THE MESSAGE NOW READY!

Recommends Intervention in Cuba
to Prevent Further Bloodshed.

TO BE SUBMITTED TO CONGRESS TO-MORROW.

Washington, April 5.—The president has practically completed his message. Its completion, in advance of the expectations of many public men, led to the belief among some, when passed upon by the cabinet to-day it might immediately be sent to congress. It was positively announced, however, at the white house that it would not be submitted until Wednesday. The message of the president will not make any recommendation looking to immediate recognition of Cuban independence, because, as he views it, the insurgents have not established a government of their own.

In case this government should take possession of the island and the insurgents should see fit to inflict capital punishment upon the members of the present autonomist government or other persons, this government having recognized their independence, would be powerless to prevent any action the Cuban government might see fit to take. The better and safer way, it is argued, would be for the United States to take control of the island if necessary to prevent further bloodshed and administer its affairs, or at least supervise its administration in the interest of justice and humanity until Spain and Cuba themselves, if possible, have settled the whole question. What further action shall be taken will be dictated by the facts and conditions as they present themselves.

SPANISH TORPEDO FLOTILLA.

At St. Vincent's, Cape Verde Islands, Under Command of Villamil.

New York, April 5.—A dispatch to the world from St. Vincent's, Cape Verde Islands, says: "The Spanish torpedo flotilla, under the command of Comodoro Villamil, is still here."

THE POPE'S PLANS.

Spanish Minister of Foreign Affairs Expects a Note From the Vatican.
Madrid, April 5.—The minister of foreign affairs, Senor Gullon, in an interview, said the Spanish government is expecting the speedy arrival of a note from the Vatican in which the pope would indicate the plan he proposes to terminate the present situation.

VESSELS DISPATCHED.

To Remove Gen. Lee and Other Americans From Havana.
Washington, April 5.—Members of the house have been informed that vessels have been dispatched to Havana to take off Gen. Lee and other consular officers as well as all Americans who desire to leave the island.

THE POPE'S TERMS.

Can Be Accepted by Spain and Supported by Minister Woodford.
Rome, April 5.—It is authoritatively said the pope's proposed terms are such as can be accepted by Spain and supported by the United States minister, General Stewart L. Woodford, in forwarding them to Spain, when she asked for the good offices of the powers, also asked the pope's good offices. The intervention of the pontiff has thus far been confined to efforts to bring about an armistice between Spain and the insurgents.

MEDIATION OF POWERS.

Receives Rebuff from Great Britain's Request to Participate.
London, April 5.—The movement of the powers of Europe for a joint offer of mediation between the United States and Spain received a severe and probably fatal rebuff in the form of a definite refusal upon the part of Great Britain to participate in it.

DISPATCH FROM LEE.

Not Able to Get Americans out of Cuba.
Washington, April 5.—The state department received a dispatch from Consul General Lee saying that in case of war declared he would not be able to get American citizens out of Cuba before Sunday.

More Ships Purchased.

Washington, April 5.—The navy department to-day concluded the purchase of ten ships contracted for yesterday. They are the Morgan steamers El Rio, El Norte, El Sol and El Sid.

HANKERS WANT PEACE.

Congress Receiving Scores of Telegrams From Them.
Washington, April 5.—Members of congress are receiving scores of telegrams from bankers and corporations appealing to them to sustain the "wise peace policy" of the president. Many telegrams are couched in practically the same language, showing they were inspired from the

was valuable time lost. Other members, while as anxious as the president to get our consuls out of Cuba safely. This necessity was urged upon the committee strenuously to-day. Senator Davis long quite positive assurance that the way would be entirely clear for the message to-morrow. Fry also had a conference with the president and showed a disposition to allow the time absolutely necessary to take care of the consuls.

IN VIEW OF ALL CIRCUMSTANCES, THE COMMITTEE LOST LITTLE TIME IN REACHING THE CONCLUSION TO DELAY ITS ACTION UNTIL THE MESSAGE IS RECEIVED TO-MORROW.

CAPTAIN SIBGEE TESTIFIES.

Before Committee on Foreign Affairs—Subcommittee Mine Cases Explodes.
Washington, April 5.—The house committee on foreign affairs met this morning. Captain Sibgee, Admiral Irwin and several experts in explosives had been summoned to give testimony regarding the blowing up of the Maine representative Quigg, of New York, said Spain would be held responsible for the blowing up of the Maine. It is in favor of reporting a resolution instructing the president to drive Spain from the western hemisphere.

Captain Sibgee, in the examination by the house committee on foreign affairs, stated the opinion that his vessel was blown up by a submarine mine located by the Spanish authorities. As to whether it was fired by Spanish authorities or not he declined to express an opinion. He told the committee that the buoy to which the Maine was anchored was the most frequented buoy in the harbor. The committee is to meet again to-night to prepare the text of the resolution to be submitted to the house. Members of the committee believe war inevitable unless Spain makes a square back down. The declaration may not be made just yet because it will require several days to get the Americans off the island.

THE POPE OFFER DECLINED.

On Account of Prejudice Against Vatican's Interference in Political Affairs.

London, April 5.—Dispatch from Rome says a telegram received at the Vatican from the United States announced the failure of the pope's intervention. It says it is impossible for McKinley to overcome the prejudice, even though it may be unjust, entertained by a majority of American people against the Vatican's intervention in political affairs.

Deadlock in Madrid.

Madrid, April 5, 11:30 a. m.—It is apparent that further negotiations are progressing. The absolute deadlock which seemed to have been reached yesterday evening has for a moment been removed, though no armistice has yet been proclaimed.

THE FAMILY OF THE SECOND SECRETARY OF THE UNITED STATES LEGATION, J. H. McARTHUR, STAYS FOR THE NIGHT.

Mrs. Woodford holds her usual reception.

ANDREW HEARD FROM.

Jack Carr Brings Advice From the Swedish Diplomat.

Victoria, B. C., April 5.—Jack Carr, a former United States mail carrier, has arrived at Victoria by mail from St. Michael's, via Dawson, with advice from Andrew, the balloonist.

Reviewing the Message.

Washington, April 5.—Cabinet is in session carefully reviewing forthcoming message.

DITTY POLITICS.

Lying Circulars Issued by Desperate Democratic Ignorant Politicians.

The "over-worked" and "desperate" democrats, representing the candidates of corporations, have issued a circular entitled "Railroad Men, Attention!" and the polling places of the four wards have been deluged with these circulars. There is not a word of truth in the circular, from top to bottom, and will not influence one vote away from Clancy for mayor. It was Judge Collier who ordered Chase, the engineer, thrown into the county jail, and the judge is a democrat—a kind of corporation, and a partner of O. N. Martin, who, it is claimed, is the author of said malicious and untruthful circular.

EVERYBODY ELECTED.

That is, the Whole Republican Ticket of the City.

In the First ward, where Alderman H. A. Montfort and School Trustee John James are up for re-election, his big fight is in progress, the corporations, so it is stated on democratic authority, intending to elect their employees to vote for the democratic candidates or submit to a tie-chance. In the face of these threats, a large number of the voters who are not republicans, being led around by their passions have revolted, and Montfort and James are running as smoothly as two of the best thoroughbred horses known. At 3:30 o'clock 156 votes had been cast, and the ward will swing into line with a big vote in favor of the republican candidates.

In the second ward, just opposite the Citizens office, the democratic candidates, when the votes are counted, will be found submerged in the whirlpool of solid republican majorities, and it will really be a shame to swamp Kieks and Lembo, for both are very good fellows. Thorne and Fox are thought to be galloping in with majorities. At 3:30 p. m. 177 votes had been cast.

A lively fight with the ballots is going on in the Third ward. Martin Tierney is up for re-election to the school board, and is being opposed by H. E. Rogers, who has been opposed with the help of his many friends, to leave Martin at home by at least sixty votes. H. E. Rogers is dabbling away in a canter, from his last opponent, L. F. Delaney. At 3:30 o'clock 142 votes had been cast.

Over in the Fourth ward, Burkhardt is trying awful hard to keep his head above water in his unequal race for alderman against popular Jack Leebe, while Dr. Pearce is finding the path a very thorny one in his fight for school trustee against R. W. Hopkins. The conservative democrats concede the Fourth to both Leebe and Burkhardt by many votes.

With these deductions, it is safe to say that the republican candidates for aldermen and school trustees of the four wards will have big majorities, while it is dollars to doughnuts that Bruggist O'Reilly will have to make a pill for each day in the year—365—E. equal Clancy's majority for the office of mayor.

The race for city clerk and city treasurer, from all indications, is a pretty close one, but Pearson and Lee will both be elected by handsome majorities. The First Regiment band is furnishing inspiring and patriotic music for the voters.

The saloons, in accordance with law, are closed, and will remain so until 6 o'clock.

The delivery wagon horse of Tony Michelbach, the old town butcher, got frightened at a "reviving" dynamite standing on the corner of Gold avenue and First street at 10:30 o'clock this morning, and started to run away. Tony held on to the reins and, although dragged for a few yards, he brought the animal to a standstill.

THE FATAL FLOOD!

Further Particulars About the Shawneetown Disaster.

Vessels Frozen in by Ice, and Great Suffering.

The Wife and Two Daughters of a Sheriff are Flood Victims.

THE MARKET REPORTS.

Ridgway, Ills., April 5.—The gap is over a hundred feet wide to-day in the levee at Shawneetown, and gradually widening. The water is ten to fifteen feet deep all over the town. With the continual cold rains, suffering and sorrow are little abated. It is known that between forty five and fifty people lost their lives. No bodies have been recovered. The known dead are: Col. Calcott, Wash Calcott and wife, Mrs. R. C. Galloway and two daughters, Mrs. Holly, Mrs. Greer, Mrs. Ed. Flack, Charles Clayton and family of six, Anna Rindhold, C. Rindhold, Paul Phalen and family of three, Mrs. McLaugh, Zachary Mair, Mrs. Webb and three children, a family of seven unknown, Eliza McAllister, Mary McAllister. Only the last two names are colored. Every store in town is full of water. Provisions can be had only as sent from surrounding towns. Relief committees are doing all in their power to provide for the wants of the stricken people. It is thought, by conservative people, the loss of life will reach a hundred, and property loss over \$500,000.

THE FROZEN IN FLEET.

Men Suffering Under Unpleasant Conditions—The Red-Naileds.

Napaimo, B. C., April 5.—George F. Tilton, third officer of the steam whaler Beivider, who has just reached the outside world from the vessels impounded in the ice, says the steam tender Janie, steam whalers Orea and Beivider, schooner Rosario and a bark are near Point Barrow. He says the men on the frozen-in vessels are suffering untold privations on account of the scarcity of provisions. Tilton came south by the way of the Mackenzie and Yukon rivers, and was five months and twenty-two days making the trip of 300 miles to the Pacific coast, during which he suffered most excruciating agony from the intense cold. On the way out, Tilton met Lieutenant Jarvis and the overland relief expedition. He directed them to the fleet. He says as soon as the ice breaks the vessels will be ground into match-wood.

THE SHERIFF'S FAMILY.

Wife and Two Daughters Among the Flood Victims.

Cypress Junction, Ill., April 5.—Rescuers at Shawneetown are having difficulty in persuading the people to leave their flooded homes. The second floors of a majority of the houses are occupied and tenants declare they will protect their belongings. In extreme cases, rescuers use force in taking them out and placing them where they can be cared for. Sheriff Galloway, who lost his wife and two daughters, is frantic from grief. He was at home when the alarm was given. He immediately took two horses, leading them to the foot of a hill a mile away, where he tied them to a tree. He then ran back home, only to find it had been demolished and his family perished.

KANSAS CITY MARKET.

Kansas City, April 5.—Cattle—Receipts, 5,000. Market strong.

TEXAS STEERS, \$3.30-4.00; TEXAS COWS, \$2.90-3.75; NAIVE STEERS, \$3.25-3.15; NAIVE COWS AND HEIFERS, \$2.40-3.15; STOCKERS AND FEEDERS, \$3.15-3.50; BULLS, \$2.75-3.30.

SHEEP—Receipts, 2,000; market strong. LUMBS, \$4.65-5.65; MUTTONS, \$3.50-4.50.

CHICAGO STOCK MARKET.

Chicago, April 5.—Cattle—Receipts, 3,000; market slow but steady.

BEEVES \$3.90-5.40; COWS AND HEIFERS, \$2.25-4.50; TEXAS STEERS, \$3.60-4.50; STOCKER AND FEEDERS, \$3.75-4.70.

SHEEP—Receipts, 15,000; market quiet and steady. NATIVES, \$3.00-4.50; WESTERNS, \$3.90-4.75; LAMBS, \$4.60-5.50.

CHICAGO GRAIN MARKET.

Chicago, April 4.—Wheat—May, \$1.06 3/4; July, \$1.04 3/4. CORN—April, \$0.45 1/2; July, \$0.39 3/4. OATS—April, \$0.35 1/2; July, \$0.33 1/2.

THE CABINET MEETING.

Washington, April 5.—The cabinet meeting to-day was not unusual in duration, but extreme difficulty was encountered in obtaining the details concerning it. A cabinet officer, however, authorized this much: The situation on the Spanish affair remains unchanged. The

president's message is practically completed, and is now being copied. The present purpose is to send it to congress to-morrow. The message and the general condition of affairs were discussed, of course, quite fully but no changes had appeared which required any elaborate discussion of new measures.

GUARDED BY POLICE.

London, April 5.—A dispatch from Barcelona says the United States consul there is guarded by police, and the United States consul and vice consul at Carthagena are both said to have resigned.

CLARA BARTON'S WORKS.

Tampa, Fla., April 5.—Miss Clara Barton left for Havana last night. "It was declared," she said, "I presume I will have more to do than ever taking care of so many in trouble and destitute."

SUGGESTED BY FRANK.

London, April 5.—France, not Austria, was the prime mover in the suggested mediation in which Great Britain declined to join.

FRANK CLELAND TAKEN UP.

Washington, April 5.—By an arrangement made last week, the private calendar was taken up in the house to-day.

CLOSED TO-DAY.

Chicago, April 5.—On account of the local election, the board of trade and stock exchange closed all day.

MONEY MARKET.

New York, April 5.—Money on call nominally 3 per cent. Prime mercantile paper 6 1/2.

COPPER.

New York, April 5.—Copper, 11 1/2.

SOCORRO GOES REPUBLICAN.

Every Word Carried by Large Majority—Martin Elected Mayor.

SOCORRO, April 4.—The republicans have carried every ward in the city by a large majority. W. R. Martin is elected mayor; Frank Aker, treasurer; Abraham Aker, clerk.

ARCHBISHOP IRELAND CALLED.

Washington, April 5.—Archbishop Ireland came to the state department at 12:30 o'clock. He was shown at once to Assistant Secretary Day's room. To reporters, who asked him questions, Archbishop Ireland said he came simply to pay his respects. Assistant Secretary Day said at noon there had been no indication of intervention of other powers.

DISTRICT COURT NEWS.

Archibago and Cervada on Trial for Spraying Miera's Mill.

The case of the territory vs. Tomas Archibago and Alberto Cervada, for arson, is still on trial in the district court. The prosecution submitted all of its testimony this forenoon and the defense is now examining its witnesses.

E. A. Miera, the proprietor of the burned mill, testified yesterday afternoon in regard to a conversation which he had with the two defendants after the burning. They confessed their connection with the crime and each charged the blame of the other with having induced them to commit the crime. Mr. Miera also testified in regard to trading the tracks of horses to and from the houses of the defendants and the mill.

Theodore Francis testified that he was sleeping at the mill on the night of July 20, 1897, and that the fire woke him up at 12 o'clock. He rushed out of the burning mill when Cervada fired three shots at him. Archibago was near by Cervada when the latter was shooting. He then ran into the mill where his head was hit by a bullet from Cervada and his hair burned. He went out and notified some of the neighbors and also Mr. Miera what had happened.

John Antonio Gallegos testified that he was sleeping outside of the blacksmith shop near the mill on the night of the fire. That he woke up and saw the mill in flames and he and his wife ran to the mill and hid in the mill.

This completed the case of the territory vs. Archibago and Cervada.

Refugio Atencio was the first witness for the defense. He testified that on the night of the fire, he, along with the territory's witnesses, was at her house and drunk.

Library Mail.

The ladies of the library association have just finished a thorough cleaning of the library room. Through the liberality of Mr. N. B. Field they have been enabled to equip their rooms with very attractive and commodious bookshelves. They contemplate further improvements to increase the attractiveness of the room and the effectiveness of the library. They will soon make their annual appeal to the well-known liberality of the Albuquerque public. The most attractive and popular sale given in Albuquerque are those conducted by the ladies of the library association. They are attractive because the ladies take great pains to make them so, and popular because the people generally delight to have the opportunity of helping improve the library. At the coming Easter ball at Grant's opera house Friday, April 29, 1898, some special features will be introduced that will make Albuquerque's charity ball this year exceptionally interesting and memorable.

School Fund Apportioned.

County Superintendent B. F. Peres has apportioned the school fund of the county. The amount subject to apportionment was \$7,446, and it was distributed at the rate of \$1 for each scholar. On this basis Albuquerque received \$1,376, Gallup \$417, Bernalillo \$674, Los Corrales \$248, Sereles \$221, Oja Albiquerque \$544 and Pajarito \$230. The other precincts got smaller amounts.

Holding Public Attention.

We haven't advertised a bargain sale, but it has become known that we are selling a particularly fine lot of Ladies' Shoes at very moderate prices. That is enough to bring those who like good stylish footwear. We give a few pickings from the large and varied stock.

Ladies' Oxfords.

Kid and Patent, Tan and Black. New and Stylish. Can and Co.

\$2.50 Per Pair.

Ladies' Boots.

Lease and Button, Tan and Black. Kid Type, Calf Type.

\$3.50 Per Pair.

ALBUQUERQUE, — APRIL 5, 1908

The conditions have not changed in the Spanish question.

The estimate on the time that may be required to whip Spain varies all the way from ten minutes to three weeks.

An Ohio man has been awarded \$125 damages for being run over by a heifer. What office the heifer was running for at the time is not in evidence.

It is said France and Austria are anxious to have the Cuban Spanish question referred to them but the United States feels strong enough to settle that question.

The smallest race of people in the world inhabit the Andaman islands. They have an average weight of seventy pounds, and are under four feet in height.

The British army rifle has forty-two component parts, in the production of which 92 machines are employed, as well as various processes which do not require machinery.

GREATER New York has almost reached the constitutional limit of debt, which must be considered a fortunate circumstance, in view of the fact that Tammany is in supreme control of the city government.

ACCORDING to the latest testimony of General Miles, the army of the United States is really in excellent condition, and is not the weak and worthless institution which a number of military experts have claimed.

If war breaks out the Hawaiian question will be one of the first things settled. The whole country will then see the wisdom of leaving such a coaling point where a naval enemy could even temporarily seize it. But what a pity it is that it always requires a crisis to teach the American people how to prepare for one.

The oldest match manufacture in the world is in Sweden. Matches were made there long before the old, roughly trimmed splinter of wood, tipped with sulphur, was discarded with the tinder-boxes for which they were used. In twenty-five years the export trade of Sweden in foreign matches increased to 1,000,000,000 boxes a year.

BERLIN is an ideal city to live in, particularly for nervous people. There are rigid laws there against noise making, and piano playing is regulated. Before a certain hour in the night the piano must be silent in that musical city. Even during playing hours a fine is imposed for mere banging on the piano.

TRADE reviews continue to report that general business has been only slightly affected by the war scare. The fact that merchants and manufacturers are receiving few cancellations of orders proves that the present big demand for merchandise rests on the actual needs of the people, not on what retail merchants think may be needed for the future.

The budget expenses of the Mexican government, as estimated by Minister Limantour, secretary of the treasury, amount to \$32,089,484.45 for the fiscal year 1908-09. This is an increase of \$1,708,506.92 over the previous year. A large per cent of this increase was necessitated by the rise in exchange, which increased the interest on the gold debt over one million dollars, silver.

THE democrats are especially fortunate today in being rid of a number of renegades who have always been a drag upon the party. Several of them have been purchased by the county ring and expect to cut quite a figure at the polls today. Everybody knows them, or will before the day is over.—Democrat.

The above is a slap at Alfred Grunfeld and a number of other leading democrats, who have announced their withdrawal from the democratic party.

The supreme court of Maryland has decided that the purchaser of a berth or a section of a sleeping car has the right to give another person the use thereof if he leaves the car before it reaches the end of the trip for which the berth was bought. A passenger secured a section, rode in it for part of the trip and then sold his section ticket to another passenger, he leaving the train. The second passenger was refused the use of the section by the conductor of the car and was ejected, whereupon he brought suit with the above result.

INTERESTING HISTORIC DATA.
It is noteworthy that three of the four great wars in which the United States has engaged were begun in the early spring. The battle of Lexington was fought April 19, 1775. Congress declared war against Mexico in May, 1846, though General Taylor had met the Mexicans at Palo Alto in the previous March. Fort Sumter was fired on April 12, 1861. The war of 1812 began later in the season, Congress taking action on June 18, 1812.

Many who are familiar with these dates are inclined to believe in spite of the pacific news which fills the papers that April, 1908, will mark another date of historical interest in the history of the development of the American republic.

The month of April has been particularly interesting in an historical way to the American people, and there is one day in that month, says a writer in the

Boston Advertiser, which appeals to every patriotic American and which should appeal to every friend of liberty throughout the civilized world. On April 19, 1775, at Lexington there was fought the battle of Lexington. The story of Paul Revere's ride; of the march of the British to Lexington and Concord to destroy the stores of the patriots; of the encounter at the bridge, between 800 British troops and seventy patriots; of the check of the British at Concord, and their retreat and disastrous loss, forms the opening chapter in history's record of the American revolution.

One thing, however, is certain, the month of April, 1908, will either witness a grand victory for the diplomacy of the McKinley administration, or Spain will give a lesson which will have a sobering effect, too, on some other powers that are accustomed to sneer at the American people.

THE "MUSHROOM" BULLET.
A frightfully destructive bullet has been invented by Edwin S. Field, of Springfield, Mass. It is so constructed that the head of it on striking any hard substance, such as bone, immediately shatters out, giving the projectile the general of a mushroom. The "mushrooming" is what makes the bullet almost, if not quite, as deadly as the explosive bullet which is prohibited by agreement among the nations. Mr. Field, in the St. Louis Star, describes his invention thus:

"My projectile resembles the metal-covered bullet of the smaller caliber, and especially the new .030-caliber bullet adopted by the United States government to be used in the army rifles, instead of the heavier .045 bullet formerly used in the Springfield model."

"By cutting notches or grooves in the metal cover back from the point or apex to a point forward of the place of contact with the rifling of the barrel, it allows the lead or filling of the cover to expand or upset when striking a hard substance and gives all the effect of a bullet of larger caliber, breaking bones and tearing flesh."

Mr. Field defends his invention from a humane point of view, on the ground that the more deadly the machinery of war the greater the likelihood of universal peace.

The report that William K. Vanderbilt has offered in the event of war to equip the United States a \$5,000,000 warship is not improbable. His father gave the government in a time of need a vessel costing \$1,000,000, and it may be believed that the instincts of the son are quite as patriotic as those of the father. In the event of war the rich men of the United States may be relied on to stand by the country.

It would appear that little short of a miracle can prevent a war between the United States and Spain. That miracle, if it comes, is likely to be in the form of a proposal on the part of Spain to acknowledge the independence of Cuba.

The Duke of Veragua, who calls the president of the United States an "ignorant scoundrel," the Spanish paper who accepted an American subscription on the score of his descent from Christopher Columbus.

THE people control public opinion in the United States. In Spain the government officials take charge of public opinion, and they are successful; the people instead of the officials rule the United States.

It is reported that Great Britain will no longer resist the dismemberment and partition of China, but will make the best of the situation and endeavor to get her share of the spoils.

COTTON producers this year have marketed 800,000 bales more cotton than were sold up to the present time from the greatest crop ever produced prior to that of last year.

THE democrats have used a big slush fund today. The fat has been fried out of the franchised corporations for the democratic ticket.

THE republicans will neatly enter the democratic corpse today. Montfort will act as undertaker.

EVERY indication points to a clear republican victory in this city today.

THE coming woman.
Who goes to the club while her husband tends the baby, as well as the good old-fashioned woman who looks after her home, will both at times get run down in health. They will be troubled with loss of appetite, headache, sleeplessness, fainting or dizzy spells. The most wonderful remedy for these women is Klee-ric Bitters. Thousands of sufferers from lame back and weak kidneys rise up and call it blessed. It is the medicine for women. Female complaints and nervousness of all kinds are soon relieved by the use of Klee-ric Bitters. Delicate women should keep this remedy on hand to build up the system. Only 50 cents per bottle. For sale by J. H. O'Reilly & Co.

Attention, Macabees!
Regular review Albuquerque Tent, No. 1, K. O. T. M., this evening at 8 o'clock, at the K. P. hall, on Gold avenue. All members are earnestly requested to attend. By order of the commander.

NEW MEXICO NEWS!

GALLUP.
Special Correspondence.

The following are the nominees of the citizens' caucus held at the opera house on Friday evening last: For trustees, Charles Harding, Charles Brown, John Sharp, F. E. Hinch, J. D. O'Brien, George Kraker, James Carman, E. F. Kenney; for treasurer, Theo. Maxwell, Ed Hart; for marshal, J. W. Green; for school trustee, three year term, W. E. Pratt, J. R. Brown, Hugh Quinn, Alex. Bowie; J. D. O'Brien, acting as chairman of the meeting and W. T. Henderson, secretary.

Mrs. A. H. Rupert continues a quite ill. A communication from Mrs. Paul Kelly, of Las Vegas, informs friends that her daughter is improving.

Aaron Gray, who has been employed in the Crown Point mine, has returned to his home in Albuquerque.

Peter Dolina, who suffered an injured eye at the Otero mine, some months ago, and has been visiting his daughter at Los Angeles since the accident, returned here and will resume work in the mine.

Miss Hest Tom Hinch, who received a badly injured foot some time ago by having a large piece of ice fall on the member, is enabled to wear a shoe on the foot again.

Mrs. Otto Mann has returned from a trip to Albuquerque, where she was the guest of the family of Conductor McGowan.

Mrs. J. L. Whitehead and family, of Los Angeles, are expected to arrive here shortly to join her husband and son, Ernest, who are employed in the local real estate yards. They will then go to home-keeping in Gallup. THE RAMBLER.

SANTA FE.
From the New Mexico.
Mrs. B. Sellman has reached Philadelphia, and will remain in that city for some time on a visit to her daughter.

The old stone kitchen at St. Vincent's sanitarium, which was partly destroyed by fire in 1905, is being torn down. Workmen are engaged on the foundation of a new building.

Miss Marion Buck, of La Porte, Ind., is expected here soon on a visit to Miss Crawford, at the government Indian school. The young lady is now visiting her sister, Mrs. Van Trease, in Trinidad.

The party of land court officials who have just returned from Mexico, report Clarence Key, S. C. Alley and Ike Van Arsdale, all former well-known residents of Santa Fe, as enjoying good health and doing well in the City of Mexico.

Levi A. Hughes is in receipt of a telegram announcing the death of the aged mother of E. J. McLean, at Detroit, Mich. The numerous friends here of Mr. McLean extend to him their deepest sympathy for his bereavement.

The body of H. F. Swope, who died at Jemez several years ago, has been taken up, and was brought to this city at the instigation of Ashtabula No. 3, Odd Fellows. The funeral occurred at Hogle's undertaking establishment, after which the body was interred in the I. O. O. F. cemetery. Mr. Swope was a brother of Mrs. Davis, and was a pioneer of the city. In early days he acted as superintendent of the Barlow & Sanderson stage line here.

EDDY.
From the Argus.
Married in Eddy, Sunday evening, the 27th ult. Miss Maud Buck, of Eddy, to Henry Alfred Davidson, of Pecos, Texas, at the residence of the bride's sister, Mrs. Thomas Higgins. Rev. Lallance was the officiating clergyman.

A. B. Robertson, one of the owners of the Hat ranch, was in Eddy the first of the week looking after the loading and equipment of the wagons for the spring round-up work. The Hat company has contracted to deliver 7,500 head of cattle in April, and is now at work gathering them for that purpose.

Dr. C. M. Wright performed an operation on Nattie Cunningham, son of Mr. and Mrs. N. Cunningham. The little boy is suffering from Pott's disease, an affection of the spine, and the operation was for what is termed in medical circles a cold abscess. The operation was in every way successful. About twelve ounces of pus was removed, relief quickly following.

NEW MEXICO AT LARGE.
Sydney Prager's infant son, at Roswell, has been quite ill for some time with rubeola, but is now improving.

W. H. Liles, of Socorro, returned from the south the first of the week, and reports that a Mormon told him that Musgrave was one of the men killed by the avenging angels.

The case of the Territory vs. David L. Kemp and Wm. Kennon, charged with the murder of Sheriff Dow, came to a close at Roswell last week, the verdict being "not guilty."

Al Hunt, jailed a few weeks ago, at Aztec, engaging in a drunken row near Fruitland, made a dash for liberty and succeeded in getting away from Deputy Sheriff Frank Phelps, who had him in charge. It is believed he has gone to Colorado.

L. A. Pelkey, who has been with the Borne-Biggs Lumber Co., near Tierra Amarilla, for the past two years, came down to his ranch near Largo, to look after certain improvements on the same. He expects to be on his ranch permanently some time during the summer, when operations for extensive improvements will begin.—Aztec Index.

Mrs. Lydia Ann Bowman, wife of Joseph Bowman, died last Sunday, March 27, 1908, after a painful illness of six months, aged 61 years, 7 months and 5 days. Mrs. Bowman's maiden name was Huff, and she was born in Platte county, Missouri. She was married to Joseph Bowman March 22, 1856—forty-two years ago. They came to the Pecos Valley in 1888 and have resided here since.—Howell Register.

J. F. Hinkle received notice the latter part of last week of the serious illness of his father at his home in Missouri, says the Roswell Register. He came over from Lower Pecos expecting to leave on Monday's train, but received a telegram saying that his father was much better, and after receiving further advice saying he was still improving, he returned home on Wednesday.

Cattle Cremated Alive.
A spark from the engine set fire to a stock car at Alameda station at 6:30

o'clock this morning. The car and its load of cattle were consumed by the flames. The fire was communicated to another car also, but the cattle were removed without injury. The train was east-bound. There was so much hay and straw in the first car that it was enveloped in flames almost immediately following its igniting from the spark.

More Gold Mines.
Stories of big "dumps" of gold reach us, not only from the Klondike, but from many parts of the country not hitherto suspected of being veined by the precious metal. A tremendous impetus to mining industry and the development by syndicates of capitalists of natural wealth in num rous directions has resulted. The exposure and hardships of frontier mining have over less productive of the future, one of the most obstinate and agonizing of complaints. As a means of associating and preventing this malady, Hostetter's Stomach Bitter is unequalled. The action of this medicine is also speedily felt in cases of malaria, dyspepsia, indigestion and biliousness, constipation, lambrago and other infirmities incident to advancing years are also counteracted by it.

ROTEL ARRIVALS.
HOTEL HIGHLAND.
A. E. Bruce, Jr., et. Paul; Mrs. Seery, El Paso; M. Williams, Las Vegas; W. A. Kinneer, Albuquerque.

STUDENTS' EUROPEAN.

A Good suggestion.
Francis Tracy Tobin, of Philadelphia, Penn., a gentleman who was a candidate for the governorship of New Mexico, and later for one of our judgeships, writes the following relative to the war department relative to naming one of the new war vessels New Mexico:

PHILADELPHIA, March 24, 1908.
Hon. John Davis Long, Secretary of the Navy.
Sir—I would most respectfully suggest that in naming the new war vessels for navy of the United States, you would name one of them New Mexico.

The territory of New Mexico is entitled to such an honor, occupying as she does the most prominent and important place, as a territory, owing to her importance in wealth, size and intelligence. New Mexico is larger than the states of New York, Pennsylvania and Ohio; her people are law abiding and progressive, and she is destined soon to take her place in the sisterhood of states; and when she will be one of the brightest jewels in the diadem of states, which bind and cement our union. Her people, by their intelligence and industry, have been pushing her to the front ranks. No man can tell the future of this gem of the west—New Mexico.

In selecting the names for the great and mighty war vessels, the defenders of the nation, and of the dear old flag, the stars and stripes, let one of them, the name of New Mexico; and if it does, and the flag of the union is floating over that vessel called New Mexico, she will be found in the thickest of the fight, defending and maintaining the honor of the United States, and the flag of the union; and the reward of the war vessel, New Mexico, will be one of credit, honor and glory.

Hoping and trusting you may name one of the war vessels, New Mexico. Respectfully,
FRANCIS TRACY TOBIN.

Beware of "cheap" baking powders. Alum makes good medicine but bad food. Ask your doctor.

Notice.
If you are a republican and believe in the policy of protection, then why not uphold your theories by taking out your policy for protection against fire in that grand, old, true and tried American institution, the Insurance Company of North America, which has protected Americans to the extent of over \$90,000,000 of losses from fire. Or if you desire to be doubly protected, take a policy of fire in kind of pavements, guaranteed by two of America's foremost companies, backed by over \$10,000,000 of good American assets.

DR. PRICE'S CREAM BAKING POWDER

A Pure Grape Cream of Tartar Powder. 40 Years THE STANDARD.

(First Publication April 5, 1908.)
ORDINANCE NO. 82.

Be it Ordered by the Mayor and Council of the City of Albuquerque, N. M.:
Section 1. That J. H. O'Reilly, of said city, and William Seagrave Magill, of New York, their heirs, executors or assigns, are hereby empowered and granted the right to construct, maintain and operate by electric or compressed air power a line of street railway in, upon and along all streets, ways and passages and their intersections now, said and accepted by the city authorities of Albuquerque, New Mexico.

Sec. 2. That the authorization conveyed by the preceding section to the parties therein named shall constitute a franchise for such street railway operation throughout the city of Albuquerque, New Mexico, for a period of twenty years from the date of the passage of this ordinance, said term to be computed with limitations upon the following conditions and limitations:

First—The parties to whom this franchise is granted hereby agree to construct and operate a line of street railway within eighteen months after the date of the passage of this ordinance.

Second—Before the franchise mentioned in the preceding section shall be authorized to locate, construct or maintain said street railway on any or either of the streets of the city of Albuquerque aforesaid, they shall present a petition to the mayor and city council, signed by the owners of the land representing the northern one-half of the road within eighteen months after the date of the passage of this ordinance.

Third—And it is further provided that the parties mentioned, on accepting the rights and privileges herein granted, shall deposit in one of the banks or in some other equally safe depository in the city of Albuquerque, one thousand dollars (\$1,000), to be a forfeit to the city if they shall fail to commence and execute the work of constructing and operating said street railway according to the terms, conditions and limitations set forth in this ordinance; said sum to be deposited within sixty days after the acceptance of this ordinance.

Fourth—It is further provided that until the city shall reach a population of fifteen thousand inhabitants, there shall not be any license or charge against said street railway or operating machinery, other than that the general city tax out when the population of the city shall reach thirty thousand inhabitants a license of thirty dollars per annum shall be paid upon each car used and operated upon said road; and when the population of the city shall reach twenty thousand and inhabitants there shall be paid a license of fifty dollars per annum for each car so used on said road.

Fifth—The rights and privileges here in conferred to the parties named by the passage of this ordinance shall not be interpreted as exclusive; but it is hereby agreed by the mayor and city council of Albuquerque, New Mexico, of the first part, by the persons herein named of the second part, that from the date upon which the construction of this street railway shall be commenced, and until the time allowed by this ordinance and stipulated in the preceding section, eighteen months, shall have expired, subject, however, to the conditions and limitations of section two, and to have no effect upon rights now existing.

Sec. 2. Full authority for the construction of the road-bed, the laying and maintenance of the ties, rails, single or double track, switches, poles, and wires shall be subject to the approval of the mayor and council, and other usual fixtures and appliances inherent in the construction and operation of an electric street railway are hereby granted to the parties herein named with the express condition that all construction shall conform to the grades of the streets already, or in the future to be, established; that suitable crossings at all intersecting points of the public highways with street railway line must be maintained by the operators of said railway in such a manner as to cause no public inconvenience; and upon said operation rest the charge and maintenance of the portion of the public highway as shall be included between the tracks and two feet on each side of the road track or track in such manner as render it at all times safe and proper roadway for vehicles, and to conform to the requirements of that of the streets used.

Sec. 4. The validity of this franchise shall depend upon the strict conformation of the operators to the embodied conditions and continuous operation of such line as may be constructed by them under the terms of this grant except upon for striking accidents of flood, fire or other force major.

Sec. 5. The said line of street railway shall not interfere with the drainage or water system of said city, which shall have all rights to intersect the line at all points where the needs of its present or future water and sewage system may require it.

Throughout the life of this franchise the operators hereby agree to charge a fare for each passenger not exceeding five cents, with transfer on intersecting line or lines of the said company for each continuous trip from point to point within the city limits now or hereafter to be established, the conveyance of passengers to be performed in a safe manner and with due regularity and dispatch.

Sec. 6. The operators of said street railway shall be liable for all damages to life or property resulting from the negligence of the operators, their employees or faulty construction, equipment or maintenance of the street railway system.

Sec. 7. Any interference with the operation of the street railway, or obstruction of the track to delay the passage of cars, destruction or injury of any part of the equipment or property of this street railway shall be considered a misdemeanor and be punishable by fine of not less than five nor more than one hundred dollars, or by imprisonment for a period of not less than three nor more than sixty days, or both.

Sec. 8. This ordinance shall take effect and be in full force upon its passage.

une nowtwithstanding. Webster says in his definition of the word "grammar."

"It is the art of speaking or writing with propriety or correctness, according to established usage." Now, despite the alleged schoolmasters on the Democrat, there is only one quality of grammar, and that is necessarily "good."

There are standing in the local railway yards four tourist and two standard sleeping cars. They are expected to leave on Friday, to be used in the transfer of the Fort Apache troops from that place to the Jefferson barracks in Missouri. There is a likelihood, however, of the troops being ordered south before they reach that point. All re-enlisting men at Fort Apache are transferred to New Orleans.

Ladies wearing number 23, 2 and 34 shoes, can secure some great bargains at A. Simpler's closing out sale, as he has an unusually large stock of these numbers in shoes which must be disposed of at any sacrifice.

TO REPORT THE RESOURCES.

Charles F. Bond Here in the Interest of the Santa Fe Bondholders.

Charles F. Bond, the financial editor of the Boston Journal, who has been spending some time in this city and territory in the interest of Mr. Cheney and other bondholders of the Santa Fe, left for his home last night, accompanied by his wife. His mission here was to investigate the resources of the country through which the Santa Fe passes and to make a report on the same to the bondholders.

Mr. Bond was very favorably impressed with what he saw out here and will embody his views of the country in some letters to be published in the Boston Journal.

Yesterday O. N. Marron took Mr. and Mrs. Bond out for a drive about the city and showed them the principal places of interest.

Back from the Chase.

Fred. Fornoff, special officer, who was sent out by the Santa Fe Pacific to assist the posse in pursuit of the train robbers, returned last night, in order to work for his friends recently notified for the city offices, and was notified moving with train robber speed among the voters of the Fourth ward.

It is soon to be captured. After getting to Grants, Mr. Fornoff mounted a lively mountain pony, and with several other posse members, he started on the hope of running down the bold train bandits. It is the opinion of Mr. Fornoff that the men who did the work are cowboys.

Old Friends Meet.

That people do read advertisements, and that it pays to advertise in a journal that has a wide circulation like THE CITIZEN, the following is given in evidence: Three or four gentlemen were seated in a car of a train that was coming east from Flagstaff the other day. All were reading the latest news in THE CITIZEN.

Soon one, a stranger to the others, reached over, and with his finger on the advertisement of Schneider & Lix, asked "if anyone present knew Mr. Lix's Christian name?" He was promptly told "Ernest."

It is that name," he answered. "Ernest Lix and I were chums twenty years ago in France." When the gentleman, whose name was A. Metzger, arrived in Albuquerque he immediately hunted up Mr. Lix, and thus two old friends were brought together through a card in THE CITIZEN.

Announcement.

"Paul Devant" as presented by the Edna Paige company last evening, was a grand success. The company has been strengthened since their previous engagement here, and the performance last night was far superior to any they gave during their last engagement.

They have an entire new repertoire of plays and will present nothing during the week that they played when here before. To-night they present a new farce comedy, entitled, "The Three Silk Hats."

The election returns will be read from the stage.

THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

Neither the city council nor the board of education did a meeting last night.

Rehearsal for "Ernest" at kindergarten room this evening at 7:30 sharp. All who have books bring them.

A special train consisting of seventeen cars of baggage stock passed through the city this morning from St. Louis to San Francisco. This is the first train of the kind that has ever gone through this city.

The finishing touches on the new Armijo block are now being made under the direction of Architect Cristy. The block itself is a handsome structure and a credit to the city, while the office on the second floor are airy and commodious.

The miner and prospector, Seymour Ball, who was here yesterday purchasing supplies, returned to Las Huertas canyon this morning, where C. W. Eckert and others are developing the old Montezuma mine and several more promising mines.

Words!

In advertising, like everywhere else, create a certain impression.

Actions!

Either verify and strengthen them or grind them to dust.

Our Intentions!

Like those of all other merchants, are to create the best possible impression with our words—our advertisements. Our highest aim is, has always been and will always be, to make the impression we have created a lasting and a growing one—by our actions, our prices and our goods, and by always having the combination of right prices and right qualities. If we say we are giving better values now in all lines, than have ever been offered before in the city, it may impress some that we are selling pretty cheap. This is an impression we can lighten for you, by showing you our goods and quoting again our prices. It may impress some (those who have never traded with us) that this is merely "talk," an impression which we can destroy in a minute, if you give us a chance to show you what we are doing. Here are a few items which must be seen to be appreciated:

Ladies' Wrappers!

Indigo Blue Print Wrappers.....65c
Feyreale Wrappers, in light, dark and medium colors, trimmed with braid, each \$2.00, \$1.40, \$1.25 and.....\$1.00
Black Satin Wrapper, with small floral design, trimmed with Baby Ribbon.....\$2.25

Turkish Towels!

In endless quantities, bleached and unbleached, at two for.....25c
10c, 15c, 20c and 25c each and three for \$1.00.

205 WEST RAILROAD AVENUE.

Beef Was Never So High

grade, or so fine, that it was too good for our stock. The choicest that ever fed upon pasture lands or drank from a clear running brook, is what we look for and get. That cow that was in such good condition that it jumped over the moon, would have been the meat for us if we could have dressed it. When you want prime, juicy meats call upon us, and you will get the finest in the land.
