ALBUQUERQUE, — MARCH 31, 1928

REPUBLICAN CITY CONVENTION.
 A delegate convention of the Republicans of the city of Albuquerque will be held at the Hotel El Comodoro on Thursday evening, March 31, 1928, at 7:30, for the purpose of electing delegates to the county convention to be held at the same place on Friday morning, April 1, 1928.

ALASKA can be depended upon to organize a mosquito fleet.
REPUBLICAN convention this evening at the opera house at 7:30.

The United States can whip Spain in a dozen different languages.

The winning city tickets will be nominated to-night by the Republicans.

Spain must back down or fight, and the chances are that it will be a fight.

War with Spain is almost certain, and so is the success of the republican ticket in this city.

The democratic party at Santa Fe has fallen all to pieces and a people's ticket will be put in the field.

The democrats of the city adopted a string of high-sounding resolutions, not one of which they have observed when in power.

The independence of Cuba will probably be declared next week, and a little naval skirmish with Spain may follow the declaration.

Capt. I. N. Honner will have a walk-over in ward two. He has made a faithful alderman and the people of his ward are pleased with his work.

Last night the democrats endorsed a resolution in favor of more money and lots of it, but failed to state how they stood on the war question.

The democrats of this city are here to stay. They drank Dixon's whisky and caused him to be a defaulter, and now denounce him for his actions.

The Republicans have half a dozen candidates for city clerk, and a lively contest over the nomination is expected in the republican convention this evening.

King Humbert of Italy is the most heavily insured man in Europe, the amount carried being over \$7,500,000. The late Czar Alexander III was insured for \$5,000,000.

The Spanish press thinks that Spain can "plant" her soldiers in Florida. Uncle Sam will attend to the planting business when Spain lands the material with which to operate.

An effort is being made to induce the president to name one of the newly purchased battleships New Mexico. The honor would be highly appreciated by the people of this territory.

The democratic candidate for mayor has one of the nearest drug stores in the city, and he would know how to keep a hotel, but he will become an old resident of the city before he is elected mayor.

It is settled that no armistice in the Cuban war, during which Spain might recuperate for a conflict with us or for still further oppression of the islanders, would be satisfactory to the American people.

New Zealand the scheme for old-age pensions is in an advanced stage. A bill has passed through all its stages in the lower house, which sets aside \$180,000 per annum of the ordinary public revenue, as a provision for the aged poor.

If the Republicans of the Third ward work for their candidates, Messrs. Rogers and Harsch, will be easily elected. Let them all get out and help to elect Mr. Rogers, who is so situated that he cannot give his personal attention to the campaign.

It appears to be an open question now whether the Orient or the Occident will see the first outbreak of war. While the outbreak between Spain and the United States appears very imminent the strain between England and Russia is equally intense on the Chianass coast.

Evidence of business improvement under protective tariff and sound money continues to make themselves apparent in the reduction of failures in the business world, those for the last week being, according to Dun's Review, 235 against 266 for the corresponding week of last year.

The Montu da Pietà at Rome, which has existed ever since 1585, is probably the most lenient pawnbroker's shop in the world. Any person who brings a pledge may borrow from twelve to twenty shillings without paying any interest, but all that is lost above that sum is paid for at the rate of two per cent per annum.

The Second ward republicans are unanimously in favor of H. E. Fox for school trustee. He is a warm friend of the public schools, is practically acquainted with school work, and during the past two years has devoted close attention to the duties of the position.

The people of the Second ward will re-elect Mr. Fox with a largely increased majority.

The democrats have resolved in favor of a non-partisan police force. At no time in the history of the city, when the democrats have been in power, have they carried out such doctrine. When in power they believe in the Jacksonian doctrine, that the spoils belong to the victor.

The young man who has accepted the democratic nomination for mayor is, as he says himself, a stranger in the city. He is scarcely a voter yet, and in his speech last night admitted that he was not familiar with municipal affairs. It will be a great mistake to elect him mayor.

The chances are favorable that in a few weeks the Spanish flag will be hoisted down at Havana.

CAMPAIGN LIE NAILED.
 In compiling the ordinances of this city in 1905, City Attorney Finckel undertook the difficult task of going through all the records of the city, and gathering from many sources the ordinances then in force. It would not have been strange or exceptional had some of the ordinances escaped his vigil, for everything at that time was in a chaotic state. The democrats last night discovered that he had omitted the ordinance relating to the giving of a bond by the city clerk. If they will look at section 2, ordinance No. 3, compilation of 1905, they will find that it is an exact copy of section 2, ordinance No. 5, as compiled in 1907, except the requirement of a bond for collector was omitted, that office having been abolished. In addition to this, if the democrats will take the trouble to inquire of the men who were members of the city council at the time Mr. Dixon served his last term as city clerk they will find that he gave a bond in the sum of \$2,000, which was duly presented to the city council and approved by that body, and it was afterwards abstracted from the files and records of the city, certainly it was no fault of the city attorney.

During the past four years it has become fashionable for the democrats, when they could find nothing else to complain of, to jump on Hon. T. A. Finckel. Why, we know not. But as Mr. Finckel seems to enjoy it and flatter upon it, and the republican ticket is elected with annual regularity, perhaps they might as well waste their ammunition on him as otherwise.

HENRY E. ROGERS, the republican candidate for alderman in the Third ward is on the jump, sitting to try the case of F. W. Harnum, and will therefore be unable to get out and take an active personal interest in the campaign. He is one of the best young republicans in the city, and his friends owe it to him to make an active campaign in his favor. Mr. Rogers and Mr. Harsch will make representatives in the council and on the school board of which the Third ward will be proud.

TEAR democratic resolution about partisan politics in the school board loses its force when it is remembered that the present board of education is composed of six republicans and two democrats, and that the president of the board is a democrat.

WAR is almost certain to be declared next week between the United States and Spain.

Board of Pharmacy for 1927.
 The eighth annual report of the territorial board of pharmacy has been received at the executive office.

On March 8 and 9 of last year, the board held a meeting at Santa Fe for the examination of applicants. During the past year two applicants have been registered on application, three on diplomas from colleges of pharmacy, ten on certificates of examination from other state boards and three have been reinstated. There are now in the territory eighty-four regular registered pharmacists and four holding minor certificates. Eleven pharmacists have been dropped from the roll for non-payment of legal dues. The report also gives the name and address of every legally qualified pharmacist in the territory.

NEW MEXICONS!

REDDY.
 The sudden fall in temperature Tuesday night last is thought to have killed all the early poaches.
 Constable D. H. Barker arrested Perry Veiton and brought him to Rddy for trial. He is charged with stealing calves. He was arraigned, waived examination, and bond was fixed at \$2,000. Pending its execution he remains in jail. William Nisbet, while indulging in vigorous exercise at a social place one day last week, had the misfortune to be hit in the eye with a piece of flying wood. The injury was quite severe, and he wears a bandage over the optic as a result.

George Fox, under indictment for having killed a Mexican at Pecos, near this town, who was arrested by a posse of some dozen men, was released on a \$3,000 bond. The sureties are J. F. Matheson, U. A. Bateman, S. T. Rutledge, Henry Angell and John Hymen.

Right Reverend Bishop Bourgeois, of Tucson, Arizona, accompanied by Reverend Albert Wagner, of Stanton, Texas, arrived in Rddy. The bishop has jurisdiction over the Catholics of this district. While here he administered confirmation to a number of applicants. Father Kempfer entertained the reverend guests.

The sugar company commenced planting beets on the Noble tract west of town, this week. This is the initial planting of the season, but others will quickly follow. All the seed has been received, about 38,000 pounds. The great portion of it, about 5,700 pounds is the original Klein Wauzelsheim. This seed was used here last season, and gave good satisfaction, and is considered the standard in all the beet districts in the United States. The remaining 11,000 pounds is a French seed—Cattier.

SILVER CITY.
 From the Independent.
 Sheriff McAfee has returned from Chihuahua, Mexico, where he went on business.

Mrs. J. L. Whitton has been numbered among those on the sick list the past week.

The infant son of Mr. and Mrs. W. R. Griffith has just recovered from a severe illness.

Activity in the mining districts continues unabated, and some good ore is being uncovered.

The regular quarterly conference of the Methodist church will be held in this city on Sunday, April 17.

The Easter festival in the churches in this city Easter Sunday will be very appropriate to the occasion.

Mother Shannon, who has been seriously ill for several days, is now much improved. She is at the Ladies' hospital.

Capt. Fogel, of the greatest turquoise producing camp in the southwest, was perambulating Silver City's streets the early part of last week.

Our people will smile when it is mentioned that the Black Jack gang has been wiped out. It sounds too familiar to the Silver City populace.

Two new hostlers are being placed in the position of the two best property men at Pinos Altos. The company proposes to get all the ore out of their properties as fast as possible.

Mrs. Clegg, who so long and faithfully served as matron of the Ladies' hospital, in this city, has resigned, and Mrs. A. K. Howell, of Topeka, Kan., has been chosen to fill her place.

Mrs. Thomas B. Hedin has joined her husband at Lee Creek and will return with him to Silver City. Mrs. Hedin is much improved in health. She will be warmly welcomed by her many friends.

"Bully" Jones has returned to his many old Silver City friends a few days ago, and started to make his fortune in the far off Alaskan gold fields, from whence several of our boys have recently returned, not richer but wiser men.

Mr. Thomas Fleming, a well and favorably known architect in the employ of the Reduction company, and Miss Louise Potter, a young girl, were married last Monday night. The happy couple will make this city their permanent home.

LA BELLE.
 From the Crescent.
 L. H. Hubert spent two or three days in Elizabethtown this week.

Walter Crane, of Trinidad, has been spending several days with J. L. Dillon and family of this place.

Preparations are under way to begin operations on the Jumbo in a short time.

La Belle is to have a dancing school. The first session will be held Saturday night, and on Tuesday and Saturday evenings thereafter until further notice.

George Hasting's Alice tunnel is now in fifty feet and shows a strong vein of sulphide ore which will probably run high enough to pay to save. No assays have yet been made.

Work is to be resumed on the Midnight at once. There is plenty of ore in sight and on the dump and the mill is in fine condition and it is expected that it is needed to take out gold is to run it.

Rich and Schwartz made a shipment of ore from the Climax and Morning Star workings last week. This has been carefully sorted and tested by assay and it is expected that it will run about \$100 per ton.

SANTA FE.
 From the New Mexican.
 Miss Tossie Call returned from Las Vegas, where she has been teaching school.

J. C. May, Kansas City, and George A. Campbell, Albuquerque, are traveling men registered at the Palace hotel.

Carl A. Frost, of Cerrillos, passed through the city on his way to Chama, where he will take a position in Hon. Samuel Kidder's mercantile establishment.

In the case of H. L. Ortiz against John Patterson for attorney's fees, the jury in Justice Garcia's court rendered a verdict of \$4 in favor of Ortiz. He sued for \$40.

District Clerk Borgers went to Lamy to superintend the loading of wagons with supplies for his sheep ranges in Valencia county.

After a consultation between the young ladies of this city relative to organizing a baseball club, it was decided not to make the attempt this season. It is likely that the baseball suits in which they have been playing have been worn out.

Some good authorities estimate that the opera house of this city will not seat the people who will wish to hear these sweet singers. Reserved seats at Walton's.

Sheriff Kinsell returned from San Pedro, where he sold the engine, boiler, tracks, and other machinery of the Lincoln. Lucky mine to Nell B. Field, of Albuquerque, for \$500 to satisfy a judgment in favor of A. W. Hendry.

Mrs. L. B. Prince met with quite a severe accident in Denver about a week ago. She was alighting from a cable car near Broadway when it suddenly started with a jerk and she was violently thrown on the ground. Fortunately no bones were broken, but she will be confined to the house for some days before fully recovered from the physical shock.

LAN VEGAS.
 From the Optic.
 Col. R. H. Head bought the Shoemaker ranch, near Fort Union.

A postoffice has been established at Brazos, in Rio Arriba county, with Matthew S. Groves as postmaster.

Mrs. J. A. Lohr has received a letter from her husband, on the evening of March 25th, at Rock Springs, Wyo. Mr.

Futrelle buys furniture in car lots and pays the cash for same, and can't be undersold, and don't forget.

STARRED AT PLAY.

Faustina Straw killed by Ricardo Romero—Attributed to an Accident.
 Last night, at 6:30, while playing on the plaza in front of the Arcade, Ricardo Romero stabbed Faustina Straw, a 13-year-old colored boy, with a pocket knife, says the Santa Fe Mexican.

The knife entered the boy's left side near the region of the heart, penetrating the lung and cutting an artery. Romero, seeing his companion injured, placed his arm around young Straw and assisted him to his home on Water street.

Faustina Straw was a newboy on the New Mexican, and was playing with some companions after having sold his papers. He lived in the Cantataria-Martinez house. Dr. Massie was called, and the wound, which looked insignificant enough, was dressed. At 9 o'clock in the evening the boy died.

The coroner's jury, which was called at 9:30 this morning, sat on the case until 11 o'clock and returned the verdict: "Deceased came to his death from accidental causes." Justice Jose Maria Garcia admonished young Romero to be more careful in the future, to carry no arms and seek some profession that would keep him out of mischief and away from the possibility of such accidents.

Ricardo Romero is a young lad of 17. He has attended school considerably. Interviewed, he said in substance: "We were playing on the right hand side of the street in front of the Arcade, and I had my knife in my hand. I said to Faustina, 'Do you want me to stick this knife in you?' He then took his knife out of his pocket, and mine was aimed at him. He stumbled against my knife and fell with his face to the ground."

"When he got up he drew his knife aside and I saw blood on it. He said, 'I am cut.' I took my handkerchief out of my pocket and put it up to the wound to stop the blood. Then I took him by the arm and went home with him."

"After 9 o'clock last night Juan Jaramila was sent after me by Faustina's mother. He was dead and she asked me how it happened."

Railroad Construction.
 The Midland Construction company is making fair progress grading for the roadbed of the G. V. G. & N. railroad. Twelve four-horse scrapers are at work and about three miles of roadbed has been graded. The Midland company will complete thirteen miles of the grade out from Geromino, and will then move their outfit to this end of the line to do six miles of work, beginning beyond the summit southeast of town.

The contract for grading the intervening distance of forty-nine miles has been let to Ward & Courtney, of El Paso, Texas, who will be ready to begin work about April 1, or soon thereafter.

The surveyors arrived at San Carlos last Monday night, to complete the survey of the line near that point.

Two new engines for the G. V. G. & N. railroad have been purchased and will be running within a week.

Ten cars of ties are arriving at Geromino daily.—Globe, Arizona, Silver Belt.

FARMINGTON.
 From San Juan County Times.
 Will Ross will burn 200,000 brick this spring, and will commence work mounding as soon as the water is turned into the ditch.

It is reported that K. C. Foster, of Washington, D. C., will soon come to Farmington for the purpose of looking after his placer mining interests on the San Juan.

L. C. Grove, editor of the Aztec Index, arrived in Farmington, and remained over Sunday. It was his first trip to this portion of the valley, and he was delighted with all he saw.

J. H. Holmes, of the Animas River Land and Irrigation company, left Durango for Denver. It is reported that the ditch company now has the ditch being put in factory condition and that they will immediately put a large force to work.

Chas. W. Cameron, of Iowa, brother of C. W. Cameron, of Santa Fe, is paying a visit to the latter. He is here with the intention of investing in farming land and making this his home. He expresses himself as well pleased with this country and has about decided to purchase a place near Flora Vista.

Thos. Arlington, Jr., and Miss Laura Herrington were united in marriage last Sunday, the ceremony being performed at the Thomas chapel, La Plata, by Rev. Hugh Griffin. Immediately after the ceremony, the couple returned to the home of the groom's parents in Farmington.

According to the Trinidad papers, the University of Denver girls club took the city by storm. Over 600 people greeted the Denver singers and were highly delighted and conceded it the best entertainment of the season. The opera house was crowded to its utmost capacity. Some good authorities estimate that the opera house of this city will not seat the people who will wish to hear these sweet singers. Reserved seats at Walton's.

Words!

In advertising, like everywhere else, create a certain impression.

Actions!

Either verify and strengthen them or grind them to dust.

Our Intentions!

Like those of all other merchants, are to create the best possible impression with our words—our advertisements. Our highest aim is, has always been and will always be, to make the impression we have created a lasting and a growing one—by our actions, our prices and our goods, and by always having the combination of right prices and right qualities. If we say we are giving better values now in all lines, than have ever been offered before in the city, it may impress some that we are selling pretty cheap. This is an impression we can lighten for you, by showing you our goods and quing again our prices. It may impress some (those who have never traded with us) that this is merely "talk," an impression which we can destroy in a minute, if you give us a chance to show you what we are doing. Here are a few items which must be seen to be appreciated:
