MRS. JEAN DAY
TELLS STORY
OF KILLING
OF COL. BECK

Says He Tried to At-
tack Her; She Saw
Husband With Re-
volver and Then
Fainted

OKLAHOMA CITY, Okla., April 5.—Preparations were made today to bring three separate theories into the events surrounding the death of Local Col. Fred Ward Beck, former army locator and assistant commander of Fort Beck, Fort Mills, Okla., who was killed by Jean L. Day, wealthy operator and prominent entrepreneur, in the latter's home yesterday, when according to Day, Beck was strumming with Mrs. Day.

A civil investigation by county authorities will determine charges to be filed against Day.

A military commission of three army officers headed by Major Thomas H. L. Gandy will determine details Saturday morning on an announcement from the Field and War Office.

A third inquiry began when M. F. Meadness, federal prohibition director for Oklahoma, began to check up to ascertain whether his wife might have had a part in the party which presented the killing of Lieutenant Colonel Beck.

Important Saturday.

County officials today were running down various angles of the tragedy, but until the coroner's inquest Saturday, Forrest Hughes, county attorney, announced he would not decide the question of filing charges against Day.

Meanwhile, as I came to say at this time, what turned the community into a mass of suspicion was the fact that either manslaughter or a murder charge may be filed against Mr. Day following the inquest, the county attorney said.

"I do not know whether Mr. Day or his wife, the other witness to the killing, will take the stand at that time. The state could not force either to testify if they did not do so."

Day and his wife declined to take the stand at the request, Mr. Hughes pointed out. He could then file a charge of murder.

Friends of Day declared neither he nor his wife would testify at the hearing.

In an interview, Declan, his son, said he had no thoughts of killing Beck when he returned to his home and his abodes, found the army officer attacking Mrs. Day. He only intent, Day said, was to drive Beck from his home. He found Beck might be armed, he said, and for this reason obtained a revolver.

Mr. Day on Bed.

Declan said when he encountered Beck the army officer had been drunk one night. It was then, Day said, that he struck Beck on the head with the revolver. The charge of the weapon was accidental, he asserted. Officials declared it answered the impact of the blow was sufficient to cause death.

It was thought that the killing was the result of the injury of the institute.

The inquest was set for the afternoon.

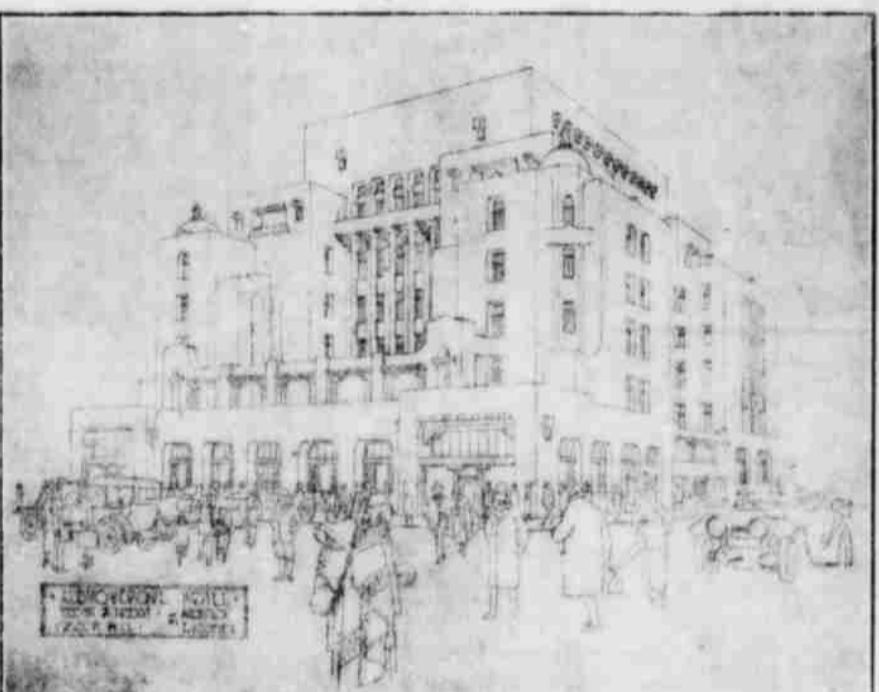

A letter from Assistant Marshal, managing the work of Booker T. Washington was made public today. It is the president and his wife, who are members of the Tuskegee Institute, who are the leaders of the school.

Washington, who has been absent from the institution since his return from Europe, was reported to be in good health.

Declan, his son, said his father was ill. His asserted he acted as major and red-blooded American who finds his confidence visited his home invaded and his faithful

BRITISH ACCEPT U. S. VIEWS AS TO RHINE COSTS

Will Agree to Payment Of Expenses of Army Of Occupation

LONDON, April 5.—(By The Associated Press)—Acceptance by the British government of the American views pertaining to the maintenance costs of the American army of occupation, as expounded in the recent note by Secretary of State Hughes to the allies has been formally conveyed to the American government although a formal note officially confirming the acceptance has not yet been despatched.

ENGLAND TO PAY INTEREST ON WAR DEBTS

WASHINGTON, April 5.—(By The Associated Press)—Beyond press reports of Great Britain's preparations to begin the payment of interest upon her five billion dollars' war debt to this country, the treasury is as yet without information on the subject.

Great Britain officials said today, has been reported, as laying aside \$5,000,000 pounds sterling in her budget for this year to meet interest payments to this country. In October the first semiannual interest payment will fall due after the expiration of the three-year period during which by mutual understanding interest on the debt was deferred.

On April 16 the deferred interest due from Great Britain officials paid will amount to approximately \$65,000 but this sum, it has been understood, would be the subject of funding negotiations along with the principal of the debt when the new debt commission begins working out a general liquidation scheme.

Champion Cow in Year Produces Ton of Milk

DULUTH, April 5.—Jean Du Luth Coronet has made more butter fat than any other Guernsey cow in the world during the last year, according to available records and has at the same time produced two heifers in Golden Coronet King and Moonlight's Coronet.

Coronet's butter fat amounted to 882 pounds from a total of 29,028 pounds of milk in 12 months making sixteen times those days devoted to caring. She was milked under specifications of Class AA. Jean Du Luth Coronet was bred and is owned by John G. Williams and George P. Grout of Jean Du Luth farms, 12 miles north east of Duluth, but now made her record in the hands of the Northern Guernsey Breeders Association, Barnum, Minn., also near Duluth. She is the first cow in the association's possession to show world championship production, and she will be sent to the National Guernsey Breeders' sale as representative of Northern Minnesota cattle.

Coincident with the announcement of Jean Du Luth Coronet's record came a statement from the Barnum Guernsey Breeders' association that it is negotiating for an interest in the bull, May Rose Moonlight, the mate of Jean Du Luth Coronet.

Jean Du Luth Guernseys have for years been principal winners at stock shows in the American Northwest, and have taken honors abroad in competition with world famous cattle.

AT THE THEATERS

The Great Impersonator, with James Kirkwood, is the mystifying story of a double impersonation. Love and adventure are woven into the drama, and make it one of the best of its kind shown in many months.

Lyric

It's A V. P. with Charles May is the drama of a young and aspiring artist, who has just enough luck at critical moments to get to a Willie Whittemore minstrel show is the added attraction.

Passion

Mrs. Leftwich's House is a constant backstage picture with a suspenseful Talmadge moral tucked on the end. An extravagant wife and a suspicious husband do not make a working combination in her conclusion after many troubles and scrapes.

Ideal

"Gold" is the name of a startling picture, based on man's overwhelming desire to get the precious metal. That there is happiness in having gold, but terrible consequences in its absence is the burden of the drama.

Former Resident And Pioneer Dies In Richmond, Calif.

J. H. Drury, a former resident of this city, died at Richmond, Calif., on March 25, according to word reaching here. His death was the result of several years of illness, and followed one month after the death of his son, E. C. Drury.

Dr. Drury had come to the city in 1890, in charge of the bridge and water service. On his arrival here he took up contracting, building one or two of the state university buildings, and the building which has just been occupied by the First Savings Bank and Trust company.

Mr. Drury is survived by two sons and one daughter, James Drury and Mrs. E. G. Drury, Richmond, Calif., and George W. Drury of Salida, Calif. H. C. Weingart, of this city, is a brother in law of Mrs. Drury.

Man Acquitted Is Held at Request Of Kansas Sheriff

Charles Wells, who was acquitted by the petit jury on a charge of automobile robbery, was re-arrested by the sheriff's office and is held in the county jail at the request of the sheriff of Wichita, Kan.

Officers from Kansas are on their way here to take charge of Wells.

R. C. Blest, who was tried with Wells was also acquitted when the jury returned an "insanity" verdict of not guilty.

The two men were held in connection with the breaking of an automobile belonging to the Frank A. Hubbard company some time ago.

Men Indicted Here Bound Over Again In Socorro Hearing

According to reports which reached the sheriff's office today, Mataz Chaves and Solomon Garcia were placed under \$500 bond each to await action of the Socorro grand jury when they had a preliminary hearing at Socorro yesterday. They are charged in that county with larceny of cattle.

Both of these men were indicted by the Bernallillo county grand jury two weeks ago on charges of killing meat cattle and will probably be tried at this session of the court.

\$4,500 bonds in Valencia county on charges of cattle larceny and assault with deadly weapons.

The men are being held in the Socorro jail until they can make bond in that county.

The balloons will be so constructed that at a given height one of them will burst. The second balloon will not be sufficient to carry the weight of the instrument and will therefore stand to the earth. On account of the extreme high altitude which it is expected to reach, the balloon with the instrument may fall to earth many miles from San Antonio. It is especially desirable that the instruments, with the data which they have collected be sent to Kelly Field by the finder. Attached to the balloons will be a letter of instructions for their return.

American musical comedies are not popular in Mexico.

Count Confidently On Rosenwald's For Ready-to-Wear Service

WE HAVE added much to the comfort and pleasure of ready-to-wear shopping by the new second floor department which is so roomy, so cheerful and so home-like in its atmosphere that it banishes instantly the "hurry" feeling and makes for careful and deliberate selection. The mechanical equipment of the rooms make for your convenience and aid you in the study of every garment you choose to inspect in its tastefulness and effectiveness for you and your needs.

But the new equipment of the department is just the foundation. Upon it we have built a ready-to-wear service that is absolutely efficient in its ready and constant access to the style centers and the markets. It is no longer necessary to buy garments a season ahead of time from "spring and summer" stocks, because at Rosenwald's new styles, new materials, new models are arriving constantly and the clumsy effort to anticipate the needs and demands of any season has made

way for the new and satisfying steady stream of seasonal garments that cannot fail to be authentic.

The better you become acquainted with this new Rosenwald ready-to-wear service the more you will appreciate and value it, especially since it carries with it that all-important advantage of volume buying and volume selling with the accompanying reduction in our margin of profit. We have achieved in this service the ideal of quantity buying, seasonal selection and delivery and access to style sources which are absolutely authoritative as season follows season. No such ready-to-wear selection has ever been offered in Albuquerque as is now available at Rosenwald's and as will be available as spring and summer pass at prices lower than we had hoped to achieve for merchandise of such character for several years to come.

You may count confidently on Rosenwald's for ready-to-wear service. You will not be disappointed.

Not only good looking
but good wearing

At
\$7.50
The Pair

In the men's shop, at Fourth street entrance, we're showing a Russelwold's men's shoe which at \$7.50 we believe, an unapproached value. It is excellently made with good sole well, and is available in the brogue, of the popular and durable "pebble-grain" leather, and in a semi-brogue in cordovan leather. Here is a strong, stylish summer shoe that is conservatively priced as a GOOD shoe can be. Look it over.

Here's Household Economy

We've a new stock of the always popular 42-piece dinner sets, on display on the right as you leave the elevator at the third floor.

AT

\$7.95

These sets represent the ultimate value in this household essential. There are two patterns, one a flowered design and the other the dignified gold hand. If you will inspect these sets you will remember them as extraordinary values.

"Shadowproof" Glovesilk Underskirts at

\$5.95

They are just what the name implies and a really wonderful underskirt in quality and durable service.

"PUNJAB" PERCALES

This stock of high count, 36-inch percales has just been unpacked in the piece goods department. It is in new checks, plaids and English print designs, as well as in the staple colors.

COUNTY WILL PAY \$600 FOR ROAD THROUGH ISLETA

Must Buy Right of Way For New Concrete Highway From Indians

It was decided that the county should pay the Indians and Indians should give up their right of way for the land which will be used through the Isleta Pueblo for construction of the concrete highway from Isleta Bridge to the south county line at El Paso Bridge at the meeting of the board of county commissioners this morning.

The motion was adopted by

Chairman A. G. Moore of an committee, and general unanimity, indicating the Indians' desire to preserve the road right of the transaction, and the road transfer of the land from the Indians and chosen to the county.

The action followed a joint

meeting of the Indians and the

county commissioners, who met

the Indians and the county com-

missioners to discuss the

portion of their measure ad-

vised to the Indians.

The new concrete highway will

not follow the line of the present

highway on the west side of the

river through the Indians, and

is the second crossing, one

on the east side, and the

other on the west side.

There are from 400 to 4000

Indians in the pueblos, and the

Indians that will agree to do

this free-of charge.

Home Hints

Fax Glass

Cut glass should be washed and rinsed in water that is not very hot and of the same temperature.

Onion Juice

To extract juice from an onion cut a slice from root and of skin draw back the skin and press onion on coarse grater, work with a rotary motion.

Cure of Rancor

After bathing or trying, if any fat is scattered on your rancor, wipe surface at once with a new paper.

Washing Windows

To wash windows and windowsills over with sulphur skin wash out of warm water, then wipe with a piece of dry chamois skin.

Ointment

Wash ointment with warm water and salt. Use a cloth of skin and rub to one gallon of water. Wrap with a clean cloth.

Glasses

Drinking glasses which have been used for milk should be thrown in cold water before washing in hot.

DOG KILLS THREE FOXES

BARMOUTH, Eng.—Eight foxes were rounding up the flock of sheep here when this dog started after them twice. After a fierce battle, the dog killed all three.

CHARLIE BELL KILLED

El PASO, Tex.—April 4.—Charlie Bell, 22, a son of the Bell family of entrepreneurs, which is known in Mexico and the United States, was killed yesterday in a motoring accident at Merida, Yucatan, Mexico.

Motors are not now in evidence, but are scattered throughout Mexico and hidden in dense brushwood.

BOSTON BRAVES WIN FROM WASHINGTON

Chicago Americans Again Defeat Giant; Cobb Is Injured

At Boston—Captain Bobo, Boston, Va., given decision over Ted McNeer in fourth round of scheduled ten rounds.

At Boston—Duke Shafe, California welterweight, received his 10th-round win in a 15-round bout.

At Fresno—Johnny Daniels, New York, junior lightweight champion, won a close decision in 15 rounds from Jimmy Goodrich, Barbells.

At Salt Lake—Midget Eddie Paul, Salt Lake, won decision over Tommy Clegg, San Francisco, 15 rounds.

At Alpine, Tex.—Charles Edward Shaeffer defeated Helmer Moore, Alpine, in straight falls.

At Akron—Fearless Peros, Atoka, won decision over Harry Brown, Lawton, Okla., at end of 15 rounds.

At unannounced location, guest or an overnight guest. He had approximately as often as Paul Eakin, 26, may could have visited a bathroom more. He came in 100 nights unobserved. He was sitting in the porch when I drove up at 10:30 p.m.—and was coming to sit in my car.

Day and I had been at Mrs. Day's hotel a hotel, Mrs. Day

some time, staying in room

for two weeks. Here and there

we've been to strengthen

ourselves. We don't mind around

ourselves, the residents in the

house and visitors.

He came in 100 nights unobserved.

He was staying in

room 102 at the Hotel

Kindler, 1000 Main St.,

and I am staying in room 103 at the Hotel Kindler.

The visitors of the Americans

are taking in what may future

the high values of their

entertainment, the New York album.

"This was midnight or after when we left. Perched on the roof of the house, he sat there until it came over to me house and down to us. It may have been

as late as 10 o'clock when the Perched started for home. The Americans had no car, so I offered to drive him.

"This was mid-night and did not

stop until we reached Mrs. Day's

house. When I stopped my car

in the driveway I heard a

straining voice coming from somewhere. The blinds in front were

all up. I came up the side steps

and saw him struggling with the window frame. He was

struggling to get out of the window

and get away. As I hurried to the door I could hear her begging and shouting and crying and shouting

at things undoubtly. When

I saw what was going on I decided

to drive him out of the house. Just

before I turned my keys

over to him that many officers

were armed and that I had

better get my gun.

Beck jumped up from the

coach as quickly as a cat as I came

in the door and went toward the

sliding room which is separated

from the living room by a

partition.

When I got up the side steps

and came down stairs I

carried him on the landing

into the living room, but Beck was not

to be seen. Then I turned around

and went down a short flight of

steps to the kitchen instead of

going into the living room. I

thought she could find him if I

had the curtains open.

Discharge Gun

It occurred to me that Beck

had left the house as I started

through the kitchen. I passed

the parlor and looking

through into the dining room. I

saw the partition bulged together

and knew that Beck was in the

kitchen. He looked me in the eye

and said, "Now you get out of my house, you cat."

The right hand was clasped

and he held both of his hands

up until his arm back. It

may have been for me to blow

it off, but he might be armed. I did

not know.

"I jumped in and brought

him down on his head with great

force. The instant discharged the

weapon. That is the truth."

(Continued from Page One)

was created and vicinity at

London—Mrs. Day told

her story of the killing.

She said, "I was

driving home from Beck's

house. I left myself behind. The whole reason for doing this

was that I wanted to be alone.

In an interview last night Mrs. Day amplified her statement of yesterday and recounted the details of the tragedy.

"I know Beck like a brother,"

she said. "He had my complete

confidence. He had the run of

my home. He was at liberty to

come and go as he pleased.

In an interview last night Mrs. Day

amplified her statement of yesterday

and recounted the details of the

tragedy.

SHOE STORE ROBBED

POLICE HOLD MAN

Goods Worth \$200
Taken; Back Door
Broken in

The Tagline City Electric
Shop, 800, 212 South Second
Street, was entered last night
and 23 pairs of shoes stolen.
Entrance was gained through the
back door by breaking the glass
and the door was held open to be sold
for more than \$200.

The police this morning held an
investigation. Felix Janocha, who
says he arrived in Albuquerque
last night and later went to the
police station to apply for a job
in jail.

Members of the police department
say he was questioned concerning
an attempted robbery two years ago on
the charge of robbing the Brown's
Exchange here. At that time, the
police say, he was wanted in Santa
Fe on the charge of robbing a
store and was sent there for trial.
Janocha was arrested a week
ago and was served with two con-
viction which appeared from his
confession according to the police.

Mr. Thompson's opinion on
minimum bonds is accepted without
exception by banks, bond buyers,
financiers, and investment houses
throughout the country, Mr. Keleher said.
"He is following the proceedings up to date
and it is notable the city will have
no difficulty in getting the bonds
issued as an upcoming opinion is
concerned."

There are only a half dozen bond
holders in the United States according
to Mr. Keleher, whose
expressing opinions on bond proceedings
are accepted without question
all over the country and Mr.
Thompson is rated high among them.

ELABORATE PLANS
ANNOUNCED FOR
K. OF C. MEETING

State Convention to be
Held Here May
14 and 15

Elaborate arrangements are now
being made for the state conven-
tion of Knights of Columbus to be
held here on May 14 and 15. This
will be the annual convention of
the members of that organization
in the state, and delegations from
other states will be here. These delegations
from New Mexico, Colorado, New Mex-
ico, and other states will be present.

It is expected to have several
hundred people from every part of
the state here for the meeting.
Delegations from the six councils
in the state exclusive of Albuquer-
que, will be here. These delegations
from New Mexico, Colorado, New Mex-
ico, and other states will be present.

While this is the convention of
the Knights of Columbus, other
organizations are also being urged to come to
Albuquerque for the two conven-
tions. The women will be taken care of by a special women's
committee here who will arrange
special entertainment features.

Some of the delegations will arrive
here on May 13, and a few will remain
for a day or two after the convention.
The meeting will be held at the
Hotel Santa Fe Sunday all day.
The meetings will attend mass in
the cathedral. There will be 500 more including
those from Albuquerque. After
that, in the morning, there will be
the first degree initiation.

In the afternoon, of the same
day, there will be second and third
degree initiation, and in the evening
there will be a banquet for the
Knights and their wives. The
Knights will be entertained by the
Knights of Columbus.

A large number of programs will
be printed and distributed in the
rooms of the state where there
are councils before the convention
dates in order to work up interest.
There will be a number of good
out-of-town speakers on the program.

Programs have been obtained into
various varieties by the British air
military.

DEMOCRAT CHOSEN MAYOR BY 12,000 IN KANSAS CITY

Bourbons Also Win
Entire Ticket in
Hartford, Conn.

KANSAS CITY, April 5.—Relief
from inflation and yesterday's minor
election victory were today con-
tinued to increase the lead of the
Democratic ticket, which headed by
Frank H. Cromwell for mayor,
was sent into office by majorities
ranging from 1,899 to more than
12,000.

Cromwell's majority over Mat-
thew Foster, his Republican op-
ponent, was expected to be about
12,000.

Only two women candidates sur-
vived—Mrs. George L. Lounsbury
Democrat, being elected to the city
council and Mrs. George Fuller
Republican, winning a school board
membership.

In Jefferson City the Democrats
selected four of five candidates for
election.

Returns from St. Joseph indicated
the election of a Republican
mayor and the whole Republican
ticket with the exception of can-
didates for auditor and treasurer.

In Joplin the elections were
characterized as non-partisan but
the contests were spirited.

The democrats elected mayors in
Minneapolis, Butler, Cartersville and
Savannah.

Springfield's "blue law" closing
theaters on Sunday was approved
by a vote of almost two to one
in the elections there, when the
voters rejected a proposal to sus-
pend the ordinance.

DEMOCRATS WIN IN HARTFORD, CONN.

HARTFORD, Conn., April 5.—
Richard J. Kinsella, Democrat,
was elected Mayor of Hartford
yesterday, and with him most of
the Democratic ticket was carried
into office. Kinsella defeated An-
son T. McCook, Republican, by a
majority of 2,325.

Kinsella was elected mayor four
years ago, but was defeated for re-
election two years ago by Newton
C. Braxton, Republican, the pres-
ent mayor.

The Democrats selected eight out
of 10 aldermen; Charles H. Rohan,
Republican, who has been controller
for 24 years, was defeated for re-
election by E. H. Lamb, Democrat,
by 1,861 votes.

**14 Sinn Feiners
Released From
English Prisons**

LONDON, April 5.—Fourteen
Irish Fenians were released from
English prisons during the week
end on orders from the govern-
ment. They are believed to be
the last of such prisoners convicted
of sedition in this country.

It is reported their release was
postponed to a government decision
to grant amnesty to all Sinn Fein
prisoners in England. Whether
their offenses were committed be-
fore or after the truce.

\$525 IN PRIZES FOR THE BEST RHYMES

A new contest is just being started
which will interest every woman and
girl who reads this paper. Any woman
or girl can enter this Contest—any-
one can win! All it is necessary to do
is to write a 4-line rhyme on Dr. Price's
Phosphate Baking Powder, using only
the words which appear either on the
label of the Dr. Price can (front and
back) or on the printed slip which is
found in each Dr. Price can.

Isn't that easy? Everyone likes to
make rhymes and here is a chance to
spend a fascinating hour or two writing
rhymes on this popular Baking
Powder and perhaps winning a sub-
stantial prize for your efforts.

80 CASH PRIZES

For the rhyme selected as best a
prize of \$100 will be given for the
second, third and fourth best rhymes;
prizes of \$75, \$50, and \$25, respec-
tively will be given. And besides these
prizes there will be 35 prizes of \$5
each for the next 35 best rhymes. With
such a long list of prizes as these, it
is a pity not to try your hand at it!

Here is a 4-line rhyme as an ex-
ample:

Two teaspoons of this powder make
Biscuits, muffins, pie or cake.
The Price's Co. guarantees
No dust in the case to be.

As Dr. Price's Phosphate Baking
Powder sells for only 25 cents a 12
oz. can at grocery stores, some
rhymes could play up the remarkable
economy of this pure and wholesome
baking powder which contains no
salt.

All rhymes must be received by
May 1, 1922. Only words appearing
either on the label of the Dr. Price
can (front and back) or on the
printed slip contained inside the can
may be used. These words may be
used as often as desired, but no other
words will be allowed. If you haven't
a can of Dr. Price's, a copy of the
label and the printed slip will be sent
to you free upon request.

Any woman or girl may enter the
Contest, but only one rhyme from each
person will be considered. In case of
ties, the full amount of the prize will
be given to each tying contestant.
Write plainly on only one side of a
sheet of paper and be sure to give
your name and address.

Send your rhyme before May 1st to
Price Baking Powder Factory

805 Independence Blvd., Chicago, Ill.

Curtain!

All Previous Big Coal Strikes Have Continued for More Than a Month

INDIANAPOLIS, Ind., April 5.—(By The Associated Press)—Great coal strikes, such as the country is now facing, have been few although for 25 years the coal industry has been marred by almost numberless state-wide and localized strikes, often involving several thousands of workers. All of the big strikes have, of course, been much longer than that of 1922 in the anthracite industry which continued 22 weeks.

The big strikes—five in number—are summarized as follows:

1894—First general strike in soft coal industry, called by the United Mine Workers of America.

The purpose being to restore wages that had been decreased during the time of the Civil War, and the miners' demands were met.

1897—July fourth walkout of 150,000 miners, called by D. W. Hatchett, president of the U. M. W. A. to deprive an overconcentrated coal market, which union officials feared would result in world-wide famine if the price of the coal was raised.

Strike was called off after 12 weeks duration at the end of which the market had been depleted, first great successful strike of the U. M. W. A.

1898—Anthracite strike in September and October, engaged 150,000 and ended with miners getting 10 to 15 per cent increases in wages.

1902—Great anthracite strike led by the late John Mitchell, president of the U. M. W. A. from October 1, 1902 to January 1, 1903, engaged and finally called off when President Roosevelt appointed a commission that afterward gave the miners a 30 per cent wage advance, and made their contract for three years, ending April 1, 1906.

1919—Nation-wide soft coal strike in November and December of 250,000 miners, called off by union in compliance with a court injunction issued by Attorney General Palmer under the wartime labor control law, commission later appointed by President Wilson gave miners an increase of approximately 25 per cent in wages—their largest single increase.

Unlike the last great strike, this impending one begins with warn-

ing—approaching while the 1922 shutdown came with silence.

Whether or not miners are more than half the fourth of the 1919 strike. One of the strikes was large and small; the workers as a general proposition have won many benefits in increased wages and improved working conditions.

This strike has not always been through the big unions, either.

Workers have favored them. The strike was successful because of increased wages, claimed working conditions, and the sending of veterans to the soft coal industry, called by the miners' demands.

President T. A. Billings has named a committee comprising the all business of business men to make programs of education and entertainment.

The first coal strike in the United States occurred in 1880 in the Pennsylvania anthracite field when a British miner, named Bates, organized a local union and sought to increase wages and better working conditions. His strike failed and Bates was forced to leave the field and for 11 years the workers made no further attempt at organization.

Since Bates' day, many leaders have been developed among the workers and strikes of various proportions have occurred since, each being largely centered in small areas, occasionally including an entire state coal field.

PRESIDENT ISSUES PROCLAMATION FOR FOREST FIRE WEEK

Fiftieth Anniversary of Arbor Day Is Also Set Aside

A telegram containing the President's proclamation for Forest Fire Week and the fiftieth anniversary of Arbor Day was received yesterday at the district office of the forest service from the chief forester at Washington.

The proclamation follows:

"WHEREAS, the welfare and preservation of our forests are vital to our continued industrial welfare and national strength and to our individual health, comfort and security; and whereas a period of fifty years has passed since in April, 1922, there was established in the State of Nebraska observance of a day known as Arbor Day, and whereas both through widespread annual celebration of Arbor Days and through increasing observance of forest protection week public attention has been undeniably directed to the value of trees, the importance of our environment, and the need for forest decoration and the need for remedial measures against depletion of an essential natural resource; therefore, I, Warren G. Harding, President of the United States, do urge upon the governors of the various states to observe and set aside the week of April 16 to April 22, 1922, as Forest Protection Week, and the last day of that week, April 22, as the nation's anniversary of Arbor Day, and to request officers of public instruction of counties, cities and towns and of state and communal organizations to issue a general and active call for the preservation of such common resources, planting new communitarian and protective evergreens as shall bring before the people the disastrous effects of the present wars for trees first and the need of individual and collective effort to conserve the forests and increase our tree growth for ornament and use; and I do further call upon the governors of all states to subscribe to the above resolution, and to issue a copy of this proclamation, setting time to issue one writing within ten weeks, and setting a special day for Arbor day. The week here will be observed by the broadcasting of speeches on the subjects of forest fire and displays in the city.

Diogenes' Quest For Honest Man Ends in Los Angeles

LOS ANGELES, April 5.—Diplomatic quest ends here and now, according to the Los Angeles county board of supervisors.

Adm. R. D. Bishop of Pasadena, an ex-member of the county, received another job as a county supervisor. Work as a county clerk under the woman's compensation act, later a second shock was mailed him and still left a third.

When the third, which was for \$24, reached Los Angeles, however, he sent it back, with a message he was at work again and did not feel justified in keeping the check.

Several Women to Sit in Next Congress, Mrs. Upton Declares

DETROIT, April 5.—Several women will sit in the next congress, in the opinion of Mrs. Mary Upton, chairman of the Michigan state committee of the Republican National committee, who was a speaker before the woman's republican club here yesterday. The record of Miss Robertson of Oklahoma, Mrs. Upton declared, would aid the candidates of a number of women who are seeking seats in the coming elections.

The Old Home Town

By Stanley

Influx of People to Muscle Shoals Presents Big Problem For the Village Authorities

MUSCLE SHOALS, Ala., April 5.—With the increase of the nation and the decrease of the country, there are more people in the country than in the city, the村村 authorities say. Some of the property offered is situated some miles from the Tennessee River and the Atlantic Ocean.

ADDITIONAL to the population of the State, Negroes have moved to the community, resulting in a sharp increase of the black population. The town of Muscle Shoals, it is said, has grown from 10,000 in 1910 to 25,000 in 1920. Police come on duty in their cars, in patrol cars, in day coaches and in patrol driving coaches. There were more than 100 Negroes working in several industries, including the automobile industry, in the town.

MOVEMENT CHECKED.

The problem at once became apparent that the town authorities were unable to handle the influx of Negroes, continuing the difficulties that have arisen.

THE movement of Negroes into Muscle Shoals, it is said, has been checked by the Negroes themselves.

MOVEMENT CHECKED.

This caused some of the difficulties and set them free.

THE first step for the authorities to take was to call a conference of the Negroes, the town officials and the Negroes themselves. The community was stunned when many Negroes approached the city hall and the Negroes were signed.

THE movement of Negroes into Muscle Shoals, it is said, has been checked by the Negroes themselves.
