DISGUSTINGLY INCOMPETENT

Officers of Black Sea Fleet Hold Positions Through Influence at St. Petersburg.

ROTTEN NAVAL SYSTEM

The Cause of the Mutiny on the Vessels—Russian Papers Are Scathing in Their Remarks on the Regime.

St. Petersburg, July 5.—With the publication in the official messenger of the official account of the tragedy at Odessa, the hand of censorship is raised and all papers are filled with columns of accounts from the foreign papers. Leaving aside the machinations of the revolutionists, the press with one voice declares that the mutiny on the ships of the Black Sea fleet were the result of the rotten system in vogue in the Russian navy, the blue jackets being utterly neglected and the officers living ashore except during brief cruises. Captain Clado, in a long review, affirms that the question of food was a mere pretext, the real cause being a complete lack of sympathy between the men and their officers, most of whom, he said, are disgustingly incompetent. Owing their positions to influence at St. Petersburg they care nothing for the good of the service or the well-being and contentment of the men. Other writers, some of whom are evidently high in the service but who write under assumed names, in the most savage fashion declare that the bureaucracy regime in the navy is only reaping what it has sown and plainly intimate that similar conditions exist in the army. "Fear," says the Slovo, "is the sole basis of discipline in the army and navy and it will prove as poor an instrument for keeping the rank and file loyal to the throne as it has proven in the suppression of discontent among the people. The government should learn the lesson that the soldiers and sailors are beginning to awake as the people have already awakened."

Black Sea Squadron Returns.
Sebastopol, July 5.—The Black Sea squadron, under command of Rear Admiral Kruger, returned here from its second voyage to Odessa. The squadron included the battleship Georgi Pobedonosetz.

More Trouble With Iron Works Strikers.

St. Petersburg, July 5.—The Cossacks fired on the Puffoff Iron Works strikers this morning. The trouble started by the arrest of a youth who was entering the works. The policemen who took him into custody suspected the youth of having dynamite. The latter, on being arrested, drew a revolver, killed one policeman and was himself wounded by another officer. The strikers quickly gathered and the Cossacks charged, using whips at first and then firing a volley, causing several casualties among the strikers. The excitement in the district is intense.

Mutinous Crew Wants Provisions.

Theodosia, July 5.—The Russian battleship Kniaz Potemkin has arrived here and has asked for coal, provisions and medical attention. The mutineers demanded that the authorities guarantee their safety during the stay of the ship here.

Potemkin Endeavoring to Reach Poti.
St. Petersburg, July 5.—The battleship Kniaz Potemkin has arrived at Theodosia, on the eastern shore of the Crimean Peninsula, without the torpedo boat which she towed out of the harbor of Justenji. It is believed the battleship took off the crew and then sank or abandoned the torpedo boat. Reports from Theodosia show dissensions among the mutineers, a portion being in favor of surrendering. The ship is short of provisions and coal and it is believed her career will be soon ended. The ring leaders of the mutiny, however, knowing that their heads are in a noose, have demanded coal and provisions at Theodosia under penalty of bombarding the town. They are trying to make Poti, Trans-Caucasia, where they may get the support of the revolutionists.

LONDON ROWING CLUB WINS SECOND HEAT.

London, July 5.—The Leanders defeated the Vespers club of Philadelphia in the second heat for the grand challenge cup. The Englishmen won by a length. Time 7 minutes and one second.

In the second heat on the semi-finals the Belgians beat the London Rowing Club by three lengths. Time, 7 minutes and 20 seconds.

APPOINTED ASSISTANT GENERAL MANAGER.

Topeka, Kansas, July 5.—General Manager J. E. Hurley of the Santa Fe, has announced the appointment of H. B. Lauts as assistant general manager. T. H. Sears is appointed superintendent of the Missouri division in place of R. J. Parker, appointed general superintendent of the western grand division.

LAS VEGAS HAPPENINGS.

Boy is Killed By a Bronco—Wife Beater Burns His Home, Resists Officers and Escapes.

Las Vegas, July 5.—The past two days have brought their share of accidents and crime to the Meadow City. Mrs. E. S. Lewis was severely injured on Monday by the overturning of her carriage. Her arm was broken in two places and she received other serious injuries.

Dionicio Gallegos, of Upper Las Vegas, after so severely assaulting his wife that it is feared she cannot recover, broke the furniture and burned the house. He then severely beat a constable who attempted to arrest him and fled to the mountains, defying all authority.

In Upper Las Vegas yesterday Jose Garcia, a fourteen-year-old lad, met death as the result of the bucking of a fractious bronco which he was riding. The boy was thrown from the horse and his foot caught in the stirrup. The animal ran away, kicking as it ran, its hoofs tearing the boy's flesh into shreds and crushing his skull. Garcia was the main support of his mother, who with her five children was deserted by her husband about five months ago. The eldest child is blind.

TO HELP THE INDIANS.

Government Will Give Assistance to Native Americans in Territory of Arizona.

Phoenix, Ariz., July 5.—Governor Joseph H. Kibbey has been notified that the federal government is coming to the relief of the Indians who live near Agua Caliente, Arizona, and that they are to have more to eat, better clothes to wear, new wagons in which to ride, and a physician to care for them when sick.

On account of the shortage of water a year ago, the Indians who dwell on the desert near Agua Caliente suffered severely, and some of them perished for the lack of the necessities of life. The plight awakened pity in a missionary by the name of Adams, who was working in their midst, and he communicated with the governor. This was the first step toward relief for the suffering which has now been obtained from Washington.

This is not the first time the Indians have had to call upon Uncle Sam for assistance, but it has been a number of years since the Red Men of this section have obtained such material help.

WIRELESS IS NOW ASSURED.

Trinidad Merchants Subscribe Necessary Funds for Installation of the DeForest System.

Trinidad, Colo., July 5.—H. A. Thenhelm, representing the DeForest American Wireless Telegraph Company, yesterday completed the work of securing enough subscriptions here to insure the installation of a wireless system. Fifteen shares of stock were taken by the citizens of Trinidad, representing an investment of \$5,000. The station will be installed here just as soon as the apparatus arrives, which will be in a very short time. The company will then be ready to do commercial business. Mr. Thenhelm had little difficulty in securing the subscriptions as the investment offers many attractions. He leaves this morning for Denver.

The exact location of the station has not yet been determined but it will be at some down town point. The company has offices in many other cities in the state, and in the east it is an old institution. The wireless is the system which has put the Cook County authorities of Illinois completely at sea by furnishing the floating pool rooms on the lake with a service.

PREPARING FOR WAR.

Swedish Army to Be Mobilized as Means of Impressing the Storching.

Stockholm, July 5.—The Associated Press is in a position to state that an order for the mobilization of the Swedish army has been issued, and that a proclamation to this effect will probably be issued within a week. The mobilization is intended as a means of giving added force to any proposal for a settlement which the special commission appointed by the Rigsdag may make to the Norwegian Storching.

JUDGE ABBOTT RULES AGAINST F. A. HUBBELL.

Judge Ira A. Abbott, of the Second Judicial District Court for Bernalillo County, has rendered a decision in the case of the County Commissioners vs. County Treasurer Frank A. Hubbell. The defendant had withheld a sum of about \$3,000, being four per cent of the liquor and gaming licenses collected in the county and the commissioners brought the suit in order to compel the treasurer to restore the amount to the county funds. Judge Abbott on Monday ruled that the treasurer has no right to the four per cent claimed and ordered that the amount be returned.

Try a New Mexican "Want Ad."

PREVENTED BY PRIDE

Russia Is Perfectly Willing for an Armistice, But Hates to Ask.

NO NEWS GIVEN OUT A SMALL ASSEMBLAGE

When Peace Negotiations Begin the First Statement to Be Made Will Be of Terms.

St. Petersburg, July 5.—The situation regarding an armistice is as follows:

"Russia has formally signified to President Roosevelt her desire for lasting peace, not only by the appointment of plenipotentiaries who will be accompanied by eminent experts fully empowered to conclude a treaty subject only to the ratification of the respective governments, but as a final step has indicated her readiness to suspend hostilities. She has avoided formally asking for an armistice as a matter of pride.

Great Reticence Will Be Observed.

Washington, July 5.—An understanding has been reached between the Russian and the Japanese governments which will apply the American jury practice of reticence to the deliberations of the peace plenipotentiaries who are to meet in this city early in August.

The plenipotentiaries will agree that from first to last no information in relation to the demands of Japan or of Russia and nothing relative to the concessions that either country may make will be made public until terms of peace have been agreed upon. After the plenipotentiaries meet the first information that is to be given out will be a statement of the terms of peace that have been agreed upon.

News of Activity in Manchuria.

Tokio, July 5.—The following dispatch was received today from the headquarters of the Japanese army in Manchuria:

"At 8 o'clock in the morning of July 1 six hundred of the enemy's cavalry advanced towards Pinnu River, 12 miles northeast of Kanpku. We repulsed them. One hundred and fifty of the enemy's cavalry and mounted infantry with 18 guns simultaneously attacked Shispeku, eight miles northeast of Pinnu River. The engagement lasted until dawn of July 2 when the enemy was repulsed. The enemy's casualties were over 400, while ours were ninety."

MUST DEPEND ON PUMPING.

Irrigation Ditch at Mesilla Park Rendered Temporarily Useless By Recent Floods.

Mesilla Park, July 5.—The big rise of the Rio Grande has at last demonstrated its bad effects on the whole valley. The river changing its course as it did above here, left the mouth of the main ditch practically on dry land, especially when the river is in its normal condition. This makes it impossible for the valley to get water for irrigation until a large sandbar at the mouth of the ditch is removed. This will take some time and as the farmers are now busy saving the record crop of alfalfa, they will not quit their work to repair the ditch; they had rather be sure of the second crop of hay than run the risk of neglecting it to get a third crop. Everyone who has a pumping plant is now running it full force; some are pumping at night.

Although there were many late frosts in the valley, there is a great deal of fruit. The early peach crop is being shipped at the present time, and the pears will be marketed this week. The fruit raised here in the valley has such a delicate flavor that there is never any trouble in finding a market for it.

SUPERINTENDENT McNALLY TO GO BACK EAST.

El Paso, Texas, July 5.—J. F. McNally, for a number of years past the superintendent of the Rio Grande division of the Santa Fe, expects to leave for the eastern grand division of the Santa Fe about the 10th of the month. He has not yet learned to what division he will be assigned. Before he came to the Rio Grande division and at intervals afterwards, he held positions on the eastern grand division.

L. U. Morris, formerly trainmaster on the Rio Grande division and lately superintendent at Wellington, Kansas, will succeed Mr. McNally at San Marcial.

GRADING OUTFIT GOES TO SANTA FE LINE.

El Paso, July 5.—Fifteen cars of grading material passed through El Paso over the Texas & Pacific yesterday and today, belonging to the Morrissey Contracting Company, on the way to the Belen cutoff. There were eight cars of horses and seven cars of wagons, graders and the other equipment incident to a grading outfit.

LAST HONORS TO JOHN HAY

Body of the Late Secretary Is Laid to Rest in Cemetery at Cleveland.

A SMALL ASSEMBLAGE

Present On Account of Wish of the Family So Expressed—Government Work Ceased in Respect.

Cleveland, Ohio, July 5.—At almost exactly noon today the body of John Hay was laid to rest in Lakeview Cemetery. Around the open grave at the last moment stood with bowed heads the President and Vice President of the United States, the members and ex-members of the present cabinet and the men who had in former years served with the late secretary in office as the official family of President McKinley. There were many others who would willingly have paid tribute to Mr. Hay but it was the wish of the family that the assemblage should be small.

All Government Offices Closed.

Washington, July 5.—All government offices were closed this morning out of respect to the memory of the late Secretary John Hay. Governor General Wright has cabled from the Philippines of the receipt of the news of the death of Mr. Hay and states that orders had been given for all government works to cease in the islands, all departments to be closed, and all flags to be hung at half mast.

Memorial services were held this morning at the church of the Covenant to which the public was invited. A large crowd attended, attesting the respect and esteem in which the late secretary was held. The state department continues to receive messages of condolence from abroad, among them being a cablegram from the American minister to Turkey.

INDEMNITY BOND FOR \$50,000.

Furnished in Accordance With the Order of the Supreme Court in the Railroad Case.

In the case of the Colorado & Arizona Railway Company vs. the Denver & Rio Grande Railroad Company, heard at a recent session of the Territorial Supreme Court, the appellee, the Denver & Rio Grande Railroad Company, has filed with the clerk of the Supreme Court of the Territory the indemnity bond in the sum of \$50,000, ordered by the Supreme Court. The bond was issued by the National Surety Company of New York and was approved by Clerk Jose D. Sena of the Supreme Court on Monday last. The Denver & Rio Grande Railroad Company is now enabled to proceed with the construction of its line in San Juan County and will suffer no interference or interruption for the time being on account of the prior right of location of grade and line claimed by the appellant in the case. The Denver & Rio Grande Railroad Company will proceed with construction until the case is heard upon its merits by the Supreme Court and the decision therein rendered.

DISASTROUS MINE EXPLOSION.

Causes Instant Death of Nine Men and Serious Injuries to Many Others in West Virginia.

Roanoke, Va., July 5.—A disastrous explosion occurred at the Tidewater coal mine at Vivian, West Virginia, today, causing the instant death of nine men and the injury of four score of others. Details are meager but it is known that in addition to the nine dead, 15 have been rescued in a dying condition. There are thirty more men in the mines who are almost certain to have perished.

FRENCHMAN WINS INTERNATIONAL AUTO RACE.

Las Champ, France, July 4.—The international automobile race for the James Gordon Bennett cup started at 6 o'clock this morning. There, the French champion, was first off, followed by the eighteen contestants, including three Americans.

There, the French automobilist, won the race for the James Gordon Bennett cup, finishing in seven hours and eighteen minutes, elapsed time. The distance was four laps of about 78 miles each.

WORK TRAIN GRADING TRACK NEAR VADA.

El Paso, July 5.—Encouraging progress is being made by the Santa Fe work train which is making its headquarters in El Paso. The shovel is stationed at the gravel pit at Courchesne, and the ballasting material is being unloaded at present in the vicinity of Vada, Dona Ana County. The track is being raised two or three feet in height at that point. Roadmaster Walker is in charge of the work.

OFFICIAL MATTERS.

Postmaster Appointed.
Josephus Crowley has been appointed postmaster at Central, Grant County.

Notary Public Appointed.
The following notary public has been appointed by Governor Otero: Frederick Muller, Santa Fe, Santa Fe County.

Forest Service Examination.
Forest Supervisor Leon F. Kneipp today commenced the examination of eight applicants for the position of ranger in the United States forest service. The examination will occupy three days and consists of a three hour mental examination and the remainder of the time spent in field work.

Meeting of U. S. Land Commission.
The United States Land Commission held its regular meeting Monday, July 3, at 4 o'clock in the office of the commissioner of public lands at the Capitol. Present, Governor Otero, Surveyor General M. O. Llewellyn, A. A. Keen, ex-officio secretary. Absent Attorney General George W. Prichard.

The minutes of the last meeting were read and approved, after which the board transacted routine business, and adjourned to meet at the next regular meeting, Monday, August 7, 1905. **Furniture Formerly in New Mexico Building at St. Louis Exposition to Be Sold.**
The furniture, pictures, etc., which were in the New Mexico building at the Louisiana Purchase Exposition at St. Louis during last year's fair, have been unpacked and after appraisement will be placed on sale by Treasurer Arthur Seligman of the New Mexico Board of Managers. This, it is expected, will be done next Monday. The furniture has been at the local depot of the Santa Fe Railway for some time. There was a large overcharge for freight made by the packing and shipping firm in St. Louis which packed and shipped the furniture. This amounted to \$253, which, owing to the efforts of Treasurer Seligman, was finally reduced to \$308, for packing and hauling to the St. Louis railroad depot.

Work of Geological Survey in New Mexico.
The following work by officials of the Geological Survey of the Department of the Interior will be made in New Mexico during the six months ending December 31, 1905:

A reconnaissance economic investigation of mining districts will be made by W. L. Danner, assisted by L. C. Graton. A reconnaissance investigation of the Gallup coal field in the northern part of the Territory will be made by F. C. Schrader, under the supervision of M. R. Campbell, assisted by M. K. Shaler. A geologic reconnaissance of the northwestern part of the Territory will be made by Whitman Cross, assisted by W. H. Emmons, L. H. Woolsey and G. F. Kay.

The mineral statistics of New Mexico will be collected by F. A. Jones. M. S. Bright will have charge of a party doing precise leveling between Albuquerque and Silver City.

An investigation of the quality of water available in the Territory for purposes of irrigation will be made by S. K. Baker. Underground water conditions in Rio Grande Valley will be investigated by Willis T. Lee. Streams in the southern part of New Mexico will be investigated by J. M. Giles.

VICTIMS OF THE FOURTH.

Only Thirty People Killed and 1,677 Injured in the Celebration of the Day.

Chicago, July 5.—According to dispatches received by the Record-Herald from 150 of the principal cities of the United States, thirty people were killed and 1,677 injured, by explosions of firecrackers, firearms, gunpowder and toy pistols on the Fourth of July.

THE SANTA FE'S GIFT TO SALVATION ARMY.

San Bernardino, Cal., July 5.—The Santa Fe will add much to the cause of charity tomorrow when it will furnish as a free gift to the Salvation Army trains to the beach for that organization's annual picnic to the poor children of Los Angeles. It is an annual custom of the Salvation Army to entertain the poor children at the beach, and the Santa Fe will contribute to the outing of the children by furnishing all the coaches which may be necessary, besides the locomotives which are to draw them. The picnic will take place at Redondo.

MAYOR OF PHOENIX RESIGNS HIS OFFICE.

Phoenix, Arizona, July 5.—After serving less than two months, and because the city council removed from office a municipal water works commission which he appointed and they had approved and then substituted a second commission in its place, J. C. Adams, mayor of Phoenix, has tendered his resignation to the city council. The quarrel in the council was over the question of the immediate future sale of city bonds for the construction of a city water plant, Mayor Adams favoring the purchase of the old plant.

CLOSING OF TWO BANKS

Directly Due to Failure of C. J. Devlin, President of Both.

PETITION IS FILED

In U. S. District Court Asking That Banker Be Declared Bankrupt in Favor of Kansas City Creditors.

Washington, July 5.—The comptroller of the currency has appointed National Bank Examiner D. A. Cook as receiver of the Spring Valley National Bank of Spring Valley, Illinois, upon advice received from Mr. Cook that the bank was closed. The comptroller has also appointed J. Macsholt as receiver of the First National Bank of Toluca, Illinois, upon advice from the vice president of the bank that it would not be open for business this morning. The suspension of these banks is due to the failure of C. J. Devlin, who was president of both. The capital of the Spring Valley National is \$50,000 and of the First National of Toluca is \$100,000.

Unable to Make Statement Yet.

Peoria, July 5.—D. A. Cook, national bank examiner, who was appointed as receiver of the Spring Valley Bank of Spring Valley, Illinois, was unable to make a statement today as to the condition of the bank's finances and of the amount owed the bank by the Devlin estate. There was no run on the institution when its doors were closed.

Petition Filed in Court.

Topeka, Kans., July 5.—A petition to declare C. J. Devlin a bankrupt will be filed in the United States district court today in behalf of the Kansas City creditors.

Will the State Be a Preferred Creditor?

Topeka, Kans., July 5.—The condition of the half a million of dollars of state funds in the First National Bank is causing much discussion among state officials. T. T. Kelly, state treasurer, believes the state will be considered a preferred creditor, as the money was left in the bank in the ordinary course of collection and not as a deposit upon which interest was drawn. J. T. Bradley, receiver for the First National says he does not believe the state will be a preferred creditor and that it will have to take its chances with the other creditors. Mr. Bradley says it will be 10 days before he will be able to give a statement of the liabilities and assets.

RESOLUTIONS OF RESPECT.

To the Late Alonzo P. Hogle Are Adopted By the City Council at Its Last Meeting.

The city council met in regular session Monday evening at 8 o'clock in the mayor's office. Mayor Gibson presided and City Clerk Monteleone was at the desk. Councilmen Anton, Baca, Castillo, Garcia, Kauns and Lopez were present. Owing to the death of Councilman A. P. Hogle, the council passed the following resolutions, after which it adjourned until Monday, July 10.

Whereas, Alonzo P. Hogle a member of this body, has suddenly departed this life under circumstances which have caused the great grief in this city and the deepest sense of loss among his associates in the council, therefore be it

Resolved, That our sympathy and condolence be extended to the wife and family of the deceased. That as an expression of our sorrow the members of the council and the city officials do attend in a body the funeral services of the deceased and do adjourn this session out of respect to his memory. Be it further

Resolved, That these resolutions be spread upon the minutes of the council.

COUNTY COMMISSIONERS IN MONTHLY SESSION.

The board of county commissioners is holding its regular monthly meeting today at its rooms in the court house. Present, Chairman Arthur Seligman, first district, Santa Fe; Commissioner A. L. Kendall, second district, Cerrillos; Commissioner Jose Inez Roybal, third district, Nambe.

SECRETARY APPROVES BONDS OF LAND OFFICIALS.

Washington, July 5.—Secretary Hitchcock has approved the bonds of David C. Fleming, register, and Charles B. Timberlake, receiver, at the land office at Sterling, Colorado. These officials were compelled to execute new bonds because of the consolidation of the Akron and Sterling land offices.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THE ATTACKS ON GOVERNOR OTERO BY THE ALBUQUERQUE JOURNAL.

"Governor Otero is doing the right thing in hearing the charges against the accused officials in Bernalillo County."—Las Vegas Optic.

The Optic is right, although the Albuquerque Journal, the corporation sheet in the Duke City, alleges that Governor Otero is investigating the charges against Frank A. Hubbell, treasurer and ex-officio collector, Thomas S. Hubbell, sheriff, and Esalvio Vigil, superintendent of schools of Bernalillo County, in order to bolster and help himself to re-appointment. The Journal of late has become very friendly to Frank A. Hubbell because the latter has become an ostensible stockholder of the Albuquerque Water Supply Company whose schemes to obtain the extension of its valuable franchise to furnish the city of Albuquerque with water, the Journal has supported. The Journal in its Saturday's issue asserts that, after the Hubbell combine in Bernalillo County had been beaten by its efforts, the Governor stepped in and ordered a hearing of the charges filed against Hubbell et al in order to serve his own personal ends and to help himself in his campaign for re-appointment.

The swell headedness, egotism and reckless ignorance of that sheet are amazing and are becoming more marked daily. When and where its efforts to hurt the Hubbell regime and undo its power in Bernalillo County were successful is not known to any one outside of the Journal office and by the men who control it in order to further their own schemes and money making projects. The paper claims to have "downed" the Hubbell regime during the last election. Look at the facts. At the last Bernalillo County convention the Hubbell combine was strong enough to re-nominate its head, Frank A. Hubbell, to be treasurer and ex-officio collector, the best paying and most important office in the county; it re-nominated Thomas S. Hubbell for sheriff, the office which yields more political power than any other; it re-nominated Esalvio Vigil as superintendent of schools, the office which reaches the people more closely than any other, and what is more it elected these three men, whom the Albuquerque Journal had been fighting for a year and against whom it made most serious and damaging charges, by very, very heavy majorities to the offices for which they were re-nominated by the county convention, which was absolutely and unequivocally under the thumb and doing the will of Frank A. Hubbell, et al. That is what the Albuquerque Journal calls a victory and the undoing and the destruction of the Hubbell element in politics in Bernalillo County. The claim of the paper that the same charges, filed a short time ago by District Attorney Frank W. Clancy with Governor Otero against the three men named, had been presented to the Governor last year and had not been acted upon, but that now since that bombastes furioso had beaten the Hubbell combine horse, foot and dragons and had destroyed its political influence in Bernalillo County, the Governor benefited by the victories claimed by the Journal, and ordered the hearing held during last week by him in the matter is absolutely and unqualifiedly untrue. This assertion is in line with the falsifications, misrepresentations of fact and down right lies concerning the administration and political matters in the Territory, which have of late filled the columns of the paper. These are the facts and are substantiated by the records, the pipe dreams of the Journal to the contrary notwithstanding. Governor Otero's course needs no defense; it is its own justification. When the charges against the three officials named were properly presented to him in accordance with the statute in such case made and provided he acted speedily, ordered a hearing and made a careful, thorough and painstaking investigation of them. He has granted the defense in the case of Frank A. Hubbell until the

15th of July to file briefs in its behalf; he has granted an extension of the hearing to Thomas S. Hubbell, sheriff, to the 15th of August on account of the serious illness of the sheriff's wife. The testimony in the case of Esalvio Vigil, school superintendent, is now being considered and his finding and action thereon will be made public in due course of time. The people believe that Governor Otero has acted properly, timely and within the duties of his office in the investigation. The Journal charges that he has acted improperly, unfairly and from selfish and dishonorable motives therein. Governor Otero has been before the people for eight long years. They will judge. On the other hand, it has been well demonstrated for years that the Albuquerque Journal is simply being used by its owners for their own unscrupulous ends and for the success of the selfish money making schemes they have on hand. The Journal has no politics, but attacks right and left any administration, any official, any newspaper or any citizen opposed to the aims and schemes of its owners. That is its only religion. It is well illustrated in the case at issue. For a year it assailed Frank A. Hubbell most bitterly and vindictively. As soon as Mr. Hubbell became a stockholder in a corporation in which its owners were interested, everything changed. Everything was condoned and forgiven. He was whitewashed and as the New Mexican has said heretofore he was placed before the people upon a pedestal, clad in a white toga with soulful eyes uplifted to heaven, with palms outstretched to the people and under the pedestal the Journal wrote, "I stand before you with clean hands and pure motives," and all on account not "of Sarah" but simply because he had joined the clique which owns and controls the editorial policy of the paper.

RAILROAD BUILDING THE PAST SIX MONTHS.

The Railway Age of June 30, gives a synopsis of railroad building in the United States during the first six months of this year. The total is disappointing, it not reaching 1,300 miles and New Mexico not having a single mile of railroad construction to its credit during that period. Says the Railway Age:

"Although there are upward of 7,000 miles of new railroad under construction in the United States, the mileage of track laid during the first half of the year is less than that for any similar period since 1898. The first half of the year has been devoted largely to grading, which work was delayed in starting, or retarded in progress, first by the severe snowstorms of late winter and later by the heavy rains of the early spring. But among the mileage to be completed during the next six months, the Railway Age mentions 600 miles in New Mexico by the Santa Fe system and it might have added 75 miles by the Denver & Rio Grande, possibly 200 miles by the Colorado & Arizona and about 60 miles by the Santa Fe Central, not to speak of several branch lines under construction in Grant and Colfax Counties." The Railway Age in conclusion, speaks very optimistically, saying: "Money is abundant for legitimate undertakings, the outlook for crops and for business generally is good, the prices of rails and other supplies have been determined, and for the rest of the year work will be pushed actively on numerous roads in almost every state and territory. Several lines of considerable length now under construction will not be completed this year, and the work will be carried into the following year, and numerous enterprises will be started which will not reach the track-laying stage before winter stops them; but from present indications, the mileage of track which will be laid in the next six months will compare favorably with that for the last half of any recent year."

THE REFORM SCHOOL.

The Outlook at White Oaks in criticizing the appropriation of \$5,000 by the last legislative assembly for the Reform School, says that the school has not been located yet. The site for the school was selected two years ago and is at El Rito, Rio Arriba County. The main building of the institution is under roof and considering the number of mere boys in the penitentiary, it cannot open its doors too soon for the reception of young miscreants who under proper influences may become useful citizens but who if thrown into association with hardened criminals are bound to continue a detriment to the Territory. He who essays the role of a critic should fully inform himself upon the subject he seeks to criticize.

Of the ten prisoners brought to the penitentiary last week from Rio Arriba County, nine had not yet reached the age of thirty and the only prisoner who exceeded that age was the father of one of the other convicts. A visit to the penitentiary will prove that most of the criminals in the Territory are young men who are just starting out upon a career of crime. In view of that fact, there is not need of much argument to prove that a reformatory for boys convicted of crime, is indeed a most necessary territorial institution.

General Valeriano Weyler, formerly captain general of Cuba, has been appointed minister of war by King Alfonso. The king is evidently of the opinion that the lessons administered to General Weyler during the Cuban campaign in 1898 have made the latter a able soldier and a competent administrator of military affairs.

RECENT CONVICTIONS FOR MURDER IN NEW MEXICO.

"It has been repeatedly asserted that no Mexican jury that could be empanelled in Socorro County would convict a Mexican of the crime of murder. Escolastico Tais was convicted of murder in the first degree by a jury consisting of seven Mexicans, one Italian, and four Americans, and Canuto Carrillo was convicted of murder in the second degree by a jury consisting entirely of Mexicans. It is now in order for somebody to acknowledge frankly that he was mistaken."—Socorro Chieftain.

It should be added to this that during the recent term of court for Rio Arriba County, presided over by Judge John R. McFie, convictions in four murder cases were had by a jury which consisted entirely of native born citizens of Mexican or Spanish descent and wherein the defendants were of the same class. It is becoming conclusively established that the charge that no native born citizens of Mexican or Spanish descent will be convicted by a jury of citizens of the same race for murder or any other high crime is groundless these days and is untrue.

Melville E. Stone, general manager of the Associated Press, in his interesting article in the Century Magazine on this great news gathering corporation tells in the July number that, contrary to general belief, the Associated Press reporters in the larger villages and smaller cities are far superior to those of large cities. They are more accurate, better informed, more sincere and have more originality than those from the big cities, whose chief claim to distinction is their bumptiousness. What he says of the Associated Press correspondents also applies to other newspaper workers in the small and large towns. The mistakes in one issue of a Denver or Chicago or New York newspaper, the exaggerations, the distortions, the lies, would wreck almost any country weekly or small city daily. And yet, there are people, who flare up over an excusable error in their home paper and swallow a score of them in their big city daily without flinching, and often not even noticing them, for the city daily is only skimmed over while the home newspaper is read.

Something like 200,000 people will leave the United States this summer to travel in Europe and the average sum expended by each individual will not be far from one thousand dollars, or \$200,000,000 altogether, five times the total assessed valuation of the Territory of New Mexico. If that stream of well-to-do humanity can in future years be deflected to the Rocky Mountains instead of going to the crowded, busy resorts of Europe, it would not only be a great financial gain to the west but would also be rendering a service to those who imagine that the only place to spend a vacation is in Europe.

France and Germany, according to all appearances, will not fight over Morocco. This will be a great relief to the newspaper men of this country as they will not have to wrestle with the unpronounceable names of towns and locations in Morocco. They certainly have had enough of that sort of business during the past eighteen months when handling the war news from Manchuria and the Chinese seas.

Roads from Santa Fe to the northern part of the county should be improved and placed in good condition. There is a valuable trade in that section which is tributary to Santa Fe and which would come here were good roads the rule instead of the exception.

It looks as if there would be considerable fighting in Manchuria before the peace envoys of Japan and Russia meet in Washington. Considering the present situation in other parts of the Russian empire Czar Nicholas has not yet reached the end of his troubles.

They are now praising Russell Sage because as a member of Congress he was a silent man. While in Congress they swore at him for not talking.

A Commercial Club has been organized in Socorro. If properly managed the work of the club will do the town much good.

There is more Catarrh in this section of country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

THE WABASH IN THE LEAD.

Joint Agent Norton, who represented twenty St. Louis terminal lines during the World's Fair, has made a statement of the number of tickets passing through the validating office, which shows one-fifth the total number handled were Wabash tickets.

THE YEAR 'ROUND.

The Bon Ton does business at the old stand, and people who go there once will go there again. Why? Because they get the best and more for their money than any place in Santa Fe. Go once and you will go all the time.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

SPECIAL ANNOUNCEMENT.

An invitation is extended to any white merchant outside of New York City, or his representative, whose name appears in Bradstreet's or Dunn's Commercial Agency Book, to accept the hospitality of our Hotel for three days without charge. Usual rates, apartment with private bath, \$5 per day and up, without meals. Parlor, bedroom and private bath, \$35 per week and up, with meals for two. New York merchants and editors are requested to call the attention of their out of town buyers and subscribers to this advertisement.

GALLATIN HOTEL,
70 W. 46th St., New York City.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

VISITING CARDS.
Engraved cards de visite and wedding invitations a specialty at the New Mexican printing office. Any one standing in need of such will do well to call at this office and examine samples, style of work and prices.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver tablets. For sale by all druggists.

LEARN TO SAY NO.
When people ask you to eat elsewhere than the Bon Ton, always say "no," for that is the best short order house in the city. Also regular meals may be had, either in the public or private dining rooms.

"A POINTER."
Good whisky brightens a sluggish brain; bad whisky will make a sluggish rd out of you. "Uncle Sam" joins us in securing you only the purest at "THE CLUB."

CLIMATE AND CROPS.

Bulletin Issued By the U. S. Local
Weather Bureau, C. E. Linney,
Director.

Santa Fe, N. M., July 3rd, 1905.
The last week was warm and dry, only a few light and widely scattered showers occurred and rain is generally needed. Streams are running low and mountains, except a few higher peaks, are free from snow.

The harvest of wheat, rye and oats has made rapid progress in southern valleys and is beginning in central, while the early small grain will be ready to cut in northern districts at the close of the week. Good yields are being secured and the grain is of good quality. The second cutting of alfalfa continues in southern valleys, and the first has generally been secured in northern counties and the higher districts.

Corn is doing well, the increasing warmth being favorable; garden truck is plentiful, also early fruits, while trees and bushes give promise of abundant later harvest. Worms, insects and grasshoppers are reported in many sections and are causing considerable damage, but it is thought the loss will not be so great as first reports indicated, the army worm, especially, is disappearing in some districts.

Stock continues in fine condition and range grass is good, although the dryness is causing it to show signs of early curing in some of the eastern counties.

The following notes are taken from the reports of correspondents:

Albuquerque — J. G. Mora — Hot during most of week, with some wind; alfalfa and other farm crops much damaged by worms.

Alto — W. H. Walker — Still dry and hot; crops looking well, even upland crops doing well; first cutting alfalfa all in stack; highest temperature 90 degrees, lowest 44 degrees.

Arabela — A. M. Richardson — Grass and grain doing nicely; hot weather.

Artesia — Wm. Benson — Crops in good condition; first crop of alfalfa cut; high southwest winds last of week; highest temperature 98 degrees, lowest 70 degrees, no rainfall.

Aurora — J. C. Lucero — Very dry with high winds; nights cool, apparently some damage to potatoes by light frost; rain needed.

Bell Ranch — C. M. O'Donel — Last week like whole of June hot and dry, relieved by a few thunder showers; crops doing poorly; grass plentiful and strong; highest temperature 100 degrees; lowest 72 degrees; rainfall 0.19 inch.

Benham — Frank Miera — Very hot, no rain, not even cloudy; grass turning dry but plenty of it; high winds; green worms doing considerable damage to grass as well as plants of all kinds; shearing progressing rapidly; little hope of good crop native hay because of high winds.

Cerro — E. D. Leon — No rain and very dry.

Chimayo — Jose P. Trujillo — Very hot; river low; good crop of alfalfa; no rainfall.

Cliff — T. J. Clark, Sr. — Dry and windy, river getting very low; alfalfa yield light, no water for first crop, dams and ditches all destroyed last winter; corn looks well. Fruit trees dying and fruit drying up on trees from want of water; grass on range needs rain; cattle and other stock look well.

Coalora — Clement Hightower — Hottest week of season, cultivated crops have made fine growth; wheat and rye ripening fast; grass beginning to show lack of rain, but showers came Thursday and Friday, some hail on the mountains; considerable snow still to be seen on Sierra Blanca, reported to be from 5 to 20 feet deep in the canyons.

Deming — C. B. Bosworth — Clear hot, dry week; highest temperature 102 degrees, lowest 60 degrees.

Elizabethtown — Geo. E. Beebe — Crops and range in good condition yet; streams drying up very fast and rain would be beneficial; highest temperature 83 degrees, lowest 32 degrees, no rainfall.

Espanola — Frank McBride — A warm week, very little wind and no rain; vegetables greatly damaged by worms; highest temperature 94 degrees, lowest 47 degrees.

Estancia — P. A. Speckman — Warmer nights, growth of vegetation more rapid; some oats and grasses being cut and put up; new potatoes coming to market; corn doing well; range in splendid condition; local showers have aided, but more rain needed.

Folsom — Jackson Tabor — Hot and dry until the 29th, when good shower refreshed everything; heavier to south and east of station, causing quite a flood in Dry Cimarron; grasshoppers and worms appearing in some places, promise to cut second crop of alfalfa short; highest temperature 87 degrees, lowest 49 degrees, rainfall 0.37 inch.

Frisco — J. R. Milligan — First cutting of alfalfa under way, yield not large; corn, oats and wheat looking fine; no rain, dry and hot.

Los Alamos — Wm. Frank, Sr. — Continues dry and rather windy, but crops making some headway; nights very cool, refreshing crops from heat of day; 0.24 inch in shower of 29th; grass and water on range good.

Mesilla Park — R. H. Hart — Second cutting alfalfa secured, large yield; wheat harvest about over and a good yield; peaches are ripe and being marketed; plums ripe.

Ojo Caliente — A. Joseph — Hot, drying southerly winds continue and crops and grass needing rain; hoppers doing considerable damage;

Stops Chills.

Cures Cramps.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take as much as a box of cathartics every day. I could have an action on my bowels. I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."
B. F. Fisher, Roanoke, Ill.

ANNUAL SALE, TEN MILLION BOXES

highest temperature 88 degrees, lowest 60 degrees.

San Rafael — Chas. M. Grover — Everything growing but rain would be welcome; early spring beans setting; last of week windy and hot, but showers on surrounding mountains; highest temperature 97 degrees, lowest 47 degrees, clear skies and no rainfall.

El Rito — P. Lopez — Very hot and dry; sufficient water for irrigation; alfalfa and other farm crops in good condition; first cutting of alfalfa being made and is a fine crop.

Glencoe — Anna Coe — Hot and dry; first crop of hay just harvested, very heavy yield; water falling rapidly in streams.

Hobart — W. H. Hough — Wheat ready to cut, quality good; army worm destructive to gardens; grasshoppers have appeared; fruits excellent.

Las Vegas — Wm. Curtiss Bailey — Crop conditions very favorable; local hail storm covering area of previous week, did some damage; highest temperature 95 degrees, lowest 48 degrees, rainfall 0.34, sunshine about 91 per cent.

Logan — W. L. Besse — Two good showers this week improved the looks of things; crops, fruit and grass looking fine.

Los Lunas — Chas. F. Jones — Hot and dry, rain needed; grasshoppers plentiful but too late to damage wheat; army worm did considerable damage to young alfalfa after first cutting, and very little damage to apples in some orchards but are now gone; no damage to wheat—too far advanced; wheat harvest now started and fine yield in sight.

Manuelito — W. A. Tarr — Nights cool, days warm and windy, rain needed; insects working badly on vegetation; stock doing nicely.

Mora — Z. S. Longuevan — Farmers through cutting and housing alfalfa, yield good; continued high winds; corn suffering for want of rain; wheat and oats look good, but some complaint of worms doing damage.

Mountainair — John W. Corbett — Very hot and dry, some damage done to peas and other garden stuff; corn and field crops doing well; plenty of good grass and cattle and horses in better condition than at any time in last two years; highest temperature 96 degrees, lowest 47 degrees, trace of rain.

Pinos Wells — B. Salas — Excessive heat during days, but nights cool, no rain; crops doing well, but rain needed.

Roswell — U. S. Weather Bureau — Dry, hot week; shower of 30th beneficial to stock ranges and crops; highest temperature 98 degrees, lowest 53 degrees, rainfall 0.22 inch; sunshine about 84 per cent.

Santa Fe — U. S. Weather Bureau — Warm, dry week, and rain beginning to be needed, river running low; lawn, gardens, orchards and fields still in excellent condition, although insect and worm damage considerable; garden stuff plentiful, also early fruits; temperature practically normal, highest 85 degrees, lowest 48 degrees, trace of rainfall; good showers in surrounding country, especially to north and northeast.

Truchas — S. Martinez — Very hot week, nights cool, some wind; crops in good condition; grass looks good.

Tularosa — Edward Tietze — Water in ditches getting low, gardens suffering some, but orchards, fields, grapes and alfalfa getting on well; some corn on upland six feet high; highest temperature 100 degrees, lowest 64 degrees, rain 0.33 inch.

Valley — John M. Archie — Very hot and dry, with considerable wind; light showers; truck patches growing nicely; grasshoppers doing some damage; range in good condition, stock doing well; more rain needed.

Colmor — W. H. Fulweller — Good growing weather, but considerable wind; three light showers amounting to 0.04 inch, more rain needed for grass on range; shearing well along and averaging high; cattle doing well. All field crops but corn needing rain; insects damaging beans, radishes and cucumbers.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing \$2.50 per day, \$10 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

PERSONAL MENTION

Miss Bessie Overhuls spent the Fourth with friends in the Meadow City.

Alejandro Montes y Vigil, of Pena Blanca, was a business visitor in the city today.

H. J. Champlin came over from Glorieta and spent the Fourth in the Capital City.

C. R. Divine of Taos, celebrated the Fourth in Santa Fe. He returned to his northern home today.

Miss Otero returned Monday from a three weeks' sojourn at the Field cottage on the Pecos River.

Pedro Martinez, merchant at Golden, was in the city today purchasing goods with which to replenish his stock.

Ralph C. Easley, storekeeper of the Albuquerque Eastern at Moriarty, enjoyed the Fourth with his parents in Santa Fe.

Mrs. J. S. Candelario and daughter, Allison, who have been in California for some time, returned to the Capital City this afternoon.

Adolph Webber, sash and door manufacturer of Milwaukee, Wisconsin, is visiting his son, Joseph, who is a guest at the Sanitarium.

Manuel R. Otero, register of the United States land office, spent the Fourth with his family in Albuquerque, returning to the Capital City today.

Mrs. Frank Zink arrived in Santa Fe yesterday afternoon from Estancia and left this morning for Las Vegas, where she will make her home with Mr. and Mrs. J. W. Records.

Barry Fulton and wife, of Kansas City, were visitors in Santa Fe today, taking advantage of the free side trip from Lamy. They are en route to the coast for the summer.

Elmer Sayle, of Lamy, spent the Fourth of July with his grandfather, Charles H. Haspelmath, in this city, and returned to his home at Lamy on this evening's train.

J. B. Adams and J. E. Lane, ranchmen from Cimarron, were arrivals in the Capital City late Monday evening. They combined business with pleasure while in Santa Fe.

H. S. Lutz left last evening for Albuquerque, where he today assumed the duties of joint agent for the Atchison, Topeka & Santa Fe Railway and the Santa Fe-Pacific Railroad.

W. G. Sargent, auditor of the Territory, returned yesterday from a visit in El Rito. Mr. Sargent speaks in glowing terms of the agricultural prospects for this season in that district.

Fred Parrish and family, of Albuquerque, are visiting friends and relatives in the city. Mr. Parrish is well known in Santa Fe, having formerly been in the undertaking business with T. P. Gable.

Victor Luera, a sheep raiser in the vicinity of Willard, Valencia County, spent yesterday in the city on a visit to relatives and to enjoy the Fourth of July. He returned south on today's Santa Fe Central train.

Hugh H. Harris, of St. Louis, who has been in Denver for several days, was a passenger on last night's Denver & Rio Grande train from the Colorado city. He is a guest at the Dockweiler ranch at Tesuque.

A. H. Ireland and family, of Espinola, were visitors in Santa Fe yesterday. Mr. Ireland has a force of men cutting ties in the mountains east of the city and left for the camp this morning, his family returning home.

Luciano Lobato and Jose Teudesque arrived this morning from Lamy and transacted business in the city. They returned this afternoon, making the trip overland. Rain is needed very badly and travel is uncomfortable because of the dust.

Hon. Amado Chavez, assistant superintendent of public instruction, left this morning, via the Denver & Rio Grande Railroad, for Plaza del Alcalde to attend the teachers' institute of Rio Arriba County which is now being held in that town.

A. L. Grimshaw, travelling freight and passenger agent of the Santa Fe Central, was a passenger this morning for Willard where he will superintend the loading of several hundred head of sheep, purchased by Snyder and Roeder of Fort Morgan, Colorado.

P. C. McCreary, wife and child, left this morning for Colorado Springs, from which place they will go to Illinois, where they will make their future home. Mr. McCreary has been foreman of the New Mexican news rooms for the past eight months.

W. A. Snyder, senior member of the Snyder & Roeder live stock firm of Fort Morgan, Colorado, arrived in the city on last night's delayed Denver & Rio Grande train and left this afternoon for points in the Estancia Valley, where he has gone to purchase sheep.

Bert S. Phillips, the well known artist and painter, arrived in the city

yesterday from Taos. Mr. Phillips has been painting the Indians and Pueblo scenery in Taos and Rio Arriba Counties and has come to Santa Fe for a rest of several days. While here he will transact other business.

J. W. Orchard, of the engineer corps of the Albuquerque Eastern, arrived in Santa Fe Monday evening and says that the construction of the road is progressing rapidly. A twelve mile cut through solid rock is being made in the mountains east of Moriarty and although this is slow work, he is of the opinion that track laying through the cut will commence in a few weeks.

Antonio Salazar, sheep man of Pinos Wells, Torrance County, arrived in the city Monday and left today for his home. He came to visit his wife who is here under medical treatment and whom he found greatly improved. Mr. Salazar stated that stock conditions in southeastern Torrance County are as satisfactory as could well be, although it is quite hot and dry at this time.

George W. Harbin, immigration agent from Waterloo, Iowa, is a guest at the Normandie. Mr. Harbin has just returned from a trip in the Estancia Valley and says that he has never seen a prettier spot, from an agricultural standpoint, than that section of New Mexico. He expects to return to the east in a short time and will make preparations for bringing a number of families to the valley.

Pascido Garcia, of Velarde, was among those who arrived Monday evening from the north. He came partly on private business and partly to spend the Fourth of July with relatives in town. Mr. Garcia brought the news that the army worn in great numbers has appeared in the valley of the upper Rio Grande and is doing great damage to the second cutting of alfalfa as well as to vegetables, corn, wheat and oats.

James C. Vick, of Russellville, Kentucky, is in the Capital City. Mr. Vick is a school teacher in the Kentucky town and has a sister-in-law who is troubled with pulmonary affections. Mr. Vick is looking for a suitable location for her so that she may have the benefit of the dry air of the "Sunshine Territory." He is well pleased with Santa Fe and from present indications will have the girl come here.

Mr. and Mrs. Harry Umbrage were arrivals last night in Santa Fe from Kansas City. Mrs. Umbrage is a sister of Mrs. John Hampel. Mr. Umbrage was formerly in business in Santa Fe but for the past several years has been engaged in the meat business in the Missouri city. They will make Santa Fe their future home, as Mr. Umbrage has taken a position with the Santa Fe Meat and Live Stock Company.

Miss Sara A. Evans and Miss Margaret W. Evans, of Philadelphia, Pennsylvania, who are on their way to California for the summer, took advantage of the free side trip from Lamy and visited in Santa Fe yesterday and today. They are of the opinion that the Santa Fe Railway Company made a great mistake in not having the Capital City on its main line as the climate and historic attractions are far superior to those of any other city in the Territory.

A party from the Duke City took advantage of the cheap rates on the Santa Fe Railway and spent the day yesterday in the cool and invigorating air of the Capital City. They say the benefit derived from the air in Santa Fe more than compensates for the inconvenience in making the trip. The party consisted of Misses Sarah Ross, L. May Donaldson, Ellen McClure, Ethel McClure, Ethel Hayden, and Mary H. Baskerville; E. P. Thompson and W. A. Skinner. They returned to Albuquerque today.

Hon. Martin Sanchez, of Punta de Agua, Torrance County, was in the city yesterday and today on a visit to friends and to enjoy the cool climate of Santa Fe. Mr. Sanchez is one of the best known and honored citizens of his county. He has represented Valencia County in the House of Representatives of the Territorial Assembly six times and served with great ability and honor to his people and credit to himself. Mr. Sanchez states that conditions in his sections are of the best and as favorable as he has ever seen them during his long residence there of over thirty years. Agricultural crops will be grand, especially corn, beans, oats, vegetables and fruit. In his own orchard of over two hundred fine fruit trees he will have a great crop. Work on the Eastern Railway of New Mexico in his vicinity is progressing rapidly and many men are at work in Abo Pass. Sheep are in the pink of condition and both the lamb crop and the wool clip have been very satisfactory. His son, Gregorio Sanchez, will be married at Punta de Agua on the 20th instant, to Miss Rachel Baca. Mr. Sanchez has many good friends in the Capital who are always glad to see him.

IRELAND'S PHARMACY

MINOR CITY TOPICS

Meeting of the New Mexico Horticultural Society at the Capitol tonight will be an interesting one. Let everyone come out.

Born to Mr. and Mrs. F. E. Nuding, at Albuquerque, at 11 o'clock on Saturday, July 1st, a baby boy. Mother and child are doing well.

The stork visited the home of Mr. and Mrs. B. S. Morris, at Santa Cruz, yesterday morning and left a bright baby girl. Mrs. Morris is a sister of Mrs. Leo Hersch and is well known in Santa Fe.

On the Fourth of July there was born to Mr. and Mrs. John Fletcher, of Albuquerque, a son. Mrs. Fletcher, who was formerly Miss Bettie Cross, is at the home of her mother, Mrs. F. R. Cross, in this city. The mother and child are reported as doing nicely.

The fire works at the home of Mr. and Mrs. T. B. Catron, on Grant Avenue, were enjoyed by a number of people last night. Many pretty rockets were sent up in the clear air. Pin wheels and other fixed designs added to the evening's entertainment.

The following persons were callers at the rooms of the Historical Society Monday: H. Hansboro and wife, Raton; Mr. and Mrs. A. P. Tarkington, Santa Fe; Mrs. W. T. Cook, Edwardsville, Illinois; Miss Edith Reel, San Pedro; Mrs. R. L. Douthitt, and children, Santa Fe.

Arthur Seligman, chairman of the board of county commissioners which is holding its regular meeting today, celebrated the Fourth at his home on Upper Palace Avenue with appropriate fire works. A number were attracted to places of vantage and enjoyed the evening's entertainment furnished by Mr. Seligman.

Although there was plenty of noise and lots of fire works, the Fourth in Santa Fe was almost without accident or disturbance. Two or three men imbibed too freely and the marshal was forced to put one of them in the city jail for safe keeping. Charges were preferred against him for violating the city ordinance in regard to fast driving in the city limits, for cruelty to animals and for being drunk and disorderly. This was the only arrest made and in fact was the only one necessary to be made.

While sitting in the grand stand at the ball game yesterday afternoon, Mrs. J. V. Conway's dress was set on fire by a fire cracker. Mr. Conway was severely burned about the hands and arms in extinguishing the blaze and Mrs. Conway was slightly injured. Boys were throwing fire crackers promiscuously around the grand stand and had been cautioned several times by a number of people. These cautions only served to make the miscreants more aggressive. Such boys as these should not be allowed the use of fire works as they endanger both life and property.

The southern portion of New Mexico has been having temperatures during the past few days of from 99 to 102 degrees and the forecast for tonight and tomorrow is for still warmer weather for these sections. Santa Fe will have fair weather with practically stationary temperature. On Monday the maximum temperature in the Capital City of the "Sunshine Territory" was only 77 degrees, the minimum being 48 at 3:30 in the morning and the mean 62. The relative humidity was 20 per cent. On the Fourth the maximum in the city was 83 degrees at 3:45 in the afternoon, the minimum was 49 at 5:30 o'clock in the morning and the mean was 66. The relative humidity was 20 per cent. The temperature at 6 o'clock this morning was 51 degrees.

The wedding in the window of Seligman Brothers dry goods store yesterday morning was largely attended by friends of the contracting parties who extended their congratulations and best wishes. Presents were numerous and many of them costly.

The ceremony was very pretty and the attendant bridesmaid and best man were at their best. The flower girl and page attracted attention by the manner in which they attended to their duties. James Van Arsdell had his cab prettily decorated with flowers and ribbons and a path of rose leaves was laid from the window to the cab at the store and from the cab to the train at the depot. The happy young married couple left on the Denver & Rio Grande train yesterday morning for Denver, from where they will go to New York and sail for Europe to be gone a month or more.

The ball game yesterday was witnessed by a large crowd of enthusiastic fans. The game was a close one and in doubt until the ninth inning when Madrid succeeded in securing three runs and the game. One objectionable feature of the afternoon's sport was the continual rag-chewing of one of the players of the Madrid team. Then too, several decisions by the visiting umpire were on the shady side of fairness and one practically decided the game in favor of the visitors. With the one exception, the Madrid players are gentlemen on the diamond and Santa Fe welcomes them to the city. The game resulted in a victory for Madrid by the score of 11 to 8. The general opinion prevails that had it not been for George Parsons and William E. Parsons, who played with the Madrid team, the game would have been easily won by the home team.

FOR NEW SCHOOL HOUSE.

Committee Reports to Board of Education Concerning Unfitness of First Ward Building.

The city board of education met in regular monthly session on Monday evening at the office of Judge N. B. Laughlin, Charles F. Easley, Jose Segura, Sixto Garcia, Pedro Roybal and James L. Seligman present; absent, T. B. Catron and A. C. Ireland. In the absence of the president, Vice President N. B. Laughlin presided. The minutes of the previous meeting were read and approved. Communications were read, among which was the resignation of Mrs. Grace B. Hall as principal and teacher of the first ward school. Bills were reported favorably by the finance committee and ordered paid by the board. The treasurer's report was read and adopted.

The committee on buildings and grounds reported on two routes for the sewer from the new high school building and the one leading west and passing between the Presbyterian Church and the Manse was adopted by the board. Bids for furnishing the sewer pipe were opened and read. The bid of the Santa Fe Hardware and Supply Company for 151-2 cents per foot for six-inch pipe being the lowest, that firm was awarded the contract and the committee was instructed to proceed with the trenching and the pipe laying as rapidly as possible and on the best terms.

A special committee was appointed to notify certain parties of delinquencies and to make the notification in no uncertain terms.

A special committee appointed to examine the school house in ward No. 1 reported that the building, situated at the junction of Cathedral Street with De Vargas and Garcia Streets, was in a dilapidated condition, dangerous to public safety, badly lighted and ventilated, entirely unfit for school or any other purpose and a disgrace to the board and to the city. The committee recommended that the building be condemned and that other rooms in the neighborhood be rented for school purposes until such time as a new building could be erected. The committee further reported that the ground now owned by the board and occupied by the building is not large enough to accommodate a new building and it recommended that the adjoining land on the south be purchased and a new building immediately constructed which would accommodate the school children of that ward. If the additional ground cannot be purchased at a reasonable figure then it is the recommendation of the committee that condemnation proceedings be instituted and the land condemned for school purposes as provided by law. Steps should then be taken to erect a two-story brick school building to consist of one room below and one above, with such ante-rooms as may be necessary and desirable. The report was received and adopted by the board and the committee was instructed to make further investigations and report at the next meeting.

The committee on teachers reported the selection of Professor J. R. Williams, of Columbia, Missouri, as principal at a salary of \$100 per month for the school term, and Miss Elizabeth DuVal of this city, as principal and teacher of the first ward school at a salary of \$55 per month for the school term. The report was unanimously adopted. Professor Williams is a young man, 28 years old and unmarried. He is a graduate of Columbia University, Missouri, has had several years experience in high school work and comes highly recommended. He takes an interest in school athletics.

The committee on buildings and grounds reported that the outside woodwork and the roof of the second ward school house had been painted, and the board instructed the committee to have the interior of the building repaired and calcimine, the black boards fixed and the fence and out-houses put in first class condition. The committee was also instructed to have painted the roof of the large building at the corner of Palace and Lincoln Avenues which contains the library rooms, said painting to be done at fifty cents per square. The committee was further instructed to notify certain private parties that block 5 in the Fort Marcy Addition, situated in front of the Palace Hotel and bounded on the east by Washington Avenue, on the south by Marcy Street, on the west by Lincoln Avenue and on the north by Federal Street, containing ten lots, could now be purchased for \$3,000, but that if no sale could be made privately the plat of said block would be changed so as to make twelve lots instead of ten and these lots would be sold at public auction on Saturday, July 22. In this connection the following resolution was offered by Judge N. B. Laughlin and unanimously adopted by the board:

Whereas, the board of education of the city of Santa Fe desires to dispose of a number of the unimproved lots in Fort Marcy Addition, to raise money to complete the public school building, and whereas, a number of people have expressed a desire to purchase some of these lots, and, whereas, Mr. Charles Wagner has kindly tendered his services to sell such lots as the board may desire to offer for sale, and whereas, in the opinion of the board it will be more advantageous to the school funds and more satisfactory to the people to sell a portion of such unimproved lots at public auction.

Now, therefore, be it resolved by the board of education of the city of Santa Fe that a special committee of three members be appointed to advertise and offer for sale all or any portion of the lots in block 5, Fort Marcy Addition on or before July 22, 1905, and that such sale be held upon the ground so offered for sale, and to begin by offering lot No. 1 in said block 5, with the privilege to the purchaser of said lot No. 1, to take any or all of the lots in said block 5 at the same price; and that said Charles Wagner be requested to offer said lot or lots for sale at public auction as auctioneer, and that the terms of sale for any or all of said lots be not less than 25 per cent. cash down and the balance in deferred payments, upon the condition that the purchaser or purchasers furnish to the board satisfactory evidence that said lots will be improved by the purchasers or their assigns within eighteen months from the date of the sale by the construction of a house upon each lot which shall cost not less than \$2,000 each, and that the deed or deeds for the purchase of said lots be held in escrow until the board shall be satisfied that said improvements shall be made as above specified.

There being no further business before the board it adjourned.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico and Colorado: Fair weather tonight and Thursday with warmer weather in southeast New Mexico tonight.

Monday the thermometer registered as follows: Maximum temperature, 77 degrees, at 4:20 p. m.; minimum, 48 degrees, at 3:30 a. m. The mean temperature for the 24 hours was 62 degrees. Relative humidity 20 per cent.

Yesterday the thermometer registered as follows: Maximum temperature, 82 degrees, at 3:45 p. m.; minimum, 49 degrees, at 5:30 a. m. The mean temperature for the 24 hours was 66 degrees. Relative humidity, 20 per cent. Temperature at 6:00 a. m. today, 51 degrees.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or suitable for light housekeeping. Some of them within five minutes walk of Plaza.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

HOMES.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

I have a nice cottage (double) at rooms on one side, 4 on the other, owner occupies 4 rooms and the rest for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stable and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements, the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to save an intended purchaser. They are desirably situated, and will be sold cheap.

OUTSIDE PROPERTY

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Have your stationery printed by the New Mexican Printing Company.

IRELAND'S PHARMACY

A HEALTHY FAMILY

Is the one that can rightfully boast of pure blood. When the rich, red wine of life is coursing through the veins it imparts vigor and strength to the body and healthy action to all parts of the system. A healthy family is a wealthy family; it may be poor in worldly goods, but possessed of a priceless jewel that all the riches of earth cannot buy. A healthy family may not carry in their veins the blood of titled nobles or distinguished ancestors, but vigorous health is always an evidence of the best and purest blood, for the vital fluid contains all material necessary for the making of bone and muscle and the growth and development of the body, and upon its purity rests our chances for good health. When the body is fed upon weak, sickly blood the system languishes, growth is stunted, disease enters without hindrance, and the simplest maladies are apt to develop into serious sickness. In so many ways does the blood become contaminated that the fewest number succeed in keeping this life-giving, health-sustaining fluid in a pure and natural state. We inherit the disease-tainted blood of ancestors, parents transmit to their children such impoverished and weak blood that their lives are a continuous battle against disease, and from earliest infancy are harassed by sores and the most dreadful skin eruptions, and heirs to some old family disease. No one has a right to throw upon the shoulders of posterity a disease that might have been cured, or allow the blood to remain impure without an effort to restore it to health. Rheumatism, Catarrh, Scrofula and many of the severer forms of skin diseases are frequently inherited, and only the most thorough constitutional treatment can remove them. Bad blood is responsible for more ill health than all other causes combined; it absorbs the poisons that gather in the system, and the germs and microbes floating in the air find their way into the circulation, and old sores and ulcers, Eczema, Boils, Malaria and a long train of other diseases follow.

If you do not come of a strong and vigorous family and your blood shows evidence of impurity, nothing will so quickly bring it back to a healthy condition as S. S. S., the most widely known and popular blood remedy on the market. It purifies and builds up weak, sluggish blood and stimulates the circulation, and thus cleanses the system of impurities. S. S. S. contains tonic as well as blood purifying properties, and builds up the general health, improves the appetite and digestion, and tones up the nerves while ridding the blood of all poisons and humors. Nothing reaches old chronic blood troubles like S. S. S., and being a strictly vegetable remedy can be taken by old and young without any bad after effects or injury to the system. As a blood purifier and tonic at this season S. S. S. has no superior. It puts the blood in good order, removes all poisonous accumulations, invigorates all parts of the system and prevents that debilitated, tired feeling common to this time of year. Keeping the blood healthy is the secret of all healthy families. Write us if in need of medical advice, which our physicians will furnish free of charge. Book on the blood and its diseases mailed free.

BRIEF BITS OF NEW MEXICO NEWS.

Newark, Ohio, May 23, 1903.

Some ten years ago I used your S. S. S. with the most satisfactory results. From childhood up I had been bothered with bad blood, characterized by skin eruptions and boils, especially bad in the summer. For five or six summers I had boils ranging from five to twenty in number each season. Our local physicians prescribed for me, but nothing they gave me did away with the annoying skin eruptions or prevented the boils from appearing. The burning accompanying the eruption was terrible, and I had as high as six boils at one time. My condition was truly a pitiable one when I began S. S. S. It seemed to be just the medicine needed in my case. It drove out all impurities and bad blood and restored the circulation to its original strength and purity, giving me permanent relief from the skin eruption and boils. This has been ten years ago and I have never had a return of the disease. I would state also that my husband has taken it with good results.

MRS. J. D. ATHERTON.

Ford Brothers this week cut their oats on their farm near Portales and report a yield of thirty-five bushels to the acre.

Quay County sheepmen report that prospects are very bright in that section. The fleeces are averaging from seven to eight pounds to the animal.

Elmer Taylor had his foot caught in the elevator at the wool scouring plant at Tucuman this week and the member was very badly bruised.

E. R. Cannon, a Roosevelt County farmer, brought into Elida this week a stalk of cotton from his place which was ten inches high and had eight squares on it.

Frank Simmons, an engineer on the El Paso & Northeastern, and Miss Ruth Black were married at St. Louis last week. They have gone to Alamogordo where they will make their home.

Arthur Fitzgerald was struck in the eyes at the Santa Fe yards in Katon this week by pieces of steel, the result of a glancing blow from a hammer. Small pieces were imbedded in both eyes but it is not thought that the sight will be destroyed.

While working on a scaffold at a new house which is being built at Raton, C. C. Duncan fell off a loose board Monday and was caught by the ankle and left suspended in the air. When extricated it was found that the left leg was fractured just below the knee.

As the result of a runaway in Albuquerque this week Bruno Dieckmann, of that city, is nursing a badly sprained ankle and is bemoaning the loss of a handsome and new buggy. The horse was captured after getting free from the buggy and harness and was not injured.

Wilson Orr's team ran away at Elida this week and smashed the buggy considerably. The horses became tangled in a barbed wire fence and did some lively kicking. Mr. Orr's family were in the buggy but were not injured, although one of the horses was badly cut on the wire.

Think It Over.

Did you ever stop to think—that the Bon Ton is the best modern eating house in the west, price and quality considered? If you want the very latest and best on the market, all you have to do is to order it. Call and be convinced.

A PLEASANT EVENING

Can be spent at "The Club" with gentlemen associates. Courteous treatment is accorded to all whether you spend a cent or not. The best brands of cigars and refreshments always on hand.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

KODOL

DYSPEPSIA CURE

lifts the load

off of the stomach by digesting what you eat. There is no need to suffer with indigestion, dyspepsia, sour stomach, heartburn, belching, gas on stomach, catarrh of the stomach, or any other stomach disorder. You will not have to suffer if you will take Kodol Dyspepsia Cure. Won't you try it on this guarantee?

KODOL DIGESTS WHAT YOU EAT

Dollar bottle holds six times as much as the trial, or 50 cent size.

MAKES THE STOMACH SWEET.

Prepared at the Laboratory of E. O. R. & Co., Chicago, U.S.A.

GUARANTEE COUPON

If, after using two-thirds of the contents of a dollar bottle of Kodol Dyspepsia Cure you are not satisfied with it, or can honestly say that it has not benefited you, take the bottle back to the dealer from whom you bought it and we will refund your money. All we ask is that you be honest with us. Sign this guarantee coupon, and leave it with your dealer, who must mail it to us with the outside wrapper from around the bottle.

Name

Address

Cut this Guarantee Coupon out and take it to your druggist.

I had stomach trouble for six months. Nothing benefited me until I tried Kodol Dyspepsia Cure. It has cured me, and I recommend Kodol to all people suffering with stomach trouble.

W. E. FRAZIER, Martins Store, Ill.

For ten years I suffered from Dyspepsia and spent hundreds of dollars to no avail. One night while feeling exceptionally bad, I was about to throw down the evening paper when my eye caught an advertisement of Kodol. I thought it like everything else, and even told the druggist when I bought a bottle: "Well, here goes another dollar thrown away." My wife laughed at me, but after the second dose I felt better, and although I have used but two bottles I am stronger and better than I have been in years.

B. F. HARE, Supt., The Miami Cycle & Mfg. Co., Middletown, Ohio.

TO ALL DEALERS: The \$1.00 size Kodol Dyspepsia Cure is guaranteed only to purchasers who present our printed coupon properly filled out at the time of sale with name and address. We will protect dealer only upon presentation of this coupon. Sold by Ireland's Pharmacy.

LIKE COMIC OPERA

IS SCENE OF WEDDING IN THE PHILIPPINES.

Open-Handed Hospitality the Order of the Day, and Everybody Welcome—Canned Corned Beef the Chief Delicacy Served.

A wedding in the Philippines is like a scene from a comic opera. I have in mind one that took place at Cagayan, Island of Mindanao, in a picturesque house curtained with jasmine and inhabited by three charming sisters. The bride—the eldest—was a soft-eyed, plump beauty, with a skin like brown velvet. Her white muslin gown would have passed muster in New York, and she wore a veil of costly and delicate pina gauze which would have turned an American bride-elect green with envy. Several necklaces were hung around her neck, while bangles loaded her wrists, and her fingers were stiff with gold and silver rings.

The roads were in a deplorable state, being knee-deep in mud in places, and many of the guests wore top boots. They began arriving early in the morning, on horseback, on bicycles, and driving the famous trotting bulls of the country, or the rough-coated island ponies hitched to carts or ancient victorias. The majority came on foot, though, and everybody was welcome. Long tables made of planks on empty barrels and guildless of linen were spread under the trees in the front yard, as it was too hot to eat indoors, also the house was not nearly large enough to accommodate the guests. Directly over the bride's table a magnificent fig tree (orbo de fuego) dropped its flaming blossoms.

Every kind of native dish was there, and many imported from the United States by way of Manila, but the chief delicacy was considered to be canned corned beef, which occupied the place of honor usually accorded to the wedding cake in other countries, and was flanked by onion omelet and ham and eggs. Other dishes were chicken fried in coconut oil, dried fish made in a kind of stew with rice, potatoes, and red pepper enough to raise it to the rank of a curry. Caribou steaks, jam, honey, various kinds of sweet cakes, cocoanuts in the shell, and wine—much wine—completed the menu. While the feast was in progress the hens scratched industriously under the tables, and a bold rooster flew up among the plates, pecked at a few stray crumbs, and crowed until driven off by Antoine, the bride's brother.

The marriage was performed by a very fat priest, who wore a suit of bright red calico under his flowing robes, the wind blowing through open doors and windows lifting his vestments and revealing the incongruous attire beneath. The ceremony was followed by the supper, and that in turn by dancing, the music being furnished by a harp and piano. After supper a man and woman entered and caused much merriment by singing impromptu verses about the guests, introducing themselves on mandolins. Spanish fandangoes were danced, also the spirited jota, which is like a constantly shifting kaleidoscope when danced by girls wearing dresses of the rainbow-colored native cloth. The bride's mother, Senora Felicitas Sulunga (literally Happiness-go-along-now), did a skirt dance and did it well, despite her forty odd years and avoirdupois. The festivities were kept up until long after daybreak.—Lippincott's Magazine.

Sermons and Prophecies.

Bishop Ellison Capers, of South Carolina, was talking about the aversion to sermon reading many congregations have.

"They deem," said Bishop Capers, "that a sermon that is read lacks life and fire. Sometimes, to a sermon reading pastor, they will make cutting and sarcastic remarks about the custom."

"A sermon reading clergyman, a friend of mine, called one day on an humble parishioner. This parishioner was a cobbler. He sat mending a pair of shoes and reading his Bible at the same time."

"What are you doing, Giles?" said my friend, with a benevolent smile.

"Prophecyin'," Giles answered.

"Prophecyin'? Nonsense," said my friend.

"Well," said the cobbler curtly, "if readin' a sermon is preachin', isn't readin' a prophecy prophesyin'?"—New Orleans States.

A PROBLEM.

It is a problem which a great many people cannot solve—how the Bon Ton can put up a meal like they do for 25 cents. Mr. Conway finds it very easy to solve because he understands the business, has good cooks, accommodating waiters, and gets the best the market affords, hence, he has a great many customers. The best at a "living" price, is Mr. Conway's motto.

Poor.

O'er all these grand and spacious halls. From dome above to marble sill. The sobriety of silence falls. And all is still.

No baby fingers beat tattoo. Upon the polished window panes To greet the wayfarer below. Here silence reigns.

No madcap group comes rushing through. The doorway with a shout of joy. No loving maiden fond and true. No roguish boy.

Alone they sit at close of day. A pair—ah! gold is theirs galore. They know no touch of poverty. But they are poor.

—Horace Seymour Keller.

Advertising, 12 page.

The Independent Son.

They tell an interesting story about the search for the anonymous donor of Hamilton hall to Columbia university. A reporter telephoned the father of W. F. J. Piel, a Columbia senior, who was supposed to be the giver.

"Perhaps you can tell me something about whether your son was the one who gave \$500,000 to Columbia," said the reporter.

"I don't know," said the elder Piel, slowly. "I'll ask William when he comes home."

It's a wise father nowadays, who knows what his son is doing.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of the small bottle she was well." This remedy is for sale by all druggists.

"DO YOU KNOW."

The supposition is that no one wants poor whiskey any more than they do poor coffee or tea, yet they purchase it not knowing the difference. The best costs no more. We handle bonded goods exclusively. "THE CLUB."

MAXWELL GRANT

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

COLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and B. J. J., where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

HIGH GRADE COFFEES.

One of the most important adjuncts of the breakfast table is a good cup of coffee. To make good coffee one must have a good bean and it should be fresh roasted. We have handled as our leading brand of coffee for many years the famous Boston Coffees of Chase & Sanborn. They give almost universal satisfaction, and as we sell them in large quantities, buy them often, and as all coffees shipped by this firm are guaranteed to be freshly roasted the day of shipment, we can assure our customers of fresh goods.

- 1 pound cans SEAL BRAND COFFEE 40c
- 2 pound cans SEAL BRAND COFFEE 80c
- 1 pound parchment lined bags YELLOW PACKAGE COFFEE 25c
- 5 pound cans SPECIAL MARK G. G. JAVA \$2.00
- 5 pound towel bags High Grande Coffee \$1.15

All the above grades of Coffee are of exceptional value. Our 25-cent blend packed in the yellow parchment, lined bags is the best coffee we have ever seen retailed at the price. Many blends retailed at five and ten cents more the pound have a distinctly less desirable flavor and aroma. For those who like a very mild and pleasing flavor we recommend the Special Mark G. G. Java in five pound tins. This Coffee is especially mild in flavor being a pure Java.

FRESH FRUITS AND VEGETABLES.

It is our aim at all times to have everything possible to be obtained in this line. At present we are receiving regular shipments of Peaches, Apricots, Cherries, Strawberries, Dewberries, Cantaloupes, Tomatoes, Cucumbers, Wax Beans, Beets, Turnips, Cauliflower, Peas, etc. Naval Oranges are now almost out of market and we discontinued handling them. We have, however, the Late Valencia, and Mediterranean Sweets which are now approaching their best.

UNFERMENTED WINE.

A very pleasing drink for the summer is a line of non-alcoholic wines which we have lately put in stock. There are a number of flavors, including Port, Tokay, Strawberry, Cherry, etc. Port seems to be favorite. Per quart bottle, 30 cents. Per dozen, \$3.25.

JUNKET TABLETS.

Are used for making ice cream and desserts. Directions in each package. Per package, 10 cents.

JELLO AND JELLO ICE CREAM POWDER.

Are much used, the former being a gelatine dessert in a variety of flavors, including chocolate. The ice cream powder is designed to make the manufacture of this luxury the very least possible trouble and to even render the use of canned evaporated cream satisfactory where the fresh article cannot be obtained. Jello, 10 cents. Jello Ice Cream Powder, 2 for 25c.

SANDWICHES.

We have the filling for a very satisfactory variety of sandwiches for picnics and lunches. Deviled and potted ham, beef tongue, turkey and chicken, bloater and anchovy paste, Caviar, Melrose Paste, Chicken, Beef and Cottage Loaf. Also Imperial and Bayles' Deviled Cheese in Pots, Imported Swiss Cheese, Empire Brick and Limberger Cheese.

June Is The Month Of Weddings.

Nothing is so Appreciated for a Wedding Gift as a Nice Piece of Cut Glass, Stearling, Flat or Hollow Ware, Hand Painted China, Etc.

If you stop to figure out where the true economy in paint buying comes, you'll soon see that the best paint is cheapest. Two-thirds the cost of painting is the labor. It costs just as much to put on poor paint as it does good paint—more in fact because the poor paint doesn't work so easily. But the poor paint won't last as long, it makes you repaint sooner.

Even the apparent saving in cost per gallon is eaten up by the fact that it takes more gallons of the low priced paint.

The true economy is good prepared paint.

The true prepared paint is THE SHERWIN-WILLIAMS PAINT.

FUNERAL SERVICES TO BE HELD TOMORROW.

The funeral services of the late Alonzo P. Hogle will be held at the family residence, 204 Garfield Avenue, tomorrow afternoon at 2 o'clock, Rev. W. R. Dye, assisted by Rev. George W. Sevier, officiating. The services will be in charge of Santa Fe Lodge No. 2, I. O. O. F., of which deceased was a member. The pall bearers will be R. J. Palen, David L. Miller, J. L. Weltmer, Julius S. Gerdes, William Bolander, and H. S. Kaune. Dudrow & Montenie, undertakers, are in charge of the body and interment will be made in Fairview Cemetery.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Mudock, Assistant General Passenger Agent, City of Mexico.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

A "WANT AD" will bring results.
