, called after the actress of that name, and a stable companion of Tommy Tucker, will make her rating debut with boy Jones in the saddle in the well-known red and blue soups. It will be a nice question which of the two is the best looking. Look out for her in the first running race.

A gentleman, somewhat out of breath, rushed into THE CITIZEN office last night and stated that this paper had made a mistake in its item about the entertainment at the Lutheran church Wednesday night. He stated that Master Willie McClellan showed great talent by reciting two difficult violin solos, and, after complimenting this young musician, also admitted that Master Bruno Dieckman was equally as good as a violin soloist. Miss Georgia Kallig accompanied Master Willie McClellan on the piano, while Mrs. Dr. Hines officiated in the same capacity for the rising young musician from the Dieckman household.

"The whole entertainment" continued the informant, "was a credit to Rev. Bendral, who is the pastor of the Lutheran church and who was really in charge of the concert."

H. J. Emerson, assistant cashier of the Bank of Commerce, is sick with a very severe attack of the jaundice. Mr. Emerson is a member of the National Guards of New Mexico, and some of the boys are trying to make the people believe that he is sick on account of the approaching war with Spain. The attending physician, however, states that he will have Mr. Emerson ready for army duty in a very short time.

C. H. Young, of Denver, division superintendent of the Wells, Fargo Express company at Denver, came in from the south last night and is quartered at the Hotel Highland. Mr. Young is making an inspection tour of the important express offices in the southwest, and finds everything all right here under the management of Agent W. F. Powers. He will leave this evening for Santa Fe.

R. P. Brown, well-known Santa Fe Pacific conductor between Winkler and Seligman, is here to enjoy a vacation of two or three weeks. Dick, as he is familiarly called by his old-time Albuquerque friends, looks the picture of perfect health, and reports himself prosperous.

American Brewing Company Bohemian, the finest pale beer on the market; clear, pale and sparkling. In quart or pints, at Lowenthal & Meyers', 222 Railroad avenue.

On last Friday evening, about 8 o'clock, there was a little ripple of excitement in town by the sudden appearance upon our streets of three strange young men who were thought, by those who saw them, to be in disguise. A close watch was kept on the bank and postoffice all night, but neither was molested. It is thought it was a part of Black Jack's gang who merely dropped in to size up the situation.

These stones are furnished by the government under the provisions of the act of congress of March 3, 1893, and sent to the nearest railroad station from the unmarked graves of soldiers, sailors or marines who served in the army or navy of the United States, both regular and volunteer, whether they died in the service or since their muster out or discharge.

A cooling couple, who arrived in the city from El Paso last night, made an early call at the probate clerk's office for the purpose of getting a marriage license. The price of this luxury, however, was more than the loveless swain's pocket-book would allow, as it contained but \$1.15 and the fee was \$2.50. He ex-

plained that they had been married in the church at El Paso, but had received nothing to evidence the fact.irate parents tried to nullify the marriage and for this reason they wanted to be married over again and this time have something to show for it. The financial obstacle in the way, however, was insurmountable, so they took their departure with heavy hearts.
