GOOD NEWS!

New Store, New Goods, Lower Prices,

At Your Old Time Friend's,

ABE GOLD

In consequence of the increase of my business I have found it necessary to enlarge my store, and have rented and refitted the house formerly known as Herlow's Hotel as a store room. I have enlarged my entire stock of goods and will carry one of the most complete stocks in the entire territory. It will be my aim, as of old, to sell as cheap as my competitors, and I will not be undersold by anybody. I shall also continue to buy and sell

NATIVE PRODUCE

And farmers and ranchers will find it to their advantage to deal with me. A Free Corral in connection with my new store, to all those coming to Santa Fe by team. Call and be convinced.

WASHINGTON MATTERS.

NO AGREEMENT ON TERRITORIES.

WASHINGTON, Feb. 19.—The conferees on the omnibus territory bill were in session two hours without coming to a conclusion. They exchanged views at length and separated to consider them at another meeting.

It is said there are two or three minor points of disagreement, but that these may be fixed by concessions from the senate. For instance, Mr. Springer is desirous that at the time there is a vote taken for new state officers, the south half of Dakota territory shall vote on the question of temporary capital. The majority of the Dakotians here have favored allowing the capital to remain at Huron, where the last vote located it, but the friends of other towns like Sioux Falls, Pierre, Chamberlain, Mitchell, Bismarck and Watertown, have asserted that this would give Huron an undue advantage in the race for the permanent capital, and that the matter should again be submitted to the vote of the people. Again, it has been asserted that there was a big real estate scheme in the attempt to keep the capital at Huron, and that such a plan ought to be discouraged. At Mr. Platt's request Senator-elect Moody telegraphed prominent men all over south Dakota, and a caucus of south Dakota men in the legislature was held at Bismarck. For some peculiar reason the Republicans all favored a new deal, while the Democrats favored the allowing of the capital to remain at Huron. The letters and telegrams were all turned over to Mr. Platt, and the matter will probably be settled at the next meeting. Mr. Springer has conceded so much that the senate conferees are inclined to give him a minor amendment he may insist upon, and it seems probable that is one of the changes that will be made in the bill.

ARMY AFFAIRS.

The adjutant general of the army has been informed of the death at Fort Hayes, Kas., of Col. John E. Yard, of the 18th infantry. His death will cause the promotion of Lieut. Col. Henry M. Hazelle, 23d infantry, and Major H. S. Hawkins, of the 10th infantry.

Senator Cullum introduced an amendment to the army appropriation bill providing that hereafter the number of paymasters in the army with the rank of major shall be forty, and that the army shall be paid monthly unless circumstances shall render such payment impracticable.

OKLAHOMA'S CHANCES GOOD.

The senate committee on territories has decided to report favorably the Springer bill to organize a territory of Oklahoma.

Butler dissents, and will report a substitute authorizing the government to treat with the Indians for the extinguishment of their titles to the lands preparatory to the organization of a territory.

Sunset's Scheme.

WASHINGTON, Feb. 19.—Representative Cox, who offered so successfully a series of instructions to the house conferees on the territorial bill looking to the immediate admission of south Dakota, has received letters from Fargo, Dakota, signed by Chairman Ryan of the Democratic territorial committee, thanking him for his efforts in behalf of statehood for Dakota and the other territories, and saying that whether rightly or wrongly the impression has been created that the Democratic party is responsible for denying the people of Dakota their undoubted right to come into the union as two states when they possess all the qualifications. The people of Dakota are practically unanimous in favor of division and statehood; that it is useless to waste time in taking another vote on division and asking for statehood at once and to let the Democratic party have the credit of giving it to us.

Watermelon Trust.

CHARLESTON, S. C., Feb. 19.—The South Carolina Watermelon alliance has had a meeting at Blackville. Five thousand acres of land was represented. The alliance adopted an agreement pledging its members to regulate their acreage according to the freight concessions they could obtain. A committee was appointed to confer with the railroad officials between here and New York, Philadelphia, Chicago and Baltimore, to report to an adjourned meeting.

If favorable rates are obtained it is probable that over 8,000 acres will be planted in melons in this state. Otherwise the members are pledged to cut down their melon farms one-half.

Republicans Seated.

LITTLE ROCK, Feb. 20.—C. F. Coffman has presented in the lower house of the Arkansas legislature the resignations of himself and three colleagues, Walter Dickel and Grandby, representatives of Pulaski county, in which nine ballot boxes containing large Republican majorities were stolen from the office of the county clerk last September. The committee on elections submitted its report

in favor of seating the four contestants, G. W. Thompson, Col. R. Moreheart, John and A. J. Rice, Republicans, who immediately took the oath of office and the seats of the four retiring members.

Gen. Harrison's Cabinet.

INDIANAPOLIS, Feb. 20.—The talk of the town has been the visit of Mr. Windom to Gen. Harrison. The ex-secretary came by request of the general. It is thought the cabinet is now practically decided upon, and will contain the names of Blaine, Windom, Sherman, Thomas Noble, Warner Miller and Wana-maker.

Washington.—Reports from Indianapolis are to the effect that Congressman John R. Thomas, of Illinois, has been selected for secretary of the navy. Thomas declined to confirm or deny the truth of the rumor. To friends he said a telegram was received in Washington last night from Sec. Halford, saying he had been selected. Cullum has telegraphed Harrison if the report was true it would please the people in Illinois.

Correspondent Klein.

WASHINGTON, Feb. 20.—Mr. Klein, the American newspaper man, whose adventures in Samoa have been the subject of international comment, will not appear before the senate committee on foreign relations, at least not for the present. He telegraphed to Secretary Bayard upon his arrival in San Francisco and suggested that he be summoned to testify concerning matters in Samoa, but the secretary was advised that the committee did not deem it politic or polite to take any further steps in the Samoa matter, pending the result of the conference to be held in Berlin.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at C. M. Creamer's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Canadian Civil War Threatened.

New York, Feb. 20.—The Herald publishes a sensational dispatch from Montreal declaring that the Jesuit issue has reached such a stage as to threaten civil war. The Quebec legislature's action in awarding indemnity to the church for property seized early in the century has aroused the Protestants to anger, and if the Dominion government sanctions the measure the Protestants of all the provinces will, according to the correspondent, unite in strong action to prevent the project being carried out.

Stanley Reported Dead.

PARIS, Feb. 20.—The correspondent of the Petit Journal at Saint-Salvador, Congo, says a courier arrived from the west coast who stated that the late Stanley was killed in an engagement with natives near Manganio. The courier reports that several instruments, which have been identified as having belonged to Stanley, have been sold by natives.

London.—Evening papers here place no credence in the report that Stanley is killed.

Plain Words from an Archbishop.

DUBLIN, Feb. 20.—Archbishop Walsh delivered an address to the pupils of a Catholic school yesterday. In the course of his remarks he said: "The government ought to treat Irish Catholics in a more liberal manner, and place their colleges in equality with other colleges; but it appeared that legislation on this subject could not be expected unless the demand were backed up by open violation and resistance to law."

Cyclone in Georgia.

ATLANTA, Feb. 19.—A cyclone passed over Banks county yesterday morning. Thomas Stevens and son and Mr. and Mrs. Meader were instantly killed. Another son of Mr. Stevens was injured. Birmingham, Ala., Feb. 19.—It is reported that a cyclone passed through Bibb county, fifty miles south of here last night doing great damage. Several persons are said to have been killed and many injured.

The Most Agreeable.

As well as the most effective method of dispelling headaches, colds and fevers, and cleansing the system, is by taking a few doses of the pleasant California liquid fruit remedy, Syrup of Fig.

CAUSTIC COMMENT.

Judge Edgerton Writes an Open Letter to the President.

WASHINGTON, Feb. 20.—Judge Edgerton, who was recently removed from office on the civil service commission, has written an open letter to the president. He says among other things: "I was selected to you for the only appointive office I ever held. You now declare by your action that you regret my acceptance. Your regret was never made known to me by you in any word or utterance or action until now at the close of your administration, and on the day before my removal. I suppose there were prudential political reasons why you did not make the removal until after the election. In this regard, I would almost seem as though you were willing to play false with the Mugwumps to enable you to win with Democrats. The result of the election placed you in a dilemma, from which few people would have known how to extricate themselves. You found a man on your hands whom Mugwumps had declared war upon, an enemy to their civil service reform theories; and your plan of becoming their representative in the future would not be maintained if any could be secured. Accordingly it appears you decided upon the removal of the head of the commission, and deeming Thompson a good English Mugwump for them you therefore demanded his resignation, that you might appoint him, apparently as atonement for your previous course. Mr. President, with the courtesy to the high office you hold, allow me to say that you are a very peculiar man, possibly wrong, or positively right, and therefore announce man to trust; and that element in your character, I believe, led to your defeat. Pope says, 'the most positive are most credulous, since they most believe themselves and advise with the fellow flatterers and worst enemies.' Being one of that kind of positive men yourself, you have some men of like character around you, who are positive only in their malice and conceit." The judge says: "There is nothing a man will not believe in his own favor. You were credulous to believe you were elected president by Mugwumps and therefore you permitted them to malign your real friends, and to flatter you in a policy which led to your defeat. You are a man who would not permit your real friends to admonish you with freedom and confidence, and the result you have suffered from want of friends; and your friends and faithful groans have discovered that there is no true success in life without the power and blessings of friendship."

Judge Edgerton then contrasts his own removal with the removal of President Cleveland by the people. He concludes with criticism of another civil service commissioner whom he does not call by name.

An Arizona Girl.

ANOTHER HOLOCAUST.

A Terrible Fire and Many People Burned to Death.

HARTFORD, Conn., Feb. 19.—The boiler of the Park Central hotel blew up early yesterday morning wrecking the entire front of the structure, which was a five story brick building. The ruins took fire, and the work of the firemen was greatly impeded by the dense volume of smoke and steam.

The incident is supposed to have resulted from an explosion of the boilers in the basement. Great havoc was created in the adjoining buildings, every window in a house across Allen street being broken and the walls smashed in in places. The noise of the fall aroused the whole city and in a few minutes a large crowd was on the street. It was a sight of horror. The flames completely enveloped the ruins. The shrieks of the wounded and dying rose above the hoarse notes of the firemen and police.

The following is a partial list of those believed to be in the ruins: Louis H. Bronson and wife; M. Wally, editor of the Hartford Post; J. Whitely and wife; Dwight H. Buell, jeweler; Wellington Ketcham, proprietor of the hotel, wife and children; Rev. Dr. Perrin and wife, secretary of the Connecticut Tract society; W. T. Tilton, commercial traveler; Mr. Stiles, safe agent; Wm. Seymour and Wm. Sninner, employed in boiler room; Eddie Boile, employed in hotel; Chas. M. Webster, insurance agent; Mr. Pond, of Indiana. The loss of life is great.

Nearly all the help employed in the hotel were saved. They occupied sleeping apartment in the annex, which was only partially wrecked by the explosion. Some helped their way out and others were helped. Scams about the ruins were horrible. In the center of the hotel, the spot where the building stood, were a man, his wife and little girl, but before help could reach them they fell back in the flames and perished in plain sight of the spectators. The child cried for help, but the man and woman uttered no sound, but embraced in each other's arms they met death bravely. The shrieks of an

other woman caused the blood of the spectators to turn cold as they saw a young lady lying with her body half across a beam, with a look of agony on her face. Finally the support fell and she dropped out of sight.

Thus far sixteen bodies have been taken from the ruins; twelve dead and the remainder fatally injured.

Bandit Belle's Book.

St. Louis, Feb. 20.—Advice from the Indian territory say that the journal or diary of Belle Starr, the noted female bandit, has been obtained from the Starr ranch. Belle Starr intended to publish it as an autobiography. The matter contained therein is replete with thrilling incidents and personal adventures, but the most remarkable features of all are certain disclosures concerning crimes in Texas and the Indian territory, which will tend to prove that innocent men have been sentenced on various occasions. It is also a matter of curiosity that the names of prominent persons are connected with certain crimes that have been committed in recent years. Some sketches in the journal are lively and humorous.

The Samoan Affair.

LONDON, Feb. 20.—The Standard's Berlin correspondent says that he understands that the German government is disposed to suspend hostilities in Samoa during the Samoan conference, but only on condition that estates belonging to German subjects be vacated by the Samoans and the boundary lines of belligerents' positions be marked and respected. This can be done officially, however, because Germany regards Matana as a rebel leader, not as a king.

Preparing for War.

LONDON, Feb. 20.—It is reported at the coming session of parliament that the government will propose a defense loan of £100,000,000, the proceeds to be devoted to the construction of twenty men-of-war, fifty cruisers and increasing the number of torpedo boats.

Important to Athletes.

James Robinson, the athlete trainer at Princeton college, Princeton, N. J., says: "I have found it imperative to have simple and remedial on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in Allcock's Porous Plasters. I tried Benson's Caprine and other plasters, but found them too harsh and irritating. Allcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In cases of weak back put two plasters on the small of the back and in a short time you will be capable of quite severe exercise. In 'sprain' and 'distance' races and jumping, the muscles or tendons in the legs and feet sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected."

Old papers, clean and whole, for carpets, at this office.

Hood's Sarsaparilla

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients. Hood's Sarsaparilla possesses the full curative value of the best known remedies of domestic and foreign origin. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of its kind which can truly be said to "cure." One Hundred Doses of Hood's Sarsaparilla will cure more of Hood's Sarsaparilla than any other blood purifier. Peculiar in its medicinal merits. Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name" at home,—"there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers."

Peculiar in its phenomenal record of sales abroad,—"no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly."

Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla.
