## LOOKS LIKE AMERICA WAS PREPARING FOR WAR

Increased Activities Of Government Functionaries Point In That Direction.

## ARMY AND NAVY MEN ARE TALKING ABOUT IT

Recruiting Stations Are Getting Busy—Navy Yards Are Bee Hives—Atlantic Fleet Is Being Made Ready For Long Voyage.

Washington, D. C., Oct. 30.—That the United States is preparing for war is evident from the activity of every department of the government in Washington. Preparations are apparent on every side. Though they may be only a precautionary measure, nevertheless they are being made.

The war fever is rampant throughout the army and navy. The officers to a man have the idea fixed that is coming.

Under orders from the navy department the entire working force at the navy yards on the Atlantic coast is being employed in making ready the vessels of the battleship fleet for the so-called practice cruise to the Pacific. Every class of labor that can be utilized in getting the fleet into condition for its long voyage has been withdrawn from its usual duties and put to work on the ships. The navy yards and out fitting stations on the Atlantic coast are the busiest bee hives of industry in the whole country today.

The army signal corps, under orders of General Franklin Bell, chief of staff, is devoting itself exclusively to arrangements for installing electric fire control apparatus in the fortifications.

General Leonard Wood.

ations at Subig bay, the new naval station in the Philippines. General Wood in command has been ordered to rush this work to completion with all haste, even to the detriment of all other projects. This order is said to have gone to Wood from President Roosevelt himself.

A "torpedo company" of the army artillery corps has been sent to Subig bay to chart and mine that important body of water and engage in torpedo practice. Army rifles of 6, 10 and 12-inch caliber and 12-inch mortars are being sent to Subig bay as fast as they are completed.

Contracts have been let for 50,000 tons of coal to be delivered in the Philippines.

All over the United States recruiting for the navy is being pushed with the greatest energy. Go to any naval

General Franklin Bell.

recruiting office and you will not fail to appreciate this. I am able to tell you today the real, unvarnished story of the events that induced President Roosevelt to prepare the nation for an emergency. Some of it has been hinted at but so little that many, in their ignorance of the alarming and astounding facts have severely censured the president for "flying off the handle."

"WE GET THE NEWS FIRST"

ALBUQUERQUE, NEW MEXICO, WEDNESDAY EVENING, OCTOBER 30, 1907.

## WEATHER FORECAST

Denver, Colo., Oct. 30—Fair tonight and Thursday.

NUMBER 263

## NEW YORK STOCKS MAKE AN UPWARD BOUND

Market Swamped With Cash Orders For Shares In Lots Large And Small.

## CONFIDENCE HAS BEEN FULLY RESTORED

False Story Causes Run On Bank In Pittsburg—Certified Plan Working Smoothly Through—Country—Washington Enjoying Holiday.

New York, Oct. 30.—The banking conditions in this city appear normal again.

The situation is so well in hand that no further conferences on the part of the bankers are expected.

The bankers declare that the clearing house certificate plan is working out smoothly and is rapidly bringing about normal conditions. The stock market took a remarkable plunge upward this morning. Not in a score of years has Wall Street experienced such a flood of buying orders. Majority of orders are in lots for transfer to purchasers and come in small blocks of from five to fifty shares. Several sales of two shares were recorded.

## C. P. BUYING STOCK

W. J. Wellman, of J. S. Beebe and Company, bankers and brokers, said that such sales by that firm amounted to between \$500,000 and \$750,000 and that the orders are coming from all parts of the country. "People are buying stocks for investment in small lots and paying cash for them," said Wellman today. "This is bringing thousands of dollars of cash to the market and is assisting materially in relieving the situation. I think it is safe to say that there are more than four hundred thousand more names of stockholders on our books of various railroads and other big corporations now than there was a year ago."

## DISTURBANCES WILL REDUCE THE COST OF LIVING

Chicago, Oct. 30.—The jobbers, wholesalers and retailers of meat, eggs and other food products agree that the present disturbed financial condition may bring about a general and substantial reduction in the cost of living.

Eggs and butter are now lower than before the disturbance.

## WEEK OF HOLIDAY FOR WASHINGTON

Olympia, Wash., Oct. 30.—Governor Mead has declared a legal holiday for the remainder of this week, principally for the protection of the country banks, whose requests for money have been denied by the banks in the clearing house cities.

## KANSAS BANKS ADOPT CERTIFICATE PLAN.

Topeka, Kan., Oct. 30.—At a regular meeting of the bankers of the city composing the Topeka Clearing House association yesterday a resolution was adopted practically the same as that now in force in Kansas City and New York. The resolution embodies the adoption of the New York clearing house certificate plan of accepting exchange in clearing house balances. Another resolution was adopted binding all the banks of the city to stand as a unit for their own and depositors' protection which means that in case of trouble at any bank that the others will stand back of the institution. The action taken at the meeting is not in anticipation of trouble of any kind but merely as a precautionary measure and to insure the safety of every bank and every depositor in the city.

## FALSE STORY STARTS RUN ON PITTSBURGH BANK.

Pittsburg, Pa., Oct. 30.—A run was started shortly before noon on a small national bank, whose depositors were mostly foreigners. The run was started by a story to the effect that the officers had run away. This was denied at the bank, and the institution is declared solvent.

## ANOTHER CATHOLIC SCHOOL FOR SANTA FE

Santa Fe, N. M., Oct. 30.—Ground was broken yesterday for a new parochial school in connection with the Catholic parish which will be erected at the corner of San Francisco street and Cathedral place. It is expected to have the foundation laid this winter so that work on the building proper can be begun in the early spring.

The new parochial building will be utilized exclusively for boys. It will be built of brick, two stories in height and contain eight rooms. The contract for the building has been let to Carlos Digneo and F. P. Crichton. It is estimated the cost of construction will be approximately \$14,000. For four of five years past a school for Catholic girls has been conducted in addition to the Catholic school in which the children are taught studies customary in the primary and grammar grades of the public schools in addition to being given a religious education. The school has accommodations for 240 pupils and is filled to its capacity every term.

## THE SHADOW ON THE WALL

The semi-official statement is made in Washington that under certain conditions President Roosevelt will, at the expiration of his term in the white house, become a candidate for United States senator from the state of New York.—News Item.

## AMERICANS TIE-UP MEXICAN CENTRAL RAILWAY

Force on Whole Division Walk Out Because Two Are Jailed.

## GOVERNMENT ENDEAVORING TO SETTLE TROUBLE

Mexico City, Mexico, Oct. 30.—All of the operating force and shopmen on the Tampico division of the Mexican Central railroad walked out yesterday because a conductor and two train dispatchers, Americans, were thrown in the prison in consequence of having engaged in a fight at Cardenas.

The strikers demand the release of the prisoners. A special government representative is endeavoring to settle the trouble.

The strike covers the entire division and every American on it is out. The fight took place at Tampico and was not a serious affair, as none of the belligerents were seriously injured. The Americans say that they were in the right and are unjustly held in jail. The situation is serious for the railroad company, as business is practically suspended, and it is believed that the government will see that the men are released.

This is the first time the employees of any of the Mexican railways, which are in the majority American, have united in maintaining their rights. The pressure brought to bear by the railroad on the Mexican government is said to be strong.

## "BABY M'KEE" A YALE JUNIOR

New Haven, Conn., Oct. 30.—Benjamin Harrison McKee, of New York City, grandson of President Harrison, is a junior in Yale. He ranks twenty-fifth in his class of 307 in scholarship in work of freshman and sophomore years, and in the list of "junior appointments" issued this week is classed in the "high oration" group an arbitrary classification. McKee has the distinction of being the only boy ever born in the white house. For the four years of his grandfather's incumbency he was called "Baby McKee," but at Yale he is "Harry McKee" to his intimates.

## HOMESSEKER'S TICKETS WILL NOT BE DISCONTINUED

Railroads Agree To Raise Price of Them Instead.

Chicago, Ill., Oct. 30.—At a meeting in Chicago yesterday the representatives of the large railway systems agreed to not abandon the homessekers' excursions to the west. Since the passage of the two cent fare laws in many of the western states there has been talk of discontinuing this rate.

It is now agreed, however, that the homessekers rates be slightly advanced after January 1.

The maximum advance will be \$5 on each round trip ticket. For instance, a round trip homessekers' ticket from Chicago to Texas and other southwestern states will go from \$25 to \$30.

## NEW MEXICO SOLID FOR SINGLE STATEHOOD

So Says Governor Curry In Interview Given Out In El Paso.

## TERRITORY'S POPULATION IN EXCESS OF 400,000

El Paso, Texas, Oct. 30.—"The people of New Mexico are solid for single statehood. We are all working hard for it and I believe that New Mexico will be a state within 18 months at the very outside."

This is the statement made by Governor George Curry, of New Mexico, who is in the city and stopping at the Ziegler. Governor Curry is just completing a tour of New Mexico inspecting territorial institutions and will leave this evening over the Santa Fe for the capital of New Mexico, having finished his round. The past week has been spent in the Pecos valley during which the governor made a number of speeches to the residents of that section, where he was himself reared.

May Not Get Bill Up This Year. "I do not know if we will be successful in getting a statehood bill before congress at this winter's session," continued Governor Curry. "It is possible that we will not be able to get a number of speeches to the purpose of creating a local public sentiment for single statehood," the governor added.

Growing Sentiment for Statehood. "The growing sentiment for single statehood in New Mexico is shown by the organization of a statehood league in almost every town and county in the territory. But these leagues are not necessary for the purpose of creating a local public sentiment for single statehood," the governor added.

All Work Together for Statehood. "The idea of these statehood leagues is to get all the people who favor statehood to pull together to the common point of statehood; to prepare and send out literature broadcast over the country pleading for statehood for New Mexico; to create a countrywide sentiment for statehood and use the combined influence of every citizen of the territory upon the people of the country to demand statehood for New Mexico."

More Than 100 Per Cent Increase. "That New Mexico is entitled to statehood no one will doubt who has given the matter one minute's thought. The census of 1900 gave the territory slightly over 100,000 population. Today New Mexico has a population of over 400,000 and people are coming into the territory by every train, locating homes and building up the territory in wealth. By the census of 1910 New Mexico, I firmly believe, will have a population greatly in excess of half a million and she cannot be denied statehood upon her claims."

Never in More Prosperous Shape. "New Mexico was never in a more prosperous condition. Never in her history has her growth been so rapid and pronounced as within the past few months. The tide of immigration is only just setting New Mexico forward and before it ends New Mexico can boast one of the most prosperous farming and industrial regions of the entire southwest or west."

## PHILIPINOS ARE OUT FOR TRAITOR REFORM.

Manila, P. I., Oct. 30.—Philippine papers are now asking for free trade with the United States. Heretofore they have been opposed to any tariff reform on the ground that it would bind the Philippines too closely to the United States and endanger ultimate independence.

## PAY OF MINERS WILL BE REDUCED FROM \$4 TO 3.50

Labor Unions Agree to Abide By Contract Made With Mine Owners.

## NEW SCALE GOES INTO EFFECT NOVEMBER 1

Butte, Mont., Oct. 30.—The miners' union and the smeltermen's union have received notices from the Amalgamated Copper company and other mining companies, that the old scale of wages, which was in force before the sliding scale was made, will be restored on November 1 next in compliance with contract entered into by the mining companies and the labor unions of Butte. The news is received with some little impatience on the part of the miners, but the heads of the organization have issued a statement that the terms of the contract would be lived up to. The reduction will mean fifty cents a day to the miners, the present wages of \$4 being reduced to \$3.50.

## WESTERN MEN BEAT UP CHICAGO BASE BALL SPORTS

L. N. Olsen American League Park Keeper Charged With Stealing \$120.

Chicago, Ill., Oct. 30.—Sporting circles of the Windy City were startled some this morning, when it became generally known that L. N. Olsen, gate manager at the American League park of this city, well known in sporting circles, was arrested, with several other men, and charged with stealing \$120 from M. J. Meyer, a wealthy cattleman of Cheyenne, Wyoming.

Meyer and Olsen, with "Jack" Sheridan and O. G. Glenn, the former the baseball umpire, and the latter a wealthy broker of Denver, Colo., had been together all night. This morning Meyer missed \$120, which he had in the evening, and charged Olsen with stealing it. A fight ensued in which Sheridan and Olsen were badly beaten. The men were searched at the station and \$2,500 was found on Sheridan.

## STUDENT THROWS BOMB AT RUSSIAN PRINCE

Vitka, Russia, Oct. 30.—As Prince Gortchakoff, acting governor of Vitka, was driving from the citadel here at noon today, a bomb was hurled at his carriage but failed to explode. The perpetrator of the outrage then attempted to shoot the prince, but was shot himself by a soldier. The would-be assassin was a student of the local high school.

The attempt on the prince's life has caused another quiver of excitement to run over the city and the guard has been increased. The prince is being guarded with the greatest care as it is believed that other attempts will be made on his life by the socialist friends of the man killed.

## SEVERE WIND STORM SWEEPS SOUTHERN TEXAS

Wires Are Blown Down and Houses Wrecked—Heavy Rain Is Falling, Making Situation Worse.

## GALVESTON SUFFERS GREAT LOSS OF PROPERTY

Beaumont and Houston Suffered Also—Several Persons Were Injured and Many Had Narrow Escape—Communication Completely Cut Off.

Galveston, Tex., Oct. 30.—A fierce wind storm swept southern Texas this morning causing much damage to property and suffering to humanity and stock. Rain accompanied the wind and fell in sheets for several hours.

A number of residences in the western end of this city were blown down and wrecked and several persons are more or less injured. The lower part of the town is flooded, and many people have been driven from their homes by water, which has risen to be several feet in depth in places.

All telegraph communications, except associated press wires are down.

## Women Save Children.

The suffering of the people driven from their homes by the rising water into the downtown on the outside is intense. The police department has lent assistance to the needy, and those driven from their homes have been given shelter in the houses up town. One woman living in a small cottage in the lowest part of the western end of the city escaped with a small child under each arm by wading through water up to her armpits. The property loss will aggregate thousands of dollars.

## Storm Reached Dallas.

Dallas, Tex., Oct. 30.—Telephone, telegraph and trolley wires are down in southern Texas today as a result of a severe wind storm, which passed over that section of the state early this morning. Several houses were blown down at Galveston but no fatalities have been reported. Property loss is reported to be heavy.

Telegraphic communication with Galveston was cut off at 9 o'clock by order of the underwriters' association, ordered that all power plants in the city shut down owing to the tangle the wires were in.

At Houston and Beaumont the storm did much damage to the wires. Both of these cities also suffered considerable loss through flooding being blown down and buildings, but no injuries have been reported.

## SOUTHERN NEW MEXICO TELEPHONE CHANGES OWNERSHIP

Line In Course of Construction Will Connect Many Towns.

Las Cruces, N. M., Oct. 30.—The Silver City, El Paso and Southwest Telephone company has purchased the Texas and New Mexico Telephone company, line between El Paso and El Paso, Charles Miller was the principal stockholder of the company bought out.

The Silver City, El Paso and Southwest Telephone company is practically a new company which is now installing a long distance line to connect El Paso, Las Cruces, Kincaid, Elgin, Los Alamos, Silver City, Deming and all intervening towns. The company is capitalized for \$100,000 and the line being installed is a metallic circuit with red cedar poles.

The men who are the principal stockholders are also all interested in the local telephone business in the various towns named. John H. Morgan, of El Paso, who is the manager of the Southern Independent Telephone company of that place; W. E. Baker, of the Las Cruces exchange; Wm. D. Murray, President of the Silver City Telephone company, and C. B. Borworth, of Deming, are the principal men interested in the new venture. The line is about all completed and will be ready for operation in a very short time, the lines in the Rio Grande valley being already working.

## SECRETARY LOEB KILLS A BEAR

Helena, Mont., Oct. 30.—William Loeb, private secretary to President Roosevelt, who with Senator Carter, Harry Child and Thomas B. Miller of Helena, have been hunting near Cooke City, has ended his trip, after having killed a bear, two mountain sheep and a deer to say nothing of smaller game. He has started for Washington very well pleased with his showing. There were no unusual incidents in connection with the slaughter of the game.

## 216,000 ACRES OPENED FOR ENTRY SAYS DISPATCH

Government Land Office Swamped With Applications Being Made by Homesteaders.

## TRACT WAS FORMERLY HELD BY SANTA FE

Santa Fe Officials Doubt The Story—Attorney For Company Says That He Never Heard Of Relinquishing Any Land.

Roswell, N. M., Oct. 30.—A special dispatch to the Record from Clovis, N. M., says that United States Commissioner Curran is accepting homestead applications on 216,000 acres of land there heretofore held by the Santa Fe railway company. The land is in one body and runs north beginning four miles north of Clovis.

All the land surrounding the tract, which is said to be the finest in that part of the territory, is being homesteaded. Excitement is high and a rush is being made for the new land.

## REPORT NOT THOUGHT TO BE AUTHENTIC.

The above dispatch is not thought to be authentic here. E. W. Dobson, local attorney for the Santa Fe said this afternoon that he had no knowledge of the Santa Fe owning any such large body of land in eastern New Mexico. Mr. Dobson said that he did not believe that the report was authentic.

Local officials of the Santa Fe were seen and none of them have any knowledge of the Santa Fe owning any large body of land in the vicinity of Clovis.

One man said that he thought that the report was started by some real estate firm hoping to start a run into the Clovis section. A considerable land has been settled upon by homesteaders in that part of the territory recently. Such a report would give the place wide advertising as a good place for homesteaders.

## 4,763 CHINESE LAND IN MEXICO

Two-Thirds of Them Were Bound For the United States.

Mexico City, Mexico, Oct. 30.—According to dispatches to The Daily Record, 4,763 Chinese have landed at the port of Salina Cruz since the first of the present year. More than two-thirds of them had the United States as their destination. A large number of them had lived in the United States at some previous date and were under the impression that they could return.

## ARIZONA MILLIONAIRE IS CHARGED WITH GRAVE CRIME

Defense Claims Blackmail—Mr. Carpenter Complaining Witness.

Douglas, Ariz., Oct. 30.—R. P. Horgan, of the Horgan Development company, banker at Carnegie, Pa., owner of a big block of Calumet and Arizona stock, interested in coal and lumber in Pennsylvania, and raised locally as a millionaire, was arraigned before Justice Hice on the charge of blackmail. He was arrested on complaint of Mrs. J. C. Carpenter, a slender, prepossessing woman who had rooms at the Savoy hotel, where Mr. Horgan has been stopping.

Mrs. Carpenter's testimony is supported more or less by two witnesses.

The defense, which has not yet been commenced, will undoubtedly be attempted blackmail. On cross examination the defendant's attorney was not permitted to ask any questions tending to attack the character of the prosecuting witness and no testimony has yet been presented by the defense.

The hearing concluded this afternoon without the defense putting a witness on the stand.

Horgan was bound over under bond of \$1,000.

## TELEGRAPHERS ARE BACK AT WORK IN VIRGINIA

Norfolk, Va., Oct. 30.—The telegraphers' strike instituted in August, which affected the Western Union and Postal Telegraph companies at Norfolk, Portsmouth and at the Jamestown Exposition grounds, was officially declared off today.

## RAILROAD DEPARTMENT

### G. P. A. JORGES CIVILITY TO PASSENGERS

#### A Word to Ticket Sellers and Trainmen By General Passenger Agent of Wabash.

General Passenger Agent Sarsfield Crane of the Wabash, who made the annual address at the convention of the American Association of General Passenger and Ticket Agents, held in Washington, D. C., said a few good things that will appeal to the traveling public. In the course of his remarks he said:

"We are engaged in trying to make things pleasant for those who travel—those who are away from home and among strangers in the midst of strange and unusual surroundings, when kind words and courteous treatment mean so much and reach so far. The rights of the public who have paid or are about to pay the legal fare are many. They are entitled to all about everything connected with their journey. The evidence is growing that the general public are beginning to think that ticket clerks and conductors, who are not charging that ticket sellers of this country are not gentlemen, as courteous and obliging as any class of persons doing business with the public, but I am after that class who treat me discourteously—who answer any questions with a freezing, supercilious air, calculated to bring discomfort and disgust, and when they ascertain the position I occupy turn so far the other way. These things which come to our personal knowledge bear out the statements made by our patrons and we should see to it that our employees constantly bear in mind that they must not lose sight of the fact that civil questions, no matter how often asked by the same person, must be answered in a civil manner."

Touching upon the 2-cent wave of legislation, the St. Louis Nestor said: "Regardless of tradition, regardless of the rights of those involved, regardless of protests filed, regardless of statements rendered or of statistics furnished; with no practical knowledge of the situation, without information of value to any degree, the legislatures of many states have ruthlessly reduced passenger fares to 2 cents per mile. Men who have spent their lives in the industry, and who, knowing what was in the wind, knowing what to expect from the rumblings that reached them now and then, spent days and days in preparing statistics, showing figures indicating the true condition, statements which could be verified by oath or research. Their efforts were totally ignored. They were plainly told in many instances: Your long-winded speeches and your tiresome statements are not credited, and even if they were, we can give you no relief, no comfort, no satisfaction. A 2-cent fare is coming, and that's all there is to it. The people demand it; they are clamoring for it, and although we admit that we don't know, and our constituents don't know, whether you can make any money on the basis we propose to give you, nevertheless, you have to take it and make the best of it."

#### RAILROADS APPEAL TO COURTS IN TEXAS

Fourteen railroads operating in Texas have engaged through the courts the State Railroad Commission from further reductions in freight rates. These lines present figures showing a decrease in earnings aggregating nearly \$10,000,000 annually, and declare self-preservation compels them to seek relief. July, the dulllest month, is cited to show that the net earnings of the fourteen roads dropped \$292,000, as compared with the average for several years, while the income showed an increase of a little over a million. The gross earnings for July this year were \$620,000, against \$5,337,000 for the same month last year. The net earnings for seven roads in July, 1906, were \$228,000, while the other seven aggregated \$232,000. In July, 1906, the net earnings of four of the lines totaled \$77,800, while the other ten aggregated losses of \$1,034,500.

In July, 1906, seven roads operated at a small profit. In 1907 five of these only showed any net earnings. During July this year and last year net deficits are shown for the Fort Worth and Rio Grande, the Santa Fe, the International and Great Northern, the Katy, the Frisco, the Cotton Belt and the Texas and Pacific.

In July, 1907, the Rock Island and the Sunset, or Harriman lines, dropped into the losing majority.

#### WHAT WILL ENGINEERS AND FIREMEN DO?

Guthrie, Okla., Oct. 30.—C. W. Weber, cashier of the Citizens' Bank of Edmond, while here today stated that the work of grading the Oklahoma City-Guthrie electric interurban had commenced near that city. It is the intention of the company to push the work to completion as soon as possible. In this connection it is stated on semi-official authority that the Fort Smith and Western Railway Company is contemplating making an electric interurban line out of the St. Louis, El Reno and Western line between Guthrie and El Reno, forty miles, while the Fort Smith and Western recently purchased. The company believes the transfer to an electric line could be made without great cost and that it would pay far better than the present line does. If this plan is carried out by the Fort Smith and Western an attempt will be made to prevail upon the Rock Island and Santa Fe companies to make the Guthrie-Kingfisher and Guthrie-Chandler lines also electric interurbans.

More than \$15,000 skeleton tickets were stolen at Santa Monica, Cal., last Thursday night. The thieves also took stamps and punches. Among the lot were some Santa Fe tickets, which local conductors have been warned to look out for.

Sky C. Overstreet, division special

agent of the Albuquerque division, returned to his home at Winslow yesterday after a short visit to his family here.

The El Paso Southwestern railway has a pile of coal at Tucumcari 400 feet long, five feet wide and fifteen feet deep.

H. L. Caldwell has assumed charge of the Santa Fe depot at Magdalena, vice L. W. Benadum, transferred to Jsteta.

Mrs. B. Alexander, wife of the Santa Fe engineer, left yesterday afternoon to spend the winter in Los Angeles.

C. C. Reynolds, track inspector, visited the New Mexico division the fore part of the week.

### SIX NEW COMPANIES ARE INCORPORATED

Organization of Many New Businesses Reflects Well Growing Condition of Territory.

The filing of incorporation papers at Santa Fe yesterday by six different companies reflects well the growing condition of the territory. The new corporations are as follows: The Putney Cold Storage and Ice company, principal place of business at Albuquerque, Bernalillo county, Territorial agent, John R. Price, at Albuquerque. Capital stock, \$10,000, divided into four hundred shares of the par value of \$100 each. Object, operating cold storage establishment and ice plant. Period of existence, fifty years. Incorporators, Robert E. Putney, John R. Price and Neil B. Field, all of Albuquerque.

Santa Fe Land and Townsite company, principal place of business at Santa Fe, Santa Fe county, Territorial agent, Page B. Otero, at Santa Fe. Capital stock, \$200,000, divided into two thousand shares of the par value of \$100 each, commencing business with \$20,000. Object, real estate business. Period of existence, fifty years. Incorporators, Levi A. Hughes and Page B. Otero of Santa Fe, and C. C. Roberts, Jr., of Oklahoma City, Okla.

New Mexico Consolidated Mining and Development company, principal place of business at Santa Fe, Santa Fe county, Territorial agent, Page B. Otero at Santa Fe. Capital stock, \$200,000, divided into six thousand shares of the par value of \$100 each, commencing business with \$20,000. Object, newspaper and printing business. Period of existence, fifty years. Incorporators, Frank A. Roy, Alex S. Bushkevitz and John W. Tyler, all of Roy, and E. H. Blumbaum, of Mora.

The Black Hills Gold and Silver Mining company, principal place of business, at Hillaboro, Sierra county, Territorial agent, C. P. Johnson, at Hillaboro. Capital stock, \$2,000,000, divided into two million shares of the par value of \$1 each, commencing business with \$3,000. Object, mining business. Period of existence, fifty years. Incorporators, William M. Gentry and Earl P. Hill, of Silver City, and Charles P. Johnson, of Hillaboro.

Hunt Copper company, principal place of business at Mountain Park, El Paso county. Capital stock, \$1,000,000, divided into one million shares of the par value of \$1 each. Object, mining business. Incorporators, F. W. Hunt, C. R. Wilkerson, C. A. Hunt, L. M. Marshall, El Paso; J. Paul, Minn., and Henry J. Cox, of New Mexico.

#### HOTEL ARRIVALS.

Alvarado. Miss C. Blair, New York; Geo. T. MacQueen, Chicago; E. C. Hutter, San Francisco; F. T. Robbins, La Crosse, Wis.; Chas. B. Kehrman, St. Louis; D. J. O'Brien, Chicago; W. P. L. E. Disque was in the city yesterday from Willard.

T. B. Catron, of Santa Fe, is in the city on law business.

G. O. Kock has returned from a business trip to Tongue.

Charles A. Spiess, of Las Vegas, is in Santa Fe on business.

Mr. and Mrs. W. B. Hadley, of Fort Bayard, N. M., are stopping at the Alvarado.

Fayette A. Jones, the mining engineer, is in Santa Fe on professional business.

F. C. W. Nugent is in Albuquerque for the winter. His home is in Kirksville, Mo.

J. H. McCutcheon, editor of the Industrial Advertiser, is in Santa Fe on personal business.

Julius Meyer, of Estancia, registered at the Normandy hotel in Santa Fe on Tuesday.

George Arnold, Gross, Kelly company, has returned from a business trip to Las Vegas.

A. Stern, a prominent business man of Las Vegas, was a visitor in the Ancient City Tuesday.

Robert A. Paul has returned to Las Vegas from a visit to relatives from the Indian Territory.

L. F. Churchill and wife arrived in Albuquerque yesterday morning from their home in Santa Rosa.

Herman Blueher and E. B. Quick, who have been on a business trip to Colorado, returned yesterday.

Judge Granville Pendleton has returned to his home at Farmington after a prolonged stay in Santa Fe.

W. A. Buddick, president of the Las Vegas Railway and Power company, has gone to Kansas City on business.

J. B. Herndon, of the State National Bank, returned to his home last night after a visit to the northern part of the territory.

George Curry, governor of New Mexico, has returned to Santa Fe from his trip to the southwestern part of the territory.

Rev. Hugh A. Cooper, of the First Presbyterian church of this city, is in Santa Fe attending the Presbyterian in session there.

E. M. Burgess, general manager of the Colorado Telephone company, is spending a few days here on business for his company.

Mrs. J. M. Sylvester has joined her husband at Tucumcari. Mr. Sylvester is foreman in the job office of the Tucumcari News.

Frank D. Baker has returned to his home at Tucumcari from Denver, where he spent some time in a hospital. He has fully recovered his health.

J. H. O'Reilly, manager of the Occidental Life Insurance company is on his way to Phoenix and other points in Arizona on business for his company.

Clarence Weatherford and Miss Bessie Crosby were married at Tucumcari last Thursday by Rev. J. W. Campbell. They will reside at Claremore, Texas.

Adjutant General A. P. Tarkington was in Las Vegas the early part of the week looking over the rifle range there and talking armory with the Meadow City guardsmen.

C. D. Boucher, George Ward, O. L. Gregory and M. R. Williams returned to Las Vegas from Carlsbad, where they attended the territorial grand lodge meetings of the Masonic orders.

Vincent Trador, proprietor of the Annex bar of Las Vegas, was impelled for humanity's sake to kill his fine driving horse on Sunday. It had injured its hind legs in a runaway so badly that they would not heal. The animal was valued at \$500.

#### RAILWAY MAIL CLERK.

November 19, 1907. The United States Civil service commission announces an examination on November 19, 1907, at Albuquerque, New Mexico, to secure eligibles from which to make certification to all vacancies as they may occur in the position of railway mail clerk.

As the commission has experienced considerable difficulty in securing eligibles to meet the needs of the service in this state, qualified persons are urged to enter this examination. The examination will consist of the subjects mentioned below:

Spelling (twenty words of average difficulty in common use.) Arithmetic (simple tests in addition, subtraction, multiplication, division and fractions.) Letter-writing (125 words on some subject of general interest.) Penmanship (rated on legibility, rapidity, neatness, etc.) Geography of the United States. Reading addresses.

Systems of railway transportation (questions relating to the names of railways entering or running through the applicant's railway mail division.) Age limit, 18 to 35 years on the date of examination. The minimum height has been reduced from 5 feet 6 inches to 5 feet 5 inches, exclusive of shoes, and the minimum weight which has been lowered from 135 pounds to 130 pounds without overweight and hat.

Applicants should apply at once either to the secretary of the board of examiners at the city named above or the district secretary at Denver, Colo., for application form 304 and form 1497. Information for Applicants for the Railway Mail Clerk Examination.

No application will be accepted unless properly executed and filed with the civil service commission, Washington, D. C.

As examination papers are shipped direct to the places of examination from Washington, it is necessary that applications be received in ample time to arrange for the examination desired at the place indicated by the applicant. The commission will therefore arrange to examine any applicant whose application is received in time to permit the shipment of the necessary papers.

Issued October 23, 1907.

#### DINNER AND DUTCH LUNCH.

The Ladies Aid society of the Presbyterian church will give a dinner at noon, and a dutch lunch in the evening, from 5 to 8 o'clock, Friday, Nov. 22, in the parlor of the Presbyterian church. Everybody invited.

Forwards able to break through the opposing line, starting with the ball, can disorganize an offense. They can tackle a man with the ball or pile up his interference so he is tackled the moment the line of scrimmage is reached.

Ability to break through is not by any means dependent upon mere brute strength. Mental ability to size up an opponent, skill in avoiding his attempts at blocking and rapidity of thought and movement are necessary. A strong, resourceful man can frequently make mere "beef" look cheap.

A defensive forward should aim to keep his opponent at arm's length until the ball is snapped. The team on the defense must employ this advantage at all times.

Usually when breaking through the line charges immediately the ball is put into play, arms out stiff and body held low. The opposition is pushed to one side and the runner it at the mercy of the man or men who break through.

Another method is to grasp the outside arm, when the opponent will probably jerk back, pulling the holder through. Another plan is to strike the opponent on the side, immediately shifting the attack to the other side, or feinting at one side and plunging through the opposite side. If the opponent is playing low

he may be caught by the head and pushed or pulled in either direction. Forwards should vary their attack, as by following one method gives an opponent an opportunity to become familiar and adapt himself to block the effort.

It is necessary to get the jump on the other fellow. Don't let an opponent get to the body. Don't laxative too high. Don't forget to use hands and arms whenever their use will help and always charge forward.

The next article will be on use of the stiff arm.

#### Baritone.

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Druggists everywhere are now dispensing Preventics, for they are not only safe, but decidedly certain and prompt.

Preventics contain no Quinine, no laxative, nothing harsh nor sickening. Taken at the "onset stage" Preventics will prevent Pneumonia, Bronchitis, La Grippe, etc. Hence the name, Preventics. Good for feverish children. 48 Preventics 25 cents. Trial boxes 5 cents. Sold by all dealers.

A Criminal Attack. on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor.

Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c at all dealers.

## The Ten Commandments

Everybody knows or ought to know the ten commandments—not only as a religious proposition but as a more matter of good living. Man, whether he will or not must obey in a greater or lesser degree the ten commandments. They cover the natural, healthy normal way of living. When a man goes outside their teachings, he does so at his own peril, whether he believes it or not. If his beliefs teach him that he does not imperil his spiritual life, he can not get away from the fact that he imperils his physical life.

Only recently have scientists begun an investigation which shows that the ten commandments actually form the basis of living not only among men, but among the lowest order of animals.

How much truth or how little truth there may be in the assertions of these men, remains to be seen. But certain it is, that they appear to have ample grounds for their contentions.

Ernest Thompson Seton has ably set forth some of the contentions in an article which appears in the Century for November. Mr. Seton deals with the command "Thou shalt not kill," in the following realistic manner, which is certainly well worth reading as one of the oddest productions in recent literature:

"There is a deep rooted feeling against murder in most animals. Their senses tell them that this is one of their own race, and their instinct that, therefore, it is not lawful prey. New born rattlesnakes will strike instantly at a stranger of any other species but never at one of themselves. I have seen a young mink, still blind, suck at a mother cat till fed, then try to kill her. Though a blood-thirsty creature, it would never have attacked its own mother.

"Wild animals often fight for the mastery, usually over a question of mates, but in virtually all cases the fight is over when one yields. The vanquished, can save himself either by submission or by flight. What is commoner than to see the weaker of two dogs disarm his conqueror by growling on the ground? The victor in a fight between two cats is satisfied with the foe's flee; he will not pursue him twenty yards. In either case, had the enemy been of another race, the victor would have followed and killed him.

"What makes the difference? Obviously not a reasoned-out conclusion, but a deep instinctive feeling—the recognition of the unwritten law against unnecessary killing one's own kind.

"There are doubtless exceptions to this. Cannibalism is recorded of many species, and among the more repugnant of these is the lowest form of life, the amoeba. The higher animals are, the more repugnant does cannibalism become. The higher the creatures are, the more repugnant does cannibalism become. The higher the creatures are, the more repugnant does cannibalism become. The higher the creatures are, the more repugnant does cannibalism become.

"Obviously no race can live by cannibalism, and this is instinctively recognized by all the higher animals. In other words, the law against murder has been hammered into them by natural selection, and so fully established that not only will they abstain from preying on one of their own tribe, but will rally to rescue one whose life is threatened. The fact that there are exceptional cases does not disprove the law among beasts any more than among men."

## The Difference

God gives a man many a chance to make good before the grim reaper finally lays the mortal low, but the war department of the United States gives a man one chance and that ended, the soldier's record stands unalterable. There is a sort of a grimness about such a proceeding that makes the cold chills chase around the spinal column of the average individual, but when one looks into the important role the soldier plays in the life of a nation in an emergency, the war department is exonerated.

A soldier of the cross and a soldier of the war department is a job of another color apparently.

But as one is of peace and the other of war, the fortunes of peace and war can't be expected to go hand in hand.

Commenting upon a recent example, the Washington Herald says:

"The military system is relentless and inviolable in its operations. There is undoubtedly very good reason for the attitude of the war department on an interesting case recently engaging official attention. But there is admittedly something to be said in favor of the soldier who desired to be relieved of the record against him of dishonorable discharge for desertion in order that he might re-enlist, and by good and faithful service remove the stigma from his name, and restore himself to good citizenship. The man had deserted, was caught, convicted by military court, sentenced to dishonorable discharge, besides serving a term of imprisonment for eighteen months. He asked the secretary of war for an executive pardon from the effects of the incident, with the intention of giving to the government, in well rounded measure, the service in which he had failed before. The secretary of war has decided that this could not be done, regardless of the intentions of the soldier. The records could not be altered. It must stand against the man that he had deserted, and that, in consequence, he had been dishonorably discharged. No future compensating service rendered by the soldier could stand against the fact.

"There is justice in this action outside of the sentimental reason which might be invoked in behalf of the soldier. If there is an exception made in this case, there is no reason why all the records should not be changed for as timely reason. The same question has come up on other occasions. It will be well, now that this case is determined officially in no uncertain terms, for the secretary of war to adhere to the position without any departures from the rule, even when influential senators and congressmen besiege him to 'correct the records.'

There is talk about increasing the width of the Panama canal to meet the requirements of steamers of the type of the Lusitania, vessels of great breadth and drawing a great deal of water. It is doubtful, however, whether the ocean-carrying trade of the future is to be done by such craft. Vessels of that kind can be made to pay in a trade where the luxurious accommodation of travelers is a prime consideration, but no large proportion of the world's freight will be moved in ships that consume a small fortune to provide coal for a voyage. The trade that passes through the canal will be done more economically, and the main consideration of its builders should therefore be the accommodation of traffic which will not bear a high rate of transportation.

China is going to start a school of forestry. The vast empire has comparatively little timber land with natural growth, but if the Chinese go in for the cultivation of trees their thrift and patience in a comparatively brief period may put them in as good case for supplies of wood as some countries luxuriously endowed with forests which they are getting rid of as rapidly as possible.

A Tucson woman last week had a hand blown off by a fire cracker. The question now is whether Tucson is just celebrating last Fourth of July or is already starting to celebrate the next one?

The Chicago Journal is deeply engrossed in trying to ascertain the force of a cyclone. Why not refer the matter to Secretary Coblurn, of Kansas, about next May?

A Chicago man proposed to a girl twenty-four times before she finally accepted him. Most of 'em quit at twenty-three.

Gladys Vanderbilt is reported as slightly indisposed. Perhaps she worked too hard getting out the family washing.

One thousand children at Tucson, Arizona, are not attending school. Happy days in Tucson for the "kids."

## WHAT DOES IT COST YOU TO LIVE?

Pitchers full of rich creamy milk—dozens of freshly laid eggs—beef killed on the range. Fish and game and pure mountain air. A genuine old ranch house nestled in the prettiest valley in New Mexico. The Pecos river filled with mountain trout right at the door. Saddle horses, guns, fishing tackle, traps and dogs at your service. There is not a more ideal place to rest, recuperate and see the real life of the west anywhere in the world.

The round up is now on and the horses from the range will be broken in a few weeks. Every minute teams with a new and wholesome interest for you if you have never lived on a ranch.

Daily stage to the railway station.  
YOU COULDN'T SPEND MORE THAN NINE DOLLARS A WEEK IF YOU TRIED.

If you have come west to spend the winter, don't stay in town. Inquire this office or address The Valley Ranch, Pecos, New Mexico.

## BLUE POINTS

Form the aristocracy among oysters. No others equal them in delicacy of flavor or in purity of their white meat. Higher prices are asked for them as they are considered by epicures to be the choicest oysters obtainable.

The only Blue Point beds in the United States are located in the Great South Bay, on the south shore of Long Island. This bay is fed by the Atlantic and numerous streams of cold, sparkling spring water from the Long Island shore. There are no cities or factories along this shore, so that the water is entirely pure and free from contamination.

We obtain our Blue Points in Sealship Carriers direct from the packers in Long Island. Shipments daily.

San Jose Mts

## ABOUT TOWN

Deaths. Filed for Record.  
Oct. 29.—Peter Low et al., to the Porterfield Company, lot 4, Block 10, N. T. Armijo addition, No. 2.  
Ritinaldo Montoya y Montoya et al. to Efigio Baca, a piece of land in Alameda, \$100.  
Oct. 30.—Ida M. Motley et al. to A. E. Robinson, a piece of land near Old Albuquerque, Precinct No. 13.

Business meeting of the Universal Order of Foresters tomorrow night at the Elks' opera house.

M. E. Duang was sent to jail this morning by Police Judge Craig, for being drunk and disorderly on the streets.

A man R. E. Vaneby by name was fined \$5 and costs for being drunk on the streets in police court this morning.

A meeting of the Thim-Belle Art club will be held this afternoon at the home of Mrs. J. C. Caldwell, 217 West Silver avenue.

The season for deer closes on Thursday of this week and sportsmen who have not yet secured their share, will spend the last few days in the mountains.

Miss Hattie Wesley and Ira Fouch, a Santa Fe employee, will be married this evening at the Methodist church by the Rev. Wm. Warner. The bride and groom will reside in this city.

A small flood at the corner of Gold avenue and Fourth street resulted last night from the breaking of a water plug at that point. The supply at that point was shut off for several hours while repairs were being made.

John Cuneo, who was in southern California for several months on account of ill health, has returned to the city, but his health is not much improved. He is confined to his home at 915 North Sixth street.

Officer Joe Salazar is taking a two weeks' vacation from his duties as policeman. He will visit his ranch in Valencia county and relatives in Madrid. Frank Quier is acting as policeman in the absence of Officer Salazar.

Miss Anna Glazebrook and A. J. Larkin were united in marriage yesterday by the Rev. E. A. Childers. The ceremony was performed in the Christian church, and the newly wedded pair will make this city their home.

The Union Missionary society will hold its semi-annual tea in the parlors of the Congregational church tomorrow afternoon beginning promptly at 2 o'clock. An unusually interesting program has been prepared. All who are interested in missions are cordially invited to attend.

Mrs. Solomon Luna will be at home to all of her friends Saturday afternoon, November 2, at her residence, 793 Silver avenue. She desires that as many of her friends call Saturday afternoon as is possible. The affair will be for the benefit of the Immaculate Conception church.

The Loretto Academy of Las Cruces has just issued its handsome catalogue. The boarding school for girls and boys is one of the most complete and attractive institutions in the territory and this year finds it in better condition than ever. The new literature is beautifully illustrated and sets forth the charms of the academy in the most complete manner.

The articles of incorporation of the Southwestern Irrigation, Land and Power company were filed at the county court house today. The company is incorporated for the purpose of constructing and maintaining reservoirs, canals, ditches, pipe lines, etc., in the Rio Grande valley and elsewhere. Capital, \$500,000, divided into 500,000 shares at one dollar each. Incorporators, Oscar B. Strunk, Mrs. B. Childers and Thos. K. D. Maddison.

Mayor Frank McKee yesterday entertained J. D. Lewis, superintendent of the sales department of the N. K. Fairbanks company, soap manufacturers, together with R. H. Lester and W. M. Haywood of this city. The mayor took his guests on a sightseeing tour of the city and afterward provided a dinner in their honor. Messrs. Lewis, Lester and Haywood left during the afternoon for a visit to the Grand canyon.

The best place in the city to eat your Sunday dinner is the Zeiger's cafe. Everything first class. Myers-Peck Co., proprietors.

## TWO SANDOVAL COUNTY CASES ARE FILED

There was filed in the district court yesterday a Sandoval county case entitled The Pueblo de Cochiti, Esquipula Baca, Marcelino Baca, Manuel Baca, Celestino Baca, Antonio Lucero, Delino Baca, Ramon Sandoval, Feliciano Montoya, Andres Lucero, Candido Montoya, Gotorio Montoya, Alejandro Baca, Francisco Bernardo, Francisco Sandoval, Jose Sana vs. Preciliano Ortiz. The plaintiffs allege that the defendant has trespassing, in spite of all notices, allowed his herd of 140 cattle to trespass upon the property of the plaintiffs in the vicinity of Pen Blanca, Sandoval county, thereby causing much damage to crops, and wherefore the plaintiffs pray, etc.

The said defendant, his heirs, assigns, employees and servants be agents, employees, restrained from such trespassing and his cattle from trespassing and that he of the plaintiffs, etc., the plaintiff be made to account to the plaintiffs for the damages sustained, and that he pay the court costs.

Today a similar suit was filed by the same plaintiffs vs. Vicente Armiijo. It is alleged that this defendant has allowed his herd of 180 cattle to likewise trespass and do damage upon the property of the plaintiffs. The same relief is asked in this case. F. W. Clancy and George S. Klock are the attorneys for plaintiffs. In each case the court signed an order for the defendant to appear before the court on Nov. 5th, 1907, or as soon thereafter as counsel can be heard, show cause why he should not be restrained and enjoined as asked in the plea of the plaintiffs.

Eat your Sunday dinner at the Home Restaurant, 207 West Gold avenue.

## MORTUARY

Josephine Napoleon, the eighteen months' old daughter of Mr. and Mrs. Nuncio Napoleon, died yesterday at 3:30 p. m., at the home of her parents at 1219 Barajas road. The funeral will be held from the Sacred Heart church at 10 a. m. tomorrow. Interment, Santa Barbara cemetery.

Maria Gurule. The funeral of Mrs. Maria Gurule was held from the Sacred Heart church this morning at 9 o'clock. Rev. Tommasini, officiating. Burial at Santa Barbara cemetery.

Odias Cote. Early this morning occurred the death of Odias Cote, a resident of Chicopee, Mass. The deceased was thirty years of age and the remains will be shipped to Chicopee for burial.

J. C. Lindsey. The remains of James C. Lindsey, who died here, will be shipped to Washington, D. C., for burial this evening. Emma Lindsey, a sister of the deceased, will accompany the body.

J. H. Hawbley. J. H. Hawbley, of Pittsburg, who has been in Albuquerque but two weeks, died this morning. The age of forty years. The remains will be taken to Pittsburg for burial. The deceased was a member of the Knights of Pythias and the Odd Fellows and was an iron moulder by trade.

Mrs. Andres Lucero. Mrs. Andres Lucero, a former governor of New Mexico, Jesus Padilla Griego, died yesterday at 4 a. m., at her home in Los Griegos. Mrs. Lucero was 75 years of age, feeling well and passed away peacefully in sleep. The funeral was held this morning and the burial was in Senora del Carmel cemetery.

The best place in the city to eat your Sunday dinner is the Zeiger's cafe. Everything first class. Myers-Peck Co., proprietors.

NOTICE CHANGE OF DATE. Second entertainment of the Midland Lyceum course Friday evening, Nov. 1st. Congregational church. Colored Jubilee Singers and Male Quartet. This troupe stands among the best and gave excellent satisfaction among Chatauqua assembly this past season. Mr. W. A. Hans, the famous basso, is with the troupe. Admission 50 cents.

Eat your Sunday dinner at the Home Restaurant, 207 West Gold avenue.

## LOOKS LIKE AMERICA WAS PREPARING FOR WAR

(Continued From Page One.)

tary Metcalf of the navy received reports that Japan was making active efforts to replace its military and naval forces on a war footing. The agents told of heavy purchases of war supplies by Japan—guns, shells, torpedoes—in England, France and Germany. Naval officers sent to Europe to make purchases of torpedoes found that Japan had placed orders of startling magnitude for similar war material.

The Philippines, so the military branches of the government were notified, were being flooded with Japanese spies, many of them women. There was feverish activity on the part of the Japanese. Camps of instruction had been established in re-

Secretary Metcalf.

note parts of Japan and troops were being drilled incessantly. All these facts Secretary Metcalf and the president placed before the general board of the navy, the strategy board of that military arm and of which Admiral Dewey is chairman.

The main business of this board is to make suggestions for increasing the efficiency of the fleet, to prepare strategic plans and generally to ad-

Admiral Dewey.

vice the naval administration as to the best means of getting ready for and conducting hostilities on the seas.

In due course, Admiral Dewey reported that the board was convinced that Japan was preparing for war with the United States.

And at once President Roosevelt gave the momentous order for this nation's protectors to get ready.

## SILVER CITY BANKER SAYS SITUATION IS NOT SERIOUS PLEASES LARGE AUDIENCE

J. W. Carter Cheerful: He  
Looks For No Interruption  
Of Present Prosperity.

J. W. Carter, cashier of the First National bank of Silver City, together with Mrs. Carter and G. H. Goddard arrived in Albuquerque this morning from New Mexico's thriving mining center. Mr. and Mrs. Carter are here to meet their daughter, Ruth, who will return on this evening's train from a visit among her relatives in St. Louis.

A Citizen reporter called on the banker at the Alvarado this morning and found him cheerful regarding the financial situation. "While the universal action of the banks of the country has compelled a like precaution among our local institutions," said Mr. Carter, "we regard the measure as a temporary one, and purely protective in its significance. Its very inauguration is an evidence of the perfection of organization existing among the financial institutions of the country and presents to the people at large a striking example of the promptness with which they are able to ward off anything in the nature of a sudden shrinkage in circulation."

G. H. Goddard, who is with Mr. Carter, is an old friend of the family from the east, and is here for the purpose of seeing the country and in search of rest and recreation.

## FIFTEEN THOUSAND PEOPLE ARE BURIED

Tashkend, Russia, Oct. 20.—The town of Karatama in Bokhara has been destroyed and the entire population of fifteen thousand people have been buried by a mountain slide following the recent earthquake there.

St. Petersburg, Oct. 20.—A dispatch received here from Khokhlov, Turkistan, confirms the Tashkend report of an almost complete destruction of Karatama by a landslide following the great earthquake of Oct. 21.

An enormous section of the mountain hanging over the city broke loose and slid down and almost completely buried the city.

Tashkend, Oct. 20.—The governor of Karatama and his mother are the only persons who survived the disaster.

**LOSS OF LIFE OVER ESTIMATED.**  
St. Petersburg, Oct. 20.—It would appear from late dispatches received here that the casualty list given at 15,000 at Tashkend was greatly over estimated and that the governor and his mother were the only ones saved was due to error of translation. It is believed, however, that the dead must number hundreds.

## "THE GRIFFITHS" AT THE ELKS FOR A WEEK

There is nothing of the problem play or prehistoric swashbuckler in the entertainment given by the Griffiths, who open a week's engagement at the Elks' opera house. You will not see a distorted panorama of powdered wigs, steel buckles, knee breeches or exaggerated mouthings of "sweetheart mine" or any of the other trills or fol-de-rols of the present \$2 dramatized rage, but in their place you will see fun, pure, simple and unadorned. It is a comedy that makes you tingle. Wit, humor and exuberantly funny situations follow in such quick succession that "dull care" flies out of the window and the treadmill of daily toil "takes on a rosy hue that makes life a joy," as the advanced man promised it would.

## COUNTY COMMISSIONERS HOLD SHORT SESSION

At a special meeting of the board of county commissioners at the court house this afternoon, the following delegates to the National Irrigation congress, to be held in Albuquerque next fall, were appointed:

Dr. W. G. Hope, Louis Ifford, Armando Montoya, R. J. H. Head, Eugenio Barla, William Menaul, Andres Romero, John Mann, Joseph Meizinger. At this meeting, also, the report of the county treasurer for the quarter ending June 30 was approved and his report for the quarter ending September 30, was approved and ordered entered for record.

**FIRST AND LAST.** Cerrillos lump first in quality and lasts longer. \$7.50 per ton. W. H. Hahn & Co.

The performance of the famous New York success, the "Rolling Girl" at the Elks' opera house last night met with the enthusiastic approval of the large audience assembled. The piece, while innocent of a coherent plot, is replete with comedy and dainty music. Fritz Edwards, as Schmalz, the Viennese wig maker, is the kind of a comedian who takes a diamond hitch on the hearts of the audience and carries it with him to the drop of the final curtain. Moreover, Schmalz, is the rankest sort of a monopolist; he took most of the funny things of the show to himself and let the others of the cast attend strictly to the more serious business of singing and dancing.

Paul Decker, the tall active gentleman, who skipped through the part of Panagie, a Viennese art patron, was gifted with a most humorous pair of legs. Miss Lila Blow as Ilona, had some pretty songs to sing and was captivating in her part. James McIntyre, as Miklos, the lover of Ilona, also pleased the audience by his singing. By no means the least popular members of the cast were the Misses Dale, the little India rubber ladies, who must be commended for their clever dancing.

In the matters of scenery and costumes, the show was well equipped, some of the scenes being exceptionally beautiful. Perhaps the most pleasing number of the piece was the swing scene, where three young ladies were seated in swings and swung over the orchestra by three young men. The music of the piece was charming throughout and well sung and in other respects the performance was highly satisfactory.

**LOW PRICED COAL** is not necessarily cheap but we have a \$6.00 coal that is worth the money. Call and see it. W. H. Hahn & Co.

## STATEHOOD LEAGUE FOR UNION COUNTY

Governor Curry, while in Lincoln, Saturday last, organized a statehood league for Lincoln county. The officers of the Lincoln county league are as follows:

## WAY JOHN D. WILL LIVE 100 YEARS EXPLAINED BY PHYSICIAN BIGGAR

Snapshot of Dr. Biggar and John D. Rockefeller, Taken at Rockefeller's Summer Home. (Inset Dr. Biggar.)

Cleveland, O., Oct. 30.—This question was put to Dr. Hamilton F. Biggar, the man who is trying to make John D. Rockefeller live 100 years: "Dr. Biggar, do you actually believe that, barring accident, scientific treatment can keep life in a man for a hundred years?"

"I do," he answered. "It is very simple. 'Worry is what sends men to early graves. The rules I have given Mr. Rockefeller to live under are very simple, and will make any business man regain his health if he follows them. 'In brief they include—rest, sleep, buttermilk, simple food and the three don'ts—tobacco, liquor and worry. 'Fresh air, moderate exercise, and

## ROCKEFELLER LIVES ON 15 CENTS A DAY

Wears Suit Costing \$1.40 and  
Lives On Meals Which  
Cost 5 Cents.

Omaha, Neb., Oct. 29.—With a fortune of upwards of a quarter of a million dollars, "Tax Title" Seaman of Omaha lives upon 15 cents a day and declares that the expenditures of his modest sum gives him everything needful to his comfort, and that he, having no family, is not justified in expending more. Seaman recently gave the Young Men's Christian Association \$100 to help it to pay off an indebtedness on its new building. This is the first gift of the sort he ever has been known to make.

Seaman is 60 odd years old and a bachelor. The story of how he amassed his fortune is very unique. He has got together his quarter of a million dollars trafficking in tax titles. His Christian name is Andrew, but he is known to everybody in Omaha as "Tax Title" Seaman on account of his peculiar business.

**Will Not Use Cars.**  
This peculiar man lives alone in a little, old, weather-beaten, dilapidated house near the village of Benson, a few miles west of Omaha, and he does his own cooking, washing, ironing, sweeping, mending and cobbling. It is five or six miles from his home to the business district of Omaha, where he transacts his business. Yet he does not make a practice of riding on the street cars. He commonly walks from his home in the city back to his home in the evening, and not infrequently he takes longer walks. Every once in a while he goes to Kansas City and Denver to buy tax titles, and it is rare that he does not make these journeys on foot. When he does so he puts up at farm houses along the way, generally contriving to get food and lodging without pay.

**Dress Is \$5 a Year.**  
He maintains stoutly that one can live comfortably and decently on 15 cents a day. "I myself have demonstrated clearly and conclusively that this can be done," he said. "No man has any business to spend more than \$5 a year on dress. 'I, myself, do not spend that much, but perhaps I have a better faculty for practicing little economies than most men have.'"

**Does His Own Cooking.**  
"It costs very little indeed to dress well, and it costs very little for a man to live well, if he knows how and what to eat. 'I do a great deal of my own cooking. But occasionally I get tired of home cooking, as they call it, and go to the restaurants. I do not always eat the same thing or pay the same amount for my meals. But I manage to keep my living expenses down to 15 cents a day on an average. I paid only 5 cents for my breakfast this morning. I know a little place here in town where you can get a good breakfast for 5 cents. One morning I was hungrier than usual and ordered cakes, and they cost me 2 cents extra. When I get my meals at home it costs me considerably less than 15 cents a day to live.'"

"I don't eat much meat. I find that nuts are a good substitute for meat, and I eat them a good deal. Bread is my chief article of diet. I live simply, and I can get along without much else. I never drink tea or coffee. Not a drop of liquor has passed my lips in many years. I never eat soup except when I go to Denver. There I know a place where you can get a whole dinner for 10 cents with soup thrown in. I eat the soup because it is brought on, and if I did not eat it I should beat myself out of something I am entitled to and thus be practically throwing money away.'"

Nothing more appropriate for Christmas than a photograph. One dozen cabinet photographs \$3.00.  
**MILLET STUDIO,**  
215 West Railroad Avenue.

**WORKS WONDERS.**  
A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure it. It cures rashes after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Albuquerque testimony proves it: "Mr. Whitcomb, living at 325 North Eighth street, Albuquerque, N. M., says: 'I have nothing to retract from the recommendation I gave for Doan's Ointment some five years ago. When I was troubled to the effect that this preparation had cured me of a breaking out, which, if not eczema, closely resembled this trouble and was confined to a spot about the size of a silver dollar just below one of my knees. Off and on for ten years it had annoyed me always being worse when I was in bed or if I would sit near a fire. I consulted two of our leading physicians but what they gave me proved of no more avail than all the different kinds of salves and ointments that I tried. I had no faith in Doan's Ointment, expecting that it would act similarly to the other remedies I had used, but was surprised to find that the first application stopped the itching and a short continuation of its use healed the place affected. The fact that I can say after this long interval that there has been no return of the trouble is pretty good reason for my willingness to confirm my original statement. At the time of my using Doan's Ointment I was a grandfatherly old man with rheumatism in my arm and the irritation was so great that it caused him to scratch continually. Despite the fact that it had resisted all treatment, Doan's Ointment affected a cure and one which has been permanent. I can recommend this preparation at all times as one that can be relied upon to act as represented.'"

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**STAGE TO JEMEZ, LEAVES 211 WEST GOLD EVERY MORNING AT 5 O'CLOCK.**

## CLEVELAND MAYORALTY CAMPAIGN IS AT A WHITE HEAT

Cleveland, Ohio, Oct. 30.—The mayoralty campaign going on in Cleveland now at a white heat is attracting attention because of the platforms of the opposing candidates.

Tom L. Johnson is trying for fourth term and is making his campaign on a purely municipal platform. His opponent is T. E. Burton, member of congress and one of the leaders of the Republican party. A big Democrat and a big Republican! A lively campaign surely! Ah! But do you really know that this is really a great national campaign—that the political conflict in Cleveland this fall is an epitome of the struggle in every city in the union?

Do you appreciate that the fight here is the new fight in the cause of many people gathered in one spot on God's footstool—a fight for the principle and they shall govern themselves in real truth and that

It has been apparent for many months that the monopoly would this fall make herculean efforts to put Johnson out of the city hall. Its franchises will expire before very long. It had already lost one important line. With Johnson in, it must succumb to the people's will thrice expressed at elections, or lose everything.

Smug, rich, powerful, the traction magnates easily ruled the Republican organization. They looked hard and searched long for candidates to oppose Johnson himself. The only one that had a chance was Burton—popular congressman, chairman of the house river and harbors committee, and well liked by Roosevelt.

The "influence" induced Roosevelt to write Burton to make the run. He consented almost tearfully. The campaign is lively, indeed and for fair!

Burton is out for the Cleveland electric proposition, 34-7 cents fare been running for a year and it pays.

Flashlight snapshot taken at 3-cent fare tent meeting. Mayor Johnson is on this platform speaking. Behind him is canvas on which picture talk is given nightly.

they shall win back that which is theirs from the practical, blood-sucking monopolists that feed and fatten on the public utilities here and in every last American municipality?

Do the men, women and children who make a city street valuable own that street, or does some stockjobbing, stock watering, franchise-stealing corporation own it? That is the plain issue in Cleveland today. As an issue in your country, also, but dormant just now, perhaps.

Johnson was elected mayor seven years ago, and the issue that 3 cents should be the maximum fare for one ride on a street car, Johnson, a millionaire, but one of the common people, has been in national Democratic politics for 20 years. He was in congress for a time. But before that he was a successful street railroad man. In his first campaign for mayor he declared that a street railroad company could make a reasonable profit on the money invested at a 3-cent rate. He knew.

He was elected and for seven long years the fight with the traction monopoly has been spectacular. The low fare ordinances were passed, but expensive corporation lawyers fought every move to the limit. The arguments in court were illuminating. The Cleveland Electric Railway Co. had owned council after council, while the people slept soundly, and had so entrenched itself that its rights under law made it well nigh invulnerable.

Years ago when Johnson always had a fat "yellow dog" fund. It controlled officials, state and city. During Mayor Johnson's second term it succeeded in knocking to pieces Cleveland's whole form of government, hoping thereby to finish him as mayor, or tie his hands. Johnson was triumphantly re-elected and his chosen men were put in council and other city offices.

But the monopoly still fought on. The courts could be relied upon to block the mayor at nearly every turn. As a last resort for peace, Johnson suggested that the Cleveland Electric turn its property over to a holding company. At first he suggested a price of \$5 for the stock because of various consolidations it had been heavily watered. This offer and others were rejected by the traction magnates.

Finally it was apparent that the monopoly was determined to never come to the 3-cent rate, although it has been shown that its "yellow dog" fund amounted to a million in a year, or five per cent on \$20,000,000. So Johnson decided to encourage competition.

Paralle routes were laid out and a low fare company was given franchises. But the old street railroad owners, rich and influential, discouraged capital. Every new franchise ordinance was carried to court. Injunction after injunction was obtained. It was discouraging, but Johnson fought on.

A few of the low fare company's lines succeeded in running the monopoly's blockade. At least one has

land Electric Stockholders. A Chicago advertising firm has moved its headquarters here temporarily doing campaign work.

Two negro ministers, openly opposing Burton, were approached by a negro political leader and told that the Republican committee would pay them liberally if they would withdraw their opposition. Recently two Republican circuit judges, admitting through the bench that they were disqualified through prejudice from hearing the case, granted the first injunction against the low fare company in the midst of the campaign excitement.

It is a red fire campaign. Both candidates address huge meetings every night in circus tents. The tent idea is one of Johnson's own, conceived when he ran against the self-made Burton for congress some 16 or 17 years ago. The mayor has four tents, each being pitched daily in a new place and remote from any of the other three.

## WEEKS ONLY LASTED FOUR ROUNDS

Abe Attell Was Too Much for Cripple Creek Featherweight Pug.

Los Angeles, Cal., Oct. 30.—It took just four rounds for Abe Attell to finish Freddie Weeks, the Cripple Creek featherweight, here last night. Weeks was no match whatever for Attell, and the champion had him at his mercy all the way through.

In the first round before the fight had progressed as much as a minute, Attell sent a swinging right cross to Week's jaw, and the Cripple Creek boy staggered back dazed and tottering. It was evident to every spectator that Attell could have knocked him out then without effort, but he refrained from doing so. He punched his staggering opponent with light jab with both hands and Weeks hung tightly. The referee separated them several times. Weeks clinging to Attell closely. When the round had ended the Cripple Creek boy was weak and groggy. The succeeding two rounds were tame and uninteresting. In the fourth round Attell suddenly walked in and sent a stiff right hand punch straight from the shoulder to the point of the jaw. Weeks staggered and fell to the mat. He rose to his feet slowly as the referee counted, and Attell knocked him down again with another vicious rap. Weeks rose slowly and Attell knocked him down twice more. As Weeks lay on the mat vainly endeavoring to rise again his seconds threw up the sponge.

**Kid Sullivan Worsted.**  
Baltimore, Oct. 30.—At the Eureka Athletic club tonight Matty Baldwin of Boston received the decision over Kid Sullivan of Washington, at the close of a fifteen round bout.

## HAIR DRESSER AND CHIROPOTIST.

Mrs. Bambini, at her parlor opposite the Alvarado and next door to Sturges' cafe, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Massage treatment by vibrator machines. For any blemish of the face, call and consult Mrs. Bambini.

## S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. Special book on Skin Diseases and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Price, 25 cents. Samples free at all drug stores.

Eat your Sunday dinner at the Home Restaurant, 297 West Gold avenue.

## RUSSIAN TORPEDO BOAT DESTROYED

Tokio, Japan, Oct. 30.—The crews of two Russian torpedo boats stationed at Vladivostok mutinied and attacked the city from the sea. The soldiers in the garrison fortresses responded with a brisk fire, one boat being destroyed.

The J. J., which received the news, does not vouch for its accuracy.

Turkey dinner at the Home Restaurant, next Sunday.

## RATON HUNTER ACCIDENTALLY SHOT

Raton, N. M., Oct. 30.—While out hunting Saturday twenty miles northeast of Trinidad, Colo., George Jackson, a young contractor of this city, was killed by the accidental discharge of his rifle. William J. Butts, who was with Jackson when the accident happened, brought the remains to Raton, after a very hard and trying trip.

Butts states that Jackson was about 400 yards in advance of him and was climbing up a steep incline. He stopped to rest, leaning against his rifle, when it was discharged. Jackson was 31 years old and came from Lawrenceburg, Ind., where the remains will be sent for burial.

Eat your Sunday dinner at the Home Restaurant, 297 West Gold avenue.

## CITY'S GROWTH DUE TO UNANIMITY OF ACTION

Citizens of Albuquerque Stand  
Together When It Comes  
to a Finish.

The greatness of Albuquerque is assured, the village of a few years ago has developed in to a real metropolis, a populous and prosperous city of handsome commercial structures and beautiful homes. The danger line is past and her importance as a commercial center for the great southwest is assured.

Two years ago outside residence lots sold at from \$150 to \$175, a lot. Now the same lots are reselling at from \$300 to \$500 a lot. There is no safer speculation or savings proposition than an investment in a few building lots here at the bargain prices we will offer for a short time.

While another big proposition is maturing, we have decided to clean up a few choice odds and ends at sure enough bargain prices, and which will enable every one who has a little money saved up to make a very profitable and safe investment by selecting something from the following list:

Terms—Half cash, balance within a year or discount of 5 per cent for all cash. Five to 20 acre tracts of splendid garden, truck or orchard lands, under good ditches, not over miles and a half from city, only \$50 to \$60 per acre. Similar land elsewhere in the territory is selling at from \$125 to \$225 per acre.

Twenty-two choice 50-foot lots in University Heights from \$35 to \$100 each.

Sixteen choice 50-foot lots in Eastern Addition from \$150 to \$200 each.

Eleven choice "close in" lots in Perea Addition from \$150 to \$250 each.

Six choice "close in" lots in Grant Tract from \$150 to \$200 each.

Seven choice residence lots in Honeyman Row, Central avenue, from \$150 to \$250 each.

Three lots in Duran & Alexander Addition from \$100 to \$150 each.

Four semi-business lots on First street, from \$400 to \$500 each.

Seven business lots on Copper avenue including corner \$300 up.

One extra choice business lot on Central avenue \$1,000.

One good brick residence and three 50-foot lots in Eastern Addition only \$1,250.

One small brick house and two 50 foot lots in Eastern Addition, only \$750.

We are the Owners, Perfect Titles.

If you wish we will call and show you around in our automobile.

## Looking Prosperous

YOU'LL look like prosperity if we can get you to wear our Hart, Shaffner & Marx clothes; such clothes increase your business value to yourself and associates.

They increase your self-respect, too; you'll find that the knowledge that you're wearing all wool, when your friends are wearing part cotton, will be worth something to you.

If we get these clothes on you we'll be doing you a favor.

The MAJESTIC RANGE is the product of the world's achievements in stoves. All the best features of all other makes have been incorporated in this one, and objectional features eliminated. As a result, the MAJESTIC probably stands nearer the line of perfection than any other range. It saves your fuel and your time and produces heat when you want it, where you want it, and in quantity as desired, all at a minimum of attention. If you have never used the MAJESTIC, you have never used the best.

## WE GUARANTEE Full 2,000 Pounds

In every ton of coal leaving our yard, and have always made this guarantee. The following ad, or one similar to it, appeared for years in both our daily papers.
