CHAIRMAN HILLES SEES RUIN TO COUNTRY IN DEMOCRACY

Head of Republican National Committee Issues Warning Against Voting for Governor Wilson and His Party.

THIRD PARTY MEN PLAYING TO ENEMY

Radical Control in Congress Would Bring Dire Results is Opinion of Young Campaign Manager.

(By Morning Journal Special Leased Wire.)

Hilles, of the republican national committee, after a day with President Taft and New England leaders, issued a statement tonight taking issue with Governor Woodrow Wilson and declaring that his views on free trade and protection were to be measured by the effect upon business conditions.

"I see it is intimated by Governor Wilson that the republican party is trying to evade discussion on the tariff. It seems to me that in that respect the boot is on the other leg. I have yet to find in any of the democratic speeches a clear definition of what they propose to do in regard to the tariff if they control the government. There have been a great many platitudes talked and promises expressed, but it has not yet been pointed out how they propose a revision of the tariff to a 'revenue only' point without injury to existing industries.

"I think it is becoming clear to the business community and the working man that wasting their votes upon the third party candidates is just as dangerous to the preservation of the protective principle as voting directly for the opposition candidates. It seems to be the purpose of the third party management to defeat, not only the republican national ticket, but republican candidates for congress by skimming off just enough votes for their own candidates in every state and district to wipe out existing republican majorities. The effect of this policy would be appalling if it should succeed. It would result in the return of free trade democrats to congress from district after district now represented by republicans. So far as the plan succeeds there would not be left in congress a corporal's guard of members friendly even to a moderate degree of protection.

"This is the road along which the third party candidates are seeking to lead the country, not merely the defeat of a worthy republican president, but turning the country over, bound hand and foot, to the mercies of a radical majority, which would be too powerful to be influenced even by its more sober and conservative elements.

"Former republicans who vote for the third party candidates are voting for this policy, but from the reports which are reaching me from day to day, I am satisfied that most of them are beginning to understand the danger and are turning back from the brink of the precipice."

TURKISH SOLDIERS SLAUGHTER OLD AND YOUNG

London Hears of Bloody Massacre on Island of Samos; Concentration of Troops at Adrianople Arouses Suspicion

(By Morning Journal Special Leased Wire.)

London, Sept. 26.—A dispatch to the Times says the Turkish troops in the island of Samos got out of hand today and killed many women and children.

It was announced tonight that the port had postponed the maneuvers in Adrianople in favor of divisional maneuvers in the six divisional centers of Macedonia and in four Adrianople and Constantinople districts. The Bulgarian minister to Turkey asked for an explanation of the concentration of Turkish troops in Adrianople, according to a Constantinople dispatch to the Daily Telegraph. He was informed that they were there merely for maneuvers.

DR. DYKE TELLS OF DIVORCE CAUSES

Washington, Sept. 26.—Technical causes upon which divorces are granted, and seldom the real causes, declared Rev. Dr. Samuel W. Dyke, secretary of the National League for the Protection of the Family, in speaking today to the international

congress of Hygiene and Demography, at Amherst, Mass., and social pleasures he classed as a leading cause of divorce with unwillingness to bear children, influence of sex vices, influence of property and quarrels over its distribution, inadequate wages and unwholesome food as other causes.

\$35,000,000 WANTED FOR MISSISSIPPI

Memphis, Tenn., Sept. 26.—An appropriation of \$35,000,000 in five equal annual installments is asked of congress for the completion of a levee system along the Mississippi river, in resolutions adopted by the Interstate Levee Association, which concluded its annual convention today. Colonel Roosevelt addressed the convention this morning.

WINSTON CHURCHILL BULL MOOSE CANDIDATE

Concord, N. H., Sept. 26.—Winston Churchill, of Cornish, the novelist, was nominated for governor by the progressives here today and a platform largely confined to national issues was adopted.

CHINA TO PLACATE SIX POWER BANKS

Peking, Sept. 27.—A presidential order has been issued appointing Chen Chin Tao, chief of the new auditing department. He formerly was vice president of the board of finance and is now in the United States. His appointment is intended to inspire confidence abroad. This is considered another effort on the part of the government to avoid the six-power supervision and to escape foreign control.

APPALLING LOSS OF LIFE FROM TYPHOON

Tokio, Sept. 26.—The loss of life and property in the recent typhoon was appalling, according to reports from persons arriving from the provinces. Where the full fury of the typhoon was centered nothing has been left standing. Whole villages have collapsed, temples, schools, houses and theaters have been wiped out and in some places forests have disappeared.

BREASTPLATE WORN BY SNEED SHOWN IN COURT

Testimony is Concluded in the Habeas Corpus Case and Arguments by Attorneys Begin This Morning.

(By Morning Journal Special Leased Wire.)

Amman, Sept. 26.—Taking of testimony in the habeas corpus proceeding in behalf of John Neal Sneed, accused of the murder here September 14, of A. G. Boyce, by shooting, was ended late this afternoon, and at adjournment of court it was announced that arguments would be heard tomorrow morning.

John Blanton, alleged to have acted as Sneed's bodyguard in the last six months was the last witness. Portions of the evidence in the trial of Sneed at Fort Worth for the killing of A. G. Boyce, Sr., were admitted as evidence. A suit case was identified as Sneed's and left by him in a room which he had occupied for several days prior to the killing of the younger Boyce here, was introduced by the prosecutor together with the coat, which included a metal breastplate and a black false mustache.

An indictment charging murder was returned today against Beach B. Epping, arrested several days after the Boyce killing as the alleged accomplice of Sneed.

WASHINGTON STATE DEMOCRATS ACTIVE

Seattle, Sept. 26.—Hugh C. Todd, of Seattle, was elected today chairman of the democratic state central committee, following the meeting of the committee, the campaign was opened with a public reception to the party nominees under the auspices of the democratic women's state organization and a mass meeting in the coliseum tonight. Mrs. Martha A. Monroe, nominee for superintendent of public instruction, was one of the speakers.

GOVERNMENT AFTER MINE PROMOTERS

Cleveland, O., Sept. 26.—It was learned tonight that Postal Inspector Edland Clement is on the Pacific coast with warrants for James and R. F. McNicholas, brothers, charged with having used the mails wrongfully in promoting mines in Oregon and Idaho. The brothers are said to have sold stock in several other mines in the west during eight years. They maintained offices in Cleveland until two years ago.

TAFT AND WILSON MEET IN HOTEL AT BOSTON BY ACCIDENT

Democratic Candidate for President Pays Respects to Chief Executive Who is His Rival for Election.

INCONVENIENCES OF CAMPAIGNING DISCUSSED

Greeting, Which Proves Mutually Cordial, Confined to Talking of Strenuousness of Speechmaking Tours.

(By Morning Journal Special Leased Wire.)

Boston, Sept. 26.—President Taft and Governor Wilson met for the first time since the campaign started, at a hotel here tonight. They greeted each other heartily and chatted for several minutes.

It was Governor Foss, of Massachusetts, who brought the two candidates together, after the banquet of the International Chamber of Commerce, where the president had made a speech. Governor Wilson had arrived half an hour earlier to spend the night at the same hotel and expressed a desire to pay his respects to the president.

The corridors of the hotel were jammed with men and women who had attended the banquet and the democratic candidate made his way with difficulty, shaking hands as he went to the elevator and visited the president in the latter's room.

Governor Foss and Major R. E. Green, of the staff, escorted the New Jersey governor to the president. The governor and the president exchanged greetings and both laughed heartily about the difficulties of campaigning.

The president inquired of the governor how his voice was holding out, and the democratic candidate in answering said:

"Very well considering the way the campaign committees impose upon the personal comfort of candidates."

The president with a smile, said:

"There are only three other living men who can sympathize with you in these strenuous days of campaigning. Mr. Roosevelt, Mr. Bryan and myself."

Governor Wilson replied that it would not be so bad if campaign committees did not insist on making the candidates speak everywhere and travel so much.

With a hearty handshake, the two men parted, the president to go to his summer home at Beverly and Governor Wilson retiring to his room.

TAFT DEFENDS HIS POSITION ON CANAL

London, Sept. 27.—The Times this morning publishes a message which its correspondent obtained from President Taft with reference to Panama. The message follows:

"It seems to me an unfair argument to charge a man with being in favor of dishonoring treaty obligations when he asserts that his government never entered into such a treaty obligation. It is not competent to charge dishonor before it has been established that we violated the treaty."

"I gave notice that I held to this construction of the Hay-Pauncefote treaty in my message to congress a year ago and no suggestion that my construction of the treaty was at fault was made until the canal bill had almost reached its final passage."

JARVIS GOT \$6,892 AS RAKE OFF IN COAL

Tacoma, Wash., Sept. 26.—In the trial of C. E. Houston and John H. Bullock, charged with conspiracy to defraud the government on Alaska coal contracts, H. J. Douglas, formerly auditor of the Northwest Commercial Company, of which the late Captain Jarvis was treasurer and manager, testified today that Jarvis had once explained to him that a \$6,892 item represented the "rake off" on a government coal contract. Captain Jarvis, Houston and Bullock are alleged by the prosecution to have acted in collusion in bidding for the contract to supply the government forts in Alaska.

WOMAN'S HAIR MAY BE CAUSE OF DEATH

Pittsburg, Kan., Sept. 26.—Mrs. A. W. Miller, of Denver, was fatally injured here this afternoon when her horse she was driving, ran away. Mrs. Miller fell out of the buggy, her hair catching in a wheel. In this condition she was dragged several blocks. After the horse was stopped and before medical aid arrived, some one stole her gold watch and purse containing \$17. Mrs. Miller is in the hospital here and there is little chance for her recovery.

COLORADO ASKED TO ELECT SENATOR TO HELP, OUT DEMOCRATS

Fear is Expressed That No Candidate for President of United States may be Elected by Electoral College Vote.

HOUSE IS DEADLOCKED BETWEEN PARTIES

Should Centennial State Have Full Quota of Toga Wearers? It is Possible Marshall Might Win.

(By Morning Journal Special Leased Wire.)

Denver, Sept. 26.—Governor Shafroth admitted today that he has been urged by state and national leaders of the democratic party to call an extra session of the legislature to choose a United States senator for the seat left vacant by the death of Charles J. Hughes, Jr. At the last regular session the legislature failed to elect one senator.

"I am not ready to announce whether I shall call an extra session," he said. "I shall cross the bridge when I come to it."

Democratic leaders, it is said, are anxious to have Colorado fully represented in the senate, in view of the possibility that no candidate for the presidency will secure a majority vote in the electoral college. In case the choice of a president should be thrown into the house, the vote by states, as provided in the constitution, might not give any of the three leading candidates a majority. In that case, the vice president chosen by the senate would be president. But the present senate was not able to elect a president pro tem. A democratic senator from Colorado would help to break the deadlock in case a vice president should have to be elected. The Colorado legislature is democratic.

"I would prefer to be shot against a wall in Mexico rather than accept amnesty," declared Colonel Jose Cordova, General Orozco's chief advisor and secretary. "Nor did the suspension of guarantees have an effect on the revolution. Then what effect can the second offer of amnesty have? It merely means that the revolution is running along as a huge human river."

Colonel Cordova and Colonel Orozco are held on charges of murder, preferred by the Mexican government with intent to extradite for trial in Mexico. They were arrested by United States troops after their flight from Ojinaga, and since held on charges preferred by the Mexican consul here.

STRIKE SITUATION IN UTAH MAY CONTINUE

Four Hundred Deputies Preserve Order at Bingham; Manager Expects to Resume Operations at Mines.

(By Morning Journal Special Leased Wire.)

Bingham, Utah, Sept. 26.—Deputy Sheriffs Axel Steele and A. A. Burton arrived here today to take charge of the 400 deputies now on duty and under conditions peaceful. The copper miners on strike continue to strengthen their organization and obtain promises of support for the union.

J. E. Fredericks, business agent for the Railway Switchmen's Union of America, announced tonight that a big meeting of the switchmen would be held tomorrow, to which members of all other unions have been invited. Plans to force the issue regarding a settlement are to be discussed.

The miners seem to fear a tie-up of indefinite duration more than an attempt to resume work with strike breakers, but their leaders say there will be no defections from the ranks. General Manager D. C. Jackson said today that, despite reports to the contrary, he has not changed his plans to resume operations as soon as he is sure of complete protection for the employees. He has refused to consider overtures for a conference with the strikers regarding a settlement.

ELY MINERS BEGIN ACTIVE UNION WORK

Ely, Nev., Sept. 26.—Several organizers for the Western Federation of Miners have arrived in this district and more will arrive tonight, according to President Moyer. Union leaders say that nearly all of the foreign laborers have agreed to join the union and claim that the entire district will be unionized within two weeks. They are inclined to credit a rumor that the Nevada Consolidated Company will announce a general advance of wages of 25 cents a day on October 1st, but declare that this will not avert a strike if strikebreakers are taken to Bingham, Utah.

CAMPAS' CRUELITIES TOLD BY AMERICAN

Nogales, Ariz., Sept. 26.—The first details of Emilio Campa's operations in the Altar district were brought here today by F. E. Hawksworth, of Los Angeles, who has charge of a placer mine in the Las Palomas field.

The capture of the town of Altar by Campa was effected after a battle lasting eight hours, according to Hawksworth, and in which Campa lost twelve killed and wounded. Only one of the defenders was killed, but after taking the town Campa killed five men and women.

Hawksworth was compelled to drive his automobile 150 miles with several of Campa's wounded men and some

MEXICANS REFUSE AMNESTY EXCEPT WITH MADERO'S RESIGNATION

All Propositions Looking to Liberation of Rebels from Jail Are Rejected by Prisoners Held by United States.

MUST CONTINUE TO FIGHT FOR FREEDOM

Colonel Pascual Orozco, Sr., and Secretary Cordova Indignantly Spurn Offer Made by Federal Government.

(By Morning Journal Special Leased Wire.)

El Paso, Tex., Sept. 26.—Prominent Mexican revolutionists held in jail here for extradition to Mexico, today declared that they would accept no freedom carrying with it the moral obligation to lay down their arms against the Madero government. Seen by the Associated Press through the barred windows of the jail, they declared that they would not accept the amnesty, or the opportunity to lay down arms with pardon, as offered yesterday by President Madero.

"I would accept no amnesty if it removed the charge holding me in this jail and allowed me to go free but with the obligation to refrain from fighting for Mexico," said Col. Pascual Orozco, Sr., father of the leader of the Mexican revolution in the north. Similar protests were heard from various other revolutionists in the jail.

"I would prefer to be shot against a wall in Mexico rather than accept amnesty," declared Colonel Jose Cordova, General Orozco's chief advisor and secretary. "Nor did the suspension of guarantees have an effect on the revolution. Then what effect can the second offer of amnesty have? It merely means that the revolution is running along as a huge human river."

Colonel Cordova and Colonel Orozco are held on charges of murder, preferred by the Mexican government with intent to extradite for trial in Mexico. They were arrested by United States troops after their flight from Ojinaga, and since held on charges preferred by the Mexican consul here.

OROZCO HAS BIG SUM SALTED DOWN IN EUROPE

Tucson, Ariz., Sept. 26.—Pascual Orozco has more than a million dollars in European banks as a result of his revolutionary activities according to a statement made today by General Emilio Campa. General Inez Salazar also has amassed a fortune according to Campa, who was severe in his denunciation of his former comrades in arms.

Campa denied that his coming to the United States was a result of an agreement with Orozco and Salazar to provide a test case in the United States courts, they to follow his example should the United States government refuse to prosecute or extradite him. Mexican officials here declare they have positive knowledge of such an agreement.

"I have not murdered and looted as they have done," said Campa. "They have just been out for the money, while I have been fighting for a cause."

REBEL BANDS LOOT RANCHES IN SONORA

Campes, Mexico, Sept. 26.—Jose Torres and a band of twenty rebels, looted the Nogales ranch of the Cananea Cattle Company, twenty miles west of Cananea Tuesday. They forced J. Thompson and William Smith, Americans, to cook a meal for them and when they left, took with them ten horses and all of the provisions and arms at the ranch. Torres said he was going to the Sierra Azul mountains where he had 300 men, Torres was a former saloon keeper at Cananea. He was apparently in ignorance of Emilio Campa, as he said he intended to join Campa's rebels in an attack on Cananea.

Another band of rebels looted the camp of the Cananea Eastern Mining Company, 20 miles southeast of here, taking all the provisions and explosives in the camp.

Private George Brown, of the Fourth United States cavalry, who is accused of the murder of Assistant Chief of Police Valle, of Naco, Sonora, was brought here today.

CAMPAS' CRUELITIES TOLD BY AMERICAN

Nogales, Ariz., Sept. 26.—The first details of Emilio Campa's operations in the Altar district were brought here today by F. E. Hawksworth, of Los Angeles, who has charge of a placer mine in the Las Palomas field.

The capture of the town of Altar by Campa was effected after a battle lasting eight hours, according to Hawksworth, and in which Campa lost twelve killed and wounded. Only one of the defenders was killed, but after taking the town Campa killed five men and women.

Hawksworth was compelled to drive his automobile 150 miles with several of Campa's wounded men and some

titles, Campa enforcing his demands for speed by striking the American in the face with a quirt.

After the rebels attacked Altar they went to Cananea, 21 miles west, which was taken without resistance and looted. Campa left Cananea via the American line via Phoenix, which also was plundered. Hawksworth was compelled to go with the main party under command of Lieutenant Escobedo. At the outskirts of Bolado they learned that the rebels were guarding that town and the rebels made a night trip to the Sierra Colorado mine. Hawksworth was then sent to Chienega and allowed to go home.

Campa, according to the American, made a violent anti-American speech on the plaza of Altar, in which he said he would kill Americans to bring about intervention.

SALAZAR REPORTED IN SOUTHERN CALIFORNIA

Douglas, Sept. 26.—General Salazar, suffering with gunshot wound in his right shoulder, is now in southern California, according to information which reached American and Mexican officials here today. Salazar is said to have crossed the line in the vicinity of Douglas several days ago, and after remaining in seclusion for a day, took a train for Los Angeles, where he is said to have relatives.

The rebel leader is believed to have abandoned his revolutionary activities after his decisive defeat on September 19 by Colonel Obregon. An American, who arrived today from the Santa Terza mine, reported that on the day following the battle 150 of Salazar's men looted the camp. Between 40 and 50 of them were wounded.

El Tigre Company has recovered all but one of the 21 bars of silver bullion stolen from the mine by Salazar two weeks ago. The twenty bars, valued at nearly \$25,000, were found scattered about within ten miles of the camp.

INSURRECTOS CUT OFF RAILROAD FROM INTERIOR

Juarez, Sept. 26.—By burning a large trestle on the Mexican Northern Railway today, rebels paralyzed all traffic with the interior of Mexico from this point, the Mexican Central railway not having been repaired. All was reported as quiet to night at Juarez, above which American lumbering center the rebels burned the largest bridge on the railway in face of the federal garrison at Casas Grandes.

There are more than 1,000 American men, women and children at Juarez. Officials of the railway have ordered the immediate repair of the structure, although there are many bands of rebels operating in the neighborhood, and federal troops are doing no police duty along the line.

WILSON'S CAMPAIGN MUST HAVE MUCH MORE MONEY

Only \$298,750 Received by Treasurer to Date; \$750,000 Necessary to Make Effective Fight This Year.

(By Morning Journal Special Leased Wire.)

Washington, Sept. 26.—Total contributions to date of the democratic campaign fund amount to \$298,750. It was announced tonight by Henry Morgenthau, chairman of the democratic national finance committee. Of this sum, he said, \$206,088 has been expended and while the national committee feels encouraged over the contributions received, there is urgent need of not less than \$750,000 additional to pay legitimate expenses.

"The feeling of confidence throughout the country in the success of the Wilson and Marshall ticket is hurting us in a financial way," said he. "We have received contributions from 17,116 persons," he continued, "and every state in the union has been heard from."

The states credited with the largest amounts are New York, \$108,384; Pennsylvania, \$119,548; Illinois, \$114,422; Missouri, \$94,470; New Jersey, \$5,012; Wisconsin, \$9,125; Louisiana, \$5,445; Virginia, \$5,492; Washington, \$5,824; Alabama, \$5,028; Texas, \$4,392.

Contributions of \$1,000 or more from individuals since the first was published two weeks ago are: Supreme Court Justice Gerard, New York, \$12,000; Samuel Untermyer, \$10,000; David W. Heyman, New York, \$10,000; Elkus, New York, \$10,000; J. C. Mayo, Kentucky, \$10,000; Rogers, Chicago, \$10,000; Charles R. Smith, Wisconsin, \$5,000; S. M. Jarvis, New York, \$2,500; J. McNeill, Kentucky, \$2,500; Ralph Pulitzer, New York, \$2,000; and \$1,000 from each of the following:

George A. Guthrie, Vance, McKean, Pennsylvania; Delaney, New York; Robert B. Vancouver, Robert B. Hays, William B. Hornblower, Anne Eric, Cornelius Fugassy, Fredrick Allen, Charles Strauss, New York; John T. Murphy, Thomas D. Lockwood, Buffalo, N. Y.; Edward Mendonhouse, Texas; Henry W. St. George Tucker, Virginia; John Boardman, Chicago.

Chink Arrested for Embezzlement. San Francisco, Sept. 26.—Hon. J. L. Low, and recently secretary of the Young China association of this city, is in the city prison accused of having embezzled \$5,000. Officials of the association said Low had collected large sums for the cause of New China and had not turned in all the money. The arrest was made by another Chinaman.

NEWSPAPERS MUST GIVE ACCURATE STATEMENT OF CIRCULATION

Attorney General Wickersham Gives Postmaster General Hitchcock Lengthy Opinion Regarding Requirements.

FAILURE TO COMPLY HEAVILY PENALIZED

Should Publisher Not Give the Facts as Required His Publication May be Excluded from United States Mails.

(By Morning Journal Special Leased Wire.)

Washington, Sept. 26.—Attorney General Wickersham today sent to Postmaster General Hitchcock a written opinion on the requirements of the new federal law requiring daily and weekly newspapers and some other publications to present to the postmaster general semi-annual sworn statements of circulation, ownership of their stocks and bonds and other information, under penalty of denial of the use of the mails.

The attorney general upholds the postmaster general's construction that it is immaterial whether subscriptions are individual or in bulk, and that the provision of the law covers the number of copies of a publication distributed to certain paid subscribers by any means.

Mr. Wickersham's opinion, prepared at the direction of President Taft, does not touch upon the constitutionality of the law, which is part of the postoffice appropriation bill enacted at the last session of congress.

Mr. Hitchcock inquired whether the law "shall be limited to paid individual subscriptions or shall include purchases in bulk by news agents or others for redistribution, also whether in your opinion the provision covers paid circulation of daily newspapers not distributed through the mails."

Attorney General Wickersham replied categorically, indefinitely to these inquiries, holding that:

"First. It is immaterial whether the subscriptions are individual or in bulk. The statement should include the average of the number of copies of each issue of such publication sold or distributed to all persons who have subscribed, that is, have agreed to take and pay for one or more copies of the publication for a definite period of time, and have paid for such subscriptions and.

"Second. In my opinion the provision covers the number of copies of such publication distributed to such paid subscribers by any means, whether by the mails or otherwise."

"We shall administer the law justly and impartially, as we find it," said Mr. Hitchcock today. "The opinion by the attorney general upholds the construction placed upon the law by officers of the postoffice department, we have no alternative; we must enforce it."

"Today we are beginning to mail to 125,000 editors, publishers and others interested, forms to be filled out in compliance with the law. These will reach their destinations by October 1st, when the law becomes effective. Under the act they must be filled out and returned as soon as practicable. In the event of failure to comply with the provisions of the law, publishers may be liable to the penalties provided by congress."

Attorney General Wickersham's opinion starts out with a review of the law itself and the questions raised by the postmaster general. He refers to the provision requiring a sworn statement of subscriptions and writes as follows:

"The provision is highly penal in its nature, as a consequence of failure to comply with it is punished by denying to the publisher the privilege of being carried in the mails, and the privilege of being carried in the mails at all. Being, therefore, in derogation of common right, the provision should not be construed to embrace anything more than facts clearly within its terms and by those terms the requirements of the statement are limited to the 'average of the number of the copies of each issue of such publication sold or distributed to paid subscribers during the preceding six months.'"

Then Mr. Wickersham goes on to an extended discussion of the verb "to subscribe," and holding that it has definite meaning in both a legal and popular sense, quotes extensively upon its definitions from the Century dictionary and encyclopedia, the Standard dictionary, and a decision in the case of Ashton versus Story, 96 Iowa, 197, 301, 84 N. W. Rep. 804, in which it was held that "to become a subscriber to a newspaper includes some voluntary act on the part of the subscriber, or something which is in effect an assent by him to the use of his name as a subscriber."

"Thus," holds the attorney general, "a subscription to the capital stock of a corporation implies an agreement to take and pay for it. But if the steps taken, although informal, are treated by the corporation and the subscriber as sufficient, they will be treated as binding. (Cressy vs. Cook, 67 Kansas, 344.)"

"The attorney general upholds the postmaster general's construction that it is immaterial whether subscriptions are individual or in bulk, and that the provision of the law covers the number of copies of a publication distributed to certain paid subscribers by any means."

Mr. Wickersham's opinion, prepared at the direction of President Taft, does not touch upon the constitutionality of the law, which is part of the postoffice appropriation bill enacted at the last session of congress.

Mr. Hitchcock inquired whether the law "shall be limited to paid individual subscriptions or shall include purchases in bulk by news agents or others for redistribution, also whether in your opinion the provision covers paid circulation of daily newspapers not distributed through the mails."

New York, 8-1; Boston, 3-0.
New York, Sept. 26.—New York clinched the pennant here today, when it won both ends of a double-header from Boston. In the first game New York knocked out the Red Sox in three innings. Mathewson, who was hit by a home run in the first inning, pitched a good game, eight of Boston's ten hits being made in the last four innings.

Remarkable pitching of Denare, a recruit from Mobile, featured the second game. This was Denare's big league debut. He shut out Boston with seven scattered hits, issuing only one walk and fanned nine men. In two innings the visitors pitched him a good lead, eight of Boston's ten hits being made in the last four innings.

AMERICAN LEAGUE

Philadelphia, 3; Washington, 3.
Philadelphia, Sept. 26.—The first tie game of the season in this city occurred today when Washington and Philadelphia played to a standstill in nine innings, the game being called on account of darkness. Counts was hit hard in only one inning, the sixth, when the visitors scored all their runs. Only one hit was made off Hughes until the seventh when the home team bunched four singles. Johnson went to the rescue with two runs, one out and two bases occupied. An error by McPride and a wild pitch let in the run that tied the score.

Boston, 15; New York, 12.
Boston, Sept. 26.—Boston approached within one game of the American League record for games won in a season by winning from New York in a contest that developed into a farce. Boston has six games to play in which to better the record of 102 games made by Philadelphia two years ago. New York got away to a big lead by hitting Vandye and added runs at Papa's expense. Boston bunched hits in the fifth, sixth and eighth innings and won out. On account of darkness the game was called after eight innings.

NEW YORK GIANTS WIN NATIONAL LEAGUE FLAG

With Teams Which Will Contest in World's Series Decided, Manager McGraw Will Give Recruits a Chance.

(By Morning Journal Special Leased Wire.)
New York, Sept. 26.—The championship of the National league which for several days has been a matter of doubt only to mathematical sticklers, is now settled definitely in favor of the New York Giants, for a second successive year. All chances of the Chicago Cubs displacing the leaders were removed by New York's double defeat of Boston today, although at the same time the Cubs were defeating Cincinnati.

The standing with the pennant clinched by New York follows:

New York..... 99 44 .592
Chicago..... 98 51 .582
Pittsburgh..... 95 56 .561

New York and Chicago each have nine games to play before October 6th, the official ending of the season. Chicago could win all of its games and New York lose all without a displacement of the Giants.

Decks are now cleared for the world's championship series with the Boston Americans, beginning in New York, October 8th, and from now on Manager McGraw will undoubtedly use recruits so far as necessary to let the world's series principals ease up.

It is an interesting fact that, with New York clinching the pennant, its percentage of games won in the National league is 69.3, as compared with the Boston percentage in the American league to date of .692, showing that the two clubs have run an even race.

Leech fought Chavez from start to finish and it was conceded that Leech gave the local and hardy fight that Monte Alton. The fighting was furious from the beginning and the fans were well pleased with the 29.

Three good preliminaries preceded the main go. Herman Grant of Trinidad, knocked out Willie Ware of Pueblo, in the third round. Both boys are colored.

BORGAN STILL LEADING CARRY.
San Francisco, Sept. 26.—John Borgan, champion three-cushion billiardist of the world, was leading Joe Carney, 50 to 28, at the end of the fifty-third inning of tonight's game in their three-game match for 150 points.

(By Morning Journal Special Leased Wire.)
Columbus, Sept. 26.—John Dickerson, who last year won the Horse Review championship, repeated today with Atlantic Express, repeated today with Adlon, owned by C. H. Rudock, of New York, the winner was the first choice and landed in straight heats in the face of brilliant opposition from Brighton and Manrico.

Five heats were required to decide the free-for-all trot. During this race for which Eddie Archdale was the favorite, Grace reduced her own record to 2:04.3, and made a world's mark for a fifth, trotting heat, when she won the deciding mile in 2:06.3.

Don Pronto, following the first heat of the 2:05 pace in 2:02.3, made the fastest time of the week.

Mark's Mack was selected to win the 2:15 trot over fourteen other starters. He could not be kept always on a trot and generally finished in the back. This race will be resumed Friday.

Horse Review Futurity, three-year-old trotters, purse \$6,500. Adlon won; Brighton 2d and Manrico divided second and third money. Time, 2:08.3.

2:05 pace, purse \$1,200. Brannan, Baughman won; Don Pronto, second; Peter the Second, third. Best time, 2:02.3.

Free-for-all trot, purse \$1,200. Grace won; Eddie Archdale, second; Billie Burke, third. Best time, 2:04.3.

2:15 trot, \$1,200, 2 in 5 (unfished). Rainbow and Joan Arion each have two heats. Fifth heat tomorrow. Best time, 2:10.3.

To heat 2:11.3, trotting: Arion Bond won. Time, 2:11.

CHANCE RESENTS CHARGES MADE AGAINST CUBS

Sick in Hospital, Manager of Chicago Nationals Brands as False Murphy's Insinuations of Loose Living.

(By Morning Journal Special Leased Wire.)
New York, Sept. 26.—Frank Chance, manager of the Chicago Cubs, lying in a private hospital, still work from the effects of a recent operation, tonight made indignantly reply to charges by President Charles W. Murphy that loose living and training methods had lost the Chicago Nationals the 1912 pennant.

"I believe I have the best behaved ball team in either league," he said. "Most of these players take a glass of beer after the game and I consider that beneficial. None of my men ever take a drink in the morning or before a game. I made a rule this year that none of my players should smoke cigarettes and I think they have lived up to this rule."

"Murphy only thinks of the team when it is winning. The team for my sake plays harder when I am away than when I am with them. They want to finish in second place and so do I, and I want them to meet the White Sox in the post season series. These unjust charges of Murphy's will make it hard to accomplish either of these things, of course, his statement reflects upon me personally, and I have been in the business too long to allow Murphy or any one else to insult me. It is for this reason I make this statement at this time."

Chance will be back in Chicago in time to direct his club during the playing of the series with the Sox, if such a series is arranged.

MUST TAKE PLEDGE OR QUIT, DECLARES MURPHY.
Chicago, Sept. 26.—"If any member of the Cubs does not like the prohibition clause in our contracts and expresses his opposition, either privately or to the newspapers, I will ask him to go to trade him off," said Charles W. Murphy, owner of the Chicago National League baseball team today.

CHAVEZ HANGS THE INDIAN SIGN ON EDDIE LEECH

First Minute of Twelfth Round Sees Raton Bantamweight Floored for Final Count; Bout Fast and Furious.

(By Morning Journal Special Leased Wire.)
Trinidad, Colo., Sept. 26.—Reiny Chavez, bantamweight champion of the Rocky mountain states, tonight knocked out Eddie Leech in the first minute of the twelfth round. Leech was knocked cold in the eleventh, but the bell rang and the Raton boy showed his gameness by coming back for the twelfth, but as he had been badly beaten he was only able to stay the first minute before the referee put the final count on him.

MONEY RATES RULE STOCK MARKETS ON EXCHANGE

Call Money Opens at Six Per Cent, Makes Slight Rise and Falls to Five Per Cent; Harbors Score Big Advance.

(By Morning Journal Special Leased Wire.)
New York, Sept. 26.—Money rates governed today's stock market to an unexpected degree. The preceding day's flurry, when call loans rose to 7 per cent, the high rate of the year, served as a reminder that the steady outflow of cash from this center was again threatening a deficit in the small reserves of the clearing house banks. The opening rate today, 6 per cent, held steady until the late afternoon, when it advanced to 6 1/2 per cent, then declining, closing at 5 per cent. Time money was unchanged.

Stocks opened active and strong, with one point gain in Canadian Pacific, Great Northern Ore, Consolidated Gas and a few less prominent issues, while most of the specialties showed a moderate advance. Reaction, reading was the most striking exception, turning heavy soon after the opening.

United States Steel and Sinter were the conspicuous industrials, dealing in steel at a moderate advance comprising almost one-third of the first hour's large output, while Sinter rose two-thirds on circumstantial rumors of increased dividend prospects.

A wide range of stocks, including some of the high priced specialties, advanced two or three points, and at midday Harbors issues, especially Union Pacific, moved briskly on publication of August earnings. Profit taking and short sales caused a steady sliding of gains, however, until little was left at the dull and irregular close.

Union Pacific's net gain for August was \$362,000 and that of Southern Pacific, \$84,000, while Southern Railway and a few other roads reported annual increases for the same month.

A CHANDLER LADY TESTIFIES

Makes a Few Plain Statements Regarding Past Troubles, Which Are Very Interesting.

Chandler, Okla., — "For six years I suffered with severe pains in the pit of my stomach, back and sides," writes Mrs. Ella Flowers, from this place. "I tried several different medicines, but did not get any relief. When I first wrote you for advice, I thought I was past help, but can truthfully say that Cardui, the woman's tonic, relieved me at once. I gained at least 10 pounds, and everybody says I look so much better."

I hardly know how to thank you for the good that Cardui has done me. If you think that the publication of this letter will be the means of inducing other suffering women to try Cardui, publish it by all means."

There are thousands of women today suffering from some form of womanly trouble. Are you of this number? If so, have you tried Cardui, as Mrs. Flowers did? Have you read her symptoms? Do they seem similar to yours? Cardui made her well, as it has made many other ladies well. Why shouldn't it make you well, too? We think it will. Try it. It is a gentle remedy, prepared from nature's roots and herbs with no bad after-effects.

Get a bottle of Cardui today. At the nearest drug store.

DONA ANA COUNTY FAIR LARGEST EVER HELD

Morning Parade Mile in Length with Thirty-Five Decorated Autos a Feature; Sellers and Schwentker Speak.

(Special Dispatch to the Morning Journal.) Las Cruces, N. M., Sept. 26.—The Dona Ana county fair, which opened today, is the largest and most successful ever held. It will continue over tomorrow.

A feature of the opening day's program was a parade held this morning, which was over a mile in length, and which included thirty-five hand-somely decorated automobiles and sixty cowgirls. The prize winner in the auto division will be shipped to Albuquerque to compete in the automobile parade at the state fair in October.

President D. K. B. Sellers, of Albuquerque, president of the New Mexico Fair Association, and F. B. Schwentker, secretary of the New Mexico Good Roads Association, were guests of honor today. Each spoke at the College of Agriculture and Mechanical Arts and at the National Guard armory.

Because of the enthusiasm stirred up here by the Albuquerque boosters, Las Cruces will send two Pullman loads of visitors to the state fair.

The crowd attending the local fair is the largest in the history of the Dona Ana County Fair Association.

SHE HAD CONSUMPTION, WAS DYING; NOW WELL

Edelman's Alternative to being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govett's recovery.

Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Mrs. Anna Govett) might benefit some other sufferers, I give the following testimonial. About September 19, 1909, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Mrs. Govett, of St. Michael's church, at Scrabbleville, Ind., prepared for her death, she recommended that I get Edelman's Alternative, and send it to her. I did so, and she gave me the following testimonial: "I then requested the attending physician to give me the diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alternative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had her sent to me for a bottle. Practically without any hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now she weighs heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Edelman's Alternative."

(Signed affidavit) JOSE GRIMMER. Edelman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by all drug stores and Highland Pharmacy and other leading druggists. Write to Edelman Laboratories, Philadelphia, Pa., for additional evidence.

WILSON, MARSHALL AND FERGUSON CLUB FORMED

Enthusiastic Meeting Held Last Night at Which Temporary Organization is Effected; Officers Chosen.

At an enthusiastic and largely attended meeting held last night in the vacant store room on Central avenue, formerly occupied by the McIntosh Hardware Company, steps were taken for the organization in territorial county of a Wilson, Marshall and Ferguson club to further the interests in Albuquerque and the county of these three candidates.

Senator Isaac Barth presided over the meeting as temporary chairman, and Bert Baker acted as temporary secretary.

Efforts were made to elect permanent officers, but after considerable discussion this matter was put off until the next meeting of the club, a committee being appointed to report at the next meeting on permanent officers.

The meeting last night was largely non-partisan in character, there being besides many democrats present, numerous republicans and progressives. It is significant that the word democratic was omitted in the formation of the club, its name being confined to the Wilson, Marshall and Ferguson club. All those signing the role are thus pledged to the candidacy of the three nominees mentioned and are not bound to renounce their allegiance to any of the three political parties in order to do so.

Those playing a prominent part in the meeting were Senator Barth, City Attorney Felix E. Lester, T. J. Pasmore, M. P. Sawtelle, John S. Beaven, Louis A. McKee, M. U. Vigil, J. E. Goodell and many others.

The club is expected to wield great influence in the campaign and to prove a valuable aid in mustering a big majority for the Wilson, Marshall and Ferguson ticket on November 26th.

NEGRO AND POLICE BATTLING IN LOUISVILLE

Crazed with Drugs Black Man Wanted on Trivial Charge Holds Off Strong Force of Besiegers.

(The Morning Journal Special Local Wire.) Louisville, Sept. 27.—A drug-crazed negro wanted on a trivial charge early this morning was holding at bay a large squad of policemen and armed men, who have him surrounded in his house in the crowded negro section of the city.

An officer was dangerously shot by the black, who has declared no one shall take him alive. After the police and citizens for two hours had kept up almost a continuous fire into the house, it was ascertained that a negro woman and child were with him. Firing ceased and the officers and some of the 200 men who were surrounding the house and waiting for daylight.

Soon after entering the house, the negro, Ed Jackson, fired into every street car that passed and it was necessary to suspend operations on that part of the street. He got away from an officer about 10 o'clock last night, when the officer attempted to arrest him on a charge of carrying concealed weapon.

EX-MILLIONAIRE IS DRIVEN TO DEATH BY MISFORTUNE

Edward Leonard Dwyer, After Losing Three Fortunes, Returns to Old Home and Blows Out Brains on Street.

Janesville, Wis., Sept. 25.—Edward Leonard Dwyer, who rose from head of a street cleaning gang in Chicago to be a multi-millionaire, blew out his brains here today in the street. Dwyer had just given some small change, the last cent he had, to a tramp.

Dwyer was a member of the Chicago board of trade. He amassed wealth, but lost it in an attempt to corner wheat. He retrieved his fortune by development of silver mines in Mexico and was rated a millionaire when he went to New York and on Wall street again became poor.

PROGRAM FOR STAR ENTERTAINMENT COURSE GOOD

Rev. W. S. Oberholtzer, as Manager, Promises Some Exceptional Attractions for Lyceum Course This Winter.

Rev. W. S. Oberholtzer, manager of the Popular Star entertainment course, which is to appear here this winter, yesterday distributed programs of the attractions of the course, which is in truth a plethora of good things. The first number comes to Albuquerque on October 28 and the others follow it at close intervals until the fifth is played here on April 26.

The course includes the Emily Waterman Concert company, the first number to appear, which is said to be one of the finest three-person companies on the platform. The other members of the company are Miss Lillian Whitman, pianiste, and William T. Shaffer, tenor. Miss Waterman herself is a reader of great ability.

The second number is Judge George D. Alden, a lecturer who has a message. Judge Alden left the bench because he felt himself called to the broader occupation of educating the people to the ideas he holds regarding present day conditions and what he thinks ought to be done about them. He comes November 25.

The Strollers Quartet is an aggregation that is steadily winning its way into public recognition as one of the best musical organizations upon the platform. It is composed of Alfred Humfeld, David Whitehead, Harry Longstreet and Hayden Thomas. Press comments of its performance give it the highest recommendations.

The real sensation of the course comes March 11, in the shape of a company of ten players, acting under the personal direction of the famous Ben Greet, and appearing in the "Comedy of Errors" and "The Stoops to Conquer." This company is a marked advance in the performing companies of former years and is remarkable for the finished characterizations of its members.

The last number on the course is Ralph Bingham, an entertainer of wide reputation and marked ability. Mr. Bingham delivers original monologues and plays the violin, and from press comments, does either in a manner calculated to evoke laughter and warm applause from an audience composed solely of wooden Indians. He is heartily commended by numerous men prominent in all walks of life.

CERTAINLY ENDS STOMACH MISERY

"Pape's Diapepsin" Cures Heartburn, Gas, Sourness and Indigestion in Five Minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps, your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.

REPUBLICANS HUNT FOR CANDIDATE FOR GOVERNOR

John F. Hedges, James W. Wadsworth and William S. Bennett Each Confident of Receiving Nomination.

(The Morning Journal Special Local Wire.) Saratoga, Sept. 26.—Midnight found the thousands of more delegates to the republican state convention tired from a long day of deliberation and much uncertainty, still casting about to find a candidate for head of the state ticket to be chosen tomorrow. The leaders were said to be trying to find a "dark horse."

At a late hour tonight John F. Hedges, of New York, stated absolute confidence in his nomination, while the adherents of former Speaker James W. Wadsworth and former Congressman William S. Bennett were equally confident.

Something Back of It

For several years there has been much speculation as to just what the future held in store for Albuquerque. Recently several moves of much significance have taken place that have a tendency towards a big, bustling town, and as a consequence suburban property such as

FULLY A HUNDRED TEACHERS COMING FROM LAS VEGAS

San Miguel County to be Well Represented at State Educational Association Meeting in Albuquerque.

(Special Correspondence to Morning Journal.) Las Vegas, N. M., Sept. 26.—Approximately 100 teachers from the schools of San Miguel county will attend the annual meeting of the New Mexico Educational association, which will be held in Albuquerque early in November. At the session last fall the San Miguel county delegation was the largest in attendance and it seems exceedingly probable that this will be the case again this year.

Dr. Frank H. H. Roberts, president of the New Mexico Normal university, announced today that every instructor employed at that institution will journey to the Duke City this November to attend the meeting of pedagogues, which will give the Normal university a representation of about forty.

It is also expected that the majority of the teachers in the public schools of the east and west sides will be present at the gathering in Albuquerque.

ALBUQUERQUE NEW MEXICO

MAKE IT UNANIMOUS.

The Journal is for the best interests of New Mexico, therefore it is for Hon. Harvey B. Ferguson for New Mexico's representative in congress.

The next president of the United States will be Woodrow Wilson, a democrat.

The next United States senate will have a democratic majority.

The next lower house of congress will probably have not less than one hundred democratic majority instead of the sixty-seven majority it now has.

In short, both the executive and the legislative branches of government will be completely dominated by the democrats.

For more than half a century, New Mexico has struggled for the boon of statehood in order to be able to secure rights and privileges denied her as a territory. It has cost the taxpayers money, this right of statehood.

We need everything. Appropriations for public buildings, for survey of the state lands, for Indian depredations claims, for post roads, for civil and Spanish war veterans' pensions; we need favors from the interior department relative to the administration of the forest reserves; we need more rural mail carriers; we need to be in position to aid the movement by the senators and representatives of the western states to secure title from the government to all of the public lands within this and other western states.

The representatives from the south are democrats and they are sticklers for state rights, therefore favor the relinquishment by the federal government of the public lands to the states.

Mr. Ferguson can do much toward pushing along all of these propositions. They mean millions to the people of New Mexico.

Mr. Jaffa would be of absolutely no service to the state, because he would be out of harmony with every branch of the government.

This is a time when every citizen of New Mexico should work for the interest of the whole state.

The election of Mr. Ferguson should be made unanimous.

TOO LITTLE INTEREST.

It required the official count to determine just what amendments had won and what had lost in the recent vote on the adoption of the new Ohio constitution. It has developed that all but eight of the amendments submitted by the constitutional convention carried.

The voters declined to allow the women of the Buckeye state to vote. On that proposition nearly a quarter of a million voters favored it and about a third of a million opposed it. The next largest vote was cast on the initiative and referendum amendment, which was adopted by a very large majority, though the total vote therein was more than fifty thousand less than that cast on the suffrage amendment.

Among the amendments defeated were: Limiting the powers of courts in granting injunctions and in punishing contempt; abolition of the death penalty was defeated decisively; authorizing voting machines was approved, as was a most comprehensive and expensive system of good roads.

Apparently, the people of Ohio are not yet ready to undermine the independence of the judiciary, or to take from the courts any of the powers conferred by the other forms of state constitutions. And though the new constitution is radical enough to be considered thoroughly up-to-date, the voters exhibited unexpected conservatism in some respects.

Of course the adoption of the initiative and the referendum opens the door to renewal of the defeated propositions at some future date, as well as to the submission of new and radical ideas.

The discouraging aspect of all this

mary and constitutional elections is the apathy of the people. Less than one-half of the registered voters of Ohio participated in the decisions of the suffrage proposition, on which by far the largest vote was cast. The average vote was about one-third of what might have been expected on a matter so important as the making of a practically new constitution for the state.

Last summer when the contests were on between the various candidates for the presidency, there were few instances where as much as twenty-five per cent of the vote was cast at the primaries, a number wholly inadequate to express the preference of the people for any candidate of any party.

For the first time, the people of New Mexico have the right to participate in a presidential election. Symptoms are not lacking that the vote will be light. No county officers are to be elected. There will be a very small campaign fund available for any one of the congressional candidates. Of course, Mr. Jaffa is a rich man and may spend money rather freely, but it will not be possible for the other candidates to do more than pay their personal expenses.

Because of this lack of money, it is probable that the vote cast in New Mexico will be light. This should not be the case. Every effort should be made to have the voters go to the polls and show that they are interested in the well-being of the new state of New Mexico.

DIFFERENCE OF METHOD.

Governor Wilson has defeated former Senator Smith, of New Jersey, the old democratic boss of that state. He made little noise about it. He made his disapproval of Charles Murphy, head of Tammany, very plain; but likewise he didn't beat the tom-tom. He refused to eat where Murphy was at the same table, or to confer with him, or to have anything to do with him.

When Colonel Roosevelt decided to express his disapproval of Lorimer, he shouted it from the house-tops, was interviewed about it, declared about it, belabored about it like a bull moose. He used it as an advertisement of his personal honesty and hatred for bosses. When Wilson repudiated Murphy he did it quite as effectively as Roosevelt repudiated Lorimer, but he didn't let out any whoops or send any telegrams that burned the air.

Roosevelt used the same tactics to advertise his fight on Lorimer that he employed to carry favor with the protesters of the country when he refused to call on the pope as he passed through Rome on his return from lion hunting in Africa. Moreover, Governor Wilson has been rather more consistent in avoiding bosses than has his rival. He is not on record as being the foe of one boss and the boson friend of another.

Roosevelt is not the only man having trouble to organize a new party. Orozco might give the bull moose some pointers.

ANOTHER INTERVENTION.

The United States is sending an expedition to Santo Domingo, to curtail the activities of some revolutionists there who have seized four custom houses. Under a treaty arrangement, the customs of that little black trouble spot are in the hands of the United States for security for loans made when Santo Domingo was bankrupt.

Pretive revolutionists have disregarded the treaty, and 520 marines are headed that way to restore order and take possession of the custom houses again.

Policing the whole of Latin America and the West Indies is a rather large job for Uncle Samuel, but it is needed, and he is equal to the job.

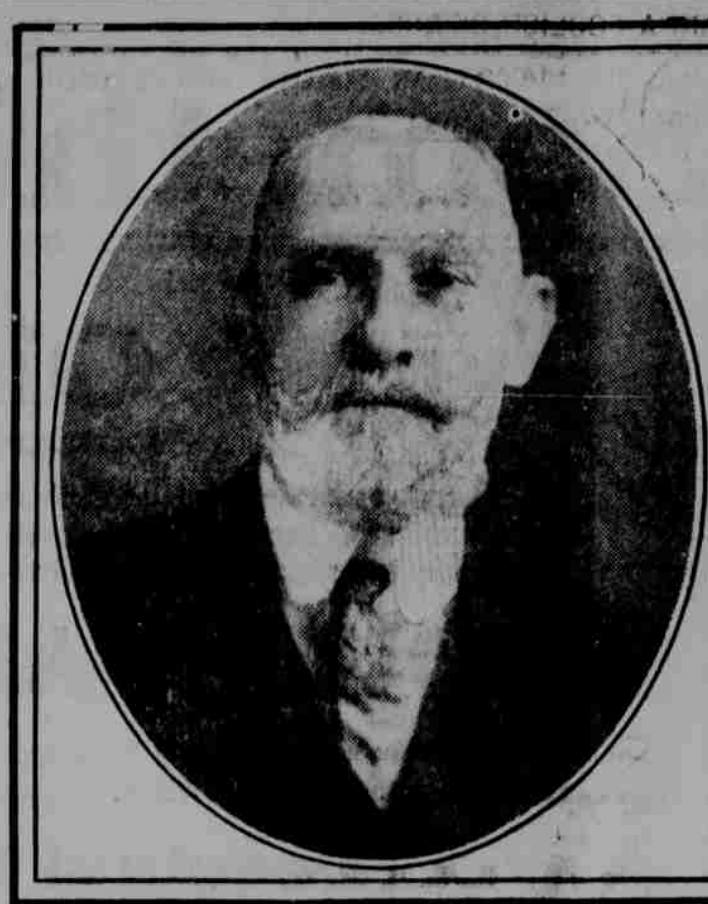

The Detroit Daily News says that Governor Eberhart, of Minnesota, who is going to the Michigan state fair to make a speech, that he is a man "who speaks without warning or provocation." The United States senate got some such idea as that of Senator Fall, of New Mexico, and it was not entirely complimentary, either.

Glenn Curtiss thinks hydro-aeroplanes will soon be shipping across the ocean, sometimes on the water and sometimes in the air. Let us hope that it will not spend part of the time under the water.

General Leonard Wood sees no reason for intervening in Mexico at this time. What a crop of budding colonists will be spoiled by this decision.

ASSISTANT DISTRICT ATTORNEY FOR GRANT COUNTY IS APPOINTED

(Special Correspondence to Morning Journal.)
Silver City, N. M., Sept. 26.—Attorney R. B. Ryan, of the firm of McSherry & Ryan, has been appointed assistant district attorney by District Attorney Wadhill, of Blanding. Mr. Ryan will assume his duties the first of October. In addition to his work during the sessions of court in Luna and Grant counties, Attorney Ryan will be able to handle minor matters coming up in the local court which would otherwise require the attendance of Major Wadhill from Blanding. Mr. Ryan has practiced law in Silver City for over a year, previous to which time he was with Senator Barth at Albuquerque. He is amply qualified to perform the new duties with which he will be entrusted.

Shots at the Bull Moose

Harvester Trust's Candidate.

Are the farmers of the United States ready to let Mr. Perkins of the Harvester trust pick out their candidate for president? Not yet, not soon.—Harrisburg Register.

Teddy the Trickster.

Granting all that one chooses to claim about the shiftness and worse which has characterized American politics, there is no political trick and device by which Roosevelt has not profited during his entire political career.—San Francisco Chronicle.

No Music in His Soul.

Nothing in his extraordinary career has indicated that Colonel Roosevelt had within him a love of music or any comprehension of it. Indeed, how could a man so eminently fit for treason, stratagems and spoils be supposed to know one note from another?—St. Louis Times.

The Wrecking Gang.

If the Roosevelt ticket succeeds in filling the state house with democrats, it will have done what its framers set out to do. None of them has any idea that it can be successful. The idea is to wreck the republican party in Iowa.—nothing more, and nothing less.—Manchester Press.

Self-Styled Savior.

Roosevelt exonerated Paul Morton, a self-confessed rebel and violator of the anti-trust law, indicted the prosecution of the Harvester trust, allowed the steel trust to gobble its great competitor, and is now backed by the biggest of the predatory interests, and yet he claims himself as a savior come to rescue the people from the money power.—Rochester Post-Express.

If They Were Being Forced.

If conditions had been reversed in this electoral tangle and Taft had persisted in remaining as presidential electors on the progressive ticket, the leading bull moose and all his followers would be calling upon heaven and earth, the world and the things that dwell therein to witness the bold robbery and the high-handed character of the outrage about to be perpetrated upon the American people.—Philadelphia Ledger.

Men Who Are in It.

First and foremost in the demand for new parties is found the unmerciful candidate. He has nothing to lose and the hope of possible personal gain to lead him on. Another active promoter of any new party movement is to be the would-be party leader who had not won the prominence and recognition which his ambition craves. He is always conspicuous when any

suggestion is made for the organization of a new party.—Ogle County Reporter.

They Cannot Explain.

The bull moose deny that there is a steady trend from their ranks back to the republican party but they can not explain why it was so much more difficult to nominate a state ticket than to nominate Roosevelt; harder, again, to nominate a legislative ticket, and impossible to nominate a county ticket. Neither can they explain why, if the trend is not directly from the movement, eight out of nine of those present at the "mass meeting" held in the courthouse (practically all of whom voted for "a ticket from president to coroner") have renounced the ticket entirely save as to Roosevelt.—Macomb Journal.

Bull Con President.

The colonel promises the millage, the elevation of the wage-earner, industrial democracy, conservation of human resources, "putting the man above the dollar," and not one of his rapturously applauding admirers seems to remember that the leading bull moose was president for seven years—a seven years that has 10,000 trusts organized, saw the rich constantly getting richer and the poor poorer, without a single solitary effort from the White House to mend matters. Plati-tudes fall coarsely from his lips, pledges which he could not keep if he could, and could not if he would, are scattered with prodigal profusion, and credulous rogues. It forces one to agree with Puck.—Salt Lake Herald-Republican.

A Forecast of the Future.

Four years from now the bull moose party will be a memory, the colonel will be flitting with some other nomination—possibly the socialist, the other leaders will be sneaking back into the party they betrayed and abused, and a handful of realists, assembled in some unnoticed hall to listen to the howl of some stray wild ass of the desert will be all that is left of this strange delusion of demagogues which has astounded sober minds.

There was, in truth, absolutely no excuse for Mr. Roosevelt's third term party except Mr. Roosevelt's own restless and insatiable desire to exercise power. The country is prosperous to a high degree, and its prosperity increases with each day. The party questions are clearly dealt with in the Chicago and Baltimore platforms. And the facts and theories in Mr. Roosevelt's patched-up confession of faith are all embodied in the socialist declaration of principles.—San Francisco Call.

BOOM LETS

St. Peter shifted his halo uneasily. What's all that racket about? he asked.

Oh, replied the Recording Angel, is a new bunch of boomers kicking about the climate here, claiming that it don't compare with what they have been accustomed to. Where are they from? inquired St. Peter.

From Albuquerque, replied the Angel. Well, I don't know how they came to be kicked here, but they may have a kick coming on the climate, musn't they? returned St. Peter.

The Man in the Moon looked astonished. Why, he said, I never saw the Sun shine at night before.

You must be full, replied Venus; that's not the Sun; that's "The Great White Way" of Albuquerque; let's take it transit there and make a night of it.

No, he replied, Cheese it; I'd be totally eclipsed.

Lucifers had looked the shades of the Emperor to a distant lunch.

Nere had agreed to entertain the occasion with some new selections, including A Hot Time in the Old Town.

It was the twentieth anniversary of the completion of The Appian Way.

What's the use, exclaimed Claudius to Aristotle, as he no longer the Co-lonius of Rhodes. I have just made a trip to Albuquerque and you should see those new pavements.

FALL FASHIONS IN MILLINERY ON DISPLAY

Fall fashions in millinery were on display yesterday at the millinery shop of Mrs. Bailey, at 118 South Fourth street. The scheme of decoration was green and gold with ferns and daint; bouquets of carnations. The effect was simple and effective, lending a pleasing background for the display of hats. Concerning the hats themselves, they were there in such a diversity of patterns and colorings as to be difficult to describe. It is sufficient to say that there was a shape and a color there for any woman, something that would bring out the individuality of the wearer in every instance. That by the way, is the secret of the success of the Bailey shop. Many women of discerning taste are regular customers of this popular establishment.

COURT IS HOLDING FALL SESSION AT TUCUMCARI

Term for Quay County in the Eighth Judicial District Was Opened Monday; Heavy Docket Up for Disposal.

(Special Correspondence to Morning Journal.)
Tucumcari, N. M., Sept. 26.—The September term of the district court for Quay county, which is in the Eighth Judicial district, convened here on Monday with Judge Liel, of Raton, presiding. Other court officials in attendance are District Attorney George E. Remley, Court Clerk D. J. Emsen, Sheriff J. F. Ward, Court Reporter J. E. Rogers.

The docket is a very large one, having fifty-six criminal and one hundred and twenty-one civil cases. The grand jury will not doubt return several indictments that will be tried at this term of court. The several charges of embezzlement against Cabel, Chevalier, former treasurer of Quay county, have been continued until the April term in 1913.

The following persons compose the grand jury: J. W. Mauser, Will McCadden, C. F. Edler, M. D. Freeman, Ed. Brice, W. A. Dodson, H. M. Porter, Jose Tafona, Tomas Lopez, Tom Cardin, Joe Gardner, Jack Ivey, Tom Lawson, D. S. Tuley, J. A. Farver, H. P. Whitesides, Leo Sherwood, A. B. Simpson and W. H. Roberts.

Among the visiting attorneys are Judge W. R. McGill, of La Lando, and Judge E. R. Wright, of Santa Fe. W. P. Buchanan, former president of the International Bank of Commerce, is in the city attending the session of the district court. The bank closed its doors soon after Buchanan sold out his interest, and there are several suits pending against him, which are set for hearing at this term of the court.

Rev. J. L. Seder, superintendent of the Anti-Saloon League of New Mexico, is in the city in the interest of the league. He has visited several places in the county and has been making addresses on the subject of local option.

T. R. Johnson, of Placeno, returned from Kansas a few days ago, where he met with an accident in which he had a narrow escape from death. He was riding in a wagon with a companion who had a revolver in his coat pocket. His friend in removing his coat allowed the gun to drop to the floor of the wagon when it was discharged, the ball cutting a lead wound in each of Johnson's legs. He was taken home and is reported as recovering.

On Monday last, J. F. Caldwell gave up the management of the Vorenberg hotel. Mr. Caldwell has had charge of the hotel since its construction several years ago. Mr. Adolf Vorenberg, owner of the property, is now in charge. This is one of the very best hotels in the state and has had a good patronage.

Plans have been completed for the opening in Tucumcari of what will be known as a co-operative store. Already about ten thousand dollars in stock has been placed, nearly all of it being taken by railroad men. The store will at first handle only groceries, and if the enterprise proves a success, other lines of merchandise will be added and the stock increased.

SILVER CITY TAKES STEPS TO CURTAIL SLAUGHTER OF GAME

(Special Correspondence to Morning Journal.)
Silver City, Sept. 26.—The first steps toward the systematic protection of the game and fish, which is already known as one of the attractions of the country tributary to Silver City, were taken at the meeting of the Chamber of Commerce on Friday evening last. The question was quite thoroughly discussed, and as a result of the strong sentiment which was found to exist among the members that a more thorough system of protecting the fish and game should be inaugurated, a committee was appointed which will go into every phase of the question and develop the means of protecting the game. The Chamber of Commerce will assist the committee in every way, and will support it in any legislation which it may be considered desirable to secure.

Miss W. Burford laid the matter before the meeting very clearly and concisely. He said that instances in which game had been ruthlessly slaughtered were only too common, and this included in almost every instance violations of the game laws which had the guilty persons open to prosecution. Game laws, however, more than other laws perhaps, could not be enforced unless they were backed by a strong local sentiment which was lacking in this part of the

FOR YOUR ROOFS: Ever-Weathering, Weather-Proof, Guaranteed—PEERLESS ROOFING

DOESN'T that sound as if it ought to be the most durable roofing ever known? And it is. If it were practical to cover your roofs with sheet steel you wouldn't have a longer lasting, a tougher or a better weather resister than PEERLESS ROOFING. And the best of it is you begin saving money the moment you buy it. It's cheaper than the old style roofing and it is so easy to lay that one of your children could do the job. It makes your roofs look neat and attractive; it protects your buildings from fire, and it is a positive proof against the severest assault of the sun, wind, rain or snow. Architects all over the country are recommending PEERLESS as superior to all other roofings. Come in and let us show you a sample. If you buy, you'll always thank us.

PECULIAR TANGLE OF AUTHORITY IN SAN MIGUEL

Newly Appointed Road Commissioners Oppose Letting of Bridge Contracts by the County Board.

(Special Dispatch to the Morning Journal.)
Las Vegas, N. M., Sept. 26.—Having been informed by the newly appointed board of road commissioners that any action toward letting contracts for the three proposed new bridges in San Miguel county, to be built at Azul, Pecos and Villanueva would be contested, the board of county commissioners has put off until Wednesday of next week the opening of bids for the construction of the structures. Six bids are awaiting consideration.

The road commission, which was appointed in accordance with the law passed by the recent legislature is composed of A. A. Jones, William Springer and Sosthenes Delgado. It contends that, under the law, the county commissioners have no supervision over road building. The county commissioners assert they are the custodians of the county money and make the levies for road as well as other purposes and furthermore, they

are under bond. They assert that the road commissioners, not being under bond and not being directly responsible to the taxpayers of the county, are not qualified to handle the expenditure of county funds.

It is likely the matter will be fought out in the courts. The people of the county recently petitioned the county commissioners to build the bridges, the petitions containing over 500 names.

LEGAL NOTICES.

CALL FOR BIDS.

Bids will be received at the office of the county clerk of Bernalillo county, Albuquerque, N. METHODISTS WILL HOLD CONFERENCE AT LAS CRUCES

Annual Church Convention Opens This Year on October 9th; Large Attendance is Anticipated.

The pastors of the Methodist Episcopal church south are hastening to round up their work for the conference year, as the annual conference meets in twenty-second annual session at Las Cruces on the morning of October 9th. Rev. Clyde K. Campbell, being host, Bishop James Atkins, of Waynesville, N. C., president, and Rev. Joel F. Hedgpeth, of Tucuman, secretary.

This conference comprises all of the state except the northern part, or Durango district, which is a part of the Denver conference; and in addition to this state also part of Texas as far as Fort Stockton.

This conference is divided into three districts, namely: Albuquerque, El Paso and Pecos, with presiding elders, as follows: Revs. J. H. Messer, J. Allen Ray and J. E. Cochran. It is a representative body of over seven thousand members not including the members of the Spanish Border Mission conference, which has a number of pastors and members.

There will be present several officials at large. Dr. W. F. McMurray, secretary of the board of church extension, with head office at Louisville, Ky., is to represent his work. However, this work is well known in this state, as thousands of dollars from his board is expended annually in construction of churches. Dr. J. M. Moore, Ph. D., secretary of the home mission board, with headquarters at Nashville, Tenn., will be present or have a representative. Dr. Everett, of the book and publication interest office at Dallas, will also attend the first few days of the session.

Both pastors and people are always anxious to hear the answer to question 49: "Where are the preachers stationed for this coming year?" At the end of the session, about October 12th or 13th, the bishop will read out the answer to this question.

COLONISTS STREAM INTO CITY TODAY AND TONIGHT

Advance Guard of West Bound Homeseekers Arrived Early This Morning on Second No. 9.

The annual rush of the colonists' traffic to California, which marks the turning point of the bulk of the Santa Fe, is now on. The first of the westbound homeseekers arrived this morning on No. 9 and an overflow section running as second No. 9.

Tonight there will be several sections of No. 1, probably two sections of No. 7 and probably two sections of No. 9.

The first of the colonists come from Kansas City, where the rates went into effect Wednesday. The Chicago crowd will be along tonight, that city being a day farther east than Kansas City. Then for ten days there will be crowds through on every train, extra sections will become a regular thing and the trains will all be loaded to the guards.

As a result of the rates the local waiting room was last night the most crowded it has been for several months.

FIRE DESTROYS BARN AT MC CREIGHT HOME

Fire yesterday afternoon shortly after 2 o'clock destroyed a small barn and some fencing at the rear of the W. T. McCreight residence, 215 West Lead avenue. Failure to secure water, together with the rapid spread of the flames after the firemen from saving the building.

The fire was discovered by Mrs. McCreight, who called her husband at the Morning Journal, but he was not in and an employee of the office turned in the alarm by telephone. Both the second street department and the company of the Highland station responded. The chemical attachment on the auto truck was sufficient to confine the fire to the barn, until water, which was turned off in Highland department from a plug two blocks distant, after which quick and effective work was done by Chief Klein and his firemen.

A young woman at the Y. W. C. A. home sought to prevent the spread of the flames to the residence by cutting away the fence with an axe, and was assisted in this work by Ben Williams, who lives nearby. Mr. Williams, also rescued a horse belonging to Dr. Sewell, which was kept in a large barn adjoining.

The origin of the fire is not known. It is fortunate that no wind was blowing, because had there been one a serious conflagration would have resulted before the firemen could have secured water.

PATROLMEN BUSY AT CENTRAL AND SECOND STREET

Traffic Squad is Expected to Result in Better Handling of Autos and Vehicles at Busy Corner.

Three patrolmen, who have been assigned to duty as traffic policemen at the corner of Central avenue and Second street, Albuquerque's busiest corner, are expected to relieve the usual congestion existing at this point and also to educate the drivers of motor cars and vehicles, as well as pedestrians, to observe strictly the rules of the street, thus reducing to a minimum the danger of accidents.

The officers assigned to this work are Patrolman Ernest Lix, who is on duty in the morning; Patrolman J. E. Gubish, who serves during the afternoon, and Patrolman Charles Mainz, who is on duty at night. The new order went into effect yesterday and the officers had their hands full. Their appearance as traffic policemen aroused much favorable comment and gave Albuquerque an added air of metropolitanity.

The following rules are to be strictly enforced:

If you are driving north on Second, and wish to go east on Central, turn the southeast corner squarely. If you want to turn west on Central, drive straight to the State bank corner and turn squarely west.

Going south on Second, to go east, cross to the O'Reilly corner and turn squarely east; if you want to turn west on Central, turn at the northwest corner.

The same rule applies to any other corner in the city.

HARRIS, THE JEWELER, TO MOVE THIS MORNING

This morning W. O. Harris, the jeweler, will move from his present quarters in the N. T. Arnold building to the store room at 223 West Central avenue, recently left vacant by the removal of Wood & Jones. Mr. Harris' business will not be broken into by the move, even for a few minutes, as goods will be moved in the cases and the cases set up complete in the new store room, which is a very handsome one. Persons desiring to do so can get out on the wagon with the case containing the goods in which they are interested and conclude the sale enroute.

If you need a carpenter, telephone Hesseled, phone 377.

CLASSY ATTRACTIONS AT ORPHEUM TONIGHT

The acrobatic act being put on this week at the Orpheum is an attraction of exceptional merit and each crowd is going away from the popular house well pleased with the bill.

The standard of the pictures is being steadily raised and tonight the picture program includes the following excellent film play: "Majestic Old Lady," "The Weight of a Feather," "The Secret of the Lock," and "Attacked by a Lion." This is a program that is an excellent combination of amusement and educational features. Each film has been carefully selected and will meet with your approval.

Get the Orpheum habit, it will do you good.

MANY HOUSEHOLDERS CLEANING UP THEIR PREMISES FOR FAIR

Acting upon the timely suggestion of City Sanitary Inspector Thomas F. Martin, many householders of Albuquerque yesterday began cleaning up their front and back yards that their premises might present a most attractive appearance during fair week, when the city will be crowded with several thousand visitors each day.

The city will do its part according to Inspector Martin, by cleaning the streets of the downtown district and seeing that all alleys and vacant lots are free from refuse and weeds.

Who Said Corns? I Use "GETS-IT"

It Works on a Sure, New Plan.

"Gets-It" is the new corn cure on a new principle, works like the touch of a fairy's wand. No more knives, razors, files or other instruments of torture for corn sufferers. No more advice, plasters and bandages that hurt the rest of the foot more than they relieve the corn.

"GETS-IT" never irritates or burns the true flesh raw. It is safe as water. But now it does get after corns, bunions, calluses and warts. It works painlessly. But it shrivels corn right up till they drop off before the corn is even touched.

"GETS-IT" is guaranteed to give satisfaction, or your money is refunded.

THERE isn't anything cheap in our stock; the goods are priced low for the values in them, and our

VARSITY SELECTS NEW INSTRUCTOR OF LATIN

Dr. David R. Boyd Announces Appointment of Lynn B. Mitchell, of Ohio State University.

The appointment of a new instructor of Latin and Greek was announced yesterday by Dr. David R. Boyd, president of the state university. Dr. Mitchell succeeds Warren J. Moore, who resigned this summer after holding the place several years.

Dr. Mitchell comes highly recommended and is expected to fulfill all the requirements of the university in the line of classical languages for some time to come. He is a graduate of Ohio State, with a Ph. D. from Cornell, and is an experienced instructor. He is said to be an agreeable person with a broad cultural illumination and is married. He is from Alameda, Ohio.

The new man will take up the work in the institution on October 1st. His ability is especially apt at this time owing to the fact that two men at the institution are preparing for the Rhodes scholarships. These are W. C. Cook and Clifford Nichols.

RAILWAY EMPLOYEES INITIATE CANDIDATES AT MONTHLY SESSION

At a largely attended meeting of the Albuquerque Order of Railway Employees, held last night in the Elks' lodge room, ten new members were initiated, bringing the total membership to over 700.

After the lodge work, a smoker was indulged in by those present and two five-round boxing bouts were staged between employees.

Cigars were passed around and the social features of the meeting proved most enjoyable.

BETTER WRECKING FACILITIES BOUGHT BY THE SANTA FE

Facilities to make possible the more rapid clearing of wreckage following accidents that tie up other trains are to be installed by the Santa Fe.

Speed is the watch word at the scene of a wreck for it frequently happens that many trains are delayed until the clearing of the line.

A device that is to make possible the fast cutting of steel and iron is now to be installed. A portable oxy-acetylene plant will be added to the wrecking equipment on all the divisions of the coast lines. In the shops the old method of cutting steel with saws is no more. Flame is used instead. With a portable plant the wrecking crew could quickly cut steel parts that interfere with the shifting of wreckage. It is occasionally difficult to separate the tank from an engine, when the two are in a heap together, and it is necessary for the wreckers to crawl in with a steel saw, and work for hours in making the cut. An oxy-acetylene flame jet will sever a piece of steel in a few minutes.

The Santa Fe is to put the latest wrecking facilities into use on the coast lines, and every emergency is to be provided for to aid in preventing the important traveler from delay behind a wreck.

Mrs. J. N. Hill, Homer, Ga., has used Foley's Honey and Tar Compound for years, and says she always recommends it to her friends. "It never fails to cure our coughs and colds and prevents croup. We have five children and always give them Foley's Honey and Tar Compound for a cold, and they are all soon well. We would not be without it in our house."
