BIG FIRE!

Largest Block in Fort Worth,
Texas, Destroyed.

Big Demand in Ohio for Bessemer
Pig Iron.

Secretary Bliss Opposes the Opening of
an Alaska Island to Settlement.

LEAD MINES IN OKLAHOMA.

Kansas City, Feb. 9.—A special to the Star from Fort Worth, Texas, says: At 3 o'clock this morning the largest property loss by fire that ever occurred here took place. The eight-story Hurley office building, Dreyfus company mammoth dry goods house, Farmers and Mechanics' bank, the general offices of the Fort Worth & Denver City Railway company, Fort Worth Cycle company and one or two small merchandising companies being burned to the ground. The firemen were unable to get the fire under control until 9 o'clock this morning. Total loss estimated at over \$250,000.

The Hurley building was the largest in the city and owned by William Butler, trustee of the Simpson heirs, of Boston. It is impossible at this time to ascertain the exact amount of the insurance, but it is known that it will fall far short of the loss. Over twenty tenants in the Hurley building lost everything. The flying embers fell ten blocks away. The street car lines were paralyzed; the wires were cut, and no cars were running.

An Alaska Island.
Washington, Feb. 9.—Secretary Bliss has returned to the senate with his unqualified disapproval, the bill to settle on the segregated lands of about twenty-one miles in area to the Indians now occupying Annette Island, in Alaska, and opening the remainder to settlement. The secretary says he is convinced that the Indians should be permitted to remain in undisputed possession of their reservation, and no part should be opened to the public.

MAY BE A FIGHT.

Two Blood-Thirsty Kentuckians May
Fight a Duel.
Lexington, Ky., Feb. 9.—A political sensation caused by the publication of a letter from Col. Thomas B. Moore, of Bourbon county, a leading silver democrat, denouncing Desha Breckenridge, son of Col. W. C. P. Breckenridge, editor of the Herald and suggesting a duel to settle their differences.

Col. Moore is an ex-confederate and paralyzed in the right arm. He suggests that both use their left arms. The feeling between the men was engendered in the Breckenridge-Owens congressional contest four years ago. Col. Moore was recently suggested as penitentiary commissioner and the Herald ridiculed him. This led to the challenge. Breckenridge is in Frankfort and will probably answer Col. Moore to-morrow. Col. Breckenridge declines to discuss the challenge.

BESSEMER PIG IRON.

Big Demand in Ohio for Iron at Increased
Price.
Cleveland, Ohio, Feb. 9.—For several days past there has been more inquiry for Bessemer pig iron than there has been for a long time and a number of advances in price were made. A week or ten days ago pig iron was selling in the valley at \$9.05 and \$9.10 a ton, but increased demand has forced the price up to \$9.50. The Carnegie Steel company picked up 100,000 tons at that figure. Close to \$1,000,000 is represented in the deal, which is the largest of the kind for several years. The management of the Illinois Steel company has made arrangements with the Minnesota Iron company for its supply of Mesaba ore for the season of 1898.

Lead in Oklahoma.

Wichita, Kan., Feb. 9.—A special to the Beacon from New Kirk, Okla., states that lead and zinc in rich paying quantities have been discovered in the Kaw reservation which joins Kaw county on the east. A Joplin prospector declares the find superior to anything discovered in Missouri or southeast Kansas.

Kansas City, Feb. 9.—Cattle—Receipts, 6,000; best grades steady, others weak. Texas steers, \$3.00@4.00; Texas cows, \$2.50@3.40; native steers, \$1.75@2.40; native cows and heifers, \$1.75@2.40; stockers and feeders, \$3.00@4.70; bulls, \$2.50@4.50.

Sheep—Receipts, 3,000; market firm.

Lambs, \$4.00@5.50; muttons, \$3.50@5.25.

Turpentine Going to Cuba.

Washington, Feb. 9.—Orders have been sent to Captain Sampson, in command of the North Atlantic squadron off Key West, to send the torpedo boat Cushing to Havana with stores for the use of the Maine. She will leave in a day or two and will return as soon as the stores are delivered.

FATAL ACCIDENT!

A Young Man Under the Wheels
at Holbrook.

He Was Heroic but Death Ended his
Suffering.

William Riordan, Who Killed Tom Lowery,
Taken to Kingman.

SHOOTING AT EL PASO.

Special to The Citizen.
Holbrook, A. T., Feb. 9.—Yesterday evening at about 5:30, just as the east-bound No. 3 passenger train was pulling out from the depot platform a young man named C. L. White leaped aboard. A few moments later, when the train had reached a point about three hundred yards from the depot, he was seen leaping out from the platform of one of the coaches, apparently with the intention of waving a goodbye to some friends. When, as he afterwards told his friends, he was on the platform, from which he slipped, and losing his balance fell beneath the train, moving rapidly, and terribly mangled his right leg at the knee and his left foot at the instep. After the accident the injured man was first seen by a tramp, who had tried to board the same train but failed. White begged him to help him to remove his shirt for the purpose of tying it tightly around his leg. But the tramp seemed too frightened to render him any assistance, whereupon White, with almost superhuman courage and presence of mind, removed his own shirt and tightly bandaged his right leg above the knee. In the meantime the tramp had returned to the station and informed Sheriff Watron of the accident, who, with Mr. Clark, a friend of the injured man, quickly repaired to the scene, and directed that the man be borne on a litter to the hotel. Mr. Clark immediately wired to Dr. Dryden, the railroad surgeon who was at Winslow, and who arrived in an incredibly short space of time on a special engine. After a hasty examination the doctor pronounced the case as being very serious, saying that a contusion of the head, which up to this time had not been discovered, was the most dangerous and probably a fatal wound, a fact that was communicated to the patient before he was put under the influence of ether for the operation of amputation of his limb. The poor fellow seemed to know that he would not survive the operation called to his friend Clark to whom he imparted last and loving messages to his father, mother and sister, and after sobbingly kissing him farewell for the last time he died at 10:30 p.m. and his body was taken to the Winslow hospital.

Deceased and C. M. Clark had just returned from a trip through Apache and Navajo counties with a project to show in which they were partners. Alonzo Bailey, a well-known and wealthy merchant at Globe, Arizona, is an uncle of the deceased. No blame is attached to the railroad men in charge of the train.

FATALLY STABBED.

William Riordan Kills Thomas Lowery at
Francisco.
Special to The Citizen.
Kingman, A. T., Feb. 9.—William Riordan, who stabbed and killed Thomas Lowery in the railway dining room at Francisco station, on the Santa Fe Pacific, early last Saturday morning, was brought here by Under Sheriff Cohenour and Coroner Redman and placed in jail. They also brought with them the remains of Lowery, which were buried Sunday.

Riordan's preliminary is in progress, and it is thought that he will be discharged, although some think that he will be bound over and bail granted. The testimony has developed the fact that the two men were laborers on the railroad and had a grudge against each other. Something was said that displeased Lowery and he jumped on to Riordan, while the latter was seated eating breakfast. He blackened Riordan's eye and had him pressed down behind the table throttling him, when Riordan grasped a case knife and with a half-arm blow drove it into Lowery's breast below the left nipple. The wounded man lived but a half hour. Although the dining room was full of men at the time, events passed so rapidly that Lowery was dying on the floor before the others could interfere.

HERE FROM SAN PEDRO.

J. T. McLaughlin in the City—What He
Saw About Mining.
Hon. J. T. McLaughlin, of San Pedro, one of the hard working and faithful commissioners of Santa Fe county, registered at Sturges' European last night. He is here on business connected with his mining interests, not only at San Pedro, but in the wonderful Cochiti district. He reports mining on the improve up in his section of the country, and states that while Cochiti will boom, the districts surrounding San Pedro will also come to the front. Mr. McLaughlin expects to get through his business today, so as to return to San Pedro this evening.

Turkey Gold Mining Company.
The Turkey Gold Mining company has been incorporated by Bradford B. Mc-

Gregor and A. M. Bagby, who are residents of the state of New York, and W. J. Mooney, of New Mexico. The company has been organized to do a general manufacturing, mining and irrigating business. The capital stock of the company is \$500,000, consisting of 5,000 shares of the par value of \$100 each. The board of directors consists of Bradford B. McGregor, Thomas B. Brown and A. M. Bagby, New York; R. J. Mooney and John D. Day, New Mexico. The principal place of business of the company is designated to be Golden, Santa Fe county.

Called to Germany.
This morning Chas. Metzger, the carver at the San Jose meat market, received a telegram from Strasburg, Alsace, saying: "Come home; the wish of papa." Mr. Metzger states that the news conveyed to him the fact that his father is dangerously ill, and he will at once arrange to leave for the old country in a short time. He will be absent from the United States for at least three months.

Toland Dead.
Anthony Toland, the private soldier, who was run over by a train Monday night, while on his way to Fort Wingate, died from his injuries at 1:30 o'clock this morning. The remains have been turned over to Undertaker Strong, who will hold them until instructions are received from relatives of the deceased in Chicago, who have been telegraphed of his death.

Undertaker Strong this afternoon received a telegram from the Old Fellows lodge at Fort Wingate to embalize Toland's body for shipment. It will be shipped to-morrow night either to Fort Wingate or to Chicago.

SHOOTING IN EL PASO.

Cowboy Sends Three Bullets Into the Body
of a Saloon Man.

Special to The Citizen.
El Paso, Tex., Feb. 9.—Victor Salvini, a saloon man of this city, was shot three times by Pomp Jones, a notorious cowboy of Texas. The first bullet went through the left shoulder, the second pierced the right arm and the third entered the left side. The wounds are not fatal, however, and Salvini will probably recover.

The trouble commenced when Jones and a companion tried to go into the kitchen where Mrs. Salvini was cooking. Salvini objected and a quarrel ensued which resulted in the shooting. Jones endeavored to escape to Old Mexico but changed his mind and surrendered himself to police officers who were searching for him and was locked up in jail. He will have his preliminary hearing to-morrow.

AFTER HIS PRISONING.

Sheriff Watron Here and Will Take
Lacey to Winslow.

F. J. Watron, the popular and courageous sheriff of Apache county, came from Holbrook last night, and will leave this evening for the west, having under his eagle eyes James Lackey, the Winslow shootist, who was arrested in this city late yesterday afternoon by Sheriff Hubbell and Officers Fornoff and Jones. Although Lackey did his pistol work in Arizona, as reported in THE CITIZEN of yesterday afternoon, it is understood that he is willing to accompany the sheriff to Winslow without requisition papers. Sheriff Watron has made a brilliant record for himself, and like Sheriff Ralph Cameron, is very popular along the Santa Fe Pacific.

EMPHATICALLY DENIED.

The Astor Cattle Company's Cattle Have
Not Been Sold.

The reports of the sales of the Astor Cattle company's cattle, numbering between 7,000 and 7,500 one and two-year-old steers, are denied by G. L. Brooks, of this city, who is the general manager of the company. The Denver Republican of last Sunday announced the sales as being the biggest in either New Mexico or Arizona, for many years, and the item was based upon no foundation whatever.

THE TUNNEL TOPICS.

Will Be Ready for Passage of Trains on
Friday.

W. R. Trull, at 3:30 o'clock this afternoon, informed THE CITIZEN that the Johnson canyon tunnel will undoubtedly be ready for the passage of trains on Friday.

In any event, he has instructions to send west over the Santa Fe Pacific the limited on Friday and the No. 1 that night.

The No. 2, from the west, on Friday night, will come through the tunnel according to the present arrangement. All through freight trains, for the west, are now being sent over the Santa Fe Pacific, instead of over the Southern Pacific via Deming.

PLUMBING.

For a good job go to E. J. Post & Co.; they employ competent mechanics from the east.

Miss Lena Priessner will leave to-night for El Paso, and rumor has it that she will be united in marriage to-morrow night to S. L. Hughes, a brother of John H. Hughes, of this city.

THE ZOLA TRIAL!

Paris Excited Over the Prosecu-
tion of the Novelist.

First Day's Proceedings of League
of American Wheelmen.

The Government Will Bid on the Kansas
Pacific Railroad.

AMERICAN FRUITS IN AUSTRIA.

Paris, Feb. 9.—In spite of the special precautions there was a repetition of the scenes witnessed yesterday, when the trial of Emile Zola and Perrier, who are being prosecuted by the government for denouncing the Koterhazy court-martial, was continued to day in the assize court of the Seine.

General Rollet refused emphatically to testify under plea of professional and state secrecy.

M. Delagrave, presiding judge, consented that Madame Dreyfus be allowed to testify on condition that her testimony be restricted to the Esterhazy case. Over 300 barristers in their robes gathered at the public entrance and indulged in horse play. When the presiding judge ordered them not to obstruct the passage, the barristers made a demonstration against the judge. Thereupon the commandant of the republican guards sent a detachment of troops to quell the disturbance. The intervention of the military was ill received and led to a violent affray. The barristers rushed upon the guard and struck them. One of the young lawyers was arrested, but after quiet had been restored, was released.

General Goss refused to testify. A scene followed and the court was cleared.

THE WHEELMEN.

National Convention of the League of
American Wheelmen.
St. Louis, Feb. 9.—A majority of delegates to the assembly of League of American Wheelmen, which convened to-day are in the city.

The matter which will receive the most active discussion is local option for state divisions. An amendment providing that state divisions be granted the right to determine for themselves whether or not Sunday bicycle races should be permitted, was introduced last year at the assembly at Albany, and defeated by but six votes. At that time division option was not considered of moment to the league, but the defeat of the amendment, occasioning the formation of outlaw leagues in California and Louisiana, where the control of the sport passed almost entirely into the hands of these newly formed organizations, has had the effect of causing the present delegates to hear both sides of the question and determine to decide the case on its merits.

President Potter's re-election for the ensuing year and the success of his entire ticket seems assured, for no decided opposition is shown yet, nor has any other ticket been made public.

The slate is as follows: President, Isaac Potter, New York; first vice-president, Thomas J. Keenan, Pennsylvania; second vice-president, Edward N. Hines, Michigan; secretary, Abbott Bassett, Massachusetts; treasurer, J. C. Tattersall, New Jersey.

WILL BID.

The Government May Buy the Kansas
Pacific Railroad.

Washington, Feb. 9.—The secretary of the treasury to-day issued a warrant in favor of the treasurer of the United States for \$5,715,255.15, to be used for the payment of the first mortgage on the eastern and middle divisions of the Kansas Pacific railroad. This action has been taken in accordance with the directions of the president and in anticipation of the favorable decision of Judge Sanborn. St. Louis, on the government's motion to be filed and argued next Saturday for authority to redeem the first mortgage and also for postponement of sale fixed for February 16.

American Fruits in Austria.
Vienna, Feb. 9.—It is denied that there is any question at present of prohibiting the importation of American fruits and fruit products into Austria.

Meats, Fornoff and Knight have been selected as a committee to see that no improper characters attend the masquerade ball at Turner hall on Saturday, Feb. 12, given under the auspices of the German Ladies' Aid society.

In City Clerk Trimble's report in yesterday's council proceedings, the item of cash was given \$40.30, while it should have been \$30.30.

The possibility of a war with Spain is imminent.

Zola has discovered nothing romantic in his trial for criticizing the sentence of Dreyfus.

The boycott is not a gentlemanly weapon. It is used by the ignorant and the brutal.

By a curious coincidence the number of lives lost at sea during 1916 in British merchant ships is returned as exactly 1,597.

COLORADO produced in 1917 300,000 more bushels of wheat than is required by her millers and other consumers of the raw grain.

The total sales of the two Methodist Episcopal publishing houses at New York and Cincinnati since 1848 have amounted to \$6,075,750.94.

The United States mint melts up every year about \$4,000,000 worth of old plate and jewelry, the amount offered largely increasing in hard times.

This California supreme court holds that in libel suits the defendant need only prove reasonable foundation for the charges to secure acquittal.

An English syndicate is reported as having been formed with a capital of \$300,000 for the purpose of buying up all the glass works in New Jersey.

POPE LEO gave 20,000 francs in alms to the poor of Rome at Christmas time, and during the past year gave dowers to one hundred and fifteen poor maidens.

For the week ending Saturday last the bank clearings in New York were \$252,877,655, but only 5 per cent of that amount, or \$12,643,833, was required to settle the balances.

THINGS have changed. In Oklahoma territory a few days ago a mob of white men burned to death two Seminole Indians. The details of the crime are horrible in the extreme.

In a recent charge to a grand jury two superior judges of San Francisco brought into question the general utility of the grand jury and plainly stated that the system has outlived its usefulness.

J. DOE PARKER has appointed James P. Mitchell, of Hillsboro, to be clerk of the court of the Third Judicial district. Mr. Mitchell is the postmaster at Hillsboro, and a most competent man for district clerk.

The money order department of the Chicago postoffice did a business for January, 1918, of \$5,500,000 in excess of the business of January, 1917. Such facts as these have effectively punctured the tire of calumny.

This government is going to have a little powder on hand, war or no war. Secretary Long has placed an order for 10,000,000 pounds, which is little enough in view of the fact that Spain is hunting for a fight.

If congress cannot give New Mexico statehood, that body should at least give the territory public lands in aid of public schools. If we are too ignorant for self-government, congress should help provide the means of education.

DURING the war of the rebellion there were enlisted 2,778,304 union soldiers, and there are now 623,500 of those on the pension rolls—not one in four—and yet from what we glean from the democratic press one would judge that all were on the roll several times.

THE CITIZEN congratulates Arizona on securing a first-class United States district attorney. Robt. K. Morrison has many friends in New Mexico, who know him to be a good lawyer and a republican above reproach. "Bob" is all right and will make the best district attorney Arizona has ever had.

THE Daily Stockholder computes the total interest and dividend disbursements on February 1 and during the month at \$24,288,339, as against \$24,267,127 last year and \$21,835,734 in 1916. The above figures do not include nearly \$3,000,000 that will be disbursed for interest upon the government debt.

STATISTICS issued by Nebraska's secretary of state show the present population of Nebraska to be 1,250,000; actual value of property, \$855,391,330.50; railway mileage, 5,640 miles; value of manufactured goods, \$68,057,794; acreage under cultivation, 18,091,590; unimproved land, 11,502,757; approximate amount invested in manufactures, \$37,609,508; number of manufactures, 9,041. There are 5,000,000 acres in winter wheat.

GERMAN EXPORTS.
In the consular report for JANUARY, United States Consul Monaghan, stationed at Chemnitz, Germany, gives some figures showing the decrease in exports to this country during the past year. If Consul Monaghan's figures are correct there is some cause for the Germans being disturbed. The United States is Germany's best customer and the loss of our market would be for her a serious commercial reverse. According to Mr. Monaghan seventeen consular districts in Germany sent to the United States in the September quarter of 1916 goods worth \$16,481,414; the same seventeen districts, in the same quarter of 1917, sent goods

worth 7,180,112, a difference of fifty-six per cent. Exports from Hamburg decreased from \$3,325,506 to \$297,506; Chemnitz from \$1,061,799 to \$236,036. Berlin and Leipzig lost less, yet the average all over the empire is nearly fifty per cent. Consul Monaghan ascribes this great falling off in Germany's exports to the Dingley bill, but it is very doubtful if that measure is the sole cause. Germany, of course, ascribes it all to the new tariff because she wishes to justify any retaliatory measure she may decide upon.

CHRISTIAN ENDOWMENT SOCIETY.
The officials of the United Society of Christian Endowment say that the sixteenth year has been in many respects the best of all; that the work has extended more widely throughout the world than in any other year. It has witnessed the inauguration of a united society for India, Burma and Ceylon, the establishment of a south India union and of other unions in the north and west of India. An endowment paper for India has been started in South Africa. Christian Endowment has received a growing impetus, being now on a substantial and growing basis. Great Britain has reached and passed the 5,000 line. China has made substantial progress. From Australia the word is encouraging. New South Wales has established a colonial paper. New Zealand reports large progress. Germany reports are encouraging. Beginnings have been made in Scandinavia, Switzerland and other European countries. On the American continent, both in Canada and Mexico, the reports are hopeful and encouraging. At the end of the sixteenth year, the society is stronger than at the beginning of the year by 5,000 societies and by 250,000 members.

STATISTICS of southern iron shipments for 1917 published at Birmingham, Ala., on Tuesday, make a remarkable showing. The total shipments from Alabama and Tennessee furnaces were 1,119,922 tons, of which the Birmingham furnaces alone shipped 740,965 tons. The amount exported was 218,632 tons, against 65,000 the year preceding. Three hundred thousand tons were used at home, making 1,500,000 tons of southern iron consumed last year.

THE New Mexican says: "The law passed by the Thirty-second legislative assembly, providing for the funding of county indebtedness, and establishing the procedure that all county accounts shall be paid quarterly and pro rata, is working well wherever carried out and is proving a beneficial measure."

ANOTHER Roman villa has been dug up at Boscoreale, on the slopes of Vesuvius, near Pompeii, where the great find of silver ornaments was made two years ago. The walls are covered with beautiful frescoes, chiefly landscapes and nudes.

THIS office is in receipt of a neat volume of poems of Edward McQueen Gray, of Croftonhill Ranch, Arizona. The verses show rare poetic ability.

HIGHWAYS on Wheels.
A wheelman of west 4th street, New York, was attacked, robbed and left senseless by two highwaymen mounted on bicycles in Central Park. Repeated accounts of robberies by men mounted upon wheels have appeared in the papers in various parts of the country. Those depredations of the health, disease of the kidneys and bladder, will likewise escape arrest, and pursue their atrocious career unchecked, unless they are arrested by the potent intervention of Hostetter's Stomach Bitters, the finest diuretic, as well as tonic, known to modern times. It is at the start that disease is more easily overcome. The use of the Bitters is followed by the happiest results in dyspepsia, liver complaint and nervousness.

Injunction Granted and a Receiver Appointed.
In the matter of Edward L. Bartlett vs. the Mexico Southern Railroad Company, Judge Laughlin, on Saturday afternoon, granted the injunction sought by the plaintiff and appointed Edward W. Lehman, of Chicago, receiver of the company named. The injunction restrains the company from contracting any more debts until a satisfactory settlement has been effected with the creditors. Attorney W. D. Washburn, of Chicago, was associated with General Bartlett in securing the above action.—New Mexican.

A GOOD LETTER
From the Clerk of the Circuit Court, Fernandina, Fla., Feb. 28, 1916.

Dear George—Please send a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was one of this valuable remedy in the house. I have given it a fair test, and consider it one of the best remedies for cough, cold, croup and whooping cough. I can truly say that I have ever found. One dose has always been sufficient, although I use it freely. Any child who contracts croup or whooping cough, I can truly and confidently recommend it for croup and colds in children. Yours respectfully,
Geo. C. Wolfer.

American Central Insurance company, of St. Louis, \$10,000 in currency.

Don't Forget to get your bottle of Chamberlain's Cough Remedy. It is a little bottle, but it is a big bottle of health. It is a little bottle, but it is a big bottle of health. It is a little bottle, but it is a big bottle of health.

Regular review of Alamo Hive No. 1, L. O. T. M., will be held this (Wednesday) evening at Odd Fellows' hall, south Second street, at 7:30. MENNIE A. McKee, Record Keeper.

The Discovery of the Day.
Ang. J. Bogel, the leading druggist of Sturtevant, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have."

Ang. J. Bogel, merchant, of Sturtevant, La., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and to-day stands at the head of its class.

Free trial bottles at J. H. O'Reilly & Co.'s drug store.

All varieties of oranges can be purchased at F. F. Trotter's store, on Second street. New supplies are constantly being received from California.

NEWS OF INTEREST TO ALL KINDS OF READERS

GALLUP.
Regular Correspondence.
Gallup, N. M., Feb. 8.—Misty, muggy, muggy weather; spring is coming.

Mrs. F. W. Meyers has been ailing for some time, nervous prostration, but is recovering at present.

Mrs. J. Gibson received a fall in her late slippery weather, and was confined to her bed for some time in consequence, but is getting over the strain, much to the satisfaction of her friends.

Miss Jones, the lady friend staying with Mrs. W. Weaver, was called home by severe, Kan. by news of the serious illness of her relatives.

Mrs. W. Weaver has been on the sick list for some days, also Mrs. D. M. Richards.

Little Miss Ida Hart has recovered from her attack of grippe.

The ladies of the Methodist congregation gave their delayed Christmas treat to the little people of their Sunday school last Friday evening. The Montezuma band were invited down (it being their night for practice in the school house hall) and played several selections for the crowd, and in turn the band boys were treated to a fine lunch.

The Fin de Siecle Ladies club met with Mrs. G. Page last Thursday afternoon and spent a very enjoyable time. After the business was finished, tea and water were served by the hostess and the meeting adjourned till next Thursday afternoon, to meet at the residence of Mrs. W. Weaver, if her health permits.

After the eloquent and stirring discourse given by Rev. Simpkins at the Congregational church last Sunday evening, a collection was taken up for the benefit of the Children's home in Albuquerque, which amounted to something over \$30. The church was filled to overflowing, literally.

The music being practiced by the U-T-D orchestra is all new and good, but at the request of several of our good dancers they have procured for all the instruments two old favorites, and will give them for the memory of "Auld Lang Syne." No prettier selections in the repertoire of the best orchestras than a collection will be taken up on the 14th from the opening march of "Choose Your Valentine" to closing strains of the "Good-Bye, Darling" waltz.

Mr. Crooks and wife have moved into the house vacated by Mrs. Borden and husband.

Mr. Millenbaugh, of the Crescent market, has brought his family to Gallup.

The Bachelor girls are still keeping house and seem to enjoy it.—Miss Douglas, Miss Polson, Miss Williams and brother—but the brother doesn't count, though he is used to carry in water, coal, etc.

The Montezuma band is practicing some new selections that are very pretty, and their rendition of them has elicited much praise.

Mrs. A. H. Rupert and family have moved into the cottage vacated by our former railroad agent, G. Sullivan.

OFF-THE-TRACK.
SCORPIO.
From the Advertiser.

The men injured in the free-for-all shooting at Limiter the other day are all out and around, none of them being seriously hurt.

Kiewit E. Freeman left for a visit to his mother at Kddy after which he will return to the Mogollon. He visited friends in this city for several weeks.

New Mexico appears to be overrun with traveling quacks and fake healers. As a general thing it is safe to patronize those located in the territory who necessarily have a reputation to sustain.

Last week the law firm of Freeman & Baca was dissolved by mutual consent. It is stated by both parties that the dissolution is a matter of convenience to both and that the most cordial relations continue to exist between them. Judge Freeman retains his present offices, while Mr. Baca will fit up offices elsewhere.

Last week District Attorney H. M. Dougherty secured a verdict against the Arizendari grant owners for \$6,903.24 on account of taxes due. Also a verdict against Wilson Wadsworth on account of taxes due on lands near San Marcel for \$577.78. The happiest man over the result is Collector Conroy.

SANTA FE.
From the New Mexican.

Miss Claude Albright will sing in German, French, Italian and English at her concert tonight.

John Becker, who runs the locomotive between Santa Fe and Lamy, has been in the service of the Santa Fe as an engineer since October, 1913.

S. K. Lankard, insurance agent here, is the first agent to receive a license under the new insurance law, which went into effect Feb. 1.

Sol. Block, postmaster and merchant at Grants, Valencia county, is here on business.

Judge John B. McFie has written Judge Laughlin that he will reach Santa Fe on Wednesday and expects to assume the duties of judge of this judicial district either on that day or the day following.

Juan C. Chavez, of Galesto, who was charged with making threats against the life of Librado Valencia, was arrested by Constable Cosme Salas and placed under bonds of \$200 to keep the peace by Justice Jos. M. Garcia.

It is understood that Judge McFie will appoint A. M. Berger, of Valencia county, as clerk of this district. At least such is the intimation received from Mr. Berger himself from several citizens of this city.

The Berardinelli brick building on San Francisco street, now occupied by A. Walker & Co., was transferred to R. S. Hinkley, the purchase price not being

DEATH'S REMORSELESS HAND.

Edward D. Franz Passed Away in St. Louis—Death Results from Accident.
A telegram from St. Louis brought the sorrowful intelligence that Edward D. Franz, for many years engaged in business at Los Lunas and at Santa Fe, N. M., died very suddenly at his home on Benton Heights, in St. Louis, Monday morning, at 8 o'clock, of heart failure, following at attack of fever. He was about 68 years old.

Mr. Franz came to New Mexico before the civil war and was for many years the head of the great general merchandizing firm of Franz & Hunting at Los Lunas. About twenty-six or twenty-eight years ago he sold out his interests there, and, having acquired a comfortable competency, returned to the home of his boyhood in St. Louis, and has ever since made that city his home.

However, he did not abandon New Mexico, says the Santa Fe New Mexican, but established an extensive hardware business in this city, which he carried on successfully until his store was burned a few years ago. Since then he has not been engaged in active business. It should be added that for a time he maintained a branch of his Santa Fe store at Alamosa. He was a man of superior business qualifications and enjoyed the confidence and respect of all with whom he dealt.

He leaves a wife, five daughters and four sons, besides a large circle of warmly attached friends in New Mexico as well as in St. Louis. One of his daughters, Mrs. Eugene A. Fiske, of this city, will leave for St. Louis with her little boys this evening to attend the funeral.

Two of the sons, G. A. Franz and E. W. Franz, are located respectively at Los Lunas and Albuquerque.

DEATH OF MRS. HELWIG.
Mrs. Caroline Louise Helwig, of Santa Fe, whose skull was fractured in a runaway accident at 11 o'clock on Friday morning, died at St. Vincent's hospital, Sunday, at 11 o'clock, after forty-eight hours of excruciating torture. The funeral took place from the house of Robert Helwig at 11 o'clock Tuesday morning, and the body was buried in the Old Fellows' cemetery. Mrs. Helwig was 70 years old, but was remarkably active and vigorous up to the time she suffered the accident. She was respected by all who knew her.

SUDDEN DEATH AT THE CLAIR.
Hamilton Poe, a mining man from Ute, Colo., who was at Santa Fe negotiating for the purchase of the Piedra Lumbre grant in Rio Arriba county, died very suddenly Monday morning of heart failure, aged about 40 years. His brother is physician in charge of the sanitarium at Louisville, Ky., and his wife is in Colorado. News of the sad event has been wired to the relatives and information sought as to the disposition of the body.

John S. Clark returned from Santa Fe, Sunday, bringing R. K. Twitchell, recently injured there by the accidental explosion of his pistol. The special car of Superintendent Hurley was put at the command of Mr. Twitchell.

The public school cause is progressing very satisfactorily. Those who are able are contributing for the schooling of those who are not able to pay, and the probability now is that no child will have to quit school.

Dave Sailer has a pair of Belgian hares, which he purchased in Albuquerque for \$10. They are beautiful. In fact, the rabbit editor of The Optic announces that they are the finest thing in the hare line he has ever seen.

It seems both pleasant and old-fashioned to see Miss Hattie Kanes again on the streets, after her long absence in the states. Miss Hattie has no cause to complain of her residence east, at least from the standpoint of improved health. She is looking very well, indeed.

From the Examiner.
The brick for the Clay & Bloom stable is being hauled to the new building, which is going up rapidly.

A farewell reception and banquet was given to Martin Hernandez Saturday night before his departure for Juarez, Mexico.

W. A. Givens, who has been up to Pueblo in a law suit, has just returned and feels good, having won his suit.

It has been decided by the doctors at the hospital not to probe for the bullet in Attorney Twitchell's leg, as the wound is healing nicely and he is not suffering so much.

Sunday, at the residence of Mr. and Mrs. Dan Stearns, Miss Carrie Lovison and S. Kaufman were united in marriage, the Rev. Dr. B. A. Bonheim performing the ceremony that made them man and wife. The ceremony was very impressive, being according to the old Jewish custom, while the lecture by Dr. Bonheim on happy wife and groom was one that should be remembered and its teachings practiced throughout life.

Anticipating a longer journey Mr. and Mrs. family left El Paso, Texas, for their home in Fowler. The long journey across Texas was dusty and tiresome. Approaching Comanche, Indian territory, Mrs. Crow's sister, Mrs. Clara Brown, waved her handkerchief in welcome from her door. It was a farewell. The invalid was lifted from the train at the depot. At that moment the heart gave away. Although conscious until the last moment, nothing could revive her.

A Big Sale of Unlaundered Shirts.

The Year's Event in Men's Pants.

We throw all the advertising pressure, all our selling enthusiasm into a merchandise movement for the benefit of our men folks. This shirt and pants sale has been planned on a larger scale than ever before. We want you to feel that we've been studying your best buying interests in this matter; want you to be fully impressed with the fact that it is economy of the very best kind for you to buy of these lots. There's very little profit in it for us, but it keeps business rushing at a season when it would otherwise be dull, and besides we know that our public are not slow to show their appreciation of these trade benefits. We've had them before. Ready for you when you read this. Money back, you know, if every item is not in every way satisfactory

UNLAUNDERED SHIRTS!

You can upon ordinary occasions buy a fair quality of shirt at 50c. We offer you during this sale a good unlaundered shirt, as good as you can buy for half a dollar at 35c

We only have a limited quantity of this lot, so that it will pay you to be on hand early.

All of our best unlaundered shirts, selling up to 75c, go at 45c

NIGHT SHIRT SALE!

If you're a night shirt want this is emphatically the time to supply it. Suppose you read carefully the price shavings, then match them with the merchandise. Every shirt in these lots will sing you a money-saving song.

Our regular 65c line goes at only 50c

Extra good quality Jean Night Shirts, regular value \$1.00, only 75c

All our better goods reduced in proportion.

WORKING MEN'S PANTS!
