#### Information Bureau

Free to All Fair  
Visitors

The bureau of information, in charge of A. W. Goodrich, is open until midnight every night. It is located at the store of the New Mexico Clear Company, at the corner of the alley between First and Second streets on Central avenue, on the north side of the street. There is a big sign in front of it so that visitors may find it easily.

This bureau is established for the purpose of seeing that visitors to the fair are given all information possible regarding rooms, restaurants, hook bars, amusements and other matters. It is open to you, Mr. Fair Visitor. Make use of it.

Your will be far greater in number than they have been in recent times, and will demonstrate a wide variety of articles manufactured in the state. To accommodate the great number of them which will be made, it has been found necessary to erect a tent, where room is ample for all the overflow from the manufacturing building.

Two separate smaller tents have been erected by manufacturers concerning which desire to have plenty of room for large displays.

A separate building has been provided for a display of educational institutions and there will be displayed samples of the best work done in drawing, painting, sewing and handicrafts of various natures by students of the different schools.

One of the features which will draw much attention is the display of grain grown by members of the Boys' Industrial clubs over the state and the display of sewing done by members of the Girls' Industrial clubs. Handicrafts of various natures by students of the different schools.

The poultry department is having a bumper year. There are hundreds of birds entered, many of them being already in their coops at the fair grounds, where the same building used by the poultry last year has been set aside for them. They will fix it exactly this year for there are a great many blooded birds to be shown.

that will surely put up a fast game and Santa Fe has entered a team that will make a strong showing. The prize money will likely be anybody's until the last game is played.

There will be a good carnival company, the Campbell United Shows, which arrived yesterday and whose men were busy setting up tents and paraphernalia last night. There will be four good free acts downtown each day, and a number of concessions and confetti stands.

Along racing has come in for a comfortable share of the prize money and will be exceptionally good this year, particularly the running races. A number of horses arrived Saturday night from Baton Rouge, where they had been racing on the Santa Fe circuit, and more came in last night. The running races will be a strong feature of every day's program.

#### MOTORCYCLE CONTESTS

##### ATTRACTIVE TO CROWDS.

A motorcycle race every day will be a leading feature. There has been but little motorcycle racing done in this state, and at the only previous race time was recorded. The half mile track at Truett park is fast and some records will likely be broken at the fair, for the race boys will draw any machine they wish to use. It will be in charge of Mrs. Alfred Grunfeld and a committee of ladies.

Motorcycles will also be entered in the two automobile parades to be held on Good Roads day, and many automobiles will make splendid showings at those times. The afternoon parade will be a decorated affair, open only to those whose cars are made beautiful with paper flowers, lighting and the like. It is in charge of Mrs. Alfred Grunfeld and a committee of ladies.

The evening parade that day will be an illuminated one, and the spectacle of 170 cars, for that many have been entered, lighted up with electric lights, Chinese lanterns and other illuminating devices will be a sight to be remembered.

The industrial parade will contain a number of interesting displays. This parade will be held Thursday morning, Albuquerque day, and will be the best for a long time past. More than seventy entries have been received. Handsome prizes are offered for the best displays in all three parades.

The dog show will open Tuesday and will be held downtown. This event will be remarkable from the fact that it is the largest show ever held here and the second one to be held in New Mexico. It is being held under the auspices of the Albuquerque Kennel club. The bench show committee is composed of Dr. T. S. Spindler, Dr. J. W. Colbert and Dr. R. Fred Pettit.

#### MANY ORGANIZATIONS TO MEET HERE DURING FAIR.

Many organizations of fraternal or civic nature will meet in Albuquerque during the state fair. Of them, the Good Roads association meeting Wednesday and the Wool Growers' association meeting Friday will likely be the largest. The county chairman of the democratic party have been called to meet here Friday at the Commercial club. The grand lodge of the Knights of Pythias, of the Odd Fellows and the Rebekah Assembly of the latter order, will hold their annual meetings here during the fair.

The cattle sanitary board will hold its quarterly session beginning tomorrow. All the state officers, the governor and his staff, will attend the fair Tuesday, State day. The New Mexico Pharmaceutical Association will meet here Thursday. The organization meeting of the State Municipal league will be held Friday morning.

Colombus day on Saturday, the anniversary of the discovery of America. The Montezuma ball will be held Friday evening. A grand carnival, masked with dancing on the street, will be held Saturday night.

All these and more go to make up the state fair for this year.

## MOTIVE FOR SELIG MURDER STILL IN DOUBT

Police Assert It Was Not for Purpose of Suppressing Evidence in Becker Case Near Trial.

(By Morning Journal Special Leased Wire.) New York, Oct. 6.—Deputy Police Commissioner Beardsley tonight said he was satisfied the motive for the murder of "Big Jack" Selig by "Red Phil" Davidson here last night was not to seal Selig's lips against former Police Lieutenant Becker, who will be placed on trial tomorrow for the murder of Herman Rosenthal.

After questioning Davidson for several hours and investigating events leading up to the killing of Selig, the deputy commissioner said he was inclined to credit Davidson's story that he killed Selig in revenge because the latter had robbed him.

District Attorney Whitman, though admitting that no proof had yet been found to indicate that Selig's death was the result of a conspiracy, was inclined to regard the murder as "more than a coincidence."

## DIPLOMATS MAY BE ABLE TO SAVE TURKS FROM ATTACK

France, Russia and Austria Agree Upon Plan Which is Expected to Have Approval of Great Britain Today.

### EUROPE PROPOSES TO GUARANTEE JUSTICE

Notes Are to Be Sent to Balkan Capitals at Once Asking That Hostilities Be Postponed for Present.

Paris, Oct. 6.—War of peace between Turkey and the Balkans is in the balance. If anything, it might be said that the scales are slightly today against peace, in the sense that every hour's delay in the powers' intervention increases the danger of hostilities. The word now rests with Great Britain.

All the other powers have accepted, with some modification, the French proposal for intervention, but it is understood that Great Britain hesitates in going so far as to assume, with the other powers, responsibility for securing from Turkey broad reforms in Macedonia.

Great Britain's procrastination is causing some uneasiness and some criticism in Paris. Such papers as the Temps say they cannot understand Great Britain's lack of sympathy in the needed Turkish reforms when in 1876 that country rose up in a bolds against the so-called Bulgarian atrocities of that year.

Even with England's support, and this is expected to come tomorrow, the crisis is not removed. The great question remains as to whether the powers can obtain extensive enough reforms from Turkey to satisfy the militant Balkan states.

#### (By Morning Journal Special Leased Wire.)

Paris, Oct. 6.—Austria has given adhesion to the plan formulated by the French and Russian foreign ministers to deal with the Balkan situation. Austria, however, suggested a slight change in the wording of the proposals, which met with the immediate approval of M. Poincaré and M. Sazonoff.

The chief effect of the amendment is to more sharply define the intentions of the powers and to present a more precise statement of them.

It is understood that the powers do not include a demand for the ratification of Article 23 of the treaty of Berlin, which provides for a large measure of home rule. It is believed that the proposals will remove any lurking suspicions in England that the continental powers were contemplating a settlement wholly at the expense of Turkey.

Germany and Italy have approved their allies' modification so that with full adhesion of the Balkan powers, which is confidently expected tomorrow, the powers will be in position to say to the Balkan condition that the Balkan states will no longer have to depend on the promises of Turkey, but on the pledged word of Europe.

The French government is confident that all the preliminaries will be completed in time to permit Russia and Austria to present a collective note to Sofia, Belgrade, Athens and Constantinople tomorrow, or, at the latest, Tuesday.

As soon as this is done, Turkey will be invited to give guarantees that will render effective the promise that Europe will take upon her shoulders responsibility for the realization of reforms.

In official circles the feeling prevails that this guarantee ought to satisfy the Balkan states if as they profess their sole motive in mobilizing against Turkey was to force the reforms provided for in the treaty of Berlin.

With peace on the point of being signed with Italy, the martial spirit of Turkey has reached a stage which it is difficult to control.

If the Balkan governments could hold the fighting element in check, French officers are hopeful that the diplomats may win out against the soldiers.

#### GREAT BRITAIN MAY NOT JOIN GREAT POWERS.

London, Oct. 6.—What may prove to be an important development in the Balkan problem comes from Constantinople tonight in the form of a statement that the Porte has announced its willingness to put into execution Article 23 of the Berlin treaty, relating to a greater measure of self-government for Rumelia and Macedonia.

## ZAPATISTAS KILL SIXTY RURALES AND COMMIT OUTRAGES

Engagement Occurs Near Sultepec Lasting Three Hours; Federal Ammunition Gives Out and End Comes.

### REBELS SURPRISE VICTIMS IN CAMP

Report Alleges That Women and Children Were Horribly Mistreated By Victorious Force of Insurrectos.

Mexico City, Oct. 6.—Zapata's troops tonight are seeking the town of Choluta, a few miles from Puebla. Small groups of rebels with their arms concealed and posing as ordinary country people, entered the town throughout the day, taking advantage of a celebration.

At 8 o'clock they made a combined attack on the guards, Federal reinforcements came from Puebla and a serious engagement took place in the streets. The Zapatistas being victorious.

The casualty lists will be large. The rebels ransacked residences, stores and public buildings.

#### (By Morning Journal Special Leased Wire.)

Mexico City, Oct. 6.—Word was received today of the annihilation of a detachment of rural guards and ill-treatment of a number of women and children in a fight with Zapatista rebels near Sultepec yesterday.

The survivors of the detachment, three men and a woman, staggered into Sultepec today.

They said a detachment of sixty rurales, with a number of women and children, stationed on a hill near Sultepec, was surprised by rebels. A battle lasting three hours was fought. It seemed as if the rurales might be victorious when their ammunition gave out. The slaughter then began. The men were killed and atrocities were practiced upon the women and children.

There are many Americans in the entire district, both American settlers and Americans employed in the railway, mills and mines. No particulars of the fighting at Sultepec, which is off the railway line, have been received here.

There is no serious danger, I believe, to our institutions from industrial agitation. So long as such agitation keeps within the local bounds it is not without some significance and may tend to improve conditions.

"When it passes beyond the legal limit, whether these self-outward are connected with capital or with labor, it is a menace to be dealt with by lawful authorities."

"Notwithstanding occasional outbreaks of violence in labor disputes there is a growing tendency to settle differences by peaceful means, and there is undoubtedly manifest a much more friendly and humane attitude on the part of the employers toward employees than was apparent not many years ago."

## TAFT FEELS SURE PEOPLE BEGIN TO COME HIS WAY

President Touring New England States in Automobile, Gives Lengthy Interview on Political Outlook as He Sees.

### FARMERS PROSPER UNDER PROTECTION

Wages, He Says, Are From Double to Six Times Higher in America Than in Europe and Living Cheaper.

(By Morning Journal Special Leased Wire.) Dalton, Mass., Oct. 6.—President and Mrs. Taft and their guest, Miss Mabel Boardman, spent a quiet Sunday here with Senator Crane.

The second day of their six-day auto trip through Massachusetts, Vermont and New Hampshire was in marked contrast to the first.

Early tomorrow the presidential party will strike northward into Vermont.

President Taft tonight summed up the political situation in a statement in which he said:

"I have every reason to be satisfied with political conditions. I have been much overwhelmed for days past with letters and newspaper clippings showing the trend of the tide toward the republican party, its platform and its candidates. I have been especially gratified by the news from the northwestern states."

"The farmers of that part of the union were never so prosperous and they do not mean to risk the loss of their prosperity by abandoning the republican party whose policies have enabled them to prosper."

"They are convinced that the third term candidate is no longer in the running, and that the choice is between the republican platform and candidates on the one hand, and on the other hand, the democratic platform with its plank of a tariff for revenue only, and its candidate, Governor Wilson, who said in an address at Williams Grove, Pa., that the farmer does not need protection. It is unnecessary to explain to the farmer, west, east, north, or on the Pacific slope, what Governor Wilson's very frank declaration would mean, with Mr. Wilson in the White House and a democratic majority in the capitol."

"The principal reason for the existing prosperity is the assurance that, under the republican policy of home protection and trade expansion, American industry, while reaching for foreign markets, is not in danger of losing the home market."

"While our foreign trade is growing more rapidly than at any time in our history, domestic commerce is making advances fully as remarkable."

"Our population is increasing, the demand for the necessities of life is increasing proportionately and thanks to active business and good wages, the people are able to pay for what they want and to keep our industries busy supplying their wants."

"There is no serious danger, I believe, to our institutions from industrial agitation. So long as such agitation keeps within the local bounds it is not without some significance and may tend to improve conditions."

"When it passes beyond the legal limit, whether these self-outward are connected with capital or with labor, it is a menace to be dealt with by lawful authorities."

"The aim of the republican party is to see that American workers are enabled to meet the cost of living by keeping employed at good wages."

"It is a simple purpose, and as direct and practical as it is simple, and does not need a volume of rhetoric to explain or get around it."

"While the cost of living, as far as most of the necessities of life are concerned, is not so high here as in Europe, the wage earner here is getting more than double, to six and seven times the wages paid in Europe, and is in that proportion better able to meet any increase in the cost of living."

"I mean that both shall obey the law. That's all. Simple, is it not?"

"The Sherman law has been and will continue to be enforced against all violators, however rich and powerful they may be."

"I have recommended national incorporation without infringing on the right of the states to tax corporate property, but such incorporation would not suspend or nullify in any degree the Sherman law or any law against monopoly in restraint of trade."

"I am utterly opposed to the proposed to have an interstate trade commission, fixing prices and otherwise exercising control over business affairs."

"Such a control, because not guided by law but by personal discretion, would be both despotic and socialist, and no reader of history needs to be told that the two terms have a very close relation."

"Referring to international questions, I think that every one will agree that the American marines in Nicaragua have conducted themselves in a manner worthy of their flag and their uniform. That story about sharing the nations with the starving, weeping and children might be expected from such a fine body of men. It emphasizes the timidity of the assistance given by the request and with the consent of the government of Nicaragua in putting an end to conditions shocking humanity."

"Mexico seems to be emerging from its troubles, which have probably not been as bad as reported."

"This government has been careful to respect international obligations in dealing with the questions that have arisen in connection with the disorders that have afflicted our southern neighbor, and I have hope and confidence that the patriotic spirit of the Mexican people will lead to complete restoration of the international peace and harmony essential to their national welfare."

## GOVERNOR WILSON FINDS PEOPLE HAVE SIZED HIM UP

Democratic Candidate for  
President Pleased With Country's  
Changing Attitude Toward  
Him Personally.

**ELECTION OUTLOOK  
GROWS TO CERTAINTY**

Colonel Bryan and His Distinguished Guest Discuss  
Conditions and Find Only Reason  
for Optimism Everywhere

(By Morning Journal Special Leased Wire.)  
Lincoln, Neb., Oct. 6.—Governor Woodrow Wilson and William J. Bryan had a heart-to-heart talk here today on the political situation throughout the country. Both unhesitatingly predicted a democratic victory.

In the radiant sun parlor of Edgewood, Mr. Bryan's home, the veteran campaigner and the newswoman in national politics sat for a few hours before the governor's train left, discussing the progress of the campaign but with particular reference to the Trans-Mississippi states where Mr. Bryan had just completed a six weeks tour.

"We did not have time to go into the matter very thoroughly," said the governor to the correspondents. "We sat up last night and agreed upon a method of handling the national states. This is as far as we got."

The governor did not think it would be possible to go to the Pacific coast.

"We are keeping open the last two and a half weeks of the campaign, however," he said, "and I do not know what the campaign committee will make of them."

Governor Wilson and Mr. Bryan went together to the Westminster Presbyterian church.

After the services an informal reception followed. When the newspaper correspondents called at Edgewood, Mr. Bryan and the governor were being photographed together.

"These men," said the governor, introducing the correspondents by name, "have been my companions throughout the campaign."

Mr. Bryan said he watched the governor closely in his free spender here and asked him as a first rate companion who adapts himself admirably to his crowd.

"I wouldn't concede any of the western states to Taft or Roosevelt," he said, speaking of the western situation. "I would not pick out any state and concede it to either Taft or Roosevelt. Even in California I put Roosevelt and Taft in the same class. That may be the second place."

Governor Wilson is a gaining strength so rapidly from both sides that he is certain of election by an overwhelming vote.

When Mr. Bryan's attention was called to the fact that some newspapers were speculating as to what cabinet position he might occupy if Governor Wilson were elected, he said: "The newspapers have not as much respect to things there as I have. Of course we have but talked about anything like that."

"There is now beginning to dawn all over the United States," said the governor in Mr. Bryan's presence, "the confident expectation of victory for the people. I don't know what Mr. Bryan's observations have been, but I have seen that change within the last few days. At any rate there has been a very profound and, to me, an unusual change. It may be personal, with regard to myself."

"A great many people in the United States have regarded me as a very remote and unobtainable possibility. They don't know how much human nature there has been in me to give combat all his life. I have been perfectly aware that at first the crowds that gathered to hear me, gathered in a critical temper to see this novel spectacle, to see what this newcomer in national politics looked like, what his ideas were and what his tones of voice and attitude of mind were."

"I am and now to see the attitude changing. They have apparently accepted me into the human family. I like to see the enthusiasm of the masses of men as they approach me for I consider that the deepest cause of all that I can be paid, and when they call me 'Kid' and 'Woody' and all the rest, I know that I am all right."

The conversation turned to the question of which issues people seemed to be most interested in. Mr. Bryan said he found the people of the country most desirous to hear about tariff and the trusts. He said he thought the investigation of campaign funds was fairly interesting to the people of the methods employed by political organizations and of the special groups of individuals they have to fight.

The governor started at 3:15 o'clock for St. Louis, Colorado Springs and Denver, where he speaks tomorrow. Mr. Bryan left later in the afternoon for a tour of North and South Dakota, Minnesota and Iowa.

D. E. Archer, merchant of Westgate, Mo., writes: "My boy had a severe attack of acute bronchitis, so severe he could not get out of bed for a week. The first few doses of Dr. E. C. Kidney's Compound for Coughs, Colds and Whooping Cough, cured him. He has been well ever since. I have been using it in my family for years. It is perfectly safe and effective." J. H. ## WRECK OCCURS ON SANTA FE ROAD IN COLORADO

Freight Loaded With Coal  
Smashes Into Passenger  
Train; Brakeman Loses Life;  
Others Injured by Shock.

(By Morning Journal Special Leased Wire.)  
Florence, Colo., Oct. 6.—With a crash that could be heard a half a mile, Santa Fe train No. 264, consisting of twenty-three loaded coal cars, careened down the steep grade on the Rockvale branch near this city, collided with passenger train No. 625 shortly after 5 o'clock this morning at Clelland station, half a mile from Florence.

C. H. Favorite, a brakeman, on the freight, a resident of Pueblo, Colo., was the only person seriously hurt. He is thought to be suffering from internal injuries received when he jumped.

The other members of the train crew saved themselves by jumping when they realized their danger. There were fifteen passengers in the day coach, all of whom received a severe shock. One woman was out on the check by flying glass.

How any of them escaped death is a mystery. The passenger train had just left the station at Florence when the heavy freight train came crashing down the steep grade and onto the main track in the path of the passenger and headed for it head-on. The impact was such that both the tenders of the two trains were forced into the air.

The conductors on the passenger train, named Williams, had reversed his engine when he saw the danger and had already started backward down the track, but the freight train overtook him in a moment. He stayed with his engine, however, and escaped with a few minor bruises.

Engineer Bryant of the freight train jumped and saved himself. Conductor Clyde Elliott of this freight was standing between the first car of the train and the locomotive. A few seconds after he jumped to safety, this car and the second in the train jumped the track and were almost totally demolished. For a distance of a half a mile down the track from the Clelland switch, the right-of-way was strewn with tracks, car wheels and timber and a small bridge was born from its foundation.

Nancy, France, Oct. 6.—Dr. Krause, formerly of San Francisco, but for some time in practice here, has been arrested on the charge of insanity. There was a sensational scene at the hearing before a magistrate when Krause tried to commit suicide by swallowing poison.

## AMERICANS REPEL ATTACK BY MOB IN NICARAGUA KILLING 13

Force Under Lt. Colonel Long  
is Assailed While Searching  
for Dynamite and Arms in  
Chichigalpa.

**LEON CAPITULATES TO  
ADMIRAL SOUTHERLAND**

It is Believed That Capture of  
Mena and Death of Zeledon  
Marks End of Revolutionary  
Movement.

San Juan del Sur, Nicaragua, Oct. 6.—The town of Leon has surrendered to the American forces. There is reason to believe that no fighting occurred but that the surrender occurred but that the details of the surrender are lacking.

(By Morning Journal Special Leased Wire.)  
Washington, Oct. 6.—In their march on Leon, the last stronghold of the insurgents, the American forces under Lieutenant Colonel Long ousted a rebel mob at Chichigalpa, killing thirteen outright and wounding many more.

Prior Americans were slightly wounded.

Chichigalpa is on the Nicaraguan National railroad, midway between Leon and Corinto. In reporting the engagement to the navy department today, Rear Admiral Soule said Lieutenant Colonel Long and his command were trying to secure arms and dynamite in Chichigalpa last Friday morning when they were suddenly surrounded by a mob armed with machetes and rifles. Several rebels fired upon the Americans. The fire was returned. Besides killing the thirteen rebels, and wounding many more, the Americans took four dynamite bombs, intended to be used against them.

Lieutenant Long's command consisted of about one thousand marines and blue-jackets from the cruiser California, Colorado and Denver. The capitulation of Leon completes Admiral Southerland's aggressive program, which has been put through swiftly since the surrender of General Mena at Granada.

With Granada fallen and General Mena, the moving spirit of the uprising, deported to Panama, the admiral and his forces returned to Managua and it was not until while one section of the American forces was engaged in routing Zeledon and his rebels from the hills at Rivas, Colonel Long's command was already fighting at Chichigalpa and Leon.

It is thought believed here the strength of the insurrection has been dislodged with the capitulation, in such quick succession, of the principal rebel strongholds. Confirmation of the reported surrender of Leon had not been received here late tonight.

President Taft late tonight tele-

graphed to the navy department from Boston, Mass., complimenting the marines and sailors on their splendid behavior in Nicaragua.

**Nut Cake**  
Simply Delicious

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine  
In giving this recipe, Mrs. Hill believes it to be one of the best all-around cake recipes it has been her good fortune to make. The simplicity and uniformly good results will appeal to every housewife.

**KC Nut Cake**  
One-half cup butter; 1 1/2 cups granulated sugar; 3/4 cup milk; 2 cups flour; 2 level teaspoons K C baking powder; 1 cup of oil and nuts chopped fine; whites of 1 egg, beaten dry.

Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately, the milk and the flour mixture; lastly the whites of eggs and the nut meats. Bake in a sheet in a shallow pan thirty or forty minutes. When cold cover with the icing and decorate with white nut meats. This is also an excellent white cake recipe when nuts are omitted.

**Chocolate Icing**  
One cup granulated sugar; 1/2 ounce chocolate; white of 1 egg, beaten dry; 1/2 teaspoonful vanilla extract; 1/4 cup water.

Sift the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat into the white of egg, then beat until cold, add vanilla. The nut caramel frosting given on page forty of the K C Cook's Book may be used in place of the chocolate frosting, if desired. A copy of the Cook's Book, handsomely illustrated in 9 colors, will be mailed free, if you will send the colored certificate packed in 2-cent cans of K C Baking Powder to the J. H. O'Reilly Co., Chicago.

## MAJOR LEAGUES CLOSE SEASON.

New York, Oct. 6.—The 38th annual campaign of the National league and the 12th annual American league season closed simultaneously today with the New York champions by the substantial margins of 70 and 92 points over their closest competitors.

The possibility of a tie between Chicago and Pittsburgh for second place in the National league or even of Chicago winning the second place honors, continued up to the last game today, but Pittsburgh saved itself by an overwhelming defeat of Cincinnati and stands three points ahead of Chicago.

The St. Louis and Chicago Americans were the only ones to complete the 154-game schedule, while the New York and Chicago Nationals played the least number of games of any, 151.

## NATIONAL LEAGUE

Chicago, Oct. 6.—Chicago won the last game of the season from St. Louis. The locals hit Harmon for three runs. A single and a triple netted another off Geyer. The visitors scored their runs by punching hits off Cheney and Reulbach.

## SANTA FE WINNER OF EXHIBITION GAME SUNDAY

## Capital City Team Which Plays in State Fair Tournament Trims Albuquerque Professional Aggregation.

In a game that was featured by the splendid pitching of a youngster named Zellar, who just "blew in," and by the timely hitting of the Santa Fe players, Albuquerque yesterday afternoon at Traction park, lost an exhibition game played with Santa Fe by a score of 10 to 1. The victory of Santa Fe was a surprise since its team is largely composed of amateurs and semi-professionals, while the locals presented an all-professional lineup, with the exception of young Weeks, who assayed to do the box work.

The game yesterday, while slow, sea-sawed back and forth up to the eighth inning, making it interesting to the small crowd of spectators. Santa Fe led in the early innings only to be headed in the fifth by a three-run lead. However, in the sixth and seventh, the Santa Fe team began to find Weeks and he was hit safely at opportune times. In the seventh, Moss Chavez, a local boy who will do the receiving in the tournament for Santa Fe, scored three runs by a two-base hit to center field, and put the game on ice for his team mates. Albuquerque tried hard to score in the last two innings, but Zellar, who relieved O'Bannon, also of Albuquerque, who is to pitch for Santa Fe in the tournament, twirled sensational ball in the pinches and kept the home team from scoring.

Credit for part of yesterday's victory must be given O'Bannon, for he started the game and for four innings allowed but few hits and left his team in the lead by a safe margin when he retired in favor of Zellar. Albuquerque could not hit O'Bannon consistently, and except for one inning, after Zellar went into the box, did no better. The latter, though a midget in size, has speed and a jump ball which had Albuquerque's heavy hitters completely fooled. He also has a spit ball which he knows how to use in the pinches. So well did Zellar work yesterday on his team, that the Santa Fe management promptly signed him as one of its pitchers for the tournament.

A feature of the game, aside from the pitching of O'Bannon and Zellar, for Santa Fe, was the hitting of D. Anderson, Chavez, O'Bannon, L. Anderson, Gonzales, Salazar, Graham, Barrold and Pettus. The catching of Barrold also was of the highest order, showing that the former local star is one of the best backstops to be found outside the major leagues.

## DENVER WINS AGAIN FROM MINNEAPOLIS IN 11-INNING GAME

Denver, Colo., Oct. 6.—Denver won the second game of the post-season series for the minor league championship today, defeating Minneapolis 4 to 2 in an 11-inning game, after tying the score in the eighth.

The game was a pitchers' battle up to the sixth inning, when Minneapolis scored twice off Schreiber. Harris followed him in the box and held the American Association champions for the rest of the game. Meanwhile the local team found themselves and began to hit young treaky, winning the game in the eleventh with a three-base hit by Coffey, with one out, followed by a sacrifice fly by French.

Score: R. H. E. Denver 4 000 020 020—4 8 1 Minneapolis 2 000 000 000—2 7 1

Batteries: Schreiber, Harris and Smith; Young and Owen. Umpires—Chili and Haskell.

H. M. Beatty, Little Rock, Ark., says: "For the past two years I suffered with kidney trouble, had severe pains across my back and over my hips that almost meant death to me at times. I used several well-known kidney remedies, but got no relief until I used Foley Kidney Pills. These I can truthfully say made me a sound and well man." J. H. O'Reilly Co.—Adv.

## ALBUQUERQUE AND SILVER CITY TO OPEN TOURNEY

Promptly at 2 This Afternoon First Game of Battle for \$2-500 Baseball Prize Begins; Three Teams Entered.

Starting promptly at 2 o'clock this afternoon at Traction park, the annual New Mexico baseball tournament will open, Albuquerque playing Silver City. The tournament this year promises to be one of the largest features of the fair. Three teams, Albuquerque, Silver City and Santa Fe, entered.

President D. B. K. Scherer, of the fair, will open the first ball, for immediately opening the tournament, immediately after the two teams will set the down to the serious business of winning the first game, since it is admitted that the winner of the first game has an advantage in capturing first prize that is difficult for the other teams to overcome.

Umpire "Dutch" Owens, the peer of indicator holders this year in the Western league, and who will be in full charge of the players, while they are on the field and the final arbiter of all disputes. Umpire Myers, together with the captains of the two teams, will agree on ground rules previous to the opening of the game.

Rube Weeks, an Albuquerque boy, who played this season in the Western league, both with the Wichita and Lincoln clubs, will be Captain Bert Lippert's choice as the pitcher to start today's game for the home team, with Pitcher Hagerman, also of the Lincoln club, held in reserve. Other players in the local line-up will be Pettus, Graham, Lockhart, L. Smith, Harold, Kuntz and Donovan.

For Silver City, Tommy Lockhart is slated to start the game, with Weeks, doing the pitching. Koorner will play first base. Others in the line-up will include McGillevray, of the Birmingham club in the Southern league; Burns, of Trinidad; Buckles, of Las Vegas; Owens, of Silver City; Thomas and Durham, pitcher and outfielder, and Metz, of the Texas league, who is also a pitcher, having played this season with San Antonio.

Santa Fe will be ready to play the winners on tomorrow afternoon, and will by that time present a formidable team to contest for the first prize. "Doc" McCarthy, the veteran pitcher, will handle the Santa Fe team. He has signed Zellar, the pitcher who won yesterday's game from Albuquerque, together with the latter's brother, who is a catcher. The Zellar battery is from Indianapolis, and it is said the Santa Fe club is going to spring a surprise on both Albuquerque and Silver City. Other players in its lineup include McDaniels, pitcher; O'Bannon, pitcher; D. Anderson, L. Anderson, Stanton, McCarthy, Chavez, Gonzales, Hidalgo and Salazar. The four last named players are Albuquerque boys, who have been signed by the Santa Fe management to fill out their team. All are good players and will fight hard to win from Albuquerque and Silver City, because of being cast aside for professionals.

## HOPE HELD OUT FOR DE PALMA'S RECOVERY

Milwaukee, Wis., Oct. 6.—The condition of Ralph De Palma, who was injured while driving in the Grand Prix automobile race yesterday when his car hit the machine being driven by Cateh S. Brouz, winner of the race, is said tonight by physicians to be as good as can be expected.

De Palma's worst injury consists of an abdominal puncture and unless infection sets in the chances are bright for his recovery. The patient is conscious, but no one is allowed to see him. No bones were fractured.

De Palma's mechanician, Tom Alley, left the hospital today. His injury consisted of a slight fracture of the left shoulder.

Toney Sanderford, who accompanied Brown-Drown on the practice spin last Tuesday, which ended in Brown's death, was unconscious today and his condition is reported favorable.

## LIENTENANT TOWERS BREAKS RECORD FOR ENDURANCE FLIGHT

Annapolis, Oct. 6.—A new American record for an endurance flight was made here today in a hydro-aeroplane by Lieutenant John H. Towers, of the navy aviation corps. He was continuously in the air for six hours, ten minutes and thirty-five seconds.

The best previous American record, made by Paul Peck, was for four hours, twenty-six minutes and thirty-eight seconds.

## FANS POURING INTO ROOSEVELT TALKS NEW YORK FOR OPENING GAME

First Scramble for Tickets Begins This Morning When Advance Reservations Are Disposed of At Polo Grounds.

New York, Oct. 6.—At midnight a crowd of more than five hundred persons had gathered at the gates of the Polo grounds to secure tickets for the first game of the world's championship baseball series between the Boston Red Sox and the New York Giants reached here today.

Although the series does not start until Tuesday afternoon, the big show may be said to begin at 9 a. m. tomorrow, when the Polo grounds will be the scene of a scramble for seats which are all that are to be placed on public sale in advance. Today's early comers were those expecting to get in line.

A large squad of police will be on hand to see that an orderly scramble and the baseball officials have so arranged the sale at different booths that they believe a crush will be avoided.

The big early morning crush will be witnessed during the days of the games when 20,000 tickets will be disposed of in first come, first served order.

The public is warned of reports that counterfeiters have begun to float bogus tickets and that any one who buys a ticket outside the regular booths is "certain to be floored."

Conspicuous among today's arrivals were a number of prominent baseball writers.

An extra press box has been provided and more than 100 wires have been strung into the Polo grounds.

The players spent today in relaxation from their regular season's work which closed yesterday.

The Red Sox returned to Brooklyn during the night, after concluding the series in Quaker City and the Giants spent the day killing in Gotham.

The latter will have a practice exhibition game against the New York Americans at the Polo grounds tomorrow for the exclusive benefit of the sailors of the visiting Atlantic fleet.

The Red Sox will have a 4000 warming practice at Fenway park in the morning and take an afternoon train for this city.

## LE TARTE-NELSON TEAM WINS RACE AT LOCAL RINK

Total 166 Miles Against Near-est Competitor's 164 After Exciting Fifteen Hours of Skating Ending Yesterday.

The Nelson-Le Tarte skating team won the fifteen-hour endurance race pulled off at the local rink yesterday and Saturday night by a small margin. Their nearest competitors were the Morell-Harvey team, which totaled 164 miles fifteen laps during the long stretch of skating. The Le Tarte-Nelson team totaled 166 miles twenty-one laps. The laps were twenty-six to the mile.

The third team in the race dropped out about noon, after Arthur Klien had fallen and broken an arm at 10:25 and Whitesides had dropped out after a shaky effort to finish the race alone. This team totaled 124 miles sixteen laps. There were several bad falls during the fifteen hours. Harvey was the only competitor who held out the whole time without going to the floor. Le Tarte ran into a radiator yesterday morning, when the spinning for the finish was going on, and was stunned for several minutes, but went ahead when he regained consciousness. One of the boys broke a knee-cup. Morell took a fall that carried him into the seats around the edge of the rink, and fore-five of them away. Altogether the race was a hard, grueling contest and the winners amply deserved all the prize money they got. This prize money consisted of all the money paid by spectators as admission fees, and totaled a respectable amount.

The skaters totaled the following mileages: Nelson, eighty-four miles fifteen laps; Le Tarte, eighty-two miles six laps; Harvey, eighty-two miles fifteen laps; Morell, eighty-two miles; Whitesides, sixty-three miles eight laps; Klien, sixty-one miles two laps. The Klien-Whitesides team covered 3,274 laps, the Morell-Harvey team, 4,279 laps and the Le Tarte-Nelson team, 4,232 laps.

## ROOSEVELT TALKS WITH POLITICAL LEADERS

Purpose of Colonel Not to See Visitors While Resting at Oyster Bay is Broken by Series of Important Conferences.

[By Morning Journal Special Leased Wire.] Oyster Bay, N. Y., Oct. 6.—Insults of Colonel Roosevelt's announced intention of seeing no one and talking no politics during his brief period of rest here, he found there were a number of important matters to be adjusted before he leaves on his next campaign tour, and spent most of the afternoon conferring with leaders.

Colonel Straus was one of the earliest arrivals. Colonel Roosevelt had not seen Mr. Straus since his nomination for governor of New York by the progressive party, and the two candidates had a lengthy talk.

Governor Brian Johnson and Colonel Roosevelt told each other of their experiences on their campaign trips. Walter Brown, of Ohio, brought a report of conditions in his next campaign tour, and spent most of the afternoon conferring with leaders.

Johnson loses weight making speeches. New York, Oct. 6.—Governor Johnson, of California, today said: "If the weather remains warm and campaigning strenuous, I'll have to see the doctor."

The governor is losing weight. In the six weeks he has been in his speaking tour he has been reduced from 234 to 211 pounds, he says, however, the loss of weight has not affected his strength.

The governor's itinerary for this week is not completed. He will make three speeches on Long Island, tomorrow night, three in Yonkers, New Rochelle and White Plains Tuesday, and two in Paterson and Jersey City, N. J., Wednesday.

## SEASON OF RECORDS IN NORTHWESTERN BASEBALL LEAGUE

Spokane, Wash., Oct. 6.—The season of 1912 was notable in the Northwestern league for broken records. The most important new record set was that of Ralph Clapp Myers, of the Spokane club, who stole 114 bases. Official guide books show that in twenty years the record has not been equaled in any league in organized baseball.

Catcher Walling, of Seattle, worked in 128 games, made only 7 errors, threw out 188 base runners and his fielding averaged .992.

Pitcher James, of Seattle, won 15 games without a defeat, while the Vancouver club won 16 games straight.

Eleven players in the league batted over the .300 mark. The league's three leading pitchers were James, Seattle; Noyes, Spokane; and Clark, Vancouver.

The fielding average of Spokane, .959, is a new league record.

## FINAL APPEARANCE OF STAR COMEDY AT ORPHEUM

Coney Island Musical Comedy Company Ends Engagement in This City Tonight; Last Show Chuck Full of Frolics.

Tonight will witness the last appearance at the Orpheum of the Coney Island Musical Comedy Company. This really clever aggregation will offer for their closing bill "Lovers and Lunatics." This bill is a sure laugh getter and is especially written to provide an evening of mirth and nonsense. As the title implies, every one in the cast is either in love or considers every one else a lunatic, and an abundance of amusing situations and mirth provoking scenes are the result. Don't miss this last chance to spend a jolly evening. Seats at De Wolf's cigar stand in O'Reilly's drug store.—Adv.

## SERIOUS SHORTAGE OF FREIGHT CARS

Washington, Oct. 6.—Complaints to the interstate commerce commission of serious shortage of freight cars in the middle and far west have brought about an investigation.

It has developed that in Pittsburgh, Cincinnati, Chicago, Kansas City, St. Louis and other large cities, the congestion of freight is serious.

"We are informed that in and about New York City, 10,000 cars are held loaded with shipments for export," said Commissioner Lane today. "Many of these cars have been there from thirty to sixty days."

"It is not unlikely that the commission may find it necessary to promulgate a code of rules to govern the holding of ports just as the present day-nurage regulations govern the use of cars bearing local shipments."

## FRENCH GRAND PRIX WON BY DURYEA'S BAY COLT SHANNON

Paris, Oct. 6.—Herman H. Duryea's bay colt, Shannon, today won the Prix du Conseil Municipal, known as the Autumn Grand Prix, over the Long Champs course. The race, which was at one mile and a half, was worth \$25,000. August Belmont's Amorous III finished fourth.

ALBUQUERQUE NEW MEXICO

# THE STATE FAIR.

The New Mexico state fair opens here today. Last night the streets of the city were crowded with people who had come from every part of the state. A delegation from the distant San Juan and another from El Paso. Representatives are here from Union and from Grant. Never were so many people in Albuquerque for the state fair before it had opened.

This generous pouring out of New Mexico people is due to the fact that the fair will be far and away better this year than ever before. More money was raised, more premiums offered, better exhibits of the resources of the state secured, and more attractions provided for the entertainment of the visitors.

Those things have become known to the people of the state. They appreciate the effort by Albuquerque to make the state fair a success, really worth while as an exhibition of what is being done to develop the state.

The agricultural exhibit and the live stock show will be well worth seeing. They are only a prophecy of what the people of New Mexico may look forward to in succeeding years.

Of course, the spectacular feature of the fair will be the twelve-day flights by Lincoln Beachey, prince of airmen. His exhibitions alone will be worth the time and expense incurred by any one coming to Albuquerque. To bring Mr. Beachey here cost the fair association the price of a pretty good farm.

## PROTECTING AMERICANS.

A force of Americans, under Admiral Southard, stormed and captured two strong fortresses held by the Nicaraguan rebels under General Zeledon, who recently, in violation of the laws of civilized warfare, ordered the bombardment of Managua, resulting in the killing of 126 women and children.

When congress meets, it is quite likely that a few United States senators, who might be employed in some capacity for which they are better fitted, will attempt to insult President Taft for the policy pursued in Nicaragua. Senator Bacon, of Georgia, is much excited and wants a law passed prohibiting the president from sending American forces into foreign countries without first having the sanction of congress.

Such policy would render the life and property of Americans more unsafe than they are now. As it is, conditions are shameful. In any foreign country, except Cuba, when trouble arises, instead of seeking the protection of the state and strikes, Americans hasten to put themselves under the folds of the flag of Great Britain, and not infrequently renounce their citizenship, claiming they are Englishmen, for the protection the prestige of that government gives them.

Whatever an Englishman may be, whether amid the savage tribes of Africa or among the fierce peoples of Asia or the miserable republics of Central America, the power of the government protects him. The terror of the British lion accompanies him, his shadow is by his side.

As an illustration of how Great Britain looks after the welfare of her citizens, we may cite an example of Captain Cameron in Albania. He was thrown into the dungeon of the Pasha of Monstana. Theodore was king. He had an army of 100,000 well armed and disciplined men. When he refused to release Cameron, England sent a big army under Lord Napier, across the ocean, across three hundred miles of desert and mountains, routed the armies of the pasha king, released Cameron and released the lone Englishman imprisoned there. King Theodore committed suicide.

Had Cameron been an American, he might have ended in the African dungeon, or Africans might have raised money by private subscription and ransomed him. Such is the difference between the policy of the British and the American governments.

In Nicaragua, Guatemala and Ven-

ezuela, American citizens have been shipped by drunken officials, held in prison for years without trial, put to death at the order of despotic rulers. The only redress has been a money indemnity, wrung from the miserable people of the country, while the real offenders have gone unpunished.

During the past few years, this government has been trying to extend protection to the Americans in Central and South American countries. The maintenance of the Monroe doctrine has made it necessary. Now senators propose to end such protection by denying the military or naval forces of the United States without first having secured the authority of congress in each instance.

Frequently congress is not in session. If in session, the practical policy of the country would be ever present to render obsolete all such measures until the damage had been done, and at some time the country would suffer humiliation and disgrace.

President McKinley did not ask the consent of congress when he sent American forces to Peking to restore our legation besieged there. Had he waited for the authority of congress, the relief would have been extended by the Japs and the European allies, or Ambassador Conger, his family, and more than one hundred other American citizens would have been massacred by the boxers.

Only once did the British government fall in its duty. The result was the massacre of General Gordon and his men in Khartoum. Also it required the Gladstone ministry and made it necessary for Kitchener to conduct his great army across the desert and crush the power of the Mahdi. In the bloody battle at Omdurman, in order to regain British prestige.

The Taft administration is to be commended for the vigorous action it has taken to protect Americans and other foreigners in Nicaragua, and the marines and blue jackets have shown that they know how to fight when ever occasion requires.

## CONFESSES THEFT OF \$75,000 AND SURRENDERS

Robert Holt, Alleging That He Is An Ex-Employee of Australian Government, Tells Remarkable Story.

(By Morning Journal Special Leased Wire.)  
Oakland, Oct. 6.—Robert Holt, alias Claxton, surrendered to the Oakland police tonight, and confessed that he had stolen \$75,000 from the Australian government while employed as a clerk with the Royal Australian artillery, at Sydney, N. S. W. Holt said he took \$25,000 from a safe and later stole and cashed a draft for \$50,000. Holt said the thefts were committed late last February soon after he became attached to Battery No. 1 of the Royal artillery.

The first theft, he said, was not traced to him, and it was only a few days later that he found an opportunity to steal the draft, to which he said he forged the name of a quartermaster.

He sailed for San Francisco early in March.

Rose Miller, a woman whom Holt had known in Sydney, was responsible for his surrender, according to his story to the police.

"I met the woman on the street in San Francisco several days ago," said Holt, "she knew of my taking the money, and I am sure, followed me to the United States."

"We had a disagreement and she threatened to inform the police. I knew it would be only a question of time until she would do so, and I decided tonight, while in Oakland, to go to the nearest police station and tell my story."

Holt said he enlisted in Sydney in the 1st Regiment No. 24.

The police here have no record of such a theft having been committed. A Carnegie Room, the British consul at San Francisco, could not be reached by the police tonight.

Holt's story will be laid before him tomorrow.

## MRS. RUSSELL SAGE GIVES \$150,000 TO BIRDS

Widow of Late New York Financier Would Preserve the Feathered Tribe From Destruction in America.

(By Morning Journal Special Leased Wire.)  
New York, Oct. 6.—A gift of \$150,000 by Mrs. Russell Sage in behalf of the birds of North America was announced today. Mrs. Sage has spent approximately this sum in the purchase of March Island, southwest of New Orleans, with the intention of dedicating it in perpetuity as a refuge for wild birds. To this end she will place its control in whatever hands best will accomplish her object, either the federal government or the state of Louisiana or some association organized for the purpose.

## ADVANCE GUARD OF MEXICAN SITUATION EDITORS ARRIVES FOR MEETING

Newspaper Men From Over State Here to Assist in Reorganizing Editorial Association and Attend Fair.

The advance guard of editors, who will gather in Albuquerque this week to participate in a reorganization meeting of the state editorial association and also to enjoy the fair doing, arrived in Albuquerque yesterday.

Among those to reach here during the day and last night were J. P. Wilson, editor of the San Juan County Index, published at Aztec; H. B. Elliott, assistant editor of the Farmington Enterprise; Anton Mayer, editor and proprietor of the Socorro Chieftain; Col. W. M. Berger, veteran editor of the Helen Tribune; and J. W. Mullens, editor of the Portales Herald.

Numerous other newspaper men are expected today, tomorrow and Wednesday. On Wednesday night the Albuquerque newspaper men will be hosts at a smoker and luncheon at the Commercial club for the visiting scribes, which social affair will follow a meeting held by the newspaper men of the state for the reorganization of the New Mexico Editorial Association.

It is expected that no less than fifty editors will be here for the meeting. All editors and newspaper men arriving in the city will confer a favor on the local members of the fraternity by calling at the Morning Journal and making their presence in the city known.

## A CHILD'S WASTE CLOGGED BOWELS

Makes It Cross, Peevish, Restless and Feverish; If Tongue Is Coated Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Laxative medicine for your child's bowels don't force the little one to swallow nauseating castor oil, violent colic or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in but a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the food clogged up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not frugging or injuring your children. Being composed entirely of licorice, figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

A your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious, safe, genuine old reliable. Refuse anything else offered.—Adv.

## ADDITIONAL POLICE PLACED ON DUTY ALL OVER CITY

Fifteen Plain Clothes Men Added to Regular Force and Will Patrol Residence and Business Sections All Week.

Additional policemen to the number of fifteen have been placed on duty to Chief of Police Thomas McMillin to look after the safety of the different portions of the city during this week. The men will be kept in plain clothes and will be moved about the different parts of the city so that their faces will not become familiar to any one portion.

They will patrol both business and residence sections all the time.

A mounted policeman will be kept at police headquarters, ready to answer calls to any part of the city, and an extra station man will be on duty all night.

Chief of Police McMillin said last night that there would be plenty of police protection afforded all sections of the city throughout the week.

The regular and special forces have been given instructions to arrest all suspicious characters on sight, and investigate them afterward, as no chances will be taken.

## WORK OF CHURCH IS GOVERNMENT TAKES TOPIC OF ADDRESS AT DEDICATION

Dr. W. F. McMurtry, of Louisville, Secretary of Church Extension Board, Principal Speaker at Methodist Church

"The Work of the Church and Her Contributions to Civilization and Material Progress" was the subject of a strong address at the dedication of the new Central Avenue Methodist Church South, which was performed by Dr. W. F. McMurtry, of Louisville, Ky., secretary of the state extension board.

The dedicatory exercises were simple and beautiful in the extreme. An offering was taken, at which \$2183 was raised to wipe out the indebtedness of the church. This sum will cover for all debts against the congregation because of the edifice.

The service was a union affair, a large number of people from all the churches of the city attending and the ministers of most of the local congregations assisting in the services.

After the singing of a hymn, Rev. Hugh A. Cooper opened the services with a prayer. An anthem was sung and Rabbi Mendel Silber read a lesson from Genesis, Rev. P. W. Longfellow read a lesson from the New Testament and a quarter sang "A Happy Day." Rev. T. L. Dyer made a brief address on "The True Church," and Mrs. J. C. Schenckler sang, "I Will Live Thy Name, Jesus," as an offering.

Rev. J. H. Mosser introduced the speaker of the evening and the officers of the church presented the edifice for dedication at the close of his address. These officers are Rev. R. S. Owens, W. C. Thaxton, Willard Key, T. M. Morris, Edgar Ross and W. L. Boggs.

Dr. McMurtry recited the prayer of dedication and Rev. H. P. Williams pronounced the benediction.

## MONTANA MINERS TO RETURN TO WORK

Great Falls, Mont., Oct. 6.—Coal miners of Montana decided yesterday by a referendum vote to accept the scale agreed upon by the operators and representatives of the miners at a recent conference held here.

The scale will take the place of the wage contract which expired on October 1st.

The new scale carries an increase in wages.

Since the expiration of the old contract the miners have been idle, but it is expected they will return to work at once.

Miss Marie Appleton and her mother left last night for Denver.

E. L. Staley, a visiting man of color, is here for the state fair.

Anton Mayer, editor and proprietor of the "New Mexico Herald," and his wife, are here for the state fair.

Arthur H. Quinn, past grand champion of the Knights of Pythias, is here for the state fair.

James J. Lennon and James A. Sullivan, of Sonoma, and Ole Ralston, of Magdalena, prominent citizens of Sonoma county, arrived in the city yesterday. They are delegates from their respective lodges to the Knights of Pythias grand lodge and also will take in the state fair.

Accompanied by Adjutant General A. S. Brooks and Arthur C. Quinn, of Carthage, W. C. McDonald, arrived from Roswell last night to attend the state fair.

Both fire departments were called out this morning at 2:15 by a false alarm turned in from box 24, which is located at the corner of Fifth and Gold. Believing that the Elks theater was on fire, the alarm came from that corner. Secretary Frank Stortz, of the Elks, made a hurried trip to the building, but after a moment's look, everything in perfect condition. The fire engine made a quick run and the Highland truck was only a minute or two behind it.

The train delayed from Saturday evening and yesterday morning arrived in the city yesterday afternoon. Yesterday's No. 4 was the first one to get in. This arrived at 1:15 and was delayed here by repairs to the water tank until after 5 o'clock. It thus left Albuquerque twenty-three hours late. No. 19 arrived at 2:45 and Secretary Fisher, No. 4, and 2:45. Last night's train was delayed about an hour by the same wreck which caused the delay to Saturday evening's train.

The wife and sister of Rear Admiral McMillan were passengers on delayed No. 4 yesterday, bound east from a visit on the coast.

A seven-year-old girl was born Saturday to Mr. and Mrs. Victor Sals, of 265 North Eighth street. Mr. Sals is a well known sheep raiser.

H. H. Martin, claims agent of the Santa Fe coast lines, with headquarters at Winslow, arrived last night for a day or two in this city.

J. M. Connell, of Topeka, general passenger agent for the Santa Fe, arrived yesterday to spend several days here on railroad business.

John Levy, of Santa Fe, arrived last night to spend the week in this city, attending the fair. He will officiate as presiding judge of the chess meet.

Forrest McKelley, a prominent roads booster of Dona Ana county, arrived last night to assist in making the final arrangements for Good Roads day of the state fair.

A. J. Ballard, of Roswell, president of the cattle sanitary board, and W. H. Jack, a member of the same board, arrived last night to attend the meeting of the board which opens here today.

W. W. Gable, last grand master of the Odd Fellows, H. S. Gable, W. C. Wolf and Frank Talmage, Jr., all of Roswell, arrived last night to attend the grand lodge of Odd Fellows, which meets today.

The fire engine made a quick run and the Highland truck was only a minute or two behind it.

The train delayed from Saturday evening and yesterday morning arrived in the city yesterday afternoon. Yesterday's No. 4 was the first one to get in. This arrived at 1:15 and was delayed here by repairs to the water tank until after 5 o'clock. It thus left Albuquerque twenty-three hours late. No. 19 arrived at 2:45 and Secretary Fisher, No. 4, and 2:45. Last night's train was delayed about an hour by the same wreck which caused the delay to Saturday evening's train.

The wife and sister of Rear Admiral McMillan were passengers on delayed No. 4 yesterday, bound east from a visit on the coast.

A seven-year-old girl was born Saturday to Mr. and Mrs. Victor Sals, of 265 North Eighth street. Mr. Sals is a well known sheep raiser.

H. H. Martin, claims agent of the Santa Fe coast lines, with headquarters at Winslow, arrived last night for a day or two in this city.

J. M. Connell, of Topeka, general passenger agent for the Santa Fe, arrived yesterday to spend several days here on railroad business.

John Levy, of Santa Fe, arrived last night to spend the week in this city, attending the fair. He will officiate as presiding judge of the chess meet.

Forrest McKelley, a prominent roads booster of Dona Ana county, arrived last night to assist in making the final arrangements for Good Roads day of the state fair.

A. J. Ballard, of Roswell, president of the cattle sanitary board, and W. H. Jack, a member of the same board, arrived last night to attend the meeting of the board which opens here today.

W. W. Gable, last grand master of the Odd Fellows, H. S. Gable, W. C. Wolf and Frank Talmage, Jr., all of Roswell, arrived last night to attend the grand lodge of Odd Fellows, which meets today.

Frank H. Williams, corporation commissioner, came down from Santa Fe last night to attend the sessions of the grand lodge of the Knights of Pythias of which he is a prominent member.

Clark Dille and T. C. Dille arrived yesterday from Roswell to attend the meetings of the state association of funeral directors and the sessions of the state lodge of embalmers which will be held here this week.

H. A. Douglas, formerly of this city, but now of Trinidad, is in the city for the big state fair. Douglas is considered one of the best motorcyclists in this section and may enter the races to come off this week as special features of the fair.

Mr. and Mrs. S. Gelling, of this city, have received news of the birth of a daughter to Mr. and Mrs. Don and Joseph, of Sackett, Okla., on October 3rd. Mrs. Gelling, before her marriage five years ago, was Miss Mae Gelling of Albuquerque.

Anton Mayer, editor and proprietor of the "New Mexico Herald," and his wife, are here for the state fair.

## ARCHER RESIDENCE IS RANSACKED BY BURGLARS

While Family Is Down Town Last Night, Home Is Entered By Front Door and Jewelry Stolen.

Sometime between 7:30 and 10:30 o'clock last night, the home of E. H. Archer, 613 South Walter, was entered by burglars and ransacked. The thieves evidently were in search of nothing but money and jewelry, since this is the only loss which Mr. Archer was able to discover after making a cursory examination when he and Mrs. Archer returned home at 10:30 and found the front door unlocked.

A gold watch, with an Elgin movement, belonging to Mrs. Archer, two gold bracelets and Mr. Archer's purse, which contained \$12 in change, was all the burglar's loot.

Entrance was effected by means of a skeleton key and it is presumed that the burglar or burglars who entered the house were lurking about the vicinity and saw the Archer's about.

The burglars were reported to the police, but on two late hour last night they had not succeeded in locating the burglars or in recovering the stolen jewelry.

Conditions and present prices justify a sharp advance in Terrace lots. I will sell a few, however, at the old prices. M. P. Stamm.

## DEATHS AND FUNERALS.

Falkenberg Funeral Today.

This afternoon at 2:30 at the home, 121 South Fifth street, will be held the funeral of E. L. Falkenberg, who died last Friday. Rev. Charles Oscar Beckman will officiate. Burial will be in Fairview cemetery.

Funeral of Mrs. Peak.

Verbal services at 2:30 o'clock from the French & Lowrey chapel will be held the funeral of the late Mrs. J. H. Peak. Rev. P. W. Longfellow conducted the services and burial was in Fairview cemetery. Many friends of the deceased attended the obsequies and the floral offerings were numerous and beautiful.

I expect to get \$4,000 apiece for Terrace lots in a few years. An only selling a few now because I have to. M. P. Stamm, phone 1180.

## CORA G. BAILEY IS CLAIMED BY DEATH DUE TO PNEUMONIA

Miss Cora G. Bailey, a resident of this city and of Las Vegas for the past five years and who has recently returned from a visit in California, died at 12:35 this morning of pneumonia, she leaves a father and other relatives in Plains, Ill., and a sister in Chicago.

Miss Bailey had been acting as bookkeeper for the Louis Hotel Company for some time past. Relatives have been notified of her death and funeral arrangements will be deferred until word comes from them.

There will be something doing in Albuquerque inside of six months. Get a Terrace lot while the getting is good.

Limited supply and increasing demand make the money. Albuquerque has but one Terrace Addition. Magnificent view.

The entire Terrace Addition is shown on the city map. These lots are close in and at present prices are a genuine bargain.

ROOSEVELT COUNTY HAS TON OF EXHIBITS HERE.

## ALL IN READINESS FOR OPENING OF THIRTY-SECOND STATE FAIR

Carnival Company Arrives With 198 People and Forty-Eight Tents Which Will be Distributed About Streets.

BEACHEY TO RACE WITH MOTORCYCLE TUESDAY

Hundreds of People Arrive Last Night and Yesterday and City is Filling Up With Visitors to Big Exposition.

All is now in readiness for the opening of the biggest and best state fair that has ever been held in New Mexico. Heavy trains last night and yesterday brought in a mass of visitors, and railroad men say that the crowds so far are greater than they have been at any similar time for years past. The baggage room is beginning to be crowded and it is likely that emergency accommodations for baggage will have to be provided.

The Bureau of Information, located at the New Mexico Cigar Company's store, on Central avenue, between First and Second streets, has been assisting visitors to rooms since early yesterday morning and is providing of great benefit to the visiting public.

Restaurants and hotels over the city last night afforded a good index to the number of people in town by the crowds which were to be seen in them. Nearly all of them have made extra arrangements for eating for the night.

It was announced yesterday evening by Superintendent Raymond R. Stamm, of the motorcycle events, that he had completed arrangements for Lincoln Beachey, the aviator who is here to make daily flights, to race with a motorcycle Tuesday afternoon.

The race will be around the half-mile track at Trinidad park and will be a great drawing card for the fair. There has never been anything of this nature pulled off here before and with the daring driving done by the local boys, and the difficulties presented by the small size of the track, Mr. Beachey will have some hard work to do if he is to win a 25-mile event against the fastest motorcyclists in the motorcycle races.

CARNIVAL COMPANY WITH 198 PEOPLE ARRIVES.

The Campbell-Curtis Show, with 198 people, arrived yesterday afternoon and after consultation with the fair management, laid out their show along Central avenue, from First to Fifth streets. This will keep the crowd moving about downtown and will allow Central avenue to be made into a vast racetrack where the people can compare without crowding or discomfort.

The place will be located on the side streets and the lot of them, the motorist show, will be placed on the Santa Fe grounds opposite the Alvarado at First street. Second street will have to be used on it because of the narrowness of the street and the tracks which must be kept open. Third street will be completely blocked on both sides of Central avenue so far as wagon traffic is concerned. The sidewalks will be kept open.

Fourth street will have several shows placed on it, fronting on Central avenue, and Fifth street has shows. The Campbell Company has forty-eight tents with it, so it can be readily seen that it is some sizeable show.

Mr. Campbell, proprietor and manager, declared last night that he had been anticipating his visit to Albuquerque for two months and that he was going to give this city as good a show as he possibly could.
