PRESIDENT FIXES RATES CHARGED FOREIGN SHIPS AT PANAMA

Basis Contemplates Competition With Suez Canal for European Commerce With Much of World.

BRITISH PROTEST IS NOT DISCUSSED

Income Expected to Pay All Expenses of Operation, Interest on Investment and Provide Sinking Fund.

[By Morning Journal Special Leased Wire.]
Washington, Nov. 13.—President Taft tonight issued a proclamation fixing the rates that foreign shipping shall pay for passage through the Panama canal. The proclamation, made under authority of the canal bill passed by congress in August, establishes a merchant vessel rate of \$1.20 per net ton in actual carrying capacity, with a reduction of 40 per cent on ships in ballast. The provisions of the proclamation are as follows:

"First. On merchant vessels carrying passengers or cargo, \$1.20 per net ton—each 100 cubic feet—of actual earning capacity.

"Second. On vessels in ballast without passengers or cargo, 40 per cent less than the rate of tolls for vessels with passengers or cargo.

"Third. Upon naval vessels, other than transports, colliers, hospital ships and supply ships, 50 cents per displacement ton.

"Fourth. Upon army and navy transports, colliers, hospital ships and supply ships, \$1.20 per net ton, the vessels to be measured by the same rules as are employed in determining the net tonnage of merchant vessels.

"The secretary of war will prepare and prescribe such rules for the measurement of vessels and such regulations as may be necessary and proper to carry this proclamation into full force and effect."

American coastwise shipping was exempted from toll payment by congress. It was to this provision of the act that Great Britain protested, but no reference to the protest was made in the president's proclamation. American naval vessels are exempted without specific mention either in the act of congress or the proclamation because these authorities believe it unnecessary to explain the uselessness of payment from its navy department pocket to the one belonging to the treasury department.

These rates are practically the same as those which will be in effect at the Suez canal next year.

The president bases his declaration of rates upon the report and investigation of Prof. Emory R. Johnson, of the University of Pennsylvania, an expert designated by executive order for the task.

The report has been awaited with interest by shipping interests throughout the world.

According to Prof. Johnson's report to the president also made public tonight, the Panama canal should be upon a self-sustaining basis in twenty years. It should compete successfully with the Suez route for the traffic of Europe, with South American west coast points and with New Zealand, but cannot be expected to compete successfully for Europe's trade to the far east.

Taking the estimates of the canal commission for expenses of operation and maintenance of the canal and for the improvements held to be necessary at the end of a decade, Professor Johnson figures that the rate per net ton can be reduced at the end of ten years to \$1. Even with this rate, which he says probably will correspond closely with the rate that may then be enforced through the Suez canal, the United States will obtain enough revenue from foreign vessels to pay all fixed charges, provide a sinking fund of 1 per cent to retire the Panama canal bonds, and still find a yearly balance.

The Johnson report shows that a foreign traffic of about 9,000,000 tons may be expected through the canal during its first two years of operation; a traffic of more than 11,000,000 tons in 1920, and 14,000,000 tons in 1925. Although not maintaining that his estimate is final, Professor Johnson declared that an increase of 60 per cent a decade in tonnage could be looked for and that this would make the canal self-sustaining in twenty years.

Professor Johnson's defense of the \$1.20 rate for merchant vessels is based on several grounds. It reads in part as follows:

"A toll of \$1.20 per net ton on loaded merchant vessels and a reduction of 40 per cent from the standard rate in the case on the vessels in ballast will place the Panama canal and its rival, the Suez, on an equal competitive footing.

"The Panama canal must compete with the Suez route for the commerce of eastern states, and of the Atlantic-North Sea ports of Europe with the Orient east of Singapore. For voyages between the eastern United States

and the Orient, fuel expenses via Panama will be less than by way of Suez; and, with equal tolls at each canal, the Panama route readily will secure the traffic.

"It is not to be expected that much of the commerce of Europe with the Pacific seaboard of Asia can be diverted to the Panama from its present route via Suez. Distances are less via Suez; and with the exception of voyages from north Europe to Japan and return the fuel expenses are lower by way of Suez. With equal tolls at Panama and Suez, some vessels will take the Panama route between Japan and Europe in order to discharge and secure cargo at American ports.

"To attract from the Suez to the American route any considerable additional share of the European Orient tonnage, the rates of toll at Panama would have to be made so low as to reduce unjustifiably the revenue of the canal.

"A Panama toll of \$1.20 per net ton will burden unduly the commerce served by the canal. The costs of transportation between the two seaboard of the United States will be reduced several times the amount of toll; and for the commerce of the eastern seaboard of the United States with western South America and with Australia, the economies effected by the Panama canal will largely exceed the toll suggested. Likewise the saving in time and fuel expenses via Panama as compared with the Macellan route between our eastern seaboard and New Zealand will be such as to insure the profitable use of the Panama canal.

"Nor will a toll of \$1.20 per net ton seriously restrict the use of the canal by European countries. For the commerce of Europe with Chile and with New Zealand, the saving resulting from shortening of the time of voyage via Panama as compared with the Straits of Macellan would not warrant the payment of tolls of \$1.20 per net vessel ton for using the Panama canal; but the fuel expenses via Panama will be so much less than via Macellan as to make the Panama route preferable even with tolls of \$1.20 per net ton. Moreover, the profitable trade route between Europe and Chile is via Panama and the ports intermediate between the Isthmus and Valparaiso, Panama is the natural entrance for the west coast of South American trade.

"The normal growth of traffic of the Panama canal will not be interfered with by a toll of \$1.20 per net ton. The tonnage of shipping using the Suez canal has increased rapidly; the growth of traffic having been about 70 per cent during the last ten years, although the tolls at the opening of the decade were \$1.74 per net ton, and in 1911, \$1.30—a higher rate than is charged for Panama. It is suggested that the tolls at Panama start with the relatively low rate to which the Suez charges will have been brought in 1912, at the end of forty-three years of the development."

In the president's proclamation the rate upon the vessels was fixed at 50 cents a displacement ton and Professor Johnson had this comment to make:

"The tolls upon merchant vessels should be fixed low enough to enable the Panama canal effectively to transport the commerce of the United States and the world; but the United States government is not called upon to make the Panama canal tolls upon warships low for the purpose of lightening the naval burden for foreign countries in sending their warships through the Panama canal, foreign nations should pay tolls high enough to cover costs and risks incurred by the canal authorities in performing the service rendered."

REBELS THREATEN AGAIN TO TAKE JUAREZ

United States and Mexican Officials Alert to Prevent Complications Likely Again to Arise on Border.

[By Morning Journal Special Leased Wire.]
El Paso, Nov. 13.—Efforts of the United States Military and the Mexican secret service today are directed to prevent development of a rebel plan to attack Juarez, the Mexican border town and port of entry so often threatened. The arrests this week here and at San Antonio, Tex., of Colonel Pascual Orozco, Sr., and Colonel David de la Fuente, directly resulted from the premature exposure of the rebel plot made known to the war department by Madero agents here.

Military commanders at Fort Bliss and at Juarez are alert. Patrols of American and Mexican troops have been installed on either side of the line. Rebels in apparently small

MILITARY AUTHORITIES TO ARREST SUSPECTS

San Antonio, Tex., Nov. 13.—The arrests of Pascual Orozco, Sr., and David de la Fuente, who are detained at Fort Sam Houston, charged with neutrality law violation, constitute the prelude to the arrests of a score or more of men alleged to be implicated in the organization of revolutions against the Mexican republic, according to a government official here. Arrests will be made, however, only under instructions from Washington at the personal direction of General E. Z. Steever, commander of the department of Texas.

NEGOTIATIONS ARE COMMENCED BY TURKEY WITH BULGARS

Russia Recommends That Nazim Pasha Apply to Commander-in-Chief of Enemy for Eight-Day Armistice.

ATTACK ON FORTS DELAYED BY RAIN

Diplomatic Situation Easier but French Premier Sees Danger in Conflicting European Interests.

HOSTILITIES CEASE IS CONSTANTINOPLE REPORT

London, Nov. 13.—A Constantinople dispatch addressed to the Daily News says:

"At 4 o'clock this afternoon the director of transportation informed those making inquiries at the war office that the cessation of hostilities had already been arranged. Simultaneously another official summoned the chief contractors for military supplies and informed them that hostilities would cease this evening and that the existing supply contracts would be cancelled and no further military supplies sent to the front.

"A cholera camp was opened at Tuzla today, twenty new cases being sent there.

"An Ukup dispatch to the Daily Telegraph says the war in Macedonia practically has been concluded. The combined Serbian and Greek armies are closing in on Monastir, where there are only scattered fragments of the Turkish army. These are demoralized by repeated defeats and it is doubtful if they can offer much resistance.

"The correspondent of the Express, writing from Hadzikenk, near Constantinople, says Europe is going to see a nation in the grip of death by starvation this winter. A famine on a scale rarely seen even in India or China has claimed the population of all eastern Turkey in Europe.

[By Morning Journal Special Leased Wire.]
London, Nov. 13.—The port, on the advice of Russia, has instructed Nazim Pasha, the Turkish commander-in-chief, to apply to the Bulgarian commander for an eight-day armistice with a view to opening direct negotiations for peace.

The situation at the front is confusing. Clearly there has been heavy fighting as on November 12th, Constantinople reported that numerous wounded were arriving from the front and the almost invariably correct Vienna Reichspost correspondent has reported the capture of a position by Bulgarians in the neighborhood of the Tehtalia line.

The same correspondent now says the main attack on Tehtalia has been delayed two days by rain.

The powers at last have arrived at some kind of agreement with respect to mediation. It is assumed, however, that now the port has opened negotiations with Bulgaria, European intervention will not be needed.

The diplomatic situation is easier, but the French premier, M. Poincaré, in a speech in Paris tonight, did not speak too hopefully, and proof that all danger is not past is seen in ominous reports from Austria and Russia of unusual troop movements and mobilization in Russia's western provinces.

M. Poincaré declared it essential that Europe advance no pretensions on the fruits of the allied victories and he expressed the fervent belief that it would be impossible that the Balkan difficulties could lead to a war, the most frightful that ever laid Europe low.

The report that Servians have now reached Nurezo, is not confirmed, and no news has been received from other points.

Serious internal difficulties are developing in Constantinople and the guard has taken strong action in arresting the young Turk leaders.

Martin H. Donohue, correspondent of the Daily Chronicle, telegraphed from Constantinople:

"The demoralized Turks have recognized the futility of further resistance. Nazim Pasha has informed the grand vizier that his army is unable and unwilling to fight and has suggested that the only course left is to make the best possible terms with the allies by direct negotiations which have been opened with the Bulgarians.

"Some of the Turkish advisers in the capital are anxious to continue the defense of Tehtalia, but that would certainly result in disaster, as the basis of the proposals is that Turkey is ready to abandon Tehtalia, provided the Bulgarians undertake not to enter the capital.

"The port is prepared to make heavy sacrifices to avert this catastrophe."

ABSENCE OF BLOCK SYSTEM EXACTS HEAVY TOLL IN WRECK

Modern Signal Equipment Would Have Prevented Collision on Indiana Railway Costing Fifteen Lives.

PASSENGER TRAIN HITS OPEN SWITCH

Running Hour Late, It Ploughs Its Way Into Freight on Siding, Causing Horrifying Disaster.

DEMOCRATS FAVOR EXTRA SESSION OF CONGRESS

Since President-Elect Wilson Has Asked for Expressions, Many Responses Are Pouring in on Governor.

THE WRECK

[By Morning Journal Special Leased Wire.]
Indianapolis, Nov. 13.—According to inspectors for the Indiana railway commission, which investigated the wreck on the Cincinnati, Hamilton & Dayton railway at Irvington, a suburb early today, in which fifteen persons lost their lives and seventeen were seriously injured, a block system would have prevented the disaster.

The wreck was caused by the failure of the head brakeman to close the switch to a siding on which a heavy freight train had been run to let pass the rapidly running passenger train, which was more than an hour late.

Carl Gross, the head brakeman, has assumed blame for the disaster. He has not been arrested, but is under police guard at a hospital where he lies with a broken leg. Later he denied he was responsible, saying he was under the influence of an anesthetic when he made his first statement.

According to the commission, this switch could not have been left open had a block system been in operation.

Late in the day, after the wrecking crews had completed the search of the demolished passenger cars, the coroner's office here gave out a correct list of dead and injured. The list follows:

C. R. GRITENHOFFER, Cincinnati.

ALBERT ALLEN.

MRS. ALBERT ALLEN.

JOHN RYAN.

WILLIAM SHARKEY, engineer on passenger train, Indianapolis.

RYNIE M. WIGGINS, conductor on passenger train, Indianapolis.

ROBERT B. WHITE, brakeman on passenger train, Indianapolis.

CLEM IMHOFF, theatrical man from Los Angeles.

J. L. PALMER, Hawaii, Tenn.

CHARLES CHENEY, Jackson, Ky.

JULIA CHENEY, wife of Clifton Cheney, Jackson, Ky.

CHESTER CHENEY, five months old, son of Julia and Clifton Cheney.

JOHN CHENEY, 52, Breathitt, Ky.

Two-year-old daughter of Clifton Cheney, Jackson, Ky.

C. BERG, fireman on passenger train.

The passenger train was from Cincinnati, bound for Chicago, and the engineer was trying to make up time.

At the time of the collision he was running more than sixty miles an hour. Both he and the fireman were found dead in the cab of their engine.

All the dead passengers were in the smoker and day coach, which were immediately behind the steel reinforced mail car that acted as a battering ram. Both of the cars following were of wood and were completely demolished.

HIGH HONORS PAID ASSASSINATED PREMIER

Canalejas Remains Laid to Rest Amid Universal Mourning of Spanish People; Thousands Present.

[By Morning Journal Special Leased Wire.]
Madrid, Nov. 13.—The body of the Spanish premier, Jose Canalejas, was entombed in the Spanish pantheon this afternoon with the highest national honors. The entire nation is in mourning and all civil affairs and business was suspended in Madrid until after tomorrow.

King Alfonso, accompanied by Prince Charles of Bourbon-Siciles and Prince Ferdinand of Bavaria, infants of Spain, walked behind the hearse from the chamber of deputies to the pantheon while 250,000 persons stood with uncovered heads in tribute to the dead premier.

The members of the diplomatic corps and an official from every department of the government attended the funeral.

The press, of all shades of opinion, condemns the assassination and lauds Senator Canalejas as the finest type of Spaniard, who, in addition to being a great statesman, had devoted himself to the amelioration of the condition of the poor.

The republican press protests against the assertion that the assassin, represented an attempt to avenge the execution of Ferrer.

FRENCH POLICE SEARCH
ANARCHIST QUARTERS.

Paris, Nov. 13.—The Paris police today searched the anarchist quarters and detained a number of persons suspected of possible connection with Manuel Paredes, the assassin of the Spanish premier.

Augustin Barrios, brother of the assassin, lives in Paris and is a cabinet maker. He expressed great horror at the crime and said:

"Manuel must have acted in a moment of madness. He was a very quiet boy. I never knew that he was an anarchist. He left me on November 1st, saying that he was going to Bordeaux to embark for America where he intended to set up in the painter's business as he saw no opening for him in Paris."

MANAGER OF WILSON REPUBLICAN LEAGUE PROPOSES TO SEE THAT DEMOCRATIC CANDIDATE GETS DUE VOTE.

[By Morning Journal Special Leased Wire.]
San Francisco, Nov. 13.—Rudolph Spreckels, head of the Wilson republican league of California, who recently offered a reward of \$5,000 for evidence leading to the conviction of any person of fraud in connection with last week's election, and J. O. Davis, chairman of the democratic state central committee, left for Los Angeles tonight to investigate the counting of the ballots.

"I do not care to make a declaration," said Mr. Spreckels, "as to whether or not in my opinion any improper or fraudulent methods have been used during the election or subsequent to the election in the city of Los Angeles. My purpose in going there is to satisfy myself as to conditions, and I promise that if any evidence tending to show fraud is forthcoming, I will use every effort and will back up others in any effort to punish any who may be found to be implicated, if that is possible."

The upsurge far exceeded that which stifled Premier Asquith's speech when he introduced the home rule bill and has not been equaled since the free fight over Gladstone's first home rule measure.

The ministers were taunted with epithets like "traitors" and "apes."

Sir William Bull, minister for Hammersmith, was ordered from the floor for repeatedly calling Mr. Asquith a "traitor."

After adjournment, the unionists doubled up programs and threw them across the floor at the prime minister.

Winston Spencer Churchill, first lord of the admiralty, was hit with a heavy book hurled from the camp of the enemy. A fight appeared imminent, until Will Crooks, the labor leader, poured oil on the troubled waters by starting the singing of "Auld Lang Syne."

When the session began there were packed benches. The premier's followers gave him a great cheer on his entrance and demonstrated that they were present in force by defeating a motion to adjourn, by a vote of 227 to 218.

The substance of Mr. Asquith's motion was that the Hanbury amendment be rescinded, "notwithstanding anything in any standing order of this house," and the order of the house in respect to the home rule bill take effect as though Monday's proceedings had not taken place.

The effect of this would be practically to begin again the consideration of the bill at the clause where the Hanbury amendment was offered.

Andrew Bonar Law, leader of the opposition, had the floor quickly and inquired whether there was any precedent for the government's course, and whether it would not destroy all safeguards for regularity in the house proceedings.

Amid loud opposition cheering, the speaker replied that he could find no precedent for rescinding a decision of the house arrived at during the passage of a bill. Whether it would destroy the safeguards was a matter on which every member must form his own judgment.

There was a long parliamentary discussion and then Mr. Asquith said that no notice had been given of the amendment offered by Sir Frederick Hanbury and that its discussion was brief. He doubted if the members on either side had appreciated its importance. It would reduce the \$20,000,000 Irish government to \$12,800,000.

"If the decision reached Monday remains until reversed," said the premier.

DAUGHTER SHOOTS MOTHER FATALLY BY MISTAKE

President of Federation of Labor Stumbling Block in Path of Those Who Would Resort to Violation.

[By Morning Journal Special Leased Wire.]
Philadelphia, Nov. 13.—Mrs. J. Elsie Myers, wife of the proprietor of the Rappahold, Greensburg, Pa., was shot by her daughter, Gladys Elizabeth Myers, in mistake for a burglar in a sleeping car on a Pennsylvania railroad train, bound for New York today. She died a short time later in a Trenton, N. J., hospital. The shooting occurred when the train was passing Crofton, Pa., just this side of Bristol, Pa., and near Trenton.

Miss Myers and W. E. Cuthbert, 50 years old, of Lynchburg, Va., were detained by the Trenton police for some time but were released tonight after a thorough investigation. It was thought at first that Cuthbert was concerned in some way with the shooting, as he was found with Miss Myers at the side of the wounded woman a few seconds after the sound of the shot, which aroused the other passengers in the car and brought the porter and conductor.

Later he explained that he had been standing on the front platform of the car in the rear and had run in when he heard the shot.

Miss Myers, who is about twenty years old, was on the way to New York to purchase a trousseau for her coming wedding to J. Blair Dillard of Salem, Va. She had a basket of jewels which she was taking to New York to have repaired and matched and when she heard her mother re-entering their section after Mrs. Myers had gone for a few minutes to the dressing room, she took her revolver from under her pillow, and fired, thinking a burglar was after the jewels. She was half awake at the time.

Miss Myers' brother and her fiancé are on their way from Salem and will arrive in Trenton early tomorrow morning. Her father is enroute from Greensburg to meet his daughter. He is accompanied by an attorney.

Miss Myers made the following statement:

"My mother and I left our home in Greensburg, Pa., to visit my fiancé, J. Blair Dillard, for a short time, then went to see my brother, J. Elsie Myers, Jr., at Salem, Va. Last night at 4:05 my mother and I took a train from Salem, Va., and engaged a lower berth.

"I was awakened by my mother, who informed me that she was going to the washroom and while she was absent I dozed off to sleep. I was suddenly awakened from my sleep by seeing the curtains parted and some one crawling into my berth. I always sleep with a revolver under my pillow and knew that the porter had seen my jewelry. I pulled the revolver from under my pillow and fired and was horrified to hear my mother scream and see her stagger into the smoker where I found her. Then I shouted for some one to get a doctor and some whiskey. A gentleman came forward who I afterward learned was William H. Cuthbert, of Lynchburg, Va., and offered his services."

Members of the radical wing of the convention, which included nearly a hundred socialists, say vigorous opposition will be made to the re-election of President Gompers and that if he is chosen it will be his last term. Socialists have been trying for years to win the federation over to their principles, but they have stumbled on the opposition of President Gompers to direct political action. The fight is likely to come up next week, when the question of referring the election of officers to a referendum vote of the members is to be taken up.

RIOT BREAKS OUT IN OPPOSITION TO ASQUITH'S MOTION

British Premier Attempts to Have Rescinded Amendment Virtually Defeating Irish Home Rule Measures.

EPITHETS HURLED AT LIBERAL LEADERS

Winston Spencer Churchill Struck By Book Thrown From Enemy's Camp; Fight Narrowly Averted.

UNIONISTS DETERMINED TO BLOCK ASQUITH

London, Nov. 14.—The Times says the unionist leaders, after the adjournment of the house, held a private conference and decided that unless the government finds a parliamentary and constitutional way out of the difficulty created by its defeat on the home rule amendment, the opposition will refuse to permit a continuance of the proceedings of the house of commons.

It is stated that the unionist leaders have the warmest support of their followers in this policy and in their determination to prevent debate on the premier's motion to rescind Sir Frederick Hanbury's amendment.

SPRECKELS WARNS AGAINST FRAUDS IN LOS ANGELES

GOMPERS OPPOSED FOR RE-ELECTION BY SOCIALISTS

President of Federation of Labor Stumbling Block in Path of Those Who Would Resort to Violation.

[By Morning Journal Special Leased Wire.]
Philadelphia, Nov. 13.—As far as the American Federation of Labor is concerned, there is no such organization as the International Association of Steam, Hot Water and Power Fitters and Helpers of America.

This declaration was made today by President Gompers before the convention of the federation and the convention upheld him when by a vote it refused to seat delegates of that association.

The reason given by President Gompers and the delegates who support him is that the United Association of Journeymen Plumbers, Gas Fitters and Steam Fitters Helpers of America, which is affiliated with the federation, takes in members of the steam fitters trade and it would be contrary to the federation principles to recognize more than one international union to a single trade.

Members of the radical wing of the convention, which included nearly a hundred socialists, say vigorous opposition will be made to the re-election of President Gompers and that if he is chosen it will be his last term. Socialists have been trying for years to win the federation over to their principles, but they have stumbled on the opposition of President Gompers to direct political action. The fight is likely to come up next week, when the question of referring the election of officers to a referendum vote of the members is to be taken up.

Later he explained that he had been standing on the front platform of the car in the rear and had run in when he heard the shot.

Miss Myers, who is about twenty years old, was on the way to New York to purchase a trousseau for her coming wedding to J. Blair Dillard of Salem, Va. She had a basket of jewels which she was taking to New York to have repaired and matched and when she heard her mother re-entering their section after Mrs. Myers had gone for a few minutes to the dressing room, she took her revolver from under her pillow, and fired, thinking a burglar was after the jewels. She was half awake at the time.

Miss Myers' brother and her fiancé are on their way from Salem and will arrive in Trenton early tomorrow morning. Her father is enroute from Greensburg to meet his daughter. He is accompanied by an attorney.

inter gravely, "or on reconsideration is found to be the deliberate judgment of the house, it would be impossible for the government to proceed with the bill. There are two reasons for this. In the first place, a mortal blow would have been struck."

Mr. Asquith—"At the financial arrangements of the bill. Finally I hold that a bill passing this house should receive upon all substantial and vital points the assent of the majority of the house."

Mr. Asquith proceeded to point out that last week they had a majority of 121 on a question similar to that raised by Sir Frederick Hambro. He argued that there were precedents for the course proposed.

Mr. Asquith replied that the established rule of the house was a decision once on a resolution. The government's proposal, he declared, was an affront to the house.

Captain Craig, unionist for East Down, said:

"The government's supporters are here under monstrous and degrading circumstances. A change in the government under the present international conditions—if that is the ground for the government declining to office—will have the whole-souled support of the unionist party."

He then moved adjournment, which was agreed, 327 to 218.

Then the storm broke. Sir Frederick Hambro moved that a decision reached could not be reversed at the same session.

"The only honorable alternative before the government," he said, "are resignation or dissolution. All the respect with which the members of the minority are treated is to have the members of the cabinet sitting opposite them grinning like asses. The government is only a circus led by rebels. The best thing the House members can do is to go home and make preparations to resist home rule."

Louisa Harcourt, secretary of state for the colonies, attempted to speak. He was on his feet for several minutes. Every member was followed by unionist shouts and derisive cries for Lloyd George. He finally took his seat.

The attorney general, Sir Rufus Isaacs, had the same experience. Henry Page Croft, unionist for Christ Church, shouted: "The name of this government stinks in the city of London." This referred to various alleged financial scandals.

The speaker finally adjourned the house for an hour.

Immediately after it reconvened Sir Rufus Isaacs was on his feet amid shouts of "Adjourn."

The voice of Sir Edward Carson, who left the anti-home rule in Ulster, arose above the din.

"There will be no more business ever in this house," he said.

The speaker repeatedly appealed for order, and at length declared: "I rule that a scene of grave disorder has arisen, and I adjourn the house until tomorrow."

A yell of victory burst from the unionists. The members of this anti-home rule party, who sat on the right side of the speaker's table, No one moved to leave the house.

On the unionist side was a seething mob. An arm was raised and a document flew across the floor. It struck the prime minister in the face. A shower of other papers fell among the result of minutes.

Mr. Asquith, white and indignant, faced the attack with folded arms. The air was thick with papers and books. At length the premier minister stalked to the door, greeted with yells of defiance and approval. Suddenly the unionist member, Ronald McNeill, rushed to the speaker's table and raised a heavy volume. He landed it on the first lord of the admiralty, Mr. Churchill, whom it struck full on the chest. There was an ugly rustle from the liberal benches, but the cooler heads held back their colleagues.

For a moment a little of this seemed imminent. The screaming yell of Will Crooks was raised in some "Should and Acquaintance" be proper? Others took on the strain and gradually flowed into the lobby.

At a cabinet meeting later it was determined to adhere to the program.

Skating. Tonight. Skating.

Howell Outprints Ferns.

Indianapolis, Ind., Nov. 13.—Thomas Howell, known as "Wildcat" Ferns, born tonight in a 18-room hotel, making the debut of newspaper man, Howell carried the fight to Ferns from the start and in the second round, Ferns suffering from a heavy left to the chin, stayed down for the count of nine, after slipping to the mat. Ferns finished stronger in the last round, the only one in which he was the aggressor.

Losing Hair? Go To Your Doctor
Ayer's Hair Vigor is composed of sulphur, glycerin, quinin, sodium chlorid, capsicum, sage, alcohol, water, perfume. Not a single injurious ingredient in this list. Ask your doctor if this is not so. A hair tonic. A hair dressing. Promptly checks falling hair. Completely destroys all dandruff. Does not color the hair.

CHAMP CLARK HAS NO OPPOSITION FOR SPEAKER

Representative Henry, Former Rival, and Colonel Bryan Approve Plan for Re-Election of Missourian.

(By Morning Journal Special Leased Wire.)
Washington, Nov. 13.—Representative Henry of Texas, chairman of the rules committee of the house, who was a candidate for speaker two years ago, announced today that he would not oppose Speaker Clark when the new democratic house is organized after March 4.

"It is not my intention to be a candidate for speaker of the house," said Mr. Henry. "Governor Wilson and those acting with him cannot afford to begin the administration with a factional contest against the present speaker."

It is understood also that Mr. Bryan is favorable to the re-election of Mr. Clark as speaker. Experiments from democratic members of the house indicate the speaker has little opposition for re-election.

CUBAN SUGAR IS CONTROLLED BY AMERICANS

Trust Investigation Shows How United States Interests Dominate Production in Island Republic.

(By Morning Journal Special Leased Wire.)
New York, Nov. 13.—Cuba's raw sugar and what control over its production and sale may rest in the hands of the so-called sugar trust were discussed in testimony in the government's dissolution suit, Henry A. Clark, secretary of the Cuban-American Sugar Company since 1906, testified that the company produced 99 per cent of all Cuba's sugar in 1910.

Federal attorneys brought out that a contract existed between H. S. Howell, son of C. C. and the Cuban-American Sugar Company. When the latter was organized, Mr. Clark testified, the Howell firm which was the commission house for the trust in the United States was chosen to serve in the same capacity for the Cuban-American Sugar Company. Mr. Clark promised to produce the contract he mentioned. Horace Halverson, James H. Post, Frederick A. Howell and Thomas F. Howell were mentioned by the witnesses as directors of the Cuban company.

Consolidation of various independent companies in Cuba was effected by a group of capitalists who figured that if the United States won its war with Spain, Cuban sugar lands would be a great investment. Mr. Clark testified that James H. Post, Mr. Clark and others, formed the West India Land & Trading Co. Mr. Clark owned, through independent Cuban firms, were combined under the name Cuban-American Sugar Company, with the Howell firm as the commission house. The capital stock was \$20,000,000, half preferred and half common.

SEEK TO BESMIRCH CHARACTER OF YOUNG WOMAN

Defense in Clarksfield "Tarring" Outrage Endeavor to Discredit Complainant Testimony Given at Trial.

(By Morning Journal Special Leased Wire.)
Norwalk, Ohio, Nov. 13.—Recalling to the stand Minnie La Valley, the 19-year-old West Clarksfield girl, victim of the "tarring" assault last August, the defense today began its case in the trial of the six men indicted for the offense.

The questions concerning alleged improper conduct on her part and by testimony of many West Clarksfield and Norwalk men and women concerning her reputation for veracity, the defense attempted to discredit her testimony.

T. J. Welch, father of two of the defendants, and his wife were then placed on the stand in an attempt to form an alibi for Ernest Welch, the first of the defendants to be tried.

Mr. Welch testified that on the night of the assault his son had been at home reading all evening. Mrs. Welch confirmed her husband's testimony.

Joseph McCaffrey, Vice Pres. for Neb. Grangers of America, Omaha, stated: "I cheerfully recommended Foley's Honey and Tar Compound and sure cure for cough and cold. I have used it myself and have recommended it to others who have since told me of its great curative power in diseases of the throat and lungs." J. H. O'Reilly Drug Co.

NATIONAL GRANGE FAVORS GOOD ROADS

(By Morning Journal Special Leased Wire.)
Spokane, Wash., Nov. 13.—Delegates of National Grange Order, which is holding its annual conference at the forty-sixth annual conference of the National Grange here developed the fact that the grange is virtually unanimous in advocating federal appropriation for road improvement. It was said the organization will urge upon congress the passage of a bill appropriating sufficient funds to be administered under a national commission or under a board acting in conjunction with similar commissions from the various states.

New York City is the strongest bidder for the next convalescence.

WANTED: 50 MEN AND WOMEN

To Take Advantage of Special Offer Made By J. H. O'Reilly Drug Co.

The J. H. O'Reilly Drug Company, the enterprising druggists, are advertising today for fifty men and women to take advantage of the special half price offer they are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia and get a 10-cent package at half price, 25 cents.

So generous is the O'Reilly Co. of its remarkable power of this specific for the cure of these diseases as well as such headaches and other troubles, that it agrees to refund the money to any customer when the medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can get what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite and makes life worth the living.

If you cannot call at the O'Reilly Drug Co. store today, send them 25 cents by mail and they will send you a package promptly, charge paid.

The O'Reilly Drug Co. has been so successful in its limited supply of the specific, so great is the demand, and you should not delay in taking advantage of this liberal offer they are making this week.

MOTHER DRIVES 65 MILES WITH BODY OF DEAD SON

Grief-Stricken Parent Takes Corpse of Boy Who Committed Suicide to Las Vegas for Burial.

(Special Dispatch to the Morning Journal.)
East Las Vegas, N. M., Nov. 13.—DRIVING sixty-five miles from her home in this city, with the body of her son, Roy Fox, as her only companion, Mrs. Emma Fox, the grief-stricken mother, reached Las Vegas today.

The boy, who lived with his mother, shot and killed himself Monday night while suffering from an attack of melancholia, brought on by the emotional circumstances of his mother. The Foxs came to New Mexico about a year ago from Lawrence, Mo. The body of the boy will be buried in a local cemetery.

GUNMEN'S DEFENSE OUTLINED BY COUNSEL

Attorney Alleges That Four Gangsters Indicted for Murder of Rosenthal Were Victims of Frameup.

(By Morning Journal Special Leased Wire.)
New York, Nov. 13.—The state rested its case tonight in the trial of the four gangsters accused of murdering the gambler, Herman Rosenthal, at the instigation of Charles Becker, and counsel for the gunmen opened for the defense, declaring he would show that none of the four took part in the shooting, or in any way were connected with the plot to kill Rosenthal.

He declared he would show the murder was lured to the scene on a pretext, and that the shooting in front of the Metropole, where Rosenthal was killed, was done by "friendly" Webber, Harry Vallen and a mysterious stranger who was thus brought into the case for the first time.

When the prosecution's last witness had testified, Justice Giff denied Mr. Webber's motion to dismiss the indictment and require the defendants.

The lawyer then outlined his defense, after going into a personal history of each of his clients, declaring that as had been already stated, they were not guilty. He announced his intention of placing each of the "gunmen" on the stand. He would show that Frank Croft, one of the four, was not home at the time of the shooting, Mr. Webber declared, and that it was only their interest in their friends, the east side gang leader, Jack Zelig, that had brought any of them near the scene of the crime in the early morning of July 16th.

The fear of Jack Zelig, the information of Jack Zelig's capture, and the fact that the alleged frameup, when he was arrested on a charge of carrying concealed weapons, was the key to such negotiations as took place between the gunmen and Rose, counsel declared.

It was represented to his clients, Mr. Webber said, that Rose having heard that Zelig suspected him of inspiring the frameup, wished to show Zelig's friends that the suspicion was unfounded.

Mr. Webber said he would be able to discredit the testimony of the identification witnesses, Luban and Krause, and that it would be shown that Shapiro, the chauffeur, had declared he had not seen any of the men who rode in the motor car behind him.

The cross examination of witnesses during the day had indicated that the defense was preparing an attempt to prove that others than the gunmen had killed Rosenthal. This was particularly noticeable in the cross examination of Jack Rose who repeated the testimony he gave at the Becker trial, declaring that the defendants threatened by Becker with a frameup on the charge of carrying concealed weapons, agreed to kill Rosenthal.

Mr. Webber in questioning Rose asked particularly about a "someone else" who had come to the scene of the murder with the gunmen and asked many questions about the movement of Vallen and Webber.

Another witness of the day was Giovanni Stanich, who identified "Whitey" Lewis as one he saw fire two shots at Rosenthal.

Chas. S. Hedley, 146 E. 2nd St., Hastings, Neb., wrote: "I have been troubled with severe pains in my back and kidneys, and pains were especially severe mornings. I have used your E. W. Grove's Kidney Pills and the pains have entirely left me. I know of no other cure." J. H. O'Reilly Drug Co.

ELECTION RETURNS BEING TABULATED AT SANTA FE

Six Clerks Employed on Onerous Job in Order to Expedite Work of State Canvassing Board When It Meets.

(Special Correspondence to Morning Journal.)
Santa Fe, Nov. 13.—The returns of the recent election, which have now practically all been received by the secretary of state are being tabulated by a force of six men, in preparation for the work of canvassing the returns, which will be commenced Nov. 25th.

This work is being done by the secretary of state at the request of the members of the canvassing board, in order to expedite matters when the board meets. Unofficial returns have shown that the result is a democratic plurality for all candidates, and the canvass will be simply a matter of form as it is said all members of the board agreed on having the tabulating done beforehand. Last fall this procedure would not have been followed by the different political parties, for several state offices depended on the official count, there being but a few votes difference between the candidates.

ANOTHER PROMINENT MEXICAN ARRESTED

Mexico City, Nov. 12.—General Mucio Martinez, ex-governor of Puebla, prominent in the Diaz regime, was arrested today, charged with being implicated in the revolutionary movements, especially that of which his old friend, General Aguilar, is the leader. Pablo Escandon, ex-governor of Morelos, who was arrested Monday on a charge of having furnished the rebels with money, denies the allegation against him but has been committed to the penitentiary. Encounters were reported today in the state of Mexico, the federal commander, Major Gonzalez, defeating the rebels after three hours' fighting. Fifteen rebels were killed and one federal wounded.

ETTOR ADMITS HE AROUSED HATRED OF STRIKERS

Union Leader Gives Damaging Evidence on Cross-Examination While Testifying in His Own Behalf.

(By Morning Journal Special Leased Wire.)
Salem, Mass., Nov. 13.—Joseph J. Ettor testified today that he told foreign textile workers of Lawrence, that the constitution, the laws, the courts, the police and soldiers, he brought out under cross-examination in his trial as an accessory to the Anna Lopizzo murder in a riot last winter.

He said he told the foreigners the constitution and laws belonged to capitalists, because of his knowledge of conditions in this country.

"I was making them familiar with the institutions of this country when I told them that," Ettor asserted.

The district attorney asked Ettor what he had referred to when in a conference with William D. Haywood of the Industrial Workers of the World, he had spoken of the "persecution of strikers" in Lawrence.

"I meant the chipping of strikers," Ettor answered. "The bayonetting of a boy, the striking of men with the butts of guns, the arrest of men under false charges, and men being condemned without a trial, or a drum trial at least."

WOMAN SHOTS COYOTE; MURDERED MAN'S PET

Greeley, Colo., Nov. 13.—Miss Elsie, both Coyne, with a rifle, shot and killed a coyote that had been taking her chickens today. When she examined the animal she discovered around its neck a collar with a silver plate upon which was engraved the name "Jerry McGahan." The coyote undoubtedly had been a pet of "Wild Horse" Jerry, a noted character of the Chaffinch country, killed three years ago by Walter Rising, who is now serving time for the murder.

POLICE IN LEAGUE WITH ROBBERS IN NEW YORK

Startling Evidence Is Given By Convicts Before Aldermanic Committee Which Is Investigating Crookedness.

(By Morning Journal Special Leased Wire.)
New York, Nov. 13.—Two New York policemen plotted robberies and carried them out so cleverly that, instead of being suspected, they were promoted to first-grade detectives for their supposedly good work in connection with the crimes, according to "Sling Sing" evidence read into the police investigation records today.

The testimony startled the members of the aldermanic investigating committee, notwithstanding the fact that the affidavits were two men convicted of the robberies, who now are in prison.

Ernest Buckner, counsel for the committee, pressed for a reading of the convicts' affidavits, which he himself had procured. The advisability of hearing them was sharply questioned and heatedly argued before it was decided to listen.

He read first the affidavit of Frank Parrot, who said that two policemen, known to him as "Al" and "Len," conspired with him for the robbery of a house and of a woman patron of a bar. In the latter case it was alleged that the policemen told Parrot and his comrades of a woman accustomed to carry a large sum to an east side savings bank and that the officers participated in a plot to rob her.

A bag containing \$2,000 was snatched from the woman in a crowd at the bank door.

It happened that detectives near by, and the plain clothes officers, were forced to draw their revolvers also, participating in the arrest of the men with whom it is alleged they planned the robbery.

Parrot said he was forced to plead guilty by threats that otherwise he would be mixed up in the \$25,000 taxi cab robbery which occurred about that time.

DEMOCRATS WHOOP 'ER UP AT VEGAS RATIFICATION

Torchlight Procession, Auto Parade, Band Concert and Speechmaking Mark Enthusiastic Celebration.

(Special Dispatch to the Morning Journal.)
East Las Vegas, N. M., Nov. 13.—The democrats of the two Las Vegas and San Miguel county held here tonight one of the most memorable ratification meetings in the history of the two towns and the county.

A torchlight procession, illuminated automobile parade, band concert and speechmaking at the armory were features of the celebration. Enthusiasm was at high pitch throughout the evening and the city was awakened from the slumber it has taken since the late lamented Johnson-Elynn fiasco.

The speechmaking at the armory drew a crowd that packed the building and overflowed on the sidewalk. Congressman Harvey B. Ferguson, of Albuquerque, one of those victorious in the democratic landslide on November 5th, was the principal speaker of the evening and was accorded a tremendous ovation. Other speakers of the evening were Secretary of State Antonio Luero, Lieutenant Governor E. C. de Bion and National Committeeman A. A. Jones.

BANKER ON TRIAL FOR FALSE REPORT

Cour D'Alene, Idaho, Nov. 13.—That he had made out the alleged false statement as to the bank's condition at the request of President Bernard E. O'Neil that the president suggested that the witness sign it, and that the statement showed \$100,000 less than the actual amount of the bank's overdrafts and that the loans and discounts were approximately \$25,000 less than the actual figures, was testified to today by Guerry Burk, the state's first witness in the trial of Mr. O'Neil, charged with violating the banking laws in connection with the defunct state bank of Wallace, Idaho.

NEGOTIATIONS ARE COMMENCED BY TURKEY WITH BULGARS

(Continued From Page One.)
ing humiliation, and if King Ferdinand is not too excited, peace is in sight."

The Daily Mail's correspondent says there are good grounds for stating that the Bulgarians disapprove the idea of an armistice, which they regard as an excuse for delay.

The Daily Mail's Vienna correspondent says there is reason to believe a proclamation for the independence of Albania is imminent. The question of giving Salonika to Serbia, the correspondent adds, was discussed at Budapest, and it is understood that Austria would object to this solution, although there was an understanding between the Balkan allies that Greece should have Salonika.

A dispatch from Salonika to the post describing the enthusiastic demonstration by the Greek occupation of the city says the Greek troops made the most favorable impression on foreign observers.

"I have heard," adds the correspondent, "the extraordinary dash of the Greek infantry, attributed to the fact that the van of the army always included 10,000 or 15,000 Americans of Greek extraction."

The Times correspondent at St. Petersburg says the Russian foreign minister, M. Sazonoff, after consulting with the German ambassador, informed the Serbian minister that Russia was not disposed to fight for the sake of a Serbian port on the Adriatic.

The Russian press, the report says, shows dissatisfaction, but it is said Premier Kokovlev is disposed to agree with M. Sazonoff. The orders for a mobilization in the military districts of St. Petersburg, Vilna, Warsaw, Odessa and the Caucasus will take effect only upon the mobilization by Austria-Hungary and Roumania.

APPEAL TO BULGARIANS

Constantinople, Nov. 13.—That the port has entered into direct negotiations with Bulgaria for an armistice is confirmed.

Nasim Pasha, the Turkish commander-in-chief, has received instructions to open communication with the Bulgarian generals and has sent an envoy to Bulgarian headquarters.

The port appears resolved on this course, owing on the one hand to the delay of the powers in handling the mediation proposal, and on the other hand, to the divergence of views of the powers. The port, according to official circles, is unwilling to add the existing embarrassments to the powers.

Only four of the powers agreed to

The Morning Journal has a higher circulation rating than is accorded to any other paper in New Mexico.—The American Newspaper Directory.

ALBUQUERQUE NEW MEXICO

THE STAY-AT-HOME VOTE.

There has been much comment since the election on the stay-at-home vote, but nowhere have we seen so clear an analysis as that presented in a thoughtful editorial in the Washington Star. The Star says: "As the Star pointed out the other day, the returns of the election of Tuesday will be subjected to more critical and keen analysis than the voting figures of any election in recent years. Already enough has been reported from the count to warrant certain significant deductions. While the figures available are not official and are in some cases only approximate, and furthermore while they do not include the total votes of the three minor candidates, Debs, Reimer and Chaffin, they are nevertheless sufficient to indicate that the successful candidate of the democracy was not the choice of a majority of the people; that had there been a combination of republican strength against him he would have been overwhelmingly defeated, and finally that there was unquestionably a remarkable increase in the already heavy 'stay-at-home' vote.

"It was estimated by the census office before the election that as a result of the natural increase in the population, the admission of two new states and the extension of the suffrage in California and Utah to women, the total votes would be approximately 16,445,000 as against a total in 1908 of 14,888,442. In the absence of the minor party figures it is impossible yet to determine the actual total of the vote cast last week, but it is plain now that it did not equal the census office estimate by a large margin. Wilson's vote, on the basis of the present approximate figures, was 6,189,824. Roosevelt's vote was 4,651,631 and Taft's vote was 3,574,671. Thus Wilson's plurality on this basis was 2,138,262 over Roosevelt, but a combination of Roosevelt and Taft votes would have given a margin of 1,436,400 over Wilson. The most striking phase of this is that Wilson's vote was on the present reckoning 219,211 less than the total Bryan vote of 1908, although two more states voted this year than four years ago, these two giving Wilson a total of approximately 31,500 votes, while the combined Taft and Roosevelt votes fell 62,805 votes short of the Taft vote of 1908. Thus in the case of the three major parties this year there was a deficiency of 271,817 votes as compared with the Taft-Bryan vote of 1908. Where did these votes go? They may have gone to Debs, or to Chaffin, or to Reimer. Probably some of them went to Debs, but no conceivable defection from a major to the minor parties would account for the loss in voting strength that is apparent on the face of the returns in their present state.

"In 1908 the minor parties consisted of the socialists, prohibitionists, social laborites, populists and independents. The total of the votes cast for the five candidates of these parties, Debs, Chaffin, Gilhaus, Watson and Higgen, was 800,230. It has already been estimated that there was an increase of about 500,000 votes in the Debs strength, and granting other increases to Chaffin and Reimer this year—which are not likely to be in the same proportion as the socialist increase—it is fair to assume that the total of the minor party vote will not be more than 1,500,000, and this is probably a widely liberal estimate. This would give a total vote cast by all parties this year of approximately 15,225,000, or about 1,220,000 less than the estimate of the census office.

"At the outset of the campaign it was asserted by some of the political leaders that there would be an unprecedented outpouring of the people to vote on the vital issues presented, a great popular uprising bringing from their retirement the several million potential voters who, for one reason or another, do not exercise the franchise. The census estimate of 16,445,000 votes made allowances, on the basis of previous elections, for

those who are thus self-disfranchised as well as those who for various causes have been deprived of the right to vote. Thus, with approximately 22,000,000 potential voters in the United States, barring perhaps 500,000 for legal disabilities, in case of such a popular uprising as some forecast, last week's vote might easily have run as high as 20,000,000. Instead of which it is not much, if any, more than 15,250,000, with the addition of from a million to a million and a half to the stay-at-home vote of other years. Truly, instead of being a great outpouring of the people, this election has shown a portentous lack of interest in matters political on the part of a large and increasing number of the voters."

BOOST ALBUQUERQUE.

Albuquerque has a most favorable environment. As has been pointed out many times, the climate is the best that can be found on the American continent, probably the best in the world, considered from an all-season point of view. Except may excel our winters by a narrow margin, but we escape the excessive heat of the Egyptian summers.

Our scenery rivals successfully that of anywhere else in the United States, except possibly in the Alleghenies, where the variegated forests lend a charm not found in the bigger and grimmer mountains of the Rockies. We have points of historic interest, ruins as ancient as those along the Nile. People by thousands would come here if only they knew the attractions we have in store for the healthseeker and the sightseer.

Also we have valleys, easy of irrigation by ditch or pump, that are unrivaled in fertility. They wait the homemaker who is ready to utilize them.

For years Albuquerque has been waiting for people to learn of these things and come here and spend or invest their money. We have a good commercial club, only it lacks funds with which to work effectively.

Deming, with less than 3,000 population, spent \$12,500 last year in advertising. It paid. This year those people are spending \$25,000 to attract settlers and investors. Soon Deming will be the only town known in New Mexico.

JUDGE FALL'S POSITION.

It is not believed that Judge Fall will attempt to claim he was elected for the regular term by the last session of the legislature. If he should decide to make that farcical action a basis for a seat in the United States senate the opening gun of the contest will come on a mandamus proceeding to compel the governor to issue a certificate of election.

Should the supreme court of the state issue an order to the governor, then the matter will be taken to the United States senate on contest. It is reported that one of the leading law firms of the state is now preparing evidence against the validity of the alleged election, including specific charges against four members of the legislature.

If the legislature should fail to elect a senator at its coming session, or if it should re-elect Judge Fall and he should be unseated by the United States senate, an Lorrimer was ousted, it would leave New Mexico with only one senator until 1915, because the governor has no power to appoint where the legislature has had opportunity to elect and has failed to utilize it.

It should be borne in mind that the next United States senate will be democratic by a narrow margin. The late actions of that body have shown a strong tendency toward strict construction, and it would be rash to imagine that the next session would be less so. Besides the title to the seats of five members will be on hearing. Penrose, DuPont, Warren and both members from West Virginia are under fire.

There is a feeling in the senate that the upper house of congress must be overhauled, rehabilitated in the confidence of the people, and that men whose seats have been secured by the corrupt use of money, with or without their knowledge, must get out of that body.

The New Mexico legislature will have an opportunity to gain the confidence of the people. The republican members can do much toward re-establishing the prestige of the party in the state by refusing to consider Judge Fall further.

The policy that should be pursued is clear, and it is believed that the results of the last election will not go unheeded in this state.

BUSINESS DISPUTE COSTS LIVES OF FOUR PERSONS

Clifton, Arizona, Scene of Quadruple Tragedy; Newspaper Man, Saloonkeeper, Native and Carpenter Victims.

(By Morning Journal Special Leased Wire.) Clifton, Ariz., Nov. 13.—Franklin B. Dorr, a well known newspaper man and lawyer was shot and instantly killed; John Barrone, a saloonkeeper, was so badly wounded that he died soon after and two Mexicans were shot, one fatally, by William Allender last night. Allender then barricaded himself in his carpenter shop which was surrounded by officers and citizens. When he saw escape was impossible, he blew off the top of his head with a revolver.

The shooting occurred late last night in front of a moving picture theater which was recently purchased by Dorr, who moved here from El Paso, after severing his law partnership with United States Attorney J. E. Morrison. Dorr and his wife were leaving the theater when Allender, one of the former owners, approached with a bareheaded shotgun and began shooting. Dorr fell dead at the first shot and the second charge pierced the heart of Barrone.

Reloading his gun, Allender retreated to his carpenter shop in which he took refuge after a paring shot into the crowd which found a lodging in the two Mexicans.

For nearly an hour deputies and armed citizens besieged the shop, firing many shots into the building in order to force Allender to emerge. During the shooting Allender was wounded several times.

The tragedy was the result of financial differences between Allender and Dorr over the purchase of the theater.

Dorr founded the Douglas Daily Dispatch eleven years ago.

Phoenix, Ariz., Oct. 27, 1912. "John Deere Plow Company, "Kansas City, Mo.

"Velle, the only car to finish in the Globe-to-Phoenix road race, left Globe in rain, and it lasted for ninety miles. Imagine running race on mountain road in rain. Made remarkable time of four hours and eighteen minutes for 120 miles. No where equalled heretofore. I drove the car.

The Vissers Auto and Supply Company has but recently engaged in the automobile business in this city. They have ample quarters at 222 North First street. They employ several first-class auto mechanics and are already very busy with repairs.

Mr. Vissers received a telegram yesterday from the John Deere Company to the effect that a car of six Velle-Forties was on the way and should reach Albuquerque in a few days. Those who are contemplating the purchase of a machine would do well to wait the arrival of this shipment of Velle-Forties before deciding. They possess many points of decided merit not found in all cars selling at a medium price.

New pictures, Pauline and Crystal. Salt Lake City, Nov. 13.—Angelo Peoples, whose American name was Harry Spinder, died today from a wound inflicted October 29 by strike sympathizers who fired across the street at Brigham at a party of men going to work at the United States mine. The crime was charged to strike pickets and several suspects have been arrested.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turner, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all druggists.

Skating, Tonight. Skating. Fish sent out to New Mexico streams.

Twenty cans of fish fry, of various breeds, were last night shipped by local express. In yesterday's issue of the state from a regular fish car of the Bureau of Fisheries, which arrived on No. 1. The fish will be released in the different streams to stock them with game species.

CARD OF THANKS. Mrs. Carl Zahn hereby wishes to return thanks to the Carpenters' Union and all others who so kindly aided her during the sickness and death of her husband.

REMARKABLE RUN OF VELLE FORTY IN STORM

Ninety of the 120 Miles From Globe to Phoenix Traveled Over Muddy Mountain Highway in Blinding Rain.

An echo of the great automobile race from Globe to Phoenix, run on October 27 last, was received yesterday by the Vissers Auto Company of 222 North First street. This race was run under the most strenuous conditions imaginable. The run, over a mountain and desert road which was almost impassable from mud for many miles, was started in a rain storm. Of the distance of 120 miles from Globe to Phoenix, ninety miles were traveled in a drenching rain of rain. Sixteen cars made the start and but one of the number finished. A Velle Forty, driven by M. L. Naquin, completed the course in four hours and eighteen minutes.

Copy of a telegram sent by Mr. Naquin to the John Deere Company of Kansas City, western sales agents for the Velle Company, at the conclusion of his remarkable run, was received yesterday by Mr. Vissers of the Vissers Company, and is as follows:

"Phoenix, Ariz., Oct. 27, 1912. "John Deere Plow Company, "Kansas City, Mo.

"Velle, the only car to finish in the Globe-to-Phoenix road race, left Globe in rain, and it lasted for ninety miles. Imagine running race on mountain road in rain. Made remarkable time of four hours and eighteen minutes for 120 miles. No where equalled heretofore. I drove the car.

CLEANS THE HAIR AND MAKES IT BEAUTIFUL—25 CENT "DANDERINE"

In a few moments your hair looks soft, fluffy, lustrous and abundant—No falling hair or dandruff.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and shine. It will be beautiful and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, cleanses,

FARM LABOR COST HAS INCREASED TREMENDOUSLY

Department of Agriculture Issues Interesting Bulletin Dealing with This All Important Subject.

(Special Correspondence to Morning Journal) Washington, Nov. 13.—The wages of farm labor is the subject of a bulletin recently issued by the United States Department of Agriculture. It was prepared by direction of Secretary Wilson by George K. Holmes, chief of the division of production and distribution. It contains the details of the latest of a series of fifteen investigations covering a period of forty-four years, and a summary of the preceding investigations is included in the bulletin.

In contracts of hiring by the year, with board, the wage rates of men per month increased from \$10.09 in 1866 to \$18.95 in 1909, or a gain of 78.9 per cent. The gain from 1890 to 1909 was 35.8 per cent.

In contracts of hiring by the season, with board, the wage rates of men per month increased from \$12.49 in 1866 to \$20.89 in 1909, or 67.2 per cent.

The wage rates of men per day, with board, for day labor, were not obtained throughout the period, and were found to increase from \$1.04 for harvest work in 1866 to \$1.45 in 1909, or 37.5 per cent. From 1890 to 1909, the increase was 22.4 per cent, and from 1890 to 1909, 20.0 per cent.

For labor other than harvest, with board, the wage rates of men per day increased from 64 cents in 1866 to \$1.02 in 1909, or 60.9 per cent. The percentage of increase from 1890 to 1909 was 43.1, and from 1909 it was 37.2.

Among the geographic divisions of states in 1909 the highest rate of wages per month in hiring by the year, with board, is found in the western group, where the average was \$21.30. Next in order was the north central division with \$22.22, third in order was the north Atlantic division with \$20.73; the south Atlantic states had an average of \$14.25; and lowest of all was the south Atlantic states, \$13.10.

Rates of wages do not express the real wages received by the farm laborer in this country. Apart from the changes in the purchasing power of money wages there are various extras that supplement wage rates. In this investigation an attempt was made to get information with regard to the value of supplementary allowances. It appears that the average monthly value of the dwelling, garden, fuel, and other appliances, the use of which was a part of the real wages paid, without board, in 1909, ranged from \$1.75 to \$3.50, throughout the United States, and the amount when wages were paid, with board, ranged from \$1 to \$4.50.

The average value of feed for sow, horse, swine or poultry, per month, ranged from \$1.11 to \$2.11; the value of pasture for cow, horse, or swine ranged from 65 cents to \$1.51; the value of fire wood for family use, and the team to haul it, ranged from \$1.00 to \$2.30; the occasional use of team for hauling was valued at 48 cents to \$1.70, and the occasional use of horse and buggy, probably reaching as high a frequency as weekly use, range from 87 cents to \$2.37.

The estimated value of the fruit given to the family of the laborer was reported to be worth from 80 cents to \$1.64 per month; the value of the stabling for the laborer's horse, if he had one, was estimated as 45 cents to \$2 per month; and the laundry service for the laborer was estimated to range from 75 cents to \$2 a month.

The increase in the purchasing power in the wage rates of farm laborers as compared with that of workmen was ascertained by the bureau of labor. The purchasing power of wages in terms of retail prices of food from 1890 to 1908 is regarded as being 100.0. For the period 1890 to 1908, the purchasing power in the case of working men increased only to 164.4, but in the case of farm laborers, the purchasing power of wages per month in hiring by the year and season increased to 110.1; the purchasing power of day rates of wages for harvest work increased to 111.5, and of day rates for other than harvest work to 115.2. Notwithstanding the increase of retail prices of food, the rates of wages of farm labor have increased in degrees sufficient to make as a new result a substantial rate of increase.

The wages of women for domestic labor on farms receives attention. This subject was first investigated in 1902. In hiring by the season, the wage rates of the domestic labor of women on the farm are higher than in hiring by the year. The monthly rate by the season was \$9.71 in 1902; \$11.95 in 1906; and \$12.02 in 1909. The western division of states has an average rate far above the average for the United States in 1909, namely, \$21.55; the rates for the north Atlantic and north central divisions are a little above the national average, while in the south central division the average is \$9.92; and in the south Atlantic division, \$8.25. The foregoing rates are with board.

When the domestic labor of women was employed by the day, the day rate of wages was 62 cents in 1902; 76 cents in 1906; and 77 cents in 1909.

The report declares that in farm household matters the situation is quite with regard to the supply of hired labor. Country girls as well as city girls seem to regard household labor for hire as undesirable. Joined with this fact is the other one that

WHITE SLAVE SUSPECTS REMOVED TO EL PASO

Charged with violation of the white slave statute, Frank J. Barone, a Frenchman, and Marceline Monson were taken back to El Paso last night by an immigration inspector from the local office. They have been in jail here nearly a week.

A further investigation of their alleged illicit relations and offenses will be made at the El Paso office, where it is said Barone has been in trouble before. The woman is a native of Old Mexico, and a list that might be much extended.

The old-time domestic industries are all but forgotten. The women of the farm make no more soap, candles, or lye, and so on with a long list of domestic products of former days. It is rare that one of the younger of the women know how to knit. Throughout large areas the pride of the housewife in great stores of preserves, dried and pickled fruit, berries, and vegetables exists chiefly in history and dependence is placed mostly upon the local store for the products of the canner and the evaporator.

It is protested that the frequently published statement that farm life has made the women of the farm sensually prone to insanity is a calumny. There is no statistical authority for the assertion, and the author of this bulletin has endeavored for nearly a score of years to discover the origin of the fabrication, with indications that the irresponsible author was for many years a popular writer on domestic subjects.

PETTUS MAY MEET COURT KEPT BUSY
OSCAR WILLIS IN
LOCAL BOUT REFUSING BAIL
FOR JOHNSON

Champion Heavyweight of Denver Will Be Offered Chance to Take on Dusky Albuquerque Boxer in Near Future.

Negro Pugilist's Efforts to Get Out of Jail at Any Price Continue to Meet With Signal Failure.

Since negotiations for a match between Pettus and Tony Caponi the Chicago heavyweight, have failed through an offer has been made to Oscar Willis, the Denver heavyweight, and champion of that city in his class, for a contest with Pettus, to be staged in Albuquerque at an early date.

Pettus has been training for several weeks and never was in better shape for a go. He is confident he can either win or hold his own with any boxer of his weight in the country, and is anxious for a match. That Pettus has confidence in himself, it is only necessary to cite the fact that he offered to meet Tony Caponi, one of the best heavyweights in the country, but this hasn't boxed for several years, but this makes no difference to him. He is a natural athlete, and one of the most powerfully built men ever seen anywhere.

Director Mark Levy, of the New Mexico Athletic club, had been making every effort to give the local fans an early boxing card, and when he was all but ready to announce the date and the contestants, his brother Jake Levy, of Santa Fe, was suddenly seized with an attack of pneumonia, necessitating Director Levy's presence at his bedside, where he has been constantly for the past ten days. However, reports are that Jake is improving and the early return to Albuquerque of Mark Levy is therefore expected.

TOMMY RYAN WILL
FIGHT AT GALLUP
ON NOVEMBER 22

(Special Correspondence to Morning Journal.)
Gallup, N. M., Nov. 13.—Tommy Ryan, the San Francisco featherweight, who recently made such an excellent showing against Benny Chavez, of Trinidad, Colo., at Albuquerque, in a ten round bout, losing the match on a half-line decision, arrived here yesterday. Ryan came from Arizona, where a match he had expected to fight fell through. He will meet Young Silva, a featherweight of fifteen, at the local opera house on Friday, November 22nd. After the Silva match, Ryan will return to Albuquerque and endeavor to get a return bout with Chavez.

THREE NEW MEXICO
ELEVEN'S OUT FOR
CHAMPIONSHIP

Aggies, Cadets and Varsity Seek Football Honors for 1912; Farmers Have Best Team Is Belief.

(Special Correspondence to Morning Journal.)
State College, Nov. 14.—The State College football eleven is practicing hard for its game with the State University, which will be played at Albuquerque on Saturday, November 16th.

The Aggies have a strong team this year and have won every game they have played so far during the season, including the one with the University of Arizona last Saturday, which they won by a score of 21 to 7. This brings the football championship of Arizona, New Mexico and West Texas to New Mexico for 1912, and the results of the game between the Aggies and the University of New Mexico and the Aggies and Military Institute on Thanksgiving day will decide the winner of the whole series and the champion team of this part of the southwest.

The New Mexico University and the Military Institute are training every nerve to get in shape to beat the Aggies. The Institute has won a straight string of victories this year, including one over the university, and a great game is expected when they meet the Aggies at Las Cruces on Thanksgiving day for the final decisive game.

KID GILBERT SEEKS
BOXING MATCH HERE

Kid Gilbert, an El Paso lightweight of considerable reputation, has arrived in Albuquerque, and is not with a challenge to meet any 120-pounder that may be found to meet him. Gilbert may be matched with Kid Stern, a local lightweight, who as yet has never been defeated and who shows promise of being a top-notch fighter in his class some day.

A new lot of old and modern Japanese warren, Clark's Curio Store.

PRINCETON WINDS
UP HARD PRACTICE
FOR YALE GAME

Varsity Puts in Solid Hour of Strenuous Playing With the Scrubs; Blue Eleven Shows Vast Improvement.

(By Morning Journal Special Leased Wire.)
Princeton, N. J., Nov. 13.—The Princeton football eleven today wound up the heavy part of its preparation for the game with Yale in an hour's melee with the scrubs. Two goals from place kicks by Backer were the only things that kept the scrubs from holding the regular line scores, as each eleven managed to register one touchdown. The varsity scored once on a series of straight plays, but at this point the scrubs line strengthened and kept the ball outside the 30-yard line for the rest of the period.

VALE GOES THROUGH SCRUBS WITH EASE.
New Haven, Conn., Nov. 13.—The Yale football team went through its heaviest practice of the year today and scored four touchdowns against a strong scrub team, in forty minutes of actual play. The scrub team was strengthened by the presence of Scully, last year's tackle, and Hinkel, star tackle on the 1908 team. In addition to the four touchdowns, Pampelly, who scored a drop kick against Brown last Saturday, scored a fine field goal today from the 30-yard line. New line plunging plays behind new formations worked with good success and the forward pass also was used to good advantage by the varsity.

LONG ISLAND BIDDER
FOR NEXT GRAND PRIX

New York, Nov. 13.—An effort to bring the 1913 Vanderbilt cup race to Long Island was inaugurated at a meeting of local automobile dealers here today. A representative of the dealers said it was their opinion that Milwaukee would not get next year's race because of the death of Bruce Brown and the ownership between DePalma and Briggs.

Honors for Least Number of Bobbles Past Season Goes to Athletics; Boston Close Second and Chicago Third.

(By Morning Journal Special Leased Wire.)
Chicago, Nov. 13.—The fielding honors of the American league go to Philadelphia for the 1912 season, with the world's championship. Boston team second, according to official averages issued tonight. Chicago was third, Washington fourth, and Cleveland fifth.

Although fourth in the list, "Chick" Gandil of Washington, is the real leader in fielding among the first basemen. He made only twelve errors in 117 games during which he accepted 1,174 chances. Borton of Chicago officially heads the list with an average of .997. He played in thirty-one games, handled 528 chances and made only one error.

Norris Rath of Chicago outdistanced two veterans, Lajoie of Cleveland and Collins of Philadelphia, at second base. He handled 516 chances with thirty-one errors to his credit. McBride of Washington leads the shortstops, while Turner of Cleveland tops the list of third basemen.

Figures show St. Louis of Philadelphia, as the leader among the outfielders, with Sam Crawford, of Detroit, a close second. They made only three errors each during the season. Cobb of Detroit made twenty-two errors and is more than half way down the list.

Three pitchers played errorless ball the entire season. White of Chicago and Plank and Combs of Philadelphia each finished the season with an average of 1.000. Cady of Boston did the best work among the catchers. The averages for the best five players at each position follow:

First Basemen.	Games	PO	A	E	Pct

Trading Almost Wholly By Professionals Who Show No Enthusiasm for Taking on Additional Shares.

(By Morning Journal Special Leased Wire.)
New York, Nov. 13.—Extreme dullness featured today's stock market. Price changes were irregular for the greater part with a steady tone in the final hour, when best prices of the day were recorded. Trading lost none of its professional character, but even that fact seemed adverse to taking on new commitments.

There were no developments to account for the market's apathy other than political and financial conditions. In the early part of the session there were signs of depression in American Smelting, Steel, the several oil shares and American Beet Sugar. Union Pacific, also, showed short selling, while an abrupt decline in Wash. preferred was associated with the tangle in that road's reorganization plan.

The low pronounced gains of the day were limited to some of the high priced specialties, such as Woodworth, Sears-Roebuck, and National Biscuit. Stagnation of the copper group was accompanied by rumors of a slight shading of prices for the metal.

Monetary conditions were unchanged, although call loans did not get beyond 4 per cent.

By "HOP."

LEGAL NOTICES.

Department of Interior,
U. S. Land Office.

Santa Fe, N. M., Oct. 15, 1912.
Notice is hereby given that John W. Lowry, of Laguna, New Mexico, who, on May 14, 1907, made homestead entry, No. 04344-11286, for W 1/4 NW 1/4, Section 2, Township 9 North, Range 3 West, N. M. P. Meridian, has filed notice of intention to make five-year proof, to establish claim to the land above described, before Sylvester Mirabal, U. S. Commissioner, at San Rafael, New Mexico, on the 4th day of December, 1912.

Claimant names as witnesses: Rafael Lente, Pedro Palsano, Jose Pucheco, Francisco Kay-yita, all of Laguna, New Mexico.

MANUEL R. OTERO,
Oct. 19, Nov. 19. Register.

NEW MEXICO PENITENTIARY.

Bids for Penitentiary Supplies.
Bids for furnishing six months' supplies for the state penitentiary will be received until 9 o'clock a. m., November 20, 1912.

Supplies consist of groceries, meats, hay and grain, clothing, leather, etc. A list of the supplies wanted, conditions and blank proposals will be furnished upon application to the superintendent.

By order of the Board of Penitentiary Commissioners,
JOHN B. MCMASTERS,
Superintendent, Santa Fe, N. M.

LEGAL NOTICE.

Last will and testament of Anna M. Turner, deceased.
To A. M. Mandilari and O. N. Marron, executors, Rev. James H. McGeane, Rev. A. M. Mandilari, Rev. F. Durante, Cecilia Mary Elizabeth Walsh and to all whom it may concern.

You are hereby notified that the alleged last will and testament of Anna M. Turner, late of the county of Bernalillo, and state of New Mexico, deceased, has been produced and read in the probate court of the county of Bernalillo, state of New Mexico, at a regular term thereof, held on the 7th day of October, 1912, and the day of the proving of said alleged last will and testament was by order of the judge of said court, the thoroughness of the same, the 9th day of December, A. D. 1912, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of this court, this 23rd day of October, A. D. 1912.

A. E. WALKER,
Probate Clerk.

NOTICE.

In the Probate Court, Bernalillo County, New Mexico.

In the matter of the last will and testament of Beatrice Sandoval de Baca, deceased.

Notice is hereby given that Francisco C. de Baca, the executor of the last will and testament of Beatrice Sandoval de Baca, did, at an adjourned session of the regular September, 1912, term of the probate court, file his final account as such executor, and Monday, the 5th day of December, 1912, was, by the court, designated as the day for the hearing of objections to such final account and the settlement thereof.

A. E. WALKER,
Clerk of said Court.

UNITED EFFORT IS SLOGAN OF GOOD ROADS LOCAL FOR FUTURE

Organization Gets Right After Needs in Bernalillo County and Will Work Until Changes Are Accomplished.

E. C. BUTLER CHOSEN AS NEW PRESIDENT

Enthusiasm Runs High at Meeting Last Night and the Prospects for Early Results Are Good.

As a result of the meeting of the good roads local last night at the Commercial club, the roads boosters of the city are able to present a united front in their appeals for better roads and more roads, including the immediate repair of North Fourth street and the highway through Tijeras canyon. The meeting was large and enthusiastic. Twice it was necessary to bring in extra chairs, and even then there were some who remained standing the whole two hours. Everyone was strong for good roads, and great results are expected to follow the meeting.

The first business before the meeting was the resignation of Jay A. Hobbs as president, which was reluctantly accepted by the association. On motion of Colonel Sellers, after several nominations, had been made and the honor had been as often declined, a committee of three was selected to nominate a president. The committee retired to discuss the matter, and while they were absent from the room Colonel Twitchell made an address, on request.

This address was devoted to a resume of the work accomplished by the association and an outline of plans for the future. Colonel Twitchell's main theme was the work which he, as president, expected to be able to accomplish, with the aid of 800,000 other motorists.

The principal feature of this was a series of stereopticon lectures, which he said he wished to deliver in every town of the state. These lectures are compiled by the colonel, and deal with the historic, industrial, romantic and commercial value of good roads. They are illustrated, mainly by photographs furnished by the Institute of American Archaeology at Santa Fe. They not only take up the questions of what can be seen along the principal roads, but the sights which will be made available by a few short branches from these roads, as well as the making of good roads themselves and the ways that had roads can be made better.

"The great value of good roads," said the colonel, "lies in the things they make available. Good roads that lead somewhere are traveled. You must have something to see to attract the tourist. The value of good roads to others than the incoming tourists from the east is only a part of the value, however. Good roads let the farmer haul more produce to market. They let him haul it easier. They save him money. But to get good roads you must have organization."

Colonel Twitchell then took up the question of the ocean-to-ocean highway and urged that to secure national aid for it it was necessary to create an organization which would bring attention to bear, something that would offer the great appropriations made by cities along the proposed northern route which were to be used for promotion purposes.

"There is no question but that this route passes through the most historic places and that it can be kept open more days in every year than the others," he said, "but that is not enough. You must have something that will give you a hold on those who are to grant the aid which will offer the appropriations made by northern cities who want this national aid for which we are fighting. You can create sentiment by organization."

He then discussed organization in a general way and urged that a presi-

don't be selected for the local at the meeting.

Upon presentation of the committee's report, E. C. Butler being nominated by it, was elected unanimously.

Mr. Butler took the chair and, after a short talk on good roads in the east, declared that good roads were the best possible investment for all classes of people in a community. Colonel Twitchell was given a vote of thanks for his address and was invited to lecture in Albuquerque on good roads as soon as convenient.

The secretary was instructed to procure any pictures wished for by the colonel as material for illustration.

FOREST SERVICE FUNDS ARE NOW AVAILABLE.

A. S. Peck, an official of the forest service, then addressed the meeting, telling them that the 10 per cent of the service gross receipts which were to be used for roads on the forests was now available and could net about \$12,000 for use this year. He explained that this money would have to be spent on national forests, but that it would be spent in such places as desired by the county and state authorities and that it would be used all over the state and not on any particular forest.

Felix H. Lester asked if some of it could be spent in Tijeras canyon, and Mr. Peck assured him that this was one of the projects under consideration, and that it would undoubtedly be the scene of some work at an early date. He explained that this 10 per cent was for roads in general use by the public and not for trails for forest service use.

Mr. Lester then stated that when the third member of the county road board was named—and he asserted that the third member had not yet been named, it would likely have available something near \$13,000 to expend on the roads within a year. He declared that until the third member was appointed and the board had organized it could do nothing. He gave a detailed statement of funds, saying that the three-mile road tax would raise about \$10,000 in this county next year; that the road tax of \$2 on each able-bodied citizen had raised this year in District No. 1, \$2,500, and \$2 in District No. 2. The general road fund, he said, now contained \$450. The District No. 1 fund contained \$2,617 and the District No. 2 fund \$28,25. He said there had been expended since January 6 in this county about \$11,694.99 for road building and repair.

He characterized as unjust allowing some of the people to escape the \$3 tax, while others paid it, and declared that it was his aim, as one member of the road board, to see that all paid alike.

The question of signing the county roads came up, and after discussion by Colonel Twitchell, Colonel D. K. B. Sellers, W. H. Hahn, the chair and others, a committee was appointed to appear before the county commissioners today and urge the immediate carrying out of the statute providing for the signing of the roads by that body. This committee was composed of Colonel Sellers, F. H. Lester, W. H. Hahn, A. B. McMillen and A. R. Stroup. It was empowered to act for the local in erecting signs itself, if the commissioners refused to do so.

RED, WHITE AND BLUE SCHEME MEETS APPROVAL.

Colonel Sellers' pet scheme of red, white and blue rings around a pipe, as a sign for the ocean-to-ocean highway, met with much favor, and after minor changes was adopted. It developed that two sign posts, one on each side of the proper turn or crossing, would direct the tourist better than any plan of different colors for different directions, and the local accepted this plan. Thus, if a road turns out from the main road, and should be traveled, there will be a pipe by the turn on the main road and a pipe on the road which should be taken, around the turn. This scheme will work whether the tourist is traveling east or west.

Mr. McMillen donated a lot of old boiler tubes for use as sign posts and T. J. Passmore donated the labor of cutting half of them in two that they might not be too long. A. R. Stroup offered to sign the road across the river if the association would furnish the signs ready to go in place.

A committee of three was appointed to secure new members. It was

Extraordinary Value

T \$25 STYLEPLUS CLOTHES would represent better-than-ordinary value. At \$20 they would represent extraordinary value.

But at \$17 they represent an absolute new standard of clothing values and an actual out-and-out saving of \$3 to \$8.

Such wonderfully good clothes at \$17 could never have been possible were it not for the ability and inclination of the makers. No other makers have the facilities for making such good clothes as STYLEPLUS at \$17 and few have the inclination as it means a meagre profit.

SIMON STERN

This store is the home of Hart Schaffner & Marx clothes.

composed of Colonel Sellers, R. W. D. Bryan and M. Mandell.

John Baron Burg addressed the meeting, telling of his efforts in Washington, where he represented Albuquerque at the meeting of the National Highway commission.

Mr. Lester declared that it was his opinion that the North Fourth street road ought to be fixed by the state, as that was a part of the Camino Real, and the meeting agreed with him, adopting a resolution urging that this work be done at once.

Follow the crowd. Where? To the skating rink. When? Tonight.

DEATH OF JUAN ARMIJO EARLY THIS MORNING

A telephone message, received at the Journal office at 3:30 o'clock this morning, announced the death of Juan C. Armijo, at the residence of his mother, Mrs. S. T. Armijo, 623 West Copper avenue, which occurred about 2:30. Heart failure was given as the cause of death. Mr. Armijo had been ill for the past few years with a complication of diseases, but his condition was not considered alarming until last night, when he complained of his heart and soon thereafter passed away in death. Funeral arrangements, with other details of his death, will be announced in tomorrow's Journal.

DIVORCE IS GRANTED ON PECULIAR GROUND

A divorce was granted in the district court yesterday on rather unusual grounds. The plaintiff was C. F. Shelton, who in 1909 married Priscilla R. Shaw, who was at that time under federal indictment in Vermont for a violation of the pension laws. The marriage took place at Las Vegas. Mrs. Shelton was arrested here in 1910 and taken east for trial. She pleaded guilty. Shelton's story is that he married the woman after an acquaintance long before. He later pleaded for divorce and yesterday received his decree on the ground that he was married under fraudulent pretenses.
