STEP IS TAKEN BY SANTA FE TOWARD SHOPS

Copy of Resolution of Directors
and Plat of Lands is Filed by
Corporation Attorney with
County Clerk.

NEW SITE EXCEEDS OLD ONE IN AREA

Formal Action Taken by Govern-
ing Board on November
12th, in New York, Author-
izes Purchase of Real Estate

Another step toward the erection
here of the Santa Fe's new shop es-
tablishment was taken yesterday by
attorneys for the corporations. A
plat of the land to be acquired, as it
stands, surrounded by the property
already owned by the railroad, and
by other property, and a copy of a
resolution of the board of directors of
the road, adopted unanimously in
New York City on November 12th,
were filed for record with County
Clerk A. E. Walker.

No one can doubt that the shops
are really coming when they read this
resolution, for it specifically states
that the board of directors of the
road, in its resolution, authorized the
chief engineer of the road to be authorized
to buy, receive, possess or otherwise
obtain the land named.

Provision is made in the resolution
for condemnation proceedings where-
ever present owners shall refuse to
turn over the land by other process,
and the officers of the company are
specifically empowered to employ
them wherever needed.

The plat shows that the new lands
will exceed the present holdings in
area. The land to be utilized for the
new plant includes portions of eight
additions, and one large parcel of
unplotted land. It begins at the south
line of the present holding, which, as
is known, lands from Second street,
at about the east end of Cronwell
avenue and slopes diagonally across
to the north-and-south line of the
right-of-way about two blocks further
south. The south line of the new prop-
erty is the north line of Trumbull
avenue.

The acquisition of the new property
will enable the Santa Fe to close
a road which traverses the edge of
their property along its south line
and continues south along the right-
of-way and thus have their entire
holdings undivided by any streets or
passageways.

About seventy holdings are shown
on the plat as needed for the develop-
ment.

The resolution was unanimously
passed by the board of directors at a
meeting in New York City on the
12th of this month. It sets forth with
due legal phraseology, that, accord-
ing to a survey and plat made by C.
F. W. Felt, chief engineer of the sys-
tem, it appears necessary that cer-
tain lands as shown on the plat be
acquired for the new plant. This be-
ing the case, the board by this res-
olution authorizes Mr. Felt to possess
by grant, purchase, donation, or other
legal means, the lands so needed.

The copy is attested by P. C. Dem-
ing, assistant secretary of the Atch-
ison, Topeka & Santa Fe Railway Co.,
as a true and correct copy of the res-
olution passed by the board.

It was received by mail from Col.
R. E. Twitchell, of Las Vegas, as-
sistant New Mexico solicitor, with in-
structions to file it for record.

MAGNITUDE OF SHOPS DISCUSSED BY CLUB.

The purchase price of the site for
the Santa Fe shops is \$93,000. P. P.
McCauna, chairman of the shops com-
mittee, reported last night to the Com-
mercial club at a meeting of that
body. This sum includes the estimated
price of ten tracts that are to be
condemned. The owners were offered
\$22,500 for these ten parcels of land.
Mr. McCauna anticipated no delay in
the early consummation of the con-
demnation proceedings. A resolution
had been adopted already, he said, by
the Santa Fe directors, declaring that
they need the land here.

Mr. McCauna last night received a
long distance telephone message from
Col. R. E. Twitchell, Santa Fe solicitor,
at Las Vegas. Colonel Twitchell said
he would be in Albuquerque today to
start condemnation proceedings.

The Santa Fe, Mr. McCauna said,
was unwilling to consider the location
of the shops here unless the Com-
mercial club would give assurance that
the land could be obtained for a stipu-
lated figure, because the officials felt
that they had paid too much for the
ground for the lower yards. The price
to be paid, \$93,000, is not unreason-
able, in his opinion.

The railroad already has deposited
its share of the purchase price,
\$46,000, in a local bank, and Joshua
S. Reynolds, of El Paso, president of
the First National bank, has made the
first payment on the part of Albu-
querque.

G. A. Kaseman, president of the
club, was in conference with President

Wilson Polled a Total of 6,156,748 Votes; Roosevelt 3,928,140, and Taft 3,376,422; Debs Received 673,783

NEW YORK, Nov. 26.—The popular vote for president in the elec-
tion of 1912 shows that Wilson polled throughout the country a
total of 6,156,748 votes; Roosevelt 3,928,140, and Taft 3,376,422. The
socialist vote for Debs amounted to 673,783, with the socialist count
still unfinished in seven states.

In 1908 Bryan's popular vote was 4,183,182, and that of Taft
7,437,775. The figures in the following table by states are divided be-
tween official and unofficial returns, as indicated, with no count at
present available where spaces are left blank.

State	Wilson	Roosevelt	Taft	Debs	Chadwick
Alabama (XX)	81,622	22,520	9,671	3,019	
Arizona (XX)	10,244	6,428	2,989	2,904	254

XX—Official. XX—Unofficial. —One county missing. —Four counties missing. —Two counties missing. —Fifty-six out of eighty-three counties. —Twenty-six counties still incomplete. —Roosevelt electors not on ballot. —Taft electors not on ballot. —Three counties missing.

JURY DISCHARGED AFTER FAILURE TO AGREE

New York Lawyer, Accused of
Murdering Mrs. Rosa Men-
schik Szabo, Must Face Trial
Second Time.

(By Morning Journal Special Leased Wire.)
Goshen, N. Y., Nov. 26.—After dis-
charging for more than fourteen
hours the jury in the case of Burton
W. Gibson, charged with the murder
of his client, Mrs. Rosa Menschik
Szabo, reported to Justice Tompkins
today that it could not agree on a
verdict. The jurors were accordingly
discharged.

Will Be No Currency Legislation.
Washington, Nov. 26.—No currency
reform legislation will be attempted
at the coming session of congress, it
formally was decided at an in-
terconference of the democratic
members of the subcommittee of the
house banking and currency com-
mittee headed by Representative Glass,
of Virginia.

SUFFRAGISTS BRING BIG CONVENTION TO CLOSE

Resolutions Declare for Equal
Standard of Morality for
Men and Women and Against
Commercialized Vice.

(By Morning Journal Special Leased Wire.)
Philadelphia, Nov. 26.—What is
declared by officers and delegates to
be one of the most successful con-
ventions ever held by the National
American Woman's Suffrage Associa-
tion, came to an end here today af-
ter the adoption of resolutions on sev-
eral important subjects.

The resolutions demand an equal
standard of morality for man and
woman; commend the government
for its efforts to end commercialized
vice; and favor arbitration among
nations. To the end that was might
be prevented.

There was only one session of the
convention today which was held
principally to revise the constitution.
A change was made in the manner of
voting so that delegates might cast
their ballots individually instead of
by states.

The place for the next convention
will be selected by the executive board
which will meet in New York tomor-
row.

Heavy Snowfall in Wyoming.

Denver, Colo., Nov. 26.—Eastern
Colorado and southwestern Wyoming
was visited early today by an era of
high pressure which yesterday was
reported in British Columbia. Eight
inches of snow fell up to 6 o'clock
tonight at Cheyenne, Wyo., and Den-
ver.

ENGLAND OPPOSES POLICY OF WAR OVER BALKAN PROBLEM

Public Interest in Europe Now
Centers on Possibility of Far
Greater Struggle Than Now
Exists.

(By Morning Journal Special Leased Wire.)
London, Nov. 26.—The danger of a
greater war than that between the
Balkan states and Turkey absorbs
public interest far more than the first
bout of diplomacy between the bellig-
erents.

The steps towards mobilization
which Austria and Russia are taking,
although not preliminary precautions
have made possible a vision of the
vast consequences, which, as far as
Great Britain is concerned, are con-
sidered nothing less than appalling.

England, France and Germany are
playing a peace making role. Their
efforts are directed, apparently, to-
ward keeping the powers together in
a compact to refrain from taking up
pieces meal the questions which the
war raises, to defer their consideration
until the general conference.

The withdrawal of the Austrian
warship at Constantinople to join the
fleet is taken as an unfavorable sign,
and the imminent Serbian occupation
of Durazzo, on the Adriatic sea, tends
further to bring Austria and Serbia
toward the breaking point.

On the other hand, the safe arrival
at Uskup, of the Austrian consul,
Prochaska, who it was feared had
been killed, should lessen the tension,
and the fact that the Austrian am-
bassador lunched today with the Russian
emperor would seem to indicate that
the relations between these two powers
are cordial.

Apparently the British public has
no desire to sacrifice lives and money,
paralyze commerce and risk the navy
over the settlement of the status of
the Balkan peninsula. Yet it is un-
doubtedly ignorant of how far
Great Britain's diplomatic engage-
ments with France and Russia extend
in the direction of an alliance and
of how much likelihood there is that
the government will be drawn into a
conflict in which one or both of its
partners in the entente may be en-
gaged.

The liberal press is unanimous in
urging Great Britain to preserve neu-
trality. The majority of the conserva-
tives demand the same policy, the
Times declaring that none of the
European peoples wants war, says,
"yet that is whether the nations are
blindly drifting."

It asks, "Who then, makes war?"
and replies:

"The answer is to be found in the
chancelleries of Europe, among the
men who too long have played with
human lives as pawns in a game of
chess and who have become so com-
menced in formulas and the jargon of
diplomacy, that they have ceased to
be conscious of the poignant realities,
with which they trifle."

The Pall Mall Gazette almost alone
speaks in a warlike voice. It declares:
"England ought to act firmly with
France and Russia in refusing simply
to be swept aside. If the conference
desired by the British government is
refused, we ought to face the alterna-
tive and stand by our friends."

The mobilization of the Austrian

armies requires weeks
for what Germany and France can ac-
complish in days. In Russia's case
this is on account of the great distances
the troops must travel. In Austria's
because the units of the army are on a
peace footing, which is only one-
third of war strength. Therefore, con-
sideration of safety compels them to
begin when the danger signals are re-
solute.

More arrests made in Portland.
Portland, Ore., Nov. 26.—Ernest
Engle, an employee in an office, and Cy-
rus G. Est, a postoffice employee, were
arrested today in connection with the
vice clique alleged to exist in this city.
The grand jury which has been en-
gaged in hearing the evidence is ex-
pected to return a large number of in-
dictments within the next day or so.

General Trust Probe On.

Washington, Nov. 26.—A general
trust investigation will be under-
taken by the house judiciary committee
immediately after the Christmas re-
cess of the coming session of congress.
Chairman Clayton of the committee
declared today.

ONE CONTRACTOR HAD THREE WRECK OCCUR

Railroad Men Tell of Trains on
Which Deadly Baggage Was
Transported from One State to Another.

(By Morning Journal Special Leased Wire.)
Indianapolis, Nov. 26.—As tend-
ing to show the implication of labor union
officials in plots the government in-
troduced at the "dynamite conspir-
acy" trial today testimony that ex-
plosions on non-union iron work fol-
lowed the refusal of contractors to
unhike their jobs after personal visits
by some of the defendants.

Before two charges of dynamite ex-
ploded on a bridge at St. Louis on Au-
gust 9, 1910, John T. Garrett, presi-
dent of a construction firm, testified
he was visited by John H. Barry, of
the local iron workers' union.

"Barry wanted me to unhike the
job," Garrett said.

"You'll find it a great deal cheaper,
for you to know what will happen,"
he said. I told him I suspected he
was going to dynamite the job and he
had better be careful. It was blown
up later."

Questioned by Chester Krum, coun-
sel for Barry, Garrett said the union
official, referring to dynamiting, de-
clared, "he did not do that kind of
business."

Wallace Marshall told of putting up
a job at French Lick, Ind., after he had
been visited by Fred Sherman, union
business agent.

"Sherman told me I had better
unhike the job," Marshall said, "but
I lost my temper and told him I would
have nothing to do with the murder-
ous dynamiting of iron workers. An ex-
plosion occurred in March, 1911."

F. J. McCain said his firm suffered
three explosions on jobs at Buffalo,
N. Y., in 1910, and one in Erie, Pa.,
in 1911, after he had been visited by
John T. Butler, vice president of the
International Association of Bridge
and Structural Iron Workers.

"Butler told us we would be sorry
when we refused to deal with the
union," McCain said.

Relative to the government's
charges that the forty-five defendants,
aided in the illegal transportation of
explosives many trammels testified
about train on which Orrie E. Mc-
Manis and the McNamara's traveled.

One porter told of luggage carried by
James H. McNamara when the latter
went from Chicago to Oakland, Cal.,
in July, 1910. It was on that trip
that McNamara, after visiting Seattle
and San Francisco, blew up the Los
Angeles Times building.

J. H. Robinson, a porter, told of
carrying McNamara's luggage on the
train to Los Angeles in December,
1910.

"Did you know what was in his bag-
gage?" District Attorney Miller asked.
"No, sir, I did not then, but I do
now," said Robinson.

Chicago, Nov. 26.—A. H. Bayston, of
the Independent Harvester Company
of Plano, Ill., today in the govern-
ment's suit to dissolve the Interna-
tional Harvester Company, testified to
the rapid growth of the independent
contract, which now has 25,000 stock-
holders.

He related the story of the organiza-
tion of the Independent Harvester
Company, which he said had been
created along co-operative lines to a
considerable extent. He said that the
company had an authorized capitaliza-
tion of \$10,000,000, of which about
\$5,000,000 had been paid in. The
company had doubled its business an-
nually, he said.

Mr. Bayston was the principal wit-
ness at the afternoon session before
Special Examiner Robert S. Taylor.

DISAGREEMENT OF JURY
STUNS ATTORNEY GIBSON

Goshen, N. Y., Nov. 26.—Burton W.
Gibson, the New York lawyer con-
cerning whose guilt or innocence of
the charge of murdering his client,
Mrs. Rosa Menschik Szabo, the jury
was unable to find a verdict today, ap-
parently was stunned tonight by the
disagreement of the jury. The vote
on the final ballot stood nine for ac-
quittal and three for conviction.

STRIKE AT CARNEGIE
STEEL PLANT SERIOUS

Pittsburgh, Nov. 26.—Work at the
Edgar Thompson and Homestead
plants and Carrie Furnaces of the Car-
negie Steel Company tonight is at a
standstill due to the strike of 625
trainmen. Only a few of the smaller
mills are in operation. About 10,000
mill workmen are out of employment
because of the strike of the train-
men.

GOVERNMENT MUZZLES VIENNA NEWSPAPER

Vienna, Nov. 26.—Because of the
publication by the Arbeiter Zeitung, of
the peace manifesto issued by the in-
ternational socialist congress at
Basel, Switzerland, today's issue of the
paper was confiscated. The presi-
dent of the chamber refused to allow
an interpellation on the subject by
the social democrats.

EMBEZZLER IS FREED BECAUSE OF MOTHER

Carson, Nev., Nov. 26.—Chester H.
Graves, was acquitted of an embezz-
lement charge, in the midst of his
trial in the United States district court
here today, for the reason that he is
his mother's only support.

The judge said the evidence was
sufficient to convict Graves of hav-
ing taken \$119 from the postoffice at
McGil, Nev., but that as the defend-
ent's mother was dependent on him,
he would dismiss the case. If
Graves would repay the money
Graves paid the \$119 and was freed.
He said the charge against him was
due to a clerical error.

ROOSEVELT LEADS IN CALIFORNIA BY 128 VOTES

Unless Far Reaching Court De-
cision Should Intervene, It Is
Not Expected That Wilson
Will Have State.

(By Morning Journal Special Leased Wire.)
San Francisco, Nov. 26.—Final fig-
ures from all counties of the state
announced tonight, including the re-
turns reported by the Los Angeles In-
yo and Modoc boards of canvassers, but
not yet checked up by the secretary
of state, give Wallace, heading the
republican electoral ticket, a plu-
rality of 128 votes over Griffin, the
first democratic elector. The totals
are:

Wallace, 283,552.
Griffin, 283,424.

The Los Angeles totals are those re-
sulting from the first canvass by the
supervisors and are as follows:

Wallace, 75,534; Griffin, 55,672.

This is a gain of 100 votes for Wal-
lace over the unofficial figures pre-
viously given out. A second can-
vass has been begun, but it is ad-
mitted by both democratic and re-
publican watchers that the net change
in the vote of any electoral candidate
will not exceed sixty. However, the
recent appellate court decision, af-
fecting the vote of two precincts, will,
if it stands, deduct about 200 from
every republican elector but Wallace.

These are the precincts in which the
clerks of election tallied the straight
votes for the head of each electoral
ticket only.

As the certified returns from Inyo
and Modoc counties are not likely
to vary to any extent from the known
result of the county canvasses, it is
apparent that only some far reach-
ing court ruling in the proceedings
now pending in several counties can
 overturn the lead now held by the
high Roosevelt elector.

In Los Angeles county the vote for
the lowest men on the electoral tick-
ets were: Luce (rep.) 75,057; Cooley
(dem.) 54,824.

Albuquerque Youngsters Will be Out in Full
Force for Morning Journal Matinee Tomorrow

ALBUQUERQUE'S boys and girls will be out in full force tomorrow afternoon to attend the
matinee given for their special benefit by the Morning Journal. This matinee will be held at
the Orpheum theater and will be free to all youngsters. All that is necessary is that they come
to the office of the Morning Journal tomorrow morning and get reserved seat checks. These
are free. On this occasion the Morning Journal is host. So, boys and girls, get ready to have
the time of your lives.

The matinee will begin at 2 o'clock. The special performance will be staged for your benefit
exclusively. Tell your mothers that they need have no fear in letting you go to the matinee, for
it will be given at as safe a theater as there is in town. All the seats turn right round and one
can walk right straight to the door from any seat, regardless of aisles. And doors? All one
side of the theater is doors. All you have to do is to walk right out. The floor is concrete and
rests on the solid ground, so there can never be any danger of collapse at this theater. You will
be just as safe attending the Morning Journal matinee as you will be at home.

The program will be a bright and interesting one and will be made up of features which will
be especially pleasing to you. As has always been the case with the Morning Journal's annual
matinees for the children, it will be absolutely clean. There will be no objectionable features,
nothing that your mothers would not want you to see or hear.

This is the Morning Journal's contribution to the happiness of the children of Albuquerque.
Every year it has given them a free matinee at some local theater. This year, like last, the Or-
pheum was selected.

Now remember, boys and girls, come down to the office of the Morning Journal, on West
Gold avenue, between Third and Fourth streets, and get your tickets tomorrow morning. Come
yourself, because one boy or one girl can get but one ticket. Don't tell Willie to get one for you,
because he can get but one, and, of course, he will want that for himself. And don't forget that
the matinee will be absolutely clean and that it will be held in a new, safe theater.

Former Senator Declares the
South Accepts Progressive
Party More Eagerly Than
the North; No Hope for G.O.P.

(By Morning Journal Special Leased Wire.)
Kansas City, Mo., Nov. 26.—That the progressive party is the natural solution of an abnormal geographical division in American politics—that between the north and the south—was the assertion made here tonight by Albert J. Beveridge, former senator from Indiana, in an address at a "dollar dinner," given in Convention hall under the auspices of the Jackson County Progressive Association.

"The potential but latent nation is here, and it cries aloud for expression," he said. "The progressive party is the answer to the cry."

"Of all the people of the earth," he said, "only in America does geography settle political action. Only in America are votes cast by physical location. The wrong that this does to every American man and woman, the shackles that it puts on normal thought and national improvement, the drawback it is to the general welfare, is plain to all of us and to the whole world."

"In their hearts all Americans want to get rid of this abnormal condition. Yet so long as the democratic and republican parties live everywhere known that we can not get rid of it. It is asking too much of human nature, Southern men and women think just as northern men and women do on all living subjects; they are as sincere progressives or reactionaries as are the men and women of any other section of the land. Yet because of a natural prejudice, springing from bitter memories, these southern men and women can not and will not become republicans even though that party stood for the things they believe in now."

"The potential but latent nation is here, and it cries aloud for expression. The progressive party is the answer to the cry. Southern men and women who believe in what the progressive party stands for will gladly work and vote with us when they would not work and vote with the republican party."

"Even if by this abnormal sectional solidarity, the democratic party sometimes wins, as for the moment it now has won, yet it will be found that many of those who man the fortress of privilege in congress come from the solid south. They do not speak or vote for the men and women of the

south on the questions of the hour, but have their places in the national councils only because of this outrageous sectionalism, which the two old parties support and keep alive."

"The progressive party surely will break this sectional blockade of true Americanism. Southern men and women are even more eager than northern men and women to express themselves politically as they think. They beg the nation to let them do so. They eagerly accept the progressive party as the channel through which they can do so."

"The time has come when there must be a frankly progressive or liberal party in this country, and a frankly reactionary or conservative party. And the republican party can not become either. We progressives never again will vote the republican ticket, and even if we did we are not strong enough to make the republican party skilful and thoroughly progressive. Many of those who voted the republican ticket at the last election are progressives, but they knowingly voted against their own convictions because they hated to give up their party name."

"And so very soon the progressives of all parties must come to the progressive party. They will have nowhere else to go. And the conservatives of all parties very soon must go to the democratic party, because they will have nowhere else to go."

STATE WITNESSES
TESTIFY AGAINST
MRS. LESH

Effort to Introduce Statement
by Woman to Sheriff Ob-
jected to and Court Takes
Recess for Day.

(By Morning Journal Special Leased Wire.)
Edwards, Mo., Nov. 26.—After three witnesses had testified in the trial of Mrs. James Ellen Lesh, charged with the murder of Mrs. Elizabeth M. Quintance, at Greenwood, Mo., in 1904, Sheriff Henderson was put on the stand late today to testify that Mrs. Lesh had repeated to him details of the confession in which she told the police of Los Angeles that she had administered poison to Mrs. Quintance. The defense objected after a brief argument, the court adjourned until tomorrow.

E. F. Quintance, a brother-in-law of the dead woman, and Drs. Chas. Louch and Ferguson, all testified on the night before Mrs. Quintance died she had suffered from a stomach illness, accompanied by vomiting spells, but she had showed no positive symptoms of poisoning. It was brought out that the account had been afflicted for years with strabismic hernia and the physicians said symptoms produced by her affliction were similar to those that might be produced by the poison Mrs. Lesh is said to have administered.

The physicians said they were surprised that Mrs. Quintance's death occurred when it did, but did not suspect foul play.

PEOPLE CARRY RED
LIGHTS IN PARADE

Former Prisoners Address Fel-
low Unionists, Declaring They
Will Ever Stand by Organized
Labor and Against Capital.

(By Morning Journal Special Leased Wire.)
Lawrence, Mass., Nov. 26.—Thousands of persons greeted with red lights and cheers the return to the city tonight of Ettor, Giovannitti and Caruso, who were acquitted at Salem today of charges of murder in connection with the death of Anna Louise during the textile strike here last winter.

Women with babies in their arms joined the demonstration, as the crowd surged with the three acquitted through the principal streets to the headquarters of the Industrial Workers of the World, cheering was continuous.

From every side street in the tenement district three hundred hundreds of operatives, carrying red lights. The throng in the hall finally made conditions in the building so dangerous that Ettor was forced to ask them all to leave. Then from an open window, he addressed the crowd.

"We shall see," he said, "that those who stand by the Industrial Workers of the World shall be protected to the full limit of our power, energy and ability. You won your strike to get advanced wages, but you will never get enough until the mills belong to the working classes. You have got to band together in a union to gain more bread."

Ettor was taken away in an automobile, unable to bear the strain. Later, after the crowd had dispersed, he returned to the hall to meet a few friends and leaders of the Industrial Workers. He planned to stay in the city over night. Giovannitti announced that he would stay with friends in Quincy while Caruso remained with his family here.

A large crowd met the train bearing the three men, but there was no disorder. There was a roar of cheers and a rush for the car of the labor leaders. It was impossible to get the men into an automobile which had been provided, and it was a half-hour before they could move on foot toward the Industrial Workers' headquarters.

Posters had been scattered throughout the mill district during the day, notifying the operatives of the demonstration and as the procession moved the crowd kept growing larger. Ettor was all but exhausted when he appeared at the window of the hall to make his address and his voice was clear.

"Ten months ago," he said, "Giovannitti and I were trapped away from you with the hope that the backbone of the Lawrence strike would be broken and that you would go back to your slavery, misery and hunger. On January 20th, both of us were placed in a cell and told in no mince words that we were there for our great activity in helping you gain your liberty."

"We had had one worry and that was that the nation would stand by driving you back to work, that the masters would call or lay out you back to the mills. Tonight you are happy, every one is happy. I thought I do not sleep behind prison bars embowered by granite walls, it is because of your support and the support of millions of men and women throughout the world. I owe my life and so do my brothers, Giovannitti and Caruso, not to the laws of Massachusetts, but to the backs of a clever lawyer, but to the working class of America and the world."

"I spoke of the arches erected for the flag demonstration here on Columbus day, saying that the motto, 'Our God and Country—The Stars and Stripes'—was a sham. He denounced the 'Stars and Stripes' as a lie. 'From now on,' continued Ettor, 'you know but one religion, one country. That is working class solidarity.'"

Giovannitti spoke next, saying: "We owe our lives and liberty to the working class who have stood by us. You have won your strike, not because of your power and solidarity, but for you, my brothers, who were heard tonight. It would have been strangled. When pressed, the thing for you to do is to cross your arms, strike and you will win."

Later tonight Ettor said he probably would leave here Thursday night or Friday morning for Little Falls, N. Y., where there have been labor troubles and from there he hoped to go to his parents in Torrington, Wash. During the night Ettor received from his mother and father the following telegram:

"This day makes a new life."

DEFENDANTS OVERCOME
WITH JOY BY VERDICT.
Salem, Mass., Nov. 26.—Not guilty is the verdict of the jury in the case of Joseph Ettor, Arturo Giovannitti and Joseph Caruso, charged with the murder of Anna Louise, who was killed in the Lawrence textile strike last winter. When the three men heard the words freeing them from the charge they embraced and kissed each other.

Steel King Leaves Wealth to
Corporation in Trust for Ben-
efitting the People of the
Country.

\$25,000,000 RESERVED
FOR CERTAIN BEQUESTS

Canny Scot Feels Good That
He Has Been Able to Make
Good Resolution to Die Near-
ly Poor.

(By Morning Journal Special Leased Wire.)
New York, Nov. 26.—Andrew Carnegie, in a statement this afternoon, announced that all but \$25,000,000 of his fortune will be disposed of under his will, to be left to the Carnegie Corporation of New York, which has been made his residuary legatee, and which will carry on his educational and charitable work.

Mr. Carnegie's statement likewise explains his reasons for planning to pension ex-presidents of the United States. He provided for recently through the Carnegie Corporation.

In making his announcement, telling how he had gone about putting his "gospel of wealth" into practice, Mr. Carnegie said:

"I resolved to fulfill the requirement of the 'gospel of wealth' by transferring funds, and have done so, except that I have found it desirable to retain for a while, personal distribution of my United States military telegraph corps pension and Pennsylvania railroad pensions to Pittsburgh division men and their widows, because my old boys would dislike the change and so, no doubt, would others upon my pension list."

"To meet these payments under my will, \$25,000,000 of bonds, upon which the New York state has been paid, have been reserved. But the New York corporation has been made my residuary legatee and all surplus left after meeting the provisions of my will goes to it."

"I am happy in getting all this off my mind. It is a gruesome business, but I find that this earth is rapidly becoming more heavenly, so many good men and women I know labor for others. Surely Luther, Franklin and their followers were right, who held that, 'Service to man is the highest worship of God.'"

In explaining his pension plan, Mr. Carnegie cited the cases of three former presidents as affording justification for the project, the announcement of which he said was "making the desired impression." His trustees and himself were all hoping, he said, "that congress would meet the situation by proper action."

"Not one of us but will rejoice should this be the result," he said. "We were very careful to provide that only in case congress failed to provide pensions to ex-presidents the corporations would stand ready to do so. It is properly the province of the nation to act. We all feel that."

Mr. Carnegie referred to a recently published letter which dealt with the circumstances of Grover Cleveland after his retirement from the presidency.

"I know about Mr. Cleveland," Mr. Carnegie said in his statement. "He told me of an offer he had to serve as director in an important institution which would give him a salary. Finding that other directors had no salaries he declined the offer, saying his name was not for sale."

Mr. Carnegie's other references were to Presidents Lincoln and Grant, the last named having been pressed for funds even while yet in the White House, the iron master declared, while he quoted from a letter written by Lincoln's family was similarly embarrassed.

TWO NEGROES HELD
ON SERIOUS CHARGE

Joplin, Mo., Nov. 26.—J. N. Brownlee, the negro minister and real estate dealer, accused of entertaining young white girls in his office, and Charles Houston, a negro bricklayer implicated with Brownlee, were arrested today and charged on five points with misdemeanor. They pleaded guilty and their bonds were fixed at \$1,500 each. The authorities fearing mob violence, spirited them out of town to the county jail at Carthage.

MEN WORK TOO HARD

If men could be taught before they are thirty that they are not made of steel, they would not break down from overwork at forty or fifty as so many do.

Any man who begins to feel his age before he is fifty ought to look out for his health while there is time to save it. Many men in this town have taken Vinol on my advice and say it makes them feel years younger. Vinol is certainly a great strength creator and flesh builder, besides being so delicious to take that you would never suspect it was made from cod liver and iron. For I believe like a delicate wine. We guarantee it absolutely and give back your money if Vinol does not do as we say. Let Vinol build you up.

TAFT POSITIVELY SURELY TAKE "SYRUP OF FIGS" IF
IS NOT TO BE
MENTIONED
FOR 1916

President Expects to Make
Political Speeches Both Be-
fore and After Quitting White
House.

LEADERS TALK OVER
REORGANIZATION PLANS

Republican Party Men Figure
on Rousing New Interest
Among Voters by Systematic
Boosting.

(By Morning Journal Special Leased Wire.)
Washington, Nov. 26.—President Taft quickly has informed friends that no matter how active his participation in a reorganization of the republican party may be, he is not to be regarded or publicly referred to in political speeches by republicans as a possible candidate of the party in 1916.

The president probably will make many political speeches before March 4th, and after he re-enters private life; but according to close friends he is in the fight to continue the party as a man who has been its standard bearer for four years, not as a seeker of a re-nomination.

A meeting of republican leaders, to be held in New York, or Washington, some time in January, is now being considered.

The majority of the republican committee men who have been in Washington recently favor a general public and educational campaign to strengthen public support and to take advantage of "any mistakes" the democratic administration may make.

The president is expected to speak at a republican dinner in New York some time in January, but it is said there has been an understanding that no speaker at that dinner, whenever it is held, shall refer to the president as the prospective republican standard bearer of 1916. His endorsement of the dinner idea is said to have been contingent upon such an understanding.

TELLEZ ORDERED TO
FIGHT BANDITS
UNDER ZAPATA

Mexican Government Plans
Vigorous Campaign Against
Elusive and Dreaded Insur-
recto Near Capital.

(By Morning Journal Special Leased Wire.)
Mexico City, Nov. 26.—Orders have been sent to General Joaquin Tellez, now commanding the federal forces in Chihuahua, to report here with 3,000 men to take charge of the Seventh Military zone, comprising the states of Mexico, Puebla, Morelos and Guerrero, the region most seriously endangered by Zapatistas.

General Tellez likely will succeed him as commander of the north. The raiding of villages and plantations, especially in the state of Mexico, is of daily occurrence, although the number of encounters reported this week is smaller than usual. Three engagements were reported today.

The strongest rebel center appears to be in the hills near Juichitepec, in the state of Mexico, where several hundred revolutionists have concentrated and are threatening an attack. The troops have been rushed from the capital to relieve the town.

The resignation of Jesus Flores Mason as secretary of the interior, had been accepted. The post will be taken by Rafael Hernandez, now minister of commerce. No appointment to the latter office has been made.

Sweetens your stomach, clears your head and thoroughly cleanses your liver and 30 feet of bowels of sour bile, foul gases and clogged-up waste.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The faster your stomach is cleared and full of gas, when you have indigestion, the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and tired bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested

fermenting food and clogged-up waste is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your inactive and your thirty feet of bowels constipated with sour, decaying matter and feel well. The need for a laxative is a natural need, but dragging yourself. Being completely of luscious figs, which are aromatic; it can not injure.

Ask your druggist for the full name, Syrup of Figs and Elixir of Syrup of Figs, with some, any of the called Figs Syrup imitations. They are not the same. Look on the label. The genuine, old reliable, has the name, California Fig Syrup Company.

THANKSGIVING IS TO
BE BUSY DAY
FOR TAFT

President Expects to Have Big
Turkey and One of Aunt De-
lia's Famous Mince Pies;
Church Service and Wedding

(By Morning Journal Special Leased Wire.)
Washington, Nov. 26.—President Taft's Thanksgiving will be spent quietly in Washington with only a huge turkey, an enormous mince pie, a wedding and two church services to break its monotony. The turkey from the farm of Horace Vose, near Westville, N. C., is expected in the White House kitchen tomorrow. It is reported to be a bird of regal size, fed on the finest foods and fit for a president's table. The big mince pie is coming from Miss Della Torrey, of Milbury, Mass., the president's favorite aunt, whose skill in the construction of pies is famous throughout the country.

The big feature of Thanksgiving day in Washington is the Pan-American service in St. Patrick's church, an affair which annually draws scores of high government officials, diplomats from the countries of the world, and many of the capital's leaders of society. This year the president and most of the members of his cabinet, many senators and congressmen who are in town, and scores of officials will attend the services held just before noon.

Dinner with many of the president's cabinet will be a home affair, although several cabinet officers have other engagements. Attorney General Wickard will dine with Monsignor Russell, of St. Patrick's. Secretary MacVane with Mrs. Marshall and Secretary Fisher and Secretary Nagel will eat their turkey and mince pie at home. Secretary Stanton is in Panama and the plans of several other members of the cabinet are indefinite.

The president will attend the annual Pan-American Thanksgiving service in St. Patrick's church just before noon and at night occupy a room in All Souls church. At 8 o'clock the president will attend the wedding of John W. B. Ladd, of Boston, and Miss Alice Boutelle, daughter of the American minister to Switzerland.

Mrs. Taft is in Washington, and Robert and Charles, the Taft boys, are expected to arrive tomorrow night from school. Miss Helen is not return from her trip to Panama in time to join in the family celebration.

RUSSIAN SAILORS ARE
EXECUTED FOR TREASON

St. Petersburg, Nov. 26.—Eleven men of the Black Sea fleet, recently condemned to death for helping the revolutionists, were shot at Sebastopol by firing parties from the warships. Strikes are being declared in various parts of the country as a protest against the action of the government.

Main Act Grips More Actors.
Atlanta, Ga., Nov. 26.—Three members of the Metropolitan Opera Company were arrested here today on charges of Miss Ginevieve Goodrich of Cincinnati.

Over-Night Relief
For Constipation

A Small Dose on Retiring and You Are Well and Happy by Morning.

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, nervousness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring.

By morning relief will come, without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who have suffered from constipation all their lives. Mrs. J. W. Anderson, of Watomac, Kan., and Mr. R. Silver, Zenith, Wash., and many others will tell you that they have tried this and have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for fifty cents or one dollar, the latter size being brought by families already familiar with its merits.

Results from Journal Want Ads.

MRS. J. W. ANDERSON

Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to their infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. It will so delight you that you will forever avoid harsh, cathartic purgatives, pills and salts.

If no member of your family has ever used Syrup Pepsin and you wish to make a personal trial of it before buying it in the regular way, a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

NATIONAL LEAGUE BEGINS PROBE OF FOGEL CHARGES

Resignation of Philadelphia Club President Does Not Halt Investigation of Alleged Slandorous Statements.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—Members of the National League assembled here today to take up the charges against Horace S. Fogel, president of the Philadelphia club in the National League, until his resignation on November 23d.

Julius Fleischmann, of Cincinnati, presided over the meeting at the request of President Lynch.

All the clubs were represented, Chicago by President Murphy and Henry Ackerman; Cincinnati by President Herrmann and Julius and Max Fleischmann; New York by Cornelius J. Sullivan and R. H. McCutcheon; Philadelphia by Alfred O. Wilder, William Conway and A. T. Hedger; Pittsburgh by William Locke; St. Louis by E. B. Jones; Brooklyn by President Charles Ebbetts; and Boston by James Gaffney.

Mr. Fogel was represented by A. S. L. Shields, of Philadelphia, and the league as a body by J. Conway Toole, of this city.

At the outset the Philadelphia club presented documents showing that Mr. Fogel had resigned as president on November 23d, and that Willie had been elected his successor. This came as a complete surprise to the league officials.

Seven distinct charges were made against Mr. Fogel, alleging that he had issued false and slanderous statements which would make for public distrust of the National League; that the St. Louis team had played work lines in the field against New York; that the National League pennant race of 1912 was not properly conducted; that the race in question and the umpires had been "fixed for New York to win"; that the umpires had been "fixed" for the same end; that Philadelphia did not receive a fair deal; and that Mr. Fogel caused the statements in question to appear in a Chicago newspaper on September 23d.

Fogel's reply was a general denial of the charges. He questioned the jurisdiction of the National League in calling him to account in the manner it had done. As to the alleged remarks, he declared that another Philadelphia professional man had made the statements attributed to him. That man did not wish his name to be known, Fogel said. He declared at the time the statements were made he had remarked that there were too many safeguards thrown around professional baseball for such a thing to occur. In a reply to questions today as to whether he believed the pennant race, league officials or President Lynch were "crooked," Fogel replied in each case "no."

At the same time it was given out, Fogel declared, that the Philadelphia team had "gotten a rotten deal anyhow," and had received it consistently for the last three years.

Several New York newspapermen testified that they heard Fogel make the statements attributed to him. Several Philadelphia newspapermen testified to the contrary, attributing the statements to a Philadelphia professional man, as Fogel had asserted in his reply to the charges.

The meeting adjourned after a session of more than nine hours' work, until 10 o'clock tomorrow.

Testimony that Fogel as president of the Philadelphia club made false statements concerning National League affairs, had not been completed when the magnates closed the session at midnight.

The league magnates took up the Fogel case after recording the death of John T. Brush, of the New York club and the announcement by Fogel of his formal resignation.

That Christy Mathewson was negotiating for the purchase of the Philadelphia baseball club, was denied tonight.

After adopting appropriate resolutions upon the death of President Brush, the league began the Fogel inquiry. Reporters were the principal witnesses after Fogel had appeared with a formal denial of the truth of the charges.

Mr. Fogel vehemently asserted that statements which he was charged with making had been made by a Philadelphia clergyman during a conversation which was overheard by him and Fogel were lying the Philadelphia had mark last September.

Because of the publicity that might follow, the clergyman in question was not identified or asked to testify.

CORNELL WILL MEET PENNSYLVANIA TOMORROW

Game at Philadelphia to Close Football Season in East; Colorado Miners Clash with Pomona College.

(By Morning Journal Special Leased Wire.) Atlantic City, N. J., Nov. 26.—The Cornell football team arrived here today to finish its preparation for the Thanksgiving day game with the University of Pennsylvania. The same team, that faced Michigan probably will line up at the opening of the game, except that Fritz, who has recovered from his injuries, will supplant Bennett at right half.

(By Morning Journal Special Leased Wire.) Philadelphia, Pa., Nov. 26.—The University of Pennsylvania football squad went through a fast signal drill today. The players will remain in the suits until Thursday when they will return to Franklin field for the game with Cornell.

(By Morning Journal Special Leased Wire.) Denver, Col., Nov. 26.—Concluding its home preparation with signal practice this morning, the Colorado State School of Mines football team left tonight for Los Angeles to meet the Pomona College team Saturday.

The Mines today appeared refreshed after two days' rest following their victory over the University of Colorado last Saturday by which they won the Colorado state championship. The eighteen men who will make the trip are Captain Young, Harper, De Laite, Meyers, Shanley, Himmann, McKnight, Mettner, Wolff, Burris, Caddell, Strinzman, Grege, Eaton, Duggan, Pearce, Warch and Johnson.

GILBERT'S MANAGER ENTERS PROTEST ON RESULT OF CONTEST

Yesterday, Kid Gilbert's manager entered a protest to the decision given in the second round terminating the bout staged Monday night before the New Mexico A. C. between Kid Stern, of this city and Kid Gilbert, the El Paso lightweight, in which the referee awarded the bout to Stern, after Gilbert had been knocked down several times, rendering him helpless.

The protest of Gilbert's manager, many believe, is well founded. Though no claim is made that Stern fouled Gilbert intentionally in the first round, few will deny that in his eagerness to put away his opponent, that he hit him before he had a fair chance to regain his feet. The referee displayed very poor judgment in not making Stern stop back, permitting Gilbert to get up.

The protest of Gilbert's manager follows: Sporting Editor Journal: While we do not claim an intentional foul on the part of Kid Stern in Monday night's bout, it was plainly visible to all fair-minded sports that the above mentioned was committed, and instead of Stern receiving the decision, the match should have been declared no contest and the boys matched at some future date.

As the manager of Gilbert, I do not wish it understood that I am trying to discredit Stern, but I do not think he is as fair as a man claiming to be an exponent of the art of self defense, should be.

If he is willing to stand open to fight him, winner take all and allow him to name the size of a side bet, providing he will make 133 pounds ringside (the legitimate lightweight limit).

As to my reputation, I refer either to Tom Andrews' sporting guide or Richard K. Fox's manual. The above challenge is open to the world.

Yours very respectfully, TIMOTHY MORAN, Care Hart Brothers, Orpheum theater city.

SHADOW DANCE, COLOMBIA HALL THURSDAY NIGHT. BOOSTER ORCHESTRA.

KNOCKOUT BROWN AND PHIL BROCK FIGHT A DRAW

Cleveland, O., Nov. 26.—"Knockout" Brown and Phil Brock fought twelve rounds to a draw here tonight, according to a newspaper decision.

The bout was the roughest ever seen here and when the going rang at the finish the uproar was so great that the combatants kept right on lambasting each other. They had to be separated.

Brown sought continually to get close to Brock, and was the better at the in-fighting. At long range Brock scored often with his left.

Brock cut Brown's lip open early in the bout. In the closing rounds Brown started Brock's nose bleeding. The men weighed in at 133 pounds.

CORNELL WILL MEET PENNSYLVANIA TOMORROW

Game at Philadelphia to Close Football Season in East; Colorado Miners Clash with Pomona College.

(By Morning Journal Special Leased Wire.) Atlantic City, N. J., Nov. 26.—The Cornell football team arrived here today to finish its preparation for the Thanksgiving day game with the University of Pennsylvania. The same team, that faced Michigan probably will line up at the opening of the game, except that Fritz, who has recovered from his injuries, will supplant Bennett at right half.

(By Morning Journal Special Leased Wire.) Philadelphia, Pa., Nov. 26.—The University of Pennsylvania football squad went through a fast signal drill today. The players will remain in the suits until Thursday when they will return to Franklin field for the game with Cornell.

(By Morning Journal Special Leased Wire.) Denver, Col., Nov. 26.—Concluding its home preparation with signal practice this morning, the Colorado State School of Mines football team left tonight for Los Angeles to meet the Pomona College team Saturday.

The Mines today appeared refreshed after two days' rest following their victory over the University of Colorado last Saturday by which they won the Colorado state championship. PIGSKIN WARROIRS OFF TO ENEMY'S COUNTRY

High School Leaves for Roswell and University of New Mexico for Tucson, Where They Play Tomorrow.

The Albuquerque high school team entrained early last night for Clovis, enroute to Roswell, where it will meet the high school there on the football field Thanksgiving day.

The local highs will stop at Clovis today for two hours' hard practice on any convenient vacant lot and tonight they will continue their journey to Roswell. Light practice will be held tomorrow morning, and then, the game. This game will determine whether the locals are champs or only near champs of the inter-high school division in New Mexico.

Couch Alton's final word, as he swung aboard the train, was that his proteges were in condition to put up a harder fight than ever before.

The members of the squad who started are: Wilson, Barth, Clark, Franklin, Kempenich, Frank, Sellers, Himmann, Chavez, Livingston, Camp, McCanna, Farrell and Hesselstein. Manager Shuffelbarger accompanied the boys.

A short time after the departure of the high school team, the University of New Mexico's football gladiators limbed aboard a train bound for Denning.

The stay at Denning will be too short for practice, but the University squad will run through the signal drill at Tucson Thursday morning, before it takes on the University of Arizona. The New Mexicans have several new players in their repertoire and they expect them to be groundsmen against the rival university.

EVERYBODY TO STOP WORK 5 MINUTES FEB. 15, 1915

Unique Method Proposed by Root for Celebrating Century of Peace Among English Speaking People.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—A sub-committee of the American commission to arrange for the celebration of the one hundredth anniversary of peace among English-speaking peoples in 1914-15, today named Senator Elihu Root and Alton B. Parker to wait upon President-elect Wilson and discuss with him possible legislation.

Senator Root's suggestion, that all the English-speaking world cease activities for a five-minute period on February 15, 1915, was favorably acted upon and he was asked to prepare bills for both state and national legislatures of this kind.

It was voted to appoint a committee of distinguished astronomers and mathematicians to calculate exactly the time for the ceremony so that each section of the country could act simultaneously.

RITCHIE IS PICKED TO WREST TITLE FROM WOLGAST

Sport Writers of San Francisco Believe the Lightweight Champion Will Meet His Waterloo Tomorrow.

(By Morning Journal Special Leased Wire.) San Francisco, Nov. 26.—Journalistic experts point with a warning finger tonight to the 4-round fight between Willie Ritchie and Ad Wolgast, a few months ago when the San Francisco upset form and surprised the champion, as a forerunner of what may be the result of tomorrow's 20-round battle between the boys.

The same writers complain that Wolgast has not trained with as much earnestness as has been seen on former occasions. Comment has been made that during his boxing spells, he has shown signs of failure. The critics do not seem willing to get that Willie Ritchie, a local novice, sprang the Cadillac warrior on his back last Saturday with a solid right to the chin.

Wolgast spent a fairly busy day in the gymnasium before a large crowd and when on the "training" table, chatted with friends and assured them that he would have little difficulty with his opponent in the championship battle on Thanksgiving day at the Colma arena.

COMPENSATION FOR INJURED WORKERS DISCUSSED

National Civic Federation Hears Expert Talk on Dangers from Handling Explosives by Incompetent Men.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—Chances of opinion as to the best plan for compensation of injured workers continued at the second day's session of the National Civic Federation conference, occurred today.

Hearings of the tunnel builders were so graphically described by Thomas J. Curtis, president of the Tunnel Workers' union, that the conference extended the allotted time for hearing him.

"We don't want compensation, we want prevention," he said. "The corporation's jury invariably says 'Premature blast.' That is no such thing. It is always somebody's carelessness."

He charged that much of the fault lay with men who examined applications for licenses to handle explosives.

"They don't know a stick of dynamite when they see it," he declared. "I saw a man on Fifth avenue smoking a pipe with a hour of caps in his breast pocket an hour after he got his license. That showed how much he knew about explosives."

He was able to satisfy the "listeners" that the statement was made by a delegate that elevator accidents ought to be guarded against more carefully. Delegate Timothy Healy cried out:

"There are men in this city who have no more regard for the life of an employee than for the life of a dog. It is too bad, but my experience of twenty years with my union, the International Brotherhood of Stationery Firemen, leads me to that belief."

Healy is president of the firemen. "I would say to the representatives of the War Association," he continued, "that it is about time they cleaned out the ambulance chasers."

ANCIENT SECRETS OF NECROMANCY REVEALED

Professor Lanord, for Fixed Charges, Tells How to Secure Priceless Information; In Grip of Federal Law.

(By Morning Journal Special Leased Wire.) Chicago, Nov. 26.—Extracts from literature purporting to reveal the history of necromancy, were given out today in connection with the case of Felix Markiewicz.

"Prof. Lanord," now under bonds of \$1,000, charged with using the mails to defraud, was as follows:

Some of the "Secrets" revealed with the alleged prices attached, were as follows:

How to compel a thief to return stolen money, price \$25.00. Kneel before the words of the apocryphal Eve and tell her of the crime. Go home and without speaking to your wife, fast for three days and then walk out on the street. The first person you meet will return to you your stolen money or property.

How always to win at cards, price \$25.00. To those who would always win at games of chance, rub a powder of dried bread crumbs on the back of the cards. You will find that the cards will become transparent and that you can see what is in your opponent's hands. If this should fail, find a flock of pigeons and stand under them for half an hour.

NIGHT OF HORROR EXPERIENCED ON GREAT LAKES

Steamer Runs Into Heavy Seas, Loses Way in Snow Storm, Is Struck by Furious Gale and Sinks Near Shore

(By Morning Journal Special Leased Wire.) Sault Ste. Marie, Mich., Nov. 26.—Detailing the harrowing experiences which they passed through Saturday night and Sunday when the steamer South Shore went to the bottom of Grand Marais, Mich., members of the crew of the ill-fated boat arrived in the city today.

"I have sailed the Great Lakes for forty years and never have encountered such an experience as this one," said Arthur King, first fireman on the South Shore. "We ran into heavy seas about 5 o'clock Saturday night while trying to make a landing at Grand Marais. We could not see the light there, the blinding snow being intense and we turned out into the lake to fight the storm for our lives."

"From that time on the experience was terrible. Early in the night Stanley Ennis, fireman with me, took sick and was unable to work."

"It was not long after the boat struck the sea that her seams opened and at times the water poured through like a waterfall. I was standing in water up to my waist at the fire hole and the deck hands were passing coal but almost as fast as they could pile up the coal the water washed it overboard."

"Tells the Whole Story." To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops Jaundice, coughs and has a healing and soothing effect. Remember the name, Foley's Honey and Tar Compound and accept no substitutes. J. H. O'Reilly Drug Co.

CALL MONEY RISES TO 12 AND FALLS 3 PER CENT

Stocks Respond to Erratic Course of Financial Transactions Displayed on Wall Street During Day.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—The erratic course of the money market today was reflected in operations in stocks, although quotations were appreciably steadier than was the case yesterday.

Call money, opening at 9 per cent, quickly advanced to 12 per cent, and remained there until 11 per cent, when it declined steadily until before the close money was offered at 2 per cent.

There was some further falling in of loans owing to the demands of interior banks and it was suggested also that "Window dressing" for the expected call from the comptroller for a statement of the condition of National bank played a part in the action of the money market.

The more urgent demands for funds were quickly satisfied, however, and during the last part of the day, call loans were in small request. Time loans hardened in sympathy with the movement of call money.

The stock market was relieved today of pressure from abroad. On more reassuring news of the European political situation, the foreign markets improved and there was a sympathy in the advance on the home exchange at the opening. Interest was centered largely on the money market and when call loans rose to 12 per cent, quotations fell off sharply for a time. With the easing of money, however, the market steadied and toward the close prices rose to the highest point of the day.

The bond market was under pressure today with some large blocks of semi-speculative issues changing hands. Total sales, par value, \$2,250,000.

Treasury Statement.

Washington, Nov. 26.—The condition of the United States treasury at the beginning of business today was: Working balance, \$89,499,242; Treasury and Philippine treasury, \$23,515,913.

Total of general fund, \$146,897,723.

Receipts yesterday, \$1,115,281; Disbursements, \$956,331.

Deficit this fiscal year, \$1,016,222; as against a deficit of \$22,856,848 last year.

The figures for receipts, disbursements and deficit exclude Panama canal and public debt transactions.

Chicago Board of Trade.

Chicago, Nov. 26.—Wheat and corn in price here today, chiefly because European quotations appeared to make a war scare absurd. The market closed heavy, 1 1/4 to 1 1/2 cent under last night.

Heavy receipts and a big increase in the visible supply tended further to discourage the wheat bulls. May ranged from 90 1/4 to 91 1/4 cents, with last sales at 90 1/4 cents.

Larger receipts and fine weather depressed corn. May fluctuated between 47 1/4 to 47 1/2 and 48 1/4 cents.

closing easy, 1/4 cent net lower, at 47 1/4 to 47 1/2 cents. Cash grades were heavy.

Covering by shorts kept the oats market relatively steady. May closed 1/4 to 1/2 cent off, at 32 1/2 to 33 cents.

Stock yard houses unloaded provisions and active deliveries underwent a net decline of 5 to 7 1/2 to 17 1/2 cents.

Chicago, Nov. 26.—Wheat, December, 84 1/2; May, 90 1/4; July, 87 1/2; Corn—December, 47 1/4; May, 47 1/4; 47 1/2; July, 48 1/2.

Oats—December, 31 to 31 1/4; May, 32 1/4 to 32 1/2; July, 32 1/2.

Mess Pork, per bbl., Jan. \$19.22 1/2; May, \$18.50.

Lard, per 100 lbs., Dec. \$10.90; Jan. \$10.64 1/2; May, \$10.15.

Short Rib, per 100 lbs., Jan. \$10.22 1/2 to 10.25; May, \$9.85.

The Metal Markets.

New York, Nov. 26.—Copper, firm; standard spot, \$17.10 to 17.40; November to February, \$17.10 to 17.40; electrolytic and lake, \$17.50 to 17.87; castings, \$17.25 to 17.37.

Tin, dull, spot to January, \$49.50 to 49.90.

Lead, steady, \$4.45 to 4.55.

Spelter, steady, \$7.35 to 7.55.

Antimony, quiet; Cookson's, \$10.50.

Iron, steady and unchanged.

Visible Grain Supply

New York, Nov. 26.—The visible supply of grain in the United States Saturday, November 23d, as computed by the New York Produce Exchange, was as follows:

Wheat, 55,569,000 bushels; increase, 5,332,000.

Wheat in bond, 4,224,000; increase, 1,188,000.

Corn, 1,530,000; decrease, 328,000.

Oats in bond, 52,000; decrease, 69,000.

Rye, 1,649,000; decrease, 7,000.

Barley, 4,174,000; decrease, 450,000.

Hay in bond, 203,000; decrease, 112,000.

The Wool Markets.

Boston Wool. Boston, Nov. 26.—With rapidly depleting bins and values holding firm on all lines, the domestic wool trade is becoming interested in the 1913 clip.

Trading in the old stock continues on broad lines, but with a slight decrease in the size of transfers. Medium quality fleeces are said to be very scarce, although the higher grades sell readily. In territory stock the inquiry covers both original bags and graded wools. Texas and California wools are dull.

Scoured basis: Today's fine six to eight months, 55 to 57 cents; fine twelve months, 65 to 65 cents; fine fall, 47 to 48 cents.

California Northern, 51 to 52 cents; middle, 48 to 48 cents; southern, 47 to 48 cents; full free, 48 to 49 cents.

Oregon eastern No. 1 stable, 61 to 62 cents; eastern stable, 61 to

REGISTRATION FOR BOND ELECTION IS LIGHT

Not More Than Ten Per Cent
of Vote Will Be Cast Unless
Voters Hurry, Says Superin-
tendent of Schools Milne.

PLACES OF REGISTRATION.
First Ward—New Mexico
Clear Company's store, 115 W.
Central avenue.
Second Ward—Alameda Pharmacy, corner of First street and
Gold avenue.
Third Ward—The Smoke
House, Gold avenue, between
Second and Third streets.
Fourth Ward—H. Rupp's
drug store, Central avenue, near
Second street.

Despite the efforts made by the
board of education to secure a heavy
registration for the special bond elec-
tion to be held December 10th, not
more than 10 per cent of the total
vote at the general election has been
registered, according to John Milne,
superintendent of schools.

Persons who favor the issuance of
the bonds for building a new high
school are responsible for the light
registration, Mr. Milne believes. They
are positive the bonds will carry
without their votes and therefore do
not take the trouble to register.

Mr. Milne does not doubt that a
real majority of the voters favor the
bonds, but with only 10 per cent regis-
tered, the opposition may win. It is
taking a chance, at least, Mr. Milne
says, and he is urging every voter to
qualify himself to vote. No one not
registered will be allowed to cast a
vote at the special election.

Mr. Milne realizes that it is the ten-
dency of many persons not to regis-
ter until the last hour, but the pro-
positional last hour is now. The
bonds will come Thursday night. They
will be voted Thanksgiving day.
The registration is heaviest in the
Fourth ward. Members of the school
board have been working among the
voters there and the registration is
fairly representative of the vote that
ward usually polls.

The board of education has had
printed one thousand handbills urg-
ing registration. This constitutes all
of the board's campaigning with the
exception of the work of individual
members among their friends.

GENERAL AUTOMOBILE REPAIRING.

FOUR-YEAR-OLD GIRL HAS NARROW ESCAPE WHEN HIT BY AUTO

The four-year-old daughter of J. T.
Norton, bookkeeper at the Sunshine
Cremery, had a very narrow escape
yesterday afternoon when she was
struck by W. H. Hahn's automobile.
The car at the time was being driven
by a lady whom Mr. Hahn was teach-
ing to drive.

The little girl, accompanied by her
mother, with another child, and her
grandmother, had just got off the
southbound car on the second street
line, and all were making for the
sidewalk at the corner of Second
street and Central avenue.

The automobile came west on Cen-
tral avenue and turned into Second
street. At first, the driver tried to
get by the party close to the curb,
but there was danger of hitting the
grandmother there, and an attempt
was made to pass nearer the curb.
The car struck the girl, then slid a
little and one wheel passed over the
leg of the little girl, who was knock-
ed down. Medical attention was
rendered at once, but it was found
that the child had escaped with nothing
more serious than a fright.

BURGLARY WARRANT IS TO BE ISSUED FOR PRESTON

Man Arrested with Jewels in
His Possession to be Ar-
raigned Before Justice Craig
Next Tuesday.

Tom Preston will be arraigned be-
fore Justice of the Peace George R.
Craig next Tuesday on a charge of
burglary. District Attorney M. U. Vi-
gil, upon the application of Chief of
Police Thomas McMillin, will issue a
warrant today.

Jewels stolen from the Bennett
curio store were found in Preston's
possession when he was arrested Sun-
day night. Whether he will be charged
with this burglary or only with enter-
ing the store of Joseph Mahboub, 111
South First street, will not be known
until the police finish their investiga-
tion.

Ora Neel, who was arrested on sus-
picion that he was Preston's com-
panion in the Mahboub burglary was
released yesterday. The police are on
the lookout, believing that Preston's
companion may have remained here
and may attempt to enter another
store.

The police are certain that Preston
was not alone. In fact Tony Guavara,
merchant policeman, who arrested
him while he was hiding three suits
of clothes in an alley, saw another
man talking near Guavara says they
were talking, but Preston says the
man was a stranger to him.

PAPE'S! BREAKS A COLD AT ONCE

First Dose of Pape's Cold Com-
pound Ends All Grippe
Misery.

You can surely end Grippe and
break up the most severe cold either
in head, chest, back, stomach or
limbs, by taking a dose of Pape's Cold
Compound every two hours until
three consecutive doses are taken.
It promptly relieves the most dis-
tressing headache, dullness, head and
nose stuffed up, feverishness, sneez-
ing, sore throat, mucous catarrhal dis-
charges, running of the nose, sore-
ness, stiffness and rheumatic twinges.
Take this wonderful Compound as
directed, without interference with
your usual duties and with the knowl-
edge that there is nothing else in the
world, which will cure your cold or
cold Grippe misery as promptly and
without any other assistance or had
after-effects as a 25-cent package of
Pape's Cold Compound, which any
druggist can supply—accept no sub-
stitute—contains no quinine—belongs
in every home. Tastes nice.

CHIEF ENGINEER OF ARMY SPENDS THE NIGHT IN CITY

Brigadier General W. H. Bixby,
Unable to Sleep on Train,
Stops Off to Acquire Needed
Rest at Hotel.

Accompanied by his wife and his
aide, Lieutenant F. L. Harvey, Gen-
eral William H. Bixby, chief engineer
of the United States Army, arrived last
night from the west. He spent the
night here.

At 9 o'clock last night, General
Bixby had retired to his room and de-
cided to be interviewed. He is on his
return east after a visit on the coast.
He stopped over here to secure need-
ed rest, as he was unable to sleep on
the train.

General William H. Bixby is a nat-
ive of Massachusetts, and is sixty-
three years old. He has been engaged
on some of the largest engineering
works ever carried out by the army
engineering corps, and is not only a
graduate of West Point, which school
he was appointed while a student at
the Massachusetts Institute of Technol-
ogy, but is also a graduate of the
French government school of bridges
and highways. He was assistant pro-
fessor of engineering at the military
academy from 1875 to 1879, and lec-
turer on coast defenses at the naval
college in 1887. In 1888 he was sent
to attend the maneuvers of the French
army and the next two years investi-
gated and reported upon iron fortifi-
cations in Europe. He was inspector
of ruined buildings in Charleston, S.
C., after the earthquake in 1887 and
was at different times in charge of
river and harbor improvements in the
Carolinian, Virginia, Connecticut, Mas-
sachusetts, Rhode Island and the
Ohio river basin.

Since 1908 he has been president of
the Mississippi river commission, and
has besides carried on other work of
great importance. The list of hono-
rary and scientific societies of which
he is a member reads like an English
lord's titles.

General Bixby will continue his
journey to the east today.

DANIEL GARCIA IS STILL AT LARGE IN SANDOVAL

Rustler Wanted for Complicity
in Death of Hipolito Lucero
Has Not Been Captured; Be-
lieved to be Near Home.

The latest development in the
chase after Daniel Garcia, wanted for
complicity in the theft of three hun-
dred sheep from Moses Abouselman
Friday, and for the murder of Deputy
Sheriff Hipolito Lucero Saturday,
when the posse overtook him and his
cow partner, Placido Archuleta, is
that he is believed to be in hiding
near his home town, Jemez Springs.

Deputy Sheriff Archuleta, Lucero has
returned from the chase and will be-
gin investigations close to Jemez, fol-
lowing up the clues which lead to the
belief that the desperado is still close
to that place. First reports that Gar-
cia was killed have not been substan-
tiated, and he is thought to be still
at liberty, but in hiding.

Lucero has offered a reward of \$25
for the capture of Garcia, or for any
information as to his whereabouts.
The posse which ran down the rustler
Saturday evening was composed of
Mr. Abouselman, Hipolito Lucero,
Manuel Trujillo, Adrian Trujillo, Sisto
Martin and Deslene Valdere.
The latest story of the finding of
the rustler is that Lucero saw them
and called to them to surrender,
which they answered by taking up
positions in an arroyo and opening
fire. Lucero is credited with the shot
which later caused Archuleta's
death, and Garcia is supposed to have
fired the bullet which ended Lucero's
life. Abouselman was shot in coming
to the rescue of Lucero, and Garcia
escaped while the others were trying
to restore Abouselman to consciousness.

Mr. Abouselman is now at the Siste-
ros' hospital at Jemez pueblo, where
he is being attended by Dr. Brock.
There seems to be no question but
that he will lose his arm, and there
is grave danger that he may lose his
life. If he survives, it will be several
days before he can be brought to a
hospital here, but will most likely be
brought to this city when that time
arrives.

SLAIN DEPUTY SHERIFF
BURIED AT BERNILLO.
The funeral of the murdered deputy
sheriff, printed in the Journal yesterday
morning, was correct according to
the information of Luciano Mondragon,
of Bernillo, who was in Albu-
querque last night.

The funeral of Hipolito Lucero, the
dead officer, was held yesterday at

Hudson for Signs Wall Paper

HUDSON Fourth
for Picture Street and
Frames Copp Ave.

But Two Days Are Left in Which to Register

Every voter who intends to
cast a ballot at the special elec-
tion called for December 10, at
which time the proposition of in-
suing \$100,000 in bonds to build
a new high school for Albuquer-
que, will be voted upon, have
but today and tomorrow in which
to register.

Despite the fact that tomorrow
is a legal holiday, the places of
registration in the various wards
will be kept open, if being the
last day for registration, that all
voters who desire may register.

The law makes it compulsory
for a person who votes to be reg-
istered. For an election such as
the one next month, the swear-
ing in of voters is not permitted,
as at general elections.
It is imperative that a big ma-
jority be rolled up for the bonds
in order to make their sale a
slight edged investment, and it is
for this reason that all voters are
urged to register.

Do not put it off until tomor-
row, but go to the registration
place in your ward today, Mr.
voter, and see that your name is
placed on the list, so you may
vote for the bonds.

Bernillo. That town was the birth-
place of Lucero, although he had
moved away seven years ago, and a
majority of the population attended
the funeral. Services were held in the
Bernillo church, but mass was not
said on account of the late hour in
the day when his body arrived.

Mondragon heard that James H.
McHughes, of the mounted police,
and a hastily organized posse are on
the trail of Garcia who escaped from
the camp under fire, but he was not
willing to confirm this report.

THE TIME TO SAVE YOUR HAIR IS NOW

Newbro's Herpicide is the one reme-
dy on your druggist's shelves which
may always be depended upon.

Instead of complaining to your
friends and mourning over your loss
of hair, call upon your local druggist
and purchase a bottle of Newbro's
Herpicide.

It is the first and original remedy,
guaranteed to kill dandruff, stop it-
ching and check falling hair.
You can get the hair you have
much easier than you can grow new.
The time to save your hair is now.
The remedy for doing it is Newbro's
Herpicide.

The same opportunity never comes
but once.

Newbro's Herpicide in 50c and \$1.00
apices is sold by all dealers who guar-
antee it to do all that is claimed. If
you are not satisfied your money will
be refunded.

Applications at good barber shops:

FATHER OF JUDGE EDWARD R. WRIGHT DIES AT CAPITAL

(Special Dispatch to the Morning Journal.)
Santa Fe, N. M., Nov. 26.—Arthur
M. Wright, of Waterville, N. Y., died
today at the residence of his son,
Judge Edward R. Wright, in this city.
The deceased was 63 years old and
came to Santa Fe in September, this
year, in the hope of benefiting his
health, which had been failing, fol-
lowing an attack of pneumonia in the
spring. The interment will be at Wa-
terville, the old family home. The
widow and son of the deceased leave
with the body for the east tomorrow
afternoon.

Joseph McCaffrey, Vice Pres. for
Neb. Greeters of America, Omaha,
states: "I cheerfully recommend
Pape's Honey and Tar Compound as a
sure cure for coughs and colds. I
have used it myself and have recom-
mended it to others who have since
told me of its great curative power
in diseases of the throat and lungs."

LUNA FUNERAL FILM TO BE SEEN HERE THIS WEEK

George M. Noble Leases Gem
for Exhibition of Motion Pic-
tures of Burial of New Mexi-
can Statesman.

Arrangements have been completed
by George M. Noble, owner of the
motion pictures of the Luna funeral,
made here at the time that statesman
was laid to rest, for the exhibition
of this film in the Gem theater on
Thursday, Friday, Saturday and Sun-
day. Mr. Noble has leased the the-
ater for that time and will then give
Albuquerqueans their first chance to
see the picture.

This is the first time the film has
been shown in any city. Mr. Noble be-
lieving it right to give the local peo-
ple the first chance at the film, as it
was made here.

The picture is a very complete one,
showing scenes of all phases of the
funeral and in addition showing pic-
tures of the Luna home ranches and
other points of interest in the career
of the great man.

nese wares, Clarke's Store.

HOLIDAY BUSINESS IN PIANOS NOW ON WITH RUSH

Learnard-Lindemann Co., the
City's Leading Music House,
Reports Christmas Buying
Heavy This Early in Season.

Already a heavy Christmas trade in
musical instruments has begun to
manifest itself in the local market.
The Learnard-Lindemann Co., Albu-
querque's foremost and most progres-
sive music house, reports that the
buying of pianos, attachments, and
other musical instruments for Christ-
mas has been the heaviest experienced
in years.

Such a condition is due probably to
three causes: The general prosperity of
the community, the turning of people to
musical instruments for presents and
the constantly increasing confidence
in which the Learnard-Lindemann Co.
is held by the general public.

Anticipating an unusually heavy
holiday business this local house
stocked all lines to the limit. The
lines of pianos, piano players and all
of the many piano attachments and
appliances are carried in a remark-
ably complete variety.

At the Learnard-Lindemann store,
264 West Gold avenue, everything de-
sirable for Christmas presents in the
way of musical instruments is to be
had. In line with its policy of accom-
modation to customers this house is
making a special holiday proposition,
whereby it is possible to pick your
instrument now while the line is un-
broken and to have it delivered any
time you may desire.

The quality of any instrument sold
by the Learnard-Lindemann Co. is
well recognized. With such instru-
ments, sold on such a proposition,
there is no cause for wonder at the
volume of holiday business already
being done by this house.

Chas. S. Hedrick, 146 E. 2nd St.,
Hastings, Neb., writes: "I have been
troubled with severe pains in my back
and kidneys, and pains were espe-
cially severe mornings. I have used
three boxes of your Foley Kidney Pills
and the pains have entirely left me. I
now feel well as ever."

Store will be closed all day, Thanks-
giving. E. W. F.

YOUTHFUL PUPIL OF A NO. 1 ON WAY TO HIS HOME

Thanksgiving Dinner Too Much
of a Temptation to be Re-
sisted by Russell Chenea,
Who Lives at Trinidad.

Russell Chenea, 18 years old, a
youthful pupil of the famous tramp
"A No. 1" is on his way home for
Thanksgiving.

A No. 1, Jr., has been on the road
more or less since he was 8 years
old, according to his own statement,
but he still is young and visions of
roast turkey and cranberry sauce,
prepared by his mother, Mrs. George
Chenea, 325 College avenue, Trinidad,
Colo., were too strong a temptation
to be forgotten by one of his unhard-
ened ones.

Young Chenea's schooling under the
veteran tramp A No. 1 was brief. It
was a three weeks' course, the boy
said yesterday, and he thought the
last ever given by A No. 1, for a week
after Chenea left him he was report-
ed to be ground to death under the
wheels of a train near Tucson, Ariz.
The boy says he painted A No. 1's
trade mark.

After he left A No. 1, Chenea wan-
dered to Phoenix, Ariz., and remained
there until two weeks ago when he
traded the "blind" into Albuquerque
one night—he didn't remember just
when. He has not seen his mother
for nearly two years, and he was
thinking of going home when he
came here.

Yesterday the boy tramp went to
the postoffice here. "It was just an
accident," he said. "I never go near

Very truly yours,
J. M. DODD,
209 South 15th St., Paris, Texas.

I feel I owe it to you to let you
know what Dr. Kilmer's Swamp-Root
has done for me. I was bothered for
about twelve months with backache
and kidney trouble, also annoying
urinary and was badly run down.
After using Swamp-Root, was restor-
ed to health. I am local distributor of
Paris and can say too much for
Swamp-Root. I am now in good
health.

Very truly yours,
J. M. DODD,
209 South 15th St., Paris, Texas.

Sworn and subscribed to before me,
this 19th day of February, A. D. 1912.

Prove What Swamp Root Will Do
For You.

Sand to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Albuquerque Morning Journal. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

a postoffice, but I thought there
might be a letter from my mother
there. Chenea, like his mother,
speaks "tough" talk and speaks as
correct English as any boy of his
years who has spent his time in
school instead of riding the rods.

"I got this," Chenea continued,
pulling from his pocket a letter.

His mother threatened to send him
to the reformatory unless he came
home. She has been trying to find
him in cities in New Mexico and Ariz-
ona. She heard that he had driven
a car in the auto races at Raton and
went there last Friday in search of
him, she wrote. The letter decided
the boy.

"I'm going home this once to see
her again," he said. "She might have
me locked up. Then I wouldn't be
able to get away, would I? I'm going
to take a chance. I'm going out on
No. 2 this afternoon." He was at the
Santa Fe station then, waiting for the
train.

Chenea said his home was in In-
dianapolis, Ind., but that his mother
and step-father came to Trinidad
about two months ago.

Train No. 2 was steaming past the
station, and the boy gazed at it crini-
cally.

"Long cars," he said half to him-
self. "I could ride on top, but it
would be too cold going over Glor-
ietta hill. I guess I'll try for the
'blind'."

"A No. 1 has taken me places I'd
never go by myself—on the trucks."
"So long."

A No. 2 walked along the track be-
side the train, but Station Master Ed
Sindelar was keeping a close lookout.
The boy disappeared, but just as No.
2 was pulling through the north end
of the yards a plump little figure
scurried out from behind a string of
freight cars and caught the rear end
of the tender. He pulled himself up
and nestled in the blind, and the
youthful protégé of A No. 1 was on
his way home.

FINAL REHEARSAL OF ELKS SHOW IS HUGE SUCCESS

Chorus Does Some Fancy
Singing and Solo Numbers
Splendid; Monologue by Lan-
ham Is Added to Program.

The final rehearsal of the Elks' big
minstrel extravaganza was staged last
night and went off so smoothly that
the success of tonight's show is as-
sured. The chorus went all through
its songs three times, and the solo
numbers were gone through twice.
Some exceptionally clever numbers
were sung.

A new number was added to the
schedule last night, when Frank V.
Lanham was programmed for a mono-
logue. This monologue is about as
racy a bit of negro dialect as has
been heard here. It may be sold
know about it, he'd raise the speed
limit. Not that it is too racy, it is
just what a monologue ought to be.
And Lanham delivers it with all the
ease and aplomb of a dandy orator at
his best.

Then declared himself well pleased
with the showing made last night and
it was indeed creditable.

Those who have not heard at least
one of the rehearsals can hardly be
given an adequate idea of how good
the show really is. There are some
very good voices in the chorus, and
these are used to good advantage in
the concerted numbers. The sextette
from Lucia, as burlesqued by six stars,
is some song. It is so good that even
the highbrows, who raise their hands
in horror at the "taking off" of any-
thing so sacred to the classic musi-
cians, will appreciate and applaud it.
And it strikes the Philistine right on
his funny bone.

One song which will make a solid
center bulge is the solo by
Hugo C. Meyers. This is some song,
better by far than a popular or light
comic song is in ninety-nine out of
every hundred cases, but not too
close to be catchy. It's a real song,
and Meyers sings it the way it ought
to be sung. Of course, it's an Elks'
song, but all the better for that. It is
called "Here's to a Friend in Stormy
Weather."

The sale of reserved seats has been
good, but there are still a few good
ones left at Mutton's for both tonight
and tomorrow night.

PARIS, TEXAS, MAN WHO IS GRATEFUL

Cream Cake

Makes You Hungry to Look at It

By Mrs. Janet McKenzie Hill, Editor of
the Boston Cooking School Magazine.
When company arrives unexpectedly,
this cream cake often covers an other-
wise embarrassing situation, for it
answers the place of any other dessert
as it can be stirred up quickly.

A Cream Cake
One-half cup butter; 1 cup sugar;
yolks of 2 eggs, beaten light; 1 1/4 cups
sifted flour; 2 level teaspoons K C
Baking Powder; 1/4 cup cold water;
whites of 2 eggs, beaten stiff.

Cream the butter; add the sugar,
yolks of eggs and water; then the flour,
sifted three times with the baking pow-
der; lastly the whites of eggs. Bake in
two or three layers; put these together
with cream filling, and dredge the top
with confectioner's sugar.

THANKSGIVING TO BE OBSERVED IN ALBUQUERQUE

Union Services at Lead Avenue Methodist Church Tomorrow Morning Will be Most Notable Event of Day's Program.

Thanksgiving will be observed in Albuquerque tomorrow, as it will in every other city of the country, the day being a holiday, with special union church services as the principal event. The church services in this city will be held at the Lead Avenue Methodist church beginning at 10:30 a. m. Rev. Thomas L. Dyer, pastor of the First Congregational church, will deliver the sermon. There will be special music by the Lead Avenue church choir, augmented for the occasion. Others who will participate in the special services, for which a stated program has been arranged, are Rev. H. P. Williams, who will read the Thanksgiving proclamation of President Taft; Rev. S. E. Allison, who will read the proclamation of Governor McDonald; Rev. W. S. Oberholzer, who will lead in prayer; Rev. P. W. Longfellow, who will read the scripture lesson, and Rev. Hugh A. Cooper, who will deliver the benediction. These services are for the general public, as well as for the congregations of the Protestant churches in the city, and it is expected that the large auditorium of the Lead Avenue church will be taxed to its capacity to accommodate those who will wish to attend.

All the stores will close for the day, as will also the banks. The postoffice will observe Sunday hours. All federal offices and those of county officials also will be closed.

Many dinner parties, family reunions and other festivities will be enjoyed in Albuquerque, with the Elks minstrel show, which gives its first performance tonight, with another performance tomorrow night as the principal event of amusement for the day.

The University of New Mexico will close today, giving the students a brief vacation, sessions not being resumed until Monday.

SCHOOLS WILL CLOSE

TODAY UNTIL MONDAY. All public schools and the high school will close at the end of this afternoon's period to remain closed until Monday morning.

Programs have been prepared by teachers in the ward schools to be given this afternoon. Recitations on Thanksgiving day topics and songs will be the entertainment. Some of the programs will occupy nearly all the afternoon session and the children have been urged to invite their parents to attend.

No entertainment is to be given at the high school, but in addition to the ward schools, the Albuquerque Indian school and the Harwood industrial school are to have holiday exercises.

The program at the Indian school is to be rendered at 7:30 o'clock tonight. It follows:

Song, "Robin Red Breast," school, Governor's Thanksgiving proclamation, Jose Abella.

Composition, "Customs Among the Puritans," Paul Devine.
Recitation, "A Child's Thanksgiving," primary pupils.
Song, "Pat-a-Cake," kindergarten.
Recitation, "Calendar of the Months," Evaristo Abella.
Recitation, "Why We Give Thanks," seven first grade pupils.
Song, "Thanksgiving Day," third grade.
Recitation, "The Story of the Pilgrims," Mary Thompson.
Recitation, "Thanksgiving Song," three second grade pupils.
Song, "Sowing," primary class.
Recitation, "That Things Are No Worse, Sir," Amy Beardsley.
Recitation, "Plymouth of Long Ago," four third grade pupils.
Song, "Why Mr. Gobbler Changed His Tune," first grade.
Recitation, "Something About Giraffes," Tommy Hathorn.
Recitation, "The Indian's Welcome," Francisco Trujillo.
Drawing, "The Thanksgiving Turkey," Andrew Phillips.
Recitation, "Making the Jack-o-Lantern," Henry Hunt.
Recitation, "A Thanksgiving Fable," Agnes Gunn.
Song, "Come, Ye Thankful People, Come," school.

The Harwood school's entertainment is to be a concert, complimentary to the public. It will begin at 2 o'clock tomorrow afternoon. The program follows:

Chorus, "Oh Lord Most Merciful," Invocation.
Hoop drill.
"Yes, I'm Guilty," Josie Mosseman.
"In the Keys," Ruth Webster.
Chorus, "Oh, Praise the Lord."
"A Bow of White Ribbon," Leonidas Montoya.
"A Goose Tale," Katherine Alderetti.
Chorus, "Landing of the Pilgrims."
"A Widow and Her Only Child," Eloise Montoya.
"A Christmas Story," Lonchita Perez.

A Japanese Courtship.
Reading, selected.
Decision of Judges.
Presentation of medal, The Rev. C. O. Beckman.

MANY DINNERS FOR POOR FURNISHED BY CHILDREN

The philanthropic department of the Woman's club yesterday distributed among the poor forty-three Thanksgiving dinners, prepared from the donations of school children. Mrs. H. B. Ray, who has charge of the distribution, today will send out seven more dinners, and still enough will be on hand to supply later demands. The philanthropic women placed large boxes in all the ward schools and high school Monday night, and the children yesterday morning filled them with food and clothes. The money contributions totaled \$3. The boxes were collected after school had taken up, and the club members who carried on the charitable work filled boxes for distribution. Each box contained enough for a family dinner.

One box contained sugar, coffee, potatoes, apples, peas and corn, to-matoes, breakfast food, bread, preserves and chicken. That is a sample of what the others contained, although the menus were altered somewhat, of course, on account of the variety of the donations.

In two of the schools the boxes were placed under the coat racks, and several boys' caps fell into them. The boxes were carried away, and at noon a number of school boys were chasing about town, hunched to trace the boxes taken from their schools.

The donations were generous. Mrs. Ray said last night, and there is more than enough to give dinners to all the persons on the club's list. Other names will be furnished later, however, she believes, and the club women will be prepared to meet all demands until Thanksgiving.

The clothes contributions also were large. Mrs. Ray now has the clothes at her home. The members were as busy yesterday in preparing dinners that they did not have time to attend to giving away the clothes. This will be done later.

SALVATION ARMY WILL WAIT UNTIL CHRISTMAS

The Salvation Army will not give dinners to the poor Thanksgiving. The Albuquerque corps, on account of the active charity work carried on by the Woman's club, has decided to reserve its efforts until Christmas. The army then will distribute probably one hundred dinners. That number of baskets already has been ordered, and the army workers will next week begin soliciting funds to purchase provisions and food to fill them.

CATARRH

Breathe Booth's HYOMEI and Refreshing Relief Will Come in Three Minutes

Australian Eucalyptus is a non-irritating, germ destroying liquid that is largely used by Catarrh and Throat Specialists and by physicians of the modern school.

HYOMEI is Australian Eucalyptus combined with the best of Listerian Antiseptics, and when breathed through the inhaler into the lungs over the sore, inflamed membrane of the nose and throat it surely destroys the pernicious catarrh germs and ends all catarrhal misery. For Catarrh, Coughs, Colds and Croup Booth's HYOMEI is guaranteed to give satisfaction or money returned. Try it on that honorable basis; the directions are easy to follow and a complete outfit (inhaler and bottle of HYOMEI) can be obtained at drug-gists for only \$1.00. Extra bottle, if afterward needed, only 50 cents. J. H. O'Reilly Co., recommends Booth's HYOMEI.

INSTALLMENT PLAN HOUSE-BUILDERS ARE SUE

Men Who Purchased Materials for Dwellings from Lumber Company and Then Failed to Pay Are Made Defendants.

The installment plan as applied to the building of houses is a failure, according to the mute evidence produced yesterday. This evidence consisted of two suits filed by the New State Lumber Company against men whom it is alleged are indebted to that concern for lumber, glass, and other materials used in the erection of houses, for which they agreed to pay on the little-down-and-more-each-month scheme.

The first is Max Madrid, who is said to owe the concern \$116.12. Max agreed to fork over \$10 on the fifth and twenty-second days of each month, according to the complaint, but failed to keep up with the provision. A lien was filed on his property by the company, and now he is asked to pay attorney's fees for drawing the lien, a \$2 fee for filing it, the principal of his alleged indebtedness, attorney's fees for making him pay it, court costs and interest on the whole thing, amounting in all to something like \$110. The real estate on which the house is located is in the Arroyo addition.

The other man is A. K. Humphrey and he is said to owe \$104.35, also for glass, lumber and materials of various sorts. His house is on a lot in the Paris addition. He agreed to pay \$25 a month, according to the complaint and on his property there is also a mechanic's lien. He, too, is asked to pay for the lien, for the services of the attorney who drew it, for the costs of being sued, an attorney's fee for the same process, and interest on everything, including the principal of the alleged debt.

A third suit by the same company was filed against C. Romero, who is alleged to owe \$77.64 on goods and materials used in a house in the Paris addition. He did not operate on the installment plan, however.

An action for a new trial in the Los Lunas court house case was argued. The motion was to the effect that the plaintiffs should give bond to protect the defendants from loss due to delays caused by them in fighting the erection of a new court house at Los Lunas.

Marrriage licenses were issued yesterday to Catalina Baca and Felipe G. Chavez, of Albuquerque, and to Antonio Romero, of Rancho de Albuquerque, and Jose L. Sandoval, of Albuquerque.

Twinges of rheumatism, backache, stiff joints and shooting pains all show your kidneys are not working right. Urinary irregularities, loss of sleep, nervousness, weak back and sore kidneys tell the need of a good reliable kidney medicine. Foley Kidney Pills are tonic, strengthening and restorative. They build up the kidneys and regulate their action. They will give you quick relief and contain no habit forming drugs. Safe and always sure. Try them, J. H. O'Reilly Drug Co.

Store will be closed all day, Thanksgiving. E. W. Fee.

PAROLES ISSUED TO EIGHT CONVICTS BY EXECUTIVE

Governor McDonald Exercises His Power on Recommendations Made by Board Having Matter in Charge.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Nov. 26.—Governor McDonald this afternoon approved and signed eight applications for parole, recommended by the penitentiary board at its last meeting. In every case the minimum sentence had been served and the record of the men was excellent. Those paroled follow:

Robert Swan, of Lincoln county, convicted of larceny and sentenced to serve from two to three years. Swan was a trusty and has an excellent record.

Eliseo Chavez, of Socorro county, convicted of larceny of cattle and sentenced to serve from three to five years. This man has been engaged in road work and has a good record.

Federico Pena, of Rio Arriba county, sentenced to serve from two to three years for burglary. He also has been on the road gang and has a good record.

Bedford F. Menasco, of Grant county, convicted of perjury and sentenced to serve from ten to twelve months. Menasco is a painter and has done ex-

cellent work in this line for the penitentiary, besides having a splendid record otherwise.

Carlos Brito, of Torrance county, convicted of larceny of harness and sentenced to serve from one to two years. He has a good record and did satisfactory work on the road gang.

Albino Ayvilla, of Grant county, convicted of manslaughter and sentenced to serve from five to ten years. His record before and also during his time in the penitentiary has been excellent and he also had recommendations for good conduct.

In the case of George W. Ford and George B. Brown, both of Torrance county, the men had served their entire sentences, but in each case they had drawn fines of \$200 in addition to their sentences. Under the present law, the governor says, there is no limit to the length of time that a man must serve to pay his fine, and as both men had unblemished records, the governor exercised his power and freed them from further confinement.

A SOUR, GASSY. UPSET STOMACH

"Pape's Diapiesin" regulates your stomach and ends indigestion in five minutes.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you ate has fermented into stubborn lumps; if your head dizzy and aches; if belch gases and acids and eructate undigested food; if breath foul, tongue coated—just take a little Diapiesin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

STEPS ARE TAKEN TO REBUILD EL RITO NORMAL SCHOOL

Board of Trustees at Meeting Appoint Member to Receive Insurance Money Which Will be Used for This Work.

(Special Dispatch to the Morning Journal.) Santa Fe, N. M., Nov. 26.—As a result of a meeting of the trustees of the Normal school at El Rito, Charles Campbell, a builder, has been sent to El Rito to estimate the probable cost of replacing the building in its former condition. The insurance company sent a notice to the board to the effect that it was ready to turn over the \$10,000 insurance money, and Samuel Eldred, a member of the board, was selected to receive the money.

There were sixty-two pupils enrolled at the school when it burned and through the activities of J. W. Beck, a member of the board of trustees, living at El Rito, the school continued its sessions in rented quarters without missing a day.

The general opinion seems to be that the insurance money will be sufficient to rebuild the institution, the walls being unamaged, according to report.

It has also developed that the school is fixed at El Rito in the constitution, and it would, therefore, take a constitutional amendment to remove it to any other place.

Shadow dance, Colombo Hall, Thursday night. Booster orchestra.

ARREST OF GROOM SADLY INTERRUPTS COUPLE'S HONEYMOON

(Special Dispatch to the Morning Journal.) Las Vegas, N. M., Nov. 26.—When Mr. and Mrs. William Slaton were married yesterday by Probate Judge Adolpho Tolosa, they anticipated a pleasant honeymoon. They were disappointed, however, when they were appointed for Chief of Police Ben Cole, at the request of the bride's sister, Kate Sanchez, arrested the newly weds last night. Slaton was charged with bigamy; it being asserted he has a wife in La Junta, Colo. Slaton claims he has been divorced. The girl is said to have perjured herself in stating she was of legal age to secure a marriage license without the consent of her parents. She has been released. Slaton is still in jail and will be held until it can be learned if he is a bigamist. The girl's maiden name was Lucy Sanchez. Her people were opposed to her marriage to Slaton.

Alleged Rustlers on Trial. The district court is hearing the case of Louis Tolosa and John Lumpkin, accused of stealing cattle from the Bell ranch. The men are said to be members of a gang of cattle rustlers.

DELAY ON BARELAS BRIDGE IS TO BE INVESTIGATED

Committee from Commercial Club to Learn Why Structure is Not Completed; Delay Arouses Ire of Body.

A remark by President G. A. Kaseman, that he did not understand why an outside company should be allowed to delay the completion of the Barelas bridge, precipitated a storm of discussion at the meeting of the Commercial club last night.

The climax came when A. P. Stroup made a motion that a committee be appointed to investigate the construction company's tardiness. The motion carried, and Mr. Kaseman will appoint the committee today.

The bridge, according to the contract, was to have been finished October 15th, Mr. Kaseman said. Mr. Stroup announced that not a pile had been driven this week. He related an incident of a farmer's team becoming stuck in crossing the river yesterday. The man had to call assistance to pull his horses out.

C. O. Cushman commented that Albuquerque was losing a lot of trade on account of the bridge company's tardiness.

Mr. Stroup then had something else to say. The bond furnished by the bridge builders, he declared, could not be held over them by the county as a threat to hurry the work. The surety, he believed, did not provide such a statement of the bridge company within a specified time.

Mr. Kaseman said he believed the appointment of the road commission by the governor would relieve the road situation. He trusted that would be soon.

SCHOOL BONDS ENDORSED UNANIMOUSLY BY CLUB

Mr. Kaseman paved the way to the ratification of the \$100,000 bond issue proposed by the board of education with a statement of the crowded condition of the school rooms.

The board had to turn down "pay students," he said, on account of lack of room this year. A number of students, who live outside the corporate limits of the city and who consequently have to pay tuition, really ought to be provided for in schools here, he asserted, because they are residents in fact if not legally.

Superintendent Mine made a point when he said that if the bonds did not carry at the special election December 10th, the board before many years would have paid as much rent for school rooms as the erection of a new building would cost.

W. P. Metcalf moved that a resolution endorsing the bond issue be adopted and that the secretary be instructed to word it. The resolution was unanimously adopted.

AUTOMOBILE ROAD TO SAN PEDRO DISCUSSED

A committee of members of the club had investigated the project of building an auto road to San Pedro, President Kaseman said, and had reported that it was not feasible at the present time.

Mr. Kaseman reported that he had asked the original committee, appointed to learn why the platting of Hernandez county had been dropped, to determine a way to complete the work.

SANTA FE REFUSES TO BUILD HOSPITAL HERE

The Commercial club tried four months ago to induce the Santa Fe to locate the new hospital here instead of at Clovis, Mr. Kaseman said, but learned that Albuquerque was not the logical place.

Albuquerque is twenty-two miles from the nearest point of the part of the system the hospital is intended to serve, he said. The refusal to build here came in such a form that the club could not do anything more.

Mr. Kaseman predicted, however, that the building of the shops here would make necessary a larger railroad hospital.

Craving Gone IN 36 HOURS

"I drank steadily for years from three pints to two quarts of whiskey daily. One sanatorium discharged me after six weeks as incurable. After 36 hours of the Neal treatment the craving was gone. Have worked hard ever since."—From a genuine letter among the scores we can show you, proving absolutely that the

Drink Habit

can be overcome by the NEAL 3-DAY TREATMENT. No hypodermics used. Results absolutely certain. Call upon, address or phone The Neal Institute, 216 West Stover Avenue, Albuquerque, N. M. Telephone 321.

SUNNY BROOK
THE PURE FOOD WHISKY

At some time or another nearly everyone gets an attack of the "blues," everything seems to go wrong, and the whole world has a dreary look. That is the time when a little Sunny Brook—The Pure Food Whiskey—will perform a magical change. Its rich, fragrant bouquet, and mellow flavor make it a delicious beverage—every golden drop pleases the senses and soothes the nerves. Best of all, its absolute purity and highly developed medicinal properties make its use perfectly safe—in fact, highly beneficial.

Sunny Brook—The Pure Food Whiskey—is Bottled In Bond—every bottle bears the Green Government Stamp, so that in addition to the unqualified guarantee by the largest distillers of the whiskey in the world that its quality is unimpaired, you have the assurance of the U. S. Government that every drop is pure, natural, straight whiskey unadulterated, fully matured and U. S. Standard 100% proof.

DEMOCRATIC WAR LOAN.

The El Paso Times sums up the political spoils that will be captured by the democrats of the nation when Woodrow Wilson assumes the reins next March. Should President Taft put the fourth class postmasters under civil service as he has indicated he will do before the expiration of his term, his successor may take them out of it if he wishes to do so.

There are many positions under the civil service through executive order that may be revoked by the president at any time, and it is most likely that President Wilson will have some ideas about evening up between the parties the civil payroll of the government.

Uncle Sam is not a desirable employer. He pays lower wages to his average civil servants than is paid by the ordinary business concern. The salaries of women are an exception, to that rule. Also hours are generally shorter.

But when a young man takes service with the United States, he is driving his destiny to a poor market. His superiors do not encourage initiative, promotions are slow and meager, his expenses are heavy, the red tape in which he becomes involved is strangling.

But here are the possibilities for those who are anxious for a place at the pie counter, as given by the El Paso Times:

Nine Cabinet offices, at \$12,000 each, \$108,000.

State Department, thirty-six persons, \$120,000.

Treasury Department, 122 persons, \$552,000.

Collectors of customs and assistants, \$100,000.

War Department, four persons, \$15,200.

Navy Department, four persons, \$14,200.

Interior Department, sixty-two persons, \$182,100.

Agricultural Department, twenty-eight persons, \$86,000.

Library of Congress, one person, \$4,500.

Library employee, not under civil service, \$248,160.

Civil Service Commission, three persons, \$18,500.

White House staff, four persons, \$18,500.

Postoffice Department, twelve persons, \$48,250.

Department of Justice, fifty-two persons, \$198,400.

Commerce and Labor, sixty-seven persons, \$292,400.

Ambassadors and Ministers, forty-three persons, \$419,200.

Secretaries to Embassies and Legations, sixty-four persons, \$129,175.

Consuls and Consular officials, \$1,237,000.

Interstate Commerce Commission, seven persons, \$70,000.

Commissioners of District of Columbia, two persons, \$10,000.

Federal offices numbering 8,000, outside of Washington, including postmasters of all grades, marshals and attorneys, etc., \$27,018,900.

Total, \$20,837,885.

GERMANY FOUND WANTING.

The Turks complain that the guns of the Bulgarians have a longer range than their and therefore the fighting has not been a fair test of prowess. The same charge was brought by the Spanish navy when it attempted to fight the warships of the United States. All Dewey had to do at Manila was to keep just out of range of the enemy and knock his ships to pieces.

When the Frusians fought the Austrians at Sadova and the French at Sedan, the arms of Von Moltke were far superior to those of the enemy, and it had been the belief of the Germans that their cannon were the best in the world.

But the result in the Balkans has opened the eyes of the Germans to the fact that France manufactures artillery superior to her own, and that knowledge is gall and wormwood. It requires time and expense to manufacture arms for a big force.

Germany has not engaged in war

for more than thirty years, but she has freely furnished her military men to train the armies of other nations and has sold her arms to them. Turkey has been one of her best customers. German drilled and armed Ottomans had no trouble in crushing the Greeks a few years ago, and it was the fond belief of the Kaiser that when the Balkan war, long expected, began, it would demonstrate to the world the superiority of German arms and German drill. It would show the superiority of the German army as a vast fighting machine.

Without the cost of a drop of German blood or the expenditure of a mark of German money, a great war was to strike terror into the hearts of the Frenchmen, smothering under the memory of the loss of Alsace-Lorraine.

The French took up the silent challenge and that country's ablest general visited King Ferdinand of Bulgaria, and went over the prospective battlefields and outlined a campaign to be pitted against the brain of the German field marshal, von der Goltz, the actual head of the Turkish military organization. Also the great French gun factories at Schneider-Creusot and Schneider-Creusot began straining every nerve to turn out guns superior to the German Krupp factories. The Balkans were armed with guns of French make.

The test came and Germany lost. The war plan devised by German genius, the form built by German engineers, the tactics invented by German strategists, the cannon constructed by German factories, all have been weighed in the balance and found wanting.

The test is fortunate, for it makes for the peace of Europe. For Austria and Italy are both armed with German guns and are dominated by German tactics. The triple alliance will hesitate to begin war with the triple entente until it can adjust itself to more favorable conditions of offering a better chance to win.

A JUST VERDICT.

The acquittal of Joseph Ettor, Arturo Giovannitti and Joseph Caruso, charged with the murder of Anna Lopez during the Lawrence textile strike, can only meet with commendation. Ettor and Giovannitti were charged with inciting riot. The law attempted to fix the same sort of crime on them that was fixed upon some anarchist publicists in connection with the Haymarket riots in Chicago, years ago.

The Chicago trial resulted in the conviction and hanging of a number of men now known to have been innocent, and the incarceration of others in the penitentiary.

Ettor, Giovannitti and Caruso belonged to the Industrial Workers of the World, an organization that makes a point of defying the law and of deriding the flag as the representative of unjust power. All of which is bad. But because of the wickedness of their war on organized society, there should be no distinction between them and other citizens when the law is called upon to judge them.

The power of the government is too great to be used for the purpose of punishing wrong sentiments unless such sentiments are the intended cause of crime.

The Canadian government reports that more than one hundred thousand settlers from the United States entered western Canada between March and October. New Mexico could have a large percentage of these American citizens if we had an adequately supported bureau of immigration.

Morgan Shuster says Persia is about to be gobbled up by Russia and the Chinese are complaining that the bear is reaching out its paw to take in Mongolia. Looks like Russia is about to become Asiatic in fact as it always has been in theory.

Young Turks are getting a few gray hairs.

Trading in a family has never yet made that family rich.

Wall street money yesterday reached the Albuquerque rate.

"Gyp the Blood" didn't try for an alibi. He admitted that he was just "a thief around town."

The courts have ruled that it libel to call a man a "dead duck." The greater the truth the greater the libel.

Bulgaria admits the secret of her success. She has thirty thousand college graduates and the Turks couldn't stand the "yeell."

President-elect Wilson is still resting in semi-tropical Bermuda when he is not denying the latest cabinet rumor.

It is now up to Albuquerque to shake off her lethargy and hustle. The Santa Fe company will not drop another plan in her lap soon.

DEATH FOLLOWS AN OPERATION ON BOY FOR APPENDICITIS

Frank A. Chavez, a seventeen-year-old boy, died shortly after 6 o'clock last night, following an operation for appendicitis which was performed on him at a local hospital. He leaves a father, one brother and two sisters, one of whom is Mrs. Frank Apodaca. Chavez was employed by S. S. Gilbert. His father, Manuel Chavez, is employed at the Santa Fe shops. Chavez lived with his father at 502 West Atlantic avenue. His death will be regretted by a large circle of friends. The funeral arrangements will be announced today.

JULIAN HAWTHORNE IS ON TRIAL FOR PROMOTING FAKE MINE

Son of Famous Author Alleged to Have Sent Personal Letters to Many of His Friends Advising Investment.

GIRLS TAUGHT TO COPY HIS HANDWRITING

Supposed Expert Engineer Turns Out to Have Been a Clerk in Employ of Josiah Quincy of Boston.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—The literature signed by Julian Hawthorne exploiting stock of mines in the Cobalt region contained false statements, it was declared by Assistant District Attorney Thompson in outlining the case for the government at the trial of Hawthorne, Josiah Quincy, Dr. W. J. Morton and Albert Freeman, charged with fraudulent use of the mails.

Mr. Thompson said that a force of girls was trained to imitate the handwriting of Hawthorne and that they executed in longhand what purported to be personal letters from Hawthorne to his friends, urging them to invest in Cobalt claims, which the prosecutor described as barren. The girls signed other letters, he said, purporting to have been written to Hawthorne by "a friend named Brooks" who depicted in "glowing, but false terms" conditions at Cobalt.

"There is a Brooks, but he never wrote to Hawthorne," said Mr. Thompson.

"He was in a mine but once in his life." He was a clerk in Freeman's employ.

Zuelia Platt, manager of the circulating department in Freeman's office testified that her assistants signed letters with the name of Julian Hawthorne after they had been mimeographed.

William G. Burns, an incorporator of the Corporations of Boston, who said he was employed by Josiah Quincy in 1908, testified that he got out the preliminary statement of the Teagan Cobalt Company and completed its organization, serving as president, secretary and treasurer until he turned the organization over to Quincy. In August, 1908, Hawthorne and Woodford Brooks had been elected directors, according to minutes read, their election having been made possible by the resignation of two clerks who had been serving as directors. Burns denied that these men were dummies.

"They were business men, paid \$25 for each meeting," he testified.

MINING CONGRESS HAS CLASH OVER BLUE SKY LAW

Congressman-Elect Contends That Stock Propositions Should Not be Referred to State Commissions.

(By Morning Journal Special Leased Wire.) Spokane, Wash., Nov. 26.—Declaring that the loss of life in metal mines through accidents was greater than the loss in coal mines, the report of the committee on the bureau of mines, presented today to the American Mining Congress, urged additional research by the federal bureau for the protection of life in the metal mines.

The proposal of Lieutenant Governor W. R. Allen, of Montana, to urge the passage of state laws requiring that information regarding mining promotions be reported to a state commissioner of corporations for the protection of investors, was opposed violently this afternoon. Opponents of the measure under the leadership of Congressman-elect J. D. Decker, of Missouri, declared that a law was dangerous in the extreme unless each state was prepared to put the seal of endorsement on private enterprises.

Mr. Decker said such a plan would open a wider field for fraud than it would close and that it might make impossible the development of worthy properties.

The legal maxim, "Let the buyer beware," was vigorously invoked, opponents of the Allen proposal including R. P. Collins, of Spokane, and D. E. Millard, of Alaska, declaring that if investors took the same precautions and made the same investigations in buying stock as they did in other investments, widespread fraud in mining promotions would be impossible.

Another fight is expected when this question is presented in the report of the resolutions committee.

Mrs. A. Grove, 1145 Dayton Ave., Wichita, Kan., states: "I suffered with kidney trouble, with a severe pain across my back and felt miserable and all tired out, but after taking Foley Kidney Pills for a few days, the pain left my back and I felt full of life and activity. Gladly do I recommend Foley Kidney Pills to all who have kidney trouble." J. H. O'Reilly, Drug Co.

OPINION OF RUSSIAN FAVORS ACTIVE SUPPORT OF BALKANS

Reports Say Turks Are Massacring Armenians and It is Expected That Muscovite Army Will Mobilize.

OTTOMANS DRIFTING TO TRIPLE ALLIANCE

Negotiations for Armistice May Cease at Any Moment and Hostilities be Resumed, Correspondents Say.

(By Morning Journal Special Leased Wire.) London, Nov. 26.—"Public opinion is slow to express itself in Russia," says a St. Petersburg dispatch to the Reuter Telegram Company, "but indignation has been growing the last few weeks at the alleged lack of virility in upholding Russia's international and military dignity."

"In a country where every family is represented in the army," the dispatch continues, "serious resentment is inevitable. The officers complain that they are treated as supers, while any display of enthusiasm for the Balkan states has been repeatedly repressed."

"Nevertheless, the pro-Balkan feeling is developing, and societies to carry on the campaign are being formed in St. Petersburg and the provinces."

"The Fourth Duma will assemble Thursday and the government policy of secrecy undoubtedly will be assailed. Official attempts to manipulate the elections failed, and the constitution of the fourth Duma is practically the same as the third, but more adverse to bureaucratic methods."

"In the meantime the working classes are unsettled. Opinions differ concerning the make up of the rank and file of the army."

The Constantinople correspondent of the Daily Telegraph, sends the following despatch:

"Turkey is rapidly drifting toward the triple alliance. A rupture of the armistice negotiations is regarded as imminent and certain."

Telegraphing from Odessa, the correspondent of the Morning Post says reports received there from Kara Russian Trans-Caucasia, alleged that Turkish massacres of Armenian villagers have taken place in the districts of Bitlis, Van and Musa, Asiatic Turkey.

It is stated, the correspondent adds, that the Russians are holding a strong Caucasian force on the frontier ready to enter Armenia should the massacre continue.

A Belgrade dispatch says: "After several hours conversation today with King Peter, Baron Hartwig, the Russian minister of Serbia, said to leading Serbian journalists: 'Gentlemen, get ready to pack your trunks soon. The king shares my opinion in every respect.'"

PEACE WITH GREECE REGARDED IMPOSSIBLE

London, Nov. 27.—The Daily Chronicle prints a Constantinople dispatch saying its correspondent has heard that Greece has concluded peace with Turkey on the basis of Greece retaining Saloniki.

This is considered highly improbable, although negotiations to that end may be going on.

The Daily Mail says: "We learn that Austria has called 18,000 reservists to the colors and that the military districts of Vienna and Graz are being placed on an enhanced peace footing which includes all the reservists officers."

BOOK SWINDLE HAS NETTED CROOKS FIVE MILLIONS

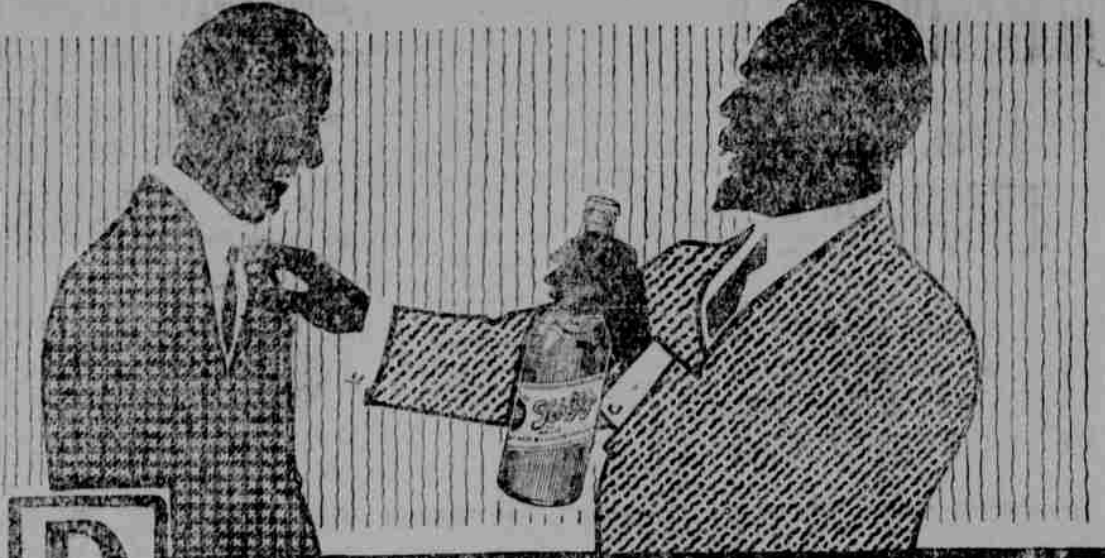

Government Begins Investigation Resulting in Indictments of Members of Fraudulent Company.

(By Morning Journal Special Leased Wire.) New York, Nov. 26.—A "rare" book swindle perpetrated on book lovers throughout the country at a profit of \$5,000,000 to the operators is alleged by federal authorities who obtained the indictment today of James J. Farmer and eleven other persons on a charge of using the mails for fraudulent purposes.

The case of Mrs. Emma Bird of Salt Lake City, who recently won a judgment of \$42,000 as the amount of excess payment which she made for books advertised as "rare," resulted in the action which the government has taken.

Farmer, the alleged head of the Keller-Farmer Company, and the Anglo-American Authors Association, in which the frauds are alleged to have been perpetrated, was arrested in court, the day Mrs. Bird won her case.

Glenn Farmer, Colonel William J. Hartley and William H. Scott, three of those indicted, are already in custody. The others are said to be scheming men who induced wealthy book lovers to buy almost valuable books at stupendous prices.

Pure Beer Will Not make You Bilious

We go to Bohemia for hops; one of our partners selects the barley; water is brought from rock 1400 feet under the ground.

Not only is Schlitz—every drop of it—filtered through white wood pulp, but even the air in which it is cooled is filtered.

Before it is offered to you it is aged for months in glass enameled tanks. It will not, it cannot cause biliousness. It will not ferment in your stomach.

Light starts decay even in pure beer. Dark glass gives the best protection against light. The Brown Bottle protects Schlitz purity from the brewery to your glass.

More and more people every year are demanding Schlitz. Why don't you demand this pure beer?

See that crown or cork is branded "Schlitz." Phone 138 Consolidated Liquor Co. Cor. 1st St. and Copper Ave., Albuquerque

The Beer That Made Milwaukee Famous.

NEW ASH CONVEYOR PLACED IN OPERATION
(Special Correspondence to Morning Journal) Hartley, N. M., Nov. 26.—The ash conveyer, which has been under installation for some time at the Chino Copper Company mills, was put into operation the latter part of last week and is giving satisfaction in every respect. The conveyer works on the vacuum principle with immense fans and a colossal recipient tank in which the waste material is conveyed to the dump. The mechanism is the latest in every detail and is as complete a machine for the purpose as could be desired.

Construction work of the fifth unit of the Hartley concentrator is progressing rapidly but it will be a few weeks before it will be inaugurated into service.

LEGAL NOTICE.

PUBLIC SALE.
In the District Court of Sandoval
County, State of New Mexico.
No. 222.

Bank of Commerce, Plaintiff, vs.
Willard S. Hopewell, et al, Defendants.

Notice is hereby given that by virtue of a judgment and decree entered in said cause on the 27th day of September, 1912, I, Harry P. Owen, as special master, will sell at public auction, to the highest and best bidder for cash, at the front door of the county court house of Sandoval county, on the 12th day of December, 1912, at the hour of 10 o'clock in the forenoon, the following real estate situate in the county of Sandoval, state of New Mexico, to-wit:

The northwest quarter (1/4) of section thirty-four (34); the north half (1/2) of the southeast quarter (3/4) of section thirty-three (33); and the north half (1/2) of the southwest quarter (3/4) of section thirty-four (34); the northeast quarter (1/4) of section thirty-three (33); the east half (1/2) of the southwest quarter (3/4) of section five (5); all in township thirteen (13) north, range six (6) east, of the New Mexico Base & Meridian, containing five hundred and sixty (560) acres of land, according to the government survey thereof. Also one hundred and twenty-nine (129) bonds of the Santa Fe Central Railway Company of the par value of one thousand dollars (\$1,000) each and numbered 1 to 20, both inclusive; 41 to 20, both inclusive; 271 to 290, both inclusive; 382 to 391, both inclusive; and 441 to 449, both inclusive; of the total par value of one hundred and twenty-nine thousand dollars (\$129,000), together with all coupons attached to said bonds; said sale being made in accordance with said judgment and decree of foreclosure and sale of the above described property to satisfy the amount found due to the plaintiff in said judgment, amounting with interest to the date of sale to the sum of sixty-six thousand, six hundred thirty-nine and 61/100 dollars (\$66,639.61) besides costs of suit and of this sale; said sale of said real estate to be clear of all taxes that are due or delinquent.

HARRY P. OWEN,
Special Master.

GOLDEN RULE, NOT RULE OF GOLD, IS ALDEN'S TEXT

Boston Judge Delivers Eloquent Plea for More Religion in Daily Life as Secret of Real Progress.

Judge George D. Alden, of Boston, delighted the fair audience which greeted him last night at the Elks' theater with a lecture so brimful of common sense and the milk of human kindness that if he were to appear again this evening, it is certain that he could pack the house.

There can be no question but that the judge is an excellent speaker, and he was so heartily in earnest about the things which he discussed that even had he been but mediocre, he would still have made a deep impression.

"The golden rule, not the rule of gold" was his motto as he pleaded for more religion in the daily life of the general public.

"No man can respect himself who has not a proper respect for his God," he declared, and that was the keynote of his speech. He was all for upright, honest living, and called more dollars, drop.

Judge Alden appeared here under the auspices of the Star lecture course, and was a great treat to the local people who heard him. The character of his audience was distinctly "highbrow" but the things he said were so true, so elementally human, that they would have appealed equally to any class.

MUSICAL PROGRAM OF MEMORIAL IS ANNOUNCED

Classic Selections to be Rendered by Orchestra Under Direction of Ernest Fuhrmeyer Sunday.

The musical program of the Elks' annual memorial services, which this year are to be held Sunday afternoon, December 1st, was yesterday announced by Ernest Fuhrmeyer, the member of the general committee who has charge of this feature. Mr. Fuhrmeyer will also direct the orchestra at the services. The program follows:

The Angelus—Massenet.
Death of Ase, from Peer Gynt Suite—Greig.
Marche Pontificale—Gounod.
Solo—"The Link Divine," Mrs. R. V. Winchester.
Solo—"They Will Be Done," Charles J. Andrews.
Male Quartet—"Remember Now Thy Creator," Charles J. Andrews, J. D. Falkenberg, Hugo Meyers, T. Y. Maynard.

The program is one which is well balanced and the numbers of which will be heard with rapid attention by those who attend the services. The general public is invited to attend the memorial exercises, all seats except the block reserved for the Elks themselves, being open to it.

Saddle horses, Trimble, 112 N. 2nd.
Phone 501-502 for light hauling, parcels, messengers. Prompt service.

BABY, CLOTHED ONLY IN JUMPER, LEFT ON DOORSTEP

Child Not Twenty-Four Hours Old Found by Federico Padilla When He Opens Door to Go to Work.

When Federico Padilla, who lives at San Jose, opened his back door shortly before 6 o'clock yesterday morning to go to work, he had to stop over a small bundle on the sill. In the faint light, Padilla thought it was a dog.

A tiny wall came from the bundle, but Padilla still thinking it was a dog huddled there in the cold, went around the house, and saw a man running away from his place. Padilla is unable to give an accurate description of him because it was dark.

Padilla then became suspicious and returned to the back door. He rolled the bundle over and discovered a baby not more than twenty-four hours old. He gave the child to his wife and went to his work at the tile plant.

Mrs. Padilla gave the baby nourishment and wrapped it in warm clothes. It was blue with cold when found. Mrs. Padilla became attached to the child after a brief acquaintance and wants to keep it although she has a baby of her own.

Padilla happened to mention his find to G. W. Troutman, a special officer in the service of the Santa Fe railroad, and he in turn notified Under Sheriff Dick Lewis. Otherwise Mrs. Padilla probably would have kept the child and nothing would have been said about it.

The sheriff's office learned last night that the good woman wants to keep the child, left on her doorstep by the unknown man. If she is still of this opinion today the sheriff will see that she is given legal possession of the waif.

The child was wrapped in a jumper and brand sack. It had no baby clothes. Special Officer Troutman believes the jumper may afford a clue to the infant's identity. It bears a faint laundry mark, and he intends to bring it to Albuquerque today to have the officers here examine the ink mark through a powerful glass. That is the only clue to the baby's identity other than the fact that at least one of his parents is of Spanish descent, and the latter is not specific.

Remember, the Presbyterian ladies' home cooking sale today from 10 to 3, at 295 W. Central avenue.

POSSE IS PURSUING HILARIO RUIZ FOR MURDER

Man Who Shot Transito Galdon at San Rafael Monday Night is Still at Large, But Capture is Expected.

Word from San Rafael, a small settlement some four miles from Grants station, about ninety miles west of here, was to the effect that a posse was still pursuing Hilario Ruiz, who is supposed to have shot and killed Transito Galdon Monday night in a resort there.

Ruiz' capture is expected at any time. No one knows the reason of the fatal quarrel, and so far as is known there had been no previous bad blood between the two. Ruiz is a photographer, who eked out the pittance afforded by the practice of his profession by doing what ever work he found about the town. Hilario Galdon is a brother of Frank Galdon, of this city. Both came from Arisco originally.

Ruiz is a native of Old Mexico and had lived in San Rafael for about four years. Another shooting in San Rafael occurred Saturday, when a serious fight took place in a dance hall.

\$20,000 BUILDING TO GO UP NEXT TO TROTTER'S

Arthur Everitt, Jeweler, Lets Contract for Erection of a Three-Story Concrete Structure on Central Avenue.

A contract for the erection of a building to cost approximately \$20,000 was let yesterday by Arthur Everitt, the jeweler, to J. H. Harlan & Son, local contractors. The award was made in the office of E. H. Cristy, architect, who planned the new building.

The Everitt structure is to go up on Central avenue adjacent to Hugh J. Trotter's hotel building, now under construction. It is to be constructed of concrete, and will be three stories. Mr. Everitt at first planned to build only a two-story building, but changed his plans Monday.

The front of the Everitt building will be similar to that of the hotel building, although the former will have a frontage on Central avenue of only twenty-five feet. The other dimension will be 142 feet.

Mr. Everitt will move his jewelry store into the first floor of the new building. The two upper floors are to be arranged for apartments. He expects to have the place completed by spring.

J. L. Bell & Co., yesterday, were awarded the plumbing contract.

BOOKS DESTROYED WHEN SHED BURNS AT HEALD HOME

A shed and barn in the rear of Rev. J. H. Heald's home, 424 South Edith street, were partly destroyed by fire at 4:40 o'clock yesterday afternoon. Mr. Heald says he is unable to estimate the loss. A library of old books was stored in the shed and it was nearly a total loss. Feed was stored in the barn but the firemen extinguished the flames before they reached it.

Mr. Heald lead his horses out of the barn as soon as he discovered the fire. The origin of the fire is unknown.

LOCAL MEETING IS POSTPONED UNTIL FRIDAY NIGHT

Request of Several Prominent Elks That Good Roads Association Do Not Conflict with Show is Granted.

Because a request was made yesterday by several prominent Elks that the good roads local do not conflict with their big minstrel show, which is to take place tonight and tomorrow night, the meeting of the Albuquerque branch which was to have been held tonight has been postponed until Friday evening at the same hour and place. The Elks set the date for their show first, but as many good roads boosters are Elks, and wished to attend both entertainments, and as many local members wished to see the show tonight, the officers of the local held a conference and agreed to hold off the session for a couple of days.

The principal business which will come up for the consideration of the local is the adoption or rejection of the schedule of work to be submitted

by the program committee. This schedule, it is understood, contains plans for several active campaigns on the part of the association.

Every member of the local and every prospective member is urged to attend this meeting, as upon the adoption or rejection of the program committee's report will depend more or less the policy of the organization.

DON'T FORGET.
The Yocemen dance, Odd Fellows' hall, Thanksgiving night. Admission, 50 cents.

If you need a carpenter, telephone Hesselden, phone 377.

SANTA FE COMPELLED TO PAY BI-MONTHLY IN SISTER STATE

Considerable interest is being taken by local Santa Fe men in the recent establishment in Arizona of the system of bi-monthly pay of employees of the Santa Fe and other railroads as well. The state carried an amendment requiring all carriers to issue pay checks every two weeks.

A meeting of timekeepers recently convened in Los Angeles and a committee of men from the bonus department of the Arizona and Albuquerque divisions was appointed to devise ways and means to best cope with the situation presented. The new system will mean a complete change in the methods of keeping time and Arizona points will be the only ones on the entire system that will receive pay checks twice a month.

Auction!

Monday, December 9th, at 2:30 p. m., at 324 South Edith Street.
