VOLUME 12.

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, FEBRUARY 11, 1898.

NUMBER 99.

### LATTIMER TRAGEDY!

#### Trial of Sheriff Martin and His Many Deputies.

Gov. Tanner, of Illinois, Favors Independence for Cuba.

Gen. Alger Has Recovered His Health and Attends Cabinet Meetings.

SENATE PASSES INDIAN APPROPRIATION.

Wilkesbarre, Pa., Feb. 11.—When court opened this morning for the trial of Sheriff Martin and his deputies, who are charged with the killing of strikers at Lattimer, the defense introduced a new feature in the cross examination by endeavoring to show that the evidence of the witness was influenced by hope of securing damages from the government in the event of conviction. Adam Lapinski was the witness. He was asked what country he came from, and he replied, "Russia-Poland."

"Do you not expect, in event of conviction in this case, that your country will file a claim for damages against the United States?"

"I don't know," replied the witness.

"Did you not read in the newspapers that such would be the case?"

"I can't read," said Lapinski.

Thomas Paris, the next witness, told the story of the march to Lattimer. At the first shot Paris said he ran, but was struck by a bullet when he was about fifty yards from the deputies.

Miss Serocka told how some deputies had followed the fleeing strikers at Lattimer and shot at them as they ran.

FAVORS CUBA.

Gov. Tanner of Illinois Wants Cuban Independence Recognized.

Springfield, Ill., Feb. 11.—Governor Tanner in a proclamation to-day requesting contributions to a relief fund authorized by President McKinley, says: "While I approve and second the action of the president in this regard, it is deeply impressed upon my mind that measures of temporary relief are not palliative and partly injurious. What is demanded at our hands in my judgment is prevention, which can be secured only by using all the influence and power of the government to put an end to the civil war in Cuba, for which the time seems now fully ripe by recognizing the Cuban republic, and insisting that the freed men and independence of the Cuban people shall be respected throughout the world."

MINISTER DE LORE.

The Spanish Minister is Now a Statesman.

Washington, Feb. 11.—The following statement was given out for publication at the state department this morning:

"General Woodford has telegraphed that the minister's resignation had been accepted before he presented the telegram from the department. He added that the first secretary will be placed in charge of the legation and the new minister will be appointed at once. Full reports to follow."

It is believed here that the incident is practically closed. All sorts of rumors were in circulation last night, including one that a special cabinet meeting was held at midnight. It can be stated positively that no cabinet meeting, formal or informal, was held last night.

Report on Alaska.

Washington, Feb. 11.—Pursuant to instructions from the acting secretary of war a special supplementary report has been prepared by E. Hazard Wells, who acted as agent for the war department in bringing attention to Capt. Ray's dispatches. Wells has been in that country three times, has traversed the interior of Alaska and has a practical knowledge of the country.

Gen. Alger is Well.

Washington, Feb. 11.—The president and members of the cabinet were surprised at the appearance of Secretary Alger at the regular meeting of the cabinet to-day. This is the first time in eight weeks that he has been able to attend. He leaves to-morrow morning for Fort Monroe.

Amendment Adopted.

Washington, Feb. 11.—The Pittetig amendment to the Indian appropriation bill, providing for the restoration of the free homestead law, has been adopted. The Indian appropriation bill has passed the senate.

Chicago Stock Market.

Chicago, Feb. 11.—Cattle—Receipts, 3,000. Market steady.

Hogues, \$3.40@3.50; cows and heifers, \$2.10@4.45; stockers and feeders, \$3.50@4.50; Texas steers, \$3.50@4.40.

Sheep—Steady.

Native sheep, \$3.10@4.85; westerns, \$3.00@4.50; lambs, \$4.40@5.50.

Stockholders' War.

Special to the Citizen.

Raton, Feb. 11.—Some of the stockholders of the Red River City, Town and Mineral company have commenced damage suit against the company, on account of an agreement which the company entered into with the settlers on the Red

### TRIAL OF ZOLA!

#### Dramatic Scenes in Trial of the French Novelist.

Details of the Horrible Fire Disaster at Pittsburgh, Pa.

Kansas Insurance Superintendent Approving the Insurance Companies.

OKLAHOMA INDIAN LANDS TO BE LEASED.

Paris, Feb. 11.—There were the usual crowds about the doors of the assize court of the Seine when the fifth day of the trial of M. Zola and Col. Perrier commenced. M. Zola and Col. Perrier were greeted with hostile cries when they arrived, and the court was thronged. The proceedings opened with General Pelloux on the stand.

General Pelloux testified that General Sausser, former military governor of Paris, desired a public trial for Major Esterhazy, but General Billot, minister of war, ordered the trial to be secret. Nevertheless, the witness added, the court martial refused to keep the proceedings secret, therefore it was impossible to contend that Major Esterhazy was acquitted by order of the authorities.

On General Pelloux leaving the stand, M. Zola said: "There are several ways of serving France. You, general, made your campaign, but I will bequeath to posterity the name of Emile Zola, and posterity will be my judge."

Col. Perrier was called and narrated how he found the fragments of a telegraphic card in 1894 and concluded therefrom that Esterhazy was corresponding with suspicious parties.

Will Lease Indian Lands.

Washington, Feb. 11.—The Indian office will soon issue advertisements inviting bids on pasture lands on the Ome and Kaw Indian reservations in Oklahoma. There are about 200,000 acres to be leased and the period is to be three years from April 1.

THE PITTSBURGH DISASTER.

Details of the Big Fire and Fatal Explosion in that City.

Pittsburgh, Feb. 11.—The work of searching for bodies in the ruins of Wednesday night's awful fire was continued through last night by 200 men, but no more bodies were found. The debris is still piled ten feet high, however, and as more than a score of people are still missing, work will be continued without cessation until it is positively known that no more dead are buried beneath the debris.

That more people were killed, Chief Humphreys, of the fire department, says there can be no doubt. He saw walls go down in the midst of a great mass of humanity huddled together in a small space, and while he did not care to estimate the number of killed, he says it will be largely in excess of any estimate yet made. The search for bodies is attended by great dangers, not only from weakened walls, but from 120 tanks of acetylene known to be still in the smoldering ruins. Anybody is an ammunition in its most powerful state and its ignition would result in an explosion that would cause incalculable disaster.

The record of the fire at this time is known dead, eleven; missing, twenty-six; injured, eighteen; property loss, \$1,800,000; insurance about \$1,000,000.

Wants to Know Things.

Topeka, Kas., Feb. 11.—Webb McCall, state superintendent of insurance, has requested that companies making reports to him for 1898 to include statement of the amount of money appropriated by each for insuring legislation in Kansas during the year. State agents are to be made under oath and show all contributions made to the campaign fund in Kansas. He says the companies have been interfering in the political affairs of the state.

Great Gold Discovery.

Special to the Citizen.

Kingman, Ariz., Feb. 11.—A wonderful quartz find has been made on the Union Pass group of mining claims about twenty-five miles from this place and owned by Kummins, Strong & Co. of New York. The ledge is eighty feet in width, and ore running from \$40 to \$45 assay value has been encountered. This promises to develop into one of the most valuable mining properties in Arizona.

Leiter-Merritt Nuptials.

As announced in last night's Citizen Miss Marion Merritt and Felix Leiter were married at the residence of W. F. Metcalf last night by Rev. F. Bennett. After the ceremony had been performed a wedding supper was served. The following guests were present: Mr. and Mrs. Montague Stevens, Dr. and Mrs. John F. Pearce, Mr. and Mrs. J. K. Saint, Miss Bertha Hegman, Misses Ethel and Clara Caracallen, the Misses Saint, Miss Margaret Lee, Miss Reid, Colonel Harris, Prof. James H. Paxton, A. E. D. Caracallen and Mr. Wallace.

The newly married couple left last night on a wedding tour to California. A large number of the friends of both the bride and the bridegroom were at the depot to extend congratulations and wish them a happy journey. Among them were a large number of the city school teachers, to whose ranks the bride belonged. On boarding the train the happy couple were literally covered with showers of rice.

Thirty Days for Karcany.

A colored man by the name of Charles Williams was arrested yesterday on the charge of stealing a revolver from Dot Foster, one of the inhabitants of the Acre, and had his hearing before Justice Crawford this morning. It was proved that he carried the revolver around in his pocket, and the court thereupon informed him that he would either plead guilty to steal-

### A NEW PLAN!

#### Half-and-Half Measure for a National Circulating Medium.

The President Appoints Judges for Territory of Oklahoma.

South Carolina Liquor Business Killed in the Senate.

FATAL TRAIN COLLISION IN MICHIGAN.

Chicago, Feb. 11.—A novel suggestion as to the possibility of obtaining a national basis of compromise between the advocates of the gold standard and their opponents is being advanced by W. S. Herbert, of this city. The plan is for a circulating medium consisting of coin certificates payable half in gold and half in silver—two certificates for example to be redeemed by one dollar in gold coin and one dollar in silver coin. If the relative value of one half shall diminish the value of the other according to Herbert, it would relatively increase the value of certificates payable in both metals jointly and substantially unaffected. The height of the fulcrum of the scales not being disturbed by raising one arm and lowering of the other.

Killed the Bill.

Washington, Feb. 11.—The house committee on commerce to-day killed the senate bill to permit the state of South Carolina to control all of the liquors brought into the state in original packages. The motion to report favorably was lost on a tie vote.

Fatal Train Accident.

Detroit, Mich., Feb. 11.—A special from Menominee, Mich., says: In a collision between two log trains on the Chicago, Milwaukee & St. Paul last night at Carney Spur, Conductor Anderson, of this city, and brakeman Toole, of Green Bay, were instantly killed.

Judges for Oklahoma.

Washington, Feb. 11.—The president to-day sent the following nominations to the senate: John A. Barford, chief justice, and Bayard T. Halsey, associate justice of the supreme court of the territory of Oklahoma; Edwin K. Cunningham, of Tennessee, to be consul at Aden, Arabia.

Copper.

New York, Feb. 11.—Copper, 10 1/2.

CHICKENS: CHICKENS!

Fromage de Brie, Camembert, English Cream, Colorado Cream, Philadelphia Cream, Muenster, McLaughlin, Club House, German Hand, Neufchatel, Parmesan, Salad, Shilton, Sage, Imported Swiss, Imported Limberger, Domestic Limberger, SAN JOSE MARKET.

PLUMBING.

For a good job go to K. J. Post & Co.; they employ competent mechanics from the east.

The dissolution of the firm of Wickstrom & Barnett, proprietors of the St. Rino, has finally been effected by the forthcoming withdrawal of Mr. Wickstrom, and Mr. Barnett remaining. The official notice will be announced in a few days. Mr. Wickstrom at present has not definitely decided what he intends to do in the future, but his friends will not see him out of business long.

Angus McMillan, the Chilli sheep raiser, came in from the mountains late yesterday afternoon, and is around among his many friends. He reports a big fall of snow on the mountains and plains east of the city, and says that from all present indications, the range out of his way will be due for the sheep on the opening of spring.

F. T. Woodward, of Trinidad, Colo., is at the Highland. His function with the Santa Fe railway is to see that the coal from the various mines is delivered in a clean and proper condition for use on the locomotives of his company. He reports matters generally at the mines as going very satisfactorily.

Charles E. Cain, who was injured on February 4 by an electric light pole breaking and falling across his legs, called at this office this afternoon and stated that he had satisfactorily arranged a settlement with the Electric Light company for injuries received.

W. C. Saunders, in charge of the Millage Mining and Milling company in Hill canyon, and his wife, are at the Highland. It is hoped the Millage company will soon get started to work again. To have it so would be a great boon to that section and a benefit to Albuquerque.

There will be a regular meeting of Adah Chapter, No. 5, O. E. S., this (Friday) evening at 7:30, in the Masonic hall. By order of the worthy matron. Nellie M. Butler, secretary.

All varieties of oranges can be purchased at F. P. Trotter's store, on Second street. New supplies are constantly being received from California.

A big consignment of pants just in at E. L. Washburn & Co., and will be sold without reserve at \$1.75.

See the window display of new spring goods at the dry goods store—the Economist.

Turkeys, turkeys, turkeys. Chickens, chickens, chickens. Ducks, ducks, ducks. Geese, geese, geese.

ALBUQUERQUE, FEBRUARY 11, 1908

The mines of the world produce every year 540,000,000 tons of ore and coal.

Of the 3,196 complete water works in the United States, 1,699 are owned by the municipalities.

The greatest height ever reached in a balloon was 29,160 feet, two of the three aeronauts who made this recent being successful.

The big Melan bridge at Topeka, Kas., is the largest of its kind in the world. It is 646 feet long and the largest concrete bridge in this country.

BREAD as a daily article of food is used only by about one-third of the 1,500 million people that constitute the present population of the earth.

It is announced from Washington that the Hawaiian treaty will be ratified as soon as a vote can be had on it in the senate.

JAPAN has under construction four immense battleships, ten large cruisers and twenty-three torpedo boats, which will make her navy the third largest in the world.

The output of coke in the Pennsylvania coke region last year amounted to 6,915,054 tons, of an average value of \$1.65 a ton, making a total value of \$11,409,835.

OVER 500,000 patents have been issued in forty years. It has been estimated that each patent deprives four men of work, making 2,000,000 men out of employment for this reason alone.

The quiver of the aspen leaves is due to the fact of the leaf stalk being flat on the sides and so thin about the middle that the slightest breath of wind sets all the leaves waving horizontally.

In a printed list of swindlers perpetrated by gold-brick schemers of New York within the past few years, the west may point with pride to the fact that all the victims lived east of the Wahash.

The anti-annexationist is no novelty, says the St. Louis Globe-Democrat. He has fought every addition to the country, and was more violently opposed to union with California than now with Hawaii.

In San Francisco a machine is in operation that of a boy, turns out 40,000 tin cans a day. An expert tinner can make 500 cans a day. Each machine, it is estimated, replaces eighty mechanics.

ENGLAND is making every preparation for a magnificent display at the Paris exposition of 1909. The royal commission having charge of British interests at that fair is composed of 130 persons, and is headed by the Prince of Wales.

The tunnels of the world are estimated to number 1,142, with a total length of 514 miles. There are about 1,000 railroad tunnels, 12 subaqueous tunnels, 90 canal tunnels, and 40 conduit tunnels, with aggregate lengths of about 350 miles.

This year will show several hundred miles of new railroad completed in New Mexico. The southeastern portion of the territory is the scene of active railroad development, and two lines of road will be built eastward, one from El Paso and the other from Roswell.

The Vatican statesman announces that last year the Congregation of Cardinals received 400 applications for annulment of marriage, took about half of them into consideration, and cut the bonds in only six cases. Old-fashioned ideas as to the sanctity of marriage still rule at the Vatican.

MATHIMON promotes longevity. If you want to enjoy a long life get married. The statistics show that of every 200 persons who reach the age of 40, 125 are married and seventy-five are not married; at 60 the proportion is forty-eight to twenty-two, and at 70 it is twenty-seven to eleven, and at 80 it is nine to three.

It is with a feeling akin to sadness that THE CITIZEN announces the retirement of R. A. Kistler from the Las Vegas Optic. For nineteen years he stood at the head of that excellent paper, and was the oldest editor in active service in the territory. By his retirement the position of the senior editor and publisher in the territory, his term of service beginning March 1, 1891. To the new management of the Optic and to the veteran retiring editor, Mr. Kistler, THE CITIZEN wishes peace, plenty and prosperity.

LAND FOR NEW MEXICO. Accepting the fact that there is no hope for the admission of New Mexico as a state during the present gold standard regime in the national government, Delegate Ferguson has introduced a bill to grant to the territory the amount of land usually given to the states for educational purposes on their admission to the Union. It is understood, of course, that is a grant in advance, and that whenever the territory is admitted the act would carry no additional land grant with it, says the Denver News.

The measure is a just one. It is now fifty years since New Mexico became a portion of the United States and the people of that territory have never received fair treatment at the hands of the federal

government. It differed from other territories in the fact that it contained a large Mexican population who were partially ignorant of American ideas and the American forms and system of self-government. To assimilate this population and make them citizens in the best sense of the term was an imperative duty under the circumstances attending the acquisition of New Mexico, but it has been neglected by the nation. What progress New Mexico has made in this direction has been due to the patriotic impulses of the residents of the territory, rather than to any action on the part of the national government. The young generation of Spanish-Americans that has arisen since the annexation of the territory has been animated by a zealous desire to place itself on a plane that American citizenship should always occupy, and it is to aid and promote this progress that this bill has been introduced.

If congress will not give New Mexico statehood, let it give to the territory increased educational facilities such as this grant of lands will assure. It is only anticipating what will surely be better fitting the youth of the territory for the duties and responsibilities which statehood will require.

When the English trades congress met at Birmingham twenty-nine years ago, it had forty-eight delegates, representing about 800,000 members. The recent convention was attended by over 1800 delegates, representing more than 1,500,000 members.

"FITZ MAC" writes entertainingly in the Denver Post about Senator Teller, who is the silver idol of Colorado. Fitz has a high opinion of the senator, which is not shared in by a majority of the people of the United States, who believe that he is too narrow in his views on the monetary question.

THE women are strictly in it in New Mexico so far as the postoffice are concerned. Among the recent changes the ladies secured the postoffice at Las Cruces, Silver City, San Marcial, Raton and Elizabethtown.

THE Denver Post says: "At latest advice Attorney Chandler had ceased to shudder because of the miners' conspiracy, and had expressed the hope that all might yet be well."

The Discovery of the Day. Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and is today as effective as when first discovered. Free trial bottles at J. H. O'Reilly & Co.'s drug store.

The Texas Idea. Superintendent Morrison, of the New Mexico mission of the Methodist Episcopal church, came down to day from Albuquerque. As some of the members of the Myrtle avenue Methodist church object to have their church referred to as the Methodist church north, it has been suggested that this Methodist Episcopal church be called the Republican Methodist church, and trinity, and the Methodist Episcopal church south be referred to as the Democratic Methodist church. Then there would surely be no mixing of the babies.—El Paso Herald.

## A GOOD LETTER

From the Clerk of the Circuit Court, Fernandez, Fla., Feb. 25, 1908.

Dear George: Please send a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable remedy in the house. I have given it a fair test, and consider it one of the very best remedies for cough that I have ever found. One dose has always been sufficient, although I use it freely. Any cold my children contract very readily to this medicine. I can conscientiously recommend it for cough and colds in children. Yours respectfully, GEO. E. WOLFE.

## THE COLONEL SHELBY WILL

At the recent session of the probate court, Attorney Money presented a petition in behalf of William B. Neely and Clinton Young, of Tennessee, representing themselves to be respectively a nephew and a half nephew of the late Colonel S. V. Shelby, and as such, praying that the last will and testament of their deceased kinsman, heretofore admitted to probate, be set aside on the general ground that the document was not properly authenticated, says the Santa Fe New Mexican. This is precisely the same ground upon which the will was originally contested and no new evidence was presented to support the contention. General Bartlett appeared as the attorney for the heirs named in the will. The matter was taken under advisement by Judge Rivas.

## GOVERNOR PRINCE'S LECTURE

Gov. Prince's lecture at the court house last night, one who heard it has this to say: "It was a wonderful story and remarkably well told, and those who failed to hear it missed a great treat. What a lesson it was in geography, in adventure and discovery! One seemed to see Coronado and his band creeping up the Pacific coast from his starting point, somewhere west of the city of the Montezumas, until they reached California, and thence turning eastward the hearer followed them into and through Arizona, New Mexico, Kansas and Missouri, probably touching the Panhandle of Texas and a corner of the Indian Territory. They must have passed very near the geographical center of the United States, excluding Alaska, which is supposed to be near Fort Riley, in Kansas. It was a most interesting lecture and thus, through these curious wiles, we have the pleasure of reading them.—New Mexican.

When Stairs Fall. Hood's Sarapelite builds up the shattered system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most wonderful record of actual cures of any medicine in existence. Take only Hood's.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. See.

# A VERY RICH MINING DISTRICT!

Special Correspondent Writes About the Golden Country.

## ITEMS OF INTEREST FROM TERRITORIAL PAPERS

Golden, N. M., Feb. 9.—Golden, one of the best mining camps of the territory of New Mexico, is situated about forty-five miles south of Santa Fe and thirty-six miles east of the city of Albuquerque, where some of the richest placer diggings in the territory are situated and have been worked for the past fifty years and several million dollars' worth of gold has been extracted from the gravel beds, is a little quiet at present, although most of the inhabitants are working placer gravel for their living. This camp, while it is not creating any excitement, is slowly coming to the front, and it will not be long until it will draw the attention of the outside world.

Among the many prospects that are becoming promising mines is the C. and C. mine, owned mostly by Albuquerque people, on which considerable development work has been done in the last twelve months. During this time a good force of men has been at work under the management of J. T. McLaughlin, who is one of the stockholders of the C. and C. mine. During the time that the work has been going on several tons of fine galena ore has been extracted, and in due time this property will become one of the most extensive producing mines in the new placer mining district.

Another of the best looking prospects, on which quite a lot of development work has been done lately, is the Carbonate Hill mine, situated east of Golden. In this claim some very good carbonates of lead and silver are carrying \$4 to \$6 in gold to the ton, will be another mine that might furnish the Cerrillos smelter with quite a number of tons of ore daily. This property has now one of the best and well-defined leads in the camp, and is increasing in width at every foot that is gained in depth.

A two-foot vein of ore has been struck in the Missouri Belle mine, situated about half a mile northeast of San Pedro. The owners of the mine are now getting out a mill run of twenty-five tons of ore to be treated at the Graves & Lewis mill at Golden. The ore shows \$12 in gold to the ton by several assays lately made by some of the best assayers of Colorado and New Mexico.

The Old Timer mine, one of the oldest claims in the district, has been leased to Trujillo & Sanchez, two of the best miners in the camp, who are familiar with the mine and have at several times taken out mill runs from the mine. The ore will also be milled at the Graves & Lewis mill, run by samples tested in the pan from the tunnel where they will get the ore out. It is expected to run not less than \$35 to the ton.

H. B. Cartwright, one of the prosperous merchants of Santa Fe, who is largely interested in mines in the district, is getting some ore hauled to the Lewis & Graves mill for treatment. The ore is low grade, but as the body is large and can be mined cheap, Mr. Cartwright will have a small amount left him after paying the expenses of mining and milling. If results be as satisfactory as expected he will put a large force of men at work, and will keep the mill running steadily for several months.

J. R. Davis, who has been working the Gold Standard mine under contract, has arranged with Carl Graves to take thirty tons of ore for him which has been extracted from the mine since the 6th of January. Mr. Davis has at present one miner at work, and the lead has widened to such an extent that he is able to get out two tons of ore per day. If the mill run proves satisfactory a large force of men will be put to work in the mine to extract ore enough to keep a mill running day and night. As Mr. Davis is one of the best mining engineers and practical miners, there is no doubt but what he will add considerably to the development of the camp. The owners of the Gold Standard expect to sell an interest to Mr. Davis when this mill run is made, and work the mine together.

The machinery for the Sethman & Kestler placer ground in the San Laz area gulch has arrived at Ortiz station and will be hauled over to the ground as soon as the roads dry enough to enable teamsters to haul a fair load over the road. Messrs. Sethman & Kestler have built quite a cozy house in the gulch, and everything will be in readiness when their wives arrive. The machinery will be put up in a short time and started to treat the placer gravel, for which purpose it is intended. Messrs. Sethman & Kestler are from Kansas and are business men from the word go, and the best thing about them is that they agreed to board their correspondent free of charge every time he comes up to the gulch to get some news for THE CITIZEN.

The next most promising mine in the district, situated in one of the most desirable spots in the neighborhood of the Gold Standard, is the Stockton, which has some of the same character of gravel and quartz as there is in the Gold Standard. This is one of the oldest claims in the gulch, but very recently ore has been found in shafts sunk.

Last year this district shipped away \$20,000 worth of gold bullion as follows: Gold Standard.....\$12,800 P. Girard.....800 P. Girard bullion.....8,400 Total.....\$20,000

Your correspondent got the above figures from Messrs. Carley & Girard, and next week will be able to give the amount shipped by San Pedro merchants.

## SANTA FE

From the New Mexican. Mrs. W. R. Price, accompanied by her daughter, Miss Nellie Price, left for Los Angeles, intending to be absent about two months.

Miss Jennie Call, of this city, who is visiting her sister, Miss Tessie Call, at Las Vegas Hot Springs, is reported quite seriously ill.

While over at Bland, the other day, in company with Sheriff Kinsell, J. W. Akers, of this city, sold two business lots there to Arthur Henry for \$400. Sheriff Kinsell wisely decided to hold his business lots and to build a large store on one of them.

Judge Morrison Tuesday received a dispatch from Senator Ekins informing him that his appointment as United States collector of internal revenue for the district of New Mexico and Arizona had been formally confirmed under his correct name of Alexander L. Morrison. Instead of Andrew L. Morrison as he was erroneously styled in his original appointment. This will necessitate a formal transfer of the office from the position of Andrew L. Morrison to Alexander L. Morrison and the giving of a new bond.

The territorial treasurer received a check from the collector of Colfax county for the sum of \$6,070.40, in settlement of his tax collections for the month of January.

R. M. Read has received notice from Washington that the court of claims has allowed Pablo Barrogo, of this city, Mr. Read's client, \$500 on account of Indian depredations.

J. W. Akers has effected a lease of the Jones orchard on the Rio Santa Fe, about a mile below the city, to W. H. Keller. Captain T. J. Matthews has sold the Exchange bar to John H. Finckin.

## LAS VEGAS

From the Optic. The San Miguel National Bank is making quite extensive improvements. Dick Lowry's children are down with the measles.

Mrs. E. La Maestre, mother of Mrs. F. O. Wood, is quite ill with an attack of the grip.

There are some young men in this town, moving in the circles of good society, who spend their evenings in debauchery and rowdiness.

A stray mule thrown into Judge Wooster's barn came near producing a disastrous fire. There is altogether too much carelessness in the use of matches, by old and young alike.

J. Minium and J. W. Clay returned from a trip to White Oaks through the country, which occupied them about three weeks. While in White Oaks they were shown great courtesy by J. Y. Hewitt, who took them through the "Old Abe" mine and through the stamp mill.

Buckley's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, letter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay. It is guaranteed to give perfect satisfaction or money refunded. Price, 25 cents per box. For sale by all druggists. J. O. O'Reilly & Co.

## OPTIC-EXAMINER.

The Two Afternoon Papers of Las Vegas Consolidated. Las Vegas, Feb. 10.—The Optic and Examiner newspaper plans have been consolidated. The Examiner suspends publication, and the Optic goes into new hands, R. A. Kistler, for nineteen years its president, stepping down and out.

Felix Martinez, who recently took up his residence in El Paso, is president of the new company; Dr. George T. Gould, the ex-postmaster of East Las Vegas, will be editor, and the business manager will be W. E. O'Leary.

Hon. Frank A. Manzanares, Frank Forstner, A. A. Jones, Felix Martinez, Dr. George T. Gould, W. E. O'Leary, J. A. Carruth and others connected with the Examiner Publishing company, are interested financially in the new company. The money has been raised and the Wilson Waddingham mortgage on the Optic and the Allen's claim against the Examiner has been satisfied.

It is whispered around that Mr. Kistler received in cash \$4,000 and a small amount of stock in the new company; also that Mr. Carruth got \$3,000 and a few shares of stock, and that Felix Martinez has added his own plant, La Voz del Publico, to that of the new concern.

## AFTER OUR HOWITZERS.

Colorado Trying to Get Them for State Capitol Grounds.

## A LETTER FROM H. A. E. PICKARD.

Yesterday Cecil A. Dean, custodian of the hall of war relics in the state capitol building, through a letter addressed to Congressman Shafroth in Washington, made the request of the secretary of war for four brass howitzer guns, with which to decorate the state capitol grounds, says the Denver Republican.

The cannon in question will be prized very highly by the state, as they were buried on March 28, 1862, on Pigeon's Ranch, New Mexico, at the instigation of Gen. Sibley, to prevent their capture by Col. J. M. Chivington, when the former retreated before the advance of the latter. The guns remained buried for thirty-two years, having been exhumed in 1894. The soldiers who buried them never returned, and no one knew of their whereabouts until 1894, when one of the men who helped to hide them visited Pigeon's ranch and showed the authorities where to dig for the ordnance.

The following letter concerning the guns is of interest. It was sent with the letter written by Custodian Deane to Congressman Shafroth:

Albuquerque, N. M., Jan. 28, 1898.—Jacob Lowmeyer, Dear Major: The battery which is now being excavated in the old town where it was buried on the retreat of Sibley in front of the Colorado First Cavalry, consists of eight brass howitzers in good shape, but dismounted as nakedly as anything you ever saw. The caissons, wheels, etc., are all gone, no one knows exactly of the whereabouts of the pieces were not spiked, and one is still loaded with a charge of grape and canister for the special benefit of you Colorado troops.

"When the battery was uncovered the United States commissioner here took possession of it in the name of the United States, and reported to the government, and it is now considered as the property of the war department, but they are not taken care of by any one here particularly."

H. A. E. PICKARD. LETTER TO SHAFROTH. The following is a portion of the letter Custodian Deane wrote Congressman Shafroth asking for the guns:

"Hon. J. F. Shafroth, House of Representatives, Washington, D. C.—Dear Sir: The enclosed resolution of our state capitol board, together with the letter of Mr. Pickard, will explain themselves. The Colorado soldiers who were buried in the caissons, and who drove back Gen. Sibley's confederate troops and repelled an invasion which, if successful, would have caused serious disaster to the cause of the Union. If the four guns can be procured it is proposed to mount them on our capitol grounds, and no act of the honorable secretary of war could give more satisfaction to the surviving members of the Colorado troops than to allow them to possess these trophies of their valor. At the battle of Pigeon's Ranch, N. M., Colonel J. M. Chivington of the First Colorado Cavalry, captured and destroyed General Sibley's ammunition and supply train, and the timbers and caissons of these guns were used to remove the wounded on their retreat to Texas. Very respectfully,

"CECIL A. DEAN, Custodian."

Highwaymen on Wheels. A wheelman of west 45th street, New York, was attacked, robbed and left senseless by two highwaymen mounted on bicycles in Central Park. Repeated accounts of robberies by men mounted upon wheels have appeared in the papers in various parts of the country. Those depicted in the illustrations of the bicycle and the highwayman, armed with a revolver and a knife, are the latest and most recent.

The hearing of the Jose Garcia grant, which was confirmed in part at a previous term of the court, but no decree was ever entered, the motion of the plaintiff, Mariano S. Otero, for a rehearing was granted. It appears that since the original judgment was entered the court has concluded that there was not sufficient evidence upon which to base a confirmation. The court has granted the respective attorneys permission to argue this point.

The hearing of testimony in the matter of the Roque Jacinto Jaramillo grant in Rio Arriba county, No. 228, is now in progress. Mr. Pope appearing for the government and Messrs. Catron & Gortner representing the claimants, Jose Jaramillo et al. This grant lies within the boundaries of the confirmed Juan Jose Lobato grant, which has been surveyed and the survey approved.

THE MODERN WAY. Comments itself to the well-informed, to do pleasantly and effectively what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after-effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

Woodmen of the World. Meeting to-night at Pythian hall at 8 o'clock. All members earnestly requested to be present. Visiting novices cordially invited.

W. H. ANDERSON, Consul Commander W. H. H. ALLEXSON, Clerk.

## NEW MEXICO PENSIONS.

An original pension at the rate of six dollars per month has been granted to Luciano Trujillo, Teolote, San Miguel county; also to Juan Antonio Sanchez, of Veterans, at the rate of six dollars per month, from January 8, 1896.

Pittcock is in Phoenix, and writing articles about chickens for the Republican. Crockery and glassware. Whitney Co.

## AWARDED

Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

DR. PRICE'S CREAM BAKING POWDER

Capt. Jas. A. Duffey, OF TOLEDO, OHIO. The Great Railway Detective Tells What Dr. Miles' Remedies Have Done For Him and His Wife.

DETECTIVE work requires constant vigilance, steady nerves, a clear head and active brain. "A year ago," writes Capt. Duffey, of 511 Orchard St., Toledo, Ohio, "I overworked myself, was in such a condition sleep was impossible. I was so nervous I could not lie in bed, my arms and limbs twitched and my system seemed completely exhausted. I began using Dr. Miles' Nerve and Brain Tonic, and the fourth bottle restored me to health."

Duffey had suffered for eighteen years with heart disease, had tried every remedy without avail until he took Dr. Miles' New Heart Cure two years ago. For the past year he has been free from the trouble.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Broom and Nerve sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

**Simon Stern,**  
THE RAILROAD AVENUE CLOTHIER.

A. G. Wall, C. A. Bottiger, E. R. Stoffel  
and Ralph Halloran. A committee com-  
posed of W. A. Rankin, George Green and  
E. R. Abel was appointed to draft a charter  
and by-laws and to apply for admis-  
sion to the American Driving association.  
The next meeting will be held at 8  
o'clock next Monday night at Major  
Rankin's office.

The Kilo club entertained at the home  
of Mrs. Stevens and her daughter, Mrs.  
Murray, on Lead avenue, last night, and  
all present had a good time. Mesdames  
J. Drury, Harsch, A. Butler, Isherwood,  
J. Butler, Gray, Maudard and Rutherford  
were present. A dainty repast was served,  
with "a good old Mother Washington tea  
whirl with Little Lady Millins to tell us  
of the future," says our informant.

To-morrow night, Saturday, the Ger-  
man Ladies' Aid society will give a mas-  
querade ball at Turner hall. The ladies  
have appointed a committee, Messrs.  
Knight and Fornoff, whose duties it will  
be to see that no improper characters  
push themselves into respectable society.

Chickens, turkeys, geese and ducks, at  
the SAN JOSE MARKET.  
Read that new advertisement of the  
Economist.

WM. KIEKE, Proprietor.

**PERSONAL PARAGRAPHS.**  
Hon. Sol. Luna, of Los Lunas, is at  
Santa Fe to-day.  
W. C. Leonard, of the clothing house  
of E. L. Washburn & Co., was a passen-  
ger for Cerrillos last night.  
W. T. Baker and wife, and daughters,  
Misses Alice and Mary Baker, with nurse  
and Mrs. F. E. Roberts, registering from  
Utica, New York, are at the Grand Cen-  
tral.

Hon. H. M. Dougherty, of Socorro, came  
in from the south last night and has his  
name on the register at Sturges' Euro-  
pean. He is the popular prosecuting at-  
torney for the Fifth judicial district.  
Thos. Miller and wife, and party of  
friends, of Chicago, in a special car of  
the Chicago, Burlington & Quincy,  
passed through the city last night on  
their way to Phoenix, and from there  
they will go to Los Angeles and San  
Francisco.

T. J. Helm, general agent of the Den-  
ver & Rio Grande, came in from the  
south last night and continued on to  
Santa Fe. Capt. Lampton, another of-  
ficial of the road who was also south on  
business, missed the train at Rincon  
yesterday. He will pass through the city  
for Denver this evening.

Col. John E. Frost, of Topeka, and his  
brother, Thos. Frost, of Minneapolis,  
Minn., called at the Commercial club be-  
tween trains last night. The colonel is  
the land commissioner of the Santa Fe  
railway, and, with his wife and family  
and brother and wife, left this morning  
for a visit to City of Mexico.

Landlord Sturges, of the European, is  
to be commended in his action toward  
blinks and confidence parties, nicely  
dressed, when they tip their game. As  
soon as he was perfectly satisfied that  
Mrs. F. H. Leonard, alias Mrs. F. B. Jones,  
alias Miss Fannie Lambert, from Utica,  
N. Y., who registered with a man calling  
himself F. B. Leonard, had collected  
money from a number of our citizens to  
send a "poor" deserving consumptive  
couple, Mr. and Mrs. F. B. Leonard to  
El Paso, he politely informed the wo-  
man and man that they must find quar-  
ters elsewhere, which they did under  
police surveillance last night.

**THE GOLDEN RULE**  
DRY GOODS COMPANY.  
**JUST ONCE A YEAR**

We throw all the advertising pressure, all our selling enthusiasm into a merchandise movement for the benefit of our men folks. This shirt and pants sale has been planned on a larger scale than ever before. We want you to feel that we've been studying your best buying inter-ests in this matter; want you to be fully impressed with the fact that it is economy of the very best kind for you to buy of these lots. There's very little profit in it for us, but it keeps business rushing at a season when it would otherwise be dull, and besides we know that our public are not slow to show their appreciation of these trade benefits. We've had them before. Ready for you when you read this. Money back, you know, if every item is not in every way satisfactory

**A Big Sale of  
Unlaundered Shirts.**

You can upon ordinary occasions buy a fair quality of shirt at 50c. We offer you during this sale a good unlaundered shirt, as good as you can buy for half a dollar at . . . . . 35c  
We only have a limited quantity of this lot, so that it will pay you to be on hand early.  
All of our best unlaundered shirts, selling up to 75c, go at . . . . . 45c

**NIGHT SHIRT SALE!**  
If you've a night shirt want this is emphatically the time to supply it. Suppose you read carefully the price shavings, then match them with the merchandise. Every shirt in these lots will sing you a money-saving song.  
Our regular 65c line goes at only . . . . . 50c  
Extra good quality Jean Night Shirts, regular value \$1.00, only . . . . . 75c  
All our better goods reduced in proportion.

**WORKING MEN'S PANTS!**  
Two hundred pairs of Pants, well-made and durable, will be put on sale at only 75c a Pair  
300 pairs of Pants, selling up to \$3.50, will be sold regardless of cost at . . . . \$1.85 a Pair  
New Goods Arriving Daily. An Inspection Solicited. No Trouble to Show Goods.
