ALBUQUERQUE, — APRIL 14, 1938

The most popular war tax would be an income tax.

The American Tract society issues publications in 153 languages.

The roar of cannon will be heard in the vicinity of Havana in a few days.

Mexico is in favor of Cuban independence, and will materially aid in driving Spain from the island.

SANFORD ROBINSON has been appointed postmaster at Stock Rock, Grant county, vice George H. Child, resigned.

The republicans won a complete victory in the house yesterday, and they will take charge of the war with Spain.

GEN. LEW WALLACE declares that war with Spain will be of much greater length and scope than people imagine.

GEN. LEE should be given command of the troops that capture Havana. He would make Blanco "walk Spanish" in short order.

SUCH is the destitution in Crete that the sailors on her British majesty's warship Anson are sewing warm petticoats for the needy.

WHILE the country has been right on the verge of war for the past week there has been nothing approaching a panic in financial circles.

THE reformers of the English church in 1649 struck out nearly 100 holidays, leaving only such as in their time were dear to the popular heart.

THE area of Spain—196,173 square miles—is not nearly as great as that of Texas; its population, 17,560,216, is less than three times that of New York.

THE powers of Europe appear to be actively at work striving to influence Spain to accede to the demands of the United States or to make concessions in that direction.

In case the president calls for 50,000 national guards to assist the regular army in the war with Spain, only about 200 of the guards of New Mexico will have a chance to go.

THE facilities for inland transportation are so limited in Brazil that the inhabitants of the ports find it cheaper to import grain from North America than from their own farms.

THIS evening a train load of regulars will pass through this city from Arizona to the Atlantic seaboard. They are gallant Indian fighters, and will be heard from in the war with Spain.

BECAUSE there is no money forthcoming for its support, the Confederate Soldiers' Home at Atlanta, Ga., is advertised for sale. The state has refused to receive it. The home was built largely through the efforts of the late Henry W. Grady.

THE Kansas City World says that the great majority of the people in the United States do not care whether it is an armistice, an armed intervention or a recognition of Cuba's independence. What they want is for America to whip Spain.

GREAT excitement prevails in the Hawaiian Islands about the threatened eruption of the great volcano Mauna Loa. The cooled lava has dropped down the mountain side 1,600 feet, and great volumes of smoke are issuing from the crater.

THE anti-cigarette crusade in the public schools cannot be pushed with too much vigor. If every teacher will impress upon the boys the absolute fact that cigarette smoking stunts the physical growth, and in a measure cloud the mentality, the youngsters may see a reason for quitting a pernicious thing aside from obeying somebody's order.

In the war of secession April figures prominently. On the 12th day of that month, in 1861, Fort Sumter was attacked by Gen. Beauregard, and the great conflict which John Bright, an enemy of war, called the only righteous war of the century, began. On April 15 President Lincoln called for 75,000 volunteers, which was an evidence that the government recognized the fact that a state of war was in progress.

WHILE all the world is disturbed by rumors of war in which this nation may be a participant, Great Britain, without needless ostentation, is carrying on warfare in the Sudan in the effort to preserve British supremacy and protect the government of the khedive. The British people have been conducting the campaign with customary aggressiveness and dash, and the result is that all conflict with the native forces the victory has rested with the British colors.

WAR REVENUE.
The republican members of the ways and means committee have agreed upon a plan of raising revenue in case of need, to carry on a war with Spain. The plan will raise more than \$100,000,000 additional revenue annually, and be thus distributed:

An additional tax on beer of \$1 per barrel, estimated to yield \$80,000,000; a bank stamp tax on the lines of the law of 1895, estimated to yield \$20,000,000; a duty of 5 cents per pound on coffee and 10 cents per pound on tea, and a like amount of internal tax on stocks of coffee and tea on hand in the United States, estimated to yield \$28,000,000; additional on tobacco, expected to yield \$15,000,000.

The committee also agreed to authorize the issuing of \$50,000,000 in bonds. These bonds are to be offered for sale at all postoffices in the United States in amounts of \$50 each, making a great popular loan to be absorbed by the people. To cover emergencies, the secretary of the treasury will be authorized to issue treasury certificates. These certificates or debentures are to be used to pay running expenses when the revenues do not meet the expenditures.

These preparations are distinctly war measures and will be put in operation only should war occur.

THE LEADING ASSOCIATED PRESS DISPATCHES from Washington printed in THE CITIZEN Tuesday afternoon were identical with those published by the Denver afternoon papers. Said afternoon papers did not reach Albuquerque until Wednesday afternoon, twenty-four hours after THE CITIZEN had spread the news throughout New Mexico and Arizona.

Now that everybody is scanning the newspapers for war news, the excellence of THE CITIZEN's telegraphic service is becoming better known. There really is no excuse for New Mexico and Arizona papers unless they want to read outside news exclusively. THE CITIZEN gives the news of the world twenty-four hours in advance of these papers.

Compare THE CITIZEN's Associated Press dispatches with those of the Denver afternoon papers.

WE ARE PRINTERS.

Every man or organization who gets poor printing lacks either money or good sense.

Either they can't pay for good printing, or they don't know the difference. Poor printing is in great demand because it is low priced—but it isn't cheap. Cheap means what you get, not what you pay.

If you want poor printing don't come to us, because we don't do it. But if you want cheap printing—better get our figures on it.

"We print it all."

We have just received a large invoice of the very best line and flat-cap papers, and a number of fonts of new-faced job and advertising type, so give us a call.

Everything we make, over and above the lowest prices for such work, is given to a well regulated force of printers and our merchants, to help keep up the prosperity of Albuquerque.

Also, remember, that all kinds of binding and blank book work executed with dispatch and neatness by a competent binder.

ALL towns having franchises to grant would do well to pattern after a little Missouri town which put its electric light franchise up to the highest bidder, and when the bids were examined it was found that the people had as cheap lights as those in any neighboring towns, and the town treasury will receive 104 percent of the gross income of the electric light company for the next fifty years.

THE Denver branch mint receipts for the first week in April aggregated \$344,920.54, which was a gain of \$108,888.11 over the corresponding period of 1937, when the week's receipts in gold were \$428,082.54.

THE Hebrews of Trinidad are showing their loyalty to the United States by organizing themselves into a company to go to war against Spain or any other country that dares to insult the United States.

JEROME, ARIZONA, now has a neat little daily newspaper, The News. It has the dispatches, and is one of the brightest papers in the west. Success to the News.

SPAIN shows no sign of backing down, and plainly states that Cuba will not be surrendered peacefully. Let the fight go on.

Fallen from the sky.
Every one in a while some adventurous aeronaut makes a balloon ascension, gets entangled with a cyclone and has a shower of descent. The building of aerial vehicles which are intended to travel through the "blue empyrean" comfortably and dangerously has long been the dream of some of the most brilliant and chemical people, but of really scientific minds. Experience, however, teaches us one fact, namely, that it needs no lofty flight to grasp the fact that Hottel's Stomach Bitters will relieve acidity and speedily, biliousness, whether chronic or temporary. No less efficacious is the medicine in cases of malaria (fever, nervousness, dyspepsia, rheumatism and sick headache or debility).

A Good Dictionary for Two Cents.
A dictionary containing the definitions of 10,000 of the most useful and important words in the English language is published by the Dr. Williams Medicine Company, Skeneateles, N. Y. While it contains some advertising, it is a complete dictionary, concise and convenient. In compiling this book care has been taken to omit none of the common words whose spelling or exact use occasions at times a momentary difficulty, even to well educated people. The main aim has been to give as much useful information as possible in a limited space. With this in view, where words, and verb and adverb are obviously connected in meaning, usually only one has been inserted. The volume will thus be found to contain the meaning of very many more words than it pretends to explain. To those who already have a dictionary, this book will commend itself because it is compact, convenient and convenient; to those who have no dictionary whatever, it will be invaluable. One may be secured by writing to the above concern, mentioning this paper, and enclosing a two-cent stamp.

WHEN TRAVELING.
Whether on pleasure trip or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver, and bowels, preventing fever, headache and other forms of sickness. For sale in 50-cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

THE SHIPLEY STATE.
A year ago last December, Colonel V. S. Shipley died in El Paso, leaving a large estate, mostly situated there, where he had for so many years made his home, says the Santa Fe New Mexican. His will was probated in this county after a bitter contest, and since that time litigation over it has been almost constant. The last case before the probate court was the claim of Marcus Brunswick, of Las Vegas, for \$5,000, the amount of the penalty named in an injunction bond given by Shipley in some litigation which he had in Colfax county in 1912. The claimant was represented by Hon. Frank Springer and A. A. Jones, of Las Vegas, and the estate by E. L. Bartlett and Geo. W. Knebel, guardian ad litem for the minor beneficiaries under the will. This case was strongly fought, and was heard on the 19th day of March last upon arguments, brief and testimony, since which time it was being considered by Hon. Teleforo Rivera, probate judge, who on Saturday rejected the claim. It is supposed that the claimant will appeal and the end of the litigation over Colonel Shipley's estate is not yet in sight.

HOUSEHOLD GODS.
The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, cough, colic and for all ailments of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money refunded. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for cold and cough, a free trial bottle at J. H. O'Reilly & Co.'s druggists.

INDIAN SCHOOL CHARGES.
The announcement has been made of the promotion of Prof. C. H. Lamar, who has been principal of the government Indian school at Santa Fe, to the superintendency of the Indian school at Pawnee, I. T. The promotion of Professor Lamar has resulted in numerous other changes and promotions in the Indian school service, the one most important being that of Miss Desette, who has had charge of the Zuni pueblo, which gave the Indian bureau so much trouble last year and created so much comment in the newspapers. Miss Desette has been transferred to Santa Fe to take the position of Miss Busby, who has received a promotion at the Santa Fe school.

NO TRUTH IN IT.
Work on the White Oaks Road will not be resumed until the summer.

RECENTLY it was reported in El Paso that construction work on the El Paso & Northwestern railroad would be suspended at once on account of the threatened war between this country and Spain. An El Paso Times reporter called on Manager J. A. Eddy at his office and Mr. Eddy said:

"There is positively no truth in the rumor. We are not thinking about stopping work on our road. Should there be war, work will be stopped on every road now being built in the United States, and I am patriotic enough to be willing to stop work on our road if this country will go to war. It is necessary to put an end to the bachelors in Cuba. But there is no war yet and we are not, as I said, thinking about stopping work on our road. And even should war be declared, construction work would not be stopped until the road reaches some terminal point. Instead of thinking about stopping work we have let a contract for twenty miles of road up in the mountains."

HORTICULTURAL SOCIETY.

Interesting Proceedings—Several Very Important Subjects Discussed.

THE NEWLY ELECTED OFFICERS.

Notwithstanding the rain the quarterly meeting of the New Mexico Horticultural society held Monday evening was the best and most important the society has ever held, the attendance being large and great interest being manifested, says the New Mexican.

The president, Hon. L. B. Prince, was in the chair, and in the absence of Secretary Curran, J. D. Sena acted as secretary.

A letter was read from Secretary Curran regretting his inability to appear.

The death of James Curry, county vice president, was formally announced and appropriate action taken expressive of the great loss thus sustained by the society.

The president reported that the first annual report had been printed and distributed to members and also sent to the press and to sister societies.

The treasurer made a favorable report of the financial situation.

The annual election of officers resulted as follows:

President, L. Bradford Prince; vice presidents at large, W. S. Harroun, T. J. Curran, Samuel Eldred; secretary, Jose D. Sena; treasurer, Solomon Spiegelberg; directors, H. S. Day, G. Rivenburg, S. G. Cartwright. The nine officials above named constitute the board of directors.

County vice-presidents: Colfax, Melvin W. Mills; Mora, R. G. Head; Union, Edward W. Fox; San Miguel, F. A. Manzanare; Guadalupe, Lorenzo Labadie; San Juan, William Locke; Rio Arriba, Thomas McQuiston; Taos, Antonio Joseph; Santa Fe, N. B. Langhins; Bernalillo, Harry W. Whiting; Valencia, John Becker; Socorro, A. D. Coon; Sierra, W. S. Harwell; Grant, W. Thompson; Dona Ana, F. C. Barker; Lincoln, Thos. C. Tillotson; Eddy, W. G. Hamilton; Chaves, Parker Kier.

H. L. Guilford, a member of the Royal Horticultural society of England, was elected an honorary member.

Mr. Boyle presented a partial report on the best packages for fruit, accompanied by a letter from F. C. Barker, of Las Cruces, and Burns & Biggs, of Chama. In this connection a letter from Hon. M. W. Mills, of Springfield, was also presented, and after remarks on the subject from members, the committee was continued.

The subject of spraying elicited a general discussion of much interest, which resulted in the appointment of a committee consisting of Dr. Harroun, Mr. Rivenburg and Mr. Weimer, to report as to the best methods at a meeting on Monday evening next.

The designation of the days for the annual exhibition of the postponed to the same time, to allow time for consultation with the Territorial Fair association at Albuquerque.

The subject of the establishment of canneries, evaporating works, etc., for the preservation of the fruit product was then introduced by an elaborate report from President Prince, and engaged the earnest interest of the meeting. After a very general discussion, a resolution was adopted recommending the immediate establishment of a cannery at Santa Fe.

A committee was appointed to co-operate with the board of trade and Women's board of trade in arranging for a public meeting on the subject to be held next Friday evening at the court house. The committee consists of Messrs. Day, Morrison, Sena, Pope, Weimer, Harroun, Hobart, Walker, James and Hogle.

The committee met immediately after the adjournment, and inaugurated arrangements for Friday evening's meeting.

The society will hold another meeting next Monday night.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys, and aids these organs in their work. It purifies the blood. Electric Bitters improves the appetite, aids digestion and is pronounced by those who have tried it as the very best blood purifier and tonic. Try it. Sold for 50 cents or \$1.00 per bottle at J. H. O'Reilly & Co.'s drug store.

The rumor that construction was to be stopped originated with a young man doing business on the line of the road up in New Mexico.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy, and sold it to his customers as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Whenever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by all druggists.

THE ELDORADO BRANCH.
Still rumored that the Santa Fe will build from Hesperus South.

Mr. Frank P. Morgan, general live stock agent of the Santa Fe at Wellington, prophesies that within two years the Santa Fe will build an extension from Albuquerque to some eastern point on the Pecos Valley extension, and will thus make a shorter route from Albuquerque to Kansas and that the through freight business will be sent over this extension to El Dorado and Bazaar to Kansas City. The Santa Fe's present connection with the Pecos Valley will be at Amarillo, the eastern terminus of the extension. Amarillo is on the Fort Worth & Denver a few miles west of Wabash, the western terminus of the Santa Fe's Panhandle branch. The Santa Fe has secured the right of way to run over the F. & W. D. tracks to that point.

The Pecos Valley country is principally a stock raising country, and the extension of the Pecos Valley road will open a new market in that region for Kansas grain.—Topeka Journal.

Catarrh Cannot Be Cured
with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Halls Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best known, combined with the best known, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & Co., Props. Toledo, O.

AN EASTER HOMICIDE.

In a Row in a Copper Canyon Saloon, Chas. Ryall is Slain by William Horn.

A correspondent of the Prescott Journal-Miner, writing from Camp Verde, Arizona, under date of April 11, says:

A killing took place here yesterday evening about 5 o'clock. William Horn killed Chas. Ryall. From the best information obtainable, it seems that Ryall went to Horn's place, a saloon on the Copper canyon road, about three miles west of Camp Verde, and he and Horn got drunk and had a fight. In the fight, Ryall was an easy best, and Horn says Ryall wanted a bottle of whisky to take to his home, and that he would not let him have it. He says that Ryall picked up a club and started after him, and he ran into the bar room and shut the door and that Ryall pushed the door open and was coming for him with a club, when he shot him.

Horn's face is pounded into a jelly. Both were drunk at the time, and Horn also seemed greatly excited. Horn came to the post and gave himself up, turning his pistol over to W. S. Head, who took charge of it, and let Horn go home. A crowd of citizens, with Dr. Ketcherside, went to Horn's place about 9 o'clock p. m. and examined the premises and obtained all the information possible, and brought Ryall's remains to Camp Verde. Chas. Ryall was a native of England, aged 44 years. He came here a soldier in the Sixth U. S. Cavalry. After leaving the army he married, and settled in Prescott, where he resided for several years, following the occupation of painter. Some eight or ten years ago he moved with his family to the Verde valley, where he has ever since resided. He leaves a wife, a most estimable lady, and six bright intelligent children, the oldest not over 12 years of age.

ROSENWALD BROS.

THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

Rosenwald Bros., the Railroad avenue dry goods merchants, are having a new awning put up in front of their store.

The billiard department of the Hotel Highland is now ready for those who like billiard and fifteen-ball pool playing.

J. M. Moore, the real estate and insurance agent in the Grant building, is having awnings put over the front windows of his office.

J. K. Brown has charge of the chorus singers in the Star minstrel, which will appear at the opera house on Wednesday night, April 27.

E. W. Franz, wife and children, who returned the other day from Santa Fe, have rented rooms at Miss Kelly's, 310 South Broadway, on the Highlands.

J. J. Lewman, the highlander who was brought in from the west the other day, is reported doing nicely at the hospital. He was injured on the road west of Williams.

The president of the directors of the Santa Fe railway company, A. F. Walker, passed through the city en route to Chicago from California last night, occupying his private car.

A special meeting of Adah Chapter No. 5, O. E. S., is called for Friday evening, April 18, at half past seven, in Masonic hall. By order of worthy matron. Nellie M. Butler, secretary.

THE CITIZEN again calls attention to the fact that a grand ball will be held on next Tuesday night, April 18. The ladies of Adah Chapter, No. 5, O. E. S., will have charge of the ball.

Santiago Gutierrez and Miss Crescencia Ruiz have engaged themselves for marriage, and the ceremony will be performed, so the young lady states, sometime in July. The prospective groom and bride both reside in this city.

If all reports are true, Capt. Stafford, of Company D, Fifteenth regiment, United States infantry, does not have a high opinion of the National guards in case of war with Spain. He is quoted as saying, looking down upon the massy form of our Capt. Rogers: "What could your men do against the Spaniards, who have been soldiers all their lives? The militia should be held in reserve until they are as good as regulars, and then sent to the front as fast as the occasion requires."

Company D, Fifteenth regiment of infantry came up from Fort Bayard in two special cars last night and went out to Holbrook, from which place they will go to Fort Apache, where they are to be located in the future. The Eleventh regiment of infantry and the Eleventh regi-

ment band, from Fort Apache, will pass through this city to-morrow morning on their way to Jefferson barracks, near St. Louis, to which point they have been transferred.

Mrs. Maria de los Nieves Sarrazino died at the residence of her grand-daughter, Mrs. Mattonn, 508 west Silver avenue yesterday afternoon. The deceased was 82 years of age, and had been suffering from an attack of the grip for some time prior to her death. The funeral services were held from the church of the Immaculate Conception at 8:30 o'clock this morning and was largely attended by mourning relatives and friends.

H. N. Parsons, traveling agent of the Santa Fe railway, came in from El Paso last night, and continued west to Holbrook, where he will meet the soldier train, which will arrive here sometime to-morrow morning. The Whipple barracks soldiers are now at Holbrook, waiting for the Fort Apache soldiers, and together they will move eastward. It is thought at the depot that these soldiers will reach this city to-morrow morning.

Miss Josefa Armijo, who has been seriously ill for several weeks, is reported considerably better to-day, and her father, J. B. Armijo, who returned from Chicago a few days ago, will take her to Silver City in the hope that the change will restore her daughter to health again. Mr. Armijo has resided in Chicago for the past six or seven years, but will hereafter make his home in New Mexico.

There will be a regular meeting of Cottonwood Grove No. 2, Woodman Circle at K. of P. hall this evening at 8 o'clock. All members are earnestly requested to attend. By order of the worthy guardian, Miss Mamie Shoup, clerk.

Jesus Romero, manager of the First Regiment band, called at this office this morning, and stated that the band boys, including himself, are ready to go to the front in case of war with Spain.

A car load of thoroughbred running and trotting horses arrived this morning from the north. The horses were sent over to the stables at the race course.

NOTICE TO THE PUBLIC.

We desire to inform the public that this firm was among the first to endorse the goods stored and is still willing to close the store at 8 p. m. excepting Saturdays and Sundays, if a general agreement can be reached. We earnestly recognize the right of employees to have time for recreation and self-improvement. The Womanan Golden Rule Dry Goods company. This statement is made to correct an erroneous impression that has been created in the minds of some of our customers. Respectfully, J. A. Weinman, Proprietor.
