WASHINGTON MATTERS.

NEW APPOINTMENTS.

WASHINGTON, May 13.—The president has made the following appointments:

Albert E. Kimball, of Missouri, to be United States attorney for the western district of Missouri.

Richard R. Narr, of Virginia, to be United States marshal for the eastern district of Virginia.

Joseph P. Wilson, of Idaho territory, to be United States marshal for the territory of Idaho.

Levi I. Wilcox, for the 8th district of Illinois, to be collector of internal revenue.

Samuel D. Wernicke, for the 13th district of Pennsylvania, internal revenue collector.

James M. Townsend, of Richmond, Ind., to be recorder of the general land office.

Lars K. Aakes, of Minnesota, to be receiver of public moneys at Crookston, Minn.

James A. Spradling, of New Mexico, to be receiver of public moneys at Santa Fe, N. M.

Robert S. Robertson, of Indiana, to be a member of the board of registration and election in the territory of Utah.

John B. Catlin, of Montana, to be agent for the Indians of the Blackfoot agency in Montana.

IN THE DEPARTMENTS.

Sec. Rusk has appointed Capt. D. R. Alton, of Becknell, Knox county, agent of the agricultural department for the state of Indiana.

The attorney general has received the resignation of William H. Purcell, United States attorney for the district of Dakota.

The resignation of William H. Dennison, United States attorney for the northern and middle districts of Alabama, has been accepted by the president, to take effect June 1.

Henry C. Gordon, of Indiana, has been appointed a special agent of the general land office; George B. Chittenden, of Connecticut, has been appointed a chief of division in the census office.

The president has appointed George B. Buchanan postmaster at Washington, N. C., vice Nathan Banner, whose commission has expired.

RENDERED A DECISION.

The inter-state commerce commission rendered a decision on the color line. To-day a colored man complained that he had bought a first class ticket on a Georgia railroad, but was compelled to occupy an inferior coach, set apart for the blacks. The commission holds that where the roads have a separate cars for blacks, they must be equal in every respect to those occupied by the whites and that the blacks must be given equal protection.

MEET TO APPOINT A CHAIRMAN.

A meeting of the Democratic national committee has been called for June 12 at Fifth Avenue hotel, New York, for the purpose of electing a chairman and taking appropriate action on the death of the late W. H. Barnum.

GOOD COTTON PROSPECTS.

The progress of cotton planting as reported in May by the department of agriculture, on the 1st of the month, is 87 per cent of the proposed area. This is one point earlier than the average of a series of years.

To Control State Traffic.

CHICAGO, May 13.—It is the opinion of the shrewdest railroad men in Chicago that the inter-state commerce commission will assume jurisdiction of state as well as inter-state traffic. Incidentally, he thinks all action relating to traffic by state railroad commissioners can be declared illegal. Said he to-day, Judge Cooley is simply adopting a circuitous method of assuming jurisdiction over state traffic. He told me once that he believed the commission had jurisdiction over state as well as inter-state traffic, and now it looks as though he was preparing to assume jurisdiction. You remember that in the recent free press hearing in Washington, the New York Central people said they did not submit a list of passes given by them because they had given none for transportation outside of New York state. They did not think the commission would assume control of the state traffic, but Judge Cooley ordered a complete list of the state passes sent in. The order was a virtual assumption of authority over state traffic. If the judge means it and can hold his ground, it will take all power of fixing rates, etc., from the railroad commissioners of the different states. Judge Cary, of the St. Paul road, and many other good lawyers believe even now that any traffic legislation of railroad commissioners is illegal. There will be no question about this if the inter-state commerce commission assumes control of state traffic.

The El Paso Muddle.

EL PASO, May 13.—Printed specials dated the 8th, to eastern papers, reached here Saturday. They say that the attorney general at Washington received a letter from A. J. Evans, recently appointed attorney for the western district of Texas, and state that the Democratic candidates of El Paso's recent city election have been declared elected, and accused the collector of customs here as having interfered in favor of the Democrats. The whole is a gross misrepresentation, neither Republicans nor Democratic candidates have been declared elected. The city council is investigating the election frauds under the recent ruling of the district court, and has only finished with one of four wards, in which one alderman from each party is the result.

The Cattle Men Organize.

KANSAS CITY, May 13.—The American Live Stock commission, composed of the associations of the leading stock-raisers of the west, for the purpose of selling cattle at a minimum rate of commission, has been announced. Offices have been opened at Chicago and Kansas City, and branches in other cities are soon to be established. The organization is the result of an idea which has long prevailed among cattle men that they can hardly raise their stock more economically than the commission men, who have no particular interest in prices they obtain as long as they get their commission.

Rebuilding their Defenses.

LONDON, May 13.—The director general of stores is now in South Staffordshire visiting the principal iron works with the view of ascertaining their capacity for producing chain and cable iron plates and other descriptions of iron in connection with the requirements of the government for national defense. Owing to the steel works being engaged up to their full capacities, it is found necessary to use finished iron for purposes for which steel was formerly used. The government is anxious to close its contract quickly, owing to the rising price of iron.

A Paymaster Robbed.

TUCSON, A. T., May 11.—Major J. W. Wham, paymaster of the United States army, with Clerk Gibson and an escort of eleven soldiers, were on their way this afternoon from Wilcox to pay the post at Fort Thomas, and when in a narrow gorge a few miles south of Cedar Springs they were attacked by a party of ambushed men. A constant fire was kept up for nearly half an hour, when all of the escort were wounded, but Major Wham and his men escaped into the mountains. Major Wham was unhurt, but Clerk Gibson's clothing was taken by a soldier. A troop of cavalry have been sent out from Fort Grant to watch the mountain passes so the highwaymen may not escape. The number of the gang is not known, but is believed to be seven or eight.

Blood in the San Luis.

MOSTE VISTA, Colo., May 11.—Early this morning Herman Pelton, foreman of the San Luis Valley Graphic, was twice shot at by Miss Mary Palmer, near the Graphic office, for the seduction of her younger sister. The shooting was with a 22 caliber revolver purchased for the occasion. One ball struck the nose and cheek of Pelton. The other missed. Miss Palmer was accompanied by a younger brother, from whom a revolver was taken. Pelton has been boarding with Mrs. Palmer and prior to the shooting his trunk was picked out of a two-story window.

Practically Defenseless.

SAN FRANCISCO, May 13.—The senate committee to investigate relations with Canada met here, Senator Blair presiding. Gen. Miles, commanding the Pacific division, spoke of the need of coast defenses, and said San Francisco, Puget Sound and the Columbia river were practically defenseless. A modern navy could do a hostile power could fire at the city from the bay and throw shells into the center of San Francisco. He outlined a system of efficient fortifications. Gen. Miles estimated the cost of such a system at \$25,000,000.

A Great Outrage.

LOS ANGELES, May 13.—The Times says: "It seems to be absolutely decided that the Apaches, whose capture cost Gen. Miles such hard work, are to be sent to Arizona, orders to that effect having been received at the barracks where they are confined. We may now soon look for another series of bloody raids. The action of the government in returning these murderous savages to the long-suffering territory, which has been so ravaged by them, is inexplicable and inexcusable."

Murder Will Out.

COLORADO SPRINGS, May 13.—The two men arrested at Fountain were lodged in jail here, one of the men, named Lord, confessed to the Florissant robbery. The other, named Hunter, would say nothing further than that he was an ex-sheriff and United States marshal at Hugoton, Kas. The men implicated a Mr. King, a man employed in Wyatt's saw mill near Florissant, who was brought in last night.

A Great Race.

DENVER, May 11.—A special from Salt Lake says Oarsmen O'Connor, Lee, Gaudin, Hanon and Peterson, will row at Great Salt Lake the 24th of June a single scull race, three miles with a turn. A \$1,500 purse will be divided as follows: \$500 to the winner, \$300 second, \$250 third, \$100 fourth. A San Franciscan offers \$250 purse to the man who breaks the world's record.

A Sweltering Day.

PITTSBURG, May 13.—Yesterday was the hottest day of the season, and the hottest 14th of May for many years. The mercury touching to degrees above at 3 o'clock.

A Heavy Thunder Storm.

A heavy thunder storm, accompanied by immense hail stones, passed over this section last night, cooling the atmosphere very materially.

Jeff Davis.

CHARLOTTE, N. C., May 13.—A special to the Chronicle from Fayetteville says that Jefferson Davis has accepted an invitation to attend the centennial celebration of the adoption of the federal constitution by North Carolina, which took place at Fayetteville, November 12, 1789. Mr. Davis accepts on condition that he will not be tasked as orator of the day.

No Clue Yet.

COLORADO SPRINGS, May 13.—There is no new development in the Florissant hold-up. Two men were arrested on suspicion of being the missing robbers near Fountain, and Sheriff Jackson goes to that town tonight for the purpose of examining them.

Still Raging.

CHEROKEE, Mich., May 11.—The forest fires are raging to an alarming extent on the line of the Michigan Central railroad. On several occasions the trains have been delayed several hours on account of the fires along the track, a dense smoke recently striding the passengers on the inside.

Warm Weather.

CHICAGO, May 10.—The past three days has been the warmest in May since 1881. The thermometer reached 85; outside thermometer reached 91. There was one case of fatal sunstroke.

Crop Prospects.

TORONTO, May 11.—The department of agriculture reports gratifying prospects for the winter wheat crops. Vegetation is a week or two in advance of last year, and the season early for plowing and seeding.

The Oldest Officer Dies.

ST. LOUIS, May 11.—A private dispatch received this noon reports the death today at Orlando, Fla., of Gen. Wm. Harney, the oldest officer in the United States army. Gen. Harney was born in 1800.

A Pardon Granted.

WASHINGTON, May 11.—The president has granted a pardon in the case of John Asappa, an Indian convicted of resisting an officer and sentenced to six years imprisonment in Washington territory.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of an individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the great alterative and tonic. If you are troubled with any disease of kidneys, liver, or stomach, or long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50 cents and \$1 per bottle at C. M. Creamer's drug store.

State of Trade.

New York, May 13.—R. G. Dunn & Co's weekly review of trade says:

It is the most prominent characteristic of the present situation throughout the country that the usual consistency of commercial action is lacking. Transactions and results for some branches of business are highly satisfactory and for others much the reverse. Many iron works are closing, for example, but many are doing remarkably well. Many woolen mills are idle, but others are at work on full time with fair profit.

The approaching transition from one crop year to another, the recent change of administration, the changes of the inter-state law and the rapid development of manufactures at the south, are probably the main factors which can not in time be fully measured. Iron and steel have begun to decline. The output weekly of anthracite and bituminous, May 1, being only 133,714 tons, a decrease of 4,324 tons weekly since April 1.

The cotton manufacture is active and healthy. The trade in drugs and chemicals has become quite active, with collections excellent, but dyes and acids are dull.

A speculative movement in broad-stuffs has developed again apparently based upon the theory that all through the country the crop may be very large. There is still enough actual scarcity in July, before the new wheat comes forward freely, to enable traders to unload. The grocery trade has been active in sugar, the demand is confined to actual needs.

The outlook in the north-west is regarded much more confidently since the recent rains. Everywhere the crop prospects are encouraging, with the season a little more advanced than usual and the acreage in wheat considerably increased.

A Broken Engagement.

WASHINGTON, May 13.—The engagement of William C. Endicott, jr., son of the ex-secretary of war, to Miss Thron, which was announced shortly before President Cleveland retired from office and which then caused as much sensation in society as the marriage of his sister to Joseph Chamberlain, the distinguished English leader, has, it is reported, been broken off by the mutual consent of the parties most directly interested. Miss Thron is a devout Catholic, while young Endicott comes of a Puritan stock, and the failure, it is said, to obtain a dispensation from Rome is the cause of the termination of the engagement. Not much reliance is given to this report, however, as it is well known that the Roman church tolerates it if it does not encourage mixed marriages.

On His Base.

SAN FRANCISCO, May 13.—Senator Pugh, of Alabama, in an interview, stated he was opposed to any appropriations being made for irrigation, as the government has no power to appropriate public money for reclaiming land for agricultural purposes. The act of the government undertaking to furnish water as a fertilizer of deserts would open up an unlimited field for appropriations. It never will be an object of national concern to irrigate districts.

Demag-guism.

RICHMOND, Va., May 13.—A. L. Royall, a prominent politician, said in an interview: "If the voters of this state should think me worthy of a seat in congress my aim will be the disfranchisement of the negro. All that is necessary is the repeal of the 14th amendment, and I believe there is a prospect of its repeal. The south will never have peace while the negro is a voter."

Bugs Assailed by Rain.

LINCOLN, Neb., May 13.—The Burlington weather bureau shows that the rain for the last few days has been quite good over the entire system, which includes the greater portion of Nebraska, northern Kansas and eastern Colorado. The ground has received a thorough drenching and the army of chinch bugs that were brought into the state by the high south winds is the early part of the week have all been killed.

Boutangerism.

LOUIS, May 13.—In an interview with Boutanger he said that the French government intended to prolong the sitting of the chamber of deputies until next year, its action would be equivalent to a coup d'etat against universal suffrage, and it would be the duty of every citizen to rise in opposition. He declared he would not be the last man to rise in case such action was taken.

Ranker Fish Released.

ATLANTA, N. Y., May 13.—James D. Fish, ex-president of the Marine bank, released from prison Saturday. He started for New York.

The Least Conference.

SALT LAKE, May 12.—Unusual interest is being taken here in the meeting of representatives called by Sec. Windom for May 13. This city has sent its representatives.

Rheumatism is caused by an acid in the blood; therefore, external treatment affords no permanent relief. To eliminate the poison and make a thorough cure of the disease, nothing else is so efficient as Ayer's Sarsaparilla. Give it a trial. Price \$1. Worth \$5 a bottle.

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Remedy for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes Tired Feeling, creates an Appetite, strengthens the System, builds up the Whole System. Hood's Sarsaparilla is sold by all druggists, \$1.50 per bottle. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

Premium payments are to be made through this office delivery of the Company's receipt countersigned by Paul Wunschmann.

Labor-Capital-Health

Ugly words sometimes, full of discord—that is, the first two—when not tuned to a proper key; but a regular "symphony" whenever used to prove

That labor invariably produces capital; }
That capital can find a capital field of labor; } in
That "Good digestion waits on appetite"; }

The Mesilla Valley!

He must be blind indeed who can not see that it is a most favored section. Seekers after health, profit and pleasure, after a thorough search from the lakes to the Pacific coast are finding their El Dorado in New Mexico; and to these new comers, as well as to everybody else, the

RIO GRANDE LAND COMPANY

extends a cordial greeting, and invites a careful and thorough inspection of its FINE COLONY LANDS.

Some 2,000 acres of which are subdivided and platted into ten and twenty acre blocks (from which incomes can be produced equally as well, if not greater, than the average farms of eighty and 100 acres in the eastern and northwestern states), and all within a radius of one and one-half miles of the railroad depots at

LAS CRUCES AND MESILLA PARK

Some of these blocks are cultivated, or have bearing orchards and vineyards; others not. Some have tasteful and modern cottages upon them; in others Nature has undisputed dominion. It's merely a question of choice—and money—although the latter does not cut such a figure as one might suppose in these days of boom; and our "long term payment and low interest" plan often adds a little spice to a transaction to one who has an eye to the future. Warranty deeds given. Write or call for plans and circulars. Command us for carriages or other courtesies within our power to give.

A STORMY SESSION.

The County Board Has Another Spirited Meeting—Mr. Koch's Claims Recognized.

Mr. Wyllys Elected Chairman—The Board Ready and Willing to "Show Cause."

The Santa Fe county board of commissioners had a stormy session this morning. The chairman's seat was held down by Dr. Sloan. At 10:05 o'clock Commissioner Wyllys and Martinez walked in accompanied by Mr. G. D. Koch. When the two commissioners had taken seats near the clerk's desk Mr. Wyllys arose and, addressing Commissioner Martinez, declared the board ready for business. Dr. Sloan said he was chairman of the board and directed Clerk Gentry to read the minutes of the previous meeting. Mr. Wyllys responded by informing Dr. Sloan that he was not recognized as a member of the board, and Mr. Wyllys called upon Don Romulo Martinez to act as interpreter, which was agreed to. Dr. Sloan called for the reading of the minutes. Commissioner Martinez presented a resolution to the clerk which was read. It declared that since Dr. Sloan was not qualified to act, Commissioner Wyllys should be recognized as chairman of the board. Mr. Wyllys put the question and he and Martinez voted aye. Dr. Sloan protested that the whole thing was irregular and out of order. "The minutes have not been yet read and the board has not been opened for the transaction of business," said he. Mr. Wyllys ordered the clerk to

RECORD THE VOTE.

Dr. Sloan directed the clerk to do nothing of the kind. Mr. Victory here announced, as attorney for the board, that the entire proceeding was illegal, and he and the interpreter had a side discussion as to by what authority he, Victory, was taking a hand in the racket. Mr. Wyllys called everybody in the room to order. Mr. Knaebel said as a private citizen he had a right to be present, and he was attentively listened to as he made a statement. In the private and brought by Dr. Sloan against Mr. Koch, Judge Whiteman has notified the writ of mandamus so that Mr. Koch is only prevented from taking his seat as a member of this board by resorting to force. The idea of the court was that a clamorous proceeding is not the proper one by which to obtain the relief sought, consequently on Saturday an application was made to Judge Whiteman for a writ of mandamus, not directed to Mr. Koch, but to you, Mr. Martinez and Mr. Wyllys, commanding you to admit Dr. Sloan to the deliberations of this board and recognize him as he had been recognized before, not only as a member of the board, but as its chairman."

WAS THERE A VACANCY?

Continuing, Mr. Knaebel said: "The court granted this writ, and in so doing held that no vacancy existed in the county board because under the law, Mr. Seligman held the office till the qualification of his successor, and Gov. Ross had no authority to appoint Mr. Koch, as there was no vacancy, and the governor had no power to remove, hence the action of the executive was void; that when Sloan had qualified, Seligman's title to the office terminated and the office became legally vested in Sloan."

MORE DISCUSSION.

Dr. Sloan said to motion to adjourn Thursday would be in order. Mr. Wyllys said to Mr. Martinez that they ought to proceed to transact the urgent business now piled up before them, and said also that he wanted to be governed by the law, and was ready to appear before Judge Whiteman in response to the writ at the proper time, but that for the present he desired to push through the routine business of the board.

No motion to adjourn was made, and Mr. Martinez then offered a resolution setting forth that Mr. Koch had been duly appointed a member of the board by the governor; that it was the duty of the majority to presume the legality of the appointment and respect this commission, and that Mr. Koch be therefore declared and recognized as a member of the board. Mr. Wyllys put the resolution and he and Mr. Martinez voted aye, after which it was declared carried. Dr. Sloan said: "This is entirely out of order and I so declare it." Mr. Wyllys said he regarded it as legal and would so consider it until the courts determined otherwise, and then he turned and

PROCEEDED TO READ.

When he was through Dr. Sloan reached over and took the record and signed the minutes.

At this action Mr. Wyllys protested, and he said he was the chairman and by law was authorized to sign the minutes as such. Just here the clerk suggested that he would have to get up another set of books for Mr. Wyllys to sign.

After this another discussion took place, during which time Dr. Sloan said he was in the chairman's seat and proposed to hold it. Mr. Wyllys said the seat didn't make any difference, as Mr. Koch could sit where he pleased. Mr. Knaebel suggested that Mr. Koch wouldn't attempt to

take by force the seat occupied by Dr. Sloan. Mr. Koch said nothing. After a while Mr. Wyllys reached over and took from the clerk's desk a bundle of papers and THE ROUTINE BUSINESS

of the board was taken up and considered briefly by Messrs. Wyllys, Martinez and Koch. Among other things a committee was appointed to inspect certain breakwaters in the Rio Santa Fe erected by Mr. Boyle, and which, it was represented, would serve in driving the water over and injuring the property of other people. Adjourned to 2 p. m.

At the appointed hour the board went into session, the three above named commissioners still continuing to ignore the presence of Dr. Sloan, who occupied the chair usually occupied by the chairman of the board. Commissioner Martinez took the floor and made a speech. During his remarks he referred frequently to Mr. Victory and spoke of the attempt to read certain securities. He said that the county had been outrageously robbed, and he for one was tired of it. When he had concluded, Mr. Victory responded at length and said that since Mr. Martinez had long been a member of the board he thought he, Martinez, ought to be held personally responsible for anything that had been going on in the line of crookedness. As Mr. Victory continued to talk he became excited and used some right plain language, which seemed to settle the members somewhat, and at the conclusion of his remarks the board adjourned to 10 o'clock tomorrow.

ROUND ABOUT TOWN.

Mr. Geo. B. Cliftenden, formerly of Santa Fe county, has been appointed to a position in the census bureau at Washington.

Jesse Wheelock was up from Albuquerque yesterday and took in the plaza concert. He has a good opinion of Santa Fe.

By yesterday's change of time on the Santa Fe the through run from Chicago to the coast is made some three hours shorter.

Agent W. C. Williams, of the Pueblo agency, has gone to Zuni to look into the details of the Indian killing there a few days ago.

Regular convocation of Santa Fe chapter No. 1, R. A. M., at Masonic hall this evening at 8 o'clock. Visiting companions are cordially invited to attend.

The McVoy entertainment at the court house on Saturday night, for the benefit of the hose team, was well attended and the people appeared to enjoy themselves.

The Santa Fe will put on a fast train between Kansas City and Denver this month, which will reduce the time between those points from twenty-five hours to about twenty hours.

Bischoff is in receipt of twenty-six head of splendid beavers from Springer Bros. on the Maxwell grant. He is still making large shipments of dressed beef to Harvey's railway eating houses.

The Fort Marcy team again did up the city base ballists yesterday. Seven innings were played, resulting in a score of 10 to 9 for the Marcy boys. A large crowd of spectators was on the grounds.

Albert Call is doing a lively business in the wholesale line, handling clocks mostly. He lays claim to being the clock king of New Mexico and his order boys tend to show that he is entitled to the honor.

Gov. Prince has accepted the invitation extended to him by the people of Las Vegas, through Mayor Henry E. F. Hobart and others, to attend the celebration here on May 30, Memorial day. Las Vegas will be proud to receive our new governor.—Optic.

Mr. Creamer has always been a liberal giver whenever public enterprise demanded it, but he announced to-day that not another cent would be contributed toward anything until the business men of Santa Fe opened their eyes and helped make the search for artesian water in the Santa Fe valley.

Contrary to expectation, President Strong and party failed to arrive here today. They telegraphed from Kansas that urgent business at the east demanded their attention and that the annual meetings of their sub-companies in New Mexico had been by vote postponed till October.

New Mexico stockmen are shipping a fine lot of steers north this season, and for them are receiving very satisfactory prices. Mr. L. R. Whitmore, up from San Marcial to-day, says that 400 cars of cattle will be taken north from Engle this week. It is said the A. T. & S. F. company has borrowed all the stock cars possible and still finds itself 300 cars short.

All the trees have not been set out in the capital grounds, and Mr. Rivenburg is very anxious to get in the grass seed at once. The ground, however, is not in good condition, nor does it seem possible to readily improve it by using the hydrants. The aquia should be turned on and the land thoroughly flooded before the grass seed is sown.

Sam Baldwin has given up his expedition into Mexico for a time, the strike in the Lucky nine having revealed to him additional attractions hereabouts. Mr. Baldwin is a part owner in this property and he is to locate at Cerrillos and have charge of ore shipments from that point. He is to-day having a lot of printing turned out for expediting the systematic working of this property.

The marriage of Miss Beatriz Alarid, the territorial auditor's eldest daughter, and Mr. Miguel Ortiz, was solemnized at the church of Our Lady of Guadalupe at 9 o'clock this morning. Rev. James H. De Four performed the ceremony. The church was crowded with friends of the young couple. To-night Mr. and Mrs. Alarid will celebrate the event by tendering them a grand reception at their residence.

CHANGE OF TIME.

Yesterday's New Schedule on the Santa Fe—Closing of Mail.

By the change of time that went into effect on the A. T. & S. F. yesterday the passenger train heretofore arriving from the west at 4:35 a. m. sets in at 5:55 a. m. The eastern mail gets in at 11:25, as heretofore. The train arriving at 5:05 in the evening now gets in at 7:00, and the train from the east that has been coming in at 12:25 a. m. arrives at 10:40 p. m.

Leaving Santa Fe the eastern express now goes out at 3:45 a. m. instead of 1:45 a. m., and the east-bound train heretofore leaving at 2:50 p. m. now goes out at 5:35 p. m. The west-bound day train leaves at 9:10 as usual, and the west-bound night train heretofore leaving at 10:15 now goes out at 8:25 p. m.

The following changes in the closing of the mail have been made necessary by this new time card.

Mail for the east closes at 7:30 p. m. Mail for the west closes at 7:30 p. m. Eastern mail for points east of La Junta, Colo., closes at 5 p. m.

Thousands of Dollars Are spent every year by the people of this territory for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in Santa Abbe, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden state. Sold and guaranteed by C. M. Creamer at \$1 a bottle. Three for \$2.50. The most stubborn cases of catarrh will speedily succumb to California Cat-R-Cure. Six months treatment for \$1. By mail \$1.10.

A Grand Tribute.

A reader of the New Mexican hands in the following clipping:

"A Tribute to Washington" is being prepared by the professors of St. Francis Xavier's college under the direction of the distinguished linguist and archaeologist, Father J. F. O'Connor, which will form a most interesting and valuable memorial of the centennial of Washington's inauguration. The "Tribute" will be in seventeen different languages, and the beauties of some of the ancient and less known characters used is of a very rare and striking character. The language already used to celebrate the greatness of the Father of his Country lay in petrie and learned Jesuit professors of St. Francis Xavier's are Babylonian, Assyrian, Arabic, Syriac, Egyptian, Algerian, French, Spanish, German, Latin, Greek, Irish, Italian.

What you need is a medicine that is pure, efficient, reliable. Such is Hood's Sarsaparilla. It possesses peculiar curative powers.

SELECTING THE SITE.

A Committee of Citizens Drive the Pegs for the New Indian School.

Col. J. P. McGroarty, of the internal revenue office, Col. Clark, representing the Pueblo Indian agency, and Gov. Prince, having been designated by the commissioner of Indian affairs to locate the new government Indian school, proceeded to the ground to-day and performed that agreeable duty. This \$30,000 institution is to be located on 100 acres of land lying about one-quarter of a mile west of the penitentiary, on the Cerrillos road. A number of citizens, including Hon. Antonio Ortiz, who outlined the land to the committee, and Mr. McKenzie, who has the contract for the structure, accompanied the committee to the land. Their carriages were driven over the entire tract, and his lay was pronounced perfect.

The land is a choice bit of valley land, sufficiently elevated to admit of perfect drainage while at the same time easily irrigated. It slopes gently toward the west and south and fronts on the highway leading to Cerrillos. The committee selected the site for the building at a point about 100 feet back from the street and some 600 feet west of the eastern boundary line. Mr. McKenzie is preparing to begin the work of construction immediately, his bond having been approved by the secretary of the interior, and all details for the job having been consummated. That will prove a valuable acquisition to Santa Fe's already large list of public institutions.

Rain in Colorado.

The D. & R. G. passenger train which reached Trinidad at 8:45 yesterday morning left Denver at 11:45 the night previous in a great rain. All the way to Colorado Springs, and on down the Fountain valley the torrents poured. Denver reports the sewers overrun, cellars filled, merchandise in basements much damaged, and a watery time generally.—Trinidad Citizen.

Mamma (to her little boy).—"Now, Bennie, if you'll be good and go to sleep, mamma'll give you one of Dr. Ayer's nice sugar coated Cathartic Pills next time you need medicine." Bennie, snuggling sweetly, dropped off to sleep at once.

PERSONAL.

Judge H. L. Waldo reached home this morning from a two weeks trip to Kansas City.

Hon. Adolph Seligman returned this morning from a visit to Las Vegas and Albuquerque.

Sister Victoria, the worthy and popular sister superior at St. Vincent's, leaves tomorrow morning on a visit to her charge at Albuquerque.

Editor Anderson, S. A. Larock and County Commissioner Wyllys are in from Cerrillos on business. They hint at a boom for Cerrillos in the shape of a new smelter shortly.

Hon. Amado C. de Baca and family arrived last night from Penna Blanca. They came to attend the wedding of Miss Beatriz Alarid and Mr. Miguel Ortiz, and are guests of Mrs. R. M. Stephens.

Mrs. Diego Gonzales and daughter and Mrs. Manuel de Aguiro returned yesterday morning from a month's visit in Chihuahua, Mexico, where they had a very enjoyable time and are well pleased with the looks of that city, but they say the weather there is very warm and they are delighted to be back again to the cooling breezes of Santa Fe.

Piles! Piles! Itching Piles! Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists' or by mail, 50 cents. Dr. Swayne & Son, Philadelphia.

ROYAL BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can be sold in competition with the mildest of low cost, short weight, alum or phosphate powder. Sold only in cans. Royal Baking Powder Co., 105 Wall Street, N. Y.

TERRITORIAL TOPICS.

The peach crop of Bernalillo county, N. M., is very promising this year. The grape crop there is always certain.

Lots in Ovar's addition are selling like hot cakes, and A. D. Wright has refused to sell a block at good figures to an eastern party.—Roswell Register.

The Lincoln county base ball league, comprising teams representing Roswell, Fort Stanton and White Oaks, has arranged dates for the season.

The board of regents of the School of Mines must soon secure the necessary twenty acres of land for a site for the School of Mines.—Socorro Advertiser.

Capt. M. Cooney came in from the Mogollons last night, and reports that there is no truth in the Indian rumors of that section. The moosemen tracks upon investigation developed into rabbit and cattle tracks.—Silver City Enterprise.

Benjamin M. Banks, station agent at Nutt, and Mrs. Mollie M. Harvey were united in marriage by Rev. W. H. Williams, of Silver City. The bride was the widow of a former station agent at Nutt, who lost his life from wounds received when that station was robbed about three years ago.

The mechanics are now at work remodeling the Thompson and Calkins mill. The pumps and settlers have been taken out and are replaced by concrete ones, new flooring has been put in, and the level of the floor in one place raised two or three feet. Altogether the mill is beginning to assume quite a new appearance.—Hillsboro Advocate.

The Electric Light & Milling company, of this city, is an established and unequalled success. They are working night and day, and have already sold more flour than they can grind for the next six weeks. They get all their wheat from New Mexico, and to-day shipped a car load of flour and a car load of bran to Albuquerque.—Las Vegas Optic.

A private letter from Eddy, in the Pecos valley, says: "Our new town of Eddy is going ahead in good shape, and prospects are first class. Over seventy lots are already sold and they have been on the market only two days. Arrangements are being made for several stores and different kinds of business houses. There is a great demand for freighters, carpenters, and all kinds of mechanics. Two million pounds of freight now await transportation from Pecos to Eddy. Labor of all kinds is in demand, and no one in this portion of the territory need be idle. If you want to see a lively town pay Eddy a visit any time after the middle of May and you will not be disappointed."

The Maxwell Cattle company has decided to have a careful estimate made of losses to cattle during the winter just passed. The count and estimate is to be made by P. J. Towner, manager of the Lake Ranch company, who has no interest in the Maxwell company and is recognized as an expert in cattle matters. The idea of making such an estimate originated with Mr. Clifton, manager of the cattle department and was approved by General Manager Eddy, who selected Mr. Towner for the work. The result will be looked for with considerable interest as it is the first attempt at arriving at a practical solution of the question of losses on the open range, and the result will be a fair estimate of the losses incurred on the ranges of Colfax and Mora counties.—Stockman.

A Terrible Flood.

PITTSBURG, May 11.—Reports of the damage done by last night's terrible storm are coming in from all parts of Allegheny county, and from nearly every place in eastern Ohio and western Pennsylvania. The loss can not be approximated. Farms were washed out, houses and trees along the banks of streams were carried away. Land slides occurred on nearly every road leading out of Pittsburgh. So far but two deaths from drowning are reported, two children of Conrad Shiner, aged 3 and 7, of Spring Garden borough, north of Allegheny, which was swept away by floods. Lightning played havoc all night long, and barns and stock were destroyed, telephone and telegraph wires were deranged through a large section of the county. Three inches of rain fell and the Ohio river rose three feet in as many hours.

WE OFFER YOU WEALTH.

By giving you the current information necessary to intelligently utilize your means. For \$1.00. The Kansas City Weekly Journal sixty-four column paper, complete in every feature necessary to make it first-class, can be had for \$1.00 per year. Those who have received this valuable paper during the campaign need no introduction. To all others we say, try it. Hand your subscriptions to the publishers of this paper and he will forward same to us. Journal Co., Kansas City, Mo.

Neuralgia, Sick Headache

Rheumatism, and Pain in the Back and Side, when caused by derangement of the Liver and Kidneys, are relieved by the use of Ayer's Pills. In all cases where a prompt but gentle aperient is needed, these pills are recommended by leading physicians.

"I have derived great relief from Ayer's Pills. Five years ago I was so ill with rheumatism that I was unable to do any work. I took three boxes of Ayer's Pills and was entirely cured. Since that time I have always kept them in the house."
—Peter Christensen, Sherwood, Wis.

"For years, during damp and cold weather, I was tormented with neuralgia. Recently, on the approach of such weather, I began taking Ayer's Pills and have not had any of my old pains. I keep these pills always at hand."
—Mrs. Martha Wiggin, Boston, Mass.

"I was afflicted, for four years, with rheumatism. The best of medical skill failed to give me relief. I finally began to take

is usually occasioned by disturbance of the Stomach and Bowels. No better remedy can be taken than Ayer's Pills. They are a mild but thorough purgative, effectually removing the cause of the headache, by stimulating the muscular organs to natural and healthy action.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy."
—Samuel C. Bradburn, Worthington, Mass.

Dr. Geo. P. Spencer, of Unity, N. H., certifies that Ayer's Pills are far superior, as a cathartic, to any that are furnished by the Pharmacopoeia.

"For the past five years, and until I began taking Ayer's Cathartic Pills, I suffered from sick and nervous headaches. A few boxes of these pills cured me."
—E. O. Dings, Scranton, Pa.

"I have suffered intolerably with headache, and Ayer's Pills are the first medicine that really gave me relief."
—L. S. Housat, Rehoboth, Pa.

Mrs. Harriet A. Mayble, of Poughkeepsie, N. Y., writes, for a number of years, and never found anything to give her relief until she began to take Ayer's Pills, since which she has enjoyed perfect health.

W. H. Street, Meadville, Pa., writes: "I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's

Ayer's Pills,
Pills, and an new well."—B. S. Osborn, South Norwalk, Conn.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

used in small daily doses, restored me to health. They are prompt and effective." Sold by all Druggists and Dealers in Medicine.
