ALBUQUERQUE CITIZEN

"WE GET THE NEWS FIRST"

ALBUQUERQUE, NEW MEXICO, SATURDAY EVENING, OCTOBER 19, 1907.

WEATHER FORECAST

Denver, Colorado, October 19.—Rain tonight and probably Sunday.

NUMBER 254

VOLUME 22.

FLOODS CAUSE DAMAGE AT RECLAMATION WORKS.

Roosevelt Dam Is Wholly Submerged And Rise Is Still Increasing At That Place.

GRANITE REEF IS NOW UNDER WATER

Injury To Construction Of These Projects May Not Be Large But Extent Is Now Unknown—Many Animals Drowned

Phoenix, Ariz., Oct. 19.—Several days and nights of frequent rains, some of them downpours, have placed Salt river and its tributaries in the flood stage again. Early this morning about 120,000 inches of water, flooding the river from Pinal creek, twenty miles above Roosevelt, submerged the big storage dam under construction at Roosevelt. This afternoon another flood poured in from Tonto creek, five miles above the dam. Sixty miles below the Verde river began emptying its flood waters. Granite Reef diversion dam, one thousand feet long under construction four miles below North Verde and 25 miles below Phoenix, will probably be submerged tonight when the Roosevelt flood waters join the Verde. The reclamation service at Granite Reef was busy last night removing all machinery from the bed of the river.

Much Damage Probable.
The damage on the upper portions of the river and creeks was not large as the continued rain warned the ranchers to protect themselves and consequently their effects were out of the way, but on the lower rivers, where the creeks empty into the larger streams, considerable harm has been done, and it is reported here that many animals have been drowned, though no confirmation of this report has yet been received.

The principal damage will be at the reclamation works where a considerable amount of new work is hardly in condition to be overflooded. Most of the supplies and machinery are out of the danger district, but it is possible that some of the tools which were used in the big dam construction, especially those below the dams, will be swept away.

Great Rise Feared.
The reclamation bureau expects a great rise in the river and the heaviest part of the flood is yet to come and while the rivers are handling the present flood in good shape, not much more water can enter the river beds without causing a tremendous overflow through the surrounding low country. Preparations are being made at the Roosevelt dam to ward off any loss from such a rise.

Rainfall Over Arizona.
The rains of the past four days have covered practically the entire territory, and have been almost continuous. For four days there has not been a break in the rain, and one time, and the downpour still continues, though the clouds are moving northward and eastward. The section director states that the storm will break tonight and that sunshine will come tomorrow.

COMMISSION REFUSES RETURN PASS TO STOCKMAN

Ruling Made In Nebraska Case Under Hepburn Railroad Rate Law.

Lincoln, Neb., Oct. 19.—The state railway commission today received a letter from the interstate commerce commission declining to allow return transportation to stockmen and citing a rule of the commission adopted last December. B. F. Lantz, of Chapman, attempted to compel the Union P. R. to furnish him round trip transportation. He appealed to the state commission and the case was carried to the interstate commerce commission.

Last December the commission ruled that one man might be given transportation with each car of stock, provided he rode on the same train with the stock and took care of the animals, but it also ruled that time that all such passes should be good only to the market city and not for a return. Lantz believed he could make a showing that would alter this rule, but he failed.

OLD STORAGE PLANT NEW ALBUQUERQUE INDUSTRY

R. E. Putney and John R. Price Head Strong Company To Operate Big Business Concern.

BUILDINGS OF BRICK AND MACHINERY MODERN

Location Will Be In Block Seven Fronting First Street And The Santa Fe Railway—Capitalized At \$40,000.

The Putney Cold Storage and Ice Co. is the name of a corporation capitalized at \$40,000 which within a few months will give to this city and the southwest, the most complete cold storage and ice plant west of the Mississippi.

John R. Price, formerly of Cleveland, Ohio, an expert in his line, will be the president and general manager of the plant while Robert E. Putney of this city, will be secretary and treasurer of the company. These two men will hold the controlling interest in the plant.

The buildings will be located in block seven of this city, north of First street and in close proximity to the Santa Fe railway tracks with switching facilities adequate to handle an immense amount of business.

The acquisition of this plant means that at last Albuquerque has obtained one of her crying needs for ten years, and that it will open to the entire southwest not only a market for perishable produce but an opportunity for key merchants to purchase such supplies in smaller and fresher quantities and upon shorter notice than ever before while paying a minimum price.

The best grade of pressed brick and the main storage plant will be 100 by 200 feet and connected directly with the Santa Fe main line by side tracks. The cars of produce can be handled with a minimum amount of cost and labor.

Work will be commenced on the main building within a few short days. The storage building will have a capacity of from forty to fifty carloads of ice. In fact the ice plant will be one of the strongest features of the business. It will be equipped with the very latest ice making machinery. Distilled water, perfectly pure in every way, will be used in the manufacture of the ice.

A citizen reporter called upon Mr. Price last evening and asked him regarding the plans of the company, the produce they would handle and their methods of operation. Mr. Price said:

"The cold storage department will handle butter, eggs, cheese, apples, peaches, pears, etc., and all the fresh produce of the country. The method of cooling the storage rooms will be through the operation of the most modern and approved types of refrigerating machines. Forced air circulation will be maintained in the rooms as well as every proven modern appliance known to the business for advantageously handling and keeping perishable products. In this climate, the officials of the company say, much more insulation is required than in colder localities, consequently no expense will be spared to make it complete and effective."

"This company will also deal in its own account in these products obtaining its supplies from the producers and purchasing the very best grades obtainable."

"This company will also conduct a public warehouse for the storage of fresh meats for large packers, beer and liquors for brewers and distillers and other commodities of all kinds. The merchants and the general public in the southwest will know what prime cold storage is for the reason that such cold storage goods as have come here, have been withdrawn from cold storage weeks before being placed in the market of the country and have been exposed to the higher normal temperature thus naturally causing a deterioration in the quality without any possible way of avoiding it on the part of the shippers or consumers."

"One of the most pleasing features of this plant will be that dealers can secure a daily supply of produce from our institution and when the goods are thus taken from the cold storage, they reach the consumer without delay or exposure—a thing impossible in cold storage goods from an eastern plant."

"These goods will necessarily be in prime condition when they reach the consumers and will be quite as wholesome as strictly fresh stock. The local dealer by getting his supply daily from the plant, will not be forced to carry so large a stock in his store for a week or longer before he finally disposes of it. His stock will therefore not be suffering in quality from day to day."

"The new company will also be able to sell at a minimum price since it will do business in large quantities, buy at the lowest market prices and by shipping in large quantities will secure the lowest freight rates."

Gammeter's Orthopter, With Which He Will Fly in Great Sky Carnival at St. Louis Tuesday

NEW TYPE OF AIRSHIP WILL FLY AT ST. LOUIS

Gammeter's Orthopter Is The Real Latest Style In Flying Machines.

WILL COMPETE FOR SKY CARNIVAL PRIZE.

Cleveland, Oct. 19.—With his bird-like flying machine, which he calls an orthopter, H. C. Gammeter, inventor of the multigraph, expects to succeed where Darius Green failed. He has entered his invention at the St. Louis aerial carnival and will be among the competitors on Oct. 22, when the heavier-than-air events are held.

Gammeter's machine has wings for lifting and propulsion, patterned after the wings of birds, save that the three-fifths of the wings outboard are valvular, to reduce the resistance on the upward stroke.

The anterior edges of the wings are rigid, while the posterior edges are flexible. This Gammeter expects to give the forward movement. A seven-horsepower engine, with a speed of 1200 revolutions per minute, produces 75 vibrations of the wings per minute. The total weight, with operator and fuel, is 400 pounds. The wings are 30 feet from tip to tip, and including the rudder, which floats the machine in event of a sudden drop. Wheels are substituted for use on land.

As photographed, the orthopter was designed for flight over water, the propeller being designed to float the machine in event of a sudden drop. Wheels are substituted for use on land.

CHICAGO MAN ASKS FOR RECEIVER FOR THE STANDARD

Alleges That Oil Trust Is Gobbling Up Corn Produce Company.

Chicago, Oct. 19.—George F. Harding of this city today filed a bill in the superior court asking for the appointment of a receiver for the Standard Oil company of New Jersey and the Corn Products Company of New Jersey. Harding says in his bill that he is the owner of 500 shares of the capital stock of the Corn Products Company and that its management is practically controlled by the Standard Oil company.

Harding furnishes facts to prove his assertions and requests the court to appoint a date for a hearing where he declares that he will substantiate by the evidence of officials of the Corn Products company and by their books, every allegation he has made in his bill.

Proposed to Fight Hard.
Harding's attorneys stated this afternoon that they expected a hard fight from the Standard Oil attorneys, but believe they have sufficient evidence to prove their claims. The Standard must file an answer within twenty days or the judge of the superior court will appoint a receiver for the company.

The Corn Products company, until recently, was one of the best known and highest quoted stocks on the market, but Harding says the manipulations of the Standard Oil company have pushed the stock downward and that the oil trust eventually intends to gobble up the smaller concern.

EYES BLOWN OUT IN POWDER EXPLOSION

Ray, Oct. 19.—A bad accident occurred yesterday afternoon at the Pearl shaft of the Ray mines. A native named Romulus Leyvas, while in the act of carrying a box of powder up the hill, accidentally dropped a lighted cigarette into the powder, causing an awful explosion. Leyvas was blown fifty feet down a hill and hurled, both arms being broken. The upper part of the body and his head being cut and burned and both of his eyes blown out.

SUNDAY ACTORS WILL BE INDICTED IN MISSOURI

Kansas City Judge Proposes To Take Drastic Measures To Stop Shows.

HIS ACTION WILL BE FOLLOWED ELSEWHERE.

Kansas City, Mo., Oct. 19.—Judge William E. Wallace, of the criminal court, will ask the grand jury early next week to indict all stage folk who appear in the local theatres tomorrow. This is to be done weekly, he said, until the laws are obeyed and the theatres closed on Sundays.

Theatrical managers have announced that they will conduct their places tomorrow as usual.

The proposition to close theatres in this city on Sunday is the result of an attempt of like nature in other parts of the state and if successful here, it will be followed up by a general closing movement in St. Louis and other cities in Missouri.

Actors Will Bluff.
Judge Wallace believes that the actors will attempt to make a strong bluff, but he also says that he intends to personally urge the prosecution of every actor, manager or other employee, owner or person in any way connected with the play houses, who permits or takes part in a show tomorrow, no matter what its nature.

A proposition was made during the week to arrest all actors today for violating the law last Sunday and in this way to get them in a position where they could not appear tomorrow night, but Judge Wallace is not in favor of this plan. He believes the grand jury will certainly indict every actor who violates the law and all theatres will consequently be under surveillance Sunday.

CONTINUED HIGH PRICE MAY RUIN COTTON INDUSTRY

Worlds Greatest Manufacturer Sounds Warning To Planters Of America.

Chicago, Ill., Oct. 19.—A warning to American growers of cotton that cotton gambling and attempts to maintain prices at an abnormally high level would ultimately result in crippling the country's cotton export trade was sounded last night by C. W. McCara at a banquet given for fifteen European cotton manufacturers. McCara, who is the largest individual cotton manufacturer in the world and president of the English federation of cotton spinners, declared that the continued high price of cotton here would force England, France and other countries to develop the cotton growing industry in their colonies.

England already said Mr. McCara, has made arrangements for planting extensive cotton fields in South Africa and she will also plant experimental fields in India. France is looking toward her colonies with like intentions and if America wants to hold her prestige, she must not attempt to hold the market as high as it has been in the past few years.

EMPLOYERS DECLARE "OPEN SHOP" SYSTEM

Kenosha, Wis., Oct. 19.—At a meeting last night of representatives of all the industrial plants in the city, a manufacturers' association was formed which declared for the "open shop" in every plant in Kenosha. About 6,500 men are affected. The organization came as a surprise to the labor leaders, who declare that within a few weeks there will be 5,000 men striking here.

STATEHOOD MEETING WILL BE LARGELY ATTENDED

Governor Anxious That Politics Shall Not Be Part Of League.

DELEGATE ANDREWS SAYS PLAN MEETS FAVOR.

The petitions circulated by citizens yesterday and today are well filled with the names of business men and property holders of this county, all of whom joined heartily in the call for a meeting Monday evening over Zeigler's cafe for the purpose of forming a statehood league to work for single state for New Mexico.

Governor Curry had intended being present but owing to his inability to be here, he will send instead, an open letter which will be read at the meeting and which will set forth his policy and his statehood ideas. The governor is desirous that a statehood league be formed in every county and he was gratified when informed that the people of Bernalillo county had taken the matter up in the right spirit and had aided him all they could.

The governor was particularly anxious that political affairs form no part of the meeting and particularly in the formation of the league. He desires that this league be composed of representative citizens of all political faiths and without regard to political or personal lines. It is probably that H. O. Bursam, chairman of the republican central committee, will be in attendance. Mr. Bursam attended the organization of the first statehood league in Santa Fe county and made a strong speech in which he advocated the burying of the hatchet and an ending to the feud which had been secured after which he said the parties could fight for supremacy.

Congressmen Favorable.
A letter received in Albuquerque from Delegate Andrews stated that the congressmen he had seen, were favorable to the admission of New Mexico as a single state and that he believed that a non-partisan campaign for statehood would undoubtedly result in the admission of the territory. Governor Curry will lead the fight for statehood without prejudice until an enabling act has been secured when the matter will be entirely in the people's hands.

He stated today that he would have been in Albuquerque for the meeting on Monday night had it not been for a previous engagement at Roswell. He will leave the capital tomorrow for his old home in the Pecos valley and expects to spend ten days visiting the towns of the lower Pecos. He will be given a reception by the people of Carlsbad and at Roswell and will talk statehood all the time.

Governor Curry stated today that he had received encouraging reports from many counties in New Mexico where statehood leagues are being formed in accordance with his appeal to the people.

He said that he thought New Mexico would not soon again have such a chance for admission and he believed that now was the time to make a fight for admission.

GAS MACHINE BLOWS UP, KILLING TWO

New Hartford, Conn., Oct. 19.—A machine used to manufacture illuminating gas from petroleum, chosen as United States exhibit at the democratic primaries, delivered an address on "Farmers and Legislation," before the national farmers congress today. He took a very advanced ground, favoring "free farming" and "free trade" and advocated the removal of the tariff and restraint of trusts.

BLIND GORE SPOKE AT FARMERS' CONGRESS

Oklahoma City, Okla., Oct. 19.—Thomas P. Gore, the blind orator, chosen as United States exhibit at the democratic primaries, delivered an address on "Farmers and Legislation," before the national farmers congress today. He took a very advanced ground, favoring "free farming" and "free trade" and advocated the removal of the tariff and restraint of trusts.

MCDONALD DENIES ALL KNOWLEDGE OF ANY PLOT

Says He Was Not Implicated In Any Scheme to Kidnap Abraham Ruef At Frisco.

HENEY SAYS THERE WILL BE INDICTMENTS

Grand Jury Treated To Pyrotechnic Displays Frequently—Power Company President Tells His Story Of That \$12,000 He Got From Brown.

San Francisco, Cal., Oct. 19.—The grand jury which has been listening to evidence concerning the immature incubation of the plot to kidnap Abraham Ruef, has been hearing more pyrotechnical speeches than anything else.

The investigation has been enlivened by some fever scenes both in the grand jury room and the courtroom of the inquisitorial chamber, in which Assistant District Attorney Francis J. Heney became involved in several torrid disputes with witnesses from whom he was seeking enlightenment on the scheme to wreck Brown, president of the Newman Light and Power company, who is accused by the prosecution of being implicated in the scheme to wreck Brown, who was in the custody of Elmer Bigsby's guards and convey him, bound and gagged, to a prison shack in some mountain retreat, where one of the witnesses involved in wordy combat with the noted prosecutor.

Wanted Expense Paid.
"I would like to know who is going to pay my expenses while I am here, I have taken away from my business," demanded McDonald, on emerging from the grand jury room, somewhat ruffled and in a bad humor.

"I'll find that out later," retorted Heney. "You had better go to Luther Brown and get your expenses. We may have an indictment for you, and then you will not need any expenses."

"Thank you. That is a very poor way the prosecution has of doing business," retorted the president of the Newman Light and Power company, after which he proceeded to express his feelings in terms that were rich in feeling.

The dialogue it is to be inferred that some indictments will be forthcoming before many days.

He Accuses McDonald.
According to the testimony of E. T. Newsom, who, previous to becoming one of Detective Burns' men, was led to take a hand in the plot to kidnap Ruef, James McDonald was the front and back, as well as the top and bottom, and both sides of the scheme to abduct the fallen ex-hoss, managing the affair for J. C. Brown, who is declared to be a United Railroads detective. McDonald indignantly denies having had any connection with or knowledge of the "plot" and denounces all who have endeavored to implicate him in the enterprise. McDonald's story, as he told it yesterday afternoon after being before the grand jury, is as follows:

"It is a dirty frame-up. Merely because I went to see J. C. Brown and Luther Brown on private business, they have taken it upon themselves to frame me. I have been a detective for the United Railroads for many years and I have never been connected with any of the kind of business they are talking about. I have been a detective for the United Railroads for many years and I have never been connected with any of the kind of business they are talking about. I have been a detective for the United Railroads for many years and I have never been connected with any of the kind of business they are talking about."

"As far as my being implicated with Luther Brown, it was brought about by my being in the field for money to advance our business. My brother Jack and I went to San Francisco, hunting high and low to raise \$10,000 or \$12,000 on our holdings. I found that there was a company by the name of the Sierra Power company going to build a line into that territory. I went to the office of the concern and met J. C. Brown. He introduced me to Luther Brown. Both were representatives of the company. We secured the \$12,000 and mortgaged our property."

"You got that \$12,000 to kidnap Ruef," said Heney to my face in the jury room. Newsom was brought in to the case in this way: I was working for Frank Maestri, here in June and July and Newsom was employed as a detective to go around and get information as to the forming of a political club at that time.

"Newsom came to my house at 521 Page street, in July and borrowed \$10. When Newsom was at my house J. C. Brown was there also in connection with the case. He and I introduced them to each other. That is all I know of this kidnapping plot."

Brother on Stand.
John McDonald, brother of the witness, who was with him at the time he made the statement, corroborated the explanation.

"I suggested to my brother that he go and see the Sierra Light and Power company," said John McDonald. "There he met Brown, who was connected with the concern. We did not have money enough at the time to increase our business and so the arrangements were made with Luther Brown for the \$12,000 mortgage, as the records of Modesto will show." McDonald said that the character

HEINZE'S AFFAIRS ARE PUZZLING HIS FRIENDS

Will Divorce Him From Mercantile National Bank To Restore Confidence In Institution.

SITUATION PURELY A LOCAL AFFAIR

No Spread Of Trouble On Market Expected And Matters Are Well In Hand—Stocks Did Not Decline Much Today.

New York, Oct. 19.—A perplexing situation is being faced by the bank and financiers who are trying to straighten out the affairs of the Mercantile National bank and divorce it completely from association with F. Augustus Heinze, its former president. With the resignation of the entire board of directors in the hands of the clearing house, that institution appeared to control the situation and was committed to the task of putting the bank on a firm footing. For this purpose nine clearing house banks had promised to contribute \$200,000 each to tide the Mercantile bank over any distress it might encounter as a result of the suspension of Otto Heinze and company, and it is F. Augustus Heinze's desire to reestablish that firm. The debt balance of the Mercantile bank to the clearing house this morning was one million one hundred thousand dollars.

Heinze Talks.
F. Augustus Heinze said today: "I still hold a controlling interest in the Mercantile National bank. I have not parted with a share of my Mercantile stock and I would like to say this about the clearing house committee. It was asked to come into our bank and make a thorough examination. It found it perfectly solvent and said so. Later it added that gratuitous blow about 'surplus impairment.' You know why it did that. Nothing more or less than to induce our depositors to withdraw their accounts. A fine game. It was endeavoring to attract our deposits to its own bank."

No Sensational Decline.
Stocks declined in the final dealings today, closing weak at the lowest of the day in most of the active markets. The clearing situation on United Copper common on the curb was 3 1/2 bid, 9 1/2 asked. While the prices of metal stocks declined today, the losses were not sensational and the prices of railroad stocks were held better than had been expected.

Situation Purely Local.
It is an evident fact now that the situation is purely local and that no one will be hurt by the clearing house action. Confidence in all other stocks and institutions is being rapidly restored, and the clearing house situation has the banking situation will in hand. The solvency of the banks of New York is unquestioned today, and while a few of the Heinze institutions throughout the country may be slightly crippled, it is the general belief that his firm will pay out dollar for dollar.

Heinze has asked that the firm be permitted to do the clearing and to be on change, and while it is hardly likely that the latter request will be granted, the clearing house will take steps to see that all claims are paid as far as the brokers' estates have the funds.

Ridgely Won't Accept.
Washington, D. C., Oct. 19.—Comptroller of the currency W. B. Ridgely today declined the presidency of the Mercantile National Bank of New York.

of Newsom would not stand investigation.

A cipher telegram figured in the proceedings. The mysterious missive is said to have been sent to Chicago and to have contained instructions in regard to the abduction. C. W. Isaacs, a Western Union telegrapher, and L. Westbrook, clerk of a Chico hotel, were examined in connection with the cipher paper. Mrs. McDonald, wife of James McDonald, while waiting for her husband to emerge from the jury room, said the hotel clerk had told her that Newsom went to him and tried to get him to say that he had received the telegram. According to Mrs. McDonald, the hotel clerk told her he had never received the strange epistle.

DEMOS AND POPS FUSE IN NEBRASKA

Lincoln, Neb., Oct. 19.—Secretary of State Jenkins today announced that fusion had been accomplished on nearly every candidate by the democrats and populists who had surmounted all the obstacles placed under the new primary law.

SARAH SAYS SHE WILL DIE ON STAGE

Paris, France, Oct. 19.—Sarah Bernhardt, in denying the rumor that she is to retire from the stage, related her oft expressed declaration that she will play until she dies.

"The fate I hope for," she said, "is the death that Sir Henry Irving died."

RAILROAD DEPARTMENT

TRAFFIC BLOCK THREATENED AGAIN

Big Orders of Cars Aid Situation But Power Is Short.

Western and southwestern roads are already caring for the heaviest volume of business in freight traffic which they have ever known. The movement though extremely heavy at the present time will be greatly accelerated by the end of the present month which is usually known among freight departments as the heaviest time of the year. It is at this time of the year that the movement of grain and live stock is the heaviest. Large shipments of coal are also made at this season of the year which is another large item in the movement of freight traffic.

As a result of the extreme amount of business which is being done now the question which is worrying the officials of the railroads at the present time is whether the equipment of the roads will be large enough to avoid the lamentable congestion of a year ago. The movement of freight this season will be approximately 41 per cent greater than the movement of a year ago and although many of the railroads have added a great amount of equipment during the past season there is still a great deal of fear and anxiety among the officials. In fact there is already a great deal of congestion in the yards of the different roads converging in Kansas City and St. Louis. According to the present outlook these conditions will become general all over the entire west.

Need Motive Power.

What most of the railroads in the west seem to lack at present is sufficient motive power. All roads are making an effort to get more power up to the maximum. The roads which have placed orders during the last year for delivery of locomotives are now pressing the manufacturers for their delivery as soon as possible. The Kansas Southern has made arrangements for the delivery of 30 new engines within the next two or three weeks. The Santa Fe has been receiving deliveries from the Baldwin works almost daily for the last few weeks and have placed orders for fifteen additional oil burners which are expected for delivery in time to alleviate the present conditions.

Buying Cars.

In addition to the large orders for new motive power all the railroads have been busy themselves during the past season in getting their cars and rolling stock in condition to prevent repetition of the car shortage of last season. Practically every one of the great western systems have ordered new rolling stock, a large part of which has already been delivered and is now in service. In all, the larger systems of the west have during the past season, ordered 37,500 new cars and about 500 locomotives. With most of this already in service it would appear that there would be little chance of a car shortage this season, but it looks rather doubtful when it is known that the movement of traffic this season will be 41 per cent greater this year than a year ago.

ROAD OBTAINS OIL.

FUEL IN MEXICO. Guadalajara, Mex., Oct. 19.—The Mexican Petroleum company is now supplying to the Mexican Central railway from its reservoirs at Eban, San Luis Potosi, 6,000 barrels of fuel oil daily. The price paid for the oil by the Mexican Central is 50 cents gold a barrel, or a total of \$6,000 Mexican currency a day. The railroad has now 170 locomotives equipped for burning the Eban oil.

On the Guadalajara division of the Mexican Central eleven oil-burning locomotives are in service. Oil is being delivered regularly to the storage tanks in Guadalajara and Yuracuario.

HARRIMAN IS INVADING HILL'S TERRITORY.

Portland, Ore., Oct. 19.—Interviewed yesterday regarding the Oregon and Washington railroad, a Harriman project designed to enter the Hill territory in the north, General Manager O'Brien of the Harriman system said that actual construction work would be commenced about the first of the year. Most of the preliminary work on the road between Portland and Puget sound has been done and material is being shaped for the construction work.

ROCK ISLAND HAS WITHDRAWN APPEAL.

Washington, D. C., Oct. 19.—The suit of the territory of Oklahoma against the Rock Island railroad, which has been pending for some time, has been dismissed by the supreme court of the United States. An injunction was obtained against

the road in Oklahoma on the ground that the rate on wheat in that territory was higher than its rate on wheat in Kansas which, it was charged, constituted a violation of the charter of the road. The appeal was withdrawn at the instance of the railroad.

SANTA FE OFFICIAL

WRITES OF COAL PRICES. J. R. Koonz, general freight agent of the Santa Fe, in replying to a letter of the Las Vegas Optic concerning the coal situation in the Meadow City, in part says:

"In the first place, it is unnecessary, possibly, for me to say so, but nevertheless it is true, that the conditions which at present confront you are more the outgrowth of an advance in the prices of coal as made by the operators and jobbers than it is in the freight rates."

It is reported that J. W. Kendrick, second vice president of the Santa Fe, who is now off duty on indefinite leave, which he requested recently, will not return to the big system. C. W. Kouns, superintendent of transportation, has been appointed acting second vice president. F. A. Lehman, his assistant, will take Mr. Kouns' place temporarily.

A box car belonging to the signal service of the Santa Fe, was destroyed by fire in the Las Vegas yards yesterday evening. The Meadow City fire companies had a hard time keeping the fire from some large nearby buildings.

J. H. Burke received the largest number of credit marks on the Santa Fe system during the past month. He is a conductor on the Albuquerque division, and was commended for his zeal in taking up scalper's tickets.

R. E. Wilson, assistant industrial commissioner of the Santa Fe railroad, is in Las Vegas from his headquarters at Chicago, to attend the farmers' convention being held in that city.

F. L. Vandergriff, publicity man for the Atchison, Topeka & Santa Fe railroad, is in Las Vegas today from his headquarters at Chicago to attend the farmers' convention.

Charles J. Drury, who is in charge of the bonus system of the Santa Fe, is in Las Vegas today from his headquarters at La Junta on railroad business.

Mrs. Conroy arrived in the city last night from Reno, Nev., to join her husband, who is employed by the Santa Fe. They will make their home in Las Vegas.

R. J. Lyddane, claim adjuster for the Santa Fe railroad in New Mexico, is in Las Vegas today on business.

Payson Ripley, trainmaster of the Rio Grande division, is expected home tonight from a visit in Topeka.

Trial Catarrh treatments are being mailed out free on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of the scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by all dealers.

RATON GENERAL

STORE IS SOLD

C. F. Remsburg, Retailer and Wholesaler, Purchases Cohn's Business.

Raton, N. M., Oct. 19.—(Special.)—Cohn's general merchandise store, Simon Cohn manager, has been sold to C. F. Remsburg, a prominent retail and wholesale merchant of this place. Mr. Cohn has not decided his future location or business.

Hugo Seaberg, accompanied by his wife and daughters and his aged mother, left today for Denver, Colo., for a visit. Mr. Seaberg will return after a brief stay, the family will remain for an extended visit.

Rev. Samuel Magill, pastor of the Presbyterian church, went to Tucuman, N. M., Wednesday to assist in the installation of Rev. W. H. D. Bose as pastor there.

The county commissioners of Colfax county have received and acted favorably on a petition from Folsom, N. M., asking for an appropriation to construct a wagon road from Johnston mesa to Folsom, the town of Folsom to pay for one-half the construction.

Dr. George L. Flemming is home from an extended trip to Idaho. The ladies of the Presbyterian and Christian churches are holding a rummage sale. The ladies have cleared close to \$150.

Mr. and Mrs. A. D. Walker, of Kansas City, who have been visiting here, will leave Tuesday for their home.

A weak stomach, causing dyspepsia, a weak heart with palpitation or intermittent pulse, always means weak stomach nerves or weak heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by all dealers.

Woman's Nature

is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. Book containing valuable information mailed free.

THE BRADY ID REGULATOR CO., Atlanta, Ga.

Mother's Friend

PERSONAL Paragraphs

W. Cradlington, of Raton, spent last night in Las Vegas.

Romado Garduna, of Chaperito, spent the day in Las Vegas.

C. L. Hodges, of Melrose, N. M., is in Las Vegas today on business.

Surveyor John Zimmerman, of Las Vegas, is in Santa Fe on business.

W. T. Brown left Las Vegas this noon for Vainas ranch at Watrous.

Demetrio Trujillo, farmer in the vicinity of Ojo Caliente, is in Santa Fe.

W. L. Barclay, of St. Paul, Minn., is in Las Vegas today on land business.

Porfirio Abreu is in Las Vegas on business today from his home at Pecos.

Camilo Montoya, of Villanueva, was in Las Vegas yesterday on land business.

Jose Luis Tapia was in Las Vegas yesterday from his home at Villanueva.

Miss Lolita Borrego, of Santa Fe, who has been visiting relatives in Las Vegas, has returned home.

Estemilo Gallegos, a well known cattle man and sheep raiser of La Questa, is in Las Vegas today on business.

Mrs. J. D. Hand, Mrs. Primo and daughter, Miss Marguerite, are in Las Vegas today from the Hand ranch at Los Alamos.

Civil Engineer John H. Walker left Santa Fe yesterday for Kennedy, where he went to perform some survey work.

R. A. Kistler, for many years editor of the Las Vegas Optic, is now at work with a surveying party in Montana.

Rev. Father C. Seux, Catholic priest at Chamita, who has been in Santa Fe for several days, left this morning for his post of duty.

W. H. Comstock, the dry farmer, returned to Las Vegas last evening from the east, accompanied by prospective buyers of mesa lands.

John W. Sullivan, manager of the New Mexico Fuel and Iron company's mines at Hagan, is in Santa Fe on business for his company.

C. F. Spader, of Bernalillo, county commissioner of Sandoval county, and merchant of the county seat, spent today in Santa Fe on business.

Harold H. Brook, secretary of the Ramon Land and Lumber company, the headquarters of which are at Buckman, was in Santa Fe yesterday on a visit to his mother.

Mrs. Belle Walker, of Raton, returned to her home yesterday after a two week visit in Santa Fe, the guest of her son and daughter-in-law, Mr. and Mrs. John H. Walker.

Mr. and Mrs. Addison Walker, of Kansas City, who have been in Santa Fe for the past two weeks, are guests at the home of their nephew, John H. Walker, left yesterday for their home.

J. Castle Ridgeway, of Washington, D. C., is a visitor in Santa Fe. Mr. Ridgeway was formerly private secretary to U. S. Senator Shelby M. Cullom, and is now a United States bank examiner.

C. C. Bennett, of Denver and Robert Pruitt, of Albuquerque, are spending the day in Las Vegas on business for the Colorado State Life Insurance company.

C. D. Boucher, O. L. Gregory, M. R. Williams and G. W. Ward, of Las Vegas, left last night for Carlsbad, N. M., as delegates to the meeting of the grand commandery, grand chapter and grand blue lodge to be held in that city.

The Misses Helping, of Spencer, Ohio, returned to Santa Fe last evening. They spent some time there last spring for the benefit of the health of the younger sister but returned home some months ago on account of the death of their mother.

Rev. Thomas M. Harwood, of Albuquerque, principal of the Spanish Methodist mission school in the Duke City, and a minister of the Methodist church, spent the day in Santa Fe on an interesting mission. He secured forty seats which had been used for many years in the Spanish Methodist church there, to be placed in the new Memorial Spanish Methodist church now in course of erection in Albuquerque. These were turned over to him by the Methodist church authorities and shipped here.

Rev. Thomas M. Harwood is a nephew of Rev. Thomas Harwood, who for thirty-five years has been identified with Spanish Methodist mission work in the territory.

BARE-BACK RIDING

BIG SPECIAL FEATURE

Glowing accounts of the sensational bare-back riding features with the Norris & Rowe circus have preceded that now coming visit to this section. Before last season's tour had come to a close, Norris & Rowe had determined upon the riders they would secure for the present tour if offers of high salaries could attempt the expert bare-back riding to sign contracts, so it was with unqualified satisfaction that the young showmen signed contracts from riders whose names are famous in the realm of white tents.

George Holland and Rose Dockrill are two of the most accomplished bare-back experts whose astounding feats have been heartily applauded by European as well as American audiences.

Holland is a somersault rider and Miss Dockrill is one of the daintiest and graceful equestriennes. Another charming figure upon the bare-back is a swiftly running horse is daintily Edna Marretta who has no equal as a somersault rider; Frank Miller

performs what is called a hurricane hurdle and jockey act. Upon a purely bred fiery Arabian stallion, Miller stands upright, dashing at highest speed and leaping high hurdles and over obstacles until the wonder of it all is that he can maintain his perilous and difficult position; Edward V. Hocum is another rider who accomplishes the hazardous somersault on the bare back of a galloping horse; Dolly Miller does a high school menage act; John Carroll has the most highly educated equine in the world in his horse "Rinaldo." The latter goes through his act without a rein, bridle or trappings of any kind and without word of command; Herbert Rumley is the famous rough rider and George Settler has a novel act with his six pure white Shetland ponies. The twentieth jubilee sou-venir tour of the Norris & Rowe show will surely be one long to be remembered. The shows will exhibit at Albuquerque Friday, October 25th.

FARMER'S MEETING AT LAS VEGAS TODAY

Large Attendance at Sessions of County Institute in That City, the First to be Held.

Las Vegas, N. M., Oct. 19.—Last night was farmers' night in Las Vegas. Prof. J. D. Timiney, the expert who has arranged for the first meeting of the San Miguel county farmers' institute, delivered an address at the commercial club to a large audience of farmers from this vicinity. "The Formation of County Farmers' Institutes, Their Objects, and Benefits," was his subject.

Prof. H. W. Campbell, the apostle of dry farming, also delivered a short address.

Today the farmers have organized an institute and propose to make the semi-annual meetings worth while. A fine exhibit of agricultural products was arranged for the first meeting and attracted much attention.

MUST PAY IF IT WANTS DIAZ BACK

Arizona Won't Foot Bill For
Extraditing Prisoner
From Mexico.

Phoenix, Ariz., Oct. 19.—Governor Kibbey's refusal to let the territorial stand the expense and the decision of the Pima county supervisors that they will not foot the bill will probably save Antonio Diaz from being returned to Tucson for a murder at Silver Bell.

Diaz waits in a cell at Magdalena, Sonora, while the territorial and county officials decide which, if either, shall bear the expense of sending after and bring him back to the territory to be tried.

Several days ago District Attorney Benton Dick of Pima county wrote to Governor Kibbey, asking that official to make the extradition of the Mexican and his return on a territorial charge.

Promptly Governor Kibbey replied that the matter would have to be taken up through the regular channel of the state department at Washington, D. C., and that Arizona would not pay the cost, but if Pima county wants him back its taxpayers must stand the expense.

Won't Spend Money.
District Attorney Dick laid the matter before the Pima county supervisors explaining to them that Governor Kibbey had refused to endorse the suggestion that the territory be made responsible. He asked the board if Pima county could stand sponsor for the cost.

Pima supervisors looked once at their bank account, twice at the estimated cost of returning the Mexi-

can, and told District Attorney Dick what they did not want Diaz had enough to pay for him, adding that to bring him back would be worse than to leave him in Mexico.

Not satisfied with letting the matter drop, District Attorney Dick has again written Governor Kibbey, who received a letter from him today, stating just what the Pima county supervisors have done, and asking for further advice in the matter.

Figuring a Way.
While the Arizona officials are trying to figure out some way to get him back into the territory, and make the other fellow pay for it, Diaz occupies a cell in the state prison at Magdalena, unmindful of all the official trouble he is causing. From the outset District Attorney Dick decided that the return of Diaz would have to be made through the department, having profited by the recent trip Superintendent Thomas Rynning of the territorial prison made to Sonora.

Rynning went after a Mexican who had escaped from the territorial prison while treated as a trusty, because he had but a few more months to serve. He was arrested at Rynning's request in Sonora, but when the latter went after him he was told that he could not have the man.

One Experience.
Rynning had been given to understand that he could have the prisoner on a requisition from Governor Kibbey, but when he got into Sonora was told that he would have to ask for him through the state department at Washington, D. C., which would in turn take the matter up with the proper officials in the City of Mexico.

Dick wants to take no chances, and when he wrote to Governor Kibbey recently that he believed Diaz would not be gotten back without considerable red tape he at the same time suggested that Kibbey have the territory pay the expense of sending him.

Governor Kibbey agreed with Dick that the state department must be seen, but disagreed with him that Arizona should stand for money that would be spent getting him back. Diaz is wanted for stabbing a man at Silver Bell in Pima county, several months ago. He was caught, but managed to make his escape from the Pima officers and made his way to Mexico.

"STATEHOOD FOR NEW MEXICO"

The People.

It is to the credit of our people of Albuquerque and of Bernalillo county that they are circulating petitions for a meeting for the purpose of forming a statehood league in this county, which will form a part of the territorial league.

The meeting has been called for Monday evening, at 7:30 o'clock, over Ziegler's Cafe, and The Citizen hopes that it will be attended as largely as possible. The cause is one for the common good without partisanship, politics of any brand, and without personal good for one more than for all.

It is rarely the case that the people can one and all find something upon which each and every one may unite without dissension. This is one of those rare occasions when any man, woman or child, who can oppose statehood does not merit consideration.

The Citizen does not believe that one man can be found in this city who would oppose statehood. In fact, the sentiment is very strong all over the territory—so strong that it is statehood or a fight with the people of New Mexico, from our governor down.

Everyone should get out Monday night and help form the organization that will represent Bernalillo county in the statehood campaign.

Governor Curry has addressed an open letter to the people of Bernalillo county, which will be read before the assembly. It is an open and frank statement of his views and policies and all should hear it.

Harmony should be the sentiment and the fact, and statehood, regardless of party, should be the sole object as it will be.

About Our Fair.

The Citizen at the close of the twenty-seventh territorial fair said that the fiesta had been a success in every way. The Citizen believes that the people generally will agree with such a statement.

But today The Citizen's attention is called to a letter given some undue publicity in the morning paper of this city, which is a subtle sort of a knock in its way.

A little weekly paper at San Marcial also takes an open stand against our fair, and accuses the business men and the people of Albuquerque of holding up the fair visitors.

Regarding the letter in question, The Citizen has nothing to say except that the morning paper should show more public spirit than not to resent an attack, no matter how veiled upon this city and upon its people.

The fair management may have made some mistakes. Those men, who never handled anything of the sort before, who were not professional show men and who donated a great deal more time, labor and thought to the fair than they received pay for, would have been more than human had they not made some mistakes.

But whatever else may be said, they worked like Trojans for the fair, and they honestly and conscientiously tried to give the people the biggest fair for the least money, as they promised in their advertisements. Moreover, they did it. The fair management did not solicit their jobs.

The citizens had to beg them to accept the positions of trust and responsibility because it was necessary to have representative business men at the head of that fair. The fair officials acted only from public spirit and The Citizen feels that they gave the best in them to the big fair. No set of men on earth could do more. Mistakes we all make and the mistakes made by the present fair management sink into insignificance before mistakes of other fair officials in New Mexico and elsewhere. No better fair officials have ever been at the head of our territorial fairs than those who handled the twenty-seventh as far as conscientious intentions and hard work go.

Regarding the San Marcial paper, which is a new arrival in the field, both as regards its management and its knowledge of things territorial, The Citizen desires to recall the fact that this paper, without reward of any kind, donated one entire issue to the Socorro fair and without boasting, knows that it was instrumental in sending hundreds of people to that fair. The Citizen worked for the Socorro fair as faithfully as it did for the territorial fair and donated column after column of reading matter to aid that fair for weeks in advance.

What did the San Marcial paper do? With its limited circulation of some two hundred copies, it contributed its little mite to the Socorro fair. The Citizen does not desire to detract from its good work, but this paper and the people of Albuquerque supported the Socorro fair to the last ditch.

Some of our people who went to Socorro had mighty slim accommodations, but no one heard them charge swindle, nor did The Citizen attack the fair management. This paper realized the difficulties under which the towns and cities of this territory struggled in giving public affairs of any kind and instead of knocking, The Citizen opened every column of its front page to say a kind word for the Socorro fair. The Socorro fair will no doubt be an annual event and it can always count on the support of this paper. The territorial fair is an annual event and The Citizen will back it up to the last ditch.

The only thing this paper can say to the San Marcial editor is that his calumny must be pretty small when he listens to a few knockers and publishes their remarks. Such people are the kind who retard every community and who are never happier than when they can bend into print with a knock that damages their neighbor. The editor of the San Marcial paper did not visit our fair as a Citizens staff representative did the Socorro fair, and his information is at best second-hand.

Ordinarily, the San Marcial paper would be too small for The Citizen to notice in an affair of this kind were it not for the fact that The Citizen is always ready to listen to the weekly publications of this territory, no matter how limited their field may be, because The Citizen is just optimistic enough to believe that each one is opening the field for a daily paper in a few years, when statehood for New Mexico is no longer the cry, but a reality.

The territorial fair management did its duty as it saw it and deserves the credit it has received and the support of every New Mexican. The Citizen does not desire to open a newspaper controversy since the fair is over and gone, but this paper will at no time sit idly by and watch honest, conscientious men charged with things of which they are innocent, no matter how small the paper making the charge nor how low-down the knocker who furnishes the material for such charges out of whole cloth. It is a shame that The Citizen is called upon to take the field in defense of some of the best and most honorable citizens in New Mexico. The Citizen hopes it will not occur again.

The dispatch from Cincinnati reporting the incident of a street car conductor beating off two highwaymen with a chicken which he was taking home for dinner almost exceeds the limit of plausibility, says the Kansas City Times. Not that the chicken could not be utilized as an effective weapon, of course—but that a street car conductor could afford such a luxury at the prevailing price of chickens. Or is this merely an attempt on the part of Cincinnati to discount the feat of the Kansas City conductor who paid the expenses of himself and wife on a tour of Europe out of the money he saved from his salary?

The latest thing in flat life in New York is a three-story bed. This sky scraper idea has about reached the limit.

Grief over a patient's death caused a Georgia doctor to commit suicide. But they are not all that way.

Now that the base ball season is over the favorite sons may expect to get the usual press notices.

A Nebraska couple have just married for the fourth time. There is nothing like varying the monotony.

Isn't the approach of Christmas shopping season enough for a tight money market?

WHAT DOES IT COST YOU TO LIVE?

Pitchers full of rich creamy milk—dozens of freshly laid eggs—beef killed on the range. Fish and game and pure mountain air. A genuine old ranch house nestled in the prettiest valley in New Mexico. The Pecos river filled with mountain trout right at the door. Saddle horses, guns, fishing tackle, traps and dogs at your service. There is not a more ideal place to rest, recuperate and see the real life of the west anywhere in the world.

The round up is now on and the horses from the range will be broken in a few weeks. Every minute teems with a new and wholesome interest for you if you have never lived on a ranch.

Daily stage to the railway station.
YOU COULDN'T SPEND MORE THAN NINE DOLLARS A WEEK IF YOU TRIED.

If you have come west to spend the winter, don't stay in town. Inquire this office or address The Valley Ranch, Pecos, New Mexico.

TURKEYS

For Sunday we have a few choice, fat turkeys. Order early, they will not last long.

Young Ducks, Springs and Hens

A good supply of choice fancy stock. Call and inspect before buying elsewhere.

Fine new pears at the Richelleu Grocery.

S. Horabin, of Kettner, is in the city on business.

Born, last night to Mr. and Mrs. C. H. Appleton, of West Fruit avenue, a son.

Just received a consignment of fresh oranges at the Richelleu Grocery.

Born, yesterday, to Mr. and Mrs. C. A. Hoek, of 116 Marble avenue, a son.

Mrs. J. W. Miller and son are in the city from the Jemez Hot Springs visiting and shopping.

Three boys, charged with fighting and raising a disturbance at the depot last night were arraigned before the police judge this morning and were fined \$5 each.

A cripple who gave the name of George Green, was arraigned before Police Judge Craig this morning on the charge of being drunk on the streets. He pleaded guilty and was given five days in jail.

The San Jose Restaurant on Central avenue will open Monday under the old management. The patronage of all former patrons is solicited.

The funeral of Miss Emma L. Wilson took place this afternoon from the residence, 418 Hazelwood avenue. Interment was made at Fairview cemetery. Rev. Thompson, of the Presbyterian Indian school, presided.

Notice—W. W. A., we now have the required number for a "Good fellowship" camp, and there will be a special meeting at 409 West Huntington avenue Monday evening for the purpose of transacting the business necessary. By order of C. E. Palmer, secretary.

Train No. 2 of yesterday arrived at 11 o'clock last night. The wreck which caused the delay occurred at Baggad. One of the 1600 engines went through a small bridge weakened by rain, bringing up a freight train. Passengers on No. 2 report rain all the way from California, with some snow on the San Francisco mountains.

The need of the increased trackage facilities of the local passenger station was very evident this morning. There were seven passenger trains in the local station at one time. Three from the east, No. 10 from the south and a train load of soldiers from the coast east bound. Train No. 10 arrived on schedule time, but did not leave until 8:30. Much of this delay was caused by crowded condition of the yards.

The remains of Mrs. Mary Codogan arrived here this morning from Flagstaff, Ariz., and were buried this afternoon in the family burial lot in Santa Barbara cemetery. Mr. and Mrs. John Codogan, of Las Vegas, attended the funeral. Mrs. Codogan formerly lived here and before her death requested that her remains be buried here. She was 86 years old at the time of her death. The funeral took place from the Strong chapel.

Burdette is coming. When he was made there was no more like him and there can never be another Bob Burdette. Hear him Tuesday night.

TOO LATE TO CLASSIFY.

WANTED—A girl for general housework. Mrs. Hopewell, 619 West Copper avenue.

MISTOOK SOMEBODY ELSE'S TROUSERS FOR HIS OWN

Now Weeks Is Doing Ten Days
In City Bastille For
Larceny.

A young man named C. M. Weeks was arrested this morning on the charge of petty larceny. He was arraigned before Justice of the Peace George Craig at 10 o'clock this morning and upon his pleading guilty, was sentenced to ten days in jail.

Last night, Weeks, who is a stranger in the city, applied at the Trimble livery stable for a place to sleep. He was allowed to lie in the hay and this morning when he left he took away with him a pair of pants belonging to one of the employees of the stable, and left behind his own pair of tattered trousers. Weeks said he saw the garment hanging on a hook and as his own pants were about all in he appropriated the others. The trousers stolen had also seen better days.

TUCSON TOURNAMENT PROMISES TO BE HOT ONE

Nine ball players left Wichita last night, who will represent Phoenix in the Tucson tournament, and will arrive in Tucson on Phoenix Saturday morning, says the Tucson Star. One is Leibel, of the Chicago Americans. Phoenix also has Harry Harner and Fred Raymer, of Johnstown, Pa. Dave Goldberg, manager of the Phoenix Browns, left for Tucson last night and will probably meet the Wichita boys here Saturday. Phoenix reported last night that she is certain to win first prize in the tournament.

If you want anything on earth, you can get it through the want columns of The Evening Citizen. We get results.

POSTAL MESSENGER

BOYS ARE ON
STRIKE

Pickets Make Bombastic
Speeches On Street Corner
To Strike-breaker.

"Scab, scab, you're nothin' but an old scab, that's what you are." The above rather startling epithet was uttered by a small boy, holding a wheel very much the worse for wear, on Central avenue yesterday afternoon. He spoke to another boy about the same size holding a brand new bicycle. Besides a tattered suit the boy with the old wheel wore a blue cap, the regulation A. D. T. kind, which was also very much the worse off for wear. Any one would have taken him for a messenger boy, but there was no nickel plate over the bill of his cap showing which of the big telegraph companies he represented.

The other boy wore a blue cap, also, and above the bill was the nickel plate bearing the word Postal. His clothes were good and neat. He had the appearance of a boy just from under the hand of a careful scoper, and even said, "I'm fixin' to get a new suit, but I can't pay the bill. We joined the union so as to make the Western Union and the Postal come through and now you scabs but in an hour it all, when we're just about to get a raise. I quit the Western Union to go to the Postal cause I could get \$2.50 more there, and now when we are about to get \$2.00 a lot of you cheap scabs step in and do the work for \$1.50. You're a scab, and you'll get what's a comin' to you if we get you in the alley. We'll spoil those pretty store clothes for you. We'll fix you so your mother won't know you. Go home and tell your mother her son is a scab. We'll get you, an you'd better look out."

With this as a parting shot the boy with the soiled blue cap got on his old bicycle and rode away. This is a sample of several encounters which have been going on at the Postal Telegraph company have had with some striking messengers. The Postal company pays \$17.50 a month, but the messenger boys wanted \$20 and because they couldn't get what they wanted walked out, following the example set by the union telegraphers. For several days the strike interfered materially with the messenger service of the Postal. A telephone message to the office on Wednesday night asking for a messenger to carry some medicine, received the following answer: "I can't deliver it for you; our boys are on a strike."

Some new boys were hired, but have been molested more or less by the pickets of the strikers. Some fist encounters have resulted and some of the newly hired boys have been won over into the union. The speeches made by the bombastic orators of the strikers are more than the dignity of strike breakers can withstand.

**NO. 4 WRECK WAS
A BAD PILE-UP**

Witness to Wreck Says That It Is a Wonder That There Wasn't a Great Loss of Life Among Passengers.

Louis de Patti, who arrived in the city this morning from the east, on one of the trains delayed by the No. 4 wreck at Earl, Colo., says that the wreck was one of the worst he ever saw. Two engines were piled up in the ditch and the cars were lying in the ditch beside them. The rear Pullman was the only car to remain on the track. That there wasn't a great loss of life among the passengers seems marvelous. According to Mr. Patti a broken rail was the cause of the wreck.

Mr. Patti has returned to New Mexico to spend the winter after a visit to home folk at Minneapolis.

**TESTIMONY ALL IN
IN PADILLA CASE**

At 11 o'clock this morning in the district court Attorney Sedillo began the argument before the jury in defense of Candido Padilla, who is being tried on the charge of cattle stealing in November, 1904. The trial of the case was commenced yesterday morning. The defense claims that Padilla is placed in an entirely false position by the charge in the indictment and that while the cattle which he is alleged to have stolen were sold in the same lot with cattle of his own, he made no pretense of owning these and did not receive the benefit from their sale. The bunch of cattle in question was sold to the Blanchard Meat and Supply company.

The jury returned a verdict of acquittal after only a few minutes' deliberation.

ALBUQUERQUE DOCTORS

ORGANIZE MINING
COMPANY

Will Begin Operation In Sandia Mountains On Large Scale.

This morning, at a meeting of interested parties in the office of Dr. Orona in the N. T. Armijo building, the La Luz Mining and Smelting company was organized. The officers elected this morning are: B. Ruppe, president; Dr. T. H. Dabney, vice president; Dr. E. Orona, treasurer, and R. D. Reeves, secretary. The assets of the company consist of valuable lead mine prospects in the Sandia mountains, near High Peak. These claims were located last summer and the assays of ore already taken out show from \$30 to \$50 a ton in silver and lead. The mines show indications of vast deposits of this sort of ore and the work of developing the property will be commenced at once, Monday morning Mr. Ruppe will visit the claims and arrange for more extensive operations. A force of men have been working on the claims all summer. The organizers of the company are principally doctors.

COLD STORAGE PLANT NEW ALBUQUERQUE INDUSTRY

(Continued From Page One.)

age products from this plant. The prompt delivery which the new company can guarantee will be to the advantage of the dealers in the territory who now buy other supplies in this city.

"I am sure that the cold storage plant will meet a long felt want and will prove advantageous to all concerned."

A Cold Storage Export. John R. Price is a thorough business man, in the prime of life and with a long and honorable career. He is a man of pleasant manners and good ideals and he knows the cold storage business like a book. Mr. Price has been in the cold storage business for twenty-two years as the secretary, treasurer and general manager of The Cleveland Storage company of Cleveland, Ohio. This company operated the largest storage business between New York and Chicago and was one of the most successful concerns in the country. Mr. Price is therefore a thoroughly practical and experienced man in this line and just the sort of a citizen that Albuquerque always looks for in a man who is to produce the very best results and to deliver at all times prime stock to the dealers of this city and of the southwest.

Robert E. Putney needs no introduction to the public of this city. He has lived all of his life in New Mexico with the exception of a few years during childhood. He succeeded his father as head of L. B. Putney and company and the business under his management has doubled several times. He has a business reputation of the highest not only in this city where he is best known, but all over New Mexico and Arizona where his firm does an ever growing business.

Mr. Putney at the early age of six years accompanied his parents to Colorado from Kansas. Kansas, where his father's wholesale business was burned by quantrell and his guerrillas in their famous raid. The Putneys crossed the old Santa Fe river in a prairie schooner to build up their fortunes in the west. They finally located at Las Vegas but later came to Albuquerque where their business, social and personal relations are known to their many friends and associates.

No stronger combination could be at the head of a new business venture and their statement that the plant will be built and operated means just that. The articles of incorporation were filed at the capital today and Mr. Putney said building operations would be begun immediately.

PRIMROSE MINSTRELS AT ELKS' OPERA HOUSE

The opening first part of the Primrose minstrel performance is said to be the handsomest scenic interior ever put on the stage, being done in green and gold. During this part all the latest comic songs, jokes and ballads will be rendered by a host of comedians, singers and dancers. The second part will contain many new pleasing features rendering in-spiring pictures of the south with new and up-to-date novelties including a very funny burlesque on our national game, baseball, which is said to be a very ridiculous satire on the nation's leading ball teams. At the Elks' opera house next Friday and Saturday nights.

Kennedy's Laxative Cough Syrup is a safe, sure and prompt remedy for coughs and colds, and is good for every member of the family. Sold by J. H. O'Reilly.

UNIVERSITY DOINGS FOR THE PAST WEEK

New Pupils Registered--Magazines Wanted--Studies, Clubs And Sports?

After the two days' vacation at the close of fall week students of the University have resumed their studies without any apparent loss of interest, which it was expected would follow as a result of the dissipation incident to this vacation. A number of the boys took advantage of the occasion to earn a few dollars and every night were conspicuous as dealers in confetti. The display made by the students in the fair parade was very creditable and the exhibit at the fair grounds proved to be one of the most attractive there.

Robert Prewitt, of Columbus, Mo., Reynolds A. Wright, of Toledo, Ohio, Violet de Tullio, of Albuquerque, Robert Sewell and Pauline Sewell, of Dayton, Ohio, have registered during the week. On Friday the first number of the New Mexico Journal of Education, to be published from Albuquerque, was mailed. Prof. Holgin, who is editor in chief, is to be commended for his excellent taste in the selection and arrangement of material in the Journal. It contains thirty-two pages of information valuable alike to the teacher and the general reading public. This magazine circulates throughout the territory, and is a great credit to the city of Albuquerque. The Library is indebted to Mrs. P. N. Hanley, of Albuquerque, for a contribution of several current magazines. The magazine table is not as well supplied as it should be and it would be greatly appreciated if other charitably minded persons would follow the example of Mr. Hanley.

The Xhiva Literary society will hold a meeting tonight for the annual election of officers. A good program including a debate on the question "Resolved, That Athletics Should be Compulsory in Universities," will also be given. The Estrella Literary club, a newly organized club, elected officers on Thursday. Tillie Allen was made president; Maria Baumann, vice president; and Fieda Smith, secretary and treasurer. Membership in this club is limited to young ladies in the college department. They will meet once a week and confine their work to the study of modern authors.

Arrangements have been made to hold the boys' declamation contest on Nov. 8th. The particulars of the contest will be announced later. K. Heald has resigned from the captaincy of the foot ball team, and Walter Allen has been elected as his successor. Practice has been held every afternoon this week and this afternoon a practice game between the first and second teams was played on the University grounds. Next Saturday afternoon the Varsity team will line up against the Albuquerque Indian school team on the Indian school grounds for the first match game of the year.

Card signs, "Rooms for Rent," "Board," etc., for sale at the office of The Evening Citizen.

CATTLE BRAND RELIEVES THE NEW MEXICO IN BOOK IS VERY WORST STATEHOOD DEMAND CASES LINE

Diamond Is Favorite Among Stockmen All Over the Country. Overcomes Chronic Cases of Rheumatism Promptly and Is Harmless. Treaty With Mexico Long Ago Contained Promise of Admission.

East Las Vegas, N. M., Oct. 19.—The New Mexico brand book issued by the cattle sanitary board of New Mexico, showing all the brands on cattle, horses, mules and asses recorded under the provisions of the act approved February 16th, 1899, and all other brands recorded since May 1st, 1899, to December 31st, 1906, has reached this office and is a neat little volume of much interest to cattlemen.

It contains 535 pages of brands and an index of 109 pages. 24,656 brands are recorded in all. Of these 276 are single "A" and 230 single "B" alone. Under the letter "C" singly and in combination with other letters, figures and characters there are 2,622 brands, 1,395 are recorded in the simple "S" and with it as the indicative letter, 1,850 in "A" while "H" has 374 and "Q" only 48.

The 24,656 brands are recorded under 18,530 names, 103 under Archuleta, Baca 281, Chavez 497, Gallagos 381, Garcia 31, Gonzales 264, Jones 204, Lopez 159, Lucero 205, Martinez 374, Romero 255, Sanchez 272 and Vigil 176.

The book is a convenient size, about 5x5 and 3-4 of an inch in thickness. It is printed on the finest of Bible paper and the compiling of it was most exacting work, requiring great care on the part of those in whose charge it has been and taking the entire time of two persons for over two years.

The name of the owner, postoffice address and the location of the brand is first written with the type-writer on sheets especially ruled for this work, each sheet contains 46 spaces. The brands are then placed in the space to the left of the name by hand with India ink. These sheets are then photographed and plates are made from the photographs. The printing is then done from the plates.

In the characters the Diamond is the favorite as there are over 300 on record. Others are shields, crowns, hearts, stars, ladders, bats, coffee pots, tin cups, anvils, arrows, and spears, hands, shoes, snakes, faces, fish, flags, axes, pipes, boots, jacks, tools, hoes, and birds besides those classed as "Miscellaneous" which have no likeness to any known thing, showing the ingenuity of the cattlemen in selecting something entirely different from any other, for his own.

Every stockman should have one of these books. Address the secretary of the Cattle Sanitary Board, East Las Vegas, N. M., and remit the price \$1.50 by check, stamps, money order or registered letter and copy will be sent to you postpaid by return mail.

CATTLE SANITARY BOARD. PRAIRIE FIRE RAGES NEAR LAS VEGAS.

Six Hundred Acres Burned Over Before Blaze Was Controlled By Handmen.

Las Vegas, N. M., Oct. 19.—A prairie fire burned from five to six hundred acres of grass east of Azul yesterday afternoon, but was extinguished before great damage was done. T. D. Hand telephoned in for help from his ranch at Los Alamos and Pablo Jaramillo took out a number of fire fighters. Wet blankets were used and the men battled with the flames for a number of hours, extinguishing the last spark at about 7 o'clock in the evening. The grass was fully a foot high and it is thought that it was set fire by the railroad. All of the employees on the Hand ranch and the neighbors fought the flames.

They Make You Feel Good. The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price, 25 cents. Samples free at all drug stores.

COURT SETTLES AN OLD BOUNDARY DISPUTE. Judge Personally Marks Dividing Line in Case of Mrs. Lucia Lacasagne Versus David M. White.

Santa Fe, N. M., Oct. 19.—After evidence was submitted today in the case of Mrs. Lucia S. Lacasagne versus David M. White involving a disputed boundary line dividing the property of the litigants, Judge J. R. McFie adjourned court and personally inspected the land in question. A civil engineer accompanied the party and the judge indicated a line satisfactory to both sides and the property will be surveyed accordingly. Clay used in the manufacture of brick at the territorial penitentiary is taken from the banks on the land owned by Mrs. Lacasagne and Mr. White.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscleache, two hours; sore throat, twelve hours. Dr. Thomas' Electric Oil, monarch over pain.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific liver sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of his little Candy Cough Tablets called Preventives. Dr. Shoop's Restorative is a powerful and highly vital principle, no such lasting accomplishments were ever to be had. For stomach trouble, indigestion, heartburn, and biliousness, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Dr. Shoop's Restorative

"ALL DRUGGISTS"

Cut this out and put in some safe place, for it is valuable and worth more than anything else in the world if you should have any case of attack of rheumatism or bladder trouble or any derangement of the kidneys whatever.

The prescription is simple, and can be made up by anyone at home. The ingredients can be had at any good prescription pharmacy and all that is necessary is to shake them well in a bottle.

Here it is: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup of Sarsaparilla, three ounces.

Take a teaspoonful after each meal and at bedtime. A few doses in acid to relieve almost any case of bladder trouble, frequent urination, pain and scalding, weakness and backache, pain above the kidneys, etc. It is now claimed to be the method of curing chronic rheumatism, because of its direct and positive action upon the eliminative tissues of the kidneys. It cleanses these sponge-like organs and gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood relieving the worst forms of rheumatism and kidney and bladder troubles. The extract dandelion acts upon the stomach and liver and is used also extensively for relieving constipation and indigestion. Compound sarsaparilla cleans and enriches the blood.

As you or anyone of your family, especially the old folks, may be attacked at any time it would be wise to cut this out and have it. A well known local druggist is authorized that this prescription is safe to use at any time.

Mix it yourself.

Territorial Topics

C. B. Allaire, of San Antonio, N. M., planted two acres of melons of various kinds and realized over \$400 from them.

Tip Stanford, who has been a member of the ranger force for five years, serving as a private in Arizona, was yesterday promoted to the rank of sergeant.

Rutherford is the name of a new postoffice recently established below Camp Verde, Arizona. The postoffice is named after City Attorney Rutherford of Jerome.

Douglas, Ariz., claims she has been stung again. The price of milk has been raised from 19 to 15 cents a gallon and large buyers now pay 45 cents a gallon instead of 35 cents.

A postoffice has been established at Murock, Quay county, to be served from Melrose, 19 miles to the south. Caddie B. Smith was appointed postmaster.

At a recent meeting of the Mesa, Arizona, chamber of commerce 10,000 pamphlets advertising that section were ordered. Phoenix will spend \$1,000 a month for ten months for a like purpose.

The contract for building the branch Graham county jail at Clifton, Arizona, has been awarded to W. S. Humphrey for \$6,400. A jail to cost \$5,472 will be erected at Morenci by Henry Hill.

The Cochise county supervisors accepted the bridge at Benson, Arizona. The bridge cost \$6,500 and is built of steel with a clear span of 100 feet and of a height to guarantee it free from high water.

R. J. Young and Professor Lunn, of Globe, have secured the Bonita group of mines in Graham county, Arizona, near Safford, and will soon commence extensive development work.

Lordburg's lid is screwed on tight. The result of a declaration by Sheriff McGrath of the county that the Sunday law must be enforced or the violators must take their medicine.

J. R. Confar, who was permanently disabled in an accident at the smelter in Humboldt, Arizona, June 4, has received a communication from the Consolidated Arizona Smelting Co., and the Arizona Exploration Co., for \$40,000 damages.

The board of supervisors of Graham county, Arizona, at their quarterly session just closed, let contracts for public improvements aggregating over \$16,500. The improvements consist of branch jails at Clifton and Morenci, the former to cost \$6,400 and the latter \$5,472, a water works system for the county jail and hospital, an acetylene lighting plant for the court house and an addition to the hospital.

The Phoenix, Arizona, Republican lately printed an inquiry by Alphonse Laviole regarding his brother, Abel Laviole, of whom he had not heard for some time. Sunday the Republican received a communication from A. L. Nelson living on R. F. D. No. 1, saying that Abel Laviole has been working for him since last March. He wrote to his brother about three months ago but got no reply.

To check a cold quickly, get from your druggist a little Candy Cough Tablets called Preventives. Druggists everywhere are now dispensing Preventives, for they are not only safe, but decidedly certain and prompt. Preventives contain no Quinine, no laxative, nothing harsh nor sickening. Taken at the "sneeze stage" Preventives will prevent Pneumonia, Bronchitis, La Grippe, etc. Hence the name, Preventives. Good for feverish children. 48 Preventives 25 cents. Trial boxes 5 cents. Sold by all dealers.

DeWitt's Carbolicized Witch Hazel ointment is good for little burns and big burns, small scratches or bruises and big ones. Sold by J. H. O'Reilly.

After nearly sixty years of more or less patient waiting, New Mexico at last finds statehood in sight. On his trip down the Mississippi, President Roosevelt committed himself to the admission of the territory, leaving the governor of Oklahoma and of New Mexico to board his boat he said: "I want the governor of the territory that has become a state and the governor of the territory that is to become a state to ride with me."

In the treaty of Guadalupe Hidalgo between the United States and Mexico, concluded in 1848, the American government inserted Article 3 of the Louisiana treaty, which gave the promise:

"The inhabitants of the ceded territory shall be incorporated in the union of the United States, and admitted as soon as possible, according to the principles of the federal constitution, to the enjoyment of all the rights, advantages and immunities of citizens of the United States."

The first state admitted under the pledge of the original Louisiana treaty was Louisiana, nine years after the promise was given. The last bit of the Louisiana purchase, Oklahoma, is just now passing out of the territorial condition, one hundred and four years after the treaty of acquisition. Nevada in 1864, and Utah in 1896. Parts of Colorado, admitted in 1876, and of Wyoming, admitted in 1890, were also included in the Mexican cession.

Only Arizona and New Mexico are still left outside of the union of states. In 1876 New Mexico had 13,876 inhabitants, which was more than Colorado, Dakota (then united), Idaho, Montana, Nevada, Oregon, Utah, Washington, or Wyoming had at that time. In 1900 the population of New Mexico was 125,310, and Colorado, the Dakotas, Montana, Oregon, Utah and Washington had passed her in the interval. But even now New Mexico is more populous than Delaware, Idaho, Nevada or Wyoming. When she comes in, Arizona will be the only territory in the main body of the United States and it will be possible much longer to resist the demand for a final clean-up of the territorial system.—Culler's, Oct. 19, 1907.

HAIR DRESSER AND CHIROPD.

Mrs. Bambini, at her parlors opposite the Alvarado and next door to Sturges' cafe, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Massage treatment by vibrator machines. For any blemish of the face, call and consult Mrs. Bambini.

STAGE TO JEMEZ, LEAVES 211 WEST GOLD EVERY MORNING AT 5 O'CLOCK.

DR PRICE'S CREAM Baking Powder

Without question it makes the finest, the most healthful food. Dr. Price's Cream Baking Powder has been used throughout North America for three generations and is acknowledged to be the standard baking powder for ease and economy.

THE CUB'S CORNER

It's a cinch there's more than one kind of "frost" in the coal business.

We're always glad when fair time's here, But gladder it comes but once a year.

Funny how a little thing will sometimes interest a lot of people. Twenty-seven people have asked me during the last two days if the police were sure they had gotten everything back that was stolen from that pawn shop.

I met an auto yesterday, On Central avenue, I tried to dodge it—but alas—The auto it dodged too. It was a most exciting chase—A game of hit or miss, The auto went—

On—Down—The—Street—and I—went—Like—Up—

How would you like to live in a state, same as the old folks back east; how would you like to see New Mexico have two life sized U. S. senators and a half a dozen members in "Uncle Joe's House," how would you like to vote for president, and talk about "our delegation" at Washington, like a real free born American! Get in line with a noise like a Boomer that can be heard as far as Washington.

Take Care of Tabby.

If you are owner of a cat these days, take heed that it does not more than eight times for tabby's final demise means trouble. As a law abiding citizen you will find that a dead cat, though physically lifeless and officially extinct, can run the whole gamut of the animal dictionary and become a veritable elephant on your hands. The good old practice of depositing defunct felines in

the middle of the nearest street has long since passed into oblivion and the police court yawns for him who tries it. Also leaving the remains to the mercies of the elements in vacant lots and rubbish heaps will bring the health officer on a hurry up call, and it's you to the jugsgado pronto. You must not put it in the ocular, nor drop it over Babel's bridge; you must not bury it in your own back yard, nor even in your neighbors; you must not throw it on the barn roof or in the mudhole in the alley. Someone over in the west end tried dropping one in a sewer manhole and the roar Street Commissioner Tierney set up is reverberating yet. You might try cremation. If you can afford the fuel for a funeral pyre. Or you can send it away with the city scavenger, but the city council says his methods of disposition are not sanitary. Verily, where is the cat at! The situation is getting desperate.

Quincy Sprains and Swellings Cured. "In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

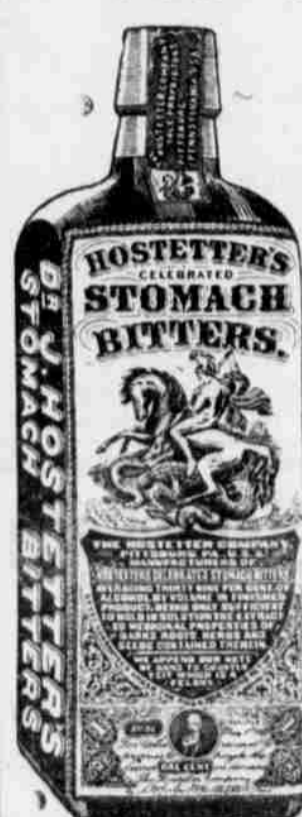

ESTANCIA CHURCH WILL BE DEDICATED SUNDAY.

Rev. Samuel Blair, D. D., Will Officiate at Ceremony at New Episcopal Edifice.

Estancia, N. M., Oct. 19.—The First Methodist Episcopal church of Estancia will be dedicated Sunday, according to an announcement made by the board of trustees. Rev. Samuel Blair, D. D., of El Paso, who is superintendent of the English missions of the New Mexico district, will officiate at the ceremony and deliver the dedicatory sermon. The church building is a very creditable one for a town of the size of Estancia. The estimated cost is \$3,500, and the pews will cost an additional \$250.

DeWitt's Kidney and Bladder Pills relieve backache, weak kidneys, and inflammation of the bladder. Sold by J. H. O'Reilly.

IT IS IDEAL FOR PERSONS CONVALESCENT

After the system has passed through some severe illness you'll find the Bitters will aid wonderfully in restoring your former strength and vigor. In thousands of cases during the past 54 years this has been proven.

HOSTETTER'S STOMACH BITTERS

besides making you well again, will keep you so, if you will only take an occasional dose when the stomach, liver or kidneys become deranged. It strengthens the entire digestive system and thus cures and prevents Sick Headache, Nausea, Belching, Bloating, Heartburn, Dyspepsia, Indigestion, Kidney or Liver Troubles, Costiveness, Chills, Colds, Female Ills or General Weakness. Such proof as the following letters should convince anybody of its intrinsic value.

Dr. H. H. Davis, Louisville, Miss., says: "I very frequently prescribe your Bitters in convalescence and always with good results. It is well worthy of a trial by everyone in that condition."

Chas. Wieman, Bear Lake, Mich., says: "I take your Bitters whenever my system is weak and run down. It invigorates and builds me up better than anything I have ever taken."

Is sold only in bottles, like the illustration, and never in bulk. Refuse all imitations and substitutes. The genuine has Private stamp over neck

HINDUS COMING

IN THROUGH

MEXICO

Immigration Officials Obligated
To Keep Close Watch
For Them Now.

El Paso, Tex., Oct. 19.—Officials
along the Texas, New Mexico and
Arizona borders are keeping a close
watch for Hindus who are reported
to be trying to cross into this coun-
try from Mexico.

An incident of Texas by Hindu la-
borers from India is feared by the
immigration officers, and the ad-
vance guard of the Asiatic horde
has appeared on the Mexican border.
Three Hindus were captured several
days ago a short distance from Eagle
Pass as they were stealing across the
Rio Grande.

The appearance of the Hindus
forebodes the beginning of an in-
vasion on the southern border of the
United States, similar to the invasion
now being embarked on the Canadian
border. The Hindus are said to be
a greater menace to American
workmen than the Japanese or
Chinese coolies.

New Movement.
The Hindu immigration is a new
movement, and it is only the past
year that they have appeared in
large number at the border. The
past few months the Indians have
been on American shores in alarm-
ing numbers, and it is almost an im-
possibility to prevent them pouring
into the United States over the Can-
adian border.

Hundreds of additional immigra-
tion inspectors have been employed
and every effort is being made to
stem the tide. It is feared that the
advent of the Hindus on the Mexican
border is the first chapter in another
radical tidal wave which will inun-
date the country with cheap labor.

None in Territory.
T. F. Schumaker, chief of the local
immigration inspectors, said last eve-
ning, "In speaking of the threatened
invasion, that he had received no in-
formation from Washington regard-
ing the matter further than that
no knowledge of the matter further
than that published in the San An-
tonio papers. No Hindus have at-
tempted to cross the border at this
point. Every precaution will be
taken, however, to prevent Asiatics
from crossing the border.

In case of a determined effort to
get into the United States from Mex-
ico on the part of the Hindus, El
Paso and vicinity will probably be
the objective point of a large num-
ber.

Out of Sight.
"Out of sight, out of mind," is an
old saying which applies with special
force to a sore, burn or wound that's
been treated with Eucalypti, Eucaly-
pti Salve. It's out of sight, out of mind
and out of existence. Piles too and
chilblains disappear under its heal-
ing influence. Guaranteed by all
dealers. 50c.

tedious long wait. You will surely
like it. Get a free sample at our
store. C. N. Brigham.

RUN OVER BY WAGON.
Robert Patton Struck With an At-
tack of Colic, Fell Under
the Wheels.

Fort Stanton, N. M., Oct. 19.—
While driving a team loaded with
two tons of alfalfa, Robert Patton
was seized by an attack of vertigo
and fell from the wagon, two wheels
of which passed over his left arm,
completely crushing it. The injured
man was picked up by Walter Hyde
and taken in to Captain, where he
was attended by Dr. Parvis of Fort
Stanton.

He was employed by the El Capitan
Cattle & Land company and was on
his way to the Block ranch when
the accident happened. Mr. Scott of
the company was notified and hasten-
ed to Captain.

His Dear Old Mother.
"My dear old mother, who is now
eighty-three years old, thrives on
Electric Bitters," writes W. B. Brun-
son, of Dublin, Ga. "She has taken
them for about two years and enjoys
an excellent appetite, feels strong
and sleeps well. That's the way
Electric Bitters affect the aged, and
the same happy results follow in all
cases of female weakness and gener-
al debility. Weak, puny children too,
are greatly strengthened by them.
Guaranteed also for stomach, liver
and kidney troubles, by all dealers.

Regal Shoes For Men

ITS Recognized Style—prestige has done much to make the Regal the best known shoe in the world. You cannot obtain better or more correct styles at any price—not even if you have your shoes made to order—and cannot approach the style—excellence of Regals in other shoes at the Regal prices. Prove this to yourself by examining our stock. It takes the very best grade of leathers and other materials to make Regal Shoes. That's why they hold their shape so permanently and give you the maximum of comfort and long wear. It takes also the highest grade of workmanship to put these materials together. Hand workmanship enters into the making of every pair of Regals, except in those parts where perfect machine work is actually better and more finished.

PERSONAL PARAGRAPHS

C. H. Paulson, the ticket broker, was a passenger for Bernalillo this morning.

F. G. Bartless, a prominent sheep raiser of Socorro, is an Albuquerque visitor today.

Deputy U. S. Marshal Forbes left last night for Roswell to attend the United States district court at that place.

Mrs. O. J. Durand, who has been visiting with Mr. and Mrs. D. C. Labbe, of this city, has returned to her home in Denver.

Mr. and Mrs. Gray, of St. Louis, are stopping at the case de oro. Mr. Gray represents a St. Louis millinery company.

W. S. Hollister, of the Continental Oil company, spent yesterday in the city attending to business and visiting relatives.

Mrs. Coughlin and daughter, Miss Gertrude and son, John, have returned from spending the summer at Bay City, Mich.

Oscar Watson, the popular Santa Fe life insurance agent, was a business visitor in the territorial metropolis yesterday.

Mark Johnson and P. J. Maloy, representing the Whitson Music company, were southbound passengers this morning.

Deputy U. S. Marshal Bogh returned to the city this morning from a business trip to the southern part of the territory.

Silvestre Mirabal, the well known resident of Valencia county, and an ex-member of the territorial legislature, is in the city from Sandoval.

Percy Hawley and James Bingham left this morning for Sabinal in a light wagon on a hunting trip. They will be absent from the city several days.

Merrill Lyons, manager for the Des Moines National Insurance company, in New Mexico, left today on a two weeks' policy selling trip in the territory.

A. A. Kean, Arthur Everitt and A. M. Whitcomb left this morning for Roswell to attend the grand lodge of the Masonic lodge, which meets there next week.

Deputy U. S. Marshal James Smith returned to the city last night from serving summons for the Las Vegas term of United States court, which meets November 11.

N. S. Williams, one of the field force of the Occidental Life Insurance company, left this morning for Las Vegas, where he expects to do his usual large business.

James Tierney and wife, who have been visiting in this city a few weeks with the former's father, Street Commissioner Martin Tierney, left last night for their home in Los Angeles.

Deputy U. S. Marshal Bogh returned this morning from Las Cruces, where he attended the hearing of four Chinese immigration cases before the United States commissioner there.

Mr. and Mrs. E. P. Smith, of 523 North Fourth street, are enjoying a visit from Mrs. Smith's parents, who arrived last night from Zanesville, Ohio, and expect to remain all winter. Mr. Smith is postoffice inspector for this district.

E. T. Dunn and S. H. Notley, journeymen builders, have returned to the city from San Mateo, N. M., where they spent several weeks building a mission school for the Congregational Church Educational association.

The regimental band of the 23rd United States infantry, which has been passing through the city the past several days, gave a concert at the Santa Fe station today at noon. A large number of people were attracted by the music, which was a rare treat.

Charles Quiler and Tony Ortiz left this morning for Algodones with knapsacks, guns and ammunition. At Algodones they will leave the train and go aboard a canoe and paddle down the Rio Grande in quest of water fowl. They expect to land at Barajas bridge some time tomorrow evening.

Roy Corhan, the Browns' crack short stop, left last night to join the Tucson team for the Tucson tournament, which begins tomorrow. This makes three of the Browns, who will wear the Tucson uniform in the Arizona tournaments which are scheduled to come off the next few weeks. Corhan received a telegram from Phoenix to join the Phoenix team, but he had already signed with Tucson.

P. Ripley, trainmaster on the Rio Grande division of the Santa Fe, returned to New Mexico this morning on delayed train No. 9 from a visit to Topeka, where he was called on official business. It is believed that Mr. Ripley is slated for the position made vacant by Frank Myers on the Southern Kansas division. Mr. Myers has been promoted to trainmaster on the Southern Kansas division to superintendent of the Rio Grande division. The Southern Kansas division trainmaster carries with it just at present the authority of superintendent as well as trainmaster.

J. H. O'Reilly, general manager for the Occidental Life Insurance company, and G. A. Brink, special representative of the company, left today on delayed train No. 7 for Arizona on a policy selling trip. Mr. O'Reilly expects to return to the city early next week in time to prepare for the reception the local Elks are going to give George Primrose, the minstrel man, next Friday night after the performance of the company will be given at the opera house. The reception promises to be one of the biggest doings in local Elksdom for some time. Primrose is a royal entertainer and has a way of letting himself loose on such occasions.

MAGILLS ACQUITTED OF MURDER CHARGE

Decatur, Ill., Oct. 12.—Acting under instructions from the court the jury last night returned a verdict acquitting Frederick Magill and his wife, Fay, of the charge of murdering the first wife of Magill. Judge Cochran said the state had failed to prove the corpus delicti. The verdict was cheered by a crowd in the court room.

ROOF'S PARTY RETURNS TO NATIONAL CAPITAL. Washington, D. C., Oct. 12.—Secretary Root, with his wife and daughter, arrived today from their visit to Mexico. The secretary was looking particularly well.

AN OLD BUSINESS IN A NEW HOME

Highland Grocery And Meat Market To Vacate Old Building For New. Located Corner of Coal and Arno.

The latest acquisition of the Highlands is a new grocery and meat building, constructed along strictly modern lines. Herman Zweigart, who has for the past year or more conducted the meat business, has already effected the exchange, and is enthusiastic over the mixture of the new place. His chief pride is his immense new ice box—the most important adjunct to a meat market—which he asserts is the finest in the city. It was built after his own ideas by Contractor A. V. Tegner, is unusually commodious, has extra thickness of walls, and is fitted up with a special appliance regulating the flow of cold air, all of which tend to effect a very low temperature and high preservative conditions.

The grocery side of the building, under the proprietorship of Charles Conroy, is not yet completed, but will be in a very short time. It also is constructed along the lines of strict utility. The shelving is so arranged that all the stock will be in view of the buyer, and dark corners, that are so apt to become unsanitary, are strictly eliminated.

The fact that the meat market and the grocery are both situated under the same roof makes the Highland market a very convenient place to trade, which convenience seems to be thoroughly appreciated by the public. If one may judge by the crowds of people that frequent the place, it is a regular provision department store, under separate proprietorship. It is unnecessary to say anything concerning the stock they carry. Anything to be had in the city may be found there, in best qualities, and at prices better than a good many other places.

PIANO SALE

During the next ten days piano buyers can be satisfied at Larnard & Lindemann's music store. This firm, which carries from twenty-five to fifty pianos in stock the entire year, will quote bargain prices for ten days in order to lower the large stock of pianos now on hand.

Remember if you want to buy a new piano see the new Chickering Bros., Bush & Lane, Schiller, Schaff Bros., Ivers & Pond, Victor and Farand-Cecilian Player Pianos, and ask for prices.

If big values in used pianos will interest you ask Larnard & Lindemann about the pianos which have been rented.

If you are interested investigate. You will be satisfied. The firm Larnard & Lindemann. The place, 266 West Gold avenue. The time to buy, NOW.

If you need furniture, call on Chas. L. Keppeler, 317-19 South Second.

The man with the merry heart—Bob Burdette is coming. He brings his own medicine with him and prescribes for the heavy heart. Hear him Tuesday evening at the opera house on "Handles."

NEW FANCY DRY GOODS ARRIVING EVERY DAY AT MRS. M. C. WILSON'S, 224 WEST GOLD. MATERIAL AND STAMPING FOR EMBROIDERING. Mattresses made over at Chas. L. Keppeler's 317-19 South Second.

The Missionary society of the Presbyterian church will meet at the home of Mrs. J. G. Wagner, 623 West Fruit avenue, Friday afternoon at 2:30 o'clock.

Most disgusting skin eruptions, scrofula, pimples, rashes, due to impure blood, Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

You need a pair of our felt slippers or Juliettes in order to enjoy your evenings at home to the fullest extent. They have flexible, belting leather soles, look dainty and wear well. Black, red, green or brown, plain or with fur trimming, for men, women and children. Prices range from \$2 to \$12.50. C. May's Shoe Store, 314 West Central avenue.

For household goods, call on Chas. L. Keppeler, 317-19 South Second.

SALE BY ASSIGNMENT. I will sell at public auction all real and personal property held by me as assignee of Charles Zeiger at the front door of the postoffice, Albuquerque, N. M., at 12 o'clock noon, November 4th, 1907. For further information call on or address Frank H. Moore, Assignee, Room 9, Barnett Building, Albuquerque, N. M.

Take DeWitt's Little Early Pills. Sold by J. H. O'Reilly.

Furniture repairs, Chas. L. Keppeler, 317-19 South Second.

FREE. Embroidery collar. Pattern given with the November style book of Ladies Home Journal Patterns at the pattern counter.
