VOLUME 22.

TWELVE STATES WILL HOLD ELECTIONS TUESDAY

There Are To Be Six New Governors—Prohibitionists And Socialists Active.

POLITICS RED HOT IN NEW YORK

Candidates and the Tickets They Are On In Municipal and County Elections As Well As the States—Cleveland Mayoralty Fight.

New York, Nov. 1.—There will be elections in twelve states on next Tuesday. In Massachusetts, Rhode Island, Maryland, Mississippi and Kentucky a governor and other state officers are to be chosen; in New Jersey, a governor only; in New York, two associate justices of the railroad commission; court of appeals; in Pennsylvania, a state treasurer, and in Nebraska, a railroad commissioner and two regents of the state university. Ohio, Utah and California, municipal officers are to be selected, while in New York county a number of judges and a sheriff are to be voted for.

The prohibitionists have a state ticket in all the states except Maryland and Mississippi, and city tickets in Cleveland and Cincinnati, but not in San Francisco or Salt Lake.

The socialists also have tickets in all the states except Mississippi and Maryland, and city tickets in Cincinnati, Cleveland and Salt Lake, but not in San Francisco.

The socialist-labor party has tickets in Kentucky, Massachusetts and New Jersey, while union labor made nominations for city officers in San Francisco.

There is only one ticket—the democratic—in Mississippi, and the result, of course, is not doubtful.

Ten tickets in Massachusetts are ten tickets, five being divided among democrats, who are engaged in a factional fight with the state delegation to the national democratic convention next year in prospective.

The ballot law commission decided that Henry M. Whitney was the nominee for governor.

In Nebraska the democrats and populists fused on the officials to be voted for throughout the state.

Straight contest in Maryland. In Maryland there will be a straight contest between the democrats and the republicans, only the two parties having made nominations for state officers. In his district, a house of delegates and one-half of the state senate are to be elected. The next legislature will choose two United States senators. To all the undecided terms of the late Arthur T. Gorman, and the other to take the place of Senator Rayner.

The republicans adhere to the plan of senatorial election, but the democrats are put into effect a new senatorial primary plan, which requires every member of the legislature to vote for the candidate receiving the highest vote in his district.

The senatorial primaries, so far, at least, as the democrats are concerned, will hereafter be a part of the regular elections in Maryland. Three aspirants for the long term will be voted for November 5, the candidate for the short term having no opposition.

The local elections, particularly in New York county, Cleveland, Louisville, Cincinnati, Salt Lake and San Francisco are of particular interest this year.

Politics in New York. In New York county the republicans and the independence league (Hearst) forces have teamed up for the county ticket, which is made up of a number of court justices and a sheriff. This gives unusual interest to the contest, although the republicans named as the head of the ticket, M. Linn Bruce, for justice of the supreme court, the most important office; that of sheriff went to the independence league, whose nominee, Maximilian F. Ihmsen, has been William R. Hearst's manager in several campaigns. Of the ten judges nominated, the republicans named five and the independence league the others. Opposed to Ihmsen on the democratic ticket is Thomas F. Foley, democratic leader of the second assembly district, and a well known figure in East side politics, while James W. Gerard heads the democratic ticket for justice of the supreme court. Soon after the nominations were made Mayor McClellan, who had been opposed to the present Tammany machine announced that he would support the democratic ticket against the republican-Hearst combine.

Burton vs. Johnson. In Cleveland Congressman Theodore E. Burton is contesting the mayoralty with Tom L. Johnson, who is understood to be the representative of William J. Bryan in Ohio, and to endorse Bryan's views on the subject of public utilities. There are four tickets in Salt Lake City, the American, or anti-Mormon party, having made nominations for local offices, as have the republicans and democrats and socialists.

In San Francisco the democrats and the good government forces have combined and nominated the present acting mayor, who is opposed by a republican, as well as a united

NEW YORK COMEDIAN SKIPPED TO CANADA

Information Furnished Authorities By Train Conductor Who Saw The Actor.

GERRY SOCIETY HAD HITCHCOCK ARRESTED

Young Girls Say They Were His Victims—He Gave Them Lodging Because He Thought They Needed It, so He Says—Sequel of Blackmail Case.

New York, Nov. 1.—The latest theory regarding the problematic whereabouts of Raymond Hitchcock, the comedian, who disappeared on the evening of his indictment on charges made by several young girls, is that the fugitive has gone to Canada.

Information sustaining this theory was furnished by a railroad conductor.

Hitchcock will be safe from extradition if in Canada.

Gerry Society Caused Arrest. Hitchcock, who was starring in a musical production on Broadway, was arrested Monday on a serious felony charge preferred against him by agents of the Gerry society.

The comedian was taken into custody as he entered the criminal courts building in response to a subpoena, and was held in \$3,000 bail for examination on Thursday.

On learning the charge the actor's face blanched and he appeared almost dumfounded. Finally, after an evident struggle, he exclaimed: "What! Has such a charge been brought against me?" emphasizing the word "me."

In an affidavit presented by Agent Peasaro of the Gerry society, the offense with which the comedian is charged is said to have been committed on or about November 28, 1906, at 126 West Forty-first street.

The girl named in the charge was Helen Von Hagen, whose age was given as fifteen.

Bond Fixed at \$3,000. After some wrangling between Assistant District Attorney Garvan and Attorney Fromme for Hitchcock, the court fixed the bond at \$3,000, of which Mr. Fromme offered \$1,000 cash. The rest of the bond was furnished by Hollis Cooley, general manager for Henry W. Savage, under whose direction Mr. Hitchcock is starring.

Mr. Hitchcock's arrest was said by Mr. Garvan to have been the outcome of the actor's examination on October 25 before Magistrate Finn. At that time the comedian appeared to prosecute the case against Hugo C. Voceks, who had been accused of trying to blackmail him out of \$2,500.

Mr. Hitchcock was put on the stand, where he admitted that he had taken \$2,500 from Voceks, but he denied that he had given the money to Voceks. He said that he had given the money to Voceks, but he denied that he had given the money to Voceks.

INSANE MAN ASSAULTS SUPERINTENDENT OF ARIZONA PEN

Used Ax on Doctor Ferguson With Vicious Intent.

SHOT IN BACK WHILE TRYING TO ESCAPE

Phoenix, Ariz., Nov. 1.—Jeff Woods, a trusty patient at the territorial asylum for insane, yesterday assaulted Dr. Roy Ferguson, superintendent of the institution, with an ax inflicting several severe cuts on the head and shoulders. The wounds are not serious, however, and the doctor will recover.

Woods then tried to escape, but was shot by a guard in the back and returned to the institution and will live.

The insane man attacked Dr. Ferguson while in a momentary flight of insanity. He was working with an ax when he was seized by the superintendent and fled at him with the weapon, swinging it with all his might. Dr. Ferguson's agility was all that saved him from being killed.

He jumped just in time to receive only a glancing blow, which had been directed upon the head, would have fractured the skull.

Attendants having seen the assault, ran to the doctor's assistance. Woods took flight and started to run away, when he was shot with two charges of buck shot from a shotgun.

The affair titillated the excitement in the city as well as about the institution. The attendants took the precaution to immediately place in the institution who might take advantage of the occasion to attempt to escape. Woods, though severely wounded, is being watched with the greatest care.

WOUNDED QUAIL MAY COST HUNTER HIS FOOT

Phoenix, Ariz., Nov. 1.—George Byron met with a nearly fatal accident while out hunting in the hills near this place Tuesday. Byron was carrying an automatic shotgun loaded with a bunch of quail, killing several and wounding one, and the wounded bird ran by Byron. He had leaned his gun against the bush and while endeavoring to capture the bird knocked the gun down, which was discharged, the lead entering the fleshy part of his left leg, tearing a gaping hole from which the blood flowed freely. He was hurried to his home a mile distant and Dr. Ira Brown was hastily summoned. The doctor stopped the flow of blood and dressed the wound. He does not think amputation will be necessary unless blood poisoning sets in.

PENNSYLVANIA ROAD PUTS ON POOR FACE

Will Stop Construction Work In Face of Unusually Large Earnings.

DIRECTORS DECLARE 3 1-2 PERCENT DIVIDEND

Philadelphia, Pa., Nov. 1.—The directors of the Pennsylvania railway today declared the usual semi-annual dividend of 3 1/2 per cent.

Philadelphia directors gave out a statement declaring that the outlook for new capital next year was unsatisfactory, and announced a decision to retrench during the coming year.

This was made in face of the statement of President McCrey made Wednesday that the earnings of the company are eleven per cent greater than the same period last year.

This will somewhat delay the completion of the New York tunnel as a whole, but the progress of the erection of the steel work for the new terminal building in New York which was affecting city's streets, will not be materially retarded by proposed slower expenditure.

SUICIDE OF CASHIER CAUSES TWO BANKS TO CLOSE

Nebraska Bank Had \$50,000 In Iowa Institution—Examiner In Charge.

Grand Island, Neb., Nov. 1.—The Commercial State bank of this city closed its doors today. Fifty thousand dollars of the funds of the bank were in the First National bank of Charleston, Iowa, whose cashier suicided yesterday. The deposits of the Commercial State bank were \$250,000.

The local banks will assist and it is probable that a receiver will not be asked for.

Cashier Lost His Nerve. National Bank Examiner H. M. Bostwick is in charge of the First National bank of Charleston, Iowa, whose cashier, P. R. Croker, committed suicide rather than face impending trouble last night. Before killing himself, Cashier Croker addressed a note to Examiner Bostwick, whose visit was expected. This note explained briefly that the bank had overextended and requested the examiner to take immediate charge.

The bank is capitalized for \$40,000, and has a surplus of \$60,000. It carries about \$200,000 in deposits. The other banks of Charleston are entirely unaffected by the closing of the First National bank, and they did business all day as usual. The Bank of Russell, a private institution of Russell, Iowa, of which Croker was president, also closed its doors.

IRRIGATION CONGRESS PREPARATIONS IN HAND

Meeting Will be of Great Benefit to Territory at Large.

PLANS DISCUSSED AT COMMITTEE MEETING

A new public building, with a seating capacity of 3,000 people. Nine months of advertising that will cover the entire United States. The name of the building "The Convention City" of the southwest.

The pleasure and profit of entertaining several thousand people for a week.

These will be just a few of the benefits Albuquerque will realize as a result of playing the hostess to the Sixteenth National Irrigation Congress, which is to meet here next fall during the month of October.

These benefits to the city and the benefits that the territory at large will realize from the holding of the next National Irrigation Congress in Albuquerque were discussed at a meeting last night of the committee of twenty-seven and a new impetus has been given to the enthusiasm which started when it was first learned that Albuquerque had actually landed the congress.

There were seventeen of the committee present at the meeting, which was held over Zeiger's cafe. The meeting was called to order by G. L. Brooks, president of the Commercial club, while P. F. McCanna acted as secretary.

Arnot Elected Chairman. On permanent organization, Geo. Arnot, of Gross, Kelly & Co., was elected chairman on a motion of W. S. Strickland, and Prof. A. Mooney the real estate agent, was elected permanent secretary. Col. R. E. Twitchell, of Las Vegas, who was appointed vice-chairman of the tenth congress held at Sacramento, was present and was named as a member of a committee to select a board of control, which will have done the actual management of the preparations of the approaching congress under supervision.

This board is to be appointed as soon as practical, which will be after the present territorial fair association has closed its business, and officers for the next fair are elected.

Twitchell Outlines Work. Colonel Twitchell, who has deserved much of the credit of bringing the congress to Albuquerque, and who has attended several sessions of the congress, on request of the chair, outlined the work that should be done to make the congress here a success. After discussing the benefits to be derived by the territory from the congress, Mr. Twitchell described the methods employed by the arrangement committees both at Sacramento and Boise City, where sessions were held.

The territorial fair will furnish plenty of entertainment for the delegates, according to Mr. Twitchell. The employment of a band from Mexico to appeal to the irrigationists that may come here from the south might be added. The magnificent choir of the Mormon temple of Salt Lake City might be secured.

Attendance 3,500. Probably 3,500 people will attend the congress. The number present.

WARREN SAYS TRUST COMPANIES ARE AT FAULT

Wyoming Senator Believes That At Least 25 Per Cent Should Be Kept In Reserve.

PANIC HAS NOT HURT THE COUNTRY

The Reaction Will Be For The Betterment Instead—Government Regulation Is Favorable—State Regulation Is Not Strong Enough.

New York, Nov. 1.—Senator Francis E. Warren, of Wyoming, who has just returned from abroad, was greatly interested in the recent financial disturbance when he landed.

He said he believed that there was no occasion for alarm, as the troubles were merely caused by the swinging back of the pendulum.

"These panics do not hurt the country," said the senator. "I have noticed that the country after such financial depression is much stronger than it was before. The fundamental industries of the nation are never shaken by these conditions. I am not advocating any idea to take the powers of the rights away from the states, but I do think something stronger than state control is necessary to govern the trust companies."

"These companies should have at least 25 per cent in reserve but we find when an upheaval comes that some of them have only five per cent."

of course, will depend to a large extent on the amount of publicity given the meeting and the enthusiasm aroused. Colorado will send the largest number of delegates. Utah will have a large number present and California and Arizona will send delegates. All of these states will also send exhibits. The number of delegates present altogether will be about 1,500 and the visitors attracted to the city by the congress will outnumber the delegates about three for one.

Expenditure of Money. The cost the congress will incur will be chiefly the expense of advertising and bringing speakers. The advertising campaign will be begun immediately upon the naming of the board of control. Such speakers as will be wanted are men who have engagements months ahead and this matter will have to be attended to as soon as possible also. The city should be brilliantly lighted and a pavilion for the shelter for the many exhibitors will have to be erected. Colonel Twitchell suggested that Albuquerque could provide this pavilion cheaply by covering a block or two with a balcony running entirely around, with raised seats. The balcony, according to the plans, will be half way from the floor to the ceiling, which will be twenty-four feet high. The seating capacity of such a building would be between 2,000 and 3,000.

The meeting last night did not think that this building would be large enough for Albuquerque as the convention city of the southwest and it is more than likely that plans for a larger building will be asked for.

A letter from E. L. Medler, assistant United States attorney, dated at Carlsbad, N. M., was read. The letter stated that the people of Carlsbad would co-operate with Albuquerque in assisting in arranging for the congress, and it is the general opinion that every locality in the territory will do likewise, considering that the congress is bound to be of estimable value to the territory at large.

The committee adjourned to meet at the call of the chair.

GOVERNOR BUCHTEL PARDONS THOS. BROWN

Convict Sentenced to Prison for Seven Years for Murder Committed at Election.

Denver, Colo., Nov. 1.—Thomas Brown, who was sentenced to the state penitentiary for five to seven years last July for the killing of Isaac Lebec and Chris Miller, members of the Western Federation of Miners at an election held November 1906, was set free today, a pardon having been granted him by Governor Buchtel. James Warford testified that he fired the shots which killed Lebec and Miller.

At the trial of Warford, Brown testified that he would have shot the men if Warford had not done so. They claimed self defense.

SIXTY MEN FALL IN PASIG RIVER

Bridge Collapsed Causing Loss to Government of \$100,000.

Manila, P. I., Nov. 1.—The new railroad bridge over the Pasig river near Fort McKinley collapsed and sixty workmen were precipitated into the river. Three Americans and twenty Filipinos were injured. The damage was \$100,000.

RUSSIAN MUTINEERS MADE DARING FIGHT

Inflamed by Three Agitators, Torpedo Boat Crews Seize Officers and Shell City.

CIVILIANS KILLED BY BURSTING SHELLS

Shore Batteries Answered Fire and One Boat Is Sunk—All on Board Lose Their Lives—One American Is Wounded.

St. Petersburg, Russia, Nov. 1.—According to the official report of the recent mutinous outbreak of sailors at Vladivostok of the crews of three torpedo boat destroyers, all three vessels hoisted the red flag and shelled the port doing considerable damage to buildings and killing several civilians. The vessels were the Skery, Serdikh and Tretyyeny.

The Skery, on board of which were three revolutionary agitators, took the lead and in the mutiny the crew killed the commander and wounded several other officers putting them in chains.

The shore batteries answered the fire and battered the Skery to pieces. Both her boilers exploded. Fire followed and nearly all on board were either killed or burned to death.

The mutiny on board the Tretyyeny was quelled by its own crew after six of the mutineers had been killed and wounded.

Harry Nietert, an American, whose building was struck and wrecked by a shell from the rebel boats, was wounded.

VERDICT OF \$589,000 AGAINST JOSEPH RAMSEY, JR.

New York, Nov. 1.—A verdict of \$589,000 against Joseph Ramsey, Jr., former president of the Wabash railroad, in a suit brought by John S. Jones, a financier and railroad operator, was handed down today by the supreme court.

Jones sued George J. Gould, William E. Guy and Ramsey as individuals to recover \$460,000 which he alleged was due him from the three defendants for securing for them 50,000 acres of coal lands in southern Ohio.

Part of the money sued for, according to Jones, represented sums advanced by him in payment for land and the rest for commissions, expenses and interest. Justice Goff held neither Gould nor Guy liable.

RAILROAD DEPARTMENT

SANTA FE CHARGED WITH BEING NEGLIGENT

Southern Pacific Is Charged With Violation of U. S. Law Too.

Los Angeles, Cal., Nov. 1.—Oscar Lawler, United States district attorney, has made the Santa Fe and Southern Pacific railroads defendants in suits filed in the United States district court, in which the corporations are charged with violations of an interstate statute known as the safety appliance act.

In both cases gross negligence is charged in sending trains out in which the coupling equipment was defective. Eleven offenses are charged up to the Santa Fe. This line is charged with sending five cars east from Bakersfield with defective coupling, one east from San Bernardino and five west from the Needles.

The Southern Pacific is charged with sending a train south from Santa Barbara in which the coupling equipment of one of the cars was defective.

On each count the roads are liable to a fine of \$100.

ST. PAUL LINES SWITCHMEN PRESENT THEIR DEMANDS

St. Paul, Minn., Nov. 1.—Representatives of the railway switchmen waited on the general managers of the roads operating out of St. Paul and presented their demands for the year beginning November 1. The demands are time and a half for overtime, holidays and Sundays. A conference between the union representatives and the general managers will be held tomorrow, but it is unlikely that an adjustment will be made for several days.

New Mexico is getting her share of the colonists who are coming west this year in unusual numbers, many stopping off at Las Vegas and other points with the object of homesteading. The rush to California this year is unprecedented as is shown by the fact that more than 2,000 colonists on their way thither have passed through Albuquerque in the past week. Cheap rates on the present inducement and the facilities of the Santa Fe have been severely tried in providing transportation for the homeseekers who are taking advantage of them.

S. L. Bean, mechanical superintendent of the coast lines, together with S. L. Snyder, bonus supervisor at San Bernardino, left this city last night for Los Angeles. While in Chicago recently Mr. Bean attended the farewell banquet given to Mr. and Mrs. Lovell at the auditorium, one of the most elaborate affairs of the kind ever given. The occasion of Mr. Lovell's retirement was rendered particularly pleasant through the presentation by the Santa Fe officials of a silver set consisting of 251 pieces valued at \$657.

Eastbound Santa Fe double header passenger train No. 8, due here at 5:40 a. m., crashed into the rear end of a moving westbound freight train while traveling at a high rate of speed at Wagon Mound about 4:07 last Saturday morning. A tramp, who was stealing a ride, was badly, though not mortally injured, and is at Wagon Mound. Engineer J. A. Bush and Fireman S. H. Whitaker jumped in the nick of time. The engineer sustained painful injuries to his right knee and hip.

The Santa Fe, which in previous years has kept its refrigerator cars in the southern part of California in readiness for the citrus fruit movement, has, in order to expedite the shipment of fruit east from the northern part of the state, put in that field 1,000 of its cars. The traffic officials are now pondering over their generosity and speculating as to when they will see those cars again.

There was a delay in freight traffic last night caused by a broken switch in the Abajo yards. Two cars left the track and turned turtle but little damage ensued on account of the fact that the train was moving slowly at the time. The engine and the cars were cleared away from the wreckage in about one hour after which traffic was resumed.

Oscar Katchel, of Raton, a well known railroad man of that place, has filed, voluntarily, a petition in bankruptcy with District Clerk Secundino Romero at Las Vegas. He only owes a few hundred dollars, but took the action to enable him to get on his feet again.

Hugo Shaffer, former general foreman of the Raton Santa Fe shops, who was promoted to the position of master mechanic at Wellington, has been compelled to return to the Gate City owing to the illness of his son, Hugo, Jr. Mrs. Shaffer and small son have arrived from Springfield, Mo.

W. R. Bowes, assistant general

roundhouse foreman, is back from his inspection trip. While absent he visited the Raton shops and roundhouse.

L. B. Whitcomb, inspector of telegraph on the Santa Fe, with headquarters at Topeka, is in the city today on a trip of inspection.

Ben Helwig, formerly captain of the Geronimo baseball team, is now employed on the Santa Fe coast lines as brakeman.

Harry Stone has resigned as general yardmaster for the Santa Fe at Raton, and has been succeeded by M. J. Sheehan.

Juan Sandoval is temporarily acting as section foreman in the place of D. W. Bages, who recently resigned.

C. E. Hill, recently of Raton, has been appointed agent for the Santa Fe at Kennedy.

Ticket Clerk Earl Kramer, of Raton, has taken up a claim near Tucumcari.

TRINIDAD WILL BE MINER'S HEADQUARTERS

A referendum vote of the members of the Western Federation of Coal Miners, which has just been taken, shows that Trinidad has been chosen as headquarters for the district composed of Colorado, New Mexico and Utah. At the same time the members voted to hold their district convention in Union Labor hall at Pueblo on Nov. 12. A large number of delegates from this city will be present and matters of importance are to come up for consideration.

RESERVE SUPPLY OF OIL RUNNING SHORT.

Demand for California Product Reported in Excess of Production.

Los Angeles, Nov. 1.—California's reserve supply of oil is fast disappearing, and despite the efforts on the part of purchasing companies to make it appear that there is an abundant quantity in storage, the fact has become known through the Bakersfield and Santa Maria districts that the many storage tanks, which some of the larger companies have been jealously guarding as empty and some of them have never contained oil. There has been a united effort to keep to a minimum the price paid to producers in the independent wells have been tied up with contracts which call for their total production at prices which a year ago would have been considered high.

The reason for the case with which independents have been able to make seemingly good contracts of late is that some of the bigger contracting companies were far-sighted enough to see just the condition which now exists. That there will be a sharp advance in the prices is considered practically certain. The reason for the heavy decrease in the reserve supply is simply that California is using more oil now than ever before and the export trade has assumed unprecedented proportions.

SHORT TALKS BY L. T. COOPER.

IMPURE BLOOD.

If you could see inside the stomachs of most people who suffer from impure blood you would wonder that they are not suffering worse. The undigested portion of food eaten days ago is still living there, fermenting, decaying and clogging the intestines.

From this disgusting mass the blood must derive nourishment to carry to every organ of the body. Think of it. Is it any wonder their complexion is bad, their breath offensive, their bowels inactive and their health impaired in every way? Is it any wonder that they can get no relief from blood purifiers, purgatives when as fast as the blood is cleansed it is tainted again? Try a rational treatment. Take something to help the stomach rid itself of this stagnant mass and to keep it from accumulating. Then see if you don't improve. One bottle of Cooper's New Discovery will prove my words to you. I have seen hundreds of just such cases and here's one of them:

"About a year ago my little son, who is nearly four years of age, suffered an attack of scarlet fever. Soon after he contracted what we thought was some form of eczema. Sores and blotches broke out on him and he became weak and peevish."

"We tried physicians and medicines but nothing seemed to help him until several weeks ago we started to give him Cooper's New Discovery and noticed an improvement almost immediately. After a few doses we noticed his appetite was better and gradually his little face assumed a brighter appearance. His skin is now cleared up and I want to thank you sincerely for what the medicine has done for him." Mrs. Herman Hahn, 823 Johnson St., Nashville, Tenn.

Ask us about Mr. Cooper's famous

medicines. We are the agents.

Quincy Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quincy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all druggists.

A weak stomach, causing dyspepsia, a weak heart with palpitation or intermittent pulse, always means weak stomach nerves or weak heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail samples free. Write for them. A. Henry will tell you your heart is certainly worth this simple trial. Sold by all dealers.

Kennedy's Laxative Cough Syrup is a safe, sure and prompt remedy for coughs and colds, and is good for every member of the family. Sold by J. H. O'Reilly.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more vitality, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have their same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, undulating heart distress. Dr. Shoop's Restorative—this popular prescription—is also directed to these weak and ailing nerve centers. It builds! It strengthens! It offers real, genuine heart help. If you would have strong, strong, strong digestion, strengthen these nerves—re-establish them as needed, with

Two Methods of Blocking: With Hip and Shoulder.

The first duty of the forwards is to thoroughly learn to block opponents, preventing them breaking through and tackling runners before the play is in motion. Either the shoulder or hip can be used to block, and both have variations. Blocking with the arms is used frequently, but this borders upon holding, and is usually less effective. The blocker must remain close to the man he is trying to keep from going through, being ready for his every move and on his toes to anticipate it. Knowing by the signal where the play will go, the blocker

has an advantage over his opponent which is of great value. The instant the ball is snapped, the blocker ought to plunge forward, striking his opponent with his shoulder, if possible. He must keep his feet in such a position that he will not be jerked forward on his face, and should his opponent evade the shoulder his should come into play to stop his man. It is possible for a blocker to so wrap himself around an opponent that the latter can neither go forward or back, his movements being checked long enough to permit the runner to get well away with the ball.

TOOK FIRST PREMIUM AT THE 2ND ANNUAL STATE FAIR OF ARKANSAS HELD AT HOT SPRINGS

The big school of bookkeeping, shorthand, typewriting and telegraphy, the Tyler Commercial College of Tyler, Texas, carried its first honors. The entire south should feel proud of this institution, as it is now enrolling more students for daily personal instruction than any other business college in America, and through its well equipped and extensive employment bureau, it is placing every graduate in a good position. Miss Frisner, who has been demonstrating their method of touch typewriting, won first premium as the fastest typewriter operator—Hot Springs Daily News, Oct. 11.

WEAK, WEARY WOMEN. Learn the Cause of Daily Woes and End Them.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Women's lot is a weary one. There is a way to escape these woes. Doan's Kidney Pills cure such ills. Have cured women here in Albuquerque. This is one Albuquerque woman's testimony. Mrs. J. R. Grubb, living at 217 South Broadway, Albuquerque, New Mexico, says: "For about two weeks my condition was so that whenever I would move around, pains and sharp stitches would take me in my loins. Further proof of a disturbed condition of the kidneys existed, evidenced by a too frequent action of the secretions from these organs, as was mostly noticeable in the fore part of the day. A lady, who had been similarly troubled and had been cured by Doan's Kidney Pills, advised me to use them. Procuring a box I used only a small portion and the benefit I derived was so pronounced that I was given proof of the genuineness of this medicine as a cure for backache and all ills arising from deranged kidneys." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Japanese Citizenship

The interest of the United States and Canada as well as our sister republic to the south, Mexico, centers just now in the Japanese question, which has received somewhat of a quietus but is not permanently settled by a whole lot.

The little men of the rising sun have certainly come into prominence with leaps and bounds since whipping Russia, and making a world war record under modern methods.

During the war it was the generals and officers of the line that directed the troops in the most up to date and approved methods of fighting. To them even more than to the heroism of the soldiers of the rank and file, belong the victories achieved.

But now that the war is over, the Japanese are again gaining prestige by the generalship of their statesmen which comes as a complete surprise to all the civilized nations.

The following written by Henry George, Jr., in Munsey's of last month, is one of the best articles to come to the attention of the public in recent months on Japanese statesmanship. Mr. George says:
"Of the men who lead in public affairs today, Marquis Ito is indisputably first. Indeed, it is truly said that his personal history is the history of Meiji, as the present reign is called in the Japanese calendar, meaning 'the era of enlightenment.' And it seems certain that succeeding generations will pay homage to Ito's versatility, his broad spirit, his progressive genius, his splendid work for the new Japan."

"Hirobumi Ito celebrated his sixty-sixth birthday on the 2nd of September. He was the only child of a pretty samurai of the Choshu clan. As a boy he went to the family school of Yoshida Torajiro, of whom Robert Louis Stevenson wrote in his 'Men and Books.' He showed remarkable precocity, but there seemed little likelihood of his bearing much fruit. The times were full of trouble. 'The barbarians'—the European and American nations—were anxious to break down the barriers that impeded trade beyond the treaty ports, while the clansmen, and particularly those of Choshu were bitterly opposed to any such extension of foreign influence."

"The spirit of learning was in young Ito. He was bent on getting knowledge, and especially the new knowledge of the barbarians. He made the acquaintance of the British consul at Yokohama, and through him secretly sailed away for England, with four other young Choshu men. All of the five were less than 30 years old and each of them was destined to become famous under the new order of things in Japan. Ito himself was only 23 at the time."

"He was in England perhaps a year when he suddenly received intelligence that the combined British and French fleets, consisting of eighteen vessels, had attacked Shimonoseki, in Choshu, his native province. With one of his fellow students—Inouye, now Count Inouye—Ito at once hurried back, and commenced that career of diplomacy which has made him peerless in Japan. He allayed the feeling between the foreigners and his clan prince. In 1868, when the feudal government in Japan was overthrown, the Shogunate abolished and the mikado restored to his temporal power, Ito became a counselor of state. As such he acted as interpreter to the boy emperor when the latter first saw the foreign representatives. For the next two years the valiant young Choshu man served in various important administrative capacities and in 1870 he was sent abroad by the government at the head of a commission to study and report on the question of banking. This resulted, two years later, in the adoption of the banking regulations which form the basis of the present Japanese laws."

"A still more important mission followed in connection with Japan's first effort to induce the foreign government to relinquish their extra territorial jurisdiction in the mikado's empire. For this purpose Prince Iwakura was appointed chief plenipotentiary, with Ito as one of his four vice-plenipotentiaries. But Ito was the only one of these men who could speak English—a fact which, together with his natural capabilities, made him practically the leader of the commission, at least in the United States and England. The powers, however, were not yet ready to make the desired concession."

Nevertheless, during and after the war he served as governor general of Korea. As such he negotiated a treaty under the terms of which the management of all Korea's external relations was turned over to Japan."

Evidently the money stringency isn't bothering Kansas very much. The Emporia Gazette finds time to devote its space to such trifles as the following, which, as a matter of fact, is better than crying over milk before it is spilt: The Gazette's efficient corps of flies has been practically killed off by the frost of last night. The Gazette flies were intelligent and docile animals. They grew in beauty side by side, they filled one home with glee. Having always been treated with kindness and consideration, having been properly reared on a diet of dirty paste (induced by the United States government inspectors), having lived their brief lives in an atmosphere of poetry and song, refined and accomplished flies, they became so tame and affectionate that they would eat off a bald head. It was hoped that by properly heating the office, and attending to the ventilation, the flies might be preserved through the winter; but man proposes, and the weather department disposes. The uncalled for frost of last night made ashes of those rosy dreams, if dreams may be reduced to ashes.

The Pecos Valley News has a gentle persuasive way of calling a man names and the following is a fair sample: Poor old Drake, late of the Carlsbad Current, is again in trouble over in Texas, where he sent in a sensational report of a trial of a negro. After the report was published the mayor of the town came in with a denial and sat on Drake rather hard. It is a shame that the man ever left Carlsbad, but we must remark that he was succeeded on the Current by a magnificent liar.

Carlsbad Outlook: Now is a good time for us to show what we are made of in regard to public matters. All the enterprising places in the territory are going into the statehood fight in earnest, and we, as the best new town in the southwest, should not be left behind.

Because they commented unfavorably on "The Orchid" and Eddie Foy, two Chicago critics have been barred from one of the Schubert theaters. After the dramatic critics are disposed of, managers can begin the task of disciplining patrons who don't like the show.

Tucuman News: Nearly every town in New Mexico has organized a non-partisan statehood league. Let us be up and doing. Every citizen of Quay county wants statehood now.

From all indications the Quay county fair must have been as big an event as some of the prize watermelons and pumpkins, which is saying all that's necessary.

It would be a pity if Alfonso were to succumb to tuberculosis. Alfonso has shown every evidence of trying to live down the fact that he is a king.

In one Kentucky town it hasn't rained for two months. Probably that results from the prohibition law recently passed in Kentucky.

The festive cranberry sauce is again with us, along with the autumn leaves, last winter suits, a fall cold, school books and the coal bills.

Evidently General William Booth of the Salvation Army is another old soldier who believes he ought to die standing up.

Be good to yourself that you may live a long and prosperous life—the cost of coffins has gone up.

It's about time the various presidential booms were issuing clearing house certificates.

A Marion, Ohio, minister is advertising a "trip to hell." One fare for the round trip is 12¢.

Alamogordo wants to add two "aeromats" to its zoological garden.

LOOKING FOR A GOOD TIME?

There are about as many conceptions as to what constitutes a "good time" as there are individuals, but there is one place in New Mexico, not very far from Albuquerque, where 99 out of every 100 people find what they are looking for. That place is the Valley Ranch, at Pecos, New Mexico. Fresh country produce in abundance, horses to ride or drive, dogs, guns, traps, tackle, all at your disposal. The finest hunting and fishing in the territory. You can live in a house, a cabin or a tent, and come and go as you please.

You'll find plenty of company there, agreeable and refined, if you are sociably inclined, a favorite resort for ladies. Conditions ideal for recuperating, reading, hunting or loafing.

YOU CAN'T SPEND MORE THAN NINE DOLLARS A WEEK ANY WAY YOU FIX IT.

Inquire at The Citizen Office for further particulars, or address The Valley Ranch.

BERNALILLO COUNTY DISTRICT COURT

The case of Goldschmidt Bros. vs. Bachschel & Glom, was called this morning in the district court and continued until the March term. This case is a judgment suit for \$940.19, together with interest and costs, and was filed Sept. 7, 1904.

Appeal From Probate Court.

In the matter of the estate of Henry L. Lindemann, deceased, there was filed in the district court today an appeal from the decision of Probate Judge Jesus Romero, given on August 4, 1907. Judge Romero at that time decided that certain stock in the C. F. Blanke Tea & Coffee company, of St. Louis, was the property of Frieda Scott, formerly Lindemann, widow of Henry L. Lindemann, deceased, and was not to be included in the estate of the deceased in the inventory of the estate. Summers Burkhardt, guardian ad litem of Hortense Lindemann, the 6-year-old daughter, and joint heir with Frieda Scott of Henry L. Lindemann, deceased, filed exceptions to the inventory of the estate and claims that the said stock should be included in the estate together with the other property. The property acknowledged in the inventory amounts to a value of \$5,700. These exceptions being overruled, this appeal case is filed.

Suit for \$1,781.85.

A suit entitled Gross, Kelly & Co. vs. The Socorro Co., was filed in the district court today. The plaintiff alleges that the defendant violated the terms of a certain contract entered into with the plaintiffs in the matter of certain wool transactions and prays judgment against the defendant for the sum of \$1,781.85, alleged to be due, together with interest and costs of suit. R. W. D. Bryan is the attorney for the plaintiffs.

Suit Against Sutaag.

Felix H. Lester, attorney for the plaintiffs, today filed in the district court a case entitled H. O. Brooks and Trotter and Hawkins, vs. Charles E. Sutaag, Madge Sutaag and the San Jose Market. The plaintiffs pray, first, that the lien of the plaintiffs on certain property abandoned by the Charles E. and Madge Sutaag, be declared prior and superior to all others and that the said defendants be foreclosed of all interest in and equity of redemption in said mortgaged property, to wit, certain said goods and chattels. Second, that the plaintiffs may have judgment against the defendants, Charles E. and Madge Sutaag, for the sum of \$400 with interest, and for all court costs and expenses of this action, and that the sum shall be ordered paid out of the money now in the registry of this court derived from the sale of the property aforesaid.

First Case on Civil Docket.

The case of Donaciano Gallegos, vs. Michial Mandell, E. M. Sandoval and O. P. Hovey, was called this morning in the district court. This is the first of the cases to come up during the present term of court. The suit is for \$3,000 damages for alleged trespass on the property of the plaintiff, a storekeeper of Bernalillo. The defense maintains that the possession of certain property was taken by the defendants under a writ of execution in a case in which M. Mandell secured a judgment against Gallegos. The plaintiff alleges the levy under the execution was after it expired by law, and that therefore the act was unauthorized. N. B. Field is the attorney for the plaintiff, and McMillen and Reynolds and Klock and Owens appear for the defendants.

Mora Not Guilty.

In the case of the Territory vs. Manuel Mora, charged with unlawfully branding, and larceny of a mare, after hearing the testimony on the side of the prosecution, ordered the jury to find for the defendant who accordingly was found not guilty and discharged. The mare was alleged to have been stolen from Louis Chaves, of Chilli, El Paso Co., assisted by Manuel U. Vigil were the attorneys for the defendant and District Attorney Clancy conducted the prosecution.

CELL KEEPER KILLED BY WYOMING PRISONER

Falling to Escape After Doing Murder, Convict Commits Suicide.

Laramie, Wyo., Nov. 1.—A special to the republican from Rawlins says a life convict named A. Eckard, today shot and killed Ed Samuelson, day cell house keeper at the Wyoming penitentiary, in an attempt to escape.

Eckard had a pistol and a stick of dynamite and when Samuelson opened his cell this morning the prisoner shot him dead. Eckard then tried to dynamite the outside door and falling blew off the top of his head with the pistol.

CHAMBER WILL GIVE SOCORRO NEW HOTEL

Socorro, N. M., Nov. 1.—Socorro is to have a new and up to date hotel. The Park house is to be torn down and a modern two-story stone and brick hostelry is to rise on the present site.

H. Chamberlain, the well known merchant of the town and one of New Mexico's pioneers, recently purchased the old building and has given orders that it be torn down and that construction on the new one proceed at once. Mr. Chamberlain, it is said, will take a special pride in the building and intends that no expense shall be spared in making it one of the best hotels in the territory. In undertaking this work Mr. Chamberlain is not only filling a long felt want, but is falling in line with the progressive spirit which is setting in all over the territory and which is rapidly carrying it forward to its legitimate place among the sovereign states of the union.

The new hotel is not the only sign of improvement going on in Socorro at present. The town is also experiencing a revival of building operation in other directions. It is said that more concrete and cement sidewalks have been laid here in the last month than in any other town in the territory, and the boom is felt throughout the entire section. Socorrons are proud of the fact that so far the Socorro State bank has kept up cash payments in spite of the action of financial institutions in other parts of the southwest.

TWO RAILROADS TO RUSH CONSTRUCTION

Omaha, Neb., Nov. 1.—The Burlington and Northwestern which have headquarters in Omaha, are proceeding with their work. When asked if the Northwestern would follow the Union Pacific action, General Manager Walters of the lines west of the Missouri river, said: "No, we are too busy to quit work and lie idle."

General Manager Holdredge of the Burlington lines west of the Missouri river, said no more men would be laid off by his road than was usual for the approach of winter, that the financial situation was cutting no figure whatever in the affairs of his company.

MANY PRANKS PLAYED BY HALLOWEEN REVELERS

Fences Were Razed, Out Buildings Lifted and Gates Unhung.

The ubiquitous small boy was out in force last night, paying his respects to his favorite deity—the festive god of Halloween. Though the extra police stationed about the city found few causes for serious complaint and there was no rowdiness reported, several crowds of half grown lads kept the residents in various parts of the city awake with the several kinds of racket conceivable only in the mind of youth, until the city clock had tolled in the new day.

A few loose jointed gates, some lawn furniture and a number of vehicles belonging in various parts of the Highlands were found scattered about the city this morning, and several reports of bottles of milk and cream mysteriously disappearing from back porches were also heard. In the business section a number of large plate glass windows were adorned with amateur paintings—artistic and otherwise—done in soap, and the janitors about town spent a busy morning cleaning up. The more ambitious attempts at Halloween festivities—the dry wagon hitched to the church steeple and the burro picketed on the barn roof were taboored last night by the watchful eye of the police, and aside from a general revelry of noise and petty escapades the evening was a quiet one.

SENATE COMMITTEE INVESTIGATING LAND FRAUDS

San Antonio, Tex., Nov. 1.—Senators Teller of Colorado and Curtis of Kansas, members of the senate subcommittee on Indian affairs, who were appointed to take testimony in the case of the Kickapoo Indians of Oklahoma, are in this city en route to Eagle Pass.

"We are going to investigate the charges of fraud, which have been made regarding the transfer of lands which are the property of the Kickapoos," said Teller, "and will be engaged taking said testimony for the next three weeks."

And They Will be Honored on All Lines in the Western Passenger Association.

Milwaukee, Wis., Nov. 1.—Announcement is made that beginning December first, all railroads within the territory of the Western Passenger Association will sell mileage books to "bearer" and interchangeable on all lines at two cents per mile.

Up to this time the two cent mileage books had been limited to use of the person named on them and limited to the road issuing them.

NO REHEARING FOR GREENE AND GAYNOR
Montgomery, Ala., Nov. 1.—B. N. Greene and John P. Gaynor, the contractors who were convicted of defrauding the government out of a large sum of money, were denied a rehearing by the United States circuit court of appeals in session in Montgomery yesterday and unless the defense secures a writ of certiorari from the United States supreme court, they will have to spend four years in the penitentiary besides each being compelled to pay a fine approximating \$2,000,000.

DEAD DRUNK WITH \$75 IN HIS POCKET

Williams, Ariz., Italian Found Asleep In Mud Hole.

An Italian by the name of Philip Caster, was arrested before Police Judge Craig this morning and placed in the charge of being drunk and disorderly. He was fined \$10.

Last night at about 7 o'clock Frank Quier, who is acting as police officer in the absence of Officer Salazar, found Caster lying in the mud near the Heaven coal office. The man lay in the street and in the darkness and it was a wonder he had not been run over by passing teams. It was first thought that he was dead but it proved to be that he was only dead drunk. \$75 and 30 cents in cash and a trunk check were found in the pockets of the Italian. Caster came here from Williams, Arizona.

"RACE FOR MILLIONS" AT THE CRYSTAL

As the closing number of a complete change of bill throughout the Crystal theatre presented last night perhaps the most vivid and realistic moving picture ever shown here. It is entitled, "A Race For Millions," and revolves its theme around a thrilling race between the limited and a fast automobile. The villain is on the train and the heroine is in the auto, each striving to be the first at the recorder's office to record a valuable gold mining property belonging to the father of the latter. Of course, the auto wins amid shouts, etc., and the villain arrives just as the heroine finishes recording. The great climax is worked up to in a powerful manner and the picture which runs fully eighteen minutes, holds every one spellbound.

All the other features of the program have undergone a complete change since Monday night. The four Andersons are doing a costume singing and dancing comedy act, with a very laughable cakewalk finish that is fully as if not more acceptable than their earlier effort. These youngsters are clever and this change better displays their versatility. They should prove a great drawing card for the little folks tomorrow afternoon when any child will be admitted to any seat for 10 cents and will receive a toy as a souvenir into the bargain.

The house should be filled with youngsters tomorrow afternoon.

MR. BRUSSEL SPROUTS INVADES LOCAL MARKET

What Things For Sunday Dinner will Cost Saturday.

Mr. Brussels Sprouts, the aristocratic cousin of humble Mr. Cabbage is the most distinguished visitor at the local provision market this week. For daintiness and delicacy, it is hard to excel this article of vegetable food and it is deserving of a wider popularity. A few weak specimens of the melon tribe still linger on the market, but their days are numbered and the populace must henceforth, for a season, be content with watermelon pickles and preserves unless they possess the power to hypnotize themselves into believing that the modest Hubbard squash is a cantaloupe. The prices for this week are the following:

Vegetables.
Celery, 5c and up; Brussels sprouts, 12 1/2 c; Hubbard squash, 5c; pumpkins, 6c; potatoes, 10 lbs. for 25c; sweet potatoes, 5c; tomatoes, 5c and up; spinach, 8 1/2 c; cabbage, 5c; beets, 5c; carrots, 5c; turnips, 5c; dry onions, 5c; green onions, 2 bunches for 5c; cauliflower, 10c; cranberries, 10c and up; egg plant, 2 for 15c; parsnips, 5c.

Fruit.
Bananas, 40c; apples, 10c; lemons, 35c and up; peaches, 15c; pears 15c; grapes, 4 lbs. for 25c and up; strawberries, 2 boxes for 25c; cranberries, 2 quarts for 25c; cocoanuts, 10 and 15c.

Fish.
Sea bass, 15c; catfish, 20c; rock cod, 15c; flounder, 15c; oysters, 35c a pint; sunfish, 15c; salmon, 25c; smelts, 20c.

Meat.
Beef, 8 to 20c; pork, 15 to 20c; veal, 15 to 20c; mutton, 15 to 20c; spring lamb, 12 1/2 to 20c; ham, 15c to 19c; sausage, 2 lbs. for 25c; spring chicken, 20c; hamburger, 2 lbs. for 25c; hens, 15c; squabs 17 1/2 c; ducks, 20c; turkeys, 24c.

TUCSON PLAYS AT PHOENIX TOMORROW

Walt Frantz Has Been Made Captain of the Pueblo City Team.

The Tucson base ball team, on which are playing several Albuquerque players, will combat with the Phoenix team at Phoenix tomorrow and Sunday. According to plans the Tucson players leave there this evening in charge of Captain Walt Frantz. The line-up will be the same when the team was playing at Tucson during the late tournament excepting for the absence of Tarr, who has returned to his home at Esplanade, N. M.

Following these games the Tucson team will enter the Arizona fair tournament, for which are offered purses aggregating \$1,600.

BRAIN STORM PLEA OF RED MEN SALTED PLACERS COST SUCKERS \$200,000

Navajo Says That He Killed
Squaw Because Medicine
Was Not Good. Victims Were Experienced
Mining Men From
Arizona.

Cho-gin-sy, the Navajo Indian, who, when arrested on the charge of murdering his squaw by beating her to death with a fourteen-pound rock, in southern Arizona, pleaded in defense that he was suffering from a "brain storm," was acquitted by a jury at the recent term of court held in St. Johns. He was defended by Attorney LeRoy, son of President, who, in speaking of the case, said:

"In a way, the trial of Cho-gin-sy was the most amusing criminal case I was ever concerned with, professionally. He was acquitted of the murder of his wife, Clab-yzi-bl-tee, on a plea of insanity. The case was replete with sensational revelations of the customs and traditions of the Navajo tribe, as well as the peculiar methods in vogue with them for treatment for sickness by their medicine men."

"Previous to the killing of Clab-yzi-bl-tee, on the night of April 22, Cho-gin-sy had been ill about one month. The medicine men of the tribe told the accused that he was possessed of a Navajo devil, a foreign devil and spirit of the wind. The medicine man informed the sick one and his relatives that he could banish the Navajo devil, but that he could not chase away the foreign devil. An Indian soothsayer, or enchanter, was then consulted, and she told Cho-gin-sy that he was possessed of several different breeds of devils, and that there was no hope for him. He believed her and became very dejected. She told him that he became possessed of a Navajo devil, in passing over a hogan where a Navajo had died a short time before. She said that he got another devil while digging in some ancient ruins and that the third and worst devil of them all took possession of him while he slept in blankets belonging to a dead Mexican."

"It was finally decided that the devil-possessed man should be treated by the medicine man, and he was stripped naked for the dance and the 'mountain chant' treatment, which the medicine man testified he always administered in such cases. During the ceremony Cho-gin-sy's wife sat by his head as he lay on the ground, soothing him. At the conclusion of the treatment he was informed that the Navajo devil had made his escape, but that the foreign devil was still in him."

"He became very downcast when informed that the foreign devil was still with him, and was left in the care of his wife. While the medicine man and other Navajos were still present, he walked a short distance from the hogan with his wife and, after knocking her to the ground, crushed in her skull with a rock weighing fourteen pounds. When asked for his reason for the murder, he explained that he was satisfied he would die and that it was the Navajo belief that when two persons died about the same time they traveled together to the happy hunting grounds. He also explained that he was very fond of his wife and desired her company in preference to any other. Testimony was introduced to the effect that this was the Navajo belief."

"My only defense after I had heard 'Cho-gin-sy's' confession, was that with which Delmas endeavored to clear Thaw, 'Dementia Americana,' only in this case it was 'la Navajo,' but I cleared my client. However, I recommended to the court that he be held and examined on an insanity charge, and this will probably be done."

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all dealers, 50c.

Out of Sight. "Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that has been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by all dealers, 50c.

For upholstery see Charles L. Kessler, 317-19 South Second.

S.S.S. HEALS S.S.S. OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S.S.S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S.S.S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S.S.S. and remove the cause, and then the sore must heal. Book on Sores and Ulcers and medical advice free. THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to worldwide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

"JOHNNY BOYS" GOING AND IS GOOD FOR THE AMBITIOUS CHORUS GIRL

By Hattie Williams.

(Once Chorus Girl, Now Starring in "The Little Cherub.")

The stage door Johnny boy is passing out and that's a good thing for the chorus girl.

Untroubled by the Johnny boy, the girl who wants to succeed can get down to business.

By business I mean plenty of hard work, lots of fresh air, plenty of sleep—and more work.

The late supper will not fit in with ambition. I have been a chorus girl and I know. The feeling against Johnnies nowadays is so strong the class is almost extinct, but there are still many men seeking acquaintances at the stage door. But to the chorus girl I say "DON'T."

Go straight home after the show, take five minutes' exercise before an open window, drink a glass of milk and go to bed. Then get up at a sensible hour, eat a sensible breakfast, and go to rehearsal looking like a normal woman instead of a freak.

That rehearsal that is agony for the overfed, underdressed girl will be fun for you. Your eyes will be bright, your step elastic, and your memory clear. Don't forget the stage managers, those things, and when understudies are being named for principals the wideawake girl is the one to get promoted.

Smile! You can't smile in the throes of a lobster dyspepsia attack.

Miss Hattie Williams.

Dance! You can't dance when your feet are heavy through lack of healthful repose.

It's to the chorus girl who wants to rise in her work that I'm speaking. Those content to be "merry villagers" all their days have no need to read this—it is not meant for them.

SOME STATEMENTS REGARDING NEW THEORY

Followers of Cooper and His Novel Ideas
Give Reason for Their Belief in Him.

With a theory that human health is dependent on the stomach and with a medicine which he says proves this theory, L. T. Cooper, a comparatively young man, has built up an immense following during the past year.

Cooper has visited most of the leading cities of the country, and in each city he has given a series of lectures on his theory and his medicine. Wherever he has gone, people have called on him by the thousands, and his reputation has spread in immense quantities.

The sale of this medicine has now spread over the entire country, and is growing enormously each day. In view of this the following statements from two of the great number of followers which he now has, are of general interest.

Mrs. Agnes Vignenhouse, of 942 St. Louis avenue, Chicago, has the following to say of the subject of the Cooper preparations: "For more than ten years I was broken down in health. I could not sleep and I was very nervous. Gradually I began to lose my memory, until I could not remember things from one day to another. I had severe pains and cramps in my body, and I would at times see dark spots before my eyes. I was unable to do any work whatever, as my strength was failing. I had no appetite, nor could I take any medicine."

the medicine for two weeks I can say that I am a new woman. I can eat with enjoyment, the pains in my body have left me, and I am stronger than I have been for years.

"I cannot say enough for Mr. Cooper's remedies. They are wonderful, for they have done every thing claimed for them in my case."

Another statement by Mr. W. B. Stewart, 109 W. Madison street, Chicago, is as follows: "I have had stomach trouble for years, and any one who is afflicted this way knows what an awful distressing feeling it causes. Many a time I have felt that I would give most any price to be cured. It was by accident that I heard of this man Cooper's remedies. I immediately made up my mind to buy a treatment of him. I used it for about two weeks, and it is impossible to tell how much good it has done me. I feel altogether different. I have more life and energy than I have had for years. This medicine certainly does stimulate and strengthen the whole system. Tired feeling and weak condition of the stomach has entirely passed away. I feel well again."

We sell Cooper's celebrated medicines which have made this wonderful record in all parts of the country. J. H. O'REILLY DRUG CO., Central Avenue and Second Street.

CAR CONDUCTOR WAS EASY MONEY

Smooth Individuals Changed
The Coin While Back
Was Turned.

A novel scheme to beat the street car company, as bold as it is clever, was perpetrated a few nights ago at Trinidad at the expense of one of the conductors of the railway there. Every time this plan is worked successfully it nets its perpetrators \$3.50 for a few minutes sharp work. It works something like this:

Two men get on the rear end of a crowded street car, and when the conductor comes around to collect the fares, one of them, taking out a five dollar bill, and displaying it to the official, says, "I've got the change," at the same time digging down into the depths of his trousers pockets, from which he produces a money collection of five checks, pennies, buttons, and the like.

Of course, the conductor's attention has been drawn to him, and he has for the moment looked away from the five dollar bill, which, in that instant, has been exchanged for a dollar greenback.

Not finding the change, the second man then says: "I'm sorry, but I guess you'll have to change that five." The conductor, who is getting anxious to collect fares from the other passengers, some of whom are bearing their destination, the car having moved all the time, grabs the supposed five dollar bill, which he has once seen, jams it into his pocket and counts out \$4.50 in change, and goes on about his business. At the next block his two passengers on the rear platform have disappeared, and when the time of accounting and settling up comes at the end of the day, the poor conductor finds that he has contributed \$3.50 to the cleverness and nerve of some crooks.

The attempt was successfully made last night on a car running out to Central park, when it was crowded with passengers going out, and it appears that two men, who make a specialty of this, are traveling through the country for reports of similar robberies have been seen in the papers of several cities and towns in Texas and elsewhere. The scheme is perfectly safe, for should the conductor unfold and scrutinize the bill, as some do, they simply apologize for the "oversight," hand him the right bill or take the ninety cents, and let it go at that.

The street car company in this case will not hold the conductor responsible for the loss, since he is a good and faithful employee, but it serves as a warning to all to carefully look at the money they receive from passengers, particularly on crowded cars.

GIGANTIC METEOR FALLS NEAR JEROME

A dispatch dated Jerome says: The world's greatest meteor, if statistics are to be considered, found a home in the Jerome mining district last week.

The weight of the Jerome meteor is largely problematical, but six thousand tons would not be a wild guess. It is forty-seven feet long and half that wide, with an undeveloped depth.

"The hole made in the earth by the impact of this meteor is something to be marveled at. The depression has a general resemblance to a crater, and a superficial glance conveys the impression that it is really the crater of a volcano which became extinct ages ago. Geologists, however, will observe that the rim around the craterlike depression is not composed of volcanic outpourings. The hole is found to penetrate from forty to eighty feet of red sandstone, then from two hundred and fifty to three hundred and fifty feet of yellowish limestone, then a light gray sandstone, and finally a brownstone in which it terminates."

E. L. WASHBURN CO.

PERSONAL PARAGRAPHS

H. J. Ramer, of Holbrook, Ariz., is in the city meeting old friends.

Felipe Silva, superintendent of the schools for Sandoval county, is in the city on business.

Nathan Barth, the well known stock raiser from Grants, is transacting business in the city.

Mrs. M. J. Braden has returned to Albuquerque after a protracted stay in southern California.

Stephen L. Matthews left last night to take up his new railway mail service run between Rincon and Silver City.

Mrs. M. C. Ortiz, wife of Attorney Ortiz, who has been suffering with a severe case of pneumonia, is now rapidly improving in health.

Lena Morris, a frequent offender, was hauled up in police court again this morning on the usual charge of being drunk on the streets. She was sentenced to fifteen days in the county jail.

C. K. Durbin, president of the Albuquerque, Gas, Electric Light and Power company, is in the city from Denver. Mr. Durbin says that Denver has recovered from the late financial depression and is doing business on a large scale again.

Charles H. Hinderer, acting supervisor of the Sacramento and Guadalupe national forests, left last night for his district after spending the day here with other forest officials in conference with Gifford Pinchot, chief forester.

About one hundred people were present at the Halloween social given by the members of the Presbyterian Christian Endeavor society held in the parlors of the church last evening. The occasion was an enjoyable one and the receipts satisfactory.

Captain T. J. Matthews, manager for the Colorado Telephone company, youth of Belen, is in town today for the purpose of conferring with the general manager of the company, E. M. Burgess, who is held in Denver. The Captain will return to his headquarters at Socorro on this evening's train.

Architects Christy and Spencer each have submitted plans for the proposed national guard armory to be erected in Albuquerque and as soon as Adjutant General A. P. Tarkington from Santa Fe can see them it will be decided upon which shall be approved. Both sets of plans are satisfactory as to the requirements of the armory and it will be difficult to decide which shall be accepted.

H. B. Kelly, the sheepman, is here from Flagstaff, Ariz., on a visit to his friend Edmund Joyce, night clerk at the Sturges hotel. Mr. Kelly though but 22 years of age is the owner of 22,000 acres of land, just shipped ten carloads of yearling lambs to the Kansas City markets. He is now in the act of moving 1,000 lambs from the neighborhood of Flagstaff to winter pasture near Phoenix, Ariz.

The home of Thos. W. Talfer, 915 North Second street, was the scene of a delightful Halloween party last evening. The Misses Talfer and the Misses Telfer were entertaining. Games were played and refreshments were served. Those present were: Adele Goss, Bill White, Mary Telfer, Erna Ferguson, Thomas Hughes, Sarah Hall, Lloyd Sturges, Irene Troutman, Walter Weinman, James Wroth, Ruth Goss, James Gladding, Tom Keeler, Chester Goss, Ward Anderson, Daisy Huntzinger, Will McCellan, Elizabeth Telfer, Helen Telfer, Ione Anderson, Jesse Mordy, Ross Avenue.

HAIR DRESSER AND CHIROPDIST.

Mrs. Bambini, at her parlors opposite the Alvarado and next door to Sturges cafe, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Massage treatment by vibrator machines. For any blemish of the face, call and consult Mrs. Bambini.

WHY ALBUQUERQUE WINS FEW FREAK LAWS TO FIGHT

People From Oklahoma, Texas, Colorado and Kansas to New Mexico.

Freak state or local laws are as a rule the outcome of rival political manipulation usually embodied in an amendment tacked to a worthy measure for the purpose of making the latter appear ridiculous, and which is sure to retard the growth and prosperity of the community—in which the law is enforced. The entire absence of such laws in the municipal government of Albuquerque and the consequent steady enhancement in real estate values.

Two years ago outside residence lots sold at from \$150 to \$175, a lot. Now the same lots are reselling at from \$300 to \$500 a lot. There is no safer speculation or savings proposition than an investment in a few building lots here at the bargain prices we will offer for a short time.

While another big proposition is maturing, we have decided to clean up a few choice odds and ends at sure enough bargain prices, and which will enable every one who has a little money saved up to make a very profitable and safe investment by selecting something from the following list:

Terms—Half cash, balance within a year or discount of 5 per cent for all cash. Five to 20 acre tracts of splendid garden, truck or orchard lands, under good ditches, not over mile and a half from city, only \$50 to \$60 per acre. Similar land elsewhere in the territory is selling at from \$125 to \$225 per acre.

Twenty-two choice 50-foot lots in University Heights from \$35 to \$100 each.

Sixteen choice 50-foot lots in Eastern Addition from \$150 to \$200 each.

Eleven choice "close in" lots in Perea Addition from \$150 to \$250 each.

Six choice "close in" lots in Grant Tract from \$150 to \$200 each.

Seven choice residence lots in Honeyman Row, Central avenue, from \$150 to \$250 each.

Three lots in Duran & Alexander Addition from \$100 to \$150 each.

Four semi-business lots on First street, from \$400 to \$500 each.

Seven business lots on Copper avenue including corner \$900 up.

One extra choice business lot on Central avenue, \$1,000.

One good brick residence and three 50-foot lots in Eastern Addition only \$1,350.

One small brick house and two 50 foot lots in Eastern Addition, only \$750.

We are the Owners, Perfect Titles. If you wish we will call and show you around in our automobile.

Looking Prosperous

YOU'LL look like prosperity if we can get you to wear our Hart, Shaffner & Marx clothes; such clothes increase your business value to yourself and associates.

They increase your self-respect, too; you'll find that the knowledge that you're wearing all wool, when your friends are wearing part cotton, will be worth something to you.

If we get these clothes on you we'll be doing you a favor.

The MAJESTIC RANGE is the product of the world's achievements in stoves. All the best features of all other makes have been incorporated in this one, and objectional features eliminated. As a result, the MAJESTIC probably stands nearer the line of perfection than any other range. It saves your fuel and your time and produces heat when you want it, where you want it, and in quantity as desired, all at a minimum of attention. If you have never used the MAJESTIC, you have never used the best.
