GOOD NEWS!

New Store, New Goods, Lower Prices,
At Your Old Time Friend's,

ABE GOLD

In consequence of the increase of my business I have found it necessary to enlarge my store, and have rented and refitted the house familiarly known as Herlihy's Hotel as a store room. I have enlarged my entire stock of goods and will carry one of the most complete stocks in the entire territory. It will be my aim, as of old, to sell as cheap as my competitors, and I will not be undersold by anybody. I shall also continue to buy and sell

NATIVE PRODUCE

And farmers and ranchers will find it to their advantage to deal with me. A Free Corral in connection with my new store, to all those coming to Santa Fe by train. Call and be convinced.

Santa Fe, N. M., January 1, 1889.

Telegraphic Tidings

HAYTI TROUBLES.

American Officers Going to Take a Hand.

PORT AU PRINCE, Feb. 5.—The situation in Port au Prince shows but little change. It is stated the sinews of war are being furnished to Legation largely by the French government through its minister resident at Port au Prince, with the hope ultimately of securing a protectorate over their former possessions, at the time the German government is said to be financially backing Hayti, who without that assistance, because of the blockade of his ports, has no means of raising any revenue. The condition of the northern department, dependent upon supplies through the blockaded ports, is most deplorable and cannibalism is rampant, but little effort being made to hide its existence. The steamer Orange-Nassau has sailed for Port au Prince from her dock in Brooklyn. She had among her cargo a varied assortment of guns and ammunition for the use of Legation's army. Several 12-pound field pieces and a dozen mountain howitzers were also on board. Among her passengers were Major David E. Porter, son of Admiral Porter, who goes to take command of Legation's army, and Capt. Charles C. McKinney, a son of Judge McKinney, Ohio, who will be on Major Porter's staff.

Only a Pretense.

WASHINGTON, Feb. 5.—The Democratic majority of the committee on ways and means assume that they are to report a compromise tariff bill, and they are anxious that the statement should go to the public that they have such intention. There are the best of reasons for believing the suggestion is a mere device for obtaining undesired credit. The program which they have adopted will make it impossible for the committee to make a report in time for consideration and action in this congress. However, the following semi-official statement as to their intentions may be of interest in showing what they would like to have the public believe as their purpose. It is purpose of the ways and means committee to report back to the house a compromise tariff bill as soon as possible. If it should undertake to consider in committee the senate bill carefully by paragraph the session would be done before it could complete the work. The Democrats don't propose to follow such a course as this, but intend to report as soon as they are satisfied as to the correctness of their figures. The plan to be followed is to, in the first place, accept as much of the senate bill as possible. This will be the senate free list entire. The internal revenue features, except the alcohol used in the arts clause, which they don't consider sufficiently guarded, and so much of the tariff matter proper besides the free list as they can agree to without an absolute surrender of principle. Wherever there is a reduction, or what they consider a not unfair adjustment of any feature of the tariff in the senate bill, they propose to accept it. Then they propose to add to this as many features of the Mills bill as they can without destroying the idea of compromise.

CYCLONE OF DEATH.

Seven Killed at Omaha—Intensely Cold Weather.

OMAHA, Neb., Feb. 5.—The high wind yesterday blew down a large section of the east wall of Max Meyer's brick building at the corner of Farnham and Eleventh streets. The front was recently gutted by fire, completely wrecking two buildings. Seven people were killed and a number injured. The dead are: Edward Olson, clothing merchant; Miss Hinchey, a laborer; Thos. Houston, a clerk at P. Boyer & Co., safe dealers; Rudolph Mitchell, insurance agent; Thos. Leonard, book keeper. Those most seriously injured are C. P. Silves, E. A. Phillo, Geo. Seales, Charles Blake, Charles Cesar, John Jackson and Emma Oliver, all employees of Dunbar & Co., engravers. It is not thought any of the injured will die, and it is believed that all the bodies have been gotten out of the ruins. Considerable damage was done in the western part of the state, buildings being unroofed and trees blown down. At Hastings the Central school was wrecked, three persons being so severely injured that their recovery is impossible. One of the scholars in the Hastings school building was killed outright and one other was injured so that he will probably die, and the teacher, Miss Aldrich, is fatally injured. The storm widespread, but reports so far received confine serious casualties to districts mentioned. Ottawa, Ont.—Reports from surrounding places show that the thermometer registers 24 to 37 below zero. St. Paul. A cold wave is prevailing in the northwest and the temperature is dropping rapidly. It is now 14 degrees below zero. Boston. Advice from various points in

New England show the weather to be extremely cold, the thermometer ranging from 30 to 40 degrees below zero.

Deep Water for Texas.

WASHINGTON, Feb. 2.—Senator Coke has reported an amendment to the sundry civil bill from the commerce committee directing the secretary of war to appoint a board of three army engineers to make a careful examination of the northwestern coast of the gulf of Mexico west of 93 degrees west longitude, and select the most advantageous place for a deep water harbor capable of accommodating the largest water-carrying vessel. While this is a step in the right direction toward securing deep water for Texas, yet it is scarcely to be hoped that any legislation will be had at this late day favorable to securing a deep water port for Texas.

Trouble Brewing.

DUBLIN, Feb. 4.—It is stated that owing to the threatening language recently used against him, Balfour obtained a special police protection of the police guard in Phoenix Park, being increased and no strangers are admitted to the grounds. Dublin, Feb. 4.—Father MacFadden was arrested yesterday at Gilmore, at the time Police Inspector Martin was killed, and taken to Kenny under a strong escort. To-day the crowd cheered the priest on his arrival. The military charged the crowd with fixed bayonets and dispersed it. Lord Mayor Sexton, in addressing the corporation, explained that he first telegraphed Balfour at 11 o'clock at night, fearing O'Brien would die, and that Balfour had sufficient time to reply. He compared the Unionist banquet Saturday night to the feast of cannibals when they were gibbing at O'Brien.

A Queer Tale.

A remnant of the cliff dwellers is said to be dwelling in the San Mateo mountains. They are very small in stature not over three feet in height, and are wild. They have been seen also in the Black Range mountains. As soon as snow melts, parties will go out to capture them if possible. The facts are vouched for by reliable men.

A Trip Across the Continent.

NEW YORK, Feb. 5.—Mrs. Frank Leslie has started for an overland trip across the continent to Southern California accompanied by a corps of artists and descriptive writers. Mrs. Leslie, although thoroughly familiar with Europe, never before made an extended journey in her own country.

A spring medicine is needed by everyone. Winter food, largely consisting of salt meats and animal fats, causes the liver to become disordered and the blood impure, hence the necessity of a cleansing medicine. The best is Ayer's Sarsaparilla.

Tourists.

Whether on pleasure bent or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c and \$1 bottles by all leading druggists.

Sectional Map of New Mexico.

At the request of a number of persons I have agreed to prepare a sectional map of New Mexico on a scale of two miles to one inch, provided fifty copies are subscribed for. Sample sheets can be seen by calling on Mr. Hartmann, Santa Fe. For particulars address, EDWARD HAREN, Las Vegas, N. M.

Commencing Monday, October 15, 1888, the

WABASH ROUTE, in connection with the Union Pacific railway, Kansas division, will run new and elegant Buffet Pullman cars daily between Cheyenne, Denver and St. Louis via Kansas City without change of cars. This makes the shortest route between those points from 120 to 130 miles. Only one change of cars between Cheyenne, Denver and Cincinnati, Louisville and all points south, Chicago, Detroit, Niagara Falls, Buffalo, Rochester, Albany, New York, Boston and points east, Indianapolis, Akron, Columbus, Pittsburgh, Philadelphia, Baltimore, Washington and all middle and seaboard states points. This makes the shortest, fastest and most complete route in all respects between the west and the east. The Pullmans are fresh from the shop and are of the most elegant and modern design. All connections at St. Louis are made in the Union depot. The official schedule will be published later.

Commercial Agency, Denver, Colo.

LINCOLN county properly and naturally belongs to the 4th district and should have been re-attached to it. His honor, the chief justice, saw it in a different light for the present. The unanimous resolution to that effect, that Lincoln should be re-annexed to the 3d district, passed by the legislature, had no effect, seemingly, on his mind. All right, there will be a change one of these days, nevertheless; that's all for the present.

Old papers for sale in quantities to suit at this office.

NEW MILEAGE.

New Mexico to be the Center of Railway Construction This Year.

Comparative statistics on railway construction for the past year show that in the southwest the new mileage was 400 miles more than in any other section of the country. This may justly be considered a pointer for the present year. It has taken a long time for the roads to get into shape to enter New Mexico, but the preliminaries have about been concluded and the indications at present are, to say the least, most flattering. All authorities agree that the new mileage of the country for '89 will not be so great as during the past three years, but the NEW MEXICAN believes it within the bounds of reason to claim thus early that the year's record will show the greatest mileage of new road for any one state or territory to be in New Mexico. If there is anything in active arrangements, and if unforeseen obstacles arise, the new mileage in New Mexico for the present year will not fall short of 900 miles, and this will be distributed among the following named routes: The Rock Island, the Fort Worth & Denver, the St. Louis & Pacific, the El Paso & White Oaks, the Rio Grande & Utah and the Texas, Santa Fe & Northern. Indeed if these various companies carry out their present plans it need not surprise anybody if the increased mileage for New Mexico during 1889 reached the flattering figure of an even 1,000 miles.

PERSONAL.

At the Palace: W. R. Perkins, Boston; John J. Pike, Eastport, Me.; M. A. Low and family, H. A. Parker, Topeka; W. D. Foster and wife, Kansas City; M. Little and wife, Lowell, Mass.; J. E. Haskell and wife, Chicago; J. Cowen, Canon City; C. A. Robinson, Socorro; J. P. Goodlander, St. Louis; Hon. T. Luna, Los Lunas; S. Romero, J. M. Garcia, Ramon Baca, Wagon Mound; Stephen E. Booth, W. J. Wells, Las Vegas; A. Neustadt, Cincinnati; M. C. de Baca, Las Vegas; P. J. Wielandy, St. Louis; Chas. Dyer, Las Vegas; Hon. M. S. Otero, Jr., Bernalillo; T. L. Morgan, Denver; G. S. Morrison, San Pedro; J. F. Brooks, Elgin, Ill.; E. M. Brown, Denver; Charles La Massey, St. Louis; Wm. Pinkerton, Wagon Mound; S. Luna, Valencia; Felix Martinez, Las Vegas; Richard Green, Joyce Board, Jun. Santistevan, Donatiano Gonzales, Manuel Pacheco, Taos; J. M. Long, San Francisco; Geo. H. Taylor, Denver; W. Coler, Jr., and wife, Denver.

Colorado Coal.

The Texas, Santa Fe & Northern railroad company has completed arrangements with the Colorado Coal & Iron company to act as agents for the sale of the renowned Walsenberg, Colo., coal. This coal is of a very superior quality for domestic and steam purposes, and will be sold in quantities to accommodate the Santa Fe trade, either in car loads or by the ton, on track or delivered at house, at \$6 per ton. Ample arrangements have been made for teams to make prompt delivery. A full supply will always be found on hand, and persons will have no cause for complaint of delay in having orders filled. Orders can be left at city office of T. S. F. & N. R. Co., under Capital hotel, opposite post office, also at depot, or with Mr. S. W. Fisher, coal agent.

Bucklen's Arnica Salve.

The best Salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, itchy, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by C. M. Creamer.

Job Printing.

Merchants and others are hereby reminded that the New Mexican is prepared to do their printing on short notice and at reasonable rates. Much of the job printing now going out of town could come to the New Mexican office. There is no better excuse for sending out of town for printing than there is for sending away for groceries or clothing. Our merchants should consider these things. The New Mexican is acknowledged the leading paper of this section. The patronage of our people will enable us to keep it so.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pains, cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle.

REMOVAL

After March 1 we shall be located in our New Store on Palace Avenue. From now on until removal we shall offer our Immense Stock at a trifling margin above actual cost. We have a full line of everything kept in a first class Jewelry Store, in addition to our "Native Specialty." We would invite a careful inspection of our Elegant Assortment of Gold Watches, Diamonds, Silverware, etc., etc.

GEO. W. HICKOX & CO. On the Plaza

LABOR-CAPITAL-HEALTH

Ugly words sometimes, full of discord—that is, the first two—when not tuned to a proper key; but a regular "symphony" whenever used to prove

That labor invariably produces capital;
That capital can find a capital field of labor; } in
That "Good digestion waits on appetite";

The Mesilla Valley!

He must be blind indeed who can not see that it is a most favored section. Seekers after health, profit and pleasure, after a thorough search from the lakes to the Pacific coast are finding their El Dorado in New Mexico; and to these new comers, as well as to everybody else, the

RIO GRANDE LAND COMPY

extends a cordial greeting, and invites a careful and thorough inspection of its FINE COLONY LANDS. Some 2,000 acres of which are subdivided and platted into ten and twenty acre blocks (from which incomes can be produced equally as great, if not greater, than the average farms of eighty and 160 acres in the western and northwestern states), and all within a radius of one and one-half miles of the railroad depots at

LAS CRUCES AND MESILLA PARK

Some of these blocks are cultivated, or have bearing orchards and vineyards; others not. Some have tasteful and modern cottages upon them; in others Nature has undisputed dominion. It's merely a question of choice—and money—although the latter does not cut such a figure as one might suppose in these days of booms; and our "long term" payment and low interest" plan often adds a little spice to a transaction to one who has an eye to the future. Warranty deeds given. Write or call for plats and circulars. Command us for carriages or other necessities within our power to give.
