BEGIN TO SHUDDER!

Childers Has Discovered a Great Big Conspiracy.

He Says the Miners in Colfax County Are Bloodthirsty.

Streams of Gore May Be Running Down the Acquias Any Minute.

GOOD SENSATIONAL ITEM

New York, Feb. 5.—Wm. B. Childers, United States attorney for New Mexico, has written the department of justice the details of what he considers a dangerous conspiracy, says the Washington correspondent of the World.

He writes in precise official form that a secret agent of one of the big railroad corporations had just informed him, with every particularity, that a secret organization known as the American Patriotic League is gaining headway in Baton Rouge, N. M., and Trinidad and La Junta, Colorado, and surrounding country. This organization has for its motto, "Liberty, Land and Leisure." In the district represented by the towns mentioned there are about 10,000 miners and small farmers. During the A. R. U. strike it was the most turbulent portion of the country. Regular troops were sent there and the strikers were reduced to submission, but bitterly resented the invasion of the troops and have always threatened when the next strike came they would teach the soldiers a lesson.

Childers reports that the oath taken by the members of the American Patriotic League provides that each member shall within sixty days of his swearing alliance, equip himself with a 45-90 rifle and be ready for emergencies.

The oath also contemplates, says Childers, a struggle with the national government, as each member is pledged to proceed on orders to accomplish the death of the president and his cabinet by the use of dynamite.

As part of their program the members of the New Mexico contingent have applied to the adjutant general of the territory to be enlisted in the national guard of New Mexico, to be supplied with arms and ammunition and one or two galling guns for battery practice. The adjutant general has replied that until the various companies are fully enrolled and organized no arms can be issued.

Childers informs the department that the threats of these men are not to be treated lightly.

Pop-Dem. Combination.

Washington, Feb. 5.—The populists and silver republicans held a meeting last evening, generally attended by members of these parties in both houses of congress. After discussion of the situation in politics it was determined that the two parties while maintaining separate organizations would work together in the coming campaign and endeavor to avoid nominations which would conflict with their organizations. Both organizations will endeavor also to work with the democrats in order that a solid combination of all organizations may be made against the republicans.

Expedition in Africa Massacred by Natives While Destroying Towns.

FATAL FIRE IN COLORADO.

Victoria, B. C., Feb. 5.—The steamer City of Seattle brings the news of a shooting scrape at Skagway in the Klondike saloon. Ed. Fay, the bartender, was mixed up in a robbery. Andy McGrath, accompanied by a United States deputy marshal, went to the saloon to obtain satisfaction. Both died almost instantly. Fay was given up to a citizens committee and will probably be lynched.

The Junco court house and jail was burned, all the records being lost. Fourteen prisoners were released by the fire. A stampede from Dawson to the new gold fields is imminent. The news was brought out by a party of about a dozen men who reached Skagway, January 25. George McKenna, who has been on the Yukon two years, states that a number of very rich new strikes have been made.

Four other firemen were buried in the ruins, but escaped with more or less serious injuries. They are Joseph M. Garrity, captain; Thomas E. Conway, hoseman; T. J. Doherty, hoseman; Edward Shea, hoseman.

The building was a five story structure on Merrimack street, occupied by C. W. Bent & Co., manufacturers of beds, bedding, etc.

The firemen had entered a window and were at work on the fourth floor, when the roof collapsed, tearing away the top floor and the one on which the firemen were engaged, burying them beneath the wreck.

LAS VEGAS HOSPITAL.

Chief Surgeon Kaster is Making a Model Home for the Sick.

Chief Cook J. B. Long, of the Santa Fe hospital at Las Vegas says that when the hospital improvements are completed it will be the finest hospital of its size in the country. New floors and plastering and many improvements in the equipment will make it the same as new.

"The credit of the whole change belongs to Dr. J. P. Kaster," said Mr. Long, "he has given the work his personal attention and has been there a great part of the time. We shall be sorry when the work is completed and his visits become less frequent."

It was secured for him by T. M. Ramey."

NATIONAL CONGRESS!

New Railroads to be Built in Indian Territory.

Revolution Broken Out in Republic of Costa Rica.

The Minneapolis Times Wins a Libel Suit After Two Months' Trial.

GOV. FIGGEE SUES A RAILROAD.

Washington, Feb. 5.—Royce (Indians) chairman of the committee on elections No. 2, presented a resolution declaring that in the contest between Samuel Hudson and William McAleer, Pennsylvania, McAleer is entitled to the seat. The resolution was adopted.

A bill granting the Gulf, Colorado & Santa Fe railroad company the right to construct a branch in the Indian territory was passed. The senate bill authorizing the Muskogee Coal & Railway company to construct and operate a railroad through the Indian territory and Oklahoma territory also passed.

The house resumed consideration of the fortifications appropriations bill.

Lewis (democrat, Washington) took occasion to discuss the financial question, and said it was the purpose of the administration to retire greenbacks. He also criticized the leaders of the house for not allowing more time to discuss the Teller resolution.

McClellan (dem., N. Y.), in a speech declaring that the bill carried no adequate appropriation for the defense of New York harbor, said the trouble was that too much money was expended for the improvement of our harbors, which would make them accessible to a hostile fleet. "It would be much better," said he, "first to protect our harbors and then improve them."

In response Sayers (dem., Texas), a member of the appropriations committee, expressed the opinion that there was not the slightest prospect of war with any foreign nation.

In conclusion Sayers said: "We ought to unite to make this congress one of the most economical since the civil war."

BIG LINEL SUIT.

Minneapolis Times Wins the Suit After a Lengthy Trial.

Minneapolis, Feb. 5.—The greatest libel suit ever tried in Minnesota has ended with a verdict of not guilty. The action was brought by the Minneapolis Times against the Minneapolis Times W. R. Haskell, its manager, and John Bianchard, its editor, and was a criminal prosecution by indictment. The case was on trial two months, and the jury, after being out twenty-four hours, brought in a verdict of not guilty as to defendant Haskell, which will settle all the cases. The indictment grew out of an editorial comment by the Times on the conduct of the Minneapolis Trust company as trustee of certain Trust Fullman bonds, part of the assets of a defunct guarantee loan company.

Progress Sues a Railroad.

Detroit, Mich., Feb. 5.—Judge Donovan today ordered the issuance of a mandamus against the Michigan Central railroad in a suit brought by Gov. Pingree to compel the railroad company to sell a 1,000 mileage book, good not only for himself, but for any member of his family.

Revolution in Progress.

Washington, Feb. 5.—A telegram received at the state department from San Jose, Costa Rica, announces that a revolution was inaugurated there yesterday.

FLUMBERG.

For a good job go to E. J. Post & Co.; they employ competent mechanics from the east.

Emiliano Sandoval, of Chabon, and Miss Teresa Gonzalez, of this city, will be united in marriage at the church of Immaculate Conception, at 9 o'clock Monday morning. The contracting parties are members of two of the best and most influential Spanish families of Central New Mexico, and the wedding will be a brilliant affair.

Mrs. Agnes Hoyt, of Canandaigua, New York, is still the guest of Mrs. Neil B. Field, and is well pleased with her visit to the sunny climate of the Rio Grande valley.

John L. Stevens, the job printer, was called to Santa Fe last night by the serious illness of his brother, Willie Stevens, of that city.

F. W. Pynehon, in the employ of the Santa Fe Pacific railway, came in from the west last night. He will remain here for a few days.

Dent's kid gloves at the Big Store; all shades.

Dulinea Rodriguez de Nunez, who was arrested yesterday for stealing some earrings and stud buttons, to the value of \$20, the property of Callia Garcia, had her hearing before Justice Crawford this morning. It was found that she had the stolen articles in her possession so she was bound over to the grand jury and required to furnish \$100 bond.

The Zelger Cafe has several strong claims to distinction. In the first place it keeps the best liquors in New Mexico; and, in the second place, it treats its guests to the most magnificent of free lunches.

Horton Moore, the attorney, has rented offices in the First National bank block where he is prepared to meet and confer with his clients.

advance of the majority! Now—as usual—we're a
few weeks ahead. In this particular instance our
efforts to relieve the dreary monotony of "Inventory Sales" and "Old Stock Sacrifices" cannot fail to
find favor with the public. Elsewhere, old goods are being cleared out. Here, New Goods Are
Daily Received. Stock, fresh, seasonable and in the newest designs, is rapidly accumulating. Not
only is the assortment complete, but thoroughly up to date. This announcement may seem a trifle
premature, but we are weary of the old and more than pleased with the new. This year's goods sur-
pass all previous styles and designs. Better be ahead than "behind the times." We're advance
agents—every time.
