## WAR RUMORS TERSELY STATED!

### Officers of the Maine Say the Explosion was External.

#### COURT OF INQUIRY STILL IN SESSION.

Washington, March 21.—It can be stated positively and authoritatively that the report of the court of inquiry into the Maine disaster had not been received up to noon today. Present official information is that the report is not likely to be here before Thursday or Friday. The cause of the delay is not known, but it is assumed that the conclusions of the court are not yet in such exact form as to warrant earlier presentation.

The government has made no further purchase of war ships, but negotiations on that line have been productive of at least one important result, namely, establishing that unless the battleship General O'Higgins becomes the property of the United States it will not be sold at all. Spain will not be able to secure the war vessel. Practically the same condition obtains as to the Argentine armored cruiser, San Martin.

It is undoubtedly true that the Maine's officers who reached here expressed their personal opinion that the cause of the explosion was external.

#### TO INVESTIGATE.

Congress will take testimony on the Constitution of Cuba. Representative Wheeler to-day introduced in the house the following: Resolved, that a joint committee consisting of seven members of the senate and seven members of the house be created to consider the question of our relations with Spain. That such committee be authorized to send for persons and papers, take evidence and report with as little delay as possible the conditions that prevail in Cuba, what part of the Spanish debt is a burden upon the revenues collected in the island, the protection given Americans and American interests by the Spanish and the atrocities of the inhumanities and traitors.

#### RELIEF BILL.

Survivors of Maine Disaster Reimbursed for Losses by Congress.

Washington, March 21.—In the house the speaker recognized Boutelle, chairman of the committee on naval affairs, who called up the bill for the relief of the survivors and victims of the Maine disaster. Boutelle said that the purpose and provisions of the bill were well understood and thought that debate was unnecessary. Boutelle said there was no disposition on his side of the house to debate the bill. Without debate therefore, the bill was read by sections for amendment.

Cannon, chairman of the committee on appropriations, offered an amendment to allow the officers and men twelve months pay without ration in full compensation for losses sustained. He thought that the provision for compensation for actual losses might be of some benefit to the survivors in the temptation of magnifying their claims.

Boutelle explained that the bill had been drawn along the lines of the bill passed for the relief of the Maine victims. The committee did not believe that the survivors should be reimbursed beyond the actual losses incurred.

The house rejected the Cannon amendment and passed the bill unanimously. Representative Cousins made an eloquent speech announcing that the patient and patriotic people were ready for the truth and would do their duty.

The house took up the private calendar.

Naval Court of Inquiry.

Kev West, March 21.—The naval court of inquiry to investigate the loss of the battleship Maine resumed its session this morning on the battleship Iowa.

Senate Adjourns.

Ten Bodies Found.

Chicago, March 21.—The remains of A. M. Peterson, shipping clerk of the W. A. Olmstead Scientific company, and C. H.

eral people escaped by the fire escapes. The elevator boy made a trip to the upper floors and is believed to have perished. It is not believed that any other lives were lost. The burned structure was located between two "sky-scraper" buildings, the Old Colony and Manhattan. Neither was damaged, but there was much excitement among the occupants. Loss on buildings, \$255,000.

Confirmation Chief Justice.

Washington, March 21.—The senate to-day confirmed the nomination of Webster Street, chief justice of the supreme court of Arizona.

WANTS CHANGE OF VENUE.

Gonzales Gives Notice to Court—Demurrer in Water Company's Case Argued.

The case of the city of Albuquerque and the board of education against the Water Supply company of Albuquerque came up before Judge Crumpacker this morning on a demurrer filed by the defendant to the bill of complaint. Childers & Johnson represented the defendant, and Neil & Field and City Attorney Lee C. Platt, for the city.

In the case of the territory vs. Thomas Lyons, the former plea was withdrawn and a demurrer filed by the defendant's attorney.

The case of the territory vs. Edward Yall was dismissed by the territory on account of the plea of former jeopardy.

In the case of the Gonzales, indicted for murder, a notice for a change of venue was given by Attorney Y. Chavez. The matter will be presented some time this week.

Alberto Cavala and Tomas Archibago, indicted for arson, were arraigned this morning and pleaded not guilty. A. H. Wycoff, Horton Moore and Marcus C. Deacon represented the defendants. The defendants were ordered in custody until they furnished a bond of \$1,000 each.

In the case of Klossa Luna de Bergere and Alfredo Bergere, her husband, vs. John Irving, Henry Ward and William Fraser, settlement on change of venue from Valencia county, plaintiffs dismissed without prejudice.

In the case of Minnie Van Bergen-Holward vs. William Leigh Howard, a decree pro confesso was entered and the case referred to Judge Lee as master.

In the matter of the estate of Maximiliano Rayon Gallegos de Abreu, executor, the motion to dismiss the appeal was overruled.

After several motions about civil cases were disposed of the petit jury of the county was empaneled and twenty-five jurors were found, qualified, of which P. A. Lilly, David Keisler and J. G. Karick were excused. Verne No. 2 was issued for seven foremen, returnable at 2 p. m.

This afternoon the case of the territory vs. Oligio Torres, indicted for assault with intent to murder, is being tried. District Attorney Phinley is prosecuting and Horton Moore defending.

COMMERCIAL CLUB MEETING.

Sugar Beet Factory in Sight—A Rio Grande Valley Factory.

The commercial club held a very important business meeting last Saturday night and several matters of vital interest to this community were discussed and decided upon.

A letter was received from Industrial Commissioner James A. Davis, of the Santa Fe, stating that if responsible parties in the country tributary to Albuquerque would guarantee to devote 10,000 acres of land to the cultivation of the sugar beet for the next five years there would be no trouble to get the capital necessary to erect a large sugar beet factory in Albuquerque.

This was an enterprise of considerable magnitude and the members of the club began to discuss ways and means of carrying it into effect. Hon. Sol Luna, of Valencia county, who had been invited to present at the meeting, expressed himself as convinced that the project was feasible and that the necessary capital could be secured.

It was the opinion of the club that a committee should be appointed to work up the best sugar proposition and get contracts with the valley farmers for a specified number of acres each. President Marron appointed on this committee, M. S. Sol Luna, M. S. Otero, L. Miller, W. S. Burke and Wallace Hesselnden.

The committee held a meeting yesterday afternoon and organized by electing Wallace Hesselnden chairman and L. Miller secretary. The country tributary to the city was divided among the different members of the committee, and the work of getting lands guaranteed will commence at once.

Another matter, second only in importance to the above, came up and was acted upon. It was decided to ask the Santa Fe to run an extension through the Rio Grande valley from Denver in June.

The United States meets in that city. The plan is to have the train pass through the valley in the day time; leave Denver at night and arrive in El Paso for breakfast, and reach the city early in the evening, where the party will stay over night and be entertained at the hotel. The next morning the party will go on down to El Paso, and thus the party will have seen the entire valley.

The object is to advertise the advantages of the entire Rio Grande valley and not any particular section of it.

President Ripley, of the Santa Fe, reached the city last night, on his way to the World's Fair at St. Louis. Mr. Ripley interviewed him on the subject of the excursion, and Mr. Ripley expressed himself as strongly in favor of it and advised them to correspond with Vice President Morton and complete the arrangements for the excursion as soon as possible.

## BLACK JACK GANG!

### Last of the Border Desperadoes Shot and Killed.

#### New War Ship Amazonas to be Christened the New Orleans.

#### The Government Will Demand the Debt of Pacific Railway.

#### MURDERED IN INDIAN TERRITORY.

#### El Paso, Texas, March 21.—The "Black Jack" gang has at last been exterminated. Their camp in the Sierra Madre mountains was surrounded by Mormons and the entire party of nine men shot and killed.

February 23, Mrs. A. F. McDonald, a member of the Mormon colony at Mound Valley, forty miles east of Casas Grandes, Mexico, was murdered by two members of the gang and her child killed. The avenging angels of the Mormon church were commissioned to hunt down the murderers, and did their work well.

PACIFIC RAILWAYS.

They Must Arrange to Pay Their Debt to the Government.

Washington, March 21.—The senate committee on Pacific railways to-day decided to report bills for the settlement of the Central Pacific and Sioux City and Pacific debts.

The secretary of the treasury, secretary of the interior and attorney general are created a committee to settle the debt and make such extensions as may be necessary to secure the government's interest. In the case of the Central Pacific, an amendment was adopted providing that the full amount of the government's principal and interest must be paid. No limitation was placed on the Sioux City and Pacific.

To be Named the New Orleans.

Washington, March 21.—Secretary Long has issued an order to-day that the Amazonas cruiser recently purchased at New Castle on Tyne from the Brazilian government hereafter shall bear the name of New Orleans in honor of the principal city of the Louisiana.

DAYLIGHT ROBBERY.

Abx Meyers, Colored, Holds Up an Old Man for \$100.

Abx Meyers, a colored man, followed an old white man to the rear of P. Badaracco's saloon on north Third street at about 1:30 o'clock yesterday afternoon, and terrorized him, taking up \$5 in cash and a check for \$100.

The man who was held up immediately notified the officers and a hunt was at once commenced for the robber. Meyers hid in some adobe in the back in the rear of O. W. Strong's furniture store and when he feared he was going to be captured, he came out in the alley and ran west. Marshal Coburn ran him a race up Tijeras road, and came upon him on the street in front of the church of the Immaculate Conception. He called to him to stop and submit to be arrested. Meyers stubbornly refused to follow the marshal to the jail, and when the latter took him by the arm to lead him, Meyers struck at him, but missed. The marshal applied his billy to the burly negro's head and called upon another colored man to assist in taking him to the jail.

Meyers immediately commenced futile operations on the marshal's colored assistant, but was badly worsted in the combat. He then followed his captors to the city jail under protest, making the air blue with his curses as he did so.

When searched he was found in the cash of the ugly jack which he sported at the time of his arrest.

Meyers will probably have his preliminary hearing before Justice Crawford this afternoon.

Good Advertising Matter.

Secretary Lorion Miller, of the board of immigration has received a sample of Bulletin No. 1, dealing with the climate, mineral springs and schools of the territory, which is a part of the literature which the board is having printed for 1908. The bulletin is of a right size to put in a letter and ought to be very popular.
