SANTA FE NEW MEX.

Telegraphic Tidings

A GREAT ROUTE.

A Gigantic Railway Enterprise and How it Looks.

Denver, July 17.—A Times' Kanab, Utah special dispatch says: I. M. Brown, president of the Denver, Colorado, and Pacific railroad, came to Kanab to buy supplies for his surveying outfit on the Colorado river yesterday.

Mr. Brown feels naturally very much encouraged by the results of the survey, and the road will be built in a direct line from the Grand Canyon to the Gulf of California.

In the Buckskin range large veins of copper and silver have been discovered, and there are several prospecting mines in Arizona and Nevada near the Colorado river.

A Salt to Recover Damages. Chicago, July 17.—The Goodlander Mill company, of Fort Scott, Kas., has commenced suit in the circuit court against the Standard Oil company on a plea of trespass, for \$200,000.

Parnell's Plans. London, July 17.—Upon the opening of the Parnell commission yesterday, Sir Charles Russell, counsel for Parnell, stated that after a full consideration of the situation Parnell had instructed him to no longer represent him before the commission.

Meat Inspection in Colorado. DENVER, July 17.—In Judge Stone's criminal court yesterday, in the case of the people vs. Julius Schmidt, brought to test the validity of the meat inspection law passed by the last general assembly, a formal judgment was entered against the defendant for the purpose of having the constitutionality of the law passed on by the supreme court as soon as possible.

Boulogne Boob. PARIS, July 17.—The Temps says that cipher telegrams have been discovered which prove that Gen. Boulanger was at the head of a plot to march upon Elysee palace, and that several officers of high rank had promised him their support.

The Pope's Congratulations. MONTREAL, July 17.—Pope Leo XIII has sent an autograph letter to the authorities of the naval university thanking them and the citizens of Quebec for the resolution adopted by them at a demonstration on April 28 last, in favor of the restoration of the temporal power of the pope.

English Money and American Bread. MINNEAPOLIS, July 17.—Indications are favorable to the consummation of a deal by which a syndicate will obtain a big interest in the Minneapolis flour mills.

THE TEXAS FEVER.

The Cattle All Dying off with it in Oklahoma.

KANSAS CITY, July 15.—A dispatch from Wellington, Kas., says: Arrivals from the Cherokee strip to-day report the Texas fever playing havoc with cattle there. Forty head were seen dead in one pasture yesterday, and in others from seven to twenty-five carcasses were lying around.

The Salt Trust. MILWAUKEE, July 17.—E. D. Wheeler, of Manitowish, Wis., one of the most prominent salt manufacturers in the west, Milwaukee gives out the line of the proposed international salt trust association.

PERSONAL. James V. Foy, of Raton, is in the city. Judge W. T. Thornton left last night on a short trip to Sierra county.

At the Exchange: J. H. Crist, David Morgan, Wm. Tomlin, J. E. Gomez, Antonio Lobato, Alexander, J. V. Foy, Raton; M. G. Alexander, Leadville; H. O. Perry, G. K. Baldwin, Cerrillos; L. Bumpel, Chas. Wright, San Pedro; W. B. Walling, New Mexico.

Drought and Heat. From a letter written by Hon. J. P. Sandoval, of Antonchico, to citizens of Santa Fe it is learned that the drought in San Miguel county has been terrible.

The Bishop's Funeral. DENVER, July 17.—The funeral services of Bishop Machefaut were held at St. Mary's cathedral on Stout street at 10 o'clock yesterday. The discourse was delivered by Father Wagnery, of the Jesuit college. The attendance was very large.

The Engineer Didn't Know It. CLEVELAND, July 15.—Thomas Fulton and his cousin, Miss Ella Ault, were killed by a Baltimore & Ohio freight train near Edinboro, Ohio yesterday while riding in a dog cart.

CONDENSED NEWS. Enforcement of the law against performing common labor on Sunday has been ordered by the mayor of Cincinnati.

The Pope to Remain at Rome. LONDON, July 17.—The Times' correspondent at Vienna reports that Austria has prevailed on the pope to remain in Rome and to not seek an asylum elsewhere, as such a course would seriously embarrass Italy.

Secretary Proctor, now at his home at Proctor, Vt., has been suffering from summer complaint, but is improving rapidly.

The wife of the Rev. W. H. Illsley, at Decatur, Ill., gave birth to three girl babies. Each weighed four pounds and all are said to be doing well.

The Earl of Fife, who is to marry the Princess Louise, of Wales, has refused a wedding present from his tenants. He thanks them, but hints that they can not afford it.

The reply of Switzerland to Bismarck's demand is reached Berlin. It is civil in tone but defiant. The emperor has advised Bismarck to modify his tone and avoid trouble.

George Whitmore, accompanied by Ma Knapp, went from Rochester to Buffalo, N. Y., to be married. William Wolf and Charles Boyle were also with the party.

Ayer's Hair Vigor has long held the first place, as a hair dressing, in the estimation of the public. Ladies find that this preparation gives a beautiful gloss to the hair, and gentlemen use it to prevent baldness and cure humors in the scalp.

GEORGE W. HICKOX & CO

Filigree Jewelers OF NEW MEXICO.

Carry the largest and richest assortment of goods to be found at any point in the southwest. Native Opals, Navajo Garnets and Turquoise in great variety. We employ only native workmen, and invite strangers in.

ARE YOU LOOKING

For a place you can call home? You are tired, perhaps, of "quarter-section farming," even though broad acres of the fairest portions of Uncle Sam's domain tempt you to change your base of operations further west.

The Mesilla Valley! He must be blind indeed who can not see that it is a most favored section. Seekers after health, profit and pleasure, after a thorough search from the lakes to the Pacific coast are finding their El Dorado in New Mexico; and to these new comers, as well as to everybody else, the

RIO GRANDE LAND COMPY

extends a cordial greeting, and invites a careful and thorough inspection of its FINE COLONY LANDS. Some 2,000 acres of which are subdivided and platted into ten and twenty acre blocks.

LAS CRUCES AND MESILLA PARK

Some of these blocks are cultivated, or have bearing orchards and vineyards; others not. Some have tasteful and modern cottages upon them; in others Nature has undisputed dominion. It is merely a question of choice—and money—although the latter does not cut such a figure as one might suppose in these days of boom and our "long term" payment and low interest plan often adds a little spice to a transaction to one who has an eye to the future. Warranty deeds given. Write or call on J. K. Livingston, General Agent, Santa Fe, New Mexico.

J. K. LIVINGSTON, General Agent, Santa Fe, New Mexico. VAN PATTEN & METCALFE, Local Agents, Opposite Railroad Depot, LAS CRUCES, NEW MEXICO.

## CONVENTION CALL.

**HON. SANTA FE COUNTY REP. COM. J. Santa Fe, N. M., July 1, 1889.**  
A convention of the Republicans of the county of Santa Fe will be held at the court house in Santa Fe, on the 20th day of July, 1889, to nominate candidates for delegates to the constitutional convention, which is to meet on the 3d of September, 1889.

The Republicans in each precinct will meet on the 15th day of July, 1889, and in the usual manner elect delegates to said county convention, the apportionment of delegates in the various precincts being as follows:

Albuquerque	1	Tenique	1
Cerrillos	2	Lower Santa Fe	1
Agua Fria	2	La Alamosa	1
Carroll	2	Del Norte	1
San Juan	2	Doña Ana	1
Golden	2	Cannonville	1
Granger	2	Santa Fe	1
Granger	2	Chubb	1
Granger	2	Chubb	1

**CHARLES M. CONKIN,**  
Chairman Santa Fe County Rep. Com.  
**C. H. FISHER,** Secretary.

WEDNESDAY, JULY 17.

**JOHN SERRA and Benj. M. Read** as delegates to the constitutional convention.

The Santa Fe Southern railroad should build to Cerrillos and San Pedro. This is the time.

No mistake would be made in sending Geo. C. Preston as delegate to the constitutional convention.

The Silver City Sentinel pays particular attention to the New Mexican. Thanks; small favors thankfully received.

Our Democratic contemporaries are welcome to howl till the cows come home. The constitutional convention will be a success.

**HON. GEO. W. PRICHARD**, of San Miguel county, will be found one of the most valuable, hard working and pains taking members of the constitutional convention.

**FRANK W. CLANCY** would make an excellent member of the constitutional convention. Hardworking, energetic, pains-taking and a very good lawyer, he should

Ex-Gov. S. B. AXTELL should be selected for the constitutional convention. There is not a man in New Mexico better fitted to render the best service possible in all respects as a member of that body than Ex-Gov. Axtell.

Pueblo is to have a woolen mill. Santa Fe has more and better advantages than Pueblo for the location of a woolen mill. But Pueblo is wide awake and has secured the prize. It would pay this city to follow Pueblo in that direction.

The resolutions adopted by the Republicans of Valencia county concerning the statehood movement and the proposed constitution are progressive and wide awake. Col. Chaves drafted them. They are published in full in another column.

POSTMASTER GENERAL WANAMAKER insists that 1 mill per word is enough for messages on government business. That exceedingly poor corporation, the Western Union Telegraph company, objects. But objections seem to have no weight with the postmaster general. The interests of the people above those of any corporation. So holds the postmaster general and so holds the Republican party.

The people of New Mexico are going to hold a convention in September to promote the admission of that territory into the union as a state. They should not overlook the fact that it will be necessary for them to show a Republican majority before they can hope to interest the new congress in their case. —Globe-Democrat.

About correct. The Republicans of New Mexico with proper work, showing sufficient energy and union in their ranks, can do that; none too easily, but it can be done.

The Standard Oil company, not satisfied with having a representative in the United States senate, is now endeavoring to get hold of the streets of Chicago. It was an easy task by the use of booze to have a Democratic legislature in Ohio elect a U. S. senator for the company, but it seems comparatively hard work to control the Chicago streets. The newspapers are fighting the project. But as the city council is Democratic, and as the Standard Oil company "bar" is open at both ends, the company may nevertheless be successful.

The San Antonio Daily Express holds the following ticket for 1892: "Samuel J. Randall for president. Platform: No, no, no free hides." Correct enough, but the free traders are going to make the nomination. However, it will be well for Texas Democrats, as also for New Mexico Democrats, to remember that were hides taxed the Texas and New Mexico cattle raiser would get \$2 a head more for his steers; in fact the value of cattle would be raised all around \$2 a head. In this territory there are in round numbers at least 5,000,000 head of cattle. The duty restored on hides would add \$10,000,000 to the wealth of this territory alone.

There is no doubt that a great deal of care and diligence are being exercised by the administration in the matter of making appointments. Democratic and Mugwump newspapers there have endeavored and are still endeavoring to create the impression that the president is spending his whole time over the appointments to office. But this is not true. But a small portion of the president's time is occupied in that way. Of thousands of callers to the White House who have been here since March 4, an overwhelming majority have been here on office seeking business. The president has undoubtedly listened to them patiently, and with the aid of his cabinet officers has sifted their claims with due care. But they have consumed far less of his time than other callers, senators, congressmen, editors, leaders in every department of thought and action, who have consulted with him. Probably even a smaller fraction of the crowds of these visitors has related to others than the proportion of the president's time that has been given to that subject. Every portion of the general policy of the administration as represented by the seven great departments of the government and every current question affecting the welfare of the whole country has been considered at these interviews. Senators and representatives who called upon the president have been patiently content to have their visits absorbed in Washington dispatches to office seeking. The president has shown no sign of impatience at the assumption that he was spending his whole time over the same subject. But in reality the great bulk of his time and consideration has been given to such diverse and important subjects as the policy of the treasury department, the Samson question, Haytian affairs, Indian relations, the development of the navy and the needs of the army, the efficiency of the new agricultural department, and the opening of Oklahoma, and lesser incidents with public lands, the question of calling an extra session of congress, the civil service law and the organization and the work of the civil service commission, the preparations for the taking of the census, the various questions from the department of justice, some of them involving life or death, and a score of other public concerns.

Tax treasury department has not yet rendered its decision concerning the evasion of the payment of duty on lead ore, imported in the United States, specially from Mexico. The decision is, however, expected at an early date. The New York Press comments as follows upon the matter:

Free trade organs that are objecting to any interference with the fraudulent mixture of lead ores with silver ore for importation free of duty on the pretense that the thing imported is the ore in which silver and lead are mixed by nature, fall back on an appeal to selfish prejudices when the moral disapproval attaching to such fraud is pointed out, and accuse those who would check this practice of attempting to "tax the consumer."

This is the same old demagogic cry that was uttered so often in the campaign last year to mislead those who were misled by the duty on the price of the article. As a matter of fact, our local industries developed marvelously under protection, and the price fell to a corresponding extent. Lead sold at 6 and 7 cents a pound before the war and 9 and 10 cents during the war, and under protection the price fell to 3 to 5 cents. Congressman Symes, of Missouri, once estimated that the development of the American lead industry had added to the wealth of the nation a sum almost equal to the principal that had been paid on the national debt at that time—three years ago.

Our product of lead last year, was estimated at 180,000 tons, as against less than 18,000 in 1870. In 1877 we imported 15,000 tons of silver-lead from Mexico, and last year 28,700 tons, mined by paying 25 to 70 cents a day wages. At that rate of increase of importations of lead it will not take long to close American lead mines one by one, or to control production by the aid of a lead trust that will deprive the consumer of the advantages in price that a protective duty gave him before Cleveland's administration killed it by a ruling.

Unhappily home production is in the long run better for the consumer as well as the producer.

The New Mexican is always willing to make the amende honorable wherever proper. Some months ago, according to the record in the auditor's and treasurer's office, Mr. W. H. Bunker, clerk of the 4th district court and nephew of his honor, the chief justice, Judge E. V. Long, collected some \$4,000 worth of territorial warrants that had originally been issued to R. M. Johnson as clerk. It was then thought that these warrants had been recently given to Mr. Bunker for collection. And here is where the correction comes in. We are credibly informed that the delivery was not made recently, but that they were given Long before. Now, do not all laugh at once.

The candidates for delegates from Dona Ana county to the constitutional convention are Col. W. L. Ryerson, Col. A. J. Fountain and Mr. Martin Lohman. The Rio Grande Republican comments as follows upon their nominations:

The three gentlemen who have been nominated as delegates to the constitutional convention by the Republicans of Dona Ana county are representative citizens and well qualified to take care of the interests of the coming state. They are men who will rank with the best that will be sent there, and if the interests of this portion of southern New Mexico should be placed in their hands we can rest assured they will be well taken care of.

SERVICOR GENERAL JULIAN, it is reported by interested parties, has received a communication from the commissioner of the general land office to the effect that he is not to be removed. It is to be hoped that such is not the case. The people of this territory want the man removed. They know he has done their interests all possible injury, and that only for partisan purposes and out of hatred of the Republican party. The administration should heed the strong and unanimous sentiment of the people of New Mexico in this matter.

Old papers for sale in quantities to suit at this office.

# THE MAXWELL LAND GRANT

## Farm Lands!

**UNDER IRRIGATING DITCHES.**  
Choice Mountain Valley and Lands near the Foot Hills

**FOR SALE.**

For the irrigation of the prairies and valleys between Raton and Springer one hundred miles of large irrigating canals have been built, or are in course of construction, with water for 75,000 acres of land. These lands with perpetual water rights will be sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of agricultural lands.

The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

The A. T. & S. F. railroad and the D. T. & Fort Worth railroad cross this property, and other roads will soon follow.

Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same if they should buy 100 acres or more of land.

## NEW MEXICAN PRINTING CO.

Sandoval Street, Santa Fe, N. M.

The New Mexican's Correspondent  
Writes of Things in the  
New Leadville.

Latest Strikes—A Regular Rush—Copper  
Production—Improvements  
in Camp.

To the Editor of the New Mexican:  
San Pedro, Santa Fe County, N. M.,  
July 15.—Col. Johnson has struck the  
Bullion. The prospects for a good body  
of ore are fine. The present width of vein  
is over three feet. Just over east of the  
Bullion lies the Pittsburgh, on which the  
boys struck a fine little four inch streak  
of carbonates this morning.

Work on the Black Hawk still goes on.  
They are sinking the ore preparatory to  
shipping it to Pueblo.

The Lucks are still as big, if not bigger,  
than she ever was. This said property  
will be turned over to the Colorado  
Mining company on the 20th inst., terms of  
sale \$200,000.

Messrs. Huff, Miller and Broyles have  
struck it over south of San Pedro. I have  
seen some of the rock and in my opinion  
it is very fine hard carbonates. Their  
locations are all upon fissure veins. They  
will return to the new strike in a few days  
to begin sinking on their claim.

The camp is booming far beyond expec-  
tations. Parties are coming in from  
all parts of the country, "some in rags,  
some in tags and some in velvet gowns."  
Building operations are going on at a great  
rate and capitalists are investing cautiously  
and well. The camp by far is the best  
one in the southwest.

The saloons and hotels are doing a  
thriving business. Rooms and lodgings  
of all kinds are scarce. Fashion lunch  
and regular stake-down are all the go. Your  
correspondent has been camped under a  
wagon during the last ten days and finds  
it quite comfortable.

A new strike has been made over in the  
hills back of town in the Magdalena by a  
young man named Cooke.  
There is a race on for the 25th between  
Jim Barton's horse, Dandy, and Chaves's  
sorrel horse. There is said to be quite a  
stake on the result of the race.

"Rhiny" is still back east. To-day is  
pay-day at the big copper mine and the  
boys are going to paint the town red to-  
night.

The whole lay-out of the camp reminds  
me of Leadville in '70 and '80. PAUL.

SUBSTANTIAL IMPROVEMENTS.

Says the Boston Herald of the 12th  
inst.: Santa Fe copper shares were off to  
45 cents and back to 40 cents. The heavy  
selling for a day or two is attributed to a  
New York party formerly identified with  
the old San Pedro company, and who is  
said to have personal reasons for selling.  
The company's sales of \$200,000 7 per  
cent 10-year bonds at price satisfactory  
to the management. The bonds are part  
of the authorized issue of \$800,000 here-  
tofore mentioned, and have a sinking  
fund attachment of 10 per cent per an-  
num, but can not be drawn. With the  
proceeds President Hubbard says a wire  
transmission about a mile long will be built  
to connect the mine with the smelter,  
the same to cost about \$18,000. The ex-  
pense of hauling the ore now is 65 cents  
per ton. It is calculated that the trans-  
mission will carry it to 10 cents. A com-  
pressor outfit, to cost \$8,000 or \$9,000,  
will be brought having a capacity of  
seven drills. A water pipe from the new  
well will be laid at a cost of \$1,500 to \$1,800.  
Some \$20,000 will be immediately  
expended in the development of the mine.  
A new 100 ton smelter is already con-  
tracted for. With these improvements made,  
and the smelter completed within four  
months, the general manager says he can  
put 65 per cent copper matte in New York,  
to cost 6 1/2 cents per pound for refined  
copper. President Hubbard says the mine  
can then produce 700,000 pounds of pure  
copper per month. At 10 1/2 cents there  
would be a profit of \$2,250 per month on  
copper to cost 6 1/2 cents and \$7,000 more  
or less for every cent variation in cost or  
selling price. The company will also re-  
pair its stamp mill to treat its gold ore.  
The interest and sinking fund will call for  
\$24,000 per year. The company has 80,  
000 shares of treasury stock and \$100,000  
of authorized bonds to meet future require-  
ments. President Hubbard declares him-  
self ready to meet any "racket" there  
may be in the copper market, but does not  
think anything of the kind will occur.

CAMP ECHOES.

Charlie Thayer, jr., is home from a trip  
to Lincoln county and has the San Pedro  
fever.

Dick Cook, lately an inmate of St. Vin-  
cent's sanitarium, is earnings \$350 per day  
at the Lucky.

San Pedro now boasts of an even dozen  
saloons, and patrons have to stand in line  
and take turns in getting up to the bar.  
The improvements contemplated at the  
Copper plant will give employment to  
fully 100 more men during the next four  
months.

Three feet of high grade ore in the  
Bullion less than twenty feet is re-  
markable. The mine promises to make  
early shipments.

Extensive building operations at the  
Central and Cash Entry mines will give  
employment to a large number of me-  
chanics this summer and fall.

O. F. Perry had a letter yesterday call-  
ing him to San Pedro on urgent business.  
He has some fine prospects down there  
and his son owns an extension of the  
Lucky.

A private letter from Denver states that  
President Mollat of the D. & R. G. will  
shortly send a mining expert to make re-  
port on the mining industry of Santa Fe  
county. This may mean a great deal.

Dare & Glenn made a rattling good  
paper out of the Jemez Hot Springs Guide.  
Now that they have moved to San Pedro  
and set up shop in a decent looking out for the  
prospected silver mine. Send us a copy  
by Patterson.

Harry Crampton leaves for the New  
Leadville tonight. He bought two new  
blankets on the strength of a statement  
from parties just in from camp that  
neither a bed nor sleeping space on floors  
can be had there.

Foul air in one of the Lucky shafts has  
caused several miners to topple over  
within a few days. The mine never go-  
into the mine again, and when a man  
falls limp all hands fall to and rush him  
to the surface as quickly as possible. An  
air pipe and blower are being placed in  
the shaft to-day.

Geo. Baldwin, who is employed by the  
Lucky company to handle the transfer of  
ore from the teams to the cars at Cer-  
rilla, is here on business to-day. He  
states that the Lucky mine's shipments  
now average three cars per week, but a  
great deal of dead work in the way of  
development is going on. Mr. Baldwin  
says truth of all kinds is rapidly increas-  
ing between Cerillos and Dolores and  
San Pedro.

THE WHITE OAKS ROAD.

Major B. S. Harmon of the New York  
Syndicate White Oaks railroad arrived  
here at 12:30 p. m. yesterday from New  
York City, via Santa Fe route, to meet  
Judge Davis, president, and the board of  
directors and the citizens' committee of

the White Oaks railroad, as per appoint-  
ment. Judge Davis is en route at Houston.  
He has been telegraphed for and will re-  
turn tomorrow or Wednesday. Major  
Harmon has nothing to say in advance of  
his conference with Judge Davis and the  
citizens' committee. He is waiting their  
pleasures at the Grand Central as per their  
invitation to be here on the 14th instant.  
—El Paso Tribune.

Syrup of Figs.

Produced from the laxative and nutri-  
tious juice of California figs, combined  
with the medicinal virtues of plants  
known to be most beneficial to the  
human system, acting gently, on the kid-  
neys, liver and bowels, effectually cleans-  
ing the system, dispelling colds and  
headaches, and curing habitual constipa-  
tion.

ROUND ABOUT TOWN.

How about that electric light plant?  
Ed. Vorling and a delegation of citi-  
zens from Anapago are in the city on  
business before the local land office.

Several beggar women are working the  
town and people with hen roosts are  
warned to lay in a stock of palookas.

Hand of gypsies in camp west of  
town, and the old cronies of the outfit are  
driving a lively trade at fortune telling.

Regular meeting of Carleton Post to-  
night at 8 o'clock. A special election will  
be held and a full attendance is desired.

The district attorneyship matter, grow-  
ing out of the question as to who shall  
represent the county in the color bond  
and interest cases, comes on for argument  
before Judge Whitman in chambers to-  
morrow.

R. R. Willison got in from the south  
end of the county this morning. On  
yesterday a week ago the heaviest storm  
of years visited the country north of  
Chili. It was much needed and assures  
a fine crop of grass. Terrible lightning  
preceded the rainfall.

A business meeting of the Ladies Aid  
society of the Presbyterian church will  
be held on Thursday afternoon, July 18,  
at 4 o'clock, at the rooms of Miss Allison,  
in the mission house. It is earnestly re-  
quested that every lady of the congrega-  
tion who can arrange to attend this meet-  
ing will be present.

Mrs. W. E. Winner, the wife of the  
public spirited Kansas City philanthropist,  
who has been expected as a guest of  
Mrs. Prince since last Friday, was de-  
tained by a sad event. She started on  
Thursday with her baby, which soon after  
became sick, and the party was obliged  
to stop at Hutchinson, where the baby  
died on Sunday morning. The funeral is  
in Kansas City to-day.

Prof. Knowlton, of the U. S. geological  
survey, left this morning for a twenty  
day trip, accompanied by I. T. Moore.  
He goes up the Chama, and possibly as  
far as El Rito, returning via Copper City  
and Bernillo. He is the paleontographic  
representative of this branch of govern-  
ment work and will go prowling around  
for all sorts of fossils. Geo. T. Quinby  
has charge here of the hydrographic work  
for the geological survey, and Arthur  
Davis is in charge of the topographic work.

Harry J. Gore received this morning  
his appointment from the secretary of the  
treasury as fireman at the U. S. court  
house building. He was promptly sworn  
into office and commenced the discharge  
of his new duties. The community gener-  
ally rejoices at his good luck.

Dyspepsia

Makes the lives of many people miserable,  
and often leads to self-destruction. We  
know of no remedy for dyspepsia more  
effective than Hood's Sarsaparilla. It  
successfully treats the stomach and other organs,  
removes the joint feeling, creates a good ap-  
petite, cures headache, and refreshes the  
burdened mind. It will do you good.

There is no danger of an overproduction  
of good fruit in this valley, and our land  
owners who do not grasp the situation are  
blind to their own interests, and can not  
see farther than their own noses. If they  
will take the trouble to go over and look  
at Mrs. Casad's apple orchard and on  
their way back walk through Judge  
Wood's rows of mountain Rose peach,  
they will have to be very dull of compre-  
hension if they do not see the opportunity  
awaiting them. The Mesilla valley is all  
right. What we want is for more of our  
people to wake up and make use of the  
advantages and opportunities awaiting the  
expenditure of a little money, some hard  
work and a fair amount of common  
sense.—Crucis News.

A sound Legal Opinion.  
E. Bainbridge, Munday esq., county  
attorney, Clay Co., Texas, says: "I have  
used the Electric Bitters with most happy re-  
sults. My brother also was very low with  
malaria fever and jaundice, but was cured  
by timely use of this medicine. Am satis-  
fied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave,  
Ky., adds a like testimony, saying he  
positively believes he would have died  
had it not been for Electric Bitters.  
This great remedy will ward off, as well  
as cure all malarial diseases, and for all  
kidney, liver and stomach disorders  
stands unequalled. Price 50c and \$1 at  
C. M. Creamer's.

COMING EXCURSION.

The First of the Joint Colorado Visi-  
tions on Friday Next.

The first of a series of excursions from  
Colorado points will leave Denver for  
Santa Fe to-morrow night, arriving here  
at 7:45 on Friday night. This is an en-  
terprise in which the D. & R. G. and  
Santa Fe Southern are jointly interested  
with the A. T. & S. F., the excursionists  
coming in over the narrow gauge line and  
going home any time within ten days over  
the A. T. & S. F. road via La Junta. The  
rate is just one-half the ordinary fare, and  
stopovers are allowed returning at all  
stations within the Mexican grant. The  
route from Denver is \$17.80 for the round  
trip; from Colorado Springs \$14.80; Mani-  
tous \$15.10; Pueblo \$13.15.

The object of these excursions is to  
cement the already pleasant relations  
existing between the people of Colorado  
and New Mexico, especially the business  
men, and to give land prospectors and  
capitalists an opportunity to see New  
Mexico and examine into her wondrous  
natural resources. It therefore behooves  
the people of this city to exert themselves  
in order to make the stay of these visitors  
both pleasant and profitable. Every busi-  
ness man in this community should con-  
sider it his special duty to extend cour-  
tesy to these strangers. Civility is not  
costly and if our people will take the  
strangers in hand and show them Santa  
Fe and her resources; her modern growth  
and her needs to make her a flourishing  
and beautiful city, the task will not only  
be rewarded a hundred fold and to the  
mutual benefit of everybody interested.

STATEHOOD MATTERS.

Drave Words from Valencia—Gossip  
About the Coming Convention.

At the Valencia county convention to  
elect delegates to the state constitutional  
convention, which convenes in Santa Fe,  
September 3, the following resolutions  
were unanimously adopted:

We, the representatives of the Republi-  
can party of the county of Valencia, in  
convention assembled, hereby affirm our  
allegiance to the United States of America  
and to the glorious and ever-existing prin-  
ciples of the Republican party, which in-  
cludes the principle of perpetuating the  
integrity of the union.

That it is the sense of this convention,  
having met for the purpose of nominating  
six delegates to represent the county of  
Valencia at the constitutional convention,  
which is to meet at Santa Fe, on the 3d  
of September, 1889, to vote, earnestly in-  
vite all good citizens of New Mexico to  
join in the selection of such persons,  
who are deserving of the public confidence  
on account of their capacity, intelligence  
and integrity.

That the Republican party has hereto-  
fore been and is now the party of reform,  
economy, enlightenment, civil liberty,  
intelligence and good government, and  
that by the selection of good and tried men  
from that party alone for delegates is the  
only hope for the future of New Mexico.

That as the constitution of the United  
States, the grandest instrument ever  
drawn by mortal man, was the result of  
intelligent compromises between men of  
the different religious  
creeds, and that in those particulars it  
has stood the test of time and proven the  
wisdom of Washington, Jefferson, Adams,  
Archbishop Charles Carroll, of Carrollton,  
and their illustrious associates, it is our  
duty and we so declare it, that the consti-  
tution of the future state of New Mexico  
shall provide that every citizen may  
worship Almighty God according to the  
 dictates of his own conscience.

It shall also provide for free non-sectar-  
ian public schools.

It shall also provide for an intelligent  
system of revenue and expenditures of  
the public funds, and a limited public  
debt, not to be increased under any cir-  
cumstances whatever unless such increase  
be first submitted to the popular vote of  
at least two-thirds thereof.

That it shall further provide for the  
equal taxation of all the people and of all  
the different interests.

That primogeniture shall never prevail.  
That a full and complete bill of rights  
on the most advanced principles of lib-  
erty shall be provided for.

That the government of the future state  
shall be divided into three distinct, sepa-  
rate and independent departments, the  
legislative, executive and judicial, and  
fully defining the power of each.

That polygamy shall always be a crime.  
That the Republican party of the county  
of Valencia pledge their sacred honor  
to use all their best efforts to obtain the  
election of the delegates nominated this  
day, and that they will work without  
ceasing to that end.

Respectfully submitted,  
J. E. CRUCE, Chairman,  
John de Jesus Romero,  
E. A. DOW,  
SILVESTRE MIRANDA,  
PLACIDO SALAZAR Y OTERO.

MAY BE MAINTAINED.

The Lincoln county board of commis-  
sioners have refused to obey the law  
whereby it is directed that a special  
election be held in every county to elect  
delegates to the state constitutional con-  
vention. They have declined to issue a  
proclamation calling such special election,  
appoint officers of election and name pol-  
ling places to carry out the law. This  
action was communicated to Gov. Prince  
yesterday by a number of prominent re-  
sidents of Lincoln county, and the govern-  
or at once laid the matter before the acting  
attorney general, R. E. Twitchell. As a  
result Mr. Twitchell to-day telegraphed  
District Attorney Wade at Las Cruces,  
requesting him to make application in Judge  
McFie's court for a writ of mandamus  
directing that the Lincoln county board  
comply with the law and call this special  
election.

BRIEF MENTIONS.

The Santa Fe county convention to  
nominate six delegates to represent this  
county in the constitutional convention  
will meet at the court house on Saturday  
next.

The Rio Arriba county convention to  
nominate delegates to the state constitu-  
tional convention, met at Tierra Amarilla  
on Monday. The result is expected by mail  
to-night.

Judge McFie has received for his official  
approval the bond of Wm. P. McClure, of  
Silver City, who was recently appointed  
agent for the Pueblo Indians at Santa  
Fe.—Crucis News.

The New Mexican is informed by pri-  
vate letter that Messrs. Theodore W. H.  
Hunt, of Clinton, N. Y., and S. S. Terry, of Lin-  
coln, and Chas. B. Edly, of the Peos,  
will represent Lincoln in the state consti-  
tutional convention.

The Bernillo county Republican com-  
mittee will meet in this city next Sat-  
urday for the purpose of filling the vacancy  
occasioned by the declination of Mr. Field,  
Democrat, to serve as a delegate to the  
constitutional convention.

TITCHING AGONIES.

Every Night I Scratched until the Skin  
was Raw.

Body covered with scales like spots of  
mortar. An awful suppuration. Doctors  
helpless. Cure hopeless. Entirely cured  
by the Cuticura Remedies in five weeks.

I am going to tell you of the extraordinary  
change our Cuticura Remedies effected in  
me. About the 1st of April I noticed some  
red pimples like coming out all over my body,  
but thought nothing of it until some time later,  
when it began to look like spots of mortar  
spotted out, and which came out in layers,  
accompanied with itching. I would scratch every  
night until I was raw, then the next night the  
scales, being formed underneath, were scratched  
off, and I was left with a raw, bleeding surface.  
In all hope of recovery, I happened to see an  
advertising notice in the newspaper about the  
Cuticura Remedies, and purchased them with  
my dollar, and obtained almost immediate re-  
lief. I began to notice that the scales gradually  
dropped off and disappeared one by one,  
and I have now been cured. I had the dis-  
ease thirteen months before I began taking the  
Cuticura Remedies, and in four or five weeks  
I was entirely cured. My disease was eczema,  
or psoriasis. I recommended the Cuticura Re-  
medies to all my family, and I know of a great  
many who have been cured by them. I have  
many letters from people who have been cured  
of their skin diseases. I can not express in words  
the thanks I owe to the Cuticura Remedies.  
I have been cured. My body was covered  
with scales, and I was in great agony. I  
now am as healthy as a girl, and clear as a  
baby.

Now and then I get a little more, but I  
February 7, 1889.—No trace of the disease from  
which I suffered has shown itself since my cure.  
—J. E. CRUCE, Silver City, N. M.

Cuticura Remedies  
Cure every species of itching, humbling,  
burning, scaly and pimply diseases of  
the skin, such as eczema, with loss of hair, from  
pimples to scurf, except possibly ichthyosis.  
Sold everywhere. Price 25c. Prepared by the  
Dana & Chemical Company, Boston.

This powder never varies. A barrel  
of pure, strength and softness.  
It is a complete cure for all  
kinds of cakes, and can not be  
beaten in competition with the  
softest and most tender of flour.  
Sold only in bulk. Royal Baking  
Powder Co., 100 Wall Street, N. Y.

Words can not express the gratitude  
which people feel for the benefit done  
them by the use of Ayer's Sarsaparilla.  
Long standing cases of rheumatism yield  
to this remedy when all others fail to  
give relief. This medicine thoroughly  
expels the poison from the blood.

Sale of Bonds.

LOS LUCAS, N. M., County of Valencia,  
July 16, 1889.—I will receive bids until  
August 12, 1889, for the sale of the whole  
county of Valencia, for the purpose of  
any part of \$25,000 of Valencia county  
current expense bonds, redeemable at the  
pleasure of said county in ten years, and  
absolutely due and payable thirty years  
after the date hereof, with interest there-  
on at the rate of 6 per cent per annum.  
The right to decline any or all offers is  
reserved. By order of board of county  
commissioners.

CARLOS BACA, Probate Clerk.

U. S. COURT HOUSE, ETC.,  
Santa Fe, N. M., July 16, 1889.  
Sealed proposals will be received until  
12 o'clock m., July 23, 1889, for furnish-  
ing fuel, light, water, ice, miscellaneous  
supplies, washing tools, hauling ashes  
and sprinkling streets required by this  
building during the fiscal year ending  
June 30, 1890. Particulars on application.  
J. P. McCHESNEY, Custodian.

Ladies who value a refined complexion  
must use Pizzoni's Powder—it produces a  
soft and beautiful skin.

Notice.

Just received, a fine lot of Melling  
and the finest Glass Front Doors ever  
brought to Santa Fe. We keep all kind of  
Lumber, Sash, Door Mouldings, Cement,  
Plaster, Bricks, Kitchens, Hair, Metal  
Band Roofing. Any person can call on  
his own roofing; the best roof out. Call and  
see us. Prices reasonable. Dwyer &  
Bear.

Why Will You

Cough when Shiloh's Cure will give  
you immediate relief. Price 10c., 50  
cts., and \$1. C. M. Creamer.

Fulton Market

supplies the daily wants  
of the housekeeper with the best Califor-  
nia fruits, vegetables and fresh fish.

Cataract Cured

Health and sweet breath secured by  
Shiloh's Cataract Remedy. Price fifty  
cents. Nasal Injector, C. M. Creamer.

Announcement of the Territorial Medical

Examining Board.  
The annual meeting of the territorial  
medical examining board will be held on  
Tuesday, the 23d of July, 1889, at Las  
Vegas, for the election of officers and ex-  
amination of candidates for license.  
E. C. HENNINGSEN, M. D., President.  
W. EGGERT, M. D., Secretary.

Will You Suffer

With dyspepsia and liver complaint?
