FLEET CREWS IN SYMPATHY

With the Mutineering Sailors on
Board the Battleship Kniaz
Potemkine.

IS NOW AT KUSTENJI

Roumanian Warships Will Be Ordered
to Use Force in Order to Protect
That Port.

Bucharest, July 3.—The port authorities at Kustenji, Roumania, have been instructed to call upon the 750 mutineers, who are on board the Kniaz Potemkine, to land from their vessel without arms, informing them that they would be treated as foreign deserters while in Roumania. In the event of the refusal of the mutineers to submit to these conditions or of any hostile actions against the town, the Roumanian warships were ordered to use force. There is much excitement on board the Russian battleship, where differences of opinion among the leaders, some of whom advocate landing in Roumania while others are proposing to return to Russia and joining the other mutinous ships. The prefect of Kustenji has permitted a delegation of the mutineers to enter the town in order to purchase provisions. The sailors report that the Black Sea fleet did not offer battle to the ship but that the crews of the ships openly rejoiced when the rebel vessel left Odessa. The crew of the Russian gunboat, Pse-zouape, now at Kustenji, met some of the crew of the Potemkine ashore and fraternized with them, the sailors embracing each other. The Potemkine is accompanied by a Russian torpedo boat.

Turks Will Prevent Use of Port of
Anadolikavak.

Constantinople, July 3.—The Turkish authorities at Anadolikavak, Asia Minor, at the entrance of the Bosphorus, are taking precautions to prevent the possible use of that port by the mutineers of the Potemkine. The Turks will not permit the battleship to pass through the Bosphorus after sunset.

One Battleship Surrenders to Author-
ities.

Washington, July 3.—The state department has received a cablegram from Ambassador Meyer at St. Petersburg saying that the battleship Georgi Pobledonetz has surrendered and is now in the hands of the authorities. The report also stated that the Potemkine left Odessa Saturday evening, headed directly south towards Constantinople.

Port of Cronstadt Closed.

St. Petersburg, July 3.—Late this evening a rumor is current here that the port of Cronstadt had been closed to foreign shipping and that all commercial vessels there had been ordered to St. Petersburg. No confirmation.

Hunting for Potemkine With Torpedo
Boats.

Odessa, July 3.—The Russian torpedo boat, Smeltiv, manned by a volunteer crew, has left this port to search for and attempt to torpedo the battleship Kniaz Potemkine, last reported in the hands of the mutinous crew at Kustenji, Roumania.

Cruiser Mimne Refuses to Put to Sea.

Cronstadt, July 3.—The crew of the Russian cruiser Mimne refused to put to sea with the other vessels of the active squadron, alleging that the age and condition of the Mimne prevented her participation in the gun practice and the maneuvering. The ring leaders of this mutiny were arrested and the Mimne will be towed close to the fort where she is now anchored.

Surrender of Georgi Pobledonetz
Formally Carried Out.

Odessa, July 3.—The surrender of the Georgi Pobledonetz was formally carried out this morning. The warship's officers went aboard and picked out the ringleaders of the mutiny and several of their followers, all of whom were sent ashore. The city is quiet and many strikers have returned to work.

FRED W. PARKS DECLARED
LIEUTENANT GOVERNOR.

Denver, Colo., July 3.—The supreme court of the state handed down a number of important decisions today. The bond issue for the Auditorium was declared to be illegal. The flat tax which the American Smelter Company fought is sustained. This will mean an increased annual revenue for the state of \$500,000. State Senator Fred W. Parks is declared lieutenant governor.

PHELPS DODGE TO ESTAB-
LISH DEPARTMENT STORE.

El Paso, July 3.—It has been rumored that when the Phelps-Dodge Company erects its new office building at the corner of Franklin and Stanton streets, the lower floor will be devoted to a great department store that will be established by the company.

ARMISTICE UNDER WAY.

Stated That Negotiations for Such Are
Now Proceeding, Presumably at
Washington.

St. Petersburg, July 3.—Negotiations for an armistice between the armies of Russia and Japan, it can be definitely stated, are now in progress, presumably at Washington, but they have not reached the stage where any announcement can be made.

The decision seems to rest with Japan, which country is weighing the relinquishment of the prospects of bettering her present advantageous position against the enormous cost in lives and money of another great battle.

The chances for a decisive and final Japanese victory, it is believed here, are no better now than before. Liao Yang and Mukden and it is pointed out that it is idle to talk of Vladivostok falling like a ripe apple into Japan's hands, before the peace conference meets.

President Roosevelt Sanguine.
Oyster Bay, July 3.—Negotiations looking to peace in the far east are regarded here as having assumed a satisfactory form. President Roosevelt hopes and believes that the armistice between General Linkevitch and Marshal Oyama may be arranged perhaps within a few days.

GIRL HAS NARROW ESCAPE.

Seven Year Old Daughter of B. F. Col-
lins of Raton, Trampled By
Horse at Trinidad.

Trinidad, Colo., July 3.—Fronie Collins, the seven year old daughter of Mr. and Mrs. B. F. Collins had a very narrow escape from death yesterday, under the hoofs of a horse. As it is, her foot is badly crushed and she will be unable to walk for some time. The accident is due, it is claimed, to a careless driver.

With her father and mother the child was going to the Santa Fe depot to catch a train for Raton where the family resides, a line of cars halted there at Commercial Street. The driver of a single rig which was in the waiting line tried to drive around the jam and ran into the child. One hoof of the horse descended upon the little girl's right foot and held it pinned to the ground. The screams of the girl attracted attention to her and she was rescued just in time to prevent her receiving worse injuries.

The name of the driver of the rig could not be learned, as he drove off immediately after the accident. The child's shoe prevented any bones from being broken.

RAILROAD EARNINGS HEAVY.

Combined Rock Island-Frisco System
Expected to Show Increase for
Months of May and June.

Chicago, Ill., July 3.—The earnings of the combined Rock Island-Frisco system for May and June are expected to show over \$750,000 gained in gross, with operating expenses still very heavy. The net earnings will, however, show a very fair increase, too.

The St. Louis and San Francisco is the most persistent revenue producer in the system. The addition of nearly a thousand miles to the railroad operated is a big factor in the figures as published, but the system as a whole is doing better relatively than last year. The new divisions are earning their charges, from new lines in new country during the first year.

The disappointing feature is the heavy expenditure for operating the road. It is a fact that a great deal of this comes in maintenance, but it is also a fact that much is lost in conducting transportation. Signs point to very heavy earnings at the beginning of 1906. It would not be at all surprising if the gross for July and August ran over \$1,000,000 a month.

RECEIVES PATENT ON NEW PLEASURE BOAT.

Chicago, July 3.—Captain J. Larsen, a sailor on the great lakes, has just received patents on a new form of pleasure boat. This boat is supplied with a glass bottom, under which is an electric light which is so placed as to illuminate the water and the bed of the stream or lake for some distance around. A hooded reflector makes it possible to sit comfortably in the boat and witness the curious things in the water below with great ease, and pictures may also be taken by means of a mirror. The captain has in his possession a number of photographs which were taken by this means, and these are said to be quite satisfactory, although they were made when the water was clouded with dirt which had been washed down into it.

SANTA FE TO DRILL FOR ARTESIAN WATER.

It has been announced by authority that within a short time the Santa Fe will drill numerous artesian wells in Colorado to supply water for the system in this section of the country. Wells will be sunk on the Colorado division between La Junta and Denver, for which work the contract has already been let.

ALONZO P. HOGLE.

Who Died in Denver on Sunday Morning from Injuries Received in Alight-
ing From a Street Car.

Sunday morning the community was shocked at the news of the death of Alonzo P. Hogle at Denver, a telegram announcing the sad fact having been received here by his family. Mr. Hogle had gone to Denver last Wednesday. On Saturday evening he was riding on Englewood car No. 55 and as it slowed up at the corner he attempted to alight, falling heavily on his left side. The ambulance was summoned and Police Surgeon Frewitt found no external injuries but Mr. Hogle's pulse was so low that he was readily seen to be in a critical condition, and was hurried to the county hospital. A careful examination revealed the fact that he was suffering from a hemorrhage of the brain from which he died on Sunday morning.

Alonzo P. Hogle was born at Jackson, Jackson County, Michigan, on November 29, 1846. In early life he went to Ohio and thence to Philadelphia, Pennsylvania, where he spent several years studying the art of fresco painting. When a youth he settled at Marshalltown, Iowa, and from there came to New Mexico in 1881. He was captain of the police force at Marshalltown for a number of years. Upon coming to Santa Fe he engaged in the grocery business, afterwards going into the undertaking business in which he was engaged at the time of his death. Mr. Hogle was a prominent Odd Fellow, having been initiated into the order in the Banner Lodge No. 123 in 1863 at Marshalltown, Iowa. He was a past grand master and also a member of Crocker Encampment of Marshalltown. He was a delegate from Aztlan Lodge to the con-

vention which met in Santa Fe in 1886 to consider the establishment of a grand lodge, was a representative to the first grand lodge meeting and a charter member of the grand lodge of New Mexico in which he served three terms as treasurer.

Deceased has been a resident and business man in this city for nearly 25 years and has borne an excellent reputation as a husband and father, as a citizen and business man. He was always honorable in his business dealings and possessed a kind and gentle disposition. A good and patriotic citizen and respected by all with whom he came into personal or business relations. Mr. Hogle served as a member of the city board of education and also of the city council, creditably and honorably. Deceased leaves a widow and four children; three sons, Fred, William, and Harry and one daughter, Maybeth. All were at home when the sad news reached them except Harry who is in camp at the mill of the Yellow Pine Lumber Company. He is expected home tonight. Fred who has been employed on the Santa Fe Central Railway for some time left this morning for Espanola where he will meet his grandmother Mrs. Hull and the remains. In addition to the immediate family and relatives, many friends in this community will mourn his death.

The remains will arrive in this city tomorrow afternoon over the Denver & Rio Grande Railroad, accompanied by Mrs. Hogle's mother, Mrs. Anna E. Hull of Denver. No arrangements have yet been made for the funeral.

JEFFRIES FOR REFEREE.

Old-Time Ring Favorite Will Officiate
at the Hart-Root Fight in Reno,
Nevada, Today.

Reno, Nev., July 3.—The promoters of the Hart-Root fight for the heavy-weight championship of the world to take place here today, have received word that James J. Jeffries had accepted their proposition to referee the fight. After the fight Jeffries will formally bestow upon the victor the championship title.

Interest in the fight is rapidly growing and the fact that Jeffries is to be present will bring hundreds of people.

FOR HEAVY WEIGHT CHAMPIONSHIP.

Reno, July 3.—Jack Root, of Chicago, and Marvin Hart, of Louisville, fight this afternoon here for a purse of \$5,000 and the title relinquished by Jim Jeffries, heavy weight champion of the world. The men will enter the ring at two o'clock, Pacific coast time. Root's weight is 170 pounds and Hart's is close to 195.

HIGH LICENSE CAUSES MANY SALOONS TO CLOSE.

Roswell, N. M., July 3.—Seven out of the fourteen saloons here closed Saturday night at midnight on account of the high license. The license is \$2,425 a year, payable in advance, \$2,000 city, \$25 county and \$400 territorial.

This is independent of the gambling licenses, which are \$251.50 per year per device, in advance. All gambling must come downstairs and be conducted in the open saloon. Alderman J. P. Church, who owns the Oriental Saloon and gambling house, voted in favor of the high license.

BODY LIES IN STATE.

Remains of Late John Hay Repose in
Auditorium of Chamber of Com-
merce at Cleveland.

Cleveland, Ohio, July 3.—Covered with flowers the casket containing the body of the late John Hay was, at 11 o'clock this morning, placed in the auditorium of the Chamber of Commerce where it will remain under military guard until 9:30 o'clock Wednesday morning, when it will be taken to Wade Chapel in Lakeview Cemetery for the last services that it is possible for the family and countrymen to render to his memory. By request of Mrs. Hay the casket will not be opened during the time it remains in the Chamber of Commerce and the public generally will not be admitted to the hall in which the casket rests.

Elihu Root to Represent State Depart-
ment.

Washington, July 3.—Acting Secretary of State Pierce has been advised that President Roosevelt has asked Elihu Root, former secretary of war, to accompany him to Cleveland and to attend Secretary Hay's funeral and to represent the state department on that occasion.

Amory Stevens known as the Volcano group comprising the Volcano, Last Chance, Beulah, Close Call, Franklin, Chicago, Senator, Dewey, Eva, Maggie Mc., Mattie E., Old Glory, and Fairfax lode mining claims situate in the Chloride Flat Mining District in Grant County, George R. Brown United States deputy mineral surveyor, of Silver City, will make the survey.

PROCEEDINGS OF THE COUNTY COMMISSIONERS.

The Board of County Commissioners met in regular quarterly session this morning at 10 o'clock at its office in the court house. There were present Chairman Arthur Sellman, first district, Santa Fe; Commissioner A. L. Kendall, second district, Cerrillos; Commissioner Jose Inez Roybal, third district, Nambe.

The board immediately went into session as a board of equalization and transacted the following business:

County Collector Celso Lopez was ordered to harmonize the tax roll with the return of Cristobal Sena for 1904.

Exemption on \$200 asked for by Manuel M. Roybal was allowed.

The petition of R. E. Twitchell, as attorney for Anna Collins, trustee of the estate of Waldo Collins Twitchell, was referred to the district attorney for adjustment of the assessments for the years 1901, 1902, 1903 and 1904.

The return of Nicolas Gonzales was finally fixed at \$90 on real estate.

The return of the Cherokee, Pittsburg Coal Mining Company was finally fixed at the figure of the return made on July 2, 1904.

The return of the Santa Fe Gold and Copper Mining Company was finally fixed at \$26,000.

The board then adjourned until 2:30 this afternoon.

NATIONAL EDUCATIONAL

ASSOCIATION IN SESSION.

Asbury Park, N. J., July 3.—The forty-fourth convention of the National Educational Association assembled here today for a session extending over five days. Today was taken up with the preliminaries to the formal opening tonight.

KANSAS BANK CLOSES DOORS

First National of Topeka Fails to
Open This Morning for
Business.

OFFICERS EXAMINING

Into Its Affairs—C. J. Devlin, Princi-
pal Stockholder, and One of the
Wealthiest Men in Section.

Topeka, July 3.—The First National Bank of Topeka, of which C. J. Devlin held the major portion of the stock, failed to open its doors this morning, being closed by order of W. H. Rossington, the vice president. Government officers are making an examination of the bank's affairs but will give out no statement. There has also been a slight run on the Central National Bank of which Mr. Devlin owns a large number of shares. Cash to the amount of \$300,000 was deposited in the Central National to offset the run.

Kansas Public Funds in Closed Bank.

Topeka, July 3.—In the closed bank the state of Kansas has over \$500,000 in deposits, the city of Topeka \$39,000 and the county of Shawnee about \$30,000.

Deposits of Over a Million and a
Quarter.

New York, July 3.—According to a recent statement, the First National of Topeka owed depositors \$1,000,000.

De 1 Said to Be All Right, Financial-
ly.

Kansas City, Mo., July 3.—C. J. Devlin was generally credited with being one of the wealthiest men in Kansas. He was the head of twenty different companies, coal mining enterprises and mercantile establishments and for many years has been one of the most active business men in the southwest. His wealth is largely in coal mining properties in southern Kansas, in the vicinity of Marcelline, Missouri, and in Illinois. He also owns a number of coal yards in Kansas City. He is a stockholder in twenty-five banks, his bank stock being estimated to amount to a million dollars. Charles S. Glead, of Topeka, general manager of the Missouri Telephone Company and for many years a business associate of Mr. Devlin, says:

"Devlin's assets amount to about \$7,000,000 and his liabilities do not exceed two millions. These liabilities are debts of the different companies he controls. His personal liabilities are practically nothing."

Mr. Devlin was born at St. Louis 54 years ago.

Apoplexy Caused the Entire Trouble.
Chicago, Ill., July 3.—The whole trouble involving both Mr. Devlin's affairs and those of the First National Bank of Topeka came as a result of an attack of apoplexy two weeks ago and which rendered Mr. Devlin incapable of doing business. Had he remained in his accustomed health, say bankers who are interested in the First National, he would have been able to prevent the trouble.

National Bank Examiner Appointed
Receiver.

Washington, July 3.—The comptroller of the currency has appointed National Bank Examiner J. T. Bradley as receiver of the First National Bank of Topeka upon receipt of advices from the vice president of the bank that its doors had closed.

TALLMADGE CASE POSTPONED.

Preliminary Hearing in Pecos Valley
Land Frauds Will Be Held on
July 15 and 17.

Roswell, N. M., July 3.—The preliminary hearing of B. H. Tallmadge on the charge of subornation of perjury has been postponed until July 15 and 17, when the cases will be heard before Karl A. Snyder, United States commissioner. Mr. Tallmadge arrived here Saturday afternoon from Chicago, and gave out the following interview for publication:

"The gravity of the charge brought by Grosvenor Clarkson, special agent of the government to temporarily cause the practical suspension of our business in the Pecos Valley, and to give the natural enemies of the reclamation of public lands by artesian well irrigation nominal ascendancy for the present, presumably long enough for them to unload their comparatively inferior proposition on a generous government is great and will cause much protest."

BOYCOTT IS COMPLETE IN STRAITS SETTLEMENTS.

Selangor Straits Settlements, July 3.—The Chinese merchants have unanimously resolved to boycott American manufacturers pending the report of the Chinese exclusion act. This completes the boycott by the whole Chinese communities in the Straits Settlements.

ROOM FOR REFORM.

Secretary of War Taft does not like the present jury system and severely criticizes the administration of justice throughout the United States. In an address to the seniors at Yale University, last week, he made comparisons between the administration of justice in the United States and its administration in Great Britain, disparaging to this nation. He said among other things:

"Since 1885 in the United States there have been 121,951 murders and homicides, and there have been 2,862 executions. In 1885 the number of murders was 1,808. In 1904 it had increased to 8,842. The number of executions in 1885 was 108. In 1904 the number was 116. This startling increase in the number of murders and homicides as compared with the number of executions tells the story.

"As murder is on the increase, so are all offenses of the felony class, and there can be no doubt that they will continue to increase unless the criminal laws are enforced with more certainty, more uniformity, more severity than they now are.

"Trial by jury has been adopted in Porto Rico. It has not been adopted by the Filipinos. I do not think it too much to say, however, that it has proven to be a failure thus far in Porto Rico. The first question was in the Philippines, shall it be adopted in civil cases? It would seem unwise. It is by no means clear that in our jurisprudence trial by jury in civil cases is an unmixed good. The abolition of the jury in civil cases would relieve civil suits and would not, I think, with proper appeal, deprive any litigant of an impartial hearing.

"I grieve for my country to say that the administration of the criminal law in all the states of the Union (there may be one or two exceptions) is a disgrace to our civilization. We are now reaching an age when we cannot plead youth, sparse civilization or newness of country as a cause for laxity in the enforcement of law."

Perhaps, a return to the old custom which prevailed at the time when jury trials were first introduced in England would be an improvement. Instead of selecting jurors who knew absolutely nothing about the case to be tried, the sheriff was instructed to secure the jurors from the immediate surroundings of the locality where the deed was committed and summoned such talesmen who knew something about the crime and the more they knew the better they were supposed to be qualified to pass upon the guilt or innocence of the defendant. Be that as it may, there certainly is plenty of room for improvement in the administration of justice, not only in the United States as Secretary Taft claims, but in Great Britain and other countries as well. The administration of justice nowhere in the world, has yet been reduced to an exact science.

The Austro-Hungarian government has issued a call for the assembling of the Hungarian Diet in Buda-Pesth for September 15th. In the meantime the government authorities are busy putting a great big lot of first class, elegant and brand new furniture into the hall where the diet is to meet so as to give its members a chance to do some more smashing and breaking up of furniture. It will be remembered that a few months ago during a session of the diet, every desk, every chair, every table, every divan, every clock, in fact everything that was breakable was smashed. The members of the Hungarian diet are either in league with the furniture dealers of Buda-Pesth, or take out their fiery dispositions in smashing furniture. The baggage smashers of the railroads of this country, and they are a celebrated lot, cannot hold a candle to those wild, untamed Magyars.

The Tammany city government of Gotham proposes to put a stop to Sunday base ball games. Tammany does not care much for the churches but the saloons are losing while the population is watching the base ball games.

SELL AT FAIR AND REASONABLE RATES.

The New Mexican understands that there is a chance for the sale of some of the real estate owned by the board of education in the Fort Marcy Addition. Ever since the donation of the addition to the board, this paper has been in favor of a sale of the real estate for several reasons, the leading ones being: Private citizens becoming owners of the choice lots in the addition will erect residences and improve the lots; after sale the lots will bring a revenue to the city, county and Territory as taxable property; a city ordinance can be enacted requiring the construction of brick sidewalks and crossings on the streets through and bordering the addition; the rental obtained by the city from the buildings at present is small and not of sufficient consideration to keep the real estate as property of the board of education; the increase in value can, in the nature of things, not be very great for some years to come. These reasons will certainly appeal to fair minded citizens as being good and weighty. Therefore, if the board of education has a chance to sell at reasonable and fair figures to all concerned, sales should be affected. The New Mexican does not favor the sale of the property at too low a price, but, as stated above, if fair and reasonable rates can be obtained the property should be sold. It will be of more value to the city as private and taxable property than it is now as property exempt from taxation and owned by the city board of education.

TEACH SPANISH BY ALL MEANS.

The board of education, in its streak of economy, not only intends to do away with the kindergarten but also wants to abolish the study of Spanish in the public schools. As a matter of sentiment as well as business, that seems a mistake. Not only in New Mexico is Spanish taught in the public schools, but the public high schools all over the country are taking it up on account of the vast commercial development which is taking place in the Spanish-American republics and which is bound to be still greater with the building of the Panama Canal. More intimate relations are bound to be established with these republics and the boy or girl who learns Spanish in public school days, will have more of a share in the greatness of this republic and will be better qualified to take up his or her life work than those who have not learned Spanish. Says the Las Vegas Optic upon this point:

"The introduction of Spanish as an elective study in the elementary schools of New York to supplant Latin and stenography, is a step which accords perfectly with our national development. Since the close of the Spanish war we have acquired jurisdiction over Porto Rico and the Philippines, and have been brought into closer commercial intercourse with Cuba than we were before, and these are all peopled by Spanish-speaking races. A knowledge of Spanish has thus attained a much higher commercial value in this country than it did before the war."

NOT YET DECIDED ON ITS MERITS.

There seems to be an impression that the recent action of the Supreme Court of the Territory in the case of the Colorado & Arizona Railway Company vs. the Denver & Rio Grande Railroad Company, in which the latter company was directed to furnish bond in the sum of fifty thousand dollars to respond to the complainant in any damages for occupying the right of way claimed by the complainant in San Juan County and now being built upon by the Denver & Rio Grande Railroad Company should the Colorado & Arizona Railway Company build said projected line in that county, was a victory for the latter road. This impression is erroneous as the case has not been heard at all upon its merits. The facts in the case showed that there were two railroads in San Juan County struggling for a right of way from Durango to Farmington, the location of the line of each crossing the other at various points within that county. The Supreme Court simply held that the two roads could proceed with building at their pleasure, provided a bond was given to hold each other harmless for any damages that might accrue to either road from the fact of the building of the other and the use of the right of way claimed by each. This is what the decision of the Supreme Court means, no more and no less. The question as to the prior right to the right of way and to the location of the grades will be considered when the case comes before the Supreme Court upon its merits.

Concerning the discussion now going on in regard to the deficit in the accounts of the national treasury, the Boston Transcript pertinently says: "A gap of more than \$36,000,000 between revenue and expenditures is a regrettable fact, but the other fact that the treasury has a free balance of \$120,000,000 is a comforting one and demonstrates the absurdity of the talk of the treasury 'going broke.' Of course a balance will not last forever, but it will be in existence long enough to give Congress more than time to raise sufficient revenue to prevent a continuance of deficits."

The Milwaukee Journal comes to the front with the astonishing news "that Milwaukee is full of graft." Thought all the time it was full of beer.

LET NORWAY "GO IT ALONE."

Several members of the Swedish Riksdag are of a warlike disposition and are in favor of having the kingdom adopt strenuous measures to force the Norwegians back into the union with Sweden. On Tuesday, at a meeting of the Riksdag some fiery and red hot speeches were made in that direction. Some of the members talked about having resort to arms in order to save Sweden's honor and a similar lot of rot. As the union between Sweden and Norway was voluntary and was not of a very strong character there seems to be no just cause for coercive measures. If Norway "wants to go it alone" Sweden should consent. Whether this will be the best thing to do remains to be seen, but if the Norwegians really want to set up a government of their own let them try it. Little Switzerland has been a successful republic for so, these many years, and why cannot Norway try the experiment? King Oscar of Sweden, who is pacifically inclined, does not believe in harsh measures and his view is a sensible one. If war ever must come, these belligerent members of the Riksdag should be put into the front rank of the first troops sent to fight and it is dollars to doughnuts that after their first engagement they will lose their thirst for Norwegian gore.

JUDGE A. L. MORRISON'S HONORABLE RECORD.

Judge A. L. Morrison, who retired on Saturday from the office of collector of internal revenue for the district composed of New Mexico and Arizona, held that office for eight years and transacted its duties in a most efficient and creditable manner. The office under his administration was rated A-1 by the inspectors of the treasury department who visited it frequently. During the past twenty years, Judge Morrison has held the following federal offices in this Territory: United States marshal, under the Arthur administration; register of the U. S. land office in this city, under the Harrison administration, and collector of internal revenue under the McKinley and Roosevelt administrations. In all these important positions he has made a most satisfactory and honorable record. He retires to private life with the respect and good will of all those with whom he had official business and with the friendship and esteem of all those who became personally acquainted with him.

It is likely that the Board of Education will at last give people a chance to bid publicly upon part of the Fort Marcy property. All of the vacant lots are desirable building sites and even if the prices realized are not as high as they should be, yet, if the lots are bought with the intention of improving them, the board will gain by their sale, and the city will add to its taxable assessment thus increasing the revenues of both school district and municipality.

The Scenic Highway between this city and Las Vegas should be pushed to completion. The penitentiary authorities, who have part of the work in charge, should place as many convicts as is possible upon construction work and the counties of Santa Fe and San Miguel should do whatever is required of them by recent statute. The road when finished, will be a grand advertising card.

A few days ago Dr. Osler announced that girls with freckles are most amiable. Since then he has received no less than sixty offers of marriage from freckled girls. There is nothing like being popular.

The Filipinos are evidently advancing in civilization. There is a big scandal connected with the gas company in Manila on the tapis.

There is more Catarrh in this section of country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

THE WABASH IN THE LEAD. Joint Agent Norton, who represented twenty St. Louis terminal lines during the World's Fair, has made a statement of the number of tickets passing through the validating office, which shows one-fifth the total number handled were Wabash tickets.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

SPECIAL ANNOUNCEMENT.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Lack of Soldiers and Sailors.

In this country we have been long familiar with the complaint that it is hard to get Americans to enlist in the navy or engage in the marine service. On top of this knowledge comes the news from Canada that it has been found practically impossible to garrison the fortifications at Halifax and Esquimaux with Canadian troops. It is probable that both in Canada and the United States the condition responsible for this reluctance of young men to enlist is the very condition of national prosperity which both countries are glad to record. The industrial and commercial opportunities in America to-day are so numerous and widespread that very much more generous inducements than are now held out to young men, apparently, must be offered to persuade them to abandon the civil for the military life. —Boston Globe.

THE FALL ARMY WORM

Professor Fabian Garcia, of the New Mexico Agricultural College, Tells of Present Pest.

Professor Fabian Garcia, professor and station horticulturist at the New Mexico College of Agriculture and Mechanic Arts at Mesilla Park, has written the following article expressly for the New Mexican. It is particularly timely and gives more of an insight into the pest which is now causing so much damage throughout portions of the Territory:

A number of sections in New Mexico have been infested with a large number of worms (caterpillars) this summer, which are doing a great deal of damage to the alfalfa. This is the crop that the worms prefer. These worms seem to belong to what is known as the fall army worm. The fall army worm is very similar in its destructive work to the true army worm, and in general appearance they look very much alike.

The grasses and cereals form the favorite food for the army worm, while the clovers, as a rule, are not touched. The fall army worm feeds on a larger variety of cultivated plants, including alfalfa. In Nebraska it is called the alfalfa worm on account of its peculiar fondness for that plant.

This is the first time, as far as I know, of the appearance of this pest in New Mexico. There has been no occasion in the past for trying any remedy for the prevention or eradication of the pest. However, the remedies recommended for eastern sections may be used here just as well. Whatever is done to get rid of the worms should be done as soon as they are detected in the field, because any delay means that much more damage to the crop.

Such mechanical means as the mowing of the crop on the edge of the field, where the worms are coming in and burning this crop, are effective, since many of the worms are destroyed with the crop. The march of the worms from one grain field into another can sometimes be checked to a large degree by plowing a steep ditch between them and dragging a log back and forth through the ditch, killing the worms as they crawl into the trench. It is sometimes recommended to dig holes in the bottom of the ditch every few feet. The worms, falling in these holes are not able to climb out, become accumulated, when they can be killed. The ditches may be filled with water and the addition of a little kerosene so as to form a scum, is enough to kill the worms which fall in. Large numbers of worms can also be destroyed by spraying with Paris green or some other poisonous mixture. This, however, must be used with great care and stock must not be allowed to pasture in fields thus sprayed. On annual crops deep plowing, thorough harrowing or rolling help very materially to destroy the hibernating worms and prevent their attack the following season.

In the case of perennial crop, such as alfalfa, fall plowing is not practical but a thorough discing and harrowing will give practically the same results as fall plowing. Very little has been done in checking the ravages of the worms on alfalfa. However, it seems advisable and practical that when the worms appear, in large numbers, on newly cut alfalfa that the stubble be rolled with an ordinary heavy roller. In this way a very large number of worms feeding on the newly formed growth will be crushed. It is hardly practical to roll alfalfa that has made a considerable growth or that is almost ready for cutting, since the alfalfa would be crushed down so that it could not be mowed. In the event of the worms attacking the alfalfa in this stage of growth it would be better to cut it and haul it away, and then roll the stubble.

In the Mesilla Valley the worms made their appearance in a number of farms about the time the first crop was being harvested. Some fields were damaged more than others. No remedial measures were taken at the time. A number of the alfalfa growers who had experience with the worms are of the opinion that our hot sun, shining on the unprotected worms, is more or less fatal to them. It was noticed by a few of the alfalfa growers that soon after the alfalfa was cut and raked that a large number of the worms, which had been feeding on the alfalfa before it was cut, were found dead in the field. After the alfalfa is cut and hauled away the worms are left without any shade to find refuge in the bare stubble of the alfalfa. These persons attribute the dying of the worms to the hot sun, shining on them after the alfalfa was hauled away.

FABIAN GARCIA.

She Remembered.

The theory held by a clerk in a Reading store that results were altogether dependent on the conversational ability of the salesman was jarred somewhat the other day by a woman shopper from the rural districts. The latter was hesitating over a purchase when the clerk, thinking that the display of a little geniality would be effective aid, remarked pleasantly:

"Didn't I sell you a carpet on one occasion when I was in the employ of Mr. H.—? I know we are not strangers."

"Yes, I remember now," she replied, coldly, after eyeing him thoroughly for a few moments. "It faded all out."—Philadelphia Public Ledger.

BOILS AND ERUPTIONS

Have been suffering from Impure Blood for many years, having Boils and other Eruptions. Having heard of S. S. S. I decided to try it, and am glad to say that it has done me a great deal of good. I intend to continue to use it, as I believe it to be the best Blood Medicine on the market. Cleveland Tenn. W. K. DETERS.

For over fifteen years I have suffered more or less from Impure Blood. About a year ago I had a boil appear on my leg below the knee, which was followed by three more on my neck. I saw S. S. S. advertised and decided to try it. After taking three bottles all Boils disappeared and I have not been troubled any since. GHO G. PARTIG

Newark, Ohio, May 23, 1905.
From childhood I had been bothered with bad blood, skin eruptions and boils. I had boils ranging from five to twenty to number each season. The burning accompanying the eruption was terrible. S. S. S. seemed to be just the medicine needed in my case. It drove out all impurities and bad blood, giving me permanent relief from the skin eruption and boils. This has been ten years ago, and I have never had a return of the disease. MRS. J. D. ATHERTON.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board lodging and bathing \$2.50 per day. \$10 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

Fireworks at Santa Fe Hardware and Supply Company.

Grand free barbecue lunch at St. Elmo Club, tomorrow.

The city council will meet this evening in regular monthly session for the transaction of business.

All kinds of good things will be served at the Bon Ton for dinner tomorrow. Read the bill of fare in another column.

The Denver and Rio Grande Railway will sell tickets to all points on their line July 3d and 4th, good returning July 5th, at one fare for the round trip.

A. J. Bishop, who was last week appointed acting agent of the Santa Fe Railway System in this city, has been checked in and has assumed the duties of the position.

Red raspberries from the home gardens have begun to make their appearance on the market and the prospects are that the crop will be very satisfactory.

There will be a special meeting of Santa Fe Lodge No. 2, I. O. O. F. this evening at 8 o'clock to make arrangements for the funeral of the late A. P. Hogle. A full attendance is requested.

J. S. Merton, brick mason of Albuquerque, is helping to build the walls of the high school building, and it now hoped that with the additional bricklayers the construction will not be delayed.

New supply of fireworks at Santa Fe Hardware and Supply Company.

Tomorrow being the National Independence Day it is in order that a generous display should be made of the national flag. Every house in the city should have Old Glory displayed throughout the day.

The regular monthly communication of Montezuma Lodge No. 1 A. F. & A. Masons will be held this evening at Masonic Hall on San Francisco Street at 7:30 o'clock. Visiting Masons are cordially invited to be present.

For the Fourth of July at Berleth's stand in front of the postoffice can be found appropriate national decorations, flag fans, and novelties. Lay in a supply and decorate for the glorious Fourth.

A. E. Rowland and C. H. Miller, of Las Vegas, arrived in the city yesterday. They are bricklayers and will work for Contractor Windsor, on the construction of the new high school building.

On tomorrow, the Fourth of July, the registry and general delivery windows at the postoffice will be open only from 8:30 to 9:30 o'clock in the morning. There will be one collection and one delivery made by the carriers in the morning.

The regular monthly meeting of the city board of education will be held this evening at the office of the clerk of the board should a quorum be obtained. Important business matters are to be transacted and, therefore, every member should be present.

There will be a meeting of the Stephen Watts Kearney Chapter of the Daughters of the American Revolution at its hall in the Governor's Palace at 3 o'clock on Tuesday, July 4th. All members are respectfully requested to be present. Mrs. J. P. Victory, State Regent.

The New Mexican will not be issued tomorrow, the Fourth day of July. The force employed by the New Mexican Printing Company is large and the printers desire a holiday. No substitutes can be had here and hence of necessity the issue of the paper tomorrow must be dispensed with.

Roman candles, sky-rockets, firecrackers, etc., on sale at Santa Fe Hardware and Supply Company.

The automobiles ordered by Governor Otero and Territorial Secretary Reynolds from the Ford Motor Company, of Detroit, Michigan, are expected to arrive here tomorrow. They are

of sixteen horse power and among the finest of touring cars. They can be speeded as high as forty miles an hour on good roads.

Digneo & Napoleon have purchased a hind quarter of a beef which they will barbecue and serve in their saloon tomorrow, beginning at 11 o'clock a. m. Good music will also be rendered in the evening. Come everybody and have a good time.

Winter and Gibson, successors to Mrs. Mary Gold, as proprietors of Gold's Old Curiosity Shop, have increased the stock and today received a large shipment of blankets, drawn-work, pottery and other Indian productions. See their advertisement in the New Mexican.

The Madrid base ball team will be here tomorrow for a game with the Mechanics team of this city. There will be music on the grounds and a good game of ball is promised. The admission fee is low and lovers of the national game should not fail to attend.

Santa Fe lodge No. 259, Fraternal Union of America, will meet in regular session in the Knights of Pythias lodge rooms this evening. There will be installation of officers and the transaction of important business. All members are requested to be present at 8 o'clock, prompt.

The concert given by Professor Perez's First Cavalry Band in the Plaza last evening was enjoyed by as large a crowd of people as has been out to the Sunday concerts this year. The program was entirely of Mexican pieces and was well rendered. La Paloma and La Golondrina were especially appreciated, the former being accorded a hearty encore.

Miss Cirila Romero and Manuel S. Gonzales were married at 7 o'clock this morning at the Cathedral, the Right Rev. Father Antonio Fourchegu performing the ceremony. A large number of invited friends and relatives were present. Both the bride and groom are well known in Santa Fe and have many friends. At two o'clock this afternoon a reception was held at their future home No. 301 Hillside Avenue.

The steamship Seguridad, from Panama for New York, reached the latter port Friday last and brought the body of the late Samuel B. Davis, who was recently appointed chief of police of Panama and who succumbed to yellow fever there a few days ago. His widow brought the body to this country. Deceased was the son of Mrs. S. B. Davis of Las Vegas, formerly of this city, and was well known here where he spent his boyhood, and in Las Vegas where he resided for several years.

The sprinkling cart should be kept in service and the principal business streets and residence avenues of the city should be kept well sprinkled. At present it seems that there is no supervision and sprinkling is done in a very desultory and unsatisfactory manner. The driver does about as he pleases and seems to roam around town without any definite aim or object. The city marshal should see to it that Palace Avenue from Delgado Street to Grant Avenue, Washington Avenue, Lincoln Avenue, Grant Avenue, San Francisco Street, Don Gaspar Avenue, Cerrillos Road, Manhattan Avenue, Gallisteo and College Streets receive proper attention. Many complaints were heard during the recent windy weather on account of the inefficiency of the street sprinkler.

The weather has been just a trifle cool in Santa Fe last night and today and, in order to remedy this, the weather bureau promises warmer weather for tonight and Tuesday. The skies will be partly cloudy, also. Colorado will have thunder showers and warmer weather. On Saturday in Santa Fe the maximum temperature was 83 degrees at 4:35 o'clock in the afternoon, the minimum was 53 at 5:10 in the morning and the mean was 68, the relative humidity being 19 per cent. On Sunday the thermometer did not record higher than 76, this mark being reached at 2:15 o'clock in the afternoon. The minimum was 54 at 1:40 in the morning and the mean

for the day was 65. The relative humidity was 20 per cent. At 6 o'clock this morning the temperature was 48, the lowest it has been in several weeks.

The Good Roads Club this morning commenced work on the highway and public road in the Santa Fe Canon at the main reservoir of the Santa Fe Water and Light Company. The work is being done under the direction of Engineer Arthur J. Griffin and six men and two teams were placed at work. The Good Roads Club also this morning set a force of men at work on the old Tesuque Road from the city limits on Washington Avenue to the divide three and a half miles north of town. There this road will connect with the road to Tesuque which has been so far built under the direction of Jose D. Sena and of which five miles are completed on the ridge of the divide north of town. When these two roads are completed there will be a fine, commodious and safe circular drive of about seven miles, the natural scenery of which is not excelled anywhere in this country. In Switzerland or Norway. Six men and two teams are at work on this road under the supervision of Engineer Arthur J. Griffin.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

TAKE YOUR FAMILY.

To the Bon Ton for an elegant Fourth of July dinner. The grandest spread you ever saw and only 25 cents.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

LADIES!

Read the Bon Ton bill of fare in another column and you will not bother about cooking dinner tomorrow. Have the whole family there.

NATIONAL HOLIDAY.

For the Fourth of July celebration the Santa Fe Railway System will sell tickets to all points in New Mexico and Colorado at one fare plus 50 cents.

Dates of sale, July 1, 2, 3 and 4, good for return limit July 6, 1905.

COAL AND TIMBER LANDS.
I can sell you large tracts of land suitable for mining coal or the production of timber.

HOMES.
I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

and which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract a 500 acres, 7 miles from Las Vegas timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

PLAZA PROPERTY.
To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

I have a nice cottage (double) situate on one side, 4 on the other owner occupies 4 rooms and the rest for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements the other an adobe-brick house, 3 rooms; fruit and vegetable garden; hot water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirable situated, and will be sold cheap.

OUTSIDE PROPERTY.
At El Cuervo, 10 miles from the Rock (sand road, I can sell you about 640 acres; patented; excellent grazing land.

BRIEF BITS OF
NEW MEXICO NEWS.

Mrs. Harvey Hism died at her home in Tularosa last week after a protracted illness.

C. Chavez was arrested at Albuquerque last week for beating his wife and was given a sentence of ten days at hard work on the streets.

Pearce and Bixby, contractors and builders of Roswell, will soon put in a plant to manufacture building brick, building stone, sewer pipe, fence posts and other articles out of cement and sand.

N. Carpenter, representing the Nation Meat and Supply Company of El Paso, was in Tularosa last week and bought thirty-five head of mules and horses at a cost of \$1,200.

Frank Canavan pleaded guilty at Gallup last week to the charge of selling liquor to the Indians and was bound over to the grand jury in the sum of \$500, in default of which he was taken to the jail at Albuquerque.

Last Thursday at Silver City burglars attempted to enter the Columbia Hotel and the store of P. J. Reidlinger but were frightened away before succeeding. The police are on the look-out for the parties but so far have made no arrests.

Otero County peaches are now ripe and the growers are finding a ready market for them at eight cents a pound. There is a big crop, many of the orchardists having been compelled to thin about two-thirds of the crop early in the season.

The citizens of Raton have organized an improvement and protective association and will proceed to beautify that town. The officers of the Maxwell Land Grant have offered to donate a tract of land to be used as a city park and a band will be organized to give concerts therein. W. B. Wrigley has been elected president of the association, M. E. Dawson secretary and Mr. Price treasurer.

The annual election of officers for the Silver City chapter of the Daughters of the American Revolution was held in that city last week and resulted as follows: Regent, Mrs. S. M. Ashenfelter; vice regent, Mrs. W. H. Wilson; recording secretary, Mrs. H. Wilson Brown; corresponding secretary, Mrs. Percy Wilson; treasurer, Mrs. R. P. Barnes; registrar, Mrs. L. B. Morrill; historian, Mrs. Elizabeth Jackson; chaplain, Mrs. Harriet T. Burt; board of management committee, Mrs. S. A. Alexander, Mrs. Effie McAninch and Mrs. George H. Utter; program committee, Mrs. W. B. Walton, Mrs. Elizabeth Jackson and Mrs. L. B. Morrill; ways and means committee, Mrs. W. H. White, Mrs. R. P. Barnes and Mrs. L. B. Morrill.

Cupid is Busy.
Julie F. Wood and Miss Edna Dought were married at Raton last week. Louis W. Black and Miss Sylvia Anna Greaves were married at Albuquerque last week.

John J. Fletcher and Miss Amelia Davis, young people of Pinos Altos, were married at Silver City last week.

H. A. Ezel, day operator for the Santa Fe at Gallup, and Miss Maye E. Gayle, of Port Lavaca, Texas, were married at Gallup last week.

Jesse P. Barksdale, a well known cattle man of Luna County, was last week married to Miss Lily Hall, of Silver City. They will make their home at Mr. Barksdale's ranch near Nutt Station.

END OF OLD HAUNT

"THIEVES MARKET" OF MEXICO TO BE DONE AWAY WITH.

For Years the Scene of Deeds of Dark Crime—There Trade in Stolen Articles—'as the Chief Element of Business.

"The thieves' market of the city of Mexico, famed in guide book and tourist romance, is undergoing at present an encroachment that threatens to place it shortly in the realm of real history," said Mayor Dudley of that city, according to the Denver News. "The ground is being cleared over nearly half the space formerly occupied by the market and the permanent booths are being torn down and re-erected in the smaller space left."

"Tradition has it—and most happily for romance in this fascinating land, traditions in most cases are still as good coin as fact—that the 'thieves' market' stands on the ground of what was once part of the spacious gardens of the 'new house' of Montezuma.

"In the long days gone by this garden of spacious proportions was the scene of many dark and dismal crimes and many were the robberies and acts of violence that occurred there, for it was on a highway much used, and when night had fallen was very dark and dangerous.

"The tale goes of the murder by a powerful officer of the sweetheart of one of his retainers, a crime that rankled in the breast of the poor Indian until, not long afterward, he took revenge and his master lay dead, killed in a drunken stupor by the wronged servant.

"The wronged man, rifling the master's pockets, carried away with him from the house all the trinkets and valuables on which he could lay his hands. Then he hid himself to the protecting shade of Montezuma's gardens, where he hid himself under the trees until the coming day should waken the city and he could pass beyond the guard without molestation. But when he had been hidden only a short while, the alarm having spread, a servant, more zealous in his own interests than to revenge his master's murder, found the guilty man and quickly and thoroughly dispatched him.

"A neighboring gully, which had perhaps served a similar purpose before in these thrilling days, concealed the body, and the third murderer made away with the goods, this time to keep them safe and secure until the excitement had blown over.

"Then, on the very spot which he had stained with the blood of his fellow servant, the wretch set up a tiny stand, with the twice stolen goods as the basis of a little stock, which he sold to the tourists of that day as they passed by the stand in their visits to the famous gardens.

"From this rather thrilling beginning grew a classic market, and today there is the world-famed 'Volador,' where things fly in and out, once and for many long centuries a 'thieves' market.' It is not so many years ago that one counted this market as one of the places wherein to look for goods that had flown away from the house in some mysterious fashion, but now one can say only sadly (from the buyer's point of view) that that day is long past."

Runs at Home.

"How do I keep in condition?" said an ex-athlete. "Simplest thing in the world. I run half a mile every morning."

"Don't you find it hard to find a place to run here in the city?" asked one of his audience. "I should think the police would stop you."

"Not where I run. I do it in my own room. On a track, I can cover a half mile at a gentle jog in four minutes. So every morning I just jog around my room, which is fortunately large, for about five minutes. Then I do a few setting up exercises, which take five minutes more. This ten minute program is enough to keep any man of ordinary habit in fair condition and hold down his girth. But you have to stay with the game—every morning—not once every few mornings. My daily run is now as much a necessity to me as my bath."

"Raise Cain and Holler."

District Attorney Jerome of New York visited Philadelphia not long ago, and delivered a lecture for the benefit of the men who are trying to reform the politics of the Quaker city. At the conclusion of his discourse, which was eminently practical, one of the local reformers went up to him and said, with the air of a man who was about to put a poser: "Your remarks were very interesting, but what would you do if what is known as the 'organization' was composed of the machines of both political parties?"

The pugnacious district attorney from New York did not even pause to think, but exclaimed: "Raise hades and holler murder."—Harper's Weekly.

WERE THE ONLY PRIVATES.

Daughter of Revolutionary Ancestors Made Discovery.

At the reception which followed a convention of Sons and Daughters of the Revolution, one handsome young woman was especially observed. She was not only beautiful, but she bore herself with great dignity. Surely she must come of unusually distinguished lineage, reflected the young man from the West. Having obtained an introduction to her, he could not resist the temptation to ask some questions.

"Your Revolutionary family record," he said tentatively, "is a remarkable one, I suppose?"

"Yes, it is," she replied promptly. "My great-great-grandfather, a Massachusetts farmer, sent his six sons to Bunker Hill, all private soldiers."

While the young man was looking at her, somewhat surprised, she glanced cautiously round, as if fearful of being overheard.

"It is not generally known," she said hurriedly, "that there is a stain upon our record. One of the six became a corporal!"

"Still," she resumed the disgrace of it is lost in the record of the other five, who remained privates even until the surrender at Yorktown. I confess that once I did not appreciate this thing at its true value. But attendance at many gatherings of the Sons and Daughters and hearing the speeches and listening to the records and other statements has convinced me that beyond doubt those five ancestors of ours were the only privates in the Revolutionary armies!"—Youth's Companion.

Who's Got the Button?

It was one day after the call for special alms for the heathen.

The pastor bade her proceed.

"Tell me all," he urged kindly.

"I put a button in the contribution box," she said.

He smiled.

"And did your conscience trouble you?" he asked benignly.

The woman raised her eyes earnestly.

"No, it is not that," she said. "I put in the wrong button and broke a set, and would like to exchange it, if you please."—Washington Life.

WABASH RATES.

On account of the convention of the National Educational Association at Asbury Park July 3d to 7th, the Wabash Railroad has put into effect a rate of one fare for the round trip to New York, plus \$3.35 from there. This ticket will be good either direct or via New York City and it is optional with the passenger to use rail or boat line between Detroit and Buffalo and between Albany and New York. All tickets routed via Wabash Railroad, will be good for stopovers in either or both directions at Detroit and Niagara Falls and at New York on the return trip. Tickets reading via Wabash Railroad will also be good between New York and Asbury Park on steamers of the Sandy Hook line, which arrangement will add a little salt to the trip. These tickets will be on sale from June 28th to July 1st inclusive, and will be good for return till August 31.

Phil P. Hitchcock, G. P. A. of the Wabash Railroad at Denver states that he will be pleased to answer all questions and mail literature pertaining to the trip on request.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal... \$4.00
Combination civil and criminal \$5.00
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address NEW MEXICAN PRINTING CO.

MAXWELL GRANT

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabeth town and Budy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

HIGH GRADE COFFEES.

One of the most important adjuncts of the breakfast table is a good cup of coffee. To make good coffee one must have a good bean and it should be fresh roasted. We have handled as our leading brand of coffee for many years the famous Boston Coffees of Chase & Sanborn. They give almost universal satisfaction and as we sell them in large quantities, buy them often, and as all Coffees shipped by this firm are guaranteed to be freshly roasted the day of shipment, we can assure our customers of fresh goods.

1 pound cans SEAL BRAND COFFEE40c
2 pound cans SEAL BRAND COFFEE80c
1 pound parchment lined bags YELLOW PACKAGE COFFEE25c
5 pound cans SPECIAL MARK G. G. JAVA\$2.00
5 pound towel bags High Grade Coffee\$1.15

All the above grades of Coffee are of exceptional value. Our 25-cent blend packed in the yellow parchment lined bags is the best coffee we have ever seen retailed at the price. Many blends retailed at five and ten cents more the pound have a distinctly less desirable flavor and aroma. For those who like a very mild and pleasing flavor we recommend the Special Mark G. G. Java in five pound tins. This Coffee is especially mild in flavor being a pure Java.

FRESH FRUITS AND VEGETABLES.

It is our aim at all times to have everything possible to be obtained in this line. At present we are receiving regular shipments of Peaches, Apricots, Cherries, Strawberries, Dewberries, Raspberries, Tomatoes, Cucumbers, Wax Beans, Beets, Turnips, Cauliflower, Peas, etc. Naval Oranges are now almost out of market and we discontinued handling them. We have, however, the Late Valencia, and Mediterranean Sweet which are now approaching their best.

UNFERMENTED WINE.

A very pleasing drink for the summer is a line of non-alcoholic wines which we have lately put in stock. There are a number of flavors, including Port, Tokay, Strawberry, Cherry, etc. Port seems to be favorite. Per quart bottle, 30 cents. Per dozen, \$3.25.

JUNKET TABLETS.

Are used for making ice cream and desserts. Directions in each package. Per package, 10 cents.

JELLO AND JELLO ICE CREAM POWDER.

Are much used, the former being a gelatine dessert in a variety of flavors, including chocolate. The ice cream powder is designed to make the manufacture of this luxury the very least possible trouble and to even render the use of canned evaporated cream satisfactory where the fresh article cannot be obtained. Jello, 10 cents. Jello Ice Cream Powder, 2 for 25c.

SANDWICHES.

We have the filling for a very satisfactory variety of sandwiches for picnics and lunches. Deviled and potted ham, beef tongue, turkey and chicken, bloater and anchovy paste, Caviar, Melrose Paste, Chicken, Beef and Cottage Loaf. Also Imperial and Bayles' Deviled Cheese in Pots, Imported Swiss Cheese, Empire Brick and Limberger Cheese.

If you stop to figure out where the true economy in paint buying comes, you'll soon see that the best paint is cheapest. Two-thirds the cost of painting is the labor. It costs just as much to put on poor paint as it does good paint—more in fact because the poor paint doesn't work so easily. But the poor paint won't last as long, it makes you repaint sooner.

Even the apparent saving in cost per gallon is eaten up by the fact that it takes more gallons of the low priced paint.

The true economy is good prepared paint.

THE MONTH OF JUNE.

It Did Not Depart Far From the Normal, Only a Little Warmer and Slightly Wetter.

June, just past, at Santa Fe, was a little warmer and wetter than the average for the last thirty-two years. The average temperature was 66 degrees, the maximum 85 degrees on June 28, the minimum 45 degrees on June 18, the mean maximum was 77.7 degrees, and the mean minimum 53.9 degrees. The greatest daily range in temperature was 32 degrees on June 6, and the least daily range was 11 degrees on June 8. Since New Year, there has been a deficiency of 134 degrees in temperature. The precipitation last month amounted to 1.55 inches, 1.11 inches of which fell during the twenty-four hours from June 7 to 8. This is an excess over the average of .49 of an inch and increased the excess since New Year to 3.22 inches. The prevailing winds were from the southwest, the total movement having been 5,141 miles, an average of 7.1 miles per hour. The maximum velocity was only 32 miles per hour and was from the east occurring on June 6. There were only nine partly cloudy days, one cloudy day, and twenty clear days, fourteen days showing 100 per cent of sunshine and only five below 68 per cent. Two hail storms and seven thunder storms were recorded at Santa Fe during the month.
