## WASHINGTON MATTERS.

**ARIZONA STAGE ROBBERIES.**  
WASHINGTON, Oct. 9.—Chief Postoffice Inspector Rathbone received information that the Florence, A. T., and Casa Grande stage was robbed by two Mexicans. All the mail was taken. Officers are in pursuit.

**DIRECTOR OF THE MINT.**  
President Harrison has appointed Edward O. Leach, of District of Columbia, director of the mint.

His appointment meets with general favor in the treasury department, being regarded as in the true line of civil service reform, "Promotion for Merit," and in general one of the best appointments made by the present administration. Leach was recommended for the position by the entire coast delegation and by the senators and leading Republicans of New York state, and a host of other distinguished public men familiar with his services and ability.

**Mourning for Bishop Vail.**  
TORPEA, Kas., Oct. 10.—The news of the death of Bishop Vail was received here with feelings of surprise and sadness. Memorial services were held in the chapel of Bethany college, Wednesday, at the same hour the funeral services were held in Philadelphia. His body will be brought here and Monday he will be buried from Grace Episcopal cathedral, the building of which was his last work here. Memorial services were also held Wednesday at St. John's military school, in Salina.

Although Bishop Vail himself anticipated the early coming of death and had, year after year, warned his beloved pupils at Bethany that he could not live much longer, they were not prepared as he was for this call, and their grief is great. All Kansas lovers of good and this pure man leaves behind a state filled with sincere mourners.

**Advancement of Women.**  
DENVER, Oct. 9.—The 17th annual congress for the advancement of women convened yesterday.

After a secret meeting early in the morning the regular session began at 10:30. The order of business was the reading of reports of vice-presidents of various state organizations and other routine business. This was followed by the opening address of the president, Mrs. Julia Ward Howe.

Papers were read by Mrs. Louisa Linton, of Minnesota, on "Women in Science," and Mrs. Helen Schreder, of Illinois, on "Women in Affairs."

Other papers were read, and after adjournment a reception was tendered to the delegation by Mrs. Gov. Cooper.

There are about fifty delegates present representing almost every section in the United States.

**A Costly Blaze.**  
SOUTH BEND, Ind., Oct. 10.—The magnificent stone house of Clem Studebaker, which cost about \$300,000, was almost entirely destroyed by fire yesterday. The residence was one of the largest and costliest in the west. The interior was finished in native and foreign woods, while it was furnished in the richest style throughout. Its art gallery was filled with rare works. These were all destroyed. Studebaker is absent as a member of the international congress, and was to have entertained that body at his home on the 10th inst. Mrs. Studebaker discovered the fire in a closet under the rear stairway. It was evidently by spontaneous combustion of some oil rags which the painters had been using and thrown in there.

**A Conscience Stricken Missourian.**  
WASHINGTON, Oct. 10.—Sec. Windom has received a conscience contribution of \$345 in bills, inclosed in an envelope and postmarked St. Joseph, Mo. The sender had folded the notes and then clipped pieces from them. This mutilation was done, it is presumed, to prevent the money from being of use or value to anybody but the government. The note accompanying the contribution, which is not signed, concludes as follows: "About February, 1887, Sec. Manning received \$5,000 conscience money by New York draft, written on back of draft that was to be put into the United States treasury, but, as that never occurred in print, it is believed by the writer that Manning appropriated it to his own use."

**The Episcopal Convention.**  
NEW YORK, Oct. 10.—In the Episcopal convention messages from the house of bishops were received announcing concurrence in the action of the house admitting the new diocese of Colorado and Oregon.

The committee on the admission of new dioceses presented a report recommending that the house give consent to a division of the diocese of California and the erection of a new diocese in the southern portion of that state. Consent was unanimously given.

**Rev. Dr. Huntington, of New York,** presented a resolution providing for the appointment of deacons, and allowing service in other than the English language in a congregation where large numbers do not speak English. Referred.

**Mrs. Logan and the Knights.**  
WASHINGTON, Oct. 9.—Last night was given up to serenades and receptions. The Golden Gate commandery, of San Francisco, have been the recipients of unusual and marked attentions. Yesterday they tendered Mrs. John A. Logan an elegant reception at their quarters. The rooms were elaborately decorated. Mrs. Logan, accompanied by a C. G. Booth, Generalissimo Young and other officers. Thursday afternoon Mrs. Logan, who is a warm friend of the Golden Gate commandery, will give its Knights and ladies a special reception at Calumet place.

**A Wire Fence Trust.**  
CHICAGO, Oct. 10.—An attempt is being made to form a barbed wire trust. The latest of a series of meetings, supposedly to that end, was held this afternoon at the Leland hotel. It is said that the rise in pig iron has demoralized the trade. G. S. Douglas, of New York, and J. G. Gates, of St. Louis, are credited with conducting negotiation. A meeting of manufacturers is called here for October 17.

**Divorces in Open Court.**  
NEW YORK, Oct. 10.—As a result of the Flack divorce case the judges of the supreme court, this city, have come out against secret divorce proceedings. At a meeting today which was resolved every judge of the bench it was referred that henceforth there will be no references in actions for absolute divorce, and they will be tried in open court at the April term.

**A Busy Winter.**  
CHICAGO, Oct. 10.—The ship yards of

the great lakes will be busy the coming winter. Thirty-five boats of an aggregate tonnage of 67,330, and cost of \$4,653,890, are now under contract to be built, and the list will probably be increased by a half dozen other crafts before snow flies.

**Canadian Cannibals.**  
OTAWA, Ont., Oct. 10.—A gentleman just returned from an exploring expedition in the wilds of northwestern Ontario, says that he has discovered, during his travels, a tribe of Indians who have practiced cannibalism up to within a few years ago, when the country was first visited by French missionaries.

**Pretty Chilly.**  
BRISTOL, Iowa, Oct. 7.—There was a severe frost here Saturday night, which effectively killed most kinds of vegetation. The thermometer Sunday morning was at the freezing point, and standing water in exposed situations was covered with ice. No damage was done crops.

**Connected with Drink.**  
HARTFORD, Conn., Oct. 10.—With a dozen towns to hear from, the official returns at the Courant office give 26,884 majority against the prohibition amendment.

**The Lightning Route.**  
NEW YORK, Oct. 10.—Judge Day decides that the electrical execution law is constitutional, and remands Kemmler to the custody of the Auburn prison.

**A MINORITY RULE.**  
ROGER Q. MILLS SAYS THE DEMOCRATS WILL CONTROL THE HOUSE.

WASHINGTON, Oct. 9.—Roger Q. Mills was in the city yesterday. It is the first time Mr. Mills has been here since the adjournment of congress. He is looking well and claims to be cheerful. While Mr. Mills will not be the leader on the Democratic side during the coming session as the chairman of the ways and means committee, he will surely be heard from.

In a conversation today Mr. Mills said that, though in the minority, the Democrats were fully conscious of their power and would use it.

"We do not propose," said he, "that the Republican majority shall pass a measure without our consent. For instance, you may depend upon it that the rule of the house will not be changed by the Republican majority in any essential feature. We do not propose to permit them to be changed as desired by Reed and others in any particular feature, nor will we permit any of the proposed legislation looking to the control by congress of the elections, for we see very plainly what the purpose of that is."

"The same can be said of contest cases that will come up before congress. We do not propose to let the Republican majority be increased at libitum by the throwing out of Democratic members, as seems to be the purpose. In other words, we propose to exercise control of the house just the same as though we were still in a majority, because we know our minority is strong enough to make us the virtual rulers."

**A Sound Legal Opinion.**  
E. Bainbridge Munday, esq., county attorney Clay county, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with the fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., a little testimony, saying: He positively believes he would have died, had it not been for Electric Bitters. This great fever will ward off as well as cure all malarial diseases, and for all kidney, liver and stomach disorders stands unequalled. Price 50c and \$1. at C. M. Creamer's.

**A Change at Jefferson Barracks.**  
ST. LOUIS, Oct. 10.—There has been a change at Jefferson barracks. Col. Reuben F. Bernard, of the 8th cavalry, relieved Capt. Theodore J. Wint, in command. Capt. Wint was but a temporary commandant. Major Perry, whom Col. Bernard really succeeds, being absent on sick leave. Major Perry has been away since June. He is now in New York, where he underwent an operation. He has not yet recovered, and will not be able to return for some time. During the Meade Indian war Major Perry received a wound from which he never fully recovered.

**Accident to Mrs. Hodgson Barnett.**  
NEW YORK, Oct. 8.—A Herald London special says Mrs. E. Francis Hodgson Barnett met with a serious accident yesterday. She has been living at Davis Court, East Greenstead. While driving to the station her pony shied and dashed up a bank. Mrs. Barnett was hurled out of the cart, fell upon her head and was picked up unconscious. She is now lying in a condition so serious that a London doctor has been called to attend her.

**Crazed by Light Air.**  
LARAMIE, Wyo., Oct. 10.—The altitude of Sherman hill is responsible for another passenger jumping from a Union Pacific train. The victim is John Rane, an elderly man from Brighton, Wis., who is on his way to California. He appeared perfectly rational until the train began to pull up the big grade. He was not badly hurt, and since being brought to Laramie has again become rational, and will be in a condition to continue his journey to-morrow.

**Insanity Dodge.**  
DENVER, Oct. 10.—Henry Tyson, who was arrested in Kansas City some months ago and convicted for the murder of King, in Denver, and sentenced to be hanged in the state penitentiary at Canon City, has been brought back to Denver to be tried as to his insanity. He was to have been hanged in August last, but a ninety-day reprieve was granted by the governor, it being alleged that Tyson was insane, and that question is now to be tested.

**A Worshy Cause.**  
WASHINGTON, Oct. 10.—The 4th national convention of the Boys and Girls' National Home and Employment association will meet in this city October 14, and continue three days. The Trunk Line association, of New York, and the Central Traffic association, of Chicago, embracing the trunk lines between the east and the west, will carry delegates for full fare coming to Washington and one-third fare for the return trip.

## CONDENSED NEWS.

A Mexico mining property was sold by Judge O'Leary, of St. Louis, to New York and English capitalists for \$2,000,000.

The Washington bicyclists gave a street parade Tuesday night, which was an imposing affair.

## BAD STATE OF THINGS.

Rather Startling Move in Mississippi Politics—Can't Run.

NEW YORK, Oct. 9.—A World special from Jackson, Miss., says Gen. James H. Chalmers, lately nominated by the Republicans for governor, has written a letter to the state Republican executive committee, retiring from the race. The contents of his letter could not be obtained, but he puts his withdrawal upon the ground that he cannot make the canvass. The white people, he urges, will not give a respectful hearing to any one who has been so long in the open air.

Judge Frasel, the nominee for attorney general, also withdraws.

New Orleans, Oct. 10.—The withdrawal of Gen. Chalmers and Judge Frasel, a publican candidate for governor and attorney general of Mississippi, is confirmed. Gen. Chalmers has written a letter charging in effect that if he persisted in an active canvass the killing of negroes would result.

**Chattanooga goes Republican.**  
CHATTANOOGA, Oct. 9.—First election in this state under the Australian system of voting occurred here yesterday in the election over known in this city. There was less illegal voting than in any previous election. John A. Hart, Republican, was elected mayor and ten out of sixteen councilmen are of the same complexion.

**Well, Well, Well!**  
BOSTON, Oct. 10.—United States District Attorney Galvin has sent his resignation to the president. Galvin is a Democrat and was appointed in 1887.

## ARMY AFFAIRS.

Corporal John Mahar, company I, 10th infantry, court martialled for neglect of duty, was sentenced to be reduced one grade and forfeit \$40 of his pay. The sentence was mitigated to a forfeiture of \$10.

Col. Chas. Page, assistant surgeon general, medical director of the department of Missouri, will proceed to inspect the medical department at Camp Schofield, I. T.; Forts Lyon, Lewis and Logan, Colo., and Fort Hays, Kansas.

Lieut. Glassford, whose wife and children are at present visiting at the ranch of Mrs. Davis, near Puerto de Luna, has been transferred to Washington from Arizona where he had charge of military telegraph lines and signal service matters.

The findings in the court martial held at Fort Marcy recently for the trial of Commissary Sergeant Thos. Keeshan, have been announced. It was charged that Keeshan, while on duty as commissary sergeant at Fort Union, received from H. D. Reinke, beef contractor at said post, a commission of 6 per cent on all sales and issues of fresh beef made by the post commissary, in payment for services rendered by him, the said Keeshan, to the said Reinke, and did in violation of regulations 1483, A. R., 1881, and 636, A. R., 1889, fail and neglect to deduct the amount of said commission from the moneys due and paid the said Reinke, by the United States; also that he charged enlisted men 10 cents per pound for fresh beef bought in excess of their ration when the 5 and 84-100 cents was the lawful price. The court found these accusations false and acquitted Keeshan.

## ARE YOU LOOKING

For a place you can call home? You are tired, perhaps, of "quarter-section farming," even though broad acres of the finest portions of Uncle Sam's domain yet tempt you to change your base of operations further west. Ten, twenty, thirty or forty acres of Rio Grande valley land will furnish you an ample and varied arena for the display of muscular ability, while common sense, taste and a modest capital will in three or four years produce results eminently satisfactory to a man who, to a laudable desire for a reasonable pecuniary return for his labor, carries with it a purpose that the balance of his days shall, with his family, be spent amid pleasant and healthful surroundings. With these remarks, point we to
