ALBUQUERQUE, NEW MEXICO, MONDAY AFTERNOON, APRIL 4, 1898.

NUMBER 143

JUST BEFORE THE BATTLE!

The Country Waiting for the Message From the President.

TEN MORE WARSHIPS ORDERED.

Washington, April 4.—Chairman Cannon has moved to suspend the rules of the house to pass a joint resolution authorizing the construction of ten more private property. Unanimous consent for its consideration was refused by Mr. Bailey.

Mr. Bailey said he simply desired to call the attention of the house to the fact that it had been in the last thirty days called upon to vote emergency measures and the house was not in possession of any information showing that the administration thought there was any extraordinary emergency confronting the country. He would have denied a democratic president the \$50,000,000 appropriation.

Mr. Bailey said the country ought to know what the administration intends to do. This caused applause, which the speaker rebuked. Cannon said Bailey was posturing before the country. His own city, Galveston, might be in danger of a hostile fleet.

It would be stopped before it could get there, if we had the proper sort of administration," retorted Bailey. Speakers, democrats, of Texas, in supporting the resolution, said he was willing to vote for anything to put the government in a complete state of defense. The resolution was passed without division.

Hull, of Iowa, moved to suspend the rules for the passage of a bill for the reorganization of the army. After a brief debate it was arranged that Wednesday should be set aside for consideration of the Hull army bill, with the understanding that it should not interfere with any report from the committee on foreign affairs.

The house proceeded with the District of Columbia bill.

NO TRUTH IN REPORT.

The President Has Not Been Asked to Have Papal Mediation.

Washington, April 4.—An official consultation with the president, being informed of the report that the United States and Spain had agreed to select the pope as mediator and the pope had accepted, said with emphasis: "The president has never been asked to submit the dispute to the pope and he certainly has never made such an offer. Spain and the pope may have been negotiating, but that does not affect us. You can deny the story officially and in the fullest possible manner."

From another source it was learned that the efforts of the pope to mediate between the Spanish and the insurgents rather than between the Spanish and the United States.

More War Vessels.
Washington, April 4.—The navy department today sent telegraphic orders to the auxiliary fleet in New York to purchase immediately ten vessels for auxiliary navy. These boats are to be between 2,000 and 10,000 tons burden.

REPORT DENIED.

No Truth in Report of Pope's Mediation in the Spanish Incident.

Washington, April 4.—President McKinley announced today to a leading member of congress that there was no truth in the report of mediation of the pope in the Cuban incident. He also announced that he hourly was expecting a cablegram from the Sagasta government notifying this government of a proposition of armistice to the insurgents. Senator Quesada, representing the Cuban junta, said: "The Cubans will never consent to armistice until their independence is recognized."

No Action.
Washington, April 4.—The house committee on foreign affairs met at 10 o'clock. Gillett (rep., Mass.) said that the committee would take no action today. The committee ordered the doors locked. It is believed that the session was stormy.

WAR RESOLUTION.

What the House Committee Will Recommend to Congress.

Washington, April 4.—The senate committee on foreign relations has arrived at a definite conclusion as to the resolution it will recommend. Senator Davis has prepared a report to accompany the resolutions. It will deal with the situation in vigorous language, and it is understood, much will be made of it of the Maine disaster. The report will be in the nature of an address to the country, in justification of the resolutions to be reported by the committee. The committee expected to report on the same day the president's message is received and members of the committee still look for a message that will recommend both recognition and a declaration favorable to intervention.

Pledged to Success.
Washington, April 4.—Every member of the foreign affairs committee of the house was pledged to success before the committee adjourned. One republican member said: "We did nothing." The committee will meet again tomorrow.

Chairman Adams informed the committee that the president would communicate to congress his views on the Cuban question by Wednesday, possibly tomorrow.

There was some discussion of the possible form of action the house should take, some favoring independence, some independence and intervention and some demanding war on account of the Maine.

The Oregon.
Washington, April 4, 3:30 p. m.—It has just been learned here definitely that an exchange of notes between the great

powers of Europe has begun concerning mediation in the Spanish-American question, but no definite instructions have been received by diplomatic representatives here.

Kansas City Market.
Kansas City, April 4.—Cattle—Receipts, 4,000. Market slow. Texas steers, \$3.50-\$4.00; native steers, \$3.50-\$4.00; stockers and feeders, \$3.50-\$4.00; bulls, \$2.75-\$3.25; native cows and heifers, \$1.50-\$2.50; Texas cows, \$3.30-\$4.00.

Sheep—Receipts, 2,000; market steady. Late, \$4.15-\$4.50; buttons, \$3.75-\$4.75.

Great Enthusiasm.
Havana, April 4.—There is great enthusiasm among the Spaniards here. Thousands are entering the battalions of volunteers. The treasury has advanced \$500,000 gold to provide for eventualities.

Chicago Grain Market.
Chicago, April 4.—Cattle—Receipts, 20,000; market weak to 10 cents lower. Hogs, \$3.50-\$4.00; cows and heifers, \$2.25-\$3.00; Texas steers, \$3.50-\$4.75; stocker and feeders, \$3.75-\$4.75.

Sheep—Receipts, 21,000; market steady.

An Armistice.
Madrid, April 4.—The best informed people here believe that an armistice between the Spanish and Cubans will be proclaimed within two days.

Chicago Grain Market.
Chicago, April 4.—Wheat—May, \$1.05½; July, \$1.05½. Corn—April, \$1.05½; July, \$1.05½. Oats—April, \$1.05½; July, \$1.05½.

CUBAN MANIFESTO.
Provisional Spanish Government Issues an Address on the Situation.

Havana, April 4.—The Official Gazette publishes the following manifesto: "The provisional government, by its own inspiration, and also as a faithful interpreter of the desire of the government of the mother country, informs the Cubans that they are struggling by force to reach that all its reality is already secured in all its reality and value, and without dangers and risks of experience—a triumph of right and justice, with a widened horizon for the future and broad roads for order and increasing development of all the living forces of this Cuban society."

The manifesto continues with an earnest and strong plea for the Cubans to accept outstretched hands and fraternal embraces and give a cordial welcome to real home rule in Cuba.

PRESIDENT'S MESSAGE.
This Important Document May Not Be Sent to Congress till Wednesday.

Washington, April 4.—It is altogether probable that the president's message on the Cuban situation will not be sent in before Wednesday. The president, it is learned, will favor recognition of Cuba and forcible intervention if necessary to prevent further hostilities.

Spain's answer, in effect, will be declared to be unsatisfactory and to leave little or no reasonable ground for hope of a satisfactory settlement of the question. It is all likely to be reached through diplomatic agencies. The disaster to the Maine will be treated in a vigorous manner. The subject will be discussed in a spirit of patriotism that must commend itself to the entire American people. This policy, however, it is said, does not necessarily involve war, but leaves the determination of that question to Spain herself.

Unless something unexpected happens within a comparatively short time, indications point at least a show of force against Havana.

JOINT RESOLUTIONS.
Another Resolution for the Independence of Cuba.

Washington, April 4.—Groat (Penn.) today introduced a joint resolution recognizing the independence of Cuba, and authorizing the president to expend out of the appropriation for naval defense \$500,000 to provide non-combatant vessels necessary food, raiment and medicine for immediate relief from starvation; and the necessary implements of agriculture and means for planting.

The chairman of one of the most important committees of congress, after studying the executive message, stamped the Spanish statement of mediation between Spain and the United States as a Madrid forgery.

A leading member of congress said: "The message will go into congress about Wednesday. The president intends to recognize Cuban independence, and may propose intervention."

THE ARMISTICE MATTER.
How the Pope Was Induced to Ask Spain for an Armistice.

Madrid, April 4.—2:30 p. m.—A correspondent here of the Associated Press has just had an interview with a high priest, son of great authority who has cleared up many discrepancies in previous reports, showing just how the papal intervention occurred. This minister said there was no papal telegram whatever.

What happened was that the Spanish ambassador at the Vatican, (papal secretary of state) who told him the president of the United States had allowed it to be understood that papal intervention would be acceptable. The Spanish ambassador wired here to that effect. Thereupon we indicated that while it was impossible for the regular army, fighting rebels, to agree to offer an armistice at the suggestion of a certain foreign power,

when the father of Christendom offered intervention we could not refuse it. Knowing well that reliance might be placed upon his independent judgment. So, not an armistice, but a truce of God, had been agreed upon. Spain has shown a willingness to secure peace by consent to the last point consistent with her national honor. The future depends upon the power of the American government controlling the hostile public opinion.

Hopes for Peace.
Chicago, April 4.—A special to the Tribune from Washington says: John D. Long, secretary of the treasury, made the following statement: "I have never thought that peace between the United States and Spain was impossible, and I do not think so now. Of course the situation is critical, but war is not inevitable and there are reasonable hopes that there may be a satisfactory, peaceful solution of the trouble."

THE ARMY.
Secretary Alger dictated this statement: "The question is, can congress be restrained from taking immediate action? In case of emergency, the can put 100,000 men in the field the first day, and a like number on the second day."

Copper.
New York, April 4.—Copper, 11½¢.

PAPAL TELEGRAM.
Pope of Rome Urges Spain to Grant Armistice to Cubans.

Madrid, April 4.—The pope has sent an urgent telegram to Las Vegas requesting Spain to grant an armistice to Cuba in view of allowing negotiations to be carried on between the insurgents and the authorities for the early conclusion of a permanent peace. The pope urges his majesty to take the action on human grounds.

Previous to taking this action, the pope, through a representative at Washington, asked President McKinley if it would be agreeable to him should the pope deliver the queen regent of Spain the armistice. It is understood that the president expressed a willingness that the pope should do anything in his power. Senator McKim, the minister of the colored republic, had an interview with United States Minister Woodford on Sunday, at which he expressed Spain's willingness to grant an immediate armistice.

The correspondence says: "Spain's reply to the pope, in accepting mediation, said that the honor of Spain would be safe in his hands and full justice would be done."

THE HEBREW PASSOVER.
The Feast of the Unleavened Bread Will Be Observed Here.

The Hebrew Passover, or Passover, the feast of the unleavened bread, will commence next Wednesday night. It will continue all day Wednesday, Thursday and Friday of this week, and on Wednesday and Thursday of next week. On all of these days strict orthodox Hebrews, like Sofra Alexander, will keep their places of business closed. The majority of Jews in this city, however, belong to the liberal or reformed branch of Judaism and their tenets do not require them to close on these days. Both Ashkenazim and Sephardim are observing the feast of the unleavened bread, which is the great symbol of their faith, which is observed in commemoration of the departure of the Jews from Egypt under the leadership of their great law giver, Moses. The feast takes its name from the angel of Jehovah passing over the houses of the Jews in Egypt.

Pharaoh gave them such short notice to quit his kingdom that the Jews had no time to bake the bread required for the journey, but departed carrying the dough upon their backs where the sun baked it for them. This is why Jews on every annual Passover eat nothing but unleavened bread.

Next Wednesday evening the Jews will give causers at their homes, which consist of a feast and the offering of prayers for the welfare of all the members of the household.

FEARFUL FLOOD!

Five Hundred Lives Lost at an Illinois Town.

Suspected Murderers of Col. Fountain Arrested and in Jail.

Consul General Lee Getting Ready to Leave Havana.

MINE PLANTED AT HAVANA.

Ridgway, Ill., April 4.—It is estimated that a majority of the people were eating supper. The break in the levee occurred a mile above town and was within ten minutes, more than a half mile wide. A stream of water twelve to twenty feet deep, carrying half the current of the flood, raised in the Ohio and descended on the unsuspecting people in a great rush, like a tidal wave. There was no warning. Houses on the outskirts of the town were lifted and rolled over and over. Most of them were torn to splinters and their inhabitants drowned.

Nearer the center of the town the brick structures stopped the rush of water a few minutes, but about two-thirds of the dwellings were lifted from their foundations and floated into the river. Horror was added to the scene by a fire in a large house that started down stream with the others. People on the roofs were already in danger of being thrown off by collisions, but the floating firebrand set fire to one house after another, and the unfortunate occupants were compelled to trust themselves to the swirling water on pieces of wood to avoid the most terrible death by fire.

By means of rafts and swimming in cold water seventy or eighty people were transferred from the garret windows and roofs to the flat top of the railroad country bank and the court house, which are brick. It was hoped these would withstand the pressure, but when a single courier, who rode for help to Cypress Junction left Shawneetown, only two buildings showed above the broad sheet of flood in the lower part of the town and it was doubtful if they would not collapse. Nearly 1,500 inhabitants managed to make their way to the high hills back of town or to houses in the higher section of the village itself.

The levee broke without warning, catching the people like rats in a trap. The entire town is submerged ten to twenty feet. The people are huddled at the Riverside hotel, court house and school house, two-story buildings. The Evansville provision boats arrived this morning and the people shouted, "God bless Evansville and her mayor!"

A partial list of the dead as follows: Colonel Collicott, W. F. Collicott and family; Mrs. Ed. F. Collicott and family; Paul Phalen; Mrs. Halloway and two children; C. Reinhardt; Mary McAllister; Allen McAllister; Annie Reinhardt; Frederick Holley; Mrs. McLane; Mrs. Matilda Greer.

Following are the names additional of people drowned at Shawneetown: Mrs. Greer, William Greer and family; Charles Greer and family; Mary Greer and family; Mary McAllister; Telephone information places the number of drowned at 150.

Junction City reports the following drowned: Wash Collicott, Peral Collicott, Mrs. Ed. F. Collicott, Paul Phalen and family, C. K. Galloway and two children, Anna Sarah Reinhardt, Mrs. Tanley, Mrs. McCloskey.

APPEAL FOR AID.
Evansville, Ind., April 4.—Mayor Carney of Shawneetown, appealed today to congress for aid for the destitute people of his stricken city. It is said that there is not food enough in the town for one meal. He says that 200 people were drowned. This city sent two steamboat loads of provisions last night that should reach Shawneetown this morning. All telegraph and telephone wires to Shawneetown are down.

Springfield, Ill., April 4.—Gov. Tanner has telegraphed a proclamation calling for aid for the Shawneetown sufferers.

Partial List of the Dead.
Evansville, Ind., April 4.—Lonsville & Nashville railway train men bring a report that the family of Sheriff Galloway are completely wiped out by the flood at Shawneetown.

Mayor Carney now estimates the loss of life at 300.

SENATE FOR WAR.
Several Senators Urge War on Spain and Independence for Cuba.

Washington, April 4.—In the senate, Clay, of Georgia, made a speech urging that war should be averted if possible, but adding that there was no remedy but did not concede absolute independence.

Perkins, of California, in a speech on the independence of Cuba, declared that the blowing up of the Maine by the Spanish officials was an act of war and he believed so regarded by the nations of the world. Mantle and Keweenaw followed Perkins, both speaking for Cuban independence.

Mines at Havana.
New York, April 4.—A dispatch to the World from Havana says: Forty floating submarine mines were recently planted in Havana harbor last Wednesday night by the Spanish government.

Getting Ready to Leave.
New York, April 4.—A special to the Herald from Washington says: "Consul General Lee has been instructed to turn the American consulate over to British."

Dr. W. D. Hadcliffe, Charles Reinken, Louis Viestick, Charles Scheele, E. E. Ziegner and C. A. Dalles, all of Bolon, were here Saturday evening, and took in the Glee club concert at the opera house.

Words!

In advertising, like everywhere else, create a certain impression.

Actions!

Either verify and strengthen them or grind them to dust.

Our Intentions!

Like those of all other merchants, are to create the best possible impression with our words—our advertisements. Our highest aim is, has always been and will always be, to make the impression we have created a lasting and a growing one—by our actions, our prices and our goods, and by always having the combination of right prices and right qualities. If we say we are giving better values now in all lines, than have ever been offered before in the city, it may impress some that we are selling pretty cheap. This is an impression we can heighten for you, by showing you our goods and quoting again our prices. It may impress some (those who have never traded with us) that this is merely "talk," an impression which we can destroy in a minute, if you give us a chance to show you what we are doing. Here are a few items which must be seen to be appreciated:
