ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, APRIL 6, 1898

NUMBER 143.

NO MESSAGE TILL MONDAY!

The President Moving Slowly in the Spanish War Question.

CONSUL GENERAL LEE TO LEAVE HAVANA.

Washington, April 6.—The president sent for Senators Lodge, Frye, Davis, and Representative Cannon, Dingley and Adams. On their return to the senate, Davis immediately moved and obtained an executive session.

At 1:45 p. m. the senate resumed open session. After the galleries were cleared Davis said the delay in sending the message was due to the fact that time was needed to get Consul General Lee and other Americans out of Havana. The president did not consider it wise or humane to send in a message which might endanger the lives of these people.

The latest statement is that there will be no message until Monday. Alarming rumors were set at this afternoon regarding the safety of Lee and other consular officers in Cuba, some even declaring that some of them had been attacked by mobs. Officials of the state department attach no importance to these rumors. Assistant secretary Day said it was probable that Lee would leave Havana this afternoon.

Mr. Davis stated that the president gave as reason for the request for delay was a telegram from Consul General Lee saying that if message should be sent in before Monday he would not be responsible for the lives of Americans in Cuba. At the White House a statement was authorized that the message would not go in to-day.

After conference with the members of the foreign affairs committee of both houses, the president decided not to send in the message until Monday next.

INSURGENTS ACTIVE.

They are said to be advancing on Havana in force.

Havana, via Key West, Fla., April 6.—News has been received from a reliable source that General Calixto Garcia, after desultory fighting with General Pando, in the province of Puerto Principe, has evaded Pando and with 5,000 men, has reached Moron-Juana Trocha.

It is believed by this time that Garcia has crossed the Trocha and has been joined by General Gomez and the combined forces are enroute for Havana.

TROOPS READY TO MOVE.

Chicago, April 6.—Specials from points in the west, where army posts are located, indicate that orders have been received from Washington to have everything in readiness for movement on short notice.

SPANISH RESPONSIBLE.

Spanish Officers Placed the Mine That Stew Up the Matter.

Washington, April 6.—The foreign affairs committee of the house had Admiral Irwin, an expert in explosives, before them this morning. He was asked whether it was possible that the mine which blew up the Maine could be located without the knowledge of the Spanish authorities. He replied in the negative.

REPUBLICAN CONFERENCE.

Washington, April 6.—The republican conference adjourned at 11:30 a. m., to meet again at 8 o'clock. The tone of the meeting was strongly against empowering the president to intervene at his discretion.

FOR WAR.

House Foreign Relations Committee Favor Intervening Spanish Out of Cuba.

Washington, April 6.—Four of the republican members of the foreign relations committee of the house, Henry of Indiana; Brewster, of Minnesota; Smith, of Michigan, and Cullig, of New York, announced this morning that they will not support the president's recommendation if he asks intervention at his discretion. Mr. Henry declares that he is in favor of resolutions authorizing the president to drive Spain from the island.

CONSUL LEE.

He is ordered to leave Havana at Earliest Moment.

New York, April 6.—A special to the Herald from Washington says: A dispatch of the highest significance was sent to Consul General Lee by the state department late Tuesday night. It contained orders for him to leave Havana at the earliest possible moment.

OUT OF THE MUD.

Key West, Fla., April 6.—Tugs succeeded in pulling the Cincinnati out of the mudbank.

REWARD FOR SERVICE.

Washington, April 6.—Secretary Long has recognized the valuable service rendered by Lieut. Commander Marx, judge advocate of the Maine court of inquiry,

SIGNS OF PEACE!

Spain Will Agree to Give Cuba Home Rule.

United States Buys Three Torpedo Boats in Italy.

Nothing Will Probably be Done to Prohibit War Until Next Week.

AMERICANS LEAVING HAVANA.

Madrid, April 6.—2 p. m.—It is confidently asserted that a proclamation by the queen regent announcing an immediate armistice to Cuba will be issued to-morrow. If necessary the ministry will be changed.

St. Louis, April 6.—General Manager Youkum, of the St. Louis & San Francisco railroad, announces that Benjamin L. Winchell, general passenger agent of the Union Pacific, Denver & Gulf road, has been appointed general passenger agent of the St. Louis & San Francisco to succeed George T. Nicholson, who will go to Santa Fe as general traffic manager. The change will take effect May 1.

No Conclusion.

Washington, April 6.—The senate committee on foreign relations took a recess at 12 o'clock without reaching any conclusion.

Frye and Lodge stand alone in thinking that a change should be made, eliminating independence from the Cuban resolution.

England Friendly.

London, April 6.—On the highest authority the Associated Press can announce that the British government has assured the United States of its cordial sympathy in its Cuban policy.

THE SITUATION.

Why the President Did Not Send a Message to Congress.

Washington, April 6.—At the request of the president, prominent democrats called at the White House this afternoon. He showed them Lee's cablegram. It said that Lee was loading 2,500 Americans and it would be impossible to get them out of the island before Sunday. He said that transmission of the message might cause trouble. The president said the safety of the Americans in Havana and especially Lee's personal safety, made delay imperative. The democrats expressed themselves as satisfied.

The president has received advice which make him hopeful that war may be averted, and the outcome on the Cuban situation secured that will be satisfactory to the president. The disposition manifested the last two days by the Spanish government gives ground for expectation that it will yield on the vital points.

PEACE IMPOSSIBLE.

Madrid, April 6.—The Spanish cabinet discussed the situation this morning. The prevalent opinion was that a peaceful solution was impossible.

NOT OFFICIAL.

Washington, April 6.—A high naval officer said this afternoon that he understood that Lee had left Havana this afternoon. His information was unofficial.

LEAVING HAVANA.

Havana, April 6.—The Mascotte arrived this morning and will be loaded on her return with passengers eager to get to the United States.

MEETING ABANDONED.

Washington, April 6.—The meeting of the house committee on foreign affairs to-night has been abandoned.

SUNDAY CIVIL BILL.

Washington, April 6.—The senate resumed consideration of the sundry civil bill.

SPANISH FLEET.

War Ships and Torpedo Boats Concentrated at Porto Rico.

New York, April 6.—A dispatch to the Herald from San Juan, Porto Rico, says: The Spanish cruisers Vizcaya and Almirante Oquendo, which sailed from Havana, Friday, have arrived here. It is understood that the Spanish torpedo flotilla will be here soon, and cruisers will come to protect it on its way to Cuba.

ARIZONA ARTICLES

KINGMAN.

Special Correspondence.

KINGMAN, Arizona, April 5.—This city is in holiday attire, and on its best behavior. This is not much exception to the everyday life of Kingman, but rather the rule for the people of this desert town and noted far and near for their mild and decorous manners. But the occasion for these few preliminary remarks is that district court convened yesterday, and besides the people already here and from the mining districts and fruit and agricultural sections adjacent, there are many visitors from abroad, and among these are some of the most prominent attorneys and politicians of the territory.

Chief Justice Webster Street, of Phoenix, is on the bench, and at the hour of 10 o'clock yesterday morning he proceeded to organize the court for this term. In addition to the legal talent of this city there are from abroad the following prominent attorneys: E. E. Ellsworth, Flagstaff; J. C. Herndon, E. M. Sanford, R. A. Stockton, court stenographer, Prescott; E. M. Doe, Flagstaff.

There are quite a number of knotty cases that are to receive their final action this term of court. Among these may be enumerated almost every phase and character of lawbreakers and evil doers, the most important, however, are two murder cases and one of cattle stealing; others are for debt, damages, slander, etc. The cases will be disposed of as rapidly as possible, and most, if not all, of the cases will be stricken from the dock at the end of the term, which will be something more than two weeks.

Court has drawn many of the sporting element to the city, and faro, craps and poker are in full blast. Something new in this line is a roulette table and merry-go-round, which is taking in considerable sums of money. This is the large gambling hall of Hubbs & Mulligan, and there is also in the house faro, craps and poker. Such of these games are covered with gold, silver and greenbacks to the amount of many thousands of dollars. Yesterday Mr. Hubbs went for the tiger, and in one hour and a half pulled out \$250. But at the same time Durfee, the watermaker, left \$600 in the hole, but before morning played even. The crap tables are not doing much at any of the houses, playing being very light and sparing. Poker games start in after dinner, and only stop when it is broad daylight, when the players, with heavy hearts or buoyant spirits, seek their couches for needed sleep and recuperation for next night's enjoyment.

Mr. Thompson's band, which has heretofore been the leading glee house in the city, has a big falling off, or at least, it did last night, and the center of business was at the first named establishment. Baxter's saloon, which is the finest east of Los Angeles or west of Kansas City, is running no games up to this time, but his beer trade is great. Price Thompson has faro, craps, stud poker, draw poker and other games. His house has the only music in the city, and the violin, piano and vocal accompaniment by Miss Irene Underwood is charming and fascinating.

Many more sporting people came in from the east on this evening's passenger train of the Santa Fe route, as well as others who came on coast business. There was a shooting scrape down the road yesterday wherein a Chinaman, Jung Lung Sing by name, came near losing his life, he being pretty badly shot up by Section Foreman Easley. The difficulty which led to this shocking affair was trivial in the extreme, it being over some remark made by the Mongolian in regard to the bill of fare, and shooting commenced, which was stopped before the man was killed. Under Sheriff Cook and Sheriff Harris took the first train for Yuma, where the shooting was done, and returned in the night with the shooter and an alleged accomplice. The examination is being made before Judge Redman as these lines are written.

There are a number of mining capitalists from abroad at the mines of Mohave county, and it is not improbable that at least two big sales will be made shortly. J. M.

PHOENIX.

According to Los Angeles papers Nick Clark, of Phoenix, was robbed in that ungodly town one day last week. Mr. Clark is the father of ex-Marshall Clark and was a partner of John Liebold and the late Eugene Campbell in the sale of a mine, for which each received about \$1,000. Clark left Phoenix for the coast a couple of weeks ago.

The first 4-cent cattle that have gone out of the territory within ten years were shipped to El Paso last Saturday. There was a carload of them, all steers of an average weight of about 1,100 pounds. They were bought of Hagan Bros. and are intended for immediate butchering. A year ago 3 cents would have been received for a fancy price. Cattlemen here now that stock of the same grade will bring 4 cents and perhaps more at any time within the next year.

The business of organizing an Arizona regiment of flying cavalry for operation in the war with Spain is going on. James H. McClintock, who has charge of the recruiting work at this point, has enrolled sixty volunteers. Mr. McClintock will hold the rank of captain.

Work was begun on the brick work of the new opera house Monday. The burning of a kiln of 250,000 bricks has been finished and the delivery of the brick was begun Saturday. The roof timbers have all been framed, so that it will not be long until the structure is up and enclosed.

Governor McCord, who returned from Flagstaff, was delighted with the reception tendered him here. Speaking of the half finished reform school building there, the governor said the people are very anxious that the building should be completed. They do not favor the project of converting it into a branch lunatic asylum, but prefer that it be used for educational purposes, for a normal school, for instance. The branch asylum does not strike anybody as a good business move, for it would cost about \$150,000 a year more for the care of the insane than it does now. The present facilities are ample. At least 200 patients could be cared for and there are only 120 there now.

James Holliday, of Utah, a nephew of Ben. Holliday, the famous head of the great overland stage route, is in town buying burros for the Klondike. The prices of burros range from \$5.00 to \$8.00, something less than the present intrinsic value of the animal. But they are gathered up with great difficulty.

THE UNITED MODERNS.

The United Moderns, a new beneficial organization, was instituted with a charter membership of 100, though not all the charter members were initiated. The list includes many of the leading men and women of the city. E. M. Elliott, vice supreme chancellor of the United Moderns, has been in the city for the last two weeks presenting the advantages of the organization.

Miss Myra Leona Holmes and Mr. George Leal Grosvenor were married at Trinity Episcopal church by Rev. Fenick. Mr. Grosvenor is the junior member of the firm of Millard & Grosvenor, architects.

Two cars of cattle were shipped to the Crescent Coal company at Gallup, N. M., Saturday.

Barley has advanced to \$1.35 per hundred in Phoenix.

Alfalfa hay has advanced to \$8 per ton in Phoenix.

More about Mines.
Stories of big "finds" of gold reach us, not only from the Klondike, but from many parts of the country not hitherto suspected of being veined by the precious metal. A tremendous impetus to mining industry and the development by syndicates of capitalists of natural wealth in many new directions has resulted. The experts are not laughing at the Klondike, one of the most obstinate and agonizing of complaints. As a means of relieving, and preventing this malady, Hostetter's Stomach Bitter is unequalled. The action of this fine medicine is also speedily felt in cases of indigestion, dyspepsia and kidney and bladder complaints. Lumbago and other infirmities incident to advancing years are also counteracted by it.

A Business Chance.

I have to-day sold the grocery business heretofore carried on in my name to J. L. Bell & Co., and recommend the new firm to the customers who have so liberally patronized me in the past. I thank the public for the patronage which I have received. Those wishing to settle outstanding accounts may find me at the old stand, now occupied by the new firm.

Americans are the most inventive people on earth. To them have been issued nearly 40,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve suffering and pain. J. W. Vanzou, of Oakland, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by all druggists.

NEW MEXICO NEWS

SANTA FE.

From the New Mexican.

The usual distressing stories about the total destruction of the fruit buds at Santa Fe are now about ready to pick. Henry Reising, of Parsons, Kan., has been appointed blacksmith at the government Indian school here at a salary of \$480 per year.

A. B. Benches, Esq., has been admitted to practice before the different branches of the department of the interior as an attorney and agent.

The film of snow that fell Monday night, followed by a golden flood of sunshine during the day, served the pleasing purpose of laying the dust and rendering almost perfect the day before election.

Barley has advanced to \$1.35 per hundred in Phoenix.

Alfalfa hay has advanced to \$8 per ton in Phoenix.

More about Mines.
Stories of big "finds" of gold reach us, not only from the Klondike, but from many parts of the country not hitherto suspected of being veined by the precious metal. A tremendous impetus to mining industry and the development by syndicates of capitalists of natural wealth in many new directions has resulted. The experts are not laughing at the Klondike, one of the most obstinate and agonizing of complaints. As a means of relieving, and preventing this malady, Hostetter's Stomach Bitter is unequalled. The action of this fine medicine is also speedily felt in cases of indigestion, dyspepsia and kidney and bladder complaints. Lumbago and other infirmities incident to advancing years are also counteracted by it.

A Business Chance.
I have to-day sold the grocery business heretofore carried on in my name to J. L. Bell & Co., and recommend the new firm to the customers who have so liberally patronized me in the past. I thank the public for the patronage which I have received. Those wishing to settle outstanding accounts may find me at the old stand, now occupied by the new firm.

R. B. THOMAS ARRESTED.

Charged with Obtaining Goods Under False Pretenses—Matter Settled.

Sheriff Bureau of Socorro, and J. M. Allen, the hotel man of Magdalena, came up last night to get R. B. Thomas, who had been arrested by officers in this city on the strength of a telegram stating that there was a warrant out for him on the charge of obtaining goods under false pretenses.

Thomas is the representative of a Pennsylvania mining company that owns some mining property near Magdalena. He spent considerable time there looking after these interests and stopped at Allen's hotel until his bill amounted to \$102. Thomas then wanted to leave but he had no cash with which to settle. Allen objected to his departure and Thomas arranged matters by promising to give Allen a draft at Socorro. When the cashier was writing a telegram to be sent to the bank in Pennsylvania, Thomas excused himself, went out and never came back. He boarded a freight train that was passing and went down to San Marcel and from there to El Paso.

When Allen found that his draft had flown he began pursuit, but failed to find him either in San Marcel or El Paso.

In the meantime the officers here were notified to watch out for Thomas. He came up from the south Monday afternoon and was found shortly afterward by the officers, who placed him under arrest and telegraphed the fact to Magdalena.

Thomas went to see E. V. Chavez, who had been the attorney for his company, and the latter stood good for the amount, so Thomas was not locked up.

Thomas was turned over to Sheriff Bureau last night and the matter was fixed up to the satisfaction of all concerned. Mr. Chavez going good for the amount due Mr. Allen until Thomas is reimbursed from the company in the east.

ATTEMPTED ROBBERY.
John Smith Seized by Three Ruffians and Searched.

John Smith, who works for W. L. Trimble & Co. at El Paso, came down Monday night and rented a room at Mrs. Parenti's place on First street. Early this morning, as he was returning to his room, he was seized by three men in the hallway who demanded that he turn over his money. Smith succeeded in breaking away, but was recaptured, when he was searched and subjected to harsh treatment by the would-be robbers. When they found he had no money they turned him loose.

He hunted up Officer Lane and gave him a description of the three ruffians, whom he had seen around the day before.

At nine o'clock this morning three men answering quite closely to the description, were arrested. One of them, who has only one arm, is undoubtedly one of the parties described by Smith.

At the time of going to press, however, Smith had not shown up to identify the men under arrest.

When the one-armed man was told of the charge against him and questioned as to his whereabouts and doings on the previous night he suddenly informed the marshal that he "didn't want to talk to him at all" and added, by way of comment, "Do you take me for a Chinaman?"

Should Smith identify them as the right parties it will probably go hard with them.

Words!

In advertising, like everywhere else, create a certain impression.

Actions!

Either verify and strengthen them or grind them to dust.

Our Intentions!

Like those of all other merchants, are to create the best possible impression with our words—our advertisements. Our highest aim is, has always been and will always be, to make the impression we have created a lasting and a growing one—by our actions, our prices and our goods, and by always having the combination of right prices and right qualities. If we say we are giving better values now in all lines, than have ever been offered before in the city, it may impress some that we are selling pretty cheap. This is an impression we can lighten for you, by showing you our goods and quoting again our prices. It may impress some (those who have never traded with us) that this is merely "talk," an impression which we can destroy in a minute, if you give us a chance to show you what we are doing. Here are a few items which must be seen to be appreciated:

Ladies' Wrappers!

Indigo Blue Print Wrappers. 65c
Percale Wrappers, in light, dark and medium colors, trimmed with braid, each \$2.00, \$1.40, \$1.25 and \$1.00

THE CITY IN BRIEF.
Personal and General Paragraphs Picked Up Here and There.

The dancing class of Mrs. Walton will be held Saturday morning at 9 o'clock at the home of the Children's Home board will meet at the home to-morrow afternoon.

The public library is in receipt of a large map of Cuba, which was sent by Delegate B. B. Ferguson.

The bridge across the Rio Grande south of this city is in a dangerous condition, and needs repairing by the proper authorities.

D. S. Patterson and wife, of Cristine, Ohio, who have been visiting in California, are here on a visit to their nephew, A. B. McMillen and family.

Paul Yriarte, who was at Sinking Springs ranch arranging for the lambing of the Yriarte sheep, returned from the range yesterday. He will send out a force of men to-morrow, and expects to begin lambing on next Monday.

Jose Chavez, the claim adjuster for the Santa Fe railway down this way, was here yesterday and left this morning for the cattle fire wreck at Alameda, where he goes to look over the wreck and report the losses to the railway company. This fire wreck was chronicled in THE CITIZEN yesterday afternoon.

Word reached this city yesterday, in a letter from Chilli, that a son of the late Guadalupe Otero, who died a few days ago at Tajique, had been shot and wounded a man near Los Lunas, and was now in jail in Valencia county.

The shooter is said to be only 15 years of age, and a drunkard. The case was the cause of the shooting. No further particulars received.

A. A. Grant, president of the Low Line Ditch company; M. W. Flournoy, O. N. Marron, M. S. Otero, M. P. Stamba, directors and Engineer Harroon, left this morning in Oakey Clifford's "Ruth," behind four horses, for Algodones, and from the latter place they will follow the ditch survey line to Bernalillo. Here they will take the south-bound passenger train this evening and return to the city, Mr. Clifford driving back to the city along the valley road. It is understood that Engineer Harroon is about ready to submit his estimates, after which, it is reported, work on the ditch will be commenced.

It is the height of ignorance for any one familiar with newspaper work and the rush in getting out an interesting paper every day, to refer to bad proof reading as "bad grammar," such as the alleged grammar on the Democratic does, and still this great error, to be particularly correct, refers to Joseph Price and wife as "Colonel and Mrs. Rice of Socorro," and there are other equally as bad breaks in the same issue. However, they occur in every newspaper.

E. A. Dow wrote to THE CITIZEN from Chilli and states that the Catholic Total Abstinence Union of New Mexico held their thirtieth annual meeting at Tajique, and that Mrs. E. J. Harwood and Mrs. Mary J. Borden, of this city, attended upon invitation. These two eloquent addresses on the subject of temperance at Tajique, Torreon and Chilli. The ladies have returned to their homes in this city.

J. T. McLaughlin, of San Pedro, the well-known miner, is in the city, arriving from the north last night. Mr. McLaughlin is the popular chairman of the board of commissioners of Santa Fe county. He is here on business, expecting to return north this evening.

J. J. Leeson, the New Mexico commissioner of the Omaha exposition, came in from the south last night and put up at the European. He visited the mines of Sierra county and arranged for a grand mineral display from this county at the exposition.

The comedy "The Three Silk Hats" was rendered by the Edna Paige company at the opera house last night to a good crowd, and everybody present seemed well pleased.

M. D. Douglas, of Belen, came in from the south and is stopping at the Sturges European.
Hon. Pedro Perea, who was here yesterday, returned to his home at Bernalillo last night.
R. L. Parker, of Needles, came in from the west last night, and has his room at Sturges' European.
J. M. Allen, of Magdalena, came in from the south last night and is stopping at Sturges' European.
C. H. Plumb, of Joplin, Mo., came in from the north last night, and has his name on the Hotel Highland register.
Hilario Sandoval, of Cabezon; Alejandro Sandoval, of Los Corrales, and Policarpo Armijo, of Arisco, are in the city to-day.
James and Hereford Fitch, who have been spending their spring vacation at their home in Magdalena, have returned to take up their studies at the university.
Rev. A. C. Welch, pastor of the Lead Avenue Methodist church, is entertaining the Ministers' association of Albuquerque at his residence this afternoon.
C. L. West, J. A. Wagh and Eugene Wagh, of the Dry Ore Concentrating company, passed through the city last night for Hillsboro on their return from the east. They are interested in some mining properties at the latter place, which they expect to be developing within a short time.
Mrs. H. Skelton, of Hackberry, Arizona, registered at the European last night, arriving from the west with her son, Jesse Lunen, who was hurt while compelling cars at Bagdad on Monday morning. Lunen is a brakeman on the Santa Fe Pacific. He is at the local hospital and is pretty badly injured about the hips.
Ed. Dillon, a merchant of Whitman, Graham county, Arizona, is in the city, coming up from the south last night, and was around to-day with C. F. Wagh, the general manager of the local grocery house of Gross, Blackwell & Co. Mr. Dillon is well pleased with Albuquerque, and says it is the best town he has visited for some time.
