WASHINGTON MATTERS.

WASHINGTON, Jan. 2.—A session of almost unexampled activity is upon the republican members of the senate finance sub-committee in charge of the substitute for the Mills bill. Messrs. Morrill, Allison, Aldrich, Sherman and Hisscock are in almost continuous session in the effort to make it as near satisfactory to all the interests involved as may be. This can be done only by amending in some particulars, and the purpose of the sub-committee is to decide what amendments shall be proposed. It is necessary that the desired amendments be agreed upon for the entire measure in advance, so that if there shall be a detailed consideration of the sections of the bill prior to the date fixed for the final vote upon its passage, the 21st of January, if possible, the committee may have its changes ready to be proposed in the bill and disposed of the same way.

WILL REPORT TO-MORROW.

The sundry civil appropriation bill and fortification appropriation bill have both been completed by the sub-committees of the house committee on appropriations. Chairman Randall has called a meeting of the appropriations committee for to-day, at which time both complete bills will be laid before it. Their consideration will be immediately entered upon, and if possible, finished at once. Randall wishes to report them to the house to-morrow.

CAPITAL CHAT.

Postmaster General Dickinson has issued an order classifying employees in the railway mail service under the civil service rules and regulations.

At the president's New Year reception Mrs. Cleveland was assisted by Miss Bayard, Mrs. Fairchild and Mrs. Dickinson.

It is estimated that the treasury there has been a decrease of \$15,000,000 in the public debt during December. Congress will reconvene to-morrow. It is generally thought that President Harrison will call an extra session of congress in March.

MILLIONS FROM MINES.

Leadville Registers Nearly 12,000,000 as Her Output for the Year '88.

LEADVILLE, Jan. 2.—The Herald-Democrat's table of outputs of the Leadville mines and smelters appeared yesterday, and gives a grand total of \$11,830,205.48, which is only half a million less than the previous year. The Herald-Democrat's table of lead and silver quotations of 1872, the production of the Leadville mines this year would be greater than any other, save one, in its history.

MINISTERS OBJECT.

INDIANAPOLIS, Jan. 1.—At a meeting of local Methodist ministers last night, the interesting fact became public that the crusade against the inaugural ball at Washington was started by certain clergymen at Columbus, Ohio, who formulated their views in opposition to the ball and forwarded them to the Methodist church in this city for action. Rev. Keene presented a petition of the Columbus clergymen which in substance asks Gen. Harrison to renounce publicly his approval of the inaugural ball and declare he will not attend it. In commenting upon this clerical suggestion, Dr. Keene said: "Some action of the clergy of Indianapolis has now looked for and their opinion regarding the action of the Columbus clergy ought to be definitely and unmistakably expressed. He was earnestly opposed to dancing and was in favor of endorsing the action of the Columbus clergy. A discussion of the subject followed in which several ministers gave their approval of Dr. Keene's views, and a motion was finally carried unanimously that a committee of three be appointed to investigate and consider the advisability of tendering counsel to the president-elect, regarding the matter of the inaugural ball, and report their determination at the next regular meeting. Private Secretary Hall did not attend the meeting. He is strongly opposed to any interference on the part of the clergy with social customs that have almost become laws and there is but little doubt that he reflects the views of both Gen. and Mrs. Harrison.

EL PASO'S BID.

Her Sports Offer \$10,000 for the Kilrain-Sullivan.

EL PASO, Texas, Jan. 2.—Messrs. Bradley, McLean and Miners, leaders of the sporting fraternity of El Paso, today posted a letter to the backers of Kilrain and Sullivan, offering \$10,000, for the match to come off at El Paso. They guarantee their protection.

"A Coincidence" in High Life.

LONDON, Jan. 2.—A dispatch from Madrid says Lady Connamore, wife of the governor of the province of Valencia, has left the government house refusing to remain under the same roof with her husband. She took her leave suddenly during the official ball and went to a hotel. She is coming to England. Capt. Quinn, aide de camp to Gov. and Lady Eva Quinn, left the house at the same time, the captain resigning his office. Madrid society, which is much excited over the scandals, is in sympathy with Lady Connamore.

Indignation in Mexico.

CITY OF MEXICO, Jan. 2.—President Diaz, Secretary of the Interior Romero Rubio and Secretary of Finance Dublan expressed great indignation when informed of the circulation in the United States of a rumor that an uprising had taken place in this city. He says that peace was never on firmer basis than at present. President Diaz has expressed a resolution to punish the author of the hoax if he be discovered.

Couldn't Meet.

ST. LOUIS, Jan. 1.—The police were present at the Kilrain-Mitchell meeting last night and would not allow those two worthies to either box or wrestle. Mitchell swears roundly at American institutions and declares he will be back in England inside of three weeks.

A Bank Closure.

MANHATTAN, N.Y., Jan. 2.—W. H. Higginbotham's Bank, which closed yesterday. Total liabilities \$104,000; assets \$200,000. The bank was organized in 1850.

Stole Fifteen Thousand.
CHICAGO, Jan. 2.—Henry Hamer & Co., wholesale grocers, are minus \$15,000 and their city collector, a relative of members of the firm, is missing.

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She sought of us bottle of Dr. King's New Discovery for Consumption and was so much relieved

on taking first dose that she slept all night, and with one bottle she was miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle of C. M. Creamer's drug store.

Syrup of Figs.
Is nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when bilious or constive; to dispel headaches, colds and fevers; to cure habitual constipation, indigestion, piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal.

Beginning the 1st of January the Water company will collect its water rents monthly in advance instead of quarterly. The Water and Improvement company.

Are We to Have Another War?
Some political prophets aver that we shall, be that as it may, the battle waged by medical science against disease will never cease until we arrive at that utopian epoch when the human family shall cease to be afflicted with bodily ailments. One of the most potent weapons which the armory of medicine furnishes is Hostetter's Stomach Bitters, which is of special utility as a family remedy, as it is adapted to the immediate relief and ultimate cure of those disorders of the stomach, liver and bowels which are of common occurrence. Indigestion, biliousness and constipation are inseparable companions, and these ailments are completely eradicated by the Bitters. But the remedial scope of this superlatively wholesome and genial medicine takes in also nervous ailments, rheumatism and kidney troubles; its action in these, in other complaints, being characterized by unqualified thoroughness.

ROUND ABOUT TOWN.

Santa Fe Lodge No. 2, K. of P., meets to-night, 7:30 sharp, for the installation of officers.

The local merchant should follow the example of the New Mexican and enlarge his advertisement!

E. A. Linn has gone in with Paul Wunschmann, and is becoming a full fledged insurance man.

A few of the sterner sex found time to observe the New Year by making formal calls yesterday. There were about thirty callers out.

At the regular meeting of Carleton post to-night, the installation of officers will take place. All comrades of the post and all other comrades in the city are invited to attend.

Mrs. Mary Wenfuth desires through these columns to publicly thank the many persons who rendered her such kindly attention during the illness and at the death of her little daughter.

A little frosty this morning—but the gladness sun keeps on shedding its warm bright rays for all Santa Feans. This is the kind of weather that may properly be termed the "health seeker's delight."

The New Mexican calls attention to the enlarged advertisement of W. A. McKenzie, the wholesale and retail hardware dealer, in this issue. Mr. McKenzie's business is daily increasing, and his stock is one of the most varied, best selected and largest in the territory.

Don Sol Luna today received a telegram from western Valencia county stating that two of his herders had been killed by rustlers who had succeeded in running off 4,000 head of sheep. The rustlers have been operating on the Arizona line for some months.

C. W. Davis, of Trinidad, a square and clever man, well known throughout New Mexico, has located in the Exchange and opened a new club room next door to Forsyth's Exchange saloon. He intends that this shall be a first class, quiet resort for gentlemen, and by this sign makes a bid for a fair share of patronage.

Supt. E. S. Rannheim, of the San Pedro works, spent New Year's in Santa Fe accompanied by his bright young son Morris, who is just out from New York. Mr. Rannheim says the San Pedro employees had a grand Christmas this season. He said he tried to make it pleasant for the children by distributing forty dolls and as many toy pistols.

The card of the law firm of Thornton & Cockerell appears to-day. Judge W. T. Thornton will attend to all kinds of legal business in Santa Fe, and Hon. J. J. Cockerell will hold up the Lincoln county branch. Judge Thornton is one of the best mining lawyers in the southwest, and Mr. Cockerell has an excellent reputation as an attorney. A brilliant future awaits the new firm.

The country round about is full of home seekers just now. The New Mexican is bending its best energies to attract them toward the fertile valleys of Santa Fe county, and it therefore behooves the people of this city to help forward the good work by generously patronizing the advertising columns of this paper. More patronage will enable the New Mexican to make a better paper with which to advertise the capital city and vicinity.

The ice harvesters are getting their plants in order and will soon be scattering big round dollars among the laboring men and teamsters. The ice industry of Santa Fe was worth \$30,000 to the city last season. This year the figures will be nearly doubled, as arrangements have been made whereby Santa Feans will handle much of the ice that goes to Albuquerque, Socorro, Las Cruces and El Paso.

E. A. Dow, the Manzano valley merchant who lives "just east of Albuquerque," has been in town on an extensive buying trip for several days. He brought up 500 pounds of antelope meat and disposed of it at 10 cents per pound. Not in years have antelope been so numerous as this season, he says. Two wagon loads of merchandise from Reuser's, and a big bill of drugs from Creamer's, were among Mr. Dow's purchases. He says he can do better trading with the merchants of Santa Fe than at any competing point in the territory. Mr. Dow has been a buyer in New Mexico for twenty years, and his testimony on this subject is worth some thing.

Entitled to the Best.
All are entitled to the best that their money will buy, so every family should have at once a bottle of the best family remedy, Syrup of Figs, to cleanse the system when constive or bilious. For sale in 50c and \$1 bottles by all leading druggists.

Old papers for sale in quantities to suit at this office.

SMOKED GLASS ES.

Yesterday's Eclipse in Santa Fe and What the Gazers Saw.

The clear and perfect atmosphere of this altitude gave the sky gazers in Santa Fe an excellent opportunity for observing the sun's eclipse yesterday. The path of totality struck the west coast of California some miles north of San Francisco, and traveled in a northeasterly direction across north central California, northern Nevada, southeastern Idaho, northwestern Wyoming, the National park, northwestern Montana, northwestern Dakota and Manitoba. The path was about ninety-six miles wide in California and gradually became narrower to the eastward.

On either side of this narrow strip were wider ones where the eclipse was partial. In Santa Fe about one tenth of the sun's surface remained unobscured.

Santa Fe's amateur scientists got out their smoked glasses about 2 o'clock, at which hour the moon began to gradually eat away apparently the sun's right hand side, or to be more exact, at a point about 110 degrees to the right of the sun's vortex. The greatest obscuration was at a little after 3 o'clock when the sun appeared as a crescent, lying on his back, the points pointing upward. The moon passed off about 3 o'clock, when the eclipse ended. If the day was as clear and beautiful on the northern Pacific coast as here in Santa Fe, the astronomers of the world must have succeeded in gathering data that will prove an epoch in the scientific history of the universe.

THE PHILHARMONICS.

Excellent Home Talent Program for Tomorrow Evening.

Judging from the marks on the box-sheet at Weltner's the Philharmonic orchestra will be listened to by a brilliant audience at the court house to-morrow night. This orchestra is composed wholly of home talent, and is the largest organization of the kind in the southwest. It ought to be well patronized. Appended is the program to be presented to-morrow night:

PART I.
Overture, "Midi on the Cliff" Reissiger
Song, "Sincerely" (Solo for cornet). Bowman
Vocal Solo, "Perplexity" Alt
By Mrs. Max Foster, accompanied by Mrs. E. L. Bartlett.
Selection, "Travlers" Verdi
Potpourri, "Hesperus Student" Milloker

PART II.
Overture, "Prometheus" Beethoven
March from the symphony "Leonore" Raff
Pact, "No. 8" (Solo for cornet). Sullivan
By Messrs. Hughes and Tipton, accompanied by Mrs. E. L. Bartlett.
Waltzes, "Valse of Fantasy" Bennett
Cello Solo, "Sonata" Gounod
Meadley, "A Night in New York" Brunks

ARMY AFFAIRS.

Seven of the officers at military headquarters were in full dress making New Year calls in a body yesterday.

Major Maynadler has been ordered to Santa Fe with a chest full of silver for the boys in blue. He will be here about Saturday.

Capt. Wells Willard, chief commissary of subsistence, is acting as district and disbursing quartermaster during the absence of Capt. J. W. Pullman.

Gen. Grierson's recent order grants furloughs to the following named: Private George Elhart, company G, 9th infantry; Serg. James Spear, troop E, 10th infantry; Corporal Joseph Dixon, troop I, 10th cavalry, to take effect after his re-enlistment.

Army circles, together with Gen. Schofield's civilian friends in Santa Fe, regret to learn of the death of Mrs. Schofield. She died at Washington on Saturday last, the result of a lingering heart and nervous complication. Her son, Richmond, was recently a visitor in Santa Fe, the guest of Mr. George C. Preston. To Gen. Schofield and his family the New Mexican tenders its profoundest sympathy.

LINE LORE.

The rumor is again revived that the Santa Fe will soon put on a flying through train from Chicago to the Pacific. The run from Kansas City to Chicago was made by a special train, consisting of an engine and two coaches. It made all the stops that would be made if a fast train were put on and made the run in twelve hours. The fastest train under the old fast train schedule was fifteen hours.

"The Albuquerque Democrat says a contract for the first ten miles of the Rio Grande & Utah line from Durango has been let and work commenced. It may be true that a contract has been let, but no work has been commenced up to date."—Durango Herald.

"On to Cerrillos" is almost certain to be the policy of the T. & S. F. & N. before April. The matter comes up at Boston today, when President Hubbell, of the Santa Fe Company, will have a good deal to say about railway needs in Santa Fe county's mining district.

Supt. Sands, of the A. T. & S. F., announces in a letter to C. L. Gould, of Cerrillos, received this week, that he would visit Cerrillos in a few days and make himself thoroughly acquainted with the shippers' wants.

Track laying on the Canon del Agua branch of the Fort Worth road is proceeding with gratifying rapidity. Coal shipments from the Victor mine will begin within ten or fifteen days.

The Rock Island, it is stated, will begin work on the extension from Liberal, Kas., to El Paso, Texas, next month.

Supt. Sands and Div. Supt. Dyer spent Saturday at Wallace. Extensive improvements are to be made there.

A beautiful lot of albums at Chase's photo rooms to be sold at cost. They are the latest styles and sure to please.

Rheumatism

It is an established fact that Hood's Sarsaparilla has proven an invaluable remedy in many severe cases of rheumatism, effecting remarkable cures by its powerful action in correcting the acidity of the blood, which is the cause of the disease, and purifying and enriching the vital fluid.

A Positive Cure.

"I was troubled very much with rheumatism in my hips, ankles, and wrists. I could hardly walk, and was confined to my bed a good deal of the time. Being recommended to try Hood's Sarsaparilla, I took four bottles and am perfectly well. I cheerfully recommend Hood's Sarsaparilla as one of the best blood purifiers in the world." W. F. Wood, Bloomington, Ill.

CATRON TAKES IT.

Remarks by Senators Franks and Veeder—First Gun for Statehood.

Standing Committees in the House—Strategic Reservoirs—Agricultural College—Bills.

The legislative assembly got squarely down to business yesterday and today the introduction of bills, resolutions, memorials, etc., is in full swing with all branches of the machine working very smoothly.

SENATE.

AFTERNOON SESSION, DEC. 31.

At 4 p. m. the president called the senate to order. All members were present.

Mr. Franks introduced a bill entitled an act to repeal "an act to provide the means to enable the penitentiary authorities to employ the convicts in mining work."

The bill was under suspension of the rules, read the first, second and third time and passed.

A committee from the house, through its chairman, Mr. Foster, reported that the house was organized and ready for business.

On motion of Mr. Fort, the president appointed Messrs. Fort, Dolan and Seligman a committee to inform the house and the governor that the council was organized and ready for business.

The committee upon its return presented a message from the governor in writing.

Mr. Rodey moved that the message be read for the information of the council. Adopted.

The message of the governor was read by J. M. Bond, a clerk, in a little over an hour, without a break or stop.

On motion of Mr. Perea the reading of a message in Spanish was dispensed with.

Mr. Perea offered a resolution, that inasmuch as Marcelino Garcia, probate clerk of Santa Fe county, had refused to obey a subpoena duces tecum, that he be at once issued for the arrest of said Garcia and be placed in the hands of the sergeant of arms for service. Adopted.

The writ was at once issued.

On motion of Mr. Fort the librarian was directed to furnish the members of the council with copies of the revised laws of 1884 and the session laws of 1886-7.

On motion of Mr. Rodey the council adjourned to 10 a. m. to-morrow.

SENATE—JANUARY 1, 1889.

The council met at 10 a. m.

Upon the roll being called the following members responded to their names: Senators Baca, Dolan, Fort, Franks, Gusdorf, Jaramillo, King, Perea, Rodey, Seligman, Veeder and Mr. President—12.

The president laid before the council a communication of the chief clerk to the territorial librarian to supply the council with copies of the Revised Laws of 1884, and the Session Laws of 1886-87, in compliance with a resolution of the council.

Also placed before the council a reply of the librarian, in which he not only refuses to comply with the request, but ignores the existence of the council.

The president asked what action, if any, the council desired to take upon the subject.

Mr. Perea stated that he was a little surprised to learn that as old an officer as the librarian should ignore the existence of the council, but still he was not so very much surprised either, as his action was about in keeping with that of some other officers in this territory, who thought that they were above the power that makes the laws or the courts that enforce them.

He announced that a law would be prepared as soon as possible to place a clerk in the office of the librarian that would learn that there was a council in the territory. Meanwhile he hoped that the matter would be passed over.

That content case.

The president laid before the council the writ to arrest Marcelino Garcia for contempt and the return of the sergeant at arms thereon. Mr. Garcia appeared before the clerk's desk.

Mr. Rodey moved that Mr. Garcia be allowed to make an explanation why he disobeyed the order of the council.

Mr. Fort seconded the motion, which was adopted.

Mr. Garcia then said that he had been appointed master to take the testimony in the contest case of Catron vs. Seligman, that testimony was taken by the parties, but the other had not finished taking testimony, which was the only reason he had in not obeying the order of the council. Mr. Fort asked Mr. Garcia if he did not know that he had to comply with the order of the council.

Mr. Garcia said that he did not know it.

Mr. Fort moved that the president instruct Mr. Garcia as to his duties in the matter. Adopted.

The president in a very able and extended speech, explained the gist of the testimony, and the facts in the case, and why

he had joined his Republican colleagues and signed the report; that in the forty or fifty days that this contest had been going on, Mr. Seligman had never brought in one witness before the master, and now still asks for more time. He (Mr. Franks) was in victory or defeat as good a Democrat as any person that lives; but in this case there was a preponderance of reason showing beyond the possibility of a doubt that Mr. Catron was entitled to the seat; and while he had a duty to perform as a democrat, still he had under his oath of office, a higher duty to perform as a member of this council, and however unpleasant it was to vote against a fellow Democrat, still under the law, evidence and facts in the case he intended to vote for the resolutions.

Mr. Seligman entered a protest against the passage of the resolutions.

Mr. Rodey and Mr. Fort asked the chairman of the committee about what majority Mr. Seligman claimed he had and what majority the testimony showed that Mr. Catron had.

Mr. Perea stated that Mr. Seligman was chairman of the board of commissioners that counted the votes, and claimed one majority, and that the testimony before the committee showed that Mr. Catron had about thirty majority.

Mr. Rodey suggested that the report be amended to establish the fact, and for a precedent, that the contest claimed his election by one majority.

Mr. Perea offered an amendment to the report showing this fact, which was accepted by the other members of the committee.

Mr. King moved that the report of the committee be amended to show that the committee was organized by a roll call of nine to two; the negative votes being Messrs. Gusdorf and Veeder.

Mr. King now moved the adoption of the resolutions.

Mr. Seligman now stated that he made no further opposition, left his seat, going to the reporter's table.

Upon the call of the roll, which was demanded by Mr. Rodey, and when Mr. Veeder's name was called, he announced that he had very carefully examined the testimony and facts in this case, and that he found the great preponderance of testimony in the case was against Mr. Seligman and in favor of Mr. Catron, and he therefore was in favor of seating Mr. Catron.

The president announced the vote as yes 10, nays 1 (Mr. Gusdorf).

Upon the announcement of the vote by the president there was loud and prolonged applause in the galleries of the council.

The president rapped for order and announced that the rules of the council permitted neither signs of approval or criticism.

On motion of Mr. King the president appointed Messrs. King, Veeder and Baca a committee to request the secretary of the territory to swear in Mr. Catron.

After some delay the committee reported through its chairman, Mr. King, that they could not find the secretary; that he was not in his office.

Mr. Perea moved that the president of the council administer the oath to Mr. Catron. Adopted, and the president of the council administered the oath of office.

Adjusted to 10 a. m. to-day.

TO-DAY'S SESSION.

The third day's work in the senate was opened in due form.

Mr. Fort sent to the clerk's desk a memorial from the people of Las Vegas concerning the admission of New Mexico as a state, which was read and laid over for action later on.

The question of appointing a night watchman was referred to Messrs. Baca, Fort and Franks.

Mr. Rodey of Bernalillo, presented a resolution accepting for New Mexico the benefits of an act of congress establishing agricultural experimental stations in the states and territories.

Senator Rodey also offered a council joint resolution relating to the reserving of canons, etc., for storage of water.

Resolved, by the council and house of representatives of the territory of New Mexico: That our delegate in congress be instructed to use his best endeavors to procure the passage of a law by congress to the effect that all tracts of land within the territory of New Mexico suitable for reservoirs now held as public land of the United States, with the right of way thereto, be reserved from sale or grant or any of the various land laws immediately, and that said tracts of land, basins, gulches, canons, etc., be held free from encumbrance for the conserving of the surplus waters of this territory for the use of the people and for no other use.

Both resolutions were laid on the table for the present.

The following bills were introduced, read and laid on the table for reference when the committee on the subject of the reply of Mr. Fort, of San Miguel—An act to refund subdivisions 9 and 10, of section 2901, Compiled Laws of New Mexico.

By Mr. Rodey, of Bernalillo—An act repealing section 2225, Compiled Laws of New Mexico, and enacting one in its stead.

By Mr. Rodey—An act relating to the powers of the attorney general and district attorneys—referring to dismissal of tax and other suits.

By Mr. Rodey, of Bernalillo—An act relating to the imprisonment of persons charged with crimes.

By Mr. Rodey—An act entitled an act relating to practice in criminal cases—referring to a wife's testifying in behalf of her husband.

By Mr. Rodey—An act relating to proceedings in criminal cases.

By Mr. Dolan, of Lincoln—An act to amend Chapter 1, Title 5, Compiled Laws of New Mexico, entitled, "Corporations."

THE STATEHOOD QUESTION.

Mr. Kistler, of San Miguel, presented a memorial from the citizens of Las Vegas, urging the legislature to pass a joint resolution demanding of congress the admission of New Mexico to statehood, and urging mass meetings throughout the territory to urge this end; also asking the assembly to enact a law providing for the election of delegates to a constitutional convention, when the same shall have been provided for. Referred to the committee on territorial affairs.

Mr. Cooney, of Socorro, offered a resolution for the appointment of five members including the speaker of the house, who shall co-operate with a similar senatorial committee in preparing a memorial to congress demanding statehood for New Mexico, the president of the senate to act as chairman of such joint committee. Also referred to the committee on territorial affairs.

Mr. Webster, of San Juan, offered a resolution, that the senate concerning "any amendment to any law now in force shall be made by rewriting the whole section proposed to be amended." Referred to the judiciary committee.

The governor's message was then read and the house adjourned to 2 p. m.

CAPITOL CHAT.

Statehood for New Mexico is one of the chief topics in the lobbies.

Don Pablo Gallegos, of Rio Arriba, and Hon. A. L. Branch, of Mora, were among the on-lookers in the house to-day.

Mr. Spears' bill providing for a mine inspector is patterned after the Iowa state law, and it would seem to meet all requirements in the territory.

Capt. Geo. Gans, a well known citizen of Luna Ana county, holds down the senate sergeant at arms, with a watchful eye to everybody's good behavior.

Don Julian Trujillo, of Socorro county, who faithfully served as the senate's interpreter two years ago, is again doing good service in a similar capacity.

Hon. Frank Springer is a prominent visitor at the capitol to-day, and is taking a lively interest in the good behavior of the law makers. The senate tried very hard to induce Mr. Springer to turn over a new leaf yesterday, but he made good his escape before the sergeant at arms could capture him.

When the blood is impure, thick, and sluggish, or thin and impoverished, there can be no health. With these conditions all the functions of the body are impaired, and the result is a variety of dangerous complications. The best remedy is Ayer's Sarsaparilla.

Pozzon's Complexion Powder produces a soft and beautiful skin; it combines every element of beauty and purity.

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, scaly and burning eczema are cured by the Cuticura Remedies, when physicians fail.

I have been afflicted since last March with a skin disease the doctors called eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. I saw your Cuticura Remedies so highly recommended in the papers, and I at once procured a box of Cuticura Soap externally and Resolvent internally for four months. I call you a true friend for what you have done for me. I am now cured and I feel like a new man. My skin is clear and healthy. My wife and I are both cured. My skin is clear and healthy.
