**STRIKE PARADERS  
ATTACK POLICE  
IN STREETS OF  
LAWRENCE**

Two Officers are Stabbed and Many Participants in Demonstration are Clubbed During Struggle.

**TWENTY THOUSAND  
PEOPLE PARTICIPATE**

Industrial Workers of the World Organizer Arrested but Subsequently Liberated by Overpowering Mob.

(By Morning Journal Special Leased Wire.) Lawrence, Mass., Sept. 29.—Police and paraders fought with knives and clubs today prior to a demonstration by members of the Industrial Workers of the World. Two officers were stabbed and an I. W. W. leader was captured after a hard fight and then freed. Two arrests were made.

Carlo Tresca, of Pittsburgh, organizer and an organizer of the Industrial Workers, was in custody, but gained his freedom a minute or two later. Persons who saw Tresca's arrest said he was rescued by comrades. Tresca said the police let him go. All the police professed ignorance of the occurrence.

The clash was unexpected. More than 20,000 operatives met at the railroad station to welcome 500 members of the Industrial Workers of the World who had come from Boston to participate in a parade to the graves of Anna Lopizzo and John Rams, who were killed in the strike riots last January.

After the visitors had detained an inopportune parade straggler, turning finally into Essex street, the main business thoroughfare.

No application had been made for a parade permit. The police, notified that the operatives were marching, attempted to stop the demonstration. A squad of twenty-five officers were sent to Essex and Lawrence streets, where they threw a line across Essex street and awaited the procession. Two large banners were carried by the marchers. One was inscribed, "The only justice—Freedom for Eitor and Giovanni." The other bore the words, "Police and Militia," and below, "Who Killed Anna and John."

When the head of the parade reached the line of officers it halted and an argument began. The police notified the marchers that they must disperse because they had no permit. Those in the front ranks were endeavoring to fall back, when suddenly the marchers in the rear pressed forward and the mill workers tried to pass the police.

They struck right and left at the officers, who responded by swinging their clubs. Many paraders were knocked to the ground. In some instances the marchers robbed the officers of their clubs and began to beat the police. The latter were forced to retreat into Lawrence street. It was here that Tresca was secured by officers.

Angered by the arrest of their leader, the crowd made a rush for the officers. The police appeared to be fighting to hold the prisoner, but a moment or two later Tresca was at liberty. During the latter part of the parade, the marchers were led by Sebastiano De Manno and Vito Lonnastor, who were arrested and taken to the station house. As they were being taken through the door of the station a shot was heard. It appeared to have been fired by some one in the crowd, but the operatives cried out that the police were shooting.

Later the crowd was driven through Lawrence street and to the common, where the paraders dispersed.

After the excitement was over, Policeman Thomas McCarthy discovered that he had been cut on the head with some blunt instrument and had also received a slight stab wound behind the ear. Another policeman received two slight stab wounds in the back.

The widely heralded demonstration of the afternoon, the parade in honor of Anna Lopizzo and John Rams, brought out about 8,000 marchers. This parade was orderly throughout.

Many women were among the marchers. Some led children by the hands and others carried infants in their arms. It had been planned to march to the cemetery where the two riot victims were buried and place flowers on their graves. The parade at one time was within a short distance of the cemetery, but Carlo Tresca, who acted as their marshal, led the marchers in another direction. According to Tresca the flowers which were to have been placed on the graves today will be taken to the cemetery tomorrow.

The following telegram was sent to Paris, France, tonight by the Franco-Belgian branch of the Industrial Workers:

"General strike begun. Monster demonstration. Carous. Eitor, Giovanni. We count on international aid. Spread news everywhere."  
(Signed)  
"LANGLET"  
Eitor leaders.

Further trouble is feared by the police tomorrow when order for a general strike of twenty-four hours, which had been called by the Indus-

trial Workers goes into effect. It is intended as a protest against the imprisonment of Joseph Eitor, Arturo Giovanni and Joseph Caruso. The general strike order is expected by the Industrial Workers' leaders to have a widespread effect. In many New England manufacturing centers, leaders of the organization say, they are waiting for Lawrence workers to go out. The Eitor and Giovanni defense committee issued a statement tonight, saying:

"The Industrial Workers of the World charge the police with being the deliberate perpetrators of the disturbance this noon."  
The statement charged that a police officer was seen to fire at a girl in the crowd.

**TRIAL OF MEN CHARGED WITH MURDER BEGINS.**  
Salem, Mass., Sept. 29.—Joseph J. Eitor, a former Pennsylvania iron worker, and Arturo Giovanni, editor of a New York Italian newspaper, who for eight months have been held without bail on charges of being accessories to the murder of Anna Lopizzo, a Lawrence mill striker, will face their accusers in the superior court here tomorrow.

At the same time, Joseph A. Caruso, who is alleged to be one of the leaders of the Industrial Workers of the World, said to have done the actual killing, will be placed on trial. Eitor and Giovanni were central figures in the great textile strike last winter. Caruso was a striker.

Reports that a body of Lawrence mill operatives, who will refuse to go tomorrow as an expression of loyalty to the imprisoned leaders, were planning to march to Salem, have resulted in preparations to prevent a demonstration. Extra police men will be on duty both inside and outside of the court house.

A notable array of legal talent will defend the labor leaders, and behind them is a fund of \$50,000 contributed by members of the Industrial Workers. District Attorney Attwell will conduct the government case. Judge Joseph P. Quinn will preside at the trial.

The indictments against Eitor and Giovanni allege that they, by words and actions, "did solicit, procure, aid, counsel and command," Caruso and another, who is a fugitive from justice, to commit murder.

On the day after the arrest, the two strike leaders were arraigned and on that day began a legal fight for their release, which has continued through all the eight months they have been in jail. Habeas corpus proceedings were filed in February failed to procure their freedom, and on February 21st, after a preliminary hearing, Eitor and Giovanni were held for the grand jury without bail. That body reported a true bill on April 18th.

The defendants pleaded not guilty on May 15th, and the cases went over until May 26th, when counsel for the defense asked further delay and the trial was set for September 30th. Last week a petition for a bill of particulars was argued before Judge Quinn and he ordered the district attorney to furnish it insofar as it concerned the time and place where Eitor and Giovanni are alleged to have made the charges against them are based. This material was furnished to the defense last Thursday.

The widespread interest in the case is indicated by the large number of applications for press reservations received by Sheriff Johnson from many of the big cities of the country and even from abroad. The sheriff's office has been turned into a teletype office, with more than a dozen special wires running direct to newspapers. A number of extra telephone lines have been installed.

Tomorrow 350 taxmen will report for duty and the work of selecting a jury will begin.

The first move for the defense is expected to be a motion for the discharge of the entire panel drawn for the jury, according to the statement made tonight by Frederick J. Hazelwood, counsel for the defense. Motion will be made, it is said, on the ground that many names were illegally drawn.

**IRRIGATORS POUR  
INTO MORMON  
CAPITAL**

Thousands of People Come to Attend Annual Congress Which Will be Held in Great Temple at Salt Lake City.

(By Morning Journal Special Leased Wire.) Salt Lake City, Sept. 29.—Irrigators and persons interested in irrigation from all parts of the world are gathered in Salt Lake City tonight ready for the opening tomorrow of the twentieth national irrigation congress. An attendance of many thousands already is assured. Speakers of prominence from thirteen states will deliver addresses in the course of the four days' meeting and the serious and technical phases of the congress will be lightened by an elaborate program of spectacles and pageants. The city tonight is brilliant with electrical decorations. The Mormon tabernacle will be used as a meeting place and the congress, following precedent, will begin with the irrigation ode first rendered at Ogden, Utah, eight years ago. On this occasion it will be sung by the full tabernacle choir accompanied by the great organ with Professor J. J. McClellan, composer of the ode, as organist.

Many of Fifty-One Men Accused by Government Appear With Lawyers for Hearing Before Federal Judge.

**ORTIE M'MANIGAL

Frank M. Ryan, President of International Bridge and Structural Iron Workers, One of Principal Defendants.

(By Morning Journal Special Leased Wire.) Indianapolis, Sept. 29.—Many of the fifty-one defendants in the dynamite cases, who are to appear for trial before Federal Judge Anderson, Tuesday, arrived today.

They were accompanied by more than a dozen attorneys from Chicago, Kansas City, New York and other cities.

It was the first time so many of the men had met since their arraignment last March. Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, with Herbert S. Hocking, acting secretary treasurer of the union, and also a defendant, held a conference at which the details of the defense were discussed with William N. Harrington, one of their counsel.

Tomorrow it is expected United States Senator John W. Kern, retained by the indicted union officials, will take charge of the case. Only four of the men so far have not been arraigned. They are Ortie M'Manigal, the confessed dynamiter and assistant to the McNamara brothers, who is to be a witness for the government, Eugene Clancy and Olaf Tveitmo, of San Francisco, and J. E. Munsey, of Salt Lake City. The pleading of these men is to be the first move at the opening of the trial.

District Attorney Charles W. Miller and Clarence Nichols, his assistant, who had notice charged the government with evidence before the grand jury last winter, said the prosecution would oppose any requests for delay.

**INTERVENTION NOT  
PROBABLE TAFT  
DECLARES**

President Says He Will Not Let Recommendations of Senate Investigating Committee Influence Him.

(By Morning Journal Special Leased Wire.) Beverly, Mass., Sept. 29.—The report of the special senate committee which investigated Mexico and the revolutions of Madero and Orozco, will not influence President Taft in his policy toward that country. Published reports that have reached the president here, that the senate committee would report in favor of intervention, have been read with great care by the president, but will not change his attitude.

This statement was made by the president to callers today. His position in regard to Mexico, he told his visitors, has not changed since he sent the Mexican ambassador to Mexico City with word that intervention was not an impossibility.

Mr. Taft is not prepared to call congress in extra session to pass upon the need of intervention and he told his callers that he had no present intention of doing so. He does not believe conditions in Mexico are as bad as they were several weeks ago. He is standing firmly upon his declaration to the Mexican ambassador, and believes that conditions have improved since he told him what might be expected from the United States if American lives and property were not protected.

He made it clear to friends that intervention is far away today as it was then, not a probability, but it is not an impossibility.

**HEARST'S SUPERINTENDENT  
ASKS FOR PROTECTION**

Washington, Sept. 29.—Bands of marauding rebels continue their operations in the Mexican states along the border, endangering property of Americans and other foreigners.

The latest complainant is the manager of the Hearst ranch in northwestern Chihuahua, who has asked protection from the American consul. The consul, in reporting to the state department, said the military authorities at Chihuahua had promised to send a force to guard the Hearst property.

Red Men Declare Allegiance to Rebel Cause; Terrorize White Inhabitants South of Arizona Border.

(By Morning Journal Special Leased Wire.) Tucson, Ariz., Sept. 29.—A slightly wounded Mexican ranchman was rescued today near Morena, Sonora, being pinned to the ground by a pile of dead men's bodies, according to reports received here tonight. Yaqui Indians on the warpath in Sonora below the border at this point, had kidnapped thirteen ranch hands in a raid on the Tapia ranch. The Indians had evidently shot down ten of the Mexicans one by one. Below the pile of decomposing human bodies, the living man was found by the rescue party.

Besides the living man, the pile contained nine bodies. Three of the missing ranchmen are unaccounted for. Indians proclaiming allegiance to the rebel cause are appearing at various sections of the Yaqui river country. Mexican inhabitants are much alarmed at reported outrages. There are few federal soldiers at Ortiz, near where Yaquis are operating. Federal troops are pursuing the former commander of Emilio Camps, held a United States prisoner here. A new band of rebels is reported near Llanos.

**REBEL JOAN OF ARC IN  
COMMAND OF FORCE.**  
El Paso, Sept. 29.—"Coronela" Alania, wife of the rebel colonel of that name, is reported as leading a band of rebels and twenty-eight miles west of Juarez, according to a report received tonight by General Steever at Fort Bliss. The same Mexican Juan P'Arc aided Juarez last before the occupation by federal troops, and with a few followers, captured the town. Her force since is said to have been materially strengthened by recruits attracted by no valiant a feminine leader. She has not been able to combine forces with her husband, who is believed to be operating farther to the west.

**BIG FEDERAL FORCE IN  
QUEST OF OROZCO.**  
El Paso, Sept. 29.—More than 1,000 federal troops have arrived at Las Vacas, opposite Del Rio, Tex., according to information given out today by Mexican government agents here. The troops came from Monterey and will strengthen the already large federal force in that part of Coahuila.

Two federal columns are moving south of Ciudad Porfirio Diaz, opposite Eagle Pass, Tex., according to a report received by General E. Z. Steever, at Fort Bliss, Tex. They are moving against the rebel army under General Pascual Orozco, Jr., which is located near Mosquillo, eighty miles south of the border on the National Railways of Mexico.

**HADLEY'S MESSAGE  
GETS NO REPLY  
FROM TAFT**

Repeated Wires to President Fail to Get Expression Regarding Threat of Missouri Governor to Bolt.

(By Morning Journal Special Leased Wire.) St. Louis, Sept. 29.—No word from President Taft came last night or today in reply to Governor Hadley's ultimatum to the state republican committee yesterday as to the terms on which he would support the president in the present campaign. This was explained tonight by Colonel Otto F. Stifel, member of the advisory committee of the republican national committee, who said that though he had wired President Taft last night the text of Governor Hadley's ultimatum and had failed to hear from the president, he had sent the president a second telegram today, saying no immediate reply was necessary. Governor Hadley's ultimatum was that he would support President Taft for reelection only on condition that the president would at once declare himself for presidential preference primaries and non-loss controlled delegations from southern states to national conventions in order to prevent recurrence of the charges of fraud, such as arose in the last national convention.

**MURPHY OPPONENTS WANT  
HELP FROM BRYAN.**  
Syracuse, N. Y., Sept. 29.—William J. Bryan may be appealed to by the opponents of Charles W. Murphy, leader of Tammany Hall, to lead the fight against the renomination of Governor John A. Dix, at the democratic state convention which meets Tuesday.

Some of the anti-Murphy leaders who reached here tonight held a conference at which this proposition was discussed. It was said that with Mr. Bryan on the ground a general campaign would be started, not only to defeat Governor Dix for renomination, but to overthrow the leadership of Murphy in this state. The anti-Murphy leaders were not at all certain, however, that Mr. Bryan could be prevailed upon to take part in a state fight.

Those opposing Mr. Murphy were interested in the announcement made in New York last night by United States Senator O'Gorman that Justice Victor J. Dowling, of the supreme court, would be placed in nomination by friends of Governor Woodrow Wilson, who are understood to look with disfavor on the renomination of Governor Dix. Friends of Governor Dix declared tonight, however, that they were confident as ever that he would head the ticket.

The arrival last night of Leader Murphy was eagerly awaited by delegates who were anxious to obtain some expression of opinion of the Tammany

**COUNTRY LOOKS ON  
WITH MUCH CONCERN**

Presidential Nominee Makes it Plain That He Does Not Approve Ambitions of Dix and Murphy.

(By Morning Journal Special Leased Wire.) Seagirt, Sept. 29.—Governor Wilson issued a statement tonight calling on the delegates at the New York state convention at Syracuse next Tuesday, to choose as candidate for governor, "a progressive man, of the kind to be his own master."

It is not believed that anything more definite in the way of an expression of opinion will be forthcoming from the presidential nominee before the convention begins. It is regarded also as unlikely that he will express preference for any particular person, although his close friends at the convention will know what type of man and what individuals probably would prove acceptable to him.

Governor Wilson's statement in part follows:

"I have been looking forward to the Syracuse convention with the deepest interest, because I realize its critical importance to the party throughout the nation and I have made my opinion with regard to it very plain to every friend from New York who has done me the honor to consult me. I have not said anything in public about it, or through the newspapers, because I wanted to avoid even the appearance of what I condemn in others, namely, trying to dictate what a great party organization should do, what candidates it should choose, and what platform it should adopt."

"But the very principle to which I hold myself bound, both in speech and in action, justifies me in saying that the whole country demands and expects that the democracy of New York be left absolutely free to make its own choice. I believe it is ready to choose a progressive man, of the kind to be his own master and adopt a platform to which men of progressive principles everywhere can heartily subscribe, if only it be free from personal control of any sort."

"The organized democrats of the great state of New York are ready to serve the nation and to serve with intelligence. They need no direction from the governor of another state, even though he be the candidate of his party for president. It is seldom that party organizations are at fault, it is those who attempt to dictate their action."

"No intelligent party leader can justly or wisely or even intelligently condemn or reject the open and honest organization by which alone parties can be held to concerted action, but he can and must do everything in his power to keep them free and unbiased."

"The democracy of New York is at a critical turning point in its history. The whole country awaits its action at Syracuse with deep attention and concern. Democrats everywhere look to it to set an example and vindicate the fair name of the party. They will feel the chill and discouragement very keenly if it should fail them and will be stirred by such hope and enthusiasm if it should accomplish what is expected of it. It will not do for the choice of the convention at Syracuse to be any less free than that which gave the third party Mr. Strauss and the regular republican party Mr. Hedges."

McNicholas will be presented by Clement before the grand jury in Cleveland, Ohio, whether Clement will depart tomorrow. Clement returned today from Idaho, where, he said, he unearthed evidence that the McNicholas men had made Sand Point one of their bases of operations in the sale of worthless mining stock.

Inspector Clement said tonight that the McNicholas men had received advice "from undisclosed sources of the intent of the government to place them under arrest."

J. Pierpont Morgan and Colonel Roosevelt Among Witnesses Who Will Testify During Week.

**ORMSBY M'HARG IS  
FIRST MAN CALLED**

Inquiry Into How Delegates From South Favorable to Bull Moose Were Secured is Expected Today.

(By Morning Journal Special Leased Wire.) Washington, Sept. 29.—After a recess of six weeks, the senate subcommittee, headed by Senator Clapp, will renew tomorrow its investigations of contributions and expenditures of the presidential campaigns of 1904, 1908 and 1912. Colonel Roosevelt and J. Pierpont Morgan are the chief witnesses scheduled for this week, the latter appearing Thursday and Colonel Roosevelt Friday, but from the opening of the testimony tomorrow, the early part of the investigation is to center about Colonel Roosevelt's campaign funds of 1904 and 1912.

All the witnesses selected for the first week of the inquiry have been called on specific questions connected with the charges of John D. Archbold that the Standard Oil Company gave \$100,000 to Colonel Roosevelt's campaign in 1904; the allegations that E. H. Harriman raised a \$240,000 fund at Mr. Roosevelt's request; for the financing of Colonel Roosevelt's campaign this year.

Ormsby M'Harg, of New York, will be one of the principal witnesses tomorrow, and he will be questioned as to the organization of the Roosevelt contests in southern states last spring.

The first witness tomorrow will be Cornelius N. Bliss, Jr., called to produce papers left by his father, treasurer of the republican national committee in 1904, that may bear on the charge that President Roosevelt acquiesced in the acceptance of the alleged \$100,000 contribution from the Standard Oil Company.

The other witnesses will be C. C. Tegethoff, secretary of the late E. H. Harriman, and Charles A. Peabody, attorney for the Mrs. Harriman, who were asked to search the Harriman estate files for records on the alleged raising of the \$240,000.

Senator Jones, of Washington, one of the investigators, probably will not be present this week.

The list of prominent witnesses who will appear before the committee of the senate which is investigating campaign funds is growing daily. To read the names is to study a catalogue of the men who have been factors in national politics. At present Col. Roosevelt has the limelight, as his testimony, which will be heard Friday, October 4, is expected to throw some light on the Standard Oil contributions to the campaign fund.

Former Senator Nathan B. Scott, who is opposed to Col. Roosevelt and the third term party, will testify Monday. He has been an opponent of Col. Roosevelt for eight years and was held to be responsible for much of the Mark Hanna talk prior to the nomination of Roosevelt for his second term in 1904. There was a little Hanna boom going at the time, and as the result of it Senator Scott was never warmly welcomed at the White House after Col. Roosevelt occupied it as president the second time. Senator Scott is understood to have a vast amount of knowledge concerning the inside workings of the finances of the Roosevelt campaign at that time.

Subpoenas have been sent to New York for service upon General Counsel Elliott, of the Standard Oil Company in connection with John D. Archbold's statements that he contributed \$100,000 to the Roosevelt fund in 1904 in behalf of the Standard Oil Company. The officials are asked to produce any papers they may have which will throw light on the transaction. Mr. Archbold said at one time that Cornelius N. Bliss, then treasurer of the republican national committee, had given him a receipt.

The fact that an effort will be made to show whether campaign contributions influenced tariff legislation is seen in the character of some of the witnesses who will be called.

Among them are William Whitman and William M. Wood, of Boston, two leading figures in the woolen industry. Edward F. Greene, J. R. MacColl, Charles B. Grundy, Bristol, Pa.; B. F. Jones, Jr., a steel manufacturer of Pittsburgh; Henry L. Towne, of New York; John Kirby, Jr., Dayton, Ohio, and Fred Schwedtmann and D. P. Challenger, of St. Louis. All are manufacturers or interested in important industries.

Although the name is not on the list, Daniel G. Reid, a leading figure in the tin plate and steel industry in Ohio, is also to be asked to appear before the committee. Wayne MacVeagh, a former attorney general of the United States and brother of Secretary MacVeagh of the treasury department, has also been asked to appear.

It is understood that the specific

Socialist Candidate Declares There is No Hope in Republican, Democrat or Progressive Parties for Labor.

[By Morning Journal Special Leased Wire.] New York, Sept. 29.—Eugene V. Debs, the socialist nominee for president, and Emil Seidel, nominee for vice president, were officially notified of their nomination at ceremonies at Madison Square Garden today. It is declared to have been the largest socialist demonstration ever held in the United States. Although admission cost from 50 cents to \$1, the garden was overcrowded and an overflow meeting was necessary.

An ovation for Debs lasted for seven minutes. The vice presidential nominees and Charles Edward Russell, nominee for governor of New York, also were notified of their nominations. Mr. Seidel, the first speaker, said that the workingman could find his salvation only in the socialist party. Neither of the old parties had anything to offer, he said, and the third party was really a "fifth party" which has stolen the planks of the socialist party platform.

During the ovation, thousands of persons stood on their chairs waving hats and red flags. After seventeen minutes of the tumult, Mr. Debs got an opportunity to begin his speech.

The presidential candidates of the old parties and of the third party came in for sharp attacks. The socialist nominee referred to an impending strike of the shirt waist and dress makers' unions in this city within the next two or three months, in which he said thirty thousand employees were expected to join and he urged his hearers to give them financial and moral support. He referred to the Lawrence strike and declared that the working class must "get a square deal" in the case of Ector and Giovanniotti "or there will be an uprising."

### RAIN PREDICTED LAST OF WEEK

Washington, Sept. 29.—Generally cool and fair weather will prevail east of the Rocky mountains this week with frosts during the first days in the Rockies, the plains states, the upper Mississippi and Ohio valleys, the lake region and the North Atlantic states, according to the weekly bulletin from the bureau.

"West of the Rocky mountains," says the bulletin, "temperatures will average near or above the normal. The next general disturbance to cross the country will appear in the far west Monday or Tuesday, cross the great central valleys Wednesday or Thursday and the eastern states Friday or Saturday. This disturbance will be preceded by a general rise in temperature and will be attended by well distributed rain."

purpose of summoning J. Pierpont Morgan and Mr. MacVeagh is to question them regarding the charges made by Charles Edward Russell, socialist candidate for governor in New York, that Mr. Morgan had been asked by Mr. Roosevelt to contribute a certain amount to his campaign fund in 1904. Both Mr. Morgan and Mr. MacVeagh have denied the report.

David E. Thompson, of Lincoln, Neb., former minister to Mexico, Chancellor James H. Day, of Syracuse university, Governor Fox of Massachusetts, Judge C. H. Duell, of New York, and E. T. Stotesbury, who was reported to have collected republican campaign funds in Philadelphia, have been added to the committee list.

Those who will be asked to explain the source of campaign funds this year, and the method of their expenditure, include Senator Dixon, congressman, McHarg and Treasurer E. H. Hooker of the national progressive party, for Col. Roosevelt; H. L. Nichols for Governor Harmon; Representative McKinley for President Taft; former Senator F. T. Dubois for Champ Clark; Senator Bankhead for Representative Underwood and William F. McCombs for Governor Wilson.

### ZAPATISTAS ACTIVE IN MANY STATES

Madero's Generals Want Reinforcements Before They Begin Campaign to Crush General Pascual Orozco.

[By Morning Journal Special Leased Wire.] Mexico City, Sept. 29.—It is anticipated here that before the end of this week, congress will authorize the twenty million pesos war loan required by President Madero.

One prominent government official said today that he believed the end of the revolution was not far off and that a crushing blow would be dealt Orozco this week.

The same degree of optimism, however, is not shared by the general public here. Official reports made public indicate less Zapatista activity in Morelos and Guerrero, but this is more than offset by their increased hostilities in the state of Mexico and by the appearance of a new revolutionary movement in the state of Vera Cruz where General Aguilar is operating. In the states of Michoacan and Durango, the governors report conditions improving, but press messages continue to tell of rebel raids on ranches and villages.

General Blanquet has notified the war department that he does not regard the inauguration of an active campaign against the rebels under Orozco in Coahuila advisable until he is given reinforcements. He advised the immediate dispatch of troops through American territory to Ciudad Portillo Diaz.

Taking advantage of the departure of Blanquet, who has with him some 2,000 troops, the rebels have become more bold in Durango and have taken possession of their occupation of Nazas, Rodon and Guadalupe. Many depredations, including the carrying off of a number of young women, have been reported.

For the first time during the revolution a train on the Eureka route of the Mexican National railroad, according to a delayed report from San Miguel de Allende, state of Guanajuato, was attacked by rebels. The northbound passenger train that departed yesterday was subjected to a sharp fire between the stations of Jacal and Empalme. Lights on the train were extinguished and the engineer, opening wide the throttle, left the rebels behind. No one on the train was hurt.

## TURKO-ITALIAN WAR MAY SOON END BY TREATY

Negotiations Believed Entering Upon Final Phase With Arrival of Ottoman Diplomat With New Proposal.

[By Morning Journal Special Leased Wire.] Zurich, Switzerland, Sept. 29.—The Turko-Italian peace negotiations probably have entered their final phase with the arrival here of Rechid Pasha, bearing Turkey's latest proposals. If these are acceptable to Italy, Rechid Pasha will assume direction of the negotiations and arrange the wording of the peace treaty. Drawing up the final protocol, even if the Turkish proposals are satisfactory, is likely to be somewhat delayed, as the Turkish government is anxious to have the elections over before concluding peace, otherwise the Young Turks would have a trump card. It is not expected a peace treaty will be signed before October 1.

### MANY WOMAN AND CHILDREN PERISH

Three Days of Savage Siege Result in Defeat of Assaults at Moment When Success was Possible.

[By Morning Journal Special Leased Wire.] Managua, N. C., Sept. 29.—Americans in Managua now know what a shattering tragedy a Central American revolution is. They have passed through a month of turmoil, witnessed a three-days' battle, and experienced the horrors of bombardment. They have seen the people of the city panic-stricken, women and children killed, have borne the sufferings of hunger in a town beleaguered, and have had miraculous escapes from exploding shells and bullets.

The capital of Nicaragua in August was the focal point of a revolution when General Mena, the deposed minister of war, was the head. The two military heroes of the rising of 1909-1910, which overthrew Zelaya, were Emiliano Chamorro and Luis Mena. Mena became minister of war, and organized the assembly which in October, 1911, elected him president of the republic for the term beginning January 1, 1912.

The United States stepped in. The American minister, notifying Mena that his election was regarded as premature and a violation of the agreement with the representatives of the United States, General Mena was deposed later as minister of war and General Chamorro was appointed commander in chief of the army. Mena eventually fled and armed the liberals.

Thus began the revolution that reached its climax in the bombardment of non-combatants, a violation of all the morals, even of revolutions in Central America, except in the case of Zelaya, who bombarded Managua in 1903, in the revolt that established him as dictator. It was no part of Mena's plan to take Managua by assault. General Zelaya, once master of war under Zelaya, was responsible for that when Mena lay helpless on a sick bed.

The bombardment began on a Monday morning, although Zelaya had been warned that thousands of innocent women and children were in the city. All day the savage shelling continued, the shells exploding all over the town. By a strange fatality women and children were the victims. In one house a mother and her four daughters were wounded. A child sitting on a doorstep was hit in two. A woman with her babe at her breast, running across the street, was struck by a shell and both were instantly killed. One hundred and thirty-six women and children were killed or wounded.

The second evening of the bombardment, a shell hit the presidential house and exploded in a room where the president and his cabinet were in conference with General Chamorro. No one was injured. A shell exploded in the interior court of the house of an American official. Four American officials and three servants were on either side of the court but none were hit.

Throughout Monday and Tuesday the battle raged, culminating in a sharp attack in the afternoon when the insurgents broke over the entrenched positions. They were not supported in strength and were killed with machetes.

Twice again during the night, attacks were made in force. Each time the government troops were thrust back, but Chamorro saved the day by leading reinforcements which drove the insurgents back.

All that night the bombardment was kept up. Wednesday the people were absolutely panic-stricken. Thousands fled from the town. Another attack by the insurgents that day would have meant success. The government's ammunition was almost gone. But the bolt was shot. Their failure to win after three days successive assaults with tremendous losses had disrupted the insurgents and they retreated in disorder.

A battalion of 400 American marines under Major Butler reached Managua from Panama the following day.

T. L. Parks, Murrayville, Ga., Route 1, is in his 73rd year, and was recently cured of a bad kidney and bladder trouble. He says himself: "I have suffered with my kidneys. My back ached and I was annoyed with bladder irregularities. I can truthfully say, one bottle of Foley Kidney Pills cured me entirely. They contain no habit forming drugs. J. H. O'Reilly Co."

### CABINET CRISIS IS THREATENING JAPAN

London, Sept. 30.—A cabinet crisis in Japan, says a Tokyo dispatch to the Times, is threatened over the proposal to establish two permanent military divisions in Korea.

It is reported the war minister has tendered his resignation and that he is supported by Genji Terauchi, resident general of Korea. Prince Yamagata, president of the privy council, is refusing to yield an inch to the argument that the proposal is incompatible with the ministerial program of retrenchment.

# A Suburban Home

If convenient to a large city or town is one of the safest investments you can make for the following reasons:

FIRST—The land, if rich soil and desirably located, is sure to enhance in value.

SECOND—If misfortune should befall your lot by way of illness or loss of business or position you can always make a comfortable living on the place.

## BOULEVARDE PLACE

## GREEKS SAY THEY WILL STAND BY UNION STRIKE

Bingham Situation Quiet After Excitement of Saturday Night Over Movement of Deputy Sheriffs.

[By Morning Journal Special Leased Wire.] Bingham, Utah, Sept. 29.—Sunday followed uneventfully upon the heels of the excitement of last night by the unsuccessful attempt of deputies to capture strikers with arms. A large open air meeting was held in Upper Bingham by Greeks, who listened to arguments in their native tongue against compromising their demands.

In reply to assertions of Utah Copper Company officials that hundreds of foreigners will return to work when offered the opportunity, J. C. Lowrey, a strike leader, declared that if put to the test, the chief union strength would appear among the foreign races.

"The operators, despite their assertions, have only one alternative if they refuse our demands," said Mr. Lowrey. "That is to attempt to introduce strike breakers and they will fail there."

Officials of the Utah Copper Company are expected to hold a meeting tomorrow in Salt Lake City to consider plans to resume operations.

### LABOR SITUATION GRAVE AT ULY PROPERTIES

Ely, Nev., Sept. 29.—The labor situation here took on a more serious aspect today than at any time since the miners and smeltermen of this district made a demand for an increase in wages nearly two weeks ago.

## TOMMY RYAN HERE FOR FIGHT WITH BENNY CHAVEZ

San Francisco Bantamweight Declares He Will Defeat Rocky Mountain Champion; Latter Arrives Tomorrow.

Tommy Ryan, of San Francisco, the bantamweight who has been selected by Director Mark Levy, of the New Mexico Athletic Club, to meet Benny Chavez, champion of the Rocky Mountain states, in a bout before his club the night of Thursday, October 10th, arrived in the city last night.

Ryan is one of the most likely looking fighters of his class who has ever put in an appearance in Albuquerque. He is not given to boasting, but has a record which shows him to be one of the best bantams on the coast, where he has met and defeated some of the leading boys in his class in California. He is a product of the Golden Gate city, where many champions have been developed.

"I sure believe I can beat Chavez," said Ryan last night, "and I have come to Albuquerque with this purpose in view, for I know it means much to my future career to take the measure of the Trinidad boy. I am in good trip now, and with ten days in which to train, beginning with today, I should be in good shape for the ten-round go. You can tell the fans that I will give them the best run for their money that it is physically possible for me to give."

Ryan will begin training today, doing road work this morning and each morning hereafter until a week from Thursday. Each afternoon, beginning this afternoon at 3 o'clock, he will do gymnasium work and box at the New Mexico A. C. gym back of the Sturges hotel. Charley Pierson, the fighting newsboy, will train with him, the latter starting training today for his return meeting with Al Snaadling, which will be staged at the same time as the Ryan-Chavez match.

Ryan is anxious to have plenty of sparring partners and issues an invitation to all boys who like to box to don the gloves with him any afternoon.

Director Levy yesterday received a telegram from George Joseph, manager of Chavez, stating that he and Chavez would leave Trinidad tomorrow for Albuquerque, arriving here on Sunday, October 1st, the same evening. Chavez will go to his training at the Elks' theater.

With the Ryan-Chavez event and the Pierson-Snaadling bout arranged for fall week, the fans of Albuquerque and the state at large can count on two of the best boxing bouts ever staged by the New Mexico Athletic Club.

## LOCKHART TEAM IS VICTOR IN FAST BALL GAME

Small Crowd Witnesses Good Exhibition at Traction Park Between Clubs of Picked Players.

In a game featured by fast playing and few errors, the team captained by Chief Lockhart yesterday afternoon at Traction park, defeated an aggregation, recruited by Bert Graham, by the score of 8 to 6.

Young Weeks and Chavez did the heavy work for the Lockhart team, while Tierney, Graham and Manquero were the battery for the Graham combination.

Up to the seventh inning the game was even. When the Lockhart players began to hammer Tierney, Graham went into the box and held the Lockhart bunch to a close score.

## TRANS-CONTINENTAL MOTORCYCLIST HERE

Nelson L. Moulton, who is riding from Kettering Depot, Maine, to San Francisco, on a motorcycle, spent yesterday here. Moulton left his home in Maine on July 21st, spent three weeks in Philadelphia and three weeks in Kansas City and arrived here yesterday afternoon. He is riding a twin Excelsior belt driven machine.

## BRYAN PREACHES ON "THE LARGER LIFE"

Rawlins, Wyo., Sept. 29.—W. J. Bryan arrived here early and rested most of the day at the home of John E. Osborn, chairman of the democratic state central committee. The Nebraska made no political speeches, but he talked briefly to the prisoners at the Wyoming state penitentiary and delivered a sermon on "The Larger Life" to a large congregation at Elks' hall.

Mr. Bryan left here late today for Laramie. After speaking there he will close his itinerary for Wyoming at Cheyenne tomorrow.

## STEEL TRADE GOES TO CENTRAL STATES

Manager of Chicago Cubs is Ready to Affix Signature to New Contract; Operation Entirely Successful.

Chicago, Sept. 29.—Frank L. Chance, manager of the Chicago Nationals, said here today he had received no official notification that he had been deposed from that position by Charles W. Murphy, president of the club, and that he was ready to sign a contract to manage the Cubs next year. Murphy said there was no likelihood of Chance being retained as manager.

"I stand exactly on what I have said before," said Mr. Murphy. "There is no change in the situation. My edict with regard to drinking by the Cubs and the announcement that Mr. Chance will not be manager next year and just as they were first expressed."

Chance said he had nothing to retract in his vigorous repudiation of charges that drinking habits among the Cubs had lost games for the team, but he denied he had any intention of cutting off his own head as manager by the statements or that he had any intention of leaving the team unless he was forced to.

"I have no official notice that a contract will not be offered me to go on with the management of the Cubs next year," said Chance. "I don't want to say that I won't be manager until I know it is so. I am ready to sign a contract at any time it is presented me."

"I want to say that I don't back down an inch on my assertion that charges that the Cubs lost pennants by drinking are false. Such charges are false. One thing that may have started that is that I let my ball players do as they saw fit within the bounds of propriety. When a Chicago ball player wanted a drink he drank it openly where any one could see him and did not sneak up to his room with a bottle of grog in a quiet place where a congenial crowd and keep a hell boy hustling drinks."

"Consequently the few and harmless drinks men might take were known to anybody that might be looking and were exaggerated. But no player ever came on the field in uniform who was not in shape to play."

The operation I went through was a complete success and my doctors tell me I will be able to play all next season as well as ever."

"I still hold my shares in the Chicago club," said Chance. "I have about 10 per cent of the total stock, which is valued at \$500,000 and rate my shares at \$50,000. During the present season the team has earned \$500,000 more than a million dollars, but now he has the nerve to turn against the fellows the minute they run into hard luck and fail to land a pennant every season."

Chance said he was going to rest up at his California ranch and would stick to baseball. He has had three big league contracts offered to him at attractive terms, he said.

## BALKAN STATES MAY WAR ON TURKEY

London, Sept. 29.—Disquieting rumors are current respecting the Turkish-Bulgarian situation. A Belgrade dispatch received here last night to the effect that a joint Serbo-Bulgarian note has been sent to Turkey demanding autonomy for Macedonia, and adding that unless a satisfactory reply was received war would be declared.

There was a further indication of the critical nature of affairs in the Balkans when the king of Greece from Copenhagen tonight. He will go direct to Athens instead of remaining another fortnight in Denmark, and after that will spend a fortnight in Paris.

All the Balkan countries appear to be making energetic military preparations, although a peaceful arrangement is being sought.

## TWO ARRESTED FOR COUNTERFEITING

Seattle, Sept. 29.—George Adams, who, as cashier of the Seattle essay office, was convicted of stealing \$200,000 in gold dust deposited there by miners for safe keeping, and who has been at liberty on parole, was arrested tonight in company with John G. Weber, 70 years old, an ex-convict. The men will be charged with conspiracy to counterfeit. The arrest was made in a lonely cabin, 20 miles from here. An incomplete counterfeiters' equipment was found in the cabin.

The police began trailing Weber when he was released on August 29th, and say they found him in communication with Adams.

Adams was convicted some six years ago. He has been on parole about five months.

## THREE OFFICERS OF BANK INDICTED

Boise, Idaho, Sept. 29.—Fifteen indictments were returned by a special grand jury here today against three former officials of the defunct Boise state bank. The officials indicted are J. W. Keefe, assistant cashier; Eugene H. Payne, cashier; and D. W. Meharg, director. These men were arrested at midnight, but were released on bonds later. The indictments charge the former bank officials with making false reports of the bank's condition to the state bank examiners. The bank was closed about a year ago.

## GERMAN CITIES.

The Minneapolis Journal has the following editorial on the administration of cities in Germany which should be read with interest by every American:

"A recent observer is struck by the fact that the ordinary German citizen is far more interested in his home city than in his state, or in the German empire itself. As with the ancient Greek, city is more to him than country. His public spirit finds outlet in urban activity and urban pride. Perhaps this is due to the rigor with which the German bureaucracy represses all tendency toward real popular rule, whereas the German cities are essentially democratic in government. But whatever the cause, the effect has been the growth of a system of urban government and development unparalleled in the world.

"The German curia very little for politics, but he is deeply interested in the advancement along progressive lines of his home town. This is why he cheerfully bears a heavy burden of taxation, one, in fact, that is approaching the Scriptural standard of tithes. The heaviest share of the budget goes to the city. But the citizen requires in return far more than American cities have learned to do for their inhabitants. And he gets what he pays for.

"The German cities' habit of choosing the chief magistrate solely on the basis of his experience as an administrator, of advertising for such a man if need be, of subjecting the candidate to critical and competitive examination, and of continuing a successful administrator in office indefinitely, is characteristic. It has resulted in elevating municipal administration into a profession. The large cities often call to their service those who have made a good record in smaller ones. Thus German urban officials are busy and business-like officials, whereas public office in American cities is become a sort of privileged leisure.

"Americans in Germany smile some times at the initiative into which municipal administration runs, but they have in the end to admit that it is thorough, that it deals justly by all, high or low, and that it makes a city a delightful place in which to live. For German cities know how to make useful things ornamental as well. They have their idealism as well as their minute practicalities.

"The urban spirit is growing in America. Probably it will never get to the point where it will obscure the national or even the state spirit. We shall never neglect our politics. We are learning how to cast the partisan sort out of our cities and with them craft and waste. As we begin to take a livelier pride in our cities, we press on toward better and more thorough methods of administration. We may learn much from studying how the Frankfurters, the Muencheners, the Berliners, the Hamburgers and the others do things."

The Kansas City Journal tells of a down-trodden farmer named William Holden, who had eight hundred acres in wheat. He told all his relatives that if his wheat averaged twenty bushels to the acre he would take them all on a pleasure trip to the Pacific coast. The yield was twenty-eight bushels to the acre and he sold the crop for \$21,850 and left with a chartered car carrying all of his relatives from Hutchinson, Kansas, for Los Angeles and other points on the Pacific coast. Also that has something to do with the high cost of living.

When Victor Berger was making his first speech in congress on socialism, Minority Leader Mann asked him if socialism should fall what would follow. Berger replied anarchy. "After anarchy what?" asked Mr. Mann. "Despotism," was Mr. Berger's frank reply.

Columel Roosevelt says it will take fifty years to put his program fully into effect. We hope he will not want to be president all of the time while his program is being worked out.

## MILLIONS FOR NEW MEXICO.

The United States government has title to about forty million acres lying within the borders of New Mexico. Large areas of land are held by the government within the borders of each state west of the Missouri river. Those states are unanimously in favor of having these lands taken over by the states for development. The southern states are in sympathy with the movement because they believe strongly in the doctrine of states' rights.

No one who is acquainted with the trend of things in the country doubts that the next president of the United States will be Woodrow Wilson. No one can have a reasonable doubt that the next senate will have a democratic working majority. The house is now democratic by sixty-seven.

Of the 40,000,000 acres in New Mexico, 11,000,000 are worth not less than \$10 per acre, or \$110,000,000. The remaining 29,000,000 million acres is worth not less than an average of \$2 per acre, or \$58,000,000. The total makes the huge sum of approximately \$170,000,000.

With these public lands, the best of schools could be maintained with no tax levy on the people for school purposes and a system of roads could be built, such as exist nowhere now in the union. And following it all, the lands could be so handled that practically no taxes would be necessary for any purpose. It would be a great endowment for the state.

If this could be brought about, it would more than double the value of every man's property in New Mexico at once.

Mr. Ferguson, if returned to congress, would have powerful influence to bring such conditions about. He would be able to appeal to the members of congress from the south and to the democratic president and to work in harmony with the western members, all of whom are eagerly bent on securing those lands for their states.

Should New Mexico send Mr. Jaffa to congress he would be a detriment rather than a benefit, so far as aiding in this work of almost incalculable magnitude to the people.

Besides, if the people want fair protection to the wool industry, they can be assured of it with Mr. Ferguson in congress. If Mr. Jaffa were sent there it would be an incentive to the democrats to reduce the wool tariff to the lowest possible figure.

Mr. Ferguson would be able to assist the program of Champ Clark and Oscar Underwood. With Mr. Jaffa in congress, it is possible that Mr. Bryan would be able to have wool put on the free list. It was over that very thing that he quarreled with Mr. Underwood.

The people of New Mexico should vote unanimously for Mr. Ferguson, for when they do so they will be voting for their own interests.

## MR. CUTTING WILL NOT DELAY.

Of course, Mr. Bronson M. Cutting will not delay publishing these heretofore undisclosed facts damaging to the official reputation of former Governor Herbert J. Hagerman. Should any one make an insinuation against the personal or public character of Mr. Cutting, he would insist at once that the full facts be made known, because they might not be so bad as the public might imagine; or, when explanations were made, they might not be facts at all.

Governor Hagerman has an exceptionally high standing in New Mexico, both as to his personal integrity and his official probity. Mr. Cutting intimates that the mask may be torn from the reputation of the former governor, leaving him an object of scorn and derision rather than a man respected by all who know him.

As we have remarked previously, this is a matter that will not admit of delay. The facts justifying the implication must be stated at once, fully and frankly, or, if Mr. Cutting should find that he has no such facts, of course he is the kind of man who will apologize quite as publicly as he has made the charge.

A German savant says that the character of the musician is profoundly influenced by the instrument on which he plays. Then the ideas of the gentlemen who perform on the fog horn must be a little hazy.

An explorer has returned from South America with a fifty pound rat. If that sort of rat is going to become popular in this country, some one will have to bring back a 200 cat. That would be some kitty.

The report comes now that Taft is going to sweep the country. We thought it had been swept and that Roosevelt is going to dust it.

The government does not know what to do with the Mexican insurgents fleeing over the border. Why not hire them to go to work?

## BURGLARS RANSACK MERCANTILE STORE AT SAN MARCIAL.

(Special Correspondence to Morning Journal.)  
San Marcial, N. M., Sept. 29.—The store of the San Marcial Mercantile Company was burglarized on Friday night. About \$200 worth of merchandise was carried away by the burglars, including some fine wedding gowns just received by the firm. Entrance was effected to the store by means of skeleton keys, with which the front doors were unlocked. The goods were carried out of the back door. No clue has yet been secured of the burglars.

### THEIR DAUGHTER AND GUEST ARE MURDERED

Itinerary of Keynote Trade Excursion Calls for Extensive Tour of New Mexico and Arizona.

(Special Correspondence to Morning Journal.)  
El Paso, Tex., Sept. 29.—Keys that will unlock all the doors in El Paso will be carried to the people of the south-west by the members of the Keynote trade excursion that will leave the Pass City on October 13th next for a tour of New Mexico and Arizona. Besides "master keys" to be presented to the officials of the cities of the two states, there will be 5,000 small keys for distribution to the general public. Pleasing ceremonies will attend the presentation of the keys, and the trip "flosters" pass through the many towns and cities on their route.

The Keynote excursion will be made up between sixty and seventy leading manufacturers, jobbers and capitalists of El Paso. They will travel in a special train, equipped with dining car and parlor car for the reception of the business men of the places visited. Beginning with the mining center in southwestern New Mexico the train will continue through the cities of southern Arizona, north through Phoenix to the Santa Fe main line, thence east by way of Albuquerque and south through the Rio Grande valley. A side trip will be made to the Grand Canyon from Williams. In all sixty-five towns and cities will be stopped in for an interchange of courtesies between the economists and townsmen.

The excursion is being run by the chamber of commerce of El Paso, as a means of bringing the important commercial interests of this city in closer touch with the retailers and consumers of its trade territory. The excursionists will distribute quantities of advertising concerning the 48-Apex jubilee to be held in El Paso, October 23rd to 25th, inclusive.

# IF YOUR CHILD NEEDS A PHYSIC

If Cross, Feverish, Tongue Coated, Give "Syrup of Figs" to Clean the Stomach, Liver and Bowels.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and bowels are clogged up with purifying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad, has stomach ache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the food, constipated waste, undigested food and sour bile will gently move on and out of his little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of natural figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regular needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Company. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

# NAVAL VANGUARD IS ON HAND FOR REVIEW

New York, Sept. 29.—The battleships Wisconsin and Illinois, the cruiser Baltimore, the torpedo boat destroyers MacDonough and Worden, and a flotilla of eight torpedo boats arrived today from Charleston, S. C. The ships composed the vanguard of the fleet of 127 United States war vessels that will be assembled in the Hudson river from October 12 to 15, for review by President Taft and Secretaries of the Navy and War.

# ARSON RESORTED TO TO COVER UP CRIME

Investigation Following Fire Results in Finding of Charred Bodies Bearing Evidence of Violence.

Quincy, Ill., Sept. 29.—Four persons were murdered near here Friday night under circumstances indicating one of the most revolting crimes in the history of the state. The home of the victims was burned in an effort to destroy the bodies, but two of them escaped the flames sufficiently to show that the heads had been split open with an axe. The dead are Charles Pfanschmidt, their 16 year old daughter, Blanche, and Miss Emma Kaempfen, 21 years old, a teacher or who was visiting Miss Pfanschmidt.

The authorities believe the murder is the work of a desperado of the same kind as the perpetrators of similar murders in Iowa, Kansas and Colorado recently.

(By Morning Journal Special Lensed Wire.)

Quincy, Ill., Sept. 29.—Suspicion exists that Mr. and Mrs. Charles Pfanschmidt, their sixteen-year-old daughter, Blanche, and Miss Emma Kaempfen, twenty-one years old, a teacher, whose bodies were incinerated early today, were murdered. The tragedy took place at the Pfanschmidt country home near Payson, sixteen miles southeast of Quincy. Circumstances indicate that the four victims perished while asleep. Nothing remained of their bodies except the charred skeletons. The house was destroyed.

Pfanschmidt was wealthy. Miss Kaempfen was a daughter of a Quincy Contractor.

Developments indicate that all four were murdered before the house was destroyed by fire. While the bodies of the victims are charred almost beyond recognition, the head of Miss Kaempfen is well preserved, and at the top of the skull is a wound, evidently made with a club. She and Mrs. Pfanschmidt were found partly under a mattress, which had to some extent protected their bodies from the flames. A pillow upon which Miss Kaempfen was lying was not burned. It was soaked with blood.

The Pfanschmidt girl's face is badly burned but the back of her head was protected from the flames and there is a wound several inches across.

Indications are that the crime was committed Friday night. The telephone wires were cut and relatives of Miss Kaempfen in Quincy, who tried to reach the Pfanschmidt home on Saturday, were unable to make connection.

Antoine Deloria, Postmaster at Garden, Mich., knows the exact facts when he speaks of the curious value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills, as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." J. H. O'Reilly Co.

# SANTA FE EMPLOYEES TO BE PAID OFF WEEK OF FAIR

Parent Line Men Will Receive Checks on October 9th or Six Days Earlier Than Usually is the Case.

It will be good news to every booster for the state fair to learn that the Santa Fe employees, working in Albuquerque and on the main line divisions terminating at this city, will receive their pay checks for September during the state fair. It is estimated that this will turn loose not less than \$75,000, of which a goodly part will be given at the exposition.

The Santa Fe employees at the local shops and roundhouse are all under main line jurisdiction, as are the trainmen running on the Rio Grande and New Mexico divisions. These classes take in easily seven-eighths of the railroad men at Albuquerque, and it can be readily seen that their payment six days early will be a big help to the fair. Ordinarily, the men would not get their checks until October 12th, the week after the fair.

It is said that the coast lines may follow the example of the parent lines, and pay their employees, that is, those running west from this city, on the same day. This is only a possibility, however.

Mrs. Frank Spears Has J. H. Bunce Arrested at Aztec, Alleging Criminal Assault; Hearing October 2nd.

(Special Correspondence to Morning Journal.)  
Aztec, N. M., Sept. 29.—Sheriff Dunbar on Monday arrested J. H. Bunce on complaint of Mrs. Frank Spears, who alleges rape on the part of the defendant. The crime is alleged to have been committed last Sunday at the present home of the Spears family in the absence of Spears. Bunce is a married man of family and the two families have for years been the closest friends. He denies the charge, although admitting being at the Spears home on the day in question and to have been drinking whiskey. The preliminary hearing will come up before Judge Current, of this city, on October 2d.

Efforts are being made to get together one of the finest exhibits to represent San Juan county at the state fair next month ever sent out from here. Two farmers each brought in a pumpkin for the exhibit yesterday that were monsters in size. It was decided to take the heaviest one to the fair, and on being weighed one tipped the beam at 30 pounds and the other went 55. South Carolina sweet potatoes grown near Aztec will also appear in the display, several weighing three to four pounds each. Fruit, grain and vegetables, with coal on the side, will comprise San Juan's exhibit.

# IRISH HOME RULE IN NO DANGER FROM ULSTER

William H. Redmond, Nationalist Member of Parliament, Speaks to a Sympathetic Crowd in New York.

(By Morning Journal Special Lensed Wire.)  
New York, Sept. 29.—The Ulsterites' demonstration against home rule at Belfast is no more dangerous than this flash light," exclaimed William H. Redmond, nationalist member of parliament, when his speech at a large mass meeting in Carnegie hall tonight was interrupted by the photographers' work.

"Half of Ulster is as ardently for home rule as any part of Ireland," he continued. "Half of Ulster belongs to the ancient faith and many Protestants in recent years have been marching side by side with Catholics in the battle for Irish liberty."

The speaker, who is a brother of John H. Redmond, leader of the home rule movement, was given an ovation. The meeting had been arranged by a committee of prominent citizens, including Supreme Court Justice Keogh, Bourke Cochran and Alton B. Parker.

A letter was read from Cardinal Farley expressing his warm sympathy with the cause. The audience waved hats and cheered approval when Mr. Redmond rose to speak.

"This Irish home rule problem will be foremost in Britain's political arena until the freedom of Ireland is assured," he said, and he predicted that before Christmas the bill would have passed the house of commons and if the present British government continued in power, the name of King George would be attached to Irish home rule bill.

## FISH CAUSES DEATH OF FIVE PERSONS

Toronto, Sept. 29.—Five members of one family were drowned in the Pigeon river today, the victims being William McGaffrey, of Toronto, sales manager of the Canadian General Electric Company, his mother, wife and two children.

A fourteen-pound muscalonge, which had been hooked by Mr. McGaffrey, was responsible for the drownings.

Mr. McGaffrey with his wife, mother and two children, started in a canoe down the river.

No member of the party was seen alive after the canoe put out. Seven miles down the river the canoe, floating bottom up, was found. All the bodies were recovered.

Mrs. J. N. Hill, Homer, Ga., has used Foley's Honey and Tar Compound for years, and says she always recommends it to her friends. "It never fails to cure our coughs and colds and prevent a group. We have five children and always give them Foley's Honey and Tar Compound for a cold, and they are all soon well. We would not be without it in our house."

## ROOSEVELT GOES TO HOME OF MOTHER

Atlanta, Ga., Sept. 29.—Colonel Roosevelt made a pilgrimage today to a quaint old house in Roswell, twenty miles out of Atlanta. It was the building in which his mother, Martha Bullock, was born. He left Atlanta early that he might reach Roswell in time to attend the church of which his mother was a member.

When he reached the church, he found that no service was to be held there today. He returned to Atlanta, then left for Chattanooga, where he is to speak tomorrow morning. On his way to the station he stopped to see the cradle in which his mother was rocked to sleep.

# AVIATOR BEACHEY SUCCESS ASSURED DEFIES DEATH IN EVERY FLIGHT FOR INDUSTRIAL STREET PAGEANT

World Famous Birdman Who Flies Here During New Mexico State Fair Most Sensational Performer Now Living.

Aviator Lincoln Beachey, of the Curtiss corps of exhibition flyers, is known as the most sensational performer in an aeroplane now living.

Beachey succeeded to the laurels for foolhardy stunts, following the tragic deaths of Arch Hoxey, Ralph Johnson and J. B. Moisant, former fellow birdmen. Nothing ever daunts Beachey—he defies wind, rain or any other of the elements and has yet to disappoint a crowd waiting to see him fly. Thus, the visitors to the state fair next week are assured some startling entertainment by Beachey, who flies twice daily.

Speaking of a flight made at Boston on August 29 of this year, the Boston Herald gives a most interesting pen picture of Beachey's success as a dare-devil flyer, when it says:

Breathless with wonder and fear, the spectators at the Harvard-Boston acre meet yesterday clutched each other feverishly as Lincoln Beachey calmly shot up into a wind blowing close to fifty miles an hour and reached an altitude of 3,000 feet, concluding this portion of his feat by falling to within a few hundred feet of the ground, and volplaning, dipping and banking till it seemed his Curtiss biplane would be torn apart.

Beachey's flights were the sensational features of a day marred by towering skies, high winds and the blowing of all the monoplanes beneath the tents in Hanger ten.

It was a "biplane day." A wind at times blowing twenty-five miles an hour at sea level and doubling at an altitude of 1,500 feet, kept Claude Grahame-White and his Nieuport monoplane, and Sopwith and Stone with their Blériot-type machines on the ground, not a single plane machine being trundled to the flying field for a start.

The stars of the day were Beachey and Elk in their Curtiss biplanes. Beachey started his first series of thrills when he went into the air for an exhibition flight and dipped and circled over the course.

For ten minutes he circled about, now shooting spectacularly toward the ground, now soaring far up toward the threatening clouds. A roar of appreciation greeted him as he struck the ground.

But it was in the altitude speed contest that Beachey made his reputation for spectacular and dare-devil flying thoroughly appreciated by the crowd. Sweeping up from the ground with his official biplane hanging from his machine and his own biplane strapped to his knee, he simply "let loose." First, he would shoot along on an even keel for a few thousand feet, then suddenly the elevating plane would be tilted upward and the biplane would climb the invisible staircase like a streak.

Downward he would fly at seventy or eighty miles an hour and then would perform a thrilling banking turn high above the field and plough his way steadily upward through the lower clouds until he reached the requisite 3,000 feet.

But "Elk" Beachey, who speaks at his thrilling flight over the terrible whirlpool rapids at Niagara Falls as a mere incident, had still a few tricks in store. As he reached the altitude required he suddenly turned downward and literally fell for at least a thousand feet, while the stands jumped to their feet in a single leap. A pull on the control and he straightened his course, then descended again with his biplane nearly perpendicular, swinging about over the course at an angle of nearly 70 degrees, and rocking from side to side as though in a hammock, he finally came to the ground as lightly as though he had been riding a perambulator about an empty ball room floor.

**WHITE GLOVES TO FORM PART OF THE UNIFORM OF POLICE**

White gloves are the latest addition to the uniform of the local police and will be worn all the time, if an arrangement proposed lately goes through. The gloves are especially for the traffic squad, whose efficient work at the corner of Second and Central, has won them warm commendation.

New uniform overcoats for the entire force have been ordered and will soon be here. Most of the force have ordered new winter uniforms, also, so that they will present a spick and span appearance during the state fair.

**SANTA FE EMPLOYEE BROUGHT FROM SAN MARCIAL TO HOSPITAL**

A. E. Williams, a road man in the Rio Grande division engineering corps, was brought up from San Marcial last night suffering from an intestinal obstruction. Mr. Williams was rushed to St. Joseph's hospital in an ambulance and was operated upon immediately after his arrival.

E. J. Gistwood, division engineer, accompanied Mr. Williams, who is employed under him, to this city.

## EL PASO THEATER MANAGER LEASES THE ORPHEUM

Howard Fogg, Widely Known Amusement Purveyor, Adds Albuquerque Playhouse to Already Formidable String.

Howard Fogg, of El Paso, Tex., widely known as an amusement purveyor, being president and general manager of the Tri-State Amusement Syndicate, owner and manager of the Happy Hour theater and the new Jolly Musical Comedy Company and lessee and manager of the Crawford theater, all of El Paso, has leased the Orpheum theater, corner Cal and Second streets, from W. V. Fuetrelle, the owner, and will invade the Albuquerque theatrical field.

Mr. Fogg, who arrived in the city yesterday, after looking over the town and conferring with Mr. Fuetrelle, closed a lease with him on the Orpheum play house and will open it Wednesday with the all-star Comedy Island Musical Comedy Company, embracing the original cast. Popular prices will prevail; in fact, lower prices than have been charged in El Paso. In order to attract people to the Orpheum, the company's regular prices have been 25, 35 and 50 cents, but the engagement they will play here may be seen for 15 and 25 cents. Afternoon matinee's also will be given.

In an interview last night, Mr. Fogg stated that he would give the people of Albuquerque the best shows to be secured in this part of the country, and in addition, a musical comedy, like the Comedy Island company, he expected to stage high-class attractions, both trust and independent, this winter. He says Albuquerque is plenty large enough to support a second big show theater. At any rate he intends to give it a fair trial.

**NEW MEXICO MAN SHOT BY BROTHER DIES AT DENVER**

Denver, Sept. 29.—Samuel Garcia, who was shot four times by his brother, Joseph P. Garcia, September 15, at the latter's ranch near Pima, N. M., died in a hospital here today from blood poisoning. His bride of two months was at his bedside.

After the wedding at Fort Collins, Colo., Garcia and his bride had gone to his brother's ranch to spend their honeymoon. A quarrel arose, it is said, as the result of Samuel Garcia's refusal to give up his friendship for a man whom Joseph Garcia accused of alienating Mrs. Joseph Garcia's affections, and the shooting ensued. The slayer fled, but was captured and lodged in jail at Pima, N. M.

# Clothes Experience

Every man who buys a suit of clothes adds to his clothes experience, but there is not a man in the United States who has had as much experience with clothes as the makers of STYLEPLUS CLOTHES \$17.

This concern is the oldest firm in the United States making garments today. Their experience covers 63 years and, in that time, they have made and sold over 50,000,000 garments.

STYLEPLUS CLOTHES are the product of this experience. Every stitch, every seam in 50,000,000 garments that preceded the advent of STYLEPLUS CLOTHES guarantees to every STYLEPLUS customer the utmost in clothes values. The makers back of STYLEPLUS CLOTHES have always specialized in medium-priced garments. They know more about their manufacture than any other concern in the world. It is because of this experience and the enormous modern factory that they operate that STYLEPLUS values are possible at this price.
