## CONGRESS EXPECTS TO ASCERTAIN VALUATION OF RAILROADS

Bill by Representative Adamson, Far-Reaching in Its Purposes, Passes Lower House Without Dissenting Vote.

## THOROUGH PROBE INTO BONDS CONTEMPLATED

A Commission is to be Appointed with Power to Employ Experts to Arrive at Physical Valuations.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 5.—Amended to authorize a complete investigation into the question of stock and bond issues of interstate carrier corporations, the bill by Representative Adamson, far-reaching in its purposes, passed the lower house today without a dissenting vote.

The measure asked for by the interstate commerce commission would provide for a far-reaching inquiry with a view of having railroad rates fixed on the basis of income on actual investment.

It would authorize the employment of engineers and other experts, with power to summon witnesses and take testimony, to make an inventory listing in detail the property of every interstate carrier. The investigators would be directed to ascertain the original cost for railroad purposes of such property, the cost and value to the present owner and how the increase in value is due to improvement. All questions relating to existing bond and stock issues of such carriers would be inquired into and reported.

Representative Mann of Illinois, the republican leader, offered the amendment directing the examination into the stock and bond issue question, after a point of order had been sustained against his amendment authorizing the interstate commerce commission to regulate and restrict the issuance of securities by carriers.

The amendment adopted provides that the proposed investigation by the commission's experts shall "cover as far as practicable," questions pertaining to the issuance of stocks and bonds by common carriers, subject to the provisions of this act and the power of congress to regulate or affect the same and particularly methods to prevent the issuance of stocks and bonds by such corporations without full value being received therefor.

## CONSCIENCE LEADS TO CONFESSION OF MURDER

Seaman Refuses to Eat and Finally Tells of Killing Man in Kansas Three Years Ago; Guilt Not Suspected.

(By Morning Journal Special Leased Wire.)  
Franklin, Dec. 5.—The confession of John Wesley Derr, a 20-year-old apprentice seaman, at the naval training station on Yerba Buena Island, played a peculiar trick upon him. Instead of forcing him immediately to confess to having murdered a man three years ago, in Richmond, Kan., when his workings became insubordinate two weeks ago, it robbed him of his appetite, and for nearly a week, he did not eat.

Derr told his mates that he was suffering from indigestion, but the physicians could find no trace of the ailment. Still he did not eat.

Last Sunday a master of arms went to his room and told him that he would have to appear at mess whether he ate or not. Derr asked the master at arms to sit down and listen to a story.

"If you do, you can make \$500 without turning a hand," he added.

Derr then told him that three years ago, in Kansas, after a quarrel, he had hit a man on the head and killed him. Derr was locked up in solitary confinement after he had been sworn to an affidavit, embodying the confession.

A preliminary medical examination of Derr shows nothing abnormal and he continues today to stick to his story. Informed that Derr was not known in Richmond, Kan., and that nobody of that name was wanted there for murder, the officer of the day at Goat Island, where Derr is held, said that inquiries had been addressed to the chief of police at Atchison, Kan., with the full details of the confession. Derr enlisted under the name of Vance.

According to Captain Charles A. captain of the station, Derr

stated that about four years ago, he killed "Billy" Barkis in a farm yard about seven miles from Atchison, Kan. He can not fix the date accurately. The two men had quarreled and Derr beat Barkis over the head with an axe handle until he died. He then shot Charles Marvin twice while escaping from the place.

Derr told the officers that after the killing he hid for three days in a cave near the scene of his crime and then made his way to Billings, Mont. He enlisted in Denver, Colo., as a naval apprentice, on October 8, 1912, giving his name as Derr and his age as 18 years.

Captain Dove has written to the chief of police at Atchison, asking him to investigate. Derr is held as a prisoner on the island.

## INCIDENTS RELATED BY DERR PROVE TO BE TRUE.

Atchison, Kan., Dec. 5.—John Derr served a brief sentence in jail here three years ago for shooting and wounding slightly Charles Marvin, because he said Marvin had made insulting remarks about his mother. Derr's name also was connected with the mysterious death in the county jail of a man named "Billy" Barkis, a regular salaried man of the county, who was found dead in his yard.

The seaman will make an effort to bring these facts in connection with the Derr case.

At the time of Derr's death, an inquest was held at Atchison, Kan., and the jury returned a verdict of death by gunshot wound.

## REBEL OPERATIONS AGAIN RESUMED IN DURANGO

Madero Government Believes That Recent Activities Indicate General Orozco is Directing Campaign.

(By Morning Journal Special Leased Wire.)  
Mexico City, Dec. 5.—The extraordinary activity of the rebels in the state of Durango, commanded by men once prominent in Orozco's army in Chihuahua, is taken here as another indication that Orozco again is directing an organized campaign.

Two hundred rebels under Indio Mario have captured the town of San Juan del Rio, after defeating the garrison of seventy men. The federal garrison of 500 men at Casas Blancas, a few miles north of Durango, and about fifty miles south of San Juan del Rio may be sent to occupy the town. Both places are on the railroad.

Cheche Campos and Luis Caro are operating in the same part of the state and have occupied with little resistance such points as they desired. Reliable estimates place the number of their men at from 1,500 to 2,000.

General Telles will be left in Chihuahua, instead of being dispatched south as the war department intended.

## FEDERAL WORK FOR WOMEN IN CHIHUAHUA.

El Paso, Tex., Dec. 5.—Resulting from renewed rebel activity in Chihuahua, federal troops are being mobilized at the state capital to move against the newly formed rebel army at Gallegos. Nearly 1,000 men under Colonel Alana were ordered today to leave Ojinaga, on the Texas border, and proceed over the Orient railroad to the state capital.

General Jose de la Cruz, chief of the insurgent cavalry in the Casas Grandes district, arrived today at Juarez to confer with General Tracy Aubert regarding the situation. An indefinite embargo has been placed on the Mexican Central railroad.

## TERRIFIC BLIZZARD SWEEPING OVER NORTHWEST

Heavy Snow, Accompanied by High Wind, Causes Huge Drifts to Form, Seriously Affecting Traffic.

(By Morning Journal Special Leased Wire.)  
Minneapolis, Dec. 5.—A heavy snow storm accompanied by a high wind for the last ten hours has been sweeping over the northwest, according to dispatches received here, Colorado, Montana, the Dakotas and Minnesota being in the storm region. The snow began falling early today and tonight is being piled into drifts by a high wind. According to advices tonight from North Dakota, the storm has affected railroad traffic and the trains are several hours late.

SEVERE STORM REBLENDS NAVIGATION DANGEROUS.

Duluth, Minn., Dec. 5.—A wind and snow storm of unusual severity is sweeping this section tonight, making navigation on Lake Superior dangerous. The wind attained a velocity of forty-five miles an hour at 6 o'clock and was increasing.

## WITNESS DECLARES MOTIVE WAS NOT TO INFLUENCE ARCHBALD

Railroad Man Asserts He Had No Intention of Trying to Gain Favor in Court by Sale of Katydid Coal Dump.

## IMPEACHMENT TRIAL CONTINUES IN SENATE

J. H. Rittenhouse Refuses to Appear and Testify and is Admonished to Obey Summons of Upper House.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 5.—A vigorous denial that he had in mind influencing Robert Archbald as a judge of the supreme court when he recommended the sale of the Katydid coal dump to R. W. Williams and Judge Archbald, was the positive testimony today of J. H. Rittenhouse, vice president and general manager of the Hillside Iron & Coal Co., an Erie railroad subsidiary, in his testimony to the senate committee sitting at the impeachment trial of Judge Archbald.

Under the examination of Representative Sterling, Mr. May told of receiving Williams with a letter from Judge Archbald asking if the Katydid dump was for sale. A consultation between May and Vice President Richardson, of the coal company and also of the railroad company, followed at which it was decided not to sell. On August 25, 1911, May testified Richardson told him to go ahead with the sale.

"Why did he say to go ahead?" inquired Representative Sterling.

"He told me Judge Archbald had been to see him," was the response. Five days later, Mr. May testified, he met Judge Archbald on the street and told him to send Williams to see him.

May testified he then wrote to Williams offering to sell the dump. He acknowledged receiving another letter from Judge Archbald, who asked that the purchase price of \$4,500 be kept confidential. He told of Richard Bradley consenting to buy the dump from Williams, but he testified he did not know Bradley had agreed to pay \$20,000 for the property.

Under a fire of questions, the witness denied that he withdrew a form of sale, submitted to Bradley, because "he had a tip" that Archbald's conduct was to be investigated. He gave as the reason that litigation was threatened by persons claiming an interest in the dump.

Under cross-examination, Williams testified that William G. Boland had asked him to tell Judge Archbald to write the letters to Mr. May and that Boland had been promised an interest in the property.

J. H. Rittenhouse, of Scranton, a witness, soon to appear in the trial, was admonished to obey the summons of the senate. On complaint of Representative Clayton, that Mr. Rittenhouse had refused to obey the subpoena, a special order was issued by the senate for the "attachment" of the person of the witness.

He was brought into the senate just before adjournment and admonished by President Bacon that he must hold himself ready to testify at any time until released by the senate.

## WICKERSHAM CONSIDERS DISMISSING INDICTMENTS

Washington, Dec. 5.—Attorney General Wickersham today called into conference Charles C. Morrison, in charge of the big oil investigation of the department of justice and William H. Atwell, United States attorney at Dallas, Texas, to determine whether the government should dismiss for lack of evidence any of the indictments, especially those against Standard Oil officials, returned at Dallas last August, for the alleged violation of the Sherman anti-trust law. No conclusion was reached.

## SANTA CLAUS LETTERS ARE ORDERED DELIVERED

Washington, Dec. 5.—Postmaster General Hitchcock today issued an order authorizing all postmasters to deliver "Santa Claus letters," to such charitable institutions in the city or town where received as may desire to give attention to the requests they contain. If the letter failed to be stamped, it would be necessary, to forward them to the division of the dead letters, but, in that event, the postmaster is authorized to submit the names and addresses to charitable institutions that are willing in worthy cases to look after the wants of the writers.

Former Senator Is Called as Witness

Salt Lake City, Dec. 5.—Subpoenaed to appear as a witness at the trial of the alleged dynamite conspirators, former Senator Thomas Kearns, will leave for Indianapolis, December 9th. Mr. Kearns was erecting a skyscraper about the time the "dynamiting campaign" is said by the government to have been on.

## DESCRIBES SCENE WHEN McNAMARA WAS ARRESTED

Witness Tells How President Ryan Instructed Him to Guard Safe Where Explosives Later Were Found.

(By Morning Journal Special Leased Wire.)  
Indianapolis, Dec. 5.—Scenes about the iron workers' headquarters, when J. J. McNamara was arrested six months after the Los Angeles Times explosion, were described by Henry Leggett, of Denver, a defendant at the dynamite conspiracy trial today. Leggett said he and other members of the union's executive board, were in session when the detectives entered. On instructions from President Ryan, he went to guard some vaults to prevent detectives from procuring papers until the union's attorney arrived, but he denied knowledge that any explosives were in the vaults from which nitroglycerin, dynamite and other machines later were taken.

At the time, Leggett said, he was a member of the committee appointed to audit the union's finances. He identified a check for \$1,000 paid to Olaf A. Twitmore, San Francisco, in August, 1910, two months before the Los Angeles explosion, but he denied passing on any checks giving McNamara \$1,000 a month, which the government charges was a "paymaster" crew.

Showing the witness cancelled \$1,000 checks, marked, "set aside for organization purposes by order of the executive board," which Leggett said he had not passed upon, District Attorney Miller asked:

"Did you understand that President Ryan appointed you on that auditing committee as a fake or to cover up things?"

"No," replied Leggett.

Leggett was also charged with having carried on a passenger train a nitroglycerin case from Pittsburgh to Indianapolis.

Other witnesses had testified about an explosion at McKee's Rocks, near Pittsburgh, Pa., in July, 1910, by L. L. Jewel, who had testified that Herbert S. Hooker reported a plot to blow up a bridge near Beaver, Pa., when a loaded passenger train was passing.

"In that connection the government has a letter written by Leggett to McNamara, which it was alleged related to proposed explosions near Pittsburgh. The letter said:

"I have made two trips to the Beaver job and find it too dangerous a proposition to get to."

Leggett testified he meant he had visited the job on which non-union men were employed and he found too many guards present for him to induce the non-union men to quit work. He denied knowing about any explosions and asserted he did not leave McKee's Rocks explosion until he read it in a newspaper.

Murray L. Pennell, former president of a local union at Springfield, Ill., gave his reasons for writing several letters which the government charges concerned plans for explosions. In one letter he said he requested that Hooker be sent to Springfield, as a national organizer to help organize the job which later was blown up.

Two explosions occurred on a viaduct in March, 1910, with \$45,000 damage, but Pennell denied knowing who caused it.

## MRS. SICKLES AGAIN TO GENERAL'S RESCUE

New York, Dec. 5.—Mrs. Daniel E. Sickles, estranged wife of the noted civil war general, came to his relief again today, as on a similar occasion, not long ago, and averted an auction sale of his war relics and other property.

Washington, Dec. 5.—Senator Poindexter, of Washington, in an address here today before the National Rivers and Harbors congress, said the time had come for the development of every resource in this country, and emphasized waterway development as one of the country's most important needs.

Senator Poindexter said the railroads need waterway transportation aid, not so as to provide competition, but because the rail lines can not handle the traffic. He spoke also of the importance of carrying through to completion river improvement work, in which large sums already had been spent so the returns on the investment would not be delayed.

Harold F. McCormick, vice president of the International Harvester Company, expressed the opinion that as with the Panama canal, a large bond issue should be created for the purpose of improving on a large scale the waterways of the country.

## PRESIDENT-ELECT IS DOMINATED BY NO ONE AS ADVISER

Story Comes from Bermuda as to How Engagement for Conference with Col. Bryan Happened to be Made.

## UNDERWOOD WILSON'S TYPE OF STATESMAN

Governor Makes It Clear His Mind is Open to Suggestions and That There Shall be No Friction in Party.

(By Morning Journal Special Leased Wire.)  
Hamilton, Bermuda, Tuesday, Dec. 4.—The story of just how the engagement of President-elect Wilson with William Jennings Bryan, came to be made, was told today. It seems that just before Mr. Wilson's departure from Princeton and while he was keeping his destination secret, in order to avoid callers, word came to Mr. Bryan that Mr. Wilson was going to Florida.

It happened that Mr. Bryan already had made plans to visit Miami, and in writing the president-elect casually mentioned the fact, adding that he might drop in on the next president some day if the latter happened to locate nearby.

The letter was not received by Mr. Wilson until after he arrived at Hamilton. In reply he said he would be pleased to meet Mr. Bryan when he returned to the United States. This is the extent of the correspondence on that subject between the two democratic leaders, since election. The president-elect is not permitting himself to be troubled over the predictions of factional differences affecting his administration.

"I know that there have been all sorts of cries-crowns," he said today, "but there is not going to be any trouble. Why, it would be downright stupidly to start trouble in the present state of things and those who expect it are going to be fooled and badly fooled, too."

It is known that Mr. Wilson's mind has been on many momentous matters and he has made it clear that he will have no single adviser. He has said that any one who has followed his course in public life knows that it is contrary to his principles to form individual alliances. His idea is to counsel with all those who are in a position to aid him in the furtherance of policies that are for the common good.

Immediately upon his return home he will meet many party leaders, though no engagement other than that with Mr. Bryan has been made.

In his hope that congress will fulfill its campaign pledges, Governor Wilson is encouraged by the confidence in Oscar Underwood, leader of the democratic majority in the house. He believes, he says, that the house leader is the type of man who looks upon legislation from the viewpoint of the national good rather than from that of sectional advantage.

Develop Resources Urges Poindexter

Washington, Dec. 5.—Senator Poindexter, of Washington, in an address here today before the National Rivers and Harbors congress, said the time had come for the development of every resource in this country, and emphasized waterway development as one of the country's most important needs.

Senator Poindexter said the railroads need waterway transportation aid, not so as to provide competition, but because the rail lines can not handle the traffic. ## UNIQUE REPORT OF CAMPAIGNS DISBURSEMENTS FILED BY DEFEATED OFFICESEEKER IN WEST VIRGINIA.

(By Morning Journal Special Leased Wire.)  
Charleston, W. Va., Dec. 5.—A unique account of expenses has been filed with the secretary of state by Ignatius Brennan of Wheeling, W. Va., defeated democratic nominee for state treasurer. Summarized in part, it follows:

Securing nomination by purchase, \$225; tips to republican Pullman porters, \$14.00; tips to hall messengers, \$2.00; hotels, \$100; and hotelier, pooling as hotel, \$65; tips to "non-pledged" republican waiters, \$5.20; livery hire, (candidates rates) \$20; (ordinary) rate about \$6.00; "cocktails" (well named), \$25; cards (not playing cards), \$7.50; cuts of my "mug," \$12; butterbilk, pop, seltzer, beer, ale, whiskey, highballs, cocktails for myself and friends, over which we discussed our majority, \$25; headache powders, malts, River pills, Turkish baths, etc., for myself the next morning, \$7; incidentals, this includes "loans" without security, hold-ups, round-ups, tickets for rail, tips and balls never pulled off; prescriptions for the "sick," subscriptions to magazines I did not want; donations to churches outside of my own parish, "when I am back two years in my new rent at home," \$15.

Mr. Brennan gives his total expenses at \$475.85.

Cedar Rapids, Ia., Dec. 5.—Mrs. Emma M. van Vleeton, former treasurer of the National Federation of Women's clubs died here today.

## GREECE AGREES TO TAKE PART IN CONFERENCE AT LONDON

Premier Poincaré Announces That France and Great Britain Are Working in Harmony for Peace.

## REVICTUALING NOT PART OF AGREEMENT

Balkan States Expected to Bear Part of Public Debt of Turkey in Exchange for Territory Ceded.

(By Morning Journal Special Leased Wire.)  
London, Dec. 5.—Greece tonight announced that she would participate in the peace negotiations. It is explained both from Sofia and Athens, that Greece held out from the armistice in agreement with the allies, in order to prevent Turkey from profiting from the armistice, to improve her military positions.

An unconfirmed report from Athens says the Greeks are continuing their operations against Janina, but elsewhere orders have been received to cease hostilities. Reports current yesterday that arrangements had been made for revictualing the besieged garrisons appear to have been inaccurate. Provisioning will not begin until the peace conference has been inaugurated. The Bulgarian government organ, Mir, in an editorial today dilates on the advantages to Turkey of a good understanding with Bulgaria. It is declared that Turkey's salvation lies not in continuing the war, but in seeking a rapprochement with Bulgaria.

## NATIONAL CONCERN WAGED WAR ON COMPETITORS

Automobile Dealer of Boston, Former Employee of Cash Register Company, Gives Damaging Testimony.

(By Morning Journal Special Leased Wire.)  
Cincinnati, Ohio, Dec. 5.—Methods alleged to have been used by the National Cash Register Company were described on the witness stand today in the trial of President John H. Patterson, and twenty-nine other officials or former officials of the company, by Joseph E. Warren, an automobile dealer of Boston, formerly employed by the National Cash Register Company.

The officials are charged with having violated the criminal section of the Sherman law, according to the witness, Patterson advised buying out opposing factories in order to prevent them from putting opposition machines on the market. An office boy in New Orleans was used in spotting opposition machines at the depots, and then shadowing them to their destination.

The witness testified that Edgar Park, of New York, one of the defendants, had been furnished money by the National Company to buy out competing companies and then closed them.

On cross-examination the witness said most of the deals were put through and most of the competition was started only on the basis that the competitors were infringing on the patent rights of the National.

## TYPHOID FEVER IS MORE PREVALENT THAN CHOLERA

Startling Facts Relative to Existence of This Disease Presented at Meeting of Life Insurance Presidents.

(By Morning Journal Special Leased Wire.)  
New York, Dec. 5.—One hundred and seventy-five thousand cases of typhoid fever annually in this country could be prevented by a campaign of education, with an annual saving of 16,200 lives, said Dr. Allan J. McLaughlin today, addressing the sixth annual convention of the association of life insurance presidents.

"In 1909 there were more cases of typhoid fever in the United States than there were cases of plague in India, in spite of the fact that India's population is two and one-half times that of the United States," said Dr. McLaughlin.

"From January, 1907, to October, 1911, there occurred in Russia, 282,684 cases of Asiatic cholera. This included the appalling epidemic of 1910. According to a conservative estimate there occurred in the United States during the same period 1,250,000 cases of typhoid fever, or more than four times as many cases of typhoid fever in the United States for every one case of cholera in Russia.

"No single measure in reducing typhoid fever on a large scale approaches the effect of substituting a safe for a polluted water supply."

A fact understanding among the states that each will give its own life insurance companies such thorough and proper supervision as to make it unnecessary for other states to concern themselves greatly over these companies would alleviate hardships now borne by some of the larger companies, said William T. Emmett, superintendent of insurance of New York.

The adoption of a plan for financing rural credits in this country, fashioned after those in force abroad, and the creation of a life insurance plan to cover indebtedness in the event of the borrower's death, were advocated by Ambassador Herrick Mr. Herrick said:

"Every year the farmer is spending something like \$250,000,000 more for interest than he is the case if he were able to enjoy the benefits of this credit system. This sum which he expends in interest, should be applied to the development of the country."

"In the creation of rural service I have considered with especial interest the employment of a life insurance plan. It would undoubtedly be of great value to have the debenture or security, accompanied by such a policy, which would ensure the liquidation of the indebtedness in case of the death of the borrower. Furthermore, it would give the rural community, which is almost a virgin field for life insurance, an understanding of the value of life insurance."

## FORMER DENVER MAN DIES FROM POISON

Elmville, Ind., Dec. 5.—Richard H. Lukens, aged 35, formerly circulation manager of a Denver newspaper, was found dead today on a park bench. Persons who notified the police thought the man was intoxicated, but it was found he had taken poison. Friends said he had suffered from melancholia since the death of his wife by drowning a few weeks ago.

## OUR ADVICE TO WOMEN

Many women come to us and say, "I feel as played out, I don't know what to do. I have no appetite, am pale, sleep badly and feel nervous and wretched all the time."

It is very pleasant for us to be able to say, "We know just what you need—Vinal, our delicious cod liver and iron remedy that is the finest tonic and strengthener we have ever sold. It restored Miss Elizabeth (Cromwell), a trained nurse who lives in Boston, to health when she was in a critical condition and now she advises her patients to use it. Vinal will put you on your feet again, restore your strength and put color in your cheeks. You want health you have no nerves after taking a bottle of Vinal. Try it and if it does not do all we say, we'll give back your money. That you won't want your money for Vinal will make you well."

## MERIT SYSTEM IS

ADVOCATED BY DR. ELIOT

President of National Civil Service Reform League Urges Divorcing of Politics from Federal Offices.

(By Morning Journal Special Leased Wire.)  
Milwaukee, Wis., Dec. 5.—"Put all government offices on the merit system through careful, original selection and careful promotion and no civil servant will have any patron to serve. Remove all civil servants to obtain from partisan political activity and there will be no officeholders' management of nominations or elections," said President Charles W. Eliot, of the National Civil Service Reform League, in his address at the annual meeting in Milwaukee tonight. President Eliot said in part:

"It would be rash for the democratic party, now coming into power, to interfere with or abandon the half-way merit system introduced into the consular service by the executive order of President Roosevelt and President Taft; for that system has built up the moral of the service and led to the employment of a much better class of men than formerly sought the consulships. The business interests of the country have been better served by the consuls appointed on merit than ever before. Although the new rules rest on executive orders only and not on statutes, the public is no longer tolerant of the appearance of officeholders in the management of political committees, caucuses or conventions. The recent presidential campaign has made this clear. It is no longer an advantage to the party in power to use its patronage officeholders in this way."

"For the first time in the history of civil service reform, a president of the United States has recommended that all the national offices be filled on the merit system except, of course, elective offices, cabinet offices and the assistantships attached to cabinet offices."

"To this recommendation of President Taft, the present committee, the senators and the members of the house of representatives, are not willing to give up the patronage they have improperly acquired and do not understand the great change in public opinion concerning the civil service, or understanding that change, they propose to fight for their patronage as necessary to the support of expedient party activities or of their own political fortunes."

"The democratic party, soon coming into power, has a precious opportunity to establish itself in favor of the merit system of American without distinction of party. It can turn back from the capital the horde of hungry democratic officeholders who will inevitably muster there. It can refuse to turn out consuls and faithful officials in the higher civil service, although they were in many cases republican patronage appointees."

"It can refuse to disturb consuls selected by the half-way merit system set up by the executive order of Presidents Roosevelt and Taft and replace those officers by a thoroughgoing statute. It can prevent all officeholders from rendering political party service."

"This league will match with vigilance and the keenest interest the action concerning civil service reform about to be taken by the democratic party under its new leaders, believing that action to be more important to the democratic party and to the country than the party action on the tariff, banking and currency, the foreign collection or the treatment of insular possessions and more likely to determine the destiny of the democratic party for the next eight years than any other public policy."

## HARVESTER TRUST USED DRASTIC MEASURES

Dealers Were Compelled to Cancel Orders from Independent Manufacturers or Go Into Bankruptcy.

(By Morning Journal Special Leased Wire.)  
St. Louis, Dec. 5.—Two independent dealers testified this afternoon at the hearing of the government's suit to dissolve the International Harvester Company, that they had been forced to return carlot shipments of independent company's machinery, in order to obtain more supplies from the International.

W. H. Green, of Creighton, Neb., testified this morning that his company of International machines had been taken from him, because of his anti-trust views, on cross-examination.

This afternoon, was asked why he was inclined to so-called trusts.

"I considered I was only a frog in the tub," he replied, "and had to jump when the International got after me to protect myself or they would drive me into bankruptcy."

John A. Dabb, of Belleville, Ill., testified that he had handled Deering and McCormick harvesters, since 1907, but when he ordered a car load of Acme machines, the International had heard of the order after the car was in the Belleville yards and insisted he return the shipment of the Acme factory, cancelling his order. A car load of Deering machines that he had ordered, he said, was delayed, until the Acme shipment had been sent back.

John A. Palaska, Weatherford, Okla., related that he had tried to put in an independent line but had to cancel the order before he could get any more International machines.

## GOVERNMENT WILL ENFORCE MANDATE OF DISSOLUTION

Attorney General Considers Task of Department of Justice in Carrying Out Rail Merger Decision.

(By Morning Journal Special Leased Wire.)  
Washington, Dec. 5.—The task that will devolve upon the department of justice in connection with the dissolution of the Union Pacific-Southern Pacific merger, was considered by Attorney General Wickham at a conference today with the attorneys who represented the government in the case. The decree of dissolution under the mandate of the supreme court, must be entered by the United States district court of Utah within three months.

The attorney general retained C. A. Severance, one of the attorneys who prosecuted the suit, to take direct charge of the government's interest in the hearing before the court in connection with the provision of the decree. In this decision it was indicated today, Attorney General Wickham believes the supreme court has taken probably its greatest step in violating the Sherman law. The general principles laid down are regarded by officials of the department of justice, as of immeasurable value in the enforcement of the anti-trust statute.

## HARRIMAN OFFICIALS IN SECRET CONFERENCE

New York, Dec. 5.—Directors of the Harriman lines were in conference today but no details of the meeting were made public. Chairman R. S. Lovett declined to discuss reports regarding the possible sale of the Central Pacific line by the Southern Pacific company to the Union Pacific.

John Barrett would only say that nothing approaching a solution of the problem resulting from the United States supreme court decision had been reached. Harriman line officials deprecate various rumors circulated in connection with the proposed dissolution.

## SALT LAKE MEETING IGNORES THE MATTER

Salt Lake, Dec. 5.—Traffic officials from practically every road in the Harriman system, met here today, but did not take up any matters connected with the dissolution mandate of the supreme court, according to the announcement of J. A. Monroe, vice president in charge of traffic of the Union Pacific railroad.

"Only routine matters bearing on freight and passenger schedules were discussed at the meeting today," Mr. Monroe said.

"The carrying out of the order of the supreme court of the United States for a segregation of the roads is outside the jurisdiction of the officials attending the conference here."

The conference will be continued tomorrow.

## THE GRAY HAIRS WILL QUICKLY VANISH

Don't Neglect Your Hair and Don't Resort to Old Time Hair Dyes.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however, handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things which suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time.

Most people know that a common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

W. H. Green, of Creighton, Neb., testified this morning that his company of International machines had been taken from him, because of his anti-trust views, on cross-examination.

HARVARD ELEVEN IS TROTTING BOARD  
1912 FOOTBALL OF REVIEW TAKES  
CHAMPION ADJOURNMENT

Intercollegiate Title Settled Beyond Possibility of Dispute When the Crimson Defeated Yale.

(Special Correspondence to Morning Journal) Cambridge, Mass., Dec. 5.—The intercollegiate football championship was settled beyond the possibility of dispute at New Haven, when Harvard beat Yale by the score of 20 to 0. Harvard, by virtue of its undefeated record, is entitled to first place. Although Princeton and Yale were beaten by Harvard and played each other to a standstill, no fair minded critic will deny Princeton's right to be ranked above Yale. Probably Dartmouth should be ranked fourth and Pennsylvania State College fifth, although the latter team went through the season without a defeat. State College, however did not play any team of the strength of Harvard or Princeton. Ordinarily they would have found Pennsylvania and Cornell in this class, but this year both the Quakers and the Ithacans were far below their usual standard.

Harvard men must have gotten more satisfaction out of this year's victory than anything they have done in football since 1901. The Crimson's record is almost entirely barren of touchdowns against Yale. In fact, the touchdown which Storor scored on Wheeler's fumble in the first period of Saturday's game was the first touchdown that the Crimson had made against Yale since 1901. One touchdown in eleven years is like angels' dreams. The Crimson has had better teams than Yale on other occasions since 1901, but when it was fortunate enough to have the material it lacked the spirit or some other quality which had made Yale justly famous on the gridiron. Both last year and this year before Harvard should have won, but was held to 0 to 0 scores in each instance.

The fact that Harvard scored every one of its points directly or indirectly on Yale's fumbles and mistakes should not detract any from the merit of Harvard's victory. It is true that the first touchdown was made directly on Yale's fumble and that a subsequent touchdown and goal from field followed on the second play after similar fumbles, also that Harvard's second touchdown was due to the ludicrous manner in which Yale attempted to use the forward pass.

There was enough disparity between the two teams to force one to the conclusion that even if Yale had played perfect football in each of the four instances referred to the Crimson would still have won, though not by the margin it did. There was hardly a department of the game in which Harvard did not excel. In kicking Felton was infinitely superior to Flynn. The latter, judged solely by his work in the Princeton and Harvard games, is a very much over-rated player. He did not prove as good a ground runner in either of the championship games as Baker and Pampelly, who substituted for him. He was an unusually long punter, but he frequently lost much ground by over-kicking. In addition to which he was so erratic that many times his kicks went out of bounds.

Not only was Harvard superior to Yale at the kicking game, but there was really no comparison between the backfields. Gardner outgeneraled Wheeler from start to finish, while Yale did not have a rushing attack which could gain ground consistently, though in the last period the Elks' second-string backs carried the ball for 70 yards to Harvard's 10-yard line, where it was lost. In advancing the ball Drickley and Wendell were unusually good and were not approached either as end runners or line plungers by any of the Yale backs.

There was more of an even battle in the line, but even here Yale did not have the advantage from end to end. Somewhat of a better end than of their man Harvard had, but the Crimson tackles and guards more than held their own. In the center of the line Ketcham showed himself a better man than Farmer.

As might have been anticipated, there has been a tendency to criticize Yale's coaching policy this year. This Yale eleven must go down in history as the one that never "survived." All reason the dispatches from New Haven had promised a wonderful team for the Blue once the team woke up. It was always described as an eleven with wonderful possibilities, which would round into a true form against Princeton and Harvard. Plenty of excuses were found for its showing against Princeton, and many promises were held out as to what the team would do against Harvard. But the team failed in each instance to rise above mediocrity.

Many Cases Up for Disposal Go Over Until Spring; Fair Association Suspended and Fine Restored.

(By Morning Journal Special Leased Wire) New York, Dec. 5.—The board of review of the National Trotting Association, adjourned tonight until next May, putting over until that time a number of cases. The cases decided today include the suspension of the Santa Clara County Fair Association of San Jose, Cal., for failure to pay premiums after a race and restoration of a \$6,000 fine levied upon Walter R. Cox, of Dover, N. H., for the alleged "laying up" of Anne Kelle in a heat at Buffalo.

## BRITTON PRACTICALLY KNOCKS OUT BENNETT

New York, Dec. 5.—Jack Britton, of Chicago, practically knocked out Billy Bennett, lightweight champion of Ireland, a few seconds before the end of their ten-round bout in Brooklyn, tonight. Britton forced the fighting all through and in the tenth round twice knocked Bennett down with hooks to the jaw. After Bennett got to his feet, the second time, he hung over the ropes in a dazed condition and Britton refused to strike him again. The referee stopped the bout three seconds before time was up. Britton weighed 137 pounds at ringside and Bennett three-quarters of one pound more.

Yamada Defeats Sutton. Philadelphia, Dec. 5.—Kodji Yamada, the Japanese billiardist, turned the tables on George Sutton when he won tonight's game, in the 13-2 ball game. Sutton's high run was 41, while the Japanese had runs of 91, 87 and 65. Sutton's average was 8.29, and Yamada's, 12.19.

## ELECTION CONTEST IN CALIFORNIA ABANDONED

Democratic State Central Committee Decides to Abide by Official Canvass Made of November Vote.

(By Morning Journal Special Leased Wire) San Francisco, Dec. 5.—Action taken tonight by the executive officers of the democratic state central committee brought to an end the long series of legal contentions resulting from the closeness of the vote cast for Wilson and Roosevelt in the November election. It was decided that the committee would not question the official count of the ballots as returned by the secretary of state, thus waiving the further contests that the democrats were expected to make.

As the state vote now stands, with the returns from Los Angeles county, not yet officially checked up by the secretary of state, eleven republicans (Roosevelt) and two democratic electors have been chosen.

A change of ten votes in favor of the democrats in the Los Angeles check, would elect another democratic elector.

## KIDNAPED CHILD FOUND AFTER LONG SEARCH

Denver, Dec. 5.—After a search of nine years, Thomas Tudor, godfather to Margaret McNeely, aged 15, today found the girl in the house of the Good Shepherd. Tonight he left with her for Kansas City, where he will restore her to her mother, Mrs. Ella McNeely. Ten years ago, Mrs. McNeely's husband stole the child from her, following their separation and came to Denver, where he soon turned her over to an aged married couple and disappeared. When the woman who had taken the girl died, the husband turned the girl over to the house of the Good Shepherd.

## CLOVIS ATTORNEY IS CANDIDATE FOR JOB AS CONSUL-GENERAL

(Special Correspondence to Morning Journal) Clovis, N. M., Dec. 5.—Hon. Howard D. Terrell, a well known attorney of this city and of wide acquaintance throughout the state, has announced his desire to be appointed consul-general at Shanghai under the new democratic administration. Judge Terrell has spent several days in calling on his friends in other parts of the state, and believes that he will be able to command a considerable amount of influence when he applies for the place.

## STOCKS DECLINE ON HEAVY SELLING MOVEMENT

Recent Decision of Supreme Court Responsible for Slump in Shares of Many Corporations Affected by It.

(By Morning Journal Special Leased Wire) New York, Dec. 5.—The selling movement in stocks, which has unsettled the market throughout the week, gathered increased momentum today and prices crumbled away before it. After a quiet morning, the market became unusually active and for a time in the afternoon was in a condition approaching demoralization. Losses of from 2 to nearly 8 points were inflicted in a large number of cases. Pressure was directed largely against the Industrials, with Steel again bearing the brunt of the attack, although some of the leading railroad issues shared in the decline.

In a number of cases the lowest prices of six months were recorded. Steel sold down to 68½; Smelting to 71; Union Pacific 167; and Reading to 168½. Northern Pacific, Amalgamated and St. Paul & Great Northern, preferred, lost from 2 to 3½ cents each. Among the less active stocks the shrinkages were larger, running up to 7½, in the case of Woolworth; 8 in American Tobacco; 5½ in Sears-Roebuck; and 4 in Great Northern Ore certificates. International Harvester, Western Maryland pfd., and Pittsburgh Coal pfd.

When the movement attained proportions which threatened to lead to serious situation, trading decreased and the market rallied, although the greater part of the day's losses was not made up. The amount of business was much larger than on any recent day, with total transactions running up well toward the million mark.

An immediate cause of the heavy selling movement was said to be leading institutions rejecting as collateral many of the less stable industrial stocks, especially among the non-dividend class. This action led to forced selling of stock of this description and accounted in large measure for the uneasiness of the market.

Underlying this factor, however, there seemed to be a feeling of unsettlement on the part of many holders of securities in corporations, whose status it was thought might be called into question as a logical sequence to the Harriman merger decision. Although much of the day's selling was obviously professional, there was evidence at times of some urgent liquidation.

Money rates were easier today, a factor which assisted in the expansion of speculative operations. Foreign exchange rates rallied from yesterday's low point.

Speculative bond issues broke sharply in sympathy with stocks with convertible issues showing especial heaviness.

Total sales, par value, \$2,003,000. Panama 7's declined ¼ to 1 per cent on call, closing stocks:

## Chicago Board of Trade.

Chicago, Dec. 5.—Wheat prices bulged today on account of a buying flurry the result of hot winds menacing the Argentine crop. The market finished strong, ¼ to ½ cent up. "Shorts" in wheat began to cover at the first tip of the bull on unfavorable weather reports. Long taking profits on the advance, caused a reaction in wheat after mid-day.

Liberal clearances proved helpful in bringing about a rally. May wheat ranged from 90½ to 90½ cents, net, with last sales ¼ to ½ cent higher, at 90½ to 90½ cents.

Hedging sales of corn by country houses offset bullish sentiment due to rain, cold and snow. May closed at 48½ to 48½ cents. Cash grades were firm.

Ball of a possible squeeze in the December option, made the oats market firm. May closed at 32½ to 32½ cents.

Provisions ruled stronger. Pork closed 10 to 15 cents higher. Chicago, Ill., Dec. 5.—Wheat—Dec. 84½ to 84½ cents; May, 90½ to 90½ cents; July, 87½ cents.

Corn—Dec. 49½ cents; May, 48½ to 48½ cents; July, 49½ cents.

Oats—Dec. 32½ to 32½ cents; May, 33½ to 33½ cents; July, 33½ cents.

Meat Pork, per 100 lbs.—Jan., \$19.42½ to \$19.45; May, \$18.75.

Lard, per 100 lbs.—Dec., \$10.92½ to \$10.95; Jan., \$10.92½ to \$10.95; May, \$10.20 to \$10.22½.

## DEMING MADE UP OF EXTRAORDINARY BOOSTERS

Claim Undisputed That Has More Town Enthusiasts Than Any Other City in the State of New Mexico.

(Special Correspondence to Morning Journal) Deming, N. M., Dec. 5.—Deming, "the land of prosperity and boosters," is going forward with its advertising campaign for 1913 stronger than ever. More mediums are to be added to the list and the Mimbres valley and its fertility is to be heralded throughout the United States in read booster style.

Deming is no doubt the town with the largest number of boosters per capita in New Mexico. No one of the Windmill Town lets an opportunity for telling of the marvelous land and its possibilities pass. The press and public in general throughout the state recognize the fact that Deming is deserving of the highest praise for her wonderful development in the past years and bonquets are showered upon the lively city. The Silver City Enterprise recently gave Deming a laudatory boost as follows:

"Deming is a sturdy little town whose equal is not of this mundane sphere. In the face of insurmountable obstacles and of doubt and skepticism she has developed a wonderful harvest of good fortune right under the nose of the Elephant Butte dam and has shown the world at large what perseverance coupled with energy, thrift and push can do to a community. Apparently without resources ten years ago, slowly dying with dry-rat the reawakening of Deming will some day form a most interesting chapter of New Mexico history when a Ralph Waldo Tealichell shall in the future chronicle the doings of the present day."

"The transformation in Deming has been truly marvelous. Handsome business blocks have gone up on sites formerly occupied by ramshackle old buildings and upward to seventy-five beautiful bungalows have been built within the last year. A new court house and high school and several new churches complete a long list of building activity that has quite transformed the old town."

"No one begrudging Deming her growth and prosperity. It is well earned by long, well directed and intelligent effort and the same methods applied elsewhere will put life into any old set of dry municipal bones."

Joseph McCaffrey, Vice Pres. for Neb. Greeters of America, Omaha, states: "I cheerfully recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. I have used it myself and have recommended it to others who have since told me of its great curative power in diseases of the throat and lungs."

## STOCK PRICES SAG ON UNFAVORABLE REPORTS

Nearly 1,000,000 Shares Are Thrown on Market, Influenced by Supreme Court Decision and Other Rumors.

(By Morning Journal Special Leased Wire) New York, Dec. 5.—With transactions approximating 1,000,000 shares, security values suffered a severe reversal on the stock exchange today. The decline, which ran from 2 to 4 points, embraced the more obscure specialties, as well as the standard shares and speculative favorites. Some of the losses were regained in the last hour, but the closing was active and feverish.

Southern Pacific was the one exception to the general weakness. Its relative strength was the more significant in view of the doubtful status of the Harriman properties by reason of the recent supreme court decision. It yielded temporarily, but closed with a slight net gain.

Some of the prices recorded today were the lowest in months and in some cases the low level of the year, was reached. The urgency with which stocks were pressed for sale suggested enforced liquidation no less than alert selling. Numerous "stop" orders were unheeded, especially in United States Steel, which was the weakest of the more prominent issues. Steel fell under 70 before noon, and later dropped to 65½ compared with 73, its lowest price of the preceding day. Sales of steel were 250,000 or about 25 per cent of the day's total.

A number of unfavorable factors contributed to the day's recession, which may be said to have its incentive in the Harriman decision. Despite the further ease of money, local banks continued to lose to the sub-treasury and by direct shipment to the interior and Pacific coast. It is estimated this drain approaches \$6,000,000, since last Saturday. Taking this movement as a basis, a further deficit in the reserves of the clearing houses is likely to be shown at the end of the week.

Local institutions called loans moderately and considerable more caution was shown in the acceptance of industrial securities as collateral. Some of the less active industrials were eliminated, while others were scaled down 20 to 30 per cent.

Among unfavorable factors might be cited the news from Washington, announcing that it is the probable intention of the incoming congress to introduce a measure, calling for a general inquiry into the co-operation of stock exchanges and kindred institutions throughout the country. Another dispatch from the capital, told of a further suspension of freight rates by the interstate commerce commission.

An interesting sidelight on the general situation was furnished by the largest quotations for bonds on the stock exchange. Two memberships were noted for transfer today at \$50,000 and \$50,000, these prices comparing with \$60,000 two weeks ago.

## DREAM IS FATAL TO STATE OFFICIAL OF NEVADA

Attorney General Cleveland H. Baker Suffers Hemorrhage, Following Emotional Disturbance in Night.

(By Morning Journal Special Leased Wire.)

Reno, Nev., Dec. 5.—According to the doctors in attendance upon Attorney General Cleveland H. Baker, who died suddenly at Carson City this morning, following a hemorrhage, Mr. Baker's death was brought on by a dream which visited him in the night. He awoke after the dream and told his wife of it, saying he had dreamed of an encounter with a wealthy and widely known mining man of the state in which he had been shot.

Baker slept peacefully after telling of his dream. His death came as he was dressing this morning. He fell to the floor and expired within a few moments. It was the physician's theory that the violent emotions aroused by the dream caused the hemorrhage.

The body of the late attorney general was sent to Oakland, Cal., tonight, after being escorted to Reno by state officials, including Lieutenant Governor G. C. Ross, Chief Justice J. G. Sweeney, of the supreme court, and State Bank Examiner Eugene Howell.

The relatives of the dead officer went west on a later train. The funeral, it is announced, will be held from the residence of Senator Perkins in Oakland, father of Mrs. Baker. The time has not been set.

Governor Tasker L. Oddie, at the governor's conference at Richmond, Va., was advised by his secretary by wire of the death of the attorney general and replied that he would leave immediately for Nevada.

## ACCIDENTS DELAY SANTA FE TRAINS INTO ALBUQUERQUE

Accidents last night delayed all trains into Albuquerque after No. 8 had arrived and No. 1's two sections departed. The south end was tied up by an engine failure on No. 816 and the 2006, the big switch engine, from the lower yards, was called upon to perform the duty it usually has when a train dies near Albuquerque, that is, go down and pull it in.

About 9:30, the 2006, pushing the regular engine for No. 816, and pulling the rest of the train, dragged the string of cars into the local station behind that train, however, was No. 812, from the Belen cutoff, as the engine failure had taken place this

## EXPERIENCED GAINED WHILE IN THE DRUG BUSINESS

I have been troubled more or less in the last five years with kidney trouble and from the experience I gained while in the drug business and from different cases where I have sold Swamp-Root with perfect satisfaction to those who put Swamp-Root in, and as I never had a single complaint regarding the medicine while I was in business, I was in a position to know that it was a great preparation and it did not fail me when I used it myself. It has certainly afforded me great relief at all times that my kidneys have troubled me and I would not be without it. I always recommend Dr. Kilmer's Swamp-Root to my friends as I believe it to be a medicine of great curative value in the diseases for which you recommend it.

Sincerely,

D. A. KOONCE,

Columbia, Ala.

Personally appeared before me this 12th of September, 1909, D. A. Koonce, who subscribed the above statement and made oath that the same is true in substance and in fact.

C. T. HARRIS,

Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp Root Will Do For You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Albuquerque Morning Journal. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## ANARCHIST PLAYED WITH VICTIM IN CRUEL MANNER

Details of Shooting of Paris Editor Show It Was Attended with Circumstances of Unusual Fiendishness.

(By Morning Journal Special Leased Wire.)

Paris, Dec. 5.—The police investigations into the shooting yesterday of M. Ducret, editor of the anarchist newspaper, Free Idea, show it was attended with circumstances of cold blooded cruelty that are rarely equaled in fantastic melodrama.

Lacombe, the anarchist assassin, burst into M. Ducret's room Tuesday night at 10:30 o'clock and with a pistol in each hand, announced to M. Ducret and his wife that they had sold him and must die.

From that hour until 6:30 o'clock Wednesday morning Lacombe, plying the couple with questions and threats, tried to make them acknowledge the assassin's revolver. He played with them as a cat does with a mouse, alternatively menacing and then forgiving.

Mme. Ducret begged Lacombe to spare herself and her husband on account of their 3-year-old son who was asleep in a crib at the couple's bedside during the whole of the horrible night.

The bandit said, however, that he would kill the boy. Finally Lacombe fired two shots in quick succession at M. and Mme. Ducret, who instinctively threw themselves backward and only M. Ducret was hit. The detonations of the assassin's revolver, however, extinguished the lamp in the bed room and Lacombe left, believing that both of them were dead.

It appears that Lacombe lodged at the Ducret home the night of November 8th, when four armed and masked men burst into the postoffice at Reims, a suburb of Paris, and shot and killed the husband of the postmistress and decimated with the money and stamps. When Lacombe sought to leave the house next morning, he found it surrounded. Some how he managed to escape and hide in an adjoining house until the police left.

Previously they had made a fruitless search of the Ducret home. It was this fact that led Lacombe to believe the two Ducrets had betrayed him.

Tonight, it was said, M. Ducret has some chance to recover from his wound, although his condition is extremely grave. Lacombe has not yet been arrested.

## COUNTY SABBATH SCHOOL CONVENTION TO BE HELD HERE

The Bernalillo County Sabbath School convention is to be held Saturday and Sunday at the Presbyterian church.

The first session is to begin at 2 o'clock Saturday afternoon. The subject of the "Junior and Primary Departments" will be under discussion then.

A banquet is to be given Saturday night. Addresses will be made by Neil Ferguson, president of the Bernalillo County Sabbath School Association, and the Rev. W. C. Merritt, president of the New Mexico State Sabbath School Association. Mrs. Schwenker will sing. A nominal charge is to be made for the banquet.

The final session will open at 3 o'clock Sunday afternoon. The subject to be discussed will be "The Adolescent Period and Its Problems."

Order Does Not Say Whether Agent May Allow Passengers to Board Westbound Limited; Overcrowding Cause

No tickets are to be sold eastbound passengers for Santa Fe train No. 4, the limited, according to a letter received by Agent P. J. Johnson, yesterday. The order is to become effective December 8th, when the new schedule becomes operative.

Passengers for more than 100 miles heretofore have been taken on trains Nos. 2 and 4. Passengers will not be taken on No. 2 west of La Junta, it is reported, but this lacks official confirmation. The agent here received no instructions as to whether to sell tickets for train No. 3, the westbound limited.

The new order is said to have been evoked by the fact that local passengers overcrowded the limited. They will not take other trains if it is possible to get tickets on the limited.

When the new schedule becomes effective No. 4 will leave here at 6 o'clock instead of 6:05 o'clock. The time of arrival is not changed.

SUGAR MAGNATE DIES FROM HEART ATTACK

Salt Lake, Dec. 5.—President Eccles of the Amalgamated Sugar Company and one of the wealthiest citizens in Utah, died suddenly at the Emergency hospital here tonight, of heart disease.

Mr. Eccles was on his way to the Oregon Short line depot to take a train for Ogden. About half a block west of the Mormon temple he was seized with an attack of heart disease and fell to the sidewalk.

He was carried to a nearby store and later removed to the Emergency hospital, where he died. Mr. Eccles was one of the most widely known men in the inter-mountain region. He was heavily interested in the sugar industry in Utah and Idaho, and was owner of large tracts of timber land.

## STUDENTS WREAK VENGEANCE ON SUFFRAGETTES

Hundreds of Boys Attending Glasgow University Attack Women's Union Headquarters and Wreck Place.

(By Morning Journal Special Leased Wire.)

Glasgow, Dec. 5.—Hundreds of organized students of Glasgow university today went to the headquarters of the women's social and political union and completely wrecked the offices.

The attack was the outcome of suffragette interruptions during the installation of Augustine Birrell, chief secretary for Ireland, as lord rector of Glasgow university. Wild scenes followed the wrecking operations, finally culminating in a riot which was subdued only by baton charges by the police.

One student seizing a suffragette banner, marched out through the wrecked front of the building, leading a howling mob to meet the attack of the police. A lively battle ensued and finally the police drew their batons and charged. They arrested a student but his comrades fled upon the police in an effort to rescue him. The fight was waged up and down the streets, but the best the police could do, was to hold their prisoner and capture one of the rescuing party.

Later, two other students were taken in custody but were liberated on bail. The installation ceremonies at the university were carried out but ten women were ejected during their progress.

## APPOINTMENTS BY TAFT WILL NOT BE CONFIRMED

Democratic Leaders in Senate Add Strength to Movement to Hold Up Recent Nominations by President.

(By Morning Journal Special Leased Wire.)

Washington, Dec. 5.—Democratic leaders in the senate apparently gathered strength today for the proposed movement to prevent the confirmation of the majority of President Taft's appointments to office that will be made in the last three months of his administration.

It is understood that practically all the postoffice appointments will be "pocketed" by senators from the interested districts wherever they might be affected by a change of administration March 4.

Texas appointments are to be left entirely to Senator Culberson and Representative Shepherd, now senator-elect, according to a statement made today by Senator Bailey. The latter said he does not intend to take part in any matters of appointment or confirmation.

London, Dec. 6.—A Vienna dispatch to the Daily Mail says that as a result of the war scare, the peasants in the districts bordering on the Russian frontier are taking measures on everything they possess, turning it into coin. They are laying in large stores of supplies, which they bury in their back yards, against the Russian invasion.

One day this week, no less than 20,000 pigs arrived at Vienna from Austria Poland, to be sold.

# TAFT'S WISE SUGGESTION.

If the cabinet officers were to have  
seats in congress, as President Taft  
suggests, the business of the govern-  
ment would be facilitated, legislation  
improved, and public opinion enlight-  
ened.

The secretary of state, of course,  
should sit in the senate, inasmuch as  
the senate has a voice in the making  
of treaties and hence in the shaping  
of foreign policies. The secretary of  
the treasury should, of course, sit in  
the lower house, since in the house all  
revenue measures originate. It is  
probable that all other cabinet officers  
should sit in the house of representa-  
tives, if their legislative activities  
were to be limited to only one house  
of the legislative branch of the govern-  
ment. But it might be better to  
allow the cabinet members to have  
seats in both houses of congress, as  
they all have to do more or less with  
securing appropriations.

President Taft has strongly urged  
the making of a budget, and has de-  
vised a makeshift budget by requir-  
ing the heads of departments to submit  
financial estimates to congress in ad-  
vance of appropriations. This de-  
vice has saved millions from loose ap-  
propriations and will save millions  
more. But this measure is bungling  
compared with the simplicity of hav-  
ing the secretary of the treasury on  
the floor of the house where he could  
present a budget, answer all ques-  
tions, give all information and criti-  
cize all foolish proposals.

At present, if congress wants in-  
formation it must formally ask some  
department for it, and the reply is  
submitted in a formal document with  
indifferent explanations on many  
subjects.

On the other hand if one of the  
cabinet officers needs an appropriation  
or extra authority, he must deal  
with the problem through some mem-  
ber of congress, invariably causing  
jealousies and thereby frequently de-  
veloping opposition to meritorious  
measures. To get anywhere, the sec-  
retary must pull wires, whereas if he  
were on the floor of the house he  
could appeal to the common sense  
of the matter.

At present, the president must deal  
with congress at arms length. He  
should have some one on the floor of  
both houses who would understand the  
minutest details of the matter un-  
der consideration, who could repre-  
sent the administration personally,  
and who could debate.

Much of our government's waste,  
which makes it about the most costly  
on earth, and much of our legisla-  
tion's looseness are due to the lack  
of intelligent coordination between  
the executive and legislative depart-  
ments. What we need at Washing-  
ton is better team work.

## THE BULL MOOSE POLICY.

The next national progressive con-  
vention, according to Modill McCorm-  
ick, will solve the problem of the  
"solid south" by apportioning dele-  
gates according to the votes cast for  
its candidates. The basis of repre-  
sentation will be one delegate for  
each five thousand votes cast, or ma-  
jor fraction thereof. For Roosevelt  
and Johnson electors in each congres-  
sional district, but each district to  
have at least one delegate. In addi-  
tion, there will be two delegates  
elected at large from each state. The  
delegation to the convention will be  
about one hundred less than under  
the present apportionment of the re-  
publican and democratic parties.

Nearly all of the southern states  
would lose under that sort of ar-  
rangement, and some of the north-  
ern states would lose also. New York  
would decline from ninety to seventy-  
eight, Ohio from forty-eight to forty-  
four, Massachusetts from thirty-six  
to thirty, and Missouri from thirty-  
six to twenty-seven. Other states  
would gain. Pennsylvania, Michigan,  
Minnesota, California, Colorado, Iowa  
and Washington, combined, would  
gain seventy-nine delegates over  
the plan of apportionment of the old  
parties. The many southern states

whose delegations made the most  
trouble in the last republican national  
convention, would drop from two  
hundred and eight to one hundred  
and nine.

The country will watch with con-  
siderable interest the program of the  
bull moose, because it, in a meas-  
ure, proposes to adopt a system of  
delegates proposed by the late Sena-  
tor Quay who vainly attempted to put  
his program through two republican  
national conventions.

## SENATOR FALL'S STATUS.

The Journal of yesterday morning  
contained a dispatch relative to the  
New Mexico senatorial situation and  
gave to the people of the state the first  
accurate and comprehensive infor-  
mation on the subject. It was in accord  
with the position taken by the Journal  
before the legislature had taken  
its last action on the candidacy of  
Senator Fall.

In view of yesterday's Santa Fe dis-  
patch, it may be well to cite the law  
governing the election of United  
States senators:

Section 14, Revised Statutes, says:  
"The legislature of each state which  
is chosen next preceding the expira-  
tion of the term for which any sena-  
tor was elected to represent such state  
in congress shall, on the second Tues-  
day after the meeting and organiza-  
tion thereof, proceed to elect a sena-  
tor in congress."

Section 15, says:  
"Such election shall be conducted  
in the following manner: Each house  
shall openly, by a viva voce vote of  
each member present, name one per-  
son for senator in congress from such  
state, and the name of the person so  
voted for, who receives a majority of  
the whole number of votes cast in  
each house, shall be entered on the  
journal of that house by the clerk or  
secretary thereof; or if either house  
fails to give such majority to any per-  
son on that day, the fact shall be en-  
tered on the journal. At twelve  
o'clock meridian of the day follow-  
ing that on which the proceedings are  
required to take place as aforesaid,  
the members of the two houses shall  
convene in joint assembly, and the  
journal of each house shall then be  
read, and if the same person has re-  
ceived a majority of all the votes, in  
each house, he shall be declared duly  
elected senator. But if the same per-  
son has not received a majority of the  
votes in each house, or if either  
house has failed to take proceedings  
as required by this section, the joint  
assembly shall then proceed to choose,  
by a viva voce vote of each member  
present, a person for senator, and the  
person who receives a majority of all  
the votes of the joint assembly, a  
majority of all the members elected  
to both houses being present and vot-  
ing, shall be declared duly elected. If  
no person receives such majority on  
the first day, the joint assembly shall  
meet at twelve o'clock meridian each  
succeeding day during the session of  
the legislature and shall take at least  
one vote, until a senator is elected."

Section 16, provides:  
"Whenever on the meeting of the  
legislature of any state a vacancy ex-  
ists in the representation of such  
state in the senate, the legislature  
shall proceed, on the second Tuesday  
after meeting and organization, to  
elect a person to fill such vacancy, in  
the manner prescribed in the preced-  
ing section for the election of a sena-  
tor for a full term."

Section 17 makes the following  
rule for a vacancy that may occur  
while the legislature is in session:  
"Whenever during the session of  
the legislature of any state a vacancy  
occurs in the representation of such  
state in the senate, similar proceed-  
ings to fill the vacancy shall be had  
on the second Tuesday after the leg-  
islature has organized and has no-  
tice of such vacancy."

From the specifications with which  
the law prescribes the time and  
method for the election of a United  
States senator, it can be seen that  
time is the essence of the provisions  
made by congress for controlling the  
action of the legislature.

In the second alleged election of  
Judge Fall, for the full term, abso-  
lutely no provision of the statute was  
complied with in full and no effort  
was made as to the time requirement,  
of course the senate of the United  
States is the sole judge of the qualifi-  
cations of its membership, but the  
credentials of senators are scrutinized  
more closely than in former times.

To-day, the senate insists that  
there shall be no cloud on the title of  
any senator to a seat in that body.

OF HEAVY SNOW**

(Special Correspondence to Morning Journal)  
Estancia, N. M., Dec. 5.—The entire  
valley is receiving the first snowfall  
of the winter. The precipitation here  
is very light, but at Moriarty. The  
ground this morning was covered. At  
Mountain the snow was said to be  
about three inches deep, and still fall-  
ing at noon today. A telephone mes-  
sage from Moriarty would report a  
heavy fall of snow there and at Tel-  
lue, with the storm increasing in violence.  
The Reas at the bosque ranch  
telephoned that the mountains were  
covered with several feet of snow, and  
every weather indication indicated  
that the storm would continue over-  
night. Practically all the settlers are  
prepared for a spell of stormy weather,  
and the snow is welcomed as it  
means good grass another season.

**MEMBER OF NOTORIOUS  
CAMORRA BAND INSANE**

Pied, Dec. 5.—Giuseppe de Marinis,  
one of the members of the Camorra,  
who was convicted at Vibona, of being

has been transferred to an asylum  
for the criminal insane.

## ROSWEEL PEOPLE GO AFTER NEW ROAD TO LOVINGTON

Boosters Want Highway to  
Plains as Best Means of Get-  
ting Business from That Sec-  
tion of County.

(Special Correspondence to Morning Journal)  
Roswell, N. M., Dec. 5.—The move  
to have the government establish an  
automobile mail line between here  
and Lovington which was started by  
the Commercial club a few days ago  
is gaining popularity and in two or  
three days, C. C. Tamm, president  
of the Commercial club, W. M. Atkin-  
son, chairman of the board of county  
commissioners and two other promi-  
nent citizens will go over the route  
confering with the people. They hope  
to inform them to petition the  
department to establish it.

The route as proposed will be 125  
miles long, and the trip will be made  
by automobile either once, twice or  
three times a week, going out one  
day and returning the next.

The cars leave Roswell, going to  
Clark's Gap, where it is proposed to  
establish a postoffice to be called  
Pawson, then through Clark's Gap by  
way of Four Lakes to Ranger Lake,  
thence to Tatum; thence to Scott;  
thence to King; thence to McDonald;  
thence to Plainview, all in Chavez  
county; thence to Lovington in Eddy  
county.

The Commercial club is back of this  
route in the endeavor to secure it, be-  
cause it will mean much to the busi-  
ness men and the farmers when the  
parcels post goes into operation the  
first of January.

If established the road will be the  
finest for its length of any public  
highway in New Mexico.

The route will be over the Mes-  
quero sands and if established it will  
purpose to complete the road over  
the stretch of sand just this side of  
the Mesquero sands road.

## STATE SCORES IN PRISON GRAFT PROSECUTION

Contractor Gives Damaging  
Evidence Against Former  
Colorado Penitentiary Warden  
on Trial at Canon City.

(By Morning Journal Special Leased Wire)  
Canon City, Colo., Dec. 5.—Charles  
A. Dunn, contractor and builder, was  
the chief witness for the state in the  
charges of graft against former Warden  
Clegg and others, while in  
charge of the state penitentiary, at  
the continuance of the trial today.

Two years ago, Dunn checked up  
on the amount of material used on  
improvements at the penitentiary and  
the result of his investigation was  
brought out on the stand. He said that  
although \$5,714.27 worth of lumber  
had been purchased for the peniten-  
tiary, only \$3,795.98 worth of the mat-  
erial could be accounted for in con-  
struction. Various other charges  
against certain funds, he said, he was  
unable to check up as being used in  
construction. The state is expected to  
rest its case tomorrow.

## VALUABLE NITRATE DEPOSITS FOUND NEAR CARLSBAD

Company Organized for Pur-  
poses of Exploiting and De-  
veloping Recent Discoveries;  
Carlsbad Club Growing.

(Special Correspondence to Morning Journal)  
Carlsbad, N. M., Dec. 5.—Nitrate de-  
posits were located in the foothills of the  
Guadalupe mountains some forty  
miles from Carlsbad several months  
ago. Careful investigation has shown  
that the deposits are extensive. A  
tunnel has been driven into the moun-  
tain that indicates a vein from ten  
to twenty feet. Samples were sent  
away for analysis that show about 60  
per cent nitrate. The Lyon Nitrate  
company has just been organized for  
the purpose of developing the mine.  
New York and Denver capitalists  
have become interested and will visit  
the mine in a short time.

**Commercial Club Growing.**  
The Carlsbad Commercial club con-  
tinues to grow, having a membership  
of over one hundred. Judge S. I. Rob-  
erts who is serving his first term as  
president of the club has given much  
time to the work and made the club  
very effective in the development  
work now going on in and around  
Carlsbad. He has had the backing  
from the start of the business inter-  
ests. This is one of the oldest clubs  
in the state and has been active from  
the beginning. The club rooms in the  
Tamm building have been much im-  
proved.

**Sells Out Business.**  
Frank Williams has sold the Model  
nest market to T. Marquess and will  
move to his farm near Lovington. Mr.  
Williams has been in the valley many  
years and has owned property in the  
Carlsbad project for the last six years.  
Before coming to Carlsbad Mr. Wil-  
liams was located at Lake Arthur.

## POLICE GATHER IN ALLEGED GANG OF WIRE TAPPERS

Kansas City Officers in Arrest  
of Three Men Believe They  
Have Members of Band of  
Bold Swindlers.

(By Morning Journal Special Leased Wire)  
Kansas City, Mo., Dec. 5.—P. W. Good-  
rich, Thomas Marsh and Edward M.  
Marsh, all of New York City, who the  
police say, are wanted as members of  
a band of wire tappers that has op-  
erated in many of the large cities of the  
country, were arrested here tonight.  
The three men were stopping at a  
hotel and in their room were found  
telegraph instruments, blackboards  
and other paraphernalia of a complete  
wire tapping outfit. The police say  
the men recently operated in Los An-  
geles and Portland, Ore.

Edward M. Marsh had been active  
socially since he came here several  
days ago, one of his specialties being  
to appear in a different suit of clothes  
each hour of the day.

Each of the three men wore dia-  
mond cluster rings, expensive suits  
and imported hats. Their collar and  
cuff buttons had pearl and diamond  
settings. Goodrich, who seemed to be  
the leader of the three, admitted to  
Chief of Police Griffin, that he used  
the wire tapping outfit in swindling  
credulous persons.

"We don't go after farmers or  
rulers," Goodrich said. "We always go  
after big money, never less than  
\$1,000 jobs. I've operated in New  
York, Portland and Seattle. I have  
never done any work in Kansas City,  
though."

Goodrich has safety deposit boxes  
in the Harriman National bank of  
New York and the Commerce Safe De-  
posit Company of Chicago, the police  
said.

## POLICE MYSTIFIED BY THE DEATH OF YOUNG WOMAN

Officers Unable to Learn Cause  
of Tragedy in Hostelry at  
Cattlettsburg, Ky.; Compan-  
ion in Custody.

(By Morning Journal Special Leased Wire)  
Cattlettsburg, Ky., Dec. 5.—The  
cause of the death of Miss Minnie  
Turner, who was found in a room of  
a hotel here this morning, still is a  
mystery to the police. One of her  
companions in the room at the time  
the body was found, James York, con-  
tinues in an unconscious and suppos-  
edly dying condition. The other occu-  
pant of the room, a woman believed to  
be Mrs. Edward Gullet, of Huntington,  
W. Va., is in custody, but refuses to  
talk. She appears dazed.

The stomach of the dead woman  
will be analyzed. It is stated by phy-  
sicians that Miss Turner had been  
dead at least forty-eight hours when  
found.

The three persons took a room at  
the hotel Monday. Miss Turner being  
registered as the sister of the woman  
now in custody. They had not left  
their rooms since and it was this that  
led the hotel keeper to break down  
the door. He found Miss Turner  
dead, York lying on a bed apparently  
dead and the woman whom the police  
claim to be Mrs. Gullet, sitting in a  
chair, but seemingly unable to talk.

## IF YOUR CHILD NEEDS A PHYSIC

If Cross, Feverish, Tongue  
Coated, Give "Syrup of Figs"  
to Clean the Stomach, Liver  
and Bowels.

Look at the tongue, Mother! If  
coated, it is a sure sign that your little  
one's insides, the stomach, liver and  
bowels are clogged up with  
purifying waste matter and  
need a gentle, thorough cleansing at  
once.

When your child is listless, droop-  
ing, pale, doesn't sleep soundly or eat  
heartily or is cross, irritable, feverish,  
stomach sour, breath bad; has stom-  
ach ache, diarrhoea, sore throat, or is  
full of cold, give a teaspoonful of  
Syrup of Figs, and in a few hours all  
the foul, constipated waste, undigested  
food and sour bile will gently move on  
and out of its little bowels without  
nausea, griping or weakness, and you  
sorely will have a well, happy and  
smiling child again shortly.

With Syrup of Figs you are not  
drugging your children, being com-  
posed entirely of luscious figs, senna  
and aromatics it cannot be harmful,  
besides they dearly love its delicious  
taste.

Mothers should always keep Syrup  
of Figs handy. It is the only stomach,  
liver and bowel cleanser and regular  
needed. A little given today will save  
a sick child tomorrow.

Full directions for children of all  
ages and for grown-ups plainly print-  
ed on the package.

Ask your druggist for the full name,  
"Syrup of Figs and Elixir of Senna,"  
prepared by the California Fig Syrup  
Company. This is the delicious tast-  
ing, genuine old reliable. Refuse any-  
thing else offered.

## PUSHING WORK ON BIG TUNNEL AT CHEMUNG MINE

Underground Passageway Will  
Connect Property at Tyrone  
with One at Leopold; Post-  
mastership Row.

(Special Correspondence to Morning Journal)  
Silver City, Dec. 5.—Work on the  
big tunnel that is to connect the Che-  
mung copper mine at Tyrone with the  
mine at Leopold is progressing with  
a large force of men. When the pro-  
posed shaft that is to be sunk midway  
between Tyrone and Leopold is begun,  
the tunnel force of men will be in-  
creased. Mining at Leopold is active,  
the Colorado Fuel & Iron Co. sending  
out vast quantities of ore daily.

**Max Oust Postmaster.**  
News received here through press  
reports that President Wilson doesn't  
propose making any changes in post-  
masters except for cause, has cast a  
gloom over aspirants here who have  
had long eyes on the Silver City of-  
fice. However, it is in the atmosphere  
that a petition is to be circulated ask-  
ing the ousting of the present post-  
master who has been in office only  
about two months. It is charged that  
his appointment was secured because  
of ill will against John M. Wiley by  
certain republicans who had him re-  
moved, or used their influence to have  
him ousted to make room for the pre-  
sent incumbent, because Wiley refused  
to vote for a certain republican at the  
last election, he preferring to vote for  
a personal friend on the democratic  
ticket. The present incumbent is popu-  
lar and has many friends both among  
democrats and republicans and it is  
a problem how the fight will end.

## PIONEER MINING MAN PASSES AWAY AT PINOS ALTOS

(Special Correspondence to Morning Journal)  
Silver City, N. M., Dec. 5.—John  
Franton, one of the old time mining  
men of this section, died suddenly of  
pneumonia at his home in Pinos Al-  
tos last Friday.

Mr. Franton came to the United  
States from Cornwall, England, over  
thirty years ago and has ever since  
resided in Grant county, the principal  
portion of such time being spent in  
Pinos Altos. He was an exceptionally  
expert miner and participated in many  
drilling contests in this section. He  
was unmarried and is survived by an  
aged mother residing in England, and  
four brothers, three of whom are re-  
sidents of Grant county.

The funeral services were held in  
the Pinos Altos church Saturday af-  
ternoon. Rev. Silver of the Presbyter-  
ian church of this city, officiating.  
The remains were interred in the Pi-  
nos Altos cemetery and a large con-  
course of friends and relatives accom-  
panied them to their final resting  
place.

The deceased was a highly respected  
citizen, thoroughly honest in all of his  
dealings, and the news of his death  
will be regretfully received by his  
many friends.

## Cottolene at Cake-Baking Time

It is mighty hard to obtain uniform results in cake making—if you  
use butter or lard—because both of these products vary so in quality.  
Cottolene is always uniform—always produces good results. With its  
use, you can count on a certain kind of cake being the same every time.  
Cottolene sells at about the price of lard, and is so rich that one-third  
less is required than either butter or lard.

### TRY THIS RECIPE:

Cream ½ cup Cottolene, add 1 cup sugar and mix in alternately ½  
cup milk and 2 cups pastry flour in which 2 teaspoons baking  
powder and ½ teaspoon salt have been well sifted. Beat well, add  
the well beaten yolks and whites of 3 eggs separately. Bake in  
two layers. Use any desired filling or frosting.

## GEOLOGICAL SURVEY ISSUES NEW MAP ON PETRIFIED FOREST

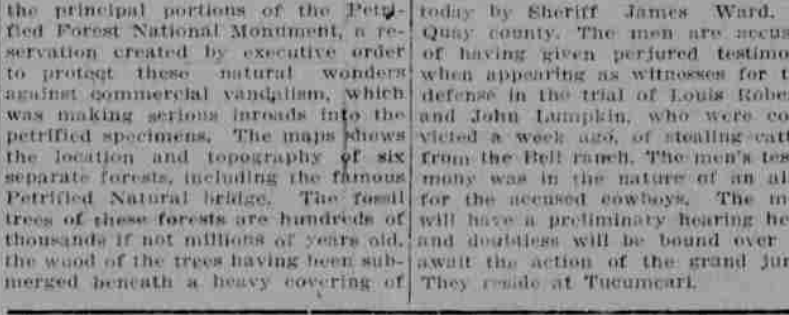

(Special Correspondence to Morning Journal)  
Washington, Dec. 5.—The interest-  
ing region of the Arizona petrified  
forest was surveyed by the United  
States geological survey in 1910, and  
the resulting map has just been issued.  
The field work was done by Topo-  
graphical Engineers Pearson Chap-  
man and J. G. Stuck, under the di-  
rection of R. B. Marshall, chief geo-  
grapher. The area covered by this sur-  
vey is known as the petrified forest  
quadrangle, and the map will be of  
special interest and value to visitors  
to this remarkable region. It includes  
the principal portions of the Petri-  
fied Forest National Monument, a re-  
servation created by executive order  
to protect these natural wonders  
against commercial vandalism, which  
was making serious inroads into the  
petrified specimens. The maps shows  
the location and topography of six  
separate forests, including the famous  
Petrified Natural bridge. The fossil  
trees of these forests are hundreds of  
thousands if not millions of years old,  
the wood of the trees having been sub-  
merged beneath a heavy covering of  
soil and then silicified and turned to  
stone. This stone is exceedingly hard;  
in fact, it is an agate, of many colors  
—red, yellow, purple, blue and inter-  
mediate shades—and is susceptible of  
a very high polish. The petrified for-  
est is just south of the line of the  
Santa Fe railway, in Navajo and  
Apache counties, Ariz., and is reached  
by wagon road from the town of Ada,  
Idaho.

## TUCUMCARI MEN ARE ARRESTED ON CHARGE OF PERJURY

(Special Dispatch to the Morning Journal.)  
Las Vegas, N. M., Dec. 5.—James  
Bell and John Miller, charged with  
perjury, were brought to Las Vegas  
today by Sheriff James Ward, of  
Quay county. The men are accused  
of having given perjured testimony  
when appearing as witnesses for the  
defense in the trial of Louis Roberts  
and John Lampkin, who were con-  
victed a week ago, of stealing cattle  
from the Bell ranch. The men's testi-  
mony was in the nature of an alibi  
for the accused cowboys. The men  
will have a preliminary hearing here  
and doubtless will be bound over to  
await the action of the grand jury.  
They reside at Tucumcari.

There will be work in the first degree. Visiting brethren are welcome. By order of the grand noble, J. V. Clark, V. G.

F. F. Williamson, manager of the local Harvey circus, left last night for Las Vegas on delayed No. 8. He will spend several days in the Meadow City on business connected with the Harvey service.

Regular meeting of Adah Chapter, No. 5, of O. E. S., will be held at 7:30 this evening at Masonic Temple. Election of officers and other important business. By order of Worthy Matron, Henrietta Myers, secretary.

J. H. Lucase, a Santa Fe switchman at Gallup, was bumped off a train Wednesday night. He was brought here yesterday morning on Santa Fe passenger train No. 16, and taken to the coast lines hospital. His hip was badly bruised.

Harry B. Curtin and wife, of Clarkburg, W. Va., spent yesterday here on their way to Willard, where Mr. Curtin holds extensive interests. Mr. Curtin declared himself much taken by the appearance of the city with its paved streets and artistic ornamental lights.

Services will be held this evening at 7:45 at Temple Albert. Dr. Mendel Silber, the rabbi in charge, will deliver a sermon on the subject of "Courage." The sermon will have special reference to the festival celebration of "Chanukah," known as the Feast of Dedication or the Feast of Lights, a Hebrew religious observance.

Mrs. M. A. Block, wife of a well known druggist of St. Louis, Mo., and Jimmy Block, are in the city, stopping at 315 West Lead avenue. They visited this section last year, remaining three months here and also spent several months at the Jemez hot springs, where they were the guests of J. B. Block, brother of the St. Louis druggist. It is the intention of Mrs. Block and Jimmy, on this visit, to remain in the city during the winter, and probably in the spring again visit the Jemez hot springs.

## INJURIES FATAL TO MINER HURT AT MADRID CAMP

Bozo Prieche Dies in Albuquerque, Where He Was Brought for Medical Attention; Body Sent to Trinidad.

Bozo Prieche, who was injured about two weeks ago in a coal mine at Madrid, died Tuesday. His body was sent to Trinidad, Colo., last night for burial. His brother, Mike Prieche, came here to accompany the body. Prieche was injured when he attempted to board a string of cars leaving the mine. It was pay day and he wanted to quit work early in the afternoon. He asked the foreman in charge of the cars to give him permission to leave and when he was refused he attempted to swing on the fast moving cars.

## SEWING MACHINE AGENT ENTERS PLEA OF NOT GUILTY

Joe Hamilton, charged with obtaining property under false pretenses, yesterday morning pleaded not guilty before Justice George H. Craig. His preliminary hearing was set for next Tuesday morning.

Hamilton was arrested a week ago in El Paso on a description furnished by local officers. He is alleged to have obtained three sewing machines here under the representation that he could sell them. Only one man, however, made a complaint against him. One of the others recovered his machine.

## GABALDON RESORT BURGLARS STILL EVADE CAPTURE

The robbers who on Tuesday night entered the saloon maintained by Procelio Gabaldon at Second and Bridge streets, are still at large, according to a statement from the sheriff's office last night. As the men made their escape, while the ground was frozen the night of the robbery, it has been very difficult to trace the way they took.

They secured about \$55 from the cash register, which they took with them to a place about half a mile from the saloon before opening it.

## MAN WANTED AT DELTA, COLO., ARRESTED HERE

V. V. Vining was arrested yesterday by Deputy Sheriff A. C. Burtless on a charge of embezzlement. He probably will be taken to Delta, Colo., for trial. Under Sheriff Dick Lewis received a telegram asking him to arrest Vining a month ago, but the man was not identified until yesterday. He was working at a local dairy.

## PRESTON TO APPEAR TODAY BEFORE JUDGE CRAIG

Man Who Had Stolen Jewels and Clothes Will Enter Plea This Morning; Charge Not Formally Drawn Up as Yet.

Tom Preston, who when arrested more than a week ago had jewels, stolen from the Bennett curio store and three suits stolen from Joe Mahboub's clothing store, will be arraigned at 9 o'clock this morning before Justice George H. Craig. District Attorney M. U. Vigil last night had not issued a formal charge against Preston and it was not known whether he would be confronted with an accusation of simply having stolen property in his possession or with the burglary of Mahboub's store or the Bennett curio store.

Preston is now in the county jail. He was held on a complaint made by Chief of Police Thomas McMillin, but attorney's charge. The chief of police made his complaint only for the purpose of holding Preston until the police finished their investigation. The police are certain that one man could not have committed the Bennett burglary, and they suspect that two men entered the Mahboub place.

Morahan's Policeman Tony Guayana arrested Preston November 24th. This man was hiding three suits of clothes, identified later by Mahboub, in his property in an alley. When he was searched at the police station a small canvas bag containing gems identified by the manager of the Bennett curio store, was found.

## P. VISSER IN JAIL AWAITING TRIAL HERE
