NATION-WIDE RAID ON MAIL ACCUSED OF MISUSE OF THE MAILS

Postmaster General Causes Arrest of 173 Persons, Mostly Doctors and Manufacturers, in One Big Swoop.

CHIEF INSPECTOR HAS CHARGE OF DRAGNET

Policy in Harmony with Prosecutions of Fraudulent Promoters, Many of Whom Have Been Punished.

Washington, Nov. 20.—A nationwide raid, involving the arrest of 173 persons in the principal cities of the country, was made today by postoffice inspectors and United States marshals upon doctors and drug peddlers, charged with misuse of the mails to solicit criminal medical practice or to dispose of the medicines or instruments connected with such practice.

The raid—the most extensive and far-reaching ever made by the government—was under the personal direction of Postmaster General Hitchcock, and Chief Inspector Robert S. Peabody, of the postoffice department. So carefully had its details been guarded that until the first arrests were made at Indianapolis, early in the day, practically nothing was known of the government's contemplated action. Working with clock-like precision, the inspection force, spread over twenty-two states, carried out the prearranged plans, and tonight the postoffice department had received word that practically all the designated persons had been arrested.

The results of the crusade are still being received tonight by the inspectors' division of the postoffice department in the forms of telegrams from various divisional headquarters. In isolated instances it was found impracticable to effect the arrests, but the suspected persons against whom warrants have been issued are under surveillance and probably will be unable to escape.

Chief Inspector Sharp and a large part of his force of 350 inspectors had been engaged for several months, under the orders of the postmaster general, in working up the cases in which arrests were made today. Many of those taken into custody were members of prominent wholesale and retail drug concerns or physicians well known in their own communities.

The government will prosecute the case vigorously, according to a statement by Postmaster General Hitchcock tonight.

"The work of the postoffice inspection force is the culmination of the crusade instituted more than two years ago against the fraudulent use of the mails," said Mr. Hitchcock. "In that comparatively brief time we have wiped out of existence concerns that have misled the people of this country out of more than \$100,000,000 by frauds perpetrated through the use of the mails, and courts have sent many of the promoters of the fraudulent schemes to the penitentiary, where they are now serving time."

The wide publicity given to the arrests made today will do more to put an end to this particular sort of criminality than any number of practically unknown prosecutions of widely separated cases.

Many interesting incidents in connection with the raids have been reported.

In Fort Worth, Tex., a doctor upon whom an arrest called after receiving a letter from him, refused to deliver the subject until his letter was produced. The letter bore the receipt stamp of the postoffice department, which the inspector covered with his thumb as he exhibited the letter. He then drew the letter from the envelope, handed it to the doctor, thus completing the necessary chain of evidence.

One doctor in Dallas, Tex., frankly informed the inspector who sought his services that, if caught by the authorities, it would cost him \$5,000 to get away, and that, as his call was as deep in the mud as he was in the mire, it would cost him a similar sum.

Refraining himself as one who desired to enter his services, an inspector interviewed a suspected physician in Texas city. The doctor could not be induced to commit himself. Then the caller, in apparent distress, began to weep convulsively. The doctor, seeing the caller in such a state, said: "Now, my boy, that's all right. My letter to you is clear enough. You know you have to be very careful to guard against these postal people, who are constantly hounding us."

He then gave the weeping visitor all the evidence he needed to complete his case.

In another case the inspectors, armed with evidence upon which a conviction would be possible, numerous persons suspected were received from the suspected person, but all of them were mailed from a city, thus through railway trains. In this case the jurisdiction of the in-

spectors had to be determined positively, and that could not be done through letters mailed on trains.

Finally two letters were mailed from the city in which the accused resided.

OKLAHOMA PHYSICIANS CAUGHT BY INSPECTORS.

Oklahoma City, Nov. 20.—With the arrests here today of Dr. C. W. Zeehult, charged with misuse of the mails to promote an illegal medical practice; W. M. Westfall and W. P. Westfall, charged with circulating matter conducive to race suicide, and the arrest in El Reno of Dr. Augustus Truett, the serving of warrants in Oklahoma in connection with the postal department's raid was completed.

No action in connection with the crusade was taken in Muskogee yesterday by the federal grand jury, which was expected to return an indictment there.

FIVE ARRESTS MADE IN CITY OF PITTSBURGH.

Pittsburgh, Pa., Nov. 20.—Five arrests were made today in connection with the nationwide raid ordered by Postmaster General Hitchcock.

FIVE PRACTITIONERS IN DENVER IN LAW'S GRIP.

Denver, Nov. 20.—In connection with the United States postal department's nationwide crusade against alleged illegal medical practices, four persons were arrested in Denver, and late today were arraigned before United States Commissioner Sanford Hindsdale and gave bonds of \$1,000 each. They were Dr. Carl E. H. Graeb, Dr. J. E. Thompson, Mrs. Frances Bode and Mrs. Pauline Reibe. Commissioner Hindsdale said tonight: "The last of the five to be arrested in Denver will be Mrs. Minnie W. Johnson, who will appear before me tomorrow. She will give bond. The five will appear before me November 25th, at which time the taking of testimony will be begun, provided in the meantime they are not indicted."

None among those arrested in Denver are considered prominent.

THIRTY-NINE ARRESTS IN PACIFIC COAST TOWNS.

San Francisco, Nov. 20.—Thirty-nine of fifty arrests attempted on the Pacific coast by the government in the crusade against misuse of the mails had been made at 8 o'clock tonight, and it was expected that this number would be increased before the night ended.

In California twenty-two arrests were made, while on the north coast nineteen of twenty-three persons under indictment were taken into custody.

The arrests include a county coroner and the proprietors of an immense drug store in the heart of Oakland, Cal., but most of them were of persons not well known in business or professional circles.

Late tonight it was stated that all but one person in California for whom warrants were issued had been apprehended.

Dr. Edward Peabody, against whom an indictment is said to have been returned, is believed to have fled the city. The search for Dr. Peabody today disclosed the fact that a young girl died several months ago after a criminal operation which the police assert, was performed by Peabody.

Whiskers Burned Him to Death.

Middletown, N. Y., Nov. 20.—A spark from the pipe of John E. Gillson, a farmer, today ignited his long whiskers. The flames spread to his clothing and he was burned to death.

NO DEMONSTRATION ALLOWED WHEN JURY REPORTS

City Marshal of Salem Takes Precaution Against Outbreak in Court Room When Defendants Hear Verdict.

By Morning Journal Special Leased Wire. Salem, Mass., Nov. 20.—The city marshal today completed plans to prevent any outbreak or demonstration when the jury returns a verdict in the trial of Joseph J. Ettor, Arturo Giovannitti and Joseph Curran. Who are charged with the murder of Anna Lopez during the textile strike in Lawrence last winter.

Ettor, the strike leader, was pictured to the jury today in the morning up by his counsel, J. H. S. Mahoney, as a man to be commended instead of condemned. He declared his client the victim of a conspiracy of employers.

"He was a leader who talked to the workers of Lawrence in the interest of humanity, and should receive the commendation of the community," said Mr. Mahoney. "Ettor may have expressed views on the witness stand with which you do not agree. Honestly expressed them, made no effort to hide them, but we are not trying this man upon his views, but upon his acts."

Mr. Mahoney argued that there had not been introduced in evidence a violent word spoken directly by Ettor to the Lawrence strikers.

Denver Wants Thomas in Senate.

Denver, Col., Nov. 20.—The Denver chamber of commerce today appointed a committee of six to call on Governor John F. Shafroth in an effort to induce him to call an extra session of the state legislature on November 20th, to elect Charles S. Thomas, as United States senator, for the purpose of sending Senator Thomas to Washington at once to secure an additional appropriation of \$1,000,000 for interior work on the new federal postoffice at Denver.

WOMAN MARKED FOR DEATH TELLS OF DYNAMITERS' OPERATIONS

Former Stenographer to John J. McNamara, Whose Brother Wanted Her Killed, Gives Testimony in Federal Court.

HUNDREDS OF LETTERS IDENTIFIED BY HER

Contractor Tells How Explosion Crew Cost Him \$17,000 by Blowing Up Several Buildings at Nearly Same Time.

By Morning Journal Special Leased Wire. Indianapolis, Nov. 20.—Miss Mary Dye, a stenographer who witnesses had said was marked for murder by James R. McNamara, the Los Angeles Times dynamiter, because she worked for the iron workers' union, and "knew too much," testified at the "dynamite conspiracy" trial today.

She said she had been followed by detectives and on one occasion another of the McNamara brothers had forced an entrance to her room at a hotel to search for papers which he desired to destroy.

Miss Dye identified hundreds of letters written by John J. McNamara, secretary of the union.

The witness testified she quit the employ of the iron workers before the Los Angeles explosion, but she had written many letters which the government charges were in furtherance of earlier explosions.

"Soon after I left, a boy at the door of my room at a hotel at midnight called out to me a telegram," said Miss Dye, "but when I opened the door John J. McNamara, much excited, forced himself in. He demanded certain papers of which I knew nothing. Then he searched my baggage and departed. In going over letters at the office I had seen a letter in which it was stated that somebody was going to 'smash' or give away information unless money was forthcoming."

The government contends the man referred to was Herbert S. Hockin, who now is on trial, and that Hockin already had told of the hiding of nitroglycerin at Rochester, Pa., and at Muncie, Ind.

On his flight back from Los Angeles, after causing the explosion there, James R. McNamara, said Miss Dye put to death and wanted Frank Eckhoff, of Cincinnati, to do it, according to Eckhoff's testimony. Eckhoff, who testified he had been sent to help the dynamite escape, said he refused to carry out the plot, but he followed Miss Dye to Pittsburgh, where she went to live.

As typical of the way the explosions were carried on, the government introduced the testimony of Albert Von Spreckelson, a contractor who employed non-union men. Von Spreckelson said shortly before he suffered a loss of \$17,000 in explosions, Ernest G. W. Rusey, John J. McNamara and Spurgeon P. Meadows, of the carpenters' union, also a defendant, called on him and said: "We'll get you."

On October 25, 1909, he said, the Central Union exchange, the public library building, a planing mill and his barn, in different parts of Indianapolis, were dynamited at about the same hour.

SMALL BANKS NEED MUTUAL PROTECTION

Minneapolis, Minn., Nov. 20.—Bet today's meeting of the second annual session of the Minnesota Conservation and Agricultural Development congress which is being held here in connection with the Northwest Products exposition.

That about one-third of all the money in the banks of the United States is in the vaults of New York banks was the statement of Arthur Reynolds, of Des Moines, Ia., president of the American Bankers' association. Mr. Reynolds said there was no co-operation between the numerous small banks to maintain credit in time of trouble and urged the formation of a central association for that purpose.

Howard Elliott, president of the Northern Pacific railway, emphasized the importance of the "conservation of the nation's property." He said the conservation of the soil, timber, ore and water power would be of little use unless transportation services, so essential to the movement of products, also should be conserved.

\$2,000,000 MORE BY CARNEGIE TO EDUCATION

New York, Nov. 20.—An addition of \$2,000,000 to the endowment fund of the Carnegie Foundation for the Advancement of Teaching was announced by Andrew Carnegie at a meeting of the trustees of his foundation here today.

The endowment now stands at \$14,000,000, with \$1,000,000 surplus. The gift today was part of a grant of \$5,000,000 made in 1908 on which another \$2,000,000 is yet to come. The money was conveyed to the trustees in steel corporation bonds.

STATESMEN BEGIN TO GET READY FOR SESSION OF CONGRESS

President Taft Commences Today to Dictate Annual Message in Which Achievements of Year Will Figure.

PUJO COMMITTEE TO PROBE MONEY TRUST

House Appropriations Receive Attention from Representatives Charged with Duty of Framing Bill.

By Morning Journal Special Leased Wire. Washington, Nov. 20.—The first signs of activity for the coming session of congress made their appearance about the capital and White House today. The house committee on banking met to plan a resumption of the "money trust" investigation, December 9th, members of the house appropriations bill began work on the annual supply bills for next year, and President Taft, cancelling all engagements for the next two days, arranged to begin tomorrow dictating his annual message to congress.

It is understood President Taft will follow the plan adopted last year of dividing into separate messages his recommendations upon many different subjects. The first message to be sent to congress soon after it meets probably will be general in character, with particular attention given to the achievements of the year in the government's relations with foreign countries, while subsequent messages will deal with financial affairs, anti-trust and railroad legislation, the army and navy and the proposed establishment of a budget system for the estimation of federal appropriations. Secretary Knox took over to the president today some carefully prepared state department data on foreign relations.

The congressional "money trust" committee, after a conference in Chairman Pujos' rooms early in the day, determined to begin its hearing December 3rd, when then prominent in the financial world will be asked to testify. The committee will endeavor speedily to clear up that branch of the inquiry dealing with the operations of stock exchanges and clearing house associations. Without additional powers conferred by congress it will be unable to complete the inquiry into the "concentration of money and credits."

GOMPERS WINS IN LABOR CONTEST TWO TO ONE

Minority, Led by John Mitchell, Fails to Get Rules of Federation Changed to Principle of Industrial Unionism.

By Morning Journal Special Leased Wire. Rochester, N. Y., Nov. 20.—After a debate that lasted all day, members of the radical wing of the American Federation of Labor, were defeated nearly 2 to 1 in their attempt to have the federation adopt the principle of industrial unionism in place of its policy of trade autonomy. Three hundred and forty-nine votes were cast against the minority report of the committee of education, which favored the principle of industrial unionism, and 142 voted in its favor.

The voting strength of the convention, based on membership in represented bodies, went 19,933 against the minority report and 5,923 for it. After the minority report had been defeated, the minority report in favor of the continuance of trade autonomy was adopted by acclamation.

The vote was the latest test of strength between the radical and conservative wings and the number of votes polled by the radicals was slightly under their advance estimates. The votes of the United Mine Workers, 2,719, and the Western Federation of Miners, 595, was cast for the minority report. Other groups that lined up solidly with the radical wing were the bakers and confectioners, iron, steel and tin workers, printing pressmen, railway carmen and journeyman tailors.

As a result of the adoption of the majority report, the federation will continue, for a year at least, to recognize the independent autonomy of international and national unions affiliated with it and wherever its policy of trade autonomy seems unsuited to the industry it will introduce the principle of industrial unionism.

Among those who advocated the minority report were John Mitchell and Joseph D. Cannon of the Western Federation of Miners. President Gompers defended the present policy of the federation.

BULGARIA'S PLAN FOR HUMBLING MOSLEMS

Noted Turkish Officials Appointed to Conduct Terms of Armistice with Plenipotentiaries of Allies.

INVADING FORCE IS RETIRE TO SAFETY

Ravages of Plague Are More Dreaded by Soldiers of Ferdinand Than Shells of Sultan's Artillery.

By Morning Journal Special Leased Wire. London, Nov. 20.—The war has shifted for a time from the fields of arms to that of diplomacy. Plenipotentiaries for the belligerent powers will meet tomorrow at the village of Hademken, a few miles outside the capital, for a preliminary discussion of the terms of an armistice.

In the meantime the Turkish, Bulgarian and Serbian commanders have ordered a cessation of hostilities, although cannonading, which Nazim Pasha reports as unimportant, occurred this morning.

The terms the allies demanded yesterday for the armistice appear not to have been advanced, but it is almost sure they will be on the basis of the Balkan states holding all conquered country until a treaty of peace is signed.

How much they are prepared to concede the Turks depends largely upon the strength of the allies threatening the gates of Constantinople and the extent to which the cholera epidemic has embarrassed their plans. Cholera is counted on by the Turks to weaken the Bulgarian ambition for a triumphal march into the Turkish capital and the celebration of conquest at St. Sophia.

But to make assurance doubly sure the Turks have resorted to the amazing plan of transforming the mosque into a pesthouse and has crowded 2,000 cholera-stricken patients within its walls.

MISS FARLEY TELLS CLEAR CUT STORY AS WITNESS

Woman on Trial Charged with First Degree Murder is Not Confused by Cross Examination of Prosecution.

By Morning Journal Special Leased Wire. Columbus, Ga., Nov. 20.—Miss Cecilia Farley, the state house stenographer on trial for first degree murder for shooting Alvin K. Zollinger, could not be confused on cross examination today in her story of how Zollinger was "accidentally shot."

Miss Farley answered the prosecutor's questions in the same low voice and in the same calm manner in which she had told her story on direct examination.

She strenuously denied much of the testimony given by a woman detective who had been placed in an adjoining cell in the county jail.

On being questioned, the witness told of trips she had taken with Zollinger to various cities and of how Zollinger wanted to accompany her to California by boat around "The Horn."

She said she was afraid Zollinger would tell of her relations with him and that because of such a fear, she continued her relations with him.

She said Zollinger referred to Jerome Quigley, the man to whom she was engaged, as her "body guard," as he was with her so much of the time after their engagement.

New Auto Mail Line.

Roswell, N. M., Nov. 20.—Requests for bids from Washington have been made for an auto mail line from Roswell to Carrizosa, N. M. Passengers also are to be carried. This route will shorten by twelve hours the distance between eastern New Mexico points and El Paso.

ALLEGED VICTORY BY TURKS WAS BULGARIAN SUCCESS

Ashmead Bartlett, Noted War Correspondent, Eye-Witness of Fearful Punishment Inflicted on Sultan's Army.

OUTER POSITIONS TAKEN BY INVADERS

Fearful Ravages by Cholera Among Ottoman Forces Depicted as Sickening and Revolting Sight.

By Morning Journal Special Leased Wire. London, Nov. 21.—Ashmead Bartlett, telegraphing from Constantinople tonight, says that the Bulgarians found the advanced position unfavorable for artillery operation. The Hademken valley, by reason of its low character, was exposed to the full brunt of the Turkish guns. Therefore, finding the position not as had been expected and their losses becoming excessive, the Bulgarians decided to withdraw to the positions which they held before the attack.

BULGARIANS WITHDRAW TO FORMER POSITIONS.

By Morning Journal Special Leased Wire. London, Nov. 21.—Ashmead Bartlett, the war correspondent of the Daily Telegraph, noted for his accuracy, in a dispatch sent from the front by the way of Constantinople, claims that the battle before Tchatalja on Sunday and Monday, resulted in a great Bulgarian success.

Early Monday morning no sound of firing came from the front. A general demerit brought orders for Bartlett to leave immediately for Constantinople, saying that any hour the Turkish army might be in full flight, as they had suffered a disaster.

Instead of obeying the correspondent "squashed" the four squads and returned toward the battlefield. He could only see through the mist the red flashes of an artillery duel, which had been resumed, but on the lifting of the mist he could observe a change in the positions.

"At once it became evident that all the outlying works forming the advance defenses to the receding line had fallen into the hands of the Bulgarians who no longer were concentrating against the outlying lines but had brought up guns and were now shelling the main line of works in front of Hademken, as well as the left wing of the Turkish lines from the captured positions.

"From an officer he learned that at 1 o'clock in the morning, the Bulgarians concentrated their infantry against the advanced lines and delivered a night attack with decisive effect, the whole works falling into their hands as the result of a bold fighting at the point of the bayonet."

"This was the disaster to which the demerit referred. The Bulgarians were now established in an arc made by the receding circle of hills forming the main line of defense, which enabled them to attack at will the main line around Hademken itself."

"Still more serious was the fact that they could enfilade the Turkish left wing and if they pierced the center at Hademken both wings would be cut off and would be compelled to retire in confusion, if it were possible to escape at all."

"Having captured the outer works, the Bulgarians devoted the entire day to a tremendous bombardment of the remaining works. They also demoralized the reserves by concentrating a section of their fire on the exposed camps. The early morning mist made the fire on the camps inaccurate and it was when the fog cleared, about 10 o'clock, that the old line (captured) and the effects became painfully apparent among the troops of the first army. A steady drip of men began to leave the lines, making for shelter in the rear and apparently no effort was made to stop them."

"Soon entire battalions began to clear of the masses and the whole army corps showed signs of breaking up and retiring in confusion. Throughout the morning the Turkish artillery replied to the enemy's fire, being neither chary or disclosing their position or short of ammunition. It was evident that this bombardment of the first army corps was only intended to demoralize the troops and to keep in check any counter attack against the main Bulgarian advances on Hademken."

"During the morning and afternoon no infantry attack was delivered against the main position which was subjected to the same concentrated bombardment as the outer works suffered the previous day."

"As to the positions of the combatants when he left the field Monday, Mr. Bartlett says:

"The Bulgarians occupy all the advanced works where their artillery is established and is engaged in bombarding the center of the main lines of defense around Hademken, evidently with the intention of delivering an infantry attack late in the evening."

STEAM COOKERS

RAABE & MAUGER
115-117 NORTH FIRST STREET

during the night or perhaps at dawn. "Should this attack succeed, the famous lines are won. The Turkish army has no alternative but retreat to Constantinople. If the army again retreats it will break up altogether. There merely will be a repetition of the scenes after the battle of Lule Burgaz, with the army arriving at Istanbul instead of Tchatalja."

Barlet was unable to stay until nightfall, as he was placed under arrest and escorted to the rear and ordered to proceed under guard to Constantinople. He planned, however, to break away in the morning and proceed across the country to witness the end of the battle.

The correspondent in another dispatch fully confirms the terrible cholera scenes, the horror of which he says he can never efface from his mind. As there were no medical arrangements, the victims were thrown out to die. Then the bodies were hastily covered with a thin layer of earth.

"These ghastly mounds," he says, "fill the whole country, there is no escaping them. But these horrible scenes pale in significance when compared with the horrors of Hademken, where the remnants of the defeated army finally rallied. These men, who lived for ten days on green corn, or scraps of offal picked up in marsh yield the greatest number of victims. I never actually entered the village of Hademken, because the sights outside caused me to turn my horse in the opposite direction. The valley in which Hademken lies, viewed from the hills, is the valley of the shadow of death."

ALBANIAN CHIEF PLENDERS
TOWN IN ABSENCE OF GREEKS

Athens, Nov. 20.—An official report from Thessaly, says the Turkish Albanian chief, Behar Aga, with a thousand irregulars, taking advantage of the advance of the Greek army towards the interior of Macedonia, made a sudden night attack on Grevena. He drove out the inhabitants and pillaged and burned the shops.

EPISCOPAL BISHOP
EMBARRASSED
BY DIVORCE

Committee Refuses Consent to Consecration of Rev. Dr. H. B. Silver Because of Domestic Difficulties.

[By Morning Journal Special Leased Wire.] Albany, N. Y., Nov. 20.—The convention of the Episcopal diocese of Albany today endorsed the action of the convention's standing committee in refusing consent to the consecration of Rev. Dr. H. B. Silver, of Topeka, Kan., the newly elected bishop of Kansas, because he is a divorced man.

The matter was brought before the convention today when a resolution was adopted endorsing the adverse action of the standing committee on the ground that the consecration of Dr. Silver "introduces the question of divorce and remarriage of divorcees."

Later the resolution was amended by striking out specific mention of Dr. Silver's name and merely endorsing the committee's action.

FRIENDS OF BISHOP SAY
HE WILL BE CONSECRATED.

Topeka, Kan., Nov. 20.—Friends of Dr. Silver, recently chosen bishop-elect for Kansas, said tonight the churchman had been divorced for two years. The divorce was granted in Omaha, while Dr. Silver was a chaplain in the army.

The divorce details have been known in Episcopal church circles throughout the United States for some time, the friends added.

It was said he was granted a divorce on grounds that prohibit him being married again while a member of the Episcopal church.

It is asserted by church officers here that the action of the Albany diocese will not prevent the consecration of the Rev. Dr. Silver as coadjutor bishop, as a majority of the ten bishops already have voted for his consecration.

BISHOP-ELECT MARRIED
IN LINCOLN, NEBRASKA.

Lincoln, Neb., Nov. 20.—Rev. H. Percy Silver was pastor of Holy Trinity Episcopal church of Lincoln about ten or twelve years ago, and it was in Lincoln that he married Miss Agnes Sewell.

Friends of both Rev. and Mrs. Silver said tonight it was generally known that the two had separated, but it was their belief that no divorce proceedings had been brought in either, or any intimation given that such action was contemplated.

Senator Rayner in State of Conn.
Washington, Nov. 20.—United States Senator Rayner, of Maryland, who for some time has been officially ill, was in a state of coma all day.

TURKS GAIN FIRST ADVANTAGE FROM BULGARIANS

War Correspondent Declares Assaults Were Driven Back from Tchatalja Lines with Heavy Loss.

[By Morning Journal Special Leased Wire.] London, Nov. 21.—Martin H. Donohue, war correspondent, says the fortune of war, probably variable, has now turned decidedly in favor of the Turks, who have gained the first advantage in the conflict at their last stand.

"The Bulgarians were unable to hold the advanced positions they had stormed at night, and the previous day, and, having failed to make any impression on the forts at Hademken, have now fallen back with their heavy artillery. As the enemy retreated, the Turks shelled them, thus reversing all previous experiences in the campaign."

"The fighting was severe. The Bulgarian loss, especially while retreating, was considerable. All redoubts taken by the enemy were recaptured by the Turks, who are much elated at beating off what they consider was the Bulgarian attack."

"It is probable, however, that the Bulgarians regard it merely as a reconnaissance in force, designed to test the strength and vulnerability of the Turkish works."

"Both sides are exhausted by the fearful artillery duel. The Turks displayed an infinitely better fighting spirit than hitherto. Their infantry in particular show admirable steadiness and morale."

"Pappa Borkas, at the extreme left of the line, and Thyrk Chekmedzi are again in the hands of the Turks. Comparative tranquillity prevails today, with occasionally a little artillery firing at the right and left flanks. The fiercest of Turkish reserves are now on the firing line. They show great steadiness."

"The last engagement has entailed great losses. The Turkish wounded are now being served decently and a good ambulance corps is straining to aid Hademken."

TUESDAY'S BLOODY BATTLE FAVORED BULGARIANS.

Martin H. Donohue, in a long dispatch to the Daily Chronicle, describing Tuesday's battle, says:

"The Turks were fighting a life and death battle and Nazim Pasha realized the seriousness of his position if the Bulgarians succeeded in breaking through the left and turning the Turkish flank the enemy could possess the main road to San Stefano, thereby cutting off the Turkish forces from the capital."

"All day Sunday, although subjected to severe punishment, the Turks fought with far more steadiness than they at Lule Burgaz. The artillery was better served and the runners better husbanded their ammunition."

"Monday I could see that the Turkish outer line of defense had been abandoned and the Bulgarians were shelling the second line, upon which the Turkish infantry had retired."

"It soon was clear that the Bulgarians had mounted guns in the captured position. The shrapnel began bursting over the hills. Chances and chances were the storm of death until it burst in fury over the Turkish camp and the reserves."

"The Turkish line of defense at Tchatalja was a semi-circle presenting a convex surface to an attack. If the center were broken, the two ends would be isolated. This apparently was what was happening."

"The Bulgarians had captured the outer line of defense and established themselves at the center of the semi-circle and were like a triangular wedge being driven into the Turkish lines."

"I learned that the Bulgarians had reached the outer line at 1 o'clock in the morning after a feeble resistance from the demoralized Turks, and men were shelling the second line with the object of terrorizing the Turkish infantry."

"During the day the infantry attack was delivered, the redoubts being carried under cover of darkness at the point of the bayonet. The Bulgarians were still hammering away at the Turkish defense and advancing resolutely on their objective—the road to Constantinople."

"As night fell an ever-thickening stream of Turkish deserters was leaving the Turkish lines."

Eastern Dispatches. **Postum.**
Auto Accident Insurance Is Void.
Los Angeles, Nov. 20.—The Los Angeles supreme court today handed down a decision nullifying this insurance written against damages from automobile accidents is void.

HURRICANE WORKS AGED VETERANS AT HAVOC ON ISLAND OF JAMAICA

Tidal Wave Results from Five Days of Heavy Wind and Roads Are Wrecked and Villages Near Sea Destroyed.

[By Morning Journal Special Leased Wire.] Kingston, Jamaica, Nov. 20.—The western end of the island of Jamaica has been devastated by a hurricane lasting five days.

A great tidal wave has swept over the north and south coasts, practically wiping out Savannah La Mar and Lucia, towns of considerable importance.

According to a report brought by a steamer, forty-two persons were killed at Montego Bay.

All the roads have been wrecked along the southwestern coast and incalculable damage has been done. Communication between Kingston and the center of destruction is not likely to be resumed for a week.

The latest reports indicate that the tidal wave swept over Savannah La Mar and adjacent villages for a quarter of a mile inland. The effects of the hurricane extended along the coast eastward to Black River, about twenty-five miles from Savannah La Mar, where the residential quarter was wrecked.

"STARVE THE FLY" IS SLOGAN OF CRUSADERS

Chairman Edward Hatch, Jr., Declares Swatting Must Give Place to More Effective Clean-Up Method.

[By Morning Journal Special Leased Wire.] Baltimore, Nov. 20.—In presenting the report of the fly fighting commission, meeting here today, Chairman Edward Hatch, Jr., expressed the hope that there may be no more fly killing contests.

This sentiment took the assembled fly fighters by surprise which was disappointed, however, when Mr. Hatch said:

"We can not build too much on too often upon cleanliness as the beginning, middle and end of the fly fighting campaign to 'swat the fly.' Swat the fly as a slogan must give way to 'starve the fly.' The latter is more euphonious and infinitely more practical."

Mr. Hatch summarized a series of reports and said the campaign is now world-wide and that letters asking for advice have been received from France, England, Italy, Ireland, India, Egypt, the Philippines, Korea, Australia, Hawaii, Singapore, Cuba and Venezuela.

While the educational value of fly killing campaigns can not be over-estimated, the report said greater results might be obtained by conducting campaigns against dirty stables and back yards, garbage heaps and dumps.

CHAUFFEUR DUMPS EXPENSIVE MOTOR CAR INTO BAY

Disgusted at Big Repair Bills Rolled Up by Auto, Owner Orders Machine Thrown Away to Get Rid of It.

[By Morning Journal Special Leased Wire.] San Francisco, Nov. 20.—Obeying the orders of his employer, H. H. Hart, of Oakland, James Litz, a chauffeur, ran a \$4,000 automobile off the rear of a ferry boat in San Francisco bay today. When informed that the machine had been sunk in the bay, Hart wrote to the railroad company, offering to pay the expense if the company would send a pile driver to recover the automobile deeper into the bay.

Hart's decision to "drown" the offending automobile was reached after it had rolled up a repair bill amounting to \$2,000. Yesterday he called Litz into his library.

"Take that car out and lose it," he said.

"I can't lose it," replied Litz. "It's too well known. Somebody would find it and bring it back again."

"Then sink it in the middle of the bay," said Hart.

The chauffeur left on his mission. For the first time in weeks the car ran smoothly to the ferry station and was driven aboard. The boat Litz asked the mate to show him the deepest spot in the harbor. When the boatman had designated the place, Litz stealthily ran the car to the vessel's stern. Then he pulled wide the throttle and leaped to the deck. The automobile splashed into the bay.

SOLDIERS' HOME FED ON ELEVEN CENTS A DAY

Serious Charges Brought Before Senatorial Investigating Committee Against Management of Institution.

WITNESS COULD NOT FEED CAT ON SUM
Deficiencies in Bedding, Bath Tubs, Heating and Other Necessities Described in Detail at Hearing.

[By Morning Journal Special Leased Wire.] Los Angeles, Nov. 20.—Serious charges of mismanagement were made by John H. McGraw, the first witness called in the senatorial investigation of conditions at the Soldiers' Home, which began today.

McGraw, who is a newspaper writer and editor of a magazine, made an investigation of the home and the resolution introduced by Senator John D. Works, which resulted in the extensive senatorial action, was based on a magazine article by McGraw.

The witness declared that the management of the home was "unsympathetic, brutal and overbearing," that the food was not fit to eat and that the sleeping quarters were "positively inhuman."

A meal described by the witness consisted of cold soup, "hog and hominy," potatoes boiled in jackets, a chunk of oleomargarine and coffee made of instant milk.

After eating the soup the veterans dumped the other food into their soup bowls because there were no plates, and no one was allowed a "second helping," he said.

The cost of meals, said the witness, sometimes ran as low as 11 cents a man for three meals.

"I couldn't feed my pet cat on that," commented the witness.

"But suppose you had 2,000 cats to feed—what then?" asked Senator Jones, chairman of the committee.

"Nor 2,000 cats, either," replied McGraw.

Describing conditions in the dormitories, the witness said that from twenty to fifty men were herded together in each of the barracks upon little iron cots which were sometimes an inch thick and from fifteen to twenty years old. Only one bath-tub was provided for each barracks.

Nearly everything connected with the system of administration was condemned by McGraw. He said that the inmates were compelled to do "hard" work and go to bed at 9 o'clock.

On one of his visits, he said, the library was so cold that the men went to bed to keep warm.

Tubercular patients in the hospital, continued the witness, were served eggs and other sustaining food only at rare intervals.

D. L. Booby, a former inmate of the home, testified that the veterans were denied the right of petition and that old soldiers had been dishonorably discharged because they had petitioned for a betterment of conditions. He also charged mismanagement of the hospital.

The investigation is the first ever undertaken by a congressional committee of a soldiers' home. Pending the investigation, Inspector General James E. Miller of New York, has assumed control of the home.

WHOLESALE JAIL DELIVERY FOILED BY REPORTER

Columbus Newspaper Man Has Himself Locked Up as Pickpocket and Learns of Plot of Prisoners to Escape.

[By Morning Journal Special Leased Wire.] Columbus, O., Nov. 20.—A reporter for a morning paper in this city who had himself arrested on a fictitious charge of being an expert pickpocket of Cincinnati tonight prevented the escape of five men from the city prison here today. One of the men in the escape plot is Harry Haskett, wanted in St. Louis for forgery. They will be returned there tomorrow. The other four are local men arrested on minor charges.

The newspaper man acted for the warden of the prison who had reason to believe that a plot to escape was being made. Sunday night two prisoners escaped after having tunneled through a twenty-two-inch wall with a couple of spoons and a few small pieces of iron. The reporter infuriated himself into the good will of the men and they showed him where two iron bars had been sawed through with a piece of steel taken from Haskett's shoe.

Restless Outposts Battling Reddy.
New York, Nov. 20.—Charles Lebrun, French basketball champion, outpointed Battling Reddy of Harlem, all through their ten round bout here tonight. The Frenchman carried on a wild, rushing fight, swinging blindly with left and right and the local boxer spent most of his time covering or running away. In the tenth the visitor for a moment had Reddy groggy. Reddy recovered and finished strong.

STATE DEPARTMENT FEARS WORST HAS HAPPENED

While Without Confirmation of Massacres of Christians Along Syrian Coast, Reports Occasion Alarm.

[By Morning Journal Special Leased Wire.] Washington, Nov. 20.—Although without confirmation of the reported massacre of Christians in the neighborhood of Jaffa, officials here admit they have been apprehensive of such troubles on the Syrian coast, where the religious differences between the Mohammedans and the Christians are more pronounced than in other parts of the Ottoman empire.

American interests in that quarter are large, not only because of the extensive fruit trade, but because of the presence of a large number of American missionaries and educational institutions. Within twenty miles of Jaffa, which is the port of Jerusalem, are three important American missionary stations, Tavayeh, Rahallah and Ain Arak. There is also a large Jewish population, but so far it is not known that the Jews have been disturbed by the Turks or Arabs. The foreign warships have been lying at Beirut, about fifteen miles north of Jaffa, and presumably one of those has been dispatched to the latter port.

Rear Admiral Knight, on the armored cruiser Tennessee, is now speeding directly for Beirut. His ship is due at Gibralter tomorrow, but it will require almost a week's time for the cruiser to take on coal and traverse the length of the Mediterranean to the Syrian coast.

The state department had been contemplating itself upon the immunity of American interests from injury during the present war. Today a cablegram was received from the American consul at Saloniki, reporting that all Americans and American interests there and at Cavalla, which is now occupied by Bulgarian regulars, were safe.

THOUSANDS OF CHRISTIANS IN DISTRICT THREATENED.

Athens, Greece, Nov. 20.—Reports of massacres of Christians in Jaffa, Palestine, caused the commander of the Russian cruiser Oleg to weigh anchor and depart hurriedly for that district today.

Five Christian missionary societies are represented in Jaffa, Palestine. The Christian and Missionary Alliance has a station with one man; the Church Missionary Society for Africa and the East, two men and two women; the London Society for the Promotion of Christianity Among the Jews, two men and two women; the Seventh Day Adventist mission board, one man and one woman, and the Tabetha mission school, four women. There is also an American orphanage.

ROOSEVELT LEADS IN CALIFORNIA BY ONLY 65

More Than Half Million Dollars in Bet Money Tied Up Waiting Official Count to Determine Actual Winner.

[By Morning Journal Special Leased Wire.] San Francisco, Nov. 20.—With the canvass of thirty-four out of fifty-eight counties in the state completed, Roosevelt maintained a margin over Wilson of sixty-five votes. Changes not yet officially recorded indicate that Griffin, heading the Wilson electoral ticket, will have a plurality over Wallace, Roosevelt elector in the final computations.

More than a half million dollars in election bets is tied up, awaiting the end of the official count in the state. The situation has been complicated by the announcement of the leading betting commissioner who holds \$55,000 of this sum, that he will pay off according to which candidate wins a majority of the electors.

CAPPER CONTESTS ELECTION OF DEMOCRAT IN KANSAS.

Topeka, Kan., Nov. 20.—Kansas' close race for the governorship today reached the supreme court when it issued an alternative writ of mandamus against the county commissioners of Bourbon county to reconvene at once and recount the ballots cast in the last election. The suit was brought in the name of Arthur Capper, republican. Similar suits affecting other counties are being prepared by Mr. Capper's attorney.

The official returns gave Hodges the election by thirty-one votes. It is charged in three precincts forty-six votes for Hodges were counted twice.

WILSON CARRIES IDAHO BY LITTLE PLURALITY.

Boise, Idaho, Nov. 20.—Woodrow Wilson carried Idaho in the recent election by 1,110 votes according to the official count which was completed today. The official returns give Wilson 33,983; Taft 32,873; Roosevelt, 25,511.

CUBAN MASHER IS PUNISHED HEAVILY.

Newport News, Va., Nov. 20.—International complications disclosed themselves today in the corporation court when Joseph J. Zarza, a clerk in the Cuban consulate here, was arraigned on a charge of having annoyed Mrs. Charles Brown, wife of a shipyard draftsman.

Zarza previously had been fined \$500 and was sentenced to three months in jail by a police magistrate. The Cuban location has taken a special interest in the case and Jose Barro, an attaché at Washington is here superintending the defense. The case will be heard in court Saturday morning.

Utterly Wretched! Nervous Prostration Long Endured Before Remedy Was Found.

Miss Minerva Reminger, Upper Merion, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and butter because my stomach would not receive anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured."

Pure, rich blood makes good, strong nerves, and this is why Hood's Sarsaparilla, which purifies and enriches the blood, cures so many nervous diseases. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

will go to the jury tomorrow. Mrs. Brown gave a graphic description of the young Cuban's alleged amatory advances.

This Home-Made Cough Syrup Will Surprise You

Stop Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in ginseng and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Afraid of It? Go To Your Doctor
Afraid to use hair preparations? Don't know exactly what to do? Then why not consult your doctor? Isn't your hair worth it? Ask him if he endorses Ayer's Hair Vigor for falling hair, dandruff, a hair tonic and dressing. Have confidence in his advice. Follow it. He knows.

DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such foods should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

BAD DEBT AGENCY CHARGED WITH SWINDLING

Agent for Barr and Widen Arrested and Taken in Custody as Operator of Extensive Confidence Game.

(By Morning Journal Special Leased Wire.) Chicago, Nov. 20.—A. H. Freeman, 40 years old, local agent and solicitor for the Barr and Widen Mercantile agency of St. Louis, for whom a warrant charging the operation of a confidence game had been issued, surrendered to the police today and later was released on bonds of \$5,000.

Freeman is accused in connection with alleged nation-wide swindling operations, which according to the police has netted the St. Louis concerns several hundred thousand dollars.

Freeman is said to have represented that the mercantile agency had unearthed secreted assets of firms bankrupt and to have obtained large fees from creditors.

SUITS FILED AGAINST ALLEGED SWINDLERS.

St. Louis, Nov. 20.—Thirty-five suits have been filed in St. Louis against the Barr and Widen Mercantile agency by attorneys representing clients in St. Louis, Chicago, Buffalo, South Bend and smaller towns. Following the attachment Thursday of the agency's bank account, Joseph Barada Widen, head of the agency, killed himself in his family lot in a cemetery.

The agency is alleged to have taken for collection had debts, mainly found in the records of bankrupt proceedings, first receiving payment. The suits alleged that no efforts were made to collect.

Chicago Newspapers Oppose New Law. Chicago, Nov. 20.—The Illinois Daily Newspaper Association today went on record in opposition to the recent federal regulations regarding registration of newspaper ownership, stockholders and circulation.

GIRLS! GIRLS! SURELY TRY THIS! DOUBLES BEAUTY OF YOUR HAIR

All you need is a 25 cent bottle of "Danderine"—Hair gets lustrous, fluffy and abundant at once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or is

WITNESS TESTIFIES LAWYER CHOKED MRS. SZABO

After Seizing Woman by the Throat, Gibson Was Seen to Overturn Boat, Declares Man Who Saw Tragedy on Lake.

(By Morning Journal Special Leased Wire.) Goshen, N. Y., Nov. 20.—Dr. George King, official physician of Hudson county, N. J., testified for the state today in the trial of Burton W. Gibson, attorney of Mrs. Rosa Menachik Szabo, that Mrs. Szabo met death in Greenwood lake July 16th, from strangulation.

"How long would one have to press against the throat to cause death?" asked Assistant District Attorney Wasservogel.

"If a certain nerve were touched, death probably would be instantaneous," he replied.

Early in the day John Minurn, an eyewitness of the tragedy, swore that he saw Gibson place an arm around Mrs. Szabo's neck and thrust his hand to her throat. The boat was two yards from the shore. They fell out, Minurn said, and Gibson swam to the boat, overturning it and apparently tried to pull the shirt of his bathing suit over his head. The defense maintains that the drowning woman tore the shirt from Gibson's back.

Four clerks from one banking institution testified within three weeks after the tragedy Gibson, as Mrs. Szabo's executor, had withdrawn her bank deposits amounting to \$3,797. A clerk from another bank said Gibson had tried in vain three times to obtain \$2,000 on deposit in Mrs. Szabo's name in the bank where he was employed. This witness said Gibson told him Mrs. Szabo had died of kidney disease and heart trouble.

Other witnesses testified variously that Gibson had told them after Mrs. Szabo's death that she was away on a honeymoon, and that she had sailed for Europe, gone to Chicago and to Boston.

DYNAMITE CRANK REFUSES TO EAT COOKED FOOD

Man Who Terrorized Los Angeles Police Station Lives on Raw Meat and Vegetables; Not Fatally Hurt.

(By Morning Journal Special Leased Wire.) Los Angeles, Nov. 20.—Carl Riedelbach, alias Carl Warr, alias Albert Henry Davis, the would-be dynamite who terrorized an entire section of the city yesterday when he took possession of the central police station with a huge bomb, did not sustain a fractured skull and will recover, according to the police surgeons tonight.

The blows administered by Detective James Hosick when he struck Riedelbach on the head with a billy caused two bad wounds, and it was thought today that he might die. Tonight, however, he is much improved.

Riedelbach evidenced further eccentricities today when he refused to eat the fare provided for prisoners in the city jail. He said that he had subsisted for years on raw meat, which he ate twice a week, and the remainder of his diet consisted of uncooked vegetables and fruits. He was allowed to continue his method of living.

Riedelbach occupies a cell on the second floor of the jail tonight, and it is doubtful if he will be removed from it until his trial or commitment to an asylum, should he be declared insane. Prisoners in the jail whose lives were jeopardized by the dynamite yesterday, threatened to kill him if he was incarcerated in the main part of the jail.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all druggists.

Railway Commissioners in Session. Washington, Nov. 20.—The National Association of Railway Commissioners today elected O. P. Goffin, of Ohio, president.

The committee on express service and rates reported that the progress of intercorporate relations between express companies and between them and the railroads "has reached a state of public scandal."

Buy Christmas presents of hand-painted China at Woman's Club Sale, Friday, 205 West Central.

Wants Inauguration Day Changed. Washington, Nov. 20.—Representative Henry of Texas, chairman of the rules committee of the house, announced today that he intended to push the proposition for changing the presidential inauguration date from March 4th to the last Thursday in April, during the coming third session. Mr. Henry said he would reintroduce the bill defeated in the last session and seemed to be confident of its passage.

WILSON HAS NOT SNEED INCAPABLE OF RATIONAL THOUGHT INVITED BRYAN TO BERMUDA

President-Elect Makes It Clear That He Has Authorized No Statement Relative to Cabinet Positions.

(By Morning Journal Special Leased Wire.) Hamilton, Bermuda, Nov. 20.—"All statements about selections for the cabinet may be disregarded until I make the announcement myself," declared President-elect Wilson tonight when he was told of the reports published in the United States. It is learned that William J. Bryan has been invited to Bermuda.

BRYAN HAS NEVER TALKED OF CABINET POSITION.

Waycross, Ga., Nov. 20.—"I have not conferred with Mr. Wilson, since the election and have never discussed with him at any time any person in connection with any office, and I have no intention of going to Bermuda."

This answer was made tonight by William J. Bryan in reply to reports that he proposed to visit the president-elect in connection with a cabinet appointment.

"The public knows that Governor Wilson has gone to Bermuda to rest and that he is not selecting a cabinet. They ought to let him do the selecting and not spend their time in guessing. If they do guess, I see no reason why I should spend my time in discussing their guesses."

COX-TRUBY FEUDISTS PLEAD NOT GUILTY

Durango, Colo., Nov. 20.—"Not guilty," was the plea offered for Isaac Cox, John Graves and Jesse Carman, of the Cox Canyon country, by their attorneys when they were called into court today to answer to a charge of murder for the killing of Samuel Truby on November 16th.

No date for the trial has been set. The court continued his refusal to admit the men to bail until after the preliminary hearing. The defendants are alleged to have shot from ambush, above Cox canyon, inflicting wounds upon Truby from which he died.

O'RIELLY DRUG CO. SUCCESSFUL

Induced Dr. Howard Co. to Make Special Prices.

After a great deal of effort and correspondence the J. H. O'Reilly Drug Co., the popular druggists, has succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular fifty-cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles that the O'Reilly Drug Co. is willing to return the price paid in every case where it does not give relief.

Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation and all forms of liver and stomach trouble are soon cured by this scientific medicine.

So great is the demand for this specific that the O'Reilly Drug Co. has been able to secure only a limited supply, and everyone who is troubled with dyspepsia, constipation or liver trouble should call upon them at once or send 25 cents and get sixty doses of the best medicine ever made, on this special half-price offer with their personal guarantee to refund the money if it does not cure.

SOLDIER OF FORTUNE OPIUM SMUGGLER

Vancouver, B. C., Nov. 20.—Charged with attempting to smuggle opium into Canada by way of the kang plank of the Canadian Pacific railway liner Empress of India, John D. Murray, a Sandhurst graduate, former colonel of the Mexican army and soldier of fortune, lies in the city jail here today with two companions awaiting trial.

Murray, in company with Charles Biddle, carpenter's mate on the White liner, and Fred Connor, a former sailor of the vessel, was apprehended by Customs Officer Sidney Smith while leaving the boat on Tuesday night, and when twelve five-foot tins of opium were found in his possession, the trio were placed under arrest.

When their cases were called in court today, Crown Prosecutor Kenney asked for an adjournment, which was agreed to by A. J. Mellich, who is appearing for the defense.

State of Ohio, City of Toledo, Lucas County ss. Frank J. Cheney makes oath that he is a resident of the City of Toledo, Ohio, and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Maltin's Catarrh Cure.

Defense of Amarillo Banker for Killing of Al G. Boyce Temporary Insanity, So Testimony Indicates.

(By Morning Journal Special Leased Wire.) Fort Worth, Nov. 20.—Testimony in support of the defense's contention that John B. Sneed, the Amarillo banker, on trial a second time for the alleged murder of the elder A. G. Boyce, had been wrought up to a point where he was incapable of deliberation was offered at today's session of the court.

A letter written by the elder Boyce to a friend of Mrs. Sneed, it was testified, contained this line:

"Tell Lena (Mrs. Sneed) that I am with her and will stand hitched if she will."

This was after Mrs. Sneed had been brought back from Canada, whither she eloped with the younger Boyce. The defense unsuccessfully sought to introduce another letter to which it was sought to prove that the Boyce was complying at the elopement.

W. E. Farwell, assistant cashier of a bank at Dalhart, Tex., testified he had lent the young Boyce money just previous to the elopement and had bought tickets and sleeping car reservations for Boyce and Mrs. Sneed.

STATE'S WITNESSES AGAINST WEBBER TO GO FREE

Bald Jack Rose, Bridgie Webber and Harry Vallon Will be Released in Daylight; Vengeance is Feared.

(By Morning Journal Special Leased Wire.) New York, Nov. 20.—In broad daylight, and not under cover of darkness as they hoped, "Bald Jack" Rose, "Bridgie Webber" and Harry Vallon will be set at liberty, according to the program for the release of the three informers against Charles Becker and his four gunmen tools, tonight.

Mid-afternoon tomorrow is the time tentatively set. The underworld has been awaiting with interest an intimation as to the time they were to go free, for the feeling has prevailed there that the friends of the four gangsters, about to be sentenced to death for the murder of Herman Rosenthal, were only awaiting the liberation of Rose, Webber and Vallon to take revenge upon the trio.

The three men will be brought at 2 o'clock tomorrow before Coroner Feinberg, and District Attorney Whitman will present to that official, it is said, stipulations signed by him with counsel for the witnesses, and the coroner will release them.

Sam Schlops, fourth of the state's valuable witnesses against Becker and the gunmen, also probably will be released during daylight tomorrow.

William Shapiro, driver of the "murder car," will go free shortly. Mr. Whitman will move to have the indictments against Shapiro quashed.

Mrs. Lillian Horowitz, wife of "Gyp," was brought today from the house of detention where she had been held pending the outcome of the gunmen's trial and discharged from custody by Justice Goff.

CHINA AND RUSSIA DISCUSS MONGOLIA

Peking, Nov. 20.—The Chinese government has opened negotiations with the Russian legation in respect to Russia's recent recognition of the autonomy of Mongolia, which has created anti-Russian agitation throughout the province.

Recent dispatches indicated that many of the Mongolian princes were strongly opposed to the convention between Russia and Mongolia by which Russia recognizes and guarantees the independence of Mongolia. They urged President Yuan to afford military protection to those Mongolians ready to join the Chinese republic.

Daily, by mail, one month, \$1.00

The Morning Journal has a higher circulation rate than is accorded to any other paper in New Mexico. The American Newspaper Directory.

ALBUQUERQUE NEW MEXICO

SOCIALISM.

There is socialism and socialism. The principles are made to cover a multitude of varying views and widely divergent policies. We have had one interpretation by Bird S. Coler of what he conceives to be socialism, and a reply to it by W. P. Metcalf, of this city, which shows that Mr. Metcalf and Mr. Coler view the question from opposite angles.

Then there are the Industrial Workers of the World, who call themselves socialists, but in reality are anarchists. There is Victor Berger, who has a most intelligent view of the subject. He recognizes that what may be done must be done slowly, always keeping in view that organized society is the only protection of the people from anarchy.

Then there is the socialist that follows blindly the Appeal to Reason, a publication of some virtues and many faults. It has done a distinct service in pointing out grave defects in our body politic, and has done much harm in its effort to array class against class by wild assertions and baseless charges.

For instance, it created a tremendous furor among its readers when the McNamara boys were arrested. Persecution, perjury, conspiracy to send the McNamara boys to the electric chair because they were labor leaders were among the things alleged in hysterical headlines.

Confessions bringing to light the most gigantic criminal conspiracy ever known in the United States disclosed how baseless the charges made by the Appeal to Reason actually were.

Now comes another sensation. The last issue of that organ of enormous circulation says:

"It seems like a year since election day. I have heard several say this. Two weeks before election the Appeal had been told that a nation-wide conspiracy was brewing and that the storm would break immediately after the votes were cast. But the evidence did not seem conclusive, and little attention was paid to it."

"When, however, Comrade Lovejoy came with his story and documentary proofs, outlining things that were to be charged against the Appeal staff on manufactured testimony, and showing that all had been shadowed for weeks, the magnitude of the effort to destroy socialism and the Appeal became apparent."

Of course, the claim that the Appeal to Reason is being made a special object of persecution is sheer nonsense. If the men who are responsible for its utterances are indicted, it is because they have violated the law, or at least have placed themselves in such position that a grand jury has found sufficient evidence on which to base an indictment.

The Appeal to Reason men are being treated exactly as the Journal would be treated if it infringed the law, and it would be much more ready for them to take the consequences of their own acts without squealing.

Martinez are not made of such stuff, and those who read the wall of the organ of a certain brand of socialism can only do so with a feeling of disgust. The government protects all classes alike. Not long ago a federal judge in Seattle voted his drunken opinion on a man because that man was a socialist. Within a few months that judge was forced to resign from the bench.

THE BERLIN TREATY.

Hostilities between the Balkan allies and the Turks have ceased, after the way had been cleared to the very gates of Constantinople. While months may be spent by diplomats in determining finally the results of the struggle, it is safe to say that Turkey will be stripped of nearly all of her European territory.

After all, the statement who constructed the treaty of Berlin, by which the treaty of San Stefano, between Russia and Turkey, was rewritten, builded better than they know.

Since 1878 they kept the Turk in Thrace, Macedonia and Albania, but gave the Balkan peoples a chance to show what stuff was in them and at the same time excluded the overlordship of any of the great powers.

In the succeeding thirty-four years Greeks, Bulgarians, Servians and Montenegrins have managed to maintain themselves, to develop their nationalities and to prove within the past month, by a supreme ordeal, their title and patent of sovereignty.

Thus the Berlin treaty, despite its hypocrisies and cowardices, its defects and makeshifts, provided the respite the Balkan states needed to pull themselves together.

However inadequate the new settlement may be, the cause of the Balkan peoples has gained much by this war. Even if Austria should succeed in shutting Serbia from the Adriatic, in neutralizing Saloniki and in getting Albania made into another autonomous state, the new settlement will have, at least, freed all the peninsula except Constantinople and the Dardanelles, and the Ottoman power, so formidable and so cruel, will be effectively blocked from working further harm to the Christian populations.

The menace of an outside power, Russia, Italy or Austria, will cause the Balkan states to hang together, to subordinate petty jealousies, to work for efficient organization and to accept union finally. Even Albania, in fear of absorption by Austria, will be compelled to forego race hatred and become a member of the Balkan confederation.

The Balkan states, united, can defy coercion by any one of the powers and themselves become a great power. Disunited, they will soon become a prey to the predatory nations. The war has doubtless taught them a valuable lesson, that in union there is strength.

THE NATIONAL CONGRESS.

The session of congress which begins within a few days will hardly engage in the framing of any unusual legislation. Appropriations will be made and some legislation of a non-partisan nature, begun last session, will be disposed of in some way.

Since the election is over and no necessity exists for the manufacture of campaign thunder, it is not probable that the democrats will waste any time introducing tariff or other bills upon which statesmen are likely to differ on partisan lines. The extra session of congress, when they will have control of all departments of government, is too close at hand and too much preparation is necessary for actual, not make-believe, legislation.

It is to be hoped, however, that the present session will not change the rules promulgated for the regulation of traffic through the Panama canal, except it would be well if the provision against railroad-owned ships should be repealed. Also the democrats will show good sense if they will make appropriations for the maintenance of an adequate navy.

NO DANGER OF A PANIC.

When people begin to think of a probable panic, let them remember that the United States is selling more than two billion dollars' worth of her products abroad annually. The record will be even greater next year because of the enormous crops harvested this fall. So long as that is kept up, there is no danger of anything but a boom.

Congressman Butler Ames, of Boston, is the owner of an aeroplane. He is likely to be the high flyer of the next session.

A number of energetic suffragist ladies in Kansas burned their bonnets. Bills for the new ones will be sent to the usual office, says the Washington Star.

Chairman Hilles has resumed his duties as secretary to President Taft. After the 4th of March probably he will return to the praiseworthy work of teaching the feeble-minded.

The postal authorities have caught a lot of fake doctors, or doctors of fake medicines, in a big dragnet. Uncle Sam is determined to become the star reformer of the age.

In 1910.

"Say, my boy, you're 25 now. It's time you settled down and got married."

"Oh, I'm not ready to get married yet, dad."

"Not ready? Why, young man, I want you to know that when I was your age I had been married twice."

—Detroit Free Press.

Prophane.

"My theory," said the eminent student, "is that the Venus of Milo was holding her drapery with one of those lost arms."

"I see," replied the man who knows nothing whatever about art; "and signifying for a taxi cab with the other." —Washington Star.

Modern Hamlet.

"Where can I see a good production of 'Hamlet'?" inquired the stranger in New York.

"Well," answered the hotel clerk, "they have a woman Hamlet playing it at the Kibosh theater; they have it set to music at the Frivoly, and a prominent baseball player is starring in the part at Gazook." —Louisville Courier-Journal.

Diagnosis.

"I am afraid that girl has cerebral spinal trouble," said the near sighted man.

"She has," answered his wife. "She is merely trying to walk in such a way as to keep her large hat at precisely the proper angle." —New York World.

BUNK HOUSE HELPS TO MAKE HURLEY A PLEASANT CAMP

Thirty-Five New Cottages Under Construction; Miners There Among Best Satisfied to Be Found Anywhere.

(Special Correspondence to Morning Journal) Hurley, N. M., Nov. 20.—The lively camp of Hurley will have thirty-five new cottages ready for occupancy within a few months if the work progresses as swiftly in the future as it has in the past two years. A long list of tenants are awaiting the completion of the cozy little houses, which are most modern in every respect, and as soon as one is completed, it is vacated there are many ready occupants with applications filed months in advance.

The Hurley "Bunk House" is filled to its capacity but always makes room for strangers and gives the transient the best of accommodations, both in board and lodging. The "Bunk House" is under the splendid management of Mr. and Mrs. C. H. Fox, who do all in their power to give the best of service to all. The "boys" lodging in the hostelry are very sociable, making newcomers ever welcome, and giving all a cheerful hand, compose one of the most informal young men's social sets in the state. Music is not lacking and quite a few string organizations help the evening to pass rapidly by their means in the various rooms which have been decorated and made home like by the occupants.

The many bachelor cottages in Hurley are equally as lively as the "Bunk House," and show many initiative decorations and skill of many art. Many of the young men in Hurley are studying special courses in mining engineering or other vocations, which promote them in their milling and mining work.

Las Vegas Normal Would Absorb El Rito School

(Las Vegas Optic.) New Mexico educators practically agreed that the Spanish-American Normal School at El Rito, which was destroyed by fire Saturday night, should not be re-established in its old location. It is their opinion that it should either be consolidated with one of the two existing normal schools or placed in a more advantageous location.

Though it has been in existence for several years the school never attained a large enrollment. At the time of its destruction only fifty students were in attendance. The majority of these were not in advanced classes, the location of the institution making its work largely local and attracting more young people for work in the lower grades than in academic or real normal courses.

It has been suggested that the school should be consolidated with the New Mexico Normal University of this city. For the remainder of the school year the instructors and pupils could be housed advantageously under the hospitable roof of the Las Vegas school. If this arrangement proved satisfactory, as it undoubtedly would, the legislature doubtless would find it advantageous to give the proposed appropriation for a new building for the El Rito Normal to the Normal University. With these increased facilities the work of the two institutions could be carried on with advantage to both.

One of the principal needs of the Spanish-speaking young people who hope to become successful teachers is a complete mastery of the English language. That fact is recognized all over the southwest. Located at El Rito, where they associate largely with other students of their kind, the students of the Spanish-American Normal have been denied in great measure this opportunity.

Should that institution be united with the New Mexico Normal University its students would be placed in a position which would enable them to learn English with greatest ease. At the same time they would have every advantage of being among their own people. There would be little objection in regard to railroad fares, as the state wisely has provided remarkably cheap transportation for students who wish to become teachers.

The legislature, when it meets in January, will take up the matter of the El Rito school and determine what action is to be taken. It would appear that the law makers could do no better than accept the proposition presented by the Optic.

FIFTY THOUSAND DOLLAR SHEEP DEAL CLOSED AT ROSWELL

(Special Correspondence to Morning Journal) Roswell, N. M., Nov. 20.—P. E. Baker, a well known sheep feeder and buyer of Roswell, Ill., yesterday closed several big deals that will amount close to the \$50,000 mark. He bought 1,000 aged wethers from Will H. Johnson and it is said that the price paid was \$4.00, delivered to be made in Roswell January 1st. 1,500 wethers from Dick Turkinett of Atoska, delivery to be made next week at Hagerman. 2,250 wethers from Frank Hillman, delivery later. 2,500 lambs from W. S. Williams, delivery next Thursday at Hagerman.

The shipment will be made direct to Illinois. Mr. Baker has been making regular trips to Roswell for several years and this year he has already bought and shipped over \$100,000 worth of sheep from here. Six years ago Mr. Baker married Miss Corrie Bell, a society girl of Roswell. They make their home in Kansas City.

New High School is an Absolute Necessity

Editor Morning Journal.

Dear Sir: The Parents-Teachers' Cooperative Association not only endorses the proposed \$100,000 bond issue for a new high school building in Albuquerque, but desires to use its influence in obtaining the necessary majority vote on December 10th, when the proposition shall be passed upon by the qualified electors of this school district. It feels that for all intelligent voters the only thing necessary to obtain an overwhelming majority is sufficient information as to the pressing needs of our schools, in the way of accommodations and proper buildings.

Albuquerque being the largest and most up-to-date city of our new state needs a better high school building. There is not at present a large enough auditorium to seat the number enrolled, a very detrimental defect and one which will grow worse with each succeeding year. Laboratory work in the sciences is very much cramped for want of sufficient room and equipment. There is no gymnasium, no provision for manual training, no domestic science. Although we have without doubt the largest and best high school in the state and a corps of teachers comparable with any, several smaller towns are ahead of us in the building accommodations provided for high school work. More than all this is the need of using the present high school building to relieve the congested conditions existing in the lower grades.

Our city superintendent has said that if today the Central high school building were available he could fill it with those in lower grades not now properly housed. The teachers in many of the ward schools have their rooms so crowded that it is impossible to do the best work while the annexes in the several wards are simply running the streets because our transient laws cannot be enforced for lack of room.

In the light of these existing facts, this association would urge upon every one to use his influence in getting every qualified voter to register and so be prepared to cast his vote for this important thing which means so much to the children of our city and community. A majority vote is all that is needed to carry this election, but let us make it such an overwhelming majority that there will be no trouble in selling the bonds and so insure an up-to-date high school building in the near future with all that that implies.

MRS. J. V. SIELER,
President of the Association.

INDIAN YOUTH DIES OF SPINAL MENINGITIS

(Special Correspondence to Morning Journal) Keams Canon, Ariz., Nov. 20.—Alfred Macle, an 8-year-old Hopi Indian boy, who was seized by troops last November and forcibly enrolled in the Keams Canon Indian boarding school, died from spinal meningitis yesterday. His body will be returned to his Indian parents who reside at the village of Hotevilla, forty-seven miles distant.

The parents belong to the group of hostile Hopis known as the "Hotevillas," and who, led by their old chief, Yonkoma, have put the government to thousands of dollars expense and occasioned the sending of troops no less than seven times to the Mogapi Indian reservation.

Only recently these Hotevillas tore down a vacated government home located in their village and burned the roof, stating by way of explanation that "the roof was red, was therefore, a government roof, and they didn't like to look at it."

POSTMASTER BAILEY OF CLOUDCROFT QUILTS

(Special Correspondence to Morning Journal) Cloudcroft, N. M., Nov. 20.—Jesse L. Bailey, who has been postmaster at Cloudcroft for several years, has tendered his resignation, effective January 1, 1913. The reason for this is that he wishes to devote his entire time to his drug business, which has been conducted under the name of Bailey's pharmacy.

Friends of Scott B. Williams, who has been in the real estate and insurance business for about a year, are circulating a petition asking that he be appointed to succeed Mr. Bailey as postmaster.

Mr. Williams lived in Cloudcroft for several months before entering into the real estate and insurance business. When the Business Men's Association of Cloudcroft was organized about a year ago, Mr. Bailey was elected president and Mr. Williams secretary, which positions they hold now in the association.

Hoarseness

Is often caused by poisonous catarrh germ-dropping from the nose, throat, and lungs, and is cured by the use of the new and improved Landon's Catarrhal Jelly.

Landon's Catarrhal Jelly is the only medicine that cures the catarrh of the nose, throat, and lungs, and is sold by all druggists. Sample filled from us free.

Landon Mfg. Company, Minneapolis, Minn.

Big G Cures in 1 to 5 days. Contains no poison and may be used full strength absolutely without fear.

Guaranteed not to cure. Prevents contagion. At Druggists, or we ship express prepaid upon receipt of \$1. Full particulars mailed on request. THE EVANS CHEMICAL CO., Cincinnati, O.

DONA ANA COUNTY ROAD BOARD HAS STARTED WORK

Newly Appointed Members Organize and Announce Plan of Campaign for Improving Highways.

(Special Correspondence to Morning Journal) Las Cruces, N. M., Nov. 20.—The newly appointed road board for Dona Ana county, consisting of W. S. Gilliam, Francis E. Lester and Pearl H. Bailey, have already held two meetings and have taken a number of steps that indicate an aggressive policy on the part of the board for better road conditions in Dona Ana county.

The first thing that the road board did was to publish in every paper in the county, and to mail to several hundred citizens in the county, a copy of an open letter setting forth its policies. This letter explains the belief of the board that a public office in a public trust, indicates that the board feels its responsibilities and asks for the hearty co-operation of the citizens in solving the road problems that lie before it. In the matter of policies the letter comes out plainly for these three principles:

"1. To administer the road affairs of Dona Ana county in a manner absolutely free from the taint of politics or partisanship.

"2. To spend all funds for road and bridge purposes in the interest of the people of the county generally, irrespective of locality or class, and to endeavor to expend them as efficiently and carefully as though they were ours.

"3. To give the fullest publicity to all our actions."

The members of the board visited the town of San Miguel a few days ago to look into the matter of urgent needs of the citizens in constructing a new road by which they could haul their products to market. Messrs. Lester and Gilliam went over the ground thoroughly and worked out a plan by which the requirements of the citizens in that locality would be promptly met.

Plans are also now being carried out for the creation of a road organization that will extend to every precinct in Dona Ana county. A schedule is now in course of preparation by which the county road board will visit these various precincts, accompanied by lecturers, hold public meetings, appoint a deputy of the board in each precinct, and organize a good roads club, with duly appointed officers.

On December 6th a big county road board convention will be held in Las Cruces at which good roads speakers of public note will be present. In the evening a lecture will be delivered by Colonel Twitchell, of Las Vegas, illustrated by stereoscopic views.

On December 28th the people of Dona Ana county vote upon a proposed \$100,000 bond issue for good roads.

Judging from the fact that the half-million-dollar state bond issue carried in Dona Ana county by a vote of more than 25 to 1, it is evident that the county bond issue will carry by a large majority. If it does, Dona Ana county will have available a fund of nearly \$150,000 for the improvement of its public roads soon after January 1, 1913.

FINAL DEGREES OF MASONRY ARE CONFERRED

Beautiful and Impressive Ceremonies Mark Official Sessions of Scottish Rite Reunion at Santa Fe.

[Special Correspondence to Morning Journal] Santa Fe, N. M., Nov. 20.—In thundering tones the great organ at the Scottish Rite cathedral announced this morning the "beginning of the end" of the series of ceremonies connected with the conferring of degrees at the dedication reunion of the Ancient and Accepted Scottish Rite Valley of Santa Fe, Orient of New Mexico.

At 10 o'clock, the class of sixty-four candidates received the thirtieth degree, "Knight of Kadosh," and at 2 this afternoon the class advanced one more degree, to the thirty-first. At 8 tonight the final degree, the thirty-second was conferred, admitting the Mason to the mastery of the royal secret.

The ceremonies today were declared brilliant and beautiful, every detail adding to the dignity of the rite having been supplied. Before midnight the class of sixty-four had become "Master Masons," and for all time will have the privilege of wearing the ring symbolic of the high degree.

STEEL TRUST PRICE TABLES QUESTIONED

Washington, Nov. 20.—The fact that price tables used as the basis for the bureau of corporation reports and now offered in evidence at the examiner's hearings in the government's suit for the dissolution of the United States Steel corporation were compiled from a trade journal, was made the gist of cross examination today of Dr. Francis Walker, deputy commissioner of corporations, before Examiner Henry P. Brown.

Dr. Walker testified that it would have been a stupendous task to have collected the prices for industries sent to the bureau by manufacturers because of variation in the specification of products sold. He said that where his tables showed prices were constant and, therefore, in his judgment a lack of competition among manufacturers existed, the real prices were not "absolutely" constant.

Early in the day, J. M. Dickinson, of counsel for the government, succeeded in getting into the record testimony objected to yesterday to the effect that prices of steel products before the date of the organization of the steel corporation were lower than they had been from that time down to 1909.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold, of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all druggists.

HUSBAND DECLINES TO BE LEGALLY DEAD

Independence, Kan., Nov. 20.—Mrs. Evelyn Stalnaker, suing the Modern Woodmen lodge of Independence for the payment of a \$2,000 policy on her husband's life, was confronted by Stalnaker in the district court here this evening. She at first denied the identity of the man, but later admitted he was her husband, and the case was dismissed. Mrs. Stalnaker earlier on the stand related that in 1904, Stalnaker was working as a contractor when his workmen threatened to mob him. He fled and she believed they "put him out of the way."

WICKERSHAM REFUSES PERSONAL CONFERENCE

Washington, Nov. 20.—Officials of the department of justice today declined to grant a further personal conference to W. H. Gray, an attorney of Houston, Tex., to urge the immediate arrest of John D. Archbold, H. C. Folger, Jr., and W. C. Teague, of the Standard Oil Company, on their indictments at Dallas, Tex., for alleged violation of the Sherman law. He was requested to present in writing all evidence in his possession in connection with the case.

MANAGER OF FUEL COMPANY VICTIM OF APOPLETIC STROKE

[Special Correspondence to Morning Journal] Tucuman, N. M., Nov. 20.—On Monday night at 10 o'clock George Morse died suddenly of apoplexy at the home of his sister, Mrs. J. D. McMurrie, 605 South Second street. Mr. Morse had been in Tucuman only about three weeks and had been in charge of the business of the Tucuman and Dawson Fuel Company. He came from Dundee, Ill., where he was born in 1868.

He had eaten a hearty supper and been joking with the family just a few minutes before his death. He went to the bathroom and was undressing when the stroke came.

Dr. Herring was sent for, but Mr. Morse was dead before the doctor arrived. He leaves a wife and one son. His wife, who was notified by telephone, arrived Tuesday night.

His son is in the mercantile business in Oklahoma City. The remains were shipped to Elgin, Ill., where the funeral services will be held, and from there they will be taken to Dundee for burial.

ALLEGED EMBEZZLER OF \$173,000 BEING TRIED

Chicago, Nov. 20.—Testimony was given today by several government witnesses in Federal Judge Carpenter's court against George W. Fitzgerald, charged with having embezzled \$173,000 of sub-treasury money. February 29, 1907.

Thomas H. Ladden testified to a shortage of \$900, discovered in November, 1905. Fitzgerald said he intended to build a home.

"Are you going to do it on that \$900 shortage?" I asked.

"Say, when I get the government, I am going to get it good and hard," Fitzgerald replied, according to the witness.

"Your Money Back If You Want It"

Mr. and Mrs. Julian J. Steynagel, 218 West Hazledine avenue, Seth Simmons, and family and his parents, Mr. and Mrs. Ezra Simmons, of Tipton, Mich., arrived here last night to visit Mr. and Mrs. Leon Allen and Miss Bertha Taylor.

The Woman's society of the Congregational church will meet this afternoon at 2:30 o'clock at the home of Mrs. Carl Hopping, 513 South Arno street.

S. M. Saltmarsh, an official of the Santa Fe store department, who was formerly a resident of this city, arrived last night from Los Angeles to spend several days here.

Superintendent F. E. Summers, of the Santa Fe's Rio Grande division, passed through here last night on his way home to San Marcel after a trip to Topeka.

R. E. McCarthy, of Gallup, trainmaster for the Albuquerque division of the Santa Fe coast lines, arrived last night to spend a day or so with his family here.

H. D. Youkum, a brother of President B. F. Youkum, of the Frisco lines, and himself connected with those lines, arrived last night from his home at Towson for a visit here.

C. D. Miller, former state engineer, arrived last night on his way home to Las Cruces after a visit to Santa Fe, where he attended the Scottish Rite reunion.

Regular communication of Temple Lodge No. 4, A. E. & M., this evening at 7:30 o'clock. All visiting brethren are welcome. By order of the W. M. Harry Brand, secretary.

The Knights of Columbus will be hosts at an enjoyable social dance this evening at Odd Fellows' hall. The dance is for all knights, visiting brothers and their ladies.

Deputy United States Marshal Henry Rena left last night for Tucuman on business connected with the charges against Max Cadden, who is alleged to be a white slaver.

James R. Adams, assistant forester in the office of operation, left last night for Denver after a stay of almost a week here. Mr. Adams is making a tour of the district forest service offices of the country.

The newer in the building occupied by the fire department became closed yesterday morning. Fire Chief Klein, not waiting for the sewer inspector, set the firemen to work with a hose and cleared the drain.

A. O. Smith, president of an auto part manufacturing company of Milwaukee, left last night for Grants, accompanied by E. Z. Vogt, to spend the winter on Mr. Vogt's ranch. Mr. Vogt has been a visitor in the city since Friday.

An unknown man reported to Santa Fe officials last night that his grip had been stolen by a fellow passenger on No. 8 while that train stopped here for supper. When an investigation was begun it was found that not only were grip and possession gone, but the owner of the baggage was, too.

All persons holding season tickets and others who expect to hear the lecture of Judge George D. Allen will take notice that the date for his appearance in Albuquerque has been changed from Monday, November 25th, to Tuesday, November 26th. Word has been received from Denver to the effect that this season's tour of Judge Allen is the most successful he ever has made, and Albuquerqueans therefore are assured of a literary treat on next Tuesday night.

A. W. Harrell, of San Marcel, trainmaster for the Rio Grande division of the Santa Fe, spent yesterday here on business.

John J. Duffy, fiscal agent for this district of the forest service, left last night for San Francisco on a business trip.

Judge Elsworth Hughes, of Alchison, Kan., a special Indian claims attorney, arrived last night from his home to spend a day or so here.

On November 19th the stork left an eight-pound male baby at the home of Judge Elsworth Hughes, of Alchison, Kan., a special Indian claims attorney, arrived last night from his home to spend a day or so here.

On November 19th the stork left an eight-pound male baby at the home of Judge Elsworth Hughes, of Alchison, Kan., a special Indian claims attorney, arrived last night from his home to spend a day or so here.

SEVENTEEN MILLION POUNDS OF COPPER MINED AT HURLEY

People Fail to Realize Magnitude of Chino Company's Operations, Says General Manager D. C. Jackling.

That the people of the state failed to realize the magnitude of the operations of the Chino Copper Company at Hurley, and that that concern was shortly to declare a dividend, were the main features of statements made here yesterday by a party of officials of that company while here between trains on their way to Salt Lake City, Utah, after an inspection of the Hurley properties.

The party included President C. M. MacNeil, General Manager D. C. Jackling, Will Oils, of Oils & Hough, Colorado Springs, brokers, and J. H. Waters, of the American & Cripple Creek railroad. The men who are not officials of the Chino company are stockholders and represented clients on the inspection.

Mr. Jackling declared that the copper production of the past nine months had been nearly 13,000,000 pounds and that the profits net, had been about \$1,600,000.

"Our average daily production at present is 6,000 tons or more," he said. "The monthly average being 48,000 tons. There is plenty of copper in sight at Hurley to outlast the present generation. The properties owned by this company are producing more than a third of the copper mined in this country. The Chino itself is a model property and we are much pleased with the showing it has made. Unit costs have decreased with the advance of the latter units of the plant, until now the costs are below what they were estimated. The fifth section of the mill has been completed, and we now have practically ceased construction at Hurley."

"We have plenty of water for all our property at Hurley," Mr. Jackling declared that sixteen steam shovels and seven locomotives were at work at Hurley every day and that everything was going forward smoothly.

It was unofficially announced by this party that a dividend would shortly be declared by the company.

Public invited to Woman's Club Art Sale next Friday, 205 West Central.

MUSICAL QUINTET MIXES STRAUSS AND RAGTIME ON STREETS

Five musicians, who claim to be from Pittsburgh, last night played a number of selections on the streets and at different hotels and restaurants about town.

The music they dispensed was good, better than is often heard. Ragtime was much in evidence, but the classics were not neglected. They played at several points along South First street, crossed the street to the Alvarado, and set every impulsive ear alert to discover who they were and whence they came. They played "Beautiful Doll" for a starter, then the violinists and the bass throbbed in the strains of Strauss' "Blue Danube."

Traveling men who had gone out on the veranda to listen danced fancy little waltz steps and thought of home. Love-lorn bell hops wriggled on their square stools. The telephone girl missed two calls. High and clear the violins sounded, soft and sweet, the cornet blared, while everyone stood at once to find out the town from which the quintet hailed and who they were, that they dared to play rag-time and Strauss alternately and both without notes.

Phone 581-582 for light hauling, parcels, messengers. Prompt service.

FREIGHT TRAIN OFF TRACK DELAYS NO. 3 FOR SEVEN HOURS

A derailed freight train at French south of Baton yesterday morning delayed Santa Fe passenger train No. 3 more than seven hours. The limited did not reach here until 6 o'clock yesterday evening, but other west-bound passenger trains kept up to the schedule. No one was injured in the derailment, it was said.

WOODMEN OF WORLD CONTEMPLATE A BIG SMOKER FOR MEMBERS

The news yesterday became public that the local lodge of Woodmen of the World is contemplating the holding of a big smoker in December. The event will be for members only and will be some chess, according to the statements of those in charge. The exact date will be fixed later.

MUCH INTEREST IS TAKEN IN OLD TOWN JUSTICE ELECTION

Much interest is being taken in the election for Justice of the peace which is to take place in Old Albuquerque in about a month. The progressives, in a rousing meeting Monday night, nominated Pantalone Martinez as their candidate, after much discussion. The democrats, it is understood, are likely to nominate one of the Zamoras because of the enthusiasm displayed at the progressive nominating meeting. It is thought the democrats will make an unusually strong showing.

PALMIST SAYS BOY ASSAULTED HIM; BOTH ARE ARRESTED

Joseph Huchey, an apparently frail youth, and Harry Downs, a palmer of ample figure, were arrested yesterday afternoon. The man said the boy had assaulted him and the youth was anxious to prefer charges against the palmer reader, so warrants against both were issued. They were released under \$15 bond each. Their cases are set for trial this morning in police court.

POLICE JUDGE TO GO ON HUNTING TRIP UP RIVER

Police Judge George R. Craig, J. A. Miller, his law partner, Sam Stevens and Fred E. Heen will leave this morning after police court on a hunting trip. They will go along the Rio Grande north of Bernadillo. They expect to be gone until Friday night. In the absence of Judge Craig, Justice W. W. McClellan will occupy his bench.

HUSBAND BEATER IS SENTENCED TO JAIL FOR 30 DAYS

Her Spouse "Bewitches" the Lock-Up When Chief of Police Refuses to Release Wife; His Address Now "City Jail."

That Police Judge George R. Craig is no more lenient with husband beaters than with wife-murders was evidenced yesterday morning when he sentenced Mrs. Maude Munsey, who beat her husband with a whiskey bottle, to serve thirty days in jail.

S. C. Munsey, who says he is a painter, pleaded with Chief of Police Thomas McMillin to release his spouse, and when the chief refused he threatened to "bewitch" the jail. The chief was unchanged and Munsey gestaculated and muttered in his hand.

JOE BREN ARRIVES THIS EVENING TO STAGE SHOW

Coach of Former Successful Events Put on by Elks to Take Charge of Rehearsals at Once.

On No. 9 tonight there will arrive the most famous coach of amateur theatrical events who has ever staged a production in Albuquerque. This is Joe Bren, who has put on half a dozen events here for the Elks and the Knights of Columbus. All of them were successes, but Bren has said in a letter to the local committee that this show is the best of them all.

It is a minstrel show with a new feature—and indeed as well as end men. There are eight ladies and twenty-one men in the cast and selections are being made for talent to fill these positions. It is likely that the cast will not be completed until Bren's arrival.

With Bren are Mrs. Bren and the baby, who is said to have one of the cutest bits of the whole show.

Bren will assume active charge of the rehearsals tomorrow night and will begin smoothing out the production at once.

The show will be staged at the Elks' theater on Thanksgiving eve and Thanksgiving night. Handsome lithographs are already out for the show and advertising will be carried on in a strenuous campaign until after the minstrel.

Rip-p-p-p-p! Out Come Thousands of Dress Shields!

No More Excessive and Unnatural Arm-Pit Perspiration or Odor.

Get a box of PERSPI-NO right away to free powder pad in each box and get the surprise of your life. It means good-bye to that excessive and unattractive perspiration, wherever it may be, that makes you feel miserable, good-bye to stained, faded, stiffened, ruined dresses and waists.

PERSPI-NO keeps the arm pits just as fresh, natural and dry as the back of your hand. No more rolling up of dress shields like ropes under the arms. It means the age of dress shields is gone.

As a remover of perspiration odors and a body sweetener, there is nothing like it. Not a sticky, greasy cream; it's a powder. Use it in summer when it's hot, or in winter when your clothing is heavy. It's a marvel.

PERSPI-NO, sold at drug and department stores, 25c a box, or sent on receipt of price by The Perspo Co., Chicago, Ill.

For sale and recommended by Powell Drug Co.

ADOLPHUS BUSCH TO BE HERE TODAY ON WAY WEST

Special Train is Carrying St. Louis Multi-Millionaire to His Winter Home at Pasadena, Family Accompanying.

Sometime this afternoon or this evening, Adolphus Busch, the St. Louis multi-millionaire brewer, will pass through here on his way to his winter home at Pasadena. Mr. Busch was recently seriously ill in Germany, but now has recovered to a large extent and it is believed a winter spent in the balmy air of the Sunset state will complete his recovery.

Mr. Busch was at one time expected to end his days at the German resort where he spent a portion of the summer, but friends were gratified late in October by the receipt of the news that he was better and would soon be able to return to his country.

He sailed from Europe October 22d, and after a few days' rest in New York, continued to his home in St. Louis. Mr. Busch was seventy years old July 19th, of this year. The trip west will necessarily be somewhat wearing, but it is hoped to make it as brief as possible, without any extra fast running, by eliminating many unnecessary stops.

For many years Mr. Busch has been accustomed to go to Pasadena to spend the winter and his passage through Albuquerque has been an annual event. This year he is traveling on a special train, composed of baggage-car, dining car, Pullman sleeper, and his luxurious private car, Adolphus. He left Kansas City, at 6 o'clock yesterday morning, following No. 2, the California limited. He is accompanied by a party of intimate friends as well as his immediate family.

Saddle horses, Trimble, 112 N. 2nd.

Our Thanksgiving Linen Sale
is Proving a Big Success

Our linen sales are always welcome because of their bona-fide character. This sale has created widespread interest, for the prices are positively the lowest at which you can buy equal qualities. No matter what price you wish to pay for your table linen you can make a selection from this stock and be assured of a substantial saving.

All of our fine cloths with napkins to match are included in this sale. Also Towels, Huck Toweling by the yard, and Bed Spreads.

Every Wanted Sort of Linens at Decisive Price Savings.
