VOLUME 22.

NEW YORK BANKS ARE IN FIRST CLASS CONDITION

Clearing House Committee Held Examination Meeting And Reported That All Are Strongly Fortified.

HEINZE AFFAIR WAS BOUND TO OCCUR

Slump in Railroad And Other Stocks Caused By Scare On Market Today But Rise Is Predicted For Tomorrow's Sale.

New York, Oct. 18.—A special meeting of the clearing house committee was held this morning to consider the general banking situation. The solvency of the Mercantile National bank, as reported by President Nash of the Corn Exchange bank last night, was reaffirmed. It is understood that the conditions of certain other banks in the city were discussed at the meeting, and all were found in first class condition and able to weather a much worse gale than the one now past.

Situation Under Control.

To quote a representative of the clearing house, "the situation is now under control and no untoward developments are looked for."

In conservative circles the feeling prevails that certain interests had to be eliminated before complete confidence in the local banking situation could be restored. It is believed that the retirement of P. Augustus Heinze from the presidency of the Mercantile National bank will be followed by more satisfactory results.

Heavy Declines in Stocks.

Precipitate declines in the lowest prices of the year in the stock market followed the meeting of the clearing house today, the sentiment on the stock exchange being disturbed by rumors as to the proceedings of the committee. At first only metal stocks suffered sharply but a little later railroads, especially the Union Pacific, leading, and St. Paul, fell away on heavy selling to the lowest prices of the year. In some instances quotations for stocks were the lowest since 1933. The weakness of metal stocks was exemplified in the sale of Guggenheim Exploration on the curb at 129. This is \$50 per share lower than at the last preceding sale. There were heavy demands for call loans today which advanced the rate to 10 per cent shortly before two o'clock.

Will Rise Tomorrow.

The slump today was altogether the result of a scare on the part of certain individuals and not due to any conditions, hence the best informed members of the exchange freely predict that there will be a rise tomorrow and normal conditions will be resumed.

AERONAUTS BREAK WORLD'S RECORD

St. Louis, Mo., Oct. 18.—It is announced at the Aero club of St. Louis that Aeronauts McCoy and Chandler had broken the long distance record of 420 miles established by Lieut. Lahm last year as the international contest record, when they passed over Gallipolis today. No report of the landing of the aeronauts has been received yet.

GAMBLER LEFT HALF MILLION TO WIFE

New York, Oct. 18.—W. W. Westcott, one of the most successful gamblers in America, a brother of Mrs. Katherine Tingley, head of the theosophist organization, is dead at his home here. He left a fortune valued at nearly half a million to his wife.

BANKS PROTECTED AGAINST FAILURE

Hamburg, Oct. 18.—Representatives of all banks of deposit insured held a meeting today to consider the situation resulting from the failure yesterday of Haller, Soehle & Co. It was unanimously agreed to adopt certain precautions in order to avert further trouble.

HAWLEY BALLOON LANDS IN INDIANA

Indianapolis, Ind., Oct. 18.—The Hawley balloon, which left St. Louis yesterday afternoon, came down at London, Indiana, 16 miles south of this city this morning. All on board were well and no mishap was experienced.

BIG HAMBURG FIRM SUSPENDS PAYMENT

Hamburg, Oct. 18.—Luetgans & Ehnemann, exporters and importers in the far eastern trade, suspended payment today as a result of the failure of Haller, Soehle & Co., yesterday.

FOR VIOLATION OF TEXAS SUNDAY LAWS

Fort Worth, Tex., Oct. 18.—Oscar Menefee, president of the Fort Worth Fair, was arrested yesterday by Deputy Sheriff Joe Wither, charged with violating the state Sunday law, in permitting the exhibition of wreck of two locomotives at the grounds Sunday. Warrants have been obtained for two more defendants, but they have not yet been arrested. Menefee made bond.

SANTA FE LIMITED IS WRECKED AT EARL STATION

Engineer Thomas Killed And Fireman Benington Is Fatally Injured.

TEN PASSENGERS ARE SERIOUSLY HURT.

Trinidad, Colo., Oct. 18.—East-bound passenger train No. 4 on the Santa Fe, known as the Chicago limited, was wrecked near Earl station, twenty miles north of here, this morning. Engineer John Thomas was instantly killed and Fireman Albert Benington probably fatally injured. A number of passengers were injured by broken glass but it is reported that none were seriously hurt. A defective rail is said to have been the cause of the wreck. Officials refused to give out any information until the injured passengers were brought here. It was not known how many were hurt.

Instantly Killed.

The train was running at rapid speed, and when it left the track the engine turned over, burying Engineer Thomas beneath it. Fireman Benington was thrown out of the cab badly hurt, several bones being broken.

Both men resided in Trinidad, but Thomas formerly worked south out of Albuquerque.

Mrs. Coberly was en route to her home from a visit with her son in Las Vegas.

NATIONAL CONGRESS OF FARMERS IS IN SESSION

"Dry Farming" Subject of Principal Address At Oklahoma City Today.

Oklahoma City, Okla., Oct. 18.—A large audience was present when Farmers National congress met today. H. B. Watson, of Kearney, Neb., delivered an address on "Dry Farming," showing how the principle developed could be used to advantage even in regions where the rainfall is usually sufficient.

President John M. Stahlin in his annual address said that the year has been one of unusual seasonal vicissitudes, reducing the crops, yet because of higher prices, the farmers of the United States will receive a billion dollars more than last year. The farmer's money, unlike that of captains of high finance, he pointed out, is clean and no other class being so thoroughly and widely educated as the farmers of this country.

No Vote Taken Today.

Chicago, Ill., Oct. 18.—The meeting of the Illinois Central stockholders today adjourned until 2:30 tomorrow, to vote on taken on directors today.

7 DEAD AND 70 HURT IN TWO RAILWAY WRECKS

Passenger and Freight Collided On Siding On Southern Road, Killing Three.

BRAKEMAN FAILED TO CLOSE SWITCH

Electric Trains Collide In Heavy Fog At Chattanooga And Four More Victims Are Added To Death List There.

Washington, D. C., Oct. 18.—In two railroad wrecks during the past fifteen hours, seven persons were killed and nearly seventy injured. One wreck was on the Southern Railway near Washington, and the other was on an electric railway near Chattanooga, Tenn.

Three Dead, 37 Injured.

Three persons were killed and thirty-seven injured, one probably fatally, as a result of a collision at Chattanooga, N. C., last night between a passenger train and a freight train, which was standing on a siding. A brakeman on the freight, whom the officials of the road believe caused the accident by leaving a switch open, has disappeared.

The dead: J. A. BROADY, fireman of the freight; MRS. J. P. THOMAS, wife of the freight conductor; ALLEN BRYANT, of Richmond, Virginia.

Passenger Running Full Speed.

The passenger train, which is not scheduled to stop at Chattanooga, had an order to pass a freight train there, but as the freight was to take a siding and the engineer of the passenger was a passenger in the freight, he heeded that station by a brakeman on the freight, his train was moving at full speed, nearly 50 miles per hour. The passenger train plowed through a number of freight cars before it stopped and three of the coaches turned over.

Brakeman Disappears.

The brakeman who gave the signal to the passenger engine that the freight was in the clear and the main line open, has disappeared and it is believed that he saw his mistake too late to stop the passenger and avert the wreck, but realized in time that he was to blame and decided to hide.

Four Killed, 30 Hurt.

Chattanooga, Tenn., Oct. 18.—Four persons were killed and ten seriously and more than a score more or less dangerously injured in a head-on collision between two Sportsmen Heights trains on Harrison avenue near the city limits this morning. Confusion of signals is said to be the cause.

The dead: EDWARD PARKER, MOTORMAN WILL PENDING-TON; WILL E. SMITH, CLEVELAND, a negro. The collision occurred in a heavy fog, which completely obscured the vision of the motorists.

No blame is said to attach to any one in this wreck. The fog so obscured the signals that they might easily be mistaken. Neither train was running at extraordinary speed and consequently the disaster is blamed to weather conditions solely.

The injured, all of whom are residents of Chattanooga, are being cared for at local hospitals.

Dead List Continued.

It is probably that the death list here will be larger as there are six of the ten most dangerously injured whom physicians believe will die. Four of these have internal and spinal injuries in addition to contusions and scalp bruises. The other two have fractured skulls.

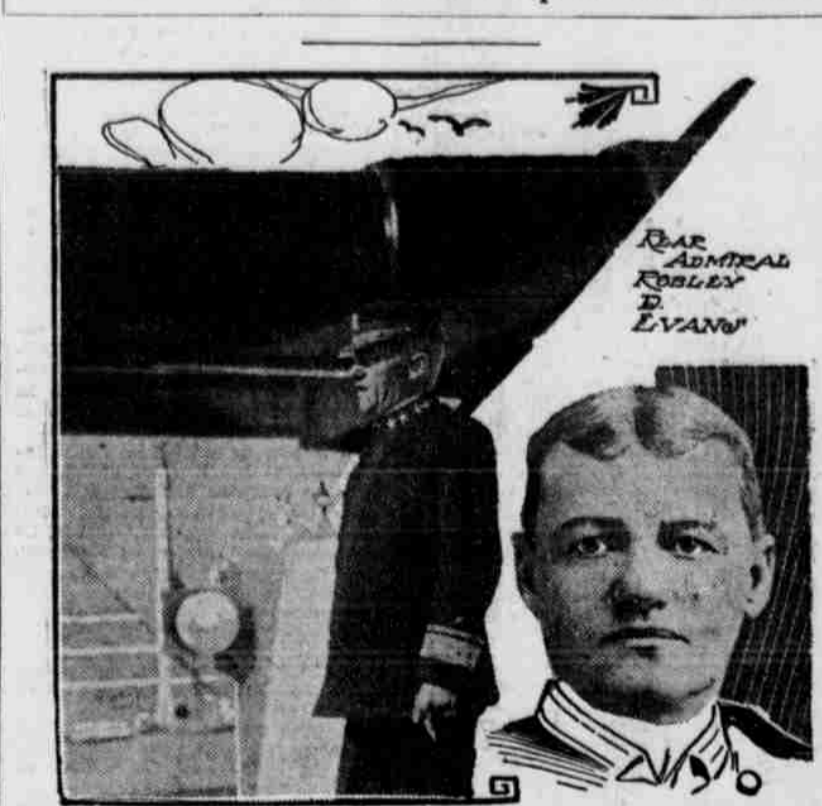

COCKTAIL DINNER BOBS UP AGAIN

Kansas City, Mo., Oct. 18.—The Presbyterian synod of Missouri, now in session here, adopted a report commending the Indiana Methodist conference for refusing to send Vice President Fairbanks as a delegate to the general conference at Baltimore. "For the reason that he allowed cocktails to be served at a public dinner to President Roosevelt."

30 DROWNED WHEN STEAMER WENT DOWN

London, Eng., Oct. 18.—The Danish steamer Alfred Erlandsen was wrecked last night on rocks near Stabshead, Scotland. She went ashore during a gale last night and twenty of her crew were drowned. The life boat, which spent the night looking for survivors, had a narrow escape from being frequently swept by heavy seas.

The Man Who Will Command Battleship Fleet on Its Trip to the Pacific

Rear Admiral "Fighting Bob" Evans, Who Indignantly Denies That He Will Resign From the Service.

BOB EVANS INDIGNANT AT RETIREMENT RUMORS

Admiral Says He Will Stay In Navy Until Age Limit.

SEA FIGHTER MAKES AN EMPHATIC STATEMENT

Washington, Oct. 18.—"Didn't I say the other day that I had no intention of quitting the navy until I had reached the age limit? You let it go at that. I don't talk without meaning what I say," declared Rear Admiral Robley D. Evans to an Associated Press representative today, when asked if the rumors in circulation yesterday meant that he had reconsidered his statement of a few days ago. It is an evident fact that "Fighting Bob" has no intention of quitting as he has twice denied the fact and this last time he added a few sulphurous comments to his denial.

Admiral Evans will command the Atlantic battleship squadron on its long trip to the Pacific ocean and it was rumored about the navy department that he intended to ask for a leave of absence when that trip is completed in order that he might rest. He will reach the age limit next year and it was stated that he did not intend to return to active service after he made the trip safely with the big fleet.

A Thorough Navyman.

Admiral Evans is a thoroughly representative member of Uncle Sam's navy. He gained his title of "Fighting Bob" through his fighting record, and he has earned his promotion to the rank of admiral by his record in and out of war. He has been engaged in all of the country's great struggles in the last 45 years and has been a winner.

The task of plotting the greatest fleet that ever sailed any ocean from one ocean into another was assigned to him because it is a well known fact that he is capable of getting the ships there in good shape. It is now believed that he will pilot them back if they return before the date of his resignation.

MOSQUITO BITES CAUSE 250,000 DEATHS ANNUALLY.

Dr. Ayers Makes Astounding Statement at Academy of Medicine Meeting.

New York, Oct. 18.—"There are 250,000 deaths annually as a result of mosquito bites," said Dr. Edward A. Ayers at a meeting in the Academy of Medicine last night. He furnished astonishing figures in his lecture on "Mosquitoes as a Sanitary Problem." He said that five diseases, four of which are nearly always fatal in effect, are directly traceable to bites of that insect. These are malaria, yellow fever, beri beri, dengue, and filia riasia.

The government is eliminating the mosquito danger by draining the swamp lands," he said.

Dr. Ayers, in his lecture, which went into the closest details of the mosquito problem, explained to his audience just how the mosquito carries disease. The audience included many of the best known medical scientists of the country, among whom Dr. Ayers is one of the foremost members.

STATEHOOD LEAGUE FOR BERNALILLO COUNTY

Citizens Circulating Petition For Meeting At Ziegler's Monday Night Oct. 21.

ORGANIZATION WILL BE ENTIRELY NON-PARTISAN

Governor Curry Wants People In Every County To Enroll Themselves For Fray-Will Form Great Territorial Association.

Citizens of Albuquerque today began the circulation of petitions for the calling of a statehood meeting to form a statehood league in this county in deference to the wishes of the governor and to secure an organization for boosting the cause in this county.

The petition calls for a non-partisan meeting to be held Monday evening at 7:30 o'clock in the hall over the Ziegler Cafe. The men who are circulating the petitions desire to enlist the aid of every citizen interested in the future of New Mexico and of this city and county in particular.

Non Political.

The petition states that politics will not enter into this meeting in any way, but it is the intention to get the people together as far as possible, form an organization without party or personal lines and then make an active canvass of the city and county in the interest of statehood. The petitioners want out only a few hours today when they were signed by a large number of the most prominent and responsible people in the city. In fact, no one has refused to sign these petitions and nearly all of the signers will attend the meeting.

It is the purpose as nearly as can be ascertained, to keep the statehood leagues all over New Mexico entirely out of any political intrigue by either party and to bring the people—those who vote according to their beliefs and not their prejudices—to the fore.

Haste Is Necessary.

The governor desires that these leagues be formed as quickly as possible and he considers them the most important part of the statehood campaign. Through these leagues, petitions, letters and personal influences of the people all over New Mexico can be brought to bear in Washington, where the preliminary fight will pull off in an effort to secure an enabling act. The chairmen of the local republican and democratic central committees are working in harmony for the statehood.

The Only Issue.

It is the only issue now before the people. Politics will not be allowed to enter into the matter at all, until after an enabling act has been secured. It is desired by the citizens who are actively at work, that the meeting on Monday evening, be composed as far as possible of democrats and republicans so that there may be no dissension. A chairman and a secretary will be chosen and the statehood league will be formed and the proper officers will be elected.

This league will then co-operate with the other territorial leagues for the advancement of the statehood cause.

Territorial League.

The local leagues will be banded into a territorial league, which will then consist of practically all of the people in New Mexico.

Governor Curry has appointed a secretary to the territorial league, whose headquarters will be at the capital in Santa Fe. The governor will join the leaders of both the large political parties of the territory and of the lesser parties in working for statehood.

He has pledged himself in a public address in this city to make the matter of securing statehood for this territory, the motto of his administration.

"There is no doubt," Mr. Fairbanks said, while here, "that by deepening many of the inland streams the freight rates of transportation would be lowered in the same proportion as though the Mississippi project were completed, as I hope it will be."

FAIRBANKS IS FOR DEEP WATERWAYS

Chicago, Oct. 18.—The need of improving the navigable inland waterways will be the chief topic to be discussed by Vice President Fairbanks during his tour of Iowa and Texas, which opens at Sioux City tonight.

Emperor Is Worse.

Vienna, Austria, Oct. 18.—Emperor Francis Joseph's condition this morning was worse, but he is in no immediate danger.

BENZOATE OF SODA MAY BE HARMLESS

New York, Oct. 18.—Food manufacturers from all parts of the country in session here yesterday made a protest against abolishing the use of benzoate of soda as a food preservative. In a resolution the work of the government for pure food was commended and the harmlessness of benzoate of soda was asserted.

QUAKE CENTERED IN PACIFIC OCEAN

Berkeley, Calif., Oct. 18.—Prof. A. D. Leuschner of the observatory of the University of California, announced yesterday that the center of the earthquake disturbance felt on the Pacific coast Wednesday and probably the same registered at Washington, was about one thousand miles south of Berkeley in mid-ocean, probably between the Hawaiian Islands and Mexico. Such earthquakes are usually followed by a tidal wave. According to Prof. Leuschner, the intensity of the quake far exceeded that of the California, Kingston, Valparaiso and Mexican earthquakes.

RAILROAD DEPARTMENT

FREE MOVEMENT OF FREIGHT CARS

Went Eastward Several
Weeks Ago and Are Now
Westward Bound.

Box cars are on the move. Two weeks ago they went east and now they are coming westward. Of course, the movement in both directions continues every day, but there was an increased number of cars westward two weeks ago, while the number going the other way now is equally large. The movement of carload freight is of course, responsible for this condition of affairs.

Two weeks ago, the cars were being rushed eastward for the handling of cotton and other fall crops, but they are now being hurried back westward to handle canned and dried deciduous fruits, which are shipped east from California about this time each year. This movement will be heavy for the remainder of October, about which time the cars will again be rushed back to California to pick up the potato crop, also hops, wines, etc.

Always On Move.

The California celery crop, which is rapidly growing heavier each year, will be ready for shipment eastward next month, but this crop demands refrigerator cars, hundreds of which will begin to move westward for that purpose in a short time.

There is always something calling the freight cars either eastward or westward. The lumber and oil shipments from California to Arizona and New Mexico, to supply the big mining companies, holds up about the same all the year round, causing a constant working of the cars between those points. An official says that, as strange as it may seem, the slump in copper has so far had no effect on the mining supply situation, although there is no telling how soon it may have.

There is now a free movement in both directions, he says, which he considers a good indication, and while the public may not understand why, it makes the railroad man feel "mighty good." The congestion has been relieved, the track is clear all the way from the Crescent City to El Paso and the men in all departments of the great routes are breathing easier.

NEW SANTA FE TIME

CARD ON NOV. 10.

When the new time card of the Santa Fe, which will go into effect for the winter season on November 10, is completed by the various operating officials and the officials from the passenger department who have been working on it for the past two days, there will be found to be little if any change in the arrival and departure of the trains from this city.

No. 10, as in years past, will run during the winter months over the cut off from Emporia, and things have been so fixed that it will make a faster run than ever before to Chicago. This train will reach Kansas City at 6 o'clock in the evening and is due to arrive in Chicago at 7:15 in the morning, which is almost an hour's faster time than it makes now.

RAILROAD RECOVERS AN

ENGINE FROM CONSTABLE.

Kansas City, Mo., Oct. 18.—A constable in Cleveland, Mo., is now the defendant in an injunction suit brought by the Kansas City Southern Railway company yesterday afternoon. The company brought suit to release a big freight engine that the constable had chained to the track.

Engine 357, pulling a train of freight destined to Kansas City, stopped in Cleveland Monday night to take on an additional car of freight. The engine had scarcely stopped before the constable appeared. He had a writ of execution and a log chain. The writ recited that the Kansas City Southern had lost its case for \$200 in a suit brought before a justice of the peace by James Houston. Houston had sued for damages

because of delay to stock. The constable read the writ and tied the engine to the track with the chain.

Another engine brought the freight cars to Kansas City, but the engine remained on the track until 4:30 o'clock yesterday afternoon, when a writ of injunction was issued to the railroad company in the circuit court of Cass County.

"We were not given a hearing in the suit," said F. H. Woods, an attorney for the railroad company last night. "The summons was returnable July 6. The plaintiff went into court July 5 and the justice gave him judgment without giving the railroad company a chance to be heard."

BRAKEMAN'S INJURIES

MAY PROVE FATAL.

R. B. Carter, the brakeman who was caught between a train and a car on the siding in the Las Vegas yards and quite badly crushed, is now lying at the Santa Fe hospital at that place at the point of death. Little hopes being entertained for his recovery. It was not thought at first that his injuries were serious, but internal complications have developed. Mr. Carter came to that city only a few days ago from his home at Booneville, Ark.

LAS VEGAS FIREMAN

ROBBED OF \$63.

Las Vegas, N. M., Oct. 18.—Fireman J. B. Merritt, of Las Vegas, was robbed last night of \$63. He came in on No. 8 and immediately went to his room at Mrs. Printer's boarding house on Railroad avenue. He had not been asleep an hour when he was awakened by a brakeman rooming at the same place who informed him that he had been robbed. Merritt immediately looked for his own clothes containing his money, and they were gone. This morning the clothes were found in an empty room at the rear of the hall, with the pockets wrong side out.

The office of traveling conductor of the Southern Pacific has been abolished to the benefit of the men who have been holding that position. The former traveling conductors are now known as assistant transmitters and they get better pay than they did in their former positions, yet at the same time they have more work to do. M. J. Kingsbury and E. Sheller are the men who get the new title on the Tucson division of that road.

City Freight and Passenger Agent G. H. Donart, of the Atchafalaya, T. G. & Santa Fe railway at Santa Fe, left last night for Stillwater, Okla., where he will spend a month's vacation visiting relatives and friends. He formerly lived at Stillwater and his wife has been on a visit to her parents there for several months.

John D. Barnes, agent of the Wells Fargo Express company at Santa Fe, departed last night for Stillwater, Okla., where he will be the guest of friends for several weeks. John Bell will act as manager during his absence from the capital.

C. H. Patterson, of Las Vegas, has been appointed roundhouse foreman at Raton to take the place of W. C. Edgington. Mr. Edgington was as division foreman at Las Vegas.

The Southern Pacific shops at Tucson, Ariz., have reduced from 10 to 9 hours per day. A number of men have also been laid off.

J. Peach, of Las Vegas, has been appointed shop foreman there to take the place of H. Schaeffer, who goes to Wellington, Kan.

WEDDING BELLS RING

FOR TUCSON COUPLE.

Mining Man Weds Woman Who Came From East to Arizona's Hurling City.

Tucson, Ariz., Oct. 18.—At eight o'clock last night at the Windsor hotel in the presence of one or two personal friends of the contracting parties, Miss Bertha Benson and William Nicholson were united in marriage by Justice Richey.

Both the bride and groom are well known in this city. Mrs. Nicholson is from the east but came to Tucson about a year ago. Mr. Nicholson has been in this district for the past five years and since his arrival has been connected with various mining companies. For the past year he has been foreman at the Omega mine in the Helvetia district.

COKE! COKE!

We now handle good, clean coke. Also the Crested Butte Anthracite Coal.

JOHN S. BEAVEN.

PERSONAL Paragraphs

John P. Whitcomb, of Marcelline, Mo., is in the city.

V. S. Thompson is in Las Vegas from Chama, N. M.

W. C. Eddington, of Raton, spent last night in Las Vegas.

James Hatfield, of Wewoka, I. T., is in the city and may locate here.

Trinidad Jaramillo de Miera, has been appointed postmaster at Cuba, Sandoval county.

M. J. Drury is in Las Vegas from his headquarters at La Junta today on railroad business.

Charles James, Fred Long and Harry Brown, of Las Vegas, are in the city today on business.

A marriage license was granted yesterday to Eloy Lucero and Isabel Gonzalez, both of Albuquerque.

L. A. Duval, a representative of the Mexican Central railway, is in the city today on business.

D. C. Beach and Mrs. H. D. Beach of Cochocton, O., are spending a couple of days in Las Vegas.

Frank Duerr and family have returned home to Las Vegas after visiting for several months in California.

Mr. and Mrs. S. L. Fisher are in Las Vegas today from their home at Mineral Hill visiting with friends.

Pedro Quintana is in Las Vegas today from his ranch at La Lumbre purchasing supplies for the winter.

Henry Goke, of Las Vegas, left last night for Tularosa where he will spend a short time on business.

F. J. Buck and family left Las Vegas this morning for the Blake mines, where they will spend several days.

Miss Lolita Borrego, of Santa Fe, who has been visiting for some time with friends in Las Vegas, left this afternoon for her home.

C. W. Wesmer and wife left Las Vegas this afternoon for Arkansas, where they will spend the winter on their big cotton plantation.

Charles Hart, a Burlington conductor, whose home is in McCook, Neb., is in the city. Mr. Hart may locate here for the benefit of his wife's health.

E. L. Carpenter, of Dawson, superintendent of the company operating the big coal mines at that camp, was an arrival today in Santa Fe on business.

Merchants report a good business despite the fact that the week following the fair is usually dull. Business during the fair was exceptionally fine in all lines.

County Clerk Apolonio Serna and family left Las Vegas yesterday afternoon for the former's ranch at Chaparrito, where they will visit until the end of the week.

Edward J. McNulty, a former resident of Santa Fe and son of John P. McNulty, of Cerrillos, is now manager of the Aztec Turquoise Mining company at Chloride, Ariz.

A. P. Tarkington, assistant general of the territory, left Las Vegas this morning for his home at Santa Fe, after spending several days in the Meadow City on guard business.

Thomas Madden, a well known mining man of Torreon, Mexico, who was formerly located at Cerrillos, has been a visitor for several days in Cerrillos. He is en route to New York City on mining business.

The following have been appointed notaries public by Governor Curry: Edwin W. Reagan, of Melrose, Roosevelt county; Leo Hersch, of Santa Fe, Santa Fe county; Ernest A. Mayo, of Tularosa, Otero county.

W. W. Corbett, the civil engineer of the firm of Corbett and Smith, has returned to Santa Fe from Taos and Mora counties where he has been engaged for the past three months on an extensive surveying expedition.

Assistant United States District Attorney D. J. Leahy and wife left Las Vegas for Raton, where Mrs. Leahy will visit for a few days with relatives and friends. Mr. Leahy will go to Roswell tonight to attend court.

James Montooth is a late arrival in the city from Rushville, Ill. He came here for the benefit of his health and will probably enter the retail business in some line. He was formerly a hardware merchant in the Illinois town.

William Farah left Santa Fe last evening for Walla Walla, Washington, having been summoned by a telegram informing him of the critical illness of his brother, Mr. Farah, who is located in that city. The message was the first intimation Mr. Farah had of his brother's illness.

James Montoya, of Tucson, Ariz., is in the city the guest of friends.

Cooler weather with probable rains is the prediction of the weather bureau for this section tonight and tomorrow. The cooler weather end of the prediction has already been realized, though frost is not expected tonight.

W. D. Piper, manager of the Piper Construction company, of Pueblo, Colo., which had the contract for the erection of the Mary James Presbyterian mission school for boys at Santa Fe, left last night for Pueblo.

Mr. Piper expects to have the building completed in another month, after which he will begin work on a large building contract at La Junta, Colo.

CLOTHES FOR MANLY BOYS.

Mothers Appreciate the Better-Made Xtragood Suits Nowadays.

Time was when mothers let their little boys' hair grow long in curls and dressed them in girlish clothes. But that is all changed nowadays, and mothers take the greatest pride in dressing their boys in just as distinctive boys' clothes as they do the girls in dainty dresses appropriate to them.

The leading clothing makers for boys have had a great deal to do with changing the custom and styles in this regard.

One of the largest clothing houses in the country, Ederheimer, Stein & Co. of Chicago, who make Xtragood clothes for boys of all ages, were probably as responsible for lifting the standard of boys' clothes as any other influence that could be named.

The Ederheimer-Stein people have accomplished this by carefully planning every step taken in the making of their Xtragood clothes, not only in the selection of durable, high-class fabrics, but in the employment of special designers of boys' suits and expert workmen to cut and make them in the best style.

Whenever you see a boy's suit with a label in it marked "Xtragood" you can be sure that it was made in the most painstaking manner, under the most healthful, clean conditions and you have the satisfaction of the latest style and greatest service out of every suit.

If you need furniture, call on Chas. L. Kappeler, 317-19 South Second.

Turn the Wick

as high as you can—there's no danger—as low as you please—there's no smell. That's because the smokeless device prevents smoke or smell—that means a steady flow of glowing heat for every ounce of fuel burned in a

PERFECTION Oil Heater

(Equipped with Smokeless Device)

You can carry it about and care for it just as easily as a lamp. Brass oil font holds 4 quarts burning 9 hours. Handsomely finished in japan and nickel. Every heater warranted.

The Rayo Lamp adds cheeriness to the long winter evenings. Steady, brilliant light to read, sew or knit by. Made of brass, nickel plated, latest improved central draft burner. Every lamp warranted. If your dealer cannot supply Perfection Oil Heater or Rayo Lamp write our nearest agency for descriptive circular.

CONTINENTAL OIL CO.
(Incorporated)

CIMARRON MAN WILL BUILD TEN HOUSES

Has Decided to Aid His Home Town's Development in Substantial Manner.

Cimarron, N. M., Oct. 18.—(Special)—A. C. Cox, of Silver City, N. M., who prospecting in Cimarron one month ago, has returned to make his city his home. Mr. Cox has let the contract for ten houses and will build more. The houses are all rented in advance.

John Dwyette, who has been manager of the St. James hotel, has resigned his management and started for an extended trip on the Pacific coast. Mr. Dwyette is a large stockholder in mining property in Idaho and Oregon.

A social club was organized here last week with a very large membership. It is called the "Swastika." Ira Duckworth is president, J. O. Rogers, vice president, and S. P. Officer, secretary.

George H. Webster shipped a train load of fine cattle to Kansas City today. Mr. Webster is owner of the Urraca ranch near here.

ANNOUNCES MARRIAGE AFTER THREE MONTHS

Dr. Walter A. Bayley, Associate Surgeon at Dawson Fuel Company Hospital, Surprises Friends.

Dawson, N. M., Oct. 18.—(Special)—Dr. Walter A. Bayley, associate surgeon with Dr. Divers in the Dawson Fuel company hospital, returned yesterday from Los Angeles, Cal. Dr. Bayley was married at that place July 27 to Miss Chase, but the marriage was kept secret and Dr. Bayley returned to Dawson immediately after the marriage. The bringing of the bride home with him at this time completes this pretty romance, the doctor has furnished a home one block west of the hospital.

NINE PENSIONS FOR NEW MEXICANS

Delegate Andrews Adds Another Long List to the Good Work He is Doing.

Delegate W. H. Andrews has added nine more to the list of pensions he has secured for New Mexico people. The delegate works hard for his constituents and his efforts are certainly meeting with success. The list today follows:

William H. Moore, Texico, \$15 per month from March 4, 1907.

John W. Terry, Socorro, \$15 per month from March 4, 1907.

Edith White, Fort Bayard, \$14 per month from September 26, 1907.

Rube Wilson, Fort Bayard, \$12 per month from September 4, 1907.

Charles L. Thiers, Fort Bayard, \$24 per month from August 14, 1907.

Willard Carter, Fort Bayard, \$24 per month from July 11, 1907.

Leroy Carroll, Silver City, \$6 per month from December 24, 1906.

Joseph Chapman, Causey, \$24 per month from July 26th, 1907.

George Washington, Central, \$12 per month from April 24, 1907.

HAIR DRESSER AND CHIROP- DIST.

Mrs. Bambini, at her parlors opposite the Alvarado and next door to Sturges' cafe, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Massage treatment by vibrator machine. For any blemish of the face, call and consult Mrs. Bambini.

CLOTHING DEPARTMENT

INCREASING USE OF NATIONAL FOREST

Marked Progress Is Shown.
According to Year Book
Of Bureau.

Washington, D. C., Oct. 18.—"Within three decades after the first Federal recognition of forestry, and sixteen years from the date when the first 'timberland reserve' was created, there have been established, in the interest of the whole people, 150 million acres of national forests, effectively protected against fire and trespass, and thrown open on advantageous terms to the use of the public." Thus reads the annual review of forest work in the year book of the department of agriculture. "Forests have so large a place in the national life that in some measure every citizen shares the benefits which attend successful effort to preserve, restore, or establish them. Yet it will always be the western industries which will most profit from the presence of the existing national forests upon whose resources—mainly wood, water and range—they are largely dependent. The government always favors settlers and home holders and prior users, both by granting free use of timber and by encouraging small sales. The business of the national forests must increase largely; for so vast are the resources of timber and minerals, and the opportunities for various business enterprises and for the development of power and irrigation, that the utilization of the forests can be said to have only fairly begun.

Marked Progress.
"Throughout the year marked progress has been made in securing the most prompt, simple, and effective business methods, and in bringing the forest officers in the field and, through them, the public into closer touch with the aims of the government in its forest policy. On January 1, 1906 the area of the national forests was 87,773,817 acres, and on December 21, 1906, 127,154,371 acres; but the receipts increased in greater proportion—from \$273,660 in 1905 to \$1,004,185 in 1906. In addition, 15,000 permittees (near-by settlers and ranchmen) were granted timber free of charge to the value of \$75,000.

Selling Timber.
"In disposing of timber on the national forests, every effort has been made to meet the local conditions in each forest and in the different parts of each forest where the character of the timber and the market require special consideration. This has been done not only by varying the size of the sales which are made under the sales in accordance with the kind of timber and the situation, but also by supplying the needs required by them in their industries.

Grazing Fee.
"The institution of a charge for grazing in the forests, with the adoption of regulations to prevent damage to the range, and with the satisfactory allotments of territory, both between the cattle owners and between individual owners of the same kind of stock, were important accomplishments of the year.

Planting.
"Planting operations are at present centered in 3 nurseries within or near as many different forests. There are now on hand a total of 6,000,000 seedlings, and 750 acres were planted in the spring of 1907. Four of the nurseries have been established long enough to grow seedlings of size for planting. "Better facilities for communication, through public and private telephone lines are now being constructed, and the improvement of roads, will be of the greatest assistance in the control of fires. The use of the forests by the public will also be stimulated by the marking of roads and trails, giving the direction and distance to the nearest ranch, or camping place.

Record of 1906.
"The record of 1906 has confirmed the business success of the government policy, and thus given encouragement to the development of the technical side of forestry. When, through studies now under way, a better knowledge of the growth and habits of our western trees is secured and the forests have been brought, through the utilization of ground at present unoccupied, to greatly increased productiveness, still larger benefits may be expected.

Afflicted With Sore Eyes for 33 Years
I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors, Salvo, and gave me half a box of it. To my surprise it healed my eyes and my sight came back. I have insisted upon my trying Chamberlain's Salvo for sale by all druggists.

S.S.S. A CERTAIN SAFE TREATMENT

Evil Mercury and potash could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the "cure worse than the disease." But they cannot cure the vile disorder; they can only cover up the symptoms for awhile or mask the disease in the system, but as soon as the treatment is left off the hideous symptoms return. Mercury and potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia by drying up the gastric juices, cause the teeth to decay, and often completely break down the constitution, and where they are used in large quantities, the bones become affected, while the disease for which one has so long taken this destructive treatment has not been cured. Contagious Blood Poison is a disease it will not do to trifle with. It is a vile, dangerous and destructive disorder. When the blood becomes infected with its virus the mouth and throat ulcerate, hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases sores break out on the body, the finger nails drop off and the sufferer is diseased from head to foot. S. S. S. is the only known antidote for Contagious Blood Poison—the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving bad after-effects as some medicines do, S. S. S. tones up every part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment while eradicating the poison from the circulation. Special book on the home treatment of this disease and any medical advice desired furnished free to all who write.

UNITED STATES AGAINST WHOLE WORLD IN LONG SERIES OF BALLOON AND AIRSHIP RACES

St. Louis, Oct. 18.—It's the United States against the whole world in the most sensational sport event of all times.

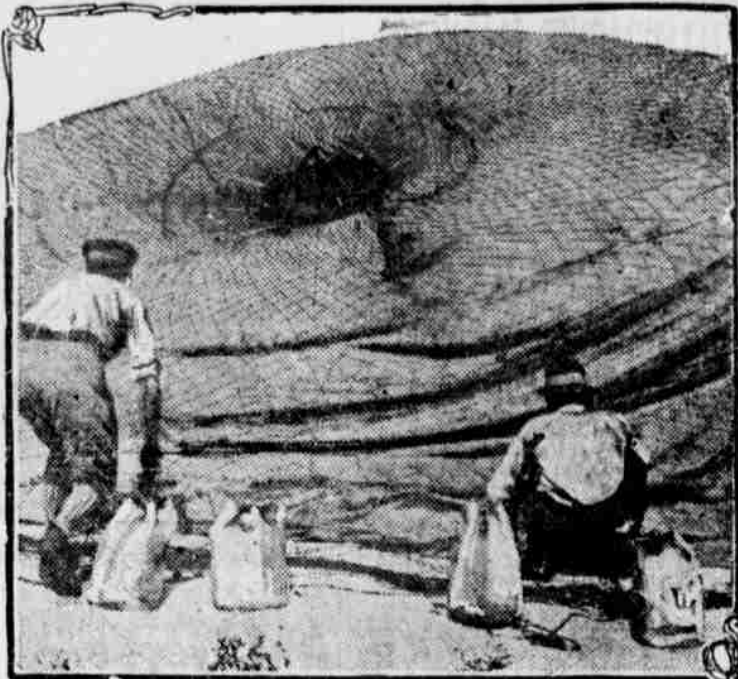

A race through the sky. The great international balloon and airship contests will begin here on Oct. 21 and will continue as wind and weather permits, until all the numbers on the race card are pulled off.

With the magnificent Jas. Gordon Bennett cup held by this country as the result of Lieut. Frank Lahm's 492-mile flight last year from Paris to north England, Germany, France and England will strive hard to win the trophy, the blue ribbon of the air.

In addition to the great international event for balloons, three other races will be held, the dirigible balloon and heavier-than-air craft races.

The wonderful success of the German, French and English war balloons of late has given an impetus to the sport of nations, and there is no telling how numerous or how varied will be the entries on Oct. 21. This country, however, will have three balloons in the air in the effort to hold the Bennett cup.

The races will be started from the Aero club's grounds at King's highway and McKinley avenue, where great windbreaks have been constructed to protect the balloons until they are under headway. The

Inflating a racing balloon. Workmen putting ballast in proper place as bag expands. Notice valve where gas is let out during flight.

SILVER LOVING CUP PRIZE AT ROSWELL.
Horse Show Winner at Elks' Carnival Will Receive Fine Token in Addition to Purse.

Roswell, N. M., Oct. 18.—A handsome silver loving cup is to be given as a premium by the Roswell Drug and Jewelry company for the sweepstake champion driver at the horse show to be given here during the Elks' carnival. Fifteen applicants for entry have been made, for various prizes so far among them being the two teams of the fire department. Among the prizes to be offered for the flower parade during the Elks' carnival are \$25 for the best double rig, two horses; \$20 for the best single rig; and \$15 for the best automobile.

ALLEGED ROBBER ADMITS GUILT AT GLOBE.
Tells How He Robbed Stores and 'Pleads Guilty to Charge of Burglary of Two Places.

Globe, Ariz., Oct. 18.—Before the court could stop him to warn him that his statements would be taken against him, Edward Hodges, a young man arrested here this week, confessed to burglarizing the Palace drug store and the Globe jewelry store, taking a considerable amount of goods from both places. He said he wanted to plead guilty at once.

HAPPY ENDING OF ARIZONA ROMANCE.
Edward Arhelger Went to Texas Recently and Returned With Sweetheart of His Youth.

Tucson, Ariz., Oct. 18.—Edward Arhelger, who left for Texas more than a month ago, ostensibly to visit relatives at Fredericksburg, after an absence from that place of eighteen years, has returned with a bride, nee Miss Ida Cornilius of Brenham, Tex., to whom he was married October 10, and who was the sweetheart of his youth.

"STATEHOOD FOR NEW MEXICO"

Others Should Visit Us

Among the most prominent Arizonians who visited this city during the territorial fair was Eugene Brady O'Neill, one of the most distinguished members of the Knights of Columbus who held high carnival here during the big festa.

Mr. O'Neill is a brother of Bucky O'Neill, who has left an honored name in the sister territory. Moreover Mr. O'Neill is an attorney of ability, a politician of no small repute, who is much talked of as Arizona's next delegate to congress, and an all around business man and public-spirited citizen of Arizona.

Mr. O'Neill spent considerable portion of his time in this city hobnobbing with the leaders and thinkers of the territory, and as a result, he carried away a higher opinion of this territory than men of lesser caliber would be likely to obtain in so short a time. He found that the people of New Mexico, contrary to the teachings of the biased press of Arizona, are among the most progressive citizens in the United States and that they are "sawing wood" after a political fashion in an effort to secure statehood. Moreover Mr. O'Neill learned that there was ever probability that New Mexico would secure admission to the union within a very short time and that Arizona would have to up and doing if she kept the pace. This is gratifying to this territory and about the only comment The Citizen has to make is that more Arizonians ought to visit us.

Too many of them live in their little world without knowing what their next door neighbor is doing.

The following rather censored comment from an Arizona paper is deeply interesting to those who read between the lines, and it would indicate that Mr. O'Neill, like other Arizonians, was more deeply impressed with New Mexico, and her people than their subsidized press cares to admit.

The Arizona paper says in part:
"Eugene Brady O'Neill returned yesterday morning from a visit to Albuquerque, partly to attend the fair and partly to be present at an important meeting of the Knights of Columbus. He offered no strenuous denial of the report that the real object of his mission was to secure the Bernalillo county delegation to the next Arizona democratic convention for the nomination of a candidate for delegate to congress. He said he secured at least the good will of the New Mexicans."

"He saw Governor Curry, who had just returned from his tour of the Mississippi with the president, and he has filed the New Mexicans with a hope of single statehood. He has presented the matter to them in an even stronger light than the dispatches did when they announced from Cairo, Illinois, that the president had authorized Governor Curry to say that he would favor a bill for the admission of that territory. The governor on his return said that the president had put it stronger than that; he had said that he would work for the bill and he had all but guaranteed admission."

"Contemporaneous with the enthusiasm which is being wrought up over the statehood question is an effort to arouse enthusiasm in favor of sending a Roosevelt delegation to the next national republican convention. Governor Curry and the Roosevelt leaders there made no attempt to conceal the fact that it is to be a Roosevelt delegation with Taft as a second choice. The strength of the opposition to the movement will depend upon later developments."

Good Horse Sense

The following is taken from the Arizona Daily Star, and it does not have to be read more than once to convince nearly any business man that it is the truth.

Heretofore The Citizen has had considerable to say regarding the sort of a business man who sends his work away from home in order to save a few cents. Our public organizations have always been too discreet and too sensible to do so under any circumstances, but it would appear that in certain Arizona towns the business men lack good horse sense. The owners of these printing offices and their employees spend their money in Tucson with the Tucson merchants, and when the Chamber of Commerce has a job of printing it should be given to these home institutions. It will strike the reader as peculiar and passing strange that a pamphlet describing Tucson is printed in Galveston, Texas. For the same reason that the merchants of Tucson do not sell their goods as cheap as their eastern competitors, the printers of Tucson are unable to compete with eastern printers, where cost of stock and wages paid is much less, but the difference is comparatively small, and instead of the Chamber of Commerce sending Tucson money to some outside printer it would be a better investment, in the end, to keep the money at home.

Kenna Record: We wonder how many of our boys realize that land is going fast—boys brought up to think that in America land can never be scarce, that when they have played out at everything else they can somewhere get a piece of land for nothing and the next day be a prosperous farmer, can with difficulty be made to see it. In 1850 there were but little over 1,000,000 acres under cultivation in the United States. Today the cultivated acres number 236,000,000 and these acres are not only our best, but they are fast going up in value beyond the reach of men of small means.

Santa Fe New Mexican: The women of the territory should be admitted in fact, urged to become members of the county and territorial statehood leagues. The welfare of this commonwealth affects them as much as it does the men and the success of such bodies as the Woman's Board of Trade of Santa Fe, amply demonstrates their ability to become powerful factors in the molding of the new state. Even from a more selfish standpoint, it will help the cause along, for the least will regard it as a sign of advancement and sincerity if the women join, shoulder to shoulder with the men in working for statehood.

Exchange: If you are superstitious about the number 13 you had better give us your quarter dollars, for on each one are 13 stars, 13 letters in the scroll of the eagle's beak, 13 leaves on the olive branch, 13 arrow heads and 13 letters in the words "quarter dollar." Now its not safe to keep them so just bring them in and get credit on your subscription for the full amount.

If a man could wear his straw hat as late in the season as a woman can wear her peek-a-hoo and short sleeves, what a glorious old world this would be.

Price of ice cream has just been reduced in New York. The poor won't lack for ice cream and snowballs and such like creature comforts this winter.

Mulai Hafid has taken four wives to strengthen his position as claimant to the throne of Morocco. At what a terrible cost is ambition gratified!

A little Texas town has organized a "How'd Do," club to get acquainted and make new arrivals feel at home. Such a club would pay here.

Geronimo says he is an old man full of sorrows and regrets. Which is some better than being not so old and full of lead.

There is an Albuquerque boy who lives in a room so small that he has to go out in the hall to even change his mind.

WHAT DOES IT COST YOU TO LIVE?

Pitchers full of rich creamy milk—dozens of freshly laid eggs—beef killed on the range. Fish and game and pure mountain air. A genuine old ranch house nestled in the prettiest valley in New Mexico. The Pecos river filled with mountain trout right at the door. Saddle horses, guns, fishing tackle, traps and dogs at your service. There is not a more ideal place to rest, recuperate and see the real life of the west anywhere in the world.

The round up is now on and the horses from the range will be broken in a few weeks. Every minute teems with a new and wholesome interest for you if you have never lived on a ranch.

Daily stage to the railway station.
YOU COULDN'T SPEND MORE THAN NINE DOLLARS A WEEK IF YOU TRIED.

If you have come west to spend the winter, don't stay in town. Inquire this office or address The Valley Ranch, Pecos, New Mexico.

TURKEYS

For Sunday we have a few choice, fat turkeys. Order early, they will not last long.

Young Ducks, Springs and Hens

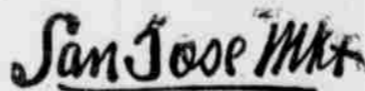

A good supply of choice fancy stock. Call and inspect before buying elsewhere.

Bismarck Kraut

New shipment, just opened up, Bismarck Kraut is the finest in the market. 15c per quart.

OYSTERS

Are now arriving daily, and supply is more plentiful. Our N. Y. Counts and Blue Points come to us in Seal Ship Carriers direct from the packer on Long Island Sound from Great South Bay, N. Y. This bay has long been famous for producing the finest flavored and fattest oysters in the world.

NO ATTEMPT MADE TO DYNAMITE TAFT

Manila, P. I., Oct. 18.—Reports were made to the local police yesterday by a priest that an attempt was to be made to throw a bomb at Secretary Taft while he was attending a reception at the Jesuit college, but a careful investigation failed to disclose any foundation for the statement. The secretary was closely guarded. Previous to taking part in a round of entertainments today the secretary held a conference with Governor General Smith, a member of the Philippine commission, and prominent officials of lower rank. The Philippine assembly today completed organization of its various committees.

ALLEGED HORSE THIEF ARRESTED AT FARMINGTON.

Romualdo Techillas Held on Charge of Stealing Animals From Navajo Indians.

Santa Fe, N. M., Oct. 18.—According to advices received today at the headquarters in this city of the territorial mounted police, Romualdo Techillas was arrested at Farmington by Officer J. B. Rusk on Tuesday. Techillas is alleged to have stolen horses from Navajo Indians, five of which animals it is alleged, he sold to parties in Santa Fe county. Of the eight horses all but one has been recovered. Two of them it is said were purchased at Albuquerque recently by a man from the Estancia valley. Techillas will be brought here for preliminary hearing.

NOT MUCH DEMAND FOR HAY AT SAFFORD.

Crop Seems to Have Struck a Standstill Period at That Place, Despite Good Price.

Safford, Ariz., Oct. 18.—There seems to be a standstill in the hay and grain market at the present time. The prices remain the same—\$12.50 for hay, \$1.60 for barley and \$1.80 to \$1.95 for wheat—but there is no movement of either of the commodities named.

If you want anything on earth, you can get it through the want columns of The Evening Citizen. We get results.

ENGINEER ALLISON HAS EVEN CHANCE TO RECOVER

William Allison, the engineer who was so badly injured by a razor in the hands of Fireman Sloan, at Las Vegas, is still alive and chances are about even for his recovery. Fifty-two stitches were taken in closing the wounds and all hemorrhage was stopped with little difficulty. The razor was not a clean one and there is some fear of blood poisoning. Sloan has been removed from the city lock-up, to the county jail, but has not yet been given a preliminary hearing.

MAUD HOLLINGSWORTH IN ROLE OF "CAMILLE"

A fair sized audience gathered at the Elks' opera house last night to see the play "Camille," as acted by the Hollingsworth Twins company. This is a hard piece to play and usually a hard play to sit through. It is a play which requires the art of a Sarah Bernhardt to make impressive, yet the acting of the youthful Maud Hollingsworth in the title role last night was a delightful surprise. The young actress revealed a fine talent and latent possibilities in acting which promise for her a bright future on the stage. It was not to be expected that a young girl could infuse into the part which depicts the character of a dissolute woman, all the subtleties of which such a part is capable; it was not to be expected that a young girl of inexperience should be convincing in such a part—a part, by the way, which never should have been given her to play yet, by the talent she showed in her superb interpretation of the character, the audience was agreeably astonished and showed its appreciation by genuine applause. The acting of Myrtle Hollingsworth in the part of "Nichtette" was likewise praiseworthy. The other members of the cast revealed no unusual talent in acting, yet rallied to the support of the star in fairly creditable manner.

BROKEN KNIFE BLADE GAVE POLICE CON- VINCING CLUE

Piece Found In Slot Machine
Jibed With Knife Taken
From Burglar.

The point of a broken knife blade less than half an inch long, was the clue which resulted in fixing the guilt upon George Elwood alias Elwell, for the robbery of Yanow's pawn shop, the Manhattan and the New York saloons according to the police officers who were engaged in "sweating" the man after his fortunate arrest by Policeman Rossi.

The officers, however, had other strong evidence, which would doubt have led to a confession on the part of the man in custody but the little knife point was such conclusive evidence that the self-confessed robber could not stand out against its mute statement.

Chief McMullin and Lieut. Kennedy immediately on learning of the affair took steps to apprehend the burglars and worked together on the case.

The day following the robbery Lieutenant Kennedy went to the New York saloon while investigating the robberies.

He found that one of the robbers had made an effort to open a slot machine to secure a small sum of money which it contained.

The officer further found that the robber had failed because he had broken the point off his pocket knife. Moreover the policeman found the knife point inside the slot machine. This point was broken in two but the pieces were both there.

Lieutenant Kennedy carefully wrapped the two pieces of the knife blade in a small piece of paper and took them to headquarters.

There he secured the pocket knife found in possession of the man by the arresting officer. The knife had a broken blade. The lieutenant placed the broken knife point to the blade and it fitted perfectly.

That established the missing link in regular Sherlock Holmes style and there was nothing for the prisoner to say.

He told the police where he had concealed the stolen goods and he accompanied them to the room in a local hotel, where the plunder was recovered.

The knife and the broken blade point are being preserved by the police and they will form interesting testimony before the grand jury if the statement of the accused man is not sufficient.

VAUDEVILLE HITS FALLING FAST AT CRYSTAL

Anyone who has ever seen John T. Kelly in "McPhee of Dublin," should visit the Crystal and see Billy Beahan as "Senator McPhee." Supported by three other clever people, he is giving a series of laughable farces at the Crystal theatre, at the rate of two each week, and last night presented "McPhee." People laughed until they silently doubled over like Jack-knives and rolled over into their girls' laps.

Then, as if that wasn't enough tom foolery, Stanton and Sandberg, the real boys, took the stage and kept the merriment up with their infectious jollity. This team could go here a month and never get stale.

Martino, the Roman ring artist, as compared to former ring performers, is as Jim Jeffries to Jim Corbett—he may not be quite so spry and graceful, but he is certainly there with the feats that require great strength and forbearance. "Dolls in Toyland" is a beautiful and fanciful moving picture for children to see and not a bad sight for older people. It presents a little girl and her mother and her occupants all coming to life and doing impossible things.

PRIMROSE MINSTRELS AT ELKS' NEXT WEEK

The next attraction at the Elks' opera house will be George Primrose and his big minstrel company, which is said to be the largest and most elaborate in the world, and judging from the list of comedians, singers, dancers and musicians associated with Mr. Primrose, it is safe to say that this is no idle boast. Theatre-goers of today will not content themselves with the minstrel performance, which have been presented in the past, consisting of a few ordinary musicians, singers and vaudeville acts. Mr. Primrose being aware of this fact, has therefore selected the best vocal talent in the country, as well as an operatic orchestra of picked musicians, also the greatest comedians and dancers in the minstrel world.

TERRITORIAL FAIR WILL HELP IRRIGATION CONGRESS

Commercial Club Takes Initial
Step Toward Preparing
For Big Convention.

It is now almost fully decided that the Irrigation congress, which is to meet in Albuquerque next fall, shall convene on Wednesday of the week preceding the fair and continue for four days, and that the committee to handle the congress shall work hand in hand with the executive committee of the fair association. Or it has been suggested that one large committee handle both the fair and the congress.

The matter was discussed quite fully at a meeting of the directors of the commercial club last night, but little action was taken other than a vote asking the county commissioners and the city council to appoint committees of nine members each to act jointly with a committee of nine from the commercial club. The plan is to have these three committees form one large executive body with which will be left the entire control of the preparations for the congress.

It is going to require the expenditure of considerable money to make a success of the congress, but the ultimate results of having such an important body meet in the city will more than repay the cost. Entertainment for the delegates will be one of the big items of expense. It is believed that the territorial fair can be brought in to a good advantage on this score.

CRANBERRIES ARE ON THE MARKET

What a Sunday Dinner Will Cost on the Market Tomorrow—Game Season is Here.

Cranberries have come for the winter, likewise wild ducks and turkeys, but the canteloupes are almost in. The few that are now on the market are apt to be frost bitten. Parsnips have made their appearance, but season for summer squashes, mangoes, green beans and rhubarb is over. The highest priced article in the provision market is the orange which is selling at ninety cents a dozen and hard to get at that. The prices for this week are the following:

Vegetables.
Celery, 50c and up; Hubbard squash, 10c; potatoes, 10 pounds for 25c; sweet potatoes, 50c; cucumbers, 2 for 5c; tomatoes, 5c; cabbage, 5c; beets, 5c; carrots, 5c; parsnips, 5c; green onions, 2 bunches, 5c; dry onions, 5c; cauliflower, 15c; watermelons, 10c; asparagus, 10c; egg plant, 2 for 15c; lettuce, 2 bunches for 5c.

Fruit.
Green gages, 15c; bananas, 40c; apples, 10c; pineapples, 20c; grape fruit, 10c and up; lemons, 35c and up; peaches, 15c; pears, 2 lbs for 25c; grapes, 4 lbs for 25c and up; strawberries, 10 boxes for 35c; canberries, 15c a quart.

Fish.
Eel bass, 15c; catfish, 20c; rock cod, 15c; flounder, 15c; sun fish, 15c; oysters, 35c a pint.

Meat.
Beef, 10c to 20c; pork, 15c to 20c; mutton, 10c to 20c; spring lamb, 12½ to 20c; ham, 15c to 18c; sausage, 2 pounds for 25c; hamburger, 2 pounds for 25c; spring chicken, 20 and 25c; hens, 15c a pound; squabs, 17½c; ducks, 20c; turkey, 24c.

FIVE SUSPECTS ARE FREED AT HILLSBORO

Evidence Brought Against Five Men
Arrested for Crime Was Insufficient to Hold Them.

Attorney Elfigo Baca returned this morning from Hillsboro, where he attended the hearing in the case of the section men charged with murdering an unknown man near Lave, N. M., some time since December 23, 1906. Mr. Baca was employed to defend the three men arrested in the case and at the preliminary hearing before a justice of the peace in Hillsboro on October 14 and 15, he succeeded in getting the case dismissed by reason of insufficient evidence.

The men charged with the crime were Abrosio Ruiz, Martin Ramirez and Pedro Ramirez. Two others, J. W. Hale and Henry Melendrez, who were at first thought to be implicated, were exonerated previously.

December 22 last year an unknown man who was supposed to have considerable money in his possession appeared in the neighborhood of Lave and was last seen on December 23. On September 17, 1907, a skeleton of a man was found in the vicinity of Lave, N. M. It was not able to determine with positive accuracy that the man had been murdered though certain holes in the clothing of the dead man and certain bullet marks on the bones indicated that he had met with a violent death. The men arrested as suspects were section hands who lived at Lave.

Kennedy's Laxative Cough Syrup is a safe, sure and prompt remedy for coughs and colds, and is good for every member of the family. Sold by J. H. O'Reilly.

NEW RAILROAD FOR HILLSBORO AND KINGSTON

Electric Power Will Be Used—
Westinghouse People
Behind Scheme.

Frank G. Caldwell, of Pittsburg, Pa., who is stopping at the Alvarado temporarily, is authority for the statement that a railroad is to be built in the near future from Lake Valley, N. M., to Hillsboro and Kingston, N. M.

This statement was made by Mr. Caldwell direct to a reporter for The Citizen and according to Mr. Caldwell, the proposition is backed by the wealthy and well known Westinghouse Air Brake company of Pittsburg, Pa. Confidential experts for the company are expected here within a few days to accompany Mr. Caldwell to Hillsboro to give him the proposition in detail preliminary to beginning the actual construction of the road.

Railroad Will Be Twenty-Five Miles Long.

The road will be twenty-five miles long, according to plans. It will extend from Lake Valley to Hillsboro, a distance of eighteen miles, and from Hillsboro to Kingston, a distance of seven miles. Hillsboro is the county seat of Sierra county and a town of 2,000 inhabitants surrounded by one of the richest mining districts in New Mexico. Kingston is a mining camp near which are located some of the oldest mines in southern New Mexico.

Electric Engines Will Be Used.

The road will be broad gauge and according to Mr. Caldwell will be operated with Santa Fe rolling stock equipped in power, which will be electricity. Arrangements have been made with the Santa Fe to operate the Lake Valley branch of the Santa Fe from Santa station to Lake Valley as well. Santa Fe cars will be drawn by electric engines. The electricity will be made with water power on one of the several streams in Sierra county. The water rights for the power plant, it is understood, have not been wholly secured as yet and on the matter of power Mr. Caldwell was reticent. However, he said that the falls that were to be had would furnish power for many of the mines in the district.

Surveys Completed.

Mr. Caldwell visited Hillsboro two years ago and with a corps of surveyors made a survey for the new road. The right-of-way of the proposed road was secured at that time. The Westinghouse people were behind the proposition then as they are now.

It is understood that the real motive for the building of the road is the discovery of some rich bodies of ore in the Kingston district. These discoveries have been kept quiet, while development work has determined their actual value. That they have been found to be rich is evident from the fact that the road is going to be built.

Securing Property Titles.

However, the attorney of this city, is understood, is attorney for the capitalists interested and has been engaged for some time in securing titles to all properties the men behind the scheme desire to control.

Mr. Caldwell has made several visits to this city during the past few years and on one occasion made a stay of several weeks here. It is understood that the Westinghouse people have already put several hundred thousand dollars into the proposition.

Means Large Development.

A road from Lake Valley to Hillsboro and Kingston means the development of one of the richest mining districts of central New Mexico. There is scarcely a hill, except a radius of twenty miles of Hillsboro that hasn't a prospect hole, showing pay ore, and many valuable well developed mines are to be found in the district. There are a large number of mines in the district that are not worked now that can be made to pay by the proposed road. Goods are transported into the district now by stages and freight wagons. The road from Lake Valley to Hillsboro is a stream of wagons going backward and forward, some loaded with supplies and other with ore. There are several small mills in the district. With a railroad, Hillsboro will become one of the principal trading posts and cattle shipping points in New Mexico.

BURGLARS WAIVE PRELIMINARY HEARING

Thieves Were Not Stopping at Southern Hotel, But at Lindell House.

George Elwell and William Corey, the two burglars who were arrested yesterday and pleaded guilty to the charge of breaking into and robbing the Yanow pawn shop and the New York and Manhattan saloons Wednesday night, waived examination before Justice of the Peace George Craig last evening and were bound over to the grand jury under \$500 bonds.

The plunder of the two burglars was found yesterday in a room occupied by the pair in the Lindell house on First street, and not in the adjoining Southern hotel as was stated in the papers. It is possible that they will be examined before the grand jury next Monday.

BOOSTERS ARE COMING FROM EL PASO

They Will Arrive Here The Afternoon of November 9 From the South.

The El Paso Boosters' trade excursion will leave that city on Nov. 7, with nearly one hundred Pass City merchants on the special train. It will visit a number of New Mexico cities, arriving in Albuquerque at 2:45 on Saturday, Nov. 9, and departing for Santa Fe at 3:45 p. m. The excursion will leave El Paso on the morning of Thursday, Nov. 7, at 8:30 and the first day will be spent seeing the Rio Grande valley. Stops are to be made at Mesilla, Las Cruces, Rincon, Nutt and Deming.

The second day, November 8, the train will run over to Silver City for several hours, and return to Deming in the afternoon, leaving there at 5 o'clock and making a night run back to Rincon.

Next day, the 9th, will be spent on the main line of the Santa Fe visiting San Marcial, San Antonio, Socorro, Belen, Albuquerque, Lamy and reaching Santa Fe at night, remaining there till 5 o'clock next morning.

Sunday, Nov. 10, will be spent on the Santa Fe Central, with stops at Stanley, Moriarty, McIntosh, Estancia and Willard.

At Torrance the Southwestern road will be reached at 1:15 in the afternoon of Sunday and the train will then come south to Alamogordo stopping en route at Corona, Ancho, Carrizozo, Three Rivers and Tularosa and reaching Alamogordo at 6:30 in the evening.

Night in Alamogordo. The train will remain in Alamogordo till 3 o'clock Monday morning, November 11, when it will retrace its trip over the Southwestern, going as far as Santa Rosa and making stops Monday at Duran, Vaughn and Pecos, reaching Santa Rosa at 10:40 a. m. The train will continue on up the line to Tucuman and Vaughn where at 11 o'clock that night it will transfer at the latter place to the Santa Fe cut off and head for the Pecos valley, stopping at Texico, where a change is made to the Pecos Valley road at 6 o'clock Tuesday morning, Nov. 12.

Tuesday the train will run down the Pecos Valley line and stop at Portales, Roswell, Hagerman, Artesia and Carlsbad. Roswell they will stay from 10:30 a. m. till 2 in the afternoon, and at Carlsbad they will stay from 5:30 p. m. till 11:30.

Back to Texas. Pecos, Texas, will be reached at 4 o'clock on the morning of November 13, and two hours and a half will be spent there, the train leaving at 6:40 for Barstow where the time between seven and nine in the morning will be spent. On the return trip over the T. & P. into El Paso, stops will be made on that day at Pecos, Toyah, Van Horn, Sierra Blanca, Clint and Ysleta, the train reaching El Paso at 9 o'clock in the evening of Wednesday, November 13.

DOUGLAS WOULD ORGANIZE A LEAGUE

Wants to Keep Her Team Playing Ball This Winter If Possible.

Douglas, Ariz., Oct. 18.—A big step was taken towards the continuance of the present high class of baseball in Douglas when at a meeting of those who enthuse over the game, officers and a board of directors were elected. At present these officers will engage themselves in organizing the team as it now is but it is the intention to later broaden operations by forming a southwestern interstate league and to come in under the national agreement receiving thereby all the protection such an agreement affords.

L. C. Hanks heads the official board of the local association as president; C. O. Thomas is first vice president; Rufe Scott, second vice president; Charles Scott, treasurer; H. C. Beumler, secretary; E. B. Reed, assistant secretary; Charley Hansen, C. O. Thomas, Rufe Scott, S. S. Badger, H. H. Johnson, J. C. Paulkner, B. J. Ames, directors; Daniel A. O'Donovan, manager. Mr. O'Donovan is empowered to name his assistant manager at his own discretion.

Wants Winter Games. One of the principal objects of forming an association is to evolve ways and means of securing financial support to keep the baseball team in Douglas throughout the winter. A stock company idea has been suggested on the belief that everyone could take more or less stock in the association and that it would be possible to raise more money that way than by voluntary subscriptions. The plan at present most favored, however, is the subscription. It is believed the business men and others will gladly support such a class of baseball as has been witnessed in this city since Yohe's Youngsters decided that Douglas looked good to them, and with a few hundred dollars a month for working capital it is believed the game can be continued here indefinitely.

Good Officers. The association starts out with a good corps of officers. A more enthusiastic or more liberal baseball fan does not live in Douglas than Mr. Hanks, who is president, and the board of directors is a strong one with capable business men on it. To them will be left largely the working out of plans that are to be formulated. An organized league is most favored composed of four or five Arizona cities—Bisbee, Douglas, Globe, Tucson and Phoenix, for instance, and El Paso, Texas. Baseball never reaches its zenith as an interest producer until it becomes organized with that trifling but tangible reward ever in sight—the honor of having been a pennant winner. And as an added interest stimulator it is a good idea to make the league interstate in scope.

MYSTERY SURROUNDS ELOPEMENT OF PRETTY HELEN MALONEY

Girl Who Fled to England With Samuel Clarkson, May Have Been Married.

HELEN MALONEY.

Philadelphia, Oct. 18.—Every succeeding day adds strangeness to the two mysterious love romances of pretty Helen Maloney, the millionaire girl of this city.

Will the petted Philadelphia heiress daughter of the big Standard Oil stockholder, Martin Maloney, marry Samuel Clarkson, Englishman, with whom she eloped early in October to London, notwithstanding the claim of Arthur Herbert Osborne, wealthy young New York broker, that she is his secret wife?

And will Osborne carry out his threat to kill Clarkson on sight? The story of Miss Maloney's amazing love adventures came out when Clarkson and Miss Maloney met in New York at the Waldorf Astoria, and she appeared from there. The heiress had met Clarkson in England and he had followed her to this country.

Following their disappearance it was reported at different times that they had been married at Montreal

in search of the couple. They located them the second day after their arrival. They had sailed from Quebec on the steamer Empress of Ireland.

Young Clarkson inherited \$300,000 from his father, a provincial brewer, on reaching his majority, in 1902. Within 15 months he had lost \$165,000 in stock speculation. Of this he recovered \$55,000 from his brother whom he sued for breach of contract in connection with his losses. He is 26 years old.

RAILROAD HELD AN ELECTION AT RATON

St. Louis, Rocky Mountain & Pacific Held Its Annual Meeting and Selected New Officials.

Raton, N. M., Oct. 18.—(Special.)—The St. Louis, Rocky Mountain & Pacific railroad elected the following officers at the annual meeting held here this week: Directors, J. Van Houten, of Raton; C. K. Beckman, J. H. Thompson, of New York, for three year terms, Henry Koehler, Jr., of St. Louis, was re-elected president, Thomas B. Harlan, of St. Louis, was appointed counsel; Chas. Speiss, of Las Vegas, attorney, and A. W. Newman, of New York, secretary.

Miss Francis O'Brien and John Joerns of this place will be married Saturday at the residence of her sister, Mrs. J. Leahy, wife of J. Leahy, district attorney. The wedding will be private. The contracting parties are social leaders. After a honeymoon in Denver the couple will return to Raton where the groom will engage in business.

Rev. and Mrs. James W. Sinnock will celebrate the fiftieth anniversary of their wedding on Sunday, Oct. 20. The event will take place at the residence of Mr. and Mrs. Edgar W. Fulghum, 240 Fifth street. Dr. Sinnock was the first minister of the Methodist church here and is one of the oldest residents.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all dealers. 50c.

His Condition Is Becoming a Source of Continued Worry to His Family and Friends.

EX-PRESIDENT CLEVELAND AND HIS FAMILY, AT THEIR HOME IN PRINCETON, N. J. From left to right: Esther, Marion, Francis Grover, Richard, Mrs. Cleveland and Mr. Cleveland.

Princeton, N. J., Oct. 18.—Former President Cleveland's continued illness is causing the gravest anxiety on the part of his friends.

The first intimation received by the public that Mr. Cleveland was in failing health was in last June, when he found it impossible to participate in the commencement exercises of the Princeton university. He is a trustee of the university, has delivered lectures there and is very popular there, both with the faculty and students. At the annual commencement he has always been an important figure.

About a month ago there was a bad turn for the worse. His condition became so critical that specialists from this city were summoned, and Dr. Bryant, his old friend, took up his residence in the Cleveland home.

Mr. Cleveland rallied from the attack to an extent that he is able to take a daily carriage ride, but there has been no return to good health.

A few days ago he went over to New York with Mrs. Cleveland and a trained nurse. He was able to walk only with the greatest difficulty, leaning heavily on a cane and being supported on the other side by Mrs. Cleveland. His friends were shocked by the change that had occurred in his appearance during the last few months.

Out of Sight. "Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chills disappear under its healing influence. Guaranteed by all dealers. 50c.

Nothing New Under the Sun

Solomon says there is nothing new under the sun, and Solomon is an authority. He may have done some things that were somewhat shoddy, but it has never been satisfactorily proven that he ever misrepresented.

Conceded, then, that he knew what he was talking about when he made that statement, how do you account for the queer things that bob up now and then that nobody ever saw before?

My dear Sir, they are all merely new combinations of old things. You can't even think of a really new thing. Try to think of a new animal. To save your soul, you can't help thinking of legs and eyes and teeth and tails, which are all old and well known things. Try something else.

The Albuquerque Citizen doesn't claim to have discovered something elementally new, but they have some fellows around the place who are mighty slick at hanging the old things together in new and taking ways. They'd fix you up an ad that would make even Solomon himself have some doubts about the old proverb.

A Quick and Safe Remedy for Bowel
Complaints.

Twenty years ago Mr. Geo. W.
Brook discovered that Chamberlain's
Colic, Cholera and Diarrhoea Remedy
was a quick and safe cure for
bowel complaints. "During all of
these years," he says, "I have used
it and recommended it many times
and the results have never yet disap-
pointed me." Mr. Brook is publisher
of the Aberdeen, Md., Enterprise.

One pint mineral water cures and
prevents constipation. Ask your gro-
cer for it.

TEXAS "BOONER"
IS A THING
OF PAST

Long Horned Steer Seldom
Seen In Western Herds
Nowadays.

"I'm wondering what a sensation
there would be if one of the old time,
long horned Texas steers was led into
the show ring along side of the
present day show cattle."

A group of cattle breeders and
dealers were talking yesterday af-
ternoon. The others smiled at the
picture that the breeder's suggestion
conjured for them.

"Impossible," remarked one of the
group with a tone of finality.
"Well, I did see a typical Texas
long-horned not long ago," said
one, who has been very successful in
raising cattle. "It was one lone
steer in a shipment of about 400
head and that made the animal look
strange still. He was wide in the
horns, long and rangy in body and
looked about like a spectre from
past ages."

The others laughed.
"It's a rare thing to see such an
animal today and the fact that it
fifteen years ago or less this type was
so common it attracted scarcely any
notice, impresses on the mind how
rapidly the change has been brought
about. And yet there was a time
when grazing grounds of Texas, Kan-
sas and the west, generally, were
fostered with herds of scrappy look-
ing animals like the lone survivor
that was a part of the shipment of
cattle I was telling you about. The
change in the type of animal was
apparent from the first influx of
new and better blood."

"This new blood that molded and
softened the rough lines and appear-
ance of the Texas long horn came
from the herds of Colorado and
Missouri," declared another.

The New Breed From Missouri.
This man was an early day cattle
raiser in the west. He drove big
herds across the prairie country in
the early seventies.

"Missouri herds furnished, to a
large extent, the new stock that, in-
jected into the range herds, started
the improvement which is so marked
in the type of animal we're familiar
with today. The Durham breed was
really the steers of the range. I be-
lieve. Some breeding was done in
'73 and '74 with Durham bulls. The
cows were what we called Mexican
cattle. They were the descendants,
no doubt, of the early Spanish breeds
of cattle that were brought into Mex-
ico from Spain. Cross breeding with
Herefords followed and the long,
rangy animals became shorter and
heavier in appearance and in a few
years the white faced animals were
plentiful."

Cattlemen Called Them "Boomers."
"We called the Texas type of steer
'boomers.' I don't know how they
got that name, but they were spoken
of among cattlemen always as Texas
'boomers.' They were just the sort
of animal best suited to thrive in the
dry country and on the ranges in
severe weather. As yearlings, they
usually appeared smooth and sleek,
but then became rough. They foraged
and roamed about on the range for
themselves where less hardy animals
would have perished."

"Cross breeding with Shorthorns
started the elimination of the Texas
'boomer.' They were called Dur-
hams because originally they came
from Durham, England, and for a
time in this country they were called
Durham shorthorns, then the name
given to Shorthorns. I believe not
only the breeding, but other condi-
tions also helped to make the Texas
'boomer' merely a recollection. The
young men of today. For instance,
the cutting up of the range into
smaller ranches started more exten-
sive cattle breeding. Cattle breeders
sought to produce animals that would
be more compact. The demand of
the market also played its part. It
was, altogether, a natural, gradual
transition that came about unnot-
iced and unmarked, until we begin
to make comparisons today."

Regal Shoes For Men

ITS Recognized Style—prestige has done much to make the Regal the best known shoe in the world. You cannot obtain better or more correct styles at any price—not even if you have your shoes made to order—and cannot approach the style—excellence of Regals in other shoes at the Regal prices. Prove this to yourself by examining our stock. It takes the very best grade of leathers and other materials to make Regal Shoes. That's why they hold their shape so permanently and give you the maximum of comfort and long wear. It takes also the highest grade of workmanship to put these materials together. Hand workmanship enters into the making of every pair of Regals, except in those parts where perfect machine work is actually better and more finished.

PERSONAL PARAGRAPHS

D. S. Rosenwald is in El Paso on business.

H. L. Hoover, of Estancia, is in the city visiting and trading.

John E. Coutts, agent of the Primrose Minstrels, arrived in the city last night.

Mrs. Oscar Liffing, of Sabinal, is registered at Sturges' European hotel.

J. P. Archileta, a prominent sheep raiser of western Sandoval county, is in the city buying supplies.

Miss Sadie Tripp left this morning for La Junta, Colo., where she expects to reside permanently.

G. P. Goodlander, representative of the Meyer Bros. Drug company of St. Louis, is in the city calling on trade.

Esquepula Baca and C. F. Montoya, prominent sheep raisers of Pena Blanca, are business visitors in the city.

E. G. Ross, general manager for the Bluewater Development company, was a northbound passenger this morning.

Rev. H. C. Thomson will occupy the pulpit of the Presbyterian church next Sunday in the absence of Rev. Hugh A. Cooper.

Attorney E. L. Medler will leave tomorrow morning for Carlsbad and Roswell, where he will be absent for two weeks on court business.

Mr. Esselborn, head meat cutter at the San Jose market, was joined here this morning by his wife and daughter, who arrived from Chicago.

It has been snowing the greater part of the day in the Sandia mountains. If it clears up there is likely to be a heavy frost in the valley tonight.

J. F. Silva has returned to Bernalillo after a business visit to the territorial metropolis. Mr. Silva is superintendent of schools of Sandoval county.

Dr. E. J. Kraft, the dentist, is enjoying a visit from E. H. Ralston, an old friend who arrived last night from Maryville, Mo. Dr. Kraft is in the banking business in Maryville.

Lieut. F. W. Ball, in charge of the local U. S. army recruiting station, left last night for Santa Fe on official business. From there he will go to Socorro and Gallup, in which places he has been commissioned to establish branch recruiting offices.

Samuel Hicoby, manager for the West Minstrels, has written Manager Matson for the opening date at the Elks' opera house next season. The West Minstrels were given such a warm welcome here the early part of this season that they want to come back again.

At 4 o'clock p. m. Thursday occurred the death of Mariano Chavez in Los Padillas. The deceased was 55 years of age and death was caused by pneumonia. He leaves a widow and one son. The funeral will take place tomorrow at 10 a. m. Interment will be in the Los Padillas cemetery.

Colonel A. P. Hunter returned last night from the Highland Mary group of mining claims between Coyote and Hell canyons and reports that the mines are showing up splendidly. A quantity of high grade lead ore is being taken out by the force of men who are kept continually at work developing the claims.

George Arnot, manager for Gross, Kelly & Co., is expected home from California on the first train to arrive from the west. Train No. 2, due here this morning was annulled and at noon today trains Nos. 4 and 8 were reported indefinitely later. The cause of the delay is said to be a washout in California.

Rev. Dr. Samuel Blair, superintendent of the New Mexico English mission, arrived in Albuquerque this morning, but will leave tomorrow morning on the automobile stage for Estancia, where on next Sunday he will dedicate the new Methodist church of that place. He will return here for the conference the next week.

The funeral of Clara E. Wilson, the 11-year-old daughter of Mr. and Mrs. W. C. Wilson, 418 West Hattie avenue, will be held from the family residence tomorrow afternoon at 2 o'clock. The services will be conducted by Rev. H. C. Thomson and the interment will be in Fairview cemetery. The hall bearers appointed are Messrs. George Craig, Edgar, Shukie and A. D. Johnson.

Elena Maria, a native woman who has given the police considerable trouble on many occasions, was arrested again yesterday for being drunk and disorderly. When taken from her cell this morning she drank five cups of water and then took her seat on the bench with a sigh of relief. She pleaded guilty and was committed to the county jail for ten days.

DOCTOR MCCORMICK CURES THE LIQUOR HABIT.

QUAIL HUNTERS REPORT WALKING FINE

Quail hunting is popular these days with the local nimrods and daily the reports are coming in of successful hunting trips. Wednesday afternoon a party of sportsmen consisting of Chief of Police McMillin, Police Judge George Craig, Lou Schoenecker and Colonel D. K. B. Sellers went out to Coyote canyon in Colonel Sellers' automobile for the sole purpose of destroying a few coveys of the toothsome quail, but the plan miscarried somewhat. The automobile is not exactly suited to running down the evasive quail and while engaged in that strenuous mission the touring car came to grief in the vicinity of Coyote canyon and the sportsmen were compelled to resort to the old-fashioned shoe leather as a means of transportation home. It is reported that the party reached Albuquerque along toward midnight safe, but not very sound, yet they say walking was good on the mesa.

The Missionary society of the Presbyterian church will meet at the home of Mrs. J. G. Wagner, 23 West Fruit avenue on Friday afternoon at 2:30 o'clock.

KANSAS CAPITALISTS MAY BUILD SMELTER HERE

Viewing Mining Properties In
Hell Canyon District
Today.

C. A. Hall, senator from Kansas, and C. A. Knapp, a prominent mining prospector also from the Sunflower state made a trip to Hell canyon today with F. H. Kent to look over the Hell canyon mining district with a view to locating a smelter either here or there.

So far the movements of the two men have been kept under cover and it only leaked out last night their mission here. Senator Hall arrived last night and took rooms at the Alvarado. Mr. Knapp has been in the city several days. Mr. Knapp, it is understood, has been considering building a smelter here for some time and has quietly secured all the data needed to show him that a smelter here could be made to pay.

Senator Hall represents himself and several other capitalists who contemplate investing in the proposition.

BERNALILLO COUNTY DISTRICT COURT

In the case of the territory vs. Leonardo Dionicio, charged with stealing \$400 from San Juan Lucero, an Isleta Indian, the jury late yesterday afternoon reported a disagreement. The jurors stood six to six. The trial consumed the greater part of two days and a great amount of testimony was taken. Attorney W. C. Hancock conducted the defense and District Attorney Clancy was for the prosecution. The money stolen from the Indian was taken one night last February while he was drunk in the saloon on First street of which Dionicio is one of the proprietors. Lucero had the \$400 in an envelope in his pocket and upon awakening found the money gone. The money was a part of that which he had received from the government in settlement of a depredation claim.

This morning in the district court was commenced the trial of the case of the territory vs. Candido Padilla, charged with stealing a bunch of cattle and selling same to the Blanchard Meat and Supply Co. of this city in the fall of 1904. Attorneys Chavez and Sedillo appear for the defendant and District Attorney Clancy is conducting the prosecution. At 4 o'clock this afternoon the examination of witnesses had not been completed.

Suit on Account.
A suit was filed in the district court this morning entitled I. A. Dye of the Rio Grande Lumber Co. versus B. D. Sampson. The plaintiff prays for a judgment against the defendant in the sum of \$324.75, alleged to be due for merchandise purchased, together with interest and costs of suit.

Suit to Clear Title.
O. N. Marron, attorney for the plaintiffs, this morning filed in the district court a suit entitled, W. J. Gruninger and Amy M. Gruninger vs. Clarita Apodaca de Trujillo and Arthur J. Mitchell. It is stated in the complaint that the plaintiffs are owners in fee simple of certain tracts of land in Bernalillo county and certain lots in Albuquerque and that the defendants are believed to make some adverse claims against said estate, all of which is vacant. Whereas, the plaintiffs pray that their estate may be established against the adverse claims of the defendants.

Juan Otero Not Guilty.
The case of the territory vs. Juan Otero, charged with assaulting with words while armed with a deadly weapon, one Marcelino Crespin at San Antonio in February of this year, was tried in the district court this morning. M. C. Ortiz appeared for the defendant. The jury returned a verdict of not guilty.
