## PACIFIC RAILROAD MERGER ILLEGAL SUPREME COURT DECIDES

Harriman Combine Must Be  
Dissolved as Violation of  
Sherman Anti-Trust Law  
Against Restraint of Trade.

## COMPETITION MUST NOT BE THROTTLED

Opinion Handed Down By Jus-  
tice Day Regarded as Far-  
Reaching in Effect Upon  
Other Corporations.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 2.—The great  
Harriman combine, created when the  
Union Pacific Railroad Company  
bought 46 per cent of the stock of  
the Southern Pacific system, was  
split asunder today by the supreme  
court of the United States as a viola-  
tion of the Sherman anti-trust law.  
Then, with the end of the merger  
before it, the court sent forth its por-  
tioned declaration that "while the  
law may not be able to enforce com-  
petition, it can reach combinations  
which render competition imprac-  
ticable."

Justice Day announced the unani-  
mous opinion of the court. Justice  
Vanderbilt took no part in the con-  
sideration of the case today, but his  
principal finding when he was a cir-  
cuit judge, to the effect that the two  
roads were not competitors, and  
therefore no violation of the law had  
resulted from the purchase, was re-  
versed and annulled.

Instead of following the reasoning  
of Justice Vanderbilt and Judges  
Sanborn and Adams, the court, in  
substance, approved the minority  
holding of Justice Harlan, who de-  
clared that the two roads were just  
as much a violation of the law for  
one road to buy the controlling stock  
of a competitor as it was for a hold-  
ing company, as in the Northern Sec-  
urities case, to buy the controlling  
stock of two competing companies.

As the Northern Securities Com-  
pany plan failed nearly ten years ago,  
so the Harriman plan failed today.  
The circuit court for the district of  
Utah was directed to supervise the  
separation of the two roads after  
hearings, and in emergency to ap-  
point a receiver to sell the stock. The  
Union Pacific, if the circuit court  
sees proper, may retain control of  
the old Central Pacific line from Og-  
den to San Francisco. The decision  
of the lower court that there was no  
violation of the law in the attempt to  
acquire the Northern Pacific stock  
and the stock of the Atchafalaya, Topeka  
& Santa Fe Railroad Company, after-  
wards abandoned, and a certain in-  
terest in the San Pedro, Los Angeles  
& Salt Lake Railroad Company, was  
allowed to stand. It is the general  
belief here that the application of the  
decision to the railroad situation of  
the country will be widespread, plac-  
ing a powerful precedent in the hands  
of the attorney general to prevent  
the consolidation of competing roads.

Department of justice officials,  
however, were not prepared tonight  
to discuss the full effect of the de-  
cision upon other railroads. Attorney  
General Wickham issued a state-  
ment in which he declared that the  
opinion extended the principles of the  
Northern Securities case, and reaf-  
firmed those of the Standard Oil and  
St. Louis Terminal Association deci-  
sions.

Justice Day, in his opinion, spoke  
of the Standard Oil and Tobacco de-  
cisions of last year as the final au-  
thority on the interpretation of the  
Sherman anti-trust act. He pointed  
to the decisions before the Standard  
Oil and Tobacco cases as being ap-  
proved in those cases, and then pro-  
ceeded to apply to this merger the  
principles discussed in all these de-  
cisions.

"We take it, in this connection,"  
he said, "that it may be regarded as  
settled that a combination which  
places railroads engaged in interstate  
commerce in such relations as to cre-  
ate a single dominating control in one  
corporation, whereby natural and ex-  
isting competition in interstate com-  
merce is unduly restricted or sup-  
pressed, is within condemnation of  
the act. While the law may not be  
able to enforce competition, it can  
reach combinations which rendered  
competition impracticable."

is actively seeking and wishes to  
gain."

He quoted the testimony of rail-  
road men that this was what the  
Union Pacific and Southern Pacific  
were doing at the time of the pur-  
chase. Competition as to rates was  
not the only aim of the law, he ex-  
plained, but there was competition as  
to the character of service rendered  
and the accommodation afforded. He  
said that it made no difference that  
rates were not raised for the time  
being after the combination was ef-  
fected.

"It is the scope of such combina-  
tions and their power to suppress and  
stifle competition or create monopoly  
which determines the applicability of  
the act," Justice Day declared.

The argument that the competitive  
traffic was infinitesimal, he dismissed  
with the statement that it amounted  
to many millions of dollars.

Next he took up the argument that  
the Union Pacific was only a con-  
necting road and really had no line  
to San Francisco, but was dependent  
upon the Southern Pacific for such  
terms as it could make over the old  
Central Pacific line from Ogden to  
San Francisco. He said that that was  
going too far, that the Union Pa-  
cific's Portland route was available,  
and it would have been detrimental  
to the Southern Pacific to have de-  
clined an arrangement to carry the  
Union Pacific's business from Ogden  
to San Francisco.

"But this case is not to be decided  
on the theory," he continued, "that  
only so much of the Southern Pacific  
system is operated between Ogden  
and San Francisco has been acquired.  
The purchase may be judged by what  
in fact it has accomplished and the  
natural and probable consequences of  
that which was done. Because it  
would have been lawful to gain, by  
purchase or otherwise, an entrance  
into California over the old Central  
Pacific does not render it legal to  
acquire the entire system, largely en-  
gaged in interstate commerce, in  
competition with the purchasing  
road."

Justice Day replied to the argu-  
ment that a majority of the stock  
had not been purchased, and there-  
fore no control had been acquired.

## CONSTITUTIONALITY OF NEWSPAPER LAW ARGUED

Counsel for Publishing Con-  
cerns Attacks Statute as  
Abridging Freedom of the  
Press; Bullitt Defends It.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 2.—Oral argu-  
ments on the constitutionality of the  
"newspaper publicity law" began to-  
day before the supreme court of the  
United States. Robert C. Morris, on  
behalf of the New York Journal of  
Commerce, attacked the law as  
abridging the freedom of the press,  
while Solicitor General Bullitt de-  
fended the act as merely imposing  
additional conditions under which  
newspapers may obtain the second  
class mail privileges. The solicitor  
general will conclude his argu-  
ment tomorrow when James M. Beck,  
on behalf of the Lewis Publishing Com-  
pany of New York, will make the fi-  
nal argument on behalf of the news-  
papers.

Chief Justice White questioned Mr.  
Morris at length, suggesting that the  
question of the effect of the law was  
not to be addressed to congress and  
not to the courts. In this connection  
he said he had in mind the oleomarin-  
e case in which "any one who  
looked beyond his face," knew that  
the effect was to prohibit the manu-  
facture of a product while it merely  
purported to levy a tax. He also sug-  
gested an interpretation that would  
permit the "advertisement section" to  
stand as a valid act only as it ap-  
plied to newspapers in the District of  
Columbia or jurisdictions over which  
the United States has exclusive juris-  
diction.

## MEXICAN WOUNDED NEED TREATMENT

El Paso, Dec. 2.—Lack of funds is  
depriving federal and rebel wounded  
at Columbus, N. M., from proper  
care, say advisers received tonight by  
General E. Z. Steever, of Fort Bliss.  
Nearly all of \$200 sent by the Na-  
tional Red Cross society has been  
used in treating twenty-four wounded  
and \$200 sent by the rebel general,  
Salazar, for the care of the nine rebel  
wounded, has been expended.

Some of the wounded who were  
sent into the United States after the  
battle of Palomas, need hospital care  
and if funds are forthcoming, it is  
planned to bring them here for treat-  
ment.

## BINGHAM COMPANIES ASK PROTECTION

Salt Lake City, Dec. 2.—Several of  
the largest mining companies of  
Bingham, who have been paying for  
guards, deputized as sheriffs since the  
beginning of the miners' strike, un-  
der today in a protest to the county  
commissioners of Salt Lake against  
further payment to special officers.  
The communication declared that  
there were a large number of lawless  
persons in the camp and that it will  
require at least three hundred de-  
puties for several months to maintain  
peace. Citing the taxes that are paid  
by the mines, the companies declare  
that they feel themselves entitled to  
protection by the county.

## CHARLES P. TAFT IS OUT \$150,000 FOR PRESIDENT'S CAMPAIGN

Total Contributions to Republi-  
can National Committee Are  
Reported Aggregating \$904,-  
088; \$900,363 Spent.

## NEWSPAPERS RECEIVED BIGGEST LUMP SUM

Andrew Carnegie and J. P.  
Morgan Each Gave \$25,000  
to Aid Cause of Chief Ex-  
ecutive to Retain Seat.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 2.—Charles P.  
Taft, of Cincinnati, brother of the  
president, led the contributors to the  
Republican campaign fund with \$150,-  
000, according to the final statement  
of the republican national commit-  
tee, filed with the clerk of the house  
today. The total contributions re-  
ceived reached \$904,088. The ex-  
penditures were \$900,363, for speakers,  
salaries, advertising, rent and other  
purposes, including \$75,000 to the  
American Association of Foreign  
Newspapers.

In the list of individual contribu-  
tions were items of \$50,000 from  
Francis L. Leland, of New York;  
\$25,000 each from J. P. Morgan and  
Andrew Carnegie, while the Yale  
Taft class of 78 in New Jersey con-  
tributed \$14,725, and Harry B. Ros-  
engarten, Philadelphia, \$10,500.

Of President Taft's cabinet, Sec-  
retary of the Navy Meyer contributed  
\$2,500, and Secretary Knox, Attorney  
General Wickham and Postmaster  
General Hitchcock, \$1,000 each.  
Among ambassadors, Lars Anderson,  
ambassador to Tokyo, contributed  
\$10,000; R. C. Kerens, at Vienna,  
\$5,000; Myron T. Herrick, ambassa-  
dor to France, and T. J. O'Brien, to  
Italy, \$1,000 each.

There were \$10,000 lump contribu-  
tions each from William Nelson  
Cromwell, Drexel & Co., the Union  
League Club of Philadelphia; J. B.  
Ford, New York; Edwin S. and  
Charles W. Harkness, of New York.  
H. A. Hutchins and D. H. D. Hols-  
comb, of Norristown, N. J., combined  
contributed \$5,000; the Union League  
Club of New York and Adolph Lew-  
ysohn & Sons, \$7,500 each; R. A. C.  
Smith, New York, \$5,000.

Among the \$2,000 contributions  
were Edwin Gould, Assistant Sec-  
retary of State William, George Kostis,  
of Washington, D. C.; Arthur C.  
James, A. D. Juillard, J. W. Seligman  
Company, George R. Sheldon, Otto T.  
Barnard, F. Q. Brown, George Lan-  
der, Lloyd Bryce.

Among the \$2,000 contributions  
were Senator Root, Senator Wetmore,  
Senator Crane, former Senator Mur-  
phy, of New Jersey; William A. Har-  
burg, of Baltimore; William Whit-  
man, of Boston; Henry Phillips, Or-

den Mills, J. W. Seligman and Wil-  
liam Steward Todd, all of New York.  
The \$1,000 contributors included  
Mrs. Lars Anderson, Mary M. Emery,  
of Cincinnati; Mrs. Charles D. Nor-  
ton, of New York; Senators Sander-  
son of Tennessee, and Dupont, of Dela-  
ware; H. C. Fries, of Pittsburgh;  
Robert T. Lincoln, of Chicago; Mrs.  
Whitlaw Reid, former Mayor Seth  
Law, of New York; Julius Fleisch-  
man, of Cincinnati; Mrs. Russell  
Sage, Robert Goetz, of New York;  
Henry W. Taft, a brother of the pres-  
ident; Frank S. Streeter, Concord, N.  
H., and Representative Olmsted, of  
Pennsylvania.

## GOLCONDA COMPANY SUSTAINED BY COURT

San Francisco, Dec. 2.—The United  
States district court of appeals sus-  
tained today the decision of the Ne-  
vada district court in the govern-  
ment's suit against the Golconda Cat-  
tle Company. The company was ac-  
cused of having fenced in government  
land in Nevada to obtain exclusive  
grazing for its cattle. The trial court  
upheld the company's defense that  
the fencing it had done on the range  
did not prevent public use of the land.  
It directed, however, that the company  
provide additional openings in its  
fence. This is the case to which Con-  
gressman William Kent originally was  
made a party, but the case against  
Kent was dismissed on his showing  
that, though an officer of the com-  
pany, he had nothing to do with the  
fencing of the land.

## THE DAY IN CONGRESS.

Sixty-second congress, third ses-  
sion, the opening day.

SENATE.  
Convened at noon, Senator Bacon,  
president pro tempore, presiding.  
Chairman Clapp, of interstate com-  
merce committee, announced an ef-  
fort would be made to reach an  
agreement upon a report recommend-  
ing amendments to the anti-trust law.  
Campaign expenditures investigat-  
ing committee will resume hearings  
December 10th.

Adjourned at 12:22 p. m. until 11  
a. m. Tuesday, out of respect for the  
memory of Vice President Sherman  
and Senators Heyburn and Rayner.

## HOUSE.

Convened at noon, Speaker Clark  
presiding.  
Estimates for running government  
during fiscal year of 1914 submitted  
by secretary of the treasury. They  
aggregate \$23,415,455, an increase of  
\$72,078,248 over 1913, and include  
\$56,766,992 for river and harbor im-  
provements.

First bill introduced was one by  
Representative DeForest, New York,  
to pension former presidents and  
widows of former presidents.  
Representative O'Shaughnessy in-  
troduced a resolution for an investi-  
gation to determine whether anti-  
trust laws had been violated by  
Grand Trunk and New York, New  
Haven & Hartford railroads.  
Representative Browning intro-  
duced a bill for comprehensive cur-  
rency system.

Representative Clayton introduced  
a bill authorizing supreme court to  
regulate procedure in common law  
cases before federal courts.  
Adjourned at 1:10 p. m. until noon  
Tuesday.

## Wilson's Plurality Less Than 1,000.

Cheyenne, Wyo., Dec. 2.—Official  
census completed by the secretary of  
state today, gives presidential electors  
Wilson, 15,296; Taft, 14,314; Roose-  
velt, 9,152; Debs, 2,715; Chapin, 419.

## CLARK BREAKS TWO GAVELS TRYING TO MAINTAIN ORDER

Senate Holds Brief Session and  
Adjourns Out of Respect for  
Memory of Vice-President  
and Deceased Members.

## SPEAKER AND CANNON PROVOKE APPLAUSE

Upper House Republicans Ne-  
gotiating for Election of Gal-  
linger as Permanent Presid-  
ing Officer.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 2.—The senate  
and house settled down to work today  
for the high pressure session that is  
to end the sixty-second congress.  
Speaker Clark, yielding his em-  
blem of office, with ever-increasing force,  
succeeded in breaking two valuable  
gavels before he had brought the en-  
thusiastic house through an hour and  
ten minutes of business. The sessions  
in both houses served to complete the  
preliminary work of organization and  
left congress ready for legislative busi-  
ness tomorrow.

The senate, depressed by the recent  
death of Vice President Sherman and  
Senators Heyburn and Rayner, was in  
session twenty-two minutes. Both  
houses adjourned as soon as the pre-  
liminaries of organization were com-  
pleted, out of respect for officers and  
members who had died since the ad-  
journment in August.

President Taft's message will come  
to both houses tomorrow. The sen-  
ate will meet at 11 o'clock, one hour  
before the customary time, so that the  
message may be received and read be-  
fore proceedings are begun in the  
course of impeachment which is to try  
Judge Robert W. Archbald of the com-  
merce court. Boisterous enthusiasm  
greeted the return to the house of  
Speaker Clark, former Speaker Can-  
non and other members whose names  
long have been associated with the  
important affairs of that body.

Former Speaker Cannon was given  
a rising greeting when his name was  
reached. Democrats and republicans  
who had joined in the applause for  
Speaker Clark, when he entered the  
chamber at noon, jumped to their feet  
and joined in the cheering. Four gov-  
ernment clerks, who will go from the  
house of representatives to their re-  
spective state capitals, also were vig-  
orously cheered as the roll call pro-  
ceeded. They were Representatives  
Silzer, of New York; Cox, of Ohio;  
Roginson, of Arkansas, and Hanna,  
of North Dakota.

No business was transacted by the  
senate, but a number of bills and re-  
solutions were introduced in the house.  
A joint committee was named by the  
two houses to notify President Taft  
that congress was ready to receive his  
communication. Senator Bacon, pre-  
siding officer of the senate, appointed  
Senators Culham and Martin and  
Speaker Clark, named Representatives  
Underwood, of Alabama; Mann, of  
Illinois, and Johnson, of Kentucky.

Senate republicans held an informal  
conference, during the day, in an ef-  
fort to solve the rangle that was pre-  
sented by the selection of a permanent  
presiding officer of the senate. It is  
expected that a republican caucus will  
be held before the end of the week,  
and that an effort will be made to se-  
cure caucus support from progres-  
sive and insurgent republican senators  
to bring about the election of Senator  
Gallinger.

The house will convene at noon to-  
morrow. Roll call in the two houses  
today showed sixty-six senators pre-  
sent out of a membership of ninety-  
three and 275 representatives out of a  
membership of 432. There are three  
vacancies in each branch.

Congress met promptly today at  
noon for the short session that will  
terminate with the incoming of the  
democratic administration March 4th.  
Crowded galleries looked down on the  
annual session on the floor as Speak-  
er Clark in the house and Senator Ba-  
con, president of the senate, capped  
the respective bodies to order at the  
stroke of 12.

It was not quite 12 o'clock when  
Senator Bacon, president pro-tem,  
took the chair at the desk of the late  
Vice President Sherman and rapped  
for order in the senate. Senators  
surged through the doors at the last  
moment, and it took some time to  
secure order for the prayer by the  
chaplain, the Rev. F. G. B. Pearce.  
Failure of members of the house to  
reach the floor delayed the opening  
of the session in the house about 3  
minutes after the hour of noon. When  
Speaker Clark climbed the stairs to  
the rostrum he was greeted by ap-  
plause and cheers from the floor and  
crowded galleries.

A joint committee to notify the pres-  
ident that congress had assembled.  
Senator Lodge moved that the senate  
meet tomorrow at 11 o'clock. It was  
adopted without debate, the purpose  
being to give time for the reading of  
President Taft's message before the  
hour set for the convening of the  
Archbald court of impeachment at  
12:30 p. m.

Senator Root gave the senate the  
formal notification of the death of  
Vice President Sherman.

Resolutions were adopted, cover-  
ing the senate's sympathy to the fam-  
ily of the late vice president.

Senator Borah presented the noti-  
fication of the death of his colleague,  
Senator Heyburn, and Senator Smith  
of Maryland, that of Senator Rayner.  
Again resolutions of sorrow were  
adopted and after a session of twenty-  
two minutes the senate adjourned  
out of respect to the memories of  
Vice President Sherman and Senators  
Heyburn and Rayner.

Four new members were sworn in  
the house. They were Lewis L. Mor-  
gan of Louisiana, who succeeds the  
late Representative Wyche; Archibald  
C. Hart, who succeeds  
Representative Hughes of New  
Jersey, elected to the senate; George C.  
Scott, who succeeds the late Rep-  
resentative Hubbard of Iowa, and Ed-  
ward A. Merritt, who succeeds the late  
Representative George Maltby of New  
York.

The house after a session of an  
hour and ten minutes adjourned un-  
til noon tomorrow on motion of Rep-  
resentative Cannon out of respect to  
the members who had died since the  
last adjournment.

## SNEED'S FATE RESTS WITH TWELVE JURORS

Fort Worth, Tex., Dec. 2.—The fate  
of John Paul Sneed, banker, accused  
of having murdered A. C. Boyce, a  
wealthy ranchman, rests with the  
jury tonight. Presiding Judge Swayne  
concluded his charge at 5:45 o'clock  
this afternoon, and at 9 o'clock the  
jury had not reported a verdict.

Judge Swayne then instructed that the  
jurors be locked up for the night and  
announced he would not reopen court  
until the usual hour tomorrow.

## FAR-REACHING BAND OF THIEVES IS DISCOVERED

Railroads Running Into Chi-  
cago Said to Have Been Vic-  
timized By Two Alleged Doc-  
tors and Associates.

(By Morning Journal Special Leased Wire.)  
Chicago, Dec. 2.—Indictments and  
arrests of more than a score of per-  
sons in Chicago and the middle west  
are expected soon to follow the ar-  
rest of Dr. Nicholas H. Kern, Dr. Ed-  
ward B. Stahlhutte and two alleged  
accomplices charged with being mem-  
bers of the largest band of thieves  
ever organized in this section of the  
country. It developed today that  
every railroad entering Chicago, has  
been the victim of systematic thefts  
of valuable freight cars. At  
least one large department store in  
Chicago and many smaller merchants  
and commission men are expected to  
be drawn into the case as receivers  
or purchasers of the stolen goods, in-  
nocently or otherwise.

Twelve men in Chicago are under  
surveillance and operatives in St.  
Louis, East St. Louis, Cincinnati, De-  
troit, Sioux City, Ind., Memphis, Pitts-  
burgh and other cities have at  
least one large department store in  
Chicago and many smaller merchants  
and commission men are expected to  
be drawn into the case as receivers  
or purchasers of the stolen goods, in-  
nocently or otherwise.

## CHINA AND RUSSIA THREATEN CLASH

London, Dec. 2.—The Daily Tele-  
graph's Peking correspondent says  
Russia is determined to obtain rail-  
road connection with her Persian line  
not only at Urgan, to garrison the  
western Mongolia administrative cen-  
ters of Koko and Chassan, and  
plans a general rectification of the  
frontier of the Hei Lung Chiang  
province of Manchuria in order to  
include certain disputed districts  
within trans-Baikalia. The Chinese  
war ministry purposes to distribute  
thirty-four battalions of infantry  
among the twenty-four post stations  
between Urgan and Kalgan as a first  
step toward the resumption of Chi-  
nese control.

Ashurst Outlines Steps to Greatness.  
Washington, Dec. 2.—Lumberjack,  
cowboy, clerk, cashier in a store, re-  
porter, huckster and lawyer, is the  
description of his life's work given  
by Senator Ashurst, of Arizona, in  
the new congressional directory.

## GERMAN ATTITUDE LIKELY TO END EUROPEAN WAR

Kaiser's Foreign Secretary An-

Is Working in Harmony With  
Teuton Government.

## GREEKS JEALOUS OF BULGARIAN ALLIES

Chancelleries Believe Peace  
Protocol Will Be Signed Some  
Time Today, but Further De-  
lays May Occur.

(By Morning Journal Special Leased Wire.)  
London, Dec. 2.—The imperial  
chancellor's statement on the Euro-  
pean situation, together with that of  
Herr von Kideben-Waechter, the  
German foreign secretary, confirming  
that Great Britain and Germany are  
co-operating amicably in favor of  
peace, is regarded in European capi-  
tals as reassuring and as calculated  
to have an effect when the peace de-  
legates begin to discuss terms.

Dr. von Bethmann-Hollweg's de-  
claration of the solidarity of the triple  
alliance, which it is reported, has  
just been renewed for another term  
of years, and his announcement of  
Germany's determination to uphold  
Turkey in an economic sense, is likely  
to influence conditions in the spirit  
of moderation already shown in the  
armistice negotiations.

Although there is no change in the  
actual situation tonight, some relief-  
ing is beginning to be expressed with  
regard to the attitude of Greece. Var-  
ious reasons are assigned for Greek  
reluctance to sign the armistice. Ac-  
cording to the Greek minister at  
Paris, Greece opposes the proposal  
that the beleaguered garrisons should  
be provisioned during the armistice  
and thinks that the allies ought to have  
insisted upon their surrender.

There is no doubt that jealousy ex-  
ists between Greece and Bulgaria.  
Greece asserts that the Greek fleet  
played an important role in the war  
and especially in preventing Turkey  
from moving her troops by sea and  
that without her naval assistance, the  
allies could not have achieved such a  
brilliant success. The rate between the  
Greeks and the Bulgarians for the  
occupation of Saloniki and the inci-  
dents which followed this, increased  
the ill feeling and the Greeks now  
consider their interests are being sacri-  
ficed in the peace negotiations. It is  
expected the armistice protocol  
will be signed some time tomorrow,  
but it is possible this may be further  
delayed.

## GERMANY STANDS FIRMLY BY AUSTRIAN DEMANDS.

Berlin, Dec. 2.—Germany stands  
firmly with Austria-Hungary in the  
conflict that has arisen between that  
country and Serbia or, for that mat-  
ter, in any conflict which may be  
forced upon the dual monarchy. In a  
speech in the reichstag today, the im-  
perial chancellor, Dr. von Bethmann-  
Hollweg, made this declaration, which  
is taken from a dispatch to the Rus-  
sian press, although Russia was not named.  
All the party leaders except the so-  
cialists, who followed the chancellor,  
expressed approval of the govern-  
ment's position. Herr von Kideben-  
Waechter, secretary of state for for-  
eign affairs, won applause when in  
replying to the reference of the social  
democratic leader, Herr Ledebour, to  
alleged discord with Great Britain,  
he said:

"These remarks offer a welcome  
occasion to state that during the whole  
late crisis our relations with Great  
Britain have been especially marked  
by mutual trust, which performed  
good services towards an understand-  
ing among all the powers.

Dr. von Bethmann-Hollweg, after  
summarizing the efforts of the great  
powers in the first place to delay the  
outbreak in the Balkans, and later on  
when war was found to be inevitable  
to localize hostilities, passed on to  
the question of the interests of the  
great powers directly affected by the  
final settlement. He said:

"When our allies, Austria-Hungary  
and Italy, in maintaining their inter-  
ests are attacked—although it is not  
the present prospect—by a third  
party and thereby threatened in their  
existence, then we, faithful to our  
compact, will take their part firmly  
and decisively.

"Then we shall fight side by side  
with our allies for the maintenance of  
our own position in Europe and in  
defense of the security and future of  
our own fatherland."

"I am convinced that we have the  
whole nation behind us in such a pol-  
icy."

The imperial chancellor was at this  
point of his speech heartily applaud-  
ed by many of the members present.

Continuing, von Bethmann-Hollweg  
declared the belligerents in the pres-  
ent war did not dispute the right of  
the great powers to have a word in  
the final settlement of the Balkan  
question in which their interests were  
involved. The wishes of the powers,  
he said, would carry greater weight  
if they were presented collectively.  
Negotiations with that end in view  
were now proceeding and he hoped  
they would result successfully.

Germany, he said, like several of  
the other great powers was interested  
in preserving Turkey as a powerful  
economic and political factor. He

## NEW LIGHTWEIGHT CHAMPION CREDIT TO BOXING GAME

Willie Ritchie Has Never Tasted Tobacco or Liquor in His Life; Quiet and Unassuming in Private Life.

(Special Correspondence to Morning Journal from San Francisco, Dec. 2.)—San Francisco proudly pays homage to Willie Ritchie, the first lightweight champion of the world ever developed in California. And well might San Francisco sports hail him as their champion. Not alone is he thoroughly a local product, having been born and raised in this city, but he is one of the most gentlemanly boxers in the game.

Just imagine a lad of 21, who has never tasted liquor or tobacco in his life, battling his way to the championship sport such famous boxers as Abe Attell, Frankie Neil, Jimmy Britt, Eddie Hanlon and a number of others. He attended the grammar school and had just graduated when the fire of 1906 came along and wiped out the family home.

Willie's mother died shortly afterward, and the family of seven boys and four girls became separated. Ritchie started out on his first job as an office boy in a local hardware store. He then tried his hand for a month or so as a sheet metal worker. About this time two of his brothers started in the teaming business and Willie held down the job of time keeper and finally drove one of the team wagons.

About three years ago he went to work in an automobile repair shop and learned the trade of machinist. It was about that time that he took up boxing.

Willie would box a bit at nights, and he finally had an opportunity to substitute in one of the 4-round bouts at Dreamland rink, and he was off on his boxing career.

Willie was experiencing such little trouble beating his opponents that he became secure. Less than a year and a half ago Ritchie decided to give up boxing. He could not get a match here and his ability was not recognized. He was fortunate in acting as a substitute for Ad Wolgast against Freddie Welsh in Los Angeles Thanksgiving day, a year ago, and that bout earned him recognition. He lost a 20-round bout to Matty Baldwin and went east on a successful tour.

Ritchie's ring career is well known, but few outside his circle of immediate friends know that he has taken good care of his younger brothers and sister.

## LEO HOUCK MATCHED WITH HOWARD BAKER; DENVER STAGES BOUT

Denver, Dec. 2.—Leo Houck, of Lincolnton, Pa., and Howard Baker, of Boulder, were matched today for a ten-round boxing bout here the first week in January. They will weigh in 125 pounds. Hector (Cotton) Hectors, of Denver, and Jeff Cheek, of Joplin, Mo., middleweights, were matched for a ten-round fight at Joplin, December 15th. Phil Kearney, of Denver, and Eddie Johnson, of Pueblo, lightweights, were matched for a ten-round go before the Pueblo Athletic Association at Pueblo in December 16th.

## FEDERAL OFFICERS ARE NOT SEEKING JOHNSON'S PARAMOUR

Chicago, Dec. 2.—Lucile Cameron was seen outside the postoffice here today by Deputy United States Marshal Edwards, while Jack Johnson, the negro pugilist, was inside purchasing a money order. The government is making no effort to keep track of the woman as her evidence in the Johnson trial for violation of the Mann act is not considered important.

## KILBANE AND DUNDEE TO MEET AT VERNON

Los Angeles, Dec. 2.—Johnny Kilbane, of Cleveland, featherweight champion, will defend his title at Vernon arena against Johnny Dundee, of New York, either February 22nd or March 17th, next, according to a report received today from Jimmy Dundee, the champion's manager. Dundee telegraphed to Promoter Tom McCreary that the latter's terms for the fight were satisfactory and that the fight would take place on one of the two dates mentioned.

## PLAYING AGREEMENT BETWEEN ARMY AND NAVY IS TERMINATED

Annapolis, Md., Dec. 2.—When the football game between the Army and Navy at Philadelphia ended last Saturday, the agreement covering the playing of these contests terminated and negotiations for their continuance on a new plan will begin shortly. While there is every reason to believe the annual match will continue indefinitely, the athletic authorities of the two schools will now have to renew discussion of the date for playing future games. The question nearly caused a break three years ago. Representatives of the Naval Academy favored the Saturday after Thanksgiving, while the authorities at the Military Academy insisted on the Saturday before. Finally a compromise was reached whereby Army's date was selected last year and Navy's this year.

## KILBANE CHARGED WITH DEFRAUDING PUBLIC IN FIGHT

Johnstown, Pa., Dec. 2.—Information charging conspiracy and fraud, were made here tonight against Johnny Kilbane, champion featherweight boxer, his manager, Jimmy Dunn; Tommy McGinty, a sporting partner and Mr. J. Barry, a promoter. It is alleged that at a boxing bout here October 29th, Kilbane fought McGinty when it was believed he was fighting Tommy Duggan of San Francisco. The information was made by Josh Owens, a hotel proprietor, in behalf of himself and Alderman James Hannon, Alderman John R. Harp, John Abela and James McShore, who backed the show. Attorney Daniel L. Parsons, for the complainants, tonight telephoned a Cleveland law firm to bring civil action against Kilbane and his associates for the recovery of \$700, the amount put up by the backers to finance the bout. It is said an attempt to extradite the men is to be made tomorrow.

## NATIONAL TENNIS CHAMPIONS ARE TO BE MARRIED SOON

Los Angeles, Dec. 2.—Frank Bundy, joint holder with Maurice E. McLoughlin of the national championship in tennis doubles, and Miss Sutton, former world's champion in women's singles, will be married here December 11. Announcement of the event was made today by Mr. Bundy. Miss Sutton throughout her tennis career has been virtually unbeatable. After defeating all rivals in the eastern championships in the last three seasons, his culminating triumph being the victory in the national doubles at Newport this year. Simpson, Stoughton, another tennis expert, will be "best man" at the wedding, while Miss Florence Sutton will attend her sister.

## NATIONAL LEAGUE TO HOLD SPECIAL MEETING

New York, Dec. 2.—President Lynch, of the National League, today sent out a call for a meeting of the board of directors on Monday next, the day before the annual meeting of the league on December 10th. The meeting of the board has been called to decide the status of Roger Bresnahan's contract. Bresnahan had a five-year engagement to manage the St. Louis club, but was released after serving only one year. Bresnahan was in New York shortly before the Fogel inquiry and asked President Lynch to have his status defined by the league directors.

## MORINGSTAR WILL DEFEND HIS TITLE AGAINST SUTTON

Pittsburgh, Dec. 2.—The world's title for the championship of the 18.1 ball line in billiards, will be played in this city January 9th, 10th and 11th, George Sutton having challenged O. Moringstar, of this city, present holder. The winner is to receive the title, diamond trophy, all gate receipts and a purse of \$1,000 offered by Harry Davis, of Pittsburgh. In addition, Sutton and Moringstar have agreed to post a side bet of \$500.

One of the interesting features centers in the efforts to include Yamada, the Japanese expert, who recently competed in the 19.2 tournament in New York. Yamada has not yet decided to enter the contest, but negotiations are still under way.

## CHAVEZ AND RYAN MAY FIGHT HERE DECEMBER 31

Director Mark Levy, of New Mexico Athletic Club, to Rematch Boys Month Hence If Fans So Desire.

Albuquerque fans may have a chance to see Benny Chavez and Tommy Ryan in a return 10-round bout here on December 31st—New Year's eve—providing there is demand enough among the fight enthusiasts of Albuquerque for a match between the boys.

Director Mark Levy, of the New Mexico Athletic Club, when asked about the matter yesterday, stated that he had not decided what bout he would stage as the main event of a card scheduled for the last day of the year, but that he was perfectly willing to rematch Chavez and Ryan if such a card would suit the fans.

"I am staging fights for the entertainment of the local fans," said Levy, "and if they want to see Chavez and Ryan box again, I will be only too glad to accommodate them."

There is no denying the fact that the little fellows, that is the bantams, featherweights and lightweights put up by far the classiest exhibition of boxing. This has been demonstrated too often to bear successful contradiction. The middleweights and heavyweights don't move fast enough to suit the fans, and what is more, they seldom, if ever give the audience a run for their money.

Since Ryan fought Chavez here on Labor day, the bout going ten rounds with a decision to Chavez—which by the way a headline verdict—the San Francisco featherweight has fought two important battles. One of these, with Young Silva, a promising featherweight of Gibson, he won by a wide margin on points, while in the other, with Jack McMahon at Gallup on Thanksgiving, he earned a draw. McMahon claims the featherweight title of Arizona.

Chavez also has fought several times since his last appearance here, winning as usual.

If the boys are rematched, it is said that the bout will be at catchweights. In other words, Ryan will fight at 122 pounds, while Chavez will fight at any weight he pleases, which is usually about 118, ringside. It is admitted that in making 118 pounds at 8 o'clock for Chavez when they met on Labor day, Ryan perceptibly weakened himself, which handicapped his fighting to a considerable extent.

Since Chavez is in the habit of taking on boys up to 125 or 140 pounds, he is not expected to quibble over a matter of four pounds in a return match with Ryan.

Ever since his meeting with Chavez, the Pacific coast boxer has been anxious for a return match. He is confident he can stop Chavez inside of ten rounds and there are many fans in this city who share this belief with him. On the other hand, Chavez, who aspires to the bantamweight championship of the world, and who has made a good start towards that goal, considers Ryan out of his class so far as the fight game is concerned, and promises in a return match to stow away the challenger to the southwestern and Rocky Mountain bantamweight championships in six rounds at the longest.

With such rivalry existing between the two boys, a return match should prove a big card for Levy's club and likewise furnish a great bout for the fans.

He is confident he can stop Chavez inside of ten rounds and there are many fans in this city who share this belief with him. On the other hand, Chavez, who aspires to the bantamweight championship of the world, and who has made a good start towards that goal, considers Ryan out of his class so far as the fight game is concerned, and promises in a return match to stow away the challenger to the southwestern and Rocky Mountain bantamweight championships in six rounds at the longest.

With such rivalry existing between the two boys, a return match should prove a big card for Levy's club and likewise furnish a great bout for the fans.

Albuquerque fans may have a chance to see Benny Chavez and Tommy Ryan in a return 10-round bout here on December 31st—New Year's eve—providing there is demand enough among the fight enthusiasts of Albuquerque for a match between the boys.

Director Mark Levy, of the New Mexico Athletic Club, when asked about the matter yesterday, stated that he had not decided what bout he would stage as the main event of a card scheduled for the last day of the year, but that he was perfectly willing to rematch Chavez and Ryan if such a card would suit the fans.

"I am staging fights for the entertainment of the local fans," said Levy, "and if they want to see Chavez and Ryan box again, I will be only too glad to accommodate them."

There is no denying the fact that the little fellows, that is the bantams, featherweights and lightweights put up by far the classiest exhibition of boxing. This has been demonstrated too often to bear successful contradiction. The middleweights and heavyweights don't move fast enough to suit the fans, and what is more, they seldom, if ever give the audience a run for their money.

Since Ryan fought Chavez here on Labor day, the bout going ten rounds with a decision to Chavez—which by the way a headline verdict—the San Francisco featherweight has fought two important battles. One of these, with Young Silva, a promising featherweight of Gibson, he won by a wide margin on points, while in the other, with Jack McMahon at Gallup on Thanksgiving, he earned a draw. McMahon claims the featherweight title of Arizona.

Chavez also has fought several times since his last appearance here, winning as usual.

If the boys are rematched, it is said that the bout will be at catchweights. In other words, Ryan will fight at 122 pounds, while Chavez will fight at any weight he pleases, which is usually about 118, ringside. It is admitted that in making 118 pounds at 8 o'clock for Chavez when they met on Labor day, Ryan perceptibly weakened himself, which handicapped his fighting to a considerable extent.

Since Chavez is in the habit of taking on boys up to 125 or 140 pounds, he is not expected to quibble over a matter of four pounds in a return match with Ryan.

Ever since his meeting with Chavez, the Pacific coast boxer has been anxious for a return match. He is confident he can stop Chavez inside of ten rounds and there are many fans in this city who share this belief with him. On the other hand, Chavez, who aspires to the bantamweight championship of the world, and who has made a good start towards that goal, considers Ryan out of his class so far as the fight game is concerned, and promises in a return match to stow away the challenger to the southwestern and Rocky Mountain bantamweight championships in six rounds at the longest.

With such rivalry existing between the two boys, a return match should prove a big card for Levy's club and likewise furnish a great bout for the fans.

## DECISION AGAINST MERGER CAUSES BIG FLURRY

Union and Southern Pacific Stocks Suffer From Action By Supreme Court; Rallies Follow Sharp Decline.

(By Morning Journal Special Leased Wire.) New York, Dec. 2.—The supreme court's decision in the Harriman merger case upset the stock market today after a listless morning session. The announcement from Washington was followed by an outburst of selling, with Union Pacific as the special object of the attack. There were large sales of Southern Pacific as well, and virtually all the favorable stocks, including industrials, as well as railroad shares in the movement. Union Pacific broke 2 1/2 points, Southern Pacific 2, and Reading, Steel, Anaconda and Copper and other prominent shares a lesser amount.

The market met with prompt support at the lower level and prices quickly rallied. The decision was unexpected to many persons, and the first impulse was to sell, but on second thought there was a decided change in sentiment. Losers were largely made up and the Harriman issues scored their best figure for the day. Union Pacific preferred was bought heavily and at one time showed a gain of 6 1/2.

The upward movement was attributed to speculative buying on the theory that the court's ruling would necessitate distribution of Union Pacific holdings of Southern Pacific.

Some of the Harriman bond issues also advanced, in the belief that their owners might be made necessary as a part of the adjustment that must now be made. Southern Pacific collateral 4's at one period registered a gain of 6 1/2 points and Oregon Short Line 4's, 3 points.

The court's decision, however, opened up so many possibilities for speculation as to the effects of the readjustment that the trading element was confined and movements of securities were erratic. Before the close the market became heavy. The effect of the unfavorable bank statement of last Saturday was shown in the continued tension in the money market. Call loans rose steadily from an opening at 10 per cent. until 16 per cent was touched. Late in the day, the rates fell back to 6 per cent.

Some of the specialties developed marked strength in the latter part of the day. Rabbit rose to the high point touched in the movement last April and Tobacco issues were buoyant. Aside from the Harriman issues, the general bond market was firm, although there was a shading on values in a few isolated cases. Total sales, par value, \$2,500,000.

United States bonds were unchanged on call. Closing stocks:

## INCOME FROM STATE SCHOOL LANDS TO PAY INTEREST

While Insufficient to Provide Funds for Proposed New School, It Will Take Care of \$100,000 Bond Issue.

While the income from the state school lands will not be sufficient to provide the funds necessary for the erection of the proposed \$100,000 high school building in Albuquerque, the income from the state school lands will be sufficient to pay the interest on the \$100,000 bond issue to be voted on December 10th, the income will be ample to pay the interest on the bonded indebtedness, thus relieving the taxpayers of the city from this burden. If an increase for the purpose mentioned could be obtained, it would be a great relief to the city.

The foregoing fact is made known in a letter received by Superintendent of City Schools John Milne from Superintendent of Education, Santa Fe, Mr. Asplund, who writes to Mr. Milne in answer to a letter from the local superintendent making inquiry on the subject mentioned. This letter, which is a strong argument for the voting of the high school bonds, follows:

SANTA FE, N. M., Nov. 29, 1912. Superintendent John Milne, Albuquerque, N. M. Dear Mr. Milne—Your letter of November 26th has reached this office and I have read with considerable interest the editorial in the Albuquerque Evening Herald with reference to the leasing of school lands to the city of Albuquerque. Superintendent White is at present out of the city, and as he will not return to the city before December 10th I take the liberty of sending you certain information of which you may have need.

If you have a copy of the New Mexico Journal of Education of March, 1912, you will find on page 12 a summary by the editor as to state common school funds and lands. In the sources of the common school income, which is now for purposes of distribution known as the current school funds, are the following: Leasing of school lands, interest on permanent fund derived from a percent proceeds of the United States land sales, and dining car liquor licenses. On December 1, 1908, there was a balance in the common school income fund of, as we shall call it now, the current school fund of the state, of \$2,741.55. During the three years ending November 30, 1911, there was added \$113,787.33 from the sources which I have mentioned. In this amount \$142,722.61 came from leasing of school sections Nos. 16 and 24. Of this amount (\$142,722.61)

during the three-year period ending November 30, 1911, there was distributed on a per capita basis, \$123.15, or approximately \$11,000 in each of the three years. As we have had about 100,000 pupils of school age in the state, the apportionment made would yield to each district 41 cents for each child. On this basis, with a school population of 4,000, Albuquerque would get \$1,640 per year. However, as the area of lands belonging to the school has been divided, we can look forward to an annual income during the next few years available for purposes of distribution to yield \$1 for each child of school age in the state. Albuquerque could therefore expect during the next few years to receive \$1 for each child of school age per year, and the city's income from this distribution would yield between \$3,500 and \$4,000 per year. However, after land values have risen, it is reasonable to suppose that an increasing amount will be received by the community from the distribution of the state current school fund.

It must be kept in mind that the four school sections are not available for school purposes of the communities or counties in which they may be located, but the income from such lands goes into the state current school fund for distribution on per capita basis throughout the state. It should be borne in mind also that these lands may be sold, but that the proceeds of the sales will go into the permanent school fund and only the interest used in the distributions among the school districts of the state. There should be, therefore, no expectation that any community would be able to receive any large amount such as will be necessary in building a costly school building from these sources. If the \$1,000 which may become available annually from these sources for school purposes in Albuquerque should be set aside for use in building, it would probably take two or three years for the city to have sufficient funds for the purpose of erecting a \$100,000 school building.

We are compiling statistics for the year 1911-12 with reference to the receipts and disbursements of the proceeds of leasing our public school lands, and we feel quite sure that the figures for the year ending November 30, 1912, will bear out what we have said above. I have not taken into consideration the proceeds of the half mill state tax, which will probably be consumed in assisting weak districts to maintain the constitutional minimum of five mills.

If there are additional points upon which you desire information not covered in this letter, please write me and I shall do the best I can to furnish such information as we have at hand. Very truly yours,

RUPERT E. ASPLUND, Chief Clerk.

P. S.—There is now sufficient funds for distribution at 25 cents a head. This should have been made some time ago, but county superintendents have not reported their September census fully. I think there is a 25-cent distribution last spring, making a total per capita distribution for the year ending November 30, 1912, of about 55 cents. It seems a liberal estimate, therefore, to place the amount per capita at \$1 annually for the next few years.

## PARRAS INQUEST TO BE HELD TODAY IN POLICE COURT

The inquest into the death of Lucas Parras, who died Saturday afternoon, a few hours after he had been struck by a Santa Fe freight engine, is to be held this morning in the police court room.

Justice W. W. McCallan expanded a coroner's jury Sunday. The jurors are T. McCloskey, J. McCloskey, M. E. Bacon, Carl Molina, P. Sandoyal and J. Goff. After they had viewed the body at Strong Brothers' undertaking establishment Sunday, they were excused by Justice McCallan until 10 o'clock this morning.

Justice McCallan has subpoenaed members of the train crew to appear as witnesses.

## GRIFFITH SHOW IS STOPPED BY CHIEF OF POLICE M'ILLIN

Because he believed it to be an exhibition tending to incite the physical prowess of the performers, Mayor D. K. B. Sellers yesterday afternoon demanded of Professor Griffith, of the Griffith Hygienic Company, playing at the Elks theater, that he bring out of a sensational dance Mrs. Griffith, who was playing a piano in a showman's store window. The public exhibition was scheduled for eight hours without interruption, but the mayor wanted to stop it at a quarter of eight.

Following considerable search, Griffith was found. After unsuccessfully attempting to make the performance desired, Griffith gave it up and announced he could do nothing more.

The mayor in the meantime had the curtains drawn in the show window, excluding the gaze of the majority of the crowd.

Last night when Griffith opened his show at the theater for the evening performance, Chief of Police Thomas McMillin was on hand and stopped the performance on orders from the mayor. Admission money was refunded to the audience. Professor Griffith was brought out of his theater.

The seven Santa Fe porters, who were confined in the police court yesterday, confessed judgment before Justice W. W. McCallan. They are to pay \$25.

Moore charged that the porters hired him to commit the offense of the "full view" law in Arizona, which means that they would be punished by imprisonment in prison if they were caught. He was operated from Albuquerque to Winslow, and afterward dismissed him without pay.

The suit originally was brought against eight porters, but one settled.

## WILL LOG ROAD TO MAGDALENA FOR NEW AUTO MAP

D. K. B. Sellers, Chairman of Committee of Good Roads Local, and E. C. Butler, President, Leave This Morning.

One of the needs of the autoist who tours New Mexico, especially Bernalillo county, will be supplied within a few days. This need is a good road map. E. C. Butler, president of the Albuquerque good roads local, and Colonel D. K. B. Sellers, chairman of the mapping committee, leave this morning at 8 o'clock for Magdalena and Springerville, Ariz., to log the road the entire distance. The two gentlemen will make an accurate map and log of all the roads in Bernalillo county, and of the principal north and south roads centering at Albuquerque, for the benefit of motorists in general.

"I have made five maps today," said Colonel Sellers last night, "for trans-continental tourists who are passing through. The log we now have runs only as far as Santa Fe, although we can give an approximate map for the rest of the distance to Springerville. We need a new map, and Mr. Butler and I are going out to get the data for it."

The map will be published by Mr. Butler at his own expense for use in advertising his own garage.

## A SCALP TONIC AND COLOR RESTORER

Gives Lustre to Faded and Gray Hair; Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair in good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy. In which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair. Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

## FOREST INVESTIGATION COMMITTEE IN SESSION

The investigation committee yesterday began a week's session at the headquarters of the forest service in Albuquerque. This committee will review scientific work carried on in the third district by the forest service for the last year and report to the Washington office.

Besides the officials in the office here the committee is made up of Don P. Johnston, supervisor of the state forest, G. A. Pearson, in charge of the Fort Valley experiment station, and Hugh Callin, supervisor of the state game and wild forests. The committee also will make plans for the work to be done next year.

## DEATHS AND FUNERALS.

Funeral of Lucie Wilkinson. The funeral of Miss Lucie Wilkinson, 14 years old, who died last Saturday at the home of her parents, Dr. and Mrs. R. T. Wilkinson, 408 South Broadway, was held at 2 o'clock yesterday afternoon. The Rev. P. M. Longfellow, pastor of the Baptist church, officiated. Burial was in Fairview cemetery.

## RESIDENTS NORTH OF TOWN WANT ANOTHER ROAD

East and West Highway From Fourth Street to Los Griegos Thoroughfare so Much in Demand They Offer to Build It.

The people of the section north of the city are so badly in need of a good road running east and west from North Fourth street to the Los Griegos road, running north from Albuquerque, that they are willing to build it themselves.

The need of such a road has long been felt, but the people of this section have never been able to get any action on their project.

Yesterday a resident of this section said: "We need that road so badly that if the county would give us a right-of-way, with grade and line stakes set to the surveyor, I believe we would turn out and build that road ourselves. We need it bad enough to give more than a few days' work to it, any day."

## LOCAL FOREST SERVICE OFFICIALS TO FRISCO

A. S. Peck, assistant forester, and J. E. Miller, a forest service engineer, will leave Wednesday for San Francisco. They will be absent a week. Mr. Peck and Mr. Miller are representatives from the third forest district to the meeting of supervisors of the fifth district. The service keeps informed on local work of other districts by sending representatives to the supervisors' conventions. The sending of representatives from one district to another also is a matter of courtesy.

## CENSUS OF DOGS TO BE MADE BY CITY HEALTH OFFICER

Tagless Canines Will Have to Be Tagged By Owners, or the Poundmaster Will Chloroform 'Em With a Gun.

In the executive session of the city council held last night, the ever-present problem of what to do with the countless dogs was brought up. The council hit upon what it believes is the proper solution of the question by instructing that a census of the canines be made and that those whose owners cannot be found, or who refuse to pay the tax upon their pets, be killed by the poundmaster.

Health officer Thomas Morin will make a house-to-house canvass of the city inquiring about the animals, and unless the owners can show a license receipt for 1912, will notify them to do so within five days or forfeit their pets to the heartless poundmaster, who just loves dogs. They net him \$1 per head, dead, and he likes to get as many as possible.

## PILGRIM COMMANDERY ELECTS NEW OFFICERS

At its regular monthly session held last night, Pilgrim Commandery No. 3, Knights Templar, elected officers for the ensuing year. The newly elected officers, together with the appointive ones, to be announced on December 10th, will be installed the same night. The officers elected last night follow: Eminent Commander, P. L. Williams; Generalissimo, Charles E. Lovell; Captain General, M. H. Sablin; Treasurer, Paul Trench; Recorder, Harry Braun.

## MAN CHARGED WITH SEDUCTION MISSING. OFFICERS ASSERT

County officers yesterday reported to Justice George B. Craig that they were unable to find Alfredo Garcia, charged with seduction. They believe that Garcia has left Bernalillo county.

The warrant for Garcia was issued by Justice Craig upon the complaint of Junina Candelaria. The girl says that Garcia had promised to marry her. The complaint was filed with Justice Craig several days ago and since then the county officials have been trying to locate Garcia, but without success.

## Cottolene makes delicious pastry

It's the last word in pastry-making. It makes cakes so light and airy that every morsel tastes like "more."

Digestible too, because Cottolene food is never greasy. Cottolene is better than lard, because it's a vegetable—not an animal—product. It is richer—use one-third less.

Cottolene is cheaper than butter—costs no more than lard, and will give better results than either. Use one-third less than butter also.

Cottolene is never sold in bulk—always in air-tight tin pails, which protect it from dirt, dust and odors. It is always uniform and dependable.

## COMING YEAR WILL BE WOMAN'S ERA SAYS ALMANAC

Moreover, Little Bit of Everything is Due for 1913, Asserts Compiler; Southern States in Danger.

The popular conception of nothing to do is to sit down and read an almanac. But you are missing a lot of thrills if you don't hurry and see what is coming in 1913. Get one of the old-fashioned almanac and weather combinations.

By reading—if you are a woman—you will get an especially large amount of cheer. For even the almanac makers now recognize that is woman's era.

This year among others heretofore the almanac figures have represented some part of the body of a man. This year astronomers have agreed the man figure is not entitled to a place in the almanac diagram. They maintain that the man figure is only "a fanciful creation" fanciful, get that?—having no relation to laws governing the heavenly bodies. "This being so," asks the almanac, "why continue a custom contrary to twentieth century knowledge?"

The author of the 1913 almanac physics against the Modern Theosophists gives none of that seventh daughter of a seventh daughter line of argument. He shows that the usual amount of moonlight will be turned on for the benefit of young lovers who refuse to swallow the emerald route. He shows that coal merchants and ice men will have the average run of luck; plumbers needn't feel discouraged, nor resort managers have cause to feel that the heavens are conspiring against them.

Florida and Georgia might take time by the forelock and say a prayer or two to be delivered from the dangers of hurricane and flood, while Denver and Cheyenne will sweeter under 152 degrees of heat, which the August sun will send down about the middle of that month.

In July tornadoes will visit Missouri, Iowa, Dakota and Minnesota, while on March 4, when the administration changes politics and plump William gives over the scepter of authority to lean Woodrow, heavy fogs will envelop Washington and vicinity.

August would be a fine time for all who want to get off the earth. Take a trip, say, to Mars, where things are much more settled and controlled than on this planet. Dust, heat, hurricanes, cyclones, will prevail in August, and if the board of managers of the Festival of Mountain and Plain had any notion of changing the date to August, wouldn't do it. September is the time for the next year's festival.

Then we are promised, by the almanac, a spell of made-to-order weather, while October is going to be miffed and disagreeable.

Of course, there are no signs which are infallible. But if memory serves any purpose of accuracy, this old-fashioned almanac has been guiding men into events for many, many generations and cautious seers.

One also learns that the year 1912 comprises the latter part of the 127th and the beginning of the 128th year of American independence and that the first of January is the 2,478,769 day since the commencement of the Julian Period.

The headlines of the year 1913 will be the eclipse family. Five of these are booked by the great nature syndicate. On March 25, a total eclipse of the moon will occur. April 6, a partial eclipse of the sun is announced. August 31 the sun will again go under. September 15 the moon takes a few hours off and on September 29, 1913, the sun will give the Orientals and dwellers of the islands of the sea a treat by sinking into darkness.

Nineteen hundred and thirteen should be made the sacred year of the millitary trust.

We're no sooner got our winter lids on straight and gone out to parade our good luck and taste than those of us who are slaves to fashion must send in an order for early spring chapeaux. Some fix up for business—this 1912.

Pondering the Easter problem one drifts down the page to discover that the planets are pulling over a fine astrological moment in 1912; one of these exact changes, disappointing facts which "good-vill" manipulators will do well to note. From January 1 to April 24 Venus acts like a perfect lady. On April 24 she decides to shift her hours and turn night into morning. Perhaps this is done so she can have a high old time with Mars, who is the morning star the whole year round. Jupiter also puts on an early first stunt, continuing a morning star until the noise of July 4 drives him into darkness. Saturn casts his sinister leer from the firmament as an evening exhibitor until May 29, when he takes to the morning and flings-flops into night again on December 7.

January in these parts is to be an open season for good weather, with only a little blustery weather to remind you not to become reckless and overlook the union suit industry.

The glassman spring rollers into 1913 on March 21 at eighteen minutes past 12. As a consequence any rollers out with Venus may catch a glimpse of the glassman creature who typifies awakening. Summer is due June 21 at 6 p. m. Autumn has scheduled for September 23 at 12:55, and winter will shove his blue nose into the scenery on December 22 at 5:25 a. m.

## BANKERS ACQUITTED BY FEDERAL COURT

Valdez, Alaska, Dec. 2.—The indictment against Patrick, Joslin and E. L. Webster, Seattle capitalists, accused of publishing a false report concerning the condition of the Washington-Alaska bank of Washington, of which they were officers prior to its merger with the Fairbanks Banking Company to form the Washington-Alaska bank of Nevada of Fairbanks, Alaska, in 1910, were dismissed today. It is said United States District Judge Lyons will rule tomorrow on a demurrer to a similar indictment against W. H. Parsons and E. L. Rydberg. The case against E. L. Rydberg, president of the bank, will be taken up after ruling is made on the demurrer.

John Hays Hammond Exonerated. Washington, Dec. 2.—The court of appeals of the District of Columbia today held that John Hays Hammond, the mining engineer who has been sent to the Federal House of Corrections for the 1,000-hour subscription of the pro-federal stock of the Federal Cotton Securities Company as alleged by Daniel J. Sulley, former "cotton king," but that the obligation was personal to Sulley himself. The court held that John Hays Hammond, president of the Federal Cotton Securities Company, cannot be served before the case can go on.

## FEEL BULLY! HEAD CLEAR, STOMACH SWEET, BOWELS RIGHT—"CASCARETS"

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach, and are all worn out.

Are you keeping your bowels clean with Cascarets—or merely doing yourself every few days with salt, cathartic pills, castor oil and other harsh irritants?

Cascarets immediately cleanse and sweeten the stomach, remove the sour, acid and fermenting food and foul gases, take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and buoyant all day. Don't forget the children—their little bodies need a good, gentle cleansing, too.

## STATE COMMISSION CONSULTED BY FORESTER

Program for Road Building in New Mexico Discussed; Supervisors Have to See County Boards Before It Is Complete.

Alfonso S. Peck, assistant district forester in charge of the branch of operation, returned yesterday from Santa Fe, where he was in conference with the state highway commission. Mr. Peck has charge of the expenditure of the forest service's road fund and he discussed with the commission's projects on which to expend New Mexico's share of the fund.

New Mexico's allotment of road fund is not as large as Arizona's and the service planned the Arizona projects first. Officials of the headquarters office in Albuquerque consulted the Arizona road officials and

the supervisors in that state saw the county boards before the projects were announced last week.

The same plan is to be followed in New Mexico. Mr. Peck learned from the state highway commission on what roads the service's money could be spent to the greatest practical benefit, and the forest supervisors, acting under his instructions, will take up the matter with the local authorities.

Not until the supervisors have completed their arrangements with the local officials will the road building program for New Mexico be announced. Arrangement will be completed probably within two weeks.

## ROSWELL MORNING NEWS HAS A NEW MANAGER

(Special Correspondence to Morning Journal) Roswell, N. M., Dec. 2.—An important change in the management of the Roswell Morning News is announced. John C. Tipton is succeeded as manager by Walter Brandon, for several months in the employ of the paper as an advertising man. Mr. Tipton retires from the work on account of ill health. N. O. Shanks, the first city editor of the paper, returns to that position, and Will Robinson becomes night editor. Virgil Albritton, job foreman, becomes general foreman with entire charge of mechanical operations.

## ELECTION JUDGES AND CLERKS ARE APPOINTED

Men Who Will Conduct Election December 10, on \$100,000 Bond Issue for a New High School Building Chosen.

The city council last night named boards of election and clerks in each of the four wards of the city, who will preside over the bond issue election to be held December 10th. This election will determine whether or not the city shall issue bonds in the sum of \$100,000 for the erection of a new high school building on the property bought some time ago by the board of education, at Broadway and Central avenue.

The boards are as follows: First ward—Judges, R. L. Wootton, P. Hantley, A. W. Hayden; clerks, R. H. Crow and S. Grundford. Second ward—Judges, J. D. Emmons, W. H. H. Allison, H. S. Lithgow; clerks, W. M. Clayton and S. M. Porterfield.

Third ward—Judges, E. H. Dunbar, J. J. Votaw, A. C. Culver; clerks, Thomas Egan and M. H. Salin. Fourth ward—Judges, R. W. D. Brown, W. W. McClellan, W. H. Egan; clerks, W. E. Grimmer and W. F. A. Gierke.

Polling places were selected as follows: First ward—Office of police judge, between Tenth and Eleventh streets, between Tenth and Copper avenues. Second ward—Office of Charles Chadwick & Co., 108 West Gold avenue.

Third ward—Office of E. H. Dunbar, corner of Third street and Gold avenue. Fourth ward—Office of A. W. Hayden, 412 West Copper avenue.

## MONTHLY REPORTS OF CITY OFFICERS RECEIVED

Reports from all the city officers, except the building inspector, were received and referred to their respective committees. The treasurer's report showed a balance in the general fund of \$4,622.57, and a balance in all funds except the building fund of \$2,343.77. The building fund has a balance of \$1,144.45 on current deposit and \$29,000 on time deposit.

The fire chief's report for November showed eleven alarms, with insurance involved amounting to \$26,000 and a total loss of \$13,392. Insurance paid reduced this to a net loss of \$261. A dozen buildings were inspected.

The city chemist reported that samples from sixteen dairies had been analyzed and found up to standard, and that the only dairy of twenty inspected which was not up to standard was Chas. Brown's. "Mr. Brown," says the report, "was given final notice by letter that he must keep his cow yards much cleaner."

A complaint relative to the employment of an alleged tubercular subject at the city dairy, was referred to the city physician.

A complaint regarding the condition of cow yards and barns at the Sunshine Creamery was investigated, and a copy of the board of health's regulations left there. Since that time, conditions have improved greatly.

The sanitary officer reported that repairs were needed at the quarantine hospital and was authorized to have them made. The repairs were necessitated by the recent fire there.

The chief of police reported 141 arrests made in November, with \$575 collected as fines and \$55 bonds secured by prisoners.

## THEATER FIREMEN MAY BE AGAIN FOUGHT OVER

City Council Begins Discussion of Much Mooted Question, but Delays Action Until Next Meeting Night.

The oft-repeated question of "what shall we do about the firemen in the theaters?" discussed many times by many councils, was up before the city fathers at their session last night. Action, however, was delayed to a future meeting, when it is likely that the ordinance requiring firemen at every theater, to be paid at the rate of \$1 a day by the theater management, will be ordered enforced, even to the extent of revoking licenses where necessary.

The question was brought up by Mayor D. K. B. Sellers, who stated that the management of the Elks theater had informed him that the city ordinance did not longer intend to be the only one in the city to keep a fireman on duty, and had accordingly dispensed with the services of one. The mayor said that he thoroughly agreed with their position and had so informed them, as what was fair for one was fair for all.

Alderman Coen, chairman of the fire committee, declared that he believed the ordinance was a good one and should be enforced. Several other aldermen declared the same thing. It was agreed to discuss the matter in executive session, but it was afterwards determined that the thing was not even mentioned there.

It was the opinion of several of the council, expressed later, that the ordinance should be enforced, and it is quite likely that at the meeting which seems imminent for Thursday night that there will be something doing along this line.

## MAY KEEP SANITARIA OUTSIDE THE CITY

While on the head of "ordinances" the mayor suggested that the present was a good time to begin the consideration of an ordinance prohibiting the erection of sanitariums for tubercular patients in the future within one mile of the city limits. He declared that there was a small sanitarium going up very close to the city reservoir, and that another had been built very close to the state university, which he would not be long before the town had grown out to them, and that unless some action along this line were taken, the heart of the city would be put of them.

He also asserted that there had been a deal on a short time ago to locate a sanitarium near Robinson park, which he believed would have caused a great deal of indignation. The mayor asserted that if the sanitarium were placed a mile from town, as he wished, it would not be long before the town had grown out to them, and that unless some action along this line were taken, the heart of the city would be put of them.

The councilmen, individually, expressed themselves as favoring some such legislation as he suggested, but believed the matter should have very careful consideration. The ordinance committee was directed to confer with the board of health and draft an ordinance covering the question.

Mayor Sellers also asked the council what it thought best to do regarding the street cars, and the moving of all vehicles on Second street and Central avenue, through the business section, to the street curb whenever there was a fire alarm. He cited instances where serious accidents had been narrowly averted by the driver of the fire truck, and declared that he believed it right to take every possible precaution to protect the people, without minimizing the efficiency of the fire department.

The question was referred to the fire chief, to see what arrangements could be made with the traction company and the electric power company relative to the shutting off of the current and the stopping of the cars for a minute or two after an alarm came in.

The traffic section of the plan was referred to the police department. The council expressed the idea that it would not enact an ordinance covering the question unless it were seen that a mere request would not handle the business.

## LEASE ON QUARTERS IS REFERRED BACK

The mayor presented a new lease on the rooms occupied by the city in the Korber building, and it was read, in part by the clerk. It appeared the new lease made no provision for repairs of space leased to the city, and that it did not cover one room now in use by the city engineer's department for storage space.

Because of this, it was referred back to the finance committee and approval as to form. The new lease provides for the payment of a monthly rental of \$150 instead of \$125 as at present, but the council gets the free use of one more room, now used as a battery room.

On motion of Alderman Reidy, the council allowed J. P. Steele, building inspector, a month's leave of absence. The matter of an account of approximately \$14,000, owed the city by Glass & Fletcher, was referred to the city attorney, it appearing that this account might be outlawed, if nothing were done about it.

The city treasurer was directed to place on time deposit the moneys now in the building fund, amounting to some \$24,000. Twenty thousand of this is already on time deposit, but the certificates run out December 6th.

Somewhere in the executive session, a proposition was brought up from somebody asking the extension of the water main west on Lead avenue from Seventh street to Ninth street. This proposition, it appeared from subsequent discussion in open meeting, relieved the city of the expense of the extension for one year. The city pays rental on ten fire hydrants for each

mile of main, and this extension will involve two hydrants.

The matter was referred to the city attorney and water committee, the council refusing to go on record until it had a written agreement from the interested parties that on expense would be laid on the council for a year. When this is forthcoming, the extension will be ordered.

A petition from B. A. Porterfield, for permission to connect two houses on South High street, just outside the city limits, with the city sewer system, was denied until that section is included in the city limits, as it is felt that the property owners getting city benefits should help to pay for them. The houses are the property of a man named Flebe, a resident of California, and are located at the corner of Coal avenue.

Ed Donohue was appointed to the police force, being regularly given a position which he has been satisfactorily filling on probation. He was formerly a member of the fire department.

## OCCUPATION TAX WILL COME UP ONCE MORE

City Attorney Felix H. Lester declared that he would take up the matter of the collection of the occupation tax with the attorney general at an early date, and would see what could be done in this regard.

Councilman J. A. Skinner declared that he had word from the county treasurer, that that worthy utterly refused to collect the tax. There is some question, legally, as to who is empowered to collect it, and the attorney is acting on an opinion from the district attorney in refusing to do the work, it is said.

## SYMPATHETIC JURY TO AID AGED GENERAL

Effort Made to Raise Money to Pay Off Judgment of \$5,000; Valuable Relics to Be Saved.

The Morning Journal Special Licensed Wire: New York, Dec. 2.—A portion of a group of wealthy men forming the third panel of the sheriff's jury tonight voted \$1,500 to be expended judiciously at the sale Wednesday by the sheriff of the personal effects of General Daniel E. Sickles, Vincent Astor, Cornelius Vanderbilt, George Clinton and other members of the millionaire jurors, were not present. The committee appointed to handle the money will canvass the first and second panels of jurors and hope that they will subscribe a similar sum, and besides the \$3,000 and individual contributions from the millionaires who were absent today, a fund sufficient to wipe out the judgment of \$5,000 against the aged general can be secured and the sale stopped. Should the entire amount not be forthcoming the committee will attempt the sale and buy in such valuable relics as can be sold to the general Sickles as a present from the sheriff's jurors.

## Mexican Minister to Visit Washington

Mexico City, Dec. 2.—An unconfirmed, but credible report is current here that the Mexican minister of foreign affairs, Sr. Lacerda, will leave in a few days for the United States, presumably for Washington, for the purpose of seeing the governor of Oklahoma, who has been engaged in the Chihuahua campaign, are expected here tomorrow.

The Mulberry street wrangle, which everyone thought had been finished at the last meeting of the city council, came in for a lot of airing last night at the first December meeting of that body.

M. P. Stamm, who complained at the last meeting against the transfer by the city of fifty feet of Mulberry street to the Presbyterian sanitarium in exchange for an equal amount of ground adjoining it on the east, between Gold and Central avenues, was represented at the meeting by Attorney E. W. Dobson. Mr. Dobson made a lengthy statement to the council, asking that they rescind their former action in making the transfer, and filed a petition to that effect with the clerk. He asserted that the transfer had been made for the personal gain of someone, implying that Rev. H. A. Cooper was the "someone," and declared that no notice had been given the other property owners along that street of the intended action, that they might make their protests about it.

Mr. Cooper took exception to the personal tenor of Colonel Dobson's remarks and made a statement to the council regarding the reasons for which he had asked the transfer. He defended the action by saying that it placed the fog in the street (Mulberry) on Gold avenue instead of on Central avenue. He also took Mr. Stamm to task for alleged statements of his at the former meeting.

Mr. Stamm felt called upon to explain, and declared that while he had asserted at the former meeting that there had been "misrepresentation," and that the council had acted upon "misinformation," he did not intend to attribute those things particularly to Mr. Cooper.

For a time it looked like the session would be a stormy one, with Colonel Dobson, Mayor D. K. B. Sellers, Mr. Stamm, Mr. Cooper, and later, J. A. Harlan, the contractor who is erecting the building for the sanitarium, which occupies the space formerly taken by the street, all taking a vigorous part.

The upshot of it was finally that the council agreed to consider it in executive session.

They later did this, at least they must have considered something, for they were behind locked doors for more than an hour. Nothing was done regarding this particular matter when the executive session rose.

It is believed that the council will stand pat on its decision to Rev. Cooper on behalf of the sanitarium.

After the executive session the matter of a new note for \$3,000 was referred to a committee composed of the city treasurer, the city attorney and the chairman of the finance

## Keep Your Dishes Clean and Bright with GOLD DUST

The grease, dirt and stickiness that collects on dishes cannot be gotten rid of with ordinary dish water, which only cleans the surface.

Put a dash of Gold Dust in the water, and it instantly turns it into a cleansing marvel. It will go to the bottom of things, drive out every bit of dirt, every atom of grease, every germ, every hidden particle—in fact, make your dishes like new—sanitarily safe, as well as clean.

Gold Dust does better work than soap or any other cleanser—and does it in half the time.

No woman who really knows the marvelous powers of Gold Dust would think of keeping house without it.

Do not use soap, naphtha, borax, soda, ammonia or kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form.

Use Gold Dust for washing clothes and dishes, scrubbing floors, cleaning woodwork, oilcloth, silverware and tinware, polishing brassware, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

## MULBERRY STREET TANGLE CAUSES LONG WRANGLE

E. W. Dobson, M. P. Stamm, and Rev. H. A. Cooper Participants in Lengthy Discussion Involving Act of Council.

The Mulberry street wrangle, which everyone thought had been finished at the last meeting of the city council, came in for a lot of airing last night at the first December meeting of that body.

M. P. Mr. Cooper took exception to the personal tenor of Colonel Dobson's remarks and made a statement to the council regarding the reasons for which he had asked the transfer. He defended the action by saying that it placed the fog in the street (Mulberry) on Gold avenue instead of on Central avenue. He also took Mr. Stamm to task for alleged statements of his at the former meeting.

The upshot of it was finally that the council agreed to consider it in executive session.

They later did this, at least they must have considered something, for they were behind locked doors for more than an hour. Nothing was done regarding this particular matter when the executive session rose.

It is believed that the council will stand pat on its decision to Rev. Cooper on behalf of the sanitarium.

After the executive session the matter of a new note for \$3,000 was referred to a committee composed of the city treasurer, the city attorney and the chairman of the finance

committee. It was at first felt that a new note would have to be drawn, and Alderman Ingham made a motion to that effect in the open session, but the council wished to discuss the matter in private, and what action it really took is unknown.

Three bills were ordered paid, one to Green Watson for \$100, for the feeding of city prisoners, one to J. Korber & Co. for \$475, for the new street sweeper, and one to the Y.M.C.A. for \$150, for feed for the city's horses.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. E. W. L. ## More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet makes the baking of an expert. Ask your grocer to-day.

# BYRAN'S IDEAS.

A report comes from Washington  
that Colonel William Jennings Bryan  
has a number of pet theories that he  
proposes to have worked out and  
adapted by the democratic adminis-  
tration and congress.

Mr. Bryan is a theorist and an  
idealist, and practiced apparently only  
in the management of his own af-  
fairs. There he flourishes and wax-  
es fat financially. Where men usually  
spend goodly sums of money, the Ne-  
braskaan reverses the rule and takes  
it in the role of a thousand dol-  
lars a day, as witness his achieve-  
ments at the republican convention  
at Chicago and the democratic con-  
vention at Baltimore.

It is now reported that he has an  
idea that the finances of the country  
should be overhauled, and instead of  
redeemable bank notes, the paper  
money should be a return to green-  
backs issued on the faith of the gov-  
ernment. It is to be feared that Mr.  
Bryan has forgotten the endless  
chain worked by financiers during  
much of the last Cleveland adminis-  
tration.

Also it is reported that Mr. Bryan  
proposes to have a law enacted that  
will compel banks to loan money  
where security is sufficient, just as  
a hotel is compelled to accept a guest  
so long as he is an orderly applicant  
and has the price.

Mr. Bryan has a large personal  
following among the people of the  
country; also he has cultivated a big  
crop of influential enemies, and it is  
doubtful if he can secure radical legis-  
lation in any considerable extent in the  
sixty-third congress.

Just now there is much speculation  
as to how far he will be able to di-  
rect the affairs of the Wilson adminis-  
tration. The democratic camp is  
beginning to split into factions on  
that very point. But there is one  
man whose wit and opinions they do  
not seem to have taken into account.  
That man is Woodrow Wilson. He  
has given evidence in the past of hav-  
ing opinions of his own, of knowing  
pretty well the policy he wants to  
pursue and then of acting with de-  
cision.

Also former Senator Smith, of New  
Jersey, learned that Woodrow Wil-  
son is not so grateful for Bryan's  
aid as he is willing to compromise his ad-  
ministration to accommodate the  
man who may have made his nomi-  
nation possible.

It is not surprising that Mr. Bryan  
will find Mr. Wilson most grateful  
for the favor conferred at Baltimore,  
but not to such an extent that he  
will endorse any policy that would  
not otherwise appeal to his judg-  
ment.

## NEW MEXICO'S EXHIBIT.

Mr. H. A. Janning gave to the Jour-  
nal an interview relative to an ex-  
hibit at the Panama-Pacific Exposi-  
tion to be held at San Francisco that  
would display the capital of every  
state of New Mexico.

New Mexico must decide where  
there has been a feeling that any exhibit  
the state could afford should be  
in the exhibit at San Francisco, but  
colonel Ralph E. Twichell has an  
idea on that point that meets with  
Mr. Janning's approval, which, if ac-  
cused, will prevent of giving New Mex-  
ico an insignificant position at the  
exposition, would be one of the most  
attractive exhibits there.

According to Colonel Twichell,  
two ideas should be kept in view:

First, the productive resources of  
the state should be exhibited. The  
crops, the alfalfa fields, the gar-  
den vegetables, the wheat and the  
corn, the hogs, cattle and sheep—  
everything that can be grown with  
profit. The various industries, pro-  
cesses, including that of the Rio Grande  
fertilizer, the big cotton fields, and  
the pumping stations should be  
shown. Then there should be some  
advertising of the coal and the iron  
and other mining industries and  
the timber resources. Instead of  
people looking at this New Mex-  
ico as a part of the great American  
desert, the people from other sec-  
tions of the country would learn that  
this state offers exceptional oppor-

unities for homes and investments.  
Second, this state should be adver-  
tised as a tourist resort, a winter  
paradise, a healthseeker's haven.

Colonel Twichell believes this sort  
of advertising can be made most ef-  
fective at least expense by erecting  
on the New Mexico site a mission  
building designed for moving pic-  
tures and for agricultural, mineral  
and other displays from this state.

If this plan should be carried out  
an appropriation should be made and  
an expert moving picture artist  
should be employed to edit every  
part of New Mexico and reproduce  
on his film the products of the or-  
chard and the garden and the field  
of every part of the state. There  
should be bird-eye views of the  
towns and the cities, of buildings and  
street scenes, of the big China Copper  
Company plant at work, the lumber  
mills and the coal mines. There  
should be pictures of the herds of  
sheep and cattle—everything of in-  
terest produced here.

Then for the sightseers the old  
cities and towns should be shown,  
and the Indian pueblos, the cliff  
dwellers' homes, the prehistoric  
ruins, once inhabited by a race that  
has seemed to exist, in houses of a  
thousand rooms.

A wealth of such scenes could be  
reproduced in the vicinity of Santa  
Fe, Taos, at Acuna and the En-  
chanted Mesa, in Rio Arriba and San  
Juan and other counties.

When the moving picture has done  
its work the millions of visitors to  
San Francisco will have become en-  
thusiased over the beauties of this  
country. At San Francisco there will  
be assembled more people with  
money and more people owning auto-  
mobiles than were ever in one city  
before. Instead of wanting to see  
Egypt, they will want to see New  
Mexico, and it is safe to say that the  
tourists alone will leave in the state  
each year thereafter a profit of many  
hundred per cent on the money in-  
vested for such exhibit.

No other state can become a com-  
petitor in New Mexico's peculiar line  
of attractions. She will be the cen-  
ter attraction at San Francisco if the  
plan is carried out intelligently and  
energetically. Besides, such scheme  
would cost little money compared  
with the amounts that would have to  
be spent by other states.

## ANOTHER DISSOLUTION.

The United States supreme court  
handed down an opinion yesterday  
in which it was decided that the mer-  
ger of the Union Pacific and the South-  
ern Pacific railroads was a combina-  
tion in restraint of trade and there-  
fore a violation of the Sherman anti-  
trust law.

The result of the decision was quite  
a flurry on Wall street, during which  
the Harriman stocks suffered severe  
declines. But it appears that the  
stock traders had a second thought,  
and then began to buy. Possibly they  
realized that no stockholder lost a  
penny from the dissolution of the  
Northern Securities company, and  
that the stocks of the Standard Oil  
group and the Tobacco trust rose  
rapidly after they had been declared  
illegal by the highest court in the  
land.

The courts may hold that two rail-  
roads cannot be owned by the same  
company and that they may not be  
operated by the same men, but there  
is no way by which individual  
ownership can be limited. Any man  
who has the money can go into the  
open market and purchase the stock  
of any corporation he may see fit.  
He may own stock in every corpora-  
tion of the country, and an court can  
find fault with such ownership.

The dissolution suits are the  
merest farces, so far as practical re-  
sults are concerned, and where the  
court has declared such combina-  
tions illegal the inevitable result has  
been increased cost to the public and  
more money paid into the coffers of  
the trust magnates.

The effort to restore competition  
by law is the veriest nonsense. The  
law passed by the last congress pre-  
scribing railroad-owned ships from  
passing through the Panama canal  
can have no effect except to increase  
the cost of freight rates to the public.  
If the railroad-owned ships could not  
pass, and would not reduce rates below  
the charges of independent compa-  
nies, then there would be no reason  
for such law, for the independent  
lines would drive the railroad-owned  
boats out of business. If the rail-  
road-owned boats would have put the  
independent lines out of business,  
then the public must pay the highest  
freight rates the independent com-  
panies could charge in order to do busi-  
ness.

A little common sense now and  
then would do much toward solving  
the problem of the high cost of fre-  
ight.

The German champagne makes it  
very plain in the trade circles that  
the Kaiser's government and trade will  
back Austria in the Balkan crisis  
against all comers. It is now up to  
Russia to put up or shut up.

Southern and northern newspapers  
are fighting over whether Woodrow  
Wilson is a northern or a southern  
man. He is southern by birth and  
southern by adoption, and an Ameri-  
can citizen by practice.

A San Francisco man, because it  
cost so much to repair it, took his  
wife in the city. Why didn't he give  
it to some friend as a Christmas  
present?

It is announced that the Panama  
canal will be opened to traffic on the  
25th day of September, 1913, the  
four hundredth anniversary of the  
discovery of the Pacific ocean by  
Vasco Nunez Balboa. The Spanish  
explorer called it Mar del Sur south-

ern sea). The name Pacific was ap-  
plied seven years later by Magellan.

The weather man, who knows his  
brother, predicts that winter will set  
in the first of next week.

The Hoe library brought two mil-  
lion dollars, mostly for stuff that no  
man can read.

Congress begins its work of deplet-  
ing the surplus in the treasury.

President-elect Wilson has not yet  
been seen on a motorcycle.

## THREE PIONEERS OF SANTA FE CALLED TO FINAL REWARD

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Dec. 2.—Three  
Santa Feans who reached a ripe old  
age have crossed to the Great Beyond.  
Coley Heaver, for the past thirty  
or forty years a resident here, died of  
a complication of troubles, Saturday  
night at the age of 75 years. He was  
a native of Georgia. He figured in  
the stirring days of the old south-  
west, having followed many occupa-  
tions. As a deputy sheriff he was  
known to always bring home the man  
he went after. He married a Santa  
Fean in 1879. His widow alone sur-  
vives.

Mrs. Polenta Sandoval died Friday  
at her home in Agua Fria, aged 90  
years. She was an invalid for many  
years, and two of her four sons who  
survive her were short of her side.  
The funeral took place Saturday.  
J. H. Roher was the third old Santa  
Fean to die. He had been ill for some  
time at a hospital here.

## LAS VEGAS WOMEN FIGHT WITH KNIFE; ONE BADLY SLASHED

(Special Correspondence to Morning Journal)  
Las Vegas, N. M., Dec. 2.—During  
a quarrel last evening with Mrs.  
Simona N. Tafuya, Mrs. Placida  
S. de Crespin was severely cut upon  
the neck, breast and arm by a  
butcher knife. Mrs. Tafuya was ar-  
rested. This morning the case was  
set for hearing before the court of  
Justice Pablo Vigil on Wednesday  
morning at 10 o'clock.

According to the story of the affair  
told the officers, Mrs. Tafuya went  
to the home of Mrs. Crespin, where she  
found her children playing and evi-  
dently enjoying themselves. This is  
said to have angered Mrs. Tafuya,  
who seized a butcher knife and as-  
saulted Mrs. Crespin. The knife was  
broken in the assault.

## HOPE IS HELD OUT FOR RECOVERY OF MOSES ABUSELMAN

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Dec. 2.—Nathan  
Salmun returned last night from Jer-  
usalem, and reports that his for-  
mer partner, Moses Abuselmann, who  
was severely wounded a week ago in  
trying to round up some alleged sheep  
thieves, is feeling cozy, but cannot be  
moved for a week or ten days. Dr.  
Lafayette Brock, the government physi-  
cian at the pueblo, is in constant at-  
tendance. It seems certain he will be  
able to pull Mr. Abuselmann through  
without losing his remaining leg, and  
even as Mr. Abuselmann can be moved,  
Dr. Brock will bring him to St.  
Vincent's sanatorium here.

## ALTERNATIVE WRIT OF PROHIBITION ISSUED BY COURT

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Dec. 2.—An al-  
ternative writ of prohibition has been  
issued by the state supreme court  
against John A. McCreary, judge of  
the district court of Chaves county,  
to restrain the issuance of warrants  
in the case of Land vs. the Eagle  
Mining and Improvement Company,  
determined by the supreme court. The  
action was filed by the Parsons Min-  
ing Company through its attorneys,  
William H. Brown and Barbara and  
Judges L. O. Collins. This company  
was the intervenor in the case of  
Land vs. the Eagle Mining and Im-  
provement Company. The case in-  
volves large mining claims at Par-  
sons.

## EQUALIZATION BOARD ELECT NEW OFFICERS

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Dec. 2.—The state  
board of equalization has just been  
reorganized. Attorney General Frank W.  
Cline, speaker of Governor W. P. Mc-  
Donald as its chairman, and Travel-  
ling Auditor Howard Ernest succeeds  
to the position of its secretary. The  
board was reorganized because the  
governor is already engaged  
whereas with work at board meet-  
ings and Mr. Ernest has all the tax  
work in his office and therefore will  
keep up with the work while the  
board is in session.

## CANVASSING BOARD CERTIFIES TO THE VOTE CAST ON NOVEMBER 5

Interesting Facts Are Shown  
in the Official Count of New  
Mexico's First Presidential  
Election.

## AMENDMENT RECEIVED SUBSTANTIAL MAJORITY

One-third of Ballots Cast Were  
in Favor of Its Ratification;  
Good Roads Bonds Also Got  
Heavy Endorsement.

(Special Dispatch to the Morning Journal)  
Santa Fe, N. M., Dec. 2.—The state  
canvassing board, composed of the  
governor, secretary of state and the  
chief justice of the supreme court,  
today formally certified to the of-  
ficial canvass of the vote cast at New  
Mexico's first presidential election  
held November 5th. The returns by  
counties for the candidates on the  
democratic, republican, progressive  
and socialist tickets contain some in-  
teresting figures. The bond issue re-  
ceived a heavy endorsement, while  
the constitutional amendment, remov-  
ing the language clause restriction,  
was ratified by a majority of approx-  
imately 12,000, or one-third of the  
total vote cast. The official count by  
counties follows:

Mayor's Proclamation for a Special Election Within the Territory Comprising the School District of Albuquerque, New Mexico, For the Purpose of Voting on a Proposed Bond Issue of \$100,000 For the Construction of a New School Building.

Whereas, At a regular meeting of the Board of Education of the city of Albuquerque held therein on the 7th day of October, A. D. 1912, the following preamble and resolutions were unanimously adopted by said board, to-wit:

Whereas, The present high school building of the city of Albuquerque is inadequate for the convenience and accommodation of the pupils who are eligible for attendance at the high school of said city.

Whereas, The Board of Education of the city of Albuquerque, of the state of New Mexico, heretofore acquired a site upon which to construct a new high school building and

Whereas, Said Board of Education has determined to have constructed on said site, a new and modern high school building.

Therefore, Be it resolved by the Board of Education of the city of Albuquerque, of the state of New Mexico, That the question of issuing bonds in the sum of one hundred thousand (\$100,000.00) dollars for the purpose of raising funds to pay for the construction of a new and modern high school building in the city of Albuquerque, New Mexico, be submitted to the qualified electors of the said school district, at an election to be called for that purpose; said bonds to bear date April 1, 1913, interest payable semi-annually and to be payable at the option of the Board of Education in not less than twenty years nor more than thirty years from the date of their said issue.

And it is further resolved that the mayor of the city of Albuquerque be and he hereby is requested to call an election for the purpose of taking the sense of the qualified electors of said school district thereon upon the question of issuing said bonds, said election to be held on the 10th day of December, A. D. 1912, and that a certified copy of the preamble and of these resolutions be served by the clerk of the board upon the mayor of the city of Albuquerque at once.

And Whereas, The Board of Education of the city of Albuquerque, New Mexico, has requested the mayor of said city to call a special election for the purpose of taking the sense of the qualified electors of the school district of the city of Albuquerque upon the question of issuing bonds in the sum of one hundred thousand dollars (\$100,000.00) for the purpose of raising funds for the construction of a new high school building in the city of Albuquerque, said bonds to bear interest at a rate not to exceed 6 per centum per annum payable semi-annually and to be payable not less than twenty years nor more than thirty years from the date of issue said bonds to be payable at the option of the Board of Education at the expiration of twenty years from their date.

Now Therefore, I, D. K. B. Sellers, mayor of the city of Albuquerque, do hereby call a special election of the qualified electors of the school district of the city of Albuquerque, New Mexico, to be held on Tuesday, the 10th day of December, A. D. 1912, the polls of said election to be held open from the hour of 9 o'clock a. m. to the hour of 6 o'clock p. m., of said day for the purpose of voting upon the question of issuing by the Board of Education of the city of Albuquerque of bonds in the sum of one hundred thousand dollars (\$100,000.00) for the purpose of raising funds for the construction of a new high school building for the school district of said city, said bonds to bear interest at a rate not to exceed 6 per cent per annum, payable semi-annually, and to be payable in not less than twenty years nor more than thirty years from the first day of April, A. D. 1913; said bonds to be payable at the option of the Board of Education after the expiration of twenty years from their date; ballots in favor of the issuance of said bonds shall read as follows, to-wit: "For the issuance of one hundred thousand dollars (\$100,000.00) of bonds for the construction of a new high school building."

And Whereas, The following described territory adjacent to the city of Albuquerque has been annexed to said city for school purposes and is bounded as follows, to-wit: Beginning at intersection of Mulberry street and East Marquette avenue, thence east on East Marquette avenue to east boundary, Town of Albuquerque Grant, thence south on said line to a point in a direct line with the line of Bell avenue, thence west line and Bell avenue to intersection of Bell avenue and South street, thence north on South street to intersection of South street and East Coal avenue, thence east on East Coal avenue to intersection of East Coal avenue and Y street, thence north on Mul-

**DONA ANA COUNTY TO HOLD ROUSING ROAD CONVENTION**

(Special Correspondence to Morning Journal)  
Las Cruces, N. M., Dec. 2.—(By telegraph) Preparations are being made for the county road convention to be held here Friday, December 6th. The county road board consisting of F. E. Lester, W. S. Gilliam and P. H. Bailey has charge of arrangements and is assisted by a committee of the Plabak club, composed of E. C. Wade, Jr., P. W. Barker and L. R. Taylor.

The convention will meet at 10 o'clock and the morning session will be for delegates only. At this session the roads of the county in the matter of roads will be gone over carefully. The county will soon have available for road purposes some \$140,000 within the next few months.

The following reception committee has been appointed by Chief Booster Pfenger, of the Plabak club, to take care of visiting delegates on convention day: M. B. Thompson, W. E. Baker, L. R. H. Smith, H. D. Bowman and H. B. Holt.

The present plan is to have the town decorated and thoroughly clean on the day mentioned; also to have the merchants put on "good road sales."

**Easiest Way.**  
"I can cure that cold, old man," "What do you want me to take?" "About an hour's exercise in the open every day."

urged to attend this meeting, as mat-  
ters of importance will be brought  
up for discussion.

The Knights of Pythias held a  
largely attended and enthusiastic  
meeting last night. Four members  
were initiated in the rank of esquire.  
At the meeting next Monday night  
candidates will be initiated in the first  
and second degrees.

The contractors are making rapid  
progress on the erection of the two  
new fireproof garages being built for  
E. C. Butler and the Coleman-Blank  
Company. The Butler garage is at  
Fifth and Copper, while the Coleman-  
Blank building is going up at Sixth  
and Central.

The executive committee of the  
Wool Growers' Association will meet  
in this city December 12th to select  
delegates to the National Wool Grow-  
ers' convention, to be held at Chey-  
enne, Wyo., January 11th to 12th,  
and to transact such other business  
as may come before the committee.

## ROADS LOCAL WILL HEAR REPORT ON MEMBERSHIP

Committee Divides Business  
Section Into Districts; Will  
Likely Name Canvassing  
Parties Tonight.

One of the features of the meeting  
of the good roads local tonight will  
be the partial report of the commit-  
tee on membership, which is to have  
charge of the "Local Day" authorized  
at the last session of the organization.  
This committee has divided the city  
into districts and tonight will likely  
name canvassing boards to work  
these districts when local day arrives.

Another feature will be the at-  
tendance of a number of ladies who are  
interested in the good roads cause.  
At the last meeting a committee of  
ladies was named to stir up interest  
in the good roads propaganda and to  
carry to the other ladies the invitation  
of the local that they attend the  
meetings and participate in the local's  
work.

The local day idea has caught on  
and will likely be the means of  
awakening a great deal of interest by  
the time its proposed canvass is made  
on the afternoon of December 17th.

## STOWAWAYS FOUND IN HORSE CAR ON WAY TO EL PASO

Two stowaways were found last  
night concealed in a race horse car  
on route to El Paso, Tex., by Station  
Master Ed. Sinclair and G. H.  
Thomas, special officer in the em-  
ploy of the Santa Fe railroad. At the  
police station the men gave their  
names as John Dwyer and Martin  
Edwards.

The men were found in one end of  
the car. The officers had to remove  
trunks, grips, bedding and bed  
springs before they found them. They  
will be arraigned this morning in po-  
lice court.

Although the cars are searched at  
stations east of here, Sinclair and  
Thomas have found several stowaways  
here since the beginning of the  
movement of horse cars to El Paso.  
The men found last night said their  
home was in Virginia.

## ST. LOUIS MOTION PICTURE PEOPLE COMING AGAIN

G. P. Hamilton, General Man-  
ager of Concern, Writes  
That Albuquerque Pictures  
Turned Out Well.

Albuquerque has had many mo-  
tion picture concerns visit this city  
and spend from a day to a month in  
photographing different things near  
here which are of interest and in  
staging pictures on the mesa and in  
the mountains which surround the  
city. But until the present time, al-  
though results have always been sat-  
isfactory, there has never been a re-  
sulting engagement here by any com-  
pany.

A letter was yesterday received from  
G. P. Hamilton, general manager of  
the St. Louis Motion Picture Com-  
pany, which took a number of films  
here several months ago, to the ef-  
fect that a company was to visit this  
city late this week to spend several  
weeks taking other pictures in this  
vicinity.

Mr. Hamilton was more than pleas-  
ed with the results obtained here and  
his letter declares that the Albu-  
querque films turned out so well that  
he is anxious to secure more of them.  
The company will leave St. Louis to-  
morrow or Thursday, and should be  
ready to start work on some local  
films by the beginning of next week.

It is quite possible that arrange-  
ments might be made with this com-  
pany to locate a studio here perma-  
nently, for the staging of western and  
outdoor scenes.

## CHARGE OF LARCENY PLACED AGAINST PETER VISSER

Garage Operator Is Arrested at  
Needles and Will Return  
Without Extradition; Sheriff  
Romero Goes After Him.

Peter Visser, a garage operator of  
this city, was arrested yesterday at  
Needles, Cal., on a telegram from the  
local sheriff's office, charged with  
larceny. Visser is alleged to have de-  
parted from Albuquerque Saturday or  
Sunday, carrying with him a shotgun  
owned by George P. Leonard. The  
weapon is valued at \$30.

Visser has consented to return to  
city without extradition, and Sheriff  
Jesus Romero left last night to bring  
him back.

It is possible that other charges  
may be filed against him.

The Visser garage on North First  
street is now in the hands of two ma-  
chinalists, J. M. Burwell and T. J.  
Pierce, who claim that Visser owes  
them each a month's salary and allege  
that they have a mechanic's lien on  
everything in the garage. So far as is  
evident, the garage contents are sev-  
eral autos, there for repair, and some  
tools. The mechanics say that Visser  
bought some of the tools on credit.  
They declare that they can ill afford  
to lose their wages and hope to be able  
to make some arrangements either  
with Visser or by legal procedure to  
obtain what is coming to them.

## HUBBELL REGIME IS RECALLED BY BIG JUDGMENT

Frank A. Hubbell Secures Ex-  
ecution Against Justo R.  
Armijo for \$18,502.57 in  
District Court Yesterday.

The regime of Frank A. Hubbell,  
former treasurer of Bernalillo county,  
is recalled by the rendition of a judg-  
ment yesterday from the bench of the  
district court, signed by Judge Her-  
bert E. Reynolds. The judgment is-  
sues execution against Justo R. Ar-  
mijo, in favor of Hubbell, for \$18,-  
502.57, being the principal and in-  
terest of the fees collected by Armijo  
while he held the office of treasurer  
and ex-officio collector of Bernalillo  
county. Armijo was ousted from this  
office by a decision of the supreme  
court and Hubbell given control  
some months after Hubbell's removal  
from the office by former Governor  
Otero.

The principal of the fees, amount-  
ing to approximately \$15,000, repre-  
sents the percentage of receipts al-  
lowed the incumbent of the office by  
the territorial laws for the period of  
about fifteen months, from October  
of one year to the end of the follow-  
ing year.

Armijo elected to stand on the an-  
swer filed by him to the original  
complaint, despite the fact that a de-  
nurrer to the answer had been sus-  
tained previously. He then prayed  
the court to allow him \$1,977.50 as  
the actual running expenses of the  
office while he held it, in mitigation  
of the damages to be assessed against  
him. The court denied and rejected  
this request.

Armijo excepted and prayed for an  
appeal, which was granted.

Several tax cases were settled yester-  
day by decrees and orders from  
Judge Reynolds. One of these bore  
the unusual title, "State of New Mex-  
ico vs. Tax Roll of Bernalillo County,  
1912." This case was one in which  
it was prayed that the assessment of  
Mollie Clements, in Precinct 5 of this  
county, be so changed as not to levy  
city taxes upon property outside the  
city limits, the real estate involved  
being three fractional lots of the C.  
W. Lewis addition to the city. The  
changes make her taxes \$7.43.

P. H. Kelly, owner of Lot 8 in  
Block 37 of the Eastern addition to  
the city, was also relieved from the  
payment of city taxes on that prop-  
erty, it being outside the limits.

The assessment against Enrico  
Montoya for 1912 was ordered vac-  
ated.

The Moore Company, a corpora-  
tion, yesterday entered suit against  
Thomas Standiford for \$136 alleged  
to be due on account. Costs were  
asked.

On the petition of Aniceto Chavez,  
aged 19, and Dolores Chavez, aged 7,  
they mother, Abramo S. de Chavez,  
was appointed guardian to sell for  
them certain real estate needed for  
the new Santa Fe shops. The real  
estate consists of Lots 6, 7, 12, 13, 14.

difficulties. The free cards are not samples but the same value for  
which you would regularly pay 10c.

We make this most unusual and liberal offer as we are confident  
you will find Wilson Dress-hooks the very thing you have always  
wanted. They can't come unhooked or "pop" open accidentally.  
They hold securely without bulge or gap, though you can unhook  
them with perfect ease. Guaranteed not to rust or crush in washing  
and ironing, and to outlast any garment, perfectly flat and never show.

Don't neglect this opportunity to try the Wilson Dress-hooks  
you have seen so widely advertised in the leading magazines and store  
books. Used by fashionable women everywhere  
and endorsed by leading dressmakers.
