MAY BE AN ALLIANCE

Emperor William and King Oscar Have Long Conference at Gefla.

NO NEWS OF RESULT

Has Been Received in Berlin--Germany May Be Accused of Taking Undue Interest in Affairs.

Berlin, July 14.—No indications as to the result of the meeting between Emperor William and King Oscar at Gefla, Sweden, yesterday, has reached Berlin nor is any report of their conversation likely to be made public, as it is explained here that this was a strictly private visit of one sovereign to another. The initiative probably will come from this side as Emperor William desires to have first hand knowledge of the Swedish-Norwegian situation. The German government's policy, as the Associated Press is informed, is one of complete aloofness—almost indifference. It is expected here that as the result of the meeting of yesterday Emperor William and Germany will be described in some countries as taking an undue interest in Scandinavian affairs and seeking for a way to influence a settlement. Such an idea is disavowed in advance.

Foreign Office Disclaims Knowledge of Alliance.

Berlin, July 14.—The substance of the statement made at Stockholm yesterday to the effect that a German-Swedish alliance was seriously contemplated was submitted to the foreign office today and an authoritative statement made that the question of an alliance between Germany and Sweden had never come before the foreign office, nor had it been discussed to the slightest extent. Of course, the foreign office could not deny that Emperor William and King Oscar had not spoken of the alliance during the interview at Gefla yesterday because the subject of their conversation is not known here.

King Oscar a Grand Admiral in German Navy.

Keil, July 4.—Emperor William has appointed King Oscar as grand admiral of the German navy.

In Favor of Prince Charles as King of Norway.

Copenhagen, Denmark, July 14.—At today's cabinet meeting it developed that the ministers were in full agreement that Prince Charles of Denmark should accept the crown of Norway if King Oscar and the other courts most nearly concerned expressed their approval. King Christian and other members of the Danish royal family are also favorable to Prince Charles becoming King of Norway.

ROCKEFELLER-GOULD SYNDICATE.

Gets \$20,400,000 in Securities for a Loan of Less Than \$13,000,000 to Colorado Company.

New York, July 14.—Under the reorganization plan of the Colorado Fuel and Iron Company it was forced to issue or guarantee \$51,200,000 new securities. Of the total, \$45,000,000 was in bonds of the Colorado Industrial Company, guaranteed principal and interest by the Colorado Fuel and Iron Company.

It is now ascertained that the division to date has been as herewith shown:

Debt holders \$12,378,000 bonds; \$2,800,000 new stock.

Rockefeller-Gould syndicate \$12,537,000 bonds; \$3,400,000 new stock.

To retire old bonds \$6,000,000 bonds.

For new cash capital \$8,000,000 bonds.

Total \$49,315,000 bonds, \$6,200,000 new stock.

For the purchase of its properties from the Rockefeller-Gould syndicate the company has already turned over bonds and stocks aggregating a par value of \$15,937,000. It will turn over \$4,463,000 additional in bonds, making a grand total of \$20,400,000 new securities given to the syndicate for a cash loan of less than \$13,000,000.

MURDERER MEETS HIS DOOM.

McGill the Negro Who Killed Crew and Passengers of Steamer Olympia, Has Been Lynched.

Mobile, July 14.—Captain Doe, of the steamer Condon, has arrived here from Ceiba and reports that the negro, McGill, who murdered the crew and eight passengers of the cattle steamer Olympia, has been lynched by the natives.

WORKMAN IS KILLED BY COLLAPSE OF A WALL.

Baltimore, July 14.—While workmen were engaged in excavating an old wall of the Glenn building, the wall suddenly collapsed, killing one laborer and seriously injuring another.

MINING IN NEW MEXICO.

Volume to Be Issued by Department of Interior Which Will Be Complete in Every Respect.

Special to the New Mexican.

San Pedro, N. M., July 14.—The interior department is aware to the fact that the mining industry in New Mexico is of great importance and deserving of far greater publicity than has heretofore been given it. To that end Waldemar Lindgren, in charge, and Louis Caryl Gratton, assistant, of the U. S. Geological Survey, who left Washington three weeks ago, are in southern Santa Fe County making full investigations and gathering data for a report and survey of the mining districts of the Territory, every part of which will be visited, consuming about nine months in this portion of the work. When this is done Messrs. Lindgren and Gratton will return to Washington, there to supervise the publication of a volume which will cover the entire field of mining enterprise in New Mexico.

This work will be very complete and will comprise reliable mining maps of the whole Territory, accompanied by extensive notations on the geological and mineral formations. This should be an important aid to the mining industry and there is no doubt that the publication will be in great demand, both here and elsewhere, as soon as issued.

BAD WRECK NEAR CHICAGO.

Through Passenger Train Crashes Into a Suburban Resulting in Death of Three.

Chicago, July 14.—A passenger train on the Chicago and Eastern Illinois Railway, leaving St. Louis at midnight, collided with a suburban train at Steiger, Illinois, today. Three persons were killed and seven were injured. Some of the injured may die. The engines of both trains were demolished and the first coach of the suburban train was smashed. The dead are: JAMES LYKE, engineer of the suburban train.

GEORGE EPSTEIN, Chicago.

FERDINAND HEYNA, Chicago.

The cause of the collision is said to be due to an open switch which let the through train into the siding on which the suburban train was standing.

CLOSES WINE ROOMS IN SEGUNDO.

Sheriff Davis Issues Orders to That Effect—No Women or Children to Be Allowed in Saloons.

Trinidad, Colo., July 14.—Sheriff Davis yesterday issued a notice to the saloon keepers of Segundo that they must close their wine rooms and hereafter allow no boys under age or women in their places of business. Conditions have been very lax in Segundo for some time past and the sheriff is determined to make a change. He has instructed Deputy Sheriff Lee to see to it that the law is obeyed in every respect and to arrest all offenders. The same steps will be taken in the other coal camps under the sheriff's jurisdiction.

MAY UNEARTH ANOTHER LEAK.

Secretary Wilson Begins an Inquiry Into Alleged Manipulation of Crop Reports on Tobacco.

Washington, July 14.—Through the receipt of numerous communications from people of the south and statements appearing in the press at various times that the statistics of the department of agriculture on tobacco were being manipulated in the interest of the so-called tobacco trust, Secretary Wilson has begun an inquiry on the subject.

WIRELESS TELEGRAPH STOCK OVERSUBSCRIBED.

Trinidad, Colo., July 14.—T. S. Holland, of Gates, Cushman & Company, went to Denver yesterday with the bonds for \$6,500 worth of the stock of the DeForest Wireless Telegraph Company, which was subscribed by Trinidad citizens. Only \$5,000 in subscriptions was asked but the proposition proved so attractive and popular that \$1,500 in excess of that amount was taken. The station here will be installed at once.

COLORADO RAILROADS ARE IN A POOL.

Denver, Colo., July 14.—One of the heads of the corporation that is the second largest shipper in Colorado is the authority for the statement that every pound of freight carried by the three principal railroads in this state is pooled; that it is of no material difference to any of these roads what the shippers may elect to do in choosing a road, as division of the profits comes to each, whether the wheels move or not. In brief, the Denver & Rio Grande, the Colorado Midland and the Colorado & Southern and their subsidiary or tributary roads are in a deal to "divvy" and competition is thus obliterated.

CENSORSHIP ESTABLISHED

Assistant Minister of Interior For Russia Will Have Full Direction.

OVER ALL STRIKE NEWS ON RECOMMENDATION

Railway Employees Agree to Use Polish Language and Will Resist if Any Punishment is Given.

St. Petersburg, July 14.—The government censorship, now under the direction of General Trepoff, the assistant minister of the interior, has been revived with all its pristine vigor. A blanket order has been issued positively prohibiting the publication of any news relating to the strike disorders or revolutionary action.

Railway Employees Make a Compact.

Warsaw, July 14.—The employees of the Vienna, Lodz and Kalesz Railways have decided to use from tomorrow the Polish language exclusively in the transaction of all railway business. If any one is punished for so doing, all the employees will resign. Entire Regiment Goes Over to Revolutionists.

Tiflis, Caucasasia, July 14. A regiment of Russian sappers stationed at a small village in the mountains near here has murdered all its officers and it is rumored that it has joined the revolutionists.

M. WITTE HAS LONG CONFERENCE.

With Emperor Nicholas on Subject of Peace Negotiations—Sails on the 26th of July.

St. Petersburg, July 14.—M. Witte had a prolonged audience with Emperor Nicholas this afternoon at which the whole subject of the peace negotiations was gone over in detail. The difficulties of the situation were discussed and indications were given that his majesty is more apt personally to govern M. Witte's course than that the same would be directed by the formal instructions which have been given him. M. Witte will leave St. Petersburg next Wednesday and will sail for the United States on July 26th.

FOR DISSOLUTION OF RECEIVERSHIP

Arguments. Submitted Before Judge McElhinney in the People U. S. Bank Case.

St. Louis, July 14.—Arguments were submitted today before Judge McElhinney in the circuit court at Clayton, on a motion for the dissolution of the receivership of the People's United States Bank. Attorney General Hadley at whose instance the receiver for the bank was appointed several days ago, Assistant General Gentry, Secretary of State Saenger, and State Bank Examiner Cook appeared at the hearing.

TUCUMCARI MAN GETS BACK STOLEN WATCHES.

El Paso, Texas, July 4.—J. A. Street, sheriff of Quay County, New Mexico, came to El Paso from Tucumcari yesterday bearing a letter to the local police from a man named Morgan who claimed to be the owner of the two watches taken away from a prisoner arrested a few days ago as he was about to pawn them. Mr. Morgan sent a description of the watches which he had lost and it tallied minutely with the watches in the possession of the police. These were turned over to Sheriff Street, who left last night with them in his possession and will turn them over to the owner.

SALOON KEEPERS IN FEAR OF DYNAMITE.

Durango, Colo., July 14.—A sensation has been created here by the reported appeal of the saloon keepers of the city to the authorities of the city for protection, claiming, it is said, that a plot has been hatched to blow them up and also their places of business. The report and the fear grows out of the fight that is being waged between the gambling and the anti-gambling element.

TO LAUNCH BATTLESHIP VERMONT NEXT MONTH

Washington, July 14.—The battleship Vermont will be launched at the shipyard of the Fore River Shipbuilding Company, Quincy, Massachusetts, August 31. The governor of Vermont has designated his daughter, Miss Jennie Bell, to act as sponsor.

MASSACHUSETTS WILL HAVE HOSPITAL FOR LEPERS.

Boston, July 14.—The state board of charity has purchased the island of Penikese in Buzzard's Bay, and a leper hospital will be conducted there. It is expected that the building will be ready for occupancy in the autumn.

DIRECTORS ARE CHOSEN

Twelve New Ones for the Equitable Life Assurance Society Named Today.

ON RECOMMENDATION

Of Board of Trustees—The Resignations of Three Members Are Also Accepted at Meeting.

New York, July 14.—Twelve new directors, including D. Cady Herriek, Nicholas Murry Butler president of Columbia University, Congressman Charles Elmfield of Maine, and N. Stranahan, collector of the port of New York, were chosen and the resignations of two of the old directors and one only recently elected, were accepted by the board of directors of the Equitable Life Assurance Society today. The directors who resigned were General Fitzgerald, former president of the Mercantile Trust Company; Horace C. Deming, who is now president of that institution, and Frederick G. Bourne, who was chosen at the last meeting of the board. The Mercantile Trust Company is controlled by the Equitable Society. All of the new directors chosen today have been recommended by the board of trustees after much correspondence and many consultations with the policy holders.

STEAMSHIP LINE LOSES PRIVILEGE

Pacific Mail Company's Monopoly of the Isthmian Traffic Has Been Brought to Termination.

New York, July 14.—The contract between the Panama Railroad and the Pacific Mail Steamship Company, under which the latter has for years enjoyed the exclusive privilege of handling freight on the Pacific side on through bills of lading, terminated today. Hereafter all carriers will be on a parity in respect to transit facilities on the Isthmus.

Mr. Bristow, in his recent report on the Panama railroad, recommended that if the Pacific Mail Steamship Company withdraws its present Panama line, an effort be made to induce some other company to establish a first class service between the important Pacific coast ports of the United States and Panama, and in the event that no other company is prepared to furnish the service, that it be provided by the Panama Railroad.

The government does not anticipate that the Pacific Mail will carry out its threat to take its vessel from the Panama-San Francisco service, nor does it expect the abrogation of the contract to affect in any way the shipment of merchandise from New York to San Francisco.

NEW YORK GETS A RELIEF.

From the Terrible Humidity—Temperature Remains the Same But Death Rate is Lower.

New York, July 14.—Although the actual temperature in New York City today was the same as yesterday, 86 degrees, the humidity decreased from 86 to 55 in less than six hours. This improvement in conditions was noticed in the greatly reduced death rate. Three deaths and about a score of prostrations, directly due to the weather were reported up to noon.

RACE ENDS DISASTROUSLY.

Horse Falls at Brighton Beach and Breaks Its Neck—Jockey Robbins Was Badly Hurt.

New York, July 14.—Jockey W. W. Robbins was probably fatally injured during the first race at Brighton Beach today when the horse he was riding, Derision, fell and broke his (the horse's) neck, the animal died instantly and the jockey was picked up badly hurt.

BROOKLYN HAS IMMENSE LEAKAGE OF WATER.

New York, July 14.—Millions of gallons of water are used in Brooklyn and not paid for annually, but it has been discovered that since the first of the year there has been a leakage of water amounting to 3,000,000,000 gallons, worth \$787,772, and at the present rate of monthly increase there will be a shortage of another similar amount by the end of the year.

ANOTHER FEVER CASE IN THE CANAL ZONE.

Washington, July 14.—Governor Magoon, of the canal zone, has cabled the department at Washington that Alfred W. Provo, an American employee, was stricken with yellow fever at Corozal on July 4th.

DENVER WOMAN FILES CHARGES.

Against Dr. Nelson, of New York, Alleging That He Obtained Money Under False Pretenses.

New York, July 14.—Dr. Andrew Nelson, who acquired some fame recently by declaring he had taken an ear from one man and grafted it on the head of a man who was earless, was arrested in his sanitarium tonight and locked in a cell, charged with obtaining money by false pretenses.

Mrs. Josephine Ware of Denver saw the doctor's advertisement, came to this city and placed herself under his care, on his representation that he could remove wrinkles, freckles and other blemishes from her face.

Mrs. Ware said that in April she placed herself under Nelson's care, agreeing to live in his sanitarium, pay him \$2.50 a day and \$200 for the treatment, which was merely applications of diluted carbolic acid which, instead of making her beautiful, left hideous scars on her face, the doctor told her time would do wonders and thus, she says, he induced her to give him nearly \$1,000.

After she complained to the district attorney's office three other women who had been treated unsuccessfully, made complaints. In the sanitarium was Mrs. Bella Schoren of Sheldon, Iowa, who wanted her crooked nose straightened. She had paid \$25 so far.

ROCKEFELLERS MAY TAKE ACTION.

Against Ida M. Tarbell on Account of Story Published of Life of Senior Member of Family.

Cleveland, Ohio, July 14.—Frank Rockefeller, brother of John D. and William Rockefeller, brands Ida M. Tarbell's story of his father's life, printed in a current magazine, as a lie.

He says that the truth will be known, and has suggested that the family may take action to protect the name and honor of his father.

Miss Tarbell had pictured the elder Rockefeller as a convivial quack doctor and wandering merchant, well known to the taverns and the associate of horse thieves.

Frank Rockefeller was bitterly indignant when he read the article and has been in communication with his father regarding it. His father does not want any statement made in the matter now, and will preserve his seclusion in the West, but is planning action to clear his name.

"I can't discuss the Corrigan matter," said Frank Rockefeller. "Corrigan is the best friend I ever had. It is a matter for discussion between my brother, John D. Corrigan and Tarbell. Let them settle it."

"But the part of the Tarbell story about my father was a lie. I will not tell where father is, but I know positively that he will not talk."

CHINESE TO BE DEPORTED.

Eleven Go From the East to San Francisco and Two Others From Deming Join This Party.

El Paso, Texas, July 14.—Thirteen unlucky celestials will soon be deported from San Francisco. Eleven of these passed through this city yesterday evening on the Southern Pacific in charge of United States Marshal Bennett. Most of them are from New York, Boston and Philadelphia. One, Louie Deen, is from Texarkana, Texas, whence he was ordered deported by U. S. District Judge Bryant.

The other two will be picked up en route, having been ordered deported from Deming, New Mexico. The eastern members of the party are having a long trip, coming from New York to Norfolk by steamer, thence to New Orleans by rail and from there to San Francisco by the Southern Pacific. At the latter place they will begin their long sea voyage to their home.

A NEW BUSINESS BLOCK.

Judge N. B. Laughlin Will Erect Substantial Structure on His Lot on San Francisco Street.

Santa Fe is to have another business block. Rapp & Rapp, the architects of Las Vegas, are now engaged in drawing plans for a modern brick block to be erected by Judge N. B. Laughlin on his lot on the southwest corner of San Francisco Street and Don Gaspar Avenue. This lot is one of the best business locations in the city and that section will be greatly improved in appearance when the new building is completed.

Judge Laughlin will put up a modern and substantial brick block, about 90 feet deep and containing four store rooms with a basement underneath. As soon as the plans are received the contract will be let and work will be commenced immediately. Judge Laughlin has not fully decided whether the block will be two or one stories in height, but, which ever he decides upon, the building will be put up in the very best manner possible and will be attractive in design.

MYSTERIOUSLY DISAPPEARS

Dallas, Texas, Man is Lost Overboard From the Steamer Manchuria.

NEAR HONOLULU PORT

Not Known Whether Mishap Was Due to Accident or Not—Secretary of War Taft on Board.

Honolulu, July 14.—Secretary of War Taft and party arrived this morning on the steamer Manchuria. Soon after the vessel was docked the visitors went driving to Paoli. The members of the distinguished party declare that they had an enjoyable voyage to Honolulu. The Manchuria leaves for Manila tonight at 6 o'clock.

WALTER SULLIVAN LOST IN THE SEA.

Honolulu, July 14.—When the steamer Manchuria arrived today it was reported that Walter Sullivan, a passenger, had disappeared overboard last night. He was in the smoking room until midnight. It is not known whether or not his disappearance is due to an accident. He was a graduate of Yale, class of 1903, and was engaged in the banking business with his father, under the firm name of D. Sullivan Company of San Antonio, Texas.

STATE CANNOT ENFORCE RATES.

Federal Judge Restrains Missouri Authorities From Putting New Freight Tariff Into Effect.

Kansas City, July 14.—Judge John F. Phillips, in the U. S. District Court here today, granted the temporary injunction prayed for by the Missouri railroads, restraining the state railway and warehouse commissioners of Missouri and the attorney general of the state from enforcing the maximum freight rate law enacted by the last legislature.

When the law went into effect on June 16, eighteen railroads in the state petitioned Judge Phillips to restrain the state officials from enforcing the act, the railroads making the claim that the rates provided in the new law were prohibitive and would amount to the confiscation of their property. The suit also was directed against three Kansas City shippers, intended to cover shippers as a class and to forestall any suits they might bring against the railroads.

The court issued an order at that time preventing the enforcement of the law until the matter of a temporary injunction could be argued. This order, which was argued last week, was continued in force by Judge Phillips today, who after delivering an oral opinion, granted the railroad's petition for a temporary injunction.

THE WELLS ARE GOOD ONES.

Party of Santa Fe People Visit the Estancia Valley and Inspect Recently Founu Water.

General Manager S. B. Grimshaw, of the Santa Fe Central Railway, accompanied by Mrs. Grimshaw, Mr. and Mrs. C. J. Crandall, Mr. and Mrs. W. H. Kennedy, Miss Maude McFie, J. H. Gerdes, and Leo Hersch, made an inspection tour yesterday of the road between Santa Fe and Torrance and return. A special train of a passenger coach and engine was used and the party was well pleased with the result of the trip. Stops were made at each station along the line and the towns were visited by the entire party. Manager Grimshaw said to a representative of the New Mexican that the advance in all lines throughout the valley was very gratifying and general. At Estancia many new houses are in course of construction and the valley was dotted all along the road with tents and temporary dwellings. At Willard the wells were inspected and proved to be even better than reports had made them. One well, which is down to a depth of 45 feet, has a depth of water of two feet. Several attempts have been made to lower the water level but these were unsuccessful. The second well, which is 35 feet deep has water to a shallow depth which seems as inexhaustible as that in the other. The intention is to dig this well deep enough to have a good body of water available at all times. Cattle and sheep, to use the words of Mr. Grimshaw are "as fat as butter." Grazing is excellent, crops are in the best of condition and the residents of the valley are contented and happy. Settlers are rapidly coming in and the land is being taken up to form farms and ranches. Mr. Grimshaw but voices the sentiments of the party and says that the future for the Estancia Valley is exceedingly bright.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

SETTLERS TURNING TOWARDS NEW MEXICO.

The Canadian-Pacific Railway had a land grant of eleven millions of acres in Manitoba from the Dominion government. It has been at work for twenty years to settle the lands under it and now is in a fair way of succeeding. Its property is in a wheat growing section and is selling now at \$6 per acre. It is reported that a good many American citizens from Minnesota, the Dakotas and Wisconsin are going to the northwestern part of the Dominion for the purpose of settling and buying lands. It is passing strange that people should prefer the cold and uncanny climate of that region to the beautiful and sunny southwest of this country. This cannot last forever and, even now, the attention of the homeseekers in the northwestern portion of this country is being attracted to this section and sooner or later they will come to settle upon public lands, to irrigate them and to make them garden spots, or to buy lands already under irrigation and cultivate them so as to bring good and rich returns. There are left in this Territory over fifty millions of acres of public lands for citizens who desire to make homesteads and desert land entries. Of these, at a fair calculation, at least five millions of acres can be placed under irrigation and cultivation by procuring water for irrigation by the digging or driving of wells, by artesian wells, by the construction of reservoirs and dam systems and by the pumping of the seepage or underflow, especially in the numerous river valleys. One reason why many Americans from the northwestern part of the country are going to northwestern Canada is because of the splendid advertising the Canadian government and the railroads of that section are giving it. Thousands of dollars annually are spent by these two agencies for this purpose, where not even \$10 are spent by the governments of the states and territories interested in the southwest or by the railroads running through them. With more extensive and more liberal advertising, more tangible and better results will be obtained in this section. New Mexico is doing more than its share in this line and the results are certainly appreciable to all those who are at all acquainted with the situation and have means of judging of the steady growth of the "Sunshine Territory."

THE WOOL SHIPPING OF THE SANTA FE CENTRAL.

The business of the Santa Fe Central Railway is steadily on the increase. During this year's wool season so far, from May first to date, the road has handled and shipped 1,211,838 pounds of wool from sheep raised in the country tributary to the line. The wool shipment last year during the entire season amounted to about 300,000 pounds so that the increase this year is three hundred per cent, which certainly is gratifying and shows clearly that the road is developing a section of New Mexico that before its advent was virtually a closed book. Ten cars of wool are now being loaded at Clarke and Willard stations and on some of the sidings. These shipments will be made within three or four days and will increase the amount above given by between 160,000 and 170,000 pounds. Assistant General Manager Grimshaw of the road estimates that between two and three hundred thousand more pounds will be shipped by the road before the season ends. This is certainly very good news, not only to central New Mexico but to the entire Territory. The wool was shipped to the scouring mills at Tucumanari via the Santa Fe Central Railway, the El Paso & Northeastern and the Rock Island; to Albuquerque via the Santa Fe Central and the Santa Fe Railway; to Boston via the Santa Fe Central and the Rock Island system, and via the Santa Fe Central and the Denver & Rio Grande Railroad.

The tax assessment methods of this county have been rotten for several years. Here's hoping for a change for the better! Such a change is certainly greatly needed.

THE DILEMMA OF THE ALBUQUERQUE JOURNAL.

The bombastic Albuquerque Journal, especially during the past year, has been losing caste, reputation, influence and prestige among the people and the newspapers of the Territory. As the only daily morning newspaper, it should have influence, prestige and business, but the management from a political and public standpoint has been so silly and inefficient that these warm July days it is reckoned as of little more consequence than a dish rag. The Albuquerque Citizen, under the new management, being aided by the Daily New Mexican, by the Las Vegas Optic and several weekly papers of prominence and standing has managed to make mince meat of the pretensions and the vaunted power of the daily Journal and, as they say, is "on top." A recent editorial in the Citizen concerning the situation is self explanatory and is right, if credit for the aid given the Citizen by this Journal, by the Las Vegas Optic and several of the weekly papers in the Territory is added to it. The editorial reads:

"The Morning Journal is angry—so angry that unless some one holds it, it may bite itself as certain infuriated snakes in Africa are said to do when unable to reach the object of their attack."

"The Citizen is sorry for its neighbor; but, then, how could this paper have prevented the present condition? The Journal for interested reasons, attempted to aid the Albuquerque Water Supply Company in getting an extension of its present objectionable and burdensome franchise to the year 1940. There was no offer of reduced rates to consumers, no promise of better service to the city. The demand was simply and without qualification that the water company should be permitted to continue for thirty-five years in compelling the people of Albuquerque to pay 35 cents per 1,000 gallons for 5 cent water."

"The Citizen, of course, having no personal interest in the case whatever other than its natural and proper interest in the city of Albuquerque, fought and defeated the suicidal proposal. The Journal felt chagrined at its failure and grew angry at the extremely probable loss of its financial interest in the question. Of course, it blamed the Citizen for both of its losses."

"But the Journal is a periodical of many resources, and it would not submit to a single defeat. So when the governor came over to investigate the charges against some Bernalillo County officials, the Journal saw a good opportunity to slip out of the old controversy and yet, perhaps, advance its water interests. So, abandoning its year-old infant, the chief of its former love, the purifying of Bernalillo politics, it began to abuse the governor for doing the very thing for which it had made the welkin ring for a year or more, and to declare there was no need for investigation, the time had passed county conditions had been purified, and all things were now serene."

"This was so proficient an act of the lightning change artist, that the papers of the Territory saw it and commented upon it. But they did not see the water question as 'the nigger in the wood pile.' This the Citizen again exposed. "Reduced now to the last resort, the Journal's slight of hand man will probably spring some new lightning change upon the public; but the Citizen forewarns it, that no number of changes or contortions will enable it to secure the extension of the present water franchise for thirty-five years, or to sell the present inefficient plant of the water company to the city, when a new, efficient and up to date plant can be installed here for \$75,000."

"This is the conclusion of Colonel Jastro, who operates such a plant in Bakersfield, California, a city a little larger than Albuquerque."

"There is very little room in New Mexico these days for bad men in the Claude Doans stripe. The few bad men left are too well known to remain at large for long."—Albuquerque Journal.

It is so seldom that the bombastic Albuquerque Journal tells the truth that the New Mexican is gratified to be able to republish the above as a shining instance. Yes, thanks to the efficient administration, both executive and judicial, in this Territory, there is very little room for bad men in New Mexico. How the bombastic Albuquerque Journal came to stumble upon this fact is not known to this paper but, as it happened to it, it is well to notice it favorably.

The attorneys of Frank A. Hubbell, treasurer and ex-officio collector of Bernalillo County, will tomorrow file a brief in defense of the charges made against him and upon which a hearing has been had by Governor Otero, some weeks ago. After considering this brief, Governor Otero will act in the case and the bombastic Albuquerque Journal may rest assured that he will do what he considers right, proper and just for all concerned, the people and the defendant and in accordance with the statutes in such case made and provided. It is too much to expect the bombastic Albuquerque Journal to so believe but it will prove a fact nevertheless.

The Philadelphia papers are still among the newest in the country. The Inquirer of that city recently contained the news that there were no mosquitoes in the Garden of Eden. Of course not! Adam and Eve could not have gone naked as long as they did had it been otherwise. Nevertheless, it is commendable to have this fresh news from the Garden of Eden.

THE ASYLUM FOR THE DEAF AND DUMB AT SANTA FE.

In its issue of Wednesday last the New Mexican published the proceedings of the trustees of the New Mexico Asylum for the Deaf and Dumb, located in Santa Fe, held at its recent meeting showing the conditions, receipts and expenditures of that institution for the past three months. The proceedings were arranged in a very intelligent and easily understood manner and proved of interest to the people who like to know what is going on in territorial institutions. The trustees of the deaf and dumb asylum here are entitled to credit for the intelligent, efficient and honest methods which they exercised in the management of their charge. It is gratifying to know that the asylum will be open for actual business in September and that the deaf and dumb children of New Mexico will receive the attention they deserve at the hands of the people. The appropriation for the asylum for the coming two fiscal years is insufficient for its proper maintenance and effective work, but the trustees can be depended upon to do the best possible under the circumstances. At the meeting referred to the following officials were present: Major R. J. Palen, president; Samuel G. Cartwright and Grant Rivenburg, trustees, and Francisco Delgado, secretary. The New Mexican does not propose to hide the credit for the favorable condition of the asylum, which belongs to these trustees, hence it is called to the attention of the people of the Territory, regardless of party and regardless of section.

The Santa Fe city administration has as yet not condescended to inform the "dear people" and the taxpayers why it demanded a tax levy of three and a half mills on the dollar of taxable property within the city limits which would bring a revenue of about \$2,400 per annum, less commissions and delinquencies, to pay the interest on the city debt, amounting to less than \$1,200 per annum. The whys and wherefores of this request to the board of county commissioners should be made known, provided the taxpayers, property owners and business men have any rights which the city administration feels it ought to respect.

A large number of tax payers and property owners have called at the office of the New Mexican and have expressed their gratification at the action of the board of county commissioners, consisting of Chairman Arthur Seligman, Commissioner A. L. Kendall and Commissioner Jose Ynez Roybal, in making a levy of three mills, the proceeds of which are to be used for the construction of a new and greatly needed jail building. Right here, it is proper to say that the tax dodgers and "knockers" have not called to say anything. The New Mexican and this latter class are not on the best of terms.

"There are a great many more people in Las Vegas this summer than usual and a large proportion of them are brought here as the direct result of the advertisement given by the location of the National Fraternal Sanitarium."—Las Vegas Optic.

The above is correct. Judicious advertising pays in every direction. Here is a hint to the business men and merchants not only of the Capital but of all New Mexico towns.

The people of Kansas have had a tough time of it during the past ten days. District Attorney Jerome, of New York City, frenzied financier, Thomas W. Lawson, of Boston, and Senator La Follette, of Wisconsin, have made speeches in the Sunflower State. Misfortunes never come singly, especially in Kansas.

About as neat a bit concerning Mr. Rockefeller and Miss Ida Tarbell is the following from the editorial columns of the Washington Post: "It is probable that Mr. Rockefeller would be glad to pay the expense if some man should win Miss Ida Tarbell and take her on a leisurely tour of the world for a honeymoon."

Thomas W. Lawson, of Boston, frenzied financier and now at odds with other frenzied financiers, is becoming very tiresome. He seems to care for nothing but to advertise himself. The newspapers should give him a rest and he will disappear as a dish of ice cream on a warm July afternoon set before a hungry Santa Fe boy or girl.

President Roosevelt is a strong union man and is not only the President of the United States but also of a cabinet makers' union, in which job he has a monopoly. It must be allowed that in the cabinet making line he is quite a success.

There is more Catarrh in this section of country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, proved that it was constitutional. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only catarrhal cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

New Mexico Civil Code handsomely bound in sheep, per copy \$1.00, for sale by the New Mexican Printing Company. Copies will be sent by mail upon the receipt of sum as above, to any address desired.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

VISITORS AND STRANGERS

If you are a visitor or stranger in the city and desire some place to spend your leisure hours where you will not get lonesome and where you will receive the most cordial welcome, drop into "The Club." All the popular games and best brands of liquors and cigars.

SPECIAL ANNOUNCEMENT.

An invitation is extended to any white merchant outside of New York City, or his representative, whose name appears in Bradstreet's or Dunn's Commercial Agency Book, to accept the hospitality of our Hotel for three days without charge. Usual rates, apartment with private bath, \$1 per day and up, without meals. Parlor, bedroom and private bath, \$35 per week and up, with meals for two. New York merchants and editors are requested to call the attention of their out of town buyers and subscribers to this advertisement.

GALLATIN HOTEL,
70 W. 46th St., New York City.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

VISITING CARDS.

Engraved cards de visite and wedding invitations a specialty at the New Mexican printing office. Any one standing in need of such will do well to call at this office and examine samples, style of work and prices.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario, Canada. "Being a mild physician the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

LEARN TO SAY NO.

When people ask you to eat elsewhere than the Bon Ton, always say "no," for that is the best short order house in the city. Also regular meals may be had, either in the public or private dining rooms.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver tablets. For sale by all druggists.

"DO YOU KNOW?"

The supposition is that no one wants poor whiskey more than they do poor coffee or tea, yet they purchase it not knowing the difference. The best costs no more. We handle bonded goods exclusively. "THE CLUB."

NEW MEXICO HAPPENINGS

John Pendaries at Rociada, this week celebrated the eightieth anniversary of his birth.

Charles M. Robinson and Miss Sarah L. Phillips were married at Las Vegas Tuesday evening.

The Estancia Valley Development Association will hold a special meeting at Estancia on Monday, July 17.

Crescencio Martinez and brother have been granted a license to deal in general merchandise at Puerto Octio, San Miguel County.

L. E. Courtwright, formerly city marshal at Las Vegas, has been appointed assistant to Ben Williams in the Santa Fe secret service.

Charles Peterson, motorman on the Albuquerque Street Railway, fell from the top of his car Wednesday and received painful injuries.

Last week at Farmington the residence and all its contents belonging to Charles Butler was consumed by fire. There was no insurance.

The Farmington base ball team believes that it can defeat the Aztec team and is willing to back up that belief with a \$50 wager on the outcome of the game.

E. K. Hill and M. C. Stevens have discovered a natural bed of cement at Farmington and will install machinery to manufacture building blocks out of the material.

The dynamo of the Gallup Electric Light and Power Company was badly damaged by a storm recently and the company has just installed a new \$1,200 machine to take its place.

Marriage licenses have been granted in San Miguel County to Donaciano Vigil and Miss Nicolosa Esquibel, both of Pecos, and to Manuel Archuleta and Miss Betarice Roybal, both of Las Vegas.

Milton Dow has commenced work on his new building at Estancia. It is to be a two-story brick structure, with a store room on the lower floor and a Masonic lodge room on the second floor.

Dr. George B. Lockwood, of Kennebunk, Mass., and who was formerly connected with the medical staff of the Trudeau sanitarium at Saranac Lake, New York, died in Albuquerque Wednesday.

Gallup is anticipating the erection of a new Harvey eating house at that place to be built in the mission style. Temporary repairs are now being made to the old one, which was damaged by fire this week.

Henry Chaves, the ten-year-old son of Ramon Chaves, of Albuquerque, who had his leg crushed under a freight train in the Santa Fe yards at the Duke City last Monday, died from the injury and was buried on Wednesday.

Ernest Saunders, cowboy on the X S X ranch on the Upper Gila, is suffering from concussion of the brain, caused by a wild bronco falling upon him. An operation was performed this week at Silver City but the chances for the victim's recovery are small.

O. L. Williams has just returned to Estancia from a visit in Groveton, Texas. His visit there was supposed to have been on business, but when he arrived at Estancia this week he had with him a wife, having been married on June 29th to Miss Birdie DeVine of Groveton.

The Hutchinson will case has been settled in San Miguel County after occupying the attention of the probate court for several days. The opinion rendered is to the effect that Annie C. Hutchinson's mind was so impaired that she was legally unable to make a will. George H. Hutchinson and E. D. Reynolds were appointed administrators.

F. Newhall & Sons, commission firm of Chicago, has entered into a contract with the officers of the San Juan County Fruit Growers' Association to take all of this year's crop of apples, with the exception of the Wallbridge and Pewaukee varieties. The contract price ranges from 45 to 62 1/2 cents a box, payable on delivery to the nearest shipping point.

No clue has yet been discovered that helps to solve the mystery of the finding of a partly decomposed body of a man twenty miles north of Gallup, McKinley County, last Friday. There were no signs of a struggle near the place where the body was found, and the presence of wagon tracks leads to the opinion that the body had been hauled there from some other place.

(Homestead Entry No. 4794.)
Notice for Publication.
Land Office at Santa Fe, N. M., June 24, 1905.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on August 3d, 1905, viz:

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

WABASH RATES.

On account of the convention of the National Educational Association at Asbury Park July 3d to 7th, the Wabash Railroad has put into effect a rate of one fare for the round trip to New York, plus \$3.35 from there. This ticket will be good either direct or via New York City and it is optional with the passenger to use rail or boat line between Detroit and Buffalo and between Albany and New York. All tickets routed via Wabash Railroad, will be good for stopovers in either or both directions at Detroit and Niagara Falls and at New York on the return trip. Tickets reading via Wabash Railroad will also be good between New York and Asbury Park on steamers of the Sandy Hook line, which arrangement will add a little salt to the trip. These tickets will be on sale from June 28th to July 1st inclusive, and will be good for return till August 31. Phil P. Hitchcock, G. L. P. A. of the Wabash Railroad at Denver states that he will be pleased to answer all questions and mail literature pertaining to the trip on request.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-two miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing \$2.50 per day, \$17 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor

PERSONAL MENTION

Richard Dunn, of Las Vegas, was in the city today in the interests of a lumber firm.

F. Mall'chet, an old-time miner and prospector of Pecos, was in Santa Fe this morning on business.

F. J. Hicks had business today with Santa Fe merchants in the interests of a Chicago wholesale dry goods house.

Thomas J. Herlow returned last evening from the Estancia Valley where he has been on business for several days.

J. P. Goodlander called today on the druggists of the Capital as representative for a St. Louis wholesale drug house.

E. L. Frick, of Denver, traveling salesman for a wholesale cigar house, talked "smoke" to Santa Fe merchants today.

Cleofes Romero, sheriff of San Miguel County, arrived last evening from Las Vegas, with prisoners for the penitentiary.

Mrs. W. M. Adair, of Taos, sister of Mrs. J. D. Sena, is in the city and a guest at the Sena residence, 427 College Street.

Mr. and Mrs. George Blackmore, of Monte Vista, Colorado, are guests at the home of Mr. and Mrs. A. Boyle, East Delgado Street.

David L. Miller, custodian of the Capitol, was in Cerrillos yesterday and Madrid today, on business for the local lodge of I. O. O. F.

Mrs. A. R. Gibson and daughter, Miss Uda Gibson, returned yesterday from a month's visit with relatives and friends in Cleveland, Ohio.

H. Schweizer, of Albuquerque, of the curio department of the Fred Harvey eating house system, was in the city today, registered at the Palace.

J. P. Earlickson, of Las Vegas, called today on the grocers of the Capital City in the interests of a wholesale grocery house for which he travels.

A. L. Porter was in Santa Fe today enroute from his home in Atlanta, Georgia, to Portland, Oregon, where he will visit the Lewis & Clark exposition.

C. J. Dawe, of Denver, interviewed the grocers of the city today. Mr. Dawe is the New Mexico representative of a Denver wholesale grocery house.

Civil Engineer G. A. Collins and wife returned last evening from Mexico, where Mr. Collins has been engaged for some time in township surveying.

J. P. Church and S. F. Ballin, of Roswell, arrived in the Capital City last evening on their way to Albuquerque on business. They were registered at the Claire.

E. I. Williams, of Denver, sheriff of Arapahoe County, Colorado, was in the city today in quest of information in regard to a fugitive from justice in the Colorado county.

B. W. McCandless made his regular trip to Santa Fe in an endeavor to increase the business of a Kansas City wholesale drug house, of which he is the western representative.

M. Cellers, of New York City, called today on the dry goods merchants of the Capital in an endeavor to drum up business for a ladies' dress goods house which he represents.

N. W. Alger, of Albuquerque, representing a typewriter manufacturing firm, was in the city yesterday afternoon displaying and operating the machine for which he is salesman.

Clinton J. Crandall, superintendent of the United States Indian Training School, of this city, left today for the San Juan Pueblo, where he has gone on business connected with his official position.

O. W. Sylvester, ranchman from Monte Vista, Colorado, was a business visitor in Santa Fe this morning. Mr. Sylvester left this afternoon for the Estancia Valley where he has gone to purchase sheep for feeding purposes.

Edgar L. Street, member of the firm of Street, Wykes & Company, arrived from the east yesterday. Mr. Street is president of the Santa Fe Water and Light Company. He is here on business concerning the company and will remain several days.

Mr. and Mrs. M. Stickney, of Philadelphia, who are touring the west, came up from Albuquerque yesterday afternoon and took in the various points of historical and scenic interest in and around the Capital City. They left this morning for Denver.

W. M. Taber and Thomas Raby of Philadelphia, spent today in the city. They came from Glorieta, which is their present headquarters. Mr. Taber was a resident of the Pecos River section in the vicinity of Glorieta for a long time, several years ago, as a ranchman and sheep grower. He and Mr. Raby will start in a few days for an extended trip on horseback through the Santa Fe and Taos Ranges, thence

over to the Jemez Mountains, and thence returning to Glorieta. They are looking for a location for a sheep ranch and Mr. Taber expects to take up his residence in the Pecos River section this winter or next spring.

Waldemar Lindgren and Louis Caryl Gratton, of the U. S. Geological Survey, who are making investigations and gathering data for a report to be issued by the department of the mining districts of New Mexico, were registered at the Palace today. They have been in southern Santa Fe County for the past few days.

W. H. Wiggins, who moved from El Paso to Roswell about a year ago, was in Santa Fe today and called at the office of the Bureau of Immigration where he was furnished with literature and information concerning San Juan County. Mr. Wiggins is on his way to that county and will probably locate there if he finds what suits him.

R. L. Jarvis, of El Paso, western representative of a cash register manufacturing firm, transacted business in Santa Fe today. Mr. Jarvis was formerly a representative of the same company in the east, but a few months ago moved to El Paso for the benefit of his wife's health. El Paso did not agree with Mrs. Jarvis and she went to Las Vegas where her health has materially improved, but she thinks she will do still better in Santa Fe. Mr. Jarvis is so well pleased with Santa Fe that he says if suitable arrangements can be made, he will bring his wife to the Capital and make this city their home.

MONEY TO LEND.

On real estate or other security. New Mexico Employment Bureau and Realty Co., 103 Palace Avenue.

"THE CLUB."

Up-to-date resort for gentlemen. The best goods money can buy—purity guaranteed by your "Uncle Sam." Fine Cigars and Tobacco.

THE YEAR 'ROUND.

The Bon Ton does business at the old stand, and people who go there once will go there again. Why? Because they get the best and more for their money than any place in Santa Fe. Go once and you will go all the time.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal... \$4.00

Combination civil and criminal \$5.00

For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

MARRIAGE LICENSE LAW.

The new marriage license law requires probate clerks to post three copies of the new law in conspicuous places in each precinct. The New Mexican has printed the law neatly on card board and is now ready to fill orders in English or Spanish at fifty cents for each poster. Probate clerks should enter their orders immediately as the law goes into effect on April 14, 1905.

THE WABASH IN THE LEAD.

Joint Agent Norton, who represented twenty St. Louis terminal lines during the World's Fair, has made a statement of the number of tickets passing through the validating office, which shows one-fifth the total number handled were Wabash tickets.

ARIZONA NEWS NOTES

It is reported that the Southern Pacific will shortly enlarge its yards at Benson.

The saloons at Tempe are compelled to close at midnight and remain entirely closed on Sundays.

The city treasury of Douglas has taken in over seven thousand dollars during the past month from saloon and gambling places.

Parker & Watts claim the water on the land where Tucson's water supply is obtained and there is considerable feeling in that town over the matter.

It is quite difficult at Phoenix, on account of the activity in construction of various kinds, and the great demands of the harvest fields, to secure help.

The building of the Tonto reservoir has created a real boom at Mesa, where many new houses are in course of construction and all business in the town is good.

R. H. P. Laney, one of the most active citizens of Yuma, has died. Mr. Laney was quite well known throughout the territory having been, for a long time, engaged in staging and other enterprises at Yuma.

A contract was let in Phoenix this week by the Metals Milling Company of Yavapai County, for two miles of steel rails to be used by the purchasers in laying a narrow gauge track from the Poland extension of the Santa Fe to the mines of the company.

Juan Jose, an Indian who has for many years made Arizona his abode, has died at the Maricopa Indian reservation. During troublesome times in the early days, Juan was a friend of the whites, and many is the time he has saved hundreds of lives by warning settlers.

Last Tuesday, at Phoenix, was the hottest day of the season, the official thermometer registering 110. There was also to be taken into account a high degree of humidity for this country, 22. A week ago last Saturday the temperature was 109 but the humidity was only 14.

Three more suits have been filed in the district court of Santa Cruz County by the receiver of the International Bank at Nogales. All the suits are for the recovery of money alleged to have been lent to and paid out for the defendants named in the suits by the bank previous to the date of its closing.

It is reported that by the first of next November trolley cars will be whizzing over a route in Douglas which will practically cover the city. Plans for everything except the minor details have been completed, and it is expected that the actual work of construction will begin within the next thirty days.

The survey for the extension of the Appropriator's canal at Phoenix has been completed to a point two miles west of Alhambra, though the final stakes have not been set. The contractors say that the canal will be finished to that point within the next two months. In the meantime the work of surveying westward will proceed.

Zack Booth has been sentenced to death. The date of his execution was fixed for Wednesday, August 16, and the place in the jail yard at Globe. When asked if he had anything to say why sentence should not be pronounced he asked the judge to defer the date of execution as long as possible, as his attorneys were going to make an effort to bring his case into the circuit court of the United States. Booth murdered two sheep herders.

VICTOR

Won the First Prize at St. Louis

The *Victor* was awarded the GRAND PRIZE over all other talking machines at the St. Louis Exposition. This is the first prize and the highest award given. The *Victor* was also awarded the first prize at Buffalo in 1901.

This proves that the *Victor* is the best talking machine. It is also the greatest musical instrument in the world.

What these distinguished judges found out is exactly what you want to know. They judged it for you. When you buy, you want the best, and their unanimous verdict was that the Victor is the best. VICTOR MACHINES, according to size, \$15 to \$60. RECORDS, 50c and \$1 each; \$5 to \$10 per dozen. Illustrated machine, and complete record catalogs gladly mailed free—write today—NOW! Mention this paper.
THE KNIGHT-CAMPBELL MUSIC CO., (The largest music concern in Colorado) 1625-27-29-31 California St., Denver. Largest talking machine dealers in west.

TONY'S DREAM

By HERBERT KNOWLTON
(Copyright 1905, by Daily Story Pub. Co.)

How it came to pass that Old Tony occupied Number 3781 was a conundrum to the neighborhood. Number 3781 was a rather pretentious three-story house, of the old-fashioned style of architecture and construction, whose owner had religiously refused to reconstruct or remodel or repair into the semblance of a modern edifice. No newfangled notions for him, and no new conveniences, no new plumbing and no new notions. And being a hard-headed old Pennsylvania dutchman, he took it that his word was law and so let his block of houses go into decay and disrepair rather than spend a few hundreds of dollars to put them into the market.

So the great building, full of houses, was vacant year after year—and so, truth be told, Tony found a shelter. He was more caretaker than tenant and he occupied but a small portion of the big house. His simple needs required but a bed, a stove and a chair—together with things to eat and wear. But he was a home-loving man, was Tony, and without a place of refuge all his own at night he would have died in this great new world with its promised streets of gold and fabulous wages.

So he made shoes by day and lived in the great barn-like building by night year after year, lonesome and alone.

It was funny, indeed, that the baby should have been left on his doorstep. But it was and the homesick heart of the lonely Dutch bachelor went out to the little waif when first he saw it in the neat basket, swaddled in the plain, warm clothes. He took it in and sent for the wife of Hermann the baker at the corner. There was a council of war which was closed by Tony's announcement that he would keep the little wayfarer which providence had thrown in his way. So a widow of mature years was secured and Tony paid the bills from his slender earnings. And the little one grew to be a girl of marvelous beauty, and Tony bowed down and worshipped her. She was different from any other person the simple German ever had seen. There was a delicacy and flavor about her strangely in contrast to her surroundings. He felt this inborn superiority of the mysterious waif most keenly and as the years sped a great fear took possession of his simple, honest soul. With the unerring instinct which belongs to simple natures, it came to him that if this were true—if Sophie belonged indeed to a different caste, she ultimately would find her own, even as water finds its level. As the years passed this fear grew into a terror little short of mania. The girl was the only thing Tony had ever loved since he left his mother's side, a mere boy, to go out and battle with the world. She came into his lonely life as a ray of sunshine to a gloomy cell, and as the years went by she wound the tendrils of affection

So he made shoes by day.

about his heart as the ivy climbs about the oak, and so year by year his love for the girl grew even as his great fear grew. He saw as clearly as he saw the blue sky that he must one day lose her, and that made her the more dear to him. All he asked was to sit and look at her, to hear her talk or sing. To woo an expression of delight from her was ecstasy, and no labor or sacrifice was too great to purchase it.

His great love clarified his rather slow brain and he figured out ways to make more money and still more, that she could have more advantages and more pleasure. From a common shoemaker he became the master of a shop, he invented a machine to do a part of the work better and faster than any other machine and out of this invention grew a great factory in which

he had a substantial interest. And all his gain and all his earnings he poured out unstintingly—nay eagerly upon Sophie. The finest clothes, the best schools, the softest luxuries were hers—and all the world of travel and pleasure was opened to her. For himself, his pipe and his common work-a-day clothes and his frugal fare were sufficient.

He was passionately fond of music and her sweet voice was his greatest joy—and she delighted to sing to so appreciative a listener. It was sad, indeed that this very gift of music, this very sweet voice which gave him so much joy should have proved the means of their separation. It is the old story. Somebody heard her sing and somebody told somebody else, and

somebody else passed it along until it reached the ears of a great impresario, and he sought and found her and heard her sing. Then came an offer for her to sing in opera; wild delight on her part, desperate despair on the part of Tony. The months which followed were like a fairyland to Sophie and like an inferno to Tony. She leaped instantly into fame and filled the house for an entire season. Night after night Tony sat among the audience delighting in every note she sang and proud of every wave of ap-

She was different from any other person the simple German had ever seen.

plause, but yet dumb with fear and apprehension and despair.

At last the blow fell, hard and decisive. The Man came. He was a gentleman from the great mysterious world of the boulevards and the clubs, a favored son of fortune. He saw the beautiful singer, he sought her, he asked her hand. She, too, felt the divine arrow and accepted him.

Tony was nearly felled by the blow he had been expecting all along. Sophie clung to his neck and said she never would leave him and never would marry if he felt that way about it. Then his great self-sacrificing love arose again and swept away his grief for the moment, and he laughed at both their fears—yes, laughed over his leaden heart.

"But you will always live with us, dear," she said softly. "That is understood. I told Arthur and it is all settled."

"What," exclaimed Tony, "give up my comfortable old corner and my pipe and my old ways to go and learn the ways of a great house? No, no, my Sophie, I am too selfish for that."

Tony disappeared for some weeks directly after this and it has since appeared, devoted much time and displayed no small skill in ascertaining accurately the character, reputation, habits and antecedents of the man to whom he was to lose his Sophie. The investigation evidently proved satisfactory, for the wedding came off in due season.

When it was over Tony went through the old house and tore down all the hangings and fixtures, ripped up all the carpets and piled up in the back yard all the furniture he had bought to make the place habitable for Sophie. Over this great pile he poured kerosene and made of it a funeral pyre to his affection. He went back to the little room in which he had lived before Sophie came and took up the thread of his old lonesome life.

A PROBLEM.

It is a problem which a great many people cannot solve—how the Bon Ton can put up a meal like they do for 25 cents. Mr. Conway finds it very easy to solve because he understands the business, has good cooks, accommodating waiters, and gets the best of the market affords, hence, he has a great many customers. The best at a "living" price, is Mr. Conway's motto.

POPULAR GAMES

Of all kinds at "The Club," where you will always be treated fairly. Best brands of cigars and refreshments served at the gaming tables.

MAXWELL GRANT

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabeth town and Lady, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

THE MAXWELL LAND GRANT CO

GROCERIES, BAKERS, BUTCHERS!**SUMMER DRINKS.**

During the warm weather it is always nice to have some cooling drink in the house. We have a nice line of the more popular drink. We offer Manitou Water, Manitou Ginger Champagne, Unfermented Wine in a variety of flavors, Lime Juice, Soda Water, Hire's Root Beer, etc.

PICNICS AND CAMPERS.

We carry a large line of goods suitable for picnics or camping parties. We have all sorts of canned meats, canned fish, canned vegetables, cheese and chipped beef, sausages, pickles, olives, crackers, wafers, jams, jellies and preserves.

CHICKEN SOUP.

We picked up at a bargain a small quantity of chicken soup in large size 3 pound cans. Ask for the **MONSOON BRAND** and get a big can for....20c.

MEADOW GOLD.

Meadow Gold butter still holds its own as the very best and most economical butter to buy during the heated term. The package insures delivery to your home intact. The pasteurization keeps it fresh longer than any other brand. Buy Meadow Gold and be safe. No germs and no dirt.

WATERMELONS.

Big red and luscious melons from Seguin, Texas, at our store. They are the best ever.

FRESH FRUITS.

We are now receiving a variety of fresh fruits. Strawberries, Raspberries (home grown), Plums, Peaches, Cherries, Prunes, etc., in large supply.

CHIP POTATOES.

Ready cooked chip potatoes are a great convenience at this time of the year. Ours are cooked in the best olive oil. That is the reason they do not get rancid.

Per pound.....25c.

FRESH MEAT.

There is fresh meat and meat that is not so fresh. We carry the best. Our meat is killed in Denver, inspected by the government, thoroughly chilled and shipped us by express. If there is any better meat obtainable we do not know it. Our shop is clean, odorless and protected from the flies by screens. Come in, look at our meat, see the difference, buy some and taste the difference and you will use no other.
