## STOCKMEN MEET!

**Their National Convention in Session at Denver.**

**San Francisco Minister Confesses to His Guilt.**

**Battle Ship Maine Peacefully Enters the Harbor at Havana.**

**McCOMAS ELECTED SENATOR.**

**Denver, Colo., Jan. 25.**—The first session of the National Stock Growers' convention was called to order this morning by George L. Goulding, chairman of the general committee of arrangements.

There were present about 1,000 delegates, representing twenty-one states and territories of the west, northwest and southwest.

The chairman said that the years of depression to which the cattle industry had been subjected had caused a loss of one hundred million dollars, but there now appeared brighter prospects for stock growing and this convention was called to consider the new conditions.

Gov. Adams welcomed the delegates in the name of the state. He dwelt upon the difference between the present conditions and those of ten years ago, when as governor of Colorado, he welcomed a similar body of delegates. His speech was very optimistic for the stock growing industry. He urged the cattlemen and sheepmen to get together and adjust their differences.

John W. Springer, president of the Continental Cattle company of Texas, was elected temporary chairman. He was escorted to the chair by Gov. Richards, of Wyoming.

Charles H. Gould, of Nebraska, was chosen temporary secretary; R. E. McGinnis, St. Paul, reading clerk; W. H. O'Brien, Denver, sergeant-at-arms. Tisdale, New Mexico, is a member of the committee on resolutions; O. A. Hatley, committee on permanent organization. The convention took a recess until 2 p. m. At the afternoon session J. R. Van Bokkirk, of Nebraska, read a paper on the advantages of organization.

**BRUSSELS IN AN UPROAR.**

**Socialists Cause a Riot in the Chamber of Deputies.**

Brussels, Jan. 25.—Deputy Demblon entered the vestibule of the chamber of deputies this afternoon accompanied by a band of socialists. The officer in command of the guard informed him that in pursuance of the president's order he could not be allowed to enter, whereupon M. Demblon raised the cry of "Vive l'armee!" "Vive la republique!" The crowd attempted to rush on the soldiers, and there was a scuffle between the troops and the mob, who fixed bayonets. The tumult was indescribable. Within the chamber the socialist wanted to know who was responsible for the violence of the soldiers toward the deputies. The tumult became deafening and the ministers who attempted to reply were shouted down.

**Chicago Stock Market.**

Chicago, Jan. 25.—Cattle—Receipts, 3,900; market steady to strong. Hogs, \$3.50@3.55; cows and heifers, \$2.10@4.50; stockers and feeders, \$3.30@4.35; Texas steers, \$3.50@4.30.

Sheep—Receipts, 18,000; best steady, others weak.

Native sheep, \$3.00@4.00; westerns, \$3.25@4.50; lambs, \$4.25@5.75.

**Wet Snow.**

Kansas City, Jan. 25.—Wet snow fell throughout the southwest last night, covering the ground to a depth of a foot.

The snow froze on the telephone and telegraph lines, and communication with many points have been absolutely stopped. No serious delays to trains have been reported.

**Rain and Snow.**

St. Joseph, Mo., Jan. 25.—Rain that began to fall here last night continued this morning. Railroad trains are all delayed. Many telegraph and telephone wires are down.

**Committed Suicide.**

West Chester, Pa., Jan. 25.—Captain George R. Goss, editor and proprietor of the Chester County Democrat, committed suicide by inhaling illuminating gas.

**Took Possession.**

Legos, West Africa, Jan. 25.—British troops occupied Okoto, Borgu territory. The possession of Borgu is disputed between France and Great Britain.

**Griggs Confirmed.**

Washington, Jan. 25.—The senate confirmed the nomination of J. W. Griggs, of New Jersey, to be attorney general.

**McComas Elected.**

Annapolis, Jan. 25.—McComas is elected senator. The tenth ballot resulted: McComas 62, Gorman 47, Shaw 5.

**Dead.**

Liverpool, Jan. 25.—John Laird, ship-builder at Birkenhead, is dead.

**Rev. Brown Confesses.**

San Francisco, Jan. 25.—Rev. C. O. Brown has confessed to the Bay conference of the Congregational church that the charges connecting his name with

## DEATH OF MATTHEWS!

**Second Death of the Tunnel Wreck Occurs in This City.**

**Bridge Foreman C. H. Matthews Dies This Morning.**

**The Condition of Other Victims at the Railway Hospital.**

**SUDDEN DEATH OF ANTONIO RIBERA.**

**Charles H. Matthews, the bridge superintendent, who was injured at the first cave-in of the Johnson canyon tunnel, died at the hospital in this city at 5:30 o'clock this morning.**

He was brought to the hospital January 19, and was then suffering with a dislocation of the left hip, besides a number of burns on the body from the hot rock which fell upon him. It is also probable that he inhaled considerable smoke, which may have been the principal cause of his death.

For the first couple of days he seemed to be improving, and strong hopes were entertained for his recovery. During the past three days, however, his condition has been critical and he continued to fail.

His wife has been caring for him ever since he was taken to the hospital, and was by his side when he died.

Mr. Matthews' home was in Williams, Ariz. He had been in the employ of the Atlantic & Pacific and of the Santa Fe Pacific for many years in the capacity of superintendent of bridges. He leaves a wife but no children. Several of his brothers work on the railroad out west. One of them, hearing of his serious condition, came in from the west last night. The mother of the deceased and other relatives reside in Chicago.

The body was turned over to Undertaker Strong, who is embalming it for shipment to Chicago to-morrow night, where it will be buried.

**THE OTHER VICTIMS.**

William Grist, another victim of the cave-in on Saturday, was brought in last night and taken to the hospital. He is suffering from some severe scalp wounds. His home is at Flagstaff.

B. Archambault, who was at work unloading timbers at the tunnel, was also brought in with a fracture of the forearm.

James Votaw, who was at the hospital for a few days, has gone to his home in this city and is getting along nicely.

J. F. Hanson, the carpenter, who was taken to the hospital here yesterday morning, is quite badly injured.

Jesus Chavez, the Indian, and the other victims from the tunnel, are all doing nicely and their recovery will probably only be a matter of a few days.

A dispatch from Prescott this morning said that John Desair is still rational but nothing is said about the probability of his recovery, which continues to be doubtful. Two heavy timbers fell across his breast and the injuries inflicted are naturally of a very serious nature.

**SUDDEN DEATH.**

**Antonio A. Ribera Found Dead in His Son's Store.**

This morning, between 6 and 7 o'clock, a small boy tried to enter the grocery store of Gregorio Ribera, on the "Alley" to old town, but not gaining entrance looked through the glass door and saw a man stretched at length on the floor. An alarm was given, and upon investigation the man was found to be dead. He proved to be Antonio A. Ribera, father of Gregorio Ribera, who had used the store as a sleeping place.

Dr. Hope was called and found the body still retaining some warmth, from which fact it would appear that death had occurred but an hour or two previous to the finding of the body. When found, the body was fully clothed, even to overcoat, but without hat, and was lying upon its back, close to the door on the floor. The bed had been occupied during the night, and there were no signs of a disturbance or an attempt to enter the store.

Juan R. Duran, justice of the peace, was notified, and at once impelled a jury, of which Manuel R. Springer was made foreman. After hearing the facts about finding the body and the doctor's opinion, the jury decided to have a post mortem examination made to ascertain the cause of death, and Dr. Hope was instructed to hold same at once.

The deceased man was 55 years of age, and well-known in old town. He came here about four years ago from Las Vegas, to live with his son, Gregorio, having separated from his wife. He was said to have an interest in the store, where he slept, and with the exception of complaining at intervals that his heart troubled him, was supposed to be in sound health.

In addition to the son here, there are two other sons and a daughter, all of whom, with the widow, live in Las Vegas.

At the post mortem examination Dr. Hope found that Ribera's death had been caused by heart failure and the jury rendered a verdict in accordance with the findings of Dr. Hope.

The body was turned over to Undertaker Strong and the funeral will take place at 9 o'clock to-morrow forenoon from the Catholic church in old town.

## TERRIBLE FIRE!

**Big Hotel in Spokane Burned to the Ground.**

**Watson Will Run for Governor of Georgia.**

**St. Louis Visited by a Terrible Thunder Storm.**

**SHIP LOST AT SEA.**

**Spokane, Wash., Jan. 25.**—The Great Eastern block, six stories, and constructed of brick, caught fire about 11:45 p. m. and in three hours was totally demolished. Loss, \$400,000. At least 150 people were asleep in the building when the fire started. While most of them escaped with only their clothes, it is thought a number perished. Miss Rose Wilson and Mrs. Rose Smith are known to have perished. W. R. Girdon, a prominent mining expert, wife and three children, are missing. Mrs. C. Lewis is also missing. Mrs. H. G. Davies, who jumped from the fifth story window, died from her injuries.

**Terrible Storm.**  
St. Louis, Jan. 25.—A terrible thunderstorm raged for more than an hour in this vicinity after 3 a. m. to-day. The sky cleared for a time shortly after day break, but the wind continued to blow. It increased in intensity until 10:45 a. m. The weather bureau officers reported a velocity of 63 miles an hour.

August Weymeyer, who was blown off the Shields building, died from his injuries. An unknown woman and boy were also killed. There is every indication that it is a straight blow, a tornado.

**Ship Lost at Sea.**

San Francisco, Jan. 25.—The steamship Pelican, 103 days out from Port Townsend for Tokyo, Japan, has been given up as lost. She was never spoken after she passed Cape Flattery and no message has come from any one of her fifty-five officers and men.

**SHOOTING AFFRAY.**

A Dance at Liminar the Scene of a Fatal Disturbance.  
Special to The Citizen.

Socorro, Jan. 21.—At a dance given at Liminar last night Miguel Luna, constable for that precinct, with assistants, appeared and tried to disband the party, claiming that no license had been taken out. As near as can be learned, from conflicting rumors, a general disturbance then occurred and that Luna shot at Maximiliano Baca, and during the promiscuous shooting that then took place, it is alleged that Luna, who is dangerously ill, if not fatally wounded, was shot by Ramon Gonzales. Another man was also slightly wounded in the face. Gonzales is under arrest and it is understood that the preliminary examination will take place this afternoon.

**Monetary Conference.**

Indianapolis, Jan. 25.—The monetary conference, which opened in this city to-day, is the result of a movement started by the Indianapolis board of trade a little more than a year ago.

To-day's convention is much larger than the first which was called for the purpose of submitting a plan and securing its adoption. Gov. Leslie M. Shaw, of Iowa, presided to-day.

**Watson Will Run.**

Atlanta, Ga., Jan. 25.—Thomas R. Watson will be a populist candidate for governor of Georgia. The state convention meets March 6 and a majority of the delegates already are said to favor Watson.

ALBUQUERQUE, — JANUARY 25, 1926

If you see two men conversing in whispers you are safe in betting that they are talking politics, and spring politics at that.

The grand jury system should be abolished in New Mexico. It has become largely an instrumentality for the gratification of personal spite.

The making of maps is no small undertaking. It is proposed to spend \$200,000 for a new map of Ohio—the state and government to share the expense equally.

The old project of building a trans-Andean railway has been taken up by Chile. Part of the line was laid some years ago, but there was never money enough on hand to carry the rails over the summit.

The exports from the United States in the year just ended were larger than in any year in her history. How do the democratic croakers who were insisting that the Dingley law would reduce our markets abroad account for this?

The proposed change in the date of the president's inauguration from March 4 until April 30 will be decidedly for the better, in that the fellows who are compelled to walk back home will probably find the roads in a better condition.

The New Mexico papers are requested to publish this notice: "Jesse K. Watkins, Attorney, Ill., will be glad to hear from his brother, Nelson R. Watkins, or any of his family. When last heard from, six or seven years ago, they lived at Deming, N. M."

Gov. FINGER, of Michigan, in a recent address to the Teachers' association of that state, advocated the study of the Spanish language in the public schools, on the ground that most of the commerce of the country would soon be with South America.

The people of the United States are paying between \$120,000,000 and \$200,000,000 every year for the carriage of their products to outside markets. Very little of this money comes back to this country. It goes into the pockets of foreign ship owners and stays there.

The New York Sun recently published a list of the pensioners who drew \$45 per month or more. In the list were two, Mrs. Grant and Mrs. Garfield, who draw \$5,000 a year; one, Mrs. Phil Sheridan, who draws \$2,500 a year; three, Mrs. Fremont, Mrs. McClellan and Mrs. Logan, who draw \$2,000 a year. Of these three, Mrs. Logan draws \$100 a month more than \$2,000, and their names fill fifteen columns of the Sun. In the list there is no one from Arizona, and only one man, Domingo Ribal, of Las Vegas, from New Mexico. The persons on this list draw a total of \$2,532,312 annually. There are about nine hundred and seventy thousand more pensioners, who draw a lesser sum, but the total of what they draw is about one hundred and forty million dollars annually. If that list were published it would be found that many Arizona and New Mexicans were included.

JAPAN IS READY.  
That Japan is prepared for war, and that a Japanese fleet of nine ships will proceed to Chinese waters within a week, is certainly intelligence of interest. The power to which Japan throws down the gauntlet is Russia. In a war on land, if it should come to war, Russia would have an immense superiority in the matter of numbers, but on the water the contest would be more even. The Japanese ships are of the latest pattern and are armed with guns of the most destructive models. They are quite as well manned as are the Russian vessels and are commanded by highly accomplished officers, trained in the best schools. The Japanese undoubtedly expect the assistance of England, but alone and unaided they could put up a very interesting fight. The St. James' Gazette of London speaks of England as a "sympathetic looker-on." It is not probable that England could long occupy that position. A war between Japan and Russia would almost certainly involve other parties. The thought might occur even to Lord Salisbury's government that England and Japan together could hold the Pacific ocean.

THE NEGRO'S BALLOT.  
The race war in the south is still being urged, and the question is how long will the negro race bear the deprivation of their rights. Will the white southerners always be able to intimidate their dark-boned fellow citizens without meeting some great protest, perhaps some mob revolt or other form of gigantic revenge? In South Carolina and Mississippi, where the negro population is in the majority, it has been disfranchised by certain monstrous laws. In the other southern states, the negro vote is not in a majority but it is vastly powerful. To arrest its influence all manner of illegal, criminal and violent practices have been used, such as stuffing ballot boxes, building by corrupt means of armed men, and filling the jails on election days with negroes. These outrages while perpetrated on a wholesale scale did not, however, bear the character of formal and deliberate injustice which stamps a legislative act passed for the purpose of disfranchising the negro citizen.

As a matter of fact the southern states are weary of the scandals occasioned by

election impurity and violence, and are trying to legalize the injustice by restrictive election laws. Louisiana, following South Carolina and Mississippi, is about to hold a constitutional convention for this purpose.

How to shut out the negro from the polls is the problem in Louisiana. Some advocate a property qualification of \$500, but that would disfranchise some of the most proud and respected white families, and would cut down the vote of New Orleans from 70,000 to 7,000.

Others have urged an educational test of ability to read and write English or French. But many of the best white families in Louisiana, especially the descendants of the old Acadians, keep their ancient simplicity and are unable to read.

The scheme likely to be adopted is more cunning than either of the other two, while combining the ideas of both. The negro can be caught either way. He is both ignorant and poor. An alternative qualification is proposed that will admit the impecunious white of New Orleans or the illiterate white of the country. Every voter must own property worth \$300. This, it is calculated, will reduce the white vote from 125,000 to 100,000, but it will reduce the negro vote from 120,000 to 20,000.

That this law is a defiance of the spirit and letter of the constitution of the United States will not prevent its adoption. The negroes will probably find no champion outside of themselves to assail these iniquitous enactments. In intelligent organization only they might find a power to resist political oppression.

The war between the Denver newspapers and the merchants' association of that city regarding advertising rates has ended. The fourteen department stores which refused to longer patronize the newspapers until a 30 per cent reduction was made in the price charged for advertising space, laid down and gave up the fight, although the newspapers had slightly raised their rates during the struggle. The store managers admit that their trade fell off from 35 to 50 per cent from the time they withdrew their advertisements until peace was declared.

American Securities Abroad.  
The sales of American securities have been according to London advice, very large abroad of late. If this state of things holds there will be an increasing influx of British gold into this market. This demonstrates the faith abroad in the stability of our credit. There is another point of faith for which the people not only of this but of foreign countries have good grounds for credence, and that is belief in the efficacy of Hostetter's Stomach Bitters for inorganic maladies, which affect the stomach, liver, bowels, kidneys and nerves. Dyspepsia, biliousness, constipation and rheumatism are conquered by it. It hastens convalescence, and dispels a generous warmth and sensation of physical comfort through the system.

Death.  
The sad news of the death of Mrs. Gerard H. Oulton at San Francisco, was flashed over the wires yesterday morning, causing heartaches and mourning in the happy little household of Superintendent Denair. Mrs. Oulton was a daughter of the late James C. Hester, of the San Francisco Report, and a sister to Messrs. Denair and Higgins and Miss Lydia Hester, of this place. The death was caused by heart trouble, and occurred at 7:30 o'clock yesterday morning. Deceased leaves a devoted husband, a lovely child of four years, a heartbroken mother and four sisters to mourn her untimely end.

The above is clipped from the Needles Eye. It will be seen that Mrs. Denair is not with her husband, who was injured on last Saturday at the Johnson tunnel wreck. The CITIZEN offers its condolences to the bereaved Mrs. Denair over the death of her sister, and trust that the injuries sustained by Mr. Denair will not result seriously.

#### NEWS OF INTEREST TO ALL KINDS OF READERS

##### SAN MARCIAL.

From the Bee.  
Henry Lohman has leased furnished rooms from Fred Horn, and expects his wife to join him about Feb. 1.

Mrs. Wm. Biapham and children of Silver City will arrive in a few days to further swell the population of San Marcial.

C. E. Martin and family will occupy the Southgate house and Agent McCoach moves into the house vacated by Mr. Martin.

Mrs. Gus Leeman and family passed through this week from El Paso to Albuquerque, where they will reside in the future.

W. M. Cantrell is to succeed F. C. Knauer as proprietor of the Home restaurant. The change takes place February 1.

August Bolliger, of Paraje, recently wrote a friend in San Marcial, announcing the death of Jim Mitchell, well known to many people in this vicinity. His death was caused by the kick of a horse somewhere in Oklahoma.

Mrs. Frank Garrett, who is now at Kirksville, Mo., with her sick husband, asked for separate transportation this week to enable them to return to San Marcial. At this writing there does not exist much hope of Mr. Garrett's recovery, making the application for transportation seem rather strange under the circumstances. But we presume the idea is to be prepared for emergencies.

San Marcial was visited by the plague. Its ravages caused the loss of several lives, its extermination was not secured until a united front opposed its advance, and while this was being accomplished the business of the town became almost paralyzed. We suffered in silence, and put up a brave fight. Sorrow, of all the towns in the territory, alone quarantined against us. The danger is over, but the bars remain up. Our merchants do not care for this so far as trade with Socorro is concerned—we get no trade from that town—but they do most emphatically protest against the efforts of certain people resident there to steer drummers and others having business here away from the town. It is a blundering trick, and we don't propose to submit to it any longer, at least in a spirit of indifference.

From the Headlight.  
Judge George Boone is confined to his home by illness. My many friends wish for his speedy recovery.  
Tony Hoffman is the happy father of a bouncing baby boy, a ten pounder, which arrived Wednesday evening. Mother and child are doing well.

Judge Banta has granted Ella B. Schultz a decree of divorce from Edward A. Schultz. Both parties reside in Deming. Plaintiff was awarded the custody of the three minor children.

Walter Wilkinson is confined to his home by a sprained ankle, sustained while engaged in saving the property of the Headlight from destruction the night of the fire.  
J. A. Mahoney will shortly erect a handsome new business block on the east side of Gold avenue, extending north from Pine street. The building will contain two or three store rooms and will have an iron front.

Estelle Vaughn, son of J. B. Vaughn, a former county commissioner, died in the Minbras valley Wednesday morning. Estelle was well and favorably known in Deming and has many friends here who deeply mourn his untimely death. The deceased was aged only 25 years.

Hager & Jones, who purchased the entire apple crop of W. Lee Thompson, on the river, are storing the same in the Wormer building, and will ship from here. The year's crop aggregated over 250,000 pounds, and the apples are of exceptionally good quality.

Saturday morning a gloom was cast over the entire community by the announcement of the death of J. R. Hopkins, better known as "Dennie." He died at his home on Copper avenue of pneumonia, after a short illness of but one week. His death was unexpected, therefore the greater shock to his family and friends.

From the Eagle.  
Dr. W. T. Bishop is expected here in a few days. He will open a first-class dental office and intends locating here permanently.  
Rev. Loewher has moved his family to White Oaks for the purpose of giving his children the advantages of our school.  
M. S. Tallafra and family left Saturday for Wakefield, Ill. Stanley was formerly business manager of the Wakefield Republican, which grew quite prosperous under his control. He will probably accept the same position again.

Last week the school board received a letter from Miss Lulu McDonald's mother stating that Miss McDonald was dangerously ill of pneumonia, and that she could not comply with her contract to teach the White Oaks public school. The board has since employed Prof. Duff, of Socorro, and Miss Austin, of Route, for practical and experienced teachers. Miss Austin has had several years' experience in the primary grades of the public schools of Kansas City, and comes very highly recommended.

##### SAN MARCIAL.

From the Bee.  
The Southern Pacific has been working on a new well which it has been drilling in the east end of the yard, and is now down more than two hundred feet. At about 170 feet an extraordinary hard rock formation was encountered, which lasted for some fifty feet and was very slow work. When they got through this formation, the drill went into river gravel, which supplied water that was colder than any known water in this vicinity.

From the Examiner.  
Celia Gutierrez, a middle-aged lady of the old town, died very suddenly this morning.  
Billy Bunker slipped and fell at the old town postoffice this morning, badly spraining his right arm. His accident policy will now come in good play.  
Col. J. D. Powers, Owensboro, Ky., president of the Agua Fura company, and W. C. Nunes of Louisville, Ky., a large stockholder and director in the company, arrived in the city this afternoon, accompanied by Miss Jessie Powers.

One of the prettiest weddings in Watson for many a day was celebrated Wednesday night at the residence of Chas. Reynolds. The contracting parties were Miss Mary Reynolds and John F. Williamson. The Rev. Father Rivera officiated in his own inimitable pleasing manner.

##### SANTA FE.

From the New Mexican.  
Judge and Mrs. H. L. Waldo, who have been visiting here in Las Vegas, have gone east to Kansas City. Mr. Waldo enjoyed his visit here very much.

After leaving the clerk's office, C. H. Gildersleeve expects to remain here several months cleaning up business and will then look for a new location. His family is still at Cambridge, Mass., where the children are being educated.

Captain S. B. Day, president of the Water and Improvement company, proposed to take a trip to California at an early date to look into the best sugar factory matters and to consult some of the owners and managers of best sugar factories.

Forrest McKinley, special agent of the general land office, who has been stationed at Santa Fe since early last summer, left Monday evening for Guthrie, O. T., to which place he has been transferred by the department. He will first go to Chicago for a ten days' visit with friends, and then to his new post of duty.

Miss M. L. Allison, the capable and energetic superintendent of the mission school in this city, has been granted an eight months' leave of absence by the Presbyterian board in New York. It is a well earned and much needed vacation for her who has been in the work for seven years. She is now visiting friends in Chicago, but she is not in love with the climate of the great metropolis and will take a trip to California later on.

##### SILVER CITY.

From the Enterprise.  
Mrs. D. Abrahams has bought back the Southern hotel from D. R. Brownell, to whom she sold it a couple of years ago.

Charles Dyas, the champion fake mine prospector, and check cashier, had his trial before Justice Gleason, of this city Saturday for obtaining money by means of worthless checks. He was sentenced to sixty days in the county jail. He pretended that he had discovered a big gold mine at Santa Rita and took in a few poor innocents for small amounts. He afterwards came to this city and victimized several people with worthless checks. He was only prosecuted upon one charge.

Martin Dwyer, who conducted a prosperous mercantile establishment at Dwyer, on the Minbras river, in this county, sold all of his real estate, goods and chattels to Messrs. Bunker and Deard, on January 1. The sale was quite sudden. Mr. Dwyer having reason to believe that those "infernal" revenue officers of Uncle Sam were on his trail, because he had sold stimulants of the intoxicating kind without the necessary license. It is also rumored that he manufactured some of the commodity which he sold. He is said to have gone to Mexico.

##### GALLUP.

From the Gleaner.  
Messrs. T. N. Hinch and Gregory Page have been busy this week harvesting next summer's ice crop.  
W. M. Weaver, general manager of the Crescent Coal company, returned the middle of the week from his business trip to Kansas City.  
Mrs. C. B. Smith entertained the Saturday Afternoon Euchre club on Saturday, January 15. After the games and was served, the ladies decided to give a progressive euchre party at the home of Mr. and Mrs. Cotton on February 4.  
Charley McCarty returned on Saturday last from a long and fruitless prospecting trip. He left here about two years ago and went to the Ladrones,

where he spent over a year sinking a shaft on a prospect in that district in which several of our townsmen were interested. Meeting with no success, he got a team and started west, making a circuit of southern New Mexico and Arizona.

Posters and tickets are out for a grand charity ball for the benefit of the Territorial Children's Home, located at Albuquerque. The management of the Home is making urgent appeals to the people of the territory for assistance, and a number of our ladies, among them Messdames Weaver, Kogan, Stone, Meyers and others, have taken the matter in hand and will endeavor to assist the Home. They have decided on a charity ball and the date has been fixed for next Friday evening, at the K. & K. opera house.

The little son of Mr. and Mrs. Mart. Grattus got a nasty cut on Sunday evening by a fall in the house and striking his head against a window sill. Dr. Hinch was called in to sew up a gash in the forehead, but the brave little chap is all right again.

Accidents Barely Avoided.  
The absolute necessity of a flagman on the Third street crossing is receiving daily endorsement. Last week C. L. Knauer's New Discovery was damaged about fifty dollars worth, and on Sunday a Mexican with a load of men and women just avoided a terrible accident to himself and his load, the wagon fortunately being almost over the track when struck by the engine. A flagman will be much cheaper than damage suits, and we hope the railroad company will see fit to make such provision as is needed.—Gallup Gleaner.

The Surprise of All.  
Mr. James Jones, of the drug firm of Jones & Son, Cowles, Ill., in speaking of Dr. King's New Discovery says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowles and even could do nothing for her. It seemed to develop into a consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and a half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at J. O. O'Reilly & Co's drug store.

Buckley's Arnica Salve.  
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay. It is guaranteed to give perfect satisfaction or money refunded. Price, 25 cents per box. For sale by all druggists. J. O. O'Reilly & Co.

Attention, Macabebes!  
Regular review Albuquerque Tent, No. 1, R. O. T. M., this evening at 8 o'clock at the K. & K. P. hall, on Gold avenue. All members are earnestly requested to attend. By order of the commander, R. K. GENTRY, R. K.

Don't be persuaded into buying liniments without reputation or merit—Chamberlain's Pain Balm costs no more, and its merits have been proven by a test of many years. Such letters as the following from L. G. Bayley, Hueneme, Cal., are constantly being received: "The best remedy for pain I have ever used is Chamberlain's Pain Balm, and I say so after having used it in my family for several years." It cures rheumatism, lame back, sprains and swellings. For sale by all druggists.

OLD MAN NUTT GONE.  
An exchange speaks its mind freely in the following fashion: "Many a man who thinks he could be a journalist stands in the stores and tells how he would be as independent as a hog on ice, and call things by their right names, how he could write good, common sense, and none of your frivolous, try-to-be-funny stuff. The best way to cut off one of these chaps is to get him to agree to write a sensible article every day for a week. Before the week is out he is sure to be pumped dry, and will gape worse for an idea than the chicken with the pip. If he should have the ability and nerve to carry out his threat he would be found hanging to a telegraph pole before three cold mornings roll round."

Beyond Comparison.  
Are the good qualities possessed by Hood's Sarsaparilla. Above all it purifies the blood, thus strengthening the nerves; it regulates the digestive organs, it cures the kidneys and liver, tones and builds up the entire system, cures Scrofula, Dyspepsia, Catarrh and Rheumatism. Get Hood's and only Hood's. Hood's Pills cure all liver ills, biliousness, indigestion, sick headache, etc.

Simply "Not In It."  
Our present sale of winter clothing overhauls all our previous efforts in that line. Our \$27.50 suits are a winner and our \$13 midnit suits and \$4 tailor made pants are the talk of the town. Call in before it is too late.

Scrap Book's Help.  
The "scrap book" is helping Editor Wallace of the Window Mail, to get out a good paper. Here are a few of the best clippings from the Mail's local columns: Microbes have been discovered in everything except tobacco and whisky. The utility of life is not in its extent; it is in the employment of it. A man may live long and live little.

Some people think that when a man is baldheaded he ought to quit going with the girls.  
A man never enjoys reading quite as much as he does at his wife is ready to start to church.  
Law is a dry study, but a pretty woman's tears often have the desired effect on the jury.  
When a woman cries till her eyes and nose get all red she is said to have been weeping her heart out.  
Every man reflects at a lot about women, but the married man's reflections are generally not fit to print.

## To Benefit Others.

There are a great many unselfish men and women who wish others to know that has restored them to health and happiness. Mr. C. F. Davis, publisher of one of the best newspapers in Iowa, writes from Bloomfield Ia. Aug. 1906: "My desire to benefit others prompts me to write this. We have used Dr. Miles' Remedies in my family for nearly two years with most gratifying results. We would not now be without them. My wife had been weakly and down nearly every summer for the past fifteen years. Dr. Miles' Heart Cure is exactly what her name implies. A sure cure for a weak, fluttering, palpitating heart and Dr. Miles' Nerve and Liver Pills are most excellent.  
Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottles sent free of charge. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

every store one of the largest and best in the southwest will always be adhered to and will never grow dim. His large and varied stock of staple and fancy groceries is already one which would be a credit to any city twice the size of Albuquerque.

V. S. Miera, the Cuba stock raiser and buyer, who has been in the city the past few days, left on his return home yesterday. He went as far as Los Corrales, where he lodged last night, and continued on his cold drive across the mesa early this morning.

J. P. Lantz was a passenger on this morning's freight train for Cerrillos, where he will interview the Odd Fellows of that town, he being the grand secretary. Mr. Lantz expects to return this evening.

Silverio Valencia, the painter for C. A. Hudson, has his countenance lighted up with a very happy smile to-day, owing to the arrival of a new boy at his home in old town this morning.

### THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

Cole E. Rullstone, of Engle, was a passenger to the city from the south last night.

William Hye, who has been firing between Williams and the tunnel, came in from the west last night, having taken a short lay off.

Frank Harris, the special officer on the Santa Fe railway, this division, is notified in the city to-day, and he is a familiar representation of several handsome photos seen on Railroad avenue.

J. F. Cook, receiver of the Hondo Springs Cattle company of Socorro county, and who occasionally officiates as deputy sheriff under Sheriff Bursum, is again in the city, and he seems to be enjoying himself.

John Kenson and Mrs. Antonio Gonzales were united in marriage last night. Justice T. A. Lucero performed the ceremony. They will leave to-night for San Francisco, to be gone a few weeks. Mr. Kenson works at the depot.

Mrs. Rena Potter has commenced a damage suit against the Water Supply company for \$25,000 for injury sustained in the drowning of her son Folger in the reservoir last October. Warren Ferguson & Gillett are the attorneys for the bereaved mother.

Word reached this city yesterday that John Becker, the big general merchant of Bolen, had purchased the merchandise stock and store of Charles Mann at Jarales, and had installed as manager there Chris Schelle. Mr. Mann is a brother of the old-town gardener, Mann Bros.

J. S. Powell, an old man who has almost reached the ripe old age of three score years and ten, fell down on Railroad avenue yesterday and struck his head on the edge of the sidewalk, inflicting a scalp wound. He was taken to the home of Egbert Post on Lockhart's ranch and appears to be recovering from the shock and accident.

The audience attending Capt. Swan's lecture on Saturday evening last was not large, but was highly appreciative and consisted of some of the best-informed people of the city, all of whom speak in high terms of the manner in which the

A. L. Conrad, the traveling auditor of the Santa Fe, with headquarters at Trinidad, is in the city to-day, coming down from the north last night.

G. L. Brooks, the live stock agent of the Santa Fe, went to Denver last night to attend the meeting of the National Stockgrowers' association.

E. W. Stevens and G. W. Arnold, the horsemen of Sedalia, Mo., arrived last night and will have a carload of fancy horses here in a day or two to offer for sale.

Mrs. J. H. Howard, of San Francisco, is among the late arrivals at Sturges' European. The lady came in from the north and will continue to the coast this evening.

Messrs. Kinnear and Key, of the Santa Fe engineering department, went up to Algodones to-day to make a survey for some proposed changes in the track at that place.

Rev. E. H. Ashmun, the Congregational church missionary, held services at Holbrook last Sunday. He was at San Rafael to-day, and will be at home in this city this evening.

Henry Laub of Louisville, Ky., senior member of Henry Laub & Co., wholesale liquor merchants, has his name on the register at Sturges' European. To-day he is interviewing the local wet goods dealers, and is meeting with success in taking orders.

H. T. Castle, a member of the Alton Mining and Milling company, and R. J. Young, of Alton, Ill., arrived in the city last night and will remain here for some time. They expect H. T. McKinney, the resident manager of the company, in from Hell canyon this afternoon or tomorrow.
