RAILROAD DEPARTMENT

HARVEY'S HAVE BIG DAIRY SYSTEM

How Big Line of Eating Houses And Hotels Is Supplied.

It is a well known fact that the Harvey system, which controls the hotels and eating houses on the Santa Fe here and at other places, and also the news service on the trains, uses an immense amount of provisions of every nature and while most of them are bought at the towns where the hotels are located, not a few of them in some lines come from the Harvey farm at Newton, Kan.

The Farm.
The newly improved dairy and poultry station owned and operated by the Fred Harvey eating house system at Newton, is now running at full capacity. The farm, as it is called, has been in full operation all season but with the new work being completed the system on which the plant is run has been more fully perfected. While this institution has been operated for many years, there are comparatively few persons familiar with the method and equipment in use by this system in supplying the provision for the various hotels over the Santa Fe railroad company's territory.

A new freezing and cooling room has been built at the farm this year, a carbonating factory has been put in operation and various other improvements added. The dairy is also an addition made during the summer. The new freezing and cooling rooms stand to the north of the farm and were built in connection with the office and packing room. The "cold" rooms are built of brick and have a cement floor, great precaution having been taken against allowing the outside air to reach their interior. The chilling room is separated from the freezing room by a partition a foot and a half thick and the two rooms taken together are forty feet long and each has a width of fifteen feet.

Big Refrigerator Plant.
The rooms are cooled by a refrigeration plant which is also an addition to the equipment. The refrigeration is produced in the same manner as the manufacturing of ice, only in the room where the chill is produced the water drips through the pipes instead of over them, a complete circulatory system being used. The packing room is also in the same building with the refrigerator rooms and at the west of the building a separator room has been used. Great care for the cleanliness of this room has been taken and every can used in the dairy is thoroughly washed by steam before and after milking.

South of the building comes the newly equipped building for the bottling of the pop used by the Harvey department. This building is 50 feet long by 20 feet wide and is built in a most substantial and convenient way. A cement floor has also been laid here. The equipment consists of an American made pump and a Crown corker, besides the various other appliances for use in the manufacture of the drink. A. G. Radtke is in charge of this department of the work and the capacity when running at full blast is 100 cases of pop per day. In the same building is the engine and boiler room, also the machinery for refrigerating purposes. James Reno has charge here.

Dairy and Poultry Farm.
The dairy sheds are built south and west of the engine room and are built in accordance with the other buildings on the farm. At present thirty cows are milked but this provides only for the Arcade hotel at Newton. Mr. Cornforth, manager at Newton, buys the cattle for the other dairy stations of which the company have several throughout the west. For the feeding of the cattle the company have leased in the neighborhood of 200 acres of hay and pasture land which adjoin the site occupied.

The poultry farm might be termed an old institution and it is the only one on the Harvey system, the chickens being supplied from that point for the entire line of hotels. For two weeks before the chickens are to be killed they are placed in what is known as the feeding station and are fed upon buttermilk, corn meal and oat meal which produces fat and also for milk and eating. In the neighborhood of 3,000 fowls are kept in the feeding pens all the time and the number killed will average about 1,000 fowls a day.

Shipping Days.
Shipping days at the farm are on Tuesdays and Fridays when a car is loaded for the west. About 1,000 chickens and 150 ducks are put in this car twice a week. The meals for the system are purchased from the Morris Packing company of Kansas City. On Tuesdays and Fridays the meals are shipped for the extreme west, but other orders are filled on all days of the week. For the teaming, two teams of horses are kept and they are fine specimens of their kind.

NO. 8 SIDE-SWEEPERS

There was an accident Saturday morning at Bond, which delayed No. 8 for five hours and thirty minutes, but no one was hurt. An extra west bound freight was pulling into the siding when No. 8 approached. The engineer of the passenger train was not able to stop in time and the big twelve hundred crashed into the box cars. Five cars of the freight were derailed and badly splintered up but the passenger train stayed on the track. The front of engine 1209, pulling the passenger, was damaged slightly, and the locomotive was left on the siding, the second engine taking the train on through.

Two of the wrecked cars were filled with onions and the track was covered with heaps of them. These all had to be shoveled away before the passenger train could proceed.

The road was cleared for traffic at 8 o'clock.
Engineer Rush had his knee badly bruised, but was not hurt enough to cause him to get off. A tramp had his head cut in the collision. His wound was dressed and he was turned over to the county authorities at Raton.

THIRTY-THREE SUITS FILED UNDER STOCK TRANSIT LAW.
San Francisco, Cal., Oct. 28.—Thirty-three suits against the Southern Pacific company have been filed in the United States circuit court by United States District Attorney General Bonaparte. The suits were brought to recover \$500 in each case, or a total of \$16,500, for violating an act of congress to prevent cruelty to animals in transit on the cars. United States Marshal Elliott reported today that process in the suits had been served upon Manager Calvin, and the clerk of the circuit court then took off the seal of secrecy, which had been maintained since July 31, when the first action was taken in the matter, because of a peculiar rule imposed by Judge W. W. Morrow.

The complaints charge that on thirty-three different occasions the Southern Pacific company confined cattle in the cars thirty-six hours without rest for food or water. The law limits such confinement to twenty-eight hours at the most.
FREIGHT HANDLERS STRIKE AGAIN AT NEW ORLEANS.
New Orleans, La., Oct. 28.—Because the Illinois Central railroad freight handlers could not come to an agreement as to the time period in their contract, the 10,000 freight handlers, cotton screwmen, longshoremen and other laborers employed on the river front here again have struck. All of the men who walked out had been on a strike for several weeks, but last night agreed to go back to work pending adjustment of the differences between them and their employers. Today the Illinois Central freight handlers refused to sign a three years' contract.

PRESIDENT INQUIRES INTO CAR SHORTAGE NORTHWEST.
Washington, D. C., Oct. 28.—Interior Commerce Commissioner Lane conferred with President Roosevelt at the request of the latter regarding the car shortage situation in the northwest. The president was assured that no present alarm need be felt on account of the lack of coal in the region of the railroads had been shipping coal to that section during the summer. That there is a car shortage is admitted, but no immediate crisis is anticipated because of that fact. The crops are being moved, but slower than is desirable.

Conductor Davis was taken to Winslow from Ash Fork yesterday morning on a special. Davis had a cross bar fall on his hand while making a coupling, and it became so painful that blood poison was feared. Dr. Rounsaville dressed his hand and Davis is in a fair way to quick recovery.

Judge Riddell has imposed a fine of \$25,000 on the Michigan Central railroad for the explosion of a car of dynamite at Essex Center on August 9, which resulted in the killing of two men and serious injury of about forty others. The dynamite was shipped as powder.

ACKNOWLEDGE IT.

Albuquerque Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Albuquerque given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:
Mrs. J. Hall, of 322 West Huning avenue, Albuquerque, New Mexico, says: "My daughter used Doan's Kidney Pills with very good results. She suffered for over a year with severe pains across her loins and kidneys, so severe at times that she was unable to be around. I heard of Doan's Kidney Pills and induced her to try them. She felt great relief from the first and continued their use until cured. I gave a statement to this effect some four years ago, and would say today, January 31st, 1907, that we were not only given reason to appreciate Doan's Kidney Pills at that time, but both my daughter and myself will vouch for their value as strongly as ever, and can heartily recommend them to other sufferers."

For sale by all dealers. Price 50 cents. Foster-McIlwain Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. No. 29

One pint mineral water cures and prevents constipation. Ask your grocer for it.

PERSONAL Paragraphs

Miss Engle has accepted a position in the offices of L. B. Putney & Co.

H. H. Hoskins, cashier of the San Miguel National bank, at Las Vegas, is in Denver.

Mrs. H. W. Warner, of Santa Fe, is in Stanley for a short visit to her son, Ansel Hart.

O. F. Olmstead and daughter arrived in Las Vegas last evening from their home at Topeka, Kan.

F. E. Nuding and F. E. McBride left Santa Fe this forenoon for a brief hunting trip to the Rio Grande.

W. H. Spackman, general merchant and postmaster at San Acacia, N. M., was an Albuquerque visitor yesterday.

Mrs. Frank Oswald has returned to Las Vegas from Michigan, where she has been visiting for some time with relatives.

Joseph Matt, who has been spending a couple of weeks in Las Vegas, left today for the Blake mines in the Tres Hermanos district.

Father Baland returned to Mora yesterday after spending several days in Las Vegas. He took a prominent part in the funeral services for Father Couderc.

C. N. Patterson, who has been with the Santa Fe in Las Vegas, will fill the place made vacant by the promotion of Charles Eddington, round house foreman there.

S. L. Williams left Las Vegas yesterday afternoon for his home at Kalispaz, Mich., after visiting in the Meadow City for two months with Mr. and Mrs. F. C. Smith.

G. H. Kennedy has resigned from the services of the Albuquerque Traction company, and has gone to Thorout to accept a clerical position with the Horbin-McGaffey company.

Mrs. Nora Brumback returned to Santa Fe today from El Rito, where she had charge of the teachers' institute of Rio Arriba county, which closed a two weeks' session Saturday.

Mrs. H. B. Palm, mother of Mrs. Max Frost, who has been a house guest at the Frost residence in Santa Fe for the past two months, expects to leave for her home in Kansas City today.

Col. George W. Prichard, of Santa Fe, spent the past week in Roswell on legal business and left yesterday for Lincoln county, where he will attend to mining affairs in which he has an interest.

Melvin Bernhard, bookkeeper of the Southwestern Savings, Loan and Building association, and brother, W. E. Bernhard, have returned to Las Vegas after spending several days at the Harvey ranch resort.

James G. Fitch, attorney of Socorro, arrived in Santa Fe Sunday from Carlsbad, where he attended the Masonic grand lodge session, and was elected grand high priest of the Grand Royal Arch Chapter of New Mexico.

Dr. James A. Massie has returned to Santa Fe from Carlsbad, where he attended the meeting of the Masonic grand bodies of the territory as a representative of Montezuma lodge No. 1, A. F. and A. M., and Santa Fe chapter No. 1, Royal Arch Masons.

Clarence J. Hoke, of Hanover, Pa., who has been in Las Vegas, visiting his brother, Earl Hoke, and friends, left last night for Washington, where he has been called on official business. Mr. Hoke is in the employ of the general land office.

A. G. Rigby, wife and daughter, have returned to Las Vegas from Harvey's ranch resort, where they spent several days and will leave tonight for Denver. They came to New Mexico several weeks ago from their home at Independence, Iowa.

Mrs. S. Spitz has returned to Santa Fe after an absence of several weeks, during which time she accompanied her daughter, Miss Florence Spitz, to South Bend, Indiana, where the latter is attending school, and she also visited relatives at Denver, Colorado.

Following are the members of the Albuquerque Commercial club, who are appointed to attend the annual meeting of the Trans-Mississippi Commercial congress, which meets at Muskogee, Okla., November 19-23: E. S. Stover, W. P. Johnson, George Arnot, J. H. Wroth, Ivan Grunfeld.

Following are Mayor McKee's appointees as members of the committee on arrangements for the National Irrigation congress meeting, which meets here next fall: R. W. D. Bryant, W. W. Strong, J. D. O'Leary, D. K. B. Sellers, P. Hanley, E. L. Washburn, Felix Lester, John Borradaile, S. Vann.

At the home of her parents, Mr. and Mrs. Sydney Hockett, on Wednesday evening at 8 o'clock occurred the marriage of Miss Lizzie Hockett to Roscoe B. Reed, operator at the Rio Grande division office, says the San Marcel Standard. The ceremony was performed by Rev. N. E. Bragg, and the bride's cousin, Miss Virginia Easley, of Newton, Kan., and her brother, Sydney Hockett, Jr., stood with the couple. They were also present Mrs. E. Hockett, grandmother of the bride; Mrs. F. J. Easley, of Newton, Kan., the bride's aunt; Mrs. R. C. Banks, Mr. and Mrs. Harvey M. Richards and William Parmeter of San Marcel. Mr. and Mrs. Reed will soon leave for a few days at El Paso, and on their return make San Marcel their home.

A pretty home wedding took place Saturday evening at the home of Mrs. A. L. Hale, of Forrester avenue, when Miss Maude Hale became Mrs. Harry L. Lathrop. Rev. R. Shaw, of the First Baptist church, performed the ceremony. Only a small circle of friends and relatives were present.

The bride is a true daughter of Albuquerque, having lived here all her life and graduated from St. Vincent's academy. Mr. Lathrop is a brother of Mrs. Lou English of this city, and came here recently from Delphi, Ind. Mr. and Mrs. Lathrop left Saturday night on a honeymoon trip to Mexico. They will return in two weeks and will be at home to their many friends at 800 North Eighth street, where the groom has a new cottage prepared for them.

HAIR DRESSER AND CHIROPODIST.
Mrs. Bambini, at her parlors opposite the Alvarado and west door to Sturges' cafe, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares a hair tonic, cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Massage treatment by vibrator machine. For any blemish of the face, call and consult Mrs. Bambini.

NEW POSTMASTER ASSUMES CHARGE OF OFFICE

John T. Bolton, of Carlsbad, Receives Commission and Enters Upon Official Duties.
Carlsbad, N. M., Oct. 28.—John T. Bolton, of this city, who was appointed postmaster a month ago to succeed Louis O. Follen, resigned, because of the latter's appointment as territorial district attorney for the Fifth judicial district, has received his commission and has entered upon his duties. The appointment gives great satisfaction to the people here as the new postmaster is a man of sterling worth and fully competent.

Quincy Sprains and Swellings Cured.
"In November, 1901, I caught cold and had the quincy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

FIRST JAPANESE BABY BORN IN NEW MEXICO

Heaton Coal Camp is Home of First Oriental Kid in This Territory.
Gallup, N. M., Oct. 28.—Heaton coal camp has made a big bid for distinction. On October 15th, Mrs. Roy Shibata, wife of one of the Japanese employed at the camp, gave birth to the first Japanese baby born in the territory of New Mexico. The little Jap is a boy and at this time he and his mother are doing well. According to the statements made by the Japanese at Heaton there are only three married Japanese women in New Mexico, two of them being residents of Heaton. All of the Japs in nearby coal camps have been notified of the arrival of the baby and they are very much elated over the event. Shibata says that if the boy lives he wants him to become a full fledged citizen of the United States.

Pabst Blue Ribbon

The Beer of Quality

is a pure, healthful food—for brain-workers and muscle-workers.

Pure—because only the best barley-grain and the choicest hops are used, and absolute cleanliness marks every step in its brewing.

Food—because the Pabst Eight-Day Malting Process follows Nature closely and retains every particle of the wholesome food-values of the barley-grain which the Pabst Perfect Brewing Process transmits to the beer in predigested form.

Healthful—because the malt is nourishing, the hops are invigorating and the very low percentage of alcohol (3½%) mildly stimulates the digestive organs to proper activity.

You will find that your appetite is better, your digestion is better, your health is better, when you drink Pabst Blue Ribbon.

Made by Pabst at Milwaukee

And Bottled only at the Brewery.

INSECT'S STING KILLS YOUNG NATIVE

Large Black Spider Supposed
To Have Given
Fatal Bite.

Phoenix, Ariz., Oct. 28.—Physicians are still puzzling over the case of Antonio Gamaz, a native boy whose parents brought his body here from Agua Fria, where his death occurred. The exact cause of death is unknown, but it is thought that it was caused by the bite or sting of a poisonous insect. There had been no medical attendance and an inquest was held yesterday afternoon before Acting Coroner Johnstone. The father of the boy thought that death had resulted from a thorn in the foot, but that is only conjecture and the theory is not borne out by the circumstances.

The father is engaged in clearing a tract of ground along the Agua Fria three miles north of the Moore place. A week ago the child was playing about the camp and suddenly he gave a cry of pain. He ran to his mother, who found a slight wound in the bottom of the foot. The boy was quite sick and for a day and a half ate nothing. Although there was no noticeable swelling of the foot, the wound became inflamed and vesicular in appearance. It was opened in a search for the supposed thorn, but nothing was found. The flesh about the wound sloughed off, but there was no other manifestation.

Death Was Sudden.
In a couple of days the child recovered his appetite, slept well and did not complain of pain. Two days ago he became feverish and refused to eat. When death came it was without a warning.

There was an entire absence of signs of lockjaw, which usually accompanies a severe wound by a thorn, nail or puncture of the hand or foot and there were none of the symptoms which follow the sting of a scorpion or the more common insects. There is a species of black spider, frequently called the "trap door" spider, almost as large as a tarantula, but not woolly like the tarantula, whose bite the Mexicans regard as certainly fatal. There is no violent pain like that which follows the bite of the tarantula, the sting of the scorpion or the poisonous ant or the bite of the rattlesnake. The patient lingers for a week, sometimes longer, and then the poison seems to act suddenly on the heart.

A few days ago the 17-year-old son of Jules Gower was bitten by one of these spiders, which was killed at the time. The young man lingered for a week and during all that time his condition excited no alarm.

CARRIZOZO WANTS LIVE CAPITALISTS

Town Needs Some One With Money
To Erect Homes for Newcomers

Who Are Pouring In.
Carrizozo, N. M., Oct. 28.—(Special)—Carrizozo needs a capitalist who will erect residence houses for the many wanting to rent in this place. The town is being handicapped for want of desirable houses. Those that are now being constructed are engaged far ahead.

The Capital school resumed Monday after having been closed down on account of a scarlet fever scare. The cases are all reported as recovered and no danger of an epidemic.

A United States recruiting station has been opened here. The headquarters are in the bank building. Recruiting Officer E. Babcock is in charge.

The new Baptist church is now completed. The present structure is only a temporary building, which will serve for the next year or two. Rev. R. H. Pope has been the minister in charge up to this time, but arrangements will be made for a settled pastor.

E. R. Keeley and son, Edward, are erecting a feed store and transfer barn and will soon be ready for business.

T. H. Lindsay, of Chicago, and W. B. Higby, of Dalhart, Texas, are in the city. These gentlemen are associated with W. A. McVerns in the Calumet mine.

Rev. John A. and Joseph Land, father and son, preached in this city last Sunday. The ministers are from Mountainair, N. M., where they have located homesteads.

W. N. Kennedy, living three miles south of town, has on exhibition at the Carrizozo Townsite company's office samples of the products of his farm, all of which were grown without irrigation. Among the exhibits are pumpkins weighing 60 pounds, and some of the finest Indian corn and sorghum cane ever seen anywhere.

**S.S.S. FORTY YEARS
OF CURES**
Long experience and thorough testing have proven S. S. S. to be the King of blood purifiers and the greatest of all tonics. For nearly half a century S. S. S. has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine on the market. S. S. S. attracted attention as soon as it was placed on the market by curing promptly those diseases for which it was recommended, and we have so jealously guarded its first good reputation, by keeping it up to its standard in manufacture, that it now has the unequalled and pleasing record of "Forty Years Of Cures." For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It enjoys the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy begin the use of S. S. S., the medicine that has proven its worth by its record of forty years of cures. Book on the blood and any medical advice you wish. No charge for either.

FOUL PLAY MAY IF COURT DESOLVES STANDARD HAVE CAUSED DEATH WHERE WILL PROPERTY GO

Man Found Beneath Bridge
At Globe Dies In
Peculiar Manner.

Globe, Ariz., Oct. 28.—Was George W. Holstine, who died in the county hospital yesterday, a victim of foul play?

That is a question that is perplexing the police and sheriff's departments and one which may be answered by a coroner's jury, which will investigate the death of the man under the direction of Judge Thomas acting as coroner. The jury has been summoned to meet at 10 o'clock Tuesday morning.

Holstine was found in an unconscious condition under the bridge near the Old Dominion smelter about 9 o'clock Sunday morning. It was thought at the time that he was a drunken stupor and he was removed to the Moody boarding house in North Globe, where he has been stopping since in the city. He failed to rally in a reasonable time, and a guest at the house, volunteered to take care of him. He showed no signs of improvement and a physician was summoned, who stated that alcoholism was his chief trouble. Today Holstine being without money or local relatives, was taken to the county hospital, where he died about 9 o'clock without regaining consciousness. The body was at once removed to the morgue of the Jones undertaking company.

Hurt in Fight.
When Holstine's death was announced yesterday some facts concerning the causes leading up to his demise were uncovered. Witnesses, whose names are said to be in the possession of the officers, state that Holstine had a fight with some party, whose identity is unknown, on the bridge under which his unconscious body was found. In the mixup both men fell from the bridge, but the latter clung to him and both went over together. People who witnessed the fall did not realize that Holstine had been injured and he was discovered purely by chance by others who passed over the bridge an hour or so later. The dead man's face is lacerated and bruised and the right eye is badly swollen, indicating that he received severe treatment at the hands of his adversary.

NEW MEXICO COWBOY INJURED IN TEXAS

El Paso, Oct. 28.—Dick Reeder, a cowboy from Earliman, N. M., sustained injuries from which he may not recover at Cowboy park, during the roping contests yesterday afternoon.

He was the second roper on the program, and had succeeded in roping a particularly wild steer, when his horse was thrown, causing him to strike his head with such violence that he was picked up unconscious.

After ineffectual efforts to revive him at the park, he was removed to Providence hospital.

He was reported as being in a critical condition last night, and only semi-conscious. The injury is to the back of the head. Dr. Vance attended him.

Take DeWitt's Little Early Pills.

Two Legal Giants in Oil Octopus Case: Frank B. Kellogg on Left, and John G. Milburn.

New York, Oct. 28.—The taking of testimony in the federal government suit to the Standard Oil Co. has been suspended for a short time to give the great lawyers who are fighting tooth and nail on each side a chance to breathe and rest up for a fresh start.

It is announced that Frank B. Kellogg and ex-District Attorney Morrison of Chicago, who represent the government, will spend the time in studying the mass of testimony and records produced during the last month and in planning a new attack on the octopus. The task confronting them is monumental, for while previous onslaughts developed practically nothing, the present investigation has turned the Standard inside out. A great mass of figures and records have been produced in response to Kellogg's demands, and he and Morrison will long be kept busy in getting a thorough understanding of them.

John G. Milburn, Morris Rosenthal and "Immunity" Bath Miller are the great legal trio charged with the responsibility of saving the life of the Standard. It is an interesting fact that the octopus relies upon talent from the provinces in the great crisis. Milburn, while he is a

Like the Lord's Mercy

Like the Lord's mercy, the Estancia valley as a farming district presents understanding.

Saturday The Citizen in a page of solid reading, told in a limited way of the development of the great valley which has marked a new era in agriculture in this territory. The Citizen could not do the subject justice—it takes an eye view of the great valley to do that.

Less than ten years ago, the old timer would laugh when you spoke of raising crops in the Estancia valley.

Today there are ten thousand happy, prosperous people within the confines of the new farming district and this year the crops broke all records—even for western Kansas in her early days.

The farmers, who have settled in the Estancia valley and who are raising crops on what was once semi-arid grazing lands, have broken all precedents in the southwest. They simply came there, settled on the land, cultivated it and nature did the rest. No one knows how it happened. In fact, it apparently didn't happen. (That land has been laying there all these years awaiting the coming of the men with nerve enough and sense enough to tackle what looked like a hopeless proposition.

The Estancia valley is not now to be considered in the experimental stage as it was a few years ago. The lands have shown what they can do and the men who are directing the plow shares are the ones who made Nebraska, Kansas and Oklahoma blossom as a garden.

There is still land left in the valley but not much of it. It is not in the hands of land agents, dealers or land sharks. It is good old government land to be had for the taking. The Citizen would like to advertise that land in the countless poverty-stricken homes of the east, where it would put many a poor devil on his feet and bring health and plenty to many a half starved family.

The Estancia valley is making homes and good homes, too, for hundreds and hundreds of men of small means. It is developing into an agricultural center unique in our history but even richer than some of the western and other irrigated districts.

There is no understanding it—there is no means by which it can be explained. The valley is simply rich in natural moisture and wonderfully fertile soil. It is a great big garden set between the mountains and will soon—very soon, be at the head of our agricultural districts.

The push and public spirit of its citizens has had a share in the making of the valley and inducing immigration, but for a farmer who knows a farm to see these great level stretches of land, simply means that he won't be satisfied until he has located there.

The Citizen as well as the balance of New Mexico is watching the development of the big valley with great interest since it is perhaps demonstrating what can be done and what will be done with much of the so-called semi-arid lands in our territory.

The Estancia valley is a wonder among wonders, and the men who have demonstrated that it is, deserve a monument among the pioneers of New Mexico.

Queer Ideas

William Allen White, the versatile editor and writer, has queer ideas. He is full of them. Some of them are not half bad and some of them won't be so bad thirty years from now. But queer ideas and a "long head" go together and "Bill" White makes his ideas pay from a literary standpoint and otherwise.

The following from White's paper, the Emporia Gazette, about the "mean old cuss," who says mean things, might be termed a queer idea, but it is the truth and hits some one in every town. The Gazette says:

"The most unpopular citizen of Emporia is a man who takes great pride in the fact that he 'always says what he thinks.'"

"He calls it 'talking from the shoulder.' It affords him a great deal of pleasure to say disagreeable things, and the only thing that mars that pleasure is the fact that people don't seem to appreciate him. In fact, they avoid him as much as possible, and they count it an omen of ill when they see him coming, and they can't get away."

"The polite, cheery man is the one we are all glad to see; the man who has a pleasant word and a kindly eye; who looks as though he believed life to be a good thing; who thinks well of himself and of his neighbors; who if he happens to have a sore head, does his best to keep the knowledge from the public."

"Speaking your mind" simply means being disagreeable; and the uniformly disagreeable man is the loneliest mortal on the face of the earth. If your tongue is a three-cornered file, use it as little as you can."

The Torrance County Leader, is the name of the new paper at Estancia and Volume one, Number one, now on the exchange desk of The Citizen makes a very creditable showing. The Citizen welcomes the new paper into the fold as it takes pleasure in doing with every paper that comes to New Mexico. We need them. The more papers we have the quicker the territory will advance and develop. The newspaper is the leader of civilization, of development and of progress. There is a particular pleasure in seeing the Leader enter the Torrance county field. It is a republican paper and Torrance county needs a little missionary work along those lines which the Leader shows a disposition to provide. The paper is neat, well edited and above the average of the weekly paper in New Mexico. It is in Torrance county to grow up with the Estancia valley. The Citizen believes it has found a place in the most promising newspaper field in the territory and that its success is assured. Mrs. Robert N. Maxwell, the editor and publisher, is an enterprising woman, who has had plenty of experience in her work and knows the ins and outs of a newspaper. Being a woman, she deserves success in more than ordinary degree and the support of the Estancia valley.

Exchange: A stranger dropped into the circuit clerk's office in Lancaster and chatted awhile with the sheriff and constables, finally remarking that he was helpless among so many officials. One of the officers jokingly replied that they might even compel him to take out a marriage license, but the stranger protested it cost too much. The officers said they would attend to that if he could furnish the girl. The stranger was game and a license was duly made out. "Thank you, gentlemen," he said, as he put it in his pocket, "That was what I came to town for."

Exchange: Russia is the largest seller of eggs in the world. She sells to foreign countries 1,500,000,000 dozens nearly every year. In 1896 she sent abroad 1,475,000,000 eggs; in 1897 1,737,000,000, and in 1898 1,821,000,000. Her sales are all the time increasing. That probably explains where some of our "case" eggs come from.

Albuquerque was certainly "dry" yesterday, hungry and a few other things. You couldn't buy a drink of soda water, booze or beer, a dish of ice cream, a cigar or a cigarette. However, it is just possible that it won't hurt us to do a little penance in this line—if we don't overdo it.

The Silver City Enterprise says that the people of Grant county are not hopeful enough to organize a statehood league. What pessimists they must be. The Enterprise ought to take the temperature of public sentiment in Grant county again. Perhaps it may be mistaken.

"Henry Watterson is about the most discouraged democrat in the whole United States," says the Des Moines Capital. He will have plenty of company as soon as the fall elections are over.

Japan is reported to be buying large quantities of American made steel rails, but so long as she doesn't buy the American made ties to go with them Mr. Hobson may refuse to be mollified.

Now that the president has spent some time in the canebrakes, it will be difficult to convince some of his friends that he cannot carry Louisiana if he runs again.

WHAT DOES IT COST YOU TO LIVE?

Pitchers full of rich creamy milk—dozens of freshly laid eggs—beef killed on the range. Fish and game and pure mountain air. A genuine old ranch house nestling in the prettiest valley in New Mexico. The Pecos river filled with mountain trout right at the door. Sadly housed game, fishing tackle, traps and dogs at your service. There is not a more ideal place to rest, recuperate and see the real life of the west anywhere in the world.

The round up is now on and the horses from the range will be broken in a few weeks. Every minute teams with a new and wholesome interest for you if you have never lived on a ranch.

Daily stage to the railway station.
YOU COULDN'T SPEND MORE THAN NINE DOLLARS A WEEK IF YOU TRIED.

If you have come west to spend the winter, don't stay in town. Inquire this office or address The Valley Ranch, Pecos, New Mexico.

BLUE POINTS

Form the aristocracy among oysters. No others equal them in delicacy of flavor or in purity of their white meat. Higher prices are asked for them as they are considered by epicures to be the choicest oysters obtainable.

The only Blue Point beds in the United States are located in the Great South Bay, on the south shore of Long Island. This bay is fed by the Atlantic and numerous streams of cold, sparkling spring water from the Long Island shore. There are no cities or factories along this shore, so that the water is entirely pure and free from contamination.

We obtain our Blue Points in Sealship Carriers direct from the packers in Long Island. Shipments daily.

Toward the close of next month Bishop Pityal, of Santa Fe, will visit the Albuquerque parish to confer the sacrament of confirmation.

Some time in November, Father T. E. Sherman, son of General Sherman, will come to Albuquerque to deliver a course of lectures. Announcements of the course will be made later.

A week from next Sunday at the church of the Immaculate Conception will begin the annual service, known as the forty hours of adoration. The services will continue for three days.

Lieutenant F. W. Ball, in charge of the Albuquerque United States recruiting station, has received word from his home at Chattanooga, Tenn., that he is the father of a ten pound girl. Mrs. Ball will eventually come here to join her husband.

Last night at her home on West Copper avenue, Miss Jetty Rosenwald entertained a number of friends at cards. Louis Gumbiner won the first gentleman's prize and A. Faber the booby prize. Miss Essie Gottlieb won the first lady's prize. Dainty refreshments were served and the guests remained until a late hour enjoying themselves.

H. E. Lyon, who is well known in this city, has accepted a position as forest ranger in the forest service and will leave tomorrow for Engstaff, Ariz., where he will report to Supervisor F. S. Breen for duty. Mr. Lyon will be assigned a district in reserve of the ranger under the charge of Supervisor Breen.

H. G. Kitamura, a Japanese stranger in the city was arrested at the Alamo saloon Saturday night for disorderly conduct. He was charged that he assaulted Peter Glom, the proprietor, with words. Kitamura put up \$15 for his appearance in police court this morning, but he did not appear and the bond was forfeited.

T. C. Hall, of the forest service, and stationed at the plant of the Domingo Lumber company in the Jemez national forest, is in the city today and will leave this evening for Peoria, Ill., where he will visit friends a few days before going on to Pekin, Ill., where he will marry Miss Louise Rider. Miss Rider lived in Santa Fe for a time and is well known in society circles of the capital city.

The marriage of Miss Irene Kramer and Robert Meyers, both of Chicago, was celebrated yesterday afternoon at 6 o'clock at the home of Mrs. R. Mugler, number 24 South Edith street. Miss Irene Kramer acted as bridesmaid and John Kendall as groomsmen. The house was prettily decorated for the occasion with roses and chrysanthemums and the affair was followed by a supper at Sturges Hotel. The newly married couple will leave tonight for Stockton, Cal., where the groom is employed by the Santa Fe Railway company, and where they will make their permanent home. Rev. J. C. Rollins, pastor of the First Methodist church performed the ceremony.

The final day of the Tucson baseball tournament began yesterday with Phoenix and Bisbee tied for the first money and with Tucson with a chance to get in the same class by defeating Douglas yesterday afternoon. Phoenix won from Douglas on Saturday afternoon by a score of 2 to 1. Tucson was booked to play Douglas yesterday afternoon. If Tucson won the game she will have tied Phoenix and Bisbee. If Tucson lost the game it ties Douglas for third money, first and second money being split between the two former teams. In the Douglas-Phoenix game Douglas lost on errors. Douglas got seven hits in the game, against four made by Phoenix.

METHODISTS CLOSE THEIR CONFERENCE FOR 1907

Dr. Rollins Returned And Other Appointments Announced.

The New Mexico English mission conference closed its session yesterday with an unusually large attendance at both services. In the morning Bishop Cranston gave an able discourse on the subject of missions and later in the day the following appointments were made:

Superintendent and presiding elder, Samuel Blair.
Alamogordo, J. H. Murray; Clayton and Folsom, to be supplied; Chihuahua, Mexico, H. D. Boddington; El Paso, J. A. Feisinger; Estancia, W. A. Pratt; Las Cruces, J. L. Freeman; Las Vegas, H. Van Valkenburgh; Moriarty and Mountainair, J. R. Pratt; Raton, Wm. Rence and F. E. Finley; Roswell, C. F. Lucas; Santa Fe, E. C. Anderson; Santa Rosa, M. A. Hoag; Silver City, J. M. Jackson; Springer, H. C. Grimmel; Johnson's Mesa, A. M. Stone; Mission evangelist, B. A. Morley.

The committee on resolutions also brought in the following resolutions which were unanimously adopted:

"Whereas, we, the members of the New Mexico English Mission, have had a most delightful annual session in the beautiful city of Albuquerque; therefore, be it

"Resolved, first, That the presence and words of our presiding bishop, Earl Cranston, LL. D., have been an inspiration to us all. He has commended himself to our mission by his wise, tactful and brotherly administration of our affairs, and will always have a high and large place in our remembrance. It is the prayer of the members of this mission that his life may be spared many years to give to the church the benefit of his wide experience and intelligent leadership.

"Resolved, secondly, That we are under a lasting debt of gratitude to Dr. J. C. Rollins and the good people of the First Methodist Episcopal church and the city of Albuquerque for their gracious hospitality and their concern for our comfort.

"Resolved, third, That we make special record of our appreciation of the creditable and generous manner in which the local press has reported the proceedings and program of our mission.

"Resolved, fourth, That we have enjoyed the fellowship of our Spanish brethren, and recognizing our common aims and interests, desire that we may be reciprocally helpful in the great work of laying foundations for the Master's Kingdom in the great southwest.

"Resolved, fifth, That we wish to express our sincere appreciation of the services rendered us by our secretaries and treasurer, J. C. Rollins, C. F. Lucas and H. Van Valkenburgh.

"J. A. GEISSINGER,
"J. H. MURRAY."

The important announcement was also made that Dr. J. C. Rollins had been returned to the pastorate of the First Methodist church here, a fact which will meet with the approval not only of the congregation, but of the entire community.

Bishop Cranston left this morning for a visit to the northwest during which he will be engaged in church work at various points.

PRESENTS IMMACULATE CHURCH WITH STATUE

A beautiful statue, the gift of Miss Kate Hildebrand, a stranger in the city, was placed on the south wall of the Church of the Immaculate Conception yesterday morning.

The image is the figure of Saint Francis Xavier, the special patron of the West Indies and all America. The statue is elaborately decorated in gold and color and is one of the finest religious statues ever brought to the city.

Miss Hildebrand, the donor of the statue, came to Albuquerque fourteen months ago from Delahoe, Ind., in search of her health and now she is at the St. Joseph's sanitarium, where today she successfully underwent a serious operation. Upon presenting the statue to the Immaculate Conception church, Miss Hildebrand asked the prayers of all the congregation for the improvement of her health.

CENTRAL AVENUE CROSSING BLOCKED 20 MINUTES

A crowd of pedestrians and thirty-five teams were kept waiting twenty minutes at the Central avenue railroad crossing this morning before they could pass. This speaks well for the volume of freight business being done by the Santa Fe railroad, but is hardly satisfactory to the citizens of Albuquerque who have occasion to cross the tracks. There is a city ordinance which is expressly against trains blocking the crossings, but the number of complaints coming in indicates that little attention is paid to this ordinance by the railroad company. Tiring of waiting at the Central avenue crossing so long some of the people went to the crossing at Tijeras avenue, but arrived there only in time to see a long freight go by.

HOLIDAY GOODS

Keep Watch of Our Seven Show Windows

Keeping step with the most progressive Drug Houses of the Country, we are carrying a complete line of goods suitable for Holiday, Wedding, and Anniversary Gifts. The Busiest Drug House Between Denver and Los Angeles

ALBUQUERQUE KNOWS WHAT THE SUNDAY LAW MEANS

The Man With a Thirst Yesterday Had to Quench It With Aqua Pura.

The quiet of a Puritan Sabbath—almost enervating in its intensity—prevailed Albuquerque yesterday. The city's old time reputation for being a live, went slumbering among the tall uncut for twenty-four long, unbroken hours, and a pall of sanctity that you could almost cut with a knife settled over the sacred precincts for the shore. He was enforcing the Sunday closing law and enforcing it with a vengeance.

The Albuquerque who a few months ago dragged out his rusty razor or rubbed a stubble chin all day Sunday on account of the sudden virtuous spasms of the city barber shops, came down town yesterday morning to be confronted with a new curtailment of life's comforts. His yearning for a fragrant perfect after his morning ham and eggs was met by a locked door at the cigar stand; the stationary stands where he was in the habit of buying his supply of Sunday reading presented a similar uninviting front; the drug stores were open, but only a man could, a bad case of a headache could inveigle them into doing business. Paragoric and quinine were open for all comers, but the soda fountain was frozen tight and the cigar cases, locked and the key in the proprietor's pocket at church. One soda fountain proprietor who interpreted the law as just missing his business opened his counter to the thirsty throng for a little while. Before 10 o'clock a deputy sheriff had convinced him of the error of his ways and advised him to get out his boiled shirt and go to church.

Saloon Deserted.
And the saloons—a professional strong arm man with a jimmy could not have found even a crack in the back door large enough to work on—for the bars were out of business and only the lone swimmer of the porter's mop alleviated the gruesome scene. Whatever may be said of the abstinence of their patrons, the saloons at least were "tight" yesterday. A citizen reporter, who made the rounds of the downtown places Sunday afternoon found every door, front and back, barred.

Lid on in Old Town.
A similar investigation in old town revealed the same condition. A deputy sheriff was kept busy all day patrolling the outlying precincts and no violations were reported. In Barajas, Dog Town and the new colony of drink emporiums which has sprung up south of the city in recent months there was nothing going. The proprietors had taken the sheriff at his word and gone home to get acquainted with their families.

One Bakery Overlooked.
A small bakery at the corner of Fourth street and Central avenue, which was overlooked by the sheriff in his rounds Saturday, did a thriving business for several hours yesterday morning. When called to terms by a deputy the proprietor stated that he had received no notification of the new program for yesterday. A few terse words from the deputy closed the offending doors with a bang and the flow of bread and pies came to a sudden end.

The proprietor of the hot tamale wagon, which habitually toils forth on First and Central on Sundays, was also told to harness his nag and wheel the offending viand and odors away. Aside from these minor cases the lid adhered with suffocating precision.

Harvey Museum Takes the Hint.

Sunday strollers and passengers on the Santa Fe limited were disappointed yesterday by a sign which appeared about noon on the door of the Harvey curio rooms. "Closed on account of the Sunday law." No visitor got within the inviting precincts of the Harvey collection of the wonders of the southwest during the day. There had been some question as to whether the law applied to the curio rooms, but the Harvey management did not care to offer itself as a sacrifice in testing the ramifications of the law.

Large Attendance at Churches.

Synagogues with the rigid enforcement of the Sunday closing law yesterday was the report from all the churches of an unusually large attendance at both morning and evening services. Just how largely this was due to the advent of the long threatened lid is regarded as somewhat of a question by many but the fact remains. Reference was made in several pulpits yesterday to the new order and congratulations offered by the clergy on the higher plane of civic propriety. Like the proverbial wind the sheriff's order yesterday raised considerable protest from many quarters of alleged hardship but the propagators of the temperance and Sunday closing sentiment presented beaming smiles of satisfaction.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today, although a citizen of Coffey, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by evening night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The sufferer and most reliable cough and lung and throat remedy ever discovered. Guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

THE SPANISH MISSION CLOSING ITS CONFERENCE

Bishop Cranston Pays Touching Tribute to Rev. Dr. Harwood.

The Methodist Spanish mission conference which was in session in the Howard chapel in old town last week closed its deliberations yesterday. The morning service was devoted to a love feast and in the afternoon Bishop Cranston delivered a sermon before the conference through interpretation, Rev. Thomas M. Harwood acting as translator. Four deacons were ordained during this service the following appointments were made:

Appointments of the New Mexico Spanish Mission Conference For 1907-8.
Superintendent: Cartwright, Albuquerque District.

Thomas M. Harwood, presiding elder, postoffice, Albuquerque, N. M.; Albuquerque station, Seneca B. Garcia; Albuquerque circuit, Thomas M. Harwood; Antonio and Conejos (Colorado), Zacarias Salazar; Costilla and San Pablo (Colorado), Roman Suro; Cerrito and Quetzil, Pablo L. Martinez; Dulce and Apache Cruz J. Martinez; Estancia and Chilili, E. C. Chavez; Magdalena and Kelly, E. M. Chavez; Penasco and Las Alamos, Bartolome Gonzalez; Peralta and La Joya, E. C. Salazar; Rio Honda circuit, C. Varos; San Marcial and Valverde, H. O. Costales; Santa Fe and Espanola, to be supplied; Socorro and Escobedo, Santiago Chavez; Taos and Ranchito, E. Montoya; W. W. Havens, superintendent New Mexico-Arizona Anti-Saloon league; Thomas Harwood, president Albuquerque College Boys' Biblical and industrial school.

El Paso and Arizona District.
Leandro Fernandez, presiding elder, Deming circuit, Juan C. Chavez; Dona Ana circuit, Evangelista Candelaria; Douglas circuit, Dionisio Costales; El Paso circuit, Luis P. Tiers; Harts circuit, Jose C. Trujillo; Hillsboro circuit, Manuel Flores; Palomas circuit, Manuel Flores; Sanchez circuit, supplied by Bernardo Parra; Tucson circuit, Epigenio Flores.

Las Vegas District.
Samuel Padilla, presiding elder, Watson, N. M. Barney Pasamonte and Leon, L. Romero; Black Lake, Agapito Marex; Clayton, A. C. Gonzalez; Gallina, to be supplied by Ignacio Salazar; Las Vegas, supplied by Samuel Padilla; Raton, Juan Sanchez; Springdale and Ros, Ernesto Garcia; Veda and Folsom, Gabino Garcia; Wagon Mound, A. A. Maes; Ocate, supplied by Jesus Salazar.

Bishop Cranston took occasion during the service to render a touching tribute to the many years of service of Rev. Dr. Harwood, who has served as superintendent of Spanish missions in this territory for the past 35 years, a term unequalled in duration by any other superintendent in the Methodist church.

REV. M'AFEE GIVES INTERESTING TALK

Rev. J. Ernest McAfee, associate secretary of the Presbyterian board of Christian education, who is now in Albuquerque and occupied the pulpit of the First Presbyterian church last evening, gave an interesting and timely address on "The Need of a Gospel for Prosperity" was listened to with rapt attention by his audience. In the course of his address, he advanced the idea that the field for home missions was not confined to places in which poverty and distress were most prevalent, but that a promising outlook was often found in the districts where wealth was much in evidence. His argument was a new one to most of his audience and excited favorable comment at the close of the services.

The secretary is in the southwest on a tour of investigation, during which he is holding conferences with the local pastors of the denomination. He will be in Santa Fe tomorrow on business in connection with his work.

MORTUARY

The death of Frank Morris, aged 28 years, died last night after a residence of one month in this city. Undertaker, R. C. Adams has notified relatives of the deceased in Chillicothe, Mo., and the remains will probably be shipped to that city for interment.

Yesterday at her home in San Jose occurred the death of Miss Margarita Baca, aged 23 years, as the result of pneumonia. The funeral will be held tomorrow at 10 o'clock. Interment in San Jose cemetery.

Nothing more appropriate for Christmas than a photograph. One dozen cabinet photographs \$3.00. MILET STUDIO, 215 West Railroad Avenue.

For household goods, call on Chas. L. Keppele, 317-19 South Second.

The Missionary society of the Presbyterian church will meet at the home of Mrs. J. G. Wagner, 623 West Fruit avenue on Friday afternoon at 2:30 o'clock.

WE MEET ALL COMPETITORS IN PRICES ON STOVES, RANGES AND FURNITURE. BORRADAILE, 117 WEST GOLD AVENUE.

U. S. SENATOR FORAKER FAVORS SINGLE STATEHOOD

(Continued From Page One.)

heard a great deal about the undependability of the agricultural lands in New Mexico. I have some figures here which will show that they are at least sought after by people who are hunting for homes in that far distant frontier country. From June 30, 1900, when the last census was taken, down to the 20th day of December, 1902, there were entered at the various land offices in New Mexico, most of them being homestead entries, 1,271,617 acres.

In reference to the charge that New Mexico was suffering from stagnation, Mr. Foraker said: "A greater libel was never uttered against a brave and intelligent and patriotic people. I cite to you the postoffice receipts, I cite to you the internal revenue receipts, I cite to you the construction of railroads to show that they are anything but stagnant. There is as much business activity there, for the number of people, as you can find among 200,000 American citizens anywhere where the flag of America floats. Nowhere will you find greater activity. It is the very opposite of stagnation."

In speaking of the old Spanish land grants, Senator Foraker said: "I have here the report of the United States attorney for the court of private land claims. According to it, that court has settled the title to more than 20,000,000 acres. These Spanish land grants, long years ago made, overlapping each other and duplicating each other, made it almost impossible for anybody to go into New Mexico and get a good title. Out of the 20,000,000 acres that were involved in these Spanish land grant claims the court rejected all except about 2,000,000 acres, thus returning more than 18,000,000 acres to the public domain.

"It is because these claims have been settled that men can go there now and get a title which they could not heretofore, and for that reason they are going."

In another part of the speech he said: "I claim with respect to New Mexico, it being a territory organized by us, that she has reached a point, as shown by the last census, where her population is sufficiently large to indicate that she is entitled to admission to statehood as a strict moral right under the treaty by which she was ceded by Mexico to the United States."

The senator further stated: "In the recent war with Spain both Arizona and New Mexico responded promptly at the first call, and from that time the gallant men who as a part of the rough riders helped to make history and aided to make a president of the United States."

In regard to the inhabitants of the territory he says: "It is contended that a large part of the inhabitants of New Mexico are Spaniards and Mexicans. The truth about that is the vast majority are of the Spanish-Mexican race, some of them living there before the territory was ceded to us, some of them coming there from Mexico since, most of them, however, born there. Nearly all of them, while speaking their own language, are able, however, to speak and understand our language, and those people are aiding the Americans who have gone there to develop the country and build it up and make it a great, strong, wealthy, capable commonwealth, such as it is rapidly becoming."

A WARM PROPOSITION

These cold mornings and evenings remind us of warm underwear, blankets, and quilts. We have got them. Before you buy call and compare quality and price.

A good fleece ribbed garment for women at \$1.50, others \$1.25. A good fleece ribbed garment for men \$1.50, others \$1.25. Children's underwear 15c to 40c, as to sizes. Blankets 50c to \$1.00. Quilts \$1 to \$2.50.

ROOSEVELT WILL GIVE NATIONAL EVILS SEVERE ARRAIGNMENT IN MESSAGE TO CONGRESS

Washington, D. C., Oct. 28.—The president's message, now in rough draft, and soon to receive its finishing touches, will make the final recommendations for completing the "Roosevelt policies."

The most important, perhaps, of

loot the treasury of any railroad, and to spend for stocks what ought to be spent for rails and cars, the people cannot reasonably expect regular trains and cheap fares. Therefore he will ask that stock issues and bond issues be put under

pervision. Publicity and federal supervision, the president believes, must be had for such great institutions as the Standard Oil Co. He again suggested federal incorporation, with a recommendation that the bureau of corporations have

system more elastic and more responsive to the changes of business will be repeated. To other objects which will go to make up the message are: The employers' liability, and the propriety of placing the cost of accidents and

Striking new picture of President Roosevelt and his cabinet. From left to right: Roosevelt, Root, Straus, Garfield, Metcalf, Cortelyou, Taft, Von L. Meyer, Wilson, Bonaparte.

all the recommendations will be that relative to over-capitalization of railroads. The reckless methods of "high finance" are, in the opinion of the president, the greatest menace to good railroad service. So long as it is possible for Harriman or some successor to Harriman to

the supervision of the interstate commerce commission. A similar recommendation will be made touching all corporations, not railroads, doing an interstate business, except that some other instrument than the interstate commerce commission will be suggested for su-

charge of issuing corporate licenses. In the matter of child labor the president is anxious that some permanent and effective agency be created by congress to deal with the evil. He is anxious that congress avoid any possible unconstitutionality, or the practical difficulty which would come from an improper interference by the federal govern-

injuries on the employment; amendment of the Sherman act to permit reasonable co-operation of railroads; arbitration of labor disputes; technical and manual training for public schools; subsidy for American shipping; deep waterways; perfection of the food inspection act; free trade for the Philippines; the Panama canal; Cuba.

THE RISE OF LUCILLE MARCEL, OPERA SINGER

Miss Lucille Marcel.

New York, Oct. 28.—When little Lucille Marcel—they called her Lucy then—ramped upon the vacant lots of an obscure Harlem neighborhood only a few years ago, no one suspected that she was to have a coterie of dukes waiting upon her smile almost before the neighborhood built up. The dukes are there. Melody crept into her lute voice as the years flew apace. Her singing the little corner church attracted attention. She studied modestly at first. Rapidly developing ability spurred ambition and she went abroad.

From Berlin she went to Paris, where Albert Carre of the Opera Comique engaged her for that institution after hearing her sing but once. Jean De Reszke heard her there and sought her out. He paid

her a salary for the privilege of teaching her. In Berlin, where Miss Marcel first gained recognition, she sang first at a musicale in the home of Col. Frank H. Mason, the American consul. Subsequently she sang in the salon of Countess de Bodele under the patronage of Countess de Trobriand. At a party in the home of a Russian millionaire, where she sang from "La Tosca," Prince Orloff escorted her to supper and Grand Duke Boris sat at her left. Dukes and nobles speedily swelled the number in her train of admirers. After three years of study with De Reszke, Miss Marcel had made her debut in opera at Paris. Her reception has been stunning. She has declined offers from Heinrich Conzel and Oscar Hammerstein to go to New York.

PROBING EXPRESS COMPANIES AT OMAHA

Omaha, Neb., Oct. 28.—Special Examiner Brown of the interstate commerce commission is in Omaha this morning began taking testimony in an investigation into the business methods of the express companies, which begins in Omaha on Monday. The hearing is the outcome of a complaint filed with the interstate commerce commission by the Fruit Jobbers association, alleging that the express companies engage in buying and selling fruit and other commodities in competition with fruit jobbers.

The president, while still favoring the income tax, will be fairly satisfied this winter if congress will pass a law to tax inheritance, so that the bigger the fortune the heavier the tax that will go to the federal treasury. Such a tax, Roosevelt thinks, will help to prevent perpetuation of great fortunes in a few families.

The message will deal vigorously with corporation grabbing of coal lands, forests, oil and mineral deposits still belonging to the government, and grazing lands. He will ask for more protection.

On the subject of uniform divorce and marriage laws the president will point out facts calling for better co-operation between the states.

On foreign relations the president will discuss the sending of the fleet to the Pacific. He will also discuss our relations with Japan, and incidentally the subject of barring oriental immigration; and, with significant contiguity, he will talk about an increase in our fleet and the need for more docks, coaling stations and fortifications in the Philippines, Hawaii and on the Pacific coast.

As to immigration something corresponding to an educational test of immigrants from continental Europe will be the subject of a recommendation.

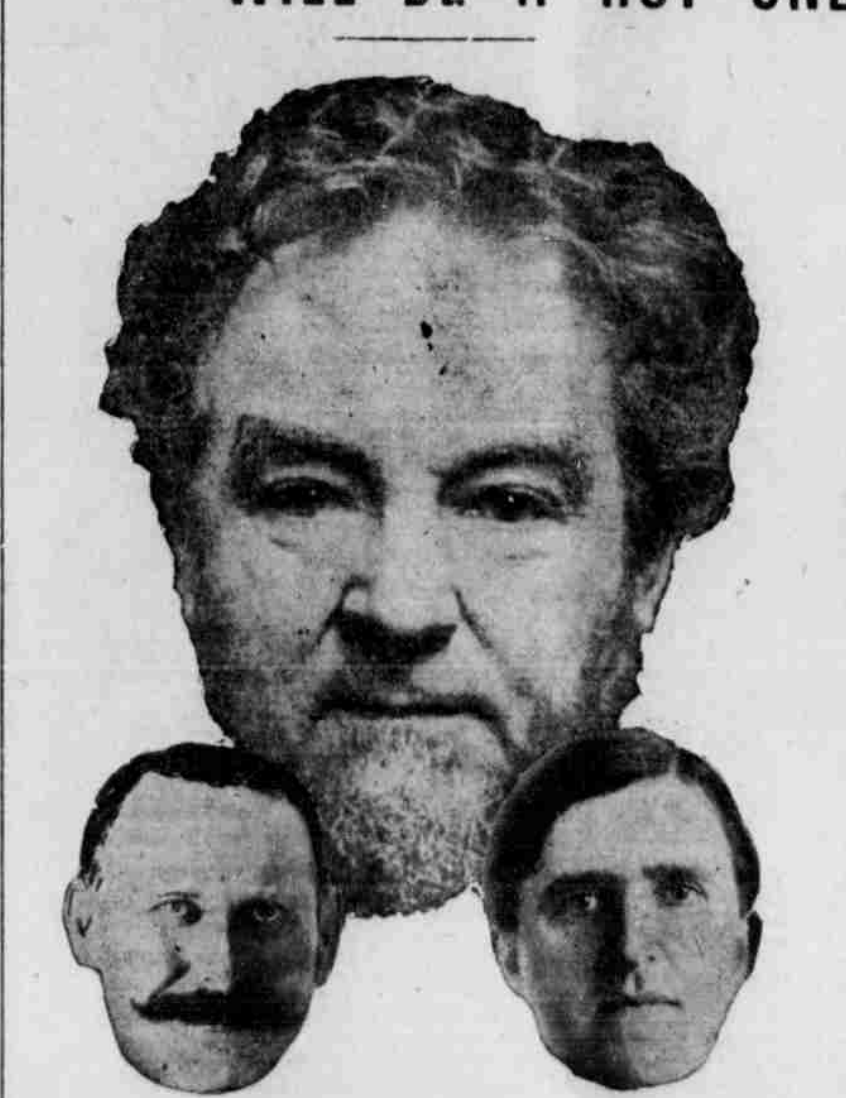

The need for making the currency

GRAND JURY WILL INVESTIGATE INDIANS.

Tucson, Ariz., Oct. 28.—The United States grand jury assembled here today with a fairly long calendar of cases to consider, most of them of little relative importance in a news sense, but of considerable interest as bearing on the sale of liquor to Indians.

A Criminal Attack. On an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c at all dealers.

SAN FRANCISCO MAYORALTY WILL BE A HOT ONE

P. H. McCarthy E. R. Taylor Daniel A. Ryan
San Francisco, Oct. 28.—San Francisco's mayoralty campaign has resolved itself into a gigantic battle in which the weapons of warfare are billboards and paint. Philosophy is the ammunition used. Press agents are the gunners.
For instance, it is a case of read the billboards and take your choice. Billposters and painters are having a picnic. Signs are in front of you, on all sides and even under your feet on the sidewalks.
From one point on Market street you can read the following advice on billboards:
"Avoid industrial stagnation by voting for Ryan."
"Industrial peace brings prosperity. Fair wages and 8 hours. McCarthy for mayor."
"The time has come when every man must think, must act, must vote—for Taylor!"
If you don't find what you want here pass on a little further and you

harmony between employer and employee. San Francisco is a strong union labor city, and McCarthy may win. With one exception, every newspaper in San Francisco has shown preference to Taylor, it being the general opinion the latter's election would restore the confidence of eastern financiers and attract investors.
In all the fight seems as close as any that ever occurred in San Francisco. The business man predicts Taylor, the union man predicts McCarthy and the man who is always looking for a surprise prognosticates "Ryan sure."
As good a way as any to get a line on the situation is to go back and read the billboards.

HOW TO MAIL YOUR SOUVENIR POSTAL CARDS.
Many of Them Are Held Up in the Mail—Not Properly Stamped.

Many postal cards which do not conform with the postal regulations are being received at the postoffice. Information concerning the attitude of the postoffice department toward enclosing postals in envelopes is given in the following statement from the department:
"Post cards and postal cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first class rate—2c an ounce or fraction thereof. If enclosed in unsealed envelopes they are subject to postage according to the character of the message—at the first class rate if wholly or partly in writing, or the third class rate if entirely in print. The postage should be affixed to such cards enclosed in envelopes having an opening, exposing stamps, cannot be recognized in payment of postage thereon.
However, when such cards properly addressed and bearing no matter rendering them unsuitable when sent openly in the mail are enclosed in envelopes it will be assumed that they are inadvertently placed under cover and they may be removed from therein and dispatched with out additional payment of postage."
Inasmuch as the covering used over the postals is principally a transparent stuff with a glazed surface, upon which the time and place of receipt cannot be stamped the postal authorities ruled against the use of envelopes on post cards, declaring that unless the time and place of receipt can be placed on a missive it may not be sent through the mail.

NEW TRAIL ACROSS MOGOLLON MOUNTAIN.
Forest Service is Completing Work for Benefit of New Settlers in Reserves.

Silver City, N. M., Oct. 28.—Superintendent McClure, Forest Assistant Douglas Rodman and Deputy Supervisor William Goddard left today for the Mogollon district to inspect the work that is being done there on the trail across the Mogollon mountains. The trail which is on the Gila national forest is being built by the government at an expense of \$1,250 and is for the use of forest rangers and settlers on the reserve. It crosses a very rough and at places an almost inaccessible country and will prove of great convenience to people of that district. The entire length of the trail will be twenty-five miles.

WAVE OF CRIME IN ARIZONA COUNTY
Six Killings Have Occurred There in Period of Two Weeks.
Solomonville, Ariz., Oct. 28.—Timoteo Barajas shot and killed Domingo Gutierrez at Safford last week in a drunken quarrel. Barajas immediately disappeared and he has not been found although a posse of officers are on his trail and expect to capture him. Both the slayer and the dead man were members of a section crew on the Globe road.
This is the sixth killing that has occurred in Graham county in the past two weeks and the officers are in a quandary what to do. The wave of crime sweeping over the country had its beginning just two weeks ago when a Mexican killed another at Metcalf. Closely following on this murder came the killing of a woman at Clifton by a negro. There were three other killings and the killing week night at Safford brings the total up to six—a record that has never before been equaled in this county.
Barajas and Gutierrez had been drinking freely last night and they finally became mixed up in a quarrel. Barajas suddenly pulled a six shooter and shot Gutierrez, killing him instantly. When officers arrived a short time after the killing they could not find Barajas. A posse was quickly organized, however, and pursuit was given.
Unless there is a sudden cessation of crime it is more than probable that Judge F. S. Nave, of the district court will summon a special grand jury to take up the cases and to see that speedy punishment is given to the slayers, two of whom are in jail.

TUCUMCARI WILL HAVE NEW STATE BANK SOON.
Capital Stock of \$25,000 Already Subscribed and Other Arrangements Made.

Tucumcari, N. M., Oct. 28.—H. W. Fisher, of Amarillo, is here for the purpose of organizing another bank, to be known as the Quay County National bank. Twenty-five thousand dollars of stock has already been subscribed, and a charter will be applied for immediately.
A weak stomach, causing dyspepsia, a weak heart with palpitation or intermittent pulse, always means weak stomach nerves or weak heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. Our Shoes Are Perfect Fitters

Your standing is affected by the kind of shoes you wear. Poor fitting shoes won't hurt your character but they will hurt your feelings. Nowhere does a person need case more than about the feet. These much abused members of the body are continually in use and having to bear the weight of the whole human structure, need all the help they can get. It would be easy to make comfortable shoes if that was all people wanted, but they must be pleased as well as the feet. We have said it before and say it again, that no shoes excel ours in style and fit. The eye, the foot and the pocket-book are all attracted by them. Try a pair and see how well we can satisfy you.

ODDLES OF READY CASH IN ALBUQUERQUE

Statistics Show That People Have Seven Times as Much Money as in 1900.

While the eastern stock brokers and trust companies are having their troubles owing to the recent money stringency in New York, the people of Albuquerque and local banks have hoards of available cash for immediate use, as is proven by the many new and handsome buildings now in course of construction and the general air of prosperity that prevails. A conservative estimate shows about seven times more money in circulation in this section today than this time seven years ago.

Two years ago outside residence lots sold at from \$150 to \$175, a lot. Now the same lots are reselling at from \$200 to \$500 a lot. There is no safer speculation or savings proposition than an investment in a few building lots here at the bargain prices we will offer for a short time.

While another big proposition is maturing, we have decided to clean up a few choice odds and ends at sure enough bargain prices, and which will enable every one who has a little money saved up to make a very profitable and safe investment by selecting something from the following list:

Terms:—Half cash, balance within a year or discount of 5 per cent for all cash. Five to 20 acre tracts of splendid garden, truck or orchard lands, under good ditches, at over mile and a half from city, only \$50 to \$60 per acre. Similar land elsewhere in the territory is selling at from \$125 to \$225 per acre.

Twenty-two choice 50-foot lots in University Heights from \$35 to \$100 each.
