PRESIDENTIAL CAMPAIGN ENDS WITH DOMINANT PARTIES CLAIMING VICTORY AT TUESDAY'S ELECTION

DEMOCRATIC HOPES OF LANDSLIDE OFFSET BY OPTIMISM OF TAFT AND ROOSEVELT FORCES

Because of Fact That Three Formidable National Tickets Are in Field for President and Vice President, the Outcome is Awaited with Keen Interest; Unterrified Count on Division Between Republicans and Progressives to Make Success of Woodrow Wilson Certain; Contests for Senator and Governor in Many States of Union Rank in Interest with Coming Battle at Polls; Some Upsets in Predictions Are Not Unlikely, Owing to New Alignments.

(By Morning Journal Special Leased Wire.)

New York, Nov. 2.—The general election of 1912 has been turned over to the voters of the United States, in the language of leaders of the three principal parties. A cessation of activities in the respective camps tonight, a recouping of strength tomorrow for the final onslaught Monday, and an effort Tuesday by each faction to "get out its vote" mark the termination of a campaign conceded to have few parallels in the history of the nation. Throughout the country, polling places will open Tuesday with the attention of the entire nation focused on them. There are but few states outside of the "Solid South," where results are conceded to be one way or another. Confident claims by democratic leaders of a sweeping victory are met by emphatic assertions from the republican and progressive managers that they expect success, respectively for their presidential candidates.

The presidency and vice presidency, the house of representatives and the United States senate and the state and local governments of many of the most populous states hang in the balance on Tuesday's election. In New York the progressive-republican-democratic fight for the state ticket has been so keen as to render the outcome uncertain until the votes are counted. In many other states the introduction of progressive tickets has broken up what has been a normal republican majority and has made the control of state offices an open question.

Within the last week complete polls of county and state leaders have been made from New York by the chairman of the three national campaign committees. Upon the predictions of success that have come from the various states each of the party leaders claim, at the conclusion of the last week of the campaign, that his candidate for the presidency has the assurance of success.

William F. McCombs, democratic chairman, asserted today that Governor Wilson would carry the nation by an "astounding majority."

Charles D. Miller, republican chairman, declared that President Taft was "assured of a majority in the electoral college."

Senator Joseph M. Dixon, progressive chairman, declared that all indications point to a landslide for Roosevelt.

The presidential candidates rested tonight with their active canvases in the campaign over. Governor Wilson will vote at Princeton and receive the returns Tuesday night at his home there. President Taft will vote in Cincinnati and remain there at the home of his brother, Charles F. Taft, until the results are known Wednesday morning. Colonel Roosevelt, at Oyster Bay, will vote early and devote the day to rest. Each of the candidates will have a special telegraph wire, for the receipt of the election returns.

Senator Joseph M. Dixon, progressive national chairman, said:

"The nation will be astounded at the enormous vote of Roosevelt and Johnson next Tuesday. The election returns of four years ago count for nothing in the present contest. All indications point to a Roosevelt landslide. No one longer questions that either Colonel Roosevelt or Mr. Wilson will be elected president. Taft will certainly be a bad third in the race, with Debs pushing him closely for third place in Connecticut, Illinois and Indiana.

"The last ten days have seen a tremendous drift towards Roosevelt in every part of the country. Facing political revolution as we do, there can be no certain yardstick of measurement, as in former years. Based on most comprehensive reports from every state chairman of the progressive party it now seems certain that Roosevelt will carry twenty-five states, having a total of 237 electoral votes. Wilson will carry twelve states, having 120 electoral votes. Ten states having a total of 104 electoral votes, I believe to be doubtful."

MANAGERS CONFIDE
LABORS AT CHICAGO.

Chicago, Nov. 2.—Managers of the

publican, democratic and progressive western headquarters today concluded their campaign work with unqualified assertions that their tickets would win.

The republican managers said President Taft would get 215 electoral votes; the democrats said Wilson would get as many votes as Taft and Roosevelt combined in twenty-six states, and the progressives claimed twenty-four states for Roosevelt as a certainty with probabilities of three or four more.

David W. Mulvaney, manager of the Taft headquarters in Chicago, said: "Mr. Taft will be re-elected, receiving 215 electoral votes. This will be despite the fact that the republican party has been bitterly assailed in a campaign by a man who previously received its highest honor. Upon a square issue between a united republican party and the democratic party on the issue of protection against free trade the result never would have been in doubt."

Joseph E. Davies, director of the democratic campaign in the west, declared:

"The democrats will win this election even if we don't get the support of a single northern state east of the Alleghenies. It would not surprise me at all if we get the electoral vote of every state in the union. We are dead certain, however, of twenty-six states. In these twenty-six states I have conducted precinct polls and ascertained positively that the total of republican precincts carried by Wilson or reported to be for Wilson equals the combined republican precincts reported to be for Taft and Roosevelt."

"We will carry Ohio, Illinois, Wisconsin, Michigan, Indiana, Iowa, Missouri, Kansas, North Dakota, California, Oregon and Washington in addition to many other states."

Medill McCormick, of the progressive committee, announced that the third party was assured of a plurality in twenty-four states.

"The Roosevelt landslide is on," said Mr. McCormick, "and nothing on earth can stop it."

"In addition to Illinois, New York and California, we will most surely get twenty-one additional states."

DEMOCRATS CONFIDENT OF SUCCESS IN MISSOURI.
St. Louis, Nov. 2.—The campaign came to a close in Missouri tonight with speakers of all parties making their last appeals for votes. The three leading parties covered every part of the state in the last week.

Democratic leaders were most insistent in their predictions of victory. Missouri voters will ballot on nine constitutional amendments, one of which is for a modified single tax. The single tax proposition aroused greatest interest, large land owners maintaining a bureau which directed a bitter fight against the proposed measure.

The democrats expect to exceed their present representation in congress which is thirteen out of sixteen congressmen.

BRYAN SCHEDULED TO CLOSE NEBRASKA FIGHT.
Omaha, Nov. 2.—The active campaign in Nebraska will not close until Monday evening when Wm. J. Bryan makes his last address, that evening in his home city, although he will be the only speaker to carry the active fight over the week end.

Activity of other party leaders was practically ended tonight. Nearly every democratic leader of prominence had visited the state during the campaign and state candidates have made a thorough canvass of every hamlet.

W. J. Bryan tonight made his first prediction on election results when he declared that in his opinion, Wilson would have a substantial majority in Nebraska.

ILLINOIS RESULT IS LARGELY IN DOUBT.
Chicago, Nov. 2.—Final reports from all of the 102 counties in Illinois indicate that the national election will be affected to a large degree by the fight to control the next Illinois general assembly which is to elect United States senators.

Betting odds favor Governor Woodrow Wilson on the national ticket and Governor Charles S. Deneen, republican,

can, on the state ticket. This is offset to some considerable extent by reports favorable to Colonel Roosevelt and the progressive ticket. Also an eleventh hour tide for Taft gave courage to the republican managers.

Roy O. West, republican state chairman, said:

"The republicans will control the general assembly and elect two senators."

Chauncey C. Dewey, progressive state chairman, said that Roosevelt would have a plurality in Illinois of 150,000.

Joseph E. Davies, director of the democratic campaign in the west, said Illinois would give Wilson the 450,000 votes cast for Bryan four years ago and in addition 40,000 to 50,000, republicans and democratic votes not cast for Bryan. Of the 625,000 cast for Taft in 1908, said Mr. Davies, Colonel Roosevelt will get approximately 270,000. President Taft will not get more than 240,000 votes. The Chicago situation is too uncertain to warrant predictions even by the party managers.

PROSPECTS INDICATE HEAVY VOTE IN IOWA.
Des Moines, Ia., Nov. 2.—The campaign in Iowa closed tonight with prospects of a heavy vote in the cities and towns and a small vote in the rural districts.

Chairman Reed, of the democratic state committee, said tonight that 175,000 votes would be cast in the state. He claimed 210,000 votes for Wilson and conceded Roosevelt 140,000 and Taft 125,000. He also claimed the election of E. G. Dunn as governor by 20,000 plurality and a joint ballot majority in the state legislature.

Chairman Franke, of the progressive state committee, said the race between Wilson and Roosevelt in Iowa would be close. He declined to give figures.

Chairman Rawson, of the republican state committee, would make no statement.

INDIANA IS CLAIMED BY EACH CHAIRMAN.
Indianapolis, Ind., Nov. 2.—With parades, red fire and unusual flow of money the campaign of Indiana was closed with demonstrations here tonight by the three parties.

Governor Thomas R. Marshall, democratic candidate for vice president, spoke with Samuel M. Rabston, candidate for governor, at the democratic meeting. W. T. Durbin, who is making the race for governor on the republican ticket, was followed by W. E. English, at the republican gathering, while Albert J. Beveridge, candidate for governor and Senator Moses E. Clapp, of Minnesota, were the principal speakers at the progressive rally. Large crowds attended the meetings.

Each state chairman of the three parties has issued a statement containing what the state will support his candidate in the election next Tuesday.

NEW YORK CAMPAIGN CLOSES TOMORROW NIGHT.
New York, Nov. 2.—Instead of winding up the New York campaign with a rush of meetings Saturday night as has been customary, the candidates for governor on the republican, democratic and progressive tickets, will carry the fight through without a cessation until late Monday night.

The three-cornered fight for the governorship has drawn presidential and vice presidential candidates to the political forums and has divided the vote of the state so that predictions are not as freely made as usual. Activities that have reached into all corners of the nation came to a head tonight.

(Continued on Page Two.)

Wilson Declares The Issue Is Squarely Up To People

(By Morning Journal Special Leased Wire.)

New York, Nov. 2.—The following statement by Governor Woodrow Wilson, democratic candidate for president, was issued today through the headquarters of the democratic national committee:

"The issue is clearly made up and goes to the people. I, for one, do not doubt the verdict. The voters must take one or another of three choices. 'First, Entrust the government to the regular republican party again, which always begins a campaign with promises of action and then always at the end, draws back and warns against change, dreading to attempt anything at all for fear it should not satisfy those who credit credit and whom it has so long permitted to act as trustees for the people in every matter of policy.

"Second, Place the guidance of their affairs in the hands of men who are searching about for some new way in which to perform old duties, all along plain and imperative, which can easily be performed without the intervention of new methods—for example, without shifting the whole energy and initiative of the law to the executive branch of the government.

"Third, Go forward without postponement or experiment or confusion to effect the reforms that the whole country waits for and that all parties profess to believe necessary through the instrumentality of a great established and undivided party, clear and explicit as to its purpose, willing to effect them by the ordinary process of legislation, and willing to be guided by the common council of the nation as a whole, the plain people with the rest, regardless of every interest, the little as well as the big, because connected with every interest by sympathy and comprehension, and soberly determined to obey the voice of thoughtful men everywhere, by a carefully considered course of moderate, yet courageous reform—the mere statement of the choices is a prediction. We shall trust ourselves and let the little groups of discoverers who would have us rest our powers in their learn, in their turn, and at their leisure, to trust us also.

"WOODROW WILSON."

GOVERNOR JOHNSON COURT REFUSES TO PREDICTS GREAT VICTORY FOR ROOSEVELT

PLACE WATCHERS AT THE POLLS

Progressive Candidate Says Party Has Won Moral Reform Carrying Country Ahead Fully Twenty-Five Years.

"ALL RIGHT AS HIRED MAN; FROST AS FOREMAN"

Benjamin Fay Mills Makes Sharp Retort to Inquiry Regarding Qualifications of Taft for President.

(By Morning Journal Special Leased Wire.)

New York, Nov. 2.—With ten meetings in up-state towns and cities and nine speeches in the city of New York, Governor Johnson tonight closed his three-day tour of the state.

"Today every progressive in the land is standing on his toes and holding his head high in the air," the governor told his audiences.

"We are going forward to real accomplishment. In the six days we have been campaigning we have carried this nation ahead a quarter of a century.

"In the future no party will deal in the old platitudes and abstractions. This new progressive party has made it necessary for all political organizations to recognize that the first concern of any nation must be its men, its women and its children.

"The moral victory of this great fight already is won and on next Tuesday another victory will be recorded. This victory will place Theodore Roosevelt back in the White House."

At the Middletown meeting today a man shouted to Benjamin Fay Mills, one of the progressive speakers who was talking from the rear of the train:

"Four years ago Teddy told us that Taft was all right. What about him now?"

"As a hired man he was all right," answered Mills, "but as a foreman he is a frost."

The governor will rest here tomorrow and make his final speeches on Monday in Providence, R. I., and Springfield, Mass.

SILENT TREATMENT
LEADS CRAMER
TO CONFESS

New Third Degree is to Permit No One to Speak to Prisoner Until He is Ready to Make Full Confession.

(By Morning Journal Special Leased Wire.)

Chicago, Nov. 2.—Broken by hours of silent treatment, the humane but effective third degree devised by Captain Max Noolbaar, of the Chicago police, Charles N. Kramer confessed this afternoon that he killed Sophia Singer, the Baltimore heiress found murdered here Monday night.

Kramer, known generally by his stage name of Conway, in the final confession added a new feature to the statement given yesterday by his wife. He said he struck Miss Singer down in self defense when she attacked him with a razor, after he had rebuked her for making a suggestion to Mrs. Kramer to go out and see some one. Kramer excused his wife from all blame in connection with the crime.

Kramer, the former clown, high diver and circus acrobat, held out twenty-four hours longer than his wife.

He paced his cell all night, begging for a word from the turnkeys, who would not vouchsafe him a syllable. He heard his wife's agonized outcries when she made her confession yesterday, but could get no information as to their cause or what she was saying.

Today, Captain Noolbaar began a systematic razzing of the man that aggravated his silence. Several times an hour he would pass the cell and would pause a second to say:

"Well, do you want to see me?" Kramer each time refused, but at last broke into tears and begged to be allowed to tell his story.

Kramer's story differed from his wife's only in the detail that he claimed self defense in justification. He said he never meant to kill Miss Singer and that he found and seized her to prevent her making an outcry. He said he took \$25 from Miss Singer's purse and two suits of clothes belonging to W. E. Worthen, Miss Singer's friend, because he was penniless and needed clothes to go out in. He and his wife fled through the alley, he said, hoping to get away before Miss Singer revived and believing that she would not want to come into publicity by prosecuting them.

Governor Shafroth and Others Ask That Action Be Taken to Prevent Companies from Intimidating Employees.

(By Morning Journal Special Leased Wire.)

Denver, Nov. 2.—The voters of Las Animas and Huerfano counties will not have watchers appointed by the state supreme court at the polls Tuesday unless a second petition should be presented Monday and the court reverses its decision. Last Friday Governor Shafroth, John T. Barnett, Attorney General Griffith and

others representing the interests of the democratic and progressive parties asked the court to appoint special watchers and to issue an injunction enjoining the Colorado Fuel & Iron, the Victor American, the American Smelting and Refining and other companies and republican party leaders from interfering in any way with the election. The decision was made by five of the seven judges of the supreme court and they stood three to two against granting the request. It is possible that the petition may be presented again with the seven judges of the court sitting.

Similar requests by all three parties representing other counties are to be made Monday, it is said. The supreme court appointed court watchers at the election in Huerfano county two years ago.

Government to Continue Probe.
Washington, Nov. 2.—The termination of the Standard Oil matters in the Pierce litigation will not affect the investigation by the department of justice to determine whether the decree dissolving the Standard Oil Company has been violated.

Facts About Wool Tariff As It Affects New Mexico

In October, 1911, Mr. Levi A. Hughes, then a progressive republican, now a candidate for elector on the Taft ticket, wrote a letter to the people of New Mexico, in which he made these statements:

"We state boldly and openly that Schedule K is indefensible.

"During the past ten years the average protection on New Mexico wool under that schedule has amounted to 1.52 cents, or about one and a half cents a pound.

"We can thus see that the actual protection to our New Mexico wool grower has been practically about ten per cent ad valorem, while the law passed by the last democratic house of representatives and by the democrats and progressive republicans in the senate provided a duty of twenty-nine per cent ad valorem, or nearly three times as much as the real, actual working protection under the present law.

"Ten years' experience with Schedule K shows it to be a 'Shell Game' rigged up to fool the wool grower and to overprotect the woolen manufacturer. It gives no practical benefit to the sheep raiser, while it makes us all pay double prices for our woolen clothing and blankets."

These statements are fully sustained by the statistics gathered by Mr. Taft's tariff board.

In the early part of this campaign, Mr. Hughes and the stand-pat republicans loudly proclaimed that this 29 per cent tariff was insufficient to protect the wool grower and that if it became the law, it would ruin that industry.

When confronted with his own statements showing the falsity of this claim, Mr. Hughes explained that while his former statement was true, ruin would come to the wool grower, not through inadequacy of protection given to him by the democratic bill—"three times as much as under the present law"—but because he would have no market; that the manufacturer by reason of the higher price necessarily paid to the grower under the proposed bill and the reduction in his own protection thereby made, would be put out of business and unable to buy at all.

Mr. Hughes and his party friends are hard to please. Last year the present law robbed the wool grower for the benefit of the manufacturer. This year the proposed democratic law ruins the manufacturer for the benefit of the grower.

This claim is both false and absurd. Under the present law, according to Mr. Hughes, the manufacturer has to pay the wool grower only one and a half cents per pound more than he would if there were no protection. The manufacturer, to compensate him for the enhanced price, gets a tariff of 44 cents per pound of his product. It requires four pounds of wool to make the pound of the manufacturer's product. In order to compensate him for the increase of one and a half cents on four pounds of wool, or 6 cents, the manufacturer gets 44 cents. The wool grower gets about ten per cent; the manufacturer gets about forty per cent. In addition to this compensatory duty, the manufacturer gets 50 to 60 per cent ad valorem protection upon the pretence that this is necessary to equalize the cost of production here and in Europe. This percentage is upon the total value of the product, including cost of wool, labor and everything that goes to make up that value in Europe. The wool itself, according to Mr. Hughes, costs only about ten per cent more here than there.

In this country, the total labor cost in the manufacture of woolen goods is only sixteen and two-thirds per cent of the value of the product. The manufacturer is given, to protect him against cheaper European labor, 50 to 60 per cent of the total value of the European product, which includes the price of the material, labor and all costs in connection with its production. The total protection on woolen products averages 90 per cent according to the census and the tariff board's report. The average wages paid in the American Woolen Mills, which belongs to the wool trust, are \$7.09 per week to heads of families employed by it. That trust declares dividends which average 75 per cent of the capital employed.

The democratic bill proposes to reduce the average duty on woolen manufactures to 49 per cent. This would allow the manufacturers to pay the increased price of wool and still give them protection to the full extent of the labor cost here, instead of the difference between the cost here and abroad, and in addition about three per cent over. This 49 per cent average tariff was arrived at after a full examination of the report of Mr. Taft's tariff board, and was agreed to as ample protection to the manufacturers by not only the democrats of the senate, but by republicans like LaFollette, Cummings, Beveridge, Borah and others, who are firm believers in the protective tariff, but who do not believe that Americans should be robbed under the cloak of protection for the benefit, not of the government, but of the trusts.

It is foolish to suggest that under these conditions there will be no market for wool.

LAST TRIBUTE OF RESPECT PAID TO DEAD VICE PRESIDENT

President Taft, Justices of Supreme Court, Senators and Representatives in Congress, Present at Ceremonies.

UTICA PEOPLE CROWD AUDITORIUM OF CHURCH

Simple Burial Service Read by Dr. Stryker, President of Hamilton College; Remains Then Laid to Rest.

(By Morning Journal Special Leased Wire.)

Utica, N. Y., Nov. 2.—With simple, but impressive ceremonies, the body of Vice President James S. Sherman was laid away this afternoon in a crypt within a beautiful mausoleum in Forest Hill cemetery.

Under a canvas covering that served as a shield against a chill November wind were gathered the Sherman family, President Taft, members of the cabinet, Justices of the supreme court, senators and members of the house of representatives and a few intimate friends and business associates of the vice president, while without a throng that stood reverently until the strains of "Asleep in Jesus," by the Hayden male chorus had died away.

President Taft listened with bowed head and tear-dimmed eyes as Dr. M. W. Stryker, president of Hamilton college, read the brief committal service and the Rev. Louis H. Holden, pastor of Christ church of which Mr. Sherman was a member, offered prayer.

A mixed chorus sang, "Good Night" and when a selection by the male chorus had been finished, the president gazed a moment at the flower covered casket and slowly made his way to a waiting automobile, accompanied by former Vice President Fairbanks, Attorney General Wickesham and Major Rhodes, his military aide.

Earlier in the afternoon there had been private services at the Sherman home and public obsequies at the First Presbyterian church, both of which were attended by the president.

The special train bearing the presidential party arrived in Utica at 10:30 o'clock and the president at once went to the Sherman home to offer his sympathy to the bereaved family. He remained for the services, which were conducted by Dr. Holden, and went then to the church where the funeral services were held.

Crowds began to gather in the vicinity of the church before noon and when the doors were opened the large auditorium quickly filled.

The congressional party were among the earliest arrivals and they were followed by the president and those who had called on Mrs. Sherman with him. The president occupied a seat near the center aisle and which had been reserved for him. Mr. Fairbanks, Secretary Nagel, former Vice President Fairbanks and Chairman Hilles of the republican national committee.

Immediately in their rear were seated Justices Hughes and Pitney, of the United States supreme court, Senators Crane, Curtis, Lippitt, Penrose, Oliver, Bacon, Weeks and O'Gorman, Secretary Bennett, of the senate, and Representatives Dingle, Calder, Jones, Wright, Fairchild and other members of the house of representatives. Senator Root was one of the honorary pallbearers and sat somewhat apart from other national men.

The casket, covered with violets and lilies of the valley, was borne into the church at 2:30 o'clock and following it came Mrs. Sherman in heavy mourning, leaning on the arm of her son, Richard. The Mendelssohn funeral march was played as the body was carried in.

Numerous floral offerings formed an impressive feature. These consisted largely of appropriately designed wreaths with which the altar was completely covered. The senate sent an immense piece composed largely of orchids while the house offering was of white roses. There were wreaths from the national republican league, the employees of the Utica Trust Company, of which Mr. Sherman was president, the Beta Sigma Pi, the local republican committee, the German ambassador, the Spanish, Salvadorean, Haytian, Dominican and Guatemalan legations, Secretary Knox and others.

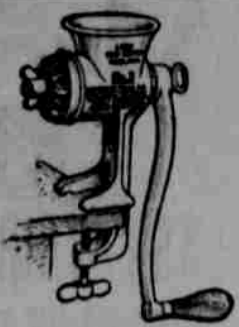

The altar, the galleries and the walls of the church were draped in black broadcloth and rich purple and an American flag was festooned about the front of the altar, but almost hidden by the mass of flowers.

The religious services conducted by Dr. Stryker were brief. They consisted of scriptural readings and a few words of appreciation, and a prayer by Dr. Stryker, all closing with a benediction by the Rev. R. W. Brokaw, pastor of the First Presbyterian church.

The music included organ selections and three hymns. The hymns were, "Lead Kindly Light, 'Abide With Me' and 'Scatter, My God to Thee.' The entire congregation joined in the last hymn.

The funeral party left the church as it had entered, to the music of Mendelssohn's funeral march, the audience standing as the casket was borne out.

either side by her sons as she walked slowly down the aisle. Her carriage preceded that of President Taft in the long line that made its way to the cemetery.

Thousands of persons were at the cemetery in advance of the cortege and watched the procession with its way to the mausoleum. After the service at the tomb, President Taft and party were hurried in automobiles direct to the railroad station. The president's private car had been sidetracked and a crowd watched him as he sat at the window and chatted with Mrs. Fairbanks and others.

When the train pulled out of the station at 5:14 o'clock for New York there were subdued cheers for the president, who bowed his acknowledgments.

Business in Utah was practically suspended during the hours of the funeral and several factories closed at noon. At the hour of the funeral all electric cars in the city were stopped for five minutes.

PRESIDENT TAFT REACHES NEW YORK FROM UTAH.
New York, Nov. 2.—President Taft returning from the funeral of Vice President Sherman at Utah, reached here at 10:10 o'clock tonight.

NO SUCCESSOR ON REPUBLICAN TICKET.
New York, Nov. 2.—After a conference between President Taft and several members of his cabinet and republican senators it was officially announced here tonight that no successor to Vice President Sherman on the republican ticket would be selected until after election. Governor Bradley of Missouri is known to be favored by President Taft and many of the leaders.

DOMINANT PARTIES CLAIM VICTORY AT TUESDAY'S ELECTION

(Continued From Page One.)

here today, with the national headquarters of three leading political parties. So far as the chairman of the democratic, progressive and republican parties are concerned, the campaign ended tonight. There remain to be carried out the detailed plans for "getting out the vote," polling contested election districts and preventing frauds, but these matters are in the majority of cases remaining now in the hands of local chairmen and state and district managers.

The promise of victory perched upon every headquarters banner tonight. Inspired by telegrams from local chairmen throughout the state, the democratic, republican and progressive chairmen, respectively, asserted either that victory was in their grasp or the conditions were such that a tide of votes to their respective candidates might be expected in the election Tuesday.

WISCONSIN ELECTION IS EXPECTED TO BE CLOSE.
Milwaukee, Wis., Nov. 2.—The race for political supremacy in Wisconsin, both from a national and state bearing will be closely contested.

State chairmen of the republican, democratic and progressive parties all claim that Wisconsin voters will elect presidential electors favorable to their respective party's candidate.

The gubernatorial situation is almost as complicated as the national ticket. The congressional delegation probably will be made up of seven republicans, two democrats and one, if not two, socialist democrats.

GOVERNOR WILSON'S STATE SCENE OF BITTER FIGHT.
Trenton, N. J., Nov. 2.—In Governor Wilson's own state of New Jersey, where fourteen electoral votes are claimed by democrats, republicans and progressives alike, there will be decided also on Tuesday whether the next governor of the state, should Wilson win, and the next United States senator, will be democratic or republican.

In addition, voters of the state will elect the lower house of the legislature and will determine the political complexion of the state senate, now republican by a majority of one.

Each claim their forces will elect both the national and state tickets.

NORTH DAKOTA PUT IN DOUBTFUL COLUMN.
Grand Forks, N. D., Nov. 2.—North Dakota is normally republican in presidential elections by 35,000. The campaign just closing is being vigorously contested by the progressive, republican and democratic parties, and each is claiming a victory at the coming election.

ANYBODY'S FIGHT IN SOUTH DAKOTA.
Sioux Falls, S. D., Nov. 2.—The South Dakota situation is puzzling. According to the claims of the rival managers it is anybody's state on president.

Roosevelt men who are in control of the machinery of the republican party in the state and who have five Roosevelt men placed on the regular republican ballot are electors, profess to be confident that the Roosevelt electors will be elected. The supporters of the president and the LaFollette men of the state, who have on electors in the field, are equally confident that the Roosevelt electors will be defeated and the Woodward Wilson will capture the five electors.

REPUBLICANS HOPE TO WIN BACK MASSACHUSETTS.
Boston, Mass., Nov. 2.—No Massachusetts political campaign in recent years has been marked by so many old time features as that which closed tonight with republican, democratic and progressive managers claiming success for the state and national tickets. Torchlight parades, band concerts and whirl wind speaking tours have been of nightly occurrence.

Governor Eugene N. Foss, who seeks reelection on the democratic ticket, Charles S. Eirt, the nominee of the progressive party, and Joseph Walker, who is fighting to bring the state back into the republican ranks after two years of democracy, have been on the stump almost continuously.

The next legislature will be called upon to fill the place of United States Senator W. Murray Chase, who has declined to serve again.

MOST EXCITE CAMPAIGN IN HISTORY OF MAINE.
Portland, Me., Nov. 2.—A campaign unlike any Maine has ever known will be concluded Monday. For the first time since the days of the greenback party, the democrats are opposed by a divided republican party in the contest for the state's six presidential electors. The republican and progressive worked together during the state campaign in November and won. The parties came after that election and the two divisions of the republicans have fought each other more actively than either has attacked the democrats.

SPLIT IN MICHIGAN FAVORS THE DEMOCRATS.
Detroit, Mich., Nov. 2.—The close of the Michigan campaign finds each of the three leading parties, the republican, democratic and progressive, claiming victory. The socialists, while not claiming majorities, predict the largest Michigan vote ever polled by their party. The progressive national ticket is easily the favorite in the betting.

The campaign has waged furiously since the first state convention last spring—that of the republicans—when troops were called out to prevent rioting and possible bloodshed.

The democrats have taken practically no steps to arouse the voters.

SPECTACULAR CAMPAIGN ENDS IN RHODE ISLAND.
Providence, R. I., Nov. 2.—Nightly rallies have been addressed by speakers from within and without the state and extensive advertising campaigns have been conducted in preparation for Tuesday's election. Complete state tickets have been put in the field by republicans, democrats and progressives.

CALIFORNIA SITUATION VAGUE AND PUZZLING.
San Francisco, Nov. 2.—California closed today the last week of perhaps what has been the most remarkable political campaign the state has ever known. Estimates of the coming result at the polls were almost completely contradictory and the most disinterested observers agreed that the situation was vague and puzzling.

Progressives supporting Roosevelt and Johnson held to their original declaration that their state was overwhelmingly on their side. Wilson men asserted that the democrats had steadily gained strength since the Sacramento convention and the decision of the supreme court excluding Taft electors from the ballot, that south of the Tehachapi, Roosevelt sentiment had been dwindling until it no longer could hope to overcome the majority that would be brought to meet it from the north. Betting odds favored Roosevelt and Johnson, 2 to 1, with even money on San Francisco alone. Governor Johnson's managers have asserted that his cause in his home state is safe.

These are the things that make the campaign difficult to gauge.

That women voted for the first time in a national election.

That Taft and LaFollette supporters in unknown numbers were sure to vote for Wilson.

That the primary results, in which Roosevelt and Johnson were twice successful by huge majorities, did not indicate the silent vote.

That Governor Johnson, himself, in a fight critically concerning his own administration, was absent from the state, and thereby his cause lost its most vigorous champion.

Speakers of national reputation were rare in California during the campaign, though Colonel Bryan and Governor Marshall both visited the state briefly. In the forensic sense it was a quiet campaign, but in the newspapers the fight was waged bitterly, with nearly all the Taft papers openly supporting Wilson.

IDAHO CAMPAIGN QUIET; APATHY AMONG VOTERS.
Boise, Idaho, Nov. 2.—The Idaho campaign closed quietly. There is general apathy among the voters and the silent vote predominates. All efforts to arrive at a reasonable forecast has proven futile. The republican campaign managers claim the state for Taft by 7,000, the democrats for Wilson by 6,000, and the progressives for Roosevelt by 10,000. The indications are that the republican state ticket will be elected, although the result on governor will be close. The legislature will be safely republican on joint ballot, according to all signs. It will elect two United States senators.

DEMOCRATS CLAIM VICTORY IN ARIZONA.
Phoenix, Ariz., Nov. 2.—Democrats claim Arizona by pluralities ranging from 500 to 2,000. Progressives assert Roosevelt will have a plurality and Taft supporters acknowledge that their leader will be third in the race.

The re-election of Congressman Carl Hayden, democrat, is conceded. No other officers will be elected. The constitutional amendments providing the recall of judges and giving the state the right to engage in industrial pursuits are expected to carry. The vote on woman's suffrage will be close.

UTAH PROBABLY SAFE IN REPUBLICAN COLUMN.
Salt Lake City, Utah, Nov. 2.—The political campaign in Utah practically was closed late last night and the indications are that the republicans will carry the state. All the campaign managers agree, however, that 20 percent of the vote of Utah is doubtful and the situation is more complicated than in any previous year. The progressives have a complete state ticket in the field and apparently have been gaining in strength at the expense of the republicans while the democratic managers claim their supporters have been standing firm.

They will be able to elect at least a portion of the ticket on account of the division in the republican ranks.

BITTER FIGHT WAGED IN WASHINGTON STATE.
Seattle, Wash., Nov. 2.—The feature of the Washington's campaign close has been the savage attack made by the republicans on the personal character of Robert Modjes, progressive candidate for governor. This attack has greatly benefited Ernest Lester, democratic candidate for governor. The republicans are making a hard fight to re-elect Governor Marion E. Hay and to elect congressmen in the First and Second districts and the congressmen at large. The democrats hope to elect in the First district. The progressives count on the popularity of Roosevelt to carry the state and elect three progressive congressmen.

THREE CORNERED BATTLE IN STATE OF COLORADO.
Denver, Colo., Nov. 2.—Colorado is just closing one of the most hotly contested political campaigns in its history. Three parties—republican, democratic and progressive—are contending for victory in the choice of six presidential electors, four representatives in congress and complete state and legislative ticket. For the first time, the voters will express their preference for United States senators, of whom two are to be elected by the legislature this winter.

The republicans have made their campaign on the issue of protection for Colorado industries. The democrats, instead of the Wilson policies on tariff and other issues, and oppose the republican conservation theory, are detrimental to the interests of the

west. The progressives support the Roosevelt national platform and policies. Thirty-two initiatives and referred bills and constitutional amendments are on the ballot.

WYOMING CONTENT ONE OF HOTTEST IN YEARS.
Cheyenne, Wyo., Nov. 2.—With three parties claiming the state the campaign in Wyoming just closed was one of the warmest ever held in the state.

The republicans claim the state for Taft by 20,000.

S. G. Hopkins, chairman of the state democratic committee, claims victory for Wilson by 20,000.

The progressives declare Roosevelt will carry the state by small majority. The main focus of the campaign has been on the re-election of Senator Francis E. Warren, the republican candidate. He is opposed by John B. Kendrick, democrat, of Sheridan.

The democrats and progressives combined against Senator Warren. Three candidates for congress, each having claim to election by the largest vote in the history of the state are Congressman Frank Mondell, republican; T. P. Fahri, democrat, and C. E. Winter, progressive.

The registration shows an increase of 15,000 over two years ago.

OUTCOME IN OREGON ADMITTEDLY CLOSE.
Portland, Ore., Nov. 2.—The presidential fight is admittedly close in this state. The contest for United States senator and so-called "single tax" initiative measure are attracting particular attention. The senatorship will be close. At this election also the question of equal suffrage will be voted on, in addition to thirty-one other constitutional amendments, initiative and referendum measures. There are 173 candidates for forty-three offices.

STRENUOUS CAMPAIGN HAS BEEN WAGED IN NEVADA.
Reno, Nev., Nov. 2.—A strenuous campaign is practically closed tonight in Nevada. It was complicated by the contest for the choice on popular vote for the United States senator. Senator W. A. Massey, appointed by the governor for the term of the late George S. Nixon until the legislature meets, now seeks election as the republican nominee for the remainder of the term expiring in 1917. He is opposed by Key Pittman, democrat, and Sardin Summerfield, progressive party nominee. The result depends on the number of votes drawn from the republicans by Summerfield, which is a matter of great uncertainty.

The republican leaders have concentrated their force on the senatorial and congressional fight, subordinating activity on the national ticket. The democrats claim a landslide. The progressives have a complete organization and ticket and claim the state for Roosevelt.

THREE PARTIES ARE CLAIMING MINNESOTA.
St. Paul, Nov. 2.—After a vigorous presidential campaign in Minnesota, the election is approaching with the leaders of the three principal parties claiming success. Minnesota is normally republican, the state giving Roosevelt a plurality of 161,464 in 1904, and Taft, 84,884 in 1908.

LOOKS LIKE KANSAS RESULT WILL BE CLOSE.
Topeka, Kan., Nov. 2.—Politicians of all three parties express confidence in the outcome, both for national and state tickets. The democrats pinned their hopes for success on the vigorous fight waged in Kansas between republicans and progressives over Roosevelt and Taft electors.

For governor the race seemed close between Arthur Capper, a republican with a record of progressive leanings, and George H. Hodges, democrat.

The senatorial race between Governor Stubbs, republican, and W. H. Thompson, democrat, will not be decided until the legislature meets. The legislature are not bound by the popular vote.

WISCONSIN PROBABLY WILL GO MAJORITY IN MONTANA.
Helena, Mont., Nov. 2.—Political indications during the last few days indicate that the electoral vote of Montana will be cast for Woodward Wilson, while Theodore Roosevelt will probably run second and Taft a close third.

Chief interest in the Montana campaign centers in the governorship. The supporters of each of the candidates claim victory. Sam M. Stewart, democratic nominee, apparently is in the lead with Frank J. Edwards, the progressive candidate, making vigorous inroads into his strength. Harry L. Wilson, republican, will be considerably ahead of his national ticket in all probability. The vote on governor will be very close.

Less interest is being taken in the preferential vote for United States senator. Apparently this vote will adhere closely to national party lines. In the congressional contests it is generally believed that Thomas Stout, democrat, will win, with the contest for the other seats close between Congressman Charles N. Pray, republican; J. M. Evans, democrat, and Thomas M. Everett, progressive.

ALL THREE PARTIES IN CONNECTICUT HOPEFUL.
New Haven, Conn., Nov. 2.—The closing of the campaign in Connecticut finds both the republicans and democrats confident of winning and the progressives hopeful. Democratic Chairman Foster predicts that Wilson will carry the state by at least 25,000. He predicts Governor Baldwin's re-election.

VIRGINIA IS EXPECTED TO GO DEMOCRATIC.
Richmond, Va., Nov. 2.—A sweeping democratic victory is predicted in this state as the result of the presidential campaign. It is claimed that the Taft and Roosevelt vote will be light.

ONE-SIDED RESULT IN NORTH CAROLINA.
Raleigh, N. C., Nov. 2.—At the close of the North Carolina campaign tonight a decisive victory for the democratic party was predicted in the presidential election Tuesday. On the state ticket, progressives and republicans both are claiming the former quota of republican votes.

DEMOCRATIC WALKAWAY IN SOUTH CAROLINA.
Columbia, S. C., Nov. 2.—Apathy marked the presidential campaign in South Carolina. The usual democratic majority is predicted.

RESULT IN OHIO IS ADMITTEDLY DOUBTFUL.
Cincinnati, O., Nov. 2.—Leaders of each of the three larger political parties at the close of the campaign tonight were ready with claims of victory.

The campaign from an oratorical standpoint has been waged continuously for the last nine months. President Taft, Colonel Roosevelt, Governor Wilson, W. J. Bryan, Governor Judson Harmon and a score of lesser dignitaries, United States senators, cabinet members and congressmen have kept almost a continuous trail of special trains criss-crossing the state.

TEXAS WILL LINE UP SOLIDLY FOR DEMOCRATS.
Dallas, Tex., Nov. 2.—Texas, an original Wilson state, is solidly democratic. The republican and progressive party campaigns have been quiet without indicating which leads.

DEMOCRATS TO CARRY ARKANSAS BY 50,000.
Little Rock, Ark., Nov. 2.—It is estimated that the democratic majority in Arkansas next Tuesday will be in excess of 50,000 votes.

LOUISIANA PROGRESSIVES TO OUTVOTE REPUBLICANS.
New Orleans, La., Nov. 2.—Although political leaders of all factions in this state conceded Louisiana to Wilson, the progressives are strong and will poll more votes than the republicans two to one.

PROGRESSIVES TO SHOW STRENGTH IN GEORGIA.
Atlanta, Ga., Nov. 2.—The political campaign in Georgia, which practically came to a close tonight, has been marked by an unusual quiet. Predictions on all sides are that the progressive party will poll a respectable vote in this state.

GOVERNORSHIP FIGHT FEATURE IN TENNESSEE.
Nashville, Tenn., Nov. 2.—A warm three-cornered campaign for the governorship has occupied the center of the stage in Tennessee during the political campaign. The progressives declare that a democratic factional contest will favor the Roosevelt national ticket, but the democratic leaders assert that the usual majority for the presidential candidate will be forthcoming next Tuesday.

LITTLE EXCITEMENT IN ALABAMA ELECTION.
Montgomery, Ala., Nov. 2.—After a campaign marked by little excitement, Alabama is expected to vote for Governor Wilson for president Tuesday and to return every democratic congressman.

WILSON AND MARSHALL TO CARRY OKLAHOMA.
Oklahoma City, Nov. 2.—Democratic leaders estimate that Oklahoma, normally democratic, will elect Wilson-Marshall electors by a majority of 15,000 and the state ticket by practically the same figures. The republican situation is admittedly complicated. Progressive party elec-

tors were denied a place on the ticket through court action and recently several of those nominated as republican electors have been quoted as asserting that they will vote for Roosevelt.

MISSISSIPPI WILL GO FOUR-FIFTHS DEMOCRATIC.
Jackson, Miss., Nov. 2.—In all probability four-fifths of the vote cast next Tuesday in Mississippi will be democratic. Of the other parties the progressives will have a big lead.

WASHINGTON DESERTED BY HIGH OFFICIALS.
Washington, D. C., Nov. 2.—The close of the campaign finds Washington practically deserted of all high government officials. President Taft, after voting in Cincinnati, will not return to the capital until next Thursday. Mrs. Taft and Miss Helen Taft probably will hear the returns at the summer White House at Beverly Hills, the eldest son, at Harvard, and Charles, the younger, at Moravia Taft's school, probably will not join Mrs. Taft.

Secretary Fisher, of the interior department, will be the only cabinet officer in Washington on election day and "sitting on the lid," he will be acting president. The secretary's long trip to Hawaii prevented his registration in his home ward in Chicago, so he can not vote. Neither can Secretary Nagle, who, campaigning for several weeks for President Taft, lost his chance to register.

Secretary Wilson, of the department of agriculture, will vote at his home, Tracer, Ia. He has been campaigning in the middlewest.

Secretary Knox will return from his western trip in time to vote in Pittsburgh and Assistant Secretary of State Huntington Wilson will vote in Chicago. Secretary Stimson will vote in New York, as will Attorney General Wickham. Secretary Meyer votes at Hamilton, Mass., and Assistant Secretary Winthrop at Jericho, Long Island, in the Oyster Bay district.

Government departments always are partially depleted on election day. This year it is estimated upwards of 3,000 clerks have been granted leaves of absence to go home to vote.

Virtually every member of congress is out of Washington. Most of them have been in their home districts looking after their fences during the campaign. Old observers predict the coming election day will be quiet.

CORPORATION LAWS AND FORMS.
New Mexico now has a Commission empowered to regulate corporations. Corporation officers, attorneys, irrigation engineers should know corporation laws and procedure. For this purpose get KANE'S NEW MEXICO CORPORATION LAWS, RULES AND FORMS. All laws on General Corporations, Irrigation, Mining, Railroads, Banking, Insurance, etc., with citations, rules and forms for drawing and filing corporation, irrigation papers, etc. Also U. S. laws and forms; the only compilation of these laws from 1897 to 1912.

The 1912 legislature made but few changes in corporation laws; many New Mexico laws are out of print; no revision made since 1897, none adopted this year and none will be adopted until 1915. Such conditions make this book indispensable.

MENAUL DEFEATED
14 TO 0 BY THE
HIGH SCHOOLIn Game Featured by Snappy
Playing and Fine Team
Work, Hesselden's Warriors
Put It Over Rivals.

Clover playing in the game yesterday afternoon. Association basketball, the Albuquerque high school, defeated the Albuquerque high school, 14 to 0. Albuquerque's scores were made in the first half. After the intermission, Menaui came back strong and played a fast, offensive game. The high school goal was twice in danger in this half, and once, but for a fumble, Menaui would have gained a touchdown. The stamina shown by Menaui in this half, after the high school had played on a comfortable lead, was an exhibition of unusual endurance, rarely witnessed in an intercollegiate school game.

Head work on the part of Louis Hesselden, the brainy quarterback of the high school, garnered both touchdowns. He, however, was unable to work his system after the first half. Menaui players got help to his strategy then and broke up his plays. The high school did not put up a strong, aggressive battle in this half. It didn't have to. It had a large margin over Menaui and its work was to hold the advantage. The high school held Menaui's line and when the latter got too near its goal posts for the ease of nervous nerves, kicked to safety.

Both teams staged a game much superior to their exhibition two weeks ago. Menaui opened the conflict with its favorite style of football—line smashing, which proved disastrous to the locals in the former meeting. The Albuquerque line held, and Menaui opened up and played fast.

Menaui made most of its gains on short punces over the center. This play nearly every time it was executed was practically perfect, but the high school began to break this up in the latter part of the combat.

Menaui's line had some brick wall qualities. In fact, the line resistance surprised the high school warriors who learned that their opponents' defense was weakened by the loss of two men. Menaui also gave an exhibition of splendid interference.

Albuquerque kicked off, but recovered the ball after it was in Menaui's possession several seconds, and forced its way slowly down the field. Captain Hesselden backed the line, gaining a few inches per buck, and when Menaui tight-end, carried the ball around the end for long gains. Employing this play time and again, he drove Menaui back to its 10-yard line. Menaui dug its toes into the dust and held.

Hesselden tore into the line and the scene of the battle was unchanged. Then he carried the ball around the left end, but went out of bounds. Albuquerque hit the wall again and Menaui's defenders huddled together. Hesselden on the next play capered around left end with the ball tucked under his arm.

Hesselden's run was wide, but Menaui made no attempt to stop him after he had crossed the line and he trotted back to the goal posts for a touchdown. This was in the first ten minutes of the game. Camp kicked a pretty goal. Score: Albuquerque, 7; Menaui, 0.

In the second quarter the high school pushed Menaui back to its 5-yard line. The high school backed Menaui held, Albuquerque then attempted a forward pass. Farrell to Hesselden, but Menaui spoiled it and got the ball on downs.

Menaui breathed easier, and kick-

ed. The ball went out of bounds, and the high school worked its way back to Menaui's 5-yard territory. Once more, this time the pass worked. Camp kicked another perfect goal. Score: Albuquerque, 14; Menaui, 0.

Hesselden began the second half with the ground-gaining tactics he he found valuable earlier. Menaui, however, seemed stronger, and blocked the play. The ball was mostly in Menaui's hands in this quarter and when the whistle blew it had herded the high school back on its 3-yard line.

Menaui fumbled on the first play of the final quarter. The high school tried to shove Menaui back, but failed and kicked down the field. Menaui carried the ball back to the high school 5-yard line on three brilliant passes, executed with the regularity of clock work. The next pass went over the high school goal line and nestled in the waiting arms of Torres. Torres fumbled when tackled by Arnot. The ball belonging to the high school and they quickly kicked out of danger. The ball saw-sawed in the high school's domain for the rest of the game, but Menaui had lost its best chance and after that the high school goal was not in serious danger.

Emmons, for the high school, staged several tackles that drew "Ahs" from the co-ed contingent. Once he made a spectacular dive through interference and stopped an end run.

Farrell was "there" on defensive work. He always appeared just at the precise time to cork a gap in the high school's formation.

McCauna and Camp both emerged from the game grimy and sweating. They played hard and showed his improvement over their performance a week ago.

The high school line was more sturdy than it was in the previous encounter with Menaui. Frank and Barth were its main supports. Frank yanked off several clean tackles behind the line and emboldened Menaui out of promised long gains.

Both teams put up a stiff, fast game, but it was clean. No fouls were called, and only a few penalties for off-side plays were assessed. The penalties were about equally distributed. A bloody nose or two were the only marks of the encounter, that a bath would not erase, carried away by the players.

The rooting was feeble. About one hundred fans, mostly high school students, stood along the side-lines, but there was not much "rah-rah" noise. The line-up:

High School—Sellers and Chavez, left end; Frank and Hannan, left tackle; Clifford, left guard; Wilson, center; Barth, right guard; Franklin, right tackle; Emmons, right end; Farrell, left halfback; McCauna and Arnot, right halfback; Camp and Livingston, fullback; Hesselden, quarterback.

Officials—Charles Lambie, referee; F. V. Lanham, umpire; Milne and Ross, timekeepers; Olds and Grant, line-men.

FRANK KRAMER WINS
BICYCLE CHAMPIONSHIP

Boston, Mass., Nov. 2.—Frank L. Kramer, champion of America, won the annual indoor championship one-mile bicycle race here tonight in two consecutive heats by defeating Jackie Clarke, of Australia. The time of the first heat was 2 minutes, 5 3/5 seconds, and the second, 2 minutes, 3 3/5 seconds.

Elmer Collins, of Lynn, took the annual indoor motor championship ten-mile race, his time being 14 minutes, 30 3/5 seconds. George Wiley, of Syracuse, world champion, was forced to take second place.

UNIVERSITY LOSES
TO ROSWELL CADETS

Roswell, N. M., Nov. 2.—The New Mexico Military Institute triumphed over the State University on the gridiron here today by a score of 20 to 6. The cadets outwitted the Albuquerque team and also used the forward pass to greater advantage. Williams was the star player of the day. The International balloon race, won by George M. Meyers, president of the Kansas City Aero club, tonight dated Elythkummen, Russia, and follows:

MISSING AMERICAN
BALLOONISTS SAFE

Kansas City, Nov. 2.—A cablegram from Captain H. E. Honerwell, pilot, and Herman Lang, aide of the balloon Uncle Sam, a contestant in the International balloon race, was received by George M. Meyers, president of the Kansas City Aero club, tonight dated Elythkummen, Russia, and follows:

"Landed safely at Dwyne. In the air thirty-eight hours. Balloon wrecked."

DEMOCRATIC RALLY
IN MARTINEZTOWN

One of the most enthusiastic rallies of the campaign now closing, was held last night in Martineztown, when District Attorney Manuel U. Vigil and R. L. Wootton addressed a crowd estimated at two hundred, in Trullio hall. The speakers vigorously set forth the democratic issues and were frequently applauded.

[By Morning Journal Special Leased Wire.]
Cambridge, Mass., Nov. 2.—The drop kicking and line plunging of Charles E. Brickley, backed by well drilled Crimson teammates, gained today in the stadium, Harvard's football supremacy over Princeton after a lapse of a quarter of a century. The score was Harvard, 15; Princeton, 6.

Brickley kicked two field goals and a goal from placement at forty-seven yards and carried the Princeton line for longer gains than were made by any other players on either team. In addition he intercepted two Princeton forward passes and hammered his way to within striking distance of the Tiger goal line, where Hardwick was injured and carried helpless from the field, and may not resume play before the Yale game, three weeks hence. The Princeton score was the result of Harvard's inability to fathom two beautiful executions of the forward pass which covered a total distance of fifty-three yards and resulted in a touchdown by Walter.

The Tiger touchdown came in the second period and up to that time Princeton had had a trifling better of the contest. In the remaining periods the Tigers were never in Harvard territory and were entirely on the defensive.

The game was the first contest between so-called major teams under the revised rules. Both eleven showed a variety of offense, although Harvard was not forced to maneuver as many spectacular plays as Princeton. The first period was a kicking duel between Feltz, of Harvard, and Bennett, of Princeton. The honors were decidedly in favor of Feltz. Not until the second period did either team begin to show versatility in attack. Harvard's varied offense was mostly on line plunges on a fake kick formation, which carried the ball thirty-five yards down the field to Princeton's 3-yard line. Ten of these yards were gained on two Tiger penalties. It was at this point that Brickley stepping back to the 15-yard line, kicked his first field goal and scored the first points of the game.

A few minutes later the Princeton offense was brought into action and the two forward passes were negotiated. On the second pass, when Andrews hurried the ball twenty yards to Walter, the latter fell down twice in attempting to reach the goal line. He was so far away from the line of scrimmage that only one Harvard player, Gardner, was near him and the Crimson quarterback was unable to make the tackle. In the kickoff for an attempt at goal, Harvard blocked the ball and Princeton was prevented from scoring an additional point.

The half ended soon afterward with Princeton three points in the lead.

The third period had scarcely begun before Brickley tied the score by another field goal from the 15-yard line after the Princeton line had proved a wall against Harvard's rush, the Crimson being held for four downs inside the five-yard line. A few minutes later Gardner, the Harvard quarterback, made a fair catch of a Princeton punt, standing on the Tigers' 47-yard line, within three yards of midfield.

When Harvard announced the intention of having Brickley attempt a placement kick for goal and the Princeton team was compelled to retire ten yards, few people in the stadium believed the Harvard halfback would be able to accomplish the feat. The wind was slightly against him, but he was squarely in front of the goal posts.

Brickley, without an apparent effort, drove his toe at the placed ball and the piskin rose like a mortar shot straight for the goal posts and crossed the bar with some yards to spare.

Princeton weakened perceptibly in the last period, although invigorated at intervals by substitutes. The passes attempted in this period were snatched from the air by the Princeton back field and turned into Harvard gains.

Dewitts kick backed both distance and direction and the Tigers gradually

were driven to their goal line. Hardwick caught one Tiger forward pass on Princeton's 30-yard line and then Brickley was hammered against the Princeton defense. His line plunging he drove the Tigers back to their 4-yard line. Here Princeton made a magnificent stand and Brickley's waning strength was not sufficient to cover the distance of less than five yards to the goal line. He carried the ball to the 2-yard line for the third down.

On the next rush the Tiger team anticipated that Brickley would again carry the ball and an avalanche of Princeton players poured on the Harvard halfback. But the ball had been thrown to Hardwick, and, eluding the Tigers' forwards, he dashed over the Princeton goal line for Harvard's only touchdown. When the players unmissed themselves, Brickley was found helpless on the ground and was carried to the locker house. Hardwick kicked the goal and a few minutes later the Harvard undergraduates celebrated the first Crimson victory over one of the major teams within the walls of the stadium.

The Harvard team played without the assistance of Captain Wendell, except for a few minutes, he being forced to retire early because of a wrenched ankle sustained in the game with Brown last week. This placed the burden of the line plunging on Brickley.

The following substitutes were used:

Harvard—Wiggleworth for Parmelee; Driscoll for Trumbull; O'Brien for Childs; Lingard for Brickley; Bradlee for Wendell.
Princeton—W. Swart for Logan; Ballin for Penfield; Wight for Dunlap; Pendleton for Wight; Strief for Pendleton (at end); H. Baker for Pendleton (at left half back).
Summary. Touchdowns—Walter, Hardwick; goal from placement, Brickley; goal from field, Brickley; 2 goal from touchdown, Hardwick.

FINE PLAYING BY PURDUE
BEATS NORTHWESTERN.

Evansville, Ill., Nov. 2.—Playing a brilliant game of straight football Purdue University triumphed over Northwestern today 21 to 6. Purdue's scores were the result of three touchdowns. O'Brien, Purdue's fullback, went over for the first touchdown in the opening period after Oliphant had advanced the ball to Northwestern's ten-yard line. Purdue's second touchdown was made in the third period, when Phelps ran sixty yards against a broken field and planted the ball score. Northwestern's goal posts, Oliphant kicked all three goals.

MINNESOTA TRIUMPHS
OVER ILLINOIS TEAM.

Minneapolis, Nov. 2.—Minnesota's football team today fought its way another step toward the "big nine" conference championship, defeating Illinois by a score of 13 to 6. Touchdowns by McAlmon, the first and second quarter, respectively, and "Pinkie" Hayward's goal in the second quarter tells the story of Minnesota's victory.

Illinois came back strong in the second half and Minnesota practically played on the defensive, while both teams were forced to kick frequently. Only once was Minnesota's goal really in danger when in the fourth quarter line smashes by Woodston and Henneff carried the ball to Minnesota's one-yard line. Minnesota held, however, and slaughterness kicked to safety.

OKLAHOMA COMES FROM
BEHIND BEATING KANSAS.

Lawrence, Kan., Nov. 2.—Coming up in the last quarter with two-place kicks, the University of Oklahoma defeated the University of Kansas here today 6 to 5. Both of Oklahoma's scores were made by Courtwright, left halfback. Weidlin, Kansas left tackle, in the second quarter made the first score of the game with a beautiful kick from placement.

UTAH UNIVERSITY IS
VICTOR OVER MONTANA.

Salt Lake City, Nov. 2.—The University of Utah football team defeated the University of Montana here this afternoon by a score of 10 to 3. The only touchdown of the game was made in the last three minutes of play, when Gardner intercepted Montana's forward pass and cleared the field to the goal posts. Montana's only score was made in the third period, when Owsley kicked a goal from placement. Fitzpatrick kicked a goal from the field for Utah in the first period.

COLORADO MINES PUTS
IT OVER THE AGGIES.

Denver, Nov. 2.—A blocked kick and a forward pass enabled the Colorado Mines team to defeat the Colorado Agricultural college here today by the score of 14 to 0. Both teams put up a good offensive game, but their defenses were weak, especially at the tackles. When either side got the ball they generally went thirty yards or more before they were stopped.

All the scoring occurred in the first half, honors being even in the second. In the first quarter, Connors, of the Aggies, fell on a fumbled ball on his own half-yard line. On the punt on the ball was blocked and Young, catching it on the goal line, scored a touchdown. Harper kicked goal.

In the second quarter the Mines worked up to their opponents' three-yard line on a third down. Taking advantage of the new rules, Harper threw a forward pass to Pearce behind the goal posts and scored a second touchdown. Harper kicked goal.

A forty-yard return of a punt by Connors was one of the features. Michigan scored a touchdown in the second period lost the husky victory the opportunity to hold the Wolverines to a tie. Before Potts got Sheek's punt, Michigan players had him blocked. In the final period using Thompson as the vortex of a terrific line attack, the Wolverines battered their way to Dakota's seven-

yard line, where Thompson smashed through for the winning score.

WISCONSIN ELIMINATES
CHICAGO FROM RACE.

Madison, Wis., Nov. 2.—The University of Chicago football team was eliminated from consideration in the western collegiate conference championship by the University of Wisconsin's speedy and powerful eleven today, the score being Wisconsin, 20; Chicago, 12.

The game was one of the most spectacular ever played here, abounding in forward passes, speedy end runs, shifts, tackles, back and other intricate formations. At such tactics Chicago had a decided advantage, but this was more than overcome by the powerful drive of the Wisconsin backs in cross-backs and by Gillette's ability to turn the Maroon ends behind effective interference.

It was its inability to gain by straight football that cost Chicago the heaviest. Three times the visitors were stopped inside Wisconsin's 5-yard line, and on four other occasions they lost the ball on downs when another foot would have made the fourth for them. Wisconsin's line outcharged its heavier opponents. Butler was especially effective at right tackle.

A great crowd saw the contest and cheered mightily. Whenever the home goal was threatened the Wisconsin rooters arose and sang their "Hail to Alma Mater" and except for one occasion the team instantly responded. That time it was shaken by an unexpected fumble by Gillette, which resulted in the visitors' touchdown. The game was rough in a degree and penalties were numerous. The most severe occurred when Norgren, Chicago's punter, was sent from the field for rough work and his team penalized half the distance to its goal. Wisconsin scored easily after that happening.

Scanton, who wore himself out stopping charges at the line, Gillette and Torrey, who dodged and twisted for long gains, and Pease and De Jardin were the particular stars of the day.

Chicago's kickoff was short and was run back to the Wisconsin 40-yard line. Two plunges past Carpenter gained 18 yards and Gillette went around Huntington to the 35-yard line, but lost 15 yards on a fake kick. Gillette lost 10 yards on a fake kick, then failed on a drop kick from the center.

Norgren, for Chicago, punted to the center of the field and Wisconsin, in good gain, carried the ball to the Chicago 15-yard line. Here the Maroons stiffened and Gillette failed on a forward pass. Chicago again punted to the center.

Wisconsin's strong attack, chiefly cross backs, carried the ball to the 10-yard mark, when Chicago was penalized five yards for holding. Then Gillette, trying an end run, was downed six inches from the goal as time was called for the period. Score, 0 to 0.

Second period: On the first play Tanbey crossed the Chicago goal line for a touchdown, but Gillette missed the goal. Norgren ran the kickoff back to his own 35-yard line. Chicago tried a double pass, then punted. Wisconsin punted and was penalized for interfering with Norgren's fair catch. Fitzpatrick ran twenty-five yards and Norgren took it to Wisconsin's five-yard line. Two downs gave half the distance and another plunge left six inches for the fourth down.

Norgren was given the ball, but Butler stopped him. Wisconsin punted from behind the goal, Paine fumbled and Keeler recovered it on the 15-yard line.

An exchange of punts followed. Gillette ran 25 yards around Chicago's right end, Smith was substituted for Paine. Chicago held for downs on the 25-yard line. Wisconsin allowed one nine yards in four downs. Illegal interference cost the Cardinals fifteen yards.

A forward pass failed and then another penalty sent Wisconsin back 15 yards more. Gillette's punt was short and out of bounds. The ball was in Wisconsin's possession on Chicago's 20-yard line when the period ended.

The second half opened with no change in the line-up. Gillette kicked off and Norgren made ten yards on the first down. A tandem formation gained fifteen yards, but an end rush lost ten. Fitzpatrick, on the tandem, ran 12 yards and Norgren punted. Gillette, being downed on his own 15-yard line. After Chicago's defense forced a punt, Torrey intercepted a forward pass at Wisconsin's 25-yard line. Norgren was ruled off the field for roughing. An exchange of punts and several line rushes put the ball on Chicago's 25-yard line. Gillette ran 20 yards past Huntington. With five yards to go, Chicago was penalized for illegal interference and on the next play Torrey scored a touchdown. Gillette kicked goal, making the score, Wisconsin, 13; Chicago, 6.

Third period: Gillette punted to Smith when play resumed. A forward pass, Smith to Kennedy, gained ten yards, but Huntington missed the next attempt and Smith punted. Gillette fumbled and Chicago recovered on their two-yard line. Pierce promptly backed center for a touchdown. Sellers rushed an easy goal. Score, Wisconsin, 15; Chicago, 6.

Fourth period: Tandberg ran the kickoff off to his 10-yard line and then Torrey repeated his run of the previous quarter and went to Chicago's 25-yard line. Gillette ran to the 4-yard line. He was downed heavily but kept on playing. On the second play Berger went over and Gillette kicked goal. Score: Wisconsin, 20; Chicago, 6. Scanton was forced to retire. On the first play, Tandberg intercepted a forward pass and ran 40 yards for a touchdown. Gillette kicked goal. Score: Wisconsin, 27; Chicago, 6. Wisconsin was off-side on the kick off.

The next attempt was a touchdown. From the 20-yard line, Chicago made a first down, then a forward pass, Smith to Vrawink, gaining 25 yards. A penalty added ten more and on the next forward pass Vrawink scored a touchdown. It was a great rally by the Maroon defense, the ball being carried eighty yards in ten plays. Score: Wisconsin, 27; Chicago, 12. Wisconsin took the next kick off and lost 15 yards for holding. Bellows punted high and short. Wisconsin's whole left wing broke through and

spoiled a forward pass. Smith kicked to Bellows and it was Wisconsin's ball. The Cardinals gained steadily. Bellows drop kicked a goal from the 35-yard line. Score: Wisconsin, 30; Chicago, 12. The game ended a moment later.

Weekly Bank Statement.

New York, Nov. 2.—The statement of actual condition of clearing house banks and trust companies for the week shows that they hold \$2,580,000,000 reserve in excess of legal requirements. This is a drop of \$1,443,955 from last week. The statement follows:

Daily Average.
Loans, \$1,926,088,000; decrease, \$16,273,000.
Specie, \$215,682,000; decrease, \$8,174,000.
Legal tenders, \$83,318,000; increase, \$847,000.
Net deposits, \$1,446,315,000; decrease, \$11,000,000.
Circulation, \$48,461,000; increase, \$242,000.
Banks cash reserve in vaults, \$323,560,000.
Trust companies cash reserve in vaults, \$65,440,000.
Aggregate cash reserve, \$389,000,000.
Excess lawful reserve, \$5,322,150; increase, \$554,100.
Trust companies reserve with clearing house members carrying 25 per cent cash reserve, \$50,526,000.

Actual Condition.
Loans, \$1,923,274,000; decrease, \$9,314,000.
Specie, \$213,947,000; decrease, \$2,319,000.
Legal tenders, \$81,229,000; decrease, \$2,473,000.
Net deposits, \$1,739,543,000; decrease, \$25,217,000.
Circulation, \$48,668,000; increase, \$114,000.
Banks cash reserve in vault, \$320,150,000.
Trust companies cash reserve in vaults, \$65,026,000.
Aggregate cash reserve, \$385,176,000.
Excess lawful reserve, \$2,580,000; decrease, \$1,443,955.
Trust companies reserve with clearing house members carrying 25 per cent cash reserve, \$54,864,000.

Summary of state banks and trust companies in Greater New York not included in clearing house statement.
Loans, \$588,996,000; decrease, \$3,552,400.
Specie, \$62,045,800; decrease, \$205,300.
Legal tenders, \$8,193,300; decrease, \$5,100.
Total deposits, \$639,219,100; decrease, \$4,514,800.

Financier's Statement.

New York, Nov. 2.—The Financier will say tomorrow:
On the basis of actual condition at the close of business Saturday, the New York clearing house banks had \$2,580,000 cash reserve above the 25 per cent requirements. Calculated on the system of averages, the excess reserve is \$5,322,150. The actual condition report made the loss of cash during the week \$4,822,000, which was a little larger than earlier estimates had indicated.

The banks are still decreasing their loans, the shrinkage in the actual condition report having been \$9,314,000, and in the average report, \$9,273,000. In the face of the heavy decrease in cash noted, the only factor that saved an entire extinguishment of surplus reserve was the decrease of \$27,217,000 in deposits.

This lessened reserve requirements and in part counteracted the loss of cash. The weekly statement of trust companies made independently of the clearing house, showed a similar tendency as to decrease in that item, but the system of averages considerably strengthened the reserve position during the week. It is felt that the movement of money to the interior will not be as heavy from now on and as a matter fact the high rate for call money in New York is inducing considerable loaning here by outside institutions.

The current statement was complicated to some extent through inclusion in the November interest and dividend period.

The Livestock Markets.

Kansas City Livestock.
Kansas City, Nov. 2.—Cattle—Receipts 1,000, including 200 southern; market steady. Native steers, \$5.50; 10 to 12; southern steers, \$4.25 to \$4.50; southern cows and heifers, \$3.25 to \$3.50; native cows and heifers, \$3.25 to \$3.50; stockers and feeders, \$4.50 to \$4.75; bulls, \$4.00 to \$4.25; calves, \$5.00 to \$5.50; western steers, \$5.00 to \$5.50; western cows, \$3.50 to \$4.00.
Hogs—Receipts 1,500; market 5 cents higher. Bulk of sales, \$7.50 to \$7.80; heavy, \$7.50 to \$7.80; pickers and culls, \$7.00 to \$7.50; light, \$7.00 to \$7.50; pigs, \$6.00 to \$6.50.
Sheep—Receipts 1,000; market steady. Muttons, \$3.50 to \$4.00; lambs, \$4.00 to \$4.50; range wethers and yearlings, \$4.00 to \$4.50; range ewes, \$2.50 to \$3.00.

Chicago Livestock.

Chicago, Nov. 2.—Cattle—Receipts 500; market steady. Beefsteers, \$5.00 to \$5.50; 10 to 12; Texas steers, \$4.25 to \$4.50; western steers, \$5.00 to \$5.50; stockers and feeders, \$4.25 to \$4.50; cows and heifers, \$3.25 to \$3.50; calves, \$5.00 to \$5.50.
Hogs—Receipts 1,000; market steady to 5 cents up. Light, \$7.50 to \$7.80; mixed, \$7.45 to \$7.80; heavy, \$7.25 to \$7.50; rough, \$7.25 to \$7.50; pigs, \$6.25 to \$7.40; bulk of sales, \$7.10 to \$7.40.
Sheep—Receipts 2,000; market steady. Native, \$2.50 to \$3.00; western, \$2.50 to \$3.00; yearlings, \$4.00 to \$4.50; lambs, native, \$5.00 to \$5.50; western, \$5.25 to \$5.50.

Chamberlain's Stomach and Liver Tablets.

Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The old and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating their bowels. For sale by all druggists.

Coral
Clyce.....

Spirit of Hallowe'en Gives Way Society Secrets

"O'CH!" breathed the Spirit of Hallowe'en, as she stumped her toe on a torn-down front gate.

"The small boy and his mischievous purpose hath preceded me," chuckled the elfin spirit as she dodged a huge jack-o-lantern.

All evening the Spirit of Hallowe'en had tripped over chairs, signs and bits of portable ironwork, mysteriously spirited from right locations, and many a laugh had she at the fantastic embellishment of certain public edifices with queer adornments, certainly not included in the original architectural plans.

"Whir-z-z-z-z!" went the broom aeroplane, as the Spirit flew, with the speed of the wind, from one scene of gaiety to another. Everywhere there was a general hubbub, and all things in the mundane sphere were topsy-turvy. Children of all ages and sexes disported themselves as though there were no tomorrow, and many and varied were the things the elfin old spirit saw.

Remember her visit of last year? If my memory serves me right, the Spirit of Hallowe'en, twitted Louis Gumbiner about his attentions to a certain pretty girl, prophesied love knots and golden matrimonial chains for Frank Pooler, guessed at the approaching marriage of Felix Grunfeld and Alberta Statton. Not a bad guess, either, as the first wedding anniversary of these two occur this month. The Spirit of Hallowe'en is not of more intangible substance than the matrimonial intentions of "Biner." Of course, you can never tell. Certainly, the prophecy of the Spirit of Hallowe'en in regard to Mr. Pooler, promises fulfillment. When? Quen-sabe.

But why talk of past prophecies? For the Spirit of Hallowe'en, annually, doth give us something new.

Later and colder it grew, but still the Spirit of Hallowe'en lingered at large. Hovering close to terra firma, she awaited the passersby. First came C. G. Mardoff, in one hand a box of candy, in the other, flowers, and in his eyes the light of anticipation. Other than that, he looked about the same as usual.

"You are not 'sour grapes' to a 'fox,' are you?" she breathed, in the hoarse, sepulchral way that spirits have. Startled, but undaunted, Mr. Mardoff proceeded on his way. A weird laugh followed him as he turned in at 196 North Twelfth street.

"Here comes Will McMillin," chuckled the Spirit. "It is easy enough to know where he's going. I'll have a little fun with him."

She smiled wickedly as she waited. Then, shouted from the darkness into his ear, "Ain't it awful, MARELL?"

Young McMillin was taken aback and paused in sheer astonishment.

"I'll be —" he began, but was interrupted by the Spirit, who said, "Want your fortune told?"

"Sure," laughed McMillin, recovering his mental balance along with his physical equilibrium.

"Well," commenced the elfin spirit. "You are on your way to call on a very short, very fat, very blonde girl."

"I guess not," said McMillin. "Not my style, at all. But I must be going. So long," and off he strode toward Roma avenue.

"Here's where I hunt up a lonely old bachelor and tell him where to find a wife," and the spirit continued on her way. She peeped in on a merry revelry at the Sydney Rosenwald home, and even stayed a moment at a political meeting in progress down town. Judge Mann and Frances E. Wood were talking Taft and Jaffe until they were blue in the face, and their frantic efforts to revive the expiring G. O. P., seemed to amuse the Spirit of Hallowe'en, who stole silently within.

"I forecast Wilson's victory," and the silence was rent by groans.

"And Ferguson's," the Spirit ominously continued.

"Save your breath and go home and go to bed," and the premonition of Democratic victory went her way, leaving a bluish gloom behind.

Gently the Spirit oozed through a keyhole. Judge Herbert Rosenwald sat smoking, and in the warmth of smoke were faces of men pleading eloquently, and no feminine faces of fancy.

"A fine fellow," soliloquized the spirit. "I will talk with him," and so saying, she touched Judge Rosenwald on the shoulder.

Surprised, but not forgetting his manners, he offered her a chair. The Spirit only smiled and mysteriously said:

"You are developing an unwelcome prejudice against society and women."

"Oh, no," smilingly deprecated the judge.

"Oh, yes," insisted the Spirit.

"How would it be if you varied the usual order a bit, and conferred upon yourself a life sentence under Judge's jurisdiction?"

Before the Honorable Judge had time to reply the Spirit had vanished, in that tantalizing way that spirits have.

The Spirit of Hallowe'en then sneaked in a window and spied at Lillian Hegedorn, who smiled back in the pretty cordial way which she has.

"How's the troussieu coming?" the Spirit questioned, teasingly.

"Hush, please. Not so loud. I don't want anybody to know."

And the Spirit faded away, without further to-do.

Traversed the town the whole night, seeing maids with candles and putting the right faces in tell-tale mirrors, joining in gay revelries, and telling people things they wanted to know. And at daybreak, when all good, respectable spirits go to bed, she was gone, and none knew where the Spirit of Hallowe'en came, nor whether she departed.

Some Hallowe'en Predictions

THE HONORABLE Nathan Jaffe's smile is broader today than it will be Wednesday.

JUDGE E. A. Mann will be too busy, writing the obituary notices of the G. O. P., to bother with letters to newspapers.

PLENTY of facts will be made on election day but—none on TAFT.

CERTAIN society women will play auction bridge this week—and not for fun only.

ROB CREWS will take a trip to Roswell some of these fine days.

BENNETT JAFFA will concentrate his wandering affections. Already has, we venture to say.

ROB DIETZ will take a pretty girl for a ride, and his car will (conveniently) break down.

A RACE will be run between Mrs. Chadbourne and Hilda Grunfeld as to which one will have the most hats this season. No odds.

DENNIE BENNETT will decline an invitation to some social affair.

Clark Dance Sumptuous Event.

Been saving up adjectives and mental strength all week in order to do justice to the John Lee Clark dance. It was "something like," and that's not one of my selected fairy tales, from a choice and reserved stock, either. To say it was "the event of the week" is putting it mildly. It turned out to be one of the most attractively arranged parties since Albuquerque society came honestly by its name, and that's many, many moons ago. I'll have you know, I recall nothing prettier in the past two years. The appointments were sumptuous, the decorations beautiful, and all arrangements perfected with the utmost regard for the outlay, financial, mental or manual.

From the reception hall, cozy and

homey in naivete blankets, where Mr. and Mrs. Clarke informally received their guests, on through the lavishly decorated ball room to the card room and the supper room, all was beauty adorned, and the lower floor of the Masonic Temple blossomed forth on that never-to-be-forgotten night like the proverbial rose.

"Rose," is not good, as the scheme of decoration was decidedly autumnal. In the ball room, garlands in the rich, warm autumn shades were suspended from the ceiling, complexly contriving a free view, and forming above head a wonderfully pretty bower. The room was wainscoted in rich, golden brown crepe paper, topped by the colored garlands, from which masses of chrysanthemums reared their variously colored heads. As a background for handsome frocks, the wainscoting arrangement could not possibly have been surpassed, and more than one woman there remarked it gratefully. A large white wall detracted from the charm of a gown, no matter how resplendent it may be, as any woman will tell you.

And the gowns were beautiful—but more of them anon.

The card room attracted the auction bridge coterie. Neither the ball room nor the supper room, enticed them from the dear delights, or unreasoning fascination of "auction," and on and on they played, oblivious to all else, save the contracts that prospered and the finesse that succeeded.

A right jolly place it was to look in on, just the same. Tables jotted the space, and attracted the merry ball room revelers, who stopped for a breathing spell and breath of fresh air, as well as the card sharks. At one end of the room a billiard table attracted those men, who neither played cards nor danced—the bunch always in evidence at an affair of this kind, who compelled by wife's persuasion, or a genuine fondness for the host, come against their own will, and once arrived, seldom know what to do with themselves.

The boys were telling this on one of the married men.

Pulling out his watch early in the evening, he grew picturesquely profane, saying, "—, it is only 10:20!"

But I don't believe it. I am sure it never happened! at the Clark dance, for things there were too lively, too delightfully informal and irresistibly gay.

So much for the card room. The dining room just beyond was the most superb of any, so far as handsome decorations went. It looked as though the fast vanishing spirit of autumn were caught and confined. Yellow dominated the color scheme, accentuated by great bowls of big, shaggy "mums" on the tables. Yellow shaded candelabra gave a golden glow to immediate surroundings, and the candles and softly shaded electric lights added a subdued coloring to the walls and room. The chandeliers to the walls hung yellow streamers, intertwined with autumn foliage, and the four ensemble was indescribably pretty. Negro men presided at the serving tables, and the guests were served by negro maids, neatly garbed and pleasant mannered. Southern dainties, they seemed to be, an almost extinct species, here I had always thought.

Just without, in the reception hall, the indispensable "Montgomery" served punch, and no one attends better to this particular liquid adjunct of social affairs than he.

At whatever angle viewed, the Clark dance was beautiful, a big affair and a big time for all invited. And of course, everybody invited. And if they had not, but for the "to go, or bring along with them a bad cold, as many of them did, only the bed-ridden stayed home, I guess.

Thoroughly Informal and Jolly.

The keynote of informality was sounded in the charming, informal way in which the Clarks greeted their guests. No one received with them, no one was called on to assist in any way. Tacitly, it was understood that the dance was turned over to the lunch, for a right good looking time, and then and there, they proceeded to shake hands with opportunities, joyfully nodding the old fellow in the ribs. You know there are some people who turn their backs when opportunity makes faces at them. Others—bless them—make faces back, and set up, and start something. These were not the Clarks. They were both in the joy, if not of lasting duration, at least they "made a night of it."

Most everybody, who has managed to strike out in the full current of the social stream, without meeting the disasters which abound in social seas was there, of course.

A compact phalanx of social celebrities, I might say. To note the celebrity of all was not of the same substance. Some of the glories present was due entirely to ancestral archives, while that of others was of a more doubtful character, but for all that, they were all notabilities, men and women "of whom one reads."

On the society plane—and elsewhere. That's what I mean. To note the celebrity of all was not of the same substance. Some of the glories present was due entirely to ancestral archives, while that of others was of a more doubtful character, but for all that, they were all notabilities, men and women "of whom one reads."

It does not matter how you earned your qualification to a place in the smart set, provided you can play the game, pay the stakes, and are not obscure—above all, you must not be obscure. That is the unparadigmatic moral is obvious. I think, cultivate newspapers, and deny not the unwelcome publicity or impudence of same.

But this is digression, and there exists not the slightest bit of doubt as to the glittering brilliancy of the two or three hundred personages assembled on Tuesday night in response to the invitations issued by the Clarks.

It was good fun to watch them. Shall I tell you some of the things I saw? Little personal things, that none but the professional writer who holds down a job by his ability to recognize the news value of trivialities would even see, perhaps.

True, this cultivated apse of

making something out of nothing is a bit hard on the public, at times, and yet, the chronic that makes one, or several, "chopping mad," amuses a degree of satisfaction, at least. So, after all, isn't it worth while?

This time, of course, I have only nice things to say, so the preceding philosophy falls amiss.

Considerable Display of Finery

There was much display of finery as everybody was tossed out in best bib and tucker. Mrs. Clarke, a petite, dainty and cordial hostess, was a radiant figure in white, with a wonderful spun glass, akroette in her hair, which had a fascinating way of spreading out like a bird on the wing, when she walked. And she walked—mostly. Hostesses, at big parties like that, seldom get a chance to sit down, until the last guest has sped his way. Hers was an undeniably pretty gown, some heavily embroidered white material, with an American Beauty red sash—an imported frock, I heard some one say, and it certainly bore all the marks of it.

The rocking chair brigade—I prefer the term to "wallflowers"—don't you?—decided, after every gown in the ballroom had passed and re-passed for inspection and comment, and after the usual "picking-to-pieces" process, that the two handsomest gowns there were worn by Mrs. Greer and Mrs. George Klock.

Mrs. Greer's gown was a wonderful shade of amber or burnt-orange chiffon made over the same color charmeuse, with wide cream lace bandings showing through the center. A black velvet sash, cleverly arranged, and a bunch of black satin with huge bows, completed the smart get-up. Planning, of course, and well suited to the fine figure and piquant personality of the wearer.

Mrs. Klock's gown, not so flauntingly pretty, was nevertheless exquisitely lovely. It was an indescribable combination of brocade, white charmeuse and chiffon, with bodice and tunic draperies of black, and a touch of color was lent the handsome frock by the sash of American Beauty red.

This particular shade of red, by the way, seems exceedingly popular. Julia Jaffe's frock of blue chiffon, was lent distinction by a sash of this glowing shade. Very charming, and crystal trimmed gown had touches of the self-same color on bodice and belt.

Mrs. Nell E. Field appeared, for the early evening, wearing a handsome white gown, charmeuse with crystal tunic, and most becomingly, Mrs. Field has a beautiful figure, and her face, with its aureole of white shadow, the face of a woman at the interesting age of thirty.

I heard the youthful face and stately bearing of Mrs. J. Yikarri commented upon. She was charming, that evening, in lavender charmeuse. And Mrs. G. S. Landress was looking her best, in a brand new white gown, a glittering thing of crystal and chiffon. So many pretty white gowns were worn—and what is prettier than shade, and I noted that Mrs. Chadbourne's resplendent white, crystal trimmed gown had touches of the self-same color on bodice and belt.

Mrs. Nell E. Field appeared, for the early evening, wearing a handsome white gown, charmeuse with crystal tunic, and most becomingly, Mrs. Field has a beautiful figure, and her face, with its aureole of white shadow, the face of a woman at the interesting age of thirty.

I heard the youthful face and stately bearing of Mrs. J. Yikarri commented upon. She was charming, that evening, in lavender charmeuse. And Mrs. G. S. Landress was looking her best, in a brand new white gown, a glittering thing of crystal and chiffon. So many pretty white gowns were worn—and what is prettier than shade, and I noted that Mrs. Chadbourne's resplendent white, crystal trimmed gown had touches of the self-same color on bodice and belt.

Mrs. Alfred Grunfeld was heard to anxiously inquire if "Mrs. Ivan" didn't look as if she weighed the most, and Mrs. Ivan Grunfeld retorted, by saying she was willing to bet anything that "Mrs. Alfred" would tip the scales at a higher figure than she, which gave rise to some good-natured raillery. If either of them would lose their delightful good nature by reducing, I am "taken in," as Aunt Samantha says. "Alfred" wore black chiffon over green, with bird of paradise feathers in her hair, and her really valuable collection of diamonds. Mrs. "Ivan" looked handsome in black and white, and she wore as beautiful jewels as her sister-in-law. One quaint and dreadfully expensive pendant attracted intense curiosity. It is of diamonds set in platinum and is beautiful beyond the powers of description.

Among the other pretty gowns noted were these:

Mrs. P. G. Connel—Black face with iridescent trimmings.

Mrs. Frank Wilson—Gray charmeuse with gold lace trimmings.

Mrs. M. L. Stern—Black face over charmeuse.

Mrs. J. R. Herndon—Pink brocade with pink chiffon over dress.

Mrs. Isaac Barth—Green chiffon, black lace draperies.

Mrs. Roy Statton—Green charmeuse with crystal trimmings.

Mrs. Seymour Lewinson—Black chiffon over yellow.

Mrs. Harry Walker—White charmeuse with gold beaded chiffon.

Mrs. Hugh Collins—Black face over white satin.

Mrs. K. Russell Edgar—Pale blue crepe de chene with American Beauty trimmings.

Mrs. Earl Stahn—Blue charmeuse trimmed in sapphire velvet and jeweled banding.

Mrs. John Borradale—Pink embroidered black net over white.

Mrs. Amalia Chavez—Pale blue chiffon over charmeuse in some shade.

Mrs. J. E. Smithers—Black face over red satin.

Margaret Medler—Black chiffon over satin.

Mrs. Joseph Farrell—Black satin, enchain.

Young Set Gayest of the Gay

The young set was much in evidence at the Clark dance, and had the time of their young lives. In this particular, and I must say, exclusive coterie are any number of pretty and piquant girls, and on this night of nights, they blossomed forth in their most heavenly frocks, and in most vicious humor. Mildred Fox was looking prettier than usual in yellow flowered chiffon, so I was not at all surprised to hear her name prominently mentioned, by a certain quartette of interested spectators who spent their time trying to decide as to the prettiest girl present.

So many were asking who the tall, stately girl in blue was. Somebody asked Herman Schweizer, who replied he didn't know, but couldn't be being introduced. "She belongs to the forest service," he said, and explained his remark by adding that he always saw her with one of the forestry service boys. Rather natural, as she is Miss Harriet Collins, the sister of Hugh Collins. Miss Collins is visiting here. A Boston girl and pretty, notwithstanding, I hope no loyal Bostonian takes exception to the remark.

Grace Borradale's gown elicited much admiring comment, and was most becoming to her, but all the girls looked their prettiest, for the matter of that.

Alfred Fitch, who is the guest of the Roy McDonalds, and who is coming in for a great deal of attention these days, was charmingly gowned in pale yellow, trimmed in bands of brown fur. She has a good face and figure, and is vivacious. In tailored frock she is quite stunning.

Hilda Grunfeld's gown was a French, panned frock, in the pastel shades of pink and blue, with touches of pale violet, a really exquisite little evening frock. Hannah Nushaum wore pale blue becomingly. Hers is a sweet personality, and she is always delightful to meet.

Another girl, who has fetching ways as well as a good share of downright good looks, is Lolita Hining, and she was a picture of youthful simplicity and charm in a white satin evening frock.

Fascinating as is the subject of dress, I simply must touch on other topics. Guess I should say something about the men, though. Ernest Landoff was there, of course, and helped along the fun considerably, he and Herman Schweizer. Both are gay and festive enough to entertain most any occasion. Mrs. M. L. Stern says Landy is "naive," and since I have called him everything else but that, it is my pleasure to spring something new.

Sam Pickard put in a belated appearance. But what? He is getting to look so confidently solemn, that next time we know, he will be staying home writing sermons or treatises on philosophy.

The widowers pre-tem were on hand, including A. B. McGaffey and Frank McKee, both of whom seemed to be enjoying themselves immensely. The Watsons stayed close beside the punch bowl—the liquid was of pale, unspiced carrots, so it was perfectly all right—and Harold Jamison was everywhere and in usual beaming spirits, only, of course, he beamed only where beaming would do the most good. He shed the lustre of his greatestness for most part on Mrs. Greer.

Arthur Ringland proved himself a tireless trader on the nimble toe—his own, of course. He was heard to confide to Hannah Nushaum that the turkey had, honey, and, and other ome dances were made of fun. Said he would teach her the "turkey" if she wanted to take a chance. Hannah remained unconvinced, so far as I could learn.

Hugh Collins and R. W. D. Bryan played billiards, as though their life depended on it, and Dr. W. G. Hope waxed actually loquacious over the post-humous issues.

The card table attracted J. B. Herndon, J. E. Smithers, Walter Connel and Alfred Grunfeld, and they pulled off an apparently exciting game of stud poker.

And in the ballroom Fred Kent was holding his own with the rest of the young folks as a devotee of Terped-chore.

And—but I can't go on like this indefinitely. Come to think about it, something else did happen the past week besides the Clark party.

Guest List of Clark Dance

Messrs. and Mesdames Frank Ackerman, John Borradale, Harry Benson, R. W. D. Bryan, Joseph Brown, George L. Brooks, Isaac Barth, Amalia Chavez, Walter Connel, Hugh Collins, M. O. Chadbourne, Frank W. Clancy, Otto Diekmann, H. L. Danahy, E. W. Dolson, E. H. Edgar, H. E. Fox, J. B. Farrell, Al Frost, Nell E. Field, H. B. Ferguson, Alfred Grunfeld, Ivan Grunfeld, Frank Hubbard, Willard Hopewell, H. B. Hering, W. G. Hope, Arno Hounier, J. B. Herndon, Louis Hining, Louis Hild, Bernard Hild, W. J. Johnson, George Klock, L. B. Koch, Fred Kent, Harry Lee, Felix Lester, Seymour Lewinson, W. P. G. McCreedon, Will McMillin, Herman Schweizer, James Wroth, Hickey, Ted Drake, of Hodges, N. M.

Sydney Rosenwalds Entertain

Hallowe'en came and went, taking no more than the customary number of front gates, and other portables, which the owners had neglected to nail down. The fantastic and altogether charming decorations, with which Hallowe'en is popularly invested, gave rise to no end of jolly parties. The jovial spirit, and, mayhap, a bit of sentiment, accounts for the popularity of Hallowe'en as a season of festivity, as well as the excellent opportunity afforded for pretty decoration schemes.

One of the prettiest and gayest of the Hallowe'en parties was that given by Mr. and Mrs. Sydney Rosenwald at their home Thursday evening.

The elaborately decorated interior suggested well the shade of elven, and all that ilk of non-existent folk, who are supposed to emerge from the dim shadow, and more credulously past, and for the one night held sway over the world and humanity.

Delightfully realistic, and honestly "creaky," was the Rosenwald party. Jack-o-lantern faces peered from dark corners, and wonderful electrical effects continued a constantly changing greenish light, which disclosed for the moment ghastly features and fancies, distorted old faces. Either the gnomes, or more human aid, had spirited away chairs and furniture, so the guests sat on the floor around a huge cauldron. Everybody was garbed in ghostly habiliments, and the effect was weird in the extreme.

The dining room presented a particularly fantastic appearance, as all the dishes were set out on vegetables, and the trays could not but convince the most skeptical that actually edible effects can be obtained with clever use of knife and scissors on the homely garden vegetables. And, of course, there were loads of good things to eat, and the merriest, undisturbed time ever.

Guests of the Rosenwalds on that festive evening were Miss Gladys Mandell, Hannah Nushaum, Hilda Grunfeld, Julia Jaffe, of Roswell; Camille Mandell, Elsie Kempenich, Estelle Gunn, Regina Rosenwald, Messrs. Ernest Landoff, Louis Gumbiner, Alfred Prager, Walter Weinmann, Gunn, Dave N. Rosenwald, Ben Jaffe, A. Fisher, M. Firshman, Herman Schweizer, A. Fleischer, Mackey Florsheim, Mr. and Mrs. Harry Well, Mr. and Mrs. Seymour Lewinson, Mr. and Mrs. David Rosenwald.

Halloween Dancing Party.

Mildred Fox gave a Hallowe'en dancing party, Friday evening, in honor of Mabel Fitch, of Kansas City. A wee bit belated but none the less delightful. Extravagantly pretty were the decorations, consisting of myriad jack-o-lanterns and wickles and black cats and all sorts of fascinating creepy things, most artistically arranged. Black and orange predominated in the color scheme, which was carried out in streamers, suspended from the chandeliers in the corners of the rooms. Big shaggy "mums" in yellow were profusely used, and the decorations throughout arranged with an eye to originality and effect.

The furniture had been mysteriously spirited away, and dancing, always sufficient unto itself, was the pastime.

The programs, made by Miss Fox herself, were appropriate to the day and deed, and unusually pretty.

Need I say that joy was unconfined from the opening two steps to the closing waltz? Considering the environment and the crowd, all the fun and frolic gone without saying, does it not?

Miss Fox's guests were Misses Mabel Fitch, Lola Bacon, Margaret and Eugenia Klockher, Sue Dolson, Jean Hubbs, Betty Myers, Eleanor Marron, Grace Borradale, Harriet Collins, Lolita Hining, Mr. and Mrs. Bert Skinner, Messrs. Will McMillin, "Smoker" Hickey, Sam Pickard, Will Wroth, Charles Lembo, Walter Dismuke, Kanton, Rob. Cross, C. G. Mardoff, Bruno Diekmann, Harold Jamison, A. C. Ringland, Frank Pooler, Rob Dietz, Muller, Hinderer.

A New Auction Bridge Club.

Even the men are getting the auction bridge fever, it seems. At any rate, a new club has been formed on the social horizon and "husbands are allowed."

It is a six-table affair and will play at the Women's club the second and fourth Tuesday of each month. The strictest and only rule, so far as could be learned, is that any member, anxious to attend, must provide a suitable, so that the acceptable arrangement stands undisturbed. There will be "sets" each time, provided in full, by the various members.

If the initial meeting is any sort of a fore-runner, the club will enjoy a blithe existence, and will whittle away many a dreary winter evening for its members.

The twelve couples making up the charter membership are as follows: Mr. and Mrs. W. C. Kelm, Dr. and Mrs. R. H. Briggs, Mr. and Mrs. W. Strong, Mr. and Mrs. Fred Chandler, Dr. and Mrs. John A. Reidy, Mr. and Mrs. Frank Statton, Mr. and Mrs. E. A. Vaughn, Judge and Mrs. E. A. Mann, Mr. and Mrs. J. H. Herndon, Mr. and Mrs. Walter Connel, Mr. and Mrs. Hugh Collins, Senator and Mrs. Isaac Barth.

Mrs. Mary Higgins entertained at two tables of auction bridge Monday.

ALBUQUERQUE NEW MEXICO

Taft's Humiliating Admission.

In a letter to Mr. Crawford Hill, of Denver, made public through the Associated Press, President Taft makes a most humiliating admission of the inefficiency of his administration in dealing with the home states of the western states. He says:

"There is just foundation for the complaint in the west that the laws have not been administered with a liberal view to the accomplishment of their purpose, but rather in a spirit which has put as many obstructions as possible in the way of earning title from the government."

"This condition followed a crusade of muck raking which reached a point where there seemed to be real hostility to the acquisition of property by a man who had earned title to it, under the land and mining laws of the United States by the performance of these conditions precedent, that the statutes were declared to be useful in the development of the country."

"As a result of attacks that extended to those who legitimately were seeking a share in the public domain by the exercise of the steps required by law, there was developed a timidity and delay on the part of bureau, divisions and employees of the interior department in granting patents that had been earned. This is not the fault of any individual in the interior department or of the head of it, but is the result of a very vicious period of muck raking in which those who were likely to be the object of slanderous attack preferred the easier course of making no decision and unjustly delaying the granting of rights to them."

Let the reader ponder over the above extract from President Taft's statement and then learn the characteristics that have made his reelection to the presidency impossible. He is the executive head of the nation. He has the power to remove the heads of departments and bureaus. Yet, because of attacks by muck rakers, as he terms them, he has allowed the land office to deal unjustly with the man who is attempting to make good on a desert claim or a homestead.

The president says the republican party, if returned to power, hopes to do better later.

The only remedy for the abuses the president admits have characterized his administration is to turn the public lands and the forest reserves over to the states where they rightfully belong.

Mr. Taft confesses worst lack of backbone. He has allowed thousands of men who have perfected their claims to the public domain to go for years deprived of the title they had earned under the law.

Knowing these facts, can any man in New Mexico afford to cast his vote for the president next Tuesday?

A NEW POWER BORN.

There can be little doubt that the Balkan kingdom are about to become a federated power of respectable proportions. They have defeated the Turks and it will not be long until they will dictate peace from Constantinople, unless the great powers shall unite to stop the victorious progress of the Bulgarian forces, now only a few miles away from the Golden Horn.

Blood is the cement that binds parts into a nation, fragments into a state. It has always been so. Possibly it may not be so in a more enlightened future when swords shall be beaten into plough shares and spears into pruning hooks.

Persia imported the ancient Greeks the only unity they ever attained, and when the Persian empire passed, the unity disintegrated. British injustice confederated the original thirteen colonies, but a civil war was necessary to make the "United States" a singular instead of a plural noun. Cavour invoked war to bring about Italian unity, as Bismarck invoked war, first with the Austrians, whom he defeated at Sedan, and then with France, which he defeated at Sedan, in order to have the king

DR. BOYD'S INAUGURATION.

For the first time in the history of the University of New Mexico, a president will be formally inaugurated. The ceremony will be impressive, as the keys, the symbol of authority, are given over to Dr. David Ross Boyd with the responsibility of directing the affairs of the state university. Representatives from a number of state universities, and from the various institutions of learning in New Mexico, will be present. The inauguration of President Boyd comes as the closing program of the State Teachers' Association, and many educators will stay over the night of November 5th to be present at this important function. It remains for the citizens of Albuquerque to complete the audience and crowd the opera house to its capacity to show their interest in the state university, which is at the turning point for greater things.

In his inaugural address, President Boyd will outline his policies and give his ideas of what a university should be. As to the value of a great university to the commonwealth of New Mexico, no one questions. To have such an institution is simply a matter of loyalty on the part of the citizens of the state, and adequate support by the legislature.

APPEAL TO FIRST VOTERS.

There are 389 young men, just of age, who will cast their first ballots in Albuquerque next Tuesday. They become citizens of the state of New Mexico and of the United States. They become co-trustees with the other voters for the welfare of state and nation. They are assuming one of the gravest responsibilities placed by God upon man—that of popular government.

The Journal asks these young men to read carefully the appeal made by the Journal, on the first page, to the republican voters of New Mexico. Every statement contained therein is true, every reason given there why a republican should vote for Wilson and Ferguson is sound and patriotic.

The Journal makes the same appeal to the young men who are about to exercise the franchise for the first time.

Decide at the beginning of your career, as a full fledged citizen, that you will not permit party allegiance to influence you to cast your vote against the interest of the people of your state.

Wilson will be elected. He will receive the votes of more than a million first voters like yourselves. He will be the next president by the suffrage of men who see the necessity of rebuking the leaders who have led the party to the verge of ruin. They want to see a reunited party devoted to the interests of the whole people—a party that has the same high ideals that it had when it elected Lincoln president. They want to see men like Lorimer and Peffer and Warren and DuPont and Catron and Fall retired from the United States senate—men who betray the interests of their constituents.

Your every interest demands that you vote for Ferguson for congress. Not only will you be voting for an able man to represent you, but you will be voting to rebuke one of the most corrupt republican machines that has ever mismanaged any state. It is composed of veteran politicians who have been in the habit of running things to suit themselves. They have permitted the taxes of the state to be squandered and stolen; they have bribed and bullied voters; they have stuffed ballot boxes; they have paid workers holding no offices with county warrants; they have controlled judges and executed justice. They are making another desperate effort to regain the power taken from them by the voters at the last election.

The election of Ferguson means their defeat decisively, and thereafter the republican party can be reorganized and used for the good of the state and the nation. When you vote for Ferguson, you begin your work as one of the rulers of the nation by casting your influence for good government.

Also, you vote for the prosperity of New Mexico. Mr. Ferguson can aid in getting the public lands and the forest reserves for the state. That will mean the creation of a fund of from \$125,000,000 to \$200,000,000 for the state, which will insure the best schools and the best roads in the United States and the reduction of taxes to a minimum.

Therefore, the Journal appeals to you to begin your duties as citizens by casting your first votes for the best interests of the country. Also, it reminds you that by voting for Ferguson and Jaffa your first vote will be on the winning side. You will be in harmony with the belief of a great majority of the voters of the state and nation. You will be right.

ANOTHER LITTLE ERROR.

According to the Evening Herald, Chairman Herbert W. Clark, of the republican state central committee, claims a victory for his party in New Mexico on Tuesday by 5,000 plurality or over. However, in a statement over his own signature, made exclusively to the Journal, Mr. Clark confesses a Taft-Jaffa victory by a plurality of 1,500 in the state. What the Herald claims for Mr. Clark and what the republican chairman actually says and believes are quite different. The Journal is willing to let its readers judge as to the authenticity of the two statements.

The Evening Herald not only misquotes the Journal, but it misquotes its own republican state chairman, Mr. Herbert W. Clark. Really, the young gentleman of the Herald should call a halt. In all seriousness, that sort of thing not only doesn't pay, but it is extremely dangerous to those who indulge it and its tendency is to bring the newspaper profession into disrepute.

The United States supreme court is trying to determine if eggs laid in 1910, are bad. They may not be decisively bad, but they are surely reactionary.

To the Republicans of New Mexico

The Journal believes in government by party, but not in government for party. No man should place his allegiance to party above his interest in the welfare of his state.

Hundreds of thousands of republicans are supporting Woodrow Wilson this year as the only effective way of rebuking the men who have led the party to disaster and certain defeat. During the past sixteen years, corrupt machines have so entrenched themselves in almost every state that nothing short of revolution could save the republican party from utter annihilation.

When the first state convention met in New Mexico, it was dominated by the gang that had made the name of the territorial government a jest and a by-word. It was indecently corrupt. Honesty in civic affairs was referred to as cynically as a roue refers to the honor of women.

A large percentage of the thinking republicans rose above party for the sake of principle, and a democrat was elected governor by more than three thousand plurality.

As rapidly as his small corps of auditors has been able to investigate the conditions of counties long dominated by the republican machine, deplorable conditions have been disclosed. Funds have been brazenly stolen or have been so diverted as to have done little good to the taxpayers.

As a result of this rotten rule taxes are so high that capital is frightened away and immigration is retarded. The value of every man's property is less than it would have been had the counties and the state been honestly and efficiently administered.

While the republican machine was larded by the result of last year's elections, it was not broken. It could not acquire principle and it did not learn wisdom.

When the legislature met, the senate began to try to put through the same sort of corrupt legislation that had characterized it in past years. Without stating its reasons for so doing, it expelled Senator Aselino Rogers and gave his seat to the defeated republican candidate. The republican senate has never yet offered an excuse. It was a high-handed, sand-bagging procedure.

Just prior to that action, in the senatorial contest, four Spanish-American representatives were trapped in "Room 4," thrown into jail and were suspended from the house until after the two senators from New Mexico had been chosen.

Subsequent investigations proved that the men were the victims of a fraud of the most dastardly sort. Such things could not have occurred in any other state.

Just before the close of the session, Judge Fall came from Washington and demanded that he be elected to succeed himself as United States senator, though the action could not be legally taken.

Men who were pledged to vote against him voted for him. It is alleged, on what is believed later will be shown to be absolute proof, that a number of the members of the legislature bought outright for sums ranging from \$1,000 to as high as \$5,000.

When the late state convention met, it did not conceal the fact that it was dominated completely by the same gang that was reelected at the polls last year. To aid its desperate fortunes, it asked Hon. Nathan Jaffa, whom it had refused to nominate for governor, to accept the candidacy for congress, a position for which he has no qualification either by temperament or experience. He was to be used as a catpaw because of his respectability.

You, as a republican, may not like to vote for Woodrow Wilson. Whether this state supports him or not he will be elected by the largest vote ever recorded for a presidential candidate. Your vote is not necessary to his success.

When you vote for him, you are doing so to express your disapproval of the methods employed in the past by the republican close corporation that has charge of the party in this state. It is disapproval of men like H. B. Holt, of Dona Ana county; Ephraim

Why You Should Vote for Road Bonds Next Tuesday

The Journal wishes to make this plain statement of facts regarding the road bond issue upon which all voters will be asked to vote when they go to the polls next Tuesday, November 5th.

There is nothing to be concealed in this matter, and we wish to assist all voters in learning the facts concerning these bonds.

Under the law passed by the last legislature there will be issued, if approved at the election next Tuesday, bonds in the sum of \$500,000 for the building and improvement of roads in every county of the state. The expenditure of this money is under the direction of the state highway commission.

BONDS DO NOT INCREASE TAXES. The bonds on which we vote next Tuesday are not interest bearing bonds. They are to be paid from the present state road tax of one mill, which we have been paying since three years past. This one mill tax, under our present assessed valuations, will yield about \$70,000 a year, and an additional \$15,000 will be added to this state road fund from the present state automobile tax.

The \$500,000 state road fund bonds will bear interest at four per cent per annum, which will amount to \$20,000 a year for interest and they run for twenty to thirty years so that about \$250,000 additional will need to be set aside for the principal. You can see that as high the interest and the principal charges amount to about \$40,000 a year, the present state road tax

They are to be paid from the present state road tax of one mill, which we have been paying since three years past. This one mill tax, under our present assessed valuations, will yield about \$70,000 a year, and an additional \$15,000 will be added to this state road fund from the present state automobile tax.

The \$500,000 state road fund bonds will bear interest at four per cent per annum, which will amount to \$20,000 a year for interest and they run for twenty to thirty years so that about \$250,000 additional will need to be set aside for the principal. You can see that as high the interest and the principal charges amount to about \$40,000 a year, the present state road tax

There is nothing to be concealed in this matter, and we wish to assist all voters in learning the facts concerning these bonds.

Under the law passed by the last legislature there will be issued, if approved at the election next Tuesday, bonds in the sum of \$500,000 for the building and improvement of roads in every county of the state. The expenditure of this money is under the direction of the state highway commission.

BONDS DO NOT INCREASE TAXES. The bonds on which we vote next Tuesday are not interest bearing bonds. They are to be paid from the present state road tax of one mill, which we have been paying since three years past. This one mill tax, under our present assessed valuations, will yield about \$70,000 a year, and an additional \$15,000 will be added to this state road fund from the present state automobile tax.

The \$500,000 state road fund bonds will bear interest at four per cent per annum, which will amount to \$20,000 a year for interest and they run for twenty to thirty years so that about \$250,000 additional will need to be set aside for the principal. You can see that as high the interest and the principal charges amount to about \$40,000 a year, the present state road tax

REGISTRATION GOOD KEY TO NUMBER OF RESIDENTS

Lists Prepared for First General Election Disclose Fact That There Are 4,223 Legally Qualified Voters in City.

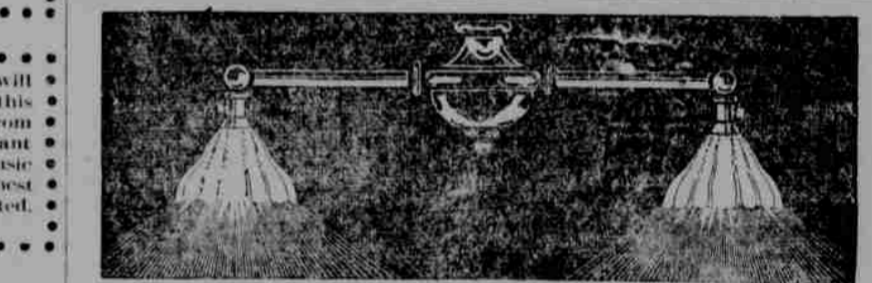

If the registration lists prepared for a general election are as good a criterion of the total population as they are said to be, the city of Albuquerque has about ten thousand more residents than were allowed her in the figures of the 1910 census.

It is generally accepted that for every voter there are five dependent members of population. The registration for the city as shown in the lists is 4,223. The population, based upon this fact and the assumption of four dependents for every voter, is 21,115, or 8,093 more than the census showed, the figures compiled by the government in 1910 being 11,020.

The registration is heaviest in the second division of Precinct 12, where 1,356 names are upon the books. It is lightest in the first division of the same precinct, where there are but 553 registered voters. The first division of Precinct 26 has 1,025 voters and the second division 1,229.

These figures for registration are official and were announced for the first time yesterday. They are compiled from the actual lists which will be used at the polls.

Those who are not registered, either having placed their names on the proper list personally, or had it done by one of their committee chair-

Delicate Shades of Color Matched Perfectly

If you, Mr. Merchant, use brilliant Electric Fixtures in lighting your store, your customers will find no difficulty in matching different shades of color—in seeing your stock at its best. The light from an Electric Lamp is the nearest approach to sunlight—clear, white and steady. Electric Light is not only the BEST light, but it gives the MOST illumination as well.

Electric Fixtures Will Please Your Customers Better

No matter how small your store may be, you will find Electric Fixtures a very profitable asset. Your customers will be better satisfied because your use of Electric Light will allow them to make their purchases quicker and easier. They will frequently tell their friends of the advantages of trading at your store. Hence you receive an extremely valuable amount of excellent advertising. Why not investigate now, today? Phone us or write.

Convention Visitors

Our Compliments, Visitors

We bid you welcome to Albuquerque, and we invite you during your visit to make this "Home-like" store your headquarters while in our city. We want you to feel free to say and mean, "Meet me at The Economist." We insist that you go and come as you please. See everything. We have arranged to make your visit interesting and profitable—a veritable carnival of fashionable Ready-to-Wear Apparel for the entire family. You will find the whole store very expectant of pleasing you in every way. The Department of Women's Apparel, the Young Women's and Children's Department, the Department of Skirts and Waists—all are keyed up to give you what you want quickly and surely. Quick service in the Millinery Department, Glove Department, Neckwear Department, Silk and Dress Goods Section—EVERYWHERE! Stroll at leisure through all sections of the store as The Economist's guests. Our salespeople never annoy visitors with requests to make purchases. We want your visit to the convention to be a pleasing experience, and we want you also to like this Big, Honorable Store for Women—The Economist

Costumes for All Occasions

That Are Charmingly Individual

Full. Some show distinct mannish lines with patch pockets, belted effects, etc. Others show the Pierrette and Robespierre collar. In grays, blacks, blues, browns, etc. Sizes for misses up to 18 years, for women up to 44 bust. Very moderately priced from \$10.00 to \$65.00.

The great demand for our Costumes this season, both for evening and street wear, is without a precedent and attests their superiority in beauty, becomingness and refined individuality. All of the models of the French couturiers are represented, as well as the idea expansive products of American designers. Note these—New Street Frocks of serge in smart tailored styles with Robespierre and flat collars; made in Empire and waistline effects, long sleeves and plain skirts. The colors are navy, black and black and white combinations. Prices: \$7.50, \$9.50, \$14.50, \$22.50.

A very smart Frock is shown in navy and black serge made on excellent plain lines with girlish collar and cuffs of velvet; long sleeves. Prices: \$12.50 and \$16.50.

An attractive new Charmeuse Frock is shown in navy and black; it has high Empire lines and gathered skirt; long sleeves and girlish of material. A very special value at \$15.00 and \$19.50.

Another Charmeuse Frock that is quite popular is shown in black and taupe. It has panel of white Charmeuse trimmed with self buttons and has white collar and cuffs. Specially priced at \$25.00 and \$29.50.

Other excellent values priced from \$16.50 to \$40.00.

COATS AND WRAPS

A gathering of Coats and Wraps that is certainly beautiful, embracing every new style and material now popular. THEIR ARE CLOSTER EFFECTS, UTILITY COATS, DRESS COATS, OPERA WRAPS, JOHNNY STYLES, POLO EFFECTS, ETC. Materials are broadcloths, serges, tweed, two-faced cloths, chinchilla cloths, bouclés, wide affettes, velvets, French eponge and imported fancy cloths, English frieze, etc. All the modish style points are emphasized in full. Some show distinct mannish lines with patch pockets, belted effects, etc. Others show the Pierrette and Robespierre collar. In grays, blacks, blues, browns, etc. Sizes for misses up to 18 years, for women up to 44 bust. Very moderately priced from \$10.00 to \$65.00.

Splendid Showing Tailored Suits

\$19.50, \$25, \$30, \$37.50, \$45.

It means so much to a woman to get just the right effect in a garment worn as much as a tailored suit that we have spent a great deal of time in assembling a large showing of desirable models. They have been reproduced from exclusive designs, and are such suits in every respect as could not be obtained in any other way for the price.

Waistings

A new line of Superior Flannels, 34 inch wide, cream ground with black stripes, also various color Polka Dots; special for this

Society.

(Continued From Page One).

A Juvenile Halloween Party

Probably the gayest juvenile Halloween party occurred at the A. F. Morrisette home, when Elizabeth Morrisette entertained about twenty of her little friends.

The house, for the night, was turned into an abode of witches and fairies, and as the children came costumed and masked, the happy idea was augmented. Appropriate games were played, including pinning a broom in a big witch's hand, a revival of the time-honored donkey game, for which the prize was won by Juliet Fleischer, Adelaide Hahn won the prize awarded to the child who guessed the real identity and names of the other carefully masked children.

If there had been a prize for pretty costumes, Adelaide Hahn and Majorie Stein would have won it, as they were dressed as Yama Yama girls, and were cunning as could be. After an hour or so of frolic and fun a regular Halloween supper was served.

Among the children enjoying this jolly party were Bertha Weinman, Consuelo Chavez, Marjorie Stein, Dorothy and Kathryn Warren, Esther Harland, Juliet Fleischer, Olive Harland, May Loh, Adelaide Hahn, Morrisette, Mildred and Ben Harris, Alfred Neustadt, Margaret and William Kitz, Carrie Horner and George Owen.

A Halloween social was given, Thursday evening, at the home of Mr. and Mrs. Henry Mann, and proved to be a most enjoyable affair. The young people met at the home of Mrs. A. Kraemer, and proceeded in a party to the Mann home, where all was made ready for a Halloween celebration.

The house was cleverly decorated with branches of trees, and small potted trees, to resemble a forest, and Jack-o-lanterns, half concealed among the leaves, gave a weird light.

As all the guests were dressed as ghosts, the effect was quite delightful, and the gay crowd made the most of every minute. Those enjoying the gay affair were: Mesdames, Mann, Weishelmer, Keefe, Oberholzer; Misses Anna Anson, Miller, Alice Schreiber, Seelohm, Kraemer, Lottie Schlatter, Margaret Seelohm and Selma Kraemer. Messrs. Mann, Keefe, Oberholzer, Kraemer, Johnson, Glenn, Oles, Kennard, John Weishelmer, Elmer Kraemer, Arthur Schlatter and Howard Mann.

Social Brevities of Interest

Mrs. A. Borders is home after an extended stay in southern California. The Borders are house hunting now,

and, as soon as they are located, will be joined by the girls, Frances and Irene, who have spent the past six months in California.

Miss Lela Armijo has been home from California for two weeks, although she has not been seen about, as she was taken ill immediately upon her return, and was closely confined to the house. Miss Armijo is around and about now, however, and is greeting her many friends after several months' absence.

Mr. and Mrs. Carl Steinlein passed through the city Wednesday, enroute to their home in Los Angeles, California, from their honeymoon trip to Europe. Mrs. Steinlein was formerly Margaret Schuster, of this city, and a crowd of her old friends were at the train to meet them. She seemed particularly happy and is certainly just as pretty as ever.

Mrs. O. N. Marron accompanied her husband to Santa Fe, Sunday, returning Tuesday. Mr. Marron is somewhat disabled, owing to a recently broken collar-bone, and Mrs. Marron's visit was not so much for pleasure, as to assist her husband as "valet." So she said, at any rate.

Mrs. Mandell and her daughter, Gladys, returned home Thursday night from El Paso. Miss Mandell has spent two months in the Pass city, enjoying a delightful visit. She was joined two weeks ago by her mother.

Mrs. Hugh Collins entertained the Highland Bridge club at her home last Tuesday. They will meet this week with Mrs. L. G. Rice.

Mr. and Mrs. W. E. Walton were guests of Mr. and Mrs. E. A. Vaughan at a pretty appointed dinner, Wednesday evening, going with them later to hear the Marine band.

Judge William H. Pope and Mrs. Pope, Mr. and Mrs. Harry Lee, and Mr. and Mrs. J. L. Holl, of Santa Fe, motored down from the capital Wednesday to attend the concert given that evening in Elks theater by the United States Marine band. They returned next day.

Business College Party Jolly

The Halloween party given by the Albuquerque Business college, was noteworthy for the size of the crowd, a general good time, and weird and wonderful decorations.

An old, spooky looking barn, about a mile from town, was selected for the place of the frolic, and the merry crowd assembled at the Business college and rode out in one of Trimble's big wagons.

The place of destination was known only to the committee in charge of the entertainment, and as all plans had been carefully kept secret, the bunch was on the tip-toe of expectancy for something great. Nor were they disappointed.

Entering a dark interior, lit by the first glow from Jack-o-lanterns, its silence unbroken, save for ghostly groans emanating from white-sheeted and mysterious figures, the first thrill was followed by countless others.

To gain access to the left, where the

real fun happened, the guests were required to go up a ladder, which by some concealed battery arrangement and the use of wires, was charged with electricity. Upstairs, shocks of corn, numerous Jack-o-lanterns and autumn leaves had converted an ordinary barn loft into a place of joy, and the gay and festive youth proceeded forthwith to make the most of the time and place for a right glorious time.

A waltz room, where an honest-to-goodness fortune teller presided, attracted the young folks, singly and in bunches, and ever old, ever new games of Halloween prevailed the whole evening through. One part of the loft was partitioned off as the dining room, and the table was particularly attractive with its pumpkin center piece, and with vegetables as the candle holders.

As a whole, the party was a grand success, and great credit is due the committee in charge, and Mr. J. B. Goodell, manager of the Business college.

Professor and Mrs. George Taylor chartered the crowd, which was numbered at seventy-five. The committee members were Pauline Cartwright, Paul Tompkins, Harry Zeigler, Walter Hanna, George Neher, George Myers and Bob Wigley.

Woman's Club Activities.

An exceptional good musical program was the feature of the Woman's club regular meeting, Friday afternoon. Miss Lillian Yrisarri and Miss Louise Nichols played, both difficult selections and beautifully interpreted. Miss Elsie Sackett sang, and her sweet voice was heard to particular advantage in songs from Amy Woodford Linden's "Love Lyrics." Especially pretty was her rendition of "When I Awake."

A most interesting talk on "Milk as a Sanitary Product," was given by Prof. John Clark, of the University of New Mexico. Instructive it proved as well, and a real treat to his hearers.

After the regular program, a delightful culinary conclusion was managed by Mrs. Nancy Bewick, Mrs. John Borradaile, Mrs. A. R. Betz and Miss Lela Armijo.

The Parents' and Teachers' Co-operative Association had a called meeting, at the First Ward school building, Tuesday afternoon, which was largely attended, and brought forth concerted action in the formulation, and perfecting, of various plans for the season's activities.

Mrs. John W. Wilson presided over the enthusiastic meeting. It was decided to hold a meeting each month, each gathering to be devoted to some one topic or plan in connection with the work. Thus, the September meeting, "Membership;" the October meeting, "Decorations;" November, "Public Health;" December, "Public Playgrounds;" January, "Library Day;" February, "Domestic Science;" March, "Arbor Day;" April, "Flower Day;" and in May, "Mothers' Day."

Committees were appointed as follows:

Social Committee—Mesdames A. J. Mahoy, John Milne, J. C. Baldrige, A. Montoya, J. A. Reidy, P. Hanley;

Misses A. Schach, Ona Schupp and Nan Creel.

Program Committee—Mrs. J. A. Reidy, Mrs. W. O. Harris, Mrs. H. P. Williams and Miss Nancy Hewitt.

Membership Committee—Mrs. John Venable, Fred Nohl, John Mordy, T. L. Butts; Misses Nancy Hewitt and Sallie King, Prof. J. R. McCollum, Prof. J. A. Clark and Professor Jones.

Publicity Committee—Mrs. John Stronquist and Miss Estelle Gunn.

Mrs. Theresa White, head of manual training in the public schools of New Mexico, who will attend the New Mexico Educational association convention in this city the latter part of this week, will meet with the Parents' and Teachers' Co-operative association, next Friday afternoon at 2 o'clock, at the Central School building.

All members and everybody, interested in the work, are invited to attend this meeting, as probable steps will be taken to incorporate the local society into a state association.

Inauguration of Dr. D. R. Boyd

The concluding feature of the New Mexico Educational association convention, to be held in Albuquerque this week, and which promises to bring six or seven hundred educators from all parts of the state to our city, the concluding feature, I say, and an event of utmost importance to local educational circles, will be the formal induction of Dr. David Ross Boyd, new president of the University of New Mexico, into office. The inaugural ceremonies will be imposing and impressive, as noted educators from different parts of the country, and representatives of many leading colleges, will be in the academic procession, garbed in the "robes of learning" and lending a certain grace and dignity to the occasion.

The inauguration of Dr. Boyd will be an event of considerable moment. Not only because of the presence of so many educational dignitaries, but because the formal acceptance of office, will represent something entirely new to Albuquerque. And right here, let it be said, that the inaugural ceremonies, to be held in Elks theater next Saturday evening at 8 o'clock, are free and open to the public, and that every man and woman, and the school children, arrived at an age of sufficient understanding, are urged to attend. It is the earnest desire of the committee on arrangements to fill Elks theater to the last row, and to make the occasion in every way a memorable one.

Among the prominent educators to participate in the exercises are President A. H. Wilde, of the University of Arizona; Dr. W. J. Battle, dean of the faculty of the Texas State University, and representing the president of Oklahoma. It is probable, but not certain, that the state universities of Colorado and Utah will be represented.

Dr. James S. Wright will represent the University of Pennsylvania, and Prof. Weiss, of the U. N. M., will represent on that day the University of Minnesota.

The program, subject to slight variation, is as follows:

Overture by Orchestra.

Invocation—Aronson W. E. Warren Music—C. E. Hodgkin, Orchestra

Address and presentation of the keys as symbol of authority to President David Ross Boyd by Governor McDonald, represented in proxy by Honorable Sumners Burkhardt.

Inaugural Address—Dr. Boyd Music—C. E. Hodgkin, Orchestra

Faculty Greeting—C. E. Hodgkin, dean of the University of New Mexico.

Greetings from New Mexico State Institutions of Higher Learning.

Address—ALVIN N. WHITE, superintendent of public instruction.

Brief talks by Representatives of State Universities.

Benediction—Rev. A. M. Mandallari, S. J. Music—C. E. Hodgkin, Orchestra

Musical Program at Y. W. C. A.

A series of parlor talks is in progress at the Y. W. C. A. and each Monday evening, something of interest to the members will be discussed, either literary or musical, on art, domestic science, travel or something equally instructive and interesting.

Tomorrow night, Mendelssohn will be the topic and the program will include a talk on Mendelssohn and his music by Mrs. M. S. Himee. Mrs. E. L. Bradford's vocal pupils will repeat Mendelssohn's musical adaptation of Shakespeare's "Midsummer Night's Dream" first presented by them with such success at the Woman's club, during fair week.

Tuesday evening, the Y. W. C. A. Glee club will meet and organize, with Mrs. Bradford as director.

The Rector's aid of St. John's church will entertain the congregation, and all friends of the church, at the Woman's club, Tuesday evening.

Mrs. A. F. Morrisette, as president of the Aid, is general chairman on arrangements, and will be assisted by Mrs. E. L. Clark, who is head of the committee on refreshments, and by Mrs. Bradford, who is to have charge of the musical program.

Among those to participate in the program are Mrs. Morrisette and Mr. Hugo Meyers, both of whom will sing. Mrs. Bernard Roddy and Louise Lowber in piano selections. The Y. W. C. A. Mandolin trio will also furnish music.

The affair promises to be jolly, and a special invitation is extended all Episcopalians, who are strangers in the city.

Young Folks Celebrate

Rita Rittenhouse entertained some of her young friends at a Halloween party, at her home, 519 North Fifth street, Thursday evening. Elaborate Halloween decorations, including numerous witches and cats, and the usual array of Jack-o-lanterns, went to make the place very attractive. The children came variously costumed as ghosts, witches and in wry costumes, and had a rollicking evening pulling off all the time-honored Halloween stunts.

The guests were: Marjorie Stein, Susan Schandack, Irene Miller, Hazel Carnes, Frances Leeds, Jack Doolittle, Frank Neher, Robert Putney, John Ford and Robert Graham.

Lillian and Genevieve Sauter were hostesses at a gay "ghost party" at their home on North Hill street, Halloween evening. Especially pretty Halloween decorations were used, and the favors were miniature Jack-o-lanterns. The young people were garbed as ghosts, and had a jolly time playing games, telling fortunes, and celebrating generally.

At the home of Mrs. Jeff Roberts, 609 South Walter street, Edith and John Roberts entertained their little friends at a merry Halloween party, Thursday afternoon. The house was darkened, and decorated in Jack-o-lanterns, and gaily robed supreme the whole afternoon through. The youthful guests were Earl Estes, Oble Rickerson, Ona Rickerson, Marion Hammond, Dorothy Daily, Ruth Daily, Caroline Jackson, Helen Key, Horace Archer, Evelyn Williams and Frances Moser.

Mrs. L. R. Zenning and Mrs. R. R. Archer assisted Mrs. Roberts.

Enjoyable Surprise Parties

At the home of Mrs. David Farr, 325 North Fourth street, a surprise Halloween party was given. George Farr, Thursday night. Regulation decorations prevailed, and the young people enjoyed a rollicking evening. The participants in the merry revel were Opal Medley, Grace Winfrey, Lena Schmidt, Helen Siecher, Freda Hendricks, Maude Heaven, Lottie Hughes, Bernice Matlock, Cecil Heighs, Loren Rogers, Sam Rosenbach, John Myers, Max Bell, Hugh Graham, Ralph Myers, Ronald Crane and George Farr.

A birthday surprise party was given Tuesday evening for Miss Ruth Weiser at her home on South Edith street. It was literally a surprise party, as Miss Weiser was at a picture show, when the crowd assembled, and at her well-planned return, the crowd proceeded to celebrate in due earnest.

The uninvited were Misses Mattie Morris, Marion Phillips, Henrietta Weiser, Irene Johnson, Elizabeth Gilber, Mrs. E. E. Steiner, Messrs. J. E. Montoya, Herbert Smith, Edward Steiner, Browning Scott, Frank L. Hinde, Chester Halbert, E. L. Foster and George Weiser.

The Ladies' Aid society, of the Gold and Broadway Church of Christ, met at the home of Mrs. E. C. Butler for needlework, Thursday afternoon, 326 North Fifth street. A social hour followed, when refreshments were served by the hostess.

Mrs. L. J. Miller entertained the Searchers' club, of the Gold and Broadway Church of Christ, at her home Saturday afternoon. Halloween decorations were effectively employed and appropriate games were in order.

A business meeting of the Y. W. C. A. was held Tuesday afternoon at the home of Mrs. Pitt Ross, 1214 West Central avenue. A good sized crowd

attended, and a pleasant afternoon was enjoyed.

Ten Dons Meet Once Again.

The Ten Dons, an organization, which "age does not wither, nor custom stale its infinite variety," held the first meeting of the 1912-13 season at the home of Prof. C. E. Hodgkin, the past Tuesday.

During the summer months the members were widely scattered, and Professor Hodgkin had not been host to the Dons for over a year, on account of his extended travels in Europe, so the meeting was somewhat in the nature of a "family reunion," and a right jovial affair.

The paper of the evening was by M. E. Hickey, and as the subject was "The Political Platforms," it is easy to imagine that the discussion, following, waxed fast and furious.

As usual, a dinner was served the Dons, only in this case, and thanks to Mrs. Hodgkin, the dinner was unusually good to look upon—and then some.

Dr. D. R. Boyd was the guest of honor.

A trio of attractive young girls, Ollie Hinds, Ruth Ewing and Ruth Payton, entertained at a Halloween party, Thursday night, at the Hinds home, 219 S. Walter.

The sitting room was decorated in white and yellow chrysanthemums, emphasizing the color scheme, and with Jack-o-lanterns and witches to lend the Halloweeny air.

The dining room was in red, with red-shaded candelabra, and with red roses as the center piece.

Merry games were played, resulting in Caroline Michaels and Fred Luthy winning the first prizes. Participating in the gay revelry were Marie Christman, Laura Colgan, Caroline Michaels, Ruth Payton, Ruth Ewing and Ollie Hinds; Gordon Ross, Fred Luthy, Polham McClellan, Matt Higgins, Ralph Parker and Morton Seligman.

Dancing Season Under Way

A small crowd, but a big time, marked the opening dance of the season for the Masonic club. It was

Strong's Book Store

N. G. McCracken returned yesterday from a two weeks' hunting trip. Mr. McCracken killed no big game, but bagged several wild turkeys. His trip extended into Arizona.

T. A. Egan spent yesterday at Magdalena. Part of the trip, from Socorro to Magdalena, he made in an automobile. The cold was intense in the mountains, he reported.

The opening of the final chapter of the campaign in Valencia county was held last night. It will close today. A meeting was held last night at Belen, George S. Klock and Nestor Montoya spoke. They will address an open air meeting at noon today. They will speak also at Tunc. This afternoon and at Los Lunas tonight.

The proposed opening of an up-to-date garage in the orphanage theater building has been indefinitely postponed. The proposition has been dropped for the present on account of the greatly increased insurance rates for the entire building, had a garage been opened in it. It is possible that the plans may be carried out at a later date.

A hunting party will leave here Tuesday morning in Joseph Barnett and Harry T. Johnson's motor cars for the Black range by way of Magdalena. Their stay will last several days. Besides Mr. Barnett and Mr. Johnson, the party is made up of W. L. Trimble, J. L. LaPrere, Fred Fisher, Charles Quier and Deputy Game Warden Tony Ortiz.

SPHIERA CORSET.
Fitted by a competent corseteer, Mrs. M. J. Kavanaugh. Postal or phone. American hotel, 502 1/2 West Central avenue.

WEATHER REPORT.
For the twenty-four hours ending at 4 o'clock yesterday evening:
Maximum temperature, 52 degrees; minimum temperature, 29 degrees; range, 23. Temperature at 4 p. m. yesterday, 45. Southwest winds, clear.

FORECAST.
Washington, Nov. 2.—New Mexico: Local rain Sunday; Monday probably fair.

Tom Danahy has returned from a visit of several weeks to Buffalo, N. Y.

Attorney Francis E. Wood left yesterday for San Antonio, where last night he was one of the speakers at a student reunion.

The Albuquerque Carriage company is offering a 10 per cent reduction on all horse harnesses and lap robes. The price to see their large line before purchasing.

Maya D. K. H. Seltzer and Mrs. Seltzer left yesterday for the mountain south of Albuquerque to enjoy a few days' big game hunt. The couple expects to bag several bear and a deer.

A 150-pound buck, shot by E. J. Strong, attracted crowds yesterday in front of the San Jose market, where he hung. Mr. Strong returned last Thursday from the vicinity of Coates on the upper plains, where he spent a week hunting.

Street Commissioner M. S. Tierney yesterday morning led a gang of about 20 workmen and putting rubbish out of a building over the school on Central avenue. Parts of a summer home and several plants remained in the street.

The Rev. J. M. of St. John's church will deliver an informal lecture to the friends and neighbors of the parish at the Woman's club parlors, Tuesday evening, from 8 to 10. Preceding had been made for a delightful evening, so a full attendance is expected.

COURT HOUSE CASE IS TAKEN UNDER ADVISEMENT

No Decision Rendered in Injunction Suit to Prevent the Commissioners from Erecting Building at Los Lunas.

After hearing arguments from counsel on both sides of the suit filed some time ago to prevent the commissioners of Valencia county from building a new court house and jail at Los Lunas, Judge Herbert F. Raynolds yesterday took the matter under advisement. He will either issue or refuse the injunction prayed for within a few days.

The case is one brought by Frank L. Walrath, of Belen, against the county commissioners of Valencia county, to prevent their using certain moneys for the erection of a court house and jail, according to a contract with Campbell Brothers into which they have already entered, on the ground that the moneys are not properly part of the court house fund, but that they should be used for the reduction of the indebtedness of the county.

A suit in replevin was yesterday filed by Mrs. Mary Duncan against Elijah W. Hill and Cora E. Hill, alleging default on a chattel mortgage given to secure a note of \$1,145, on which about \$200 had been paid. The goods covered by the mortgage are apparently Hill's household belongings. Their value is set at \$250, in the complaint, and the plaintiff asks judgment for that amount in case the goods are not seized and turned over to her. She also asks \$100 damages, presumably for the breakage and wear and tear on the goods since the mortgage was made.

Suit was filed yesterday in the district court by James E. Brown and Lloyd Hunsaker, as trustees, against Mattie L. Cline, for judgment on a note for \$500 said to have become due, and for judgment on a trust deed to certain real estate in the city made to cover the note. The complaint asks for the sale of the real estate only in case the judgment on the note is not paid within a certain time to be fixed by the court.

Marriage licenses were issued yesterday to Soledad Pacheco, of Albuquerque, and Frank Chavez, of Old Albuquerque; and to Adela Otero, of San Antonio, and Antonio A. Archuleta, of Albuquerque.

Saddle horses, Trimble, 113 N. 2nd.

DEMOCRATS LEAVE FOR MOUNTAIN PRECINCTS

Enthusiastic Quartet Departs for the High Hills to Close Campaign Amid Early Snows and Chilly Atmosphere.

A quartet of enthusiastic democratic workers left last night for the mountain precincts to close the campaign in the high hills today and tomorrow. The men who were included Leonardo Hunsaker, M. E. Viki, the district attorney; A. Zamora and Dennis Chavez.

They will visit Chubb, Escabedo and San Antonio, facing the cold weather up in the early snows for the sake of preaching the democratic doctrine. Two of the precincts are more than forty miles from this city, so it can be seen that the four will have to do some fast hunting to get around to them all and get back in time to vote Tuesday. They plan to be back in the city Monday night.

The meetings in the different precincts have all been advertised and good crowds are expected at each.

ALL OFFICES CLOSE IN HONOR OF DEAD VICE PRESIDENT

Every federal office in Albuquerque, except the few where there were matters that could not be delayed, such as the postoffice, was closed yesterday in respect to the memory of Vice President James S. Sherman, whose funeral was held yesterday afternoon at Utica, N. Y.

The federal service offices were all closed and the flag placed at half mast. The stiffness of the buildings wherein the offices are located served to remind one that a high official of the government was silent also, though from a different cause.

The flux on the federal building was kept at half mast all day and many flags on private buildings, stores, at the army recruiting station and elsewhere, were displayed below the usual height.

The Newcomer Art Shop fills a long felt want in Albuquerque in the complete assortment of embroidery designs handled. All that's newest and latest for fancy work may be secured there at nominal rates.

EDUCATORS GATHER IN ANNUAL MEET HERE WEDNESDAY

Many Interesting Features Are Promised Which Will be Free to Public; Teachers from All Over State Coming.

A gathering which will be of more material and mental advantage to the citizens of Albuquerque than half a dozen political conventions will begin here Wednesday and will continue in session until Saturday evening. This is the annual meeting of the New Mexico Educational association, which this year takes on new and added importance because of the greatly broadened scope accorded it, and because of the greatly increased attendance which is promised.

The meeting will abound in features of interest to the local public, many of which will be open to all who care to attend. Chief of these, of course, will be the address by Dr. David Starr Jordan, one of the foremost American advocates of world peace. Dr. Jordan is to address the educators and the public at the Elks' theater Wednesday evening at 8 o'clock on "The Fight Against War." Dr. Jordan is president of Leland Stanford university. Several years ago he delivered the address to the graduating class at the commencement of the state university, taking as his subject a topic much similar to the present one. The following evening the annual state oratorical contest will be held. This contest is participated in by representatives of all the high schools and institutions of higher education in the state. It is in two divisions, the representatives of secondary and high schools competing against speakers from their own class of school only.

Friday evening Governor William C. McDonald and Dr. D. E. Phillips will address the teachers, also in the Elks' theater. Dr. Phillips, who is dean of the department of philosophy and education at the University of Denver, will speak on "The Measure of Greatness."

Saturday evening, Dr. David Ross Boyd, president of the University of New Mexico, will be formally inaugurated. While Dr. Boyd has held office as president since the first of June, he has never been formally placed in the presidential chair of the institution. An address will be delivered on this occasion by Chancellor Frank Strong, of the University of Kansas. Late Dr. Jordan, Mr. Strong, also addressed a graduating class of the state university a few years ago. Governor McDonald also will speak on this occasion.

GENERAL PROGRAM FILLED WITH SPLENDID PROMISE.

The general program of the meetings of the association is a treat of richness. Speeches by many of the most famous educators of the southwest are promised at either the day or evening sessions, while numerous New Mexico educators are scheduled to lecture daily. Among these are Dr. David Ross Boyd, Dr. Frank H. H. Roberts, Prof. R. B. Larkin, State Superintendent Alvan N. White, T. W. Conway, A. Montoya, John Milne, Rupert E. Asplund, and dozens of others.

MANY SECTIONAL MEETINGS ARE SCHEDULED.

Section meetings are scheduled to be held in the Central high school building and in the Albuquerque Business College building. Most of the sections will be held in the former structure.

The sections include the Educational council, which will probably not meet until Saturday, under the chairmanship of Alvan N. White, state superintendent of public instruction; County Superintendents' section, of which Charles L. Bart, of Montezuma, is chairman; City and Town Superintendents' section, of which W. L. Bishop is chairman; Elementary School section, under the chairmanship of Charles L. Schreck, of Carrizozo; High School and College section, with T. G. Rodgers, of Silver City, as chairman; Indian Schools section, under W. M. Peterson, of Albuquerque, as chairman; New Mexico State Branch of the American School Peace league, of which Dr. Hiram Hadley, of Mesilla Park, is president; Institute Workers' section, under Superintendent White, Music and Drawing Supervision section, under Mrs. Charles L. Kohn, of East Las Vegas, as leader; Commercial Teachers' section, of which J. D. Henderson, of Tucuman, is chairman; School Board's section, of which L. G. Swinney is chairman, and a School Patrons' section, of which Mrs. Theresa B. White is chairman.

PROGRAM REPLETE WITH USEFUL INFORMATION.

The program booklet which has been issued for the association meeting contains a thousand little things that will prove useful to the visiting teachers. There is a list of hotels within six blocks of the depot, with the rates which should be charged at each, available toms, back fares, directions as to how to reach points of interest, and dozens of other things that every visitor will want to know. Railroad rates are several pages of attention and there is a detailed list of special fares from various points to Albuquerque for the meeting.

The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Hill, College Hill, Dayton, Ohio, enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials and names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

"Elmwood" writes: "Kindly publish again the prescription for stomach disorders and constipation. It has helped me very much."

Answer: Go to your druggist and ask for tablets (Laxative) and take according to directions, and you will soon be entirely cured. If stomach trouble and constipation. This is the best treatment known for all kinds of stomach trouble.

"Anna" writes: "I am nervous, hysterical and very thin. I am unable to eat. I can't take to regain my original vitality."

Answer: You will gradually regain your original vitality by using syrup of hypophosphites. This is a powerful tonic and builds up the system. It is the best tonic known for all kinds of weakness.

"Mr. Jack" writes: "I am greatly embarrassed on account of my weight. In the last two years I have gained fifty pounds. I am getting very uncomfortable. Please tell me what to do."

Answer: Do not get the ordinary pills and tablets for obesity, but use this safe, natural, and quick acting medicine. It is a powerful laxative and will help you to lose weight.

"John T." writes: "I wish you would recommend a remedy for kidney and liver trouble. I have dark spots before my eyes, dizzy spells and also attacks of rheumatism."

Answer: I have received many letters from people who have used the following remedy and been cured of all kinds of kidney and liver trouble. It is a powerful tonic and will help you to regain your health.

"Louise" writes: "The following prescription filled and given to me by a doctor in my town. I have used it for several months and it has helped me very much. I am now able to do my work and feel much better."

"Helen" writes: "My nostrils and throat are badly affected with catarrh and my head is very sore. I also suffer from great deal of headache and pain in my eyes. Can anything be done to help me?"

Answer: Antiseptic Vaseline powder has

been prescribed with great success and the number of letters received daily from the hundreds of grateful people who have been cured of catarrh would indicate its curative value. Get from the druggist a small bottle of Vaseline powder, mix a level teaspoonful with an ounce of vaseline or oil and apply well to the nostrils twice a day. Also use the following in connection with the above: thoroughly cleanse the nostrils with one-half teaspoonful of the Vaseline powder to a pint of warm water. Sniff the water through the nose several times a day and your catarrh should soon be cured. To prevent a recurrence this should be used occasionally.

"Tom M." writes: "I am only twenty years old, but my hair is falling out very rapidly. My scalp is covered with dandruff. What can I do to cure it?"

Answer: To cure dandruff and stop hair from falling out, use the following: This is a very good hair restorer. It will cure any scalp disease and prevent dandruff. Many people have reported a cure by using one of these applications.

"J. W." writes: "I should be the happiest man in the world. I could find a remedy to help me gain flesh. I have regular features, but I am so thin that I am hardly there. Can you give me a prescription?"

Answer: I receive daily so many gratifying letters from people who have used this safe, natural, and quick acting medicine. It is a powerful tonic and will help you to gain weight.

"American Girl" writes: "For some years I have been troubled with rheumatism. I have tried almost every cure, but they did not help me."

Answer: The best known prescription for the cure of rheumatism is made by mixing a 2-4 oz. bottle of concentrated ammonia with a 4-8 oz. bottle of sugar syrup. You will find full directions on the bottle box in note and use this will make a full pint of the finest and cheapest cough medicine obtainable.

"Frank" writes: "I would like to have the formula for a reliable cough cure as I have a very severe cough which is becoming very annoying."

Answer: The best remedy for cough is made by mixing a 2-4 oz. bottle of concentrated ammonia with a 4-8 oz. bottle of sugar syrup. You will find full directions on the bottle box in note and use this will make a full pint of the finest and cheapest cough medicine obtainable.

"Helen" writes: "My nostrils and throat are badly affected with catarrh and my head is very sore. I also suffer from great deal of headache and pain in my eyes. Can anything be done to help me?"

Answer: Antiseptic Vaseline powder has

JUDGE ALFRED R. BEERS,
New Commander Grand Army of the Republic.

Levi Hughes Making Plea as a Wool Buyer and for Manufacturer or Interests

In a letter addressed to the Morning Journal, J. H. Latham, a candidate for presidential election on the democratic ticket, and a prominent wool grower of Sierra county, shows up the inconsistency of Levi A. Hughes, a republican presidential elector, regarding the position of Mr. Hughes on the tariff as it affects the wool industry. Mr. Latham shows that Mr. Hughes, who is a wool buyer, and consequently allied closely with the woolen manufacturer or the interests represented by this industry, is making his plea this year chiefly in his own interest and that of the manufacturer, with whom he deals. For the information of the voters of New Mexico, the Journal publishes the letter of Mr. Latham. It reads as follows:

Lake Valley, N. M., Oct. 22.
Morning Journal, Albuquerque, N. M.

Dear Sir: I have received, as you probably have, a personal letter from Mr. Levi A. Hughes, a candidate for elector on the tariff republican ticket, urging me to vote for Taft in order to protect our sheep industry.

Mr. Hughes, as you know, is a wool buyer, and not a wool grower. The interests of the buyer and grower are not the same.

I, myself, a candidate for elector on the democratic ticket, am a wool grower and have been in the sheep business since boyhood. I own and run in Sierra county about 5,000 head.

Mr. Hughes says: "It is reasonably certain that Schedule K, which is that portion of the present tariff law which deals with wool and the articles manufactured therefrom, will soon come up for revision no matter which political party comes into power. Mr. Taft has accordingly stated that his schedule is indefensible and is not properly balanced; it furnishes too much protection to the manufacturer and too little to the grower. While it provides a duty of eleven cents per pound on wool such as we grow, yet in its actual working effect, it protects us only to the extent of about two cents per pound."

Mr. Hughes, also in this letter, refers to the democratic position upon the tariff question as a "menace which now threatens the destruction of our business," and appeals to the wool grower to "prevent such disaster."

He also commends the action of President Taft in vetoing the wool bill which was passed by the democratic and progressive in the last special and last regular session of congress, which bill provided for a tariff of 29 per cent upon raw wool, and says that by reason thereof Mr. Taft "has thus saved our industry from annihilation."

During the campaign of 1911, Mr. Hughes was actively associated with the insurgents or progressive republicans and under date of October 10, 1911, Mr. Hughes prepared a letter to the public, making a statement as to the effect upon the wool industry of New Mexico of the present tariff, and how the industry would be affected by the passage of the law which the democratic and progressive in congress did pass and which was vetoed by President Taft. In that letter of October 10, 1911, Mr. Hughes, among other things, says:

"During the past ten years the average protection on New Mexico wool under that schedule has amounted to one and fifty-two one hundredths cents, or about a cent and a half per pound. * * * We thus clearly see that the actual protection to our New Mexico wool grower has been practically about ten per cent ad valorem, while the law passed by the last democratic house of representatives and by the democratic and progressive republicans in the United States senate provided a duty of 29 per cent ad valorem, or nearly three times as much as the real, actual working protection under the present law."

"Under that law our markets have been lower at times than the foreign markets and domestic wool has been exported for sale abroad."

"Ten years' experience with Schedule K shows it to be a 'shell game,' rigged up to fool the wool grower and to over protect the woolen manufacturer. It gives no practical benefit to the sheep raiser, while it makes

small pay double prices for our woolen clothing and blankets."

In the face of these admissions Mr. Hughes now asks you to trust his party again. The existing tariff law, so far as it relates to raw wool, was first enacted by a republican congress in 1867. In the McKinley bill of 1890 it was changed only to make it more specific. The law as expressed in the McKinley bill was again re-enacted in the Dingley bill of 1897 and again in the Payne-Adams bill of 1909.

The republican party has in every campaign claimed that the wool grower has had protection to the extent of eleven cents per pound. Mr. Hughes now frankly admits that this claim has been false and further admits that his party has made this law for the benefit of the manufacturer, and that the wool grower has been hurt.

The same man, who has continued the "indefensible" Schedule K, is still in full control of the republican party and are the main support of Mr. Taft in the present campaign. There is no reason to expect that if they are returned to power they will give us any relief at their own expense. They have never done so in the past.

The truth is that the republican party is controlled by the trusts, that so long as the wool trust makes its campaign contributions it will be allowed to write the wool tariff, that the present tariff law was made for no other purpose than to permit a few men to fix the price they will pay the growers for their wool; that as long as they have the power they will not surrender it, and that we can expect nothing from them. The democratic party proposes to take away the power of the wool trust to fix the price, it will pay us for our wool, and to impose a duty of 29 per cent ad valorem on raw wool.

Mr. Hughes stated in his letter of October, 1911, that this democratic law "provided a duty nearly three times as much as the real, actual working protection under the present law."

Mr. Hughes, representing the buyers favored by our present law, naturally wants Mr. Taft re-elected. He knows that the buyers and the manufacturer will be taken care of by his party as they have been in the past. I, however, as a wool grower, want to see Wilson and Ferguson elected because I know that the wool trust will be deprived by a democratic administration of the power to fix the price for our wool, as it has heretofore done.

Very truly,
J. H. LATHAM.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Thompson, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all druggists.

BRYAN DESCRIBES IT AS HAPPIEST DAY OF LIFE

In Delivering Twentieth Address Before Omaha Audience, Bryan Lauds Wilson and Incidentally Himself.

[By Morning Journal Special Leased Wire.] Omaha, Neb., Nov. 2.—The happiest day of my life was the day when William J. Bryan described it today in ending his twentieth address before an Omaha audience that packed the largest building in the city.

"Eighteen years ago," he continued, "the democrats of Nebraska advocated progressive principles. Two years later at Chicago, the democrats of the United States demanded these same reforms. Tonight I am asking your support for the man who, with me, has worked for progressive principles for sixteen years—Woodrow Wilson—and on next Tuesday night he will not be one bit happier than I. Democratic principles will have been endorsed by the entire United States."

"I have kept to the letter the promise I made during the Baltimore convention," Mr. Bryan said. "We nominated a progressive—a progressive who has advocated advanced principles of government for the last sixteen years—a man who has worked consistently for these and a man who today thinks only of the good people of the United States."

Mr. Bryan then turned to the prompter and made the following statement: "I have kept to the letter the promise I made during the Baltimore convention," Mr. Bryan said. "We nominated a progressive—a progressive who has advocated advanced principles of government for the last sixteen years—a man who has worked consistently for these and a man who today thinks only of the good people of the United States."

Cold Weather Comforts

BLANKETS AND COMFORTERS

People who are interested in Warm Weather and Comforts will be interested in the remarkable showing of Blankets and Comforters which we are making this week. The line is very complete, covering the entire range of All-Wool and Cotton Blankets, Down and Cotton Comforters. They are all full size, guaranteed of exceptional quality and value for the price we ask.

All-Wool Blankets, \$5 up
Cotton Blankets, 75c up
Down Comforters at a Special Price
Cotton Comforters, 80c up

HEATING STOVES That Meet The Demand Of Any Home

In Heaters and Heating Stoves we excel. Our line is so large and varied that we can furnish either a high-grade heating stove, like the MOORE AIR-TIGHT HEATER, or a stove that will give perfect satisfaction for a very little money.

We have a special value heating stove at \$4 that will do all the work expected of any stove of its size even if it costs several times the amount. It is an all-steel base and bottom and will stand up under the severest strain for many years.

We have many other stoves at various prices, from \$2.75 up. We are confident that we have the Heater for any requirement. Call and let us show you stoves.

218-226 East Central.

HAS BEEN GREAT CAMPAIGN SAYS ROOSEVELT

Colonel in Retrospect Declares Never Has There Been Contest Like Present One in History of Country.

[By Morning Journal Special Leased Wire.] Oyster Bay, N. Y., Nov. 2.—"It has been a great campaign," said Colonel Roosevelt tonight. "I don't know that there has ever been a campaign like it in this country."

The work of the campaign was at most at an end and Colonel Roosevelt gave little time today to politics.

Miss Francis A. Keller, member of the progressive executive committee, and head of the New York state bureau of immigration, took lunch today at Sagamore Hill and talked over with the colonel some of the progressive party's proposals for improving social and industrial conditions.

Miss Keller's visit prompted Colonel Roosevelt to say that one of the features which had pleased him most in the campaign was the part played by women.

One result of the participation of women, he went on, would be to modify the old "rough and tumble" political rallies and the spoke of the presence of large numbers of women at the progressive campaign meetings and of the Jane Addams choruses which sang at meetings at Chicago, Los Angeles and other cities.

Although Colonel Roosevelt is far from having recovered his normal strength and was somewhat fatigued when he arrived from New York last night, he arose fresh this morning and took a walk of an hour.

Cardinal Farley in San Francisco, San Francisco, Nov. 2.—Cardinal John Murphy Farley, with the party of ecclesiastics with whom he will tour California, arrived in San Francisco tonight, on his first visit to the west.

Health Baby is Precious Blessing

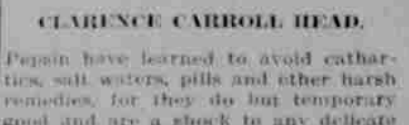

To Make It Healthy and Keep It Healthy Use a Reliable Baby Laxative.

In spite of the greatest personal care and the most intelligent attention to diet babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But we cannot all have perfect working bowels we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-remedy very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently in any drug store for fifty cents or one dollar a bottle and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It does not hide behind the name of a trifling laxative and yet it is genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, such headaches, etc., among them reliable people like Mr. D. C. Head, Mr. Head Drug Co., Ft. Worth, Tex., father of Clarence Carroll Head, and Mrs. M. E. Barnum, Kansas, S. D. They keep it constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salt waters, pills and other harsh remedies, for they do but temporary good and are a shock to any delicate system.

CLARENCE CARROLL HEAD.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address in postal card to Dr. W. B. Caldwell, 415 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

TWO DEAD AND FOUR ARE BADLY INJURED

Norfolk, Va., Nov. 2.—Michael V. Hornum and Richard M. Wagner, members of the fire crew of the battleship Vermont, are dead and H. W. Cannon, J. W. Newberry, M. W. Green and O. K. Harding are badly scalded as a result of the blowing out of the head of the battleship No. 6 boiler while she lay in Hampton Roads during last night.

Cannon is so badly burned it is feared he may die. The battleship was only slightly damaged.

Early today the injured men were transferred from the Vermont to the hospital ship Solace. Hornum and Wagner died aboard that vessel. The injured men will be transferred to the naval hospital at Portsmouth as soon as their condition will permit.

Norfolk, Va., Nov. 2.—The Norwegian steamer Noredda, which collided with the sailing ship Glen Luth, south of Hatteras yesterday morning, was forced to anchor in the teeth of a forty-mile northwest gale with a leak in No. 1 hold. The collision bulkhead is holding but the ship is in a bad way. Two battleships at anchor on the southern side of the grounds, have gone to her assistance.

Your Druggist Stops That Itch

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D. D. D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

A 50c bottle will prove it. It cures all other druggists have. D. D. D. Prescriptions—go to them if you can't come to us—but don't accept some big-profit substitute. But if you come to our store, we are so certain of what D. D. D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away that itch AT ONCE it costs you not a cent. J. H. O'Reilly Co.

Have You Made Your Will?

Every possessor of property is under obligation to his family to make a written disposition of his property.

This institution will draw your will, deposit it in its strong vaults for safe keeping and at your death deliver it to the clerk of the court for probate. Your property will be properly collected, cared for and distributed by officers who are selected because of their legal attainments and business judgment.

We care for small estates with same painstaking care given to large estates.

First Savings Bank and Trust Co.,
Albuquerque, N. M.

Avoid the Cheap "Big Can" Baking Powders.

The cheap baking powders have but one recommendation; they certainly give the purchaser plenty of powder for his money, but it's not all baking powder, the bulk is made up of cheap materials that have no leavening power. These powders are so carelessly made from inferior materials that they will not always make light, wholesome food. Further, these cheap baking powders have a very small percentage of leavening gas; therefore, it takes from two to three times as much of such powder to raise the cake or bread as it does of Calumet Baking Powder. Therefore, in the long run, the actual cost of the consumer of the cheap powders is more than Calumet would be. Cheap baking powders leave the bread some times bleached and acid, some times yellow and alkaline, and often unpalatable. They are never of uniform strength and quality.

Why not buy a perfectly wholesome baking powder like Calumet, that is at the same time moderate in price and one which can be relied upon?

Calumet is always the same, keeps indefinitely and gives the cook the least trouble. Received Highest Awards: World's Pure Food Exposition, Chicago, Ill.; Paris Exposition, France, March, 1912.

THE CLASSICS BY WIRE CRIS COLUMBUS RETURNS.

Claims to Have Run Across New Hemisphere - Is He a Second Dr. Cook?

Palos, Spain, February 15, 1492—Arrivals at this port yesterday included the Pinta, 50 tons, and the Nina, 40 tons, Captain Christopher Columbus in Command. The two caravels anchored off quarantine and after having their rats examined for traces of bubonic plague, were towed in by the tug J. J. Bonwell and tied up to the wharf of Carranza Brothers and Company, dealers in imported and domestic wines and olive oils.

The ships have a cargo of strange human beings which their captain calls Indians, and a bunch of wonderful tales about discovery which may be very good for purposes of fiction, but which intelligent Spaniards cannot be expected to fall for. Captain Columbus modestly claims to have bumped into a couple of full sized, brand new continents, and he is wearing his right arm in a sling because

proofs, I have the records of a couple of the latest models of artificial horizons which will prove beyond a shadow of a doubt that everything I say is on the level.

The reporters accepted this explanation with a few mental reservations rather than try to find out what an artificial horizon was. Whether the Geographical and Meteorological Society of the University of Spain will be equally open to conviction is yet to be seen.

A moving picture man who went with the Captain claims to have a perfect film of the landing of Columbus and party, the habits and sports of the natives, fauna and flora of the new hemisphere, and a couple of photo-plays acted by sailors of the crew. These will be shown beginning next Monday evening at the Grand Theatre, corner Tenth and Second streets. The photographer did a land office business in postcard pictures of the new land.

After having his shoes massaged at the Athens Shoe Shining Emporium, Captain Columbus changed his shirt and took the 4.45 express for Barcelona, where he has a date with King Ferdinand, and his wife, Isabella. He took with him the so-called natives of the alleged new continent, and a black and white suit case full of photographs and notes.

These natives are about the hue of a new Lincoln penny, have colored eagle feathers growing from their scalp, and talk by means of growls and grunts that could not possibly mean anything. The women of the party spent the day in the local department stores, and the men in the coin shops. What with bundles and packages of this and that the Captain could hardly get them aboard the train.

It will be remembered that Captain Columbus sailed from this port on August 3rd of last year. As he was yanking in the gangplank of the flagship Santa Maria, a deputy sheriff, Juan McKest by name, ran down the wharf with a warrant for his arrest on the charge that he was nutty. The Captain kicked the officer into the bay and sailed merrily out into the west. Mr. McKest sustained the loss of three front teeth and was laid up in the Broadway Hospital for some time with an attack of pneumonia. It is said that he will see the returned mariner for assault with attempt to kill.

Columbus has long been regarded as a confirmed lug and it has been much mooted question as to whether he ought to be allowed at large. The most violent outbreak of his mental weakness has taken, was his repeated statements that the world is round. In spite of all that men of unquestioned sanity and intelligence could do, he persisted in this notion, affirming further that he could take a couple of ocean-going canoes and by sailing westward, find a sea trail in that direction to the lands of Cathay. Professors and scientists showed him that he was sure to come to the jumping off place and that his ships with all on board would be lost, proving that the world was round, they proved that as soon as he sailed down to the under side he and his vessels would drop off into space just the same.

None of these arguments moved Christopher. For his hardheadedness he gained the just sobriquet of Iron Headed Chris. The queerest part of it is that these bugs will always find some one in high circles whom they can hypnotize into their way of thinking. Captain Columbus buzzed his theories so effectively into the ears of H. R. H. Isabella that the latter pledged him to seek her jewels and to furnish the ships that he needed.

Christopher had been hanging around the court for several years bothering everybody from the cooks to the janitor with his theories, and just what the royal motive was in getting him the ships has been a matter of animated discussion. Maria Cordova, of 104 West Madison avenue, who is a lady in waiting to the queen, declares that she overheard Isabella say:

"It's worth a dozen ships to get rid of a pest like that!"

Since the Captain alleges that he returns triumphant, the Queen has daily denied this statement, averring that she had implicit faith in the

Columbus theories all the time.

Some of the wisest of the local wisecracks declare openly that Captain Columbus is faking and liken him to Dr. Cook. An afternoon paper prints a two-column interview alleged to have been given out by the second steward of the Pinta.

It declares that after Queen Isabella had handed over the cash to Captain Columbus, he made a stall at sailing out into the uncharted ocean. It says that after getting out of sight of land, the vessels were hoisted to and anchored. After sundown all lights aboard were doused, and the fleet beat it into the Mediterranean Sea, and galloped off to Constantinople. In the gay Turkish city, it is said that Columbus was a constant patron of Honest Sid Yusuf's gambling house, sitting in every night at auction pinochle, of which he is known to be passionately fond.

To back his charges the steward points out the fact that Captain Columbus returns minus the Santa Maria, the largest of the three ships

The Pinta being towed into the bay.

of the overwork incident to jolting down his alleged adventures in the log book.

He reports a stormy passage, with no ships sighted, and a narrow escape from a school of icebergs in longitude 40°, 15° 42' and latitude 24°, 40° 25'. In spite of the doubt cast upon his tales of adventures, the Captain talked readily and frankly to the ship news reporters when these literary pirates boarded his vessel.

"Did you, or did you not, discover a new continent, Captain Columbus?" he was asked.

"I did," he answered, and he banged the hatch so hard for emphasis that he broke in.

"What continents are they?" "How can I tell—they haven't been named yet."

"What authority have you for the statement that the foot of white man never before trod those distant shores?"

"Well, the day after we landed I borrowed a horse from an Indian and rode for a whole day inland. And I didn't see a single patent medicine bill-board, nor an automobile. That's what made me sure that I had run across a new piece of geography. If there is any long whiskered foad among the savants who doubt my

NATURALLY.

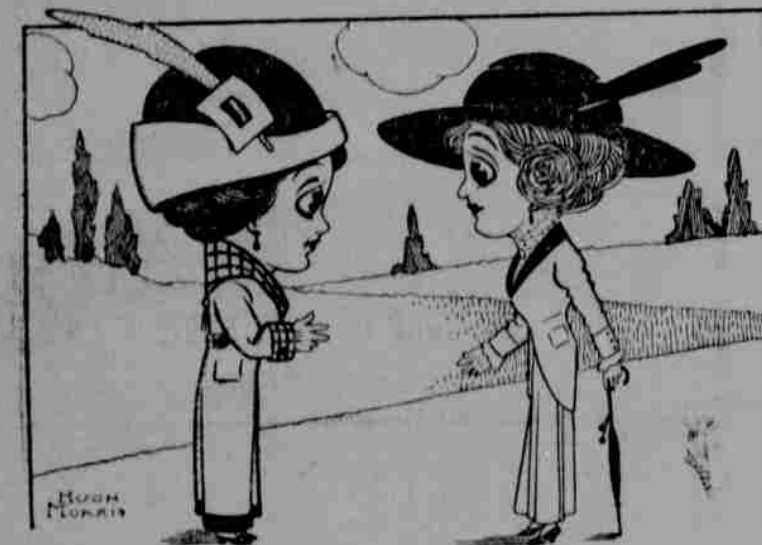

Soubrette—Why do the leaves turn red in autumn?

Comedian—Blushing because they've been so green all summer.

DISHONORABLE.

Maud—Was your father college bred?
Fred—Yes, but we never mention it. The college he went to had a rotten football team.

THE REASON.

Mrs. W.—Your husband seems less careworn than formerly.
Mrs. B.—Yes, now that the baseball season is over he hasn't anything but his business to worry him.

AFTER THE GAME.

Physician—You seem to have sustained some serious bruises, your face is badly battered and both your arms are broken.
Football Player—Punch! That's nothing, wait till you see the fellow who tried to prevent me from kicking a goal.

UNION MAGAZINE IS INTRODUCED IN EVIDENCE

Letters Between Labor Leaders Indicate Agreement to Destroy Property Where Scabs Were Employed.

[By Morning Journal Special Leased Wire.] Indianapolis, Nov. 2.—Extracts from the Iron Workers union magazine concerning a demand made upon the American Federation of Labor to raise a tax of one cent a month on all of its members to subsidize Los Angeles, three years before James H. McNamee, a brother of the secretary of

the Iron Workers union blew up the Los Angeles Times building, were read by the government at the dynamite conspiracy trial today.

One extract was a copy of a resolution adopted by the International Association of Bridges and Structural Iron Workers in September, 1907.

It asserted that Los Angeles was a breeding place for strike breakers on all crafts and trades and added:

"If unionism is crushed in Los Angeles it will be but a short time before the same methods are applied to other cities. The movement is national in scope and should be financed by the American Federation of Labor."

Many letters, which the government charged, implicated the forty-five men now on trial were read by District Attorney Miller. A letter from Michael J. Hanson, former business agent of the Iron Workers at Scranton, Pa., to J. J. McNamee, as read by Mr. Miller said:

"If local 22 had a million I would not do a thing for them as they don't know how to keep their mouths shut and I do not feel prepared to serve time. I am prepared to do anything, but you know how careful a man must be in an affair of this kind."

A letter from William Bernhart, of Cincinnati, was quoted by Mr. Miller as follows:

"I wish to say that Traveler turned over on the Granger job, one killed and one injured. They accuse the leadership of putting acid on the cards. Some of our men have been arrested. I have fought some of the bills personally. Now, if some stranger could come around and ditch the balance I am sure the jig is up. I've got all our men off, but the judge said, 'for God's sake don't let this bunch come around here again, or I'll have to do something.'"

BIBLE TEACHER SHOT
BY HIGHWAYMAN

Kansas City, Nov. 2.—Miss Ellen Perrine, 25 years old, a teacher in a Bible training school here, was shot and killed tonight by a highwayman who attempted to rob her, immediately after she had alighted from a street car. The man, swamped, Miss Perrine was killed within a few blocks of the business center of the city.

MEN ACCUSED OF MURDER FOUND NOT GUILTY

Sixty Members of Union Go Free as Result of Jury's Verdict Made After Deliberating One Hour.

[By Morning Journal Special Leased Wire.] Lake Charles, La., Nov. 2.—The defendants in the Grabow riot murder case were acquitted this afternoon. The jury was out an hour. Immediately after the verdict was read all other indictments against both the nine defendants and their forty-nine fellow union men who have

been awaiting trial were abandoned. Half an hour later the jail doors were opened and the prisoners, most of whom had been confined for two months or more, walked out free men.

The Grabow riot occurred Sunday afternoon, July 7th, when members of the Brotherhood of Timber Workers, led by President Emerson, began a labor meeting in front of the Galloway mill. No sooner had the speaking commenced than someone fired a shot, and firing became general. When the riot ended three men were dead and thirty-seven wounded, one of whom died later.

"Leather Preacher" Smith was killed some weeks after while resisting arrest on a charge of complicity. State troops were called out and more than sixty-five men, including members of the Galloway family, owners of the mills, were arrested. None of the workers were tried.

Only nine of the workers were tried. The riot was the culmination of a strike by the timber workers against the Galloway mills and other mills in western Louisiana. President Emerson, organized the Brotherhood as a branch of the Industrial Workers of the World.

A MATTER OF TASTE.

Gloria—But, Jim, he says I look good enough to eat.
Brother Dick—You 'ust ought to see the things he eats at the lunch counters and the fifty-cent cafes.

THEATRICAL TERM.

"Trying it on the dog."

AN OLD ONE.

He—I suppose you think you're too young for me.
She—Oh, no! I was worrying for fear you'd think me too old. I know you old guys all look for young wives.

General Orozco Goes to Los Angeles.

Los Angeles, Nov. 2.—Pascual Orozco, Sr., arrived in Los Angeles today to attend the funeral of his brother Antonio Orozco who died yesterday from injuries received in a street car accident.

GIRL TELLS STORY OF MURDERING TWO WOMEN

Pansy Ellen Lesh Says She Gave Rat Poison to Mrs. Quaintance and Mrs. Coe in Missouri.

(By Morning Journal Special Leased Wire.)
Los Angeles, Nov. 2.—Pansy Ellen Lesh, 24 years old, who said she had just been deserted by her husband, went to the central police station late tonight and surrendered herself, declaring that she had murdered two women in Missouri—one at Greenridge and another at Sedalia.

Mrs. Lesh told the police that she was taken from the orphan home society in St. Louis, when she was 13 years old by a Mrs. Quaintance, of Greenridge, in June, 1904, she said, she put a capsule containing rat poison in some medicine and gave it to Mrs. Quaintance, who died next morning.

The next spring she left for Sedalia and went to the home of Mrs. Coe, a widow, in August of that year, she said, she put rat poison in a glass of beer and gave it to Mrs. Coe, who died the next morning.

The woman said she drifted to Paducah, Ky., where in 1907, she married Lesh. Lesh deserted her soon after their arrival, she said.

The police are holding her pending investigation.

SEDALIA AUTHORITIES BELIEVE MURDER STORY

Sedalia, Mo., Nov. 2.—When the confession of Pansy Ellen Lesh of Los Angeles, in which she claims to have caused the deaths by poison of Mrs. E. M. Quaintance at Greenridge and Mrs. Elise Coe of Sedalia, was reported to the local authorities, they recalled that both women died under circumstances that give credence to the woman's story by reason of the accuracy of dates.

Mrs. Lesh's maiden name, if her story is true, was Pansy Hastings, who lived at the home of Colonel and Mrs. E. M. Quaintance at Greenridge in 1903 and 1904. She was sent to Greenridge from a St. Louis orphanage. She and Mrs. Quaintance quarreled over an alleged intimacy between the girl and her husband.

The girl is said to have knocked Mrs. Quaintance down, injuring her badly. Blood poison developed and she died in June, 1904.

The girl made her home with Colonel Quaintance, as his housekeeper, until a few weeks after Mrs. Quaintance's death. When Colonel Quaintance shot himself.

Just before the suicide, the St. Louis orphanage had been advised of the girl's actions and took her in charge.

After remaining in the orphanage a few weeks, the girl came to Sedalia to live at the home of Mrs. Coe, who was secretary of the board of charities of Putnam county. The girl remained here until the sudden death of Mrs. Coe in July, 1905.

The attending physician announced that Mrs. Coe died of cholera morbus. The girl left here soon after.

GOVERNOR WILSON WILL NOT RESIGN IF ELECTED

Declares He Will Continue to Serve as New Jersey's Executive Until He Is Inducted Into Presidency.

(By Morning Journal Special Leased Wire.)
Long Branch, N. J., Nov. 2.—Governor Woodrow Wilson indicated in his speeches tonight on behalf of the democratic legislative ticket of New Jersey, that even if he were elected president, he will continue to act as governor of New Jersey, perhaps until next March.

"I have not stopped being governor yet," he said, here, "and it is my ambition to be associated with the legislature of New Jersey which meets next January in doing some further things in setting the people of New Jersey free from private and special interests."

The nominee stated that if it were a matter of personal choice with him as to whether the presidency on the one hand and a Congress of opposite political complexion, he would prefer

WILSON'S MESSAGE TO VOTERS READ AT RALLY HERE

Presidential Candidate of Democratic Party Sends Final Word Before People Go to Polls.

Louis A. McRae, chairman of the democratic county central committee, last night read Governor Wilson's rally day message to a large gathering at the party headquarters.

There was no speech making. After the reading of the message, work preparatory to the election was begun.

The same message, printed copies of which had been furnished party workers in advance, was read last night to democrats in all parts of the United States in celebration of Wilson day. The contents of the message were unknown except to county committee men until then.

The message in part follows:

The next four years will determine how we are to solve the question of the tariff, the question of the trusts, the question of the reformation of our whole banking and currency system, the conservation of our natural resources and of the health and vigor of our people, the development of our means of transportation, the right application of our scientific knowledge to the work and healthful prosperity of our whole population, whether in the fields or in the factories or in the mines, the firm establishment of a foreign policy based upon justice and good will rather than upon mere commercial exploitation and the selfish interests of a narrow circle of financiers extending their enterprises to the ends of the earth, and the extension of the assistance of the government to those many programs of uplift and betterment to which some of the best minds of our age have turned with wise hope and ardor.

The tariff question must be solved in the interest of those who work and spend and plan and struggle, and not for the sake of special groups of men who dominate and control their fellows and regard the toll of millions of men merely as an opportunity to make use of their established advantage. It must be handled prudently, so that no honest toil may be interrupted.

The trust question must be dealt with in the same way with this distinct and single program, to destroy monopoly and to leave business intact.

Current and banking questions must be discussed and settled in the interest of those who use credit, produce the crops, manufacture the goods, and quicken the commerce of the nation, rather than in the interest of the banker and the promoter and the captain of finance.

Forests must be renewed, and mines and water courses must be husbanded and preserved, as if we were trustees for all generations, not merely for our own.

We must consider our foreign policy upon the same principle. We have become a powerful member of the great family of nations. The nation look to us for standards and policies worthy of America.

None of these things can be done, because none of them can be conceived, from the point of view of those who at present exercise power over us at Washington.

The great task that waits can be done only by a free government with its eye upon the whole people, and such a government we have not had since the McKinley and Taft years began to be built up favor for favor and promise began to multiply under the very prohibitions of the law. The republican party is irrevocably committed and bound to go in the very opposite direction from that in which balance and freedom lie. It has become a party of special points of view.

The country has already perceived this. Everywhere there has been a steadily gathering revolt by the voters. Twenty-six of the forty-eight state governments are now under democratic control. In the legislatures of the forty-eight states, the democrats outnumber the republicans by a majority of 198. Seventy-three of the 120 chief cities of the country have democratic mayors. There are now 227 democrats in the national house of representatives and only 141 republicans. The tide is running in greater and greater volume. Only the presidency and the senate lift their heads a little above the tide. These islands of power which the constitution makes it hard for the people's majority to capture and occupy. All these are taken, the great task will have been won, the great task of putting the government at the service of the people.

NEW NIGHT CLASS IN SPANISH BEGINS MONDAY NIGHT

A class will be organized in Spanish at the Albuquerque Business College tomorrow night. The class is expected to have a large membership. Anyone interested or who intends to join the class, is requested to immediately telephone or write to the Albuquerque Business College, The Spanish School for Specialists, Phone 627.

All goods reduced and priced the same in all Clark's stores.

COUNTY CHAIRMEN CONFIDENT BUT CONSERVATIVE

McRae Sure Fergusson Will Have Majority, While Baca and Romero Believe De Baca Will Be Chosen.

A curious condition is apparent in Berkeley county politics, as will be seen from a comparison of the statements issued last night by the chairmen of the different political county committees.

Louis McRae, chairman of the democratic committee, said: "Fergusson will have not less than 400 majority in the county over Jaffa, probably more than that number."

Elegio Baca, chairman of the republican county central committee, said: "Jaffa will lose by not less than 1,000 votes. I believe de Baca will run ahead of Fergusson."

Jesus Romero, chairman of the progressive county central committee, said: "I am confident de Baca will win by from 500 to 800 votes in this county. The outside predicts will vote almost solidly for him."

REPUBLICANS ARE ADDRESSED BY LOCAL MEN

T. N. Wilkerson and M. E. Hickey Speak to Taft-Jaffa Club Last Night, a Fair Crowd Attending.

The Taft-Jaffa club was addressed last night by several local men, the promised men of state-wide reputation failing to materialize, presumably owing to the lateness of the trains.

T. N. Wilkerson was the first speaker. He delivered a fiery address, enlivened with stories whenever there was an opportunity for them. He repeated the reasons which had caused him to change from the democratic to the republican party many years ago, and discussed the campaign issues in a general way.

M. E. Hickey was the only other speaker. His address was devoted mainly to a consideration of the tariff and a plea to the voters to cast their ballots for Jaffa. He declared that Jaffa was as able to win things for New Mexico which New Mexico wanted as was Fergusson, who had declared that he did not favor the removal of protection from wool, and was thus out of accord with the platform on which he was running.

ARRANGEMENTS ARE BEING MADE FOR PARCELS POST

Special Scales and Charts Will be Sent to All Postmasters; Different Type of Stamp Required on Packages.

According to an issue of the Daily Bulletin, of the postoffice department, dated October 28th, arrangements are being made for the inauguration of the parcels post system throughout the country, as provided by act of congress some time ago. The main features of the new system are that packages weighing up to eleven pounds may be dispatched through the mails, much as are new packages whose weight does not exceed four pounds. For this dispatch, however, special stamps are necessary, and the ordinary postage stamps used on letters and packages now will not be accepted as postage when attached to matter intended for the parcels post.

Special stamps must be purchased and affixed to each package. No package will be received by the postoffice authorities which does not bear the name and address of the sender.

Parcels will be received for the parcels post only at postoffice branch postoffices, lettered and named local stations and such numbered stations as may be designated by the postmaster.

The inauguration of the new system makes necessary a great number of changes, chief of which is the provision of a great number of scales capable of handling packages up to eleven pounds in weight. Most of the scales now in use in the different postoffices are not large enough to handle this weight.

These scales will be furnished to postoffices for the inauguration of the parcels post. It is expected that scales and tape lines will be received by all the postoffice postoffices, and that the postoffice postoffices will be the first to use them.

RETURNS AVAILABLE AT TROUBADOURS' ENTERTAINMENT

Music Lovers, Who Are Interested in Election, Need Not Pass Up Concert at Elks Theater Tuesday Night.

Persons whose party zeal comes before standing in the open air for hours before a bulletin board will find the place they are looking for Tuesday night at the Elks' theater. A special wire will be run to the show house from a local telegraph office and results of the election will be announced between numbers on the Elks Troubadours' program.

The Troubadours really do not need this drawing card, however, on any night but election night. They form a magnificent company. The artists use twenty different instruments and have shown remarkable versatility in previous performances. Notable in the combined work of the first and second parts in the "Dance of the Hours" (La Gioconda), and "A Vision of Salome." They also have a unique saxophone quartet. Only one player appears on the stage at first, the others playing as an echo to the first. A trio of violin, harp and cello has been one of the most applauded numbers of the company.

Another gem is the "Byrondolin," an instrument that combines the mandolin and guitar. Four men operate it. The saxophone quartet is another feature.

There are two soloists, each pleasing in his own way, one with popular dittos and the other with emotional Hawaiian love songs and other numbers, such as "La Palomas."

There are five brothers in this organization who are of Creole descent. Their mother was a musical prodigy.

PRICHARD AND BURG ADDRESS THIRD PARTY VOTERS

Warhorse from Santa Fe and Local Legislator Discuss Campaign Issues to Good Crowd at Headquarters.

Colonel George W. Prichard, of Santa Fe, one of the leaders of the progressive party ever since its inception, and John Barron Burg, a progressive member of the legislature from this county, were speakers who addressed a well attended meeting of the Roosevelt de Baca club last night. Both made long speeches, but both were listened to with attention all the way through.

Colonel Prichard declared that there were two classes of kickers, those who kicked for good and those who kicked against it. He placed the progressives in the first classification. He enumerated a number of the proposed changes for which the party stood, calling them "advanced legislation" and declared the republicans shared not take them up because they meant the death of free rule, a long established custom in this party. Among those were the initiative, referendum, recall, presidential preference, law, direct election of senators, and others, including income and inheritance taxes.

Mr. Burg accused President Taft of having sold out to the interests and denounced the state senate for blocking what he termed "good laws." Mr. Burg asserted that the conditions which existed in New Mexico's senate, with its republican majority, were reproduced in other states, where either of the old parties had been long in power, and that they were directly responsible for the rise of the progressives, although he gave Roosevelt great credit for crystallizing the sentiment of the people into a third party movement.

He cited instances of corporations in New Mexico, which he said, were not taxed as highly as they should be, and declared that the state laws had been engineered so as to put the burden on the poorest classes.

He urged the progressive party as a remedy for all the ills which were traceable to defects in the government.

A curious feature of the meeting was the attendance of Elegio Baca, chairman of the republican county central committee.

HILL CHARGED WITH OBTAINING MONEY ON FALSE PRETENSES

E. W. Hill, recently acquitted of a charge of embezzlement, made by Mrs. Mary Duncan, was yesterday arrested by Police Chief Thomas McMillin on a warrant sworn out by the same complainant, alleging that Hill obtained \$1,000 from her under false pretenses.

Hill terminated bond for appearance at a hearing Monday before Justice of the Peace George H. Craig, who issued the warrant.

FALL STYLE BULLETIN

for Men:

A hint of slenderness in the figure is again the prevailing note in the fall fashion.

"It's a 'Stein-Bloch.' The label's right, so I know the garment's right."

—This does not mean tightness, although you run the risk of this fault in cheaply tailored suits without "balance." It means only a slightly narrower shoulder and hips, and trousers a trifle slimmer. Lapels are soft and rolling.

—Fabrics are as many as the men who will look them over. Worsteds are still popular. Rougher goods are feeling the style influence and you cannot be better dressed than in a Stein-Bloch tweed or cheviot.

—You can be fitted without doubt in a Stein-Bloch fall suit. A moment's call on your way home, or downtown, will settle the question—and the odds are on your being fitted and saving money.

SUITS: \$18, \$20, \$22.50, \$25, \$27.50 and \$30.
Overcoats: \$15 to \$30.

ROSARY WITNESSED BY TWO LARGE AUDIENCES

Matinee Performance Makes Hit with Children and Ladies; Evening Presentation Begins at 9 O'clock.

Partly from its innate appeal to the higher nature and partly because it was a really good play, "The Rosary" yesterday drew good crowds to both its afternoon and evening performances. The production throughout was clean and wholesome, and lacked many of the artificialities which the public has come to accept as a necessary evil of the stage.

The matinee was witnessed by a very good crowd, containing a large proportion of ladies and school children while the night performance was viewed by a gathering that filled the Elks' theater comfortably. This performance was not begun until 9 o'clock, in order that the clerks and others who had work or shopping to do, might see the whole of the piece.

The theme of "The Rosary" is a little out of the ordinary, but it is a good one and contains a valuable lesson.

HUSBAND'S TRAIN LATE; SQUAW ACQUIRES JAG

A Pueblo Indian, whose name is unknown to the police, had a dispute with his wife last night. He was to meet her at the Santa Fe station but the Puebloan didn't keep the date and neither did his squaw.

The woman, whose name either Indians at the station were Mase-

State of Utah, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is a resident of the City of Toledo, Ohio, and is duly qualified to administer oaths and that he will support the laws of the United States and every state of the Union, and will faithfully discharge the duties of his office as clerk of the court of the said county.
