GOV. PRINCE AS CHAIRMAN

New Mexico Recognized at the Trans-Mississippi Congress Today

DEPARTMENT OF MINES

J. H. Richards, President of American Mining Congress, Urges Its Establishment By the Government.

Portland, Ore., Aug. 18.—Denver, New Orleans, Kansas City, and Salt Lake are candidates for the next session of the Trans-Mississippi Congress. This was developed at the first meeting of the commerce on permanent organization. Ex-Governor L. B. Prince of New Mexico, was elected chairman of the committee, and A. F. Francis, secretary. The names of John Noble, of St. Louis, and Colonel H. D. Lowell, of San Francisco, were suggested for the presidency for the forthcoming term.

For a Department of Mines.

Portland, Ore., Aug. 18.—A protracted meeting of the resolutions committee of the Trans-Mississippi Congress delayed the opening of today's session and after a long wait, ex-Governor L. B. Prince of New Mexico, chairman of the day, was forced to change the order of business. He announced that addresses would begin and the first speaker would be J. H. Richards, of Boise, Idaho, president of the American Mining Congress. The following is the abstract of the address by J. H. Richards, relating to the creation by Congress of a department of mines or mining, co-ordinate with the department of agriculture:

Should Congress create a department of mines or mining coordinate with the Department of Agriculture? All will agree that if such a department is necessary to enable our government to meet the full measure of its responsibility to the American people then such a department should be created, otherwise not.

In presenting my views on this important topic, it is not a question with me as to what we owe to mining, but rather what does our government owe to the American people? Not merely in restraining them from injuring one another, but in adding them to help one another by a harmonious positive, rather than a discordant negative course.

There are at least four great departments in the industrial development of our country's resources, viz: Agriculture, mining, manufacturing and transportation, that should be united in purpose from a governmental standpoint. With these departments harmonized by wise direction, not by restraining evil tendencies merely, but also by encouraging and adding good tendencies, there seems to be no limitation to America's capacity to achieve and her people to enjoy.

I believe the great mining industry can be uplifted and the American people thereby blessed by a mining department on as great a scale as the agriculture department.

Why have a department than a bureau? Because my conception of the purpose of our government is to lay an industrial foundation in this country broad enough to sustain the possible development of the combined material and intellectual possibilities of this most favored land. This cannot be done by the red tape of a bureau; but only by the grasp of America's greatest statesmen, who alone are worthy of standing at the head of so great an opportunity. This great responsibility should be presided over by one possessing original authority, power to originate through suggestion and execution.

I believe as firmly as I believe in my country and its destiny, that a department of mining would bring to the prospector, the forerunner of promise, and the miner, that scientific information concerning mineral formations, the character of various ores and their proper treatment to convert them into a condition of usefulness, that would return to the American people a far richer legacy than the department of agriculture is bringing and will bring. A new impetus and dignity would be given to mining through such a department, the wholesome effect of which would stimulate all industry.

Therefore, to my mind, the creation of a federal department of mining by Congress is the best of service to the American people by our government. That which will equip our government to wisely direct the industrial life of the American people in harmony with the fundamental political principles underlying our national existence, will of necessity, energize our national vitality, encourage legitimate human endeavor, discourage our one great internal foe, dishonesty in high place, stimulate individual and co-operative industry, inspire us with a greater unity of purpose as a people, strengthen our grasp on that which is best, and thereby wrest from our opportunities any enduring results that are legitimately possible. This

PRISONERS TAKE FRENCH LEAVE.

Two Convicts Employed on Yard Force Scaled Walls of Penitentiary Last Night.

Two prisoners, namely, Edgar Lindsey, sentenced from Dona Ana County on April 20th, 1905, for one year for larceny of a horse, and Jack Hall, sentenced from San Miguel County, December 9, 1903, for burglary, and who had but short terms to serve, and who had conducted themselves well, made their escape about midnight last night by scaling the walls. The two convicts were on duty on what is called the "yard force," and therefore were not locked up at night. They were engaged in firing for the brick yard, where fires are kept up day and night. The two men had been looked upon as trusties and hence were put on the yard force. They managed to scale the walls at a point which is in dense shadow at certain hours of the night, and which could not well be watched by the guards in the towers on the walls. The escape was discovered early in the morning when the watchman passed through the yard to count the prisoners on night duty. The alarm was immediately given and Assistant Superintendent R. C. Garrett and one guard with the bloodhounds started within half an hour after the flight of the prisoners was discovered. They have not yet been heard from. It is reported that very early this morning the escaped convicts passed through the corn field of the Callahan ranch, about three miles south of town and were going toward the mountains. George W. Armijo, an employee of the penitentiary and Deputy Sheriff Jose L. Lopez, left the city at noon today, also in pursuit of the escaped convicts. This is the first time in three years that an attempt to escape by scaling the walls has been made. The last trial was frustrated by the guards in the towers on the walls and failed.

TO RAISE MINE ASSESSMENTS.

Governor Kibbey Proposes to Do So in Arizona, in Spite of the Board of Equalization.

Phoenix, Ariz., Aug. 18.—The great sensation that has developed for years in political circles was the intention manifested by Governor Kibbey to secure a higher assessment rate of the territory's mines, if it means the dismissal of every member of the territorial board of equalization.

Thursday a motion was made in the board raising the tax on patented mines in several of the counties from 100 to 150 per cent.

Members Donau, Solomon and Bowman, half of the board, voted in the negative. Five minutes later Mr. Donau resigned, on request of the governor. It is rumored that he will be succeeded by T. F. Weedon of Pinal County.

At the present time the mines of the territory are on the assessment rolls with their improvements for less than \$4,000,000. Last year the copper mines alone produced bullion valued at \$32,000,000. Added to this was a gold and silver product approximating \$7,000,000.

The United Verde mine pays dividends of from \$4,000,000 to \$7,000,000, the Arizona Copper Company at Clifton of nearly \$4,000,000 and the Copper Queen at Bisbee last year produced \$9,000,000 worth of copper, with a reduction plant of half the present capacity.

The mining corporations have successfully fought all attempts to impose a bullion tax, so the governor has determined they shall be reached by other means. The board will raise all mining improvements 100 per cent and will bring up the total assessment of the Arizona mines to about \$14,000,000, or to about 40 per cent of the annual product value.

A notable fact developed was that the English stockholders of the Arizona Copper Company pay three times as great an income tax on their Arizona dividends as the mine pays Arizona in taxes.

FOUL PLAY IS SUSPICIONED.

R. H. Davidson, Building Contractor of Chicago, Missing—Message Sent "You'll Find Man in River."

Chicago, Aug. 18.—R. H. Davidson, a building contractor, is missing from his home and relatives think that he has met with foul play. He was in the employ of Frank W. Adams, as superintendent of construction of a new building. The construction work has been marked by continuous labor troubles. After he had discharged a number of bricklayers, Davidson received a call from a man supposed to have been a union business agent. This interview ended in a violent quarrel and Davidson knocked his caller down. Two days later he disappeared. The next day an unknown person called Frank Adams on the telephone and said: "You will find your man Davidson in the river."

Department would enable the people of this country to clasp with a friendly hand that which is the backbone of America's most energizing and enduring source of material wealth and the spinal column of our industrial life, mining.

FARMER HERO AT NORFOLK

Leaps Upon a Wrecked Car in the River and Rescues Thirty-Five Persons

TWELVE KNOWN DEAD BUT ONLY ONE DEATH

In Accident on Atlantic Coast Line and Divers Find Many Others Imprisoned Under the Water.

Norfolk, Aug. 18.—Only twelve known dead have been taken from the wreck on the Atlantic Coast Line, although there are eighty colored excursionists yet missing. The probabilities are that the bodies of many of these will be found in the river. A wrecking company raised two submerged cars but as the tide so the ends fell out of the cars and what dead there were in them went to the bottom of the river. The only white persons known to be dead so far are: W. R. Jolly, the promoter of the excursion, and his young nephew, Edward Forbes. There are twenty-three injured at the hospitals.

The tug, for which the draw was opened, was just passing through when the train dashed into the water. The tug reversed her engines quickly and barely avoided being caught by the engine in its descent. J. J. Thompson, aged sixty, a farmer, rushed with an ax to the scene, and, leaping twenty feet, landed on top of a car and rescued thirty-five persons just before the car became completely submerged.

Divers Find Many Dead at Bottom of River.

Norfolk, Aug. 18.—At noon divers went to the bottom of the river and found a car load of dead men, women and children.

KANSAS OIL TOO EXPENSIVE.

The Santa Fe Finds That It Is a Good Fuel for Engines But Cannot Buy It at Reasonable Rates.

Topeka, Kansas, Aug. 18.—General Manager James E. Hurley of the Santa Fe states that the road has decided not to use oil burning locomotives in Kansas, giving as a reason that it would not be a saving investment for the company.

"We have sent the oil engine back to Texas," he said. "We satisfied ourselves of the economy in the use of oil if it can be secured at the right price, but none of the Kansas producers are willing to make long time contracts at the present prices. We find ourselves in the position of being willing to use oil but cannot get the oil unless we drill for it ourselves, and that would involve the creation of a new department. We are unwilling to go into the oil business in competition with the producers at this time."

POOR IMITATION OF BOMB.

Received at Offices of Kuhn, Loeb & Company, New York Bankers.—Turned Over to Police.

New York, Aug. 18.—A supposed explosive machine received by Jacob H. Schiff, of Kuhn, Loeb & Company, bankers, at the office of that company, was today turned over to the police for examination. The box contained matches, cotton, and a substance supposed to be explosive.

The police investigation disclosed the fact that the supposed infernal machine was harmless. It was merely a pasteboard box, containing besides three matches and a wisp of cotton, only a little torn paper.

UNION PACIFIC TESTING GASOLINE WEED DESTROYER.

Cheyenne, Wyo., Aug. 18.—The Union Pacific Railway mechanical department has perfected a weed burner which is being tried here with entire success. The burner is attached to a gasoline motor, and as it proceeds along the track it sends out sheets of flame which destroy the weeds on either side of and between the rails. With it three men can clear the track of weeds for twenty miles a day, while by hand the same number could not clear more than a mile a day. The burner differs from those used by other roads in that it has its own motive power. All other burners now in use are placed on cars and pushed by locomotives.

RUSHING WORK ON THE SANTA FE DOUBLE TRACK.

Wichita, Kans., Aug. 18.—The double track work on the Santa Fe between Florence and Peabody will be rushed during the next few days. Last week a large part of the roadmaster's force was employed taking up the 75-pound steel on the line between Emporia and Saffordville and replacing it with 85-pound steel. The steel taken up will be taken to the steel mill at Newton to be worked over.

FOURTEEN NEW CASES

Of Yellow Fever in New Orleans Since Six O'clock Thursday Evening

BUT ONLY ONE DEATH

People of the Crescent City Are Very Hopeful But Mississippians Are Becoming Much Alarmed.

New Orleans, Aug. 18.—Noon yellow fever report: New cases in New Orleans since 6 p. m., Thursday, 14; total to date, 1,237; deaths today, 1; total deaths, 181.

The Louisiana state board of health was advised today by one of the doctors on duty on the Riverside plantation, St. Mary parish, that there has been a total of 48 cases of fever and three deaths there.

People Continue in Optimistic Frame of Mind.

New Orleans, Aug. 18.—An analysis of the report for the preceding 24 hours shows that thirty-two of seventy-four new cases of yellow fever appeared in the originally infected quarters. The situation above Canal Street continues to improve. While the report showed five new cases, only three new cases are in the squares infected. The unexpected decline in the death rate is giving such a feeling of satisfaction that the people are beginning to believe that the possibilities of the visitation have been overdrawn.

Mississippi Is Becoming Alarmed at Number of New Cases.

New Orleans, Aug. 18.—While the daily record of new cases shows a tendency to rise slowly, the deaths are still few, which stimulates the hope for better things before long.

The most important news outside of the city came from La Fourche parish, where the parish health officer reports widespread infection in the Levee settlement at the mouth of Bayou La Fourche. He says there are probably a hundred cases of sickness. He diagnosed six as yellow fever and classes the others as either a mild type of yellow fever or dengue. This point is eighty miles south of the Southern Pacific Railway. The inhabitants of the settlement are mostly fishermen and oystermen, and they have been in close communication with New Orleans. A case was found in Ralme, in Acadia parish, just across the street from the dead case discovered there yesterday. There were four new cases at Mississippi City, making thirteen now under treatment.

The discovery of this nest of infection on the Mississippi coast is of such long standing that it has caused a good deal of perturbation in Mississippi and there is now a fear that cases may appear where least expected.

FOR ATTEMPTED WIFE MURDER.

Financier and Former Member of British Parliament Arrested on Serious Charge.

London, Aug. 18.—A sensation has been created by the arrest of Hugh Watt, a financier and formerly a member of parliament for the Camachie division of Glasgow, on the charge of attempting to procure a private detective to assist in the murder of his former wife. Detective Marshall testified in police court today that Watt offered him \$5,000 if he would induce the woman to come to Watt's flat where he proposed to kill her by administering chloroform and then remove the smell of chloroform with peppermint. Watt was remanded for trial on bail of \$3,000. The police found both chloroform and peppermint in Watt's apartments. Watt's former wife sued for divorce, the correspondent being Lady Violet Beauchamp. Watt since married her. Since the granting of the divorce, Watt and his former wife have been in the law courts regarding marriage settlements and much bitterness has resulted from the litigation.

BURGLARS ENTER PLEAS OF GUILTY AT TRINIDAD

At the preliminary hearing at Trinidad yesterday of John Munroe and Glen Fuller, the two young men who were captured at Folsom on the charge of burglarizing a hardware store at Trinidad, they withdrew their pleas of not guilty and pleaded guilty. Both were bound over to the district court in the sum of \$500, in default of which they are in jail.

REWARD IS OFFERED FOR STOLEN HORSES.

Sheriff K. S. Woodruff, of Chaves County, has offered a reward of \$25 for the recovery of two horses stolen from the pasture of C. J. Franks near Roswell, and also a reward of \$25 for the capture and conviction of the thief. One of the horses in the famous old racer "Pickpocket," and the other a grey gelding.

APACHE KID AND SQUAW.

On the Negro Stealing and Killing Horses—Pursued By a Posse But Escaped.

Special Correspondence New Mexican. Frisco, Socorro County, Aug. 15.—During the night of August 8th, two Indians appeared at the ranch of A. Kiehne, a stock grower and farmer, living on the Negro about fifteen miles west of here, cut the fence of his pasture in two places and stole two mules. They were mounted on cow ponies and left that night, driving the stolen mules. Two boys on the ranch saw the Indians, but were too young and too excited to follow, imagining that there were several of them. The Indians had no fire arms, but were armed with bows and arrows. During the same night the Indians shot and severely injured two horses, using bows and arrows. The animals have since died. Next day, Mr. Kiehne sent one of his boys to this town and informed the justice of the peace of the theft of his mules and also that the Indians were shooting and killing horses. A posse was immediately organized on the morning of the 9th, which posse went to Mr. Kiehne's ranch and took up the trail of the horse thieves. The trail led to the Eagle Peak Mountains, north of the Kiehne ranch, and was closely followed, but no sight could be had of the fugitives on that day. On the morning of the 10th, the posse, consisting of A. Kiehne, P. S. Higgins, Frank Naranjo, Manuel Romero and Gabriel Taylor, found a worn trail of the horses ridden by the Indians and the two stolen mules leading east toward the Elk Mountains. Upon arriving at the high peaks in the Elk Mountains they found the mules, caught them, and left one man in charge. They then explored the surrounding country to surprise the two Indians, if possible. However, the Indians saw them coming, broke and ran, abandoning their camp. The party took the camp and outfit including the bows and arrows and the camp equipment. On account of the dense brush the Indians escaped, although the posse hunted for them for several hours. The pursuit was then given up and the posse returned to Kiehne's ranch. The Indians must have followed the posse, as that night two horses were stolen in the vicinity, it is believed by the fugitives. The Indians are supposed to be the Apache Kid and his squaw. The camp captured indicates that there were only one man and one woman, and as the Apache Kid and his squaw have been hiding some distance south of here, it is thought they were the thieves.

GENTLE ZEPHYRS OF KANSAS.

Blow Around Topeka at Rate of Fifty Miles an Hour and Cause Much Property Damage.

Topeka, Kans., Aug. 18.—A terrific wind storm, accompanied by a heavy fall of rain, prevailed here early today, the wind, according to the local weather bureau, blowing at the rate of fifty miles an hour. The building of Crosby & Company, the Shawnee Mill and the Crawford opera house were unroofed. Many residences were damaged, barns blown down and trees uprooted. No one was hurt as far as is known.

WILL AWAIT ACTION OF GRAND JURY.

W. D. Coleman, deputy sheriff of Bernalillo County, arrived in the city yesterday with Roy Trimble and Eugene Pauley of Denver, each seventeen years old, who were placed in the county jail. Trimble threw a rock at a porter on a Santa Fe train at Cerrillos, Wednesday evening and was captured in Albuquerque yesterday morning. He was taken to Cerrillos and was tried before Justice of the Peace Simon Gonzales, on the charge of assaulting a passenger train. He was bound over to the grand jury under \$500 bond. This was not furnished and Trimble was brought to the Santa Fe County jail to await the action of the grand jury. Pauley shipped from Denver with the ultimate purpose of working for the Lantry-Sharp contracting firm at Belen, and when he arrived in Albuquerque stated that he did not intend to work for anyone. He was also mixed up in the trouble with the Pullman porter and was given a hearing before Justice of the Peace Gonzales, who sentenced him to thirty days in the county jail.

NO MORE FREE RIDES ON ACCOUNT OF FREIGHT.

Denver, Colo., Aug. 18.—All of the railroads having offices in Denver and which are members of the trans-Missouri freight bureau and the Western Passenger Association have received instructions from the Chicago headquarters of the two governing bodies to issue no more passes or reduced rates on account of freight. This means that merchants who have been in the habit of receiving such favors in return for their patronage must pay full fare hereafter when they desire to travel on the railroads.

An advertisement in the New Mexican is always effective. Why? Because it reaches the people.

MAY ASK THE PRESIDENT

To Intervene in Order to Accomplish an Understanding

PEACE ENVOYS STALLED

Unable to Reach an Agreement on Article Eleven—Three Points Which Remain as Obstacles.

Portsmouth, N. H., Aug. 18.—When the peace plenipotentiaries met today it was practically with the understanding that at the end of today's session they would adjourn until Monday. "Prophets of evil" predict that today would witness the final rupture, and that, at the most, there would only be one more meeting, not for a final effort to reach accord, but for an exchange of diplomatic amenities and to bid each other farewell. This does not correctly represent the situation. Unless something entirely unforeseen on either side occurs today, the final struggle will be postponed until Monday in order to give both sides time to hear the last word from their governments.

If the conference threatens at the last moment to go to pieces, the Japanese hint vaguely at an attempt to rescue by President Roosevelt. Perhaps tomorrow or Sunday an emissary might be sent to Oyster Bay to sound the President. President Roosevelt might be asked simultaneously to urge both Russian and Japanese emperors in the name of humanity to make mutual concessions. But old hands at diplomacy say that the situation created would be so delicate as to preclude the possibility of President Roosevelt stepping into the breach.

Still Discussing Article Eleven.

Portsmouth, Aug. 18.—The morning session of the peace conference came to an end at 12:30. The official statement follows: "In the sitting this morning, August 18, the conference continued the discussion of article eleven, and the discussion has not been finished. The discussion of article 11 will be resumed at 3 o'clock."

Compromise Seems the Only Chance.

Portsmouth, Aug. 18.—The only chance now is compromise—Russia to yield Sakhalin and Japan the indemnity. Neither will yield both and perhaps Japan at the final show of hands will yield neither.

Mr. Witte, under the imperial indications contained in instructions before he left St. Petersburg, can agree neither to pay war tribute nor cede a foot of Russian soil. St. Petersburg therefore is the last resort to be heard from. Doubtless this is the reason why he favors postponement tomorrow over Sunday. Baron Komura probably will welcome an adjournment of two days in order that he also may lay the situation before his government for its final decision.

Japanese Are Not Bluffers.

No very great hope was vouchsafed in the Japanese camp. "We are not bluffers," said Mr. Sato, and from an authoritative source the Associated Press received a distinctively bad impression regarding the outlook. It was coupled, however, with an expression of the hope that if it developed that the conference was going to pieces President Roosevelt might again step in.

A very important conference occurred in M. Witte's rooms shortly before midnight. There were present Baron de Rosen, the other Russian envoy, and M. de Martens, General Yermaleff, M. Pokotloff, M. Shipoff and Captain Boussin, the five Russian delegates. It is the first time a full meeting of the plenipotentiaries has been held since the conference began.

It can be stated that the individual views of the members of the Russian mission differ as to what point should be yielded if a compromise is to be offered. Some favor the surrender of Sakhalin, others an indemnity. None are ready to give up both points.

BEING TIRED OF LIFE GIRL ATTEMPTS SUICIDE.

Miss Beasie Marchesi, formerly of Albuquerque but lately of Gallup, having become tired of the fast life she was living, attempted to commit suicide by drinking a large quantity of carbolic acid. After drinking the deadly poison she entered a saloon in Gallup and ordered a glass of beer saying as she did so that she had taken poison. A physician was immediately summoned and with the aid of a stomach pump succeeded in saving the girl's life. Other than a badly burned mouth and throat she experienced no ill effects.

CREATION OF NATIONAL REPRESENTATIVE ASSEMBLY.

St. Petersburg, Aug. 18.—It was announced today that the imperial manifesto, proclaiming the creation of a national representative assembly, would be read in all the churches and at the meeting of the Emstvolts and municipalities tomorrow. The day will be observed as a national fete day.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THERE ARE NO USELESS AMERICAN ACRES.

It is coming as surely as the sun will rise tomorrow that millions of acres of arid land in New Mexico eventually will be under cultivation. For every acre tilled at present, there will be some day one hundred acres. And why not make the beginning right around Santa Fe where conditions for scientific dry farming are especially promising? Wonderful results are being attained in eastern Colorado with macaroni wheat and other crops, including brome grass, which will grow with an average rainfall of ten inches while the rainfall at Santa Fe averages fourteen inches. It is merely the difference between plowing the soil three inches and eight inches deep and cultivating it twice or eight times during the season that makes the distinction between failure and success in dry farming in the arid west. The Literary Digest for this week prints three pictures of wheat fields upon land which was sterile and absolutely arid as is the land between Santa Fe and Lamy and yet, this land which was too poor for sheep grazing two years ago, today yields 35 bushels of wheat per acre, although the average yield of wheat per acre in the United States including the wheat belt of Minnesota, is only thirteen bushels. Says Frederick V. Coville, chief botanist of the Department of Agriculture: "It has been estimated that in the neighborhood of 100,000,000 acres in the western United States can be reclaimed by dry farming without the expenditure of a single cent for irrigation works and great as is the work of the Reclamation Service it will be overshadowed by the results of dry farming. There are many millions of acres now considered worthless for agriculture, which are as certain to be settled in small farms as were the lands of Illinois; and this without irrigation. This applies particularly to the great plateaus in the Rocky Mountain region. I confidently predict that the transformation of these barren looking lands into farms through the introduction of desert plants and dry farming will be as extensive a work as the enormous reclamations through irrigation." Mr. Coville is a scientist who is not new in this work of reclaiming the desert and it can be taken for granted that he is not merely talking through his hat although M. A. Carelton, of the bureau acknowledges: "It is a somewhat singular thing that no men are so skeptical of the reality of these facts as the residents of the arid region, but our experiments have already proven what I have said to be actual facts, not theories." In this connection Secretary of Agriculture Wilson is quoted as saying: "There are no useless American acres." The day will come when fertile farms will be found in Santa Fe County not only in the mountain valleys and along the Rio Grande but upon the mesas, and farm will be bound by farm from north of Santa Fe to south of Galisteo, and from the Sangre de Cristo to the Valles range. In the days to come, land now scarcely worth fifty cents an acre will be worth \$50 and more per acre and a county indebtedness of \$1,000,000 will look comparatively small, just as a debt of a billion dollars was a comparatively small item to Uncle Sam even in the discouraging years after the Civil War.

Estancia will hold a fair about the middle of September. Estancia is but 65 miles south of here and the people of this city and county should make it a point to have exhibits at the fair, aid it in every way and help to make it a success. The Estancia Valley is a natural trade territory tributary to this city and this should not be neglected. Santa Fe, its merchants and business men can do much to make the Estancia fair what it should be and this they ought to do.

The expected often happens. The police committee of the city council of Albuquerque has made a report exonerating the police department of the Duke City from the charges of corruption and blackmailing recently made against the members of the force.

THE EXAMPLE OF PIMA COUNTY.

Pima County, Arizona, is in very much the same boat as Santa Fe County as far as indebtedness is concerned. It too issued railroad aid bonds and in addition to these has a bonded indebtedness of \$243,000. Yet it is prosperous. It has only one railroad, the Southern Pacific, which cuts across the northeastern corner of the county, Santa Fe County having considerably more railroad mileage. Pima County has not as great an agricultural area as has Santa Fe County and its mining wealth is about the same as that of this county. Pima County has but one river of consequence, the Santa Cruz and it exhausts itself after giving Tucson its water supply. Pima County has only one town, Tucson, which like Santa Fe, is very ancient and up to a few years ago was exceedingly slow. It has a large Spanish speaking population. It has an exceedingly hot climate and very few of the natural advantages that have been accorded Santa Fe by a beneficent Providence. Outside of Tucson, Pima County has only ten postoffices, not one as large as Santa Cruz or Cerrillos or even Golden in Santa Fe County. Santa Fe County has fourteen postoffices outside of Santa Fe, most of them large and prosperous settlements. And yet, Pima County is doing well. Its assessment this year amounts to almost \$5,000,000, while that of Santa Fe County is only one-third of that. Pima County is not despairing on account of its indebtedness because with an assessment of \$5,000,000 an indebtedness of \$1,000,000 at a low rate of interest is not discouraging. Of course, the Pima assessor has assessed property at about eighty cents on the dollar, while the average in Santa Fe will hardly exceed one-third of that. For that reason real estate values in Pima are high, and are low in Santa Fe; the rate of taxation in Pima County is moderate and that of Santa Fe County high; Pima County is growing and Tucson is adding a thousand people annually to its population, while Santa Fe County is standing still and the city of Santa Fe must struggle to keep its own; why is Pima County prosperous and Santa Fe County not? It is all a matter of assessments but like appearances in man, a good assessment and a moderate rate of taxation go very far towards establishing credit and confidence in a county and a city.

FROM SAN LUIS, COLORADO, TO EMBUDO, NEW MEXICO.

A broad gauge line from Fort Garland, Colorado, to Embudo, New Mexico, via San Luis, Costilla, Questa and the canons of the Red River and Rio Grande, would save between 25 and 30 miles in distance between this city and Denver, and could be easily and cheaply built. For the first 50 miles, this line would develop a country rich in mineral, agricultural and stock raising possibilities and then would run for 30 miles through as fine scenery as there is anywhere on earth, no country excepted. The Red River and the Rio Grande Canons from the mouth of the Red River for 25 miles south possess some of the grandest natural beauties and sublime scenic attractions to be found in any mountain region. Were the present Denver & Rio Grande line from Embudo to Santa Fe also made a broad gauge and were it to run by the villages of Santa Cruz, Pojoaque and Tesuque into this city, the freight and passenger business of the road would increase considerably from the first day of operation. The broad gauge train and sleepers from Denver to Santa Fe over this route would do a good passenger business and with proper advertisement in a reasonable space of time, would become especially valuable for excursion and tourist traffic. This line cannot be built any too soon for the development of the rich natural resources of Taos County, and of north Santa Fe County, and for the increase of the freight and passenger business of the road. This line, in connection with the Santa Fe Central and the El Paso & Northeastern, with Pullman sleepers, would become the favorite route from Denver via Santa Fe and El Paso, and the shortest, the safest and most comfortable.

THERE SHOULD BE NO WASTE.

There is one item in the crop bulletin for New Mexico issued this week by the Territorial Climate and Crop Service that should receive serious attention. It is the mention of the fact that lots of fruit is going to waste this year. There is no good reason for fruit going to waste under modern methods than there is for gold or silver going to waste. True, fruit is more perishable and in value more fluctuating, yet, it represents money and work and by co-operation and with slight forethought, returns could be had from the tons of fruit that are going to waste this year in New Mexico orchards. Evaporators and distilleries should take care of part of the waste. Another part should be fed to stock while sun-dried fruit, cider and vinegar always command a market. In the big industries of the day the profit lies in the utilization of the waste products and profits in horticulture are apt to be in making use of all the fruit in years that the trees bear well.

Railroad Magnate Harriman is to build a railroad from Guaymas, the terminus of the Sonora Railway to Guadalajara, in Central Mexico. The road is to be an adjunct to the Southern Pacific Railway System. Mr. Harriman having conquered about all there is in sight for him in the United States, is now trying to play the conqueror in other countries. Whether his new venture will benefit the people of this country, is problematical.

APPRECIATION BY THE ALBUQUERQUE CITIZEN.

The Albuquerque Citizen evidently knows right well what benefits New Mexico and appreciates good newspaper work when it sees it. The Citizen's contemporary, the Albuquerque Corporation Journal on the other hand, is of such a jealous and envious disposition and has so many schemes to defend, that the good work for the advancement of the Territory done by the New Mexican or any other paper cannot be appreciated by it. You cannot get blood out of a turnip and you cannot make a silk purse out of a sow's ear, hence it is not practicable, under existing conditions, to make anything decent or fair out of the Albuquerque Corporation Journal. Right here the following editorial from the Citizen concerning this paper is timely and is republished with appreciation of the kindly words for this paper contained therein; says the Citizen:

"The New Mexican is to be congratulated upon its issue of Saturday last. There can be no better advertisement of New Mexico than such a paper as was that issue. Especially is the New Mexican to be congratulated upon its ability to secure and publish local and Territorial news, and in doing so that paper pursues a course eminently wise while profitable to New Mexico. Cuts illustrative of passing events and public people may and do gratify the local patrons of any paper, but as an advertisement of New Mexico their benefit is almost inappreciable, since the only possible good they can do is to show the enterprise of the paper, in which they are published, and consequently of the community in which it makes its home. The Citizen hopes the New Mexican will keep up its good work."

The counties in eastern New Mexico, namely Quay, Union, Roosevelt, Chaves and Eddy are receiving quite an influx of home seekers who are taking up homesteads on the public domain. This is a section of New Mexico, which, even up to ten years ago, was declared a howling arid wilderness. If this settlement continues at the present rate, much of this "arid howling wilderness" will within from three to five years be among the garden spots of this great country.

Judging by the number of newspapers in existence and recently started in southeastern New Mexico, that section of the Territory is increasing in population and in business more than any other. There are now published in Chaves County alone one daily and three weekly papers. Eddy County comes to the front with six weekly papers and Roosevelt County is on hand with five weeklies.

The prime necessity for the advancement and progress of this Territory is a comprehensive system of good public roads and highways. The Good Roads' convention which will be held at the Northern New Mexico Fair in September in Las Vegas, will aid with its deliberations and actions to bring this about. Every county should be represented at the convention.

The "silly season" is evidently on in the editorial office of the Albuquerque Corporation Journal. This accounts for the silly truck predominating in the columns of that paper.

Bernalillo County is making quite a reputation as the home of witnesses with very delusive memories. Not an enviable reputation this!

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

VISITORS AND STRANGERS

If you are a visitor or stranger in the city and desire some place to spend your leisure hours where you will not get lonesome and where you will receive the most cordial welcome, drop into "The Club." All the popular games and best brands of liquors and cigars.

(Homestead Entry No. 7674.)

Notice for Publication.

Land Office at Santa Fe, N. M., August 8, 1905.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz.: Dionicio Sandoval, Bonifacio Sandoval, Fernandez Armijo, all of Pecos, N. M.; and Robert J. Ewing, of Glorieta, N. M.

MANUEL R. OTERO, Register.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give a child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipience and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

OUR MOTTO: To Have the Best of Everything in Our Line.

PIANOS BY MAIL

Opportunities of this great piano house brought to the door of most distant customers.

For thirty years we have been sending Pianos into all sections of this and surrounding states, until the name of this firm has become a household word in almost every locality.

Our carefully organized mail-order plans have done much to extend trade in this manner. The mail-order customer deals direct with the house and is given the same advantages in the way of prices and terms as the person who lives right here in Denver.

The testimony of hundreds, even thousands, might be given who have purchased Pianos of us in this way, and who are prepared to say that the satisfaction was as complete as if they had bought at our warerooms in person.

It matters not where you reside, we will ship a Piano on approval, and if the instrument should prove unsatisfactory within a reasonable period, it may be returned and another will be sent in its place.

Write for our list of bargains in new and slightly used Pianos, including instruments that were priced originally from \$325 to \$550, which can now be bought on easy terms to suit you, at such prices as

\$195. \$215. \$225. \$280. \$300. \$345.

These prices represent clean savings on each Piano of \$75 to \$100, and the economical out-of-town buyer should not fail to send a postal for it at once. Write today—now—and you'll receive list by return mail.

DON'T OVERLOOK THE VICTOR

"His Master's Voice."

Have the greatest artists sing for you; have the greatest bands and orchestras play for you; hear the latest song-hits as sung by popular singers; hear the funniest stories as told by the foremost story-tellers; hear all this on the Victor, the greatest of all talking machines. Its reproductions of sound are simply wonderful.

PRICES, \$15 to \$60

Send your name today for the "Dog Book," which explains fully and gives illustrations.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor.

ARIZONA NEWS NOTES

Camp Verde wants a new school house and a bond election will be called for that purpose.

Hereafter the ordinance against fast riding or driving on the streets of Sanford will be rigidly enforced.

Pope Schrader, of the "Divine Catholic Church," is in Bisbee and expects to establish a mission in that town.

The electric storms of the past ten days have disabled seven hundred telephones in the city of Phoenix and circuit.

During the recent rainstorm at Morenci over three thousand dollars worth of damage was done to the supply department of the Detroit Mining Company.

The committee in charge of the Mexican celebration in Morenci on September 15th expects to have a rock drilling contest as one of the features of the day.

Because of several recent disturbances on the public streets of Prescott the mayor of that city has ordered the police to arrest any one who is discovered "rushing the can."

The Arizona League, organized last spring at the statehood convention, has prepared a concise and earnest petition to Congress which the people of Arizona will be asked to sign.

The Phoenix Gun Club is making elaborate preparations to entertain the shooters of Arizona during the first week of December, at which time the territorial shoot will take place in the Capital City.

The demand for gas franchises in Douglas is becoming "fierce." Three distinct companies are now on the ground sparring for advantage and more are expected to show up in the next few days.

The authorities of Gila County have just received from Texas two fine blood hounds which will be used in trailing offenders against the law. The inability of the officers to capture the Plunkett and Kennedy murderers was the reason that the purchase was made.

The irrigation dam at the Greene Cattle Company's ranch on the San Pedro has been washed away. Several thousand dollars were expended on the dam in repairs this season, but now the high waters have washed it out from bank to bank and it is a total loss.

The Bisbee papers are rejoicing because the bugs and crickets have passed up that town, but the deadly blow fly is still in evidence. A small native boy is the latest victim to the screw worms of the fly and is now being treated at the Calumet & Arizona hospital.

As soon as the cool weather approaches the arbitrators of the U. S. Reclamation Service will be in Phoenix to examine into the condition of the Salt River canals. The canal owners and the farmers will both be protected in the big deal now about to be consummated.

Word has been received at Phoenix of the arrest at Sweetwater, Tennessee, of two natives of Mexico who are thought to be the men wanted in Arizona for the murder of Plunkett and Kennedy. Two rewards, totalling \$800, have been offered for the arrest and conviction of the murderers.

SAN GERONIMO CELEBRATION.

At Taos September 28, 29, 30 and On October 1, 1905.

The business men and citizens of Taos, New Mexico, are making unusual efforts to make this one of the most interesting and largest exhibitions of Indian manners and customs ever held in the Territory. A daily program has been arranged for Indian games, dances, and foot races, in addition to which the Santa Fe band will be engaged for the occasion and arrangements are now in progress for securing the Carnival Shows from the Territorial Fair at Albuquerque.

Ample arrangements have been made for the accommodation of a large number of people and reduced rates of transportation have been arranged.

SAY HARRY !!

That's a Swell Looking Pair of Shoes You Have on. Mind Telling Me Where You

Got Them?

Of course not. I got them at

N. Salmon's

I always buy my shoes there.

I'd like to have a pair about like them. Mind telling me what they cost?

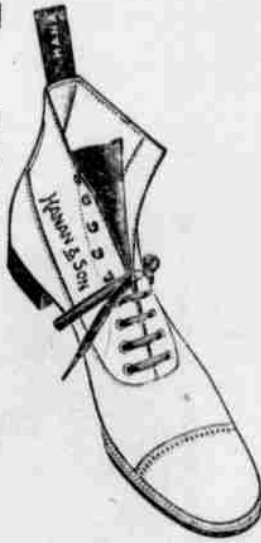

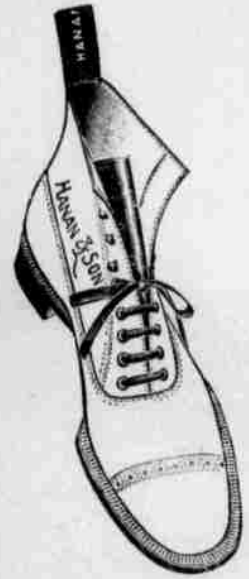

Of course not. I paid \$5 for them.

Great Scott! I would have guessed \$6 at least as Hanan & Son shoes are sold for \$6 even in the East.

I wonder if Salmon can fit me as well as he has you?

Certainly, he can fit anybody, for he carries a large stock of all the sizes and widths. Everybody likes his shoes.

PERSONAL MENTION

H. Essinger, liquor salesman of Las Vegas, called today on the local trade.

Elias Clark, merchant at Alcalde, was a business visitor today in Santa Fe.

Miguel Ortiz left the city today for Perea, New Mexico, on combined business and pleasure.

Sidney U. Rosenwald, dry goods merchant, has returned to Albuquerque from an eastern trip.

Deputy Sheriff Jose L. Lopez returned last night from Las Vegas where he had been on business.

Mrs. E. Montoya, of Albuquerque, arrived in the city yesterday for a visit of several days with relatives.

O. C. Watson, of the insurance firm of O. C. Watson & Company, was a business visitor today in Espanola.

Dr. F. E. Coudert, Indian physician at Pena Blanca, has resigned and will go to Gallup to practice his profession.

J. J. Cridebring, of Kansas City, is in Santa Fe expounding the merits of an encyclopedia for which he is agent.

Mrs. F. M. Emerson, of Chaperito, San Miguel County, is at Sunmount, the guest of her sister, Mrs. L. Brown, of Louisiana.

W. R. Lampson, of Kansas City, representing a furniture manufacturing firm, called today on his customers in the Capital City.

Rev. Father A. Rabeyrolle, parish priest at the Guadalupe Church, has returned from a visit on church business to Las Vegas.

Antonio Delgado, salesman for the Seligman Brothers' Company, left this morning for a trip to northern New Mexico on commercial business.

G. B. Laughlin of Kankakee, who is on his way to California, availed himself of the free side trip from Lamy, and spent today in the Capital City.

Mrs. H. S. Lutz and children were passengers yesterday afternoon for Albuquerque, where they will join Mr. Lutz, Santa Fe agent at that place.

John McWilliams, of O'Dell, Illinois, who is on a pleasure trip through the south and west, is registered at the Palace. He expects to remain in Santa Fe several days.

George W. Harbin, general immigration agent, of Waterloo, Iowa, has arrived in Estancia with a number of homeseekers, some of whom have already taken up homesteads.

J. P. Lyng, traveling auditor of the Santa Fe Central, left the city this afternoon for Willard, where he will check out Agent Charles Gibson, and check in J. E. Willson, as agent.

C. W. Fay, chief dispatcher of the Santa Fe Central, left this afternoon for Oconomowoc, Wisconsin, where he will visit with relatives. Mrs. Fay will return to the Capital City with him about the first of September.

W. L. Boster interviewed the hardware merchants of the Capital City today in an endeavor to prove the superior quality of the goods handled by the wholesale house of St. Louis, for which he is western representative.

Clerk A. M. Bergere, of the First Judicial District Court, and daughter, Miss Stella, reached the city last evening from their two weeks' trip to the counties of Taos, Rio Arriba and San Juan. They enjoyed their outing greatly.

Heber C. Cassell and wife arrived last night from Portsmouth, Virginia, and are registered at the Claire. They find the climate of the Capital City so delightful that they will remain for a week or ten days to enjoy the cool, invigorating atmosphere and visit the places of historic and scenic interest.

S. B. Grimshaw, assistant to the general manager of the Santa Fe Central Railway, left this morning for the San Luis Valley, to look after freight business in that section. Mr. Grimshaw is a hustler, and allows no grass to grow under his feet when it comes to securing passenger and freight traffic for his road.

Associate Justice John R. McFie and daughter Miss McFie, who have been touring the counties of Taos, Rio Arriba and San Juan arrived in the city last evening, having been absent two weeks. Judge McFie attended to court business while absent and he and Miss McFie also visited friends. The tour was very pleasant all around.

RIMBERT FINED FOR ASSAULT WITH WORDS.

At Las Vegas Wednesday Michael Rimbert was found guilty of assaulting his wife with words and was fined \$5 and costs and placed under peace bonds. Rimbert is the man who assaulted and shot Antonio Diego, but his hearing on that charge has not yet come up.

SANTA ROSA NOTES

Great Preparations Being Made for the Labor Day Carnival—Judge Mann to Arrive Next Tuesday.

Special Correspondence New Mexican. Samuel A. Still, the baker, has returned from a two weeks' visit to Kansas City, Missouri.

Frank N. Turrill, justice of the peace, is again attending to the duties of his office after an illness of several weeks.

Santa Rosa is contributing its quota of inhabitants to the new towns of Sunnyside, Epris and Willard, on the Santa Fe cut-off.

Robert B. Pate, proprietor of the Santa Rosa bakery, has gone to Salt Lake for a brief visit. His family will accompany him home.

The infant son of Mr. and Mrs. Charles Terry died on Tuesday evening and was buried the following day in Evergreen Cemetery.

The Labor Day Carnival committees are hard at work on the details of the entertainment and are promising many new and pleasing features for the September celebration.

Richard de Graftenried, of the Yesso, and J. G. Clancy, of the Alamo-gordo country, both prosperous sheepmen, were greeting friends in the Plaza the first of the week.

Judge Edward A. Mann is expected at Santa Rosa on the 23d. Among other business he will appoint the jury commissioners for the October term of the district court for Guadalupe County.

GREAT PYROTECHNICAL DISPLAY AT FAIR.

The pyrotechnic display during the evenings of the Territorial Fair at Albuquerque, September 18-23, inclusive, promises to be the most elaborate illumination of the kind ever given west of the Missouri River. Two tons of red, cream and green fire powder (the fair colors), have been ordered shipped from Chicago and will be burned from the house tops and streets each evening of the fair, the reflection of which will be seen for a radius of over 200 miles.

Ten thousand yards of green, cream and cardinal bunting have been ordered by the Fair Association for the purpose of decorating the principal streets of the city, and with the brilliant illumination every night it will be one of the grandest spectacular effects ever seen in the west.

DEXTER THE SCENE OF BOLD HOLD-UP.

L. C. Card, the hotel keeper of Dexter, Chaves County, is lying at his home in a serious condition, his skull being fractured and one arm broken in two places. His injuries are the result of an attack which was made upon him last Saturday night while he was going from his saloon to his hotel. Two men assaulted him, striking him over the head with the barrel of a Winchester rifle, evidently after the \$300 which he was carrying in his pocket. Mrs. Card, who heard the noise of the scuffle, appeared on the scene and frightened the would-be robbers away before they secured the money.

MANY DEPREDACTIONS IN LOWER CHAVES COUNTY.

The Roswell Record gives an account of numerous depredations which have occurred in Chaves County of late, between Hagerman and Lake Arthur, as follows:

The home of W. E. Rogers, below Lake Arthur was robbed while he was on a trip to the mountains. In all five places have suffered. Two houses were burglarized. Two more were burglarized and burned, and the fifth was torn down and hauled away. It was John Boyd's claim that was robbed of its dwelling. The officers are working on all of these cases, but so far have been unable to locate the guilty parties.

WORK TO COMMENCE ON NEW OFFICE BUILDING.

Work will commence on the new Santa Fe Railway office building at Las Vegas this month, the plans having been completed this week. The new building will be of brick, two stories in height and will cost \$10,000. When completed, all the offices will be moved from the Castaneda building to the new building and the Castaneda will be turned over to the Harvey system to be used exclusively as a hotel. Completion of the office building is expected by the first of November.

COMMITTED TO ASYLUM FOR THE INSANE.

Cruz Martinez, of Arroyo Hondo, Taos County, who was recently adjudged to be of unsound mind, has been committed to the territorial asylum for the insane at Las Vegas.

Pads and scratch tablets, for school work and the desk, five cents in book form; discount on quantities. New Mexican Printing Company.

MINOR CITY TOPICS

Miss May Spitz will entertain this evening at the residence of her parents, No. 189 Palace Avenue, at cards.

Atanacio Romero, formerly probate clerk of Santa Fe County, who has been on the sick list for some time is convalescent.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular meeting at 7:30 this evening in the lodge rooms at 261 San Francisco Street.

Pads and scratch tablets, for school work and the desk, five cents in book form; discount on quantities. New Mexican Printing Company.

Tickets for the excursion to Las Vegas will be on sale all day tomorrow at the city offices of the Santa Fe. Two dollars for the round trip.

Emeterio Gonzales and Miss Ramona Rodriguez will be united in the holy bonds of matrimony, Monday morning at 8 o'clock, at the Cathedral.

Mrs. J. B. Alexander, wife of the superintendent of the Indian reservation at Zacaton, Arizona, died in a hospital in Los Angeles the first of the week. Remains were interred in the Los Angeles Cemetery.

The sprinkling of the principal business streets and residence avenues will be conducive to the health and cleanliness of the town, but despite this, the city authorities are doing very little in that line. Too much of an effort, evidently.

Las Vegas is making its first effort in showing the world what it can do in the way of a fair, but the directors of the Northern New Mexico Fair Association have already secured a promising lot of attractions for the coming event.

The teachers' institute which is in session in Santa Fe is proving of benefit to the attending teachers. The instructors are capable educators and the instructed are reaping the benefits to be derived from close attention and application.

The excursion to Las Vegas Sunday morning should be well patronized and everybody who can spare the time, and make it convenient, should go to the Meadow City. There will be a good base ball game there and the fare for the round trip is only \$2.

The New Mexican Printing Company has on hand a large supply of pads and tablets suitable for school work, the desk and also for lawyers and merchants; good anywhere. We will sell them at five cents in book form but will give a discount on quantities.

Filmore Caleb, the one year old child of Mr. and Mrs. James C. Johnson, died at the home of its parents on the south side last night. Funeral services were held this afternoon at the home of Mr. and Mrs. Charles Dudrow. Rev. J. S. Shively officiating. Dudrow and Montenie, undertakers, had charge.

Herman Zoppi, thirty years old, who came to Santa Fe several months ago for his health, died yesterday at the Sanitarium from a complication of diseases. Charles Wagner, undertaker, prepared the body for shipment to friends in Vicksburg, Mississippi. The deceased was single and had no relatives living. The remains were shipped this morning via the Wells-Fargo Express Company.

The weeds along Washington Avenue, between Palace Avenue and the Palace Hotel have been cut and the street presents a much improved appearance to tourists. The move in this direction is cutting of the weeds in the vacant lots in the south of the city.

Antonio died at her night at the residence of her deceased mother at San Francisco street, Santa Fe, and was buried this morning at the Santa Fe Cemetery. The funeral services will be held at the Cathedral tomorrow morning at 7:30 o'clock and interment made in Rosario Cemetery.

The Santa Fe base ball team will leave tonight for the Meadow City where tomorrow it will cross bats with the Las Vegas Blues. A good team has been organized and the prospects for victory are bright. Sunday morning the excursion will leave the Santa Fe station promptly at 8 o'clock, arriving in the Meadow City about noon. The Blues and Santa Fe will contest Sunday afternoon for honors on the diamond, and a good crowd is expected to be there from the Capital

BABY TUCKER'S WONDERFUL CURE

Covered from Head to Foot with Humours—Forty Boils on Head at One Time—Doctors and Drug Bills \$100—Baby Grew Worse.

CURED BY CUTICURA FOR FIVE DOLLARS

Mrs. George H. Tucker, Jr., 335 Greenfield Avenue, Milwaukee, Wis., is a grateful mother. "When six months old," she says, "my little girl weighed a pound and a half less than at birth. When one month old a scab formed on her face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up, and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure, and now my child is as large, strong, and healthy as any child of her age. The doctor's and drug bills were over one hundred dollars, and my baby grew worse all the time. Then we spent less than five dollars for Cuticura and cured her."

CUTICURA A BLESSING To Skin-Tortured Babies and Tired Mothers.

The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, milk crust, scalded head, eczemas, rashes, and every form of itching, scaly, pimply skin, and scalp humours, with loss of hair, of infancy and childhood. Guaranteed absolutely pure.

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Cuticura Soap, Ointment, and Pills, are sold throughout the world. Cuticura Soap, Ointment, and Pills, are sold throughout the world.

City to see the locals win the game. The Artillery Band will accompany the excursion and a good time is assured. Don't forget the time, 8 o'clock sharp, Sunday morning.

Travel over the Durango Division of the Denver & Rio Grande Railroad is at its height. Trains are crowded and many people are en route to southwestern Colorado and to San Juan County, New Mexico. Pullman berths must be secured five or six days ahead of the day one desires to travel in them. The New Mexican's information is to the effect that most of the people who go there, do so with a view of making permanent settlements or engaging in business.

New Mexico will have fair weather tonight, but Saturday will be partly cloudy with local thunder showers, especially in the eastern part. Colorado will be generally fair and cooler in the eastern part tonight, and fair and warmer in the western part Saturday. The maximum temperature in Santa Fe yesterday was 84 degrees at 4:05 o'clock in the afternoon, one degree higher than the previous highest record this month. The minimum was 64 at 4:55 in the morning, the mean was 69 and the relative humidity was 43 per cent. At 6 o'clock this morning the temperature was 52 degrees.

The supper given by the Woman's Aid Society of the Presbyterian Church last evening on the lawn at the residence of Mrs. I. Sparks, was a success. A first class meal was served and for the nominal fee of twenty-five cents. Refreshments of sherbet and cake were extras at 15 cents. The lawn was brilliantly lighted, for which the society is grateful to Manager Frank Owen, of the Santa Fe Water and Light Company. About 150 persons were served and all took the full bill of fare. The society netted \$45. After the supper Miss Walter and Miss Easley favored the assemblage with vocal selections and Miss Schoremyer presided at the piano. During the entire evening the Capital City Band discoursed sweet music. The society wishes to thank all those who so kindly assisted in making the supper so successful.

L. C. Yocum, Santa Fe agent in this city, has received communications from the passenger department of the road in answer to his letters in regard to having the Capital City placed on the tourist rates, and the points of historic and scenic interest in and around

the city used as special features for the Santa Fe's transcontinental travel, stating that the passenger department will do all in its power to give the city legitimate advertising and will place it on the list of tourist rate points. Mr. Yocum says that he is sure the Santa Fe will aid substantially in the construction of a road to the cliff dwellings from Santa Fe and will use these historic places as one of the special features for tourists. It will not be many days until the results of these efforts on the part of Mr. Yocum will be seen by the increase in tourist travel to Santa Fe. It is now up to the citizens and business men to hold up their end of the proposition and spend some money for needed improvements.

CHAVES COUNTY TEACHERS' INSTITUTE IS IN SESSION.

The Chaves County Teachers' Institute is in session at Roswell and is well attended. The session begins at 8 o'clock in the morning and adjourns at noon and all the teachers are taking a great deal of interest in the work. Classes have been organized and are being conducted by Professor Wilkinson, who is in charge; Miss Edith Rodkey and C. D. Thompson.

BEET SUGAR FACTORY COMMITTEE APPOINTED.

President G. A. Richardson, of the Roswell Commercial Club, has appointed the following "Beet Sugar Committee," which will have in charge the work relative to getting the beet sugar industry in the Pecos Valley started: L. B. Tannehill, chairman; L. K. McGaffey, E. A. Cahoon, S. Totzek, J. W. Warren, W. P. Turner and J. A. Graham.

LAS VEGAS PIANO CONTEST HAS CLOSED.

Over two million votes were cast in the piano contest which closed this week at Las Vegas. The Young Men's Christian Association won the piano with 733,021 votes. The four other contestants receiving the next highest number of votes were the Fraternal Brotherhood, the Clerks' Union, the Elks lodge and the Catholic Church.

THE FEAST OF OUR LADY OF SORROWS.

Father A. Rabeyrolle, of this city, has just returned from Las Vegas, where on Tuesday he assisted in the celebration of the feast of Our Lady of Sorrows at the church of Our Lady of Sorrows on the west side in Las Vegas. Archbishop Peter Bourgade was also present.

SUIT FOR FAILURE TO FULFILL CONTRACT.

In the Fourth Judicial District Court for San Miguel County Isaac and Simon Bacharach have filed suit against Incento Lobato, alleging that the defendant contracted to sell them his wool clip at 14-1/2 cents a pound, delivery to be made in July; but that when the time for the delivery arrived, said defendant refused to comply with his contract, the price of wool having then risen to 25 cents a pound. The plaintiffs have also brought a similar suit against Jesus Gallegos, of Guadalupe County, claiming damages in the sum of \$500, with interest and costs.

SAN MIGUEL COUNTY DISTRICT COURT NOTES.

Chief Justice W. J. Mills convened district court for the Fourth Judicial District for San Miguel County at Las Vegas Thursday morning. John S. Clark, N. S. Belden and Felipe Montoya were appointed jury commissioners. The case of Gordon Griest for the shooting and killing of the little Polaski girl will come before Judge Mills in chambers Saturday.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Fair tonight; Saturday partly cloudy with local thunder showers in east portion. For Colorado: East, generally fair and cooler tonight; warmer tonight; west, fair; warmer Saturday. Yesterday the thermometer registered as follows: Maximum temperature, 84 degrees, at 4:05 p. m.; minimum, 54 degrees, at 4:55 a. m. The mean temperature for the 24 hours was 69 degrees. Relative humidity, 43 per cent. Temperature at 6:00 a. m. today, 52 degrees.

JUSTICE OF THE PEACE DOCKETS. The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x6 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices: Civil or criminal . . . \$4.00 Combination civil and criminal . . . \$5.00 For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

BAD BLOOD

INVITES DISEASE

The blood supplies nourishment and strength to every part of the body when it is rich, pure and healthy. When from any cause it becomes diseased or weak it cannot supply the nutriment the system needs, and the body is unable to resist the diseases and troubles that are constantly assailing it to break down the health.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S. S. S. advertised I began its use, and am well for some little while. My system and general health have been wonderfully built up, and I no longer hesitate to give S. S. S. the credit for it. H. MARTIN. Warren, O., 60 Second St.

Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison, etc., are the results of bad or diseased blood, and until this vital fluid is cleansed and made pure, strong and healthy, these diseases will continue. The greatest of all blood purifiers and tonics is S. S. S. It has been curing all diseases of the blood for more than forty years by going down to the very root of the trouble, forcing out all poisons and impurities and building up every part of the system by its fine tonic effect. S. S. S. cures Rheumatism, Skin Diseases, Scrofula, Catarrh, Old Sores, Malaria, Contagious Blood Poison and all other blood troubles, and cures them permanently. S. S. S. is the acknowledged king of blood purifiers and the greatest of all tonics. Books on the different diseases, and any medical advice you may wish will be given without charge.

Making it Right.
"Sir," said the middle-aged lady between her clinched teeth, "you have been staring at me for the last ten minutes. I think you are very ungentlemanly."
"I beg your pardon, madam," replied the middle-aged gentleman, "but you reminded me so much of my youngest daughter."
"Oh, I crave your forgiveness, sir."

In the Committee Room.
First Paying Contractor—I never could understand why it was that Pavem & Fillum made so much money. I never could do it, although I get bigger contracts than they do.
Second Paying Contractor—You will learn in time that honesty in the abstract rather than in the concrete is where money is made in the paving business.

His Drawer.
Mr. Yeast—"And you say your wife allows you one drawer in the bureau for your own use?"
Mr. Crimmonbeak—"Yes; only one."
"But how can you tell which one is yours?"
"Why, because there are fewer of her things in my drawer than in the rest."

Extract from letter sent by Mr. Wiggins to long-absent friend—You remember, dear old boy, the remark I used to make that if ever I got married it would be to a woman who knew her position—and kept it. Well, I've found that woman!

Note—the above sketch was "not" sent with the epistle—Half Holiday.
Both Beyond His Control.
Husband—"Do you see Dashaway over there?"
Wife—"Yes."
Husband—"He has named his motor-car after his wife."
Wife—"How funny."
Husband—"Funny! Not at all; when he got it he found he couldn't control it."—Judge.

Again the Heartless Husband.
Mrs. Bryde—"Oh, John, this is terrible. The cat had a fit in the kitchen and ruined the pie I had ready for dinner!"
Mr. Bryde—"Haven't you got the sequence of events turned around?"
Mrs. Bryde—"Haven't I?—Oh! you cruel wretch!"

A Betrayal.
"No," said the lady, "I am not pessimistic. I have a supreme faith in everything. Do you know, I have never had one of my confidences betrayed?"
"That is strange. I heard some one say the other day that age was telling on you."

Studying Economy.
"Pop."
"Yes, my son."
"Mamma says she's going to write an open letter to the newspaper. What's an open letter, anyway?"
"Why an open letter is one which only costs a cent to go through the mail, my boy."

An advertisement in the New Mexican is always effective. Why? Because it reaches the people.

MAXWELL GRANT

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Budy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. Government laws.

Near Raton, N. M., on this grant, are located the coal mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

Particulars and advertising matter apply to

GROCERS, BAKERS, BUTCHERS!**CANTALOUPE.**

New Mexico cantaloupes grown from Rocky Ford seed are now in plentiful supply. From 5c to 10c each.

JELLY SUGAR.

Jelly sugar is made by Dr. Price from gelatine and pure flavors combined with sugar so as to produce a pint of delicious fruit jelly by the addition of a pint of hot water. Strawberry, raspberry, lemon, orange, pineapple, mint and chocolate,10c

ASPAROX.

It is a combination of asparagus and beef extract. May be used as a beverage or for basting fowls and game. Per bottle,30c.

TOMATO BOULLION.

Made by Armour & Co. from tomatoes, spices, herbs and meat, highly concentrated. A piquant relish for meats, fish and game, and for tomato bouillon. Bottles,30c.

FRESH VEGETABLES.

We are now receiving sweet potatoes, tomatoes, string beans, cucumbers, beets, turnips, green corn, young onions, cauliflower, etc., etc.

MANITOU WATER.

We now have in stock Manitou water and Manitou Ginger Champagne and are making attractive prices in lots of a dozen bottles or more.

FRESH MEATS.

It is possible that you are some what particular as to the quality of the meat you buy and as to the way it is handled. If so, it will pay you to visit our market, to note the appearance of our corn fed beef, the care with which we guard against flies and other sources of contamination and the freedom from odor. Sausages, boiled ham, poultry, chipped beef, head cheese, etc., at all times.

CHEESE.

We are now cutting new made New York cheese of the first quality. Also offer brick, imported and domestic Swiss cheese.

PRETZELS.

Do you eat the great German cracker. We have the little German and the Italian at 15c a pound. Baked over an open fire in the most approved manner by Bayle, of St. Louis.

FRUIT COLORS.

Dr. Price has gotten out a number of new colors in liquid form for coloring ice cream, etc. Yellow, green, blue, purple, etc. In addition to the old red. The name of Price is a guarantee of purity and quality.

JARS AND GLASSES.

We are headquarters for fruit jars, jelly glasses, jar rubbers, sealing wax, paraffine wax and supplies of that sort. We have rubbers for the old style pint jars.

Leonora Molnar has been appointed postmaster at Rodey, Dona Ana County, to succeed Meyer Hirsch, resigned. Emma H. de Vore has been appointed postmaster at Tohatchie, McKinley County, to succeed L. P. Brink, resigned.

LOOKS FOR HER LONG LOST BROTHER

Daphne Honeycombe Desires to Know if Santa Feans Know Anything About Him or His Party.

Miss Daphne Honeycombe, 4899 East 33d Street, Portland, Oregon, has written to Mayor A. R. Gibson, requesting him to inform her of the fate of her "long lost" brother. The mayor referred this matter to the New Mexican and after due investigation, this paper had to "give it up." If anyone knows anything about the party of miners alluded to in her letter, let him address Miss Honeycombe and receive her unbounded gratitude. Miss Honeycombe writes:

"Portland, Ore., August 6, 1905.
"To the Mayor of Santa Fe.
"Dear Sir—Will you kindly ascertain for me if there was a party of miners, named Samuel Honeycombe, Fred Glover, Joe Chambers and Thomas Harris in your city in the year 1881 and 1882, and if the death of Samuel Honeycombe was reported to the proper authorities then or some time later, and kindly oblige,
"DAPHNE HONEYCOMBE."

**NEW PULLMAN SERVICE TO
SOUTHERN CALIFORNIA.**

San Francisco, Calif., Aug. 18.—The installation of additional Pullman car service on the Denver & Rio Grande Railroad and the San Pedro, Los Angeles & Salt Lake Railroad between Denver, Colorado, and Los Angeles, California, is announced. This is the first daily through car service to southern California by way of Salt Lake and the new Clark line.

If it's worth printing, you will find it in the New Mexican.
