The Constantinople correspondent of the Daily Mail reports that he was in Tchornu last Tuesday. At that time there was no sign of the Bulgarian advance.

Constantinople, Nov. 7. — Public opinion in Constantinople is strongly opposed to the idea of seeking mediation or peace.

Nazim Pasha, the Turkish commander in chief, has reported to the government that the army is determined to fight until victorious or absolutely defeated. The principal officers in Constantinople have handed the grand vizier a signed declaration in the same spirit and the party of union and pro-

Reconnaissances by the eastern army today before Tchornî failed to show the presence of any Bulgarians, but Nazim Pasha reports that a Bulgarian reconnoitering party was repulsed about four miles from Redoste.

night there has been little change in the military situation in the last twenty-four hours. A sort of self-imposed armistice obtains on the Thracian plains. Both sides appear to require time to rest and reorganize after their

exhaustive efforts. The roads are difficult for transportation and it is believed by Turkish officials that probably a week will elapse before hostilities are resumed along the Tcha-talia lines. This battle is expected to decide the campaign. The rumor that Saloniki has been occupied has not been confirmed, but it is known that the town is hard pressed.

Musulman refugees continue to ar-

live at the outskirts of the capital from practically the whole country south of the Bulgarian advance. The scene outside the city walls at the Adrianople gate is one of direful distress.

Men, women and children, carts and cattle are huddled together. The authorities are trying to supply the immediate wants of the refugees and

have decided to send them to Asia Minor. Thousands have tramped the country the last ten days and have undergone intense suffering. They say they feared the invaders would burn the villages.

The ambassador of the five powers held a meeting this morning at the porte and there met the grand vizier and the foreign minister. It is understood they discussed measures of public safety and the question of mediation but nothing is known of the

# JOHNSON INDICTED ON CHARGES OF WHITE SLAVERY

Negro Pugilist Accused on Four Separate Counts and Bond is Fixed at Thirty Thousand Dollars by Court.

Chicago, Nov. 7.—Jack Johnson, negro pugilist, was indicted on four counts and his bond fixed at \$30,000 by United States Judge Landis. The specific case against Johnson was in connection with his alleged relations with Belle Schreiber, a Pittsburgh, Pa. girl in August, 1910. Lucille Cameron, with whose abduction Johnson was charged, was held as a witness in \$15,000 bonds.

When Max and David Weber had offered a bond, Judge Landis refused to accept it. Plans were made to return Miss Cameron to Rockford, where she had been held in jail.

Federal officers instructed to arrest Johnson did not find him early this morning.

In the indictment Johnson is charged with violation of the Mann act on four counts. He is said to have induced the Schreiber girl to come to Chicago.

Johnson was arrested by federal officers late tonight.

Federal officers searched the south side several hours before Johnson was found hiding in a hotel surrounded by four negro guards. An attempt was at first made by the guards to prevent the officers from entering Johnson's room, but they were pushed roughly aside and the government requisition was served on the fighter without serious difficulty.

At the federal building tears came to the negro's eyes as the officers put handcuffs on his wrists.

"You don't have to do this; I'm not going to run away," he said. "I'm square, you ought to know that."

His bond had been fixed at \$30,000 but all the federal judges had left the building for the night. Johnson and his attorney attempted to obtain bail but for a time it seemed as if the prize fighter would be compelled to spend the night in the county jail. The federal judges declined to leave their homes to go through the formality of accepting bail.

After several hours' work Johnson found a court clerk willing to act and the prize fighter was taken to the home of his aged mother on the south side, who signed the bonds along with several others and Johnson was released.

**VARSITY MEETS RED MEN AT ASSOCIATION PARK TOMORROW**

The eleven from the University of New Mexico will meet the team from the Indian school tomorrow afternoon at Association park in its first game at home this season. The game is expected to be a good one. In a practice game earlier in the season the red men scored on the team from the hill. They are almost matched in weight, the varsity men averaging 141 pounds and the Indians only four pounds less. New style ball will be a feature.

**PRIZE FIGHT—SPORTS**

A prize fight here on October 5th named "Slim" Robinson, who appeared in a local ring on that date, from a term in jail. Robinson was arrested in Flagstaff for burglary yesterday, the alleged robbery having been committed on the same day as the prize fight.

Robinson declared he had been in Albuquerque at that time and could prove it. Sheriff T. E. Pulliam heard his story, then wired Albuquerque to see if it was true.

Chief of Police Thomas McMillin investigated and found it was. He wired the Arizona officer, and Robinson was cleared of suspicion.

# WILSON WILL USE UTMOST CARE IN SELECTION OF HIS CABINET

President-Elect is Manifestly Concerned About Rumors of Probable Members of White House Official Family.

**DECLARES HIS MIND IS OPEN ON SUBJECT**

Makes Positive Statement That Any Announcement as to Decision Will Appear Over Own Signature.

(By Morning Journal Special Licensed Wire.) Princeton, Nov. 7.—President-elect Woodrow Wilson has not decided upon the personnel of his future cabinet, and he intends to keep his mind open on the subject for a long time. He was manifestly concerned today about certain speculations emanating from Princeton with respect to the probable make-up of his cabinet. To put an end, if possible, to all gossip about cabinet appointments he issued the following statement:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

There is every reason to believe that Woodrow Wilson, both as presidential nominee and president-elect, has not only not discussed the framing of a cabinet with anybody, but will not make any final decision until he maps out his own course with regard to his administration.

From his announced intention of being the "best listener in the United States" for a few months it is probable that until he has talked with party leaders and taken counsel with people all over the country he will not deal specifically with appointments.

The president-elect said tonight that he considered the time between his election and his inauguration a period in which he should listen carefully to the ideas of men informed on national questions and that it was a "public duty" for him to do so. The president-elect was confronted tonight with reports about his proposed vacation. He said any definite announcement that he was going to the Bermudas was not authorized.

"For the very reason that I am going away to rest," he added, "I will have no announcement of my plans to make until the day before I start."

He said that if he did take a sea trip he certainly would not go on a private yacht, but would go on a regular steamer. He is anxious for a vacation and it is likely that he will get away within a fortnight.

Governor Wilson had a busy time with his correspondence and telegrams today. Callers came in a steady procession in spite of the rain and muddy roads.

**McCOMBS PLANS FOR PERMANENT COMMITTEE**

New York, Nov. 7.—Chairman William F. McCombs of the democratic national committee said today that he was not prepared to discuss plans which he had laid before President-elect Wilson yet, but intimated that within a few days he would make an announcement concerning the future activity of the national committee and himself.

A meeting of the committee probably will be called within the next two weeks and resolutions in favor of continuing the committee as a working institution throughout the Wilson administration will be presented.

The idea is that of conducting a continual campaign for the education of the people in democratic doctrines.

Mrs. A. Grove, 1145 Dayton Ave., Wichita, Kan., states: "I suffered with kidney trouble, with a severe pain across my back and felt miserable all day long, but after taking Foley Kidney Pills for a few days, the pain left my back and I felt full of life and activity. Gladly do I recommend Foley Kidney Pills to all who have kidney trouble." J. H. O'Reilly Drug Co.

**WILSON WINNER IN ILLINOIS BY VERY SMALL PLURALITY**

(Continued From Page One.)

deney of the belated returns which are coming from the distant precincts indicate the usual republican vote, which seem to make certain the election of Byrne.

The democrats have gained a few seats in the state legislature, but the republicans will control by a large majority, insuring the election of Thomas Sterling, the successful republican candidate at the primaries to the United States senate as the successor of Senator Gimbel. Roosevelt's plurality in the state over Governor Wilson will approximate 5,000.

**NEW HAMPSHIRE IS IN WILSON COLUMN**

Concord, N. H., Nov. 7.—Complete

returns for the entire state ticket give the republicans a majority of twenty-one on joint ballot in the legislature, which will be called on to choose a governor and a United States senator. The complete vote for president was as follows: Taft, 32,964; Wilson, 24,743; Roosevelt, 17,892; Chittin, 331; Debs, 1,640.

**WASHINGTON RESULTS**

Seattle, Wash., Nov. 7.—Fourteen hundred and fifty-one precincts out of 1,903 in the state give for governor: Lister, democrat, 78,187; Hay, republican, 77,527.

For president: 1,238 precincts give Roosevelt, 70,162; Wilson, 57,169; Taft, 44,182.

For congressman-at-large: 1,771 precincts give Falkner, progressive, 30,655; Bryan, progressive, 48,975; Dewey, republican, 47,810; Frost, republican, 46,441; Connor, democrat, 45,554; White, democrat, 40,844.

The socialist vote in the state was probably three times that of 1902. In Snohomish county, Debs polled nearly 3,000 votes, and the candidate for governor received more votes than either Hay or Lister.

**CONGRESSMAN LONGWORTH DEFEATED BY DEMOCRAT**

Cincinnati, Nov. 7.—Congressman Nicholas Longworth was defeated for re-election by Stanley Bowdye, democrat, by eighty-five votes, according to the unofficial canvass of the vote in the First Ohio district.

**McGOVERN RE-ELECTED AS VISCOSIN GOVERNOR**

Milwaukee, Wis., Nov. 7.—Governor Francis E. McGovern, republican, will have a plurality of at least 5,000 votes over Judge John C. Karel, democrat, in Wisconsin, according to returns received by republican state chairman Scott.

**WILSON HAS PLURALITY OVER TAFT IN WYOMING**

Cheyenne, Wyo., Nov. 7.—Three hundred and ten precincts out of 472 in Wyoming give Wilson, 10,581; Taft, 10,382; Roosevelt, 4,634.

The drop in the Roosevelt vote was due to the failure to count his vote in a number of counties. The senatorial result is still in doubt. The democrats have forty votes in the next legislature; the republicans have thirty-five; the necessary to choose is forty-three. Lincoln county is missing, Uinta county, which with Lincoln comprises a legislative district, has gone democratic by a small majority. The district elects eight legislators and holds the deciding vote.

**NEBRASKA DEMOCRATIC BY OVERWHELMING PLURALITY**

Lincoln, Neb., Nov. 7.—With returns from three-fourths of the counties, Wilson's plurality in Nebraska is 31,000. The remaining counties should increase his lead, making it probably nearly 40,000. Practically the same counties show McPherson, democrat, for governor, 12,000 ahead of Adrich, Norris, republican, for United States senator, is leading Shallenburger, democrat, by about the same ratio as McPherson leads Adrich. The republican committee claims Norris' plurality in the state will be 15,000. Chief interest today centered in the legislature, the republican state committee claiming control of both branches.

**OKLAHOMA CITY TO RETAIN STATE CAPITAL**

Oklahoma City, Nov. 7.—Late returns today placed Congressman Dick T. Morgan, republican, in the lead for congress in the Second district over J. J. Carney, democrat. Morgan claims 800 plurality. The bill for the removal of the capital to Guthrie was defeated by 20,000.

**DEMOCRATS MAKE A CLEAN UP IN OREGON**

Portland, Ore., Nov. 7.—Partial returns from every county in Oregon but two give Wilson, 31,664; Roosevelt, 25,434; Taft, 25,600. For United States senator: Lane, democrat, 28,206; Sellins, republican, 27,249; Bourne, independent, (incumbent) 20,046.

**DOUBT TENNESSEE SENATORSHIP**

Nashville, Nov. 7.—Much uncertainty exists as to the naming of a successor of United States Senator Newell Sanders, republican, who was appointed by Governor Hooper to fill out the unexpired term of Senator Robert L. Taylor, who died in office. The legislature chosen at the polls Tuesday apparently is hostile to ex-Governor Patterson, nominee of the so-called "regular" faction of the democratic party, but it is claimed at democratic state headquarters that it is controlled by the "regular" democrats and if this claim is true, some "regular" democrats other than Patterson might be named. Several members of the legislature who are allied with the regular democrats are opposed to Patterson, who was made an issue in the campaign.

It is claimed by "independent democrats" and republicans that they have a majority of the legislature on joint ballot and if their contention is well founded, it is probable an "independent democrat" will be elected. Sanders has pledged himself not to seek re-election, and it is believed the republican votes will be thrown to an independent democrat.

**WILSON EASILY LEADS TWO RIVALS IN IOWA**

Des Moines, Iowa, Nov. 7.—Practically complete returns from all but five of the ninety-nine counties of the state of Iowa indicate the victory of Woodrow Wilson. The figures are: Wilson, 169,182; Roosevelt, 149,540; Taft, 141,084. Wilson's plurality, 19,522. Complete returns from all but two legislative districts in the state show that the Iowa legislature will be overwhelmingly republican, thus assuring the re-election of United States Senator Kenyon.

**New York Cotton.**

New York, Nov. 7.—Cotton—Spiced steady. Middling uplands \$12.00; middling gulf, \$12.25. Sales, none.

Cotton futures closed steady. Closing bids: November, \$11.40; December, \$11.64; January, \$11.75; February, \$11.84; March, \$11.95; May, \$12.08; June, \$12.01; July, \$12.04; August, \$11.92; September, \$11.69; October, \$11.54.

# POLLY OF THE CIRCUS COMING TO ELKS NEXT WEEK

Comedy Drama Which Scored Tremendous Hit Here Last Season Returns on Tuesday Night, November 12.

With Miss Elsie St. Leon in the title role, supported by all of the important members of the original company, "Polly of the Circus" comes to the Elks theater on Tuesday, November 12th. "Polly of the Circus" is a comedy drama. Its story is romantic that leads in and out of the sawdust ring. It was written by Miss Margaret Mayo and produced by Frederic Thompson.

The story of the play is unusually attractive. With its novelty it combines cleanliness and wholesomeness. The central figure, a young circus rider who is injured by a fall from her horse while the show is in a small middle western town. It is out of the question for her to accompany the circus to the next stop company is left at the paragon, opposite the circus lot in the household of a young minister, to recover. Polly has known no other life than that of the sawdust ring, and some time elapses before she can familiarize herself with the staid existence of such a community as is now her home. By the time she succeeds in doing this, the sound of the young minister's voice has become the most promising feature of her hopes for the future.

He in turn has found the fascination of the unlearned but intelligent and pure hearted spirit from the canvassed community almost irresistible. The opposition of his parishioners displease him, and finally successful attempt to drive the girl from his haven. Learning that the circus is in the neighboring township, she flees the paragon and returns to the show to take her regular place on the program. The minister awaits her return for a month, and then realizing that the happiness of both is at stake, goes to reclaim her. He takes her from the ring in the very midst of the performance. The curtain falls upon the pair standing upon the deserted circus lot watching the twinkling lights of the big animal wagons as they disappear in the distance. A more genuinely refreshing play than "Polly of the Circus" has not shined here in a decade, and theatergoers are already regarding this attraction as the treat of the season.

This is the only company presenting this charming and fascinating play in this country.

**FIRM TONE SHOWN ON NEW YORK EXCHANGE**

Buoyancy Which Characterized Markets of Wednesday Not Manifest Except in a Few Shares.

(By Morning Journal Special Licensed Wire.)

New York, Nov. 7.—None of the buoyancy which characterized yesterday's opening in stocks was manifested today. Trading, while much under the total of Wednesday's session, was moderately large but its professional character was doubtless a source of disappointment to those who had expected the close of the political campaign might stimulate demand.

Initial prices showed some material gains, especially in St. Paul, the Coppers and Sears-Roebuck. In fact, St. Paul later became the leader in respect of strength, with marked improvement in the Harbors and a few minor railroads, including Missouri Pacific. Pressure upon Reading and Steel resulted in a general shading of prices later. There was further marked weakness in beet sugar and a sharp break in American Cotton Oil because of the failure of an expected dividend. St. Paul was at its best in the final hour when the general list became more irregular.

The money market was dull and weaker. Most call loans were made at 5 per cent.

Amalgamated Copper, 86 1/2; American Agricultural, 58; American Beet Sugar, 49 1/2; American Can, 42 1/2; American Car & Foundry, 42 1/2; American Cotton Oil, 52; American Ice Securities, 20 1/2; American Lumber, 18 1/2; American Locomotive, 42 1/2; Amer. ## POLL BOOKS MAILED TO CANVASSING ORGANIZATION

Governor, Chief Justice and Secretary of State to Go Over Returns Made by Different Precincts.

By yesterday afternoon the ballots cast in Bernalillo county at the general election Tuesday, had all been sent in to the office of the county clerk, sealed up in their respective boxes, and there they will stay until the vote has been canvassed.

The poll books were sent by County Clerk A. E. Walker, except that from Alameda, which was mailed direct to the state canvassing board in Santa Fe. This board is composed of the governor, chief justice and secretary of state. It will canvass the returns, and if everything is found correct, the ballots will be ordered destroyed.

Maud Muller feature picture. Orpheum.

## HEALTH RESTORED BY ECKMAN'S ALTERNATIVE

A Valuable Remedy For Throat and Lungs.

If you are a sufferer from Glandular Tuberculosis, or know of anyone afflicted with it, it might be well to investigate this case, where the writer declares after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

357 Harrison st., Philadelphia, Pa. "Gentlemen: In March, 1909, I was taken sick and my doctor pronounced my case Tuberculosis in the Glands. Medical treatment did not help me, and on my doctor's advice, I went to a hospital to be operated upon, but relief was only temporary. I lost strength and at times would have cold sweats and fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me. In the meantime, a friend of mine advised Eckman's Alternative, saying it was good for Tuberculosis. The wounds in my back were still open and in a frightful condition when I started to take it. After using two bottles, I found I was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine I had three hemorrhages, since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alternative to anyone who is suffering from Tuberculosis or Gland trouble, providing they take it as directed. I will gladly furnish them with any party desiring further information of what the medicine did for me."

Do not afford any JOSEPH B. WHITE, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Alameda drug store and Highland Pharmacy and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa. for additional evidence.

## DELGADILLO WILL BE HANGED HERE NOVEMBER 29

Old Mexico Native Convicted of First Degree Murder to Pay Penalty at Early Date; Other Prisoners Sentenced.

For the first time in many years, capital punishment will be inflicted on a convicted murderer in Bernalillo county as a result of the sentences yesterday inflicted by Judge Herbert E. Reynolds on the prisoners found guilty of pleading guilty at the recent term of court. Demetrio Delgadillo, a native of Old Mexico, who was convicted of the murder of Soldado Zorrasino, will be the victim of the law who will pay this penalty.

Delgadillo was sentenced yesterday to be hung by Sheriff Jesus Romero on November 29th. He had little to say after sentencing, but declared before hand that he was innocent of the crime fastened upon him and that he leaving the city had been due to a wish south to collect \$25 owed him by one Juan Revoltado.

Theodore Goulet, convicted of the murder of Policeman Alex Knapp, who was found guilty in the second degree, received a sentence of seventy to ninety-nine years in the penitentiary. Goulet said nothing when sentenced, but his attorney took an appeal. Bond was fixed at \$20,000, and when the district court office closed last night, bond had not been secured.

Sam Lyle, the negro convicted of the slaying of Ira Carr, also colored, last February, was sentenced to forty to sixty years in the penitentiary. Lyle made an appeal to the court for leniency, declaring that he could not see how any intelligent jury could have convicted him on the evidence. He reiterated, his testimony on the stand, to the effect that he was forced to shoot Carr because he believed Carr was about to shoot him.

Mrs. Sarah Hunter, convicted of assault with a deadly weapon, committed upon the person of her husband, John Hunter, was given a year in the penitentiary and sentence was suspended. Both are colored. Hunter did not want his wife prosecuted.

Sario Armijo, who so nearly caused the death of E. W. Fee through bullet wounds inflicted in a fit of jealous anger, and who pleaded guilty to a charge of assault with intent to kill, was given a sentence of four to four and a half years in the penitentiary. This is within six months of the legal limit for this offense. The six months' reduction was granted because of Armijo's pleading guilty. Through an attorney, Armijo pleaded for the leniency of the court, declaring that he had been drunk at the time.

Eduardo Cruz was given a sentence of twelve to eighteen months in the penitentiary for carrying a gun. He also said he was drunk at the time.

Guadalupe Torres was given a sentence of six months in jail to date from August 26th, when he was first imprisoned, for assault with a deadly weapon. Torres' sentence was lightened because of his extreme age and previous good character.

J. R. Rasor, who pleaded guilty to flourishing a gun, was given a six months' jail sentence, which was suspended, on condition that he become reconciled to his wife.

## MANY CIVIL ACTIONS ARE SETTLED BY COURT

Three civil actions were settled by Judge Reynolds yesterday. In the case of the Sanitary Plumbing & Heating Co., vs. Andrew W. Anson, the court granted a judgment for \$486.98 with costs, fees and interest, and sustained a writ of attachment previously levied on certain funds of Anson's. The sheriff was ordered to sell these and apply the proceeds on this judgment.

In the case of Rosa Tott, et al., vs. Gaudencio Tott, a number of pieces of real estate were ordered sold and the proceeds divided among the heirs. H. B. Cornell was named to make the sale.

The petition of Frank E. Morris to have the court appoint John S. Pearson as his guardian, was granted. Morris, who is only 18 years old, is supporting six brothers and sisters. He claimed in his petition that he had work in prospect at the Santa Fe shop, but that to accept it he would have to have a "minor's release" signed by his guardian. The action was ordered entered free in the court records. George S. Klock, acting as attorney without fee for the petitioner.

## PRISONERS WILL BEGIN SERVING TIME TODAY

The sentenced prisoners will be taken to Santa Fe this morning, except Delgadillo, who will be kept in the county jail. Sheriff Jesus Romero and three guards will have charge of them on the trip to the state penal institute.

## DEATHS AND FUNERALS.

Mrs. Juana Lyses de Gabaldon.

Mrs. Juana Lyses de Gabaldon, 192 years old, died Wednesday afternoon at her home. Two sons, Toribio and Jose Nieve, survive. The funeral is to be held this morning.

Chas. S. Dodge, 146 E. 2nd St., Hastings, Neb., writes: "I have been troubled with severe pains in my back and kidneys, and pains were especially severe mornings. I have used three boxes of your Foley Kidney Pills and the pains have entirely left me. I now feel well as ever." J. H. O'Reilly Drug Co.

Hart's Orpheum continuous show every night.

## SIX GOOD MUSICAL ORGANIZATIONS WITH TEACHERS

Santa Fe, Las Vegas and Tucumcari High Schools, Normals and State University Represented.

A sextette of classy musical organizations from as many institutions scattered over the state are here with the educators who are attending the meetings of the New Mexico Educational Association, and are proving valuable advertising features for the towns from which they come. They are also on practically every program of the association, and furnish a desirable cultural phase of the benefits derived from the association meetings.

The sextette includes high school glee clubs from Las Vegas and Santa Fe; an orchestra from the Tucumcari high school; a ladies' quartet from the New Mexico Normal school at Silver City, and glee clubs from the New Mexico Normal University at Las Vegas, and the University of New Mexico in this city.

The orchestra is composed of about twenty pieces and is under the leadership of J. D. Henderson. Its personnel is as follows: Misses Zila Whitmore, Myrtle Sandusky, Messrs. Virgil Cowart, Norval Jones, Edwin Paddock, Ralph Paddock, Raymond Perkins, Earl Gerhardt, Charles Goldenberg, Max Goldenberg, Clyde Jackson, Hudson Bays, George Elkins, Claude Browning, Roland Hopper.

The Faculty quartet of the New Mexico Normal school is composed of Misses Forsythe, Ward, Hubbell and Light. Miss Marriott is accompanist. The University of New Mexico glee club, which is led by Miss Mary McFie, director of the department of music, is composed of the following: Sopranos, Charlotte Pratt, Irene Boldt, Treasures Hartmann, Julia Keleher, Bernice Hesseldein, Laureen Asselin, Mayme Kelly, Dora Nuckles, Olive Hinds, Margaret Schmidt, Beatrice Armijo.

Second sopranos: Amelia McFie, Florence Seder, Mary Cooper, Lucile Pearl, Aurelia Mitchell. Altos: Helen James, Cleo Kelly, Evelyn Everett, Charibel Goodner, Charlotte Lemke, Pauline Sewell, Mary Bright, Theima London.

## LAS VEGAS HIGH SCHOOL CLUB SERENADES JOURNAL

The Girls' Glee club of the Las Vegas high school serenaded the Morning Journal staff yesterday afternoon. The club is composed of a number of clear-voiced young ladies, whose choral pieces were pleasing in the extreme. They are certainly some glee club. Strange to say, they are under

the direction of a male vocal teacher, Philip A. Callahan. The club is composed of the following girls:

Chella Van Patten, Katherine Seelinger, Hilda Nelson, Bessie Nissen, Alta Craven, Rebecca Sands, Nellie Wells, Alice Cornell, Ruth Anderson, Selma Paulsen, Lillian Horton.

The orchestra, which played for "The Evening Rec" last night, was composed of Lucy Myers and Ruth Seelinger, Virginia Floyd and Mr. Callahan. Mrs. Charles Robin directed this charming little opera.

## WANT AUTOMOBILES TO SHOW CITY TO ALL TEACHERS

Everyone Who Wants to Cart a Crowd of Pretty School Ma'ams Around Town Should Call Up Tom Naylor.

Autos are wanted. Not for sale. None have been lost. But the Commercial club expects to find a few dozen today. As bait they are holding out some mighty attractive conditions. First, they want the autos so that the teachers can be shown the town properly.

Second, they guarantee that all cars driven by teachers shall be filled with young and pretty schoolma'ams. Third, cars driven by married women shall be filled with the most gossip among the crowd. (None of them are real gossips.)

Fourth, married men driving cars will not be given more than three pretty passengers in each carload.

Every one who can spare an hour today is urged to telephone Tom Naylor, secretary of the Commercial club, and tell him what hour they can spare to show the teachers the city. Mr. Naylor will then make up a party to comfortably fill the proffered car for that hour. For instance, a crowd from Socorro will be sent in one car, a crowd from Las Vegas in another, and so all will be kept filled with people they know.

It is hoped in this manner to get plenty of cars to take all the teachers for a spin over Albuquerque's fine paved streets through the business and residential sections, and over a county road that ought to be paved, up to the university.

Joseph McCaffrey, Vice Pres. for Neb. Greeters of America, Omaha, states: "I cheerfully recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. I have used it myself and have recommended it to others who have since told me of its great curative power in diseases of the throat and lungs." J. H. O'Reilly Drug Co.

Strings and Springs musical comedy. Orpheum.

## J. B. GOODSELL HOST AT BANQUET AT ALVARADO

Manager of Albuquerque Business College Entertains Party of Visiting Teachers at Elaborate Spread.

The banquet given at the Alvarado hotel last night by J. B. Goodsell, manager of the Albuquerque Business College to the visiting business teachers attending the sessions of the New Mexico Educational Association, was a brilliant event and one of the most enjoyable social affairs in connection with the big teachers' convention.

The most amply well-trimmed and special menu by the El Maestro orchestra, elaborate decorations and clever after dinner speeches went to make the affair a noteworthy one. The long table, with covers for thirty-two, was extravagantly decorated in big colors of chrysanthemums with garlands of similar extending the full length of the table. Attractive place cards added to the beauty of the appointments and the favors were yellow roses.

Prof. J. V. Clark acted as toastmaster and responses were made by J. B. Goodsell, W. A. Moore, of Calhoun, Santa Fe; Mr. and Mrs. Rupert E. Asplund, Santa Fe; Mr. J. D. Henderson, Tucumcari, (chairman); W. S. Zorn, Tucumcari; J. S. Hoyer, Tucumcari; V. L. Griffin, Clovis; W. A. Moore, Carlsbad; Helen Calkins, Silver City; W. A. Keleher, Albuquerque; Mr. and Mrs. George Partridge, Miss Josephine Parsons, J. V. Clark, Mrs. Ella M. Le Bar, Mr. and Mrs. John Milne, Mr. and Mrs. A. R. Stroup, Mr. and Mrs. George Taylor, Mr. and Mrs. E. E. Clark (Underwood); Mr. Edwards, (Smith); Miss Maude Hancock, Alamogordo; J. E. Goodell, C. M. Drake and Miss Pauline Cartwright.

Covers were laid for these: Miss Ella Noble, Raton; Miss Susie Whitaker, East Las Vegas; Walter Norton, Santa Fe; Mr. and Mrs. Rupert E. Asplund, Santa Fe; Mr. J. D. Henderson, Tucumcari, (chairman); W. S. Zorn, Tucumcari; J. S. Hoyer, Tucumcari; V. L. Griffin, Clovis; W. A. Moore, Carlsbad; Helen Calkins, Silver City; W. A. Keleher, Albuquerque; Mr. and Mrs. George Partridge, Miss Josephine Parsons, J. V. Clark, Mrs. Ella M. Le Bar, Mr. and Mrs. John Milne, Mr. and Mrs. A. R. Stroup, Mr. and Mrs. George Taylor, Mr. and Mrs. E. E. Clark (Underwood); Mr. Edwards, (Smith); Miss Maude Hancock, Alamogordo; J. E. Goodell, C. M. Drake and Miss Pauline Cartwright.

It is likely that plans will be completed today for the widening of the scope of the local association so as to make the organization state-wide. All those interested in the child welfare movement are urged to attend today's meeting.

## WATER PLANT AT CLAYTON DESTROYED BY FIRE; LOSS \$2,000

(Special Correspondence to Morning Journal) Clayton, N. M., Nov. 7.—The old water plant caught fire here at 6 o'clock this morning from the electric motor and was completely gutted. The plant belonged to the town. The people are squaring up against a water famine unless the railroad company lends assistance. The loss is estimated at about \$2,000.

Maud Muller, Hart's Orpheum theater.

## Nothing Like ZEMO for Pimples—Never!

Surprise Yourselves by Buying a 25c Bottle.

Did you ever see such a difference? ZEMO is certainly a marvel. This is what you will say after your first trial of the new remedy, ZEMO.

ZEMO is a clear liquid, you just rub it on the skin, it sinks right in. All itching stops, it is guaranteed to do it, and does it. After a few applications, every pimple, every blotch, all eczema sores, eczema pain, blackheads, prickly heat and rash simply vanish. Prove it conclusively at a cost of only a few cents.

You never saw anything in your life act like ZEMO on inflamed or red-dened skin, sores, cuts, bruises, or dandruff.

ZEMO is sold at drug stores in 25-cent and \$1 bottles, or sent direct, on receipt of price, by E. W. Rose Medicine Co., St. Louis, Mo. This \$1 bottle contains six times as much as the 25-cent bottle.

Sold and guaranteed in Albuquerque by the Alvarado Pharmacy.

## ASSOCIATION MAY BE MADE STATE WIDE IN SCOPE

The Parents' and Teachers' Co-operative association, organized in Albuquerque several weeks ago to promote the interests of pupils and parents alike, will meet this afternoon at 2 o'clock in the Central school building.

Mrs. Theresa R. White, superintendent of industrial education in the state, will preside at the meeting. It is likely that plans will be completed today for the widening of the scope of the local association so as to make the organization state-wide.

## DRY HACKING COUGH

Any physician will tell you that while an ordinary cough which becomes loose in a few days does not amount to much, you ought to guard very carefully against the dry hacking cough that hangs on for weeks or longer. Cough syrups do no good in such cases, it takes a remedy that goes deeper.

The bronchial irritation that causes dry coughs is due to lowered vitality. Build up your strength just as quick as you can by taking Vinol, our delicious cod liver and iron tonic that has benefited so many people here this season. It is a wonderful remedy to build you up and help your system throw off that cough. Dr. J. E. Ennis, Atlanta, Ga., says Vinol has no equal for healing up coughs and bronchial troubles. Try Vinol—we give back your money if it does not do all that we say. We know for we have seen it do so much good. J. H. O'Reilly Co., Druggists, Albuquerque, N. M.

# BUSINESS CONDITIONS.

The business conditions of the country show a stronger tone since the election is out of the way. One fact has stood out prominently from the first. There was no unsettling of values during the campaign. In previous years, presidential elections had the effect of stagnating markets and causing enterprises to lag.

On Wall street there was just a little apprehension that the Bull Moose might triumph. Colonel Roosevelt is such a remarkable character, has such an enormous personal popularity, is so given to accomplishing the impossible, that no one can measure him by ordinary standards. Therefore, there was a fear that he might astonish the country with a landslide to his standard.

But the election was held and a conservative radical was elected to the presidency. The country drew a breath of relief and the wheels began to turn a little more rapidly, though they had been going at a high rate before.

But one danger exists. The only thing that has held back a nationwide boom has been the impossibility of getting enough labor. With the settlement of the Italian-Turkish war and the early settlement of the Balkan troubles now assured, the hundreds of thousands that have left our shores during the past year will return, and more laborers will come with them.

Railroads will be built, factories will increase their output, farm values will go higher in proportion to the crops that have been produced, cities will have large accessions to their populations, improvement will be the order of the day.

It is quite possible that the general activity may overreach the resources of the country, considering the stimulus that must come from the opening of the Panama canal to traffic, and it is not improbable that within two to five years a reaction may set in, as is the inevitable result of booms always.

But that such event may be reasonably expected will not have the slightest effect on the activities of the boomers. Also, it will not keep people from believing that, when prices have gone five years beyond the income values of a city, they will still go higher. Also, there will be those who know that property values are too high, but they will hope to unload before the slump comes.

It has ever been thus, and will so continue until the end of time.

# FERGUSON'S ELECTION.

The voters of New Mexico acted wisely when they returned Hon. H. B. Ferguson as their representative in congress. He has had experience, both as a delegate from the territory and as one of the congressmen chosen at the first state election. He knows the needs of every section of the state, is one of the majority in the lower house, will be in harmony with what will be the majority in the next senate, and will be in accord with the administration of President Woodrow Wilson.

New Mexico needs much from the federal government and he can and will do much for the state. But the greatest benefit that can come to New Mexico will be the ending of the forest reserves and the public lands, title to which is now in the hands of the federal government.

It cannot be hoped that a matter of so importance can be brought about during the first session of congress after the 4th of March, but it is confidently believed that the necessary legislation will be secured before the expiration of the term to which Mr. Ferguson has just been elected.

As administered now, the laws are extremely oppressive and departmental rulings conflict so that no one knows what rights he has or how he can go about complying with the law.

The United States gets scarcely a drop of the fees and charges for public lands to pay for administration of them. The government

holds title and prevents development to which the states are entitled. It is oppressive and ruinous to states like New Mexico, where so much of the land is withdrawn from development.

# STILL ANOTHER BLUNDER.

We had hoped that our evening contemporary, since the election is over, would decide to be a newspaper rather than a lame party organ. No one doubted Wednesday morning that Hon. H. B. Ferguson had been elected by a large plurality. Yesterday morning, the plurality over Jaffa was conceded to be in the neighborhood of five thousand.

But when the Herald appeared, even as late as yesterday afternoon, it informed its readers that Mr. Jaffa would probably be shown to have been elected.

The day is past in New Mexico when returns can be held back and "doctored" to suit the republican bosses. It is really strange, after having contributed so much to the election of Ferguson by blundering, that the Herald should think at this time it can do other than disgust its readers by attempting to palm off false news regarding an election, the facts about which it could have read in the Journal, even if its own inadequate news service should fail to give them.

The Journal did not depend on reports from committee headquarters for the news. It received the reports through its regular news channels and was able to give them to its readers before reports received at Santa Fe.

Besides, the Journal's correspondents were instructed to give news uncolored. We went after the facts, not what we might wish the facts had been. No reader of the Journal has been in doubt since Wednesday morning as to who was elected, either in state or nation.

Such is what the Journal conceives to be the mission of a real newspaper. The people of New Mexico seem to appreciate its policy.

# DR. JORDAN ON WAR.

Dr. David Starr Jordan, president of Leland Stanford, Jr., university, is a notable advocate of the abolition of war. Even more prominent in the work of doing away with bloodshed is Andrew Carnegie. Both of these eminent gentlemen may do all that is within their power, but they are both men of power, and they will not be able to stop fighting so long as nations disagree on questions of vital interest.

The Hague conference is an excellent court to which minor disputes may be referred, but when a question like American control of the Panama canal arises, it would be unfair for the United States to be called upon to submit her rights to a court, the membership of which would be interested against her.

In the war now raging between the Balkan states and Turkey, no arbitration was possible. For three decades, the treaty of Berlin had stood as a guarantee of the rights of the Christians residing in Turkish territory, but the Mohammedans had massacred them with impunity, tortured them, carried off the women and children, burned towns, destroyed crops. There was no form of atrocious oppression that the defenseless people were not subjected to.

The only resistance was by force of arms. Such resistance has been necessary thousands of times in the past. Occasions will arise in the future when blood alone will be able to settle the issue.

If the United States shall maintain her prestige, she must build a strong navy and keep an adequate military force. Should she do so, no nation or combination of nations will dare attack her. But if her naval strength is allowed to become insignificant, as is her army, she will not be able to keep out of war for long.

The peace theory is a splendid one, like when you are smitten on one cheek to turn the other. But at this stage of the world's history, it is only a theory.

# OUR REVOLUTIONS.

The republics south of us should study how the people of the United States bring about revolutions. On the night of the election, instead of Mr. Taft calling on the army and the navy to back him up for another term, he sent cordial congratulations to his successful competitor. Mr. Roosevelt, instead of taking to the woods with an armed force of his followers, told Mr. Wilson over the wire that he wished him every success during his administration.

# TEACHERS ENJOY VISITS TO LEARNARD-LINDEMANN STORE

The Learnard-Lindemann Company have extended courtesies to a great many of the visiting teachers who are here for the convention this week. There are a great number of teachers and music lovers among the teachers and they have taken every opportunity to visit this popular music house. They have been cordially welcomed at each visit and graciously offered the freedom of the store and the use of any instrument in which they are interested.

The management extends a further invitation to all the teachers and other convention visitors to avail themselves of the opportunity of visiting the store and inspecting the complete stock of pianos and musical instruments of every description while they are in the city. The piano used at the convention is loaned free of charge by the Learnard-Lindemann Company.

# JOHNSON IS NOT VITAL EDUCATIONAL DOWNCAST BY HIS DEFEAT

Progressive Vice Presidential Candidate Says Result Was Merely Incident of Fight Waged by Party.

(By Morning Journal Special Leased Wire.)

Chicago, Nov. 7.—Governor William Johnson, of California, defeated candidate for vice president on the progressive ticket, while in Chicago today on his way home to California, said that the defeat was merely an incident of the progressive fight and of "little more consequence to the ultimate success of earnest men than was the making of a train."

"We might express our determination in the words of Abraham Lincoln," he said, "All we have to do is to keep faith, remain steadfast to the right, stand by our principles, stand by our guns and victory complete is sure at last."

"The lasting and permanent victory was won by progressives Tuesday in the crystallization of great public sentiment, founded upon a moral conviction. That immediate success did not come to candidates is of no consequence. The big thing has been accomplished. There's a new party in the nation that has come to stay; a new spirit in Americanism that means ultimately real progress; a new life in politics that marks a better national existence."

"Progressives in every state have had their baptism of fire. They are unafraid and still preserve their organizations everywhere."

"A more battle has been fought, a great fight has begun. The battle has been in reality a substantial victory. Those who participated, I find have added strength and courage to the conflict."

"In common with all Americans, we wish Mr. Wilson a successful and prosperous administration."

"The progressive now has become one of the great national parties with definite, fixed policies, in the fulfillment of which it welcomes all but it is going forward with solemn determination to achieve its purposes."

Governor and Mrs. Johnson and the governor's secretary, Alexander C. McCabe, left tonight for California.

# BREAKS A COLD IN A FEW HOURS

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

After the very first dose of "Pape's Cold Compound" you distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly ends the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, nervousness, stiffness and rheumatic twinges.

Take this wonderful Compound with the knowledge that there is nothing else in the world which will cure your cold or grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply. It contains no quinine—be sure you get what you pay for—accept no substitute—belongs in every home. Tastes nice—acts gently.

President of State University Before Educators Asserts Institutions Should Reach Great Mass of People.

# "COLLEGES SHOULD FIT FOR PRACTICAL LIFE"

Six Hundred and Forty Teachers Enrolled with Secretary at 6 O'clock Yesterday, and More to Come.

One of the features of yesterday's session of the New Mexico Educational Association, which opened its annual meeting here Wednesday evening, was the address of Dr. David Ross Boyd, president of the University of New Mexico. Dr. Boyd had as his subject, "The Next Most Important Step in Educational Progress in New Mexico in the Higher Educational Institutions." Dr. Boyd declared that this step was the fitting of the educational branches to the use of the people as a whole, so that those who had been forced to leave school early might make use of the higher institutions later in life, either through correspondence, extension work, or by actual attendance.

Dr. Boyd made a plea for what he termed "vital education" and said that the school workers were no further behind than were the bankers and business men in fitting themselves to the present age. He urged that education be specialized, in cases where such was advisable and was strongly in favor of the selected, rather than the roll elective, plan of college courses. He declared that one of the greatest works of a college professor was aiding a young man or woman to choose a suitable profession or occupation in life.

Observation was a faculty which he declared was a very necessary one, and adaptation was also dwelt upon extensively.

Dr. Boyd's address made a marked impression upon the entire audience and was listened to with rapt attention.

An address by Alva N. White, superintendent of public instruction, was a prominent feature of the program. This address is printed in full elsewhere. It will be published in pamphlet form for the use of teachers and others interested.

Several pictures of the association, posed before the theater in which the meetings are being held, were on display last night and orders for them were taken from the teachers by a high school student. They were made by Walton.

# ADDRESSES OF WELCOME MADE BY LOCAL MEN.

Immediately after the invocation by Rev. Herman P. Williams yesterday morning, addresses of welcome were made by several local men. On behalf of the city, Mayor D. K. H. Sellers presented the municipal keys to the visitors and told them to consider Albuquerque and all within it as their own for as long a time as they wished to keep it.

Atanasio Montoya, superintendent of schools for Bernalillo county, delivered a brief address of welcome, touching strongly upon professional pride as applied to the teacher.

John Milne, superintendent of schools for Albuquerque, made a brief but pleasing address, in which he assured the visitors of the gratification which he and other local people felt at having them meet in this city, and hoped that all would enjoy their stay and gain much benefit from the meeting of the association.

R. R. Larkin, of East Las Vegas, replied to these addresses in a short address which was heard with close attention. This address declared that Albuquerque was no more glad to have the teachers as guests than were the teachers to have Albuquerque as host, and included a statement that the meeting would undoubtedly be the greatest success ever.

Several musical numbers were rendered at this meeting by organizations present. Included in these were "Ashes of Roses" and "The Model College Girl," sung by the Girls' Glee club of the University of New Mexico. This organization of nearly twenty-five young ladies sang well and made a distinct hit with the teachers. They are on the program for several other events.

The faculty quarter from the New Mexico Normal school sang "Awakening" by Abbie Norton Jamison, in the same finished manner which marked their selections Wednesday evening. Owing to the lack of time, the scheduled address by T. W. Conway, superintendent of schools for Bataan, on "The Next Most Important Step in Educational Progress in New Mexico in the City Schools," was postponed. It will be heard at a later session.

# ATTENDANCE PASSES FAR BEYOND EXPECTATIONS.

The attendance at the session far surpasses all expectations. At 6 o'clock last night the total registration of teachers alone was over 640. Branch registration offices were opened at the Commercial club and at the Central school building, and in these the different teachers paid their annual dues

# All Albuquerque Welcomes

The representative young ladies and gentlemen attending the

# First State Meeting

of the

New Mexico Educational Association

Learnard-Lindemann Co.

The Square Music Dealers

extend a special invitation to each delegate to visit their Big Piano and Music Store, 206 West Gold avenue; to make it their meeting place, their headquarters, and feel that it is the desire of LEARNARD-LINDEMANN CO. to make the brief stay of every visitor in Albuquerque—the Convention City—a pleasant one.

Those interested in seeing, hearing or purchasing Pianos of known merit and unquestioned excellence will be shown the world's finest makes.

SPECIAL PRICES and TERMS for EASY PAYMENTS will be quoted on every known musical instrument. REMEMBER, YOUR CREDIT IS GOOD AT OUR STORE. Should you run short of finances we will cash your checks or loan you money.

We invite you to call.

# LEARNARD-LINDEMANN CO.

The Square Music Dealers

Established 1900

ALBUQUERQUE

NEW MEXICO

# AND RECEIVED CATALOGUES AND INFORMATION.

This attendance is far beyond anything which was anticipated, and when it is said that fully 300 teachers and pupils are to be here for the latter days of the week, in addition to those already here, the importance of the meeting can readily be seen.

# BAND CONCERT FEATURE OF EVENING HOURS

A band concert on ice street last night was a feature of the entertainment provided for the visiting educators. The band was called out by several active citizens, headed by Mayor D. K. H. Sellers and P. F. McCabe, and for two hours yesterday evening the strains of music pervaded the air.

A temporary stand was erected before the State National bank, and on it the band was placed. Concerts tonight and tomorrow night will be part of the program.

# MERRY TIMES FOLLOW ORATORICAL CONTEST

Merry times for everybody followed the oratorical contest. A number of high school boys led off with a yell in the Elks' theater and for ten minutes after, it was almost impossible to hear one's self think. Every glee club, every college delegation, was sending its school war cry, and when at the finish, the University of New Mexico chanted into the general din with its "U. N. M. Rah! Rah!" etc., the noise was complete.

A party of high school boys made a dash down to Second street and Central avenue, and there disbanded after a few rousing yells.

The Las Vegas Normal Glee club, after another rendition at the office of the Morning Journal, for the benefit of those members of the staff who had not heard them the night before, paraded down town to a cafe where several members were at lunch, and serenaded them. Following this, a chorus of yells broken out from this aggregation, the local high school, university students, and others, which completely drowned the music being rendered by a party at one of the tables, and the roof was raised by the racket. Albuquerque and Albuquerqueans were cheered long and lustily.

Two policemen across the street eyed the throng with charitable eyes that saw nothing and grinned with their uniformed eyes to the harmony, while their official nasal organs were deaf.

For half an hour or so, while the crowd that had attended the contest was at lunch, the down town streets were merry with crisp cries, school and college yells, and the fresh, clear voices of two or three girls' glee clubs.

# TESTIMONY GOES ON IN TRIAL OF STRIKERS

Governor Foss Found It Necessary to Increase Military Forces at Lawrence During Textile Strike.

(By Morning Journal Special Leased Wire.)  
 Salem, Mass., Nov. 7.—That Governor Foss found it necessary during the Lawrence textile strike to increase the military forces on guard there to preserve the peace was testified to today by Dudley M. Holman, former secretary to the governor, in the Ector-Giovannitti-Carusi trial for the Lupton murder.  
 Mr. Holman said he heard Colonel Sweetser, in command of the militia,

# INDIAN SECOND TEAM MEETS EIGHTH GRADE AGGREGATION TODAY

The second team of the Albuquerque Indian school will play its first game of the season today when it meets the Eighth grade team at Association park. A small admission will be charged and it is hoped to realize a comfortable sum from the game in view of the fact that there are so many teachers in the city.

Pincher Arrested on Serious Charge.  
 Peoria, Ill., Nov. 7.—Ray Walker, a member of the Cleveland American pugilist staff, was arrested here this afternoon on advice of the chief of detectives of Nashville, Tenn., where a warrant is being held for his arrest on a charge of attempted murder. Walker denies having been in any trouble in Nashville.

# GOLD DUST digs deep after germs

Soap merely washes over the surface, leaving a greasy film behind it.

Gold Dust "goes to the bottom," and insures absolute purity and sanitary safety. Why not sanitize your home, as well as clean it?

Soap needs muscle help; Gold Dust does all the hard part of the task without your assistance.

Gold Dust is a good, honest, vegetable-oil soap in powdered form, to which are added other purifying materials in just the right proportions to cleanse easily, vigorously and without harm to fabric, utensils or hand.

"Let the GOLD DUST TWINS do your work"

## PROGRESSIVES TO DEMAND SHARE IN PATRONAGE

Leaders Assert That Showing by Their Party in Recent Election Entitles Them to Recognition Hereafter.

The Morning Journal's special leased wire from Washington, Nov. 7.—Statements by progressive leaders that they will expect representation on non-partisan government boards and commissions, has led to an examination of the laws and precedents bearing on such appointments.

This shows, it is declared, that the lawmakers in creating non-partisan boards and commissions, made no provision for the selection of members from minority parties.

Consequently the general rule has been made to prohibit more than two members of the majority of these boards and commissions being elected from one party, nothing being said from what party or parties the minority shall be chosen. In accordance with this President Wilson would be legally free in most cases, to select minority members from any of the minority parties.

The bicameral rule law increases the number of members of the interstate commerce commission from five to seven, provided that "not more than four commissioners shall be appointed from the same political party."

The law governing the appointment of the three civil service commissioners provided that "not more than two shall be adherents of the same party." The law creating the board of general appraisers at New York provides that "not more than five shall be appointed from the same political party."

The personnel of many commissions, such as the managers of the national home for disabled volunteers, and the board of regents of the Smithsonian Institution, is determined upon by the house of representatives without regard to partisanship.

It is generally recognized that the question of moral support for the demand for representation will be passed upon by the democratic leaders alone.

In the house and senate, representation of progressives on committees and commissions is likely to bring complications. In the last congress the democratic majority required the republican minority, the leading minority, to care for the socialist members in the committee appointments.

The general rule in both the house and the senate is to allow the minority leader to make assignment of minority members or senators to the respective committees.

President R. W. D. Bryan, of the board of regents of the state university, has requested the representatives of all institutions outside the state at the inauguration of Dr. David Ross Lloyd as president of that college, to turn in their names to him some time today. Mr. Bryan declared yesterday that a number of universities and colleges some distance from Albuquerque had appointed local men to represent them at this function and that he wished to get in touch with them at once.

## EXHIBITION RUN TO BE MADE BY FIRE ENGINE TODAY

In Response to Requests of Educators, Mayor D. K. B. Sellers Will Order Out New Auto Truck at 12:30 O'clock

An exhibition run will be made by the new auto fire engine today for the benefit of the visiting educators. The run will be made promptly at 12:30 and will be from the engine house on North Second street, between Tijeras and Copper avenues to the Elks' theater, where the educators are in session.

Mayor Sellers ordered the run in response to requests from a number of the visiting teachers. The engine will come down to the theater just as fast as it is possible to run it, taking the paved street west on Gold avenue past the theater and will return and throw an exhibition stream on the vacant lot at the corner of Sixth and Gold avenues. This will allow the teachers to see the whole show without leaving the corner. It will follow their business session, and will be made on time regardless of other considerations, except a fire elsewhere at that time.

"Your Money Back if You Want It."

much improved and his early recovery is now expected.

Rev. Jeremiah Moore, for twenty years president of Washington and Tusculum College in Tennessee, was a visitor in the city yesterday, leaving on No. 311 for Clovis, where he will accept the pastorate of the Presbyterian church. Rev. Moore has been stationed at Clovis for the past three years.

Manuel Candra is being held by the local authorities pending an investigation of charges that he brought Margaretta Morales into the country for an improper purpose. Both are natives of Old Mexico and were arrested Tuesday night and fined \$15 yesterday in police court. They were unable to pay and are being detained. The woman is wanted as a witness.

President Boyd, of the University of New Mexico, yesterday evening entertained at dinner President H. H. Roberts of the East Las Vegas Normal University; President C. M. Light of the Silver City Normal; President Garrison of the A. and M. College; State Superintendent A. S. White, and Superintendent T. W. Conway and Mrs. Conway of Baton.

After a long residence in this city, Mr. and Mrs. F. G. Pratt packed up their furniture and departed yesterday for San Diego, Cal., where they will reside in the future. For many years Mr. Pratt was in the grocery business here, but retired a few years ago. The best wishes of a host of friends accompany them to their new home in southern California.

The W. C. T. U. will hold a special meeting and reception this afternoon at 4 o'clock in the parlors of the Presbyterian church, in which all W. C. T. U. visitors in the city are cordially invited. Miss Sarah Cimer, state W. C. T. U. corresponding secretary, who is attending the state teachers' meeting will make an address, and being a talented reader, will be invited to render a selection.

Telephone connection between Albuquerque and Vaughn, Encino and Torrance was possible yesterday for the first time when the new line, built by the Duran Telephone Company from Duran to Estancia, was formally opened. Manager A. D. Graham, of the Mountain States Telephone Company and a number of local citizens tested the line which was found to work satisfactorily.

A Warren "Forty" car, equipped with a Gabriel horn which was in use most of the time, was the source of much excitement as it paraded the streets yesterday. The horn was operated by one of the occupants so as to play everything from ragtime to grand opera. The car in being driven across the continent from Youngstown, O., to Los Angeles, with Mr. and Mrs. W. R. Perry and Mr. and Mrs. H. H. Myers as passengers.

Dr. D. E. Phillips, professor of education at the University of Denver, and president of the board of education in the city of Denver, arrived in Albuquerque last night. Dr. Phillips will be the principal speaker tonight before the New Mexico Educational Association at the Elks' theater. Dr. Phillips is one of the foremost educators of Colorado and is more in demand as a speaker before educational meetings than any other educator in the west.

**RUPTURE EXPERT HERE**

Seelye, Who Fitted Gar of Russia, Called to Albuquerque.  
E. J. Seelye, of Chicago and Philadelphia, the noted rube expert, will be at the Alvarado hotel and will remain in Albuquerque Saturday, Sunday and Monday only, November 8, 9 and 10th. Mr. Seelye says: "The Sperrin's Shield Truss is now used and approved by the United States government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closed the opening in 10 days on the average case. This instrument receives the only award in England and in Spain, producing results without surgery, harmful injections, treatments or prescriptions." Mr. Seelye has documents from the United States government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call he will be glad to show the truss without charge and then if needed. Any one ruptured should remember the date and take advantage of this opportunity.

**SEPARATE MEETS HELD BY BRANCHES OF EDUCATORS**

Three Sections in Session at School at Same Time; Others at Commercial Club and Business College.

While the New Mexico Educational Association meeting yesterday morning was of general interest, the meetings yesterday afternoon were sectional. No less than six separate sessions were held for the afternoon, but only five were held.

Three meetings by the elementary school section, the peace league and the Indian school section were held at the same time in the high school building, while the city superintendents met at the Commercial club and the commercial teachers at the Albuquerque Business college. The school boards, also, were to have met at the Central high school, but no board members were present.

**ELEMENTARY SCHOOL TEACHERS CONVENT**

The program for the elementary school teachers' section was so long that part was postponed until tomorrow. This was necessary, even after the shortening of the forepart of the afternoon's work.

M. H. Brasher, of Roswell, speaking of the needs of the school to meet present day conditions, emphasized industrial education. A large percentage of students do not enter professions of learning after leaving school. The majority become mechanics, he said, and the industrial course would fit them for their chosen paths.

The introduction of industrial branches in the lower grades of even small schools was the topic assigned to F. M. Hatfield, of Carlsbad. He showed the practicality of this by exhibiting samples of the work done by younger pupils of the Carlsbad schools at little expense and without extensive equipment.

W. R. Schermer, of Socorro, spoke on a subject closely related to Mr. Hatfield's, "The Introduction of Manual Arts in Small Towns and Graded Schools."

Mrs. Theresa B. White, director of industrial education, told how the state department of education will aid in the teaching of industrial courses in schools that cannot afford to buy large equipment of industrial specially trained teachers. The department, she said, is planning courses for these schools and they are to be made a part of the manual for teachers who will attend the institute next summer.

This section will hold its second session this afternoon at the high school.

**RECEPTION IS HELD BY INDIAN CHILDREN**

To show visiting teachers her method of teaching Indian children the English language and interesting them in school work, Miss Flora West, of the Indian school, yesterday afternoon held a reception of her kindergarten class for the Indian school meeting in the Central high school building.

The little Indians sat on small chairs, placed about Miss West's desk. This was devoted to the program as "Primary Class in Reading," but the lots in addition to puzzling their small brains over "I-see-a-cat" passages, sang several songs to the delight of the packed room. This proved a big feature of the Indian school section.

Frederick Snyder, assistant superintendent of the Santa Fe schools, spoke on the methods of encouraging the speaking of English among Indian children outside of school as well as in the classroom. W. M. Peterson, supervisor of the first district, also gave an address. His subject was "Home Building, the Central Thought of the Year's Work." He pointed out the necessity of teaching Indians how to construct modern homes with proper ventilation and sanitation.

This section will meet again, this afternoon at the Central high school building.

Business college teachers were hosts to the visiting commercial teachers yesterday on a tour of the city. Many interesting papers were read at their section, which was held at the local business college building.

**WHITE SLAVE SUSPECT GOES TO DENVER TODAY**

Philip Barbour, arrested here nearly a week ago on a charge of white slavery, will be taken back to Denver today to stand trial. Deputy United States Marshal Henry Sosa will act as Barbour's official escort.

**PEACE LEAGUE WILL FORM COUNTY BRANCHES**

State Organization Acts Upon Advice of President; Hadley and Secretary Vaughan Are Re-Elected.

To organize county associations, subordinate to the state organization, was decided yesterday afternoon at a meeting of the New Mexico state branch of the American School Peace League, held at the Central high school building.

Hiram Hadley, president of the league, in his opening speech, suggested this plan. It would make the parent organization more efficient and augment interest in its work, he said.

That the league members concurred in his views was evidenced by the unanimous adoption of a resolution providing for carrying into effect the scheme. To show they were in earnest the league members created an executive committee to direct the organization of county branches and to appoint leaders in every county in New Mexico. The members of this committee are the newly elected officers of the league.

President Hadley was re-elected for his second term, and John H. Vaughan was re-elected secretary for his fourth term. S. C. Burnett, principal of the Lincoln school, was elected vice president. These men will manage the formation of the county branches.

President David R. Boyd, of the University of New Mexico, who spoke on "Some Observations on the Teaching of History with Reference to Peace and War," advised indicating the world peace idea into students by a new method of instruction in history. He said that the only way to make the movement widespread is to begin teaching it to the child.

State Superintendent Alvan N. White assured the league that it had the support of the state department. He promised to use his efforts to promote the cause at state institutes and recommended making room on the curriculum of schools for lectures on the subject. He also said he would urge county superintendents to give their aid to the organization of the county branches.
