A CRISIS IS IMPENDING

Financial Giants of Wall Street Are at Odds Over Equitable Assurance Society Affairs.

THREE DIRECTORS RESIGN

Union Pacific and Pennsylvania Interests Join With Frick to Fight Gould Railroads.

New York, June 3.—Not since the Great Northern Pacific corner, four years ago, has there been so much excitement in financial circles as exists today as the result of yesterday's developments in the Equitable Life Assurance Society's affairs. The bitter character of the defense made by Hyde and the resignation of Frick, Harriman and Bliss from the society's directorate has created a situation wholly unforeseen and indicating a new alignment of forces in high finance astonishing the general public. According to the Herald, Frick in handing in his resignation said that he never again would sit as a director in any corporation of which Hyde was also the director. According to reports the Union Pacific, the Pennsylvania Railroad interests and Frick have joined to oppose Gould who supports Hyde.

Official statement was made that Gould expects to have his wishes to San Francisco Bay by June 1, 1907. What Wall Street the general public discussed most was the question as to what is to be the next step taken. The selection of the new chairman of the board of directors, of the Equitable Society, who is to be named by the committee within the next few days is awaited with great interest and promise has been made that he is to be a man of national reputation for business ability and probity, and to him is to be entrusted the task of enforcing economies and of making such other changes as may be deemed necessary to correct the present business methods of the society.

Extravagance All Around.
New York, June 3.—Liberal extracts are published today of the report made to the Equitable Assurance Society directors by the Frick investigation committee. The report consists of 38 pages. Its principal points are as follows: Excessive salaries, excessive commissions, excessive expenses and superfluous offices should not be tolerated. Investments should be carefully made. The present management should be radically changed.

Hyde and Alexander Make Up.
New York, June 3.—James W. Alexander and James H. Hyde, president and first vice president of the Equitable met today and it is understood decided to forget their differences and act hereafter together in the Equitable affairs. The basis of the agreement is said to have been that they would now attend to life insurance alone and would keep Wall Street out of the affairs of the society. After a conference it was reported, that Robert T. Lincoln has been agreed upon as the man best fitted to assume the chairmanship of the board of directors. The report is not confirmed.

AN UNSAVORY SCANDAL.

Brodie L. Duke Brings Divorce Proceedings Against His Wife.—Suit Against Him Dropped.

New York, June 3.—Papers in an action for absolute divorce, brought by Brodie L. Duke, were served on Mrs. Alice Webb Duke, whose marriage to Duke last December was the beginning of sensational litigation. At the same time proceedings against Duke with the object of having him declared incompetent to manage his affairs have been abandoned by the members of his family at whose instigation the suit was begun.

FEAR RACER IS LOST.

The Apache Not Heard From and May Have Been Crushed and Sunk by Icebergs.

New York, June 3.—The friends of Edmund Randolph of the New York Stock Exchange, owner of the barge rigged auxiliary yacht Apache, which sailed on May 17 in the race for the Kaiser's cup are expressing fears for the safety of the racer. All other boats have finished and the Apache has not been sighted since May 22. In the Apache's course was a field of icebergs which several of the yachts passed in safety.

New Mexico Civil Code handsome. bound in sheep, per copy \$1.00, for sale by the New Mexican Printing Company. Copies will be sent by mail upon the receipt of sum as above, to any address desired.

CRUISERS RUN INTO MANILA

Aurora, Oleg and Jemchug, Badly Damaged, With Many Wounded on Board Reach Haven.

AFTERMATH OF SEA BATTLE

Admiral Train With Fleet of Five American Vessels Escorted Russians Into Harbor.

Manila, June 3.—Rear Admiral Enquist, who was commander of the heavy cruiser squadron of the Russian fleet arrived in the bay at 9 o'clock this morning on board of his flagship, the protected cruiser Aurora, accompanied by the protected cruisers Oleg and Jemchug. All the vessels are badly damaged and there were many wounded men on board. Admiral Train on board of his flagship Ohio, with the Wisconsin, Oregon, Raleigh and Cincinnati was outside of Corregidor Islands maneuvering when the Aurora saluted with thirteen guns and the Ohio answered. Admiral Train and his squadron accompanied the Russian vessels to Manila.

Rojestvensky Will Recover.
Tokio, June 3.—Admiral Rojestvensky is resting well with no dangerous symptoms and his speedy recovery seems certain. The officers of the Russian battleship Orel have declined to accept the parole. They have been given an additional day further to consider the question.

Ran Out of Ammunition.
St. Petersburg, June 3.—The statement is made that Admiral Nebogatoff's ships had exhausted their ammunition when he surrendered. This brings some relief to the feeling against the admiral, as it is one of the conditions under the naval regulations which allows the naval commander to surrender, the others being when the crew is so depleted as to be unable to manage the vessel and guns and when the vessel is burned to the water's edge and is about to sink. The stories of a mutiny are still circulated but the Admiralty will not admit that it received any information tending to substantiate them.

President Roosevelt's Frank Stand May Pave Way for Peace.

St. Petersburg, June 3.—The cable report of President Roosevelt's conversation with Ambassador Cassini at Washington yesterday, implying that the President had practically tendered his good offices to Russia, created quite a sensation in official circles here. While the idea that the President has taken such a step aroused surprise in some quarters it was received with unconcealed satisfaction in the belief that it would hasten the decision of Emperor Nicholas.

Will Probably Be Dismantled.
Washington, D. C., June 3.—It is stated at the State Department that the Russian vessels at Manila will be treated precisely as were those which arrived in Chinese ports during the early stages of the war, namely, they will be allowed to remain 24 hours if undamaged and seaworthy. Otherwise, they may make absolutely necessary repairs or lastly they may be interned and dismantled until the end of the war. It is expected that the latter course will be followed.

STEAMER LOST, LIVES SAVED.

A Mississippi Boat Strikes the Pier of a Railroad Bridge and Sinks Quickly.

New Orleans, June 3.—It was ascertained today that no lives were lost in the wrecking of the steamer H. M. Carter, at Alexandria, Louisiana, last night. The steamer struck the pier of the railroad bridge and quickly began to sink. It headed for the shore where the passengers and crew landed safely.

EARTHQUAKE IN JAPAN.

Thirty-one Houses Destroyed, Six People Killed and Seventy-nine Wounded by Occurrence.

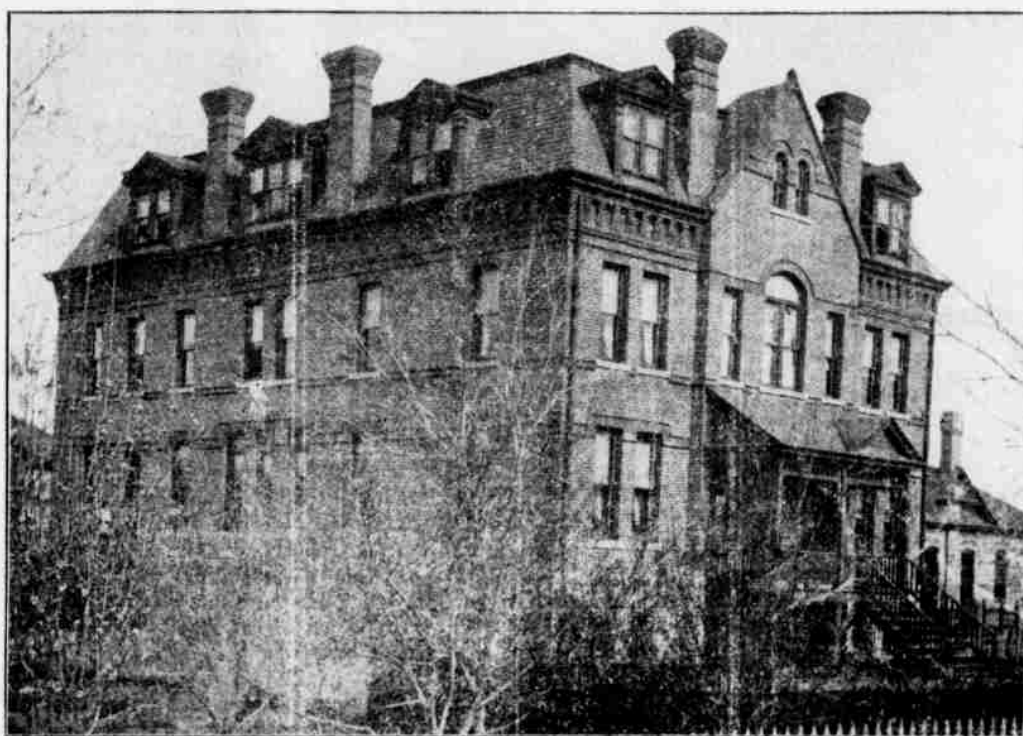

Tokio, June 3.—The governor of Hiroshima province telegraphs that the earthquake which occurred on June 2d, killed six, wounded 79 and destroyed 33 houses. The first shock destroyed telegraph connections and created the impression that a great disaster had occurred.

GENERAL BOYNTON IS DEAD.

He Was the President of the Chickamauga Battle Field Park Commission.

Atlantic City, June 3.—General H. V. Boynton, president of the Chickamauga Park Commission, died here today of a complication of diseases.

NEW MEXICO BUILDINGS.

PRESBYTERIAN MISSION SCHOOL FOR GIRLS AT SANTA FE.

MARY JAMES MISSION SCHOOL FOR BOYS

The Santa Fe Water and Light Company Makes a Generous Donation of Land and Improvements for Its Location—Will Be Built This Year.

The Mary James School for Boys, to be erected by the Presbyterian Home Mission Board in this Territory, will be located at Santa Fe. Rev. R. M. Craig of Albuquerque, superintendent of home missions in New Mexico and Arizona, was in Santa Fe today and declared that he will recommend the site proffered for the school building. The location selected from a number offered is just north of the Federal building, on the site formerly occupied by the gas works, the proffer of which has been made to the American Board of Home Missions of the Presbyterian Church of the United States in the following letter:

Generosity of the Water Company.

Santa Fe, N. M., June 3, 1905.
Gentlemen.—We hereby agree to deliver to the above board a deed to ten acres of land, known as the gas works property, situate north of the Federal building, in the city of Santa Fe; provided the said board will locate and maintain thereon the proposed Mission School.

We will agree to irrigate five acres or over of said land for \$25 per acre per year and to rebate to the board or school management \$100 per year.

We agree to wire and install all lights and lighting effects in said building at actual cost.

Said deed to be a warranty deed with title guaranteed perfect.

Respectfully submitted,

SANTA FE WATER & LIGHT CO.

By FRANK OWEN, Manager.

Carlos Creamer, A. R. Gibson, witnesses.

An Ideal Site.

The location is a very favorable one. Although within the city limits it is

just outside of the built up part of the city, yet, only two to three blocks from the Plaza, postoffice and the business center and very near to the Allison Presbyterian Mission School for girls and the Presbyterian Church, only a block from the fine new Central High School, from the Federal building and the Palace Hotel. The ten acres are level, the soil very deep and fertile, the location protected from the north, the west and the east by the mountains and the foothills, high and dry, although the grade that leads to it is very gentle. There are a number of improvements on the land that can be utilized by the builders of the school. Of the two big gas pits, one can be used for the foundation of the main building as the masonry is sound and in prime condition. One of two substantial outbuildings is large enough for an industrial building or shop. A large water main has been laid to the grounds and that alone will save \$1,200 to the Home Mission Board. The view from the site over the city and to the mesa and mountains to the south is one of the finest in this section. Add to this the fact, that Santa Fe has three railroads, the best climate in summer and winter to be found in the southwest, is acknowledged to be the most healthful city in the two territories and is an old educational center and it will be seen that the location for the Mission School is an ideal one.

Will Be Large Institution.

On the buildings \$50,000 is to be expended and the money therefor is in the hands of the Presbyterian Home Mission Board. As soon as the location is approved by this board, and

there is no doubt that it will be, steps will be taken for the immediate construction of the main building. In many respects, the school for boys will be managed upon lines similar to the Allison Mission School for girls on Grant Avenue. In fact, there will be some co-educational features. Manual training will be part of the plan of education and for that reason probably all of the ten acres will be under cultivation. To Santa Fe this will mean the benefit of an experimental farm and a continuous demonstration of what soil, water and energy will bring forth in crops in this section.

Rev. R. M. Craig, who was at one time the pastor of the First Presbyterian Church in Santa Fe and who is generally respected and admired in this city, will leave next Monday for New York City to assume his new position, a promotion, as assistant superintendent of home missions his experience as superintendent of missions in New Mexico and Arizona for so many years peculiarly fitting him for his new and more responsible appointment. The nature of his work will bring him to New Mexico quite often and the new school will probably be constructed under his supervision.

To the material welfare of the city, the school will be of considerable benefit, for about one hundred pupils, in addition to a competent corps of instructors, will be housed here, and it will bring frequent visits from the parents and other relatives of the boys, as well as of friends of the instructors, not to speak of the prestige which it will add to Santa Fe's fame as an educational and religious center in the southwest.

BEST WATER IN NEW MEXICO.

An Analysis By Expert Who Had Secretly Taken Sample From Reservoir and Mains at Santa Fe.

Today Manager Frank Owen of the Santa Fe Water and Light Company received the following letter from John Weinzirl, director of bacteriology and chemistry of the Hadley Laboratory of the University of New Mexico at Albuquerque:

"I herewith enclose an analysis of the city water supply of Santa Fe with my compliments. You certainly have a fine water of which you may well be proud. I am writing up the city water supplies of New Mexico for a bulletin which I believe will be interesting and valuable."

It was unknown to Mr. Owen or any one else in Santa Fe that a sample of water had been taken from the stream for analysis by Mr. Weinzirl. The analysis will be published on Monday by the New Mexican and shows that Santa Fe has by far the purest and the best drinking water in the entire southwest.

WILL HANG THIS MONTH.

The Date is Set on Which Blue Beard Hoch is to be Hung in Eternity.

Chicago, June 3.—"Bluebeard" Johann Hoch is to be hanged on June 23d. The date was fixed today.

FOUR FIREMEN RESIGN.

But the Chief of the Department at Albuquerque Has No Trouble to Fill Their Places.

Four men of the Albuquerque Fire Department, John Hedin, captain, Clyde Boulden, driver, James Higgins and Paul Roepke, have resigned because Chief Burtless requested them to refrain from sports and being boisterous at the fire station on Sundays. Their places have been filled by the appointment of Jacob Klein, a veteran of the St. Louis fire department, who will be captain, John Smith, driver, George Bassett and A. R. Klein. Captain Klein has been a visitor to Santa Fe and his wife lived at Santa Fe for a year to benefit her health.

RIO GRANDE IS PLAYFUL.

It Wipes Out Two Settlements in Mesilla Valley and Takes Big Chunk Out of Railroad Track.

The flood situation along the Rio Grande is growing worse. The water is rapidly rising and several hundred feet of track on the El Paso division of the Santa Fe have been washed out. Western Union dispatches say that this washout is at Las Cruces and Postal Telegraph information places it at Rincon. La Mesa, a few miles south of Las Cruces is under seven feet of water while the town of Anthony has been completely washed away. Train No. 10 on the Santa Fe delayed by the washouts arrived in Albuquerque today at 1 o'clock and will reach Santa Fe about 5.

A JEWEL FOR E. A. CAHOON.

It Was Presented to Him This Week at Roswell by a Delegation of Royal Arch Masons.

The Royal Arch Masons of the Territory this week presented to E. A. Cahoon, past Grand High Priest, and cashier of the First National Bank at Roswell with a pendant jewel showing the high esteem in which he is held by the order in the Territory. The presentation was made by A. N. Pratt, of Carlsbad, Grand High Priest, and A. A. Keen, of Albuquerque, secretary of the Grand Chapter, Grand Secretary of the Grand Lodge of New Mexico A. F. and A. Masons, and Grand Recorder of the Grand Commandery of Knights Templar. Mr. Cahoon was the Grand High Priest of the Grand Chapter of New Mexico for the year 1904.

The medal presented is of solid gold with the following words engraved upon it: "Past Grand High Priest, Territory of New Mexico, Grand Royal Arch Chapter." There are twelve valuable settings of stones of various hues symbolical of the order and five emblems engraved upon it.

The New Mexican Printing Company is the agent of the Remington Typewriter Company and is ready to fill orders for Remington machines, the best in the market, promptly and satisfactorily.

PATH STREWN WITH ROSES

Berlin Gives a Royal Welcome to the Future Empress of Germany and Queen of Prussia.

IMPRESSIVE CEREMONIAL

Two Million People Took Half a Holiday to Greet the Duchess Cecilia of Mecklenburg Schwerin.

Berlin, June 3.—The business of the government paused and two million or so persons took half a holiday today to welcome an eighteen year old girl who some time most probably will be German Empress. Her way was rose strewn, choirs of children sang her greeting, old guilds with emblems of their trades lined the route, artillery sounded dully in the immensity of cheering, while at the end of her progress through the people, the imperial family and all the great personages of state joined with Emperor and Crown Prince Frederick William in receiving her at the palace. The day was brilliant and the whole spectacle was effectively staged. Duchess Cecilia, of Mecklenburg Schwerin, who in her full title is also Princess of Wends, arrived from Schwerin at noon with her mother, Grand Duchess Anastasia, her brother Frederick Francis, reigning duke of Mecklenburg-Schwerin, his wife and numerous following. She was met at the railroad station by the Emperor, the Empress, the Crown Prince and other members of the imperial family and breakfasted in the Chateau Bellevue. The procession began to form between four and five this afternoon and then moved through the Tiergarten and Unter den Linden. The pageant started at 5 o'clock and disappeared at 5:45 p. m., through one of the arched doorways of the Palace. The Duchess went immediately with the members of the imperial family to the room of the electors, so called, and with the Crown Prince signed the marriage contract. Afterwards the members of the two families dined together.

PERMANENT INJUNCTION DENIED

Judge John R. McFie Holds in Favor of the Contention of the Denver & Rio Grande Railroad.

Judge John R. McFie this morning rendered a decision in the case of the Arizona & Colorado Railway Company versus the Denver & Rio Grande Railroad Company in which complainants had heretofore secured a temporary injunction, enjoining the defendant company from using or crossing, with railroad tracks, the rights of way of the complainant company, dissolving this temporary injunction on the grounds that the Arizona & Colorado Railway Company did not show cause why the Denver & Rio Grande Railroad should not use or cross the rights of way of the Arizona and Colorado Railway. He held that the survey and location of the line did not give ownership to the surveyed portion and that therefore it was not the private property of the railroad. The Arizona & Colorado Railway Company had made arrangements with property owners to purchase the rights of way which had been surveyed, but the attorneys for the Denver & Rio Grande held that as they had paid no consideration for these rights of way that they could not prevent, by law, another railroad from crossing the surveyed line. Judge McFie sustained this opinion and the decision was rendered accordingly, which is virtually a victory for the Denver & Rio Grande interests. The attorneys for the Arizona & Colorado will make an appeal from this decision to the Territorial Supreme Court.

MAY SETTLE STRIKE.

Each Side Appoints Committee of Four to Patch Up Labor Dispute at Chicago.

Chicago, June 3.—Negotiations along lines for a settlement of the teamsters' strike were under way today. A committee of four was appointed by the teamsters' joint council with full power to effect a peace compact with the department stores and awaited the appointment of a like committee to act for the merchants.

BIG WOOL SALES.

The clip of wool of William McIntosh of McIntosh, in the Estancia Valley was sold this week to Meyer Friedman of Las Vegas. The clip will amount to about 135,000 pounds. About 100,000 pounds of wool held by the John Becker Company at Willard in the Estancia Valley, have been sold to Eduardo Chaves of Albuquerque. In both deals the price paid was about 22 cents per pound.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

TWO KINDS OF FRIENDS.

The city of Santa Fe wanted the Fraternal Sanitarium for consumptives very much for itself; it worked hard to get it and its business men would have dug deep into their pockets to have secured it for this city. Next to Santa Fe, Las Vegas, for obvious reasons, was the choice of Santa Fe people for the site. The New Mexican and the people of this community, after they learned that Santa Fe would not be chosen, gave their voice and moral support and, if possible, would have done a great deal more to throw the location to Las Vegas. Las Vegas and Santa Fe have worked together upon previous occasions and have found it to their mutual benefit to boost each other whenever occasion offers. The New Mexican is a territorial paper and for many, many years, has been doing all in its power to advertise and to help every part of the Territory and it comes with ill grace from any of its contemporaries to say at this time that the New Mexican "knocks" this or that town, because it reserves to itself the right to comment impartially upon certain phases of general interest in such town.

Santa Fe, and the New Mexican with it, know that if Las Vegas gains 25,000 people and a million dollars a year through the success of the Fraternal Sanitarium, Santa Fe will gain at least 5,000 people and half a million dollars. If Las Vegas profits nothing by the sanitarium then Santa Fe will gain nothing and if Las Vegas loses through it then Santa Fe will lose. The New Mexican therefore objects to being held up as an opponent of the Fraternal Sanitarium idea, it protests against the untimely publication of extracts of editorials on that subject without their context. The New Mexican with the welfare of Las Vegas and Santa Fe particularly in view and incidentally for the benefit of the Fraternal Sanitarium, did publish a warning to the managers of the Sanitarium that to exaggerate, to make false promises, to make vital mistakes at the start of the enterprise might imperil its success. That this was the time and that there was ground for sounding such a warning, the New Mexican endeavored to show and it hopes that its courage in sounding this warning will bear good fruit. It is one thing to close both eyes to obvious mistakes that may seriously affect the future of Las Vegas and of Santa Fe and another to call attention to those mistakes and to seek to avert the consequences which would inevitably follow; it is one thing to fold hands and in silent glee await the impending fiasco of an enterprise that will hurt a neighboring town and another to issue a note of warning in time. The New Mexican knows that there are people, right in Las Vegas, as the Las Vegas Optic admits, who whisper into each other's ears the same warnings but are afraid to utter them aloud for craven fear of censure; the New Mexican also knows that there are towns and other newspapers, that figuratively are patting Las Vegas on the back at present but will be the first to laugh aloud in glee if the expectations of the Fraternal Sanitarium would meet with complete failure, but the people of Santa Fe and the New Mexican are not among these, and for that reason, desire that the mistakes made in the past by the promoters of the Fraternal Sanitarium be avoided in the future and that the institution may prove even a greater success than its most sanguine promoters anticipate. Whatever Santa Fe and the New Mexican can do to bring this about will certainly be done, even, if it goes to the extent of calling attention to mistakes that the wishers of evil to Las Vegas and Santa Fe would like to see continued and perpetuated.

France is to aid Russia in the peace negotiations with Japan that are about to begin. The French government is evidently anxious to cover and excuse its violation of the neutrality laws in allowing Admiral Rojestvensky to provision and coal in French waters in Indo-China. The Japanese may accept France's suggestions good naturedly and they may not.

MANY INQUIRIES UPON MANY SUBJECTS.

The questions submitted daily to the chief executives of American commonwealths are sufficiently varied and intricate to puzzle a Chicago University professor and to keep the editor of a query column guessing. In one mail, Governor Otero recently received in addition to the voluminous department and other official correspondence, a request from the editor of the American Boy, a monthly publication, for an inspiring message to the boys of America; a message from the editor of Leslie's Magazine, asking Governor Otero's opinion on proposed federal legislation to compel the introduction of the block system by American railroads; a communication from the United States district attorney of northern Illinois asking for information regarding the operations of the beef trust in New Mexico; a letter from the Economic Club of Boston, asking for a message of encouragement and an opinion upon the objects of the club and a request from a professor of the University of Michigan, who is writing a book, asking for an extended dissertation upon municipal law and management in New Mexico. There were besides, the usual letters of inquiry about lost heirs, about people who lived somewhere in the west in the early fifties, queries about climate, industries and resources of New Mexico, petitions for pardons and letters asking for favors or giving political and other advice and all of which must be answered courteously and for most of which no stereotyped answer is satisfactory. Yet, answering letters is only a part and by no means, the most disagreeable of the manifold duties of the governor of a territory.

The most remarkable thing concerning the recent naval battle in the Straits of Korea is the small loss experienced by the Japanese and the, comparatively speaking, slight injury done the Japanese men of war by the Russian fire. This can only be accounted for by the fact that the Russian officers and sailors are very poor marksmen, especially when it comes to firing the huge canon in use on battle ships and cruisers. In addition, the Russian officers and sailors are evidently poor sea men, inefficient engineers and mechanics and not of the material necessary today to command, maneuver, handle and man successfully the great engines of war, called battle ships and cruisers, and of which the navies of the world today consist to a great extent. Japanese intelligence, education, mechanical skill, attention to details, knowledge of naval tactics, and precision in aiming and firing carried the day, although the Russian naval forces were superior in tonnage, in the number of ships and in men.

The question of the extension of the franchise of the Albuquerque Water Supply Company is local in one sense but a territorial question in another. In this, that companies now enjoying the franchise for furnishing water in other towns in the Territory may try to make the action of the Albuquerque city administration a precedent should it be favorable to the extension asked for. That being the case, the New Mexican has taken a hand in the fray and is gratified to say that with the Albuquerque Citizen it is on the right side, hence the attacks of the Albuquerque Journal, which represents only the interests of two or three corporations in the Duke City and which cares as much for the real interests of the town as does a duck for a grasshopper. It is well known that the only use a duck has for a grasshopper is to swallow it.

King Alfonso has more grit and mettle in him than people have given him credit for. This was clearly demonstrated by his conduct a day or two ago when a French anarchist threw a bomb at his carriage and came very near sending the Spanish king into eternity. The young king may yet turn out to be a great ruler. Quien sabe? He has Habsburg and Bourbon blood in him and while this mixture has shown many signs of degeneracy of late, still in his case there may be an exception. Should this prove so, Alfonso may yet make a great stir in European affairs. Among his ancestors on both sides have been great kings, successful soldiers and the slickest of diplomats. History may repeat itself and the law of atavism may assert itself in his case.

The county road from the reservoir of the Santa Fe Water and Light Company to Monument Rock and to its connection with the Scenic Highway needs immediate repairing and improvement. The board of county commissioners should lose no time in attending to this important matter. A good many tourists will be in Santa Fe during this coming summer and will desire to take a trip to the Scenic Highway through the beautiful canon of the Rio Santa Fe. Placing the road through the canon in good condition and making it safe and comfortable is a business matter, which, if properly executed, will benefit the business interests of the city, of every merchant in it and of every property owner. No time should be lost in this matter.

Colonel Bryan may be a horny handed son of toil, etc., but he has demonstrated during the past few years that he is a better hand at attending banquets than a toiler in the sweat of his brow and working at manual labor.

TAXING CORPORATION FRANCHISES.

The recent decision of the United States Supreme Court, declaring legal and valid the law of the state of New York taxing franchises, means much for the people and will in all human probability bring about the enactment of statutes in the several states providing for taxing franchises. The law was passed while Theodore Roosevelt was governor of New York, was introduced at his suggestion and strongly supported by him. That it is just in principle is now established and that it will prove of great benefit, if fairly administered, cannot be doubted. Public sentiment over the country is becoming crystallized in favor of taxing franchises, not only of public utilities corporations but railroads, tramways, etc. All corporations that are favored by having received special privileges from the people should pay a franchise tax for the support and maintenance of the municipality or state which granted them these privileges and which empowered them to do business as corporations. This will sooner or later be the rule in the states and municipalities of this Union and it cannot be adopted any too soon everywhere in this great and broad land.

Says an exchange: "Rafael Romero is in from Mora. He says the whole of Mora County is a dream of beauty and that land which has not been cultivated for six years is planted this year." Mora County was, perhaps, the greatest sufferer from the floods last fall and the number of people who lost very heavily, was quite large. Yet, Mora County, as will be seen from the above news item, has recovered completely and the rains which brought disaster to a few have on the other hand brought blessings to the many.

Despite the fact that two or three yellow sheets of the Territory are making a great outcry because Governor Otero, Territorial Secretary J. W. Reynolds and W. Scott Smith, secretary to the Secretary of the Interior, recently met for a few hours in the city of El Paso, the government of New Mexico still lives. This is passing strange but a solemn fact, nevertheless, as the editors of these sheets can verify by coming to the Capital of New Mexico and seeing for themselves.

The Albuquerque Citizen in a recent issue paid the New Mexican the following compliment for which this paper is under obligations: "The New Mexican is certainly to be congratulated on the admirable paper it issued yesterday. Apart from the fact that few papers in towns without competition would issue on a holiday, the enterprise of the New Mexican is seen in the illustrative views published of many scenes in various parts of the Territory."

The New Mexico Military Institute, located at Roswell, is a territorial educational institution in the true sense of the word, and since its establishment nine years ago it has done exceedingly satisfactory work. Its prospects for attendance and well doing are very bright for the coming year and it looks as if the institution will be crowded to its very limits. There will be a good many boys from the northwestern counties sent there.

The citizens and newspapers of Philadelphia have "knocked out" the Philadelphia gas trust and have it beaten. It looks as if the citizens and the Citizen of Albuquerque, with some help given them by the New Mexican, will "knock out" the Water Supply Company trust and its newspaper advocate in their town.

A St. Petersburg newspaper announces that the United States of America is the real enemy of Russia. Well, there may be something in this! Considering the success attained by the Japanese navy, it does look as if there were several American officers and a good many American marksmen serving under the Japanese flag.

After all J. Pierpont Morgan is not as bad as he is quoted. He pays his "household secretary" ten thousand dollars per year and the chambermaids and servant girls in his establishment receive from \$50 to \$100 per month, board, lodging and washing. There are evidently worse men than J. Pierpont Morgan.

It is now a sure fact that the Japanese armies and navies are fearless. Even Rojestvensky's name did not scare them.

The full name of Rojestvensky is Divonio Petrovitch Rojestvensky. No wonder he made strategic mistakes and was defeated.

The trusts are still having their feet in the trough, but the Republican national administration is arranging to teach them better manners.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Sold by Druggists. Take Hall's Family Pills for constipation.

Hold the Secret of Life and Death.
Recent experiments conducted by most eminent scientists, prove that light is a great remedial agent; it is essentially Nature's agent. It may be either sunlight or electric light, but it has a decided effect in helping nature to banish disease and restore health. Other scientific men have proved that oxygen electrifies the heart and can prolong life.

The people on this earth are susceptible to some laws which govern plant life. A plant cannot be successfully grown in the dark. A man is seldom healthy and strong who lives in the dark or in sunless rooms. After all, Nature's ways are found to be the best. Nature's remedies are always best for eradicating disease, and by this we mean a medicine made of roots and herbs. They are assimilated in the stomach and taken up by the blood and are, therefore, the most potent means which can be employed for the regaining of lost health. Dr. R. V. Pierce, consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., in many years of extensive practice, found that he could pin his faith to an alternative extract of certain plants and roots for the cure of all blood diseases. This he called Dr. Pierce's Golden Medical Discovery. Containing no alcohol nor narcotics, entirely vegetable, this "Discovery" makes rich red blood and is a powerful tissue-builder, giving the tired business man or woman renewed strength and health. Rapidly growing school-boys and boys often show impoverished blood by the pimples or boils which appear on face or neck. To eradicate the poisons from the blood, and feed the heart, lungs and stomach on pure blood, nothing is so good as Dr. Pierce's Golden Medical Discovery.

Don't allow the dealer to insult your intelligence by offering his own blood remedy to you instead of this well-known preparation of Dr. Pierce's. Ten chances to one he will substitute a cheap compound having a large percentage of alcohol in it.

Dr. Pierce's Pellets are the best for the bowels. Use them with the "Discovery."

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

GIVES HEALTH, VIGOR AND TONE.

Herbina is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wisied that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by all druggists.

INVALUABLE FOR RHEUMATISM.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and \$1.00 at Fischer Drug Co.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by all druggists.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Ho-shoud Syrup, and it cured him. He was six years ago and since then we have always kept a bottle in the house. We cannot do without it. He coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

THE FIRST NATIONAL BANK

OF SANTA FE.

The oldest banking institution in New Mexico. Established in 1870. RUFUS J. PALEN, President. JOHN H. VAUGHN, Cashier. HENRY L. WALDO, Vice President. ALFRED H. BRODHEAD, Assistant Cashier.

Capital \$150,000. Surplus and Undivided Profits \$55,000.

Transacts a general banking business in all its branches. Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Interest allowed on time deposits at the rate of three per cent per annum, on a six month's or year's term. Liberal advances made on consignments of live stock and products. The bank executes all orders of its patrons in the banking line, and aims to extend to them as liberal treatment in all respects, as is consistent with safety and the principles of sound banking. Safety Deposit boxes for rent. The patronage of the public is respectfully solicited.

The reasons are obvious why you should patronize

THE BEST ADVERTISING MEDIUM—THE NEW MEXICAN.

A Traglo Story.

There lived a sage in days of yore,
And he a handsome pigtail wore;
But wondered much and sorrowed more
Because it hung behind him.

He mused upon this curious case,
And swore he'd change the pigtail's place
And have it dangling at his face.
Not dangling there behind him.

Says he: "The mystery I've found—
I'll turn me 'round"—he turned him
'round.

Then 'round and 'round and out and in
All day the puzzled sage did spin;
In vain—it mattered not a pin—
The pigtail hung behind him.

And right and left, and 'round about
And up and down and in and out
He turned; but still the pigtail stout
Hung steadily behind him.

And though his efforts never slack,
And though he twist, and twirl, and tack,
Alas! still faithful to his back,
The pigtail hangs behind him.

—Thackeray.

If in a kind of bilious mood,
You wish an aid to digest food,
No other pill is half so good
As DeWitt's Little Early Risers.

When e'er you feel impending ill,
And need a magic little pill,
No other one will fill the bill
Like DeWitt's Little Early Risers.
Sold By Ireland's Pharmacy.

Unspillable Ink Well.

This ingenious inkstand is made in Germany. It doesn't spill a drop, even when it stands on its head. When not in use it is not covered, but simply inverted.

It is ten times easier to cure coughs, croup, whooping-cough and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Gently moves the bowels and expels all cold from the system. Cuts the phlegm, cures all coughs and strengthens weak lungs.

Sold By Ireland's Pharmacy.

First Grasshopper in the East.
The first grasshopper of the season arrived at Augusta, Me., bright and early Monday morning. The saltatorial orthopterous insect was securely caged in a tightly corked bottle, and the guardian of the bottle was none other than William S. Baldwin. Mr. Baldwin made no claim to be the captor of the grasshopper, however, but explained that it came down from North Sydney, where Ed Hughes had caught it after an exciting chase over a bare spot in the field. The insect was alive and well.—Boston Globe.

Ancient witchery was believed in by only a few but the true merit of DeWitt's Witch Hazel Salve is known by every one who has used it for boils, sores, tetter, eczema and piles.

Money Hidden in Books.
Last December an old man known as M. Henri died in the Rue de Patay, Paris. He was known to possess private means, but that they were meager was indicated by his shabbiness and the fact that he lived alone in a single room. When a search of M. Henri's room was made after his death nothing more valuable was found than two shelves of dingy looking books, which were sold, with his few stocks of furniture, to pay his funeral expenses. When, however, the buyer of the books examined his purchase he discovered to his amazement two volumes of rare value—absolutely unique—for every page of each of them, \$20 in all, was a \$25 note of the Bank of England.

Santa Fe, N. M., June 1, 1905.

RISING BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.

MOTHER'S FRIEND

"Soon after I began to take Wine of Cardui I could see that I was beginning to get back my strength."

That is the comment Mrs. Seymour makes.

If you are sick you can take Wine of Cardui and secure health and strength. If other medicines and other treatment have failed, that will make no difference. Few women have taken Wine of Cardui at first. By far the greater number of Wine of Cardui cures are women who could not secure relief elsewhere. All druggists sell \$1.00 bottles of Wine of Cardui.

Mrs. M. Seymour,
48 Straight St.,
Grand Rapids, Mich.

secure relief elsewhere. All druggists sell \$1.00 bottles of Wine of Cardui.

WINE OF CARDUI

No. 48 Straight St., GRAND RAPIDS, MICH.

I am pleased to endorse Wine of Cardui as I found it so beneficial to restore my strength after my baby was born. I could not seem to get well enough to be up and able to do my work, and as I had been in bed for six weeks this was rather serious, but soon after I began to use Wine of Cardui I could see that I was beginning to get back my strength. In another week I was able to sit up most of the day and in a month I was able to be up and do most of my work. I think it is splendid medicine for a woman and can certainly give it highest praise.

Mrs. M. Seymour
TREASURER, WOMAN'S INDUSTRIAL LEAGUE.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Boars lodging and bathing \$2.50 per day; \$10 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor
Ojo Caliente, Taos County, N. M.

Those Awful Headaches

Are sure indications of some form of stomach trouble, biliousness or a bad liver. Malaria will next overtake you. Don't risk it, and above all, don't take calomel or quinine—both are dangerous.

HERBINE

has all their virtues—none of their deadly effects. HERBINE taken regularly will forestall headaches, put the digestive organs in perfect condition, head of biliousness, heartaches, liver ills, keep you in good health.

TRY IT, TO-DAY.

Painless Natural Death.

According to a scientist the immediate cause of death, in all but very exceptional cases, such as accident, is the poisoning of the nervous centers by carbonic acid, which accumulates in the blood, owing to the failure of the arrangements for its removal. "This gas is an anesthetic," he explains, "and has, indeed, been employed as such, both locally and otherwise. This property of carbonic acid may be termed a merciful provision of nature. Normal death is a painless occurrence, usually preceded by gradual loss of consciousness entailing no more suffering than going to sleep. The accumulation of this merciful gas often induces muscular contraction or spasms, which are preceded by loss of consciousness, but which may have suggested to uncritical observers that their moribund subject was in agony."

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1906.

THE WABASH IMPROVING.

In line with its policy of improvement in passenger service, the Wabash line has uniformed its Cafe Car Waiters on the "Banner Blue Limited" between St. Louis and Chicago, with white Tuxedo coats and low cut black vests. The new uniform is very striking and attractive.

SPECIAL ANNOUNCEMENT.

An invitation is extended to any white merchant outside of New York City, or his representative, whose name appears in Bradstreet's or Dunn's Commercial Agency Book, to accept the hospitality of our Hotel for three days without charge. Usual rates, apartment with private bath, \$3 per day and up, without meals. Parlor, bedroom and private bath, \$35 per week and up, with meals for two. New York merchants and editors are requested to call the attention of their out of town buyers and subscribers to this advertisement.

GALLATIN HOTEL,
70 W. 46th St., New York City.

A PLEASANT EVENING

Can be spent at "The Club" with gentlemen associates. Courteous treatment is accorded to all whether you spend a cent or not. The best brands of cigars and refreshments always on hand.

ANNUAL STOCKHOLDERS' MEETING.

Santa Fe, N. M., May 19, 1905.

The annual meeting of the stockholders of the New Mexican Printing Company, a corporation duly organized and doing business under the laws of the Territory of New Mexico with principal office in the city of Santa Fe and Territory of New Mexico, will be held according to the by-laws at 4 o'clock in the afternoon on Monday, the 10th day of July, 1905, for the election of a Board of Directors and for the transaction of such other business as may properly come before it.

In witness whereof I have affixed my hand and seal, this 19th day of May, 1905.

P. F. KNIGHT,
Secretary New Mexican Printing Co.

LADIE'S LOW CUT

A Remarkable Shoe Store
Why Remarkable Isn't it Remarkable

To find a shoe store where you can ask for any kind of shoe that's desirable and good, and have the salesman say "Here it is?"

ISN'T IT REMARKABLE to find a big stock of shining new styles?
ISN'T IT REMARKABLE that you are able to count on one store for the best possible values, the best possible qualities, and the best possible service in fitting your foot correctly, stylishly, comfortably?
ISN'T IT REMARKABLE to find a shoe store that never asks you more for a shoe than you are willing to pay?

Lots of other remarkable things about this reliable Shoe Store. Come and see.

Hosiery that individualises its wearer as being exclusive.
If there's anything we're proud of it's our reputation for having the latest ideas, and best variety of everything that goes to make up the toilet of the particular man.

PRICE \$2.00 to \$3.00

Just now we are giving particular attention to his hosiery.
Stop and look at the new colorings and patterns made on purpose for the Oxfords he will soon put on.
Gentlemen, come here for splendid hosiery at moderate prices.

SOCIAL AND PERSONAL

Mrs. Paul A. F. Walter and son John, returned this afternoon from a visit to Denver.

Dr. G. W. Harrison, of Albuquerque, who has been in Denver for a week, has returned home.

Governor Otero and Territorial Secretary Reynolds went to Albuquerque last evening on a brief business visit.

J. H. Vaughn, treasurer of the Territory, went to Silverton, Colorado, today, where he is interested in mining properties.

Mrs. F. E. Nuding left today for Albuquerque for a visit of several weeks with her parents, Mr. and Mrs. W. H. Hahn.

Judge Henry L. Waldo, solicitor for the Santa Fe Railway System in New Mexico, left Las Vegas yesterday for a sojourn with his family in Kansas City.

Mrs. R. R. Larkin, wife of the superintendent of public schools of Las Vegas, left today for Huron, South Dakota, to be with her father who is seriously ill.

The Wallace Reading Club had a nice time today at a picnic in the Box Canon of the Tesuque. Lunch was taken and the entire day proved to be a very pleasant one.

James G. Fitch, of Socorro, one of the leading attorneys of central New Mexico, was a guest at St. Vincent's Sanitarium today. He attended to legal business while in the Capital.

Major C. M. Carr, of Guam, McKinley County, was registered at the Claire today. He was here on business connected with his lumber and saw mill interests in the Zuni Mountains.

L. D. Nuass and wife, who are en route to their home in Peoria, Illinois, from California, took advantage of the free side trip from Lamy and spent the day in the Capital City. They were registered at the Claire.

Mrs. W. O. Finkbine, Miss Stapp and Miss Ritchie Seligman, Harry and Herbert Simms, and H. E. Williams, of Pittsburgh, Pennsylvania, left the city this morning for the Pecos, where they will spend a week fishing and hunting.

Mayor A. R. Gibson was a passenger on this afternoon's Santa Fe Central train for Torrance, where he will take the Rock Island for Chicago. Mayor Gibson will transact business in Chicago, Cincinnati and St. Louis before returning home.

Delegate W. H. Andrews writes that he expects to be in Santa Fe before the 10th of the present month. He has just returned to Pittsburgh from a week's visit in Washington where he attended to public affairs of interest to the Territory.

Mrs. G. R. Baucus and children, of Kansas City, Missouri, will arrive in the city during the coming week and will be guests at the Chaves residence on upper Palace Avenue for the summer. Mrs. Baucus being the sister of Mrs. Amado Chaves.

Mrs. Frank Dibert and daughters, Miss Heloise and Dibertha, and son, Scott, have returned from a lengthy sojourn in Eureka, Kansas, their former home. They will spend the summer here with Mr. Dibert at the family residence at No. 9 East San Francisco Street.

E. P. Blanchard, T. W. Williamson and J. T. Warner, of Cheyenne, Wyoming, inspectors of surveys for the general land office, are registered at the Palace. They have been assigned to the duty of inspecting surveys of public lands made by U. S. deputy surveyors in New Mexico recently.

Charles R. Galbraith, of Franklin, Pennsylvania, who has been on a visit to the southern part of the county for several weeks looking after the interests of the Pennsylvania Mining Company in that section, returned to his Pennsylvania home today. He enjoyed his visit to this county and city very much.

Hon. and Mrs. W. H. Greer left Thursday night for an extended eastern visit during which they will stop at Columbus and Toledo, Ohio, New York City and Boston. They will also spend some time at eastern watering places. They expect to be absent from New Mexico six weeks or two months.

"Judge Howard Leland, the Register at the land office leaves tomorrow overland for a pleasure trip and outing to the mountains. He will go to Picocho first and then to the Mesclero Agency and will spend his entire vacation visiting various points in the western part of the Territory."—Roswell Daily Record.

On Friday and Saturday of last week C. T. Brown, mining engineer and expert of Socorro, who is a Scottish Rite Mason of the 33d degree, communicated the degrees of the Ancient and Accepted Scottish Rite of Free Masonry from the 4th to the 32d, inclusive to four aspirants in the town of Lake Valley, Sierra County. Those who received the degrees were: Edward Harley Bigford, James Bart-

lett Nelson, W. Guy Beals and James Pryor Nunn, well known and prominent citizens of the county.

Last Saturday afternoon, Mrs. John Walker entertained sixty-five of the little friends of her daughters Isabel and Helen, in honor of their birthday anniversary.

A. M. Bergere, clerk of the First Judicial District Court, who was in Roswell on business for several days, returned to the city Thursday night. The trip from Roswell was made via the automobile line and aside from a slight inconvenience caused by the breaking down of the machine, which delayed them about two hours, was without incident.

W. W. Williams, of Hillsboro, who was a member of the House of Representatives of the Thirty-sixth Legislative Assembly and did good service and who, for the past two months, has been in Boston in connection with financing the Black Peak Mining Company, of which he is manager, has returned to the county seat of Sierra County. Mrs. Williams, who has been on a visit to relatives in Chicago, returned with him.

Brigadier General James A. Buchanan, U. S. Army, who was recently promoted from colonel of the 24th U. S. Infantry, left San Francisco, California, on May 31st on the transport Sheridan for Manila for a two years' tour of duty. General Buchanan was stationed in Santa Fe as acting signal officer in charge of military telegraph lines during part of 1878. He has a fond recollection of Santa Fe and expects to visit here when his tour of duty in the Philippine Islands shall be completed.

On Thursday Miss Leaningham entertained at 12 o'clock dinner at the Palace Hotel. The table and parlor were beautifully decorated with carnations and marguerites, whose aroma filled the rooms throughout the afternoon. After a bountiful repast the guests were entertained in the parlors with an excellent musical program. Mesdames Walker and Moore presiding at the piano, and Mrs. John Walker giving an interesting reading. Those who were present were, Mesdames Warner, McCuen, Walker, Bishop, Moore, Crichton, Price, I. B. Hanna and Miss Morrow.

Mrs. T. B. Catron gave an enjoyable dance Thursday evening in honor of her son, Thomas B. Catron, Jr., who leaves the city next week to assume his duties as a cadet in the United States Military Academy at West Point. Professor Perez's orchestra furnished the music and the guests tripped the light fantastic to the strains of the rhythmic music until the wee sma' hours. Light refreshments were served and the guests left for their homes wishing Mr. Catron all the success that this world can give. Those who enjoyed the hospitality of the hostess were Mesdames Bergere, Finkbine and Warner, Misses Maud McFie, Nina Otero, Ruth Laughlin, Florence Spitz, Ritchie Seligman, Dorothy Crandall, Ethel Easley, Mabel Easley, Lena Ortiz, Amada Ortiz, Maybeth Hogle, Jean McKenzie, Adeline Wiss, Florence Stapp, and Messrs. Newhall, Creamer, Crandall, Bishop, Williams, Simms, Boyle, Sweeney, Haberlein, Easley, Whitman, Dendahl, F. R. Stevenson, and George Stevenson.

On Wednesday evening at their home on Manhattan Avenue, Mr. and Mrs. Charles E. Ross entertained friends at progressive whist. The rooms were prettily decorated with flowers and ribbons, the prevailing color being pink. The score cards were the only digression from this color, they being trimmed in blue. There were three tables and many were the changes of the occupants of each table before the games were finished. Luncheon was served after which the guests departed, voting Mr. and Mrs. Ross the best of entertainers. Miss Olsen captured the ladies' prize, a cut glass and oxidized silver bottle for smelling salts; and Territorial Auditor W. G. Sargent was the successful contestant among the men, receiving a handsome oxidized silver match box. Mrs. Page B. Otero, wife of the Territorial game warden, and Morton C. Miller, clerk in the auditor's office, were awarded the booby prizes, magnificently decorated tin horns, so that they would not "blow" about their playing. Those who attended this pleasant card party were Mrs. Page B. Otero and Mrs. Summers; Misses Olsen, Simpson, Duhren, Messrs. W. G. Sargent, Morton C. Miller, E. C. Burke, Dr. J. H. Sloan and Dr. A. E. Leonard.

Wanted, clean cotton rags. For a short time we will pay 4c a pound for clean rags. New Mexican Printing company.

MINOR CITY TOPICS

Almond Meringue at Fischer Drug Company.

We will pay four cents a pound for cotton rags, New Mexican Printing Company.

Huyler's and Gunther's candies at A. C. Ireland's. A fresh lot just received. See advertisement.

Santa Fe train No. 2 from the west was one hour late today. Train No. 10 from the south is indefinitely late.

The board of county commissioners will meet in regular session on Monday as a board of equalization.

The Santa Fe Central train was delayed four hours waiting for its Rock Island connection this forenoon.

Royal Sherbet at Fischer Drug Company's soda fountain.

L. H. Darby, representing a woolen mill of Denver, talked hosiery and underwear to the merchants of the city yesterday afternoon.

Mr. and Mrs. C. D. Case arrived this afternoon from Las Cruces and will be at home to their friends at their home at 202 Chappelle Street.

C. B. McConnell, of Wichita Falls, Texas, made a sweeping visit to the Capital City today in the interests of a wholesale broom house.

Alfred Grimshaw, traveling freight and passenger agent of the Santa Fe Central, is in Clifton, Arizona, on business for the railroad company.

The best paint in the market is made by the Sherwin-Williams people. W. H. Goebel is their agent in this city. See change of advertisement.

The regular monthly meeting of the Woman's Relief Corps will be held on Monday afternoon at 2:30 o'clock. All members are requested to be present.

Special tomorrow at Fischer Drug Company. Fresh Strawberry ice cream.

A. Menett, grocery salesman from Las Vegas, left the city today for points along the Denver & Rio Grande Railroad where he will endeavor to drum up business.

Dr. O. M. Reute, of Dubuque, Iowa, who has been in Santa Fe for several weeks, left the city yesterday for Albuquerque where he will take a position as pharmacist in a drug store.

Miss Bertha Sheffer, who taught in the public schools of the Capital City last winter, left the city this morning for Antonito, Colorado, where she will visit her sister during the summer.

J. Nestor Ortiz and family, of Los Angeles, arrived in Santa Fe last night. They left the city this morning via the Denver & Rio Grande for Denver, where they will spend the summer.

The demonstration on Velox paper manipulation, which was to have taken place at Fischer's drug store next week, has been indefinitely postponed on account of the illness of the demonstrator.

J. K. Kern, of Lancaster, Ohio, who has been visiting in Santa Fe for some time, was a passenger on this morning's Denver & Rio Grande train for Denver, where he will spend a part of the summer.

The sewer on Upper Palace Avenue is giving trouble. It has been clogged up several times this year and is becoming a nuisance. The pipe is entirely too small to dispose properly of the sewage which flows into it.

A bridge crossing an arroyo south of Chappelle on the Santa Fe Railway burned yesterday. This caused a delay to Santa Fe train No. 2 from the south and caused the train to reach Las Vegas four hours late.

The telegraph pole in front of Fischer's drug store, at the corner of Lincoln Avenue and San Francisco Street, was moved about six feet farther west today. The pole was almost in the middle of the street and caused inconvenience to teams.

Arrangements are being made for holding a teachers' institute for Santa Fe County in this city, commencing on the 14th of August. Torrance County may join and a union institute for the two counties will be held. Full announcements will be made later.

How many persons would give their fortunes to be well! And yet health is a growth and may be successfully cultivated under the guidance of a competent osteopath. No drugs or medicines are required. Dr. Wheelon, the Osteopath, 193 Palace Avenue.

Joseph Overholzer of Montezuma Avenue mourns the loss of a fine calf. According to reports some one boldly drove up to the stable last evening,

took out the calf, loaded it on his wagon and went his way rejoicing. Thus far no trace of the thief has been discovered.

F. F. Flanagan, a warrant officer of the United States Navy, passed Lamy yesterday on train No. 10 in charge of ten recruits enlisted in Texas and New Mexico. They will remain at Denver for several days until the officer in charge is ready to send them to the training school at Mare Island, California.

The Aid Society of the Presbyterian Church will serve a bean supper in the dining room of the Mission School on Tuesday evening, from 5:30 to 8 o'clock. Supper 25 cents. Sherbet and cake, 15 cents. There will be a musical program and a social time in the parlor of the Mission School during the evening.

Friday evening a number of young people were entertained at the home of Mrs. Olive Harrington on West Palace Avenue. The evening was spent in cards and music, after which light refreshments were served. It would seem superfluous to add that the entertainment was most thoroughly enjoyed by all.

The following transfers of real estate were made and recorded at the office of Probate Clerk Marcos Castillo today: City of Santa Fe to Sixto Garcia and wife, land in precinct No. 3, \$1; Tomas Sandoval and husband to Charles A. Wheelon, land in precinct No. 18, ward No. 4, City of Santa Fe \$1.

On the third page, the Daily New Mexican today prints the quarterly statement of Territorial Treasurer J. H. Vaughn for the fiscal quarter ending on May 31, 1905. The publication of the statement by the Territorial Treasurer should prove of interest to those keeping track of the financial affairs of the Territory and should be limited by the boards of county commissioners of the various counties as well as by municipalities.

Superintendent H. O. Bursum will send tomorrow a detachment of fifteen convicts to the Macho Mesa to be added to the detachment of twenty-five convicts now there and at work on the construction of the Scenic Highway Engineer John I. Gwin, who is in charge of the work and who is in town today, with two guards, will take the prisoners to the convict camp on the Macho. With this increased force it is certain that much work will be done during the summer on the road.

Pedestrians complain that people who are using sprinklers on their lawns pay very little attention to the comfort of passers-by and often have these sprinklers too near the sidewalks so as to wet the pavements and do the same thing to the people who pass these lawns. A little more consideration for the comfort of people generally is in order. It is not a hard task to place sprinklers so as not to sprinkle water outside of the premises which they are intended to water.

Many citizens have called at the editorial office of the New Mexican of late and complained that there are a number of young men and women who make it a practice to ride fast, and at times furiously fast, through the streets; the habit of sending horses, after returning from a ride, to the livery stables without attendants is also considered dangerous and a discomfort and annoyance to pedestrians. The city marshal should put a stop to these unseemly proceedings as the complaint of these citizens seem to be well founded and just.

The Weather Bureau, apparently recognizing the futility of predicting thunder storms as it did every day this week without persuading Jupiter Pluvius to get into action, predicts merely cloudy weather for tonight and tomorrow. The temperature reached a maximum of 78 degrees, yesterday, the highest for this year thus far. The minimum, however, was as low as 50 degrees, while the relative humidity was 43 per cent. The temperature at 6 o'clock this morning was 61 degrees. A trace of precipitation is recorded by the Weather Bureau.

The new time table on the Santa Fe System will go into effect tomorrow. The Lamy branch train will leave here at the same hours as before, except that connection with No. 7 from the east in the evening will leave twenty minutes later, at 7:30 p. m. instead of at 7:10 p. m. and will arrive here at 9:40 p. m. instead of at 9:30 p. m. It is probable, however, that the time of the connection with No. 2 will be changed from 9 a. m. to 10 a. m. as does not pass Lamy until 11 a. m. As announced before, trains Nos. 9 and 10, both fast mail trains, will be discontinued and the daily trips of the California Limited have been reduced to semi-weekly trips, No. 4 from the west passing Lamy on Wednesdays

and Saturdays at 2:10 a. m. and No. 3 from the east on Mondays and Thursday at 8:40 a. m. Neither train will carry any mail for Santa Fe and there will be no direct connection with them.

Says the Topeka State Journal: "James E. Hurley of Topeka, general manager of the Santa Fe, was elected president of the Kansas City Belt Railroad Company at a meeting of the company in Chicago. He succeeds H. U. Mudge, who recently left the Santa Fe to become second vice president of the Rock Island. The election was held at a meeting of directors in the office of President E. P. Ripley of the Santa Fe. Dan E. Cain of Topeka, who succeeded Mr. Hurley as general superintendent of the Santa Fe, was elected a director of the Kansas City Belt Railroad Company. The Santa Fe formally absorbed the Cane Belt Road and it will be operated as a division of the Gulf, Colorado & Santa Fe."

The city authorities should give heed to the necessity for strengthening the south side embankment of the Arroyo Sals where it debouches into the Santa Fe River. The embankment on Delgado Street should be made higher and strengthened, especially in front of the McPherson place. If this is not done, it is feared that as soon as flood waters come down the arroyo from the hills these will overflow Palace Avenue and from that street spread into the plaza. The attention of the city authorities is called to this very important matter and no delay should be experienced in attending to it.

The official count of the votes cast in the piano contest during the week ending June 2, is as follows: Elks, 9,061; Woman's Board of Trade, 1,036; Fraternal Union of America, none; Company F. N. M. N. G., 13; First Cavalry Band, 10; Woodmen of the World, 2; blank and defective, 5; total 10,127. This makes the standing of the various organizations as follows: Elks, 35,572; Woman's Board of Trade, 28,346; Fraternal Union of America, 1,627; Company F, 136; First Cavalry Band, 107; Woodmen of the World, 55; blank and defective 894; total number of votes cast during the contest, 66,737.

Christian Noedel, of Tesuque, aged 70 years, died at that place early yesterday. The body was brought to this city and was interred in the United States National Cemetery this afternoon. The funeral was held from the undertaking parlors of Charles Wagner, who was in charge. The deceased has been a resident of this county for many years and was well and favorably known. A wife and six children are left to mourn his loss. One daughter, Mrs. Teodoro Ortega, is a resident of Santa Fe. Mr. Noedel served in Company A, First Regiment of New Mexico Volunteer Infantry during the Civil War.

On his way home last evening, Paul Wunschmann fell with great force on the sidewalk in front of the Van Arsdale Livery Stable on upper San Francisco Street. The accident caused the spraining of his right wrist, a very annoying and painful mishap. The place is the same over which Mr. Wunschmann stumbled just a year ago and broke a nasal bone, necessitating an operation by Dr. J. A. Massie. The city council should compel the owner of the property to construct a decent sidewalk as there has been considerable complaint about this very place. Mr. Wunschmann says the city has not enough money to indemnify him, or else he would bring suit for damages against the municipality.

While at the race meet in Albuquerque this week, N. Salmon bought a handsome black gelding, which has a record as a trotter. The horse has made the good time of 2:16 on the track and gives promise of even better. Charles Closson purchased a pacer whose record is also 2:16. It is the intention of several lovers of horse flesh in the Capital City to get enough fast horses here so that a racing association can be organized. The good start made by the Good Roads Club in getting driveways will probably be an incentive to many to own driving horses. This means a great deal of first class advertising for the Capital City and every one interested in the betterment of conditions in Santa Fe should lend a hand.

The new station at Willard, which the Santa Fe Central Railway Company will open the latter part of next week, will be a boon to residents of that part of the Estancia valley. It will be equipped properly for passengers, freight, express and will have a telegraphic operator. Charles Gibson, formerly agent at Moriarty and who is a first class operator will be in charge. Heretofore this has been a blind station, but now with the increased business to be transacted at Willard the railroad company thought it wise to establish an office where all business pertaining to railroad and telegraph work could be handled. The intention is to have a union station at Willard when the Belen cut off of the Santa Fe is in operation.

will move the goods. Don't miss this opportunity.

Santa Fe Hardware Supply Co.

We Will

Have on display next week a car load of Furniture at our ware room, on the second floor, a new line of goods from Eastern manufacturers that will interest you, both as to quality and

price. Our stock of Chairs will be unusually attractive. Come early and select something new and serviceable for your home. We will be pleased to show you our line of goods.

Take a look at our line of REFRIGERATORS. We have both the enamel and zinc lined boxes, and our prices are right.

We are well stocked in all departments and we have prices that

In our next change of ad we will advertise our new Rotary Washer. Child's play to do washing with this machine.

APPRECIATED COURTESY.

Resolutions of Thanks by the Executive Committee of the National Fraternal Sanitarium.

At a special meeting of the executive committee held in the office of the National Fraternal Sanitarium, St. Louis, on Wednesday evening, May 10, the following resolution was unanimously adopted and the secretary was instructed to spread the same upon the records and forward a copy to those who so materially aided the committee in selecting a location for the sanitarium during its recent trips through New Mexico and Texas.

Whereas, it was found that the site selecting committee appointed by the board of managers to locate the National Fraternal Sanitarium would have to make a visit through New Mexico and Texas in order to investigate thoroughly the altitude, water and climatic conditions before determining the location for the establishment of the sanitarium; and

Whereas, the committee representing the city of Santa Fe and the citizens of same extended every courtesy and were untiring in their efforts to furnish the committee with full information to assist in reaching a conclusion; therefore, be it

Resolved, That the executive committee extends to Hon. L. Bradford Prince, and through him to the other members of the committee and citizens, its thanks and appreciation, as well as its best wishes for their continued prosperity, both individually and collectively.

YOUR INSURANCE POLICY.

Is no doubt a good one, and will help some one after you are through paying on it, but when you want something where you can reap the direct benefit, go to the Bon Ton, where you can get the best meal in Santa Fe for 25 cents.

Subscribe for the New Mexican and get all the latest and best news.

MINES AND MINING.

Legal Decisions.

In the case of Cameron vs. Burnham et al., the Supreme Court of California recently defined the rights and obligations in mining partnership. A synopsis of the opinion is as follows:

The case of Cameron against Burnham and others has been finally decided in an appeal from the Superior Court, and settles a question of much interest to those who mutually agree to provide funds to open and prospect mines. In 1901 certain Oakland men agreed to lease mining privileges on a lot in the Blue Ravine section, above Folsom, Sacramento County, and each agreed to subscribe \$500 to obtain the lease and do the prospecting. They were to pay the money to A. T. Eastland, at such times and in such amounts as he designated. It was provided that if anyone failed to pay within ten days after the time fixed, he would forfeit all interest in the lease and all money previously paid. Soon after all interested had signed the agreements, each of the subscribing parties was called upon to pay \$100 and they were duly notified. All of them paid except P. A. Cameron, and he neglected or refused to do so, and it is found in the decision that he repeatedly said he was "out of it" and would have nothing to do with the matter. In the meantime the others went ahead with the subscriptions and the work, and in October of the same year struck rich gravel in the Gray Wing drift mine, which they worked for some years at good profit. Cameron had done nothing, and contributed nothing toward the discovery, development or working of the property, but sued for the interest and profits which would have been his had he paid up as the others did. He was defeated in the first suit, but contended that he was a party to the original contract and his rights could not be taken away from him except by due process of law, and appealed the case.

In the decision the Supreme Court says: "On the foregoing facts we are of opinion that plaintiff was not entitled to the relief prayed for. The plaintiff is, or was, a party to the contract, and as they were both intended for the accomplishment of one purpose, so far as plaintiff is concerned, they should be construed together as one contract. The plaintiff, after having neglected and refused to perform any part of his agreement, after standing by for five months watching the other parties spending their money in search of this gold that no one knew existed, all the time declaring that he was 'out of it' and would have nothing to do with it, doing what he could to discourage the enterprise, now seeks in this equitable action to compel the defendants to share with him the profits of their industry and expenditure of moneys. This he cannot do in a court of equity. He who asks equity must do equity. He who seeks to enforce a contract must show that he has complied with the conditions and agreements of the contract on his part to be performed. (Civil Code, sec. 1439.) Plaintiff failed and refused to pay any part of the amounts he agreed to pay, and thereby, by the very terms of the contract, forfeited any right that he may ever have had in the property, and the statute of frauds has nothing to do with the case. Plaintiff could have no rights in equity and no right to be heard in a court of equity until he did the equitable thing by his associates and performed his part of the agreement. To give him an interest in this mine and the proceeds thereof now would be the grossest injustice to his co-contractors. A court of equity will not countenance such an injustice. On the most familiar principles of equity it is clear that the trial court sitting as a court of equity was fully warranted in denying the plaintiff all relief."—Cameron vs. Burnham and Others; Supreme Court of California.

The Appellate Court of Illinois in the case of Consolidated Coal Company vs. Jones & Adams has handed down an important decision as to the construction of coal contracts of which the following is the gist:

In this case, the suit was based on a contract made by Jones & Adams to furnish the Consolidated Coal Company for nine months, beginning July 1, 1902, a minimum of 125 tons of coal a day and a maximum of 200 tons a day, at 95c. per ton for lump and 85c. per ton for run-of-mine, f. o. b. at the mines. According to the evidence the amount furnished fell far short of the amount ordered, and coal sold much higher during the scarcity caused by the great anthracite strike of 1902. The appellant offered the contract as evidence, and also introduced evidence to show a breach of contract and the market prices of coal during the period the defaults in delivery were alleged to have occurred. The lower court construed the contract as an option contract and void as to all in excess of 125 tons. This holding is pronounced an error by the Appellate Court. In response to the insistence by appellee that its failure to deliver the coal according to contract was due to the lack of cars, and that it was the duty of appellant under the contract to furnish cars upon which to load the coal, the Appellate Court decides that the claim is not well founded. The contract is silent as to who is to furnish the cars.

The written opinion concludes with the statement: "We are of opinion that the evidence adduced by appellant establishes a prima facie case and that the trial court erred in directing a verdict for the defendant. It follows that the judgment predicated thereon must

THE LEGISLATIVE MANUAL. The Legislative Manual for 1905, or Blue Book for New Mexico, historical and official compendium of value to every business man and officer and of interest to every citizen, 304 pages. Price \$1.50. Address the New Mexican Printing Company, Santa Fe.

THE WABASH IN THE LEAD. Joint Agent Norton, who represented twenty St. Louis terminal lines during the World's Fair, has made a statement of the number of tickets passing through the validating office, which shows one-fifth of the total number handled were Wabash tickets.

"A POINTER." Good whisky brightens a sluggish brain; bad whisky will make a sluggish rod out of you. "Uncle Sam" joins us in assuring you only the purest at "THE CLUB."

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal \$4.00

Combination civil and criminal \$5.00

For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

NEW MEXICAN BARGAINS.

NOTICE TO THE STOCKHOLDERS OF THE SOUTHERN PACIFIC RAILROAD COMPANY—A special meeting of the stockholders of the Southern Pacific Railroad Company, will be held at the office of the company, in room 1210, in the Merchants' Exchange building, in the city and county of San Francisco, in the State of California, the same being a principal place of business of said corporation, and being the building where the board of directors of said corporation usually meet, on the 30th day of June, 1905, at the hour of 12 o'clock noon, to consider and act upon the propositions:

First, to increase the capital stock of said corporation to one hundred and sixty million dollars (\$160,000,000), and for that purpose to amend article VI of the articles of incorporation and consolidation of the company to read as follows:

"The amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), divided into one million six hundred thousand (1,600,000) shares of the par value of one hundred dollars (\$100), each, which said amount of capital stock does not exceed the amount actually required for the purposes of the said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the written estimate of said engineers, duly signed by them, and filed in the office and principal place of business aforesaid of said corporation."

And to amend paragraph third of article XII of the said articles to read as follows:

"The number of directors of said consolidated corporation shall be eleven (11) and the amount of the capital stock of said corporation shall be one hundred and sixty million dollars (\$160,000,000), which said amount of capital stock is the amount actually required for the purpose of said corporation, and is the amount actually required and ascertained to be necessary for constructing, completing, equipping, operating and maintaining its road, and is so estimated by competent engineers, as will appear by the aforesaid written estimate of said engineers, duly signed by them and on file as aforesaid. Said capital stock of said corporation shall be divided into one million six hundred thousand (1,600,000) shares, of the par value of one hundred dollars (\$100) each, of which said shares of said capital stock the following have been subscribed by and allotted to the stockholders of said constituent corporations, as hereinafter set forth, to wit:

"To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the State of California, and to its stockholders, one million and fourteen thousand two hundred and forty-one and sixty one-hundredths (1,014,241 60/100) shares."

"To the Southern Pacific Railroad Company, incorporated, organized and existing under the laws of the Territory of Arizona, and to its stockholders, one hundred and ninety-nine thousand nine hundred and fifty (199,950) shares."

"To the Southern Pacific Railroad Company of New Mexico, incorporated, organized and existing under the laws of the Territory of New Mexico, and to its stockholders, sixty-eight thousand eight hundred and eighty-eight (68,888) shares."

"The several stockholders of each of said constituent corporations shall have issued to them by the said consolidated corporation paid up shares of the capital stock of the consolidated corporation out of the shares thereof subscribed by and allotted to the stockholders of their respective constituent corporations to the like amount, dollar for dollar, at their par value with the par value of the shares held by such stockholders in their respective constituent corporations."

Thereafter, and secondly, to create a bonded indebtedness of said corporation to the amount in the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States (a portion of which is to be used in retiring existing bonded indebtedness), and to increase the bonded indebtedness of said corporation up to the amount of the aggregate of one hundred and sixty million dollars (\$160,000,000) in gold coin of the United States, and to secure the said proposed bonded indebtedness by a mortgage upon the railroads and railroad lines of said company and certain other properties belonging to the company, to be prescribed in the mortgage; and to determine the form and terms of said bonds and mortgage; and to authorize the board of directors to take all such action as they may deem necessary or expedient in the premises.

Dated the 30th day of April, 1905.
By order of the Board of Directors,
J. L. WILLCUTT,

Secretary of the Southern Pacific Railroad Company.

WM. F. HERRIN,
ISALAS W. HELLMAN,
N. T. SMITH,
JAMES K. WILSON,

J. M. HANFORD,
J. L. WILLCUTT,
Directors of Said Southern Pacific Railroad Company.

A BIG FUEL PRODUCER.

A Colorado Concern That Has Been Quietly Gobbling Up Coal Lands in Las Animas County.

Trinidad, June 3.—For nearly three years past there have been frequent incorporations of coal companies, with capital stocks ranging from \$10,000 to \$100,000, in which the name of Gustave C. Bartels has appeared as one of the incorporators. Associated with him was usually James H. Blood, Frank H. Bancroft, Thomas C. McKee and Orvall A. Smith.

The latest of Bartels' incorporations is the Agate Coal Company, with a capital stock of \$100,000, with all of the above gentlemen as directors. About six weeks ago the Globe Coal Company was incorporated by the same capitalists, and scattered through the past two years there have been several more, with capital stock aggregating several hundred thousand dollars.

In January Professor Regis Chauvenet, former president of the state school at Golden, has been making frequent trips here.

The professor is perhaps the most prominent coal expert in Colorado, and it was believed that his visits were to consolidate various small coal holdings and form them into one large company. The field of his visits was in the vicinity of Aguilar, where the Northern Coal and Coke Company has large holdings. Bartels and Blood are attorneys for the Northern Coal and Coke Company and nearly all the filings are in their names. It now develops that working through these attorneys the Northern Coal and Coke Company has been quietly acquiring, under various names, a further body of the finest coal lands in the county. This means that the Northern Coal and Coke Company has been planning to enter the list of big coal producers with a better field.

CYCLONE IN SUNFLOWER VALLEY

Residents Near New Mexico-Colorado Boundary Scared By Funnel Shaped Cloud.

Trinidad, June 3.—The residents of Sunflower Valley were frightened last evening by a cyclone of small proportions passing over a section of that country. The cyclone cloud was of the regulation kind, funnel shaped with a long tail dragging the ground. It passed north of the thickly populated farming district across a prairie where there was nothing in its path to demolish and no damage was done. The cyclone was followed by a heavy downpour of rain. The cloud was visible from Trinidad and caused alarm until telephone messages were sent in from some of the valley farmers stating that no damage was done.

BRIEF BITS OF NEW MEXICO NEWS.

The Santa Fe Railway will in a few days begin the erection of a new 80-foot turn table at Gallup. The one now in use is but 64 feet long and is too small to accommodate the large type of engines.

Gallup will, in all probability, have a second cold storage plant in the near future. Contractor A. W. Hayden, of Albuquerque has been there making arrangements for its construction. The American Brewing Company, of St. Louis, is thought to be the promoter of the project.

John F. Sackman, employed as a painter on the Santa Fe, and Miss Harriet Mary Hill, were married Thursday evening at the home of the bride's mother in Las Vegas. After the ceremony, a delicious wedding supper was served, followed by a reception. The couple will live at Raton.

The Santa Fe has had its water treating plant at Gallup in operation for several weeks. The water is softened by the addition of a small amount of lime. Other problems, besides the softening of water have presented themselves, however. The water foams, causing the cylinders to be fed with wet steam. This is hard on the cylinders, because the steam condenses to some extent and forms what is known as a water hammer. A small amount of water in the cylinder is sufficient to knock out the head.

Henry Sorce and Miss Anna Perry, of Holbrook, Arizona, went to Gallup on last Sunday and applied for a marriage license. The clerk refused to issue the license on Sunday. On Monday they applied again but it was discovered that the man was not of age. He was told that a license could not be issued to him without the consent of his parents, and this he had not secured. The couple finally went to Albuquerque, where the necessary license was procured and on Tuesday they were married. They are now at home to their friends in Holbrook.

MAXWELL GRANT

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Bady, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

The Maxwell Land Grant Co
RATON, NEW MEXICO.

OFFICIAL MATTERS.

Notaries Public Appointed.

The following notaries public have been appointed by Governor Otero: Edwin C. Compton, Raton, Colfax County; Max L. Kahler, Las Palomas, Sierra County.

Articles of Incorporation.

The following articles of incorporation have been filed in the office of J. W. Reynolds, secretary of the Territory:

Detroit and New Mexico Development and Mining Company. The incorporators are Samuel Garrison, John W. Hubbard, George G. Prentiss, Ronald W. McCredie, William C. Manchester, L. M. White and William Tait, all of Detroit, Michigan. The objects for which this company was incorporated are: To acquire the assets and certain liabilities of the New Mexico Development and Mining Company; to purchase, lease, bond, locate, or otherwise acquire, own, exchange, sell, or otherwise dispose of, pledge, mortgage, hypothecate, and deal in any and all kinds of personal property, mines, mining claims, oil lands, mineral lands, petroleum, oil, gas, asphaltum, water and water rights, and machinery; to work, mine, explore, operate,

and develop same; to do a general mercantile business; to own, handle, and control letters patent; to purchase, own, control and sell real estate. The capital stock of this company is \$1,000,000 divided into 1,000,000 shares at \$1 each. The principal place of business is Central, New Mexico, with M. E. David named as agent. The number of directors shall be seven, and those who will manage the business of the company for the first three months are, Samuel Garrison, John W. Hubbard, George G. Prentiss, Ronald W. McCredie, William C. Manchester, L. M. White and William Tait. The term of existence is 25 years.

Comanche Mining and Smelting Company. The incorporators are Solomon S. Curry, George A. Curry, Aubrey D. Garner, Christian P. Lee, Charles M. Humphrey, all of Ironwood, Michigan. The objects of this corporation are to mine or otherwise extract or remove coal, iron, copper, gold, silver, stone and other minerals, and to cut and remove timber from any lands owned, acquired, leased or occupied by the company; to acquire, own, lease, use and develop any lands containing any of the said materials; to manufacture iron, steel, coke, copper, gold, silver and other minerals, and all or any articles consisting of iron, steel, copper, gold, silver, wood

or other materials and all or any of the products thereof; to own or develop water power; to buy, sell, or otherwise deal in any of the before mentioned articles; to build, own, operate, lease or sell, railroads, tramways, or turnpikes leading from the principal place of business of the company; to do a general mercantile business. The capital stock is \$5,000,000, divided into 5,000,000 shares at \$1 each. The term of existence is 25 years, and the principal place of business in the Territory is at Silver City, with Charles Laughren named as agent. The number of directors shall be five and those who will be the directors of the company for the first three months are, Solomon S. Curry, George A. Curry, Aubrey D. Garner, Christian P. Lee, and Charles M. Humphrey.

Appropriation for Public Surveys in New Mexico.

Surveyor General M. O. Llewellyn has been informed by the commissioner of the general land office that the sum of \$20,000 has been apportioned for the purpose of making public surveys within the Territory of New Mexico during the fiscal year commencing July 1st, 1905. The appropriation for the present fiscal year which ends June 30, was also \$20,000 and every dollar of this appropriation has been already expended or will be on the contracts entered into for this year. Final surveys of several Spanish and Mexican land grants are yet to be made in the Territory, but as there is no appropriation for the purpose for the coming fiscal year, Surveyor General Llewellyn cannot order such surveys.

CHURCH WORK IN SANTA FE.

The Ladies' Aid Society of the First Presbyterian Church held an interesting meeting at the home of Mrs. C. F. Easley Friday afternoon.

The children of the Sunday Schools throughout the city are looking forward to Children's Day exercises. Training at the Presbyterian Church will begin tomorrow.

The Woman's Home Missionary Society of St. John's M. E. Church will meet on Tuesday afternoon, the 6th, at 3 o'clock at the home of Mrs. Carlisle.

Junior Endeavor topic for next Sunday afternoon is "The Fiery Serpents," Num. 21:4-19; John 3:14-15. It is consecration day and a large gathering should greet the leaders.

The regular monthly business meeting of the city Christian Endeavor Society will be held next Tuesday evening at 7:30 o'clock, at the home of Mrs. A. R. McCord.

The committee to arrange a children's day program for St. John's Sunday School consists of the following: Rev. J. L. Shively, Mrs. George M. Kinsell, Mrs. Roy C. Livers, C. C. Spencer and C. E. Linney. The exercises will be held at the church on the morning of the 18th of June.

Arrangements have been completed to hold a Plaza meeting on Sunday afternoon at 3 o'clock. Choir and chorus singing will awaken the echoes of the beautiful spot, and a brief but stirring address will be given. Let all turn out, bringing "Best Hymns No. 3" and join in the singing.

The Endeavor topic for Sunday evening is "The making of a good Christian. Helping one another," Eph. 4:1-6; Heb. 10:24-25. Miss Ada Harvey and J. A. Wood will lead the meeting. It is consecration night and all Endeavorers should be on hand. First Presbyterian Church at 6:45 p. m.

The Junior League will meet as usual next Sunday at 2:30 o'clock in the lecture room of the M. E. Church.

The Presbyterian and Methodist churches will unite in a grand Union meeting at 7:45 o'clock Sunday evening at St. John's M. E. Church. Rev. George F. Sevier will deliver the address and the choir which did such excellent work during the recent Sunday meetings will lead the singing.

In the morning at 11:00 a. m. Rev. J. L. Shively will preach at the Methodist Church on "Keeping Ourselves in the Love of God."

At the Presbyterian Church in the morning the pastor, Rev. George F. Sevier, will preach on "The New Song." In the evening the congregation will join with the Methodist Church in the union meeting.

PASTEURIZATION.

This is one of the main features observed in the manufacture of Meadow Gold Butter. None but the finest of milk and cream are allowed to enter the creamery. Each lot is scientifically tested for purity and cleanliness.

After this precaution, all cream is PASTEURIZED. This means that it is put through a mechanical apparatus that kills and destroys every particle of germ or bacterial life that may have existed in the cream. This end is accomplished by a series of applications of very high temperatures followed by very low ones. Therefore, just as boiled and sterilized water is pure, of equal purity is Meadow Gold Butter.

After this process, the cream goes through various treatments that finally brings forth a rich golden butter with a clean mellow and lasting flavor.

It is then packed by machinery in air tight, sealed and paraffined cartons which preserve and retain all its original flavor and purity.

FOR HEALTH.

The health boards of all our large cities endeavor to make it compulsory to pasteurize the milk supply of the children. It is just as important that their butter supply should be the best obtainable. Whatever you have done in the past, let it be your care that for the present and the future that you and your family have the SAFE butter and that is MEADOW GOLD. Per pound, only 30 cents.

You will pay almost as much for the uncertain kind.

FRESH MEATS.

Warm weather and flies are with us. How is your meat supply? We are cutting only meats killed in Denver in a government inspected plant and shipped to us by quick express several times per week. We have cut out shipments of Kansas City meat for the summer. Takes to long to get here by freight. Our market is thoroughly screened from flies and dust. That is an item of importance. We wrap every piece of meat that goes out carefully in absorbent paper which keeps out the dirt and fully protects the meat from any possible contamination. Sweet breads, brains, boiled ham, sausages, etc., always in stock if they can be had anywhere. Our prices will be found most reasonable for the quality of goods we give.

THE SHERWIN-WILLIAMS BUGGY PAINT

was originally made for re-painting and re-finishing old buggies, and combines all the toughness, durability, and strength of color necessary to withstand the hard wear a buggy gets. There's no other paint for the purpose as good and economical.

It's splendid wearing qualities make it also adaptable for painting porch and lawn furniture and all articles subject to outside exposure where a strong, gloss finish is wanted.
